

SIXTY-FIFTH YEAR, NO. 10

MANISTIQUE, MICHIGAN, THURSDAY, AUGUST 15, 1946

Who is the president of the United States? We have heard several persons stamped by that question. The answer, of course, is that country has no vice president. Truman, who was elected vice president, was elevated to the presidency following the death of Roosevelt. The office of vice president was therefore left vacant. Secretary of State Byrnes, the constitutional heir to the presidency, if anything should happen to Truman, and if fate should intervene and also remove Byrnes, the president in line to succeed to the presidency is Senator Kenneth D. McKellar, who is president pro tem of the senate.

In these confusing days when we see increases in living costs, and the price of living is going up because of high wages, the people of Michigan should be more thoughtful to the fact that the chief executive of this state is one of the lowest elected individuals in the nation on the basis of his job's importance. The position of being governor of Michigan is one of the most important jobs in the state. It is administrative head of a state with more than five million population, ranking among the top states in the union in industrial development, commerce, agriculture and recreation. Yet the nation is so certain that a man who runs a minor industry in a small town.

We, the taxpayers and citizens of Michigan, should be ashamed of ourselves in paying such a percentage salary to our chief executive. The job is worth \$25,000 a year if it is a true worth.

A few years ago the President of the United States arbitrarily changed the date on which he should observe Thanksgiving, and got away with it. Numerous states adhered to the presidential decree and changed Thanksgiving accordingly. All of which reminds us that if it is possible to change the date for Thanksgiving, why not change the date for public observance of any holiday. In our present program of national unity, we should have a holiday established for the benefit of the public. Always falling on a Monday, it gives people a double day off. Now, if Independence Day, Memorial Day, Thanksgiving and Christmas also were observed on a Monday, it would be a great relief to their actual date, we do not believe very many people would object to a fuse. After all, it is not the date itself but the spirit with which the occasion is celebrated that has the true significance. It should include New Year's Day in the above list because that is an internationally observed holiday that cannot be tampered with without meeting time troubles everywhere.

Many varied are the tales that come from the hunting camp or the fishing stream. Fishermen are very pretty near everything, including old books, auto tires and songs. One local fisherman, trolling in Indian Lake, was told by a fish jump that he had a fish in his boat, so eager was he to catch it. A camper in the area, near Michigan, was casting in the Cedar River the other evening, hoping to hook a bass. He got a "gatrik" and tried in his line, to imagine his surprise when, instead of a fish, he had a bat securely hooked.

The Upper Peninsula State Fair, held in Escanaba, is the last of the best ever held, according to Harold Lindsay, fair manager. Inevitably outstanding attractions have been booked to give the public a lot of entertainment along with the educational exhibits of the fair. Hundreds of people are expected to attend this year, and Lindsay, they will enjoy their money's worth.

The city council has been promoting with great care and intelligence in its effort to employ a permanent manager. Over a dozen applications for the job have been received, and these have been carefully scrutinized and all except one eliminated either because the applicants were not experienced or lived so far away that a personal interview appeared out of the question. Arrangements were made to make this week by the work for interviews with three applicants. The position of city manager is not only an executive position, but also a public one, requiring understanding and the ability to deal with the people. The council wants the best possible manager. The council will meet on Monday, August 19, at 7:30 p. m. at the city hall.

Members of the Ladies' Golf Club held a blind bogey tournament at Golf Course. The position of city manager is not only an executive position, but also a public one, requiring understanding and the ability to deal with the people. The council wants the best possible manager. The council will meet on Monday, August 19, at 7:30 p. m. at the city hall.

CITY DISCUSSES TRAFFIC LIGHTS DONATES TO C-C;

May Install Signals At Arbutus and Maple, Chippewa and Deer Streets

The matter of installing either stop-usage light or flasher type warning signals at two street intersections in Manistique was discussed at the city council meeting Monday night, and the acting city manager was instructed to take the project up with the state highway department.

Roy Anderson, chief of police, told the council that the two intersections which may need either the lights or flasher signals are the Arbutus and Maple corner at the Ossia hotel, and the Chippewa and Deer street corner on the west side. Both of these corners are state highway intersections.

The chief of police said that many tourists drive through these intersections when traffic is heavy because they fail to see the present stop signs.

The council also approved an appropriation of \$100 to the Manistique Schoolcraft Chamber of Commerce. Fred D. Hines, chairman of the committee, appeared before the council to request the contribution, stating that the chamber was now making its annual drive and explaining some of the work which the organization has done to promote the affairs of the city and county.

The city manager was instructed to make a survey of the town for the purpose of ascertaining where additional street lights are needed. This action followed two additional requests for street lights. A new street light was installed several lights on the west side.

The request of the Manistique Girl Scouts for a site for a camp was approved. Permission also was granted the council to store equipment in Manistique this year. A financial report from the Council of Veterans Affairs was read, showing a cash balance on July 31 of \$697.70.

The council approved a refund of 50 per cent of city taxes on the 1946 roll to three applicants for relief, and also instructed the clerk to preserve a record of all such relief presentations to the board of review when it meets next June.

Applications For Furlough Pay To Be Distributed By Post Office About Sept. 15

Osmond Kelly, Flint Man Seeking Lieutenant-Governorship, Here Saturday

Osmond Kelly, of Flint, candidate for the office of lieutenant-governor of Michigan on the Democratic ticket, was a visitor in Manistique Saturday on a brief campaign swing around the peninsula.

Kelly conferred briefly with the local Democratic leaders at the Hotel Oceanview. He was accompanied by his campaign manager, Sang Kelly, also of Flint.

Nov. 26, Kelly has served two terms as mayor of Flint, an office to which he was first named when he was only 31 years old. He was recently re-elected for the next following several months of service.

Kelly said he expects to return to Flint in a few days for a speaking engagement before the November election.

Werner Ammann Now Sole Owner Of Local Bakery

Werner Ammann, who has operated the Manistique Home Bakery at 107 River street for the past year in partnership with Walter Moon, has purchased the latter's interest in the business and become sole owner, it was revealed this week.

Ammann, a native of Switzerland where he learned the bakery trade, will continue to operate the bakery under the name of Quality Bakery.

Former Resident Here For First Time In 30 Years

Clarence A. Barr, of Niagara Falls, N. Y., is renewing old acquaintances in Manistique this week on his first visit here in 30 years.

Mr. Barr, whose father, Arthur A. Barr, was an engineer on lake boats operating out of Manistique, has lived in Niagara Falls ever since a three months' visit here with their mother, Rosa L. Barr, also resides here.

Mr. Barr departed three weeks ago. Mrs. Wayne Jackson and son, Ronnie, left Wednesday for their home in Hollywood, Calif., following a two-day visit here with Mrs. Jackson's parents, Mr. and Mrs. Charles Nelson.

PUBLIC SCHOOL TEACHER LIST IS ANNOUNCED

Faculty To Have Several New Members; Meetings Called For August 29-30

Fifteen new teachers and a former teacher recently released from the service, will join the Manistique public school teaching staff this fall, according to an announcement made today by A. P. Hill, superintendent of schools.

Still not filled is the position of assistant teacher held for the past several years by Miss Margaret Johnson, who will not return to Manistique this fall. Mrs. Clifford Cook has accepted a temporary teaching assignment as first and second grade teacher at Lakeside school in the coming year for those grades is listed.

The new high school teachers are: Miss Mary Van Hoessen, Evanston, Ill., Northwestern university graduate, who will teach English; Miss Gertrude Van Stratton, former of Northern Michigan College of Education, English; Miss Helen Walkonen, Sundell, Mich., Northern Michigan College of Education graduate, English and speech.

Miss Gertrude Van Stratton, former of Northern Michigan College of Education, English; Miss Helen Walkonen, Sundell, Mich., Northern Michigan College of Education graduate, English and speech.

Thor Reque Is Appointed City Recreational Director; Broad Program Is Outlined For Year

Employees At City Hall Are Now On Forty-Hour Week

New office hours for the city hall were approved by the Manistique city council at its regular meeting Monday night. City offices will now operate on a 40-hour of a 44-hour week, operating 8:30 o'clock the mornings, closing from 12 to 1 o'clock at noon, and remaining open from 1 to 5 o'clock in the afternoon. On Saturdays the city hall will be open from 8:30 to 12 noon in the forenoon. Before Monday the school hours of the city hall opened at 8 o'clock in the morning.

The request for the change of hours was presented by city hall employees. The county court, explaining that the 46 city budget provided funds for a recreational director and for certain work on the recreation board, has undertaken the task of building a hardball diamond at the fairgrounds, completion of two softball diamonds, building a horseshoe rink, and improvement work on the ski slide and the ice rink.

CITY HAS QUIET V-J DAY OBSERVANCE

Most Business Places Close; Industrial Plants Operate as Usual

Manistique observed the first anniversary of the war's end Wednesday as a holiday, but there was no official celebration. Most of the city's business places, closed to observe V-J Day, but local industrial plants followed their usual schedule.

Several Manistique residents motored to the nearby towns of Escanaba and Marquette, where there were no-sense celebrations with public games, parades and other entertainments. Others took the opportunity to spend the day quietly at home. The Indian Lake City Club had a record number of golfers during the day.

Harold Rushford, Missing Airman, Presumed Dead

Sgt. Harold C. Rushford, son of Mr. and Mrs. Victor E. Rushford, former Manistique resident now residing in California, who was reported missing in action May 26, 1945, has been officially declared dead by the War Department. His parents have been informed.

Sgt. Rushford, holder of the Distinguished Flying Cross, the Purple Heart and other decorations, was reported missing in action May 26, 1945, has been officially declared dead by the War Department. His parents have been informed.

Sgt. Rushford, holder of the Distinguished Flying Cross, the Purple Heart and other decorations, was reported missing in action May 26, 1945, has been officially declared dead by the War Department. His parents have been informed.

3 APPLICANTS FOR MANAGER INVITED HERE

Field Narrowed To Four; All Are Engineers Now In Lower Michigan

The appointment of Thor Reque as recreational director for Manistique, recommended by the city recreation committee, was confirmed by the Manistique city council at its regular meeting Monday night.

Reque, who is a member of the coaching and instructional staff of Manistique high school, will work full time during the summer months and part time during the school year on the recreational board. He will be in Manistique before Monday.

Reque appeared at the council meeting Monday night. He explained that the 46 city budget provided funds for a recreational director and for certain work on the recreation board, has undertaken the task of building a hardball diamond at the fairgrounds, completion of two softball diamonds, building a horseshoe rink, and improvement work on the ski slide and the ice rink.

Joan Weber Is County Fair Queen

17-Year Old Daughter Of John Webers To Be Contestant For U. P. Title

Joan Weber, brunette 17-year-old daughter of Mr. and Mrs. John Weber, 237 Lake street, has been chosen as Schoolcraft County Fair Queen contest at Escanaba, it was announced today by a Chamber of Commerce judging committee.

Miss Weber, who graduated from high school in June, was chosen from a list of candidates registered at the local information bureau. A public contest planned for Monday evening at the Manistique theatres was not held, the judges ruling on the contest previously.

NEW GRID COACH COMING SATURDAY

Jerome Thompson, Former Wisconsin Star, Holding First Workout Monday

Jerome "Jerry" Thompson, of Escanaba, Wis., former star of Wisconsin football, who graduated from the Wisconsin high school this year, will arrive in Manistique Saturday to make preparations for pre-season practice. The first workout will be held Monday afternoon.

Council Makes First Move To Acquire Cemetery Site

City Attorney Instructed To Proceed With Legal Phase Of Transaction

The first move toward acquiring ownership of Lakeview cemetery, opened here for the past 40 years in a private venture, was taken at the regular meeting of the city council Monday night. The council authorized the city attorney to proceed with all legal matters involved in the proposed transaction.

Before deciding to accept the cemetery from the Lakeview cemetery association, the council heard a report from its special committee, which had been previously named to negotiate with the association. The committee reported that the cemetery was in poor condition and that it would cost another expense to bring it up to date and operate the cemetery in which only a few lots remain to be sold. The council will meet on Monday, August 19, at 7:30 p. m. at the city hall.

School Bells Will Ring For City's Students On Sept. 3

Pupils Entering Kindergarten Required To Have Birth Certificate

Manistique's public schools and St. Francis de Sales Catholic school will open for the fall term on Monday, September 3. The opening ceremonies for the public schools will be held Thursday and Friday, August 29 and 30. The Holy Family convent in Manistique, Wis., for the summer are expected to arrive next week to make preparations for the opening of the parochial school.

Chicago Surgeon Talks On Cancer At Rotary Club

Dr. Rudolph Oden, of Chicago, spoke to the Manistique Rotary club Monday on the cause and treatment of cancer. Dr. Oden, who is vacationing at Indian Lake, is a member of the staff of Anderson Hospital and St. Joseph's Hospital in Chicago. He is a professor of surgery at the University of Illinois.

Sea Lamprey Are Definitely Increasing, Expert Reveals

Thousands Of Eel-Like Fish Being Trapped At Paper Mill Flume

The eel-like sea lamprey, already causing considerable damage to the lake trout and some other fish in the Great Lakes, definitely is increasing.

This is the opinion of John Van Oosten, who is in charge of the Great Lakes fisheries investigation.

Hundreds of sea lamprey are being caught daily at the Manistique Paper and Paper company's flume in a trap devised by Van Oosten. An employee of the paper company, the trap is being studied by the Michigan conservation department for use in a widespread effort to control the lamprey.

He reports more and more lampreys in Michigan, the other Lakes states and the Province of Ontario are being used each year by the lampreys for spawning. However, a night to eliminate this parasite soon will be started.

A sea lamprey sucks the life out of a fish after attaching itself to it with its sucking-disk mouth. The fish either dies or is left with such a shallow mark on its side that it often cannot be sold after being netted by commercial fishermen. The fish can run off the lamprey; it must release itself.

Lampreys prefer lake trout, mainly of Great Lakes fishing, because such fish have small, thin scales. The parasite also feeds on such fish as whitefish, chubs, suckers and pilchard, Van Oosten explains.

"It is impossible to estimate the damage lampreys cause," he asserts, "but Lake Huron and Lake Michigan fishermen, for example, report that from 25 to 85 per cent of lake trout brought in various catches have lamprey marks. Some fishermen are in desperate straits because of depleted catches allegedly caused by the lamprey."

"Lampreys are known to be in all the Great Lakes, although they were reported in the first time this spring," he states. "Originally lampreys were found in Lake Ontario and the Finger Lakes in New York, to which they presumably came from the sea. They probably entered

the Upper Lakes through the Welland Canal.

Lives Seven Years

The lamprey differs from the trout in that it lacks ordinary upper and lower jaws, paired fins and external gill openings on each side. The parasite attains a length of from one to two feet, lives an average life of seven years and spawns in streams during late May and early June, Van Oosten says.

Next spring Van Oosten expects to begin what may be a ten-year struggle to virtually eradicate the lamprey. A bill recently passed by Congress appropriates up to \$20,000 per year for ten years for this purpose. Conservation departments of the Lakes states are expected to match federal funds in cooperating in the effort. The Province of Ontario also may participate in the program.

"Trapping probably will be done with wire traps, but such electric shocking machines may be utilized. A weir is a fine wire screen with a trap which is placed across the stream as near the mouth as possible. Lampreys go upstream to spawn are trapping.

Van Oosten estimates it will cost at least \$1,000 each to provide for the trapping of lampreys in more than 20 Michigan streams and an undetermined number in the other Lakes states from early May to mid-July every year. The cost is high because it is necessary to leave the weirs tended at all times to prevent them from becoming clogged and thus permitting lampreys to escape upstream, he states.

Mrs. M. H. Dandy is a patient at the University hospital in Ann Arbor.

The highest commercial native wood in the United States is northern white cedar which on the average weighs 22 pounds per cubic foot dry weight.

"THEY DON'T NEED TO TELL ME TWICE"

"I've been through good times and had and the time to save money is when you're making money. For me, it was always easier with the help of a good bank."

THESE ARE THE BENEFACTORS

★ One of the greatest accomplishments of civilization has been the remarkable progress made in increasing the average life expectancy. In the Middle Ages the average life span was twenty years. In the seventeenth century it had advanced to twenty-five years. Through the years there has been a steady increase until, today, the life expectancy is sixty-three years for men and sixty-six for women.

Authorities agree that the most productive years of life lie between the ages of forty and sixty. Medicine and the allied sciences have thus been indirectly responsible for all progress. Good minds that had sickened and died before reaching their zenith now live to apply the judgment and experience of maturity. As pharmacists, we are proud of our function in the distribution of lifesaving medical supplies.

At your Standard Oil Dealer's

Your old car is IN THE HOME STRETCH

This new Engine Clean-up Program may be the one thing that will give it stamina for the final spurt

You're probably seeing some new cars, these days. And they're mighty welcome to the eye. For their arrival means your old one can be replaced in the reasonably near future. But this last stretch may be the hardest one of all. Chances are the engine is dirty. Sticky deposits, long accumulating in that old engine, may suddenly clog the oiling system—with disastrous results.

To meet this situation, your Standard Oil Dealer offers a new, economical, five-point Engine Clean-up Program. It includes the use of two remarkable new Standard Oil Products—Stano-Purge and Stano-Vite—which do an effective cleaning job without requiring expensive dismantling of the engine.

New, Economical, 5 Point Engine Clean-up Program

- STANO-PURGE**—Purge carburetor and intake manifold to stop oil film and points leading to slip oil lines and
- STANO-VITE**—Infiltrated through oil-lubricated parts to clean out deposits and restore engine power. Freezes and breaks up deposits.
- 5-POINT OIL FILM**—Removes oil film from all engine parts.
- STANO-PURGE**—Oil cleaner.
- STANO-VITE**—A new kind of oil cleaner that cleans your oil, cleans your motor and your car.

STANDARD SERVICE

THANK YOU

for waiting for delivery of your **NEW CHEVROLET**

We are doing our best to see that you get your new car as quickly as possible

We want to thank our customers and prospective customers for your friendly patience while awaiting your new Chevrolet.

We know it is a hardship to wait for needed transportation; but we believe you will understand that we, and Chevrolet, are as eager to deliver cars as you are to obtain them. Unfortunately, production so far this year is far under expectations. Chevrolet Motor Division sums up the situation thus:

"Even though our rate of production normally exceeds that of any other build, up to July 1, only 12.4 per cent as many cars as we had built up to that date in 1941. Production is still far below normal, because of essential shortages of essential materials and parts. Strikes after strike at the plants of our suppliers has seriously impeded our progress toward full production, and the cumulative effect severely hampers every manufacturing and assembly plant. In June we were able to build only 29.2 per cent as many cars as we produced in the same month in 1941."

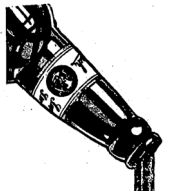

While production is restricted, so-in proportion—are shipments of cars to us. As production increases, we are sure of getting our proportionate share of the total—and as quickly as cars are received we will speed deliveries to our customers!

Remember—Our CAR-SERVICE is your best CAR-SAYER. Keep your present car "alive" until you get delivery of your new Chevrolet by bringing it to us for dilated service now and of regular intervals.

MALE HELP WANTED for GENERAL WORK IN HARDWARE STORE

Apply in writing only giving age, education, experience and salary desired

WRITE BOX M
c/o PIONEER-TRIBUNE

THE SMOKE of battle has cleared in the past year, but not that of the atomic industry—nor of the atomic bomb. The stacks of factories (right) are pouring forth their cumulus of spent energy as the productivity of American genius is transformed from the uses of war to the ways of peace. And out over the distant tropical atoll of Bikini the atomic cloud (left) has risen, as much a promise of civilization's physical reconstruction as a threat of its future annihilation.

Mr. and Mrs. Fred Stephens and daughter, Jean, of Kalamazoo, arrived Wednesday for a visit at the John Stephens home and with other relatives here.

C. A. Johnson, of Chicago, is arriving this week and for a brief visit here with Mrs. Johnson and children at the home of Mr. and Mrs. Alfred Pullin.

Mr. and Mrs. Robert Greening returned Thursday to Kenosha, Wis., following a visit with Mrs. Greening's mother, Mrs. Irma Brown, Indian Lake street.

Mrs. W. S. Crowe has been dismissed from the Shaw hospital, where she has been a surgical patient for several weeks, to her home on Lake street.

Miss Margaret English arrived Monday from Detroit for an indefinite stay at the home of her parents, Mr. and Mrs. Harry English, North Houghton avenue.

Max Sadforth and Bob Taylor, of Toledo, O., are guests this week of Bruce Nicholson at the home of his parents, Mr. and Mrs. George J. Nicholson, Lake street.

Carol and Lynn Hagerty, of Minneapolis, are visiting these grandparents, Mr. and Mrs. William Duchesny, and at the Ed L. Fave and Fred Gorache homes.

Mrs. Thomas Rushton and children, Sally and Tommy, of Eaton Rapids, Mich., are visiting here with Mr. and Mrs. Ira Crawford and with Mrs. Rushton's mother, Mrs. P. J. McNamara, Walnut street.

Hadley Paim returned Sunday to Chicago following a two weeks' vacation spent at the home of his parents, Mr. and Mrs. Alfred Pullin, North Houghton avenue.

Mr. and Mrs. Robert B. Orr are the parents of a daughter weighing six pounds and eight ounces born Sunday at the Shaw hospital. The baby has been named Molly Margaret.

SOCIETY

Engagement Announced
Mrs. Joshua Oberg, Alger avenue, has announced this week the engagement and approaching marriage of her daughter, Evelyn, to Fred C. Meyer, son of Mr. and Mrs. George Meyer, of St. Paul, Minn. The wedding will take place at the Bethel Baptist church here on August 28.

Their regular dessert meeting last Thursday evening at her home on Lake street, honors for the evening were won by Mrs. J. C. Quick, high, and Mrs. H. K. Peterson, second. Guests at this meeting were Mrs. W. F. Korfaveur, Mrs. Raymond Miles and Mrs. John Kelly.

Woman's Society
The Woman's society of the Presbyterian church will hold a picnic next Wednesday, Aug. 21, at the G. L. Besseler cottage, Indian lake. Pot luck lunch will be served and members are requested to bring their own table service. The committee in charge is composed of Mrs. Besseler, Mrs. Ada Watson, Mrs. Gaze Pope and Mrs. Leon G. Nicholson.

Shower Party
Mrs. Melvin Courteya was the guest of honor at a shower party Monday evening at the home of

her parents, Mr. and Mrs. Frank Lynn T. Burgess, Walnut street. Following a social evening, refreshments were served and Mrs. Courteya met her guests. The Missionary Society will meet Wednesday, Aug. 21, at 8:00 p. m. at the V. Ekstrom cottage, Ossa Beach, Indian Lake. The women of the church will meet Wednesday, Aug. 21, at 8:00 p. m. at the V. Ekstrom cottage, Ossa Beach, Indian Lake. Mrs. A. Johnson, Mrs. Marie Ahlstrom, Mrs. J. Richards, Mrs. Christina Anderson will be the hostesses. Mrs. Jack Nelson will have charge of the devotions. "Together in His Love" will be the topic of the program. The twentieth anniversary of the laying of the cornerstone of Zion Church will be commemorated on Sunday, Aug. 25, at 10:30 a. m.

Observes 83rd Birthday
Mrs. W. W. Owen was the guest of honor at a party Friday afternoon arranged by Mrs. Edwin Ekklund and Mrs. Lillian Greenwood at the Ekklund home in honor of her 83rd birthday anniversary. After the guests had an opportunity to greet Mrs. Owen and wish her a happy birthday, refreshments were served and the party was concluded with the singing of some of Mrs. Owen's favorite hymns.

First Methodist Church
H. G. Cowdick, pastor, Sunday School 9:45 a. m. Classes for all. Mrs. Carl Anderson, superintendent. Morning worship 10:30 a. m. Service based on the hymns of Charles Wesley.

Bethel Baptist Church
Sunday, Aug. 18, 9:30 a. m. Church Bible school, 10:30 a. m. United services, 7:30 p. m. "The Day of Creation" will be shown by Dr. Irwin Day, 8:00 to 9:00 p. m. 7:00 to 9:00 p. m. Societies, Knights of Columbus, second and fourth, Monday, Catholic Order of Foresters, second and fourth Tuesday. Weekly lecture and forum on Catholic teachings, Tuesday evenings at 7:30 o'clock at the St. Francis de Sales school.

Kings Entertain
Several Guests At Family Reunion
My will visit in Elgin, Ill., with Mr. and Mrs. E. B. Edgerston. Mrs. Edgerston is the former Alice King.

TB Toll In State
1,178 During 1945, Report Reveals
Tuberculosis killed 1,178 men and 613 women in Michigan during 1945, according to the records of the Michigan Department of Health. During this year 5,472 new cases of the disease were reported.

Card of Thanks
We are taking this means of expressing our gratitude to the many friends who assisted us during our recent bereavement, the death of our beloved husband and father, John Tulowski. We wish to thank those who sent flowers and spiritual bouquets, donated the use of their cars and helped in any other way. These kindnesses will always be remembered.
Mrs. Martha Tulowski and Family. (Hsp.)

THE MANISTIQUE PIONEER-TRIBUNE

Published Every Thursday Evening at Manistique, Michigan

TELEPHONE No. 19... ADAR and WALNUT STREETS

Every government official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent.

Subscription Rates—Local: One Year—\$2.50, Six Months—\$1.50, Three Months—\$1.00

Communications must be signed for publication. The columns of the Pioneer-Tribune are a free parliament, limited only by consideration for the laws of libel, the rights of privacy, and

RECREATION DIRECTOR NAMED

It is gradually becoming apparent that adoption of the city recreation ordinance a year ago was a most constructive move.

Adoption of the ordinance was quickly followed by creation of the city recreation commission, which, during the past ten months, has done a tremendous amount of work in promoting recreation in Manistique and organizing it into an integrated program.

The appointment of a recreation director this week was a natural sequence in the program of giving Manistique the type of sports activity needed.

Included in the proposed recreational program are supervised swimming for children, softball and regulation baseball, horseshoe pitching, football, basketball, skating, skiing, amateur boxing, tennis, volley ball and hand.

May and June mail reports, together with June health reports, were received and ordered placed on file.

Moved by Councilman Richards, supported by Councilman Heitman, Nays: None.

GREAT AMERICAN GRAIN HARVEST IS HOPE OF WORLD

About the finest news the weary world has heard in many years is the report that American wheat and corn crops this season will break all known records.

To millions of people living in semi-starvation throughout many war-ravaged countries, this report from America's great midwestern farm belt must come like a blessing.

Although the wheat and the corn are still in the fields, and the food shortages still exist both at home and abroad, we

now know that the era of scarcity is limited to a few months. Wheat and corn mean bread and cereals, a plump poultry, fat hogs and steaks. They mean plenty of food on tables that for far too long have been too bare for health and vigor.

For this great thing we can thank the farmers of America for planting and tending their crops, and the Almighty for sending the kind of weather to make food grow. There is little thanks to the statesmen of the world who appear to be planting also, but planting the seeds of another world war.

OFFICIAL PROCEEDINGS OF THE MANISTIQUE CITY COUNCIL

Manistique, Michigan, on the city's old police car having arrived, it was moved by Councilman Selman, supported by Councilman Heitman, Nays: None.

RESOLVED that the bids be opened. Yes: Councilman Berger, Selman, Burns, Heitman and Richards, Nays: None.

RESOLVED that the bid of Walter Linderhof of \$508.00 for the old police car be and it is, hereby accepted.

Yes: Councilman Burns, Selman, Berger, Heitman and Richards, Nays: None.

RESOLVED that the bid of Mathilda Johnson, 334 Schoolcraft Avenue requesting a reduction in her tax assessment was received.

Moved by Councilman Richards, supported by Councilman Selman, Nays: None.

RESOLVED that effective July 15th, 1948, the salary of Frank W. Voisine as Acting City Manager be and it is, hereby placed at \$250.00 per month.

Yes: Councilman Heitman, Richards, Berger, Burns and Selman, Nays: None.

Moved by Councilman Selman, supported by Councilman Burns, William A. Berger, mayor.

Alex Robertson, city clerk.

RESOLVED that this meeting be, and it is, hereby adjourned until Thursday, July 25th, 1948, at 7:30 o'clock p. m.

Manistique, Michigan, July 25th, 1948. Alex Robertson, city clerk.

An adjourned meeting of the City Council was held at the City Hall on July 25th, 1948. The following members were present: Councilman Berger, Burns, Heitman, Richards and Selman. Absent: None.

LANGLADE'S FEATS

Charles, regarded as "father of Wisconsin", fought in 99 battles and skirmishes.

Taxes Take Largest Slice Of Top Salaries

Uncle Sam is getting by far the largest cut out of those top corporate salaries and top executives brought back into the news.

Commenting on Treasury reports of salaries and top executives for 1947, the Chamber of Commerce of the United States notes:

The Federal tax collector takes about \$64,000 out of a \$100,000 net income. Surpluses rise steeply, until the Treasury gets about 85 per cent of a \$1,000,000 bracket.

The man in the \$100,000 bracket has only about \$15,000 left out of his "raise" after the Federal tax.

"A company has found," says the Chamber, "that he has to pay out of its executives a \$300,000 salary in order that he might net about \$20,000 after Uncle Sam's \$240,000. And he has other taxes to pay in addition to the Federal income levy!"

RESOLVED that the 3rd day of August A. D. 1948 at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition.

It is Further Ordered, that publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Manistique Pioneer-Tribune, a newspaper printed and circulated in said county.

John J. Hruska, Judge of Probate, Lydia L. Strom, Register of Probate, George W. Wood, attorney, 127 South Cedar Street, Manistique, Michigan. (St. Aug. 15-22-29 pd.)

APPLIANCE DEALERS HAVE BEEN TOLD THAT MANY MORE . . .

NEW Electric Household Appliances

will be here soon!

Is your home fully prepared to take advantage of the new marvels of "Electric Living"?

If you are not sure, now is the time to have the electric wiring in your home modernized to meet the new load requirements economically and satisfactorily.

Old wiring may be incapable of delivering the electric energy you'll need, and it may waste it, too. Also it may constitute a hazard as it is required to carry more than it should. Too, you may need new outlets in your kitchen, living room, or other parts of the house.

The wisest thing to do is to call a competent electrician and have him go over your home wiring thoroughly. Have him put in the proper new wiring and install those new outlets you'll be needing. The cost to you will be surprisingly small.

Electricity will add greatly to the comforts of living. Get ready now to take full advantage of it in your home.

Manistique In Former Days

Former E. F. Foley of the Manistique community, while jumping the language season, Saturday, August 11, 1946, by striking on a bridge was very painful. The bridge was very painful to him to his room for a dancing party at the home of Lena. Rice, near Indian Lake, Saturday. Quite a number of Manistiquites were in attendance. Helahahn took a bath in Lake, Thursday, and had to go to the hospital. He was out in a matter of a few days. He was a member of the Manistique community. He was a member of the Manistique community. He was a member of the Manistique community.

Twenty Years Ago

Mr. and Mrs. L. C. Harbin were in Vincennes, Indiana, this week where they were called by the death of Mrs. Harbin's father, Matthias Barry. Mr. and Mrs. Irving K. Peck, of Chicago, visited friends and relatives in the city this week. Mrs. Peck was formerly Miss Elizabeth Tully. Mrs. Lanning Williams has returned to the city from Marquette where she has spent several months. Miss Rhoda Wickwire, of Chicago, is visiting her mother, Mrs. Anna Wickwire, of Lake street. After being called here by the death of Vance DeKlare last week, the following relatives have returned to their homes: Mrs. Erwin Loveland and two daughters, of Blinclair; Mr. and Mrs. Charles J. Rabideau, of Osier, Michigan; and Mrs. Joseph LaChapelle of Milwaukee. Ian Eastman and wife, of Bay, Minnesota, were guests at the home of Mr. and Mrs. A. B. Waters of Arcadius Avenue last week. Mr. and Mrs. William Sheahan are spending a few days in Chicago this week. Miss Grace Schofield, of Glenville hospital, Cleveland, Ohio, is

Local Veterans' Office Explains Emergency Hospitalization Program

The State of Michigan through the Office of Veterans' Affairs provides a program of emergency hospitalization for World War II veterans. The questions and answers below released by the local veterans' office, may clear up some points concerning this program. Q. What constitutes an emergency? A. An emergency is considered to exist when the lack of immediate hospitalization would seriously endanger a veteran's life or health. Q. What should a veteran or his family do in an emergency? A. Contact the local veterans' counseling who will make all arrangements. Q. Where can the veteran be hospitalized? A. In any approved hospital in his home community if one exists, otherwise in a nearby hospital selected by the veteran's physician. Q. What services are made available to a veteran who qualifies for emergency hospitalization under the Office of Veterans' Affairs program? A. Antidote, hospital care, medical care, surgery, medicine, nurse, X-rays. Q. Who pays for these services? A. The Office of Veterans' Affairs. Q. Why is this service not available to veterans of World War I? A. Because the legislature has not appropriated money for veterans other than those of World War II. Q. Does the emergency have to be connected to the veteran's service in the armed forces? A. No. Q. Is this service available to non-residents of Michigan? A. No.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Robert D. Carley, Jr., S 1/c, received his discharge from the navy in San Francisco on August 1, and is enroute to his home here, his parents have learned. Carley entered the service July 1, 1945, and trained at Gustavus Adolphus college, St. Peter, Minn., Iowa State college and Great Lakes, Ill. before receiving an assignment at Mare Island. George W. Yung, SF 3/c, of Germfash, has returned to his home following his discharge from the navy at Great Lakes, Ill.

Movie Showing At Bethel Baptist Church Sunday

Vivid full-color scenes from astronomy and natural science are featured in "The God of Creation," a 16-mm. motion picture to be shown at 7:30 p.m. Sunday evening at the Bethel Baptist church.

Produced in the West Coast Laboratory of the Bible Institute by Irvin A. Moon, Sr. D., "The God of Creation," is the second in a series of evangelistic films according to Rev. Harold Martinson, Bethel Baptist pastor. The first film by Dr. Moon, "They Live Forever," had a large showing in all parts of the country.

In the opening section of "The God of Creation" the audience takes a trip to the stars by means of solar photographs taken through the giant 100-inch telescope at the Wilson Observatory in southern California, and views complex gyrations of our own solar system.

Lapse-time photography is utilized to demonstrate the beauties of natural science. The illustration shows a developing into a full-blown blossom in a few seconds is created through this time-compressing photo technique.

The metamorphosis of caterpillar through the various stages from worm to butterfly, and pollination of flowers are seen on the screen in full color.

Believed to be the first of their kind are the natural-color pictures of photosynthesis, the mysterious food-manufacturing process resulting from the action of sunlight on green leaves.

Through photomicrography the audience peers in to the microscopic world of a drop of water and observe the complexity of tiny organisms, enlarged more than a million times.

The public is invited to attend the showing here.

FOREST OFFICIAL WARNS OF FIRES

Late Summer Hazard Growing Steadily Despite Help Of Rainfall In U. P.

Timely rains have helped a lot, but the late summer forest fire hazard is growing steadily toward a situation that will require the same "standby alerts" of fire fighting crews maintained last spring.

Carl A. Makel, conservation department forest fire official stationed here, reports.

Berry pickers in this vicinity have been cautioned about the increasing hazard. If the dryness continues into autumn, hunters will be obliged to maintain the same precautions with their campfires and tobacco that were urged upon fishermen in the spring.

During the week ending August 11, there were a total of 18 forest fires on areas protected by the department of conservation in the upper peninsula. The average size of these fires was remarkably small, and the hazard diminished toward the end of the week due to general rainfall, but conservation men are urging care at all times in the woods to combat the late summer hazard.

COUNTY OPEN TO GROUSE SHOOTING

Entire Lower Peninsula And Western End Of Upper Peninsula Closed

Schoolcraft county will again be opened to hunting for prairie chickens and sharp-tailed grouse this fall, the state conservation

commission ruled at a recent meeting at Higgins Lake.

The entire lower peninsula and the western end of the upper peninsula have been closed to these games, however, leaving only Chippewa, Luce, Mackinac, Alger, Delta, Marquette and Schoolcraft counties and parts of Dickinson and Menominee counties north of highway M-60.

The season is Oct. 1-20, and the bag limit, for the two species combined, is three a day, six in possession, 15 for the season.

The waterfowl shooting season has been cut from 80 to 45 days, and will run this fall from Oct. 5 to Nov. 18. The bag limit is cut from 10 to 7 a day, including one wood duck, and the possession limit is 14, including one wood duck. The shooting day is a half hour shorter: from a half hour before sunrise to a half hour before sunset.

Woodcock season will be the same as it was a year ago: Oct. 1-15 in the upper peninsula, and Oct. 15-29 in the lower peninsula, with a daily bag limit of four and a possession limit of eight.

Ruffed grouse (partridge) season also is unchanged at Oct. 1-20 in the upper peninsula and Oct. 15-Nov. 5 in the lower peninsula, but the bag limit, which last year was five a day, 10 in possession and 25 in a season, has been cut to three a day, six in possession and 15 for the season.

Pheasant shooting will be Oct. 15-Nov. 5, with bag limits of two a day, four in possession and eight in a season. After the first two days, hunters may begin shooting at 7 a. m. EST.

We specialize in... SERVICE TO FARMERS

Naturally, individual requirements vary—but we have the "State Savings Bank" to meet the needs of ALL. Whether you need a checking account to facilitate handling your finances; a savings account for setting aside a reserve of cash; or a loan for the maintenance of farm buildings and machinery, to purchase new equipment, to buy additional land, to build, to buy a new car or truck... you'll find the State Savings Bank ready with prompt helpful service. And it makes no difference how little or how much banking service you use—you're assured of 100% co-operation here ALL the time.

Have you tried WHEATIES? NATIONAL WHEATIES... Cliff's Market

There are approximately 1,100 species of trees growing in the U. S., many of which are valuable commercially.

In the year 1935 there were about 175 million acres of national forest land under the administration of the U. S. Forest Service.

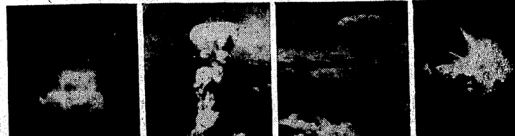

The "Naval Stores" industry produces turpentine, rosin, and resin oils from the gums of the pines growing along the Gulf and Atlantic coasts.

AIRBORNE DEATH—One of the most spectacular pictures of the war was made when this 18th Air Force bomber was shattered by a strategic attack target in Germany. Thousands of young Americans lost their lives in similar battles over Europe and the Pacific in order that the enemy might lose the will to resist.

Pictures Show Highlights of Atomic Year One

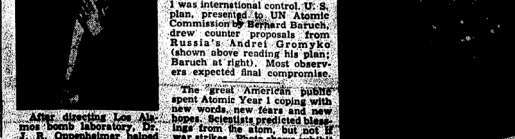

The atomic age opened July 16, 1945, with the New Mexico test of the bomb (1). A few hundred feet observers saw it. A year ago, at Hiroshima (2), the first war bomb left 100,000 dead and injured. At the Etosha game with Harold Gray (left) and Leo Sillard (photo 4), scientists are observing Hiroshima anniversary with plans for controls to end all use of bomb.

All through the year scientists emerged from their laboratories to speak up on political aspects of atomic energy. Photo (from August March of Time) shows the Etosha game with Harold Gray (left) and Leo Sillard, active in fight to control the bomb.

The most lethal way to deliver an A-bomb is by rocket. Army trials of German V-2 type (above) brought assurances by the end of Atomic Year 1 that the day of long range atomic rockets is almost here. Scientists know of no defense.

Biggest issue of Atomic Year 1 was international control. U. S. plan, presented to UN Atomic Commission by Bernard Baruch, drew counter proposals from Russia's Andrei Gromyko (shown above reading his plan; Baruch at right). Most observers expected final compromise.

The "great American" public spent Atomic Year 1 coping with new words, new fears and new hopes. Scientist's coping with dangers from the atom, but not if war breaks. Photo shows exhibit after directing Los Alamos bomb laboratory, Dr. J. Robert Oppenheimer, before draft State Dep.'s proposals.
