

HOME-COMING FLOATS are taking shape around town these days as each of the four classes at the high school prepares for the homecoming parade scheduled for 6:30 p.m. Friday down south Cedar Street.

Here, David Barber, Michelle Gagnon, Amy Walters and Becky Derber work on the Junior class entry in the parade.

Some other capsules recalled

Extra-strength Tylenol capsules leave town

Most local merchants and druggists that sold Extra Strength Tylenol capsules have sent or will soon send their stocks of the ill-fated pain remedy back to the warehouse. All local outlets of the product removed it from the shelves as soon as they received news that seven people had been poisoned in the Chicago area from cyanide-laced capsules of Extra-Strength Tylenol.

Bill Males of Males Pharmacy said that he had received a notice from McNeil Laboratories, maker of Tylenol, ordering the recall of all capsule pain-relief products made by McNeil. Males said those brands he shipped back last week include Extra-Strength Tylenol, Co-Tylenol in bottles, and Maximum Strength Tylenol sinus medication.

Males said he doubted there was any danger posed by the other recalled products, or from locally-available Extra-Strength Tylenol, for that matter.

"It's too risky" for McNeil to leave any of its capsule pain relievers in distribution, Males said, despite the small chance of other contamination. "They're not taking any risk on a capsule" of any kind, he said.

Whatever the result of the investigation to find out who poisoned the capsules in Chicago and why, Males said that consumers both locally and across the country can probably say good-bye to Tylenol as a brand name.

"It's done," he said. "The only way they could do it is to reintroduce it under a different name."

School pool is now open

After sitting dry for nearly a year, the swimming pool in Manistique High School is filled, heated, and ready for swimmers.

The pool was drained last November as a cost-cutting measure by the School Board. It opened for public swimming this Wednesday, Oct. 20, after delays for repairs postponed its opening.

Open swimming at the pool costs 50 cents an hour and will be available on Mondays and Wednesdays from 6:30 to 8:30 p.m. and on Saturdays from 1 to 3 p.m. The pool will not be open next Wednesday, Oct. 27, however.

For anyone who likes to swim a lot, season passes good through April 30 are available for \$10. Passes for families of two or three members will cost \$15 and passes for families of four or more members are available for \$20.

The season memberships allow users to use both the swimming pool and gymnasium at the high school. According to Community Schools Director Jim McDonough, all users of the swimming pool-both male and female-must wear swim caps.

Emeralds face Westwood in homecoming game

The Emeralds varsity football squad will host the Westwood Patriots for homecoming this Friday at 7:30 p.m. and hope to get back on the winning track after four straight defeats.

The most recent loss by Manistique came last Friday at Munising when, plagued by turnovers, the Emeralds moved the ball well but came up on the short end of a 14-0 score.

The Mid-Peninsula Conference loss dropped the Emeralds to 1-5 in the conference and 1-6 overall.

"It was another case of playing good enough to win but not doing it," Emerald coach Jim Hunter lamented after the Munising loss. "We got shut out and that really hurt. Turnovers killed us. We turned the ball over two times in the first quarter inside our own 35 on fumbles."

The Emeralds managed to do well on the ground against the stingiest defense in the Mid-Pen Conference-Manistique had 210 yards rushing against a Mustangs team that has given up an average of only 150 a game this year. Defensively, Manistique also did well. Hunter said, spotting the Mustangs 219 yards.

The problem came in the costly turnovers and the Emerald passing game: Manistique completed only two of 12 attempts for a measly 3 yards with two interceptions. "I don't know why we broke down so bad in the air game, but we did," Hunter said.

"As far as our ground game goes, I was pleased. We'd like to get 200-plus on the ground and get 100 in the air. It's decent and if we could have even got 50 yards passing, we could have won that ball game-we could have scored two times."

"We've really struggled all year. We just haven't been able to put together that killer against to beat those teams we have played close games with: Munising, Stephenson, Norway and Ishpeming."

"All were ball games we were in and had a chance to win but we just didn't do it," Hunter said. Against Westwood, Hunter said the Emeralds will have to play a "power football" team similar to the Norway team that beat Manistique 22-16. Thwarting the Patriots' blitzing defensive style and the powerful ground attack will be the two top priorities.

"Westwood is going to be another tough team for us-they run a lot of power football and we had a hard time stopping it when Norway beat us. I think the key in the Westwood game will be breaking a couple of big plays against the type of defense they like to use," Hunter said.

Another key will be keeping a tight rein on Patriot Mike Wasie. "He's a good hard runner. He's the kid that makes their inside running game go and he is an excellent blocker."

Despite last week's dismal passing performance, Hunter said the Emeralds will have to throw against Westwood to keep the Patriot defense off balance. "I wouldn't expect to throw much-but we are going to have to throw it short and well at times. They put all eight people on the line of scrimmage and throw all eight, so you have to throw the ball and hit your passes to keep them from sacking you."

MHS celebrates homecoming

It only comes around once a year and students at Manistique High School have been working for some time in anticipation: Not Christmas, homecoming.

This week at MHS has been homecoming week and the activities will peak Friday with a parade, crowning of the homecoming king and queen and the Emerald varsity football squad's last home game of the season, against Westwood.

Voting for the king and queen took place Wednesday from a field of 10 girls and five boys. The top 10 vote-getters will be named king, queen and members of the court, according to student council advisor Bob Cowman, coordinator of the homecoming events.

Friday's events will start off with a pep assembly at the high school at 1:50 p.m. Judging of the class floats for the homecoming parade will take place in the high school parking lot at 6 p.m. Cowman said. This year's floats will illustrate song titles.

The parade itself will begin at 6:30 p.m. and march down Cedar Street from the high school, turn left at Oak and march to A.F. Hall stadium. At 7 p.m., the winners of the King and Queen voting will be announced. The Emeralds will take on the Westwood Patriots starting at 7:30 p.m. and results of the judging of the parade floats will be announced at halftime.

The high school also announced the results of the class officers' election held recently.

Senior class officers are Martha Lyon, president, Marianne Desjarjon, vice president, Paula Adams, secretary, Barb Meffer, treasurer, and Jeanne Brazeau and Dan Fisher, student council representatives. Mary Lyon is senior class advisor.

Junior class officers are Julie Larson, president, Ron Koski, vice president, Tammy Smith, treasurer, Donna Gagnon, secretary, and Ken Peterson and Lori Brulla, student council representatives. Steve Mueller is junior class advisor.

Road commission cuts weekend plowing as state revenues decline

Last year was a pretty bad one for the Schoolcraft County Road Commission and plowing of county roads was limited during weekend snow storms.

This year figures to be even worse than last year and county residents can expect more of the same, according to Commission Superintendent Joe DeWinter.

The problem, of course, is money-or lack of it. Revenues from the Michigan Transportation fund, the main source of money for the commission, have been falling steadily since 1979, the peak year for fund revenues.

This year, DeWinter estimated the local commission will get a total of \$609,000 from the transportation fund. That's down over \$15,000 from last year's payments. While that may not sound like much, it's the latest in a series of reductions that have chipped nearly \$100,000 from the road commission's budget since 1979's fund revenues of \$704,803, according to DeWinter. The total budget for the road commission in 1981 was \$1.4 million.

That decline in revenues, combined with inflationary increases in the cost of providing the commission's services, has put county roads in a financial bind. The most noticeable cut, probably, is the lack of weekend plowing on county roads, after storms. State roads, for which the county is reimbursed snow clearing costs, will be plowed on the weekends. But the 434 miles of the county roads not designated as state highways will be left uncleared after weekend storms, as they were last year.

"We're going to try staying off county roads again during the weekends," DeWinter said. The whole idea of avoiding weekend plowing is to avoid paying the 38 employees of the commission overtime. So far, DeWinter said layoffs have been avoided, but noted that

retirement and other job attrition have reduced the commission work force from a high of 46 in 1960 to its current "minimum" level. Summer workers have not been hired for the past two years, DeWinter said.

One way layoffs have been forestalled, DeWinter said, was to delay the purchase of badly-needed equipment. Before this year, when six dump trucks were bought, the commission had made no major purchases in several years.

"Our equipment was 87 percent depreciated," DeWinter said, before the six Ford 27,500-pound dump trucks were purchased this summer. Those six trucks, along with underbody snow blades for three of them, cost the commission about \$109,000.

Still needed are replacement for six tractor-trailer type "tandem" trucks, two graders and a loader, DeWinter said.

One reason the commission could afford to make the purchase of six (continued on page 4A)

ANOTHER SEWER MAIN broke approve a \$2.2 million bond issue in Manistique last week. This time Nov. 2 to separate-and replace the break occurred on M-94 and many sanitary and storm sewers in narrowed the highway to one lane the city. Sewer and water main while city workers dug down to the breaks have plagued the city for years. City voters will be asked to years.

'Oktoberfest' is slated for Friday

A touch of old Germany comes to Manistique this Friday as local merchants plan an "Oktoberfest" celebration to begin at 11 a.m. on Cedar Street. Complete with special displays in store windows, bratwurst and, of course beer, the celebration will wind up at 6:30 p.m. when the Manistique High School homecoming parade will march down Cedar Street.

The local Oktoberfest will be patterned after the traditional German festival held to mark the end of summer and celebrate the changing of the seasons. As part of the festivities, downtown merchants have decorated their display windows in a fall seasonal motif. "Balloons" will be cast by customers to select the best display and the winning merchant will be awarded a plaque.

To vote in the window display contest, fill out the voting slip below and turn it in to either the Pioneer-Tribune or the Advisor offices by 3 p.m. Friday.

Concession booths-the Senior Citizens Center will sell Bratwurst and Polish sausage, the Elks Club will have a beer booth and the Chamber of Commerce will sell apple cider-will be set up and open for business by 11 a.m. Friday.

Form for window display contest with fields for name, address, phone, and a list of display items.

FALL FASHIONS: Fall clothing, from robes to winter coats, were modeled at the opening meeting of the Manistique Women's Club last Tuesday. Models for the Vogue included Lynn White, Peg McNab, Dorothy Cook, Louise Thompson and Emma Wilson. Models from the People's Store were Mary Farmer, Carolyn Miller and Vera Goudreau. Hazel Devine, not pictured, was the narrator for the show.

Woman's Club holds fashion show

The President of the Manistique Women's Club, Luanne Kaupila, resigned at Tuesday's meeting for health reasons. The club elected Margaret Taylor as president and Kaupila will serve on the board of directors.

A fashion show was the highlight of the luncheon, the club's first meeting of the season. Models were Lynn White, Peg McNab, Dorothy Cook, Louise Thompson and Emma Wilson for the Vogue and Mary Farmer, Carolyn Miller and Vera Goudreau for the People's Store.

Dorothy Hoholik, co-chairman of the hospitality committee, told the club the committee has just completed a record breaking membership drive. She said 63 new members have been added in the past year. From May to October, 1982, 12 more new members have joined for a total of 75 new members in two years.

Hoholik introduced new members who have joined since last May, including Sherry Larche, Jean Pitts, Donna Schaeffer, Mary Messenger, JeAnn Martin, Edna Peterson, Kathryn Atherton, Sara Olson, Nancy Shining, Marie Kraussey, Debra Hedberg, and Helen LaFave.

The Manistique Women's Club will be hosting the district convention next fall. The club voted unanimously to buy a quarter of beef to raffie to raise money for the event. Tickets will be sold from November through next May at \$1 each.

Peoples

Hazel Hughson, co-chairman of the Special People Committee, reported a busy time for the committee is coming up over the Christmas holidays. Beginning this fall, she said, all the special people in the county will be added to the committee's list.

Hughson reported the summer picnic was a big success, in spite of uncooperative weather. Mrs. Hoholik, chairman of the Medicare Project, said family participation is growing at the monthly birthday parties sponsored by the committee. This month, the party will be held on Oct. 20 and entertainment will be provided by the First Baptist Church Handbell Choir. Three birthdays will be celebrated.

Lap robes, donated and handmade by Laura Alberts, will be distributed to medical care facility patients again this year. Mrs. Hoholik said 14 robes are already finished. A special meeting of the club's board of directors and all department chairmen will be held Nov. 3. The next club meeting will be held Nov. 9 at 1 p.m.

Foresters plan memorial Mass on Nov. 12

On Tuesday, Oct. 12, members of St. Francis de Sales Court 992 of the National Catholic Society of Foresters met.

President Mrs. Donald Hoholik announced that the annual memorial Mass for deceased members and chaplains would be celebrated at 5 p.m. on Friday, Nov. 12 in St. Francis Church.

A report was given by Mrs. Fred Lesica concerning the Upper Peninsula Forester Association meeting held in Houghton on Oct. 5. Eight Manistique Foresters traveled to Houghton for this gathering. The resignation of Junior Director Mrs. Robert Clement was accepted. Mrs. Lawrence Saville presented the quarterly auditor's report.

The annual Card Marathon Awards Party will be held on Thursday, Nov. 18 in the gym of the Parish Center, with Mrs. Rudy Klarich serving as general chairman. Members of her committee are Betty Fakety, Dorothy Conlin, and Mrs. James Lambert. Mrs. Clarence Lamuth offered to purchase the prizes for that evening's play. Cash prizes will be awarded to the high scorers who have participated in the 11-month competition.

Treasurer Mrs. Conrad Jahn was asked to mail a check to the parish for a fuel donation by the court. Hostess chairman Betty Fakety and her committee served coffee and dessert following the meeting. Prizes were presented to Mrs. Ray Bagquette and Mrs. Lesica for high scores in card playing.

Separation is meeting topic

This year's opening meeting of the Divorced, Separated, and Remarried Support Group will be held on Oct. 28 at 7 p.m. in the upper conference room of the courthouse.

The speaker for the evening will be James Bauer, a social worker from the Catholic Social Services Department in Escanaba. His topic for the evening will be "Separation." Coffee will be served. For more information call 341-5270 or 341-2067. Everyone is welcome.

At home with Sarah

by Sarah Bynall

I think you can find the best recipes at potlucks or luncheons where people donate the dishes. I suppose the reason for this is that we make something special that we ourselves really like and know it will be good when we bring a salad or casserole. This recipe was sent to be used at a funeral luncheon and when so

many great comments were made and many requests came for the recipe. I tracked it down and found out it was made by Dittu McNamara. It is a cabbage salad that is so pretty - yellow in color - and different from the regular cole slaw. Yet it is easy to make with vegetables that are readily available.

CABBAGE SALAD

- 1 large carrot - grated
- 8 cups grated cabbage
- 1/2 cup green pepper, cut in small pieces
- 2 stalks celery, cut fine
- 2 1/2 cups sugar
- 2 cups vinegar
- 1 1/2 teas. celery seed
- 1/2 teas. mustard seed
- 1/2 teas. Tumeric

Prepare all vegetables and mix together. Bring sugar, vinegar and seasonings to a full boil. Pour over vegetables. Cool, stir and refrigerate.

(2 1/2 cups sugar is a little on the sweet side, depending on your own preference). You can also add a bit more carrot if you like. The Tumeric is what gives it the pretty color!

Sarah says...Don't throw away ashes from wood fires; they are perfect fertilizers for rosebushes. Did you know that this is the best time of the year to kill the weeds in your lawn?

Food for thought...There is some consolation in the fact that even though your dreams don't come true, neither do your nightmares.

TOWN TALK

One of the luckiest cribbage players in Manistique has to be Elsworth Davoport.

For the second time in 6 years Davoport had a perfect cribbage hand. He was dealt a five of hearts, five of diamonds, five of spades and jack of clubs. When he cut the cards, he got a five of club.

Davenport was playing at the home of Charles Nygard, 527 Gardens.

Belle Berto and Irene Hinkson of Manistique attended a meeting of the Beta Sigma Chapter of the Delta Kappa Gamma Society Saturday, Oct. 16, at the Riverside Country Club in Menominee. Ethel Dobson of Menominee reported on a seminar on the gifted and talented she attended in New Jersey last summer.

Mr. and Mrs. Earl H. LeBrasseur have returned from Bayfield, Wis., and Hibbing, Minn., where they visited their daughter and son-in-law Mr. and Mrs. C.W. Niles and daughter Nicole.

They were accompanied by Mrs. Don Schulze, who visited Mr. and Mrs. Don Pohl of Bemidji; and by Billie Doyle, who visited her grandson, Danny Doyle in Perham, Minn.

Edward and Ann Jorgenson of Manistique recently returned from Augusta, Geo., where they visited their daughter Eleanor and her husband Dr. James Russey.

Art show set at K.I. Sawyer

The Sawyer Creative Arts Association is hosting its semi-annual "Art For The Season" show and sale on Nov. 6 and 7. The show and sale will be held in the Wonder Hut at K.I. Sawyer Air Force Base from noon to 6 on Saturday and from noon to 5 on Sunday.

Local artists, as well as others from around the Upper Peninsula, will have original exhibits for sale and viewing. No admission fee will be charged but individuals are encouraged to register for free door prizes which will be drawn at random throughout the show. Individuals who are exhibiting have donated all door prizes.

There are still spaces available for exhibitors which can be reserved by calling 346-4116.

Tylenol scare Was it overplayed?

It's funny how big national news items can trickle down to small towns like Manistique. Local merchants and druggists, who had taken Extra Strength Tylenol off the shelves as soon as news of cyanide-laced capsules reached them, this week shipped back all capsule medications made by McNeil Laboratories, manufacturers of Tylenol products.

There's no evidence that other McNeil products have been tampered with and no one locally has dropped dead after taking a headache remedy; it appears McNeil was just playing it safe in issuing a recall of all its capsule medications.

Playing it safe is the name of the game when a mass-distributed product is found to have been adulterated; there is no way to play it too safe. That's why we took exception to an editorial in Escanaba's Daily Press Oct. 9 that said the press and broadcast media had overplayed the story.

The editorial seemed to imply that the massive publicity would encourage other twisted psyches to poison other products and that it was irresponsible for newspapers and TV to give the story big play. "...we now see evidence that others will try to emulate it," the editorial said.

We feel the first responsibility of any news medium is to disseminate news of a possible public danger as widely as possible. That means continuous repetition.

In the second place, the Daily Press did not seem to pay much attention to its own advice. The Press sniffed in the editorial that "The Daily Press carried (the Tylenol deaths) as its top news story twice.... Other newspapers are still featuring page one photos and stories about the pain relief medicine."

By our count, the Press featured the story three times as its top page one story before the editorial ran. Since then, the front page has carried three more Tylenol stories. Just this Tuesday, lo and behold, a large front page photo was featured along with yet another story.

We're not saying that's bad that's good. In our book, the story cannot be overplayed, as the Daily Press unintentionally demonstrates.

A vote for Headlee a vote for Peter Rabbit?

Dear Editor:

Richard Headlee described himself as a businessman with a sense of humor at a recent meeting here at the Terrace. Indeed as his rhetoric of sarcastic humor was displayed, one could draw the conclusion he is more a candidate for the nightclub show circuit as a humorist, rather than a candidate for governor.

His ill-disguised put down of women was highly disturbing to a number of the audience—who were predominantly Headlee supporters.

The Oct. 18 Time Magazine states

it succinctly: "In the gubernatorial race, women support Democrat James Blanchard 52 percent to 29 percent for Republican Richard the Terrace. Indeed as his rhetoric of sarcastic humor was displayed, one could draw the conclusion he is more a candidate for the nightclub show circuit as a humorist, rather than a candidate for governor."

He recently pointed out that Blanchard had only one child and boasted "I have nine children. So who loves women more?" Jeered a local newspaper. "On that basis women should prefer to vote for Peter Rabbit."

Prop. A would make lawmakers accountable

Dear Editor:

I urge readers to vote "yes" on Proposal A in the November general election.

Vote approval of Proposal A would permit the Michigan Legislature to reform the constitutionally-provided privilege of legislative immunity and restrict its application to ensure state legislators must obey the same laws everyone else does.

It is very important Michigan voters understand that approval of Proposal A would lead to reform and increased legislative accountability. This proposal is similar to one that was defeated in the 1980 election.

Studies indicate that proposal failed because many voters mistakenly thought it would give legislators more, not less, immunity from civil prosecution. This is not correct! It is essential voters know a revocation of the legislative immunity privilege would be another important step in achieving legislative accountability.

Legislative immunity, as provided in the State Constitution, was originally intended to protect lawmakers from frivolous lawsuits and harassment arising from their actions as legislators. Two major changes have occurred since the 1963 State Constitution was adopted, however, that substitute the need to reform the application of legislative immunity.

First, the legislature is no longer a part-time body. It now meets practically all year and, as a result, legislators are virtually immune all year from civil offenses and prosecution. Secondly, the decriminalization of many minor infractions indirectly extended legislative immunity to include even traffic violations such as speeding and illegal turns.

We need to close the loopholes that now permit the potential abuse of the legislative immunity privilege. We need to vote "yes" on Proposal A.

Fair coverage appreciated

Dear Editor:

The Schoolcraft County Fair Association wishes to thank you for the complete coverage of our 1982 Fair. We appreciate your help in letting our county residents be aware of the blue ribbon talents many residents possess.

We hope we are able to depend on

you for excellent coverage in future fairs. We also commend you on printing our 1982 Fair book. We feel that it was a great improvement over our past attempts.

Kathy Ellsworth of Ollie's Red Owl store said that Red Owl distributors had ordered only Tylenol Extra-Strength capsules off the shelves and that no recall order had yet been received.

Both pharmacists contacted, Males and Thompson, said they would urge parents to be extra careful when their children trick-or-treat Halloween. "I think of the course in a smaller community that you're not going to have much problem," Males said. "But we've still got nuts here," and adulteration of Halloween treats was conceivable.

Thompson agreed. "They've done screwballs that have an aversion to children," he said. "Would the wide-spread publicity over the cyanide-contaminated Tylenol prompt other 'screwballs' to try their hand at doctoring Halloween candy? I don't doubt it. If I had a youngster, I'd be damn sure I knew where he was going" Halloween, Thompson said.

Warner says News quote 'a damn lie'

Dear Editor:

This is in response to an article in the Detroit News, Sunday, Oct. 17, 1982, regarding the Garden Peninsula in which my name is mentioned. I'd like to go on record in stating that the remarks I supposedly made are a damn lie.

I had a discussion with the writer of the article on an entirely different subject and at no time did I make any reference to the Garden Peninsula or its residents.

93% have registered

Dear Editor:

Selective Service has released the latest statistics showing the Registration compliance rate at the State and National levels. The compliance rate for the State of Michigan is 92.91 percent while nationally the compliance rate is 93.0 percent. As

the State Director for Michigan, I feel the program is a very successful one, however, the complete success of the program requires the Registration of ALL young men born since January 1, 1960, who have attained age 18 to register at any U.S. Post Office.

My office continues to receive inquiries as to who has to register or when do handicapped persons or veterans register? The Military Selective Service Act does not exclude the handicapped, members of organized Reserve Forces or individuals who have served on Active Duty and discharged who were born on or after January 1, 1960. These individuals are required to register in the same manner as all other young men.

An assistance you can provide in publicizing the registration requirement will be appreciated. If you have any questions, please contact the State Director of Michigan at (517) 377-1641.

Thank you, Mr. Ott, from all your friends.

Road commission feels pinch

of expenses, the new contract will have an effect on the commission's resources in the coming years.

DeWinter said that negotiations between the union and the road commission have not yet begun. He said no decision has been made whether to seek concessions as a cost-cutting measure.

The decline in state revenues from the fund is a direct result of the Michigan motorists driving lighter and more fuel-efficient cars. Money in lieu of 25 percent matching funds will receive \$127,000 in grant money, DeWinter said.

The current three-year contract for reconstruction of a mile of County Road 448. Seventy-five percent of that job was paid for by a federal grant. Instead of letting the contract out on bids, DeWinter said the county submitted its own bid at six percent below the engineer's estimate. The county was then able to use its own labor and equipment in lieu of 25 percent matching funds and will receive \$127,000 in grant money, DeWinter said.

"We collect 75 percent of that weight. Those new light cars that get equipment and manpower," he said. The current three-year contract for the county and the union representing road commission workers will expire at the end of this year. \$77 million from 1979, a 7 1/2 percent Since labor costs are a major chunk drop.

Emerald girls' streak at E

The Manistee varsity and J.V. teams treated their fans to two "burn burners" on Tuesday night at Engadine. The varsity broke a six-game losing streak with a 20-17 win, while the J.V.'s were defeated 42-40.

An exuberant Coach Don Videtich had high praise for his team. "The girls kept their poise. They had persistence and waited for the good shot. It was a big win."

It looked like another off night for the Emeralds during the first quarter of the game. Engadine got off to a blistering start, shooting 57 percent of their shots in the first quarter. The Emeralds started playing eclair game in the second quarter, outscoring the Eagles 14-9. Julie attained 11 of her 13 points in the second quarter.

Admitted on Oct. 17, 1982 were: Donella J. Ackley, Germfask; Beatrice C. Tobias, Gould City. Discharged was: Marilyn Konesko.

Admitted on Oct. 18, 1982 were: Margaret H. Jackson, Cooks; Jeffrey J. Nagy, 406 N. Houghton; Judith Clifton, Star Route Box 3074. Discharged were: Dorothy J. Ross, Edna, M. Fiege.

Admitted on Oct. 19, 1982 were: Tammy Tomiko, 195 N. Cedar St.; Thayer, Rt. 2, Box 2656; Eric Tomberg, Rt. 1, Beckman Rd.; Abby McLane, 209 Bange St.; Wallace Morin, Garden; Robert Mercier, 166 N. Cedar St.; Victoria Herlik, 609 Arbutus Ave.

Discharged were: Jeffrey Nagy, Lester Rogers, Neil Lee, Ellen Stoelzer and baby.

City Police

A Manistee Public Safety Officer was treated at Schoolcraft Memorial Hospital for injuries received when he was allegedly assaulted by a Manistee man on Monday.

Gay J. Baker, 25, was arrested and lodged in the Schoolcraft County Jail for assaulting a police officer and consuming alcoholic beverages in a public place following an incident in the I.G.A. parking lot. Police said they were called to the parking lot to handle a disturbance, which was occurring there. Baker allegedly, when questioned about his behavior, assaulted the police officer. The incident happened at 6:15 p.m.

Marsha K. Lander was cited for careless driving following a one car accident at Wood's East. According to police, her vehicle went off of the road at the intersection of Maple and Arbutus and hit the gas pumps and island at Wood's East. She was taken by patrol car to Schoolcraft Memorial Hospital for treatment of injuries received in the accident.

A three car accident occurred on Sunday at the intersection of Maple and Main Streets.

Police said a car driven by Lisa Olson pulled from a stop sign at the intersection and hit the side of a car driven by Ernest E. Landry of Ferris. Landry's car, in turn, hit a vehicle driven by David Rosebush of Gulliver. Landry sought his own treatment for injuries received in the accident.

No damage was done in a chimney fire on Friday at the Robert Overland residence at 431 Arbutus. The fire was reported at 9:35 p.m.

Seven ambulance calls were made last week for a yearly total of 222 calls.

State Police

A Manistee police officer was killed and another was critically injured in an one car accident on CR442 on Monday.

Russell D. Hoffmeyer, 18, was pronounced dead at the scene of the accident. His passenger Scott Snyder, 19, was taken to Schoolcraft Memorial Hospital and then transferred to a hospital in Green Bay for treatment of spinal injuries.

According to police, the vehicle went out of control and went into a ditch on the north side of CR442. In the ditch, it hit a culvert, which vaulted it into the air. The vehicle hit a utility pole 68' away from the initial impact and came to rest on its top.

The accident is still under investigation.

A Cooks man was cited for failure to stop and identify the scene of a property damage accident on Sunday.

Dale Carley allegedly swerved off Depot Rd. in Cooks and hit the cement steps in front of the Harold Gray home on Friday. He allegedly did not stop but drove off.

According to police, Thomas P. Burnis lost control of his vehicle on the Michbay Rd. on Saturday at 5:15 p.m. The vehicle rolled over in a ditch on the north side of the road. Burnis was cited for violation of the basic speed law.

OEDP to meet

JV's are still looking for first win against Westwood Patriots after 22-12 loss against Munising

by Gordon Archer
The Emerald junior varsity grid-ders turned in their best performance of the season last Thursday but lost a close contest 22-12 against Munising. Tonight they will travel to Westwood for a 4:30 game against the Patriots.

The J.V.'s will be looking for their first win against Westwood. The loss to Munising dropped their record to 0-7.

Munising scored on their first possession and made the 2-point conversion but the Emeralds came

right back on a 47 yard T.D. pass from Rob Brandstrom to Dave Archer. The 2-point try was no good and the score after one period was 8-6. Munising scored again in the second quarter making it 16-6 at the half.

Manistique came back again in the 3rd quarter with another scoring strike from Brandstrom to Archer. This one covering 12 yards. The score after three periods was 16-12. That was as close as the Emeralds ever got as Munising scored a final touchdown making the score 22-12.

HOME COMING WILL hopefully treat the Emerald Varsity football team better than last week's outing at Manisting, when the Emeralds fell victim to their own turnovers and lost to the Mustangs 14-0. The Emeralds will host the Westwood Patriots in Friday's game that begins at 7:30 p.m. Pictured here is Tim Henry (team jersey) meeting up with a Munising player in the loss against the Mustangs. in the end zone. Aided by a face mask penalty, Troy Farley ran for 33 of the 60 yards in that drive.

After holding Munising, Manistique took a punt in its own 35 and mounted a second drive paced by short runs by Farley and Mark Hobolik. That drive was stopped after a third-down holding penalty and quarterback Mike Godlewski was sacked.

Munising completed several short passes to end the half.

In the third quarter, Manistique turned the ball over on downs to Mustangs. Munising could not get a drive going, either, and both teams traded punts. Late in the third,

Manistique was stopped after a couple of first downs when Munising snagged its second interception of the game.

The second Munising scoring drive came late in the fourth quarter. With 1:07 left in the game, Kelly broke two tackles and ran 16 yards for the score on a third-and-long play.

After a good Munising extra point kick, Manistique's Dan Lemirand took the kickoff and broke for a 20-yard run. Any hopes of a last-minute drive were crushed when the Mustangs sacked the Emerald quarterback twice, followed by an incomplete pass and an interception to end the game.

Overall, Manistique had 12 first downs to Munising's 10. The Mustangs had 219 yards, 158 rushing and 61 in the air, compared to 210 and 3 for the Emeralds. Where Munising had no turnovers, the Emeralds had three interceptions and two fumbles.

aces Nordics in finale

second quarter when he picked off a Big Bay pass and ran 16 yards for the touchdown, closing out the first half at 26-6.

The Rockets added two insurance scores in the third quarter, one on a 3-yard run by Paul Lundberg and the other on an interception that Darren Deneau ran back 30 yards for the final touchdown. Bill Sigfrid kicked his third and fourth extra points of the game to wind up the scoring, 40-6.

"One key to the game that hurt us was our injuries," Big Bay coach Jeff Pearce noted after the game. Three freshmen started, filling in for injured varsity players.

Corey Porvin ran for 50 of Big Bay's 53 yards rushing before also going out with an injury after the first half. Pearce said "hopefully" Porvin will play against North Dick-son.

Rick Ranguette made a nice catch, for the only Black Bear score and ran 10 yards for the

touchdown. Ranguette also had a 60-yard reception to the Rapid River 5 that was called back on a dubious clipping call. In the third, Ranguette had a 69-yard catch at the Rockets' 10 yard line that was never converted for a score.

Defensively, Pearce cited Potvin, with eight solo tackles and 16 assists; Mark Knoph with seven solos and 12 assists; Henry Lang with eight solos and nine assists; Ranguette with four solos and seven assists; and Craig Williams with five solos and 11 assists.

Big Bay's passing accounted for 102 of the team's 155 total yards. However, only six of 30 attempts made it into the hands of Black Bear

players. Five of the incomplete tosses landed in the hands of Rapid River defenders and two of those were run back for scores.

North Dickenson was described by Pearce as "another toughie" and was ranked 17th in the state in the latest Class D poll. Last week, they beat North Central 19-14 in the final seconds of the game.

"We're just going to have to go at them. We can be in every ball game," Pearce said. "We have just as good a shot at them as we did against the Rockets. If we get a few breaks and the kids want to play football, we could give them a good game. Hopefully by Saturday, we'll be close to full strength."

Sports

Players of the week

"It's hard to name a lot of guys when you don't score," Emerald coach Jim Hunter said in naming Troy Farley and Mark Hobolik as offensive players of the week. Defensively, Hunter tabbed Dan Lemirand for the weekly honor.

Farley and Hobolik accounted for most of the Emerald's 213 yards in Friday's loss to Munising. Farley ran the ball 16 times for 84 yards, averaging 5.25 yards a carry. Hobolik ran 19 times for 75 yards, a 3.9 yard average.

Lemirand had most of the rest of the Emerald yardage, logging the ball nine times and gaining over six yards each carry.

Against Munising, Hunter said "it's frustrating. We missed the ball as good as anybody has all year and we just couldn't score. Defensively, I couldn't have asked for a much better ball game."

Lemirand paced that defense, racking up four solo tackles to his credit and getting in on 10 more. Also cited by Hunter were Tom Bernis, in on 12 tackles; Corey Miller, in on 10; and Bob Mattson, also in on 10 tackles.

"I can't fault a defensive effort that holds a team as good as Munising scoreless after giving them the ball twice," Hunter said.

Emerald girls snap losing streak at Engadine, 42-40

The Manistique varsity and J.V. teams treated their fans to two "burn burners" on Tuesday night at Engadine. The varsity broke a six-game losing streak with a 39-37 win, while the J.V.'s were defeated 42-40. An exuberant Coach Don Videtich had high praise for his teams. "The girls kept their poise. They had patience and waited for the good shot. It was a big win."

It looked like another off night for the Emeralds during the first quarter of the game. Engadine got off to a blistering start, shooting 57 percent and outscoring the Emeralds 18-11. The Emeralds started playing their game in the second quarter. An outscoring the Eagles 14-9. Julie Carlson made 11 of her 13 points in the first half to help bring the Emeralds within 2 at the end of the second quarter, 27-25.

In the third quarter, Manistique took over their first lead of the game, but it was a lead that would change hands several times before the final buzzer. The Emeralds again outscored Engadine, this time 7-4, for a 32-31 lead at the end of three quarters of play. Manistique scored 7 to Engadine's 6 in the final quarter of play for the 39-37 win.

The Emeralds outbounded Engadine 43-29. "That was one of the big differences in the game," said Videtich. "We only gave them one shot at the basket, not two or three tries like we have been."

Scorers for Manistique were Carlson 13, Shelly Lasich 12, including two big winning free throws late in the game, Barb Calhoun 7, Barb Desjardens 4 and Nancy Krusic with 3. "It was good to have Nancy back tonight," said Videtich. "She did a good job for us." Krusic has been

taking a 12-7 lead and widened it to 32-17 by the half.

The Emeralds had little scoring in the third quarter as they could manage only 3 points to Negaunee's 21. "We just couldn't get the ball in the basket. Our shooting has to get better," said Videtich.

Negaunee again outscored Manistique in the final quarter 10-6 to win the Mid-Penninsula Conference game 67-30.

Manistique scorers were: Barb Calhoun 11, Barb Desjardens and Shelly Lasich 5 each, Julie Carlson and Lori Brulla with 3 apiece, Kim Mercier 2, and Donna Paradise 1.

High scorers for Negaunee were Wendy Pantoni 21 and Linda Weingarten 15.

The J.V.'s also ended up on the losing side being outscored by Negaunee 56-34.

Wendy Miller was again high scorer with 11, Mary Brulla 9, Stacey Zellar 6, Amy Klarich 5, Lisa Schulze 4 and Gerry Paquin 1.

The Emeralds take on the Green Modeltowers at home on Thursday night. The varsity game begins at 7 p.m., with the J.V.'s starting at 5:20 p.m.

INTRODUCING WEIL-McLAIN'S NEW 87% EFFICIENT GAS BOILER!...

The WEIL-McLAIN TYPE VHE - Very High Efficiency Gas Boiler.

The Weil-McLain VHE Boiler represents a notable improvement in cast iron gas boiler design and engineering. The unit incorporates an induced draft combustion system, heat exchanger, intermittent electronic ignition, and other energy-saving features to attain 87% seasonal operating efficiency. This compares to a typical installed boiler that may operate at only 60% seasonal efficiency. The VHE Boiler can pay for itself in fuel savings in a few short years!

DESIGN FEATURES ...

- 1) 87% OPERATING EFFICIENCY... (up to 20 percent more on annual gas combustion!)
- 2) NO CHIMNEY REQUIRED... (VHE Boiler is vented directly through an outside wall or through the roof.)
- 3) INDUSTRY APPROVED... (Design certified by the American Gas Association for natural gas. Built in accordance with the requirements of the American Society of Mechanical Engineers Boiler and Pressure Vessel Code. Heating capacities based on standard test procedures prescribed by the U.S. Department of Energy. Ratings approved by The Hydronics Institute.)
- 4) CAST IRON CONSTRUCTION... (Boiler sections are made of cast iron for extra strength and long life... It is not uncommon for a Weil-McLain cast iron boiler to last 35 years or more.)

Recalling Margaret Curley; side trips into the past

I get a slight case of the gutts every time I use something from an old Manistique newspaper, instead of sweating out an original offering. However, there are times when recollections of a previous era are only obtainable in that way. Our supply of real old-timers is running low. Old Mrs. Curley came to Manistique one-hundred years ago. In 1934 she was interviewed by a Pioneer-Tribune reporter and the following is quoted from that story:

"Snowy-haired little Mrs. Margaret Curley lives quietly at her home at 536 Arbutus Ave. Keeping abreast of current events by much reading, and musing over the days and the years that are gone. Hers has been a life of fine Americanism for she has given much to her country in the quiet, unadvertised way of those who made it great. Now, as she nears the sunset of life, she can look back on a life well spent...a life not of ease but of hardship and work such as was lived by the courageous pioneer women who came with their men into the West when the nation was young.

"Mrs. Curley is 84 years of age (remember this was 1934; J.O.). And if a woman's claim to the affections of her fellow citizens can be based on the service her men have given in the defense of their country, then Mrs. Curley holds the deep and abiding love of and respect of those who cherish American traditions.

"Mrs. Curley had two uncles in the Mexican War, which was fought nearly 15 years before the war between the states. Her father served the Union forces in the Civil War. One of her sons was a soldier in the Spanish-American War. And in the last great war her grandsons fought, serving the flag on the Western Front. Even before that, members of her family had seen military service in many parts of the globe. In 1842 one of Mrs. Curley's uncles was killed before the Great Wall of China, wearing the uniform of the British army. Another uncle served England in the dismal Crimean War, made famous by the charge of the Light Brigade.

"Mrs. Curley is one of the oldest women living in Schoolcraft County and she has been a resident of this city since 1882. Despite her advanced years, she is keenly interested in the affairs of the world, and she reads papers and current magazines regularly and can talk intelligently on politics. There is a bit of the tang of Erin in her voice. Too prolonged reading brings a slight ache to her eyes. Her memory is keen and events that took place a few decades 75 or 80 years ago she can recall with remarkable clarity.

Memories Jack On

"She was born on May 23, in Corning, N.Y. the daughter of Mr. and Mrs. Dennis Daley, who came to the United States from Ireland. Her mother passed away when she was still a little girl, and her educational opportunities were cut short. She remembers the panic that preceded the war with the south and the so-called "Black Friday". The vexing events that led up to the Civil War are still clear in her memory and the dark days that followed, with her father at the front, left an unforgettable impression on her girlish mind. Particularly clear in her recollections is the first battle of Bull Run which ended in such a disastrous rout for the Northern forces.

"In April 1871 she was united in marriage to Patrick Curley in Corning, and a few years afterward she moved West with her young husband, locating in Detroit. On July 6, 1882 Mr. and Mrs. Curley moved to Manistique, following Mrs. Curley's father, Dennis Daley, who came here in 1879.

"Manistique was not much of a town when Mrs. Curley first saw it from the boat which brought her and her family here. Only a few buildings marked the place where the present Lakeside addition is located and the present downtown was largely undeveloped. But it was in the throes of a real boom and was soon to grow rapidly and expand into a fine city. She recalls the trip by team along the shore of the lake to South Manistique, which was then a new addition to the town. South Manistique was then called Perrysville and a Mr. Perry of Chicago, who had organized a lumber company, was laying the foundations for his sawmill.

"The Curleys resided in South Manistique for about 17 years, moving over to Lakeside in 1899. Mr. Perry, who was a city resident, knew very little about the logging and sawmill business and he soon abandoned his enterprise, which was taken over by a Saginaw concern. A few years later the mill passed into the hands of the Chicago Lumbering Co., a firm which played an important part in the early history of Manistique and Schoolcraft County. (To be concluded next week)

Sunday we took a ride into the past, out to the Garden Peninsula. There's a feeling out there of ancient activity; there are places where the

only things in sight are an old log cabin and the foliage around it. You can smell the wood fires of long ago, and you know there were days of a century ago when the sky had the same color and emitted the same kind of Fall light. And if you go down the Sac Bay road you'll see a real ginger-bread house and the out-buildings of the old homestead, still in use. There's hay in the barn and a table of pumpkins in the front yard; you've stepped into yesterday.

Certainly, the roads have changed the most. Where there once were trails, and then cart tracks which grew into narrow dirt roads, we now have some paved with gravel and others widened out and hard-surfaced. But it's the same grass along the sides, the same sky, many of the same old buildings and that unmistakable feeling of antiquity.

An interesting little side trip: We took old US-2 from Garden Corners, in back of Tylene's and westerly to where the old jump-bridge crossed the Fishdam. Old US-2, toward the end that stops where the bridge used to be, is considerably narrowed and the bushes brush your shoulders and the old macadam is gouged and chipped and you wonder if it can really be the same road you travelled back in the Twenties. It's the same road, but different. Nature is taking over. The old road tells you it was once a busy highway but it's hard to believe. It's easier to believe that soon it will be just a trail in the woods again, more easily recognizable to the ghosts of the past.

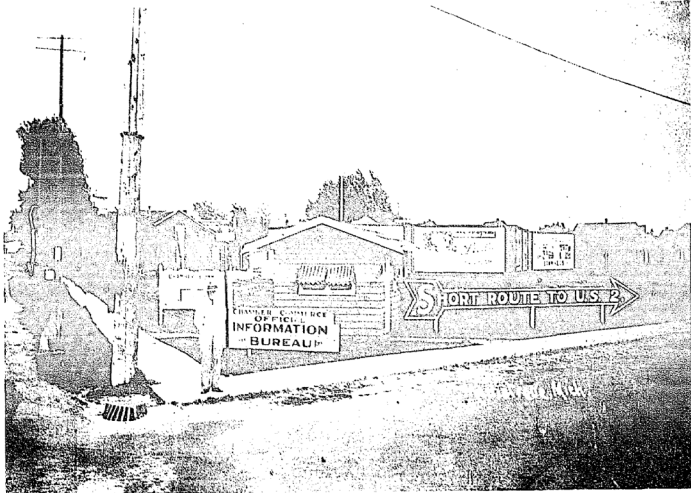

Dr. Waters attends west coast confab

Dr. and Mrs. Duane L. Waters of Manistique attended the Annual Scientific Assembly of the American Academy of Family Physicians (AAFP) in San Francisco. The meeting was held Oct. 4-7 at Moscone Center. More than 4,000 family physicians from around the country are expected to attend this continuing medical education meeting.

The local physician, who is a member of the Academy, heard renowned speakers discuss up-to-the-minute health care topics.

Subjects covered in this four-day scientific session are of immediate interest to family doctors both in their everyday practices and in their continual endeavors to keep abreast of the latest advances in medicine. This year, topics include hypertension, aging, diabetes, arthritis, marriage counseling, and denial in alcoholism.

Harbor breakwall can be dangerous!

Although many people enjoy fishing and walking along Great Lakes breakwalls, including the one in Manistique Harbor, some fail to realize the potential hazards they face.

"People insist upon venturing out

onto the breakwalls, simply because they believe it is a challenge," Michael Ferrini, chief of the U.S. Army Corps of Engineers, Public Affairs Office, said, for many it is a challenge from which they do not return.

Breakwall surfaces become dangerously slippery when water washes over them, and many individuals have slipped or fallen from them.

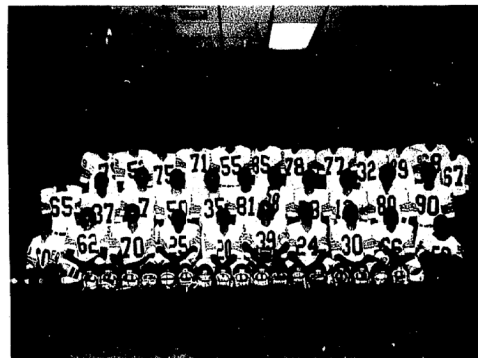

Several people have drowned because they were unable to swim back

to safety. During this time of year, it is frequently difficult to swim to safety after falling from a breakwall. Six deaths occurred on the Lake Michigan shore last year and other fatal accidents have resulted on Lakes Erie, Ontario, St. Clair, Huron and Superior. Not only do people persist in endangering their own lives by fishing and walking on harbor breakwalls in inclement weather, they also endanger the lives of their friends and relatives

who try to rescue them. It is that time of year, once again, when people need to consider weather reports and small craft warnings and heed those reports. The Corps of Engineers urges the public to use extreme caution while fishing and walking on Great Lakes breakwalls, such activities should be conducted in calm weather when the risk is minimal. Caution signs posted in many harbor areas should be heeded.

READY TO GO, the recently-constructed city-county dog pound needs only some animal inmates to be completed. The county built the animal shelter in an old city equipment shed and the city has promised to maintain it once its unwilling tenants begin to inhabit it.

Davis fundraiser is a success

The fundraising open-house held by Bill Males of Manistique for Bob Davis, Jr., Republican candidate for the 107th District state House of Representatives seat, was a success, the Davis campaign claimed.

Davis would not say exactly how much money was raised at the open house, which had a "Christmas in October" theme, but he said "I had hoped maybe we'd raise maybe five or six hundred bucks and I think we tripled that."

About 165 people turned out for the event, with donations for the Davis campaign given in Christmas cards and the Males' home bedecked with Christmas decorations.

"The response to our campaign in Schoolcraft County has been just terrific. I want to publicly thank Mr. William Males for the tremendous job he has done for us and I'd also like to thank the residents of Schoolcraft County for their wonderful show of support," Davis said.

The party was attended by State Representative Charles Varnum and Congressman Bob Davis.

Local youths to conduct religious weekend

Work is well underway in preparation for Youth Enrichment Weekend #11, to be held at St. Gregory's Parish School in Newberry, Nov. 6 and 7. Two local youths, Mike Godlewski and Troy Farley, are among the leaders of the weekend.

YEW is a special weekend, for high school juniors and seniors, of understanding themselves, their relationships to others, and how their religion fits into everyday living. Activities, which begin at 1:15 p.m. on Saturday and end at 8:30 p.m. on Sunday, include films, records, games, pizza party, group discussions as well as some thought provoking religious activities.

Last year juniors and seniors from Manistique, Seney, Germfask, Brimley, Munising, St. Ignace, Moan, Newberry, Pickford, Hessel, McMillan, Cedarville, Trout Lake, Grand

Marais, Rapid River, Goetzville, and Sault Ste. Marie attended YEW. The yew will be conducted by a team of six teens. Besides Farley and Godlewski, Missy Daniels from Munising, Kathleen Brennan, Ann Derusha and Steve Freeman from Newberry will lead the group. Father Roy Hoelgen, Sister Bernadine Pohl, Paul Michelin and Lois Michelin will be the adult team with approximate-

ly 40 parishioners providing supportive services. Eastern Upper Peninsula juniors and seniors interested in attending YEW #11 are asked to contact Lois Michelin or Sister Bernadine Pohl, St. Gregory's Parish, 212 W. Harris Street, Newberry, MI 49868, prior to October 29, 1982, or applications are available from your local Catholic Church.

MUSIC MONEY was accepted by School Board President Billie Doyle, left, last week from Don Lloyd. The \$575 check was proceeds from an "Up with People" talent show and dance held this summer. The money will be used to supplement the budget of the music department of the high school.

Program to honor senior volunteers

On Oct. 22, the Community Action Agency's Retired Senior Volunteer Program will celebrate its second year of service to Menominee, Delta and Schoolcraft counties with a recognition dinner and awards ceremony at the Gladstone Senior Center beginning at 4 p.m.

To be honored are the currently active 175 volunteers who work in the three county area in a variety of activities. Guest speakers will include U.S. Representative Robert Davis, State Representative Jack L. Gingrass and State Senator Mitch Irwin.

Program Director Molly Cassidy and Supervisor Kirby Arneson will host the evening festivities.

Many Bethel Baptist grads attend Christian colleges

Many alumni of the Bethel Baptist Christian School have received degrees from or are attending Christian colleges, according to Bill Vradenburg, principal of the school.

Vradenburg said that 30 local students of the school are currently attending or recently received degrees from conservative Christian colleges across the country. Of those students, Vradenburg said over half have said they intend to pursue the ministry as a career.

Students having recently attained or working toward degrees at Bob Jones University include Dave Grover, Phil Rehn, Kenny Rehn, Shari Rehn, John Rehn, Nancy Grover, Shelly Mayo, Ruth Head, Mark Allen, Lori Allen and Job Curtis.

Enrolled at Tennessee Temple University are Dawn Karr, Bill Wright, Trisha Kretsch, Randy DeMars, Glen Hayward and Benny Vradenburg.

Doug Steele, Patty Beckis, and Theresa LaPlamme are enrolled at Northland Baptist College.

Bill Rehn is receiving Biblical instruction at the Pensacola (Fla.) Christian College.

"We feel the natural result of life commitment to Christ is a continuing and deepening thirst for understanding and knowledge of divine principles and human needs in the light of the Scriptures," Vradenburg said. "Only such a dynamic conviction could explain the almost phenomenal number of our young people involved in preparation for Bible-related ministries."

The Curtis Community Ladies Aid held their meeting on Tuesday, Oct. 13 in the Town Hall in Curtis. Twenty-eight members attended. Yellow tablecloths, pumpkins and a variety of gourds decorated the tables. Agnes Houseman also donated a bouquet of gladioli. The hostesses for the day were sue Curran, Vada Rosenberger and Isabelle Gorrie.

Our out-going and incoming officers sat at a head table where Maneta Heck handed over the gavel of authority to Ilene Kinsey after thanking everyone for their help during her term of office.

It was announced that the new Christmas lights are here. Final

plans for this year's celebration have not been completed.

It was decided to have another card party on Oct. 25 at 7:30 p.m. in the Town Hall. The committee will be Helen Brewster, Dolores Rous and Olga Lunde.

The hostesses for the November meeting on the 9th will be Frances Lewis, Lillian Wulff, Lillian Kenney and Florence Adler.

Blood Pressure Day is Nov. 2.

At the Oct. 6 meeting of the Manistique Lions Club, \$400 in donations were made. Donated was \$50 towards the Halloween party, \$200 to assist the Curtis Ladies Aid in decorating for Christmas, \$100 to the Bay Cliff Health Camp and \$50 towards sending a student from the Tahquamenon Area School system to a seminar for high technology.

The student has to be a sophomore and have good grades. Two are picked at the seminar to go to Orlando, Fla., financed by the Hugh O'Brien Foundation.

A successful brunch was held at the Curtis Fire Hall on Oct. 17.

Local school officials attend Brimley workshop

Big Bay de Noc and Manistique administrators were hosted by Brimley Area Schools for a two-day workshop Oct. 13 and 14. "Migrant Education": rules, regulations, recruitment and programming were the topics. Dr. Miguel A. Ruiz, acting director of the state's Office of Migrant Education and his staff were in Brimley to work with educators from Brimley, Rudyard, Sault St. Marie, Newberry, Big Bay de Noc, Rock, Manistique, L'Anse and Paradise.

A series of summer meetings were held across the Upper Peninsula to MDE staff to discuss Migrant Education and to encourage local schools to establish recruitment programs. Under expanded Federal guidelines, a migrant child is one who has left the boundaries of a school district for more than 24 hours with a parent or guardian who is seeking employment in agriculture, fishing or in the wood products industry.

All of us at the Center would like to invite everyone to take a few minutes and stop in this week. We have been working extra hard and we are now just about busting with pride to show you the results.

We have completely redecorated the dining room. The room is now so cozy and warm you're never going to want to leave.

A new no wall floor has been put down. The shine is so bright you can see your reflection. This past weekend we wallpapered and hung new curtains. The results are just beautiful. You're going to be so proud of your Center.

When you're taking a look at the redecorating, I want to tell you the story about the wall paper being hung. My husband Paul volunteered (with a little help) to help work. My mother also said she would help hang the paper. The girls here—Connie, Pam, Nerita and Darlene also said they would come in and help. I thought this was really great because I knew it would take Paul, my mom and me a week if we had to do this ourselves.

These girls would not take any overtime pay or comp time for coming in Sunday at 9 a.m. and working until 7 p.m. that evening. I think they are about the best there is. How many employees do you know that would give up their entire Sunday after working forty hours to wall paper? Believe me, not many. You seniors should be proud to know the kind of people you have here at the Center. And they do it all for you.

We also had other workers this weekend I would like to thank: my mother, Winnie Wolf. We never would have been able to complete the job without her. This woman doesn't

We want to thank each and everyone of you for being so kind and generous. Birthday Greetings go out to:

Senior Citizens can be their own best advocates

by Kenneth E. Oettle, director Michigan Office of Services to the Aging

Political activists are made, not born. Every person, regardless of their political beliefs, personal values and attitudes, has the potential to become a political activist. One of the philosophies of the Office of Services to the Aging is that senior citizens are their own best advocates. Why? Because, only the individual senior citizen has firsthand knowledge about his or her problems as well as the issues which affect their lives and those of other older people.

For the older person who is uncomfortable in the role of advocate, there are some easy steps to follow. First, identify as specifically as possible a problem or issue that concerns you. Two, educate yourself. Learn the facts, both pro and con. Knowing the facts and the different aspects of an issue, is essential to becoming an effective advocate. This by itself may be a tough job. Many senior citizens think their individual problem is insurmountable, or no one else has the same experience. Others simply do not know where to turn for help or information.

In Michigan, there is a network of 14 regional Area Agencies on Aging. The agencies, funded through the Office of Services to the Aging, are excellent resources. They can either provide you with information about issues and resources or tell you where to go to obtain it. Part of their job is to advocate on behalf of senior citizens. And that job includes training and utilizing seniors to

represent themselves in the political arena. Finally, armed with information, you must identify the right forum and the right people to influence the political process. If the problem or issue is a local one, perhaps county and city officials should be at the top of your list. Or, a problem might need to be brought to the attention of legislators. Congressmen or state officials.

Because there will undoubtedly be many new faces in both the Legislature and the Congress after the November election, the Office is particularly concerned about senior advocates. Faced with diminished state and federal resources, legislators and Congressmen will have to make some difficult decisions. As your own advocate you can help make a difference and educate them about the problems and needs of senior citizens. Local community groups across the state are organizing and educating senior citizens. I urge you to find out who they are and become involved. Your area agency on aging is a good place to start.

Estimating your Social Security payment

People in Schoolcraft County want to know how much they can expect as a Social Security payment when they retire can do so a lot easier than they may think, depending on how old they are. The closer you are to retirement age, the easier it is for Social Security to figure out how much your benefit will be. It is possible for even a young worker to get at least some idea of what to expect in retirement benefits in the future.

Your exact Social Security payment can't be computed until you are ready to retire, since all your earnings covered by Social Security up to that time will be included. Social Security benefit amounts are based on a worker's annual earnings over his or her entire working life.

People can get an estimate of their benefit at age 65 by calling the Social Security office and requesting a form which can be used to send to the Social Security Headquarters in Baltimore and will be returned with a statement of the earnings credited to his or her record and a benefit estimate if requested. The estimate is based on earnings now shown on the person's record. The benefit you will actually receive at 65 will take into account any

additional earnings covered by Social Security.

You can receive the request for a statement earnings by contacting your local Social Security Office which is open in Manistique at the Court House every first and third Wednesday of each month from 10:00 a.m.-1:00 p.m. Most Social Security business can be handled by telephoning 1-800-562-4820.
