

Not much chance for \$427,000 water tower grant, state says

TRASH AND BROKEN GLASS litter the floor of the old water tower repair and renovate the 200-foot high structure, but state officials said on US-2 now. The City of Manistique has applied for a \$427,000 grant to Besides cleaning up the tower, the

The chances of Manistique getting a \$427,000 grant to fix up the old water tower look pretty slim, according to state officials.

The grant application was submitted to the Michigan History Division of the Department of State in May. It requested \$426,885 to repair the 200-foot high tower and renovate it with offices and an observation deck for tourists.

That's an interesting proposal, according to Ann Webster, supervisor of the grants section of the Michigan History Division, but it's one that stands little chance of being funded.

First, she noted that her department received only \$400,000 last year from the federal Department of the Interior to fund historic preservation projects across the entire state. The sheer size of the grant request for the water tower makes it unlikely that it will be funded. Second, Webster said the level of federal funding will probably be even less this year. What little money there is will be funneled into "survey

projects to identify landmarks of historic significance instead of "development" projects such as that proposed for Manistique's 60-year-old water tower.

"I imagine if the state does receive money for historic preservation, it would be at or below last year's level. So we would stick with survey projects as opposed to development," Webster said Tuesday.

Still, Webster said the actual level of federal funding was still not determined by Congress and that no final decisions on grant applications have yet been made.

County Historian Alex Meron prepared the grant application for the city.

roof and vandalism have forced it to remain vacant the last two years.

Specifically, the grant money would be used to gut the interior of the tower, repair it and provide an observation deck and concession stand at the top.

The most expensive part of the project would be the removal of the 250,000-gallon, 25-foot diameter iron tank within the tower and installation of an elevator and stairs. Currently, the only access to the top of the tower is by a ladder attached to the interior wall. Removal of the old tank and equipment and installation of stairs and elevator would cost an estimated \$250,000, according to the grant application.

The remainder of the money would be used to renovate the restrooms and heating plant in the tower, install telescopes and a concession stand at the top and repair and restore the structure itself.

Fees for use of the elevator and telescopes along with proceeds from the concession stand would be used

to maintain the tower and surrounding area. On clear days, Beaver Island and Seney are visible from the tower. The tower and part of the Pioneer Park area on US-2 are owned by the City of Manistique.

At the time the tower was named to the National Register of Historic Places, both its architectural and historic significance were cited. Charles Cotman, a historian with the Michigan Department of State, said then that the tower is architecturally unique in the state. The cut stone entryway and limestone trim on the tower added to its cost and distinguish it architecturally as a "Roman revival" style. Use of such elaborate architectural ornaments was and is unusual for a public works structure, Cotman said.

Historically, the tower is significant because it was the first part of a municipal water works system in Manistique. Before its construction, the city used purified water from the brewery or the Indian River.

School Board ponders its grade retention policy

Who should decide if an elementary school student will be promoted to the next grade or required to repeat a year? That's a question the School Board grappled with at its meeting Tuesday morning without coming up with an answer.

The board heard a request from 15 elementary teachers present at the meeting to change the existing policy on retention of students. As the

policy now stands either the parent of the child or Superintendent Richard Bonifas can override the decision of a "general education placement committee" made up of teachers to hold a child back.

The teachers wanted the policy changed so that the decision of the committee was final, with no veto power by Bonifas or the parent of the child. They said the possibility of

being overruled in a decision to flunk a student—be it by Bonifas or the parents of the child—sometimes encourages teachers to pass students that would otherwise be held back.

Mike Flynn, principal and teacher at Lakeside School, said "there are some students that are let through that really should be retained because the teachers just don't want the hassle."

Bonifas noted that any revision of the existing policy would have to incorporate some method of appeal for parents disagreeing with the committee's decision. Such an appeal process is legally required, he said.

Bonifas also pointed out that the state school code "gives the superintendent the responsibility of assessing students and placing them. So in the tail end it comes back to me anyway," he said.

In the majority of cases, parents eventually agree to have their child held back a year, Bonifas said. Last year, of 22 recommendations to retain elementary students, four were overruled by parents, he said.

While the board took no action on the teachers' request to change the retention policy, Board President Billie Doyle appointed a joint committee (continued on page 4A)

Leaky gas tank in Cooks forces evacuation of 18

A leaky gasoline storage tank in Cooks forced the evacuation of 18 people from their homes nearby the tank for six hours Monday.

According to Michigan State Police at Manistique, danger of fire and explosion of the fumes from the gas leak caused 18 people from eight houses in Cooks to be evacuated at 8:40 Monday morning. The residents were allowed to return to their

HOUSE AHOY! This uprooted house was taken for a short cruise last Wednesday when it was towed to a new site on Cedar Street. Its old location was in the way of the proposed US-2 rerouting through town. Here, the house is shown on alpha bridge—believe it or not, its way over the "world famous" (Keith White photo)

Transit to run--until Nov., anyway

The Schoolcraft County public transit service has received state subsidies to enable it to continue service through November 14, but the fate of the bus service is

anyone's guess after that. According to Diane McClelland, director of the transit system, the Michigan Department of Transportation (MDOT) has already paid for a 75 percent subsidy of the system for two months beginning Sept. 15. That will assure operation of the dial-a-rider mini-bus service through mid-November, since the County Board last week signed a one-year contract agreeing to foot the remaining 25 percent cost of transit operation not covered through fare collections.

The big uncertainty at this point, according to McClelland, is whether the state legislature will allocate enough funds to allow the MDOT to live up to its commitment under the contract to fund its three-quarters share of the cost after Nov. 14. Although MDOT has already funded

the first two months of the contract year in anticipation of getting enough money from the legislature, McClelland said it's possible the state may cut its share of the funding to as low as 30 percent.

Presumably, the legislature will make up its mind before Oct. 1, when the new state fiscal year begins, at what level it will fund rural transit services such as Schoolcraft County's. Whatever that decision, McClelland said, operation of the local system will continue at least for the two months already paid through MDOT.

"We'll just continue until the Department of Transportation finds out what the state is going to give us," McClelland said. If the state decides to cut back from its current commitment to fund its 75 percent share, \$151,000 of the

system's \$201,000 1982-83 budget, it may mean the end of public transit altogether in the county. The County Board split in its approval last week to pick up \$30,000 of the remaining \$50,000 cost of the service and it is uncertain whether the board would approve paying a greater share if the state drops its level of funding.

"If we get notice that the state will only fund us 30 percent," McClelland said, "we'll need a new contract." Because of the payment by the MDOT of 75 percent of the cost, though, the County Board will have until mid-November to decide whether to pay more than specified in the current contract.

The transit service was started in the county in September of 1980. Since then, it has gotten a free ride under an MDOT grant that paid for (continued on page 4A)

Yes, Virginia, there is a chamber of commerce

Manistique does have a chamber of commerce.

Members of the Board of Directors of the Manistique Area Chamber of Commerce voted overwhelmingly Tuesday to continue the Chamber to fulfill the obligations made to the 54 members of the group.

The one dissenting vote came from Board Member Pete Widdis. Widdis said while he believed the area needed a chamber of commerce, he felt the present one had a negative image.

"I think we should disband and start over with a new group," said Widdis.

Earlier this summer, the board of directors had discussed the possibility of closing the chamber because of lack of community support. The members were concerned about the impact of the formation of a new tourist council and the Manistique Merchants Association.

Neither of those groups, when approached, expressed interest in assuming the functions of the chamber, which included maintaining a tourist information center. Both groups said their members were supportive of the chamber and believed there was a need for a chamber of commerce.

The chamber's Board of Directors did say Tuesday that a reorganization and redefinition of goals was necessary. "We need to move forward and do something for the 54 members who are supporting us," said Carolyn Wegner, a board member.

Members of the reorganization committee are Wagner, Leanne Trebick, Florence Pawley, Elvin Hepler and Connie Hoholik. A membership committee was also formed. Members are Ron Ford, Fred Hahne, and Paul Ozanich. The committee will discuss a restructuring of the dues schedule.

The reorganization plan will be discussed at the board's next meeting, slated for Sept. 28 at 1 p.m. at the board room of the First National Bank. All members are urged to attend.

After 43 years, Norm Jahn still backs 'The Pack'

FOOTBALL FANATIC Norm Jahn has been an avid "Packer Backer" for 43 years. Among his treasured Green Bay mementos is this vintage football signed by all the squad members—and Coach Vince Lombardi.

by Bob Nelson
What with talk of possible player strikes, contract disputes, and player holdouts it's tough to be a football fan these days. Not for Norm Jahn, though.

Jahn, 75, of Manistique, is about as loyal as they come. Jahn has attended Green Bay Packer home games for more than forty years. "I've been a Packer fan most of my life, he said. "No, make that all of my life. I've missed two games in Green Bay since 1939 and before that I went to quite a few games," he added.

That goes back a ways. How far back? According to Jahn, he attended Packer games at Southwestern High School, which seated 13,000, before Lambeau field was built. Not surprisingly, Jahn was pleased as punch over The Pack's performance last Sunday, in which Green Bay overcame a 23-zip half-time deficit to defeat Los Angeles 35-23. Jahn watched that contest, played in Milwaukee, on TV, but said the comeback was "one of the best ever" for the Packers.

Not the best, though. Jahn's favorite Green Bay victory came at a game he attended back in the quarterback heyday of Bart Starr. "It was 35 below," he recalled. "Starr went in to score and win the

game in the last three seconds. I'll tell you, that was some ride back to Manistique."

Jahn is the former owner of Henry Jahn's Bar (now Freddie's). Jahn and his father were partners until 1939 when he took over sole ownership. Jahn sold the bar in 1972 and is now retired.

When he owned the bar, Jahn would close on the Sundays that the Packers played in Green Bay to make the 200-mile jaunt to see his favorite team. On one such Sunday an accident in the bar almost prevented him from making it to the game. According to Edna, Jahn's wife of 51 years, he was at the bar cleaning up in a hurry to get to the game. "He slammed the safe door on his finger and cut the end of his finger off. I put the finger in his pocket and went to the doctor. Dr. Fyvie sewed it back on," she said.

Despite doctor's orders, Jahn attended the game, gory finger and all. "Doc Fyvie said 'you're not going to that game,' I said, 'like hell I'm not!'" and to Green Bay he went.

In one of the two games Jahn has missed in Green Bay over the past 40-odd years, he was confined to the hospital after an operation on his legs. In the other, just last year, he recalled, "I woke up in the morning

and was really sick with arthritis, gout and everything else. I couldn't move."

Illness and injury have not been the only obstacles between Jahn and his allegiance—some would say obsession—with the Green Bay Packers. During World War II and the days of tire and gas rationing, driving was kept to a minimum. "When we couldn't go by car, we'd take the car to Escanaba then take the train from there," he said.

Jahn's enthusiasm for the Packers seemed to be an inherited trait. Several generations of Jahns are now Packer fans.

Of one grandson Jahn said "even his underwear and all his clothes are Packer. He's got quite a collection" of Green Bay memorabilia, supplemented generously by contributions from Grandpa Norm. Alas, another grandson wandered astray and has become, of all things, a Pittsburgh Steelers fan.

Jahn feels that the 1982 Packers will be better than last year's team. "Howard Cosellaw (Cosellaw) thinks they're going to be number one," Jahn said. "It just depends on how the ball bounces."

And if there should be a strike? "If they play I'll go," Jahn said. "As long as I can still go to the games I'll go."

County jobless rate inches up in July

After dropping to its lowest level of the year in June, the unemployment rate in Schoolcraft County started inching upwards during July according to figures released last week by the Michigan Unemployment Security Commission (MESC).

The July jobless rate in the county was 15.8 percent, up from the county's level of 15.6 percent. The July figures are the most recent available for the county and compare with an unemployment rate of 14.7 percent statewide and 19.4 percent in the Upper Peninsula during July.

The slight climb in the jobless rate locally during July parallels a similar climb last year and came despite an increase in the number of people employed in the county. According to Bruce Weaver, area analyst for the MESC, "the change in Schoolcraft County wasn't real large, but the labor force did increase and that's normal for the summer months."

Although the number of people with jobs in the county jumped by 100, the number of people making up the labor force increased by 125, causing the increase in the jobless rate.

Weaver said that summer workers—students and seasonal workers—entered the job market during June and that the increase they caused in the size of the labor force was reflected in the July statistics. Although the unemployment rate for August may be lower than July's as the summer workers are partially absorbed into available jobs, Weaver doesn't expect a big drop. "We wouldn't expect to see any significant decline (either in the total number of unemployed or in the unemployment rate)" during August, he said.

Surrounding counties had the following rates during July: Alger 17.2 percent, down from June's 17.6; Delta 17.8 percent, down from 18.8 percent; Luce 17.7 percent, up from June's 14.7 percent; and Mackinac County had the lowest jobless rate in the U.P. with 11 percent, down from June's 14.1 percent.

Mr. and Mrs. Lauren Edwards

Whitcomb, Edwards wed.

Pamela Whitcomb, 343 North Cedar Street, and Lauren Edwards, 534 Park Ave., Manistique, were married Aug. 28 during a 3 p.m. ceremony at the United Methodist Church of Manistique. The Rev. Max Weeks performed the double-ring ceremony and music was provided by vocalist Paula Aldrich and organist Mary Prater.

The bride was given in marriage by her mother and step-father Mr. and Mrs. William Mulhaupt. Mr. and Mrs. Vernon Edwards are the groom's parents.

Sally Carlson, sister of the bride, was maid of honor with Laurie Whitcomb, sister-in-law of the bride, Julie Whitcomb, sister of the bride, Darcy McLaren, friend of the bride,

and Amy Carlson, niece of the bride, attending as bridesmaids. Lloyd Edwards was best man with Rocky Whitcomb and Lonnie Edwards serving as groomsmen. Maria Shlander, niece of the groom, was flower girl and Brad Carlson, nephew of the bride, was the ring bearer.

Following the wedding ceremony a reception was held at the Manistique National Guard Armory. Both the bride and groom are graduates of Manistique High School.

The bride is employed by Montgomerie Ward of Manistique and the groom is employed by Manistique Papers, Inc. The couple will reside at 534 Park Ave., Manistique.

At home with Sarah

by Sarah Bynall

Cabbages are ready for harvesting if you are lucky enough to have them in your garden, or plentiful in the Super Markets. Almost everyone has their own way to make cabbage rolls, but if you are looking for a recipe, this one is our favorite. I often

CABBAGE ROLLS

1 1/2 cup raw rice, cooked according to directions
1 1/2 lbs. lean ground beef
1 egg
1 small onion, chopped
salt & pepper to taste

1 teas. celery salt
2 tbl. brown sugar
1 large can whole tomatoes
1 can tomato sauce
tomato juice
1 large head of cabbage

Mix cooked rice with ground beef, egg, salt, pepper and celery salt. Remove core from cabbage and parboil, removing leaves one at a time. Strip the rib from the leaf with a sharp paring knife. Put on a heaping spoonful of the meat mixture (the amount depends on the size of the leaf). Roll up toward the outer end pushing sides of the leaf into the meat mixture to hold together. Line up rolls in a roaster or Dutch oven. Sprinkle with brown sugar. Cover with tomatoes, tomato sauce, and enough tomato juice to cover.

Cover roaster and bake at 400 degrees until it starts to boil, then turn down to 300 degrees and bake 3 hours.

You can substitute Minute Rice and not precook it. Use the equivalent to one cup.

Another variation: Fill a green pepper with the meat mixture and put it in with the cabbage rolls. It gives them a delicious flavor.

Sarah says...Hairspray removes ballpoint ink. Spray it directly on the surface and wipe away with warm soapy water.

Food for thought...To do nothing is tiresome. One can never stop and take a rest.

Cota, Onnela repeat vows

Theresa Marie Cota of Garden and Brian Scott Onnela of Oak Park were married Aug. 7 during a 2 p.m. ceremony at the Congregational Church of Garden.

The ceremony was performed by Paul Varoni and the bride was given in marriage by her father. Parents of the bridal couple are Clifford and Diana Cota of Garden and Bruce and Anna Onnela of Oak Park.

Music was provided by organist Mrs. Jan Varoni.

Lola James was maid of honor with Deanna Cota attending as bridesmaid.

Jeff Pichette was best man with Dan Clark as groomsman. Ame Bresmen of Kenosha, Wis., flower girl with David Gould of Garden as ring bearer. Leonard Cota and Charles Gould seated the guests.

Following the ceremony a reception was held at the Community Hall in Garden for 250 guests.

The bridal couple is attending Northern Michigan University.

Mr. and Mrs. Brian Onnela

Easter Seals to conduct wheelchair clinic here

The Schoolcraft County Affiliate of the Michigan Easter Seal Society is sponsoring a wheelchair clinic in cooperation with Wright and Filippis Equipment Company of Marquette. The clinic will be held on Friday, Sept. 17, from 10 a.m. to 2 p.m. at the Community Center on N. Maple Street in Manistique.

The purpose of the wheelchair clinic is to clean and make minor repairs to wheelchairs that are being used by handicapped individuals in Schoolcraft County. Volunteers from the Easter Seal Society will be on hand to clean the wheelchairs and assist the Wright & Filippis staff with the minor repairs.

Marygrove offers women's retreat

The fall "Weekend Apart" retreat for women at Garden's Marygrove retreat center will begin on Friday evening at 8 p.m. and will close on Sunday after lunch. The retreat is not affiliated with AA or Al-Anon but is open to all members of both groups and to anyone interested in attending. This retreat is non-denominational.

The weekend apart is for women whose lives have been affected by alcohol and is a time when a retreat director whose life also has been affected by alcohol can review the steps of AA. One need not be a Catholic to participate in this weekend.

Total cost for the weekend is \$53. A \$10 deposit should be included with your registration. Registration is on a "first come, first serve" basis. For more information or to register, write Marygrove, P.O. Box 38, Garden, MI 49835, or call 985-644-2771.

YOUNG PILOT: Tom DeWinter, right, receives his student pilot's license from Schoolcraft County Airport Manager Vern Bernard. Tom has been training for the past year and celebrated his sixteenth birthday Sept. 7 by soloing in a 1946 TAC

Champ Tail Dragger and a 150 Cessna. Sixteen is the minimum age required to solo. He hopes to continue training and get his private pilot's certificate at seventeen, also the minimum age allowed.

Mercedes Downing

Downing retires from 1st Nat'l

It's an even thirty and out for Mercedes Downing. Downing started working full-time at the First National Bank at Manistique on Sept. 30, 1954. On Sept. 30, 1982 she will retire from her position as Assistant Cashier.

"I have seen so many changes in banking during the years," said Downing. "When I started we were posting entries by hand and now everything is computerized."

Downing has always handled student loans made through the bank. She said she has enjoyed working with the young people and seeing them graduate from college.

Downing said she has no specific plans for her retirement.

"I plan to enjoy every day," said Downing. Downing's husband Perry will retire from Inland in March 1983. They have two children, Terrence of St. Louis, MO and Kristine Lalonde of Kenosha, Wis. They also have three grandchildren, John, Steven and Mark.

The voice of Schoolcraft County since 1876

Press Boycott It makes a point

Back in 1897 some Irishmen became so enraged by the refusal of English land agent Charles Boycott to reduce rents that they ostracized him. Since then the word Boycott has come into the language to denote any unified effort in using an economic threat to force changes.

The most recent successful boycott came during the 1960's, when blacks in the South used their economic power to help gain advances in civil rights. That was effective. Here we are about to see another boycott attempt—this one against the Escanaba Daily Press.

It's being sponsored by the Delta County Trades and Labor Council of the AFL-CIO, protesting what they feel has been unfair coverage in the newspaper. Union members manned a booth at the U.P. State Fair under a sign urging the boycott, and passed out statements explaining their position.

"We are requesting this action because of the Daily Press' continued anti-labor and anti-union opinions and editorials," the statement said, "especially the editorial by Chip Olsen in the Saturday, Aug. 7 Press."

Managing Editor Peggy Bryson of the Daily Press doesn't think they've been unfair. "Some of our opinions have been different at times," she said, "but we've also taken their side."

She's not sure how she's going to respond. "We're giving it some thought," she said, "but we haven't heard from them officially." She didn't see the statement that was being passed out at the Fair.

"It's unfortunate that they don't feel they can use the mechanism we offer—the letters to the editor," she commented, "or guest columns would be welcome. We think the people should know both sides."

Obviously, there's been a breakdown in communication between the newspaper and the labor people. It's no wonder union hackles were raised by the column by Olsen, the staff photographer. You'd have problems if you assigned Ann Landers to cover the World Series. The larger question is, has the Press consistently been anti-union?

Obviously the local Council thinks so, hence the boycott. They want it for a minimum of one week—election week—the first part of November, so they have from now to then to organize it.

One would hope for a better relationship between now and then, for in the long run little is accomplished if two community institutions continue squabbling for a protracted period of time.

America's press is free, but the people are also free to accept or reject what the press presents. That's what keep the press on their toes and reminds them of their continuing obligation to fairness and objectivity.

—Delta Reporter

Expo UP '82 offers variety

Dear Editor:

Attention Upper Peninsula manufacturers: Now is your once-in-a-lifetime chance to advertise your products/services at a relatively low cost where they will gain maximum exposure from industrial buyers, procurement officers, and manufacturing representatives across the United States.

I encourage your firm to take advantage of this unique opportunity by planning to participate in Expo U.P. '82 to be held at the Lakeview Arena at Northern Michigan University located in Marquette, Michigan, scheduled for September 24-25, 1982.

To give you an example of the audience your products will receive, below is a list of just a few of the

You should learn before criticizing

Dear Editor:

To Mrs. Rutherford in regard to her letter in last week's paper, and to anyone else who feels the way she does: It would benefit your education if you took five minutes of your time to walk into the Substance Abuse Office in the county courthouse and ask for informational literature on alcoholism.

Maybe then you would understand about this disease that just happens to be one of the country's top killers. Maybe then you would understand about the excuses, blame laying, and guilt of an alcoholic. Maybe then you would learn to pray for these people and not condemn them and you'd respond to public criticism in a different way.

Maybe you'd understand what a heart-rending sickness alcoholism is and the fact that it can happen to any of us, even the best of us. Until a person lives with it, there is just no way to put into words what suffering is involved for the alcoholic and his or her family.

Everything takes a back seat to an alcoholic. His mother, father, wife, husband, children, job, everything. His main priority in life is alcohol. And until an alcoholic can admit to the fact that alcohol controls his life, then he will continue to put his loved ones through more shame, neglect, disgrace and degradation than anyone can even begin to comprehend.

When people have to put a label like, "an act of that kind," or, "one man of his kind," on something that they don't fully understand then I feel sorry for that person. I pray that "that kind" and "his kind" will never have to be one of your loved ones, or even yourself, because then you'd really get an education that would change your entire life overnight.

One last comment. If we are going to quote anything about God, why not quote the scriptures? An old adage is useless when it comes to an alcoholic, or his family, because the only hope for them is God, and our prayers.

Hebrews 13:6 "So that we may boldly say, The Lord is my helper and I will not fear what man shall do unto me."

Brenda M. Nelms

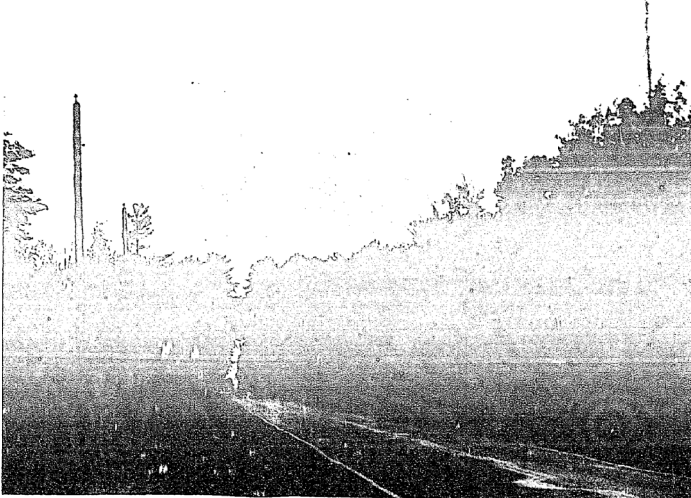

Vice Chairman
Region 11 Private Industry Council

Pasty Sale

The United Methodist Women will hold a pasty sale on Wednesday, Sept. 22, and Thursday, Sept. 23. Advance orders may be placed by calling 341-6622.

DICK HEADLEE STUMPED
Manistique last Saturday, appearing before 52 supporters at breakfast at the Ramada Inn. The GOP candidate for governor, said "Michigan is

SUNSET LATE SUMMER SUNSETS are always enjoyable—all the more so because they are some of the last chances to enjoy the warm weather. Here the sun sets behind the trees on a road near Indian Lake.

What is a performance bond?

(continued from front page)

A discussion on the first points of "performance bonds" dominated a routine meeting of the Manistique City Council Monday evening. After the discussion, the council voted unanimously to modify its performance bond requirements specified in the contract for operation of the city's sanitary landfill on M-94.

That contract was awarded to Manistique Rentals in June and required posting of a "performance bond" before the contract could be signed. Manistique Rentals, citing difficulties with the type of performance bond required by the city, has not yet posted the bond and the contract still has not been signed. In the meantime, Manistique Rentals has been operating the landfill anyway.

Performance bonds are often required on the city's service contracts to protect the city in case the

School board ponders retention policy

(continued from front page)

mitttee of three board members and three teachers to study the issue. That committee will report to the board at its next meeting.

In other matters Tuesday, the School Board:

- Heard that student enrollment in the school district had declined more than projected this year. Bonifas said that the district's "first Friday" count used to determine the level of state aid was taken Sept. 3 and that 1,329 students had enrolled for the 1982-83 school year. In addition, 56 adult students are expected to enroll, bringing up the total enrollment this year to 1,385.

- That is 31 students less than the 1,420 the district had projected and means an unanticipated decline in revenues from state aid. Bonifas said. How much of a decline, Bonifas couldn't say for sure, since the final state aid formula has yet to be adopted by the legislature. He said that it would mean \$57,505 less, based on an early tentative version of the formula. The decline could exceed \$100,000, depending on the final formula.

- Over the past 10 years, the district's enrollment has slumped some 30 percent, from 1,893 in 1972 to this year's level of 1,329.

- Passed resolutions to levy 27 mills of property tax in the district to be used for operation of schools. In addition, 4.6 mills will be levied to pay off bonds sold by the district in financing building projects.
- Awarded a full contract for the school year to Wood's Distributing of

business providing the service doesn't live up to its end of the bargain. If the business defaulted on the contract, it would forfeit the bond and the city would use the money to arrange for an alternative source of services.

In the case of the three-year, \$125,186 sanitary landfill contract, a performance bond equal to 125 percent of the cost of one year of the contract was required. According to Manistique Rentals, the federal Small Business Administration (SBA), to which the local company had applied for a performance bond, found the 125 percent bond requirement irregular and would not grant it.

The SBA advised Manistique Rentals that it would provide a one-year bond at 100 percent but that a waiver by the city on the 125-percent requirement was needed.

So, at Monday's meeting, Manistique Rentals requested the waiver. Council Member Wally Leggett said he didn't like the idea of a one-year, 100-percent bond, but ended up voting for it anyway.

"What happens at the end of the year if the contractor drops out? The city has no protection" with the 100 percent bond to hire another contractor, Leggett pointed out. He also expressed irritation that the council had not been told the contract was still unsigned.

In its vote to grant the waiver on the 125-percent bond requirement, the council also voted to ask the SBA if it would provide instead a three-year bond for the entire value of the contract.

In other matters Monday, the council:

- Approved a request from General Telephone Co. to allow installation of underground cables between

Weston and Houghton Avenues on the north side of Deer Street. The project is similar to the one completed earlier this year on the west side of the courthouse, according to City Manager John Matthews. City approval was granted with the understanding that reconstruction of the sidewalk would be done according to city specifications.

- Voted to advertise for sale a 1.21-foot wide silver of city land adjacent to the Peoples Store building. The land will be purchased by the store to complete transactions on the recently-completed municipal parking lot, Matthews said.
- Heard from Matthews that action to remedy poor drainage at the parking lot would be taken soon. Danny Anderson, owner of the White Steer Market adjacent to the lot, had complained over basement flooding caused by runoff from the parking lot. Matthews said the area next to the buildings would be raised to shut rain water towards the parking lot's drains and away from basements. The cost of the change would be paid for with grant money, according to Matthews.
- Heard from Matthews that 23 people have applied for his job, from which he will be retiring at the end of the year.

Gasoline forces evacuation in Coos

(continued from front page)

Sweeney said the Manistique post was called about 8:20 Monday morning after a resident smelled fumes around the tank. "It looked like the tank had rotted at the bottom and there was a pressure leak at the bottom," Sweeney said.

The leak, the size of which Sweeney described as "like a radiator hose busting" caused gas to pool in a ditch near the tank, creating a fire and explosion hazard.

The Coos Volunteer Fire Department sprayed foam all around the area to keep down the gasoline fumes and restrict the spread of a fire if it ignited. In addition, police had electric power to the area shut off and stopped trains from running on the Soo Line tracks adjacent to the tanks. The trains cause sparks on the tracks, which could have touched off an explosion. Because of the danger, eight houses near the tank were evacuated.

Had there been an explosion, Sweeney said, it would have been a big one. "It definitely would have taken the whole town of Coos," he said.

Although Ellingsen-Maclean on Monday removed over 6,000 gallons of gas from the tank to empty it, "it's really hard to determine how much leaked," according to Sweeney. Anywhere from 500 to 1,000 gallons of gas could have leaked, he said.

A septic tank truck was sent in to clean up the standing pools of gas, foam and water, but some of the gas had already soaked into the ground, Sweeney said.

A detective from the State Fire Marshall's office in Negaunee has investigated the leak and citations may be issued against Ellingsen-Maclean.

Transit system is still on the road

(continued from front page)

The entire cost of operating the mini-buses not covered through fares. Starting this week, however, the state funding dropped to 75 percent and may drop lower yet if MDOT's own budget is cut by the legislature.

Although there are six mini-buses owned by the transit system, only two are now in service, one in Germantown and one in Manistique. Seven of the transit system's 10 employees are now laid off and won't all be called back at once even if the state does continue its funding.

"We're kind of going to hold off a little bit" on recalling the laid off bus drivers, McClelland said.

Notice to Bidders

The City of Manistique will accept bids on the following described property:
1.21 foot strip adjoining Peoples Store
Part of Lot 9, Block 6, Village of Manistique described as follows:
Commencing at the S.W. corner of said Block 6; thence EAST along the South line of said block 138.0 feet; thence NORTH 99.0 feet to the PLACE OF BEGINNING; thence WEST 16.63 feet; thence N16 degrees 15' W 1.26 feet; thence EAST 16.98 feet; thence SOUTH 1.21 feet to the PLACE OF BEGINNING.

All bids should be delivered to the office of the City Manager no later than Monday, Sept. 27, 1982 at 3:00 P.M. local time. Bids will be publicly opened at that time in the City Council Chambers.

The City reserves the right to accept or reject any or all bids.

Questions concerning this bid should be addressed to:

John A. Matthews, City Manager

FRIENDS REUNITED: Debbie St John, right, of Manistique, saw her old friend from California, Debbie Combs, left, in Manistique last week thanks to a California radio station. Combs won a radio baseball promo-

tion-and a free plane ticket to wherever she wanted to go last month and decided to see her old friend in Manistique after 15 years apart.

GARDEN
by Mrs. Eleanor LaBute
644-3522

The Garden Peninsula fishermen held their ninth annual Fish Boil on Sunday, Sept. 5, in the Fayette Town Hall. The women and the men were side by side preparing the Bunyah, boiled fish, potatoes, bread and bars, all seasoned by a secret recipe formula that years of experiments have perfected.

Proceeds of the fish boil are used for ambulance, charities and community needs. The group had the proceeds were down a little this year due to the heavy rain that fell Sunday, but 500 meals were served.

The Fish Boil originated more than 100 years ago. Legend has it that the lumbermen of the last century, finding lake trout and white fish plentiful, found it easy to prepare a meal by boiling the fish and potatoes together in a large pot of water. (The Scandinavians had brought the custom to the early settlers around Lake Michigan). These settlements developed around a lumber mill and were composed of the mill store, boarding house, blacksmith shop, a long log house, log cabins of mill employees and fishing wharfs. A few of the century-old fishing wharfs still stand, in what was once a sawmill village. The fish boil of that day has become not only a tradition but a gourmet's delight.

21 a lesson on sewing for profit will be held at Gladstone State Bank from 10 a.m. to 3 p.m. Anyone wishing to attend contact Ruth Willet at 644-2321, Cheryl Bablidelis at 644-2044, or Mirion Costa at 644-2277.

The next meeting will be held at the Jeanne LaBute home on Thursday, Sept. 23.

Grady and Mary Ellen Steele of Clarkson, Mich. are visiting at their Beefalo Ranch in Kates Bay for a couple of weeks.

Camille Spaulding has returned to her home in Kates Bay after visiting 2 1/2 weeks with her daughter, Mary Raddgens and children Jim and Shannon in Battle Creek. She also visited in Linwood with Tom Spaulding and family. Farrel Deloria is now visiting with the Spaulding family here for a week.

Joie Truckey is visiting with her brother and family, Alfred and Leona LaValle, for a week and with other friends and relatives in the area.

The Ladies of the Fayette Congregational Church have started plans for the 36th annual Lords Acre Auction which will be held Oct. 9. Details will be listed at a later date.

Woman's Club
Delegates to attend confab

Four members of the Manistique Woman's Club will attend the 6th annual Upper Peninsula District Convention of the Michigan State Federation of Women's Clubs to be held next Monday and Tuesday, Sept. 20, 21, at the Indian Head ski lodge in Wakefield.

Margaret Taylor, president of the Manistique Woman's Club, will attend the convention, to be hosted by the Ironwood Woman's Club, along with other local delegates: Yvonne Frederickson and Harriet Abramson. Margaret Richards of the Manistique Woman's Club, president of the U.P. District of MSFWC, has helped

for district-wide honors to be given out at a Tuesday brunch.

On Monday, local club presidents will meet for breakfast with state federation President Mrs. John Goodridge.

Eastern Star

O.E.S. Ida Chapter #54 will hold a regular meeting on Oct. 2 at the Masonic Temple.

The meeting will begin at 8:15 p.m. All past matrons and parsons of Ida Chapter #54 are urged to attend. They will be honored in the dining room after the meeting.

Bertrand promoted

Marine Corporal David J. Bertrand, son of Mr. and Mrs. Darryl Bertrand Sr., Manistique, was promoted to his present rank while serving with Maintenance Squadron 15, Marine Corps Air Station, Iwakuni, Japan.

BIRTHS

John and Peggy (Hawn) Bremser of Stockbridge, Mich., are the parents of a baby girl born on Sept. 5, 1982. She weighed 9 pounds, 4 ounces, and was 20 inches long. The baby was named Jennifer Rose.

Maternal grandmother is Jean Hawn.

Gary R. and Carol L. (Vias) Weber are the parents of a baby boy born Sept. 9, 1982 at 8:45 a.m. The baby weighed 7 pounds, 3 1/2 ounces.

Gene and Laurel (Dalgard) Olsen of County Rd. 442, Cooks, are the parents of a baby girl. The baby weighed 8 pounds, 13 1/2 ounces and was 20 inches long.

James and Sonja (Winchester) Wilcoxon of Box 76, Engadine, are the parents of a baby boy. The baby weighed 8 pounds, 6 ounces and was 20 1/2 inches long.

Joseph Michael and Judith Ann (Reid) Zerilli of 220 N. Fourth St., are the parents of a baby boy born Sept. 13, 1982 at 12:33 p.m. The baby weighed 10 pounds, 1 ounce.

Kevin V. and Christine (Cordell) Tweedie of Box 207, Thompson, are the parents of a baby boy born Sept. 13 at 7:03 p.m. The baby weighed 6 pounds, 2 1/2 ounces.

Cooper works 25 years for DNR

Lowell Cooper, park ranger at Indian Lake State Park, joined the Department of Natural Resources' Quarter Century Club on Thursday, Sept. 9. Cooper and his wife, Catherine, along with 58 other employees and their spouses, were honored at an award dinner held at the MacMullen Conference Center in Higgins Lake.

Also in attendance were members of the Natural Resource Commission, Director Howard Tanner, deputy-directors and division chiefs.

Cooper was recognized for his 30 consecutive seasons of park ranger work at Indian Lake and Pains Book State Parks and was presented with a certificate and twenty-five year pin.

With his 30 seasons, he holds the distinction of being the longest (in terms of seasons worked) part-time park ranger in the state.

Vi Haas, who retired in 1976, was park manager at Indian Lake when Lowell was hired on June 8, 1953. Since then, he has worked for only two other managers, Joe Anthony at Pains Book in 1956 and the present Indian Lake State Park manager, Gordon Archer.

Two other local Manistique residents were also inducted in the Quarter Century Club along with Cooper, Marcus (Bucky) Burnis,

Lowell Cooper

Emeralds face Gwinn after shutout Hunter hopes third time's a charm

Players of the week

Bob Mattson Corey Miller

Emerald football Coach Jim Hunter, it's an ironic parallel to last season: after suffering back-to-back Mid-Pen Conference defeats at the hands of Negaunee and Ishpeming to start off, his team will again face an unsuccessful Gwinn squad Friday at Gwinn to try and climb out of a losing rut.

After last Friday's 16-0 loss at Ishpeming, Hunter noted it was the same situation last year: Manistiquie met the Model Towners in the season's game three after losing to Negaunee and Ishpeming. Both had winless records, having suffered big losses at the hands of Mid-Pen foes in their first two outings. In Friday's game, however, Hunter would like to stop any further parallel with last year: While Gwinn won last year's match with Manistiquie, 29-15, and went on to post a respectable record for the season, Manistiquie merely notched another loss on its way to a winless 0-9 record.

"It's kind of the same situation for both of us," Hunter commented about Friday's 7:30 p.m. contest against the Model Towners. "Both teams are going to be pumped up for the ball game. We've got to score some points and get a win under our belts and I'm sure they're thinking the same thing," Hunter said.

Scoring points has got to be a priority of Hunter and his Emerald squad after last Friday's defeat at the hands of the Ishpeming Hematites. It was the second straight shutout against Manistiquie by Mid-Peninsula opponents and the Emeralds have yet to score a point this season.

Despite his team's poor debut this season, Hunter said he has noticed improvement in the Emeralds' weak offense, which managed only 101 yards at Ishpeming.

"It's hard to be encouraged when you get beat, but we did see improvements in a lot of areas" during last Friday's game, he said. "If we continue to improve I think we can even out our conference record before we go against (non-conference) Stephenson."

Evening out the record, of course, would require beating Gwinn, a team

which has suffered two shutouts of its own, against Iron Mountain last week (35-0) and in the opener against Westwood (20-0). Hunter described Gwinn as throwing "a lot of junk at you" with unconventional plays "we probably won't see again for the rest of the season."

"They don't run the option as much (as Negaunee and Ishpeming), which is a big plus for us—that's where we have been breaking down," Hunter said.

In last week's game at Ishpeming, Manistiquie had weak blocking to hinder its offensive game. The defensive squad continued to show a self-destructive habit of giving up a big play on crucial third-down plays, Hunter agreed.

"That's been our problem in both these games. We'll hold someone to third and six or third and eight and they get the first down. The biggest area we need to improve in defensively is on those third down situations. We need to toughen up and not let them get those big plays," Hunter said.

Although you would never guess it by the final score, Manistiquie nearly drew first blood when it mounted an impressive 62-yard drive that used up most of the first quarter before running out of steam a yard away from a touchdown.

In its first possession of the game, Ishpeming squeaked out a failed field goal attempt after a seven-play drive fueled by a timely 25-yard third-down run.

Manistiquie took over the ball on its own 20 and kept alive the 10-play drive when Emerald quarterback Mike Godlewski completed an 8-yard, third-down pass to tight end George Bosanic. "From there on it was mostly balance running," Hunter said of the strongest offensive mounted so far this season by the Emeralds. Mark Hoholik led the drive, logging the ball for 41 of his team-high 65 yards.

Manistiquie was unable to score, however, giving up the ball to the Hematites on the one-yard line after a fourth-down run from the five failed to get the touchdown.

In the second quarter, Manistiquie's defense stiffened after a 39-yard Hematite drive put Ishpeming on the Emerald 12. After the Ishpeming fullback was dropped for a 9-yard loss, the Hematites failed on a field goal attempt.

Manistiquie fumbled the ball for the second time in the game during its next possession, giving the Hematites the ball on Manistiquie's 16. Two plays later, with no time left in the half, Ishpeming scored on a five-yard sweep run. A two-point conversion was good and the Hematites led 8-0.

The other Ishpeming touchdown came with 3:27 left in the third quarter on third down when an Ishpeming runner broke a tackle and ran 37 yards for the score. Tom Burnis of the Emeralds blocked the extra point attempt, holding Ishpeming to a 14-0 lead.

A Manistiquie fumble recovery and pass interception by Corey Miller, filling in for Godlewski, who had bruised his ribs in defending the touchdown run, twice gave the

Emeralds the ball, only to have it punted away three downs later.

Ishpeming's final score came late in the fourth quarter when, boxed in at their own three-yard line, the Emeralds tried a sweep from the end zone. Manistiquie's runner was forced out of bounds before escaping the end zone, giving the Hematites a safety and a 16-0 cushion.

Just before the end of the game, Emerald defensive back Mike Archer picked off an Ishpeming pass, but Manistiquie was able only to run two plays before time expired.

J.V. gridders drop first two games

led by Jim Springer, who carried the ball 11 times for 28 yards. Dave Archer caught three passes for 41 yards. Leading tackler was Nedeau with 12 solos, followed by Ed Clement registering 11. Archer 10, Ron Klarich 9 and Williamson 9. Springer picked off one Ishpeming

The Emerald junior varsity football squad dropped their first two contests to Negaunee and Ishpeming.

In the season opener at Negaunee the Emeralds were defeated 52-14 by the Miners and were shut out last Thursday by the Hematites, 42-0.

After scoring two touchdowns in the first quarter, Negaunee broke the game open in the second quarter by scoring three more touchdowns while holding the Emeralds scoreless.

The score at half time was 38-0.

During the second half, coach Jim Hubbard's squad played even ball by scoring 14 points while allowing Negaunee 14. Manistiquie broke the tie in the third quarter with a 1-yard quarterback sneak by Craig Nedeau. The two-point conversion was fotted, making the score 48-6 after three periods.

In the fourth quarter, Negaunee substituted freely, using most of their 60 players.

Nedeau scored again on a 1-yard sneak with a successful two-point conversion the result of a 3-yard pass from Nedeau to Dave Archer.

Leading ball carrier for Manistiquie was Jim Springer, who gained 58 yards on 8 carries. Nedeau had 8 carries for 51 yards and Tom Williamson carried 10 times for 47 yards.

Defensively, the leading tacklers were Nedeau with 12 and Williamson with 8. Ed Clement had two fumble recoveries.

Playing at home last week against Ishpeming, the Emeralds were defeated 42-0. Again it was the second quarter that put the game out of reach for Manistiquie. The Hematites scored once in the first and added three more touchdowns in the second, making the score 28-0 at half time. Injuries took their toll on the Emeralds during the game, especially in the second half, when all three Emerald quarterbacks were injured, forcing Hubbard to use freshman Jerome Larson as the signal caller. Larson had never played quarterback before, even during practice. After one series of downs, starting quarterback Nedeau returned. He finished the game but couldn't pass the football because of a sore arm.

Offensively, the Emeralds were well in Thursday's game against the

pass for an interception.

With sophomore standouts Mike Hinkson and Tim Henry playing on the varsity squad, Hubbard has an inexperienced team of nine sophomores and 16 freshmen. "It is extremely tough playing the first two games against all sophomore play-

ers," Hubbard said. Still, Hubbard feels his players have gained a lot of experience and he expects them to show improvement throughout the season. Their next contest is at home tonight against Gwinn. Game time is at 7 p.m.

THE SOFT TOUCH served Emerald girls varsity player Nancy Krusic had 10 points and snagged 12 rebounds in helping the Emeralds to a 48-34 victory. (Mary Krusic photo)

SLOWING THE PACE in a dive Jordan evades this Newberry player. to even their record next Tuesday down court in the girls rivalry. The Emerald girls are now 1-2 after a basketball season opener against loss Tuesday at Gladstone and hope Newberry last Tuesday. Barb Des-

Lose at Gladstone, 54-28

Girls' loss drops record to 1 - 2

The Manistique varsity girls basketball team lost its second game Tuesday night, dropping its record for the season, 54-28. The girls now have a 1-2 record after losing to Newberry in the season opener last Tuesday, 60-43, and beating Big Bay de Noc Thursday 48-36.

During Tuesday's game at Gladstone, according to coach Don Videtich, the Emeralds were out-hustled and out-played the entire game. "They just weren't in the game tonight," he commented.

Cold shooting was a problem for Manistique as they had difficulty finding their range under 20 feet from the basket. Videtich praised Nancy Krusic, who scored 13 points including 11 for 14 free throws. She was also high rebounder with 12.

The first home game for the Emerald girls will be on Tuesday when Manistique plays host to the Lady Bears from Big Bay de Noc. The J.V. game begins at 6:15 with the varsity game following at 8 p.m.

The J.V.'s modest win streak, following opening victories at Newberry (46-19) and Big Bay (38-23), was snapped abruptly Tuesday at Gladstone. The Braves beat the Emeralds 47-17. Gladstone was in complete control of the entire game. Manistique had trouble putting any kind of game together. Their low scoring game was due in part to poor free throw shooting. The girls only scored on 5 of 21 shots for 23 percent. The team did do well rebounding, being out-rebounded by only 2, 47-45.

Seniors for Manistique included: Lisa Schulze, 4, Stacey Zellar, 4, Amy Hastings, 3, Mary Brulla, 2 and Cheri Zellar, 2. High scorer for Gladstone was Tammy Cartwright with 21 points.

Thursday at Big Bay, the Emerald varsity displayed winning form, defeating the Lady Black Bears 48-36.

Videtich said the Emeralds full-court pressure slowed the Lady Bears in their attempt to score and caused them to turn over the ball 43 times compared with 18 turnovers for Manistique.

Seniors Shelly Lasich and Barb Cahoun led the way with 14 and 8 points, Cahoun also pulled down 15 rebounds for the Emeralds, while sophomore Nancy Krusic scored 10 points and had 12 rebounds. Julie Carlson found the range from the outside hitting for 9 points.

Lasich was consistent in bringing the ball down and in running the game plan. Barb Cahoun was a good defensive play collecting 6 steals. Off the bench with a fine performance was Julie Larson.

Videtich said "the girls were much more relaxed in this game than at Newberry. They were patient on offense and kept their poise through four quarters of ball."

The J.V.'s also defeated the J.V. Lady Black Bears, 38-23. Manistique came out with an early lead and continued to build on it throughout the game.

Stacey Zellar came off the bench to lead the Emeralds attack. She scored 10 points and had 17 rebounds on the night. Amy Klarich also came off the bench to score 7 points. Other scorers included Amy Hastings 6, Mary Brulla 4, Cathy Paquin 4, Wendy Miller 1 and Cheri Zellar and Amy Kraatz with 2 each.

In the opener at Newberry, the varsity girls did a fine job, what as Videtich had hoped. In addition to suffering from first game jitters, the

young team suffered from lack of game experience, early costly turnovers and poor free-throw shooting, and dropped the contest 60-43.

A quick, hot-shooting Newberry team controlled the game from tip-off. The Indians' full-court pressure, combined with their fast pace and accurate shooting, gave them a 20-10 lead at the end of the first quarter and a widened margin of 37-21 at the end of the first half.

Although Manistique played Newberry evenly in the second half, scoring 22 to the Indians' 23, the sluggish first half had already cost the Emeralds the game.

Manistique was out-rebounded by the Indians 47-34. Barb Cahoun was

9 local youths attend basketball camp

Nine local boys were among the participants in a two-session boys basketball camp held recently at Northern Michigan University under the direction of Glenn Brown, NMU's men's head basketball coach.

The camp was one of several sports schools offered by Northern Michigan University this summer through its Department of Health, Physical Education and Recreation (HPER) Outreach Program.

Among the more than 200 young sportsmen who attended the camp were first throw shooting, Tom Archer, Stephen Calhoun, Douglas Demers, Christopher Gonyea, Richard Koski, John Krusic, Denny

McBurney, Corey Miller and Ken Peterson.

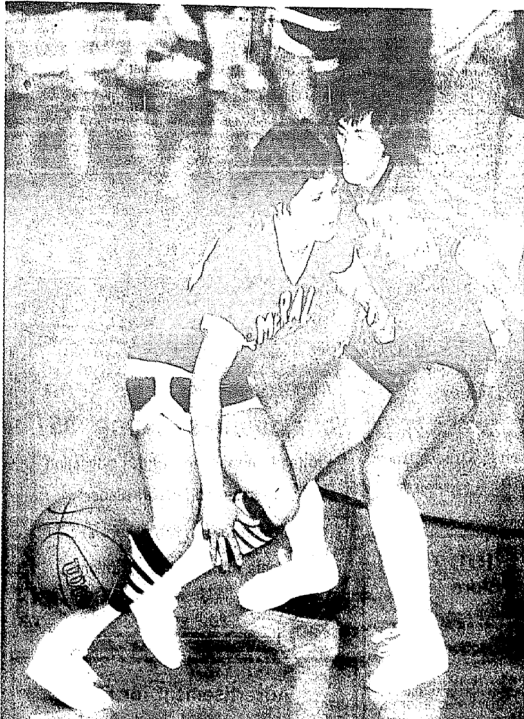

The basketball camp provided individualized instruction and emphasized development and improvement of fundamental skills.

Participants received a certificate for attending the camp. Trophies and awards of excellence were also presented.

Brown was the 1980 District Coach-of-the-Year and is an international coach in Europe and Australia.

Assistant coaches for the basketball camp included Tom Izzy, NMU Men's Assistant Coach; Jim Newberry

coach at Kaukauna, Wis.; Al Haglund, coach at Gaylord; former NMU players Kurt Eberger, Dave Bucklin, Ernie Montgomery and Matthew Johnson; Dave Laitinen, junior varsity coach at Escanaba; Gord LeDuc and John Peterson, Marquette High School coaches; Art VanDamme, Ishpeming High School coach; Fran Ghinardi, Junior varsity coach at Westwood; Dave Hallgren, Negaunee High School coach; Dean Ellis, graduate assistant at Northern; Mike Boyd, former NMU player now assistant at the University of Michigan; and Jay Dietert, Westwood High School coach.

AN AGGRESSIVE Shelly Lasich or last week. The girls lost to Gladstone 54-28, evened their record girls' varsity basketball season opener Thursday with a 48-36 victory at Big Bay but dropped Tuesday's contest at Gladstone 54-28. (Mary Krusic photo)

Emery Barnes is honored for country club activities

Emery Barnes was honored at a surprise testimonial banquet Aug. 21 at the Indian Lake Golf and Country Club for his more than 55 years of service in the club's behalf.

The affair was sponsored by the 90 member Idlers League started by Barnes 40 years ago. It started with a social hour preceding the seven o'clock dinner prepared by the country club staff. One hundred and seventy Idlers, relatives and close friends of Barnes attended.

FLAT ON HER BACK. Nancy Emeralds notched their first win of the season, 48-36, and hope to repeat helping hand from a Big Bay de Noc Tuesday. (Mary Krusic photo)

Committee chairman Dale Potvin was master of ceremonies with Ormer Schuster presenting a testimonial plaque to Barnes in behalf of those in attendance. A similar plaque is displayed in the clubhouse.

The remaining committee members were: James Sangraw, Charles Gauthier, Ralph Livingston, Arlene Bonner and Virginia Potvin. Ernest Derwin supplied the music.

Scott Weber is reserve NMU back

Scott Weber of Manistique will play for the Northern Michigan University Wildcats football team this year, according to NMU's athletic handbook.

The 5-10, 205-pound sophomore lettered last year for the Wildcats as a reserve running back and special teams player after being a redshirt in 1980. This year Weber will back up the tailback spot on offense.

Weber earned all Upper Peninsula honors as a tailback during his high school career with the Emeralds. He was also a kicker and linebacker for Manistique as well as competing in basketball and track.

MEMBER, NORTHERN UNDERWRITERS GROUP

To the Michigan Electric Customers of

Wisconsin Electric Power Company

This NOTICE OF HEARING is being served and published pursuant to the Michigan Public Service Commission's Order in Case No. U-7091 dated July 13, 1982.

Bi-monthly hearings have been scheduled by the Commission for the purpose of considering adjustment to monthly customer billings for cost of fuel and purchased power. Adjustments to monthly bills are to be in the form of charges or credits for changes in fuel and purchased power costs above or below a base cost of 17.95 mills per kWh included in rate levels approved in said Order of July 13, 1982.

A public hearing will be held on October 5, 1982 commencing at 9:00 a.m., in the office of the Commission, 6545 Mercantile Way, Lansing, Michigan, to consider the proper adjustment for the cost of fuel and purchased power to be applied to all bills rendered for the monthly billing cycles commencing in the months of November and December, 1982, by Wisconsin Electric Power Company to its Michigan customers.

The company proposes a fuel and purchased power cost adjustment of a credit of 3.27 mills per kWh based upon its actual fuel and purchased power costs for the months of July and August, 1982 and will offer testimony and exhibits to support same. Such testimony and exhibits will be available on and after September 24, 1982 at the office of the Commission Secretary 6545 Mercantile Way, Lansing, Michigan 48910, and also at the Michigan office of the Company, 1401 South Carpenter Avenue, Iron Mountain, Michigan.

The Michigan Public Service Commission may either grant or deny the requested fuel and purchased power cost adjustment, in whole or in part, and may grant a lesser or greater adjustment than that requested. Interested parties may intervene by placing an appearance on the records at the hearing.

Jurisdiction in this matter is pursuant to Sections 1, 2, 6, 7 and 8 of 1909 PA 106, as amended, MCLA 490.551 et seq; 1909 PA 300, as amended, MCLA 462.2 et seq; Sections 3 and 4 of 1919 PA 419, as amended, MCLA 460.51 et seq; Sections 4, 6, and 7 of 1939 PA 43, as amended, MCLA 460.1 et seq; 1969 PA 306, as amended, MCLA 24.201 et seq; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code Supplement No. 54, 1960.11 et seq.

Official Proceedings

Board of Education

Following are the official board minutes for the August 24, 1982 special meeting. These minutes are provided by the Manistique Area Schools Board of Education and it is solely responsible for their content.

August 24, 1982

Billie Doyle, President, called the Special Meeting of the Manistique Area Schools Board of Education to order August 24, 1982 in the Board Room of the Junior-Senior High School Building at 7:00 P.M.

MEMBERS PRESENT: John Hendricks, John Reque, Lloyd Spencer, Richard Stoll, Nancy Veresan, Billie Doyle

MEMBERS ABSENT: NONE

TRUTH IN TAXATION HEARING

Richard Bonifas, Superintendent, reviewed District revenues and expenditures with the Board as the second step in complying with the Truth in Taxation Law. Certification of total taxes will take place at the September 14th Board Meeting.

AUXILIARY STAFF CONDUCT

Lloyd Spencer moved, supported by John Reque that the 1982-83 Auxiliary Contract be ratified. Motion carried with six yes votes.

BOARD VACANCY

Two citizens, Mrs. Carma Gronbeck and Mrs. Cyrolyn A. DeWinter, submitted letters to the Board of Education indicating their interest in being appointed to the Board of

Education vacancy. The Board reviewed their letters and interviewed the two candidates.

John Hendricks moved, supported by Nancy Veresan that Carolyn A. DeWinter be appointed to the Board of Education to fill the vacancy. Motion carried with six yes votes.

PERSONNEL

Richard Stoll moved, supported by Lloyd Spencer that a contract be issued to Michele Burley for the Elementary Special Education teaching position at Lincoln School. Motion carried with seven yes votes.

John Hendricks moved, supported by Nancy Veresan that a contract be issued to Steven J. Mueller for the Junior High Science position at the recommendation of John Males. Motion carried with seven yes votes.

NATIONAL SCHOOL LUNCH PROGRAM/COMMODITY AGREEMENT AND POLICY STATEMENT

John Reque moved, supported by Richard Stoll that the National School Lunch Program/Commodity Agreement and Policy Statement be renewed for the 1982-83 school year. Motion carried with seven yes votes.

PRESENTATION-NORTH CENTRAL

Food for Thought Health Food Store Now Open 233 Walnut 341-5185 Featuring a Super Selection of TEAS, HERBS & SPICES, VITAMINS, HEALTHY SNACK FOODS, DIETETIC & SALT-FREE ITEMS, NATURAL JUICES, NATURAL WHOLE GRAINS & FLOURS, WHOLE GRAIN BREADS, JUMBO COOKIES, And More.

John Males, High School Principal, presented the Board Members with the Certificate of Merit from the North Central Association of Colleges and Schools in recognition of Manistique High School's ending quest for excellence after 75 years of membership.

TEACHER ASSIGNMENTS

John Males reviewed class scheduling and teacher assignments for the 1982-83 school year in the Junior High and High School. Richard Bonifas reviewed class scheduling and teacher assignments for the 1982-83 school year in the elementary schools.

ADMINISTRATIVE NEGOTIATIONS

The Board's negotiating team has had its first meeting with the Administrative negotiating team and negotiations will continue.

BUDGET REVIEW

The Board set Tuesday, October 12th as the date to review the Budget.

PROFESSIONAL NEGOTIATIONS

Professional negotiations are still in process.

CONTRACT EXTENSION

Richard Bonifas reviewed interim operating policies and procedures which were sent to the MEA to be used until a contract is ratified.

STADIUM FENCING

Richard Bonifas informed the Board that the Stadium fencing has been damaged by the City snowplows and it will be paid for by the City's insurance.

EXECUTIVE SESSION

Lloyd Spencer moved, supported by Richard Stoll that the meeting be moved into Executive Session to discuss Administrative and Pro-

fessional Negotiations. Motion carried with seven yes votes.

ADJOURN TO REGULAR MEETING

Caryn DeWinter moved, supported by Nancy Veresan that the meeting be adjourned to the regular session. Motion carried with seven yes votes.

ADJOURNMENT

John Reque moved, supported by Richard Stoll that the meeting be adjourned. Motion carried with seven yes votes.

City Police

Manistique Public Safety officers report two minor traffic accidents last week.

Police said Robert W. Shampline was backing out of a private driveway and failed to observe a vehicle driven by Chester F. Elliot. The vehicles collided. The accident happened at 7 p.m. on Wednesday.

According to police, when Thomas A. Creeden backed his vehicle up to drive around a vehicle in front of him, his vehicle hit a vehicle driven by Hugh Brady. The Brady vehicle was behind him. The incident occurred on Monday on Fifth St.

David Andersen reported the theft of a pistol from his truck. The report was made on Tuesday.

MHS testing schedule announced

As the new school year begins, more than one million high school juniors and seniors across the nation are preparing to participate in the American College Testing (ACT) Assessment Program. Seniors who have not taken the test must do so in October in order to be eligible for Michigan competitive scholarships.

The ACT Assessment, which consists of four academic tests that measure educational development and a detailed questionnaire that collects information relevant to educational and career planning, is recommended or required by more than 2,700 postsecondary institutions and scholarship programs.

School guidance counselors recommend that students participate in the ACT Assessment Program during the junior year or early in the senior year, so their results will be available in time for use in planning for postsecondary education and careers.

Students can obtain registration packets that contain all the information necessary to register and prepare for the Assessment from their high school guidance offices. The basic registration fee for the Assessment is \$9.50. For 1982-83, ACT has established this test date schedule:

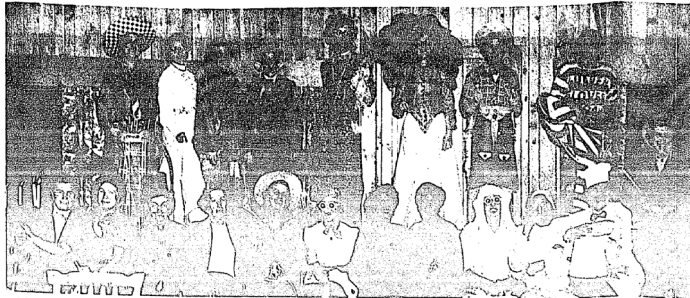

Test Dates	Register by
Oct. 30	Oct. 1
Dec. 11	Nov. 12
Feb. 12	Jan. 14
April 16	March 18
June 11	May 13

It takes about three hours to complete the four ACT examinations in English, math, social studies, and natural sciences. A sample copy of a full-length test is available in the Manistique School and Public Library. Students who would like to have copies of additional tests may obtain them at cost from ACT.

The ACT Assessment also includes a two-part questionnaire that students complete at home when they register. The questionnaire focuses on the student's interests, academic and nonacademic accomplishments, and vocational and educational plans and needs.

Colleges use information from the ACT Assessment Program for academic advising, admissions counseling, course sectioning and placement, student services, and institutional research. ACT Assessment reports are sent to students, their high school counselors, and only those institutions and agencies specifically designated by the student.

The ACT Assessment Program is a major service of The American College Testing Program, which has national headquarters in Iowa City, Iowa.

I COULD PROBABLY name about three-fourths of the girls in this shot, but since you can maybe name them all I'll leave it up to you. This was taken shortly after WW II and the

as in the other photo, but someone must have been reading the script; note the Arabs in the front row. Maybe they were predicting the future, and the rising influence of

the Midwest in international affairs. As far as we know, the Arabs have not actually penetrated the exclusive membership of the country club. (Nel Nelson photo)

THIS LITTLE PARTY took place on the south lawn of the old Nicholson home and the theme, if we're reading the costumes right, was Japanese. (Obviously this pre-

dated Pearl Harbor) It may have been in celebration of a local performance of the opera Madame Butterfly. The ladies went to a lot of

trouble to find the right costume and it must have been one of the big social events of the season. We have been unable to name any of the ladies, so if you can help just give us a jingle and we'll run the names in a future column. (Photo from the Abell collection)

Cindy King hired at St. Francis de Sales

Cindy King of Naubinway has been hired as youth minister and coordinator of religious education at St. Francis de Sales Church.

King, 26, replaces at St. Francis Sister Joyce Rose who was appointed recently as religious education coordinator for the Diocese of Marquette.

As local coordinator for religious education, King is responsible for setting up under volunteer supervision the five education programs each aimed at a different age group: pre-school, grade school, high school, adult and senior citizens.

As youth minister at St. Francis, King will spend most of her time working with the high-school program. She said she is now in the process of forming a "youth ministry team" composed of four students from each high school grade and five adult members. Noting that there are over 200 potential participants in the high school youth ministry, King hopes to give the students "more input and responsibility" in the program.

King has a bachelor's degree in social work with a minor in psychology from St. Francis College in Fort Wayne, Ind. She is currently commuting the 45 miles from her log cabin in Naubinway.

Old-time women had causes, too

The theme of this column is the women from our past and what they got up to; you may be surprised to know that they got up to a lot of things that today's gals think they have a monopoly on. For a title, how about "Leave it to The Ladies," or maybe "God Bless 'em All," or "Vive la Difference" (?)

But before I forget, I'd like to call your attention to the photo of the old Nicholson house. Not much has changed in the basic construction of the house. The porch is now enclosed, and the windows to the right of the bay window have been modernized. The drainpipe seen in the photo has been removed but the downspout from the roof gutter is still there. The photograph was (as far as I can make it out) E.E. Naguette of the Art Studio in Manistique, the first I had heard of this photographer. Vern Lindroth took the one of the gals at the country club.

I'm always surprised, on reading some of the old newspapers, at the myriad things our women of the Good Old Days got involved in. You name it: politics, the arts, helping the needy, running church committees, activities in the schools, working in the local factories, sports... they shouldered their share of the concerns of the community, and their activities were recognized by the local papers.

Call me old-fashioned, but I have a theory that the gals haven't been adequately recognized for the biggest job of all: Raising their families, and teaching their kids to be independent and responsible adults in a difficult world. Motherhood is a large responsibility, and most women find this is unexpected and unplanned for, and possibly the most difficult and important of all their tasks. Some gals perform civic duties on a scale that rightfully deserves the attention it usually gets; but just for a change I'd like to see women

Memories Jack Orr

sonored for being a good mother.

A Pioneer-Trib of 1927 carried a story on Nettie Thorborg, whose activities in the field of crippled children were recognized by the official publication of The Childrens Hospital of Michigan. Mrs. Thorborg talked with the representatives of the hospital and offered her help, and as a result two local kids were, according to the paper, "the advance guard of a score of crippled little ones to come to Detroit for treatment." (Of course, today the Bay Cliff project does something similar on a larger scale, but Mrs. Thorborg was one of the pioneers.)

The story goes on. "She found child after child up here in the northern forests, and became the intermediary between parents and hospital. All her life she had suffered from a physical handicap that could have been relieved had she received the required treatment as a child. So in every crippled child she saw herself. On Mrs. Thorborg's last trip to Detroit she had six children in her care. She was almost exhausted on her arrival in the city and collapsed before the day was over. Two days later she died, far from home and husband. She rests among the northern pines she loved so well, and her name is written indelibly on the hearts of those children who will always remember her as the one to whom they owe their opportunity for treatment and cure."

These notes from the Social column of a 1930 Trib: "St. Alban's Guild meeting at the home of Mrs. Frank Jane. Aid Society meeting with Mrs. Hilmer Norbotten as hostess (Norwegian

Lutheran). Meeting of the Philathea Cass of the First Baptist Church at the home of Effie Carrington, assisted by Rose Nelson. Catholic Ladies Aid with Mrs. Fred Fizzala and Mrs. William Shampine as hostesses. Mrs. Antone Weber entertains at bridge. The Methodist Ladies Aid Society meets with Mrs. Fred Fitch, Mrs. Ed Hainhof and Mrs. Walter Duquette as hostesses. *****

Mary Mitchell will be remembered by anyone who studied the piano in The Good Old Days. Back in 1929 she gave recitals three days a row, and the following students performed: Oren Quick, Jr., Mrs. Osterhout, Katherine Hupfer, Katharine Husband, Catherine Herbert, Dan Katzenstein, Charlotte Elliott, Carol Swingle, Gertrude Kleist, Dorothy Sine, Harold Cockram Jr., Dick Katzenstein, Mary Herbert, Ada Branch, Robert Branch, Joyce Olsen, Dorothy Richards, Edith Shampine, Gertrude Willour, Virginia Tatum, Helen Lou Ludlow, Genevieve Hupfer, Edith Westcott. Some class. Mary also played the organ in our church; she was a busy gal.

I remember a piano recital in which I was involved, the experience of which contributed mightily to convincing me that I would never, but never, become a pianist. Another reprobate (Bob Mead) and I were to play a duet. There was a rule in the sister's house that we had to practice on separate pianos, probably because little boys were known to horse around too much. We became pretty good after many days of practice for the big event, considering that for these sessions we weren't even in the same room. The big night arrived and the crowd was so big they had to hold it in the school auditorium. Our turn came and for the first time since the idea of this recital was born, we faced each other on the stage and sat at the same piano bench, and started to giggle. We barely got started on our assigned number and the whole thing fell apart, what with "accidentally" getting an elbow in the ribs and a foot stomped on here and there. We retreated in disgrace after getting through maybe a half-dozen measures, never to be heard on the concert stage again. Our poor teachers felt much worse than we did.

Locals donate \$987 to telethon

The Jerry Lewis Labor Day "Extra Special Special" Telethon to benefit the Muscular Dystrophy Association (MDA), raised \$987 in local pledges, according to Judy Tyrrell, the Manistique area M.D.A. chairperson.

Telethon '82 was broadcast by a specially assembled "Love Net" of some 200 television stations, Local segments from WLUC-TV 6 in Marquette, Michigan, where Frida Waars and Kymberly Bankier served as Master of Ceremonies with Great Lakes Patient, Dale Boettcher also emceeing.

Volunteering as phone operators for the local pledge center, located at the Masonic Temple, were members of Job's Daughters Bethel 69 and Tyrrell thanked all those who helped in the 22-hour benefit.

The funds raised by the Telethon

First National Bank congratulates

Roger Sartori on the expansion of the Ben Franklin Store

ROGER SARTORI WELCOMES customers to his expanded, remodeled Ben Franklin Store. Sartori has added more than 1200 sq. ft. of floor space to his store.

"Our new lay-out should make it easier for customers to shop at Ben Franklin," said Sartori. "The new back entrance should also add to our customer convenience. Sartori added. He said he has expanded several lines of merchandise featured at the store. Additional items have been added in fabrics, toys, arts and crafts, household accessories and office supplies.

Sartori purchased the Ben Franklin Store in Nov. 1969 after managing it for two years. Prior to that time, he worked at the Ben Franklin Store in Iron Mountain. Sartori and his wife Joanne have four children, Sally, Paul, Joe and Angela.

Ford completes course

Ron Ford, vice-president and senior loan officer with the First National Bank at Manistique, graduated from the Herbert V. Prochnow Graduate School of Banking at the University of Wisconsin on August 20.

The Graduate School of Banking is a three-year course conducted two weeks each August at the Madison campus. The curriculum, including examinations and research problems, is conducted by prominent professors and bankers.

Ford, 34, has been with the First National Bank at Manistique since

1977. He is active in the Manistique and Schoolcraft County EDC, Selective Service board 21, B.P.O.E. Lodge 632, Schoolcraft County Kiwanis, Manistique Little League and is a state representative to AIB. He and his wife Carol have a daughter, Casey Michelle, age six.

Ron Ford

Gagliardi opens headquarters

Pat Gagliardi, Democratic candidate for state representative in the 10th District announced last week that his headquarters are in the process of being opened at 409 Ashman Street, Suite 202, in Sault Ste. Marie.

The Manistique phone number for the Gagliardi Campaign is 341-6900. Gagliardi said "I plan on having a grand opening at my headquarters in the very near future." The public will be invited to the grand opening.

Zion

The Zion Lutheran Church Sunday School will resume for the fall term on Sunday, Sept. 19, at 9:15 a.m. Classes are planned for children from pre-school through grade 6.

Confirmation class scheduling will be set for seventh through ninth grade classes at a meeting of parents and students to be held after church on Sunday, Sept. 19.

The LCW Joy Group will meet on Sunday, Sept. 19, at 7 p.m. in Augustana Hall. All young women of the congregation are invited for an evening of fellowship and Bible study.

The "Golden Age Dinner" will be held on Tuesday, Sept. 28, at 6 p.m. in Augustana Hall. Please make your reservation signing the sheet on the Augustana Hall bulletin board.

The Adult Bible Study class will begin its fall term on Wednesday, Sept. 22, at 7 p.m. Studies will continue in the Book of Acts.

The Love and Charity groups will hold a combined monthly get-together on Tuesday, Sept. 21, at 7:30 p.m. at the church. Bernice Mathson and Sigrid Jetty will be hostesses.

Randall I. Russell

Army promotes R. Russell

Sgt. E.S. Randall I. Russell, son of Herbert J. and Frances M. Russell of Gernafak, has arrived for duty in Friedberg, West Germany. Russell, a mechanic with the 3rd Armored Division, was previously assigned at Fort Carson, Colo. He was recently promoted to his present rank after joining the Army in August of 1980. He is a 1978 graduate of Manistique High School.

The daily prizes are \$50, \$30 and \$20. The grand prize is \$2,000 in cash or \$3,000 in merchandise (boat, motor, and trailer).

Sept. 13: First, Mike Kimball-Allenton, Mich.; Second, Dave Coenen-Little Chute, Wis.; Third, Joe Glase-Toledo, Ohio.

Sept. 14: First, V. Phelps-Curtis; Second, Art Lawson, Sherwood, Mich.; Third, Harold W. Stamper-Curtis.

The daily prizes are \$50, \$30 and \$20. The grand prize is \$2,000 in cash or \$3,000 in merchandise (boat, motor, and trailer).

James Meffer completes training

Marine Pvt. James N. Meffer, son of John J. and Penelope D. Meffer of Gulliver, has completed recruit training at the Marine Corps Recruit Depot, San Diego.

During the 11-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in a physical conditioning program and gained proficiency in a variety of military

skills, including first aid, rifle marksmanship and close order drill. Emphasis and self-discipline were emphasized throughout the training cycle.

Marine Lance Cpl. Donald T. Hoholik, son of Thomas D. and Julie A. Hoholik of 226 Deer St., Manistique, Mich., has been promoted to his present rank while serving with 3rd Supply Battalion, on Okinawa.

Donald Hoholik is promoted

December 15, 1982

COMPUTER EDUCATION

Plans for computer education in Manistique Area Schools are well under way. The Manistique Charities Division of Manistique Papers, Inc. has donated a total of \$13,600 for an Apple microcomputer system and software for each elementary school. The software will provide computer assisted instruction in the areas of language arts, mathematics, science and social studies for levels K-8. In addition, each school will have software through which students can learn a special programming language called LOGO. High school teacher, Jane Henson, will conduct four workshops to acquaint all elementary school teachers with the computers and the software. If all the materials arrive and the computer lab is set up this month, then the workshops will be held in January.

In the high school, two Apple microcomputers are currently being used, one in a mathematics classroom and one in the audio-visual department. Funds were recently acquired through a grant to purchase five more computer systems to be used in the high school lab. Classes in computer programming will be offered in the high school whenever the lab is adequately equipped and the necessary software, textbooks and supplies can be furnished.

In addition, Northern Michigan University's division of continuing education has been contacted to conduct a two day in-service on the use of computers. If enough interest is involved, an 8-week, graduate level, college course in the use of computers for classroom learning will also be offered.

SCIENCE ARTICLE PUBLISHED

Mr. Steven Mueller, science teacher in the Manistique Area Schools, has recently had an article published in "The Utahensis Bulletin". His article is the result of six years of scientific research on butterflies and is titled "Butterflies of the Dixie National Forest". Since the article was published, he has received inquiries for more information from scientists as far away as Mexico City, Mexico. When Ranger Steve (as he is known to many) began the study, only 26 species of butterflies were known to live in the national forest. His work increased the list to 63 species, and includes a new state record for Utah. That record is of interest to foresters because it is the Pine White butterfly (Neophasia Menapia) which has caused some serious forest damage in other western states.

In the Upper Peninsula, Ranger Steve will begin research on butterflies of our area and hopes he can act as an entomological consultant for government agencies and forest product industries in our region.

THE NATURAL SCIENCE CLUB WILL MEET ON VARIOUS THURSDAYS DURING THE YEAR. PROGRAMS WILL INCLUDE A VARIETY OF TOPICS YET TO BE DETERMINED BY THE CLUB MEMBERS. ANYONE INTERESTED IN JOINING THE CLUB SHOULD SEE MR. MUELLER IN ROOM 249.

AUXILIARY MEMBERS HONORED

Three members of the Manistique Area Schools auxiliary staff were recently honored by fellow employees at a coffee and cake get-together at the close of the school day. Maurice Cousineau, bus mechanic, and Leone Fisette, switchboard operator and clerical worker have retired from the school system. Betty Demars, head cook for the school lunch program, has moved from the district.

Richard Bonifas, Superintendent, who is convalescing from surgery, put in a brief appearance to present a memento to these employees and to express appreciation for their many years of service to the students of our schools.

Pictured at left are Leone Fisette, Richard Bonifas and Betty Demars.

TEST YOUR BOARD OF EDUCATION "I.Q."

How informed are you about the Manistique Area Schools Board of Education? Who are the members? What do they do? Take this short quiz and find out. The answers can be found on page 3.

TRUE or FALSE

- 1. The Board of Education is comprised of 7 members of the community who are elected to 4 year terms and serve without pay.
- 2. Individual Board members have as much authority on their own as they do as a group.

- 3. The purpose of the Board of Education is to operate an educational system of the highest quality for the benefit of the pupils.
- 4. If you have a complaint about an employee of the schools, you should call a Board member to talk to the employee.
- 5. Citizens may only speak at Board meetings if they are related to a pupil.
- 6. The Board of Education has the responsibility to evaluate teachers.

Answers on page 3

INDIAN EDUCATION

The Indian Education Parent Committee has just completed the difficult task of organizing the 1983-84 proposal.

The proposal is a document required by the federal government. It must be submitted by December 22, 1982. Before it can be submitted to Washington it must first receive approval of the Board of Education at their December 7th meeting and the approval of the Indian Education Parent Committee at their December 8th meeting.

Ground work for the 1983-84 proposal meeting was laid at the Indian Parent Committee meeting on November 3rd. Elected to the Chairperson position was Carol Overland. This is Carol's second term. Vice Chairperson is Lucille Winberg, and the Secretary is Richard Stoll.

The proposal requires a detailed plan as to how federal monies will be spent and what academic goals will be set. The government requires that this document have the input of both the Indian Parent Committee, and the school system. Vern Annelin is responsible for the technical assistance.

Due to the fact that federal guidelines are changing and federal funding is uncertain, we have made several changes in our program and more are expected.

This year's staff includes:

John LaPointe - Teacher of Indian Culture I and Indian Culture II, both accredited classes. These are high school level classes. The students are tracing the Indian origin and migration in Indian Culture I. In Indian Culture II the students are working on the unit on Chippewa people location, origin, and habits. Each group is also working on related book reports. The favorite part of the class, Indian craftwork, will begin after Christmas.

Kelly Schuetter is working in Special Education. Kelly also does individual tutoring as well as classroom duties. She is also responsible for the secretarial duties of the program.

Sandy Letson is Home School Coordinator. She tutors on an individual basis at the elementary level. She also is in charge of the Elementary Indian Culture class. Her responsibilities in this area require the planning of the class, resource people, and field trips.

ANY INTERESTED PARENT IS URGED TO ATTEND THE MONTHLY MEETINGS OF THE INDIAN EDUCATION PARENT COMMITTEE. THE DATES ARE PUBLICIZED IN LOCAL NEWSPAPERS.

Indian Prayer

Grant that I may not
criticize my neighbor
until I have walked a
mile in his moccasins.

"Education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave."

--Lord Brougham in a speech in House of Commons

Some wonderful and inspiring education in the Title IV Indian Education Program at the Manistique Area Schools was taking place recently at Lincoln School in the fourth, fifth and sixth grades.

The fourth grade worked on their individual cultural background, and then made heritage posters depicting the research results:

The Chairman of the Ossawinamakee Intertribal Council, Earl H. LeBrasseur, spoke on Indian language and artifacts. Carol Overland made Indian fry bread and distributed recipes.

The fifth grade enjoyed a nature field trip, led by Mary Mumford of the Forest Service, to the natural environment habitat near the Fairview School and Conrad Letson property. This group also delved in hand-built pottery. Three of the essays on "Man-Made Pollution" written by this grade were published in the Forest Service Newspaper.

The sixth grade studied American Indian groups and made authentic villages of the Southwest, Plains, Northwest Coastal, Southeastern and Woodland Indians. The villages illustrated the type of dwellings, physical area, modes of transportation, animals, games and style of clothing.

The staff also provides morning tutoring for those needing such service, and was most complimentary regarding the cooperation of the entire Lincoln School faculty.

Parents of Indian children with athletic abilities will be interested in the recent SYMPOSIUM ON OLYMPIC DEVELOPMENT FOR AMERICAN INDIAN ATHLETES. It was held at Penn State University in State College, PA and was chaired by Margot LeBrasseur, a candidate for a Doctoral degree in Education at Penn State.

The symposium, first of its kind, had participants who were recognized Indian leaders in the field of American Indian athletics, and the coaching staff and faculty at Penn State that have had experience in Olympic development. The outcome will be a document, for nationwide distribution, that will serve as a guide for the development of athletics for American Indians, elementary, secondary, community college and college level. International strategies for increasing the participation of American Indian athletes at the Olympics and other world class competitions were formulated.

You will be hearing more on the subject....just be aware!

Marine Lieutenant Billy Mills, 44, who came from nowhere to win the 10,000 meter run at the 1964 Tokyo Olympic Games, is being beamed to the screen in RUNNING BRAVE. Actor Robby-Benson, 26, is playing the roll of Mills, a Sioux Indian.

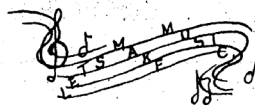

AREA VOCATIONAL PROGRAMS
IN MANISTIQUE SATELLITE CENTER

With the building of the new high school in Manistique, the Intermediate School District was able to more effectively deliver vocational education to the 11th and 12th grade students from Big Bay de Noc and Manistique Schools. The vocational wing was a cooperative effort on the part of Delta-Schoolcraft Intermediate School District, the Manistique Schools, and the Vocational Technical Education Services of the Michigan Department of Education, and the Upper Great Lakes Regional Commission. Funding for the vocational wing was based on a prorated share of the cost of the total facility, and included \$202,944 from the Upper Great Lakes Regional Commission and \$413,240 from VTES. In addition, \$268,712 worth of equipment was purchased with matching monies supplied by Upper Great Lakes Regional Commission, VTES, and DSISD. In total, \$886,896 from sources other than the local bonding funds were used to construct the vocational labs.

Included in the vocational portion of the building are Auto Mechanics, Electrical, Welding, Building Trades, Health Occupations, Child Care and Guidance, Secretarial, General Merchandising, and Foods Management Lab. In the shared plan of operation, the DSISD funds and operates all vocational education programs, except Foods Management, General Merchandising and Secretarial.

Vocational education is performance based, that is a student must attain skills utilized on the job in order to complete the program. In addition to skill attainment, students receive job placement and counseling services, and participate in youth organizational activities which provide opportunity for students to participate in skill competition and leadership activities. Over the past several years, Manistique vocational students have excelled in competition, winning a much higher percentage of top placements in the Upper Peninsula and State competition than their numbers warrant. Since its beginning in the fall of 1978, Manistique has had 31 students who have placed in State competition, and a total of 77 winners in Regional competition.

If you are interested in learning more about the area vocational program, please call Scott Carey at 341-2195.

CHRISTMAS BAND CONCERT

Thursday, December 16, the M.H.S. Junior and Senior High Bands will present a Christmas Concert. The program will include both familiar and lesser known Christmas music. The concert will begin at 8:00 p.m. in the MHS Auditorium. Admission is \$1.00 for adults and 50 cents for students.

1983 WINTER GAMES

The 1983 Winter Olympics will be held on February 25, 26, and 27, 1983 in Marquette, Michigan. Manistique will be sending approximately 90 students, fifth thru twelfth graders to compete in various events.

Tryouts for the events will begin in January. Schedules will be posted shortly.

The Community School Advisory Board has adopted a policy to govern local tryouts for the Olympic team. This policy reads as follows:

GENERAL RULES

1. Students representing Manistique Area Schools must be in good standing as determined by the Principal or Guidance Counselor.
2. A person may try out for sports until that person makes a team or wins an individual event.
3. Once a person makes a team or wins an individual sporting event, that person is ineligible to try out for other sports.
4. If a person is going to be absent on the day of one day tryout events and that event is scored by points such as bowling, or timed such as swimming, prior arrangements must be made to try out at a different day and time with the Community School Director and coach.
5. Absences from team tryout events must be excused by the Community School Director.
6. If a vacancy exists in bowling, basketball, or volleyball, those vacancies will first be filled in by students who have tried out for other events.
7. Athletes who are participating in season sports (wrestling, basketball, swimming) are not allowed to try out for any winter olympic events unless written permission is received and signed by the head coach, athletic director, principal and parent or guardian.
8. It will be understood before event tryout competition begins that each winner will participate in the winter games unless extenuating circumstances allow for an absence.
9. If a student is selected by a coach or wins an individual event, this person can participate in that event regardless of previous years' participation in that same event or other events.

MANISTIQUE LOCAL WINTER GAMES TRYOUT POLICYSWIMMING

Each swimmer will race alone against the clock in their event of interest. The time will be recorded to the nearest 10th of a second. The person with the best recorded time will be declared the winner.

BOWLING

All bowlers will bowl 3 games. The total pins of three games will be used to determine the winners in classifications.

PING-PONG

Depending on the number of participants, the competition will either be round robin or brackets. In either case drawing will be held for position.

Round Robin - 2 out of 3 best record. Change ends after each game.

In the event of a tie, there will be a 2 out of 3 game playoff.

Bracket winner is determined by who end up in winners bracket final. Each game is 2 out of 3. Games will be played to 21 points. You must win by 2 points.

X-COUNTRY SKIING

Each skier will race alone on a designated course against the clock. The time will be recorded to the nearest 10th of a second. The person with the best recorded time will be declared the winner. Drawings will be held to see who starts first, second, etc.

CHESS

Individuals in each classification draw for bracket position. That individual who finishes without a loss is the winner.

WINTER GAMES TRYOUT POLICY--Cont'd.

BASKETBALL

Elementary boys' and girls' representatives are selected from each of the six elementary schools which play in the elementary league. They may be 5th or 6th graders. A rotating system is set up so that no more than 10 players are selected. The selections are made by the coaches.

J.H. Girls Basketball - Six girls are selected from the Central Jr. High and 4 girls from the St. Francis Jr. High. The selections are made from the girls who play in the intra-mural program.

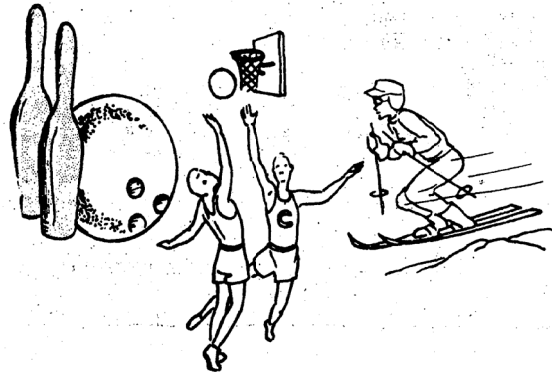

VOLLEYBALL

Junior high and high school boys and girls tryouts are held, and in the coaches opinion the best individuals are selected.

No more than 2 girls from the current year basketball JV or varsity teams can be selected.

WINTER

GAMES

BOARD TEST ANSWERS
(From page 1)

1. True The terms are staggered so that all Board members are not up for election at the same time.
2. False Board members have no individual authority. They must be in session or acting on the authorization of the entire Board.
3. True All Board actions should reflect this purpose.
4. True Board members will listen individually to any complaints, but are required to advise the complainant to discuss the problem first with the employee with whom the problem exists. If the problem is not resolved, complainant should talk to the building principal, the superintendent and then the Board. This is an established chain of command to aid communication and avoid confusion.
5. False Any persons (parents, students, staff and others) are welcome to address the board during the public comment period of the meeting. If the person would like his issue on the formal agenda, he should contact the superintendent at least 7 days in advance of the meeting.
6. False The Board does not evaluate teachers, but requires administrators to conduct evaluations. Other board responsibilities include: (a) developing policies and employing a superintendent to carry out those policies; (b) requiring appraisal of the results of the educational program; (c) establishing a budget and salary schedules and (d) acting as a court of appeals for staff, students and the public re: board policy.

MANISTIQUE AREA SCHOOLS

SNOW POLICY

When it appears that school may have to close because of weather conditions, an attempt is made to make a decision as early as possible. School officials check with the State Police, the County Garage, bus drivers, and others in the area who have reliable information.

As soon as a decision is made, WTIQ Radio in Manistique, WNBX Radio in Newberry, WGLQ Radio in Escanaba, WDBC Radio in Escanaba, and WQXO Radio in Munising are notified. Students and parents are urged to listen to these stations. Please do not call the stations or school officials. Their phones are very busy, and a call to them might tie up lines necessary for calls regarding the weather.

Generally, the stations are asked to only announce when schools are to be closed. If there is no announcement about the Manistique Area Schools, it can be assumed there will be school. Only in exceptional cases will the radio stations announce that schools are open.

If it should become necessary to close all schools before the regular dismissal time in the afternoon, the radio stations will again be notified. Students within walking distance will be dismissed immediately. Bus students will be dismissed as soon as buses are available to take them home.

MODIFIED SNOW DAY SCHEDULE - "PLAN 10"

During the winter of 1981-82 the Manistique Area School District implemented a modified program for snow days.

Under "Plan 10", we have a situation in which the start of all bus runs, as well as the opening of schools, will be delayed 1-1/2 hours.

For example, if the high school normally starts at 8:30, which it does, we would plan on the high school starting at 10:00 a.m.

A bus run starting at 6:30 a.m. would start at 8:00 a.m. The student that would normally be picked up at 8:00 a.m. by a bus would find himself being picked up at 9:30 a.m. The student who normally boarded the bus at 7:00 a.m. would find their schedule adjusted to 8:30 a.m.

Under PLAN 10 we would not schedule morning kindergarten.

Under PLAN 10 we would schedule the afternoon kindergarten.

The dismissal of school would be at its regular time. In other words, the day would not be extended by 1-1/2 hours.

PLAN 10 WILL BE ANNOUNCED OVER THE SAME RADIO STATIONS AS THE SNOW DAY CLOSING. PLEASE DO NOT CALL THE STATIONS OR SCHOOL OFFICIALS.
