

Stanley Newton, of Sault Ste. Marie, who has been enjoying at the hotel weather he was enjoying down on the Gulf of Mexico where the balmy breezes blow constantly from the tropical lands to the south. Although he does not expect to return to his home in Sault Ste. Marie until May, according to his letter, right now he is missing some of the finest spring weather ever seen.

"This is a scenic spot, partly on an hill, and the entire hillside is breaking out with bougainvillea. It will be spectacular when it gets underway."

"Lots of orange trees and palm trees all around our corner. We pick the oranges and the lemons and lemons and pines. They are on the south side, the trees not being gnarled and grinded the way they are in a farber south."

"The sea walls around this town are the most massive thing I have ever seen. I have seen the big tide waves in Florida, but had not one here that washed over half the town and drowned more than 700 people. To prevent event, Jean Grimes, who gave a recurrence, the sea walls have been raised about 30 feet high and a couple of blocks wide, there are also driveways on top, lovely all-weather walkways, and from the sea here now from almost every side."

"You might not believe, it but this is a real summer resort. It is about July and August with people from inland Texas and Oklahoma, who come here to cool off in the Gulf. Some fishing is done here, but most every one comes in with tarpon and snappers. It's a sight to see the municipal fishboats unladen tons of red snappers."

"We lead a lazy life here. Most of the day is naps and afternoon. Sea food is the thing that's fresh out of the brine."

"A month ago, when I first plays still frolicked across the country, we would have envied the most famous summer resort in the world. With a glorious sun shining and a warlike breeze from the sea, we would not trade places with the finest recreational spot in the Southland."

Down near Cedarburg, Wisconsin, the other day a farmer's wife was sitting on the porch and was long and about three inches shorter. Other members of the family were sitting on the porch and the same size and the family was in true dog style, unscrupled as a snare jawbone. An anthropologist from Michigan later on identified the bones as belonging to the historic and long extinct Neanderthal man. The bones were found in Wisconsin. Another proof that this whole world was once one as a whole. One of the stonemasons found here, prehistoric brutes."

Olson Injured Monday
Catches On Clothing

Olson, 75, of Thompson, is being treated at the Shaw hospital for severe burns received in a fire on Monday night. The fire started from a discarded lamp.

Olson had taken his car to do at its meeting Tuesday night and as he was watching the car work on the vehicle he received a blow on the head from a falling object. The fire was caused by a gas leak from the car.

Manistique Voters To Name Two Members To City Council From Field Of Four Monday

Incumbents Seek Re-Election; Former Councilman, Police Chief In Race

Manistique voters will go to the polls Monday to select two members of the city council from a field of four candidates. Seeking reelection to the city's governing body are Louis Tebo, elected in 1942, whose term expires this year, and J. J. McLaughlin, who was appointed to the council June 11, 1946 to fill the unexpired term of Sherman McNeil. Also in the race are William Sellman, former councilman and police chief, and William Berger, former chief of the city police department.

Both positions to be filled are for the full four-year terms. Manistique voters will also elect a justice of the peace to a four-year term at Monday's election. The only candidate to file is W. G. Stephens, who has been justice of the peace for the past 17 years. Voters in the first precinct will go to a new polling place in the city station, because Ward's paint shop on South Mackinac avenue, used for many years as the first precinct, is not available. A new polling place for the precinct is the nearby infirmary building.

Other polling places are: Second precinct—Lincoln school; Third precinct—City hall; Fourth precinct—Landon Chevrolet company showroom.

COUNCIL MEMBERS GET PAY CHECKS

Next Meeting, Following Election, Will Be Reorganization Session

Monday night was pay day for members of the Manistique city council. The council members received their pay checks from the city treasurer, William Berger, former chief of police.

The council members are: Louis Tebo, Mayor; J. J. McLaughlin, Police Chief; William Sellman, Councilman; and William Berger, Councilman.

The council meeting was held at the city hall. The council members received their pay checks from the city treasurer, William Berger, former chief of police.

MARRIAGE ANNOUNCED

Announcement has been made here of the marriage in the North Adams, Mich., of Mrs. Luella Stephens, of Jackson, and Paul Herman, of North Adams. Mrs. Stephens is a former ill. resident of Manistique.

Chamber Will Ask Manistique Residents To Take In Tourists

In an effort to relieve a predicted lack of accommodations for tourists this summer, the board of directors of the Chamber-Schoolcraft chamber of commerce decided to ask Manistique residents to take in tourists.

The chamber of commerce is asking residents to convert their homes into tourist rooms. The chamber is offering a public service to tourists who are visiting Manistique.

The chamber is offering a public service to tourists who are visiting Manistique. The chamber is offering a public service to tourists who are visiting Manistique.

TRIANGLE PARK BUILDING WILL OPEN MAY 15

Information Service May Extend Through Hunting Season Next Fall

Manistique's information building in Triangle park will be open this year, starting May 15 and extending possibly through the hunting season next fall, according to action taken by the city council Monday night.

The council approved an agreement with the Manistique-Schoolcraft chamber of commerce whereby the building will take charge of the information service through the deer season.

The chamber will assume responsibility for advertising the interior of the building while it will take care of the grounds and provide police service for opening the building at 7 o'clock in the morning and locking it at 9:30 o'clock in the evening.

At its meeting Tuesday night the chamber accepted the council's offer to advertise the building and employ the service of an office to take charge of the information service.

UNION ORGANIZED AT HANDLE PLANT

Northwoods Employees Vote Affiliation With American Federation

Employees of the Northwoods Manufacturing company, who returned to work Monday morning, ending a four-day strike, voted by a wage dispute, have voted to affiliate with the International Brotherhood of Shipbuilders and Boatworkers, AFL. It was revealed this week.

Total of 24 of the company's 30 employees voted for the union affiliation. Temporary officers are: General Secretary, Leonard J. Gauthier, and Clifford Gauthier, committeeman. Albert W. Leach, secretary, and representative of the union.

NEW CONSTRUCTION PLANS REVEALED

Two More Building Permits Granted By City Council Monday Night

Additional plans for new construction in Manistique were revealed at the regular meeting of the Manistique city council Monday night.

Two building permits were granted, one to the Manistique Chamber and one to Homer LaFolle.

In his application for a permit C. J. Jansen, proprietor of the Manistique Chamber, stated that he planned the construction of a 10-foot by 24-foot addition to the rear of his present building on Oak street. The addition would be built of fire-resisting material and will be used for new equipment.

Mr. LaFolle plans an addition on the rear of his building on 4th street. He desires to eliminate the existing roller rink and to build a roller rink, a storage room, a furnace space, and toilet facilities.

Red Cross Drive Is Underway

Response So Far Favorable, Charles D. Manson, Chairman, Reports

Schoolcraft county's 1946 Red Cross campaign, which opened Monday, is making good progress, it was reported today by Charles D. Manson, chairman.

Several contributions from local industrial concerns and downtown business establishments have been received, and a complete canvass of the residential area in the city is being conducted through the schools with township supervision as chairman under the leadership of Mrs. Adela Watson, county school commissioner.

Ira Crawford and Norman Martin are co-chairmen of the solicitation in the city's business district. They are being assisted by the following: Ed. Tyrrel, Ernest Burkes, C. E. Leonard, Hugh Grimley, Alvin Nelson, Thomas (Grimsby) and Miss Helen McLaughlin.

ROTARIANS TO MEET AT UNIVERSITY HEAR

Professor Of Landscape Architecture At Michigan Coming Here Monday

Members of the Manistique Rotary club will hear Harlow O. Whittemore, professor of landscape architecture and director of Michigan in a talk entitled "Community Planning," at their regular luncheon meeting held Tuesday at the Elks.

Professor Whittemore, who is chairman of the Department of Landscape Architecture and director of the Nichols Arboretum at the University, has been invited to give a talk to the Manistique Rotary club.

STAMBAUGH TEACHER IS CLUB SPEAKER

Dorothy Simonson McQuown To Talk To Manistique Women's Club

Dorothy Simonson McQuown, a teacher at Sambaugh public school, will speak to the Manistique Women's club next Tuesday afternoon. Her talk will be "Glass, Old and New."

McQuown's talk will be a display of antique glass and also modern patterns. Women's club members are invited to attend the display.

The program committee will be at the Lakeside school Tuesday morning. Both men and women are invited to attend the display.

285 Employees Of Inland Lime And Stone Company Strike In Wage Dispute

William Rodmans' Granddaughter Is Accident Victim

Barbara Jean Junky, four-year-old daughter of Mr. and Mrs. Morris Jenkins, of Detroit, who was killed by a truck on Thursday, was the granddaughter of Mr. and Mrs. William Rodman, Manistique township. The child's mother is the former Barbara Rodman.

The child was strangled by a knot she had made out her neck before throwing the load onto the truck. Her body was discovered by her brother, Lawrence, 12.

Mrs. Rodman, William Rodman, Jr., and Miss Linda Schultz attended the funeral service, which was held Monday in Detroit.

Circuit Court Will Convene Here April 8

Five Cases On Criminal Calendar; Robare Motion To Be Heard Again

Five criminal cases are scheduled for review by Circuit Judge Herbert W. Annels when the April term of circuit court convenes here Monday, April 8, according to the court calendar announced today by C. Leslie Boush, county clerk.

Three civil suits, four divorces and the annual Schoolcraft county tax sale are also on the docket.

Man Who Beat Son Gets Out Of Jail

Charles E. Lewis, Manistique townships, charged with the murder of his son, was released from jail Monday.

Lewis was charged with the murder of his son, Charles E. Lewis, Jr., who was killed in a car accident on Monday.

Man Who Beat Son Gets Out Of Jail

Charles E. Lewis, Manistique townships, charged with the murder of his son, was released from jail Monday.

Lewis was charged with the murder of his son, Charles E. Lewis, Jr., who was killed in a car accident on Monday.

Deadlocked with management over wage demands and other items in the negotiation of a new contract, approximately 285 employees of the Inland Lime and Stone company went on strike at 10 a. m. Wednesday morning, shutting down operations at the company's plant at Port Inland, 26 miles east of Manistique.

The strike, first in the 16-year history of Inland's operations here, was ordered Sunday by a union vote of 126 to 22 after the negotiation of the Inland Lime and Stone Workers Local 377, had rejected the offer of a new contract.

Foremen, maintenance men, the warehouseman and members of the union have been meeting with the union. Picketing is not in progress except for a few men who are on the picket line. Other workers are within call.

Reviews Wage Matter

According to A. J. Cagin, vice president and general manager of the company, the strike has been in progress since Saturday. He reviews the history of the company union wage negotiations.

Five Cases On Criminal Calendar; Robare Motion To Be Heard Again

Five criminal cases are scheduled for review by Circuit Judge Herbert W. Annels when the April term of circuit court convenes here Monday, April 8, according to the court calendar announced today by C. Leslie Boush, county clerk.

Three civil suits, four divorces and the annual Schoolcraft county tax sale are also on the docket.

George B. Schermhorn's platform of saving the depressed taxpayers \$33,000,000 or so a year in sales taxes will be of particular interest to Michigan school parents.

We refer to the Reading industrialist's current bid for votes as an avowed candidate for governor of Michigan on the Democratic ticket.

Schermhorn would reduce the sales tax from 3 to 2 cents. Now this would kip off millions in taxes.

Regular Meetings the First Saturday of each month. Visiting stars welcome.

Lynia A. Bonaschor, W. M. Viola Crawford, Secretary

It also would automatically hasten the coming crisis which looms for Michigan public schools, whose state aid was increased by the 1946 state legislature from \$50,000,000 to \$20,000,000 for each in a year as "backhome" pay.

Let's take a quick look at the facts.

According to the Michigan Educational association, Michigan schools need \$73,602,505 state aid—\$17,000,000 more than they have been receiving.

The legislature countered with a raise of \$2,200,000, all of which must be spent to adjust salaries—about \$70 per year for teachers and janitors.

It must be said frankly that the school teacher, like the average white collar worker during the war, received probably the least salary adjustment. No overtime beyond 40 hours. No double time either. And prices have been climbing steadily.

The average city or village school system in Michigan pays a minimum of \$1,700, an average of \$1,800 to its teachers for ten months of teaching. The maximum earnings a year will average \$2,050.

Rural teachers get a minimum of \$1,125, an average of \$1,285, and

a maximum of \$1,655. Withholding tax and retirement fees reduce these salaries to lesser amounts.

For example, the rural teacher who earns \$1,400 has only \$1,160 left after taxes.

Quoting more facts as couched for by the MEA: "Minimum salaries paid in cities and villages, in elementary, junior high, and high school breakdown are as follows: elementary, \$1,600; junior high, \$1,700; high school, \$1,800.

"Average salaries paid in elementary schools are \$1,700; junior high schools \$1,800, and high schools \$2,000.

"Highest salaries paid are: in elementary schools, \$1,875; in junior high schools, \$2,000; in high schools, \$2,200.

Teachers leaving positions. "An average of 14 per cent of teachers in city and village systems are expected to leave their jobs at the end of the present school year. The schools that gave estimates reported that probably 2,096 teachers out of 14,288 would leave, with the larger opportunities in business and industry largely responsible.

"Other reasons for retirements from teaching include marriage, husbands returning from military service, termination of the actual period, and dissatisfaction with the heavy work load or with living or working conditions.

"Of the city and village schools reporting, 25 per cent said they thought they would be able to fill vacancies next year; 31 per cent said they would not be able to fill vacancies next year, and 46 per cent were 'doubtful'.

Other financial needs. "Foremost among the factors affecting city and village schools financially are the following: need for new buildings and additional space generally, repairs, too low assessments locally, no Lanham act money this year, increased cost of supplies and equipment, competition with city or county for funds, serious teacher overloads.

"Many services regarded essential to a well-rounded school system have been dropped for lack of funds for teachers and supplies. Included among them are music, shop, physical education, art, home economics, commercial, library, hot lunch program, agriculture, dramatics, visual education, speech and languages.

"Sixty per cent of the schools stated that some substitutes are available, although most of them said the situation is critical. Forty per cent said no more substitutes are available.

Teachers returning. "Of 543 former teachers who were in military service, 322 have returned to teaching. Of 256 former teachers who were employed in business or industry, 101 have returned to teaching. A total of 228 schools stated that no former teachers in military service returned to teaching while 319 schools reported that no former teachers who had entered business or industry returned to teaching.

"Schools reported they would have to pay from \$50 to \$300 or \$400 more for new teachers next year. The average that schools expected to pay for teachers to fill vacancies next year was \$184 more than was paid this year.

Pupil-teacher ratios. Among city

Your Red Cross volunteers over the comfort of hospital patients and service people everywhere. Help out its 1946 First Campaign over Generously!

and village schools, elementary pupil-teacher loads had increased for 263 districts, or 64 per cent of the schools reporting. In 43 districts, or 10 per cent, loads had decreased; loads were about the same in 108 or 26 per cent. For junior high schools, loads had increased in 155, or 52 per cent of those reporting; in 21, or 9 per cent, loads had decreased; in 116,

or 39 per cent, loads were about the same. Among high schools reporting, increased loads were shown in 168, or 45 per cent; an almost identical number reported loads about the same, while 37, or 10 per cent, reported loads decreased.

"Out of 439 schools reporting on estimated deficits or balances at the close of this school year, 242, or 55 per cent, expected to have a balance (although in virtually all cases a decreased balance) and 197, or 45 per cent, expected to end the year with a deficit."

As we appraise the needs of the Michigan public schools, we can't help wonder about the validity of a political slogan, "Reduce the state sales tax by one-third," as currently sponsored by the Reading industrialist.

How should Michigan meet the serious financial needs of its public schools? Who is going to pay the bill, anyway? You can't have your cake and eat it, too.

As we see it, the state legislature

acted wisely to take care of the state's primary needs—public schools, colleges and hospitals—as well as provide for assistance to Michigan's returning war veterans.

To talk about reducing the state sales tax in the face of such reality, without first suggesting adequate substitute revenue, won't make much sense to Michigan school parents. And probably to some other folks, too.

In the forests lies our economic future. Destroy them and you destroy one of America's greatest assets. Keep your woodlands green and productive by preventing forest fires.

Funeral services for Mrs. James C. Cowman, 74, who passed away at her home, 621 Manistique avenue, last Thursday, were held Sunday afternoon at 2:30 o'clock at the Norton funeral home, the Rev. D. A. MacPhee officiating. Interment was in Lakeview cemetery.

Mrs. Cowman was born Lillie Boltz in Lebanon, Pa., on Dec. 27, 1871, and came to Thompson 66 years ago. She moved to Manistique in 1900 and was married here to Mr. Cowman in 1904.

She attended the First Methodist church. Survivors are her husband, two daughters, Mrs. Lillie McNamara of Manistique, and Mrs. Esther Robeau, of Detroit; and two sons, Paul C. Cowman and Clarence J. Cowman, both of this city. Also surviving are three brothers, Charles Boltz, of Nuhna; Henry Boltz of Lake Geneva, Wis.; and Robert Boltz, of this city; and eleven grandchildren.

Funeral services were E. T. Kiar, Pallbearers were E. T. Kiar, Vern Johnson, Nels Halsey, Hening Mattson, Oscar Nelson and Otto Hood.

LINDEROTH GRAND OPENING ON SATURDAY

Plan Special Program For Entire Day

Demonstrations And Motion Pictures To Be Feature; Lunch At Noon

Walter P. Linderoth's new business building on Dear street will have its grand opening Saturday, March 30. It was announced this week. The grand opening program will commence in the forenoon and

continue throughout the day into Saturday evening. Demonstrations of farm machinery in operation, and an electrical welding demonstration by a factory plant are scheduled. The electrical machine demonstration will be held Saturday evening. A light lunch and coffee will be served at noon.

An invitation to the people of Schoolcraft county and surrounding territory to attend the grand opening program is included in this issue.

Two Buildings Opening

Two new business buildings are involved in the grand opening program. The first is the new potato warehouse, construction on which was started late last summer and which was completed in December. The other is the new

front building housing the office, display and parts department, which was finished this week with the installation of fluorescent lights.

The potato warehouse measures 10 feet by 75 feet in size, and it has 16-foot walls and a curved roof. Its walls are built of double cement blocks to insure more even temperatures within. The warehouse has a capacity of 20,000 bushels of potatoes. It is heated by controlled steam heat from a central heating plant. Modine blowers being utilized to distribute the heat evenly throughout the interior space.

"Because of its construction we can maintain proper heat for potatoes in the warehouse regardless of outside temperature," Mr. Linderoth said.

Plans to build the potato warehouse were made months before the war ended, but inability to obtain necessary materials delayed work. Construction, however, was started August 27, 1915, shortly after cessation of hostilities in Japan.

The potato warehouse was completed in December, but ground was broken for the other building across the street from his business place. He proposes to use this space for outdoor display purposes. He also owns and operates a modern potato farm at Cooks.

He crewed a group of eight persons, including himself and his farm manager.

TIPS FOR FARMERS

By JOSEPH L. HEIRMAN
County Agricultural Agent

How 2, 4-D Works

Since the new weed killer 2, 4-D has been placed on the market there has been some argument as to just how it works, in other words, just how it kills the weeds. The weed killer 2, 4-D doesn't kill by caustic action as do most of the more common weed killers when they come in contact with the foliage and other plant parts. Instead, 2,4-D kills by disturbing the growth processes. Starch that is normally present in stems and roots disappears after 2, 4-D is applied. The starch, it is believed, changes to sugars. The pollen grains in the flowers of such plants as bindweed become shrunken and destroyed. This means that development of seeds is stopped.

Another important step in preventing the spread of weeds . . . improvements as soon as materials are available. These include the installation of an intercommunication system with a loudspeaker and spraying weeds that cause the installation of a modernistic front.

Another building remains to be built in the rear of the present office, parts and display building. This will be about the size of the potato warehouse and will be used for a modern repair and service shop. A temporary shop has been opened in the potato warehouse until the new shop building is constructed.

In addition to his new buildings, Mr. Linderoth also owns a lot control work.

WE JOIN IN CONGRATULATING WALTER P. LINDEROTH

—on the completion and grand opening of his modern business block.

Such an undertaking requires courage and faith in Manistique's future. And it is as a result of such constructive vision that communities grow and prosper.

FARM EQUIPMENT BUSINESS GROWTH RAPID

LINDEROTH PLANNING FURTHER EXPANSION

Site Of Deer Street Establishment Purchased Only Seven Years Ago

In less than seven years Walter P. Linderoth has built one of the most successful farm equipment businesses in this area.

Back in 1939 he was employed by the Manistique Pulp and Paper company where he had worked for 15 years after leaving school. Toward the end of his employment there he engaged in the business of buying and selling potatoes and blueberries as a side-line.

His experience with farmers taught him that there was a bright agricultural future for Schoolcraft county, particularly in potatoes and dairying. Accordingly, he quit his job in 1939 and in August of that year he bought the Voisine business and building on Deer street, opposite Weston avenue. Eli Voisine had engaged in the farm equipment business here for several years, and the deal included all of his stock of parts and supplies.

Shortly after acquiring his new business, Mr. Linderoth acquired the sales and service franchise for John Deere farm equipment. Under his direction the business grew rapidly, and in a few years he saw where he would have to expand if he wished to remain in the farm equipment field.

Plans for a new potato warehouse and other service buildings to replace the old frame structure occupied were drawn, but construction work had to wait until the war was over. The war with Japan was over about a week

when a crew was put to work breaking ground for the potato warehouse. Construction proceeded rapidly thereafter, and both the potato warehouse and the large front building housing the office, display room and parts departments are now completed and ready for public inspection.

With a crew of eight persons including himself and manager of his 300-acre farm at Cooks, Mr. Linderoth handles approximately 100,000 bushels of potatoes and 7,000 crates of blueberries annually, in addition to his extensive farm equipment sales and servicing.

Plans Further Expansion Mr. Linderoth's faith in the future of Manistique and Schoolcraft county is reflected not alone in his present investment in modern buildings, but other enlargement plans he has for the future. These include the construction of another building opposite the potato warehouse to house a modern repair and service shop, and a home building program now being prepared.

"I believe there is a great future for agriculture in Schoolcraft county, particularly in potato production and dairying. And if the farmers are successful, the people of Manistique will benefit, and we should do everything within our power to help them," he said.

Mr. Linderoth is married and is the father of two sons, ages seven and 13.

Patrol Boat Ready For 1946 Season

Patrol No. 1, the conservation department's 75-foot diesel-powered craft that helps officers to keep an eye on Great Lakes commercial fishermen, is being readied for the 1946 season.

Outfitting at Holland, the craft returns to service soon. It was rebuilt during the winter of 1944-45.

Potato Growers Urged To Order Certified Seed

Schoolcraft county potato growers are urged to place their orders for certified seed immediately. Joseph L. Heimman, county agricultural agent, reports the supply of most varieties is quite limited. Approximately 750 bushels of certified seed have already been sold with the county, sales being made in small lots to growers who are replacing old tablestock seed with the certified seed to combat ring rot. Others are advised to follow a similar procedure.

Certified seed potato varieties now available include: Russet Rural, Chippewa, Sebago and

Menominee. In discussing the various varieties, Moore points briefly to these facts:

Russet Rural—One of most popular late varieties. Most growers succeed with it better than new varieties.

Chippewa—A medium-early potato that seems to replace the Irish Cobbler; is forcing ahead in Michigan.

Sebago—A good late producing white-skinned potato.

Menominee—Especially recommended as seed resistant, also late blight resistant. Worth a good test.

Growers will be furnished with sources of certified seed at Heimman's office if they need assistance.

Forest fires cheat your children of their birthright—the ever green Rural, Chippewa, Sebago and Menominee.

Program And Sale At Bethel Baptist Church On Friday

The Mission Circle of the Bethel Baptist church will hold an agron and fancy work sale in the church Friday evening, March 29, starting at 7:45 o'clock.

The following program will precede the sale:

Vocal numbers—Bethel Baptist choir.

Musical saw number—Leonard Larson.

Vocal duet—The Misses Ruth Johnson and Ruth Sandberg. Accordion number—Harry Bruhn. Short talk—Mrs. Harold Martinson. The public is invited to be present.

Mrs. N. H. Modders and children, Nickie and Mary Ellen, of Wakefield, arrived Friday for a stay with Mrs. Modders' mother, Mrs. John Modders, of Givria, Lake street.

Mrs. Frank Z. Gorsche, North main, returned to Wakefield Sunday.

Released by U. S. War Department, Bureau of Public Relations.

THE CHEMICAL WARFARE ASSOCIATION—organized in Washington, D. C., to further scientific research and development in the chemical field as well as to promote industrial progress, has thrown open its doors to any citizen interested in national defense. It will publish the Chemical Warfare Journal which will contain news of peacetime developments in related industry. The association, a non-profit organization, will maintain close contact with the various industries within its membership. Its officers (above) left to right—Maj. Gen. Aiden H. Waitt, chief of the U. S. Chemical Warfare Service, honorary president; Col. Ludlow King, Washington, D. C., vice-president; Capt. Joseph Schweiner, former Connecticut newspaperman, secretary-treasurer; Col. Herbert K. Bear, Philadelphia, president; T/Sgt. K. Fred Pittt, Chevy Chase, Md., recently discharged from CWS Biological Warfare Center, a director.

Miss Charlotte Merwin spent the week end with friends in Appleton, Wis.

Miss Aurelia Wackter has left for Chicago where she has accepted a position at the Cook County School for Nursing following a three months' stay at the home of her brother-in-law and sister, Mr. and Mrs. Frank Solizny.

A. O. Dravdahl and Volney Temple, of South Ste. Marie, visited in Manistique Sunday. Mrs. Dravdahl, who accompanied them, returned Wednesday to the Soo following a visit here with her mother, Mrs. J. A. Baker, and with her son and daughter-in-law, Mr. Norman Jahn and son, Norman, Jr., Kenny Smith and Jack Will, who were in South Ste. Marie Sunday to attend a hockey game.

Mr. and Mrs. William Morden

have named their infant son, Michael Lee. The baby, weighing seven pounds and 11 ounces, was born March 19 at the Shaw hospital.

"See the first Wisconsin showing of hundreds of new sporting equipment items developed during the war. See the \$250,000 exhibit of fishing tackle, hunting gear, sports clothes, boats, motors and airplanes, etc., at the Sentinel Sports and Vacation Show, Milwaukee Auditorium, March 29 to April 7, 90 minute stage and tank show daily at 3:00 and 8:30 p. m. Don't miss it!"—Adv.

Local Man Breaks Hip in Fall Monday at Lumber Camp

Albert Foye, 209 Pearl street, received a fractured hip when he fell off a box at the Foye lumber camp on the Barque Point road west of Thompson Monday afternoon.

Foye was taken to the Shaw hospital for treatment, but had to be moved to St. Luke's hospital in Marquette because facilities at the local hospital were already overtaxed.

Business Shrinkage—Following the last war, the birth rate of new business enterprises jumped rapidly to an all-time high of 68,000 in 1923, but thereafter kept just ahead of the failure rate until 1928. In the latter year, business births were 43,000 but deaths were 43,000, and by 1941, the number of going concerns in existence had dropped back to the number we had in 1928. During the war years there has, of course, been a further substantial shrinkage.

Palm Wine—Fermented palm wine is often used as a yeast substitute for bread making in Liberia.

HEWITT GROCERY COMPANY

Brewer Grain Quota Is Cut 30 Per Cent

The Secretary of Agriculture announced the amended War Food Control Act cutting all brewer's grain quota 30 percent. The new quota will be in effect for the next three months. The quota for each month will be commensurate with the amount of grain that a test beer will make while the restricted quota is in effect.

THIS IS WHY You Can't Always Get All THE Bosch Gold Medal BEER You Want

When Uncle Sam says 30% less brewers' grain than last year — naturally, we must comply and that means a significant curtailment in the output of Bosch Beer.

We sincerely regret this temporary inconvenience to our many customers and friends but "orders is orders" and we hope you will bear with us.

In the meantime, rest assured that there will be no sacrifice whatsoever in quality — and that we will do everything in our power to see that everyone gets a fair share until restrictions are lifted.

An effort to obtain more overnight accommodations for tourists during the coming season is being launched by the Manistique-Schoolcraft chamber of commerce.

APPEASEMENT IS FATAL

So Russia walked out of the UNO meeting Wednesday. Sounds ominously similar to those days several years ago when Japan, Germany and Italy marched out of the League of Nations in huff.

OFFICIAL PROCEEDINGS OF THE MANISTIQUE CITY COUNCIL

Manistique, Michigan March 11th, 1946. A regular meeting of the City Council was held at the City Hall, March 11, 1946. The following members were present: Councilmen Burns, Heitman, McLaughlin, Richards and Tebo. Absent: None.

From where I sit... by Joe Marsh. Ben Ryder and the Wanderlust. During the war, Ben Ryder talked about the trips he'd take when gasoline rationing was ended.

Cummings has deposited the sum of \$74.40 as a payment in advance on the cost of said project. THEREFORE, BE IT RESOLVED that the city assessor be and he is hereby directed to prepare a special assessment roll of the above-described properties...

MICHIGAN AND THE OLD NORTHWEST. QUEBEC... In 1698 Upper Lakes posts were evacuated. Cadillac went to Quebec. Fearing Cadillac at Detroit would speed his run, Jesuits opposed him.

FARM LAND SURVEY TO BE MADE HERE. Information Sought By Michigan State And Department Of Agriculture. "Farmers in this county will have a chance to help provide essential information, needed by the state agricultural colleges and the U. S. Department of Agriculture...

APPOINT ADMINISTRATOR. State of Michigan, The Probate Court for the County of Schoolcraft. At a session of said court, held at the Probate Office, in the City of Manistique in said county, on the 26th day of March A. D. 1946.

APPOINT ADMINISTRATOR. State of Michigan, The Probate Court for the County of Schoolcraft. At a session of said court, held at the Probate Office, in the City of Manistique in said county, on the 23rd day of March A. D. 1946.

HAVE YOU a Room you can rent this summer to Tourists? Manistique-Schoolcraft Chamber of Commerce. The need for additional tourist rooms this season is urgent. If you have a spare room—you can make yourself extra cash and also do a service for your community by MAKING IT AVAILABLE for tourists this season.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Waters, who was re- discharged from the air force, was enrolled at the University of Michigan. A captain in the navy weather unit, Waters served over two years in the European theater.

Robert J. Schneider, S 1/c, has returned to his home, 117 South Fourth street, following his discharge from the navy at Great Lakes, Ill.

Herbert William Heminger, S 1/c, son of Mrs. Francis Heminger, Marinette, arrived home last Thursday from Great Lakes, Ill., where he received his discharge following 27 months' service, 15 months of which he spent in the South Pacific. Following a visit in Marinette he will spend some time with relatives in Saginaw. Hemingers are former Manistique residents.

Corp. Eugene Carlson, who recently received his discharge from the army air force at Camp McCoy, has arrived for an indefinite stay with his parents, Mr. and Mrs. Victor Carlson, Manistique.

Vets' Counselor Explains Proper Use Of Form 1950

Considerable confusion exists relative to Veterans' Administration Form 1950, according to Leonard Mulhaupt, veterans' counselor. "First in importance veterans should know this: a 1950 may be filed as soon as a veteran is separated from service. It is not necessary to indicate on the form the name of a school or training institution." He explained further:

"The certificate of Eligibility and Entitlement, (Form 1950) issued by the Veterans' Administration, as a result of the filing of Form 1950 by a veteran, may be used to establish the right of entry into college, university, veterans' institute or any apprenticeship or on-the-job training course, which may be decided upon later by the veteran.

"The prompt filing of Form 1950 will expedite the processing of the Certificate of Eligibility and Entitlement, (Form 1950) for a course of education or training or as a refresher or re-training course under Title II of Public Law 245. It is to be directed to the Veterans' Administration, Dearborn, Michigan, or it may be submitted to any contact office of the Veterans' Administration, and it will be forwarded by that office to Dearborn. Copies of the application form are available through the local veterans' counseling centers.

Help Available

"The application is not difficult to fill out, but if help is desired in some instances, a veteran should ask for help from the veterans' counselor. There are certain documents that should accompany Form 1950. First, is a certified copy or certified photostatic copy of the honorable discharge. Never send the original copy of the discharge with the application, the certified copy is sufficient. If a premises is still a dependent, a certified copy of the marriage certificate is sent; if a veteran with a dependent wishes to establish a claim for a dependent child, a certified copy of the birth certificate is required. Veterans with dependents are causing themselves needless delay in establishing claims for the \$60.00 subsistence

Plan Girl Scout Day Camp In July At Trailer Park

Plans are underway for Girl Scout day camp to be held at the Trailer Park during the month of July. It was announced this week.

The camp will be conducted two weeks for Brownies and two weeks for Scouts. Directing the program will be Mrs. Walter Hampton, who has had a wide experience in various phases of camp work.

The day camp committee of the local Girl Scout council is composed of Mrs. Kenneth Van Eysel, chairman, Mrs. George Schwolker, Mrs. Max Osterhout, Mrs. L. J. McLaughlin, Mrs. H. P. Tringer and Mrs. A. F. Hall.

Quarantine Taken Off Five Diseases By State Council

Quarantine regulations have been removed from five communicable diseases by unanimous vote of the Michigan State Council of Health last week, the Alge-Schoolcraft health unit announces.

If the patient is isolated, no quarantine will be enforced on members of the household for scarlet fever, meningococcal meningitis, polio, measles and chickenpox.

The change goes into immediate effect. Quarantine will be required only for smallpox and diphtheria.

The council also included streptococcal infections of the nose or throat under the regulations governing scarlet fever, the local health unit was informed. "This infection may result in streptococcal sore throat in one patient and scarlet fever in another," Dr. William DeKline, state commissioner of health, said.

"Omitting quarantine does not mean that we consider these five diseases any less serious than in the past," the state health head declared. "It is only that in the light of present day scientific knowledge we see nothing gained by quarantining households for these diseases."

The council defines isolation as "the separation of a person suffering from a communicable disease . . . from other persons" and defines quarantine as "the prohibition of persons, animals or things entering or leaving the premises . . ."

The same precautions will still be required for isolating the patient having any of these diseases, deceased wife wishes to establish a claim for a dependent child, a certified copy of the birth certificate is required. Veterans with dependents are causing themselves needless delay in establishing claims for the \$60.00 subsistence

THE OLD JUDGE SAYS . . .

GEORGE: "Yes, I certainly would like to hear why you call that an old fashioned idea, Judge."

OLD JUDGE: "Glad to tell you, George. Until recently, a person known as an alcoholic was generally treated as a social outcast. Little if anything was done to understand him or help him. But, during the past few years, medical research and study has developed that alcoholics are really sick people . . . that there is usually a deep-seated physical, social or emotional reason behind their behavior. That's why today so much is being done to help them by finding out and correcting the condition that leads them to excess."

GEORGE: "How many folks are there like that, Judge?"

OLD JUDGE: "Well, according to scientific research, 95% of the people who drink, drink sensibly, 5% do so unwisely, at times. Included in that 5% is the small percentage of the sick people I'm talking about."

GEORGE: "That certainly gives me a clearer picture. It's the most sensible approach I've ever heard on the subject."

A full College Course for you WITH EXPENSES PAID

Here's important news for young men 18 and over (17 with parents' consent). Under the GI Bill of Rights, if you enlist in the U. S. Army before October 6, 1946, for 3 years, upon your discharge you will be entitled to 48 months of college, trade or business school education. Tuition up to \$500 per ordinary school year will be paid. And you will receive \$65 monthly living allowance—\$90 if you are married. Get the facts at your nearest U. S. Army Recruiting Station.

POST OFFICE BUILDING, MANISTIQUE, MICHIGAN

THE TRUTH ABOUT HOME BUILDING in 1946

It's time Veterans and all citizens were told the Truth about the Home Building situation.

The main bottleneck to home construction is production of materials and equipment.

No legislation, Presidential announcement, government control plan, or system can produce a single additional home until production of materials is speeded up.

Lumber Dealers and the Building Industry are eager to build homes for veterans and all citizens who need them. The reason few homes are being built is because materials are not being produced.

WHY?

1. Governed by OPA's war-time pricing formulas, it is still more profitable for lumber mills to make items for export—and the items formerly required for war use, than it is to make lumber usable in Home Construction.
2. OPA's war-time pricing formulas are still keeping thousands of small mills out of production.
3. OPA's enforcement policies have allowed the creation of a large black market in lumber which is moving outside of regular channels of trade.

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

When you continue to spend more than you make and . . .

Keep on borrowing to make up the difference!

You know too, that a big chunk of every dollar you earn and every dollar you spend goes to pay the cost of government.

That's why it's important for you to take a good look at the way the government spends your dollars.

Government should begin now to live within its means

During the war government necessarily spent huge sums of money. Yet, with the war over, the government plans to spend four times as much in the coming year as it spent in the highest pre-war year.

Most thoughtful people believe that government expenditures are now far greater than they need be.

They believe that government, like a family, should live within its means . . . that it should not spend more than it takes in . . . that it should not keep on going deeper into debt.

Yet that is exactly what's happening today. Our government is spending billions more than it takes in. And it continues to borrow to make up the difference.

This is the kind of money-handling that causes inflation.

Economy in government means money in your pocket

If the American people—through Congress—will reduce government spending and take steps to encourage production, inflation will be stopped . . . and this is the only way it can be stopped.

Write your representatives in Congress today.

Urge them to cut the cost of government, eliminating all waste . . . all unnecessary services . . . and postponing all expenditures that can be put off until our war bills have been paid.

Urge them to make the government start living within its means . . . at a level that you and your neighbors can afford to pay.

You'll see the results soon in the cost of everything that you buy . . . food, clothing and everything else. And you'll be doing your country a real service.

YOUR DOLLARS . . . a reward to the National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y., will bring you copy of this informative booklet on government spending—a subject which is all-important to you.

Denny's Will Have Opening Next Sunday

Denny's Restaurant, which opened for business last Sunday, will have its Grand Opening on Sunday, March 31. It was announced this week by Gordon Denny, owner.

ating the interior and installing the various items of restaurant equipment.

The walls of the dining room have been painted a light yellow above a new wainscoting of light blue marlite. The ceiling was covered and the beams between the ceiling recesses have been finished in wavy lines. A new floor covering of rubber tile has been laid, and all interior doors also have been finished in light blue marlite. A new counter built in the shape of a double horse-shoe has been installed. It also is finished in light blue marlite, but the top has been covered with light tan formica which is resistant to cigarette burns. Tables also have been finished with formica tops.

Private Dining Room The remodeling work also involved the building of three restrooms for the convenience of employees only, and the arrangement of kitchen space. A private dining room also has been provided on the second floor to be known as "The Blue Room," but it is not quite finished. A dumb waiter has been constructed for carrying the private dining hall. The building is being finished by an extensive arrangement of mechanical equipment.

be installed as soon as it arrives, Mr. Denny said.

Mr. Denny first entered the restaurant business on February 1, 1937, in the building on Oak street now occupied by Schukring's Refrigeration Service. He operated there until February, 1942, when he entered military service. When he left for the army, Mr. Denny placed a sign across the front of his restaurant inscribed as follows: "Closed until after Hitler's funeral."

In June, 1945, Hitler having been thoroughly put away, Mr. Denny returned to Manistique on discharge and immediately purchased the Gero building for restaurant purposes. During the summer and fall of last year a great deal of the remodeling and redecoration work in the building was done.

are not entitled to a like settlement.

"Our contract with the company was terminated last fall. Since then an honest attempt at negotiating a new contract has been made by the local. Most of the demands have been scaled down by the men in an earnest effort to settle the matter. The climax was reached recently when a 2 1/2 cent per hour offer (above the current 12 1/2 cent offer) was tentatively agreed to by the company. In all probability the men would have accepted the 15 cent increase and no strike would have ensued. However, the offer was withdrawn by the management on the following day—no reason given.

Bus Trips Cited "Many people do not realize that Inland Lime & Stone Co. employees must spend from one and one-half to two hours, each day, riding the buses to and from Port Inland. This in addition to their regular work day of eight hours. No pay is received for those hours on the buses but we do pay a charge of 15 cents per day to ride the buses. Now 15 cents isn't a great deal of money for such a long ride, but it adds up over a long period of time just about 3 cents per hour less in take-home pay. Many firms transport their employees on a free

basis where workers are required to travel such distances to the manufacturing site.

"Based on the reports of various fact-finding boards and in view of the widely accepted national pattern of 18 1/2 cents per hour increase in settling disputes throughout the industry we are firm in our belief that our demand is just and that the local's position in the matter has been wholly one of fairness and co-operation."

Escanaba Motorist Pays Fine Here For Drunken Driving

John Parins, Escanaba junk dealer, pleaded guilty in justice court here Saturday to a charge of driving a motor vehicle while under the influence of intoxicating liquor and was fined \$50 and \$5 costs.

Parins was arrested Friday night on Chippewa avenue by state and local police.

INSTALL VFW POST OFFICERS TUESDAY

Women's Auxiliary Will Be Organized At Installation Meeting

Installation of new officers of Schoolcraft County Post No. 4420, Veterans of Foreign Wars, will be held Tuesday evening, April 2, at the Knights of Columbus hall, E. J. Kallio, district senior vice commander, of Escanaba, will be the installing officer.

The new officers of the post are Albert Ackerman, commander; Donald MacLean, senior vice commander; Burton Jones, junior vice commander; Everett Anderson, quartermaster; George Dupont, post advocate; Robert Gierke, chaplain; Dr. James Fyvie, post surgeon and John Vaughan, three-year trustee. The new commander will later appoint several officers for his staff, including post adjutant, officer of the day, post historian, service officer, post legislative officer, sergeant major, quartermaster sergeant, guard, two color bearers and bugler.

Plans are being made to organize a Women's Auxiliary at the installation meeting. Several out-of-town VFW members and auxiliary members will be here for the program.

Mrs. William Males Arrives in States From Philippines

William Males, accompanied by his parents, Mr. and Mrs. Leonard Males, left Tuesday for Minneapolis to meet his wife, who arrived there Wednesday from Portland, Ore., on the last leg of her long trip to Manistique from her native Manila.

The young Mrs. Males, who is the former Ampario de Mateo, daughter of prominent Manila lawyer, left the Philippines nearly a month ago after a tireless effort to obtain passage to the United States. She was met in Portland by Major and Mrs. J. J. Goffard, formerly of Manistique, who put her on the train to Minneapolis.

The young couple's romance started over a year ago when Males, an army air force corporal assigned to the AAF Weather Service, was in the Philippines assigned to the dangerous mission of establishing and maintaining a weather station there prior to the initial landing of American forces. During this period he met the slim little lieutenant in the Filipino guerrilla forces who was later to become his wife.

Following their marriage, the Males lived in Manila, but early last fall Corp. Males was sent to Manila and their long separation began. Males returned to the United States in December, and since then has made every known contact with American officials in Manila to hasten his wife's sailing.

The Males will live here until fall when they expect to enroll in one of the middle western universities.

Parks Supervisor

Glenn C. Gregg, new supervisor for the conservation department's parks and recreation division of the northern peninsula, will take up his duties April 1.

Gregg, who has been in Manistique, will have responsibility for operation of all state parks in the region.

Formerly with the National Park Service, Gregg joined the Michigan Department of Conservation in 1941.

He has been in charge of planning, construction, and landscaping of parks about the Straits and in the northern half of the southern peninsula.

He was arrested by state police on April 8 are now on sale at Siddle's drug store, Hackensack barber shop and Schuster's Market.

Advance tickets may be obtained by students for fifty cent student tickets purchased at the door on the night of the show will be a dollar, it was announced.

The exhibit, arranged by Capt. John E. McCarthy, local recruiting officer, includes a rare German unit citation flag, German rifles and knives and daggers used by every branch of the Nazis' armed forces. Best knives of the dread SS troops are also shown. Most of the souvenirs were brought back from Germany by Capt. McCarthy, who served for several months in the European theater.

The local recruiting office is putting on a campaign for army recruits during the national drive for army enlistees during the week from March 31 to April 7.

The United States Employment Service office located at 125 South Cedar street, will not be open on Saturdays in the future; it will be closed today by M. G. Heinz, local manager.

The new office hours will be 9:30 a. m. to 5:15 p. m. Monday through Friday.

PAY LESS FOR CAR FINANCING

You can finance your car at low cost and place your insurance locally when you use the Bank-and-Agent Auto Plan. For details, come and see us or Phone 300. Our representative will call.
