

WAR DEAD TO BE HONORED HERE MEMORIAL DAY

Rev. Paul Sobel Will Give Address At No City Stadium Monday

Manistique will honor its war dead with a traditional Memorial Day observance Monday, according to an announcement this week by a joint committee of American Legion, Veterans of Foreign Wars and Disabled American Veterans representatives.

The observance will open with a parade at 10 a. m., to be followed by the memorial day service at the Rev. Paul Sobel, pastor of the Presbyterian church, at the high school stadium. After the speaking program the color guard and band squads will go to both Lakeside and Fairview cemeteries for the traditional sun salute and flags.

Most service establishments will be closed on Memorial Day. Schools will also close as will city and county offices. At the post office lobby will be open for the convenience of box holders.

Tentative Tax Allocations Set; Final Meeting July 15

Allocation Board Emphasizes Need For Boost In Valuation Figures

Tentative allocations under the 1948 valuation limitation were made at a meeting of the county allocation board Wednesday afternoon of the Schoolcraft county tax allocation board. Final allocations for 1948 will be made July 15.

Members of the allocation board are: C. L. Smith, chairman, member-at-large; Laura A. Williams, county treasurer; Mrs. Ada Watson, county school commissioner; Wallace S. Cabert, member-at-large; William Strassler, representing a twelfth grade school district; and William F. Davidson, chairman of the finance committee of the board of supervisors.

The county asked for a 9.5 allocation for next year, but the majority of the board were of the opinion that the nine mills allocated to the county for 1948 should be unchanged next year. During the discussion regarding the county's allocation, it was emphasized that the county should have a program for raising the valuations of properties, expansion of others and widespread building in the township.

### MINISTER RESIGNS

The Rev. P. Curtis Peterson, pastor of the Bethany Baptist Church of Gulliver for the past two and one half years, submitted his resignation to the congregation at the worship service last Sunday morning. The resignation will take effect August 16. At that time he will assume new duties as the pastor of the Wood River Baptist Church of Grantsburg, Wis.

The Birthday Grange will have a meeting Friday, May 28 at 8:30 p. m. Members please come out and enjoy a social evening. Pot luck lunch will be served.

The young people were busy last Monday evening getting the ground ready for their tennis courts which will be erected as soon as the Recreation Club receives the material for a trial court. If enough interest is shown, another court can quickly be arranged. The community needs a lot of clean healthy recreation for the young folks. A lot of thanks goes to Ed Johnson for his help.

very well. But he also taught me this principle—no so well known, that is just as impossible to give something for nothing, as it is to get something for nothing. He said: "Never worry about your pay. Worry about your work. If you do good work you'll get paid for it somehow, somewhere, and sometime. That's a fundamental law of the Universe, and no man can change it. He also said: "People can't see it if people don't work." A Detroit news item says: The Union has missed a "kitty" of \$8,000,000.00 for Chrysler strikers. What good is a "kitty" if there is nothing to exchange it for. In Chicago strikers wreck a 24 ton plant and no meat is packed; if Chrysler steps making 5000 auto motive units per day; if telephones are idle, and workers themselves consume 85% of these products, where are you hitting?

"Let's take a look at this 'kitty' in terms of dollars and cents. If you are getting \$1.25 an hour that's \$10 a day for 75,000 men or \$150,000,000 for 30 days, and 88% more or \$138,000 per day or a total daily wage of \$90,000,000 per day.

But if your strike lasts 30 working days you have lost \$22,500,000 to start with, plus whatever part of the "kitty" you have to spend for family living costs—hardly less than \$5,000 a day, or \$11,250,000 more or a direct money cost of not less than \$33,000,000 per cent.

But that is only a fraction of the cost to "workers." You stop production of 5000 automotive units per day worth over \$5,000,000 or \$150,000,000 for 30 days, and 88% of that loss is right out of the pockets for "labor" all over the country, representing products which workers might have had but never will because 30 idle days are gone forever, and there is no way for bringing them back.

You are trading off, or rather not producing at all—while it is worse yet—\$147,000,000 worth of products, for what? For nothing now, but a possible future "meney" wage of \$30,000,000 worth nothing at all if no products are produced for which to exchange them. A poor trade, we should say. Your "leaders" should have their heads examined.

Let's put it in words of one syllable for your "leaders," and Mr. Henry Wallace who killed six million little pigs, plowed cotton it has been learned here. He is under, and frenched potatoes with

## Public Letter

to Cadash, Chrysler, Bell Telephone employees, and "Strikers" who are you hitting.

You may think you are hitting the "Pat Cats", "Plutoerats" and "Capitalists" in Wall Street. That is not so.

You may think if you are getting \$1.00 an hour and strike for and get 30c more, that you are 20% better off. That is not so either.

All business is barter, the exchange of one man's surplus goods or services for the goods or services of others, and nobody works for money. When the bank clerk gets his salary check that is only half a trade. The trade is not completed until he gets the groceries, clothes and necessities he has to have in order to live, and he wouldn't accept the money at all if he couldn't exchange it for the things he needs.

When you are paid in money that is only half a trade. You complete the trade when you exchange the money for the things you really need.

"No man liveth to himself alone" and the human race could not exist a month without production and barter.

Money is only the "go between" commodity which makes barter on a modern scale possible, and it only has a relative value. If no goods are produced, your money is worth exactly nothing at all.

A lot of bank has been fed to you in "franchise" checks and otherwise in the last 15 years about "labor's gains" but what good are "labor's gains" if no goods are produced to exchange for them? All this is as simple as ABC. So paid in money that is only half a trade to have to write it down.

A deal of talk has risen in the past 15 years about "human rights". Tell me. What "rights" has a man who can work but won't work or produce anything? "The right" to force someone else to work for him I suppose. That seems to be one of the so-called "New Deal" theories anyhow.

"Every man has a right" to a "decent" living, and a respectable job, and it is the "duty" of the "Government" to see that he has it. Is it so each thing.

The "Government can't, never did, and never will support you, and it is under no obligation to do so.

It is your duty to support the Government, and if false prophets get into power and feed you a lot of bunk and false promises, and waste money ("Other People's Money") your money, you pay for it and there is no way under heaven you can escape paying for it. I don't care who you are, where you live, or what you do, or if you do nothing at all.

You pay for it all in exact proportion to the amount of goods you consume, and every last person on earth is a consumer from womb to tomb.

My own dad taught me that! I could never get something for nothing and most people know that

**Wild Horses On High Island Still Roaming Range**

The wild horses of High Island are still roaming their exclusive little wilderness range, sleek and in excellent condition. L. A. Department of the conservation department's game division and district game manager Otto Pailing spotted the four of them on a routine airplane flight to observe more

ordinary forms of wildlife. So wild they are seldom seen, the horses, at the approach of the clearing where they had been feeding into the brush and out of sight. Flowing manes, long tails enhance their wild look. In the summer of 1946, when Cash Wanser and Ben Jenkins of the department's game division were mapping the three-mile-wide, three-mile-long island, they thought one night their tent was going to be trampled by strange hoofs rubbing past. They found hoof prints, but finished their mapping without ever seeing the animals. Game men believe that in winter the horses may paw away snow to reach the grass, and browse on shrubs and trees. The island has had no human habitation since the horses were abandoned there about nine years ago by their owner, who now lives on nearby Beaver Island. None of the four has perished. Since none is a stallion, there has been no increase.

**What! A Water Heater in a Living Room?**

Probably not! But if it's an automatic electric water heater, you could install it there... or in any room.

**HERE'S WHY**

A FLAMELESS electric water heater requires no flue or vent. There are no dangerous fumes. And, of course, it's perfectly clean—no smoke, no soot, no greasy film. With its thick wall of special insulation, the heater is actually cool to the touch—keeping room temperature down.

**INSTALL IT... FORGET IT**

There just isn't any work to an automatic electric water heater—no flame to light, no worry about its being "left on" to overheat, no service calls, no adjustments... nothing to do but turn the faucet for all the hot water you want, any time.

**ECONOMICAL? YOU BET!**

The heat goes into the water and stays there—without more than 5 degrees' temperature variation for ten to fourteen hours—so you get all the hot water you pay for. An automatic electric water heater can be placed anywhere, so there are no long, costly pipe-runs that waste heat. And the special rate, the lowest for any kind of residential service, makes electric water heating amazingly inexpensive.

**The Operator's Beatitudes**

Blessed are they who look in the telephone directory for their numbers and, having looked, do not mix up their numbers, for they permit "Information" to snatch a breath now and then.

Blessed are they that neither shout or whisper, neither do they berate the operator, but give their number clearly and with a bit of pep—Yea, some even say "Thank you."

Blessed are they who, when the line is busy, hang up politely making no sarcastic remarks, nor yet bang the receiver in the operator's ear.

Blessed are they who wait patiently on "Long Distance" for verily I say unto you, she works like a slave yet hath twice too many calls to handle.

Blessed are they who, when they get "Information" remember the number she giveth them.

Blessed are they who trust the operator when she saith, "Verily, there is no such number" for truly she can see all the numbers at a glance, while those who are disbelievers are at the other end of the line and see nothing.

Blessed are they who call not when it rains, nor when the fire siren blows or whistles.

Blessed are they who remember that operators are human and make mistakes, that they are truly sorry therefor and will apologize, sometimes even for their sister operator's mistakes.

Blessed are they who teach little children to leave the telephone alone, nor yet expect the operator to understand six-month old infants.

Blessed are they who keep the receiver on the hook when not in use, for they preserve the patience of their neighbors on the line and save the operator and the repair men much valuable time.

Blessed are the men who flirt not, neither do they waste time in small talk.

Blessed indeed, are thou if all these things are true of thee, for thou art indeed an ideal subscriber and all the operators knoweth thee by thy voice and thy number and all rise up and call thee blessed.

From where I sit... by Joe Marsh

It's Leap Year, Girls!

First girl in our town to get her man's Leap Year wish was the Cupper daughter, Jane, who wed Bill Webster's boy last Saturday. But from where I sit, young people of marrying age today are very bit as comendable as they were in the days of our forefathers.

"I could plainly see," says Bill, "that we'd really have a happy home life—which is just exactly what I want from marriage."

## Medals For Overseas Duty To Be Available Shortly

Eligible Servicemen, Vets May Expect Awards Soon, Says Sgt. McQuay

Medals for overseas service in World War II will shortly become available to eligible servicemen, according to information received by Sgt. Charles McQuay, recruiting officer in Manistique.

The medals are the counterparts of the three "theatre ribbons" which were issued during the war covering service in the American,

with the medals on the basis of the individual's actual eligibility. This information is contained on the discharge paper given the individual at the time of his separation from service.

Not only many veterans and eligible active servicemen receive the medals, but next-of-kin of deceased former servicemen may apply for the awards in the names of decedents. The Army, in announcing availability of medals, gave the following information on how to obtain them:

Next-of-kin: apply to The Adjutant General's Office, Demobilized Personnel Records Branch, Building 105, Records Administration Center, St. Louis 20, Mo., citing name, last rank and serial number of the deceased individual.

### Instructions Given

Veterans: apply by mail or in person to distribution points to be announced later. If application is made in person, bring evidence of honorable separation from the service. If such evidence is lost or destroyed, apply to the Records Administration Center, AGO, St. Louis 20, Mo., for a certificate of last discharge. If application is made by mail, include a photostatic or notarized copy of the separation paper.

Active servicemen: Army channels will be used to furnish medals to those persons eligible. It is expected that Army and Air Force recruiting stations and certain veterans organizations will participate in distribution of medals.

### Eat Shop Bowlers Win Elks Honors In Title Playoff

The Eat Shop bowling team, piloted by Vern Defour, won top honors in the second half of the Elks bowling league.

The Eat Shop and the C-L Hardwares won the title in the two leagues, and in a play-off to determine the championship of the second half schedule, the Eat Shop defeated the C-L's.

The championship of the first half of the season's schedule was taken by the Michigan Dimension team, which defeated the C-L's in a play-off last winter. The C-L's incidentally, copied their league title in both halves of the schedule, but were unable to win the bowling championship.

Next fall the Eat Shop and the Michigan Dimension team will meet in a special match to decide the 1947-48 grand championship. The winners will have their name engraved on a special cup, now on display in the Elks recreation room.

U. S. Navy scientists expect soon to be able to produce temperatures within .001 degrees of absolute zero (-459.7 degrees Fahrenheit).

European-African-Middle Eastern Campaign Medal

Asiatic-Pacific and European-African-Middle Eastern theatre. The metal portion of each medal has its own distinctive design, and the ribbon part is of the same color—predominantly blue for Ameri-

can, yellow for Asiatic, and green and brown for European.

Except for the American Campaign medal, eligibility is determined solely on the basis of actual service in an overseas area during the war period. For a European-African-Middle Eastern Campaign medal, service must have been performed sometime between December 7, 1941 and November 8, 1945. For the Asiatic-Pacific and American Campaign medals, the date are December 7, 1941, and March 2, 1946. The American Campaign medal may be awarded for Western Hemisphere service outside the U. S. or for one year's satisfactory service within the United States during this period.

### Battle Stars Added

Battle stars indicating combat participation and arrowheads indicating arduous or airborne spearhead action will be issued

# Peace, Like Progress, Must Be Pursued Says Potter In Broadcast For Memorial Day

Next Sunday, May 29th, is Memorial Day. I believe it only timely that on this day we should pause to reflect on the lives of those who have died in the defense of our country.

Since 1888 when General Logan issued his now famous Order No. 11, May 29th has been dedicated as a day we should hold in reverence for our men who have died in battle. General John A. Logan was Commander-in-Chief of the Grand Army of the Republic in 1868. His famous order stated: "that the 30th day of May is designated for the purpose of strewing flowers or otherwise decorating the graves of comrades who died in the defense of their Country."

This pledge the American people have kept faithfully. Next Sunday every American cemetery here and in the far corners of the earth will be a store of loved ones paying their debt to the memory of those who sacrificed so much for them and Country.

On this Memorial Day we shall remember that to live with tolerance and good will in a sick world, filled with hatred, we are forced to fight that hatred. The good spirit in which they died is part of the life we live today.

out fear of persecution. It is the right of parents to raise their children in truth. It is the right of youth to seek jobs of their choosing. It is the right of all men to be judged by achievement. It is the right of men to ask justice of their men.

Throughout our history, war for survival have ravished both the youth and the wealth of this nation. Again and again arms have been called upon to rescue us from the failures of diplomacy. Again and again it has cost the men who bore those arms their health, their freedom to think, the freedom to speak, the freedom to pray with ambitions, and their lives. We

pray on this Memorial Day not alone in honor of their memory, but for spiritual guidance to be given the knowledge as to how men might live as charitably to each other in war as they did for each other in peace.

Already, and very often, people have asked themselves what has World War II accomplished. We should remember that Wars are not instruments of achievement. They destroy—they do not create. Wars cannot make peace—they only remove the barriers to peace. Wars cannot outlaw aggression—they merely banish the threats of aggression.

This war, three years ended, has done just that. The power of Germany and Japan has been destroyed. Both are demolished as destroyers of peace. They have been done away with as aggressors. For all that we can be grateful. It is true but there is a difference between victory and peace. Victory has redeemed the mistakes that led to war—it has cleared the way for the attainment of peace.

Can Love Peace We shall have to recognize that peace only can be created by intelligence, by realism, by patience, by sacrifice, by prayer, and by the will to see it achieved. Above all, the easiest way to lose a peace is to lose it by default—by retreating behind our walls to live in dangerous isolation.

To give anything other than our wholehearted efforts to the achievement of peace is to break the faith we held with those who honor. Let us dedicate ourselves to every cooperative effort toward the building of a world in which men may live in freedom without fear.

To quote from Carl Sandburg's "Meditation at Arlington", "Perhaps we have found the will and vision. It is a possibility that we have built our last tomb for the Unknown Soldier. Time will tell—time and our will and our vision."

## PRESCHOOL TOTS NEED CHECK-UPS

### Health Director Urges Parents To Take Youngsters To Doctor Now

Preschool children who will enter kindergarten for the first time this fall should be taken to their physicians now for a complete health check-up, Dr. E. J. Bremer, health director, advised.

The new school situation will place increased demands on the child's energy and vitality. He should have the best health and morale possible when he starts to school.

An examination now will reveal any physical defects or handicaps so that they may be corrected before school opens. If his teeth require care or if his tonsils or adenoids should be removed, this should be done before the summer vacation season.

If he requires special physician's care, the summer will allow time for such treatment. If he needs glasses, it will allow time for him to become used to them.

Let your child play and rest this summer to build himself up to his best health, Dr. Bremer says. Proper food and rest are extremely important. The child needs citrus fruits, eggs, meat, whole grain cereals, milk and vegetables and

plenty of solid warm food in summer as well as in winter. Continue his vitamins. He should sleep about 10 hours a night, but he may need more rest in summer than in winter. He should play out of doors a good share of the time but his head and body should be protected from the extreme heat of the sun. He should be protected from unnecessary exposure to dust, but his adjustment to school life will be better if he is encouraged to play with other children. Talk to your child about his school. Keep him free from worry. Show him the safe route to school. Counsel him to obey police officers and safety patrol personnel. Do not let him ride to school in any vehicle which he cannot safely handle all the route. Accidents now are a bigger hazard than disease when your child starts to school.

## New Trooper At State Police Post

Having successfully completed an 8-weeks' intensive training course at East Lansing headquarters, Trooper Patrick A. Lyons has been sworn in as a probationary trooper and assigned to the Manistique post of the Michigan state police.

With the graduation of the latest recruit school the State Police, here, for the first time since the end of the war, achieved their objective of a minimum detail of seven troopers, exclusive of commanding officers, at each post. Additional candidates, however, are being recruited.

To Men of the High School CLASS OF '48

There's a big day coming soon—the day when you get your diploma. By enlisting in the Army or Air Force after graduation you can take full advantage of one of the finest opportunities ever offered a young man.

### CHOOSE YOUR FIELD OF SPECIAL TRAINING BEFORE YOU ENLIST!

If you are 18 to 34 (17 with parents' consent) and a high school graduate, you can select your course of training in the Army or the Air Force before enlisting.

Under the Army Technical School Plan you can specify two different courses that appeal to you in each of two fields. The Army will check to make sure there is an opening in one of the four courses you have selected, and a place will be reserved for you in that course. Then you enlist for 3, 4 or 5 years, and after passing the physical and mental examinations and completing basic training you will be guaranteed training in your chosen field.

The Air Force offers a similar opportunity in its Aviation Career Plan, giving you a pre-enlistment choice of 3 among the more than 40 USAF Specialist Schools. There is no better way to get a start in the great and growing field of aviation.

Either plan gives you good pay, excellent training and a splendid chance for advancement in a real career. You can get full information, including lists of available Specialist Schools and Technical Courses, at your nearest Army and Air Force Recruiting Station.

To Men with 2 Years or More of College WIN YOUR WINGS with the Aviation Cadets

If you are single, 20 to 35½ years old, physically sound, and have completed at least 2 years of college or the equivalent, you may be qualified for pilot training as an Aviation Cadet. Get full details now. New class starts July 1, 1949.

## GOLF COURSE NOW IN TOP CONDITION

New Equipment Arrives; Players Planning Active Program for Season

The Indian Lake golf course, which officially opened Sunday, May 15, is in excellent shape for playing, it was announced last week by Don St. Cyr, new professional at the course.

Greens are in good condition despite the early season, and are expected to be in top shape in a few weeks. Fairways already are in fine condition and traps have been improved.

The interior of the club house has been redecorated and two new pieces of equipment purchased. The new equipment consists of a tractor and a 6-gang mower. The greens mower also has been completely overhauled.

Dell Latach, greens keeper, has done an excellent job, the pro said. St. Cyr said that he has a stock of golf balls on hand, and other golfing supplies are on order. Golfing lessons are available by appointment.

Alonzo Byers has sold his farm in the colony settlement and will start shortly, with his family, for Joplin, Mo. The trip will be made overland, and Mr. Byers expects to be on the way about two months or more. After recuperating at home, he will push on to Oklahoma, where he intends to cultivate a home. Miss Luella Orr has the messes. The West Side boys celebrated

The reported victory of Simpson's fleet Tuesday evening by marching the streets to the tune of brass, wash boilers and other things that were capable of making a din. The burning of a Standard on a bonfire near the Chandler corner completed the program. The boys had a good time. For ice cream go to the residence of Mrs. L. Payne. 40 Years Ago God's best gift to man is plenty of agreeable work. John Henry has purchased a team of John Huska. Miss Olive Olson of Cooke, was in the city this week. Owing to the fact that tomorrow is Decoration Day, the Methodist ladies will not hold their baking sale. Mr. John R. Nelson and Miss Mary Nueberg will be married at the Swedish Lutheran church next Wednesday at 8 o'clock, Rev. Dahlstrom officiating. The contracting parties are well and favorably known. Mr. Nelson is employed in the C.I. Co.'s store and the bride-to-be is cashier of Sam Winkelmann's department store, which po-

sition she has held for five years. The atmosphere was so clear last Sunday that several islands were visible to the naked eye to the east from this port. John Wagner, well known here, chopped off the end of one of his toes last week while at work in a camp near Sucho. Joseph Boncher has sold his wagon and blacksmith shop, now housed to J. Albert Enck, one of the best hoppers in the city, presented the Pioneer Tribune force with a bouquet of violets Monday. The supervisors have decided that automobiles should be taxed, and have placed a valuation of \$100 on each one owned in the city. 30 Years Ago Mr. and Mrs. Sven Johnson and Mr. and Mrs. August Olson departed here by train Monday and spent the day with friends. Mr. and Mrs. Leo Thomas and son Lawrence, left the city Thursday by motor for Detroit. They

expect to be gone for some time. Miss Ghisly Hibel, who is employed at the Schoolcraft Auto company, visited at her home in Manistique over the week end. Mrs. Ray Bessner returned Tuesday from Berensville where she had been visiting over the week end. She was accompanied by Mrs. Ira Rowell, of that city, who will spend a week at the Bessner home. Mrs. M. Heinz has returned to her home here after a visit with her parents at Getzville. She was accompanied back by Mr. Heinz who made a motor trip there over the week end. Glenn Stone, of Pontiac, returned to his home there this week after visiting with friends and relatives here. Mr. Stone was accompanied here by his grandmother, Mrs. Scott, who returned to her home here after a visit with her son-in-law and daughter, Mr. and Mrs. Ray Stone. James Miller, of Repton, was a business visitor in the city on Tuesday. Mrs. W. H. Fox, of Pontiac, former resident of Manistique, visited with friends and relatives here the first of the week. Mrs. Fox came here with Mr. and Mrs. Hubert Norton and Mrs. Myrtle Shee, who enjoyed a week's motor trip in the lower peninsula. While away Mr. Norton attended the state convention of Odd Fellows. 10 Years Ago Mr. and Mrs. Ernest Carlstrom have returned from a visit in Chicago. Miss Margaret Shiger has returned from a four months stay in California. Mrs. Peter Krummey left Wednesday for a visit with relatives in Ishpeming. Mrs. William Barker underwent a major operation at St. Francis hospital in Escanaba Wednesday of last week. Howard Parker has returned from a short trip to Union City, Ind. E. H. Jewell, of Royal Oak, has arrived for an indefinite stay here. Miss Edith Westcott is expected to arrive Saturday from East Lansing where she is a student at Michigan State college to spend Memorial Day at her home here. Mr. and Mrs. Edwin Sundell and family spent the week end in Minneapolis, when they attended the wedding of Mrs. Sundell's cousin, Gordon Mattson, Saturday. Mrs. Dora LeMarbe and Mr. and Mrs. Russell Harris, of Pontiac, arrived Friday for a several days' visit with friends and relatives. Mrs. LaMarbe spent the winter in Pontiac. Mr. and Mrs. Orin Gooch and son, Ralph, and Mrs. Ralph Gooch left Sunday for their home in Pontiac after a visit here at the home of Mr. and Mrs. Kenneth Van Eyck, Lake street.

state highway department should supplement its auto ferry service at the Straits by a similar service "between additional points." Frankfort to Menominee has been mentioned. A fast daylight streamliner passenger train schedule connecting Upper and Lower Peninsula cities is also suggested. The new department's value will be judged in the future by what it accomplishes. Again, the agency illustrates the point that growth of public service is usually the result of demands made upon the legislature. We get what we are willing to pay for. Donald Jackson, son of Mr. and Mrs. C. W. Jackson, Arbutus avenue, is a patient in St. Luke's hospital, Manistique, where he is receiving treatment for a shoulder injury incurred in January. He was taken to the hospital Saturday and it is expected that he will remain there for a considerable time. His shoulder has been in a cast since the injury. Advertise in the Tribune.

MANISTIQUE LOSES RAINBOW OPENER

Gladstone Piles Up 13 Runs In Last Inning To Win By Score Of 18-2

The Manistique Cardinals dropped an 18 to 2 game to Gladstone here May 16 in the opening game of the Rainbow League Circuit. Gladstone, leading 5 to 2 at the end of the fifth, was held scoreless for three innings, but in the ninth turned on a scorching barrage that netted 11 runs before the game was over. Bothschild, who pitched for the visitors, allowed the Cards only four hits. Lesica and Van Sipp pitched for Manistique.

MRS. JOHN SCOTT DIES SUDDENLY

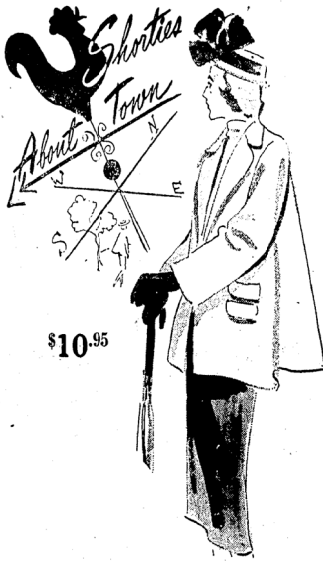

Former Loreen Smith Stricken Monday In Ann Arbor On 25th Birthday

Mrs. John Scott, the former Loreen Mae Smith, of Manistique, died at 11 p. m. Monday, her 25th birthday, at the University hospital in Ann Arbor where she had been taken Friday for treatment of a sudden illness. Mrs. Scott was born in Manistique on May 24, 1923, the daughter of Mr. and Mrs. Ernest Smith. She grew up here, graduating from Manistique high school with the class of 1941. She later attended Michigan State college at East Lansing, and about two years ago went to Los Angeles, Calif., to accept a position. She was married in Los Angeles on Feb. 15, 1947, to John P. Scott, who survives her. Also surviving are an infant son, Ernest Smith Scott; her parents, Mr. and Mrs. Ernest Smith, of this city; and one sister, Mrs. James Iloim, of East Lansing. Mr. Scott returned here from the west coast several months ago, and had recently entered the employ of the Swanson Trucking company. She was a member of the Methodist church. Funeral services will be held Friday afternoon at 2:30 o'clock at the Mortis funeral home, here, the Rev. Meldon E. Crawford, of Lake Leland, former pastor of the First Methodist church here, officiating. Burial will be in Fairview cemetery. Mrs. Margaret Wise Passes Away After Suffering Stroke Mrs. Margaret Wise, formerly Margaret Golden of Manistique and widow of Edward Wise, also a former resident of this city, died last Thursday morning at her home in Detroit following a stroke. She was about 48. Mrs. Wise is survived by three children: three sisters and a brother. Her husband, a brother, Mr. Ernest Smith, of this city, died last winter.

CURLEE CLOTHES

### For Smart Good Looks—WEAR CURLEE SUITS

It used to be that the typical picture of a man in mid-summer was a wilted figure of a wrinkled suit which looked suspiciously like it had been slept in. All this, of course, was before the day of comfortable, smart-looking Curlee Suits tailored from summer-weight woolsens and worsteds.

Curlee Summer Suits are styled in the modern manner by the same skilled designers who create the other outstanding clothes in the Curlee line. They present the same quality materials, carefully selected in the season's newest and most popular fabric patterns. And because these lightweight woolsens have the stamina and body to tailor well, Curlee's expert craftsmen are able to build into them the same smartness, comfortable fit and drape, and lasting good looks which characterize all of the clothes that carry the Curlee label.

If you are looking for a real and permanent solution to the problem of your summer wardrobe—if you want suits that will insure a smart, well-groomed appearance in the hottest weather—if you want the economy which comes from moderate first cost and low upkeep—your natural choice is Curlee. Come in and see them today.
