MANISTIQUE, MICHIGAN, THURSDAY, SEPT. 9, 1948

SEVEN CENTS A COPY

Women's Club Delegates Come Here Wednesday For Meeting

Mrs. Hiram C. Houghton, General Federation Officer, To Attend

Delegates from most of the cities of the upper peninsula will come to Manistique next week for the thirty-first annual meeting of the Upper Peninsula Federation of Women's Clubs, District 5, to be held three days—Wednesday, Thursday and Friday.

Among the guests of honor at the meeting will be Mrs. Hiram C. Houghton, of Red Oak, Ia., who is vice president of the General Federation of Women's Clubs. Mrs. Houghton is well known throughout the country as a capable leader, dynamic speaker and charming personality. She has held several offices in the Iowa Federation of Women's Clubs, and also in the General Federation, and is now serving her second six-year term on the Iowa state board of education.

Also here for the three-day session will be Mrs. R. C. Pruitt, chairman of budget of the General Federation of Women's Clubs. Mrs. W. Bruce, state president, Traverse City and others.

The session opens Wednesday afternoon with registration at the Presbyterian church. A district board meeting will be held at 2:30 p. m., to be followed by a tour to the Big Spring area.

Wednesday evening's program will feature an album of fishing pictures dramatizing events in the Manistique Women's club over its 50 year history arranged as part of the observance of the club's fiftieth anniversary. A "reveling" honoring state and district officers and honored guests will follow.

The convention program will open Thursday morning, and there will be a noon luncheon and an evening concert, the latter at Bluejay Park. Final sessions are Friday morning.

Mrs. A. F. Hall and Mrs. C. P. Anderson are general co-chairmen in charge of local arrangements. Reservations for the Thursday evening banquet at Bluejay Park should be made with Mrs. A. W. Cockran by Monday, it was announced.

Sept. 15 Deadline For Tax Payment Without Penalty

Next Wednesday, Sept. 15, is the deadline for payment of city taxes without penalty. After that date a four percent penalty will be assessed.

Mr. and Mrs. Lyle Smith and Mr. and Mrs. Vera Ekstrom are returning from a visit with relatives and friends and Detroit.

German Couple To Observe 50th Wedding Anniversary

When they celebrate their golden wedding anniversary next Saturday, Mr. and Mrs. Jacob LeMaire, of Speyer, Germany, will be a long way from their home town.

But that isn't interfering with the plans which will make it a gala occasion; their son and daughter-in-law, Mr. and Mrs. Frank LeMaire, who live at Smith park for the family and a few close friends at Arrowhead Inn, are on open house to be held in the LeMaire home in the afternoon of the celebration.

All this in spite of the fact that Mr. and Mrs. LeMaire will be speaking at a word of English in the midst of a crowd of well-wishers who probably they counted on one hand.

The party will be sort of a farewell because the LeMaire are well known in their homeland next week. They came here in June, 1947, and are now getting ready to hit the trip back. They are returning from New York to Detroit.

Mr. LeMaire is 74 and his wife is 71. Although the name is French, the LeMaire family has lived in Germany since the members fled the bloody terrorism of those days to live in neighboring Germany. Mr. LeMaire was born in Speyer, a town which he owns in his own shop there for 50 years, and taught his son the trade. Until he was recently, Frank owned the Manistique branch of the Manistique company, a wartime industry

POTATO GROWERS GIVEN REMINDER

Eligibility Certificates For Support Program Must Be Signed By Sept. 15

Schoolcraft county potato growers are reminded that the final date for signing certificates of eligibility to participate in the 1948 price support program is September 15.

Norman Stauffer, chairman of the Schoolcraft county AAA committee, said this week that only those growers who have signed certificates of eligibility will be eligible in price support operations on potatoes this fall and winter.

In order to obtain a certificate of eligibility, the grower may apply at the county AA office and pay the eligibility fee of \$9.00 per acre. In addition, he must have planted within his acreage goal.

The 1948 price support program for potatoes will be carried out by direct purchases by Commodity Credit Corporation, in diversion to starch, flour and alcohol outlets, and by export operations. A loan program will be available as a supplement to the program to provide needed harvest-time financing.

The price support schedule for 1948 will range from \$2.55 per cwt. in September, to \$3.20 per cwt. in March, 1949, for U. S. No. 1 grade bagged and loaded 1/2 c. b. The schedule for U. S. No. 1 Size B grade and for U. S. No. 2 grade will be 50 percent of the No. 1 schedule.

Both price rates will be \$1.45 per cwt. for U. S. No. 1 grade and \$1.00 per cwt. for U. S. No. 2 grade.

which did a big business and employed over one thousand men. During the war, the Nazis also had a big business in Speyer for eleven months. He says he "never said a damn thing," but that made no difference to Hitler's bully boys. The Americans released him when U. S. forces entered Bavaria in the spring of 1946.

Mr. and Mrs. LeMaire were born in Russia, near the Nazis in Poland, in a town in the Ukraine known as Speyer. Her name before her marriage was Luise Kepler. In the 1870's Mrs. LeMaire's father had gone to Russia to build a railroad from Poland to the Nazis in Turkey and met his wife there. They returned to Germany later, settling in Speyer, and it was there that the LeMaire were married on Sept. 11, 1898.

Have Daughter Abroad Mr. and Mrs. LeMaire have a daughter, Mrs. Elizabeth Pahlbusch, who lives in Neustadt, Germany, in the province of Bavaria. They had one other son, Karl, who was killed in a railroad accident in Detroit in January, 1946. There are several grandsons. Mr. and Mrs. LeMaire are Catholics. When they were in power, the Nazis did not prevent members of their faith from going to America. In Speyer, at least, the LeMaire know that their religion, as well as all the others, was not very popular with Hitler regime.

They enjoyed their stay in America very much. Fishing is good at Smith Lake and they have had a pleasant year there. Both are in excellent health.

ENTIRE U. P. OPENED TO GROUSE HUNTING

Season Opens Oct. 1; Some Areas Closed To Prairie Chicken, Sharp-Tails

All counties of the upper peninsula will be open to grouse hunting during the 1948 season, which opens Friday, October 1, and remains open until October 30, it has been announced by the department of conservation.

The rifle-grouse shooting will be permitted on Drummond Island, however. Some areas will be closed to prairie chicken and sharp-tailed grouse hunting. This includes all of Keweenaw county and that part of Houghton county lying north of the north line of township 43 north, which extends east and west through Chassel; that part of Dickinson, Emmet and Delta counties lying south of Highway US-2 and west of Escanaba; and that part of Chippewa county lying east of Highway M-129 and north of the line extending from Pickford east to the international boundary with Canada.

The bag limit on ruffed grouse is five in a day this year as compared to three last year. The limit of three in a day still remains on prairie chicken and sharp-tailed grouse. Many local hunters take to the outdoors during the upland game bird season. It is reported that ruffed grouse are more numerous this season than last.

Thompson Man Is Jailed On Drunk Driving Charge

Floyd Cox, 42, of Thompson, was fined \$50 and 35 cents or a 30-day jail sentence when he pleaded guilty in Justice court Thursday morning to a charge of drunk driving. He went to jail.

Cox was arrested Wednesday night on U.S.-2, a short distance from the western city limits. State police made the arrest.

It was disclosed in court that Cox had his driver's license revoked in February, 1947, following his arrest on a similar charge.

Brault Bowling Alleys Will Open Friday Evening

The Brault bowling alleys will open Friday night, September 10, it was announced Thursday morning by Russell Brault, owner of the establishment.

Veterinarian Will Contact Farmers

Dr. Glen Kloss, extension veterinarian from Michigan State college, will be in Schoolcraft county Saturday to confer with local farmers having livestock problems.

Mr. and Mrs. J. R. Lowell and Miss Gladys Ford spent Sunday and Monday at Frankfort and various other points on the northern shore of the lower peninsula.

Believe Big Spruce Found Here One Of Largest In U. S.

What is believed to be one of the largest white spruce trees in the United States was recently found in the township of the western part of Little Harbor area south of Thompson.

The tree, measuring seven feet and four inches in circumference at four and one-half feet above the ground, was found by Eino Saljo, cruiser for the Manistique Pulp and Paper company.

Robert Schmeling, forester for the paper firm, said that a boring was made at breast height and the tree was found to be 133 years old at this point. He estimates the age of the tree to be 140 years. The spruce towered 90 feet in the air.

History Of Local Organization Over 50 Year Period To Be Dramatized

As an entertainment for the delegates to the Upper Peninsula Federation of Women's Clubs will present photographs from the Women's Club Album—a series of living pictures dramatizing events in the history of the club from its origin as a Reading Club down through the years—to the high school annual concert next Wednesday evening.

The pictures will be introduced by a dialogue, and accompanied by music of the period, sung by a trio composed of Mrs. George Morton, Mrs. Omer Schuster and Mrs. Scott Creighton, accompanied by Mrs. A. F. Hall.

The pictures to be presented are: The Whist Club, 1889—Mrs. G. F. Anderson, Mrs. W. A. Corson, Mrs. Elwood Taylor, Mrs. Clyde Wynn. The Women's Reading Club, 1896—Mrs. A. F. Hall, Mrs. George Morton, Mrs. Omer Schuster, Mrs. Scott Creighton, Mrs. A. F. Hall.

WAR VETERAN IS KILLED BY PLANE'S PROP

Richard D. Lehman Victim Of Accident In Detroit Sunday; Funeral Friday

Richard D. Lehman, 28-year-old war veteran, died in Saratoga General hospital, Detroit, at 10:30 p. m. Sunday, about four hours after he was struck by a propeller's prop near St. Clair Shores.

Although details of the accident are not fully known, it is believed that Lehman met his death after getting out onto the craft's propeller to guide it to a landing. He had just returned from a trip to Tennessee with the plane's company. The propeller struck the back of his head, breaking his neck.

Lehman was born in Tower, Mich., Oct. 26, 1919, and came to Manistique with his parents, Mr. and Mrs. John Lehman, when he was a baby. He grew up here and attended local schools. In 1940 he was married to Mary Shaaki, of Salt Lake City. He entered the army in 1939 and served three years in the European theater, sustaining severe shrapnel wounds in his head at Metz. He was discharged in 1945, and later went to Salt Lake City, where he was employed until recently when he moved to Detroit to work for the Briggs Manufacturing company.

He was a member of St. Francis de Sales church. Survivors are his wife, two children, Robert and Gloria Ann, Salt Lake City; his parents, Mr. and Mrs. John Lehman, Manistique, and one brother, Clifford, also of this city.

Funeral services will be held Friday morning at 8 o'clock at St. Francis de Sales church, the Rev. B. J. P. Schovers officiating. Burial will be in Fairview cemetery in the direction of the Mortuary general home, and military rites will be conducted at the grave-site. Pallbearers will be Kenneth Charter, Claude O'Neil, Jr., Floyd Houtz, George Messers, Merle Snyder and Elmer Tuffel.

Contests For Prosecutor And Sheriff Spark Chief Interest In Primary Election Tuesday

Lutheran Church To Hold District Meeting In City

The annual pastors' convention of the Ishpeming district, Augustana Lutheran church, and of the Woman's Missionary societies of the district will be held at the Zion Lutheran church here next Thursday, Sept. 16, the Rev. G. A. Herber, pastor, announced this week. Approximately 50 delegates from St. Ignace, Marquette, Manistique, Newberry, Ishpeming, Negaunee, Marquette and other cities will attend. Mrs. Scott Creighton, of Manistique, is district "Missionary for a Day" secretary.

The business sessions of the two bodies will be held at 10:00 a. m., and a joint rally is scheduled for 5:30. Speakers at the rally will be L. E. Rydberg, of Marquette, president of the district, who will talk on "Faith of Fathers," and Dr. Mary Moses, from India, the featured missionary speaker. Dr. Moses will give all members of the congregation, including boys and girls, at an evening meeting scheduled for 7:30.

SPORTSMEN'S CLUB NAMES DELEGATES

Seven Going To Munising For Upper Peninsula Convention Sept. 19

Seven delegates to attend the annual convention of the Northern Michigan Sportsmen's Association, to be held in Munising Sunday, Sept. 19, were named at the regular meeting of the Schoolcraft Sportsmen's club Tuesday night.

Delegates appointed followed Charles H. Howard, Robert Schmeling, Beren Nyberg, Herbert Branyan, and William Norton. Morning, afternoon and evening sessions are scheduled for the convention.

The Schoolcraft county club will have on the convention agenda a resolution on the planting of feed for sharp-tailed grouse. The resolution will ask that the department of conservation give its aid to the project of planting grains, sorghum, clover, alfalfa, and other crops, in sharp-tailed areas to provide additional feed for the game birds.

The club also decided to hold another "work bee" on Sept. 22 morning to continue improvement work on the club's rifle range.

Another trap shoot also is scheduled for Sunday afternoon with shooting from 2 to 5 o'clock.

In the club's program to make plans for its building program, it was decided to postpone selection of contest winners until all tickets have been returned. All tickets are urged to return this week to Matt Kasun, contest chairman.

Prohibition Party Candidate To Visit Here September 23

Claude Watson, of Los Angeles, Calif., a native Michigander who is seeking the presidency of the party, is the Prohibition party candidate, will visit Manistique on a campaign tour of the upper peninsula this month. His visit here is planned for Sept. 22.

Watson has been a minister and district superintendent of the Free Methodist church, in which he is still active. He practices law in Los Angeles.

He will be accompanied by Harold Lindahl, Iron River, who is the Prohibition party's candidate for U. S. Senator.

STUDIO TO REOPEN

The music studio of Miss Mary A. Mitchell, 633 Cherry street, will reopen Sept. 16.

Mr. and Mrs. Harry Swarth are the parents of a daughter, Victoria, born Sept. 1. The baby weighs nine pounds and seven ounces, and has named Joyce Evelyn.

VEZINA IS CAPTAIN OF EMERALD TEAM

Jim Roemer Named Co-Captain At Election Meeting Of Footballers

Paul Vezina, 17-year-old senior playing his first year of varsity football, was elected captain of the 1948 Manistique high school football team at an election meeting of the squad held Friday.

Co-captain is Jim Roemer, also 17, who is beginning his second year as a member of the Emerald first string. Vezina is the son of Mr. and Mrs. Paul Vezina, Oak street, and Roemer is the son of Mrs. Josephine Roemer, South Second street.

Others here recently have departed that no part of the United States has as many beautiful scenic drives as can be found in the upper peninsula. The combining of rolling forest country, winding inland lakes shining through the trees along highways, and the majestic shorelines of Lakes Michigan and Superior have given this area something different and surpassingly glorious in the lure of the out-of-doors.

Take, for example, the lovely drive from Negaunee to St. Ignace where a 152 keeps the sweepstakes roads of Lake Michigan and the road from Munising to Marquette along the wooded and rocky coast of Lake Superior. Or the winding hills, ride through the vineyards of Beraga county, the lovely as any of these, however, is Federal Highway 13, leading north from Negaunee, Juneau, to Wetsmore. No Great Lakes area here—just rolling woods country and glistening inland lakes, but as pleasant and charming a motor ride as anyone could wish.

About 10 years ago, after much deliberation and in response to growing public criticism, the city of Manistique undertook an extensive city improvement program. One of the largest items in that program was the installation of a boulevard lighting system, designed to make the business district more attractive and to get rid of unightly main street light poles and a snarling collection of overhead electric wires.

The job was eventually completed and local citizens, despite a few issues which would give their pocketbooks for years to come, gazed with satisfaction upon the new lighting system. Gazing upon the unspotted and ugly light poles, gone was the overhead snarl of wires. Instead attractive new light standards supported by electricity by underground conduits furnished our nightly illumination. The bill was high, but it was worth it. We had, at long last, a modern boulevard lighting system.

That was about nine years ago. Make a trip through the east and west side business districts today and take a good gander at the boulevard lighting system. The standards are still there, it is true, but the overhead wiring is about fifty percent back again. One full block on the west side of the street, the wires strung from standard to standard to bring electricity to the lamps. Another block has overhead wires on the east side. On the east side the same pattern prevails. Standard after standard is strung with wires so that the lamps' can be seen in other words, a great amount of the underground wiring is completely out of commission. More than this it seems that breaks in it cannot be repaired; hence the return to overhead wiring in blocks where underground breaks are occurred.

All the rate that the underground wiring system is going back it will only be a few more years before we are again entirely dependent on a network of overhead wires, strung from standard to standard, in order to keep the city illuminated.

The time has come, we believe, when we must give more attention to our boulevard lighting system. Obviously the original installation failed to take into account the possibility of breaks in the underground circuit; otherwise provision would have been made to facilitate repairs. The municipal utility, therefore, is faced with two alternatives. Either to break the concrete along the business street and remove the broken underground wires and replace them with a system in which the wires are removable from junction boxes; or to abandon the underground system entirely and replace it with neatly-strung overhead wires, preferably white wires which are not too visible. We would not continue stringing black wiring haphazardly every time a street lamp goes out because of underground wiring failure.

Thursday is election day. And, of course, it is the duty of every registered elector to go to the polls and cast his ballot. For years we have been urging voters to vote in the French Canadian areas a large group of registered voters were too lazy or too indifferent to vote. They just let the day pass unannounced.

Miss Winnandy will become the bride of Vincent Blake, of Chicago, on Oct. 2, at Chicago. A large crowd of ladies were in attendance and Miss Winnandy was the recipient of many lovely gifts.

A picnic supper was held at the Manistique State Park on Sunday evening honoring Mrs. Peter Winnandy and daughter, Winifred. Fifty guests were in attendance.

Larry Marlowe is being employed at Manistique, building a new kitchen at the home of Mr. and Mrs. Reuben Peterson.

Mrs. Stanley Shust and children returned from a visit with her mother at Reed City.

New Ferry Schedule In Effect Sept. 13

The fall schedule for the Michigan state ferry fleet at the Straits of Mackinac will become effective Monday, Sept. 13, and will continue through Saturday, Nov. 6, it was announced this week.

During the hunting season rush period in November, the ferries will run without schedule in an effort to provide service as fast as possible.

The fall schedule, on EST, is as follows:

Leave St. Ignace (to Lower Michigan): 6, 7:30, 9 and 10:30 a. m.; 12 noon; 1:30, 3, 4:30, 6, 7:30, 9 and 10:00 p. m.; 12 midnight and 3 a. m.
Leave Mackinaw City (for the Upper Peninsula): 6, 7:30, 9 and 10:30 a. m.; 12 noon; 1:30, 3, 4:30, 7:30, 9 and 10:30 p. m. and 1:30 and 4:30 a. m.
Three-fourths of this recreation mileage is driven by Michigan residents, one-fourth by people from outside the state.

From where I sit... by Joe Marsh

One Great American Trait

I always think it does a newspaper editor good to get out from behind his desk and see how folks in other parts of America look, and think, and act.

And that's what I've been doing these past weeks, touring the country from Michigan to Texas, California to Maine. It's a mighty encouraging experience. Not only because of the different points of view you run into—but because of the tolerance which reconciles those different points of view.

I mean the tolerance of a Pennsylvania farmer for the habits of his city cousin; the tolerance of folks who vote one way towards those who prefer spring water towards those who enjoy a moderate beverage like beer.

From where I sit, it's that great American trait of tolerance—respect for individual tastes and liberties—that makes this country strong. Let's never lose it!

FISHERMEN PAYING A LOT TO STATE

Fund Properly Belongs To Tourist Industry Income, Bureau Believes

Although it's rarely classed as such, the \$2,843,000 paid to the Michigan department of conservation—whether by residents or non-residents—properly belongs to the tourist industry income and is only a small portion of the annual bill spent by fishermen in this state.

directly in some type of fishing experience.

Only Pennsylvania, which collected \$2,843,000 on hunting and fishing licenses last year, ranks ahead of Michigan in this respect throughout the entire country, \$11,000,000 is collected by state governments for such licenses.

Nobody knows what the total bill is for hunters and fishermen in the United States, because there are so many kinds of taxes they pay by state government in addition to the tax on sport goods, 11 per cent tax on firearms and ammunition, a Federal duck stamp—in addition to the millions paid in general taxes by outdoormen.

OF MANISTIQUE, INC.

A touch and you GO—that's DYNAFLOW!

Yes, it boils down to just about a lever — and from then on your treadle foot takes over.

You press the accelerator — and move softly and smoothly away.

You speed up, slow down, halt completely — and your right foot alone, operating gas treadle and brake, does it all.

How come? Simply because Dynaflow Drive is the one passenger car drive in America that

gets completely away from gears which function in fixed stages.

Changes in the way oil flows, instead of changes in gears, adjust your engine power to your driving requirements.

Whether you are starting out, climbing a hill, surging past others or cruising easily, there's nothing for you to do except feed gas.

For very fast starts, extreme pulls, reserve braking power, you flick the selector lever—and your engine seems suddenly to double in size.

For parking, there is a very special setting, exclusive to Dynaflow Drive, that rigidly locks rear wheels.

Even rough and chattery roads are made smoother by power that flows along through a cushion of oil — your whole car is "sweeter" in its feel, far silkier in its actions.

Quite rightfully is Dynaflow Drive called the most important development since the self-starter.

It's a basically different way of transmitting power — and one you should know about firsthand.

See what your Buick dealer can do about arranging that for you. The merest sample of Dynaflow magic will make you want to place an order pronto, whether or not you have a car to trade!

- 1. NO PRICE PADDING. You receive an itemized bill of sale. We display all prices in our showroom.
- 2. NO "LOADING" OF ACCESSORIES. All cars are delivered with accessories as ordered, no "extras" except those you specify.
- 3. NO COMPULSORY TRADE-INS. We will accept your order and deliver your car with or without a car in trade.
- 4. NO COLLUSION WITH "GRAY MARKETERS." We will knowingly sell Buick cars to anyone who operates in the "gray market."

Manistique In Former Days

Two months ago the wife of a Thompson township resident left her husband's bed and board and he was so mad about it that he inserted an advertisement in this paper stating that he would not be responsible for any debts she might incur. As he left the country without signing the printer bill for said advertising we have more or less admiration for the woman in the case.

Extra Curriculars Star In Importance To School Life

(From The Crier) Will compete in a local contest. Manistique High School offers further competition consists of to the students many extra-curricular. The district and regional meets at which students from other high schools in the Upper Peninsula are invited to participate.

Following is a list of these subjects: A varsity letter and the amount of credit given for each.

DEBATE is another field of public speaking. Practice debates are staged in class many times during the semester. A preliminary debate before the schools in the Upper Peninsula, is held in December and a final tournament is held in Marquette every year in January. Each student on the varsity team earns a varsity letter, and those on the reserve team earn a small letter. One-half credit is given for each semester of activity in both varsity and reserve debaters.

THE FUTURE HOMEOWNERS OF AMERICA is an activity for girls who are domestically inclined, and who wish further instruction in sewing and cooking. This is a society that is organized in schools all over the country. Representatives from each school meet yearly for the selection of officers and other business.

GIRLS' ATHLETIC ASSOCIATION is an organization for the athletic-minded girl. Several sports are played through the year. Some of the most popular ones are baseball, basketball, and volleyball. Emblems, small letters and varsity letters are all received on a point basis. Points can be earned

through participation in almost every outdoor and indoor sport throughout the year.

GLICE CLUB is an activity offered to all girls in High School. This group also attends a festival in the spring with glue clubs from all over the Upper Peninsula. One-fourth credit is given for each year. A varsity letter requires four years of glue club work.

JOURNALISM is offered to tenth, eleventh, and twelfth grade students who wish to acquire knowledge of newspaper writing, paper composition, and making-up, and various other journalistic duties. This department is also responsible for publishing our school paper, THE CRIER. One-half credit is given every year, and students may earn varsity and reserve letters by writing a certain number of inches for THE CRIER.

FOOTBALL is open to all boys. From these a

varsity and reserve team is chosen. These teams play other teams in the Upper Peninsula. Varsity letters are awarded to the boys who are members of the varsity team and reserve letters to reserve players. One-fourth credit is earned each year. All boys going out for football are exempt from gym.

BASKETBALL is featured during the winter season. From all the Sophomore, Junior, and Senior boys who enter this sport a varsity team is chosen. From the remaining Sophomores and Freshmen a reserve team is organized. One-fourth credit is earned a year, and varsity and reserve letters are awarded as in football.

TRACK highlights the spring season with many fields to enter. Among these are broad jump, high jumps, hurdles, 200 and 400 yard dash, pole vaulting, the mile, javelin throwing, shot-put, and others. Letters are earned on a point system and one-fourth credit is received each year by those participating.

BASEBALL last but not least, is a compar-

live newcomer to the list of sports. All boys interested may join, and games are played in the spring with other teams in the Upper Peninsula. This sport was well-received in previous year.

This list has been presented especially for the new students to help each one find and enter the field of extra-curricular activity in which he is especially interested.

BASEBALL last but not least, is a compar-

tatorian, will continue her education program at Bethel College. Joan McManama, who was last year's Crier editor, plans to use her scholarship to Michigan State majoring in the field of Journalism. Mary Gaudreau, who was an honor student, will attend Nazareth College in Kalamazoo, Michigan, where she will take a teaching course. We will find James Pizarro, who was a member of the All-Navy sailing his nautical brain

Quitting time?

Time for liberty to take a day off?
Time for us Americans to turn our backs and ignore the fact that freedom throughout the world is being threatened?
Time for us to forget how generation after generation of Americans have labored and fought to make freedom a living, working, wonderful thing?
Quitting time?
You can bet your life it isn't!
It's time for us to really start working . . . to start fighting for the way of life we love.
There are millions—only a few air-hours away in other countries—who can't enjoy Labor Day or any other day. They traded personal freedom for economic security—and then didn't get security.
Let's not follow their example. Let's protect our precious human rights here in America. Let's help restore the rights of those who have been victimized throughout the world.
It's not easy to do. Yet not too difficult, either. We simply do our jobs as good citizens. Study political issues. Read newspapers that represent opposing groups. Find out what candidates stand for and why. Our votes can help lock the door against any attempts to steal our freedom.
Let's take more interest in civic groups, too. Attend town meetings, union meetings, school meetings, and sound off when we think our freedom is threatened.
Quitting time?
No indeed! It's time to start working as full-time citizens!

Freedom is everybody's job!

WHAT TO DO ABOUT IT
FIND OUT ELECTION ISSUES. Attend local political gatherings. Hear both sides. Ask questions. KNOW the issues.
VOTE INTELLIGENTLY. No election is unimportant. Vote in all of them . . . according to your conscience. It's your government.
SERVE GLADLY ON JURIES. If you haven't served before, you'll be surprised to find how interesting and important it is.
JOIN LOCAL CIVIC GROUPS. Parent-Teacher's Association or School Board, if opportunity permits. Good education is vital.
VOTE IN UNION ELECTIONS AND STOCK-HOLDERS' MEETINGS. Take part in the decisions that affect your life. Don't let someone else do it.

School events reveal that there are 521 miles of water in the city. The females will be a Breezy Time on Sept. 14th, and the people will do well to be in the Opera House for the concert is announced.

Two months ago the wife of a Thompson township resident left her husband's bed and heard and he was so mad about it that he inserted an advertisement in this paper stating that he would not be responsible for any debts she might incur. As he left the country without settling the printers bill for said advertising we have more or less admiration for the woman in the case.

The Blue Lady of the Manistique order at Manistique have invited the members of the "Internally at Manistique and several other cities to attend a meeting and banquet in their city on Sept. 14th. It is hoped the Manistique brethren will respond to the invitation.

Soo Line Official Retires; Had Long Years Of Service. B. N. Lewis, general mechanical superintendent of the Soo Line, retired on September 1 after nearly 50 years of railroad service. Mr. Lewis comes from an old railroad family. His grandfather, I. B. Lewis was a locomotive engineer in the early 1840's on the Michigan Central and Northern Indiana Railroad, now a part of the New York Central System. His father, B. N. Lewis, I, was a fireman and engineer on the same railroad. In the late sixties, the family moved to Austin, Minnesota, where Mr. Lewis, I, entered the service of the Milwaukee Railroad, and participated in the construction of that railroad. As a locomotive engineer, he was one of the first to take flour and other commodities all rail out of Minneapolis. In 1886 he joined in the construction of the original Soo Line, and continued in service until 1911. The present Mr. Lewis became a Soo Line machinist apprentice at 16 cents per hour on July 1, 1901, his place here at the hatchery.

OUR DEMOCRACY — by Mat FOR BODY- AND SPIRIT. MILLIONS OF PEOPLE IN MANY LANDS ARE HUNGRY. HUNGRY PEOPLE ARE HANDICAPPED IN PRODUCING THE THINGS THEY NEED — AND EVEN IN ACHIEVING SELF-GOVERNMENT — FOR WITHOUT FOOD TO SUSTAIN THEM, THE STAMINA, THE VITALITY OF INTEREST THAT THESE TASKS REQUIRE ARE LACKING. BY SHARING OUR SUBSTANCE, WE CAN HELP OTHER PEOPLE TO ACHIEVE THAT CREATIVE AND PRODUCTIVE VITALITY THAT IS ESSENTIAL TO WORLD PEACE AND FREEDOM — THE GOALS FOR WHICH WE ALL ARE STRIVING.

State Officers Of Dav Speakers Here. Two state officers of the Veterans of Foreign Wars, addressed Schueller county disabled vets at a meeting last week at the Veterans of Foreign Wars Club. They were Lionel Sheehan, department commander, and John J. Stakel, field service officer. One of the principal topics for discussion was the personal and family benefits derived from membership in the DAV. Thompson. Mr. and Mrs. James Smith moved to Manistique on Monday. He is a city attendant of the local hatchery but not transferred to Manistique to fill the vacancy there caused by the death of the late Stanley Shust. Cliff Long of Marquette is taking Mr. Smith's place here at the hatchery.

Howard Hartman Clips Off 95-Yard Run To Star In Locals' Win Over Ishpeming

Howard Hartman, up from the 1947 Emerald Reserves to the first string, ran 95 yards for a touchdown before a frenzied crowd of fans here Saturday night for Manistique's lone score in a 7 to 0 win over Ishpeming. Hartman, playing a halfback

position, intercepted a Hematite pass mid-way in the final period and raced virtually the entire length of the field to score. As he neared pay dirt an Ishpeming player bore down upon him, but Hartman did a quick shift to the left and flanked by his blocking teammates slipped off the rest of the distance in the clear. Quick kicked the extra point.

Twice the Ishpeming eleven threatened to score, once in the second quarter and again late in the third. Their running attack bogged down in the first after they had advanced to the 15-yard line, and in their third-quarter drive the visitors were only eight yards from the goal when Hartman snatched a flat zone pass on the five and took off for Emerald territory.

Manistique's team looked good in their initial appearance. The lineup included Lamourie, Carlson, Schneider, Patz, Roemer, McNamara, Smith, Veina, Quick, Minor and Jackson.

This Saturday the Emeralds will engage Stephenson on the latter's gridiron.

Flotsam And Jetsam

(Continued from page 1) as indifferent and smugly complacent as you please. Let the election go to the dickens. Your one vote won't make any difference, anyway. A whole lot of people over in Soviet Russia will highly approve of you if you stay away from the polls. If you listen carefully you can almost hear them saying: "The more that those dumb Americans stay away from the polls, the sooner our people will be able to take over in the United States. Every vote not cast is almost like a vote for us. When we take over they'll vote alright, and they'll vote for our candidates—or else!"

But—if you do decide that maybe you should better yourself a bit and vote—that maybe our American system is worth at least this little effort—then we urge that you study your primary election ballot carefully. You will note that the Democratic ticket is printed on one side and the Republican ticket on the other. BE SURE THAT YOU VOTE ON ONE

DATA OFFERED ON POLIO WARNINGS

No Cases In Schoolcraft County So Far This Season, Health Head Reports.

Although Schoolcraft County has had no cases of infantile paralysis thus far this year, it would be well for parents to see that certain precautions are taken by their children, says Dr. E. J. Bremner, acting health director.

The National Foundation for Infantile Paralysis has issued a pamphlet, "A Message to Parents", which contains valuable factual matter as well as suggestions covering precautions.

The following precautions are recommended by the Infantile Paralysis Foundation:

1. Cleanliness—Wash hands before eating, before handling food and after going to the toilet. Teach children not to exchange bites of candy or to put dirty hands or objects in their mouths. Keep flies and other insects away from food. Don't leave garbage uncovered.
2. Good, personal health habits help prevent disease from spreading.
3. Avoid new contacts—Try not to mingle with crowds. Local health authorities decide whether schools or other gathering places may remain open. If you can help it, don't take children to theaters, on trains, buses, boats, or to beaches where they mix with strangers.
4. Don't get overtired—Extreme fatigue makes easier victims. Too strenuous play, late hours, irregular schedules are possible invitations to attack of polio.
5. Avoid chilling—Don't stay long in very cold water.
6. Don't swim in polluted waters—Check with your health department before you go in the water.
