Constables, George Staley, Nels J. Olson, Hugh Hayden and William Ross.

The Manistique township Republican caucus for the purpose of placing in nomination candidates for the general township officers, was held at the court house Tuesday afternoon.

The caucus was called to order by Edmund Ashford and upon motion Carey W. Dinton was selected chairman and Edmund Ashford, secretary. Carl E. Orr and Miller Rose were appointed tellers and Nels J. Olson and L. C. Worth, collectors. Judge W. L. Laranger swore in the officers.

For the office of supervisor, Norman W. Fox was nominated by acclamation. Robert C. McKesson, candidate for clerk, was also nominated by acclamation.

Theodore Holmstrom and Gustave Anderson were contestants for the nomination for treasurer and the vote resulted as follows:

George Staley, 29 3/4
Theodore Holmstrom, 27 1/2
Nathaniel, 4

Three candidates were before the caucus for commissioner of highways, viz: Carl Knuth, Nels Klagesel and A. J. Ribey. Knuth was the choice on first ballot. The ballot was as follows:

Carl Knuth, 36 3/4
Nels Klagesel, 27 1/2
A. J. Ribey, 4

For justice of the peace Messrs. John Gavarr and Amos L. Hill were in the fight and the former won out. The result of the ballot follows:

John Gavarr, 29 3/4
Amos L. Hill, 6

Elmer D. Carr was nominated by acclamation for school inspector.

Hans Klagesel, 28 3/4
Hen. Russell, 4

For overseers of highway, the following were nominated by acclamation: Dist. 1, Granite Snow; dist. 2, Ed. Watterman; dist. 3, Adoniram J. Smith. There were two candidates for overseer in dist. 4, John Cutler and Thomas Edwards, the latter winning in the contest as follows:

Thomas Edwards, 27 1/2
John Cutler, 20

The following were the nominees for constables: Geo. Staley, Nels J. Olson, Hugh Hayden and William Ross.

Messrs. Charles E. Orr, Edmund Ashford and George H. Orr were elected township committee for the ensuing year.

A MONTHLY CAUCUS.

William L. Middlebrook Nominated for Supervisor in Hiawatha township.

The Hiawatha township Republican caucus held at the Hotel Hiawatha, Tuesday night, was the largest attended of any ever held in the township. Much interest was taken in the nomination of a candidate for supervisor the total vote being 263.

Emmet A. Rose, member of Township committee, called the meeting to order and upon vote Dr. A. E. Burdick was made chairman of the meeting and Ed. McCall, secretary. Robert Dodge and W. W. Owen were appointed by the chairman as tellers. Justice F. G. Dodge administered the oath.

The call for placing names of candidates before the caucus brought out that of William L. Middlebrook and William C. Brown. The former being announced by Francis G. Dodge and the latter by George Chandler. Mr. Chandler shouted the praises of his candidate in a short speech.

The balloting was then commenced, each man having to give his name which was listed by the secretary. Result of ballot as follows:

William L. Middlebrook, 112 3/4
William C. Brown, 150

For clerk there were three candidates and Mr. Rockwell, the present clerk, was out easily over his two opponents. The vote follows:

A. C. Rockwell, 91 1/2
Alfred Johnson, 67
William Townsesh Sherman (Unmet), 4

For Treasurer Frank Lindsay defeated William Granholm easily by the following vote:

Frank G. Lindsay, 111 1/2
William Granholm, 41

For justice of the peace Francis G. Dodge was the unanimous choice.

A spirited fight took place for the office of highway commissioner, John Blomquist defeating Victor Marin one of Hiawatha's popular men. The following is the vote:

John Blomquist, 78 1/2
Victor Marin, 68

For school commissioner Samuel M.

THE HAPPENINGS IN MICHIGAN BRIEFLY RELATED.

Heavy Rain and Miting Snow Cause Floods in Some Sections - Hay County Hay Crops to be Destroyed - Hay County Hay Crops to be Destroyed - Michigan G. A. R. Honor Alger.

Floods in Michigan. The rapid melting of the snow and heavy rain throughout the state caused streams to overflow their banks in various sections and considerable damage was done to country bridges, roads and fences. At Grand Rapids the Grand river reached high water mark; river front factories had to shut down and electric light works were flooded and the city left in darkness, and many families were compelled to move from their homes. Some of the lowest business men had to move goods from their basements.

The Saginaw river washed out the Inter-Urban electric road at several points between Saginaw and Bay City. At Zittance the houses were surrounded by water, sidewalks floated away, the people used boats to reach high ground. Michigan cities were driven to the second stories of their homes. Cellars were flooded at Saginaw. Black river got on a rampage and caused considerable damage at Fort Horn.

The St. Joseph river rose so high that the wheels of the Niles Milling Co. at Niles were damaged. In logging districts large numbers of logs were swept away and in many localities farms were badly damaged.

Confessed to the Murder of His Father. Chas. Beck, in jail at Bay City on suspicion of having killed his father, Henry Beck, on his farm in Pleasant township, has confessed the crime and thereby saved his mother and brother from being held on suspicion, the prisoner saying he had killed his father in the barn when he heard his mother crying for help. I could not see her and ran from the barn just the contrary, where I saw my mother lying face downward. My father was struck here. He held her by the neck with one hand and in the other he had an ax. Without waiting I stepped and picked up a club and struck him a blow on the back of the head. He fell forward, striking his head on a single nail. Then I turned to go back to the barn. Mother called me and I returned father into the house, and I resumed my work on the farm.

The mother was much relieved when she learned Charles had concluded to confess.

Suborners and Druggists Seized. War has broken out between the suborners and druggists at Battle Creek, and five prominent druggists have been arrested on information furnished by detectives employed by the suborners, charged with violating the liquor law by selling after hours and on Sundays. The suborners say that their business has been ruined by the druggists, which is not a fair deal, as they pay \$200 license, while the druggists pay nothing, and are threatened to come out petition through the county and work up a sentiment for local option and to vote for the entire prohibition of the liquor trade, as to get even.

Confessed a Murder: Is Now Getting Well. E. C. Veely, of Bloomington, was very ill and his doctor told him he could live but a few days at most. Then Mr. Veely said: "I have a confession to make." The confession was as follows: "Thirty years ago myself and another man whose name I will not reveal, killed a man at Scott's mill, south of Bloomington, for his money. We buried the money and have never used a cent of it. After that we took the body of the man and put it in the furnace of the mill and burned it away. Soon after this Veely began to recover and may now get well."

Post-Commissioner Judge for Gen. Alger. Commander Bliss and Assistant Adjutant Gen. Pond of the Michigan department, G. A. R. at Niagara, N. Y. Mrs. Bliss will recover, but the other two will probably die. Lathwell ran away from the Soo with the Tinsley woman, who deserted her husband and child. Mrs. Lathwell loved the couple and the three then lived together at Niagara Falls, until a quarrel resulted in the tragedy.

Knights of the Macabees will build a temple at Battle Creek. William Neigh, a farmer, aged 23, cut his throat at Lunker Hill. He had been sick. Several roughs assaulted "Bishop" McManis and party at Battle Creek. The bishop is an anti-Quaker and was used roughly.

Hartford, the home of Senator Merriam, has sent in a gigantic petition favoring Gov. Pingree's reform ideas, 15 feet long.

The co-ed of Olvest school and the Michigan Normal school played a game of basket ball, clad in bloomers, at Ypsilanti, the Normal girls winning by a score of 7 to 0.

MICHIGAN NEWS ITEMS.

A shaft is to be put down at Glavin in search of coal. Railroads are causing heavy damage to fruit orchards in Mason county.

W. H. McNally, a G. A. R. veteran of Williamston, has organized a company of 114 men who are ready to go to sea at this time.

Navy department agents visited Bay City to secure options on several of the large tugs there, to be used in towing log barges in case of war.

Reed H. Jones, aged 27, of Battle Creek, fell from a Detroit, Toledo & Milwaukee train at Augusta and both of his legs were crushed. He died in the hospital at Battle Creek.

A 3-year-old son of Harry Wright, of Hanover, fell into a cistern and was drowned. The cistern is located beneath a porch, entrance to it being gained through a door under the floor.

James E. McElrre was convicted in the superior court at Grand Rapids, of embezzlement in cashing a draft for a client and keeping the money. He is secretary of the middle-west road. Populist state central committee.

Twenty men quit work at the Williamson mine, near Marquette, as they did not receive their pay for several months. This is the new copper mine which is owned by Wallace Kirk, of Chicago. The outlook was very promising.

Rep. Montgomery, a clerk in the drug store of Dr. Binning of Allen, was found guilty of selling intoxicating liquor for other than medical purposes. He was sentenced to a fine of \$250 or 90 days in the county jail.

Peter Dolot, a Frenchman who was found beside the Chicago & Grand Trunk railroad near Flint with his limbs terribly mangled and in an unconscious condition, has died from his injuries. He was 20 years of age and 48 hours was at Grand Rapids.

Some of the students at Albion were kicked around some of the new rules of the school adopted by the new president of the school, Fred A. Baker. A mass meeting of 200 students was held, however, and President Baker's rule was unanimously indorsed.

Railroad Commissioner Swesell has asked every railroad company in the state for the number of persons carried on passes during the past year and the number of miles they were carried, his purpose being to determine whether passenger fare might be reduced if there were no deadheads.

There is a prospect that the big car works plant in Muskegon, owned by Hoyt & McFarland, may soon be bought and put into operation, after an idleness of a number of years. The plan for the formation of the company has been made at Albion. The capital of the new company is given as \$120,000.

The state military board has received a request from the war department that each company of Michigan troops be provided with a supply of light machine guns, in charge of a corporal, and that complete lists of these divisions be reported at once to the secretary of war. This is being gotten up in the troops in the shortest possible order.

The supreme court has decided that the law of 1903 which empowered each prison board to conduct its own institution, prevents the later provisions of the joint prison board and Gov. Pingree with the contract made by the joint prison board to furnish the services of 100 convicts for 10 years to Alfred Walker & Co., shirt manufacturers.

An examination of the various railroad laws of the several states has been made with a view to determining how railroads are taxed. It shows that 22 states and territories levy taxes on such valuation exclusively, three including Michigan on gross receipts exclusively, while seven treat railroad property just the same as other property. The remaining 12 have a combination of these and other methods.

Various lake ports will send delegations to Lansing to endeavor to secure action by the special session of legislature to amend the fish laws, which are more stringent in Michigan than in other states bordering Lake Michigan and drive Michigan fishermen to other states. Michigan will lose \$200,000 in taxable property, if the amendment is not made. All fishermen use four-inch meshes, but the law calls for 15 inch.

Mrs. Elizabeth Babcock, residing near Mendon, died yesterday. In December she celebrated her 100th birthday by entertaining at dinner 62 of her friends. She was a prisoner of the war of 1849 and had a vivid recollection of that affair. Mrs. Babcock was a very small woman, but all her children are giants. Her eldest son weighs 300 pounds, her second son is 6 feet 8 inches in height and weighs 250 pounds.

Some new Michigan postmasters, to wit, A. Sunderland, at Cass, W. H. Starke, Mendon, W. P. McCoy, Leelle, G. W. Dennis, Milford, J. C. Crawford, Mason, C. W. Howell, Manistota, L. C. Orr, White Pigeon, Fred C. Holman, Wacoada, Louis N. Lantier, Haraga, Maggie M. Louisa.

Herbert W. Savage, George W. Savage and ex-City Recorder L. E. Bratt, of Saginaw, have arrived home from the Klondike. The three Saginaw men with eight others brought down in the steamer Humboldt from Skagway, drafts aggregating \$100,000, and \$100,000 more in cash and goods. Three of the Saginaw party remained on the six claims, and Mr. Savage says that they have been offered enough by syndicates of New Yorkers for their property to make them individually rich. They declined to sell, however, and the three who returned home will go back, and the party will have a number of men.

DOINGS OF CONGRESS.

A resolution offered by Senator Chandler, of New Hampshire, authorizing the committee on naval affairs to send for persons and documents connected with the investigation of the Maine disaster, was adopted by the Senate.

The bill for a railroad bridge over Detroit river has been reported to the House by Rep. Corliss. It provides that the bridge approach shall be in the city limits of Detroit; that the plans shall be approved by the chief of the war department; that it shall be for joint use of all railroads on equal terms; it shall have not more than three spans between the main and abutment lines on both sides of the river, the main channel span to be 1,000 feet clear, light and width to be determined by the secretary of war; that there shall be two piers inside bulk head lines. It also provides that if the bridge is not begun in three years and completed in six, the act shall be inoperative.

The Senate passed a bill authorizing the construction of eight new revenue cutters not exceeding in aggregate cost the sum of \$2,000,000, and affording Rep. Henderson, of Iowa, has introduced a bill to prevent the use of the U. S. flag as a business advertisement in the use of any government publication as advertising matter.

Senator Lodge gave notice of an amendment to the naval bill appropriating \$2,000,000 for making surveys for a cable line from the Hawaiian Islands to Japan and also to Australia.

Three new battleships of the latest type are authorized by the House committee on naval affairs. A majority of the committee favors making the number six instead of three and will endeavor to amend the bill.

The President has authorized the naval committee to report a bill for the reorganization of the personnel of the navy, the intention being to increase the number of naval officers to 1,000, and the cause of strife between line and staff officers; making engineer officers line officers, and training young line officers in engineering, and so forth, shortening to four years the term for naval academy cadets at the school when they afterwards take two years cruise training.

Republican leaders in the House are pressing for an early adjournment, and it is said that their present course will probably be approved by the House. All save three of the appropriation bills have gone to the Senate. The post office bill has been taken up in the House, and the committee on naval and military affairs are working daily to get the two bills, the general deficiency and naval, ready to report.

The President's message would seem to indicate that the House would have a majority among the Republicans here, and among them are the most expert members of the House. Light Battery B, Fifth U. S. Artillery, stationed at Fort Kiley, has been ordered to the west to the Atlantic seaboard and Gulf of Mexico.

ARE READY TO FIGHT.

THE WAR DOGS MAY BE LET LOOSE AT ANY TIME.

Uncle Sam is Ready, but Continues to Make Extensive Preparations on Sea and Land - Two New Warships Have Been Purchased from Brazil.

"Crisis-entrance" he apparently has engaged in the next act in the tragedy now being enacted by the United States, Spain and Cuba. Uncle Sam continues to make extensive preparations for the struggle, and it is impossible to secure any official information at Washington as to what steps are to be taken in dealing with Spain, yet enough is constantly leaking out or is made apparent by official orders and actions to give a fair idea of the state of affairs.

The action of Secretary of War Alger in making such extensive changes in the division of the army is significant. Orders have been issued creating the 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th, 101st, 102nd, 103rd, 104th, 105th, 106th, 107th, 108th, 109th, 110th, 111th, 112th, 113th, 114th, 115th, 116th, 117th, 118th, 119th, 120th, 121st, 122nd, 123rd, 124th, 125th, 126th, 127th, 128th, 129th, 130th, 131st, 132nd, 133rd, 134th, 135th, 136th, 137th, 138th, 139th, 140th, 141st, 142nd, 143rd, 144th, 145th, 146th, 147th, 148th, 149th, 150th, 151st, 152nd, 153rd, 154th, 155th, 156th, 157th, 158th, 159th, 160th, 161st, 162nd, 163rd, 164th, 165th, 166th, 167th, 168th, 169th, 170th, 171st, 172nd, 173rd, 174th, 175th, 176th, 177th, 178th, 179th, 180th, 181st, 182nd, 183rd, 184th, 185th, 186th, 187th, 188th, 189th, 190th, 191st, 192nd, 193rd, 194th, 195th, 196th, 197th, 198th, 199th, 200th, 201st, 202nd, 203rd, 204th, 205th, 206th, 207th, 208th, 209th, 210th, 211st, 212th, 213th, 214th, 215th, 216th, 217th, 218th, 219th, 220th, 221st, 222nd, 223rd, 224th, 225th, 226th, 227th, 228th, 229th, 230th, 231st, 232nd, 233rd, 234th, 235th, 236th, 237th, 238th, 239th, 240th, 241st, 242nd, 243rd, 244th, 245th, 246th, 247th, 248th, 249th, 250th, 251st, 252nd, 253rd, 254th, 255th, 256th, 257th, 258th, 259th, 260th, 261st, 262nd, 263rd, 264th, 265th, 266th, 267th, 268th, 269th, 270th, 271st, 272nd, 273rd, 274th, 275th, 276th, 277th, 278th, 279th, 280th, 281st, 282nd, 283rd, 284th, 285th, 286th, 287th, 288th, 289th, 290th, 291st, 292nd, 293rd, 294th, 295th, 296th, 297th, 298th, 299th, 300th, 301st, 302nd, 303rd, 304th, 305th, 306th, 307th, 308th, 309th, 310th, 311th, 312th, 313th, 314th, 315th, 316th, 317th, 318th, 319th, 320th, 321st, 322nd, 323rd, 324th, 325th, 326th, 327th, 328th, 329th, 330th, 331st, 332nd, 333rd, 334th, 335th, 336th, 337th, 338th, 339th, 340th, 341st, 342nd, 343rd, 344th, 345th, 346th, 347th, 348th, 349th, 350th, 351st, 352nd, 353rd, 354th, 355th, 356th, 357th, 358th, 359th, 360th, 361st, 362nd, 363rd, 364th, 365th, 366th, 367th, 368th, 369th, 370th, 371st, 372nd, 373rd, 374th, 375th, 376th, 377th, 378th, 379th, 380th, 381st, 382nd, 383rd, 384th, 385th, 386th, 387th, 388th, 389th, 390th, 391st, 392nd, 393rd, 394th, 395th, 396th, 397th, 398th, 399th, 400th, 401st, 402nd, 403rd, 404th, 405th, 406th, 407th, 408th, 409th, 410th, 411th, 412th, 413th, 414th, 415th, 416th, 417th, 418th, 419th, 420th, 421st, 422nd, 423rd, 424th, 425th, 426th, 427th, 428th, 429th, 430th, 431st, 432nd, 433rd, 434th, 435th, 436th, 437th, 438th, 439th, 440th, 441st, 442nd, 443rd, 444th, 445th, 446th, 447th, 448th, 449th, 450th, 451st, 452nd, 453rd, 454th, 455th, 456th, 457th, 458th, 459th, 460th, 461st, 462nd, 463rd, 464th, 465th, 466th, 467th, 468th, 469th, 470th, 471st, 472nd, 473rd, 474th, 475th, 476th, 477th, 478th, 479th, 480th, 481st, 482nd, 483rd, 484th, 485th, 486th, 487th, 488th, 489th, 490th, 491st, 492nd, 493rd, 494th, 495th, 496th, 497th, 498th, 499th, 500th, 501st, 502nd, 503rd, 504th, 505th, 506th, 507th, 508th, 509th, 510th, 511th, 512th, 513th, 514th, 515th, 516th, 517th, 518th, 519th, 520th, 521st, 522nd, 523rd, 524th, 525th, 526th, 527th, 528th, 529th, 530th, 531st, 532nd, 533rd, 534th, 535th, 536th, 537th, 538th, 539th, 540th, 541st, 542nd, 543rd, 544th, 545th, 546th, 547th, 548th, 549th, 550th, 551st, 552nd, 553rd, 554th, 555th, 556th, 557th, 558th, 559th, 560th, 561st, 562nd, 563rd, 564th, 565th, 566th, 567th, 568th, 569th, 570th, 571st, 572nd, 573rd, 574th, 575th, 576th, 577th, 578th, 579th, 580th, 581st, 582nd, 583rd, 584th, 585th, 586th, 587th, 588th, 589th, 590th, 591st, 592nd, 593rd, 594th, 595th, 596th, 597th, 598th, 599th, 600th, 601st, 602nd, 603rd, 604th, 605th, 606th, 607th, 608th, 609th, 610th, 611th, 612th, 613th, 614th, 615th, 616th, 617th, 618th, 619th, 620th, 621st, 622nd, 623rd, 624th, 625th, 626th, 627th, 628th, 629th, 630th, 631st, 632nd, 633rd, 634th, 635th, 636th, 637th, 638th, 639th, 640th, 641st, 642nd, 643rd, 644th, 645th, 646th, 647th, 648th, 649th, 650th, 651st, 652nd, 653rd, 654th, 655th, 656th, 657th, 658th, 659th, 660th, 661st, 662nd, 663rd, 664th, 665th, 666th, 667th, 668th, 669th, 670th, 671st, 672nd, 673rd, 674th, 675th, 676th, 677th, 678th, 679th, 680th, 681st, 682nd, 683rd, 684th, 685th, 686th, 687th, 688th, 689th, 690th, 691st, 692nd, 693rd, 694th, 695th, 696th, 697th, 698th, 699th, 700th, 701st, 702nd, 703rd, 704th, 705th, 706th, 707th, 708th, 709th, 710th, 711th, 712th, 713th, 714th, 715th, 716th, 717th, 718th, 719th, 720th, 721st, 722nd, 723rd, 724th, 725th, 726th, 727th, 728th, 729

MANISTIQUE

Stagnant is said to be a healthy place—provided one has no entanglements with the vigilance committee.

Promoter Grable is one of those financiers who make two dollars grow where no dollar ever grew before.

A North Dakota evangelist says he can see the dove of universal peace hovering in the air. That settles it; there will be no war.

"I look out for my own intuition," says a lady, "and then do exactly the opposite." Which shows faith in the system through constant insult of the author of it.

If a Spanish war should result not only in the freedom of Cuba, but in the freedom of the Philippines as well, Uncle Sam could congratulate himself on having done a great stroke of business.

The "Jingo" congressmen, who try to make the most of every provocation to war, remind one of the little girl who, when lightning struck the house, and nearly destroyed it, clapped her hands and cried, "Do it again!" But she knew no better.

The duty of ministers is to say "Come," "Don't come," is the message of a missionary at Dawson City, and it is given to warn away the multitude dreaming that there is wealth for them in the Yukon district.

The experience of the fifth century is to be repeated on a more extended scale. The outer barbarians were falling upon the Chinese empire as they did upon its Roman predecessor. An unwarlike civilization is succumbing to assailants whom it despises, but whom it cannot resist. And as at least four Roman empires could not stand against China, the collapse that we are witnessing is one whose like the world has never seen before.

The opposition to the press brought out by the press-gate bill at Albany is astonishing. But for the press every business would ever have been heard of, and their impudence at the right of us as well as unfair criticism shows a weakness that belongs to few bodies of men of that size. The influence of the press in politics is perhaps not so great as has been claimed, but there ought to be some results from this injustice.

St Robert Peel of England, who refuses to fight an American who calls him a liar and a swindler, because the American is not his equal socially, is not such a stickler for the proprieties as he assumes to be. One surmises that, anyhow, because he refused to return borrowed money, steals pictures that belong to the estate of his predecessors, and has written a bad book wherein he is chiefly successful in confessing himself a scoundrel, and a peddler of other people's confidences.

A young woman went into a large dry-goods store not long ago and began openly to pocket articles from the counter. On being arrested, she said quietly that having no home but the streets, she preferred to spend the night in prison. The incident emphasizes President Eliot's recent caution to would-be philanthropists. Hospitals and asylums and reformatories are but necessary palliatives of developed evil; whereas churches, schools, museums, gardens, gymnasia are instruments of moral construction, and to train a child to avoid evil and pauperism is better than to help the adult out of those conditions.

Whoever thinks art an easy mistress let him study biography. One of the foremost of American artists recently told an audience of young men that for something like seven years he was dependent on the verge of starvation. Night after night, after the play he would invest one of his few pennies in hot baked potatoes, put them in his pockets, and after warming them under a lamp would swallow them. "Sargent and I," said a famous painter and sculptor to an art student, as he corrected her drawing, "spent some months in Spain when we were young. I could talk better Spanish than I, so he went out and bought the beans, and I cooked them. Beans were all we had to eat." Yet Manilla and Sardinia, and other brave and successful men, have perished against terrible odds, until success was reached.

In our southern brethren we have as true patriots, as cool and determined and as true champions of the republic as there are to be found anywhere within the borders of the land. We know that if trouble comes to us that will be among the first to spring to arms, and that, in the cause of the union, they will display the same impetuous valor and brilliant dash that, thirty-five years ago, immortalized the paladins who followed Lee and Jackson, Johnston and Longstreet, with equal zeal to victory or defeat.

LACK OF DESTROYERS.

NAVY IN NEED OF TORPEDO BOAT WRECKERS.

Spain Well Supplied—Purchase of Tupy from Brazil is of Assured Importance—The vessel was built by Italy to the Design of Deane.

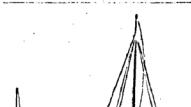

The purchase of the torpedo boat destroyer Tupy from the Brazilian government is now practically assured. The Tupy, with two sister craft, is being built at the Armstrong works at Elswick, England, where the Amazonas and her counterparts were constructed, and not at Kiel, Germany, as previously stated. Much gratification is felt by the naval administration over the prospect of securing the Tupy and others of her class, for torpedo boat destroyers are needed badly. A number of torpedo boats have been added to the effective force of the navy, but not one destroyer has been built or contracted for.

Spain Has Torpedo Destroyers.

Spain is fairly well supplied with these terrible water-witches, which are dangerous alike to the big battleship and the little torpedo boat. They have attained a speed of more than thirty knots. The Spanish flotilla now admitted of the diplomatic question relating to its assignment to waters adjacent to the United States, including some of these destroyers. They are more feared by naval officers than battleships and armored cruisers, and every vessel is being shown to get some of them ready-made ahead to offset the Spanish contingent.

Need of Armored Cruisers.

It was pointed out the other day that the naval administration wanted more battleships, armored cruisers, torpedo boat destroyers and torpedo boats. This was the conclusion reached by the war board, of which Assistant Secretary Roosevelt is chairman. As no more armor-clad vessels at the Carlo Alberto, owned by Italy, appear to be

definitely in the market, the war board is doing all that can be done to secure torpedo-boat destroyers. Its members believe that this class of vessel will augment the vessels now under Admiral Seward to such an extent that no force Spain can gather would be effective against the American fleet. The denial is made here of the statement that Spain has bought the Italian armor-clad Varese.

Fleet at Hampton Roads.

The announcement that the Massachusetts and the Texas had been withdrawn from the squadron at Key West and sent to Hampton Roads was the subject of an inquiry at the cabinet meeting and the most positive assurances were given by Secretary Long that the orders to these ships were not due to any suggestion from Spain. There was no intention of being obliged to detach the North Atlantic squadron from Florida waters to satisfy Spain's qualms in the pending emergency. The establishment of a separate division of the North Atlantic squadron, Secretary Long said, was a strategic move, and the Massachusetts and the Texas have been detached to form part of the force to be assembled at Hampton Roads. Captain Philip of the Massachusetts will command the second division for the

emergency require the acquisition of commerce destroyers. Two schooners and six auxiliary yachts, offered by the owners, were inspected today. Among them were the Conqueror, owned by F. W. Vanderbilt; the Atlanta, by George Gould; and the Corsair, by Pierpont Morgan.

Contract for 2,000 Horses.

The War Department is being secured by the United States agents for horses suitable for the cavalry. A contract has been made with one large horse company near Mexico to furnish 2,000 horses as soon as they can be brought in from the range. Negotiations are also being made by the government agent there for several hundred more horses from the same source. The army officers think these horses are to be shipped south, and from the hurried orders, and the fact that the animals are not up to the army standard, that it means war.

M. M. Ormsby of Maple Park, Kansas, H. L. claims to have perfected an invention by which everything without the loss of a single bolt or nut of only \$50,000. The navy department has written him for details.

WEST IN CONTROL.

Congress Can Be Depended Upon.

One of the curious developments in congress is the way in which the control of affairs relating to war seems to be gradually drifting into the hands of western men who represent a sentiment distinctly different from that in New England. Of late days money bills in congress have made the making of a vast amount of important legislation, and besides that the voting of supplies is an essential to the conduct of war. It is worthy of notice therefore that the two great appropriations committees are headed by Senator Allison of Iowa and Representative Cannon of Illinois. The direct work of equipping the army falls upon the military committee of the house, at the head of which is General Hill of Iowa, while the militia committee in the same body, which in case of war would be almost equally important, is managed by Colonel Mark of Illinois.

Eastern Influence Not Upon.

The naval committee of the house and senate were exceptions to the general rule, both in the case of the military committee of the house, and the chairman, Admiral Seward, and the members from the state of Maine, Chairman Boutelle on the house side, and the result was that the committee was away from him, and insisted in the appropriations bill a proposition to build three new battleships and twelve torpedo boats. On the senate side, the naval committee has been practically paralyzed owing to the absence of Mr. Hale, whose policy has been ident-

ical with that of Boutelle, and the result is that the eastern element of California has a practical ship owner and sailor, has been placed in charge.

Hayes Is Patriotic.

The only eastern man at the present time actively engaged in a campaign which is directly to do with war matters is Senator Hawley of Connecticut, who, fortunately for the country, is progressive and patriotic. It is easy to see the protection afforded the machinery by protective decks on some cruisers, and would render the vessels fairly safe from six pounders and lighter guns.

Engineers' Lives to Honor.

Orders have been issued to many of the army engineers in charge of coast fortifications to hurry the work now in progress. Preparations are already under way for placing in position the new coast defense guns purchased in England. It is expected that they will be delivered at New York within ten days. The guns are thirty-two in number, and are of the latest rapid fire pattern. The new pieces are fully mounted, and are provided with about 300 rounds of ammunition. They are of comparatively short range, and will be used in harbors and channels, on the northern coast principally. Contracts were made by the war department Saturday for the delivery of a large quantity of armor plating and deck piercing steel projectiles of large caliber.

Ships for Auxiliary Fleet.

By order of the secretary of the navy Lieutenant Commander Wood, commanding the school ship St. Mary's, and Passed Assistant Engineer Danforth, assigned to duty at the Brooklyn yard, sat the other day as members of the board of auxiliary vessels. These additions were made to the board because it had been reported to Secretary Long that the board was not large enough to do the work expected of them speedily enough. The steamships Orizaba, Seneca, Saratoga and Yumurti, of the Ward line, were carefully inspected. Unfavorable impressions were made by the fact that these vessels would be recommended for lease as auxiliary cruisers, should an

Why the Iowa Was Held Back.

General Lee recommended the sending of the Iowa to Havana to bring back the United States flag. It will be remembered that a rumor was printed that the administration had decided to send the Iowa to Havana to impress the Spaniards with the power of our navy. This rumor was the subject of a suggestion. He held the government that the Spaniards could not be made to believe that we had a formidable navy unless they had seen our vessels in the harbor. The Spaniards, he reported, believed the Maine was the finest ship in the American navy and that her destruction made it impossible for them to believe that we had a fighting fleet. To correct this impression General Lee suggested that the Iowa should go to Havana harbor, take the court of inquiry on board, and return to Key West, an operation which would give the Spaniards some material for sober reflection. When the fact of this recommendation came to the knowledge of a very high naval officer, who is familiar with every word of evidence brought out by the court of inquiry, he made a vigorous protest, and objected most strenuously to the government's taking any risk in sending the finest battleship of the navy into Havana harbor. He gave reasons for making this protest, and pointed out the dangers that might be incurred. The details would not be given. It is only necessary to add that the arguments advanced by this distinguished naval officer were so urgent that the Iowa was not sent to Havana.

Ill-timed at the Banquet.

The brilliantly lighted banquet-room was a scene of wild tumult in an instant. The joyous cheers of the emigrants, who were present in great numbers, far beyond the guard lines, which held the approaches to the palace against uninvited guests for a knock on each door, were heard in every room. The memory of Maximilian! Neither Austria nor Spain can forget his fate, and will stand together against those

PROCTOR TO THE SENATE.

Harrowing Story of the Suffering in Cuba.

Condition of the Starving Reconquerors. He Says, in Beyond the Power of Language to Portray—Annexation to United States Not Favored.

Washington, March 19.—Senator Proctor Thursday afternoon made the strongest argument in favor of intervention in behalf of Cuba that has ever been made in the senate. Mr. Proctor had no opinion as to what action should be taken by the government. He said the settlement "may well be left to an American president and the American people." But while he did not make any recommendation in so many words, he left the impression with all who heard him that he favored a declaration by this government of the independence of Cuba. He told his associates that he believed the Cubans capable of governing themselves, and re-enforced this statement by the assertion that the Cuban population would never be satisfied with any government under Spanish rule.

Book General Lee's Address.

The return of the cruiser Montgomery to Key West has caused much speculation, which the authorities have declined to end by giving reasons. The recovery is interesting, and shows how grave the situation is. The accuracy of this statement cannot be questioned. The Montgomery was ordered to return from Havana harbor at the request of General Lee. He pointed out to the authorities that the retention of the cruiser in Havana harbor was the source of great embarrassment, and that it was rather a protection in case of an outbreak. She could not land sufficient force to be much of any protection to American interests, which was not the purpose of her mission. From all the reports and the Spanish warships, in case of a sudden declaration of hostilities, in view of these circumstances General Lee recommended the withdrawal of the Montgomery and the substitution of the Fern, or some other vessel of the same character. The Fern can perform equally good service as the Montgomery. In the event that General Lee or other Americans have to leave Havana in a hurry, and the Fern stands in less danger of being fired on than would a vessel of war.

General Lee recommended the sending of the Iowa to Havana to bring back the United States flag. It will be remembered that a rumor was printed that the administration had decided to send the Iowa to Havana to impress the Spaniards with the power of our navy. This rumor was the subject of a suggestion. He held the government that the Spaniards could not be made to believe that we had a formidable navy unless they had seen our vessels in the harbor. The Spaniards, he reported, believed the Maine was the finest ship in the American navy and that her destruction made it impossible for them to believe that we had a fighting fleet. To correct this impression General Lee suggested that the Iowa should go to Havana harbor, take the court of inquiry on board, and return to Key West, an operation which would give the Spaniards some material for sober reflection. When the fact of this recommendation came to the knowledge of a very high naval officer, who is familiar with every word of evidence brought out by the court of inquiry, he made a vigorous protest, and objected most strenuously to the government's taking any risk in sending the finest battleship of the navy into Havana harbor. He gave reasons for making this protest, and pointed out the dangers that might be incurred. The details would not be given. It is only necessary to add that the arguments advanced by this distinguished naval officer were so urgent that the Iowa was not sent to Havana.

WEST IN CONTROL.

Congress Can Be Depended Upon.

One of the curious developments in congress is the way in which the control of affairs relating to war seems to be gradually drifting into the hands of western men who represent a sentiment distinctly different from that in New England. Of late days money bills in congress have made the making of a vast amount of important legislation, and besides that the voting of supplies is an essential to the conduct of war. It is worthy of notice therefore that the two great appropriations committees are headed by Senator Allison of Iowa and Representative Cannon of Illinois. The direct work of equipping the army falls upon the military committee of the house, at the head of which is General Hill of Iowa, while the militia committee in the same body, which in case of war would be almost equally important, is managed by Colonel Mark of Illinois.

Test for People Who Think They Know the Dictionary.

From the New York Times: The following "episode" has no literary value to commend it, but it will prove a test of the ability of people to pronounce readily and correctly some common words of their native tongue. The list, which contains no words of disputed pronunciation, is as follows: An interesting inquiry took place the other day at a dinner party. The incident had taken place during the previous evening. It seems that a young girl, rather juvenile in appearance, having an extraordinary head of hair like an Indian, represented the incident on a pedestal erected on one of the floats. The procession was climbing its course down the main hall when the girl, who was evidently not accustomed to the excited conduct of one of the floats, who had fixed her eyes upon the girl, set with jewels in the form of a crown, which fell from her head to the ground. Washington, March 19.—Senator Proctor Thursday afternoon made the strongest argument in favor of intervention in behalf of Cuba that has ever been made in the senate. Mr. Proctor had no opinion as to what action should be taken by the government. He said the settlement "may well be left to an American president and the American people." But while he did not make any recommendation in so many words, he left the impression with all who heard him that he favored a declaration by this government of the independence of Cuba. He told his associates that he believed the Cubans capable of governing themselves, and re-enforced this statement by the assertion that the Cuban population would never be satisfied with any government under Spanish rule.

The return of the cruiser Montgomery to Key West has caused much speculation, which the authorities have declined to end by giving reasons. The recovery is interesting, and shows how grave the situation is. The accuracy of this statement cannot be questioned. The Montgomery was ordered to return from Havana harbor at the request of General Lee. He pointed out to the authorities that the retention of the cruiser in Havana harbor was the source of great embarrassment, and that it was rather a protection in case of an outbreak. She could not land sufficient force to be much of any protection to American interests, which was not the purpose of her mission. From all the reports and the Spanish warships, in case of a sudden declaration of hostilities, in view of these circumstances General Lee recommended the withdrawal of the Montgomery and the substitution of the Fern, or some other vessel of the same character. The Fern can perform equally good service as the Montgomery. In the event that General Lee or other Americans have to leave Havana in a hurry, and the Fern stands in less danger of being fired on than would a vessel of war.

Clarence Bingham, actor known as "Co" Bingham, died Monday morning at the home of his brother-in-law, Odele W. Walnut street. He was 30 years of age. His death was caused by consumption.

Deceased was born at Fort Calhoun, Ont., and came to Alpena with his parents when a child. Some thirteen years ago he came to the upper peninsula and for about seven years of that time he resided here being employed by the Booth Packing Co. in the department. For five years, until about Christmas last, when he was compelled by sickness to give up work, he resided at Marquette.

In 1890, deceased was married to Miss Bell Velle of this city. Deceased's parents now reside at Norway, Oregon.

"Co" was well known by Manitowish citizens and was well thought of by all who knew him. The many friends of the deceased and his loving wife condescend with her in the loss of a kind and true husband.

The funeral occurred Wednesday afternoon, services being held at the first Baptist church, Rev. J. C. Rowsey officiating.

The Republican nominees for the important township offices at the caucus held Wednesday, are as follows: Supervisor: Napoleon Severson. Clerk: James Stewart. Treasurer: Peter J. Anderson, and Highway Commissioner: Frank Melton.

The ticket nominated is most satisfactory to DuSoy townships and the Republicans will work hard for the election of every candidate.

Mr. Severson, the chair of the Republicans for supervisor, held the office two years ago and handled the affairs economically and honestly. He is a staunch Republican and an honor to the party. Nap will be the next supervisor of DuSoy township and will be elected by a good sized majority.

White-Barnard Nominations.

Michael White of Thompson and Miss Annina Barnard of Garden were nominated at the M. E. church in this city Monday afternoon at 3:30 o'clock. Rev. M. S. Shank performing the ceremony. The bride and groom were attended by Messrs. Kate Jewell and Martha Martin and Misses: Wm. Callahan and T. R. Fyall. Miss Marie Coffey and John Forslund acted as brides.

At the close of the ceremony the party were driven to the Hotel Oswegonia where they had a sumptuous wedding supper had been prepared by Landell Foley. Miss Barnard is one of Garden's most highly respected young ladies, while Mr. White is well known as one of Thompson's sterling citizens and for several years past a trust and valued woods foreman for the Delta Lumber Co.

The couple join with their many friends in wishing them much joy and prosperity.

Reports have been recently received that it kept the village wardens of Seney from keeping the saws off the sawmill this winter and to improve the port fact. Street Commissioner Rose produces his report showing the amount of money expended for the past winter and also for the two years in has held the office of commissioner. Those acquainted with the amount of work done say that the sum of money expended is very reasonable.

During the past winter for clearing sidewalks of snow and other street work the amount of money expended foot up \$200.25.

The following is an abbreviated report of the work done on streets and sidewalks and money expended therefor from May 1896 to March 1, 1898.

Constructing 200 rods sidewalk	\$1,900.00
Grading streets	1,000.00
For manure horse feed	1,000.00
Total amount for material including	3,900.00
Minor expenses	250.00
Total money expended less new work	4,150.00

In the above is included plank for street repairing, electric light poles, and for the painting of 485 trees around the court house yard.

Not so High.

The Pathfinders a team picked up by County Clerk Ashford defeated the Wolverines at indoor ball, Wednesday evening at the opera house. The score at the finish, Pathfinders 10, Wolverines 11.

Merriman and McWilliams were battery for the winners and Brooks and W. Paulsen were at the points for the Wolverines. The Pathfinders battery did much the best playing, striking out many batters. Credits for catching this were as follows: Merriman 3, Savoy 2, Fiedornitz 1, Ross 2, Quinlan 1, Brooks 1, Hagston 1, Savoy 1 and Ashford 1. Smith made a brilliant double play and "Beck" Merriman picked a fly off Quinlan's face. In the 6th inning made the hit of the evening bringing in four runs.

The following is the score by innings:

Pathfinders	1	2	3	4	5	6	7	8	9	10
Wolverines	1	2	3	4	5	6	7	8	9	10
Pathfinders	10	1	2	3	4	5	6	7	8	9
Wolverines	11	1	2	3	4	5	6	7	8	9

Immediately after the conclusion of the game V. E. Chappel challenged the winners and the contest will be held at next Wednesday night. The Pathfinders will win it.
