About the looks!
 The heavy east winds on Sunday, Monday and Tuesday made navigation on the north end of Lake Michigan a puzzle for the sailors. No mishaps on the lake occurred in the vicinity but there were chances taken.

Sunday morning, the Weston and three consorts arrived off this port from Chicago. The William B. Ogden was towed into this harbor and the others into South Manistique, the latter being easier of access on account of the location of the wind. Some little trouble was had in getting the Ogden into harbor but Capt. McWilliam's knowledge of handling craft in a storm brought her in without damage or much delay. The Weston was unable to get into the harbor and sailed for shelter behind Wiggin's reef where she remained until Tuesday afternoon.

Monday morning the E. R. Bell arrived off port and her consorts were brought in without any trouble. The Bell steamed to the straits for shelter, remaining there until Wednesday morning. She had on board a number of tons of coal, built mercantile.

The transients W. and left Wednesday for Milwaukee for a new show.

The tow post of the Paneroxy was pulled out while being brought into port Monday.

The Weston and tow experienced a rough trip up from Chicago and while off Milwaukee, Tuesday, the barges were anchored in the bay. During the night the steam lost her big anchor and about seventy fathoms of chain.

About twenty-five steam and sailing craft sought shelter early in the week under the lee of Garden Island.

Engine Disabled.
 The engine which drives the dynamo at the electric light works was disabled Sunday night by the breaking of the eccentric rod and other parts of the engine. The breakage caused considerable commotion about the plant for a few seconds, the total darkness making the stopping of the engine a hazardous undertaking, but the steam was soon shut off by engineer Dan Gulman, after his receiving several injuries by coming in contact with other machinery in his haste to reach the steam valve.

The accident occurred at about 8 o'clock and the machinery remained idle until the following night, in the meantime the necessary repairs being made at the machine shop at the works.

On the following evening the machinery was put in motion at the usual time but shortly after 8 o'clock the fire under the boilers had to be drawn on account of the heavy winds which forced the flames through the mammoth smokestack and throwing sparks over the buildings along Pearl street.

Since then the plant has furnished light without any further trouble.

Surprise Party.
 Mrs. C. B. Moreson entertained a number of lady friends Tuesday afternoon in honor of her sister-in-law, Mrs. L. H. Simmons who is soon to leave for the east to reside. The party was a surprise to Mrs. S., who was a guest of

friends during the day, returning at 2:30 o'clock, to find the pleasant home filled with intimate acquaintances. Progressive polo was played during the afternoon and the guests were afterwards treated to a dainty luncheon. The following ladies were in attendance: Mrs. James Gray, Dumb, Patterson, Campbell, McKinney, Duvell, Putnam, Childs, Thomas, MacNaughton, Bowen, Ross, Holloway, Clarke, McCombs, Kefauver, Lefloy and Rainie.

State Teachers Institute.
 Next week will occur teachers institute in this city, commencing Monday and continuing until Friday. Hon. H. B. Patterson, one of the leading educators of the west, will conduct the institute and he will be ably assisted by Rev. R. W. Putnam, of Ishpeming, who is a veteran in institute work.

Every teacher in the county is expected to be in attendance, and an invitation is extended to others interested in educational work to be present at the sessions.

Lectures will be given Tuesday and Wednesday evenings at the Baptist church.

Canal for the U. P.
 A report from Lansing states that inquiries are being made by Chicago capitalists relative to the steps necessary for the organization of a company to construct a canal from a point on Bay de Noquet to Lake Superior, across Schoolcraft and Alger counties. This will connect Lake Michigan and Lake Superior. The canal as proposed, will be about 85 miles long, and save about 900 miles travel between upper Superior points and Chicago. Some years ago there was talk of constructing the same canal.

UPPER PENINSULA NEWS

Harry A. Meredith, a well known citizen of Marquette, lost his life by the capsizing of a boat Saturday at Postigo. He was City Treasurer F. H. Brown and S. B. Sanderson were on a hunting trip. Sanderson and Meredith put out in small duck skiffs and were blown into the bay by heavy winds. Sanderson succeeded in reaching shore in an exhausted condition, after several hours of hard work, and a heavy sea and wind. Meredith was never seen after he was left by Sanderson. A thorough search of the bay failed to reveal a trace of the boat or man. Meredith leaves a wife, but no children.

John Sullivan, a fisherman employed by Peor & Corigan, met death by drowning near Peor's dock, Brighton, Saturday night. The body was recovered shortly after.

...in the late afternoon of three miles to his boat. His boat is not to be found and his wife fears that he has been drowned.

A firm of cabinet-makers, Dajart & Uebler, just completing fifty new dwelling houses for the Arcadia Mining Co. New houses are being erected and the Arcadia company is constructing three absolutely fireproof steel-shaft houses, the first of the sort ever built. The frame is of structural steel, covered both inside and outside with corrugated iron, ordinarily used for roofing and siding. The space between the corrugated iron and the siding is packed with mineral wool which is absolutely non-combustible. Even the door of the shaft is of steel and the Arcadia will be regarded in the most secure fashion against the destructive flames of fire which appear frequently in the district.

...A Narrow Escape. "Thankful people written by Mrs. Ada E. Levy of Grand St. 13. 'Who takes with a hot cold which would have been fatal in our country. Four bottles cured me, saying I could live but a short time. I have lived up to my special day and if I would not get it with my cold, I would not get it. My husband and I get Dr. King's New Discovery for Consumption, Coughs, and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am now a well and healthy woman.' THE FISH'S COLOR.
Able to a Marvellous Degree to Adapt itself to its surroundings.
It is a familiar fact that fishes can change their colors at will. Many fishes make remarkable changes. Fro swimming fishes most constantly preserve their normal colors, though those fishes can change. The fishes that change most are the bottom feeders. For their own protection from other fishes that would prey upon them and the better to enable them themselves to capture food these change their colors to match the bottom they are on or to imitate some less desirable fish.

...The fish's eye on the gravel at the bottom of this tank imitates its colors in its own back in a manner that is marvellous. They are of a reddish brown, like the color of the gravel, and the amount of the fish's eye is the most wonderful. They are small and thin and close to the bottom. The object of the fish's eye is to catch the light and to give a wonderful mimicry of the gravel so like the gravel of the surrounding bottom that it appears to be a part of it. Even in the dark the color of the fish's eye is so like the color of the gravel that it is scarcely distinguishable.

IN OUR GREAT STATE.

THE HAPPENINGS IN MICHIGAN BRIEFLY RELATED.

Gov. Pingree is Still After the Michigan Central Railroad—A Nine-Year-Old Girl Recently Assailed—Gen. Shafter a Big Drawing Card.

Michigan Granted Out.

The Michigan Central Railroad Co. is not compelled to sell 1,000,000 family tickets for \$20 in accordance with the law of 1901. In a unanimous opinion of the supreme court, written by Justice Hooker, Gov. Pingree is defeated in his efforts to compel the Michigan Central by mandamus to issue such tickets. Briefly the court holds that the Michigan Central Co. has the right to fix its own tolls under its special charter, and that to hold the act of 1901 applicable to it would be to impair the obligation of the contract made by the state to reimburse the company for any damage which it might sustain. The court also holds that the Michigan Central Co. has not forfeited its charter by refusing to comply with other systems.

Gov. Pingree says he has a registry for all. The original charter of the Michigan Central covered only 200 miles of the main line, and therefore the act of 1901 is not applicable in demanding more than 200 miles on the other 1,200 miles of the Michigan Central's line in the state.

31 Recruits from the 31st Michigan.

Co. Gardner of the 31st Michigan, Knoxville, Tenn., has ordered the arrest of 31 men absent from the regiment without leave and charged with desertion. They will be taken to the nearest military post and there held until delivered to the guard from the 1st sent for them. The men to be apprehended are:

- Sergeant Alex. R. Boutell, Co. G, Ypsilanti; Kelly Kelly, Co. F, Manchester; Ernest O. Spaulding, Co. F, Tecumseh; William E. Hurlston, Co. G, Onondaga; E. Carr, Glen R. Morse and George O. Thoburn, Co. F, Mason; John Mannings, Co. E, Grand Ledge; Fred A. Manger, William T. Bunke, William K. Cutting, Wilfred Theron and Wm. M. Wolff, Co. I, Detroit; Raymond C. Fox, Geo. Ross and Arthur J. Zelnig, Co. E, Detroit; James H. Nicholson, Co. M, Detroit; John E. Kitchard and Jas. H. Gill, Co. H, Jackson; Joseph Mathison, Co. M, Monroe.

A Terrible Crisis.

Pretty little year-old Edith Knight was seriously assaulted near Twining by Allen McDonald, of Omer. Mrs. Mosher was caring for the Knight children during the absence of the parents. McDonald broke in the door, blew out the light and then grabbed Mrs. Mosher. She managed to break away from him and with the children fled to a neighbor's home nearby. The year-old girl could not keep up and was caught and carried back to the house, where she was terribly abused by the villain. McDonald's house was surrounded and he made an attempt to escape, but was shot in the leg. The child was roughly used, but recovered.

Threats were made of lynching McDonald at Twining, but the sheriff and his deputies were armed with Winchester rifles and handled him safely in jail.

Big Missionary Conference.

The 8th annual meeting of the American board of missions was held at Grand Rapids with about 40 delegates present and many missionaries, the latter representing nearly every part of the civilized world. The treasurer's report shows that the cost of missions was \$223,000, the cost of agencies, \$20,000, contributions, \$10,000, administration, \$27,000, building, \$10, \$45,300 total expenditures, \$227,500, receipts, \$87,200, deficit, \$140,300. Prof. James B. Angell, of Ann Arbor, was elected when he appeared because he has been large at the opening of the year, in which the missionaries have had so much trouble and with which he is probably more familiar than any other.

Two Men, suddenly killed by lightning.

During a terrific thunderstorm at Ponce, Porto Rico, five men of Co. D, 19th infantry, were struck by lightning. Two were killed instantly and three were severely shocked. Corporal Bernhard Rohn and Private Morris Prager, were instantly killed outright. Rohn was from Detroit and Prager from Pontiac.

Privates Creer and McCreary, who were in the tent with Rohn and Prager, were severely stunned. Lightning struck the ridge of the tent, which was carrying on guard duty and terribly burned him about the arms and side. He will recover but will probably be crippled.

Big Crowds to see Shafter.

The managers of the Kalamazoo street fair had long heads when they secured the presence of Gen. W. H. Shafter. Although the crowds had been large at the opening of the fair when the Santiago hero arrived July 20,000 through the streets. Gen. Shafter's former home near Kalamazoo.

Fatal Hunting Accident.

Eddie Hiskelle, a 12-year-old boy was accidentally killed while hunting near Manchester. He with several other boys were sitting on a fence and in jumping down, Eddie took hold of a gun by the muzzle. It was discharged, the charge entering his right side.

A Fatal Tragedy.

William Schank of Inley City says that while lying in bed his wife attempted to cut his throat and then slashed her own. She is dead. He was locked up pending an investigation.

Indian Abn. Leech Lake, Minnesota, Attack U. S. Troops, Slaughtering 80 and Wounding Others—Serious Uprising Freared.

The attempt of the authorities to remove the Pillagers—A remnant of the old Chippewas—from their homes on the north side of Leech Lake, Minnesota, to the White Earth reservation has resulted in serious bloodshed.

These Indians had many grievances against the government and finally refused obey the Indian agents and committed various offenses against the law.

The offenders were shielded by the U. S. officials and they seized two U. S. officials and when a threat was made to send troops against them the Indians promptly gathered their arms and feathers and went on the war path.

Gen. Bacon and 100 soldiers were sent on a special train from Brainerd to Leech Lake from a 20 mile trip across the lake in a gale a landing was effected with considerable difficulty.

At Big Lake, Minnesota, the Pillagers, hearing the brass failed to meet any Indians, and the soldiers assembled for dinner when a heavy volley poured in on them from a 20 mile trip across the lake in a gale a landing was effected with considerable difficulty.

ALMOST A BATTLE.

Spanish and American Troops Come Together at Massanilla.

A fight between the Spanish and U. S. troops was narrowly averted at Massanilla, Cuba, when Col. Ray arrived with a force of American soldiers from Santiago to assist possession of the city. Col. Parson refused to take command of the evacuation.

He also detained that Col. Ray with a strong intention during which it seemed that hostilities were about to occur, but it was finally agreed to make for further instructions before taking command. This was done and Col. Ray received word that the Spaniards were in the right, the postponement having been granted while the Americans were on the way to Massanilla.

"Fighting Joe" Defends Manila. Gen. Joseph Wheeler appeared before the investigating committee at Washington and in response to questions strongly backed up the administration's conduct of the war. He says that there was never a day when he was a commander that that of Gen. Shafter before Santiago. He highly praised the conduct of the officers and men and expressed it as his belief that the most mobile was done under the circumstances to furnish food, medicine and supplies for the troops.

France is in Danger. The government has issued special orders to the garrisons of towns near the border to send immediate reinforcements to Paris 200 infantry each. The reinforcements will amount to 10,000 men. All the troops will be supplied with 100,000 cartridges and 99 rounds of ball cartridge.

Telegraphic Bits. Lieut. Holman now talks of trying to retake the Victoria. He has already recovered her guns.

During the month of August and September 10,000 soldiers and 300,000 cartridges of the American troops at Manila.

The Spanish forces in eastern Cuba are being concentrated at Santiago to face the American troops.

Three gunboats have been distributed to slaying Cubans at Matanzas from the U. S. relief steamer Comal.

Capt. Blinn has ordered the release of all political prisoners now undergoing confinement on the island of Cuba.

Stavannah had been selected as the point of embarkation of all troops who were hereafter to be sent to Cuba or Porto Rico.

A ferryboat was capsized while crossing the Indus at Milton, India, a town of the Punjab, in India, and 100 passengers were drowned.

Naval Cadet P. V. Gridley, son of the late captain of the Olympia at Manila, has been assigned to the old ship of war Michigan, on the lakes.

The first sent to Cuba for the relief of the starving will be given to the sergeants and privates. The force under Gen. Gomez must disband before receiving supplies.

Rev. Charles F. Freeman, chaplain of the U. S. cruiser Baltimore, satisfied by drowning at Nagasaki, Japan, while in a state of mental depression consequent upon his falling ill.

It is reported that troops to Garrison duty in Cuba will not remain long, but when they have been service for a few months, will return to this country. The same is probably true as to Porto Rico. It is also intimated that when the troops return the volunteers will be given 60 days furlough and 100 days pay.

Besides the troops already ordered to Cuba by Oct. 20, Gen. Miles has been ordered to send three more divisions of infantry and one of cavalry. The first of the starting will be under Gen. Wood. Headquarters of the three military departments will be in Havana, under Gen. Macle, Puerto Principe, Gen. Lee, and Santiago, Gen. Lantieri.

CLOSING OUT SALE..

Until January 1st we will make a Special Reduction in the price of the following lines:

Ladies' and Children's Underwear, all weights, Black and Colored Dress Goods, Dress Trimmings, Dress Linings, Novelty Goods and Gloves.

Prices Very Low.

THESE GOODS MUST BE SOLD IF EXTRAVAGANTLY LOW PRICES WILL SELL THEM.

LOWIS & MILLS.

Peter Zimmerman manufactures, wholesales and retails sea cigars so can be bought for 10 cents. It is rare, if ever, a cigar is sold for 10 cents—8 for a quarter—that equals the Leader. He has many other brands that for price are as good a reputation.

Hard Coal.

We are placing chestnut, stone and egg coal at the very low price of 10 cents per ton if purchased now. As the season advances the price will increase accordingly.

Bacon, oranges, etc., the best on the market, at Frank Clark & Co
