

FLOTSAM & JETSAM

The following revelations concerning the Communist infiltration of various political groups in Michigan during the past 15 years that the administration was dominated by Soviet agents and their followers.

Most of these charges were based on "intelligence" furnished by discredited Republicans who were out of power and were admitted to make things as uncomfortable as possible for the administration. Unfortunately, however, some of the charges were so important that they were being repeated in the past few days. The charges also were brushed aside as being of no consequence.

One man, however, did know what he was talking about, and he was a Democrat, not a Republican. His name was William Wirt and he was called to Washington in the early days of New Deal. He was assigned with one of the charges he told out, and he published them. Wirt paid for his publication by having his reputation besmirched. This, apparently, is the fate of all free fighters who turn the searchlight of truth on the activities of the Communist Party.

The disciplined Communist is taught many things, one of which is that morality and decency are not to be sought, but to be used as a tool. He is taught to talk and to categorically deny everything he is charged with. In fact, if he does talk, he must not deny all charges, but must accept all sorts of evil motives or mental lapses. The individuals who have been accused of treason by Elizabeth Bentley and also Louis Budenz are following the Communist behavior pattern without deviation.

As far as we can ascertain from the files of the Schoolcraft Legion, we have lived in upper peninsula counties, however, where the Communist group made a mousetrap aggregation of the various Americans, even as far back as 1906. In one county not too many years ago the Communist hauled the American flag from the staff in the county seat where we then infiltrated the old CWA and entice the relief workers into doing even less work than they were normally inclined to do. We saw them beseeching a county board where the board of supervisors was in session and create such an uproar that the board finally had to adjourn. We then went to the county meetings where the Soviet Union was extolled, as the "white hope of mankind." Such drive, The America Legion in one county held a patriotic rally in a rural school building, and we watched the Communists break up that meeting and force the six Legionnaires who were conducting it to retreat through a back door to avoid manhandling.

We picked up a young man on the road one time between Baraga and Houghton, and in order to show him out, said a few nice things about the Soviet Union. His eyes actually filled with tears as he opened up and talked about the party, and what the Communist Party was striving to do for the working man. He was a young man in the full strength of youth talking about an alien government of America, with a potential enemy of that of a groom for his bride.

It is a puzzling thing to contemplate how so many persons can be hoodwinked into an emotional state like this—how they can be so glibly, bravely, justly, and patriotically. The motives of Communist leaders can be understood only if we are aware of individuals who are anxious and greedy. It is the poor devils victimized by them who are the puzzle and the menace to America.

We would recommend that as many people as possible see "The Iron Curtain," now being shown at the Cedar theatre. This is a faithful portrayal of the Communist long range infiltration in Canada, and also only in this instance was not an American but a Russian officer who exposed the treacherous plot. This picture is such a damning one to the Communist that it is being shown in the town of Iron River being shown.

NEW PAINT FOR CITY HALL GETS OKEN OF COUNCIL

Drawing And Cost Estimates On Proposed Plume Tapping Authorized

The city hall is soon to have a new coat of paint, it was decided at the regular meeting of the city council Monday night.

The new paint job will probably be done in two sections. The present color is gray.

Approximately 10 lbs. were projected on the city hall painting project, and the council authorized the work to be done by the construction company whose bid of \$181 for paint and labor was considered most satisfactory.

The council also approved the purchase of a fourth car for the city to finish the street improvement program. Orson Livermore, street superintendent, reported that the car was ordered from the Ford Motor Company and that seven blocks are now being finished.

Plume Tapping Studied

The preparation of a drawing and cost estimate on a proposed plume tapping of the Manistique river flume as a standby water supply was authorized by the council. The Manistique Pub and Paper company, which owns the flume, requested the drawings before granting permission to tap the flume.

The council also decided to purchase a snowplow to attach to the new Big Mack truck, and instructed the city clerk to advertise for bids.

Report from Lars Olson, Veterans Councilor, was read by the council.

The report, covering the period from January 1 to July 31, 1948, showed receipts of \$1,728.70 and disbursements of \$1,669.49, leaving a balance of \$159.21 in the veterans counseling fund. An additional payment from the city was requested, but the action was deferred to the next meeting.

To Inspect Metals Plant

William A. Berger, mayor pro tem, presiding at the meeting in the afternoon, called on Walter Burns, appointed the entire council as a committee to inspect the plant of the defunct Hiawatha Metal Works, located on the corner of Main and Washington streets. The plant and machinery are scheduled for mortgage sale by the Reconstruction Finance Corporation on September 3. Members of the council will inspect the plant at that time so that they may decide whether the city should make an offer on the building.

Earl Nelson, who proposes to have a home at the corner of North Front street and Peopie avenue, appeared before the council to request that the city open a street to his property. The council members of the council propose to inspect the street before taking action.

and production were the most important sources of loss, that the reproductive capacity of fishes is high, apparently as an adaptation for living with predators, that the variable survival conditions rather than the number of young produced in any one season determines the number of fish that later reach catchable size. The findings are most significant for the light they throw on the old-style plantings of fry of warm water fishes, when lakes were "stocked" with a few thousand fry that actually amount to less than one pair of adults would produce on one nest. The high mortality rate was recognized early in Michigan, and most Michigan plantings of these fish were made in the fingerling stage. The terrific bass and bluegill mortality is the rule rather than the exception in the fish world, Carbine says, quoting similar studies for other species. Atlantic mackerel, for instance, have a 99-9996 per cent mortality between egg and two-inch fish; mortality among herring from egg to adult is 99.99, and only 0.01 to 0.44 of one per cent of northern pike eggs survive till the time the tiny young leaves the marshes.

Mortality Among Bass, Bluegills Is Over 99 Percent

Out of every 1,000,000 bass and bluegills that advance from the egg to the fry stage, only about 500 will reach maturity. Four years' records of painstaking work by W. F. Carbine of the conservation department's institute for fisheries research establish the fact that among these fish in Michigan the mortality, after they reach the free swimming stage, is invariably high in excess of 99 per cent. Carbine made his intensive study, observation, sampling, and counting on 15-acre Deep Lake in Oakland county, a private Lake where conditions could be controlled. After the four years' observation of the reproduction of large-mouth bass, bluegills, pumpkin-seeds and rock bass, the lake was poisoned to obtain an accurate count of the age classes. Carbine computed the four year bluegill fry production at 37,287,000; the survivors numbered 15,514 or 416 per million. For bass the proportion was 800,000 fry, 714 fish, \$10 per million. In terms of percentage, 0.0416 per cent of the bluegill fry survived, or in reverse terms, 99.9584 per cent perished. Cannibalism Less High He concluded that cannibalism

Children Can't Be Speeded—They'll Walk When Ready

Mothers and fathers who fret about their young fry learning to walk should relax and let the child take his own time, advises Mrs. Sarah Bachus, extension specialist in child development at Michigan State college.

to walk. When his body is ready he will start to walk all of his own accord. There's nothing you can do to speed it up. Better let him set the time and that time may have no relation to when a brother or sister or the neighbors' children started to walk.

When the engine has a holl, the luvva' mover rattles, the wagen squeaks. There is a good reason why some toys are made this way. Children love noise, all kinds of noise. It's up to the parents to learn to take the noise because it seems to give children a sense of power and thus helps them to walk.

When your child does begin to walk he will explore everything, and you will want him to. Remove things for a time that are apt to hurt him, but let your child relax. Youngsters grow best when they are with adults who are at ease.

June Reverses Downward Trend In Auto Deaths

The recent downward trend in traffic fatalities in Michigan was reversed during the month of June with the death of 119 persons, a new high for the year, according to the Michigan State Police.

All of the increase was on rural county road systems, the urban toll being down nearly one-half. Pedestrian and bicycle fatalities decreased, but there was a sharp gain in deaths resulting from railroad-train-vehicle collisions.

When traffic reached its peak prior to the year. In addition, mileage for the first FIVE months of this year was in 11 per cent over 1947, but the death rate was down 13 per cent on the same comparative basis.

Injuries and total number of accidents continued their upward march. Injuries numbered 3,543, an increase of five per cent over June of 1947, and accidents totalled 10,297, a gain of eight per cent.

The record for the first six months of the year shows 17,811 injured, an increase of eight per cent, and 68,943 accidents, an increase of five per cent over the same period last year.

Fourteen counties reported no traffic deaths during the first half of the year. They were Baraga, Benzie, Charlevoix, Gladwin, Kalbaska, Leelanau, Mackinac, Missaukee, Montmorency, Newagen, Oscoda, Otsego, Roscommon and Schoolcraft. Thirty counties reported an increase, 28 a decrease, and 11 had the same number as occurred in the like period of last year.

Five Manistique boys, Jack Jesick, Larry Ekblad, Tommy Shampine, Bruce Henry and Billy Schobert, are attending the Baptist summer camp at Lake Louise this week. The Rev. W. H. Schobert, pastor of the First Baptist church here, has been at the camp for several days.

Leaving Gulliver

The Rev. Curtis Peterson, pastor of the Lutheran Baptist chapel at Gulliver for the past two and one-half years, is leaving Monday with his family for Grantsburg, Wis., where he has accepted the pastorate of the Wood River Baptist church.

A native of Rochester, Minn., the Rev. Mr. Peterson took his theological training at Moody Bible Institute in Chicago, from where he was graduated in August, 1943. The Gulliver chapel was his first charge.

The Petersons have been active in community affairs at Gulliver, and residents of the area are holding a farewell reception for them Thursday evening at the White Lake school.

The couple have two children, Jimmy and Jodi.

resided for a period at Reston farm where Mr. McLeod operated his turkey holdings. At the time of her death Mrs. McLeod was one of the two oldest residents of Newberry.

She was a member of St. Gregory's church, and she helped to build and whose choir she supported actively, chairman of the Newberry Red Cross chapter for 20 years, an organizer of a crippled children's program in Lapeer county, and dean of social service workers in the area.

Survivors are one son, Donald J. McLeod, of Lapeer; three daughters, Miss Nettie McLeod and Mrs. Cora Sherman, of Newberry, and Mrs. Herbert, of Manistique; 12 grandchildren and 21 great grandchildren. Mr. McLeod died in 1931 and another son, Neil, died about 20 years ago.

Funeral arrangements are incomplete.

Gladstone Yacht Club To Sponsor Motor Boat Races

The Gladstone Yacht club will, for the second time this summer, sponsor a series of five outboard motor boat races on Little Bay de Noc in Gladstone, Sunday afternoon, August 15, and extends an invitation to racing enthusiasts of Upper Peninsula communities to enter.

The first of such events was held July 11 and attracted entrants from Iron Mountain, Ishpeming, Escanaba, Marquette and Gladstone, who competed for prizes totaling \$75. These races proved so popular that the second event, with the prize list raised to \$150, was scheduled for this Sunday.

There is no entry fee for the races, which will be held as follows: Motors of 5 HP and less, 7.5 HP and less, 10 HP and less, 15 HP and less, and 20 HP and over for all. The Lions club of Gladstone is sponsor of the free-for-all race.

Lunch will be served at the Yacht club for visiting racers.

First places in the races held on July 11 were won by Ernest Eighinger of Iron Mountain, John Allen of Ishpeming, Fred Penin of Gladstone, and Tom Dowell of Gladstone. Eighinger was first in two races.

In World War II, Navy submarines were credited with sinking 201 Japanese naval vessels for a total tonnage of 540,192 and 1,113 Japanese merchant vessels of 500 more gross tons, totalling 4,700,302 tons.

Save for the things you want and for the things you want to do... regular weekly or monthly deposits in your State Savings Bank account will build a reserve of ready cash in a shorter time than you think. So take a minute (and as little as a dollar) and open an account here this week if you haven't one already—then let regular saving make your dreams come true.

REMEMBER... it's easier to save if you set a goal. What do you want—how much will it cost? Save accordingly—save regularly.

Failure To File Claims Loss To People Over 65

Failure to file claims is causing many people 65 and over to lose payments under Social Security. Carl L. Johnson, manager of the Escanaba field office of the Social Security administration urges every employee who has or soon will attain age 65 to get in touch with the Social Security administration immediately in order to prevent any loss of benefits which may result from delayed filing of a claim.

A representative of the Escanaba office will be at the post office building in Manistique on Monday, Aug. 16 at 10:30 a. m. to assist workers in making application for social security insurance payments.

Johnson also emphasized the importance of contacting the Social Security administration when a worker dies. Assistance will be given the family in filing claim for possible death payments. Too, persons desiring a social security account number, duplicate card, to effect a change of records or information about social security should feel free to get in touch with the representative.

RECORD HIGH PAYROLL MEANS RECORD HIGH OPERATING COSTS

Increased payroll costs provide the main reason why operating expenses have increased. Between 1947 and 1948, the number of our employees was increased by over 82%. During that same period the average monthly wage of each employee increased more than 69%.

With payroll comprising more than 72% of operating costs, you can see why our expenses have risen so sharply. We are glad to pay these higher wages since they contribute so much to our community prosperity. These added workers are also necessary to meet the greater demand for service.

SOCIETY

Anniversary
Mrs. Arthur Rousseau and Mrs. Betty Elliott and Miss Mary Selby, who were married here August 12, 1923 by the Rev. A. S. Hamilton, pastor of the Zion Lutheran church, who was vacationing at Indian Lake, Mrs. Rousseau was the bride and Mrs. Selby was the bridegroom. The couple were married in the rectory of the Church of the Holy Redeemer in St. Paul, the Rev. Thomas J. Pignatone officiating. Attendees were the bride's sister, Gloria, and Edward Gillison, of St. Paul. The bride wore imported Swiss organdy over satin, styled with a fitted bodice, beaded neckline outlined with hand embroidered organza ruffling, cap sleeves and full skirt. With it she had long white gloves and a white satin calotte. She carried a bridal bouquet of white gladioli and roses centered with an orchid. Gloria's gown was of yellow eyelot batiste over yellow satin. She wore a yellow calotte of batiste with satin nose and long, matching gloves and she carried lavender gladioli and yellow roses. The bride's mother wore a light green dress with beige accessories and wore a corsage of ten roses. The bridegroom's mother wore black dress over her two sisters, with white accessories and a corsage. Connie Grapbos and Mrs. Eugene Gauthier, and her sister, Mrs. Francis Stoken, five brides and brides were served at the North-land in five hundred going to wood Country club, summer flow-

ers and tapers in crystal holders decorating the table. A reception for 120 guests was held Saturday evening at the bride's home, where the tiered wedding cake and an arrangement of flowers and lamps centered the bridal table. The newlyweds, following a honeymoon trip to Northern Minnesota, will live in Marquette. The bride, who has been children's librarian at the Carnegie public library in Minneapolis, is a graduate of the University of Minnesota. Mr. Rousseau, who served in the army air force in the Pacific area, is attending Northern Michigan College of Education at Marquette.

JUNIOR GOLFERS' PAIRINGS LISTED

Boys And Girls Getting Opportunity To Play At Indian Lake Course

Arrangements have been completed whereby the younger golfers in Manistique may take advantage of the Indian Lake Golf Club's offer of free golf every Monday at the course. Both boys and girls under eighteen may use the club's facilities by registering with Thor Rogge, recreation director, or with Don St. Cyr, the local pro.

Because of the late registration of several juniors this week will be devoted to practice rounds and matched play will begin next Monday. Players are to arrange their own hour of play.

Except for additional registrations which come in late for the following schedule, pairings for Mondays of the next two weeks have been arranged as follows:
August 16—Edith Kristoferson-Maureen Anderson.
Jon Schuster-Morris Greger, Clifford Anderson-Joey Nelson, Margaret Burgess-Loris Sch-welbert.

Sonny Radgans-Dan Van Eyck, Nadye Rege-Ann Wyrzal, Bruce Plichta-Jack Reque, Robert McNapara-Keith Jenkins, Dick McKenzie-Don Larson, August 22—Harris Schweikert-Edith Kristoferson, Maureen Anderson-Ann Wyrzal, Margaret Burgess - Nadye Reque, Jon Schuster-Joey Nelson, Morris Greger-Clifford Anderson, Dan VanEyck-Bruce Plichta, Sonny Radgans-Jack Reque, Keith Jenkins-Dick McKenzie, Don Larson-Robert McNaman.

turn engagement with nines of the same age at Manistique in the next week or two. The Mites enjoyed a full day of baseball at Escanaba last Saturday and won four out of five. Earlier in the summer Escanaba took three out of four from these boys on the local diamond. Tuesday of last week the Manistique Mites won five out of five from the Escanaba contingent.

Between inter-city games, regular round-robin series are held daily on the fairgrounds fields Monday through Thursday. The Mites play at 2 p. m. the Midgets at 3:30, and the Junior Cubs at 4 and 6:30 p. m. There are a total of 121 boys between the ages of 6 and 16 registered and playing daily on organized teams that are supervised and conducted by the city recreation department.

Sports Men's Club Meets Tuesday

A regular meeting of the Schoolcraft County Sports Men's Club will be held at 8 o'clock Tuesday evening at the gun club building, Manistique Heights.

As many members as possible are requested to don working clothes and appear about 7 o'clock for further work on the shooting ranges.

Dr. E. D. Bryman, president of the club, reported Wednesday that trap shooting took place at the grounds the first time this week. A committee was appointed, at the last meeting of the club to determine the condition of trap

shooting equipment at the club and to obtain prices on clay pigeons and ammunition. Dr. Bryman said that one trap was found in workable condition, and that another can be repaired.

INTERPRETING THE HISTORY

BAD AXE—Be careful what you say, partner, when you're up in the Thumb.

Here is a Michigan five-county region, comprising Huron, Tuscola, Sanilac, Lapeer and St. Clair counties, which is famous for agricultural yields.

The barns are bright red, and the silos gleam. Aluminum roofs tell a story of new prosperity.

Huron county's soil conservation payments, for example, totaled \$241,645 this year. Adding \$176,000 last year adds to Huron's AAA benefits, we total a \$417,645 blessing from Uncle Sam to this one Thumb county.

Huron farmers plowed under 24,517 acres of sweet clover, among a lot of other good soil-building practices, to earn the \$241,645 from the federal treasury. Tuscola AAA payments amounted to \$294,040.

Favored by good prices, farmers are paying off indebtedness, improving buildings, buying modern appliances for the home and otherwise getting caught up in city progress. Yes, times have changed on the farm, and the Thumb is Michigan's window case to prove it.

All of this was impressed upon this column's Michigan Marco Polo as we rolled our cabin on wheels around the rim of the Thumb on a quickie travel tour.

A dairy farmer came to Sandusky the other day and lanked a \$1218 milk check for a month's milk production. Such is the ordinary in Sanilac county which ranks first in Michigan for number of livestock head and milk cows. Which county was second?

Huron. Third? Sanilac. At Croswell, home of five receiving stations for the Michigan Milk Producers Association, a Sanilac county farmer recently deposited a \$1,700 milk check.

A Huron county bean farmer last year grossed \$80,000 when the price of beans skyrocketed following a disastrous wet season elsewhere.

The livestock industry is booming throughout the Thumb. It's a land of beefsteaks and milk. Lapeer county now outranks Kent county as to number of livestock head, although Kent leads with milk cows. Tuscola and St. Clair are also high on the list.

Bay county is next to Montcalm as to early potatoes. Huron, Tuscola and Saginaw were first, second and third in dry bean yields last year, while letter yields are in sight for 1948.

Sanilac's wheat acreage last year was 54,200 with a 21-bushel average per acre. Shiawassee was second in acreage but higher in production. Huron, Saginaw, and Tuscola—other Thumb counties—were high in the column. Wheat prospects in 1948 are rosy.

The Thumb takes second place to southwestern Michigan in poultry—chickens and eggs—but Sanilac county is going to town with turkeys. And so it goes.

When you talk about crops in the Thumb, honeysuckle runs high. It's a prosperous region, bordered to the east and north by Lake Huron's blue waters. When H-25 is finally paved from Port Huron to Bay City, Michigan tourists will have another scenic highway. Lake shore property is booming. Frontage prices are well inflated.

Thumb impression in brief: Harbor Beach, where Associate Justice Frank Murphy was born, has the only motion picture theatre in Michigan owned and operated by a public school district. The Community Theatre is run by the town board of education. Annual profits, \$8,000 to \$10,000, go into the school treasury. A new high school building is under way. The Harbor Beach Resort Association, membership colony, has a salt water swimming pool.

The Bad Axe Community Club has erected a large grindstone, set on a concrete holder, as a memorial to vanishing Grindstone City, up at the tip of the Thumb.

was duplied by land speculators as a prosperous city complete with courthouse, bank, and a magnificent lake harbor. The "phantom city" never materialized.

Whitefish and chicken, all on the same plate? A specialty at Bill Dorney's Due Water Inn in Cassville.

ST. IGNAPE—This Upper Peninsula town, whose historic heritage dates back to 1676—just an even century before the Declaration of Independence was written—is celebrating its homecoming and 25th anniversary of the Michigan State Ferry service this week end (Aug. 13-14-15).

The event has all the trimmings of a modern Michigan festival, as proved by summer tourists.

A queen is to be crowned "Miss Straits of Mackinac". Dignitaries are to make speeches, for the record at least. The coast guard cutter, Mackinac, will take biggest crowd Friday evening for a buffet dinner cruise, and there will be a moonlight boat ride and dance about the S. S. Straits of Mackinac. A swimming race from British landing on Mackinac Island to St. Ignace is another news making attraction.

And finally, the Cut River bridge—long under construction west of St. Ignace on U.S. 24—is to be officially opened Sunday by Governor Kim Sigler, Highway Commissioner Charles M. Ziegler, and Congressman Charles E. Foster.

All these characteristics of a Michigan holiday serve to emphasize an interesting point, as we see it.

More than any other one thing, Michigan is unique as a summer tourist playground because of its Great Lakes, its many miles of shore line, and its abundance of

big water. The St. Lawrence waterway, plus the Great Lakes, made possible the founding of St. Ignace in 1676 by Father Marquette, a Jesuit missionary from France. Six years later the French selected Point St. Ignace as a site for Fort Michilimackinac—a fact usually forgotten by travelers who visit the reconstructed fort of Mackinaw City. It was 1712 that the French fort was moved to the south side of the Straits, across from St. Ignace. The threat of George Rogers Clark, after the Revolutionary war when the British contested for possession of the North West, prompted the Redcoats to move the fort in 1780 to Blackline Island.

The beginnings of Mackinac, a name originally given to the country bordering on the straits, were at Point St. Ignace on the Upper Peninsula side.

St. Ignace is verily a real "whistle stop." The ferry boats whiz, coming and going. Economic life of the community is linked vitally to the flow of commerce across the Straits. It is a lively place.

During warm summer months the lines of automobiles grow long, as Mid-West visitors patiently await arrival and loading of the next ferry boat. In the Fall the deer hunters, laden with guns and equipment, jam the town, north-bound for camp.

The ferry ride across the Straits is a symbol of old and modern Michigan. Where else in these United States is there such a unique state maintained transportation service? It exists because Michigan consists of two peninsulas, separated by the Straits of Mackinac between Lake Huron and Lake Michigan.

Michigan's Great Lakes also are

the trails of hundreds of vessels and thousands of men and women. Even modern science and World War II have not overcome the perils of the deep.

Capt. Russell Bergh, commanding officer of the Coast Guard Cutter, Smolew, brought this grim fact to our attention during a fog-bound cruise from Charlevoix to Beaver Island on Sunday, June 27. Abscond were 124 Michigan newspaper editors and members of their families, all bound for St. James to attend dedication of the marker on the Old Mormon Printing House.

Captain Bergh, a veteran of Norwegian descent was proud of the boat's radar, in a magic circle a revolving beam illuminating any

ing two feet above the surface of the water. Then the radar equipment jammed due to reasons beyond the operator's control. Outside the fog was thick as soup. Searchers resorted to the ancient method of sounding for depth. Finally as the cutter drifted dangerously into shallow water, Captain Bergh sent a radio appeal to the coast guard station at St. James, and a picket boat hurried out to guide the cutter into harbor.

You recall incidents, such as this when you behold the Strait of Mackinac. Drama riffs the Great Lakes. It is a vibrant part of Michigan.

Solan Grass pastures make good growth during hot, dry summer months. They help to save grain and are good livestock.

ELECTRICITY
is economical
efficient!

Wherever you employ electricity, you use the best, most efficient, most modern method known to man.

Whenever you use electricity exclusively for the big time-and-energy consuming jobs like Refrigeration, Cooking, Water Heating, Laundering, etc., you employ the best method at its cheapest! It's wise to use electricity for any job... wiser to use it for more jobs... and wisest to use it exclusively for ALL the jobs.

GO ALL-ELECTRIC: You can rely on electricity to do each job better. When you use it exclusively for all the jobs, it costs less per job than any other method. Yet electricity does them ALL better, faster, safer, cleaner, more efficiently.

Purpose of the meeting was to consider the City of Manistique's participation in the furnishing of additional funds required by Schoolcraft County Department of Social Welfare to carry them until receipt of their next appropriation from the County Board of Supervisors. City Council agreed unanimously that the city of Manistique should participate to the extent of \$1.00 per capita based on 1940 census, provided, however, that all townships in Schoolcraft County participate on a like basis.

Council unanimously agreed that other urgent matters be considered and acted at this meeting.

Moved by Councilman Sellman, supported by Councilman Berger. **RESOLVED** that the services of John Nessman, City Assessor, be continued until September 15th, 1948, on the basis of \$200.00 per calendar month, said continuation commencing June 26, 1948.

Yea: Councilmen Sellman, Berger, Burns, Schubring and Stephens. Nays: None.

Moved by Councilman Sellman, supported by Councilman Berger. **RESOLVED** that a power grant, formerly owned by Sault Ste. Marie, Michigan, be and it is hereby purchased from Straits Engineering Company, Soo, Michigan, at a price of \$350.00 F.O.B. Manistique, the seller to give a new equipment guarantee.

Yea: Councilmen Sellman, Burns, Berger, Schuring and Stephens. Nays: None.

The Council approved a program of street repair work comprising approximately 14 blocks in length, as submitted by the street superintendent.

Moved by Councilman Berger, supported by Councilman Schubring. **RESOLVED** that the Street Superintendent be, and he is hereby authorized to purchase 1500 yards of Gravel from the County pit.

Yea: Councilmen Berger, Schu-

ling, Burns, Sellman and Stephens. Nays: None.

Moved by Councilman Schubring, supported by Councilman Stephens. **RESOLVED** that payment be, and it is hereby approved for the first tank car of tar just received, and authority given to purchase two additional cars of road tar, to be delivered as needed.

Yea: Councilmen Schubring, Stephens, Berger, Burns and Sellman. Nays: None.

Clerk was directed to write State Highway Department at Newberry, Michigan, requesting prices on reopening of U.S. 2 from Maple Street to Chippewa Avenue, referred to in their letter of June 16, 1948.

Moved by Councilman Sellman, supported by Councilman Stephens, Walter Burns Alex Robertson City Clerk

Manistique, Michigan July 26, 1948

A regular meeting of the City Council was held on Monday, July 26th, 1948, at 7:30 o'clock P. M. in the City Hall. Those present: Councilmen Berger, Burns, Schubring, Sellman and Stephens.

The minutes of the regular meeting of July 28th, 1948, Non-quorum meeting of July 12th, 1948, and the Special Meeting of July 19th, 1948, were approved as read.

Communications from the City of Ironwood, and the Grand Rapids Press, regarding resolutions against the repeal of sales tax division in November, 1948, election, were read for information only.

A communication from Western Union Telegraph Company regarding permission to erect two signs in the city of Manistique was read. Acting City Manager was directed to procure particulars as to style and size of these signs and where they would be located in the city.

A communication was received from U. S. Coast Guard regarding the possibility of extending city water service to their Government Radio Building in Lakeside Park. Acting Manager was directed to prepare an estimate of the cost, for submission at next meeting.

Yea: Councilmen Berger, Schu-

ling, Burns, Sellman and Stephens. Nays: None.

Milk report dated July 15, 1948, was received from Alger-Schoolcraft Health Unit. Ordered placed on file.

RESOLVED that bids on dump boxes for Mack truck be opened. Yea: Councilmen Schubring, Stephens, Berger, Burns and Sellman. Nays: None.

Bids were received as follows: Beaton Trail Sales Co. Escanaba, \$741 and \$769 F.O.B. Manistique, on Garwood Dump Boxes. Heli Company, Milwaukee, Wisconsin - \$821.25 and \$866.20. Mullins Rod Inc., Milwaukee, 4, Wisconsin - \$675.00 and \$725 F.O.B. Manistique.

Ray Motor Sales, St. Ignace, - \$685.00 plus \$18.00.

Moved by Councilman Schubring, supported by Councilman Stephens. **RESOLVED** that inasmuch as a Garwood dump box best fits our needs, that the bid of Beaton Trail Sales Company for \$775.00 F.O.B. Manistique be and the same is hereby accepted, and the Clerk directed to issue formal order therefor.

Yea: Councilmen Schubring, Stephens, Berger, Burns and Sellman. Nays: None.

Exterior painting of City Hall building and Justice Court building was discussed, and the Clerk was directed to advertise in the local press for bids, such bids to be in the Clerk's hands not later than August 7th, 1948.

City Clerk requested the purchase of a new typewriter to replace a ten-year old machine now in service. Council directed Clerk to advertise for bids in the local press for one typewriter.

Engineer McNulty presented a petition for the resurfacing of Wolf Street between N. Houghton Avenue and N. Mackinac Avenue. He was assured that an effort would be made to do this work after the completion of the present street repair program.

Street Superintendent Livermore discussed with the Council the installation of a 12" tile drain on East Elm Street fronting the Stoken property; the need of a new heating plant for the City Shop, and was directed to prepare an estimate of the cost. Lack of storage room for city road equipment was also mentioned.

Edward Clement, city employee, who is convalescing from injuries suffered in June, spoke to the Council on the inadequacy of present Workmen's Compensation payments in his case. Council agreed to look into the matter of providing him with light work to supplement his compensation payment of \$21 per week.

Clerk was directed to write Workmen's Compensation Commission, Lansing, and our insurers, Auto Owners Insurance Company, Lansing 3, regarding legality of the city furnishing Mr. Clement with part time employment during his convalescence, to supplement his Workmen's Compensation of \$21 per week.

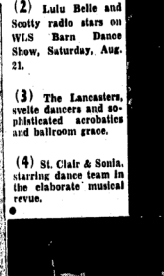

Moved by Councilman Berger, supported by Councilman Schubring, that the Council adjourn.

Expert Coming Here Again
GEORGE HOWE

Well-known expert of Indianapolis, and ex-U. S. Army Medical Corpsman, will personally demonstrate his method without charge at the Barnes Hotel, Manistique, Tuesday, Aug. 24th from 9 A. M. to 12 noon.

Mr. Howe says the Howe method contracts the openings in remarkably short time on the average case, regardless of the size or location of the rupture, and no matter how much you lift or strain, and puts you back to work the same day as efficient as before you were ruptured.

The Howe Rupture Shield has no leg strap; waterproof, sanitary, practically indestructible, and can be worn while bathing. Each shield is skillfully molded and fitted to the parts under heat, which gives a perfect fit and satisfaction.

Large and difficult ruptures following operations especially soiled. Do not overlook this opportunity if you want gratifying results. Mailing address P. O. Box 5223 E. Michigan St. Station, Indianapolis 1, Ind.

John Larson, of Riverside, captured a dogfish at the Weston mill Wednesday. It was twenty-two inches in length. This is the first fish of this species ever caught in these waters.

Bess Ada Shilston will teach at Monner's Parry, Idaho, during the coming year.

A party was given in honor of the birthday anniversary of Mrs. H. F. Wendland Wednesday, which was attended by twenty-two of her friends.

Mike Kobetich will repair his building located on Walnut street and will conduct a saloon therein.

Fatsy McNamara will conduct a saloon in the building vacated by Kobetich.

Miss Elythe Krause who is visiting her parents here, leaves

for Milwaukee this evening. En route she will drop at Pawaucake Lake, Wis., where she will spend the remainder of her vacation.

Miss Amy McGregor is the guest of Mr. and Mrs. C. A. Robinson, of Niagara, Wis.

Twenty Years Ago
Mrs. Ina Swanson and daughter Jeanne, left for Iron Mountain Sunday where they will spend a number of days as guests of Mr. and Mrs. George Edlund.

Mr. and Mrs. Douglas Ward, of Chicago, and Miss Martha Ward, of Grand Rapids, are visiting this week at the home of their parents, Mr. and Mrs. D. J. Ward.

Mr. and Mrs. Henry T. Scheut, of Manistique avenue, are the proud parents of a son who was born last Saturday. Mother and child are reported to be getting along nicely.

Mr. Joseph Aronow left this week on a motor trip through lower Michigan, accompanying Mr. and Mrs. Ralph Phillips, of Newberry, and Mrs. J. C. Phillips, of Iroa Mountain.

Mrs. Mary Klagestad, of Detroit, is visiting with friends and relatives in the city this week.

Elmer Highland, of Detroit, arrived in the city Thursday night of last week and will visit with his parents for two weeks. Mr. Highland is employed as an engineer at the city water works in Detroit. He is a close friend of Fred Peterson who is also from Detroit.

Ten Years Ago
Miss Peggy Miller is visiting with relatives in Gladstone.

Rev. Justin Peterson and family of Seney, Ia., are visiting here with Mr. and Mrs. William Nyström.

Mr. and Mrs. E. F. Bishoheim have as their guests the latter's

parents, Mr. and Mrs. D. J. Aukon, Lansing, and their brother and sister-in-law, Mr. and Mrs. L. C. Van Aukon and family, of Cleveland.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR

COMPARE the values; compare the prices; and you'll choose Chevrolet! For to compare the values is to know that only Chevrolet brings you the Big-Car riding-smoothness of the original and outstanding Unitized Knee-Action Ride... the Big-Car performance and dependability of a world's champion Valve-in-Head engine... the Big-Car beauty and luxury of the enviable Body by Fisher... the Big-Car safety of Fisher Unitelst Body-Construction and Positive-Action Hydraulic Brakes... plus many another major quality advantage still not available in any other motor car in its field.

And to compare the prices is to know that Chevrolet prices are the lowest in the field... and that Chevrolet value continues to be the highest in its field!

That's why Chevrolet is America's No. 1 car; that's why it's the car for you!

FIRST in Riding-Smoothness!
You just can't beat the positive Unitized Knee-Action Gliding Ride for real riding-smoothness—real trepidulous-free any road! It's the only ride; and remember, this famous "Knee-Action" ride is exclusive to Chevrolet and more expensive cars.

FIRST in Thrills with Thrift!
There's nothing like Chevrolet's world champion Valve-in-Head engine for thrills and thrift. It holds its records for miles served and economy combined. It embodies that extraordinary, extra-dependable Valve-in-Head action, found elsewhere only in costlier cars.

FIRST in Testable Beauty!
You will be perfectly sure of your car's beauty-keeping when you own a car with the world-famous Body by Fisher and his most desirable of all car bodies—beautiful from every angle, inside and out—invaluable only on Chevrolet and higher-priced cars.

FIRST in All-Round Safety!
You and your family will enjoy the tried safety protection of Fisher Unitelst Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes—another combination of features found in Chevrolet and higher-priced cars.

CHEVROLET—and Only CHEVROLET—IS FIRST!

LIFELONG RESIDENT OF CITY STRICKEN

Mrs. Sebastian Weber, Jr., Succumbs Thursday To Long Illness

Mrs. Sebastian Weber, Jr., 62, passed away at 1:45 p. m. Thursday at her home on Cedar street, following an illness of two years' duration.

Mrs. Weber was born Agnes Gorsche on Aug. 8, 1866 in Manistique and had lived here all her life. She was married to Mr. Weber Nov. 21, 1921.

She was a member of St. Francis-Sales church and prior to her illness had been church organist for many years.

Survivors besides her husband are one daughter, Mary Blase; her mother, Mrs. Agnes Gorsche; three sisters, Mrs. Robert Byrge and Miss Genevieve Gorsche, of Manistique, and Miss Genevieve Gorsche, Sault Ste. Marie; and four brothers, Lawrence, Ferdinand and Augustus J., of Manistique, and Francis, of the Sault.

Funeral arrangements are incomplete.
