

NEIGHBORHOOD NEWS

Gulliver

Mr. and Mrs. John Doudin of Detroit have been visiting Mr. and Mrs. Harold Bowman.

Mr. and Mrs. Edward Jackson are again residing in their home on US-2.

Mrs. Joseph Detterbeck and son, Allan, of Chicago, arrived Monday to visit Mrs. Victor Sutowski.

Doyle Township PTA met at the Whitehall School Tuesday evening.

Mr. and Mrs. MacGregor, Mrs. William Bolanger and Mrs. Howard Bergham spent last Saturday in Escanaba.

Octave, Pauline and Sylvester Lamirand arrived home from Detroit last Friday.

Mrs. Edward Halverson, Mrs. Leon Fox, Mrs. Clarence Bevard and her children, Dolores and Donald of Engadine, called on Mr. and Mrs. William Bowman last Saturday.

Mr. and Mrs. Ralph Nelson left here Thursday to return to their home in Detroit after visiting several days at the home of Mr. Nelson's parents, Mr. and Mrs. Alexis Nelson. Both Ralph and Ragnar Nelson were recently discharged from the Navy after three years' service but their

younger brother, Fredolf, is still in the army, assigned to duty on a troop ship. Incidentally, Fredolf had an unforgettable Christmas. When his ship docked in New York he was granted a few days' leave ending Christmas night. Planning a surprise visit to his sister, Signe, in Detroit, he left New York the Friday evening before Christmas on a plane bound for Toledo. From there he intended to take the train for the balance of the trip but had weather prevented the plane from landing in Toledo and forced a detour to Kansas City, Mo., where Fredolf found himself some time Saturday. He managed to get passage on another plane going to Chicago and arrived there Sunday. Detroit? Surprise visit? All hopeless now. He had just enough time to catch a train which returned him to New York before his leave ended Christmas night.

AND THEN—when he reported for duty he was informed his leave had been extended for an additional week!

Thompson

Mr. and Mrs. Lawrence Dewey were Escanaba callers on Monday. Coxswains Jack Olson and Newell Hansen returned to their base at Norfolk, Virginia, on Tuesday.

Miss Winnifred Winandy re-

turned to Chicago on Tuesday having been a guest of relatives a few days.

Mrs. Larry Jessup and son, David, of Newberry, were guests the past week at the home of Mr. and Mrs. Stanley Shust.

M. O. Stanley, Wm. Arnold of Manistiquet, with John Bloom of Brewster, were callers in our neighborhood on Tuesday.

Mrs. Cecil Johnson was operated on for gall stones at the St. Vincent Hospital at Green Bay on Thursday.

John Potvin is being employed at Newberry for the winter months as game warden.

Mr. and Mrs. Floyd Ferguson left on Thursday for a visit at the home of Mrs. Ferguson's parents, Mr. and Mrs. Ed Desautel, of Detroit.

John Potvin is being employed at Newberry for the winter months as game warden.

Mr. and Mrs. Floyd Ferguson left on Thursday for a visit at the home of Mrs. Ferguson's parents, Mr. and Mrs. Ed Desautel, of Detroit.

Thirteen tables of cards were in play at the card party on Thursday evening. Prizes in 500 were won by Mrs. Ole Edvardson and Mrs. John Potvin. In snooker, high score went to Jerome Johnson and consolation to Mrs. Tom Smith.

Two new students were entered here the past week: Bert Fornatt and Sharon St. John.

Cecil Johnson and sister-in-law, Mrs. Frank Odick, of Chicago, returned from Green Bay on Sunday where they visited Mrs. Cecil Johnson.

Miss Ione Kauffman, of Ishpeming, was a guest last week at the home of Mr. and Mrs. John Potvin.

CARD OF THANKS

We wish to take this means of expressing our sincere thanks to all those who sent floral offerings and messages of sympathy during our recent bereavement. These kindnesses will always be remembered.

Signed: Vincent E. O'Neil and Daughters
Mr. and Mrs. Wm. Mueller, Sr. and Family.

Committees Named By Zion Lutheran Missionary Group

Committees of the Zion Lutheran Missionary Society for the new year were named at a meeting held Wednesday evening of last week. The list follows:

Program—Mrs. August Carlson, Mrs. Otto Hood, Mrs. Victor Carlson and Mrs. Rudolph Larson.

Hostess—Mrs. Carl Olson, Mrs. Mary Nelson and Mrs. Lauritz Reuse.

Membership—Mrs. Harry Ahlstrom, Mrs. Anton Olson, Mrs. John Cornell and Mrs. Christina Anderson.

Year Book—Miss Esther Soderbeck and Mrs. L. Reuse.

Church Papers—Mrs. Reuben Larson, Mrs. C. J. Jansen and Mrs. John Larson.

Nominating—Mrs. Gus Nye, Mrs. Matt Strom and Mrs. Paul Nee.

Home Mission secretary—Miss Evelyn Gunnarson.

Junior leaders—Mrs. Scott Creighton and Mrs. L. Reuse.

Postwar Emergency—Mrs. Ed Nylander.

Dime Books and Boxes of Blessing—Mrs. Scott Creighton and Mrs. Walter Holm.

Publicity—Miss Marie Ahlstrom.

Missionary work among other races was the topic for discussion at the meeting. Miss Esther Soderbeck led the devotionals and

Ruhr Magnates Arrested

EXTRICATION OF GERMAN MILITARISM and Nazism was arrested at the Potsdam Conference between President Truman, Prime Minister Attlee and Generalissimo Stalin. One of the steps necessary to this was carried out when British Field Security Officers recently arrested thirteen industrial leaders in the Dortmund area of the German Ruhr. This picture shows a British sergeant questioning some of them in the line-up after their arrest.

Frozen Live Bait Still Remains A Fisherman's Dream

Blocks of frozen live bait that when thawed out would become lively minnows remain a fisherman's dream.

A conservation department biologist has knocked a commercial bait dealer's idea for quick-freezing bait colder than the bait would have been.

The biologist, Gerald P. Cooper, of the department's Institute for fisheries research at Ann Arbor, indicates difficulties which would be encountered in attempts to freeze bait.

Experiments by a Harvard scientist (Brooding) have failed to produce fish that were frozen in water until an ice-block was formed. The scientist got good revival of fish which had been frozen stiff in air but not frozen solidly (blood and internal organs not frozen), but with fish frozen stone-hard almost none survived.

Cooper points out another factor to be considered, that of summer fishermen in acclimating frozen bait to warm water. Bait minnows in ice even if they live, would be acclimated to freezing temperatures and would not survive a quick change to warm water.

According to Cooper, air-frozen bait for winter fishing might be feasible, but "not as satisfactory as the bait pack."

Shriveled Pickles
Shriveled pickles may be due to the strength of brine used. Too strong a solution of salt, sugar or vinegar may cause this. It can also be due to overcooking the pickles. Start pickles with a weak rather than a strong solution, and each day make the brine stronger by adding salt, or by boiling down the syrup of sugar and vinegar if that type of pickle is being made, or by adding more vinegar or more sugar to the solution.

Farm Efficiency
Thirty years ago it required total of 21 minutes of labor to a bushel of corn in Chag county, Ill. With the development of hybrid corn and improved methods, some farmers have reduced the time to about 3 minutes.

Tornadoes Numerous
The most recent complaints reveal that nearly 4,000 tons have occurred in the United States in the last 27 years.

NAME _____
STREET OR P.O. BOX NO. _____
CITY _____ STATE _____

Two-thirds of the surplus for state educational institutions and asylums, leaving one-third—or approximately \$9,000,000—to be spent for other worthy needs.

Finding a solution to Michigan's tax problem is like looking for a needle in a haystack. It might be accomplished, but the chances appear to be slim.

In November, 1944, just ahead of the 1945 general session of the legislature, a special tax study advisory committee released a recommendation, following months of exhaustive study, whereby the productive 3 per cent state sales tax would be reduced to 2 1/2 per cent for state revenue with the specific authorization that any city might impose a supplemental rate of 1/2 per cent for local revenue purposes.

Cities which elected to operate on the 3 per cent basis would receive one-sixth of the tax revenues collected monthly.

The issue that lays the golden egg is the state sales tax.

Here is the most productive, painless and easy-to-collect tax yet conceived.

The little three cents on each dollar of retail sales brought approximately \$1 million into the state and favor expending

state treasury during the 1938-39 fiscal year in which the state's expenditures exceeded its revenues by a substantial margin. These were the years of deficits and red ink at Lansing. Deficits, in fact, prevailed at Lansing during the following depression years: 1932, 1933, 1934 and 1935.

The first two years—1932 and 1933—reflected the faltering of the stock market, bursting of the prosperity bubble, and the Michigan bank holiday. The last two years—1934 and 1935—marked the period of industrial unrest and unemployment, featured by the historic UAW sit-down strike in 1937 under the Murphy administration.

From a \$1 million revenue point in 1938-39, while the treasury was running a deficit, the golden state tax has mounted annually. For the 1943-44 year it yielded \$1 million and in 1944-45 it rose to \$2.3 million. The current year, ending June 30, 1946, will see a further rise to around 108 millions.

It is easy to see that the state sales tax has DOUBLED revenue in 15 years, and this end is not yet in sight.

There is no magic, however, in the continuous rise of tax revenues, due to collection of many pennies on retail sales.

War inflation of prices (due partly to rise of labor costs, of course) is chiefly responsible for the boom.

It is the plight of Michigan's larger cities, especially those having a 15 mill tax limitation (Grand Rapids, Flint, Saginaw, Pontiac, Jackson, Muskegon and Battle Creek), which inspires much anguish and tears at legislative hearings at Lansing.

Mayor Edward F. Jeffries of Detroit has been a leading pleader, and it should be said with fairness that the cities have a good case. Per capita costs increase with the size of a city, so that the bigger the city the more it is taxed with financial problems.

That this is a national problem is indicated by the fact that one person in every five lives in one of the 20 largest cities.

Property values are declining in cities, while wealth moves to the lower-taxed suburbs and adjacent towns. This population decentralization has left the cities with severe economic and social problems. Detroit's race riot was a by-product.

Unfortunately there is no unanimity of opinion on just how taxes should be levied and by whom.

Michigan voters have rejected a state income tax over and over again.

Experts go into huddles, new commissions are appointed, and still the answer is far from being found.

The certainty that the federal deficit, already of staggering proportions, must continue at a high peak for many years to come, with an inevitable price of interest annually, is none too reassuring to thrift-minded taxpayers. The cost of running the federal government will continue higher than ever before. Higher wages of federal employees, retirement pensions, veterans' benefits and larger expenditures for military requirements all contribute to the postwar picture of high taxes.

Amid all the feverish rush to get a slice of the state moneys at Lansing, the following observations are in order:

A return of unemployment, such as was experienced in 1932 and 1933 and again in 1938 and 1939, would probably bring a return of deficits in the state treasury. Hence the 3 per cent sales tax, now in the "plus" bracket as to actual needs, may be a lifesaver again when human want to come to the fore.

Local governments—state, county, school and municipalities—well re-examine their tax structures and put their house in order during the boom years.

Michigan is one of four states with a sales tax as high as 3 per cent out of a total of 23 sales tax states. Illinois has cut its tax from 3 to 2 per cent; California from 3 to 2 1/2 per cent. Hence there appears to be some justification for a definite program in Michigan of financial assistance to distressed local governments.

Dutch Ousted In 1673 the Dutch with a fleet of 25 vessels and 1,600 men took New York from the British and renamed it New Orange. The new government lasted little more than a year, when the city was returned to Britain.

Mr. John Williams is critically ill at her home on Michigan avenue.

War inflation of prices (due partly to rise of labor costs, of course) is chiefly responsible for the boom.

It is the plight of Michigan's larger cities, especially those having a 15 mill tax limitation (Grand Rapids, Flint, Saginaw, Pontiac, Jackson, Muskegon and Battle Creek), which inspires much anguish and tears at legislative hearings at Lansing.

Mayor Edward F. Jeffries of Detroit has been a leading pleader, and it should be said with fairness that the cities have a good case. Per capita costs increase with the size of a city, so that the bigger the city the more it is taxed with financial problems.

That this is a national problem is indicated by the fact that one person in every five lives in one of the 20 largest cities.

Property values are declining in cities, while wealth moves to the lower-taxed suburbs and adjacent towns. This population decentralization has left the cities with severe economic and social problems. Detroit's race riot was a by-product.

Unfortunately there is no unanimity of opinion on just how taxes should be levied and by whom.

Michigan voters have rejected a state income tax over and over again.

Experts go into huddles, new commissions are appointed, and still the answer is far from being found.

The certainty that the federal deficit, already of staggering proportions, must continue at a high peak for many years to come, with an inevitable price of interest annually, is none too reassuring to thrift-minded taxpayers. The cost of running the federal government will continue higher than ever before. Higher wages of federal employees, retirement pensions, veterans' benefits and larger expenditures for military requirements all contribute to the postwar picture of high taxes.

Amid all the feverish rush to get a slice of the state moneys at Lansing, the following observations are in order:

Timber Trail Chosen As Site For Camp Staff Training

The National Girls Scout organization has chosen Camp Timbation, near Wyocitauk, in good center Trail as one of three camps in the Great Lakes region comprising four midwestern states.

Repairs Made Many of the recommendations made by last year's camp director regarding repairs to property have been acted upon and further work will be done as soon as materials are available.

Courses for both camp and day camp counselors will be offered from June 23 to 29, it was reported, as well as group leadership training.

The dates for next summer's camping were set for July 6 to August 17. The camping period will be divided into two one-week periods followed by two fortnightly periods. A training period for the Timber Trail staff, July 1 to 6, will precede the opening of camp.

Outsiders Interested Because of the increasing popularity of Timber Trail outside the five communities which own and operate the camp as members of the Timber Trail association, it was decided to accept applications of girls from the participating towns only up to June 1. After that time, if the camp is not already filled, applications from girls from other communities will be accepted.

Local Scout officials are urging Girl Scouts from Manistique to make their camp plans early in order to register before June 1.

At Saturday's meeting it was decided not to open the fourth unit, Kuluvala, this season as was done last year to accommodate the three regular units, Skyland, Gine

Remote Gamble Never draw to an indie straight in a poker game, says Encyclopedia Britannica. Your chances for "bitting" are so remote that there's no use in trying under any circumstances. Your odds on making a flush with one card draw are 20 to 1.

Freeze Mince Pie Early American settlers presaged the art of quick-freezing. According to Encyclopedia Britannica, American colonists used to freeze mince pies immediately after baking. In this state the pies did not deteriorate but could be reheated when needed for eating.

THE OLD JUDGE SAYS . . .

DICK: "I wonder how the distillers feel about that new movie built around an alcoholic."

OLD JUDGE: "It's funny you asked that, Dick... I was just reading a piece about it."

DICK: "What did it say?"

OLD JUDGE: "A very sensible statement. It said the beverage distillers are fully aware of this problem and are cooperating in every way possible to help solve it. The alcoholic is to the beverage distilling industry what the reckless driver is to the automobile industry. There is nothing wrong with the automobile, but in the hands of a man who doesn't know how to drive it or is reckless, it becomes a menace. Likewise, it is one but the abuse of alcoholic beverages that causes trouble."

DICK: "Wonder why it is most men can drink moderately and others can't?"

OLD JUDGE: "Intensive research at a great university has shown that most excessive drinkers are really sick people. They are suffering from some physical, social or emotional upset. And great strides have been made in developing the methods of helping these unfortunate people."

PFC. MORTON YOUNG IS CRASH VICTIM

Cooks Soldier Dies in Explosion in Germany When Gas Truck Hits Train
Pfc. Morton Young, 27, of Coeks, was killed in Germany Dec. 11 when a gasoline truck he was driving slipped on an icy highway, crashed into a railroad train and exploded. It has been learned here at home.
According to information received from the War Department by his wife, Pfc. Young was killed at Darmstadt. He died instantly in the explosion, the message said.
A veteran of two years of overseas service, Pfc. Young had seen action throughout the European campaign.
Survivors besides his wife, Julia, now living in Ann Arbor, are his parents, Mr. and Mrs. Ray Young, of Coeks; two sisters, Mrs. Joseph Reegan, Coeks; Mrs. Charles Peterson, Gormak; Mrs. Charles Peterson, Gormak; and two sons, Ross and Lyle, also at home.

MRS. JACOB KENDALL TAKEN BY DEATH

Resident of County For Past 35 Years Dies At Home; Funeral Thursday
Mrs. Jacob Kendall, resident of Schoolcraft county for the past 35 years, passed away Monday morning at 7:30 o'clock at her home on the River Road following a two months' illness. She was 59 years of age.
Mrs. Kendall was born Anna Gries in Luxembourg, on Feb. 14, 1886, and came to the United States at the age of 22, settling first in Escanaba. She was married there on Jan. 12, 1911, to Jacob Kendall, and then moved to Manistique.
She was a member of St. Francis de Sales church, the Catholic church of Escanaba; of the Manistique camp of the Royal Neighbors.
Survivors are her husband, seven daughters, Mrs. William Rodman, Jr., Manistique township; Mrs. Wilfred Doucette and Mrs. Lawrence LaPote, of Escanaba; Mrs. Joseph D'Amour, Misses Gladys and Marie Kendall, of Milwaukee; and Mrs. Thomas Boney, of Trenton, N. J.; three sons, Jacob, Jr., Charles and John, all at home; one brother, John Gries, of Escanaba; two sisters, Mrs. John Shriner, Humbolt, Canada, and Mrs. Margaret Keifer, Coonstock, Wis.; and 16 grandchildren.
Funeral services were held Thursday morning at 9 o'clock at St. Francis de Sales church. Rev. B. J. P. Schavers officiating. Burial was in Fairview cemetery under the direction of the Morton funeral home.
Mrs. Leo Beaudoin and infant daughter, Sharon Louise, were dismissed Thursday from the Shaw hospital and returned to their home in Nacahway. They were accompanied by Mr. Beaudoin.

Bosch THE GOLD MEDAL BEER MILES AHEAD IN QUALITY
MADE IN MICHIGAN—A FINE STATE—A FINE BEER

SUPPER FOR 4 ONLY 1.46
MENU
Tomato Soup
Hungarian Goulash with Noodles
Tossed Green Salad
Fruit Butterscotch Pudding
Coffee, Tea or Milk
HUNGARIAN GOULASH WITH NOODLES
1 lb lean beef 1/2 tsp pepper
1/2 cup fat 2 cups water
1 cup chopped onion 1 cup diced carrots
1 1/2 tsp. salt 1 cup diced potatoes
1 tsp. paprika 1 cup canned tomatoes
1 package (5 ounces) broad noodles
Cut meat into 1-inch cubes. Heat fat in heavy skillet; add meat; brown on all sides. Add onions and brown lightly. Add seasonings and water; simmer gently 1 hour or until meat is tender. Add carrots, potatoes and tomatoes. Cook until vegetables are tender. Thicken with flour and water paste, if desired. Cook noodles according to package directions.
NOTE: Lamb may be used in goulash in place of lean beef, if desired. Menu cost is estimated on cost of beef and price will change commensurate with cost of meat used.

Manistique In Former Days

Fifty Years Ago
Triant Officer Division is attending to every duty required. Arrangements are being made for a skating contest between Miss Troyer, of Sault Ste. Marie, sister of Jim Troyer, the champion back-country skier of the world, and a young lady of this city. The proposed contest to take place at Ekstrom Bros' rink.

When you return from a vigorous skating session or any other outdoor winter sport, you'll find hearty good cheer in a sparkling, zesty glass of Fox De Luxe Beer. And you'll enjoy it all the more because it's a mellow all-grain beer fully aged to flavor perfection. Never too bitter, never too sweet—always delicious, always satisfying.

FOX DE LUXE the beer of balanced flavor

Refreshment after skating
Fox De Luxe Beer Co., Grand Rapids, Mich.

Merrill N. Johnson Promoted To Rank Of Lieut. Colonel

Merrill N. Johnson, 25-year-old son of Mr. and Mrs. G. S. Johnson, of Manistique, has been promoted to the rank of lieutenant colonel in the U. S. Army effective Jan. 10, it has been learned here.

Forty Years Ago

Jesse Randall who has the distinction of being the oldest citizen of the city, being more than eighty-five years of age, is in rapid decline. He has been ill for nearly a year.

Aged Woodsman, 75, Dies Suddenly At Heinz Lumber Camp

James T. LaFevre, 75, of Kenton, who had been employed at Camp Cuieno, north of Shingleton, operated by the Heinz Lumber company, died suddenly early Friday morning shortly after he got up to go to work.

Twenty Years Ago

Miss Tillie Peterson, of Boyne City, Michigan, is in the city to attend the funeral of Edith Anderson held here Wednesday afternoon.

Ten Years Ago

Victor Deemer and P. H. Miles spent Saturday in Sault Ste. Marie.

Edwin Nelson, of Chicago, is visiting in the city with friends and relatives.

Mr. and Mrs. Raymond Ellithorpe have left for Sault Ste. Marie where they will make their future home.

Mrs. Julius Chapman left Sunday evening for Flint where she was called by the serious illness of her daughter, Tess.

Ted Hupfer was a guest of friends and relatives in Sault Ste. Marie over the week-end.

The condition of Mrs. Sam Penney, who recently submitted to an operation at the Sault Ste. Marie Hospital, is reported to be satisfactory.

Regular Meetings of the First Ward of each month, Thursday of each month, 7:30 p. m., at the First Ward. Mrs. W. M. Lydia A. Boucher, W. M. Viola Crawford.

Two Operations in the University Hospital at Ann Arbor

The condition of Mrs. Ed Ekdahl, who is a surgical patient at a hospital in Green Bay, reported to be improved. Mrs. Ekdahl expects to be home in two weeks. Mr. and Mrs. Wilfred Charron left Saturday for their home in Val, South Dakota, after visiting at the home of Mrs. and Mrs. C. A. Cayia.

Waste Plant Food

For every 1,000,000 pounds of corn cobs burned, 15,000,000 pounds of ash or mineral constituents are lost that should have been returned to the soil. Also 10,000 pounds of nitrogen are lost completely.

Mosquitoes Carry Diseases

Mosquitoes act as agents in carrying diseases, such as malaria, from one person to another. It is only the female mosquito who is so annoying to human beings. The mouthparts of the male mosquito are not adapted to sucking blood. He is not attracted to human victims but feeds a pleasant existence in bushes and grass, feeding upon juices of fruits and nectar.

Always welcome

How Well Has General Electric Met These Objectives?

HIGHER WAGES	LOWER PRICES	FAIR PROFITS
Here's how General Electric's increased production and efficiency have affected G-E workers. Average hourly earnings for men, not including overtime pay, have gone up as follows:	G.E. has an obligation to a second group of people—the public. The public wants improved products at fair prices. "More goods for more people at less cost"—G.E.'s goal—is not a part-time assignment. It is a job for management and worker alike if G.E. is to keep growing, keep raising wages, keep making more jobs for more workers.	G.E. during the war earned 4.7% on each dollar of sales. Of this, 4.1% was paid to its more than 300,000 stockholders and the remaining six-tenths of a cent on each dollar was retained in the business to assist in carrying on and expanding its operations. All money earned over this 4.7% was turned back to the U.S. Government. G-E cost-saving methods had made war goods for less money than the Government expected. These dividends have been declared per share of common stock since 1936:
1936..... \$.73 1937..... .81 1938..... .87 1939..... .88 1940..... .88 1941..... .88 1942..... .89 1943..... 1.05 1944..... 1.09 1945 (Sept.)..... 1.09	Refrigerator 1935..... \$188.00 1941..... 129.95 Lamp 1935..... .15 1945..... .10 Transformer 1935..... 78.32 1941..... 68.30 Motor 1935..... 12.80 1941..... 8.50 Radio 1935..... 47.50 1941..... 27.95	1936..... \$1.50 1937..... 2.20 1938..... .90 1939..... 1.40 1940..... 1.84 1941..... 1.78 1942..... 1.48 1943..... 1.40 1944..... 1.40 1945..... 1.88

Overtime pay gone G-E workers more on top of this. G.E. has made jobs for nearly three times as many, 61,700 worked for G.E. since year ago. In 1945 an average of 145,000 had jobs at G.E. and at much higher pay.

GENERAL ELECTRIC'S OBJECTIVE has been to keep prices moving downward, keep wages going up, and to earn a fair profit. This calls for volume production, more efficient work and methods. With the help of every single employee, General Electric believes it can show our country, as it did in wartime, an example of American enterprise at its best.

Dairy Importance In Economic Welfare Of U. P. Discussed

(Continued from page 1) who sell supplies to dairymen. "You take this ten million dollars out of the peninsula's income and the economic effect would be very serious," the speaker said.

profitable, the speaker said, and this can be raised by proper feeding, good herd management, and above all by the weeding out of scrub hifers and cows and the use of pure-bred sires. Buterfat production should average about 300 lbs. per cow to be really profitable, McIntyre said.

Condensed skimmed milk—466,781 lbs. Dried whey and buttermilk—606,314 lbs. Total dairy income—\$10,004,000. Schoolcraft County Total number of cattle—2,562. Number of milking cows—1,415. Total milk sold—6,940,000 lbs. Estimated value—\$442,562. Percent of farm income—27.2.

Mr. and Mrs. Oscar Swanson returned Saturday from Akron, O. where they spent the past month with their son-in-law and daughter, Mr. and Mrs. George Swarc, and their grandchildren. Miss Irene Nelson...

TO OUR DEPOSITORS

The last session of the Legislature amended the Intangible Tax Law. This differs materially from the original act in that the tax on money on deposit is increased to forty cents per thousand, without any deduction whatever. The banks of the State are held responsible for the collection and remittance of the tax. The banks are required to remit the tax to the State. They may either charge it to the depositor's account or assume it themselves. Some will choose the first method and others the second.

The Directors of the two banks in Schoolcraft County have decided to assume and pay the tax and have filed the notice with the State as required by statute. Therefore, when you file your Return, you need make no statement regarding money on deposit in Banks in this county.

The foregoing applies to the tax payable in 1946—as of December 31, 1945. We do not know what the law may be in subsequent years and therefore can make no statement now as to the course then to be followed.

The State Savings Bank The First National Bank

EMERALDS DEFEAT ST. JOSEPH TEAM

Locals Score Easy Victory Over Escanaba Parochial Quintet Friday

Manistique high school's basketball won their first victory of the season over St. Joseph high school of Escanaba Friday evening by a score of 33 to 20. The game was played on the Emeralds' own floor before a sizable crowd of fans.

The game was a fast, cleanly-played contest marred only by a closing minute outburst of temperament which caused the banishment to the sidelines of Milwaukee, Emerald forward, and Roberts, St. Joseph guard, on technical fouls.

The parochials scored first on a free throw, but Manistique soon took the lead which they held throughout the game. Rydquist was high point man for the Emeralds collecting a total of 14 points.

City Manager Going To Lansing Meeting

City Manager Charles D. Manstein is leaving Tuesday for Lansing where he will attend the annual Michigan City Managers' Conference.

Word has been received here that the condition of Miss Helen Heggblom, who has been critically ill, is showing marked improvement.

Robert Murphy, who joined the high school faculty last week following his release from the army, was a member of the junior high school faculty during his previous teaching assignment here and not principal of the Junior High as was stated in last week's Pioneer-Tribune.

NEED FOR PULPWOOD AGAIN CRITICAL HERE

Manistique Pulp And Paper Company Can Use More Rough Poplar, Jackpine

The need for pulpwood is again critical in this area, it was reported Thursday morning by R. G. Hentschell, general manager of the Manistique Pulp and Paper company.

Unfavorable weather conditions and the shortage of labor in the woods, have curtailed cutting operations, it was reported.

The local papermill, since the discontinuance of newspaper manufacture, can use more rough poplar and jackpine pulpwood, Mr. Hentschell said. This is particularly true while the plant is producing nine-point corrugating paper, but no spruce and balsam will be needed when wall paper production starts in the spring.
