

FLOTSAM AND JETSAM

This collection of news is a fishing net... hunting license... in the last fiscal year, and \$220,000... fishing licenses...

In some states it is necessary for a landowner to procure a license to hunt... the number of hunting licenses in the last fiscal year are much closer together...

Sportsmen and outdoor lovers paid \$25,000,000 for hunting and fishing licenses in the above period... a huge amount is no more than a white chip compared with the total invested in sports...

For instance, the Pennsylvania conservation department estimates that the taking of each buck deer in the Commonwealth requires an expenditure of \$5,000...

Sportsmen seldom pinch pennies over the cost of their sport, but they do get more out of it than they put into it... they know that there's a lot more to hunting and fishing than the mere taking of game and fish...

A total of 1,540,400 duck stamps were sold during the period from July 1 to December 31, 1945... the same period in 1944... Ninety per cent of the revenue from the sale of the stamps is used by the Fish and Wildlife Service...

The remaining ten per cent is used for the printing and distribution of the stamps... the Migratory Bird Hunting Act and other migratory bird conservation activities...

Have you ever noticed the different methods used by feathered anglers in catching fish? The carp fish have been over the water, plume down, hits the water with a splash and catches his quarry in his talons...

The eagle robs the osprey of his captured fish by forcing him to drop the fish... the eagle then swoops upon the falling fish and catches it in his talons... while the kingfisher sits in a tree and patiently watches, catching the fish in his long, pointed bill...

A recent statement that Upper Peninsula tourist accommodations are solidly booked for July and August is hardly in line with the facts... Such statements have a tendency to keep business away...

NEW ORDINANCE READ TO COUNCIL

Manistique and Schoolcraft folks who recollect that such statement was made a few years ago... a check-up by this paper... there was plenty of room, especially in nearby cottages and courts...

Outline Regulations Governing Public Transportation Service Here

The first reading of a new ordinance governing the operation of public transportation services in Manistique was made at the council meeting Tuesday night... the ordinance was submitted to the council by G. S. Johnson, city attorney...

The ordinance is a good summary and it wants the world to know that it is not booked to the last bed in the hotel... it will be ready to go into effect...

CITY REDUCES MUNICIPAL TAX BY HALF MILL

Lower Rate Is Direct Result Of Clevinstaw Appraisal, Equalization

As a direct result of the appraisal and equalization of city property values made by J. M. Clevinstaw, city assessor, the city has been able to reduce the municipal tax rate one-half mill this year despite an increased budget...

The new city tax rate will be 19 and one-half mills based on a valuation of \$3,888,150 and a budget of \$18,292,272... Last year the city tax rate was 20 mills...

The new city budget is \$18,511,477 higher than last year, the increase being made necessary from various fees, state allocations and other miscellaneous sources...

Although the total 1946 city budget is \$11,292,272, only \$70,744 will be raised by taxation... The rest of the money will come from various fees, state allocations and other miscellaneous sources...

The complete city budget follows: General \$28,601.02, Sewer 4,490.00, Street 20,215.00, Street lighting 10,750.00, Police 11,000.00, Fire 11,000.00, Recreation 5,000.00, Parks 425.00, Health 4,850.00, Interest 15,650.00, Bond 8,500.00, Interest 15,650.00...

Balance On Bonds The balance of \$3,500 in the bond fund will be paid on general obligation bonds sold a few years ago to finance a broad street paving and lighting program...

In addition to this bonded indebtedness which is a direct obligation on the revenues of the city water department... These bonds bear an interest rate of two and three-quarters per cent...

COMMENTS on the FOOD SITUATION

By Norman Statuffer, chairman, Schoolcraft County AAA Committee.
A short time ago I saw three silos of bread lying on the sidewalk at the corner of Oak and Cedar streets. No doubt they had been accidentally dropped there. But I could not help thinking that in many countries of the world, many hungry child or adult would have picked them up and eaten them at once—and be very thankful for having found them. In our complacency, we shouldn't think that this cannot happen to us. We hope it won't, but if the season should be very unfavorable for growing crops, we will be faced with a bad situation. Farmers are doing all they can to grow crops of grain, raise beef, pork, and other meats and provide milk and butterfat, but they cannot control the weather. Besides, contending with the weather, farmers cannot, in many instances, get the help they need to harvest the crops they raise. Machinery production is not up to normal needs, and fertilizer and good seed is very scarce. We, in Schoolcraft County, depend on buying considerable grain for livestock, and poultry feed. Very little grain is now available, thus indicating a shortage of locally produced eggs, poultry and pork. We would like to call your attention to the following facts: Low grain stocks in Canada, a short rice crop in Manistique grain production in Chile, and increased U. S. rice exports figure in new reports on the world grain picture. Canadian grain stocks on March 31 were the smallest in

seven years. The greatest reduction was in wheat stocks, which stood at 213 million bushels—less than one-half of a year earlier. The small 1945 crop and increased exports account for the decline. The 1945-46 rice harvest in Burma—formerly the world's largest exporter of rice—was only 30 percent of the pre-war average as a result of disorganized conditions and unfavorable rain. The smaller during 1945-46 than in the preceding year, with wheat production falling about one million bushels. The rice crop of 8 million bushels in Chile was eight times as large as pre-war production, ever. Due to the war and heavy shipments abroad to relieve starving people in Europe and Asia, our "Ever-Normal Granary" is about empty. Our most important duty is to avoid food wastage. When bread gets a bit dry, don't throw it in the garbage can—it is just as good food as ever. Grow a garden, and can the produce you derive from it. And should a farmer friend ask you to help him with his harvesting, do so if possible. By doing these things, we are protecting our own future security.

Ensign Robert LaPlante has arrived in San Francisco from the Philippines where he has been based for the past several months assigned to duty aboard an LST. Ensign LaPlante, who is the nephew of Mr. and Mrs. William J. Sheahan, will arrive in Manistique within a few days for a visit. Forest fires destroy timber, injure labor, kill industry, rob the community and increase taxes.

TIPS for FARMERS

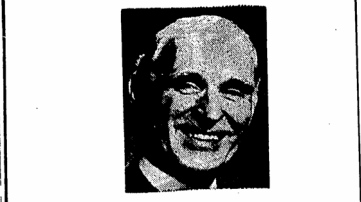

By JOSEPH L. HEHRMAN, County Agricultural Agent

Potato farmers who have experienced difficulty in getting sufficient fertilizer for their potatoes should keep in mind that spray materials will also be scarce. Farmers who have not ordered their spray materials should get busy now and place their order. The latest reports indicate that copper sulphate will not be too plentiful. DDT recommended for controlling insects on potatoes will also be scarce. In order for dealers to get a better picture of the amount of spray materials needed, every farmer should place his order now.

Farmers can quickly figure the amount of materials needed. The recommended formula for Bordeaux this year is 8-4-100 gallons, 100 pounds of copper sulphate, 4 pounds of lime and 100 gallons of water. To this mixture 1 1/2 pounds of 50% DDT is added to control all insects. If 25% DDT is used, some farmers will probably be needed. If farmers are not using DDT and plan to use calcium arsenate as a poison, they should use the old formula for Bordeaux 8-12-100 which has 12 pounds of lime instead of four pounds, as in the case of the formula used with DDT. Some farmers will probably use other spray materials for light control such as tri-basol copper or cupricide. If they do, they should follow manufacturers' directions as to the amount to use for 100 gallons of water. The amount of DDT to use will be the same—1 1/2 pounds 50% or 4 pounds 25% per 100 gallons of solution.

Agnes Rebekahs Hold District Meeting Here

Jennie Melwing, of St. Ignace, was elected president of Rebekah District Association, No. 27, and Newberry was chosen as the 1947 convention city at the nineteenth annual session of the organization held in Manistique last week. Over 200 delegates and members were present at the all day session at which Elton Payment, of Sault Ste. Marie, presided. The morning session was taken up with roll call, reading of reports, appointment of committees and presentation of new business. Dinner was served at noon at the Methodist church and the afternoon session was given over to presentation of the Rebekah degrees. Presentation of certain phases of work, a play, an address by Hope Sheldon, of Detroit, assembly president, and introduction of new officers. Lova Fox, assembly marshal, was also present. New officers, in addition to Mrs. Melwing, president, are: Lucille Becks, Newberry, vice president; Ethel Homer, Manistique, secretary; and Erna Engel, Gould City, treasurer. Ellen Payment, became the seventeenth past president.

DON'T FORGET HIM ON JUNE 16th

TO THE VOTERS of SCHOOLCRAFT COUNTY . . .

I have done my best to try to see you in making my campaign for the office of sheriff. It was a pleasure to meet and talk to you. Because it was impossible to find you all at home, I am taking this means of sending my personal message to you.

If nominated and elected, I will serve you faithfully, as I did my country in World War I and as my two sons did in World War II.

I surely will appreciate your vote and support at the primary election to be held June 18, 1946.

THE COMFORT OF SELF-DELUSION
★ The best advice is often more than we can bear. It takes courage to face the impact of truth, and firm resolution to form new habits to fit the facts.
Your doctor is sometimes confronted with the stern necessity of advising restrictions in your usual routine. Your favorite dessert or that comforting cigar may be denied you. There is a strong temptation to treat such advice lightly, to feel you know your needs better than your doctor.
Such self-delusion may be comforting, but it defeats the very ends you seek. Carefully follow your doctor's advice.

INTERPRETING THE NEWS

Michigan colleges are in a jam. Enrollment at the University of Michigan is now 11,000 and is due to climb to 18,000 by September. Michigan State college now has 2,200 students and is expecting 3,200 more by fall. Michigan college of mines and technology (Houghton) is opening a branch at Port Brady, South Sec. Marie. Other institutions: Wayne, U. of Detroit, Adrian, Holland, Albion, Hillsdale and Auer—can accommodate only a limited increase because of lack of classrooms and housing facilities.

Nationally, it is forecast that 600,000 veterans will be denied a college education this fall.

Nearly 30,000 war veterans in Michigan are receiving an education with financial assistance from Uncle Sam. About one-half are students at universities and colleges; 7,200 at business schools; 500 at teacher colleges. The remainder are enrolled in "on-the-job" training programs and

are getting related instruction through locally-organized Veteran Institutes and the public schools.

The real estate dealers are displacing homes to war veterans, according to Howard M. Weaver, state realtor and securities commissioner. . . . Charles P. J. state director of agriculture is to be named to a job in sight of shortage of dairy products. . . . Democratic leader in Wayne county are dismayed at prospect of a beer drought. Andrew Wisniewski, county chairman, journeyed to Washington and lectured with Robert Hamman, national democratic chairman.

Storage of hay on the same day is not possible through use of a new "haymaker" machine, scheduled for 1947 production by the John Bean Manufacturing company, Lansing. The device cranks stalks of hay and mechanically dries them. . . . Benoit, Michigan, established a record in the July farm rush and the June 25 bass fishing season, the 1946 primary will be held Tuesday, June 18. One result: Longest political campaign in state history.

Howard Nugent of Bad Axe, speaker of the house and republican candidate for lieutenant governor, has always treated state legislators with courtesy and fairness. He received a big dividend last Wednesday (June 5) when state representatives and state officials honored him at a luncheon in Lansing. Nugent received a unusual compliment from Governor Kelly: "Michigan's best speaker."

A pictorial history of Michigan State Troops and their service during World War II is to be undertaken this year, it is announced by Major Gen. Thomas Colladay. It is very unlikely that the session of the legislature this fall will consider a certain bonus. . . . Why I favor small business: quotation of President Truman: "Every one of the small institutions . . . give us two or three men a chance to be big shots in their communities." When we were a kid in Indiana, the same idea was said in this way: "A big toad in a small puddle."

Synthetic tires can't stand excessive heat. When the temperature is 10 or more, do not drive more than 50 miles per hour.

Michigan's mechanical "know-how" Uncle Sam's occupational service during World War II is being carefully tallied by Governor Kelly, the state director of aeronautics and the state planning commission. If the production is successful, Michigan will be closer to the 500,000,000 air gear output research center of the U. S. Army air corps.

Any profit earned by government operation would have gone into the U. S. treasury—a short cut to nationalization of industry. Labor could have been drafted into the army by presidential decree. If General Motors executives had refused to keep the plants running they would have been subject to court injunctions and possible imprisonment or to the alternative of being inducted into the army. All of this could have happened if the Truman program had been enacted by Congress prior to the General Motors strike.

The pheasant is coming back in Michigan. Michigan outdoor writers, assembled last week-end at Higgins Lake, were almost unanimous in reporting an increase in pheasants due to favorable nesting weather this spring.

RED UPON THE HOOSIER

A TRUE STORY

The Belle Gunness affair was both legendary and fantastic. While police were digging up only after both of the 42 men who came to woe her, a gold prospector found Belle's brigework. Did Belle really die in the fire with her three murdered children? Read Peter Levine's article in The American Weekly with Sunday's Detroit Times-Adv.

One of the worst black markets in eggs in history is being forecast for this fall. Dwindling supplies of poultry and livestock feed are discouraging production of chickens, eggs, turkeys, milk and meat. . . . The Michigan Railroads association is concerned over a "current epidemic of juvenile trespassing on railroad property". Youngsters throw stones through car windows. Passengers are cut by flying glass.

The nation's casualty list of boys and girls, injured or killed while trespassing on railroad property, is said to be staggering. Hence the urgent plea: "Don't play on the railroad!"

Highlights of Detroit's golden jubilee: An audience of 2,600 industry leaders rising in spontaneous tribute to Henry Ford, symbol of Detroit automotive genius. It was this native of Dearborn who courageously established a \$5 daily wage minimum, who gave America its first low-priced automobile, who founded the Edison Institute and Greenfield Village as an outstanding Detroit attraction. Henry Ford: The rugged individualist, the symbol of free enterprise.

Second in the affection of the automotive people, who had assembled for the pioneer's dinner, was Lt. General William S. Krudson, former president of General Motors. A native of Denmark who came to this country in steerage Krudson is beloved for his patri-

tic service during World War II. He exemplifies our land of opportunity. A friendly, tolerant man. Yet a man, like Henry Ford, of great courage and action. Such is "Red" Knudsen.

The President's emergency labor proposal, which was opposed in the Senate by Michigan Senator Van Diver and Oregon was not saved by many Michigan manufacturers. And here's why: If this program had been a law during the General Motors strike, the government could have set the plants, inaugurating wage increases recommended by fact-finding panels, compelled executives to continue at their posts and run the business until the company agreed to sign a contract embodying the wage findings.

Any profit earned by government operation would have gone into the U. S. treasury—a short cut to nationalization of industry. Labor could have been drafted into the army by presidential decree. If General Motors executives had refused to keep the plants running they would have been subject to court injunctions and possible imprisonment or to the alternative of being inducted into the army. All of this could have happened if the Truman program had been enacted by Congress prior to the General Motors strike.

"When a man gets along about seventy— he has a lot to think over, and makes a Pretty Good Advisor"

"I'm thinking about the vast numbers of home owners who aren't taking advantage of the miracle of electricity today. When I think back to my younger days when we had to cut wood for the old cook stove, and a dozen other menial tasks that spell work, it gives me a deep appreciation for the luxury of electricity. Take it from me—life is too short to deny yourself the wonderful benefits provided by electricity. Don't put it off any longer—equip your home with every electrical appliance as fast as they become available."

And be sure your home is prepared for these new electrical wonders. Call an electrician today and have him check your wiring and install any new outlets you may need. The cost will be surprisingly small.

SOCIETY

Thursday evening of last week at the home of Mrs. Val Klirich, 275 guests spent an enjoyable evening playing bingo in the ballroom of the hotel. The door prize, a Chevrolet coupe, was received by Mrs. Ann Jensen. Buffet lunch was served at 4:30 o'clock, and later Miss Jensen opened her gifts.

Mr. Norman L. Linquist entertained a number of guests Tuesday evening at his home on Lake Street. Four tables of bridge were in play during the evening, hands going to Mrs. A. W. Cokran, high Mrs. W. J. Bradley second, and Mrs. Anna Nelson, L. A. Mrs. Kenneth White received the first prize. Refreshments were served later.

Sherry McNally, daughter of Mr. and Mrs. Don McNally, was hostess to five of her little friends Saturday at a party at her home, Blue Spruce Cabins. Sherry and her guests played outdoor games in which prizes were awarded, baked and picked flowers, and later were served refreshments. A pink and white birthday cake with white candles centered the party table. Guests were Katherine Hall, Lorna LaVance, Arlene Benson, Ann Girvin and Patty Vesina.

Birthdays Party
Billy Sheehan celebrated his ninth birthday June 2 at a party at the home of his parents, Mr. and Mrs. William J. Sheehan, 18400 Grand street. Games were played during the afternoon, after which Mrs. Sheehan served a birthday supper. Centering the party table were brightly lit candles. Guests at the party were: Beverly Hinder, Danny Harmon, L. A. Skippy Larson, Lou Schuster, Joey Nelson, Paul Gustafson and Paul Wedell.

Birthdays Party
Karon Dunlop, daughter of Mr. and Mrs. Otto Dunlop, was the guest of honor at a party arranged by her mother Tuesday afternoon of last week to celebrate her fifth birthday anniversary. Relatives and her guests played games and later refreshments were served. Large blue and white birthday cake with candles centering the table. Guests at the party were: Daniel Olson, Marilyn Jackson, Sully Creighton, Paul Heine, David Treiger and Grace Shulanter.

Gray-Gundy
At a ceremony performed Saturday morning at 10 o'clock at St. Francis de Sales rectory was the scene of the wedding of Mr. and Mrs. William Gray, 207 North First street, became the bride of Joseph Gundy, son of Mr. and Mrs. Lawrence Gundy, of Auburn, Michigan. The Rev. E. H. Berendson performed the service. Attendants were Miss Marie Gundy, sister of the bridegroom, and Gerald Hebl, brother-in-law of the bride. The bride wore a light blue suit with white accessories and a corsage of red roses and white flowers. Her hair was styled in waves. Mr. Gray wore a light brown tuxedo and a white boutonniere. Mrs. Gundy wore a light brown two-piece suit and her corsage was also fashioned of roses and sweet peas. Following the ceremony a wedding dinner for sixteen guests was served at the Gray home, lilacs and a three-tiered wedding cake decorating the table. In the afternoon a reception at which relatives were guests was held there. The couple left Sunday afternoon on a wedding trip to an unannounced destination, the bride wearing a flowered jersey dress with white accessories for traveling. They will live in Auburn, where Mr. Gray is employed. The bride attended Manistique high school and has been employed at the Liberty cafe; the bridegroom is a graduate of Bay City high school and returned recently from

the South Pacific where he was in army service for 23 months. Out of town guests at the wedding included Mrs. Roscoe Pratt and Mr. and Mrs. Lawrence Gundy and daughter, Marie, of Auburn, and Miss Thelma Gray, of Sturgeon Bay.

Laurion-Olson
St. Francis de Sales rectory was the scene of the wedding at 11:28 o'clock Sunday of Miss Marie Laurion, daughter of Mr. and Mrs. Albert Laurion, of Manistique, and William Robert Olson, of Bay City. The bride is a graduate of St. Marist high school and for the last several months has been on St. Francis de Sales, and the groom is a graduate of Manistique high school, received his

discharge from the navy in January following four years of service. He will enter the Michigan College of Mining and Technology at Houghton on June 23. Out-of-town guests at the wedding were: Mr. and Mrs. Albert Dvorsky and daughter, Helen, of Arthur, Ontario; Mr. and Mrs. Paul Dvorsky, of Bay City; Mr. and Mrs. Robert Bauser and Mrs. Moore, of Mesominee; Mrs. Ralph Rivette and the Misses Delores and Betty Rivette, of Grand Bay; Mr. and Mrs. A. J. Long-Moon

Grand View Farm, the Hiawatha township home of Mr. and Mrs. James Moon, was the scene of the wedding last Thursday afternoon of the Moon's son, Maurice, and Mary Louise Long, daughter of Mr. and Mrs. Robert Long, of Baldwin Park, Calif. The double ring ceremony was performed at 4 o'clock by the Rev. Melvin E. Crawford, pastor of the First Methodist church. During the service the bridegroom's father sang "Oh Promise Me," and "I Love You Truly," accompanied by Mrs. Crawford. The bride, who has been given in marriage by her father, wore a white street length gown with blue accessories and carried a colonial bouquet of mixed flowers. As "something borrowed" she held a white lace handkerchief which belonged to her bridegroom's great grandmother, Miss Jean White, her only attendant, wore an aqua-colored dress with white accessories and carried a bouquet similar to the bride's. Both Mrs. Long, the bride's mother, and Mrs. Moon, mother of the bridegroom, wore corsages lilacs and narcissus. Centering the lace-covered table was a large, decorated wedding cake. Mr. and Mrs. Moon left later on a wedding trip to lower Michigan and returned here Saturday evening for the present with the former's parents. The bride was educated in California, where she couple met during the period of

THE "NEW FREEDOM"

A traveler drove into Marquette the other day and needed a few minutes of a mechanic's time on his car.
About 15 miles out of the city the fan belt on his car had broken. Without a fan belt an automobile does not travel very far. Both the generator and the water pump stop working, and the motor gets terrifically hot.
Because it was necessary to travel slowly with a broken fan belt, the motorist reached the garage in Marquette at five minutes after five o'clock.
Five o'clock was quitting time, but the garage's mechanics had not left the building. The owner asked one of the mechanics to put on the fan belt, usually only a few minutes' job. He refused. The car owner asked him to. Again he refused, hurt and insulted.
Five o'clock was quitting time and he was doing "nothing for nobody" after that. The motorist pointed out that he would have to remain all night in Marquette if he was unable to get a few minutes' car service. The answer? Well, that was your tough luck, buddy. We quit at five. And that was that.
The garage owner apologized. "There is nothing we can do about it. We don't run our businesses anymore. Those boys do."
This, my friends, must be the "new freedom" we have heard so much about during the past 10 years.
This "new freedom" finds its expression in many places besides Marquette. You will find it in Manistique and Escanaba and Lansing and Detroit and Washington. Wherever the welfare of the general public has been flouted and scorned, there you will find the "new freedom" in full flower.
Whether it's the garage mechanic refusing to perform a simple emergency service after quitting time, or the coal

miners plunging an entire nation into chaos, it's all cut from the same cloth.
The "new freedom" is an alien growth on the American way of life. It's one of the legacies bestowed upon us by the New Deal.

Children Warned About Playing On Railroad Property

The danger to school age children in using railroad property for a summer playground is pointed out in a circular in which the Michigan Railroads Association is asking the cooperation of parents, young behind, you or you may find and police officials to prevent the practice of the cause of ties or planks or in a switch.

Herb-McLaughlin, who is here this week with his bride of a few days for a brief stay prior to leaving on a wedding trip to points in Wisconsin with Harvey R. McLaughlin, formerly of Rhineland, whose marriage to Miss Noreen Bodwin, of Rhineland, took place last Thursday. Mr. McLaughlin, son of Merritt McLaughlin, of Rhineland, and brother of I. J. McLaughlin of this city, and Miss Bodwin who is the daughter of Mr. and Mrs. Joseph Bodwin, of Rhineland, were married at 9 o'clock tonight at a high mass at St. Mary's Catholic church in Rhineland, the Rev. Francis Bertram officiating.

bride, who was given a marriage ring by her father, wore a white wedding gown with satin bodice and full tulle skirt with train, and long veil fastened to a coronet of white ribbons. Her only jewelry was a string of pearls, the gift of the bridegroom. Her only attendant, Miss Gray O'Salley, of Rhineland, wore pale yellow dotted Swiss, and carried an arm bouquet of daisies. Bernard Busch, brother of the bride, was best man. During the mass, the bride's cousin, Catherine Eberle, sang "Ave Maria." Following the service a wedding breakfast was served at the Onondaga Hotel, and a reception was held later at the Bodwin home. The bride is a graduate of the Rhineland high school and of the Onondaga County Normal School and has taught in Rhineland and Phelps, Wis. Mr. McLaughlin also graduated from Rhineland high school. He recently received a discharge from the army after 14 months in service, 36 of which he spent in the South Pacific. He will soon open a sports inn at Rhineland. Mr. and Mrs. McLaughlin will reside temporarily at the Crosby apartments on Deer street. Attending the wedding from Manistiquette were Mr. and Mrs. I. J. McLaughlin and Mrs. Mrs. Jean Carlyn.
