CUSTODIAN OF CITY PROPERTY IS NEW POST

Other Recommendations Of Manager Approved By Council Monday Night

Creation of the post of custodian of city property, a new position in Manistique's city administration, was one of the more important matters taken up at the meeting of the city council Tuesday night.

The need for such a custodian was described by James Dickson, new city manager, who said that the management of the city property is now under the direct care of no one in particular.

The council approved the recommendation. It was also agreed that Frank W. Vaisio, long time manager of the city and acting city manager several times, be appointed to the position.

The purchase of a snowplow and hydraulic ditch equipment also was discussed by the council, the county expressing approval of the suggestion but deciding to leave the matter up to the city manager who will make further investigations.

Building permits were granted, subject to the approval of the fire chief and city manager, to Nelson Cleveland Construction Company...

The council approved the city manager's suggestion that the use of city equipment in private purposes be discouraged as much as possible.

This was the first meeting of the council since the resignation of James Dickson as city manager.

Final Meeting Of Series In Tourist Clinic Thursday

Robert McIntosh, of Michigan State college, was here Thursday night at the final session of a tourist and industrial clinic which opened Oct. 24.

The clinics, which were held during October and November in Manistique, were given by McIntosh and Marquette, were held in an attempt to appraise and analyze services offered tourists in this area and to learn how such services can be improved.

64 Win Place On High School Honor Roll; Freshmen Lead

Sixty-four Manistique high school students are on the honor roll for the second marking period of the fall term, it was announced Thursday by Principal C. E. Olson.

Leading the four high school classes are the freshmen, who ranked on forty-one students in the honor roll list.

Two game law violators were fined in justice court here during the past week. One was fined \$25 for trapping Saturday, but the case was suspended because of extreme circumstances.

Mary Gest, of St. Joseph, arrested Saturday in Houghton on charges of having a pile of large mammals in his possession.

Support Is Sought In Bond Campaign

Manistique citizens will not be canvassed in a house-to-house drive but are urged to "Save For Security" in the year-end war bond campaign which opened Armistice Day and runs through December 1.

Chief aim of the campaign is to increase every citizen's bond holdings in order to distribute as widely as possible the interest payments on the public debt.

Men employed in Manistique industrial plants are urged to buy bonds during the campaign.

Another objective of the increased bond sales promotion is to check inflationary spending as much as possible while consumer income still exceeds available goods and services.

BIGGEST ARMY OF HUNTERS IN HISTORY HERE

Nimrods Swarm Into Manistique On Way To Camps In Schoolcraft Area

The greatest influx of deer hunters in the history of Schoolcraft county was forecast this week as hundreds of carloads of deer-hunters arrived in Manistique for the opening of the season Friday morning, November 15.

The vanguard of the deer hunting army hit Manistique Saturday, and by Sunday evening the stream of arriving cars had reached substantial volume.

Wednesday reports from Mackinac City indicated that a line of cars 10 miles long at one time stretched south from Mackinac City, reaching over halfway to Choleighton. This is reported to be the longest line-up on record at the Straits.

The peak flow of deer season traffic was expected to be reached Thursday, but a large number of hunters will still be crossing the Straits and driving to their hunting areas all this week end, according to reports.

Michigan state police here reported Wednesday that only 125 deer hunters had registered for the opening of the season on Tuesday evening. Most of the registrants said they were going to hunt in the Thunder Lake region.

State police also reported that "tent cities" were again springing up along the federal highway between Nahma Junction and Muskegon, and that trailer camps also were numerous in this fine hunting territory.

Numerous hunters also were completing plans this week for their annual trip to the forestlands north of Manistique, which are now being prepared for the season, and by Thursday night it is expected that they will be filled with men, ready to take to the trail bright and early Friday morning.

KEEP CARS LOCKED, HUNTERS WARNED

State Police Officer Says Equipment In Autos Should Be Safeguarded

Deer hunters have been warned to keep their cars locked while they are parked in or near Manistique, where a number of cars have been broken into by burglars.

This warning applies particularly to cars in which rifles and other hunting equipment are stored. Sergeant White said, Hunters also have been warned not only to keep cars locked but to conceal any valuable equipment which may be in the car.

Last season almost a dozen automobiles belonging to visiting hunters were robbed of rifles, cameras, flashlights and other equipment. Even the locking of cars did not, in all cases, stop the thieves. In some cases their car keys were broken into.

Again Wine U. P. Growers Contest

Schoolcraft county can again be proud of their 4-H club members and in particular the work of Richard Demars, son of Mr. and Mrs. Walter Demars of Cooks, who won the 4-H Potato Growers contest for the Upper Peninsula with a yield of 618 bushel per acre. Although I cannot make a definite statement at this writing it is quite certain that this yield is a state record and at the present time members of the Extension Staff are digging into their records to find out if this record of 618 bushels has been surpassed by any other club member in the past years.
This is the second time that young Demars has won the 4-H Growers contest. Last year he won the same contest with a yield of 411 bushel per acre. For this achievement Dick was awarded a trophy by the Upper Peninsula Potato Growers Association. At the banquet Dick Demars was introduced to the large group in attendance where he received a tremendous ovation for his accomplishments. Some boys might feel that they have attained their goal and live on their laurels. However, this is not true with good 4-H club members. They always strive to do better. Since Dick Demars is only 14 years old he still has several years in which to try and break his record of this

Christmas gift boxes for every one of Michigan's 12,000 hospitalized war veterans is the goal of the American Legion's "Gifts for the Yanks Who Gave" campaign, just getting under way for the third successive year, announces Commander Lowell S. Hebbard of the Manistique Post. All Legion posts in the state, with their Auxiliary units, will cooperate in the program, to the end that no sick or disabled veteran shall be forgotten on Christmas day.
The generous aid of all citizens of Manistique will be solicited to help provide the great array of gifts required. Donors may either contribute cash for the purchase of gifts by the local Legion committee, or prepare their boxes individually.
The Legion hall on Walnut Street will be the receiving station of the Christmas boxes and

Another outstanding achievement by a 4-H club member from Schoolcraft county was awarded the sweetstakes premium and title was Donald Tennant, son of Mr. and Mrs. Russell Tennant of Hiawatha township, in order to win this award Donald's sample of 32 tubers had to be judged as the outstanding 4-H sample of the Upper Peninsula Potato Show regardless of variety. Anyone who wishes to see the sweetstakes sample can view it with its sweepstakes ribbon at the Reese and Swenson store on Cedar Street. All will have to agree that this is an outstanding sample of potatoes which was selected by a club member who is also 14 years old.
Several other awards were made by other club members in the county. Both the Cooks and Hiawatha Potato clubs won a second prize award as a club exhibit. Jerome Allen and Jack Tennant won red ribbons on their samples. Third place awards were made by Edmund Popour, Norman Siddall, John Oberg, Carl Beckman and Gene Allen.

AN HONEST ANSWER

★ Medical ethics are not something unique and set apart, but simply a direct application of the Golden Rule. They provide an honest answer to the question, "What is best for the patient?" As one physician put it, "I do for my patients what I would do for a member of my own family."
As pharmacists, we adhere to the same code. The quality of our medicines and service is the best it is possible to give. You, the patient, are our first concern.

THERE SIMPLY ARE NOT ENOUGH NEW CHEVROLETS TO GO AROUND

We are getting our fair share of the current production of new Chevrolet passenger cars and trucks. And as strikes and shortages decrease, as the Chevrolet plants are able to produce more and more new passenger cars and trucks, we'll get more and more of them to deliver to our customers. Meanwhile, as long as shortages do exist, it is our purpose to apportion our share of the new Chevrolets available fairly and justly among the many customers, new and old, whose continued friendship and patronage are the keystone of our business.

So that you may have no doubt as to our method of distribution of new Chevrolet passenger cars and trucks, we make the following—

DECLARATION OF POLICY

- PRIORITY OF DELIVERY**—New Chevrolet cars and trucks will be apportioned on the basis of: (1) essential public services, (2) veterans' occupational requirements, (3) priority of date in placing orders.
- PRICES**—All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.
- TRADE-INS**—No trade-in will be required from any customer who does not have a car to dispose of at the time of the transaction. Customers who do have cars will be given allowances based on honest appraisal and fair value at the time of delivery.
- ACCESSORIES**—No customer will be asked to purchase accessories as a condition of securing delivery.
- STATUS OF ORDERS**—Customers will be informed, upon request, of the true status of their orders in our files.
- NEW ORDERS**—We welcome your order for a new Chevrolet at any time.

WE THANK YOU FOR YOUR PATIENCE AND LOYALTY IN AWAITING DELIVERY OF YOUR NEW CHEVROLET

MANISTIQUE, MICHIGAN

Governor-Elect Kim Sigler and his all-Republican state administration at Lansing are going to have a financial headache of unprecedented proportions after January 1.

All because of Michigan's Nov. 5 atomic bomb—the voters' thumping approval of the sales tax amendment and the \$270,000,000 veterans' bonus.

How to solve the problem of operating state public service on a revenue short of two-thirds of the state tax—the traditional Michigan pounce that buys the golden eggs—is sure to give Governor-Elect Sigler and his advisors plenty of worry. The state legislature will have to wrestle with the problems in the 1947 general session, certain to be convened early in January.

Legislators will be confronted with two tough alternatives. First, should state services be drastically curtailed or eliminated in order that the expenditures of the next fiscal year (starting July 1, 1947) may be brought into balance with the state's shrinking revenues?

And if so, what services should be lopped off or dropped? Should the state educational institutions—University of Michigan, Michigan State College and all the others—be granted additional funds for housing of veterans, completion of needed classroom buildings, and other improvements long deferred since advent of the Great Depression in 1932?

How about hospital additions? Twenty more guards are needed at the state prison at Jackson? Well, the list is long. Someone must make a decision; someone must make a priority. We sympathize with the legislature trying to

work this one out. It's not going to be easy.

Second, should the State of Michigan enact new taxes? The \$270,000,000 veterans' bonus, for example, will be financed chiefly by state bonds. These bonds, if sold at 1 1/2 per cent interest and retired in 20 annual installments, will cost well over \$500,000,000. The interest cost alone would be \$122,000,000.

While the amendment limits the bond issue to \$270,000,000, it also provides that any person who served in the armed forces between Sept. 16, 1940 and June 30, 1946, and who was a resident of Michigan at least six months prior to entering the service and who served for more than 90 days shall receive a month. This bonus will be computed at the rate of \$10 for each month of domestic service and \$15 for each month of foreign service. The maximum payment is to be \$500.

However, additional payments are also authorized. Surviving dependent relatives (husband, wife, children, mother, father, brothers and sisters) of a service man or woman who died or who shall die hereafter from service-connected causes incurred between Sept. 16, 1940 and June 30, 1946 shall be paid a sum equal to the difference between what he has received in the other taxes at a time when pocketbooks are already badly pinched to cover the rising cost of living.

Of course, a legal way out would be for the state supreme court to hold the new amendment invalid. A suit is sure to be filed by someone.

One thing is sure. Lansing is going to have quite a show! Instead of reducing the state sales tax from 2 to 2 1/2 per cent, as Sigler suggested during the fall campaign, he may have to ask for an increase in the other taxes to add the new amendment invalid.

Naming Of Plymouth Preceded Landing Of Pilgrim Fathers

History has it that Plymouth, Mass., got its name in 1620 when the Pilgrims landed, but according to information in the Clements Library of the University of Michigan, the New England town was named six years earlier.

The conventional story is that the historic spot was christened Plymouth because the Pilgrims' ship, the Mayflower, sailed from Plymouth, England. Papers in the library indicate, however, that in 1614 Prince Charles of England named the village Plymouth at the request of Capt. John Smith.

Capt. Smith voyaged to New England in 1614, the papers say, and returned with a map of the region asking the Prince to change the "barbarous" Indian names of the villages shown to good English names. His Royal Highness did so, renaming Accomack as Plymouth.

OFFICIAL PROCEEDINGS OF THE MANISTIQUE CITY COUNCIL

Manistique, Mich., Oct. 14, 1948. A regular meeting of the City Council was held at the City Hall on October 14th, 1948. The following members were present: Councilmen Berger, Burns, Holtman, Richards and Sellman, Absent, none. Also present: James D. Dickson, new city manager. The minutes of the meeting of September 23rd, 1948, were approved as read. The minutes of the special meeting of October 7th, 1948, were approved as read. A letter from Edward J. Jeffrey 27, mayor of Detroit, on amendment No. 2 was read for information only. The September report from Veterans Counselor Office was received and ordered placed on file. The September report of Alger-Schoolcraft Health Unit was received and ordered placed on file. Pursuant to a statement by the City Clerk, it was moved by Councilman Sellman, supported by Councilman Holtman, RESOLVED that a refund check for \$20.29, account of over-payment on 1946 city taxes, be given Harry Frantz, 124 1/2 Point St. Yes: Councilman Sellman, Holtman, Berger, Burns and Richards, Negative None. As provided in the budget, \$200.00 was allocated to the 1946 Potato Show. The discharge of Elmer Anderson, assistant Police Chief, by Roy Anderson, police chief, was discussed. The City Attorney pointed out that, according to the Administrative Code of the City of Manistique, the Police Chief has no authority to discharge, but only to suspend. Power to discharge is vested in the City Manager after notice of suspension by Police Chief. Suggested by Councilman Holtman, that the Council adjourn. William A. Berger, mayor. Alex. Robertson, city clerk.

HUNTING TOPICS

To the dozens of local hunters, and the downstate nimrods who will be lured in hunt camps in this area in the next two weeks, conservation officers here have a map of personal advice: take a map compass along, there is no "sissy" about knowing where you are. Any lost hunter who finds a trail before the woods before conservation officers and state police in searching parties find him is asked to report his return immediately. Last year, there were a total of 6,007 hunters in Schoolcraft County and 2,696 deer killed. Here are the test of the statistics 38.8 percent of the hunters were successful; there were 5.8 hunters per square mile and the deer kill per square mile was 2.17. In 1944, there were 1,770 hunters and 1,990 deer killed.

Michigan Banks Get 100-Point Mark For Farm Service

For the third consecutive year the banks of Michigan have received the 100 point award at the annual meeting of the Agricultural Commission of the American Bankers' Association, according to Wm. J. Shinar, secretary of the State Savings Bank, who represents the banks in Schoolcraft as County Key Banker. The award was notified that the award was made at the A. B. A. Agricultural Commission meeting, which was held at Louisville, Kentucky. Each year the A. B. A. Commission rates banks in all of the states on the basis of county bank activities which benefit agriculture. In the numerical evaluation of these activities, the Commission considers work done by individual banks, and programs which are carried out by the agricultural committees of the state bankers association. Points are given for "regular" and "extra" services rendered by the banks. "Michigan banks have for many years closely cooperated with Michigan State College and the Extension Service," Mr. Shinar said. "During each year the meetings are held at the state college which are attended by the Michigan Bankers Association Agricultural Committee and county key bankers. The key banker organization is one of the best in the United States." Subscribe for the Tribune.

Heat Values
The actual heat units in the different fuels are approximately as follows: anthracite, 12,500 per pound; oil, 140,000 per gallon; natural gas, 1,200 to 1,100 per cubic foot; manufactured gas, 550 per cubic foot; mixed gas, 700 to 800 per cubic foot. In each case the heat values given must be multiplied by the actual operating efficiency of the heat generator (boiler or furnace) to obtain the actual number of heat units.

Just Curtains
Dust curtains often to make them last longer and stay cleaner.

MAY HAVE BEEN A MISTAKE Many business men are now convinced that the Armistice Day closing was a mistake.

Several store operators toured the town during the day and were keenly aware of hundreds of deer hunters roaming the streets and rattling locked business doors.

Holidays are fine—we all like them and are convinced that we ought to have more of them. Yet, during the resort season and the opening week of deer season, hundreds of visitors are crowding through the city, with new money burning holes in their pockets.

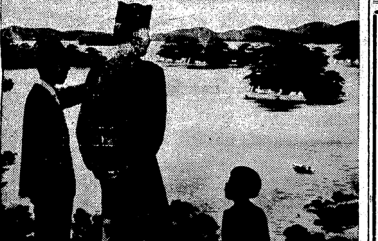

NEW CONSTRUCTION WORK SHOWS FAITH IN CITY'S FUTURE

Construction work is completed or underway on at least five new business buildings in Manistique.

Three of the buildings are complete new business structures; the other two are additions to existing facilities.

The present construction work is a continuation of a trend started about two years ago when many business firms awoke to the fact that Manistique has sound expectations of a prosperous future.

New home construction, lagging because of scarce building materials necessary for residential building, will accelerate once lumber is more plentiful, and plumbing and electrical

How to Handle a Fortune

Some months ago I reported in the Clarion how Mel Baly's uncle died up north, and left him with a tidy fortune.

Two main groups of mammals live in Michigan, the zoologist explains. "In the Upper Peninsula and in the northern part of the Lower Peninsula, above the edge of the jack pine plains, are the forest bog and swamp animals.

Forest Air Cleaner
Forest air is much more free from bacteria of all kinds than is the air just outside the forest. According to the Encyclopaedia Britannica, there are generally 25 to 25 per cent fewer bacteria in the forest air, since the foliage acts as a kind of filter, retaining dust and other particles in the air. The bacteria on the leaves are then readily killed by exposure to the sun.

BROAD SCOPE OF SERVICE GIVEN TO VETERANS

(Continued from page 1) the 43 hospitalizations cases were veterans of World War I.

"If insurance problems are among the leading ones which come to the attention of the veterans' counseling center, the speaker said. Since July 15 National Service policies have been reinstated, and 11 converted to other types of government insurance."

A total of 246 veterans were assisted in applying for educational benefits for disabled veterans, of whom there are at present six taking special trades courses in schools of other states under the G. I. Bill of Rights. Multihaupt revealed that in January of this year, there was one firm in Manistique which had applied for approval as a training institution for veterans in apprenticeship and through the cooperation of the Manistique public schools, the U. S. Employment Service Office and the counseling center there are now 30 firms either training veterans or in the process of being approved either for apprenticeship or on-the-job training program.

A total of 41 veterans have been authorized out-patient treatment for service-connected disabilities and they are being treated locally by their family physicians. Cost of their treatment and medication is borne by the Veterans Administration.

Cites World War I Vet Case
There have been 67 new claims for disabilities and disability amounts now receiving pensions and medical treatment. Multihaupt went on. The counselor told the assembled Legionnaires and their ladies about the case of a World War I veteran, totally disabled, for whom the Veterans Administration had been seeking assistance for several years. The case was referred to the local counseling center soon after its establishment and within four months, the veteran was notified that he would receive over \$200 in back pension and \$60 per month until he attained the age of 65, after which he will be given \$76 monthly. Three other similar cases of World War I veterans are now being processed through this center.

A total of 12 veterans were assisted in obtaining tax refunds and exemptions from the state of Michigan, the return to each veteran amounting to an average of \$150. Sixty-four ex-servicemen were given assistance in obtaining priorities for building and materials.

Multihaupt cited cases of veterans' widows unaware of their entitlements who through the aid of the Schoolcraft counseling center are now receiving pensions and insurance pay. One has received \$728 in back pay, he reported, and another \$268. A veteran who had been receiving a 30 percent disability entitled the aid of the center to effect a 100 percent claim and is now receiving \$138 per month.

Over 600 veterans of World War I have been given help in filing claims for terminal leave pay, and of this number only one claim was returned in error. The local center compared this record with national figures which he stated showed that 20 per cent of all claims filed were returned for correction. He expressed his appreciation to a number of local women who assisted him in referring to members of the county clerk's staff for their invaluable assistance. "Without their help," he declared, "we would still be up to our necks in terminal leave forms. Now there is only an occasional request for assistance in filing these claims."

Multihaupt closed his summary with a brief outline of the work of the Michigan Veterans Affairs Bureau.

CHARLES T. MARIN CLAIMED BY DEATH

Life-long Manistique Resident Dies Sunday Evening In Pontiac Hospital

Charles T. Marin, lifelong resident of Manistique, passed away Sunday evening at 6:30 o'clock at the Pontiac County Convalescent Hospital where he had been a patient since last June. He was 57 years of age.

Mr. Marin, who was the eldest son of the late Mr. and Mrs. Victor Marin, was born in Manistique on June 12, 1878, and had spent his entire life in this city. During his youth he was employed in local sawmills and later was a deliveryman for the Middlebrook Grocery. For years he operated his own dray line, and it was while he was in this business that he suffered an injury to his spine which caused his retirement from any active employment. Despite his handicap he refused to be confined indoors and got about on a specially-built tricycle, his daily rides making him a familiar figure, especially on the westside of the city.

He was a member of the Zion Lutheran church.

Survivors are his wife, of Manistique; one daughter, Mrs. Arthur Kirken of Pontiac; three grandchildren, Orville, White and Mrs. Paul Gossick, of Pontiac; and Mrs. William McMorris, of Sault Ste. Marie; and nine brothers, Ivan, Grand Haven; Knut, Sault Ste. Marie; Henry, Painesville; Fred, Lansing; William, Cheboygan; Nelis, Lansing; Gust, Manistique; and Dr. George Marin, of Birmingham, Mich.

Funeral services were held Thursday afternoon at 2:30 o'clock at the Mortuary of Rev. G. A. Herbert officiating. Interment was in Lakeview cemetery.

FORMER RESIDENT TAKEN BY DEATH

William Pierce Dies In Seattle After Being Struck By Motorist

William Pierce, resident of Thompson and Manistique for a number of years, died Sunday afternoon in Seattle, Wash., from injuries received when he was struck by a hit-and-run motorist. He was 60 years of age.

Mr. Pierce lived for virtually all of his life in the Thompson and Manistique areas, moving to the west coast a few years ago. He had been engaged in farm work during his residence here.

Survivors are three sisters, Mrs. Mabel Berger, Manistique; Mrs. Etta Trober and Mrs. Theresa Gerin, of Seattle. Mrs. Berger and her daughter, Mrs. Carl Lynta, left Sunday for Seattle to attend funeral services.

Mr. and Mrs. E. P. Biehenshimer left Monday for Rhinelander, Wis., where they will reside, following a week-end visit with friends here.

GULLIVER WOMAN TAKEN BY DEATH

Mrs. Barbara May Rodgers Dies After Heart Attack; Funeral Wednesday

Mrs. Barbara May Rodgers, 67, resident of the Gulliver area for nearly 50 years, passed away Monday at her home after suffering a heart attack. A neighbor noticing a light in the window of Mrs. Rodgers' home in the early morning hours investigated and found her unconscious on the floor. She died a short time later.

Mrs. Rodgers was born in Hilton Beach, Ontario, on May 2, 1879 and was married at Richard's Landing, Ontario, 49 years ago to William John Rodgers. Immediately following their marriage the couple moved to Gulliver where Mr. Rodgers died several years ago.

Survivors are three daughters, Mrs. Ethel Hudson, of Sault Ste. Marie, Ont.; Mrs. Mercedes Bucker, Los Angeles, Calif.; and Mrs. Ella Rice, of Gulliver; and three sons, John and James, of Gulliver; and Norman, of Newberry. Seventeen grandchildren and one great grandchild also survive.

Funeral services were held Wednesday afternoon at the Kefauver and Jackson funeral home, Elder Allen Schauer, of the Reorganized Church of the Latter Day Saints in Gaylord, officiating. Burial was in Lakeview cemetery.
