

Three now vying for local FM station

There seems to be a line of applicants forming anxious to set up an FM station in or near Manistique. While that may indicate serious interest in beginning FM broadcasting based in Schoolcraft County, it could also delay construction of a station for over two years.

The latest entrant to announce its bid for the FM frequency reserved for Manistique is Mighty-Mac Broadcasting Company of St. Ignace.

Mighty-Mac filed its application

for the frequency on April 15 with the Federal Communications Commission (FCC), the agency responsible for eventually awarding the broadcast license.

The application was filed the same day as one by Frances Jo Curtis, who recently agreed to buy Manistique's AM station, WTIQ. That deal is awaiting approval by both the FCC and the federal bankruptcy court in Marquette.

Both recent applications-by

Mighty-Mac and Curtis-were "cross filed" against an initial application originally made last fall by a Washington, D.C., firm calling itself Greater Peninsula Media, Inc.

According to Richard Stone, vice president and general manager for Mighty-Mac, April 15 was the last day anyone interested in competing with Greater Peninsula Media for the frequency--"cross filing"--to file an application.

"It is my understanding that no further applications can be filed," Stone said. Now that the applications have been made, Stone said, the FCC will set another deadline for amendments to be made on the applications.

Once that deadline passes, which may not be set by the FCC until fall, according to Stone, the FCC will begin in earnest to consider the merits of each application.

If it sounds like a long process, it is.

"I suspect it will be a couple of years before the FCC awards a license," Stone said. "There appears to be a very big FM backlog at the FCC for some reason."

"It's very unpredictable when the decision will be made. It's a number of years in some cases."

Mighty-Mac Broadcasting currently operates WKMC-FM in St. Ignace, a country-western station. The main shareholder in Mighty-Mac is Donald Benson of Lansing. There are no Manistique area shareholders in the company, Stone said.

All three applications call for a 100,000 watt transmitter. Depending on the terrain, Stone said, stations of that power can broadcast for 75-80 miles. Such a range would allow the station to be received in Escanaba, Marquette and as far east as Newberry.

Hospital administrator fired, but why?

H.B. Purdy, administrator of Schoolcraft Memorial Hospital, was fired unexpectedly Monday by the hospital's Board of Trustees, but nobody is saying why.

Purdy, 49, was hired by the board in July of 1980 and began work at the hospital that Fall. He was also administrator at Schoolcraft Memorial for six years, from 1960-66.

Cal Jenerou, chairman of the Board of Trustees, was apparently the one to notify Purdy of his dismissal, but would not comment on the firing. "I have no comment," he said. "You'll have to talk to Mr. Purdy. He knows why he was fired."

Purdy, when contacted Tuesday, would not say why he was let go, but did say the dismissal came as a surprise.

Ironically, one of the board's reasons for hiring Purdy in 1980 was that he had promised to

stay at the local hospital until retirement.

At that time, Jenerou said "Our reason for selecting him was that he told us he would stay 18 years until he retired or until the board was dissatisfied. We preferred his stability to a younger person who would leave in a few years."

Jenerou said Monday that the decision to fire Purdy was made last Thursday. Whether a formal vote to remove Purdy was taken in the closed session of the board is not clear. However, Trustee Glen Bignall said Tuesday that Jenerou "had the vote of the board behind him."

The next regular meeting of the board is scheduled for May 17 at 7 p.m.

Purdy left Manistique in 1966 for a job in Marlette, Mich., before relocating in Arizona and finally in California, where he was administrator of a 38-bed hospital.

work towards the rerouting of US-2 through Manistique is continuing. Slowly, perhaps, but it goes on.

The latest estimates for the road work call for completion of the \$5-million-plus project sometime during the summer of 1984. The Michigan Department of Transportation (MDOT) first held public hearings on a possible rerouting of Manistique's main drag back in 1974.

Since then, numerous delays have postponed completion of the project several times. The latest word, however, is that bids will be advertised for in December, with work beginning in spring of 1983 and finishing up in 1984.

According to David Hintsala, MDOT design engineer, "there is a good chance it will start next spring," but cautioned that the construction could still be delayed for a number of reasons.

As proposed, the new route would curve down west Arbutus from where the current route turns to the north to beyond Cedar Street. It would then curve to the west, over a 650-foot bridge spanning the slips in the Manistique River south of the paper mill, and join the existing route where Chippewa Ave. (part of the existing route) curves to the west.

That plan for the new route required the state to acquire some 28 parcels of land and was one reason for some of the delays. The details of the route were approved by the City Council last May.

Jim May, who is in charge of buying the property for MDOT, said

And finished in '84?

US-2 rerouting to begin next spring?

Tuesday that all but eight of the property parcels had been purchased. Of those eight, he said, three would be acquired "internally" because they are owned by other government agencies.

Negotiations on the remaining five parcels are continuing, May said. "Hopefully, we'll be done with the acquisition process within a month or six weeks," he said.

One hangup in the process, May said, came when the state ordered a halt to property acquisition while changes in the bridge design were worked out. That pushed the bid-letting date from April of this year to December, still the projected date.

One of the design changes, according to Hintsala, was to reduce the width of the bridge from five lanes to four. The fifth lane had originally been included to allow traffic to make left turns from the new roadway but was dropped due to the state's tight finances.

The bridge design still calls for a sidewalk on the south side and "pedestrian access" to the bridge abutments for fishermen, Hintsala said. That's a change from the original plan that called for sidewalks on both sides of the bridge.

Despite the modifications, Hintsala said the current estimated cost of the entire project, \$5,497,000, "seems kind of low to me. We haven't updated those estimates" in some time, he said. According to the estimate, construction of the bridge will cost \$3.1 million and the other roadwork \$2.4 million.

The bridge design is still waiting on final approval by the Department of Natural Resources, Hintsala said. Delay of that approval could set the project back once again.

When the rerouting is finally completed, the part of Chippewa Ave. south of Deer Street to the new intersection with the rerouted US-2 will be turned over to the city. The rest of the current route through Manistique-east on Deer, across the flume, east on Elk and south on Maple-will be redesignated as M-94, Hintsala said.

Organizers of the CBC fundraising drive are trying to wrap up the collection of money this week and hope to have all donations in by next Monday.

The drive, which benefits the American Cancer Society, the Bay Cliff Health Camp and the Easter Seals Society, began its annual activities early this year. On April 4, a radio-teletone to solicit donations succeeded in raising over \$18,000 in pledges to the three charities.

After that, canvassing of every home in the county by a small army of volunteers began. According to Dorothy Hohlak, CBC committee member, "there are still about 100 people on the street" collecting pledges and soliciting additional donations.

With the May 10 collection deadline looming, Hohlak noted that "it is so important that the money does come in on

time." One reason that it is important, she said, was that Schoolcraft County could again raise more money for the Cancer Society than any other local drive in the state.

For the local chapter of the society, which will receive a third of the drive's total proceeds, to be in the running, the amount raised must be sent to Lansing by May 17. People needing the services of the Cancer Society should call Dick Keticik at 341-5739.

Enough money has already been collected, Hohlak said, to assure that 10 county children can attend Bay Cliff Health Camp for the handicapped. For information on sending a child to the camp, call the speech department at the high school at 341-2195.

For information on local services provided by Easter Seals, call Jill Carter at 341-5817.

Tax allocation board reviews local budgets

The annual ritual of thrashing out of which local governments will get what in allocated taxes is underway: The Schoolcraft County Tax Allocation Board met Tuesday and reviewed the budgets of those seeking property tax revenues.

By state law, the tax allocation board each year decides how to distribute 15 mills worth of property tax revenue. That millage levy is "allocated"--it is not approved by voters in each local unit of government.

For each \$1,000 of equalized value on real and personal property in the county, a mill of property tax costs the owner \$1. "Equalized value" of property is defined as half the true market value.

The amount requested by each

local unit--townships in the county, the county itself, Manistique Area Schools District and the Delta-Schoolcraft Intermediate School District--is based on those units' tentative budgets.

Not surprisingly, there is not enough money generated by the 15 mills to cover the expenses projected in the tentative budgets. After the allocation board decides who gets what millage, the local units must either trim their budget or bring it in line with the allocated millage or ask voters to increase their property tax.

Manistique Area Schools, for instance, is currently using eight "allocated" mills in addition to 19 "voted" mills to operate schools in the district. Townships last year got 1.4 mills apiece, the county 5.5 mills

and the ISD one-tenth of a mill.

Naturally, more than that amount was originally requested from the allocation board at its meeting last year. Each township requested an average 2.26 mills, not 1.4; the local school district needed 8.74 mills to balance its budget and the county wanted 9.06 mills.

This year, the story is similar. Townships want an average 2.14 mills, the county needs 9.84 and the schools 8.46 mills to balance their budgets.

The job of the allocation board, then, is to decide who gets what. In the past few years, the distribution has remained nearly the same, with the schools getting the lion's share of the allocated millage, the county 5% and the townships 1.4 mills.

In reviewing the budgets of each unit of local government Tuesday, the board was starting the process of deciding the distribution once again.

Since that distribution tends to remain constant over the years, Board Member Ray Johnson, superintendent of the Intermediate School District, suggested that the millage be "pegged" so that the distribution of the 15 mills would automatically remain the same without the allocation board wading through the competing budgets each year.

To do that, the board would have to decide to put the questions to voters after consulting with the townships, schools and county.

County Clerk Fred Lesica said that while pegging the millage might (continued on page 4A)

61 YEARS of service was provided by the two librarians shown above. Mrs. Dorothy Middlebrook Shipman, left, and Kate LeBrasseur. The library will celebrate its 80th anniversary on May 17-21. This picture was taken at the new School and Public Library's dedication in September of 1976.

Library celebrates 80th

The week of May 17-21 has been selected as the observance of 80 years of service to Schoolcraft County schools and citizens by the Manistique School and Public Library.

According to the minutes of the Manistique Board of Education, on Aug. 18, 1902, it was "moved and seconded that Miss Edith Fuller be elected librarian for the ensuing year at a salary of \$25 per month for 10 months and \$10 per month for two months. Carried."

Other librarians that followed were: 1914-Alice Reilly; 1917-Dorothy Middlebrook (Shipman); 1925-Evelyn Ross, assistant; 1947-Nellie K. Raredon, assistant; 1952-Katharine H. LeBrasseur; 1954-Carla McKilligan; 1966-Lauris Barr; 1968-Eleanor Weber, assistant; 1974-Bette Schulze, assistant; and 1979-Virginia Clairmont, current librarian.

The late Mrs. Shipman left in 1952 after serving thirty-five years to return to school at the University of Michigan to obtain her master's degree in library science.

LeBrasseur was called in to succeed her and stayed on, obtaining her degree at Northern Michigan University in 1952, until her retirement in 1979—twenty-seven years later.

A plaque donated by Shipman in September of 1976 proclaims "Congratulations and many serendipitous to all who serve."

The weather is improving at last, the grass is turning green, and many of us are really enjoying Spring. Maybe we really enjoy it because we have to wait so long for it to come!

Potato salad and hamburgers on the grill make me realize that Spring is really here because

SESAME STEAK

- 1 4 cup salad oil
- 1 4 cup sesame seed
- 3 onions, thinly sliced
- 1 2 cup soy sauce
- 1 4 cup lemon juice
- 2 garlic cloves, crushed
- 1 tbl sugar
- 1 4 tea pepper
- 1 1/2 lb steak 1 1/2 inch thick (2 1/2-3 lbs.)
- Can use Chuka Steak

About 5 hours before dinner, make marinade. In a 10" skillet over med-high heat cook Sesame Seed in hot salad oil until golden, stirring frequently.

In a 13" x 9" dish, mix well Sesame seed oil mixture, onions, soy sauce, lemon juice, sugar, pepper, garlic.

Trim excess fat from steak; place steak in marinade; turning to coat both sides.

Cover and refrigerate about 4 hours, turning steak over occasionally. Grill steak, brushing meat often with marinade.

Cook (broil) onions with steak, stirring to prevent burning.

Sarah says...little children want to do things for themselves, even things they can't. When making peanut butter and jelly sandwiches they get more jelly on the counter and themselves than on the bread. Put jelly into a squeeze bottle, like a ketchup dispenser, and cut the hole larger. The jelly will squeeze out without making a mess.

Food for thought...seeds of cheer planted daily add color and harmony to everyday life.

Job's Daughters host grand-guardian

Women's Club gives tea

The Manistique Women's Club met Tuesday, April 13, at the Fireside Inn. About 40 girls and their mothers were guests at the dessert meeting.

Helen Olsen (Mrs. William Olsen) presided.

The date for the May meeting was changed from May 11 to May 18. Another meeting in May will be held on May 25 at 11 a.m. at the Fireside to give special recognition to new members.

The state convention will be held in Marquette on May 13-15. U.P. clubs are in charge of arrangements with Margie Richards as chairman. Richards will be installed as U.P. district president in Marquette on May 15, and give welcoming remarks at a Crime Prevention Seminar May 13.

The Manistique Women's Club has been voted District Club of the Year. Margie Richards announced that Hazel Hughson had been named "Mrs. Federation" of our club this year.

A musical selection—an alto saxophone duet by Nancy Krasnic and Jerry Burnis—was played.

A program was presented by Vickie Fyke, owner of Vickie's Fitness Center. She stressed the importance of keeping fit with proper exercise and diet.

Varnum's disguise A blue suit?

Ask and ye shall receive. In this space we accept of news that we publish asked our state representative, Charles Varnum, how he managed to escape a mandatory "bill of the house" session wearing what the Detroit Free Press described as a blue fluorescent neon suit, a "disguise."

Well, it turns out Varnum's "disguise" was a blue suit. He called up last week to make an appointment with the author of a controversial income tax increase. The house approved it anyway. The Senate has not yet and of course what manner of "disguise" he wore.

"I had a blue suit on," Varnum said, "when I left the House of Representatives for his Easter vacation in Florida. A blue suit? There, why did the Free Press say 'Varnum used to sneak out of the session in disguise'?"

"That's absolutely ridiculous. That's just the Free Press," Varnum informed us. What the Free Press was apparently referring to, he said, was a harmless joke by Varnum during the call of the house session "to break the tension" caused by three days of fruitless debate.

A sergeant at arms stationed one of the chamber's exits had doffed his bright red jacket, Varnum said. As a prank, Varnum took off his blue suit jacket, put on the sergeant at arms' and said "I've got to make an errand run."

The next day, Varnum, still clad in his blue suit, we presume, left on vacation. The house was in session, but it was not a mandatory session, and it was not until early the following morning that the income tax hike was finally approved.

So goes the saga of our representative's disguise.

Had he been present, Varnum said, he would have voted against the income tax hike. In his stead he would rather hail out the state with sales taxes on, among other things, newspaper advertising.

Why didn't he vote on the controversial measure, then? "I was in Florida. I had reservations."

Besides, he demurred, he was sure the Senate would not pass the tax increase before the Easter recess and, therefore, the marathon session by the house would have all been for naught.

He was right, as it turned out.

Older Americans are a valuable resource

Dear Editor:

When you say "Older Americans," you're using a positive and resourceful phrase. Today more and more citizens are looking upon older Americans as a positive and valuable part of society. They are a part of society that has given, and continues to make, great contributions. In return we must give them services that are commensurate with these contributions. The Governor and the Office of Services to the Aging, the State Agency to the Aging, the Director, Office of Services to the Aging, are observing Older Americans Month in May. This is a time for re-examining attitudes toward older Americans and considering the valuable years they have given in enhancing our society.

In Michigan, there are over 1.3 million citizens age 60 and over; a 20 percent increase over the last ten years. This growth is almost five times faster than that of the total population for the same period. Over 355,000 people are 75 years old or older. This is an extra special age group because many of them need more care than others, simply because of their disabilities and illnesses. By 1990, citizens 60 years and older are expected to increase by over 346,000. As you can see, this group is not getting any smaller.

Issues such as transportation, housing, health care and social security must be dealt with effectively. We must make the future a positive horizon full of harmonious interactions between older citizens and other age groups. If senior citizens are treated they deserve to be treated, in turn they will be able to contribute even more of their valuable skills to their communities.

City Police

Two Manistique men have been arrested in Munising on charges of armed robbery.

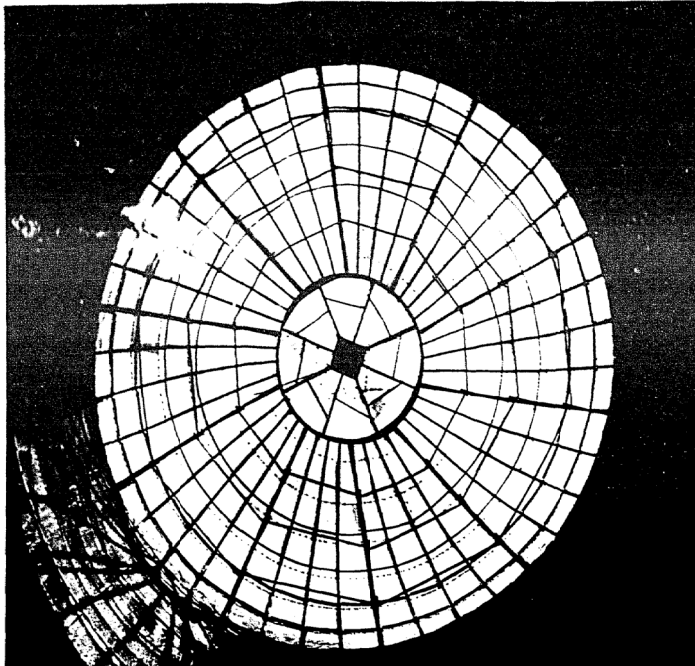

The men, Duane Paradise and Thomas Gould, were arrested Saturday on M-94 at 5:30 p.m. The arrests were a result of investigation by the Manistique Public Safety department, Michigan State police, and the Alger County Sheriff's department.

The charges were made in connection with the April 29 robbery of the J and I News Store in Munising, in which more than \$1500 was taken. The two are also wanted on warrants in Schoolcraft County.

Thomas F. Damron was arrested Sunday in connection with damage done at Nelson's 66 gas station. According to police, Damron's car allegedly hit a gas pump and overhead lights at the station. Damron was charged with driving under the influence of liquor, leaving the scene of a property damage accident and no operator's license on his person.

A two car accident was reported on Monday at the intersection of U.S. 2 and Arbutus. Police report a vehicle driven by Clifton Boynton of Grant, Mich. hit a vehicle driven by Beverly Tyler. Boynton, police said, turned into the Tyler vehicle as he attempted to change lanes.

Four ambulance calls were made last week for a yearly total of 92 calls.

Why the sudden interest in Manistique FM station?

(continued from front page)

and Greater Peninsula Media specify "a site one-half mile northeast of Cooks" as the site for the transmitter and for studios located in Manistique. Stone said the ridge near Cooks would elevate the antenna and increase the station's range.

Mighty-Mac specifies a 500-foot antenna—"about medium size," according to Stone—while Greater Peninsula Media would build a 433-foot tower.

The application by Curtis' company, American Peak, Ltd., calls for a 500-foot tower in Hiawatha Township and studios in Gulliver.

Why all the sudden interest in an FM station near Manistique? The FCC had reserved the frequency, 94.7 megacycles, for the area years ago, with no prospective operators until seven months ago.

One reason for Mighty-Mac's interest, Stone conceded, was that the Manistique frequency was one of the few left in the U.P. and that April 15 was the last date for Mighty-Mac to have a chance to obtain it.

"Once the first applicant files, it's either now or never for the other applicants," he noted.

Since more frequencies have been licensed already, Stone said, the competition tends to be greater for those remaining. "Generally, it's happening across the country because FM broadcasting has become such an excellent medium. There aren't really too many frequencies

left, even in northern Michigan, which is the last frontier, so to speak," he said.

But Stone also said that there was more to Mighty-Mac's decision than getting in on the last of a good thing. "It's not just jumping on the last one—there are other frequencies available. I really believe in northern Michigan and I think Manistique is a good area."

eliminate the need for annual meetings of the allocation board; it would remove the flexibility that the board provides.

"Personally, I think this is a bad time to do it, because we don't know what the future will bring," Lesion said. Pegging the millage could leave the local governments and the allocation board unable to respond to drastic changes in revenue due to an unstable economy, he said.

The next meeting of the board is set for May 13 at 7 p.m., when the preliminary allocation will be decided upon.

Doing MORE...With LESS! THE MOTHER EARTH NEWS

FREE VITAMIN-RICH
VEGETABLES!

There's a world of tasty, free-for-the-picking leaf vegetables to be found in fields, in vacant lots, along streams...and even shooting up among your own garden crops!

One of the most common edible wild greens is lamb's-quarters' (*Chenopodium album*). This nutritious relative of spinach (also known as goosefoot and pigweed) has jagged, diamond-shaped leaves with powder-fleeting, white-dusted undersides. Remember, though, that you should never eat any wild food until you have positively identified it as edible. (NOTE: These guidebooks to wild plants are listed at the end of this article.) Harvest your "wild spinach" from plants no more than a foot high, or pick the younger (uppermost) blades from more mature specimens. The delicately flavored leaves can be steamed, or used in most any recipe calling for spinach.

Another "weed" that's earned a lot of names (including careless weed, redroot, and, also, pigweed) is amaranth (*Amaranthus retroflexus* and *hybridus*). This extremely common plant has rough, oval-but-pointed leaves that are borne on long stalks, and a crimson-colored root. An excellent hustling ground for amaranth is the space between rows of cultivated crops. The young leaves are favored as salad makings, but the fronds' taste even better when fried, steamed, creamed, or boiled and served with a homemade cheese sauce.

A favorite wild food among foragers is purslane (*Portulaca oleracea*), better known as "pussley." The paddle-shaped leaves shoot out from a plant that rarely grows over two inches tall but spreads horizontally, on fleshy, reddish-purple stems, with a vengeance. The greens taste good served raw in salads or sandwiches, cooked in meat loaf, fried in an egg batter, pickled, or added as a thickener to soups and gumbos.

The most remarkable feature of winter cress is its availability during cold weather. *Barbarea vulgaris* is also called scurvy grass, upland cress, and spring tonic. This fast-growing plant can reach a height of over two feet. The youngest leaves make a crisp and tangy raw salad green, while the more mature blades serve well as boiled or steamed vegetables. In addition, in late spring you can pick some of the unopened winter cress flower buds, boil them for five minutes, and serve up some delicious "wild broccolini!"

There are a zillion other flavorful wild greens: dandelion, curled dock, milkweed, plantain, fireweed, watercress, wild grapes, shepherd's purse, wood sorrel, chickweed, stork's-bill, burdock, chickory...and on and on. So gather...and enjoy!

NOTE: Lee Peterson's A Field Guide to Edible Wild Plants (Houghton Mifflin, \$10.95), Earl Gibbons' Stalking the Wild Asparagus (Davis McKay, \$5.95), and Billy Joe Tatum's Wild Foods Cookbook & Field Guide (Workman, \$5.95) are three good references for foraging. These books can be found in many libraries, good bookstores or for their listed prices plus 95 cents (\$2.00 for three or more items) shipping and handling charges from Mother's Bookshelf, P.O. Competitive banking

Technology is the key

Automation is one way for small community banks to remain competitive in a world of ever larger systems.

Despite that, "community banks continue to grow and thrive. Tyler said, "One of the keys to the success of community banks is that they know their trade areas better than anyone else."

Still, Tyler noted, "While com-

Noting that "the boundaries that have traditionally separated the various branches of the financial services industry are vanishing," Tyler said "the larger money market banks continue to absorb community banks across the country."

OVER EASY: Jamie Hider cheers the boys easily in practice last week. The Emerald boys opened their season last Thursday with a third-

place finish in a triangular meet against Westwood and Iron Mountain. The boys travel to Newberry this afternoon, to Manistiquette. The boys travel to Newberry this afternoon, to Manistiquette. The boys travel to Newberry this afternoon, to Manistiquette.

Troy Farley and Randy Peterson pace the boys' track opener

The Emeralds boys' track team came in last in its season-opening meet last Thursday, but Coach Jim Hubbard still found reason to be optimistic.

"Well, we came in last," Hubbard conceded, "but with a lot stronger performances than in the past."

The "triangular" meet at Westwood last week saw Manistiquette

John Quick with a fourth-place finish in the 110-meter high hurdles, George Bosack with a 41-foot, 7 1/2-inch shot put, good for third, and the Emerald mile relay team.

The relay team, with Quick, Farley, Godlewski and Tom Fernandez, turned in a 3:44.52 performance for second place.

Farley, with two firsts and a fourth for 11 points, was high scorer for Manistiquette. In three-team "triangular" meets, first-place finishes in individual events are worth five points; second place, three; third place, two; and fourth, one point. In the relay events, first place is worth five and second place three points.

"The effort was there and the willingness needed to win was there," Hubbard said of the showing by Manistiquette. "We need to iron out a few minor things and we can start to win some meets."

In a freshman-sophomore meet held Saturday at Munising, Manistiquette placed last among the seven teams competing. Denny McBurney scored in two events, placing fifth in both the shot put and discus throw. Jamie Hider also scored with a fifth place in the high jump.

finish with 30 points behind powerful Iron Mountain's 87 and Westwood's 39.

Both the boys' and girls' teams were to travel to Munising Tuesday to compete in a dual meet with the Mustangs, last year's Mid-Peninsula Conference champs. The results of that meet were not available at press time.

The girls' team will host Munising this afternoon in a dual meet that

gets underway at 4 p.m. The boys travel to Newberry for an invitational meet which also begins at 4 p.m. On Saturday, the boys again face Munising on its home turf in an invitational meet that starts at 10 a.m.

The boys will take on Mid Pen in one of only two home meets next Monday at 4 p.m. The girls will also host Mid Pen.

In last Thursday's season debut, the Emerald boys were paced by

junior Troy Farley and senior Randy Peterson. Farley came in first in both the 100- and 200-meter dashes, with times of 11.56 and 22.21 seconds.

Peterson topped 10 feet in the pole

vault to take first place in that event. Hubbard was impressed with Farley's 100-meter time. Noting that it was equivalent to a 10.66 100-yard dash, he said the time "was very good for a first meet."

Mike Godlewski also put in a solid performance for the Emeralds, placing in three events. His 55.79 seconds in the 400-meter dash was

good for third place. He took second in the 800-meter run with 2:09.33 and jumped 5 feet, 10 inches to take second in the high jump. Farley took fourth in the same event with a 5-foot 4 leap.

Also scoring for Manistiquette was

TOUCHING DOWN after a practice long jump last Friday in Manistiquette's Troy Farley. Farley paced the Emeralds in their opening meet last Thursday, netting two first place finishes along with a fourth, good for 11 points.

Emerald girls place in 7 track events

The Manistiquette Emerald girls track team opened their season in a triangular meet, facing Westwood and Iron Mountain, last Thursday at Westwood. Coach Sandy Hirted was pleased with the team's performance, and although they came up short in scoring, the Emeralds showed that they have some promising athletes both in field and running events.

Manistiquette's 400-meter relay team captured a second place with a time of 58.09 seconds. This team was made up of Shelly Lashch, Kathy Nelson, Lois Price and Danielle Olson.

In the 100 meter dash, Danielle Olson took fourth with 14.66 seconds. The winning time was 13.70.

Jenny Godlewski placed fourth in the 400 meter dash with a time of 1:18.66.

Darcey Hamill placed fourth in the 800 meter dash with a 1:09.51, while a time of 2:50.71 gave Lori Brulla a fourth in the 800 m run.

Shelly Lashch raced for a second place finish in the 200 meter dash with a 29.82-second time.

Danielle Olson was the only person placing in the field events. She jumped 4 feet 4 inches in the high

jump, good for a third place. The final results of the triangular meet showed Westwood coming out on top with 73 points, Iron Mountain second with 59 and Manistiquette third with 12 points.

The girls' meets this week were to include a trip to Munising on Tuesday. The Mustangs come to Manistiquette for the first home meet of the season this afternoon.

The meet begins at 4 p.m. at A.F. Hall Stadium.

Coast Guard brass to attend charter

There will be some brass on hand for the chartering ceremony of a Manistiquette chapter of the Coast Guard Auxiliary Saturday night at the Ramada Inn.

The auxiliary chapter, or "flotilla," will officially be chartered with 13 local members by high-ranking officers of both the Coast Guard proper and leaders of the region's

E. DeSautel is elected

Election of officers for the Schoecraft County Auxiliaries to Veterans of Foreign Wars Post 4420 was held Tuesday, April 13, in Manistiquette. Elected were: Eleanore DeSautel, president; Marge Bellville, senior vice-president; Katie Wood, junior vice-president; Margaret Peck, treasurer; Gladys LaFord, trustee for one year; Alvin Lehman, trustee for two years; Merle Bauman, trustee for three years; Dorothy Cousineau, guard; Charmaine Lehman, chaplain; and Arnis Carney, conductor.

A joint Post and Auxiliary installation will be held May 13 at the VFW Hall. A potluck lunch will be served. Chairman reports will be filled out on April 28 at 1 p.m. All chairmen are urged to attend.

Business seminar will be held

On Saturday, May 8, there will be a small business seminar held at the Gernsback Town hall.

The seminar, scheduled to last from 9 a.m. to noon, will cover record keeping, payroll processing, and tax law changes for the small business. The speaker for the seminar will be Paul Bush, a certified public accountant with the firm of Schneider, Larche, Haapala and Co.

All area business persons and people who have an interest in starting a future business are invited to attend. There is no charge for this program. Opportunity to discuss problems will be afforded at the conclusion of the conference.

ONE OF THE FEW fishermen to land a trout on opening day April 24 was Tom Magnusson of Gernsback. He caught this hefty brook trout, which weighed 2 pounds, 18 ounces and was 17 1/2 inches long, on a day when most anglers went home disappointed. (Barb Lefler photo)

Carl Wegner earns 'GRI'

State Wide Real Estate of Manistiquette announced this week that Carl E. Wegner has earned the designation "GRI", which stands for Graduate, Realtors Institute.

The award is sponsored by the National and Michigan Board of Realtors. Wegner completed three real estate courses co-sponsored by the Board of Realtors and the University of Michigan. These classes dealt with all areas of real estate from appraisal to closing. "Carl is a firm believer that continuing education is very important in the professional approach to real estate sales," John Stapleton, broker of the

local office, said. "We, at State Wide, believe in being as knowledgeable as possible in order to better serve our clients."

State Wide also announced that Associate Broker Marie D. Grovet has been named the "Sales Associate of the Month" for March. This award is presented by State Wide President Hugh Harris each month to the associate who markets the most real estate for that period of time.

"Marie really works hard for both her sellers and her buyers" noted Stapleton. "She cares about each person she has the opportunity to work with, and she knows that hard work is the key to being a professional in the real estate field."

Mother's Day dinner is planned

The Knights of Columbus annual Mother's Day banquet will be held on Saturday, May 8, at the K of C Hall.

The social hour will begin at 6 p.m., followed by a roast beef dinner at 7 p.m. Cribbage awards will be presented.

After dinner, a band will play for dancing.

Reservations for the dinner can be made by calling 341-6345.

Happy 28th Birthday, LEE CAMERON

Love, Mom & Dad

GOD BLESS YOU, MY SON
They brought you to me, a tiny, wee mite,
I first held you gently, then held you tight,
I counted your fingers and counted your toes,
I checked you all over—even your nose.
I said to myself, "Now what did I do
To ever deserve a sweet lad like you?"
The years have passed by, and you are full grown,
But that same wonder of you still lingers on;
I think of you daily and I softly say,
"God bless you, my son, and keep you this day."

Coast Guard Auxiliary

The Coast Guard Auxiliary is a civilian organization that assists the Coast Guard in search and rescue missions, courtesy inspections of small craft and public education in boating safety.

In honor of the establishment of the Manistiquette flotilla, only the third in the Upper Peninsula, Captain Len Garrett will attend the ceremony. Garrett is the commander of the Coast Guard's South Ste. Marie group. As such, he is in charge of all Coast Guard operations for the eastern half of the Upper Peninsula and the northern part of lower Michigan.

Also representing the Coast Guard will be Lieutenant Commander Fred Lieder. As director of the Coast Guard's 9th Central Region auxiliary, Lieder is responsible for overseeing auxiliary operations in part of

the U.P., the entire lower peninsula and part of northern Indiana.

His civilian counterpart in the Coast Guard Auxiliary, District Commander Donald R. Kenna, will also attend the chartering ceremony. Kenna is the chief auxiliary officer for the same region for which Lieder is responsible.

Master of ceremonies for the chartering ceremony will be Division Captain Frank C. Donkers of the auxiliary. As division captain, Donkers is responsible for the flotillas in the Upper Peninsula.

Currently, there are three flotillas active in the U.P. in Marquette, Munising and Grand Marais. After Saturday, Manistiquette will be added to the list.

A flotilla was active in Manistiquette from 1968 to 1972, and efforts have been underway since the first of the year to revive a local chapter.

AWANA CLUB winners at the recent "Awana Olympics" held last weekend at St. Ignace took home two first place trophies for the local club.

Local Awana wins twice

Members of the local Awana Club sponsored by the Bethel Baptist Church of Manistique took home two first place trophies from the Awana "Olympics" held last Saturday in St. Ignace.

Competing against eight Awana teams from across the Upper Peninsula, both boys and girls in the third through eighth grade divisions of the local club ("Chums" and "Guards") for the girls and "Pals" and "Pioneers" for the boys won first place in their divisions.

It was the first first-place showing in the competitions for the girls in eight years. The boys lost took home a first place trophy in 1977.

The "Sparky" division of the local club (grades K-2) came in second. Pioneer member Tom Peters placed the boys in the games winning each event he entered. Peters came in first in the bean-bag relay, three-legged race, four-way tug, bean-bag grab, marathon and balloon relay.

Team honor trophies were presented to Peters and Guard Bonnie Vradenburg for the girls.

An awards banquet for the Awana club will be held tonight, May 6, at 6 p.m. The banquet will be a potluck dinner and will feature Pastor Jerry Morrow of Lakefield as speaker.

Senior Citizens

by Diane McClelland

Mothers are what makes the world beautiful. The staff at the Center wash each and everyone of you a Mother's Day, filled with love.

We sat down together and each of us told what the word Mother meant to them. We would like to share our thoughts with you.

M is for the many things she taught me
O is for all the hours of overtime she spent
T is for the tears she shed over my thoughtlessness.

H is for the hands that never tire
E is for the endless love that surrounds me.

R is for all the good times that I remember.

The kitchen staff also want to send their love and prayers to each of you. Our winner for the April's Timepiece puzzle is Stella Oberg. Taking the words "Happy Easter Bunny" she made 80% words. Congratulations Stella, that is one of hard work. Also, thanks to McClelland's Furniture and Refinishing for donating our prize for the month.

Remember May 7, the last day to purchase tickets to our Mother-Daughter Banquet. I know you won't want to miss that. Just give us a call. Memorials were given to the Center in the name of Jack Williams by Roland and Dorothy Holobik; in the name of Jack Williams by John and Estelle Thurman; in the name of Jack Williams by one person who wishes to remain anonymous; in the name of Jack Curley by Mr. and Mrs. John H. Gardner; in the name of Jack Williams by Fred and Bea

Barleigh, in the name of Jack Curley by Emory and Mary Barnes and in the name of Joseph Handl by Thora Handl.

Secretary donations to our general fund account was given to the Center by George P. and Nina Rubick and May McDermost.

Helen Anderson gave a postage donation to supplement the cost of the Newsletter.

"Grandma's Attic" donations were given by Laura Dennis, Elsie Johnson, May McDermost, Patricia Martin, Margaret Wilbrandt, Sam Johnson, Mrs. Reginald Sheehy, Mrs. Clarence Johnson, Gwen Zimmerman, Ruth Girmes, Helen Olsen and Dorothy Peterson.

Sewing supplies were given by Ruth Gallagher, Dorothy Cook and Stella Srmanesky.

All these acts of kindness are greatly appreciated and we "thank you!"

Birthday Greetings go to: Don R. Gimse, Lyle K. Jasmin, John Angus MacGregor, Robert Southard, Stanley Norton, May 7; Lillian Lancour, May 8; James Carlson, Irene Smith, Irene Stovik, Helen Olsen, May 9; Sylvester Rubick, Shirley Martin, Audrey Malloch, May 10; Earl Johnson, Yvonne Erickson, May 11; Howard Hewitt, Norman Patz, May 12; Mabyn Cousineau, Elizabeth Dixon, Emmet McNamara and Eleanor Wacker, May 13.

Don't forget to take a minute and wish these people a "Happy Birthday!"

Mrs. Melvin Lund of Oxeon, Mich., and Mrs. Kirk Fletcher of Mackinac Island.

Caleb Johnson was admitted Monday, April 26, to the Veterans Hospital at Iron Mountain.

Mrs. Felix Cayenber underwent surgery on her right hip recently at a Green Bay hospital.

House guests recently at the home of Mr. and Mrs. Sam Richman were Mr. and Mrs. George Richman and Miss Margaret Richman, all of Milford, Mich.

Mrs. Signe Soderberg and Erik Pontusson of Fort Pierce, Fla., and Stockholm, Sweden, have returned home after spending the winter months in Florida.

Social Security

by Amy Bilski
Social Security representative

People planning to retire in early 1982 should start making serious plans right now if they have not yet done so. A part of this planning should be applying for Social Security retirement benefits.

Applying for benefits at the proper time is very important. This is because benefit payments are geared to the month of application.

For example, a person applying after reaching 65 generally can receive benefits for up to 6 months before the month of application, but not before the month of application.

In addition, a person can receive benefits only for months he or she meets eligibility requirements for the entire month. Generally, this means that unless a person was born on the first day of a month, he or she cannot get a benefit for the month of his or her 62nd birthday. The first benefit payable is for the following month.

Before applying, a person should gather together the required evidence. This includes his or her Social Security card or a record of the

Top seniors are needed

The Michigan Office of Services to the Aging (OSA) in conjunction with the Michigan State Fair today launched an 11-week search for two outstanding senior citizens to receive the Senior Citizen of the Year Awards.

The awards, one for service and one for leadership, will be presented at the Michigan State Fair on Senior Citizens Day, August 30.

Applications for the awards have been distributed to senior organizations and agencies throughout the state. The deadline for submitting applications is Friday, July 30.

"We got an early start on the campaign this year," says OSA Director Kenneth E. Oetle. "We wanted to include this activity as a part of our celebration of Older Americans Month. It's a way of

paying tribute to older people who are a vital and integral part of their community." According to William P. Uppin, General Manager of the Michigan State Fair, "the awards process will operate much as it has in the past. This year, however, more informative guidelines for submitting nominations and new application forms have been devised."

Only organizations may submit an application. Copies of application forms can be obtained through the Office of Services to the Aging or local Area Agencies on Aging.

Anyone 40 or older is eligible as a candidate for the awards. For more information contact the Public Affairs Section, Office of Services to the Aging, P.O. Box 30026, Lansing, Michigan, 48909, or call (517) 373-8230.

St. Jude's 'bikeathon' will begin at Lincoln School

The annual "bikeathon" held in Manistique to benefit St. Jude's Research Hospital will be held May 15 this year, according to local chairman Ginger Adams.

The bikeathon proceeds will go to support the Indiana hospital's programs of research, patient care and education.

The bikeathon will begin at 10 a.m. on Saturday, May 15, at the Lincoln School. Entrants in the fundraiser should be at the school by 9:30 a.m.

Entrants raise money by soliciting pledges of money for each lap of the course completed. Those who raise over \$25 will receive a tee-shirt and those who raise over \$75 will receive a jacket and tee-shirt. Gifts will be given to all participants.

Pledge cards for the bikeathon are available at the offices of all area schools and at the bikeathon. The cards should be turned in to Fred Hahne at the 1st National Bank within a week after the bikeathon.

A smaller course for children riding tricycles will be set up. Any merchant wishing to donate prizes should contact Ginger Adams at 341-5332 after 1 p.m.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution

opened its doors to the public in 1962 to combat catastrophic diseases

which affect our children. St. Jude's non-sectarian, non-discrimination and provided local medical care to over 2,000 patients.

At St. Jude, scientists and physicians are working side by side seeking not only better means of treatment, but also the cause, cure, and prevention of these terrible killers.

All findings and information gained at St. Jude's are shared freely with doctors and hospitals the world over. Thanks to St. Jude Children's Research Hospital, children who have leukemias, Hodgkin's disease, sickle cell anemia, and other childhood diseases now have a better chance to live.

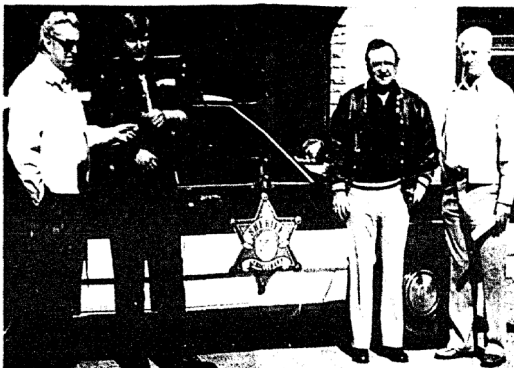

The funds raised in the Bike-A-Thon this spring will help pay for the work at the hospital.

School retirees will meet Sat.

The Schoolcraft County Chapter of Retired School Personnel will hold a regular meeting on Saturday, May 8, at 12:30 p.m. at the Fireside Inn.

There will be a report on the State Convention held in Mount Pleasant on May 6.

Mrs. John Kelly, president, and Mrs. Earl H. LeBrasseur, program chairman, will attend the State meeting.

'Time for Tenacity' is theme

The Schoolcraft Soil Conservation District will join in the nationwide celebration of Soil Stewardship Week to take place on May 16-23, according to Jon Haindl, chairman of the Schoolcraft Soil Conservation District.

The theme of this year's celebration is "A Time for Tenacity."

"This is 'A Time for Tenacity' in our faith, in concept, in communication, in cooperation, in the political arena, in experiments and research, in leadership, in priorities, and in total commitment," the National Association of Conservation Districts

(NACD) said in its 16-page Soil Stewardship Week booklet. Foreword for the publication was written by President Ronald Reagan. NACD has sponsored Soil Stewardship Week since 1955, in cooperation with the nation's nearly 3,000 soil and water conservation districts.

"With the growth of population and the world demand for food and with the clearing and development of most land that is suitable for cultivation, we must turn our attention to the task of saving every acre," according to NACD. "The

dream of adequate supplies of food and shelter must cover a period that extends far into the future because this is the only world we have and the total heritage of our descendants."

Information material on the Soil Stewardship Week theme is made available each year to local churches through the Schoolcraft Soil Conservation District. The fifth Sunday after Easter is Soil Stewardship Sunday and local churches will join in national observance of this special Sunday.

Local bands to play

Three local bands will be featured in an "Up With People" dance to be held May 15 following a community talent show at the St. Francis de Sales Parish Center.

According to Don Lloyd, one of the organizers, the bands set to play at the dance are the Washtons, Laurie and the Big Spring Boys and the Duttons. Tickets for the dance, which begins at 8 p.m., are \$2.50 apiece and \$4 a couple. They may be purchased in advance at the Gamble Store and from organizers Don and Kathy Lloyd, Jim and Liz Cook, Jim and Mary Love, Tina McClellan and Bob and Judy Sands. Tickets will also be sold at the door.

Beginning at 7 p.m. on May 15, there will be square dancing at the Parish Center for anyone interested.

Organizers are still looking for entrants in the amateur talent show, which will begin at 2 p.m. May 15 at the Parish Center. Over \$350 in prize money will be given to the first and second place winners in each of five different categories.

There is no restriction on the format, age or size of the acts that will perform during the show. To sign up, call 341-2823 or 341-6673.

Money raised from the 25-cent admission charge to the show, proceeds from the dance and a raffle to be held during the dance, will go to benefit education in the area. Raffle tickets are still available from organizers, Gamble's, Manistique and Limestone Federal Credit Unions. Tickets for the raffle are \$1 each or \$2.50 for three.

The raffle will feature 25 prizes donated by area merchants. Acts in the talent show may be any age group and will compete for cash prizes also donated by area busi-

nesses. For individual performers, prizes and plaques will be awarded in three age groups: 5-12, 13-17 and 18-adult. First-place winners in each age group will receive \$50 and a plaque. Second-place winners will get \$20 and a plaque and third-place performers will receive \$5 and a plaque.

In group performances, prizes will be given to two age groups: youth-17 years old and 18-adult. First-place acts in each age group will win \$50 and a plaque, runners up will win \$20 and a plaque.

Mini-convention will be held

All area Catholic women are invited to a "mini-convention" of the Manistique Deanery of the Marquette Diocesan Council of Catholic Women to be held Monday, May 10, in Garder.

Hostess of the area Deanery are the St. John's Altar Society of Garder and St. Peter's Altar Society of Fayette. Registration will begin at 4 p.m. Monday in the vestibule of St. John's Catholic Church. Mass will be held at 5:30 p.m. in the church, followed by a dinner at 6:30 p.m. in the Garder Community Building.

A program elaborating on the theme of the convention, "If you want peace-work for justice," will follow the dinner. Cost of the convention is \$3, payable at registration.

For reservations, call 341-5208 before May 7. Those women belonging to a circle can also make reservations by calling their circle president.

Honor roll is announced

The following Manistique Area School elementary students were named to the honor roll for the fifth marking period which ended April 16. The students have maintained a "B" or better average in all academic subjects.

Job hunting? Check center

The career center in the Manistique School and Public Library has material for the job hunter, the person studying for a high school equivalency (GED) exam and the student seeking financial aid.

To provide current "Help Wanted" listings, the library has subscribed to several Sunday editions of large metropolitan newspapers. "The Arizona Republic," "The Dallas Morning News," "The Denver Post" and "The Seattle Times" are now available. Donated issues of "Detroit Free Press" and "The (Marquette) Mining Journal" also include job advertisements.

Popular resources in the career center help users who are studying

for the GED tests and want to find out which educational institutions offer specific certificates or degrees.

Workbooks and cassette tapes called "Preparing for High School Equivalency Tests," and a sound-filmstrip, "Job Interview Skills," are available as well as books.

A prime resource of the career center is the Michigan Occupational Information System (MOIS). After completing an "Interest Inventory form," an individual may match the results with selected job descriptions and continue using MOIS to identify colleges and institutes offering programs in special areas.

Free blood pressure checks will be given on Fridays

Do you have high blood pressure? Chances are that you don't know if you do or not. In honor of "National Hypertension Month," anyone can get their blood pressure checked for free during each Friday during May.

The blood pressure clinic will be held in the emergency room of the Schoolcraft Memorial Hospital on May 7, 14, 21 and 28 from 1 to 4 p.m.

The free check is offered by the hospital in conjunction with the Luce-MacIsaac-Alger-Schoolcraft District Health Department.

MHS Class of '32 plans reunion

The Manistique High School Class of 1932 is planning a fifty-year reunion in Manistique on July 10.

Festivities will begin with a "Do You Remember?" session at 9 p.m. on Friday, July 9, at the home of Mr. and Mrs. Earl H. LeBrasseur, 318 Range St.

There will be a nine-hole best ball golf tournament for men and women at 11 a.m. at the Indian Lake Golf & Country Club.

At 4 p.m., the group will meet at the high school library for a class picture.

A 6 p.m. social hour at the Three Mile Supper Club will be followed by dinner at 7 p.m. and a program at 8 p.m.

Letters were mailed out to class members in November with a reply and biographical information due back by May 1. The class of '32 is trying to locate the addresses of members Anne Macklin, Kathleen Taylor and Carole Swingle. Anyone with information should call 341-8065.

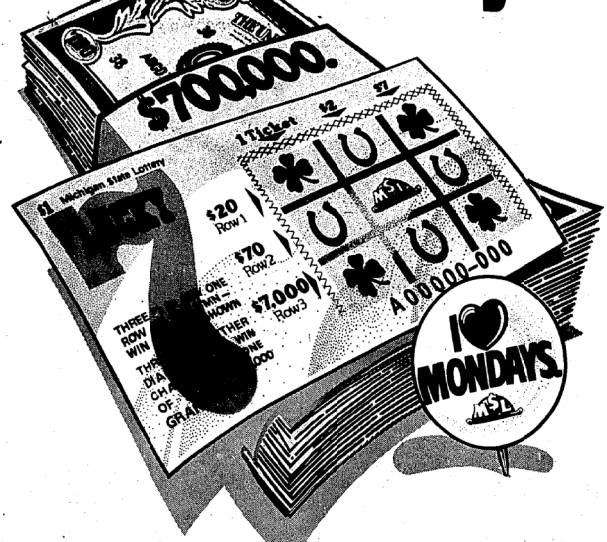

The committee will hold a work session on Monday, May 10, in the board room of the high school at 6:30 p.m. All local class members are urged to attend.

Ed Doyle is honored

Edward Doyle, who retired on May 1 as superintendent of the wastewater treatment plant, was guest of honor at a party held Saturday, May 1 at the home of Mr. and Mrs. Don Schulze. The party was also in honor of Doyle's birthday.

A special decorated cake was the centerpiece and Doyle was presented with a gold watch chain. He left on Sunday, May 2, for a month's trip to Indiana, Colorado, Arizona and California.

Workshop will test your Manistique 'IQ'

How is your "Manistique IQ"? Do you know what the word "Manistique" means, for instance? How about "Kitchik-Kipi"?

Although you may be a long-time resident of the Manistique area, chances are that you don't know the answers to those and 13 other questions compiled by the organizers of a "hospitality school" to be offered in the high school auditorium next Monday, May 10, at 2 p.m. and 7 p.m.

The purpose of the training is to make residents and people working in the local tourist industry more aware of the attractions in the area and the needs of tourists. Both sessions will last about two hours. To register in advance for either session, call the County Extension Office at 341-5850. Advance registration is not required, however.

The workshop sessions are also designed to help both summer job seekers and employers. The earlier session in particular will focus on how students can land a summer job. A list of potential job vacancies will be posted at the sessions. Both sessions will feature a speech by Judge Watson-Olsen of the Mackinac County Extension Service. She will talk about what tourists look for in their trips to the Upper Peninsula. In addition, a panel of local business men and women headed by Kathy Vallier will discuss how "hospitality" can be used to increase tourism within Manistique and Schoolcraft County.

Al Goudreau elected treasurer

Manistique native Albert A. Goudreau, a registered architect, has been elected treasurer of the board of directors of the Manistique Architects and Engineers in Kitchik-Kipi and St. Ignace.

Goudreau is the son of Mr. and Mrs. James Goudreau of Gulliver. He is a 1970 graduate of Manistique High School and moved from the area to Detroit in 1974.

Goudreau joined the firm in June, 1980, as an associate and project architect. He is a graduate of Ferris State College and Lawrence Institute of Technology. Goudreau is an associate member of the A.I.A.; Michigan Society of Architects, U.P. Chapter; and the American-Indian Council of Architects and Engineers. Prior to joining Chippewa A/E, he was employed as a staff architect, with Albert Kahn Associates of Detroit, Michigan.

Tina Strand gets all A's

Tina Marie Strand, daughter of Henry and Betty DeSautel of Manistique, received all A's from Bauder Fashion College in Miami, Fla., for the term recently completed. Strand, in her second year at the college, will graduate May 28 with an associate's degree in fashion design.

She plans to complete her studies for a bachelor's degree in fashion merchandising at the University of Michigan. She will enter UM this fall.

The panel will also discuss what they look for in an employer. A sidebar on the "dos and don'ts" of job seeking prepared by the high school communications class will be shown and reviewed by the panel.

As a course, participants in the workshops will get to test their "Manistique IQ" and find out the answers to common questions any tourist from outside the area might ask. Some more of the stumper:

Where are some measured canoe routes? Name 10 tourist attractions within 15 hours of Manistique. Where are local road construction sites and detours?

What's the mileage from Manistique to Escanaba Green Bay? Seneca?

Where can a visitor take children for good "bank" or "shore" fishing? Do you know local beaches, schedules or how to find them?

Could you plan a two-to-three-day itinerary for a visitor? What is the hospital's procedure for emergency patients from outside the area? Non-emergency patients? If you don't know the answers to some of these questions, you can find out by attending the sessions at 2 p.m. and 7 p.m. Mondays in the high school auditorium.

Mark J. Chaperon

Mark J. Chaperon

Marine Pvt. Mark J. Chaperon, son of Lowell I. and Helen M. Chaperon of P.O. Box 285, has completed the infantry combat training course at the Infantry Training School, Camp Pendleton, Calif.

During the six-week course, he received classroom instruction and participated in field exercises involving infantry tactics, the construction and camouflage of fighting positions; and the use of mines, demolitions, and intra-company communications equipment. His specialized training centered on the duties of a rifleman, with emphasis on squad tactics and the techniques of fire of the squad's weapons.

He joined the Marine Corps in May 1981.

Donald T. Hoholik

Marine Pfc. Donald T. Hoholik, son of Thomas D. and Julie A. Hoholik of Manistique, was meritoriously promoted to his present rank upon graduation from the Basic Supply Control Course.

The seven-week course was conducted at the Marine Corps Service Support School at Camp Lejeune, N.C. The course was designed to prepare students for future assignment to supply administration and operations duties.

Students received instruction on the use of supply publications and catalogs, plus preparation and filing of mail correspondence and directives. Their studies centered on the procedures used in the Marine Corps to receive, issue, control and account for government property.

A 1981 graduate of Manistique Area High School, Hoholik joined the Marine Corps in September of 1981.

To the Gas Customers of Michigan Power Company

In its Opinion and Order dated March 10, 1981, in Case No. U-4683, the Michigan Public Service Commission established an Operation and Maintenance (O&M) Expense Control by Indexing System for natural gas retail customers of Michigan Power Company. That system authorizes an annual change in the portion of Michigan Power Company's jurisdictional natural gas rates and charges attributable to certain operation and maintenance expenses, other than purchased gas and uncollectible gas accounts, in accordance with changes in the All Items, Wage Earners and Clerical Workers, Revised, Unadjusted, National Consumer Price Index (CPI-W).

In the above-mentioned Opinion and Order, the Commission determined that in March, April or May of each year a hearing will be held to determine the rate level to be applied to all customer billings for a 12-month period beginning in July following the hearing.

The rate level change will be computed and corrected as follows:

- Determine the percentage change in the All Items, Wage Earners and Clerical Workers, Revised, Unadjusted, National CPI (CPI-W) between December prior to the hearing year and the previous December.
- Calculate the allowable change in O & M expense by multiplying the base amount by the percentage change in the CPI as determined in Step (1). The base amount plus the allowable change will be the new base amount for the next hearing, not the actual O & M expense which Applicant may have. For the purpose of major rate cases, the base amount plus the total allowable change will become a new base amount and included as such in the rates.
- Calculate the allowable O & M surcharge per Mcf by dividing the allowable change determined in Step (2) by the normalized gas sales level determined in the latest rate case.
- The O & M surcharge per Mcf or Ccf should be applied to customers' bills for 12 months starting with the July billing month following the O & M indexing hearing.

The Commission found in its Opinion and Order in Case No. U-4683 (CPI-W) that Michigan Power Company's proper O & M indexing plan base amount for the May 1982 hearing is \$5,129,412. In the March 10, 1981 order in Case No. U-6583, total jurisdictional gas sales were determined to be 22,856,672 Mcf.

On April 8, 1982, Michigan Power Company filed an application, together with testimony and exhibits, indicating that the percentage change in the All Items CPI-W for the 12-month period ending December 1981 is 8.66 percent, which, when multiplied by the authorized O & M indexing plan base amount of \$5,129,412, produces an allowable change in the O & M expense of \$444,207. Applicant has determined that dividing \$444,207 by the total jurisdictional gas sales of 22,856,672 Mcf results in an O & M indexing surcharge of 1.94 cents per Mcf to be applied to all customers' bills rendered for the 12-month period beginning July 1, 1982. Michigan Power Company represents that this surcharge will be applied to all natural gas customers' bills as provided in the Commission's Opinion and Order dated March 10, 1981, in Case No. U-6583. Any interested persons may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

3. Any person seeking to intervene, in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission, shall file with the Michigan Public Service Commission, P.O. Box 30221, Lansing, Michigan 48909, on or before May 21, 1982, an original and 12 copies of a petition to intervene, together with proof of service upon Michigan Power Company's attorney, Mr. Albert J. Thorburn, 320 N. Washington Square, Lansing, Michigan 48933.

Subparagraph (2) of said Rule 11 provides as follows: "(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right of interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the Commission of the specific issues of fact or law to be raised or controverted."

The Commission will require strict compliance with the above-quoted rule.

"THE INCREASE DESCRIBED IN THE NOTICE HAS BEEN REQUESTED BY MICHIGAN POWER COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY EITHER GRANT OR DENY THE REQUESTED INCREASE, IN WHOLE OR IN PART, AND MAY GRANT A LESSER OR GREATER INCREASE THAN THAT REQUESTED."

Jurisdiction is pursuant to 1909 PA 300, as amended, MCLA 402.2 et seq.; 1919 PA 419, as amended, MCLA 460.51 et seq.; 1939 PA 3, as amended, MCLA 460.1 et seq.; 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, 1968 Annual Supplement, R 460.11 et seq.
