Manistique In Former Days

60 Years Ago Doctor E. R. Westcott, of Hunts Spur was in the city a few days this week. The Doctor's patriotism is aroused and he would be glad to enlist as an army surgeon. While planning how you will celebrate the Fourth don't forget that a Grand Bowery dance will be in progress at the Opera House during the afternoon of that day; also that a ball will be given in the evening. The best of music and good time guaranteed. Girvin, the Oak street laker, has a change of ad. in this issue. Saturday evening a drunken fellow abused the Sons of Veterans in very indecent language. George Miller promptly knocked the fellow down and was commended for the act. Amos Goudreau of Seul Choix, was in the city this week. Mr. Goudreau states that the bodies of the three men who were drowned at Sainors Point recently were not recovered. Mrs. A. C. Babcock had occasion to go to Thompson last Saturday afternoon, when within a short distance of the town the rain began to descend and the cyclone symptoms to multiply. Visions of houses and carriages in mid air appeared before the musical lady, and she commanded the driver to stop. As the vehicle slowed down between the waving trees and gusts of angry gravel-laden air, Mrs. B. made a flying leap for terra firma. Not having a parachute at hand, the worthy lady descended upon the hard ground with such force that her wrist was badly sprained. Unmindful of her injury she rapidly made for the woods, running like a frightened fawn. Soon the storm subsided and she was induced to leave her shelter. Doctor Bowen attended her injuries which are not serious.

Milton Williams, of Inwood township, was in the city Wednesday with a few crates of strawberries. Miss Alice G. Hargreaves, stenographer for the C. I. Co., has resigned her position and will be succeeded by Miss Bertha E. Watt, Excelsior Business College, of Barrie, Ont. The arch at the corner of Cedar and Oak streets was rededicated by Manager Yalomstein and Clerks Waters and Nelson of the C. I. store. The one at the corner of Cedar and Walnut streets was decorated by Messrs. Rahl and Porubar. Both arches are very neat and reflect very favorably upon the artistic ability of the gentlemen in question.

to beaches or shorelines.  
Both tourists from out of state and Michigan's own residents find these well-kept, completely equipped and scenic parks a pleasant part of their motoring habits. At these refreshment spots, they can relax and refresh themselves, thus relieving the tedium of a long trip. Good facilities located in scenic spots along the routes are factors which have added in placing Michigan in the forefront as one of the leading tourist states of the nation.  
In addition, the state has now placed roadside tables placed along the interstate highways. All of the tables are rustic in design, smoothly finished and the areas are well maintained with the grass kept neatly trimmed and the surroundings clean.

**Olsen-Bant**  
Evergreens and bridal wreath decorated the Presbyterian church for the ceremony Saturday at which Miss Shirley Olsen, daughter of Mr. and Mrs. Omer A. Olsen, Indian Lake, became the bride of David E. Bant, son of Mr. and Mrs. J. H. Bant, of Calumet. The Rev. Paul Sobel read the marriage service at 5 o'clock in the presence of 100 guests. Mrs. A. P. Hall, church organist, played the traditional wedding marches and during the ceremony, Herbert K. Peterson sang "Because" and "Oh Promise Me." Mrs. James Preston, the bride's sister, of Waukegan, Ill., was matron of honor, and Raymond C. Bant, brother of the bridegroom, also of Waukegan, was best man. Mr. Preston and Lowell Olsen ushered. The bride wore a colonial-styled gown of white slipper satin with illusion neckline, snap-fitting bodice, and wide flared skirt. The groom wore a tuxedo with a white shirt and a white bow tie. The bride wore a single strand pearl necklace. She carried a colonial bouquet tied with wide satin ribbon knotted with sweet peas. Mrs. Preston wore apple green, with bustle back and off-the-shoulder neckline and matching gloves. In her hair was a coronet of white stephanotis and sweet peas and she carried a colonial bouquet. Mrs. Olsen wore a beige print suit with cocoa brown accessories and a corsage of yellow roses. Mrs. Bant wore a navy blue ensemble with a corsage of red roses. Following the ceremony, a wedding dinner and reception were held at the Presbyterian church parlors for 100 guests. Bridal wreath and seven daises and tall

## What's the story "BEHIND-the-Scenes"?

Here is our June 30th Statement of Condition—an excellent statement, too—but the really interesting thing is the story in back of it all! The real importance of this statement isn't so much that it shows the State Savings Bank to be a rapidly growing institution—but rather it indicates the progress you are making—you and hundreds of others in this territory.

In other words, you—and Manistique as a whole—are the interesting story behind our statement. Sure—we have capital, surplus, and undivided profits totaling over \$175,000.00; deposits, \$2,433,481.76; and total resources over \$2,500,000—but that's merely a reflection of YOUR progress.

And so—in submitting our statement we call attention not to the importance of the increasing totals... but to the importance of YOU, our customers, and your part in the "behind-the-scenes" story here in Manistique—a story of steady progress and achievement.

**Bridge Club**  
Mrs. Norman Oliver entertained members of her bridge club last Tuesday evening at her home on Garden avenue. Mrs. O. P. Smith held high score for the evening. Mrs. Wilford Eck was second and Mrs. Todd Binder, low. Mrs. James Hunt received the traveling prize. Refreshments were served following the bridge session.

**Woodmen Circle Picnic**  
The Woodmen Circle and the Junior Woodmen Circle will hold a picnic next Wednesday, July 7, at the lakeshore turnout near Thompson. The picnic will be held from 10 a. m. to 3 p. m.

**For Miss Hughes**  
Mrs. Robert Duan entertained a number of guests at a 1 o'clock bridge luncheon Wednesday for Miss Sully Hughes, whose marriage to Clement J. Laurin is taking place July 10. Four tables of bridge were in play during the afternoon, honors going to Mrs. Richard Wille, high, Miss Hughes, second, and Miss Helen McLaughlin, low. Miss Hughes' gifts were placed under an umbrella covered with white crepe paper and accented by silver ribbon.

**Shower Party**  
Jill and Margaret Burgess entertained 20 guests, most of them members of Miss Betty Carlson's high school graduating class, at a shower party Tuesday evening in honor of Miss Carlson, who will be a bride Saturday. Luncheon provided the evening's entertainment, and high scores were given the privilege of presenting the shower gifts. A mock wedding was also an amusing feature of the party. Mrs. Thurston was assisted in serving by Mrs. Harold McNamara and Mrs. William McKenzie. Betty McNamara also assisted. Table decorations were seasonal flowers.

**Shower Party**  
Misses Mary and Ellen Stephens entertained Tuesday evening at their home on North Houghton avenue at a shower party for Mrs. Dan Estro. Card games were played, prizes going to Mrs. Bud Malloy, Mrs. Cecil Keller, Mrs. John Kasun and Mrs. Jack Soukup. Refreshments were served.

**Bake Sale**  
The Mission Circle of the Bethel Baptist church will hold a bake sale Friday afternoon, beginning at 1 o'clock at the Co-op store on Cedar street.

From where I sit... by Joe Marsh

Pampered Farmers

If the folks in our town were less tolerant, they'd be really burned up over that nationally circulated article on "pampered farmers," describing them as living off the fat of the land.

From where I sit the farmer is anything but "pampered." If he's better off today than twenty years ago it's because he's worked hard to improve the quality and quantity of his production.

Take Bert Childers, for example. Bert is up at four in the morning to get the milking finished—and

ploughing or harvesting, depending on the season, until sundown. In the evening he finally relaxes with the musing over a moderate glass of beer.

And the farmer today's not only temperate in his habits, he Bert's evening glass of beer, but he's not in his opinion. So he'll probably say of that article, "somebody got the facts wrong, and just let it go at that."

# Confident Republicans Choose Dewey-Warren Team for 1948

By WALTER A. SHEAD  
Special Washington Correspondent

PHILADELPHIA—Bowling over all opposition in an uncheckered "drive" for the coveted nomination of 1948 voters, Governor Thomas E. Dewey, of New York, swept to the victory on the third ballot of the Republican National Convention.

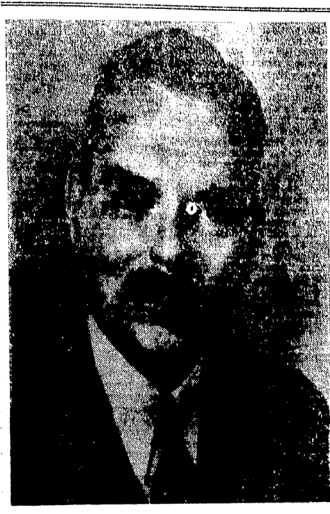

After a night of speculation on presidential candidates which included the names of Charles McNamara, of Indiana; Senator John H. Hickenlooper, of Ohio; Governor Warren was put forth as the Dewey choice for the post.

Governor Earl Warren, governor of California, was nominated to the presidency by acclamation after Arizona had withdrawn the name of Harold E. Stassen.

Actually the crowded New York-er nomination came by unanimous vote after he had demonstrated unprecedented strength on the first ballot over six other candidates for the nomination. Governor Dewey polled 434 votes on the first ballot to 225 for Senator Robert A. Taft, of Ohio, his nearest competitor, with former Governor Arthur Vandenberg, of Michigan, polled 62; Senator Raymond B. Beardsley, of Connecticut, 19; Speaker Carl Martin, of Massachusetts, 18; Carroll Reece, of Tennessee, chairman of the GOP national committee, 15; General of the Army Douglas MacArthur, 11; Governor Dwight Green, of Illinois, 56; Governor Alfred E. Driscoll, of New Jersey, 38; Governor Earl Warren, of California, 34 and Congressman Barrett M. Dirksen, of Illinois, 1.

Governor Dewey won the nomination because he had the best organization, because his opposition underestimated his strength and because the fact it broke a Republican party precedent of never having nominated a losing candidate.

The two-time nominee, he was the party's standard bearer in 1944, was given a tremendous ovation as he came into the convention accompanied by a personal wife. His nomination came swiftly after Senator John Bricker, of Ohio, had withdrawn Senator Taft's name and Stassen had himself gone to

THOMAS E. DEWEY

wagon stamped of delegates for the New Yorker. The maneuver, cleverly phycologically in many instances, became known as the Dewey "bait."

It had one effect, however, it united the other leading candidates in a move to "stop Dewey." Senator Robert A. Taft, of Ohio, second man, with some 250 or more delegates on the first ballot and former Governor Harold E. Stassen, of Minnesota, with some 175 delegates, along with the Connecticut state chairman, Governor Ken Sigler, of Michigan, and some other delegate leaders held a meeting at which they canvassed the situation and decided that Mr. Dewey did not have the votes he claimed.

Further, the Dewey "bait" brought Senator Arthur Vandenberg from out of his cocoon as a active candidate to be nominated on the first roll call of the states.

First shown-down was a split in the Pennsylvania delegation of 73 votes resulting in the withdrawal of Pennsylvania's Senator Edward Martin as a favorite son candidate in favor of Governor Dewey, throwing roughly half of the delegation to the New Yorker. This did not change the picture in the total vote, however, since it meant only that the other half of the Keystone state delegation controlled by Governor James J. Duff would go to Senator Vandenberg on the first ballot instead of waiting until a later ballot.

Then the Missouri delegation split with Senator James P. Kemmerer, of that state, going to Governor Dewey with his following of the delegation and Senator Forrest Donnell holding out for Senator Taft with his Missouri delegates. Governor Alfred E. Driscoll, of New Jersey, who had been flirting with the Vandenberg candidacy for several weeks then pulled into the Dewey camp with his 35-vote delegation. Up to this point before the balloting started, Governor Dewey had reached the peak of his claimed strength.

These delegates gathered here were all convinced they were naming the next President of the United States—that 1948 is a sure winner for the Republican party.

The best demonstration up the roll call of states came when Herbert Hoover, former president and GOP elder statesman was escorted to the platform by Alf Landon, of Kansas, the 1936 nominee. Mr. Hoover was given a 16-minute demonstration and he

made a sturdy; if aged picture there with the little lights beaming upon him.

## Foreign Aid Plan Features Platform

Highlight of the 1948 GOP platform and chief bone of contention in sessions of the resolutions committee was the foreign relations plank. The all-out approval, however, of the European recovery program and support of the United Nations was a clear-cut victory for Senator Arthur Vandenberg, of Michigan, and Senator Henry Cabot Lodge, Jr., of Massachusetts, the chairman of the resolutions committee. While IEAP was not mentioned by name the platform plank was clear and strong.

The platform was all-inclusive covering the field of domestic issues including conservation of natural resources, farm price supports, economy in government, against high prices, abolition of useless government bureaus, maintenance of an adequate armed service for sea, land and air; reduction of the federal debt and taxes, elimination of monopoly to aid small business, a sound soil conservation program, development of sound farm credit, encouragement of family-sized farms; progressive development of the nation's water resources for navigation, flood control and power; a comprehensive reclamation program; recognition of the nation's obligation to all veterans and a realistic and adequate adjustment of benefits; housing by private enterprise at lower costs; and federal aid for local slum clearance and low-rental housing; extension of the federal old age and survivor's insurance program and increase of the benefit rate to a more realistic level; strengthening of state-aid programs to provide more adequate hospital facilities; to improve methods of treatment of the mentally ill; to advance maternal and child health and generally to foster a healthy America.

The civil rights platform plank included an anti-lynch law, abolition of the poll tax as a requisite for voting, opposition to racial segregation in the armed services and equality of all individuals in their right to life, liberty and the pursuit of happiness. . . . right to equal opportunity to work and to advance in life not limited because of race, religion, color, or country of origin.

The platform also pledged new legislation against communism; revision of the procedure for election of president and vice-president to "more exactly reflect the popular vote." This plank referred to the 1948 constitutional revision resolution to change the vote procedure of the electoral college. Equal work regardless of sex, educational opportunities for all and giving title of lieutenant oil lands to the states completed the document.

"Canned" television took the story inland. Around Philadelphia every television set was turned into a convention hall and even in conjunction at the meeting outside the convention floor, the television was for many a much more popular and comfortable method of "covering" the proceedings.

For the first time network television carried the live scenes of this convention to the eastern seaboard from Richmond north to Boston. All television networks "pooled" their shots and fed through a central broadcast station so that all networks received the same coverage.

## Gov. Earl Warren

the platform to withdraw in favor of Dewey. They were quickly followed by Governor Warren, of California, and the others.

Governor Dewey told the delegates he accepted the nomination "with a single obligation as promise to say living person."

Governor Dewey came into the convention as the leading candidate, with approximately 350 votes pledged to him on the first ballot and possibly some 50 to 75 votes as a reserve upon which he could count after favorite son candidates had been moved out of the picture.

### Statements Regarding Manager Embroglio Here Read At City Council Meeting Monday Night

Copies of various prepared statements presented at the city council meeting Monday night, and legal opinions given afterwards by G. S. Johnson, city attorney, are reported below.

The first statement, which follows, was the one read by Frank Prater, commander of the Manistigue post of the American Legion, and spokesman for various groups in the city:

"The group here this evening represents the several service organizations of this community and are very much interested in good government. The Veterans Organization are very interested in the resignation of the city manager, and the Legion is interested in the resignation of the city manager. We have no personal grievances against any of the members of the council. You have been elected by the people and it is your duty to represent the people to the best of your ability, as representatives of the people. We are not here to represent the people for your actions must be made public and we want to know why this has not been done."

## School Registration NOTICE

been done. The several officers of the service clubs have expressed their disapproval in the manner that the city manager was forced to resign, and feel that the manner in which it was done was not good government. Therefore, we want a complete report on this matter.

1. The asking of Mr. Dickson to resign after an adjourned council meeting.

2. The cutting of his salary to \$2,000, thereby giving him to resign.

3. Refusal to give any reasons for such action.

If fully acceptable answers are not given, we suggest that the three members resign, thereby saving the expense of a revolt."

#### Berger Replies

Following is the written answer read at the council meeting of Councilman William A. Berger:

After feeling publicly criticized as an ignorant simple stoner and being condemned at the American Legion Convention for being a mayor who cannot speak, I hope you will bear with me if I read my reasons to you why I asked Dickson to resign and why I voted yes on the salary cut. As I am not a college graduate, I am unable to speak the same language as most of those who have put me, my family and friends through so much scorn and unjust criticism and comment.

I was born and raised in this city, and my character and reputation have been above reproach. I have held other public positions and have gained many friends, and my character has never before been questioned until the time of Dickson's article in the press. For a man who has the education which he states he has, his article clearly shows his personality and character.

If you recall, Mr. Sellman, Mr. Schubring and myself ran independently of any so-called "Good Government League" or any civic organization. We were elected by a majority of the people and when Dickson came in "simpler" stonages, I am forced to think that he refers to the majority of the citizens who put us in office. They must think we have the necessary qualifications,

and I quote—"Qualifications, foresight, understanding, character, personality, and background, or they would not have entrusted us with the duties of the office."

No Back Tracking

I have conversed with the past council, the present council and the former city manager, and when I voted yes on Dickson's salary cut I exercised my constitutional right of voting as I saw fit without being called a simple stoner. I do not regret that right may never be taken away from any member of the Manistigue City Council. I don't believe Dickson's salary cut was a mistake. It was just, for this reason, Mr. Sellman, Mr. Schubring and myself, following the regular meeting of the council on May 15th, went into the manager's office and asked him to resign. We did not quote "accuse the city manager outside of the city hall" as an article in the Manistigue Daily Press, dated June 14th, stated. He had five weeks in which to demand a hearing before our meeting of June 14th. When he demanded a hearing at the council meeting he was informed by Mr. Sellman that there was a council meeting and not a hearing. If he wanted a hearing why did he resign? We would have been glad to set a date for one. In Dickson's statement, he says he was waiting for the security of Manistigue to justify his moving his family here. What about the man who has the security of Manistigue to justify his moving his family here?

I know he is not qualified to do the work that has to be done in the city in the future. His past accomplishments do not meet the needs for our city manager.

After setting up qualifications for a city manager, one of the things being and most important to Dickson, was he a high school graduate. He hired a man without this qualification. The action was given a city truck, the property of the taxpayers, to use in his work. This truck, which has been seen on M-34, Marquette Point, at different taverns, after working hours.

**Complaint on Purchases**

Another reason I asked him to resign. When they renounced the city hall, Dickson bought the coldest steaks from "Beasmas" when there were several times in town selling them. Mr. Dickson, a former councilman, refused to sign vouchers because he bought auto-

mobile parts from Montgomery Ward rather than his own garage. Just because he spent a good share of his own income in Beasmas, I don't think he should spend the taxpayers money there also.

As to his list of accomplishments, I have a fair and impartial judgment, would see that they are just everyday maintenance work of any street construction contractor.

My biggest factor in asking Dickson to resign, was that he is not a registered engineer. I may not have the necessary background requirements necessary to properly evaluate the qualities of an engineer. But the State Board of Engineering Engineers do have these requirements. Before Manistigue we undertake any major improvement we have to have a city manager who is also a registered engineer, or the city is registered to oversee such improvements.

Respectfully submitted, William A. Berger.

**Legal Opinions Given**

Two opinions from G. S. Johnson, city attorney, are as follows:

1. The resignation of Mr. Dickson, June 28, 1948.

Mr. Walter Burns, Mayor of the City of Manistigue, Michigan, Dear Mayor Burns:

This letter is written in answer to your request for my opinion as to the legality of the resignation of Mr. Dickson, June 28, 1948.

Mr. Dickson was employed by the City of Manistigue, Michigan, under the provisions of the Michigan Statutes Annotated, Section 18.7, being Section 5688 of the Compiled Laws of Michigan, 1929, in reference to the public employment of registered engineers. These provisions were set forth in a letter sent to Councilman Sellman, Schubring and Berger which I requested me to read at the council meeting last night and this letter was published in the June 28th issue of the Manistigue Daily Press.

This law was repealed at the 1937 session of the Michigan Legislature by Act 240 of the Public Acts of 1937. At the same time I requested the old law, Act 240 established a new law regulating architects, engineers and land surveyors in which some of the provisions of the old law were re-enacted. These provisions are found in the Michigan Statutes Annotated, Section 18.8 (c), through (e).

It is my opinion as expressed last night at the council meeting, that as to the present time the city council of Manistigue and Mr. Dickson have not, either severally or jointly, violated any of the provisions of this law.

Yours, etc., G. S. Johnson, City Attorney.

2. The salary cut of Mr. Dickson to \$2,000 a month. This action might have been construed as a financial measure under the Charter provided that the council, in a public letter dated subsequent to the council's last meeting, June 28, 1948, advised Mr. Dickson and Berger stated their reason for the salary cut was to effect a "change" in the office of the City Charter. In view of this statement, it is my opinion that the provisions of the City Charter which require the council to advise the Mayor of the City of Manistigue, Michigan, of the removal of Mr. Dickson without compliance with the terms of Section 7, Chapter 11 of the City Charter, are not applicable.

Yours, etc., G. S. Johnson, City Attorney, June 29, 1948.

**Law Repealed**

City Attorney, June 29, 1948.

Mr. Walter Burns, Mayor of the City of Manistigue, Michigan, Dear Mayor Burns:

Last night at the regular meeting of the city council of Manistigue, Michigan, Councilman Sellman requested my opinion, as city attorney, as to the provisions of Michigan Statutes Annotated, Section 18.7, being Section 5688 of the Compiled Laws of Michigan, 1929, in reference to the public employment of registered engineers. These provisions were set forth in a letter sent to Councilman Sellman, Schubring and Berger which I requested me to read at the council meeting last night and this letter was published in the June 28th issue of the Manistigue Daily Press.

This law was repealed at the 1937 session of the Michigan Legislature by Act 240 of the Public Acts of 1937. At the same time I requested the old law, Act 240 established a new law regulating architects, engineers and land surveyors in which some of the provisions of the old law were re-enacted. These provisions are found in the Michigan Statutes Annotated, Section 18.8 (c), through (e).

It is my opinion as expressed last night at the council meeting, that as to the present time the city council of Manistigue and Mr. Dickson have not, either severally or jointly, violated any of the provisions of this law.

Yours, etc., G. S. Johnson, City Attorney.

3. The rights of Mr. Dickson, as a veteran of World War II, under Michigan state law: Michigan Statutes Annotated, Section 4, 3222, as amended, provides that no veteran employed by the state or any of its subdivisions can be removed without the filing of written charges and a hearing at which the veteran is to be given an opportunity to defend himself. However, this statute excepts from its provisions "heads of departments—appointed by the governor and officers appointed directly by the mayor of a city."

Although the position of city manager appointed by the city council is not specifically excepted from the provisions of the statute, it can be argued that the position is excepted by the close analogy of the officer to that of an "officer appointed directly by the mayor." On the other hand, courts generally interpret veteran's laws broadly in favor of the veteran. In short, whether or not Mr. Dickson possesses rights under this statute, law is a close question of law which has not yet been decided by the Supreme Court of Michigan.

**"Clean Violation"**

III. The legality of the proceedings prior to the resignation of Mr. Dickson under the City Charter

of Manistigue Section 27, Chapter 11 of the City Charter provides that to remove the manager charges shall be made in writing and served on the manager, who shall have a right to be heard on the matter. Four notes of the council are necessary to remove a manager who has been employed for more than one year. On the other hand, Section 8, Chapter VIII of the City Charter provides that the council has the power to adopt the budget submitted by the city manager with such changes as the council sees fit. While the council has the right, as an economy measure or for financial reasons, to adjust the items in the budget, the council has no right to utilize their financial powers to achieve some aim which is in violation of some other section of the City Charter. At the time the council took their action in reducing the salary of Mr. Dickson to \$200 a month, this action might have been construed as a financial measure under the Charter provided that the council, in a public letter dated subsequent to the council's last meeting, June 28, 1948, advised Mr. Dickson and Berger stated their reason for the salary cut was to effect a "change" in the office of the City Charter. In view of this statement, it is my opinion that the provisions of the City Charter which require the council to advise the Mayor of the City of Manistigue, Michigan, of the removal of Mr. Dickson without compliance with the terms of Section 7, Chapter 11 of the City Charter, are not applicable.

Yours, etc., G. S. Johnson, City Attorney, June 29, 1948.

**Law Repealed**

City Attorney, June 29, 1948.

Mr. Walter Burns, Mayor of the City of Manistigue, Michigan, Dear Mayor Burns:

Last night at the regular meeting of the city council of Manistigue, Michigan, Councilman Sellman requested my opinion, as city attorney, as to the provisions of Michigan Statutes Annotated, Section 18.7, being Section 5688 of the Compiled Laws of Michigan, 1929, in reference to the public employment of registered engineers. These provisions were set forth in a letter sent to Councilman Sellman, Schubring and Berger which I requested me to read at the council meeting last night and this letter was published in the June 28th issue of the Manistigue Daily Press.

This law was repealed at the 1937 session of the Michigan Legislature by Act 240 of the Public Acts of 1937. At the same time I requested the old law, Act 240 established a new law regulating architects, engineers and land surveyors in which some of the provisions of the old law were re-enacted. These provisions are found in the Michigan Statutes Annotated, Section 18.8 (c), through (e).

It is my opinion as expressed last night at the council meeting, that as to the present time the city council of Manistigue and Mr. Dickson have not, either severally or jointly, violated any of the provisions of this law.

Yours, etc., G. S. Johnson, City Attorney.

3. The rights of Mr. Dickson, as a veteran of World War II, under Michigan state law: Michigan Statutes Annotated, Section 4, 3222, as amended, provides that no veteran employed by the state or any of its subdivisions can be removed without the filing of written charges and a hearing at which the veteran is to be given an opportunity to defend himself. However, this statute excepts from its provisions "heads of departments—appointed by the governor and officers appointed directly by the mayor of a city."

Although the position of city manager appointed by the city council is not specifically excepted from the provisions of the statute, it can be argued that the position is excepted by the close analogy of the officer to that of an "officer appointed directly by the mayor." On the other hand, courts generally interpret veteran's laws broadly in favor of the veteran. In short, whether or not Mr. Dickson possesses rights under this statute, law is a close question of law which has not yet been decided by the Supreme Court of Michigan.

## Industrial Survey Brochure Is Ready For Distribution

Officers of the Power Peninsula Development Board and the Manistigue Economic Development Commission are preparing plans for the distribution of the industrial survey brochure, a compilation of facts and data through which Upper Michigan hopes to inform the nation of the desirability as industrial locations, which is now being prepared.

The 40-page booklet was expected to be ready for distribution today. Thirteen thousand copies are being printed for the first publication.

Industrial location factors and advantages of value to successful manufacturing operations and of interest to industrial concerns wishing to decentralize, were gathered by individual survey committees in 27 of 42 communities during the last 18 months.

Coopering in the venture were the Bureau of Economic Development Commission and the area development division of the United States Department of Commerce. Ben Olsak, area representative of the state organization, has been in the Peninsula for more than a year helping in preparation of the booklet, while Frederick W. Olanowski, of the Department's area development division, made frequent visits to the region to check progress of the project, which he described as the "largest ever undertaken in the nation."

A separate division of the Development Board is set up in Manistigue last February to prepare and coordinate preparation of the industrial survey brochure, as well as the distribution of the industrial survey brochure. He says that the brochure will meet within a few weeks on a program for this purpose.

Advantages given

Presented as a guide for manufacturing to locate a plant in factory locations, the brochure includes industrial location advantages in the 27 case-study communities on these factors: Production, labor, sites, industrial facilities, transportation facilities, power, water, living conditions, and regulations. It also includes introductory pages of the brochure, a list of the location factors which apply to the Peninsula and specific facts about each community are described in pages devoted to individual surveys.

At the U. S. Navy Fleet Weathering reports are received from ships and stations every six hours translated into a weather map coded and broadcast.

### Councilmen Under Fire Won't Resign

(Continued from page 1)  
 name—that penalties set up in this law covered council members as well as the city manager.  
 After reading the statement the city attorney said that he did not believe Manistique necessarily needed a registered engineer and that there had been no violation of the law.  
 In a statement issued Tuesday following the council meeting, the city attorney declared that the law quoted by Councilman Selman had been repealed in 1937.  
 Councilman George Stephens then entered the conversation to take issue with a statement recently

made by Councilman Selman regarding the amount of engineering expense paid to be paid, the Francis Engineering company by the city. Because the state paid about half of the engineering costs, Stephens said that the city has actually spent only about \$4,000 instead of around \$10,000, as contended by Selman in a recent statement. "All we are out to our net, and it is the net cost with which we are concerned," Stephens said. Moreover, Stephens continued, the deal with the Francis Engineering company was made before Stephens was hired as city manager, and the former city manager in no way could be held responsible for this contract.

**Pastor Speaks**  
 Rev. John Saffran, new pastor of the Methodist church, then re-

quested permission to speak. He admitted the cut was made to effect a "change". "In view of this statement, it is my opinion that the provisions of the city charter have been violated by these councilmen," he concluded.

**Poor Engineering Cited**  
 Mrs. Gordon Hughes then addressed the council, saying that as a home-maker she believed in getting the best values for the most reasonable prices. The same policy, she said, should be followed in running a city government. The employment of the Francis Engineering company to look after municipal engineering needs, she said, should be considered a good investment, for the firm has given Manistique accurate, dependable engineering service for a long range improvement program.  
 Referring to the question of registered engineers, Mrs. Hughes said that in her opinion, our experience with a registered engineer was not always the best. Specifically she directed attention to the sea-wall at the lakeshore park. This was a bungled job, she said, because it was built too close to the water and has been destroyed by water and

ice. She said the park itself did not represent very competent engineering work, nor did the triangle park opposite the post office building. She pointed to the useless deep well drilled at a cost of many thousands of dollars, and again emphasized the contention that this work was done under the direction of a registered engineer. She concluded her remarks by urging that the city retain the services of a competent firm like the Francis Engineering company and not permit our city engineering problems exclusively to the "various" of different engineers one year after another.  
 Mrs. Hughes' remarks were followed by another outburst of applause.

### Boy Baseball Fan, Victim Of Rheumatic Fever, Gets Big Leaguers' Autographs

Dad Brings Ball Home To Owen Demers, 13, From White Sox Game

"Now if I could just get to the ball," Demers said to his father, Owen Demers, who had made the trip with him. The boy took their seats and they watched the game. It wasn't minutes later when a foul ball struck Owen into the stands. It landed straight for Owen and his father, and they caught it. "Here you are," he said, "the Owen's ball."  
 Owen could have left and gone home right then, but his father watched that ball fly a hundred yards, whenever he was not to catch it, saw that it was a foul ball, and he was so happy to see it. Owen would help me out a bit, son," but never said a word about the ball or the autograph. He found them himself, and I'll tell you there was a happy little Owen because I'll be in the fifth grade at St. Francis Sales school, and has had long rides in the bed, both at home and here at Manistique. In Manistique he went back to school for two years ago had another setback and has been in bed ever since. He likes to read western stories, true sports stories and news accounts of sports events, especially of his favorite, baseball. He never complains because he can't be out with other boys own age. After all, he has succeeded, in many ways, in bringing the mountain to Mahomet.

During the game the radio sports announcer told of an amusing incident which cost a spectator some embarrassment. A man had leaped over the fence gate to catch a foul ball, and he did the gate moved forward, taking him with it. He was listening, "I'll bet that's Dad", he said to his mother.

**Entertaining**  
 Mrs. Herbert K. Peterson entertained at informal tea Monday afternoon for Miss Betty Carpio who is to be married Saturday evening, here, mother, Mrs. Stanley B. Carpio, and members of the bridal party. Miss Carpio will become the bride of Robert Kelley, of Glen Rock, N. J., at 8 o'clock ceremony at the Presbyterian church.

It was determined to get an autograph or two of the White Sox players, especially that of Lou Ayling, who is Owen's favorite. He knew how pleased and surprised the boy would be.

**Wanted An Hour**  
 One of the ushers at the park pointed out the White Sox dressing room and suggested to Owen's dad that he stand near the entrance and catch the players as they came out. That's what Mr. Demers did. He stood there an hour, and then only a few minutes before game time, out came Ayling, following by his teammates. They were very pleased to discover that they had a rooster of about 300 miles away, and Owen's dad went into the stands with not one or two but ten autographs, among them Third Baseman Ayling's, Pitcher Earl Caldwell's, and those of Mike Tresh, catcher, Jack Wallace, utility infielder, Pat Story, outfielder, Joe Haynes, also a pitcher, and Nony Stratton, who lost his leg following a hunting accident a few years ago.
