MUSICAL FESTIVAL.

Prof. C. H. Carson and Ralph Swiggett and Local Talent Will Take Part.

A concert will be given at the Presbyterian church next Tuesday evening, under the auspices of the Missionary society, in which Mr. Clarence H. Carson, Master Ralph Swiggett, Prof. McKie, Mrs. E. B. Patterson, Mr. and Mrs. W. F. Kefauver will take part. Admission 25 cents.

This will be a unusual treat and should bring out Manistique's music-loving people.

Quartet of Crooks.

Tuesday afternoon, four men entered Chantler's drug store, on the west side, and one of them purchased 25 cents worth of cigars, giving a \$20 bill out of which pay was to be taken for the Havanas. Herb Chantler waited on the strangers and changed the bill, handing the change to the purchaser. While picking up the money, the stranger remarked, "thought I gave you a \$1 bill!" and then produced \$1 asking that amount for cigars be taken out. Herbert, always accommodating, took back the amount in change and gave the stranger 75 cents. Mr. Chantler, father of the boy, happened in soon after and upon looking into the cash drawer noted the shortage of \$1. The men had skipped by this time and had boarded the west bound train.

The officers were notified of the "flim-flaming" and gave a description of quartet, especially the one who "worked" the store. It was learned by inquiry about town that the same quartet attempted to "work" Cashier Parke at the "Soo" depot and the Hotel Hiawatha some two weeks ago.

That night Under-sheriff Rose left by a freight train for the west in quest of the gang, learning through conversation with a traveling man that they went to Cooks. When the train reached Delta Junction, the quartet flagged it and entered the caboose where two of them were handcuffed after some trouble by Officer Rose assisted by the train men. The other two were put off the train and the officer and prisoners went to Gladstone to return on the limited in the morning.

Officer Rose states the men "kicked" on being handcuffed but they gave no other trouble. When about 15 miles from Gladstone one of them was permitted to enter a closet and jumped out of the window, while the train was speeding along at about 40 miles per hour. It is presumed he must have been badly injured. The other man, who gives his name as Frank Hieronimus, was brought here and is to have examination today.

Under-sheriff Rose came from Gladstone this morning, but learned nothing of the crook who jumped the train. The man who skipped is described as 5 ft 5 in. in height, smooth face, wore gray suit, brown Derby hat and tan shoes.

The other two were at Trout Lake Wednesday but when the officers arrived there they had gone to the Canadian Soo.

General Election of Officers. The annual meetings of the Chicago Lumbering Co., Weston Lumber Co., Manistique & Northwestern Ry., Manistique Telephone Co. and Weston Furniture Co. were held in this city Wednesday and Thursday. The following are names of the officers of the several companies:

THE CHICAGO LUMBERING CO. OF MICH.
President - A. J. Fox.
Vice President - M. H. Quirk.
Secretary and Treasurer - C. E. Quirk.
Asst. Secretary - C. E. Quirk.
Genl. Superintendent - M. H. Quirk.
Asst. Superintendent - N. W. Fox.

WESTON FURNACE COMPANY.
President - Chas. Weston.
Vice President - Geo. H. Orr.
Secretary and Treasurer - A. J. Fox.

Passenger Train Derailed. The west bound flyer on the Soo line, was derailed between Gladstone and Hermansville Saturday night about eleven o'clock. Derailment was caused by a washout. All the cars left the track and two, the baggage car and day coach, were smashed to pieces. Aside from the clerk, who was cut on the hands, no one was hurt, although all the passengers were more or less shaken up and badly frightened. During Sunday and Monday all trains were delayed on account of the accident and were run over the C. & N. W. from Laroch to Hermansville.

Manistique Bank Gets Bonds. On June 15th, the \$12,000 school bonds for the additions to the school buildings were disposed of to S. A. Kean, of Chicago, who offered as a premium \$780. He wanted so many changes in the bonds that the board decided to relinquish him from the contract and at a meeting held last Saturday night the bonds were disposed of to the Manistique Bank, the premium being \$673. The bonds bear 5 per cent. interest and extend over a period of ten years.

Attend the organ recital at the Presbyterian church next Tuesday evening.

CASTORIA For Infants and Children. And You Have Always Bought

NEARLY Fifty-eight Years Old!

It's a long time, but devotion to the interests and prosperity of the American People has won for it no few friends as the years rolled by and the original members of its family passed to their reward and these admirers are loyal and steadfast today, with faith in its teachings, and confidence in the information which it brings to their homes and firesides.

As a natural consequence it enjoys in its old age all the vitality and vigor of its youth, strengthened and ripened by the experience of over a half a century.

It has lived on its merits, and on the cordial support of progressive Americans, as is shown by the fact that it is the only paper of its kind in the world.

It is "The New York Weekly Tribune," the leading National Family Newspaper.

It is the only paper of its kind in the world, and is the only one that is published every day.

It is the only paper of its kind in the world, and is the only one that is published every day.

Copper Shares.

Safest Investment, Largest Dividends.

A portion of the full paid and non-assessable capital stock of the Boston & Texas Copper Company is offered for sale at Five Dollars per share (par \$10 for Treasury purposes), and is recommended as a safe and highly promising investment.

The company controls twelve thousand acres of rich copper land in North Texas which is also valuable for farming and town site purposes. The tract is some 10 miles long and about three miles wide. It is equivalent in size to five hundred ordinary mining claims.

The property has been developed sufficiently to begin producing at once, large amounts of the richest copper ore (40 to 70 per cent), taken out and marketed, and inexhaustible quantities of copper marl and clay running from 3 to 15 per cent, copper found in (Quaternary and Tertiary and other great dividend payers are working on 1 to 3 per cent. ore.)

The property is within 12 miles of a railroad and fuel and water are available. The ore and marl are on the surface and a few feet down, and can be mined and converted into copper cheaper than any other deposits in America. Copper will be produced on the ground and a plant of moderate cost will treat 300 to 500 tons of ore and material per day, and according to engineers' estimates earn \$3,000 to \$5,000 per day net, with copper at 15 cts per pound. It is now 18 cts. per pound.

The property has a historical reputation and a record in the State Geological Reports. It has been examined and reported upon by the highest engineering, geological and expert authorities, and its merit and value are established beyond all question. It is not an experiment, nor its value speculative, they are proven and demonstrated.

From Report of Prof. Wm. DeRyze, former State Chemist of Texas. "Such an ore as this copper ore has been traced over the summit and sides of those hills that out of 12,000 acres of land which the company owns, hardly a 100 acre tract should be found without ore upon the surface.

A cross-cut to the depth of 15 feet was made upon the Isbell lead, and ten hours' work resulted in the raising of 6,000 lbs. of rich copper ore, averaging about 60 per cent. of copper. (Worth \$360, net.)

It is easily melted and the strata in which it is found can also be more economically excavated than other in which copper ores occur."

From Report of Prof. W. F. Cummins, former Geologist of Texas. "In order that I might see the condition of this lode after this amount of work had been done, I employed a few hands and cleaned out the tunnels when I found a lode of copper. This is the disulphate of copper and will yield as high as 70 per cent. of copper. I drove the tunnel twenty feet further into the hill, following the lode. When I had gone about twelve feet I struck another lode of copper eighteen inches east and six inches below the second lode. In three feet more we struck another lode below the second lode. Immediately below the lower sandstone is a stratum of cupiferous marl schists extending the entire width of the tunnel, say four feet, and is probably much wider. This marl will yield about 15 per cent. of copper."

From Report of Prof. Gustave Westman, Mining Engineer. "I beg to express my entire satisfaction with and confidence in the report made by Prof. W. F. Cummins.

I only had to remove one foot of earth from the surface on the three spots already mentioned in order to find large deposits bedded into the clay. After washing, this clay was found to contain 13 per cent. of copper ore of same value as above. These ore could of course be taken out and made available at a relatively small expense.

FROM REPORT OF T. BURTON EVERETT, MINING ENGINEER AND EXPERT.

Hon. Ewan H. Low, President, and others, Boston, Mass.: "There is abundant evidence of rich copper deposits, not only at the mines already opened, but at various other parts of the property, and it is my opinion that this will prove to be one of the exceptionally rich copper-bearing fields of the United States, and the ore found in these deposits are immensely richer in copper value and will undoubtedly prove of great value on account of the cheapness with which they can be mined and reduced.

The mines are accessible at every point; the cost of mining will be very small, as the ore is not in hard formation; and there is no deep work. I have examined the various reports made by others, and confirm them.

As far as I have been able to investigate, and I have done so carefully, I am of the opinion that it is one of the richest copper fields in the country. T. BURTON EVERETT, M. E. Very respectfully yours.

Mr. G. H. Savage, Mine Examiner of Butte, Montana, after gaining sample of ore from the property, says: "The ore is the richest in the country. If you have the field you can get \$1,000,000 dividends per year."

Major F. M. Spaulding, of Boston, and C. F. Crosby, Esq., of Lowell, Mass., who returned June 16th from an examination of the property on behalf of the Company's stockholders and intending investors, report that they found the property as represented and confirm the expert reports. They visited and examined the nine mines and explored the entire property.

The Company is thoroughly organized with substantial business men in the management. It has such extensive acreage of land, rich in copper, and so easily and cheaply mined and converted, that dividends can be earned and paid during the current year. Now is the time to make a safe and profitable investment, and those who take advantage of this opportunity to buy stock at the low price offered will reap the benefit.

Remit by P. O. Order, Registered Letter, Check or Express to Edward B. Robins, Treasurer, Tremont Building, Boston, Mass. Price \$5.00 per Share, Subject to advance.

BOSTON & TEXAS COPPER CO.

The cupiferous marl situated below the sandstone, containing 15 per cent. of copper, can be estimated worth at the place at least \$100.00 per ton, etc."

From Report of George F. Rendall, Mining Engineer. "It is a self-evident fact deducible from every report that on this property large bodies of copper ore exists and that hundreds of tons have been shipped of high grade ore.

That deposit of this nature can at a very small expense be made to yield handsome profits, from all existing reports, appears not only likely but certain."

From Report of Francis Arthur Reall, Superintendent. "This property is all right and there is all the copper you want here. I think it is the best in Texas and it seems to have been selected as such for copper. It is near the top of a water shed and the hills crop out here. I think there is oil here because there is coal. Oil has been found at Corsicana. The property is adapted to general farming purposes which seems to be very profitable here and a town could be laid out on it and a railroad built to Denham, 12 miles, to great advantage."

The Great Boom in Copper Shares. Copper mining has proved the safest and most profitable industry in America, and the largest and most conservative capitalists in the world have recently become large investors in copper stocks.

This company can produce copper as cheaply as any in the world. It is capitalized the lowest of any in proportion to its acreage, and at the price of copper-bearing land in Michigan (\$400 per acre) containing a much less per cent. of copper, has a large value in excess of its low capitalization (\$2,500,000.)

Receipts for ore and assays by the leading chemists and assayers in the country are on file in the company's offices.

The officers and directors of the company are men of the highest standing and business capacity, and include: Hon. Ewan H. Low, manufacturer, mayor of Brockton, Mass., President. George W. Russell, Esq., paper manufacturer, Boston, Vice-President. Maj. F. M. Spaulding, 2d Vice-President. Col. Edward B. Robins, Boston, Treasurer. Col. James M. Wheaton, Boston, Secretary. Hon. Jas. W. Bennett, Ex-President Erie Telephone Co.

Only a limited amount of the stock will be sold at the price of \$5.00 per share and those wishing to secure shares should act at once. As stated the stock is full paid and non-assessable. As soon as this allotment is sold the price will be advanced.

Amount of land, quantity and quality of ore, cheapness of mining and treatment, nearness to transportation, favorable climate for continuous work the year around, the increasing demand and profit in producing copper considered, the Boston and Texas Copper Company possesses unequalled advantages and affords the best kind of an investment. It can easily earn 50 per cent. per year on the price at which the stock is here offered.

Stock may be ordered through your banker or broker, or direct as below.

ASHER CITY, TEXAS, MAY 3, 1899. GENTLEMEN:—There is abundant evidence of rich copper deposits, not only at the mines already opened, but at various other parts of the property, and it is my opinion that this will prove to be one of the exceptionally rich copper-bearing fields of the United States, and the ore found in these deposits are immensely richer in copper value and will undoubtedly prove of great value on account of the cheapness with which they can be mined and reduced.

The mines are accessible at every point; the cost of mining will be very small, as the ore is not in hard formation; and there is no deep work. I have examined the various reports made by others, and confirm them.

Shepherd's pauper's request has been out of commission for a week on account of breakage.

After conferring the 3d degree Wednesday night the I. O. O. F. members enjoyed refreshments.

Miss Gertrude Helmka left Wednesday night for Bay View where she will remain several weeks.

Mrs. H. P. Jordan, of Sault Ste. Marie, is visiting her parents, Mr. and Mrs. Smith, River Street.

Mrs. C. A. Childs and son Jamie returned from a fortnight's visit to friends in Wisconsin cities on Friday last.

David Lamarr, the drayman, has a new dray and it is a dandy. It was manufactured by Joseph Boncher.

Misses Elsie Brown, Eva Mosher and Mable Coffey went to Mackinac Island on a Hart steamer Wednesday night.

There is an increased demand for line and the White Marble Lime Co. plant in this city have been started up.

The wages of the men employed by the C. L. Co. is now the same as paid the men in 1892 when times were good.

Sherrill Estrom and wife joined the campers at Indian Lake, yesterday. They have excellently arranged tents.

Mrs. Ed. Kilborn is very low and it is expected that death may claim her at any time. She is ill with consumption.

The Ladies' Aid society of the M. E. church will meet with Mrs. Hamilton, Lakeside, next Wednesday afternoon.

Mrs. C. J. Peterson and father, Andrew Anderson, returned from a visit with friends at Nahma, Wednesday noon.

Ben Simmons, employed at McFalls' camp, spent Monday here attending to business matters. He was a caller at this office.

Lindsay & Mosher, the grocers, have made a change in the rear of their store, taking out the partition and fitting up a corner for a business office.

WANTED—Two servant girls at the Hotel Ossawinamakee. Apply at office at once.

Andrew Richardson left yesterday for Dakota, where he will remain a few weeks, then go to Idaho to take up his residence.

Rev. Fred E. Britton, state chairman of the Prohibitionists, will occupy the pulpit at the First Baptist church, Sunday morning.

Prof. and Mrs. J. A. Chisholm, who have been visiting friends in lower Michigan, returned to their home in Seney early last week.

During last week over a hundred bushels of blueberries were shipped from this point to Minneapolis and St. Paul by Martin O'Hara.

Colin Green, of Fayette, has purchased the Clydesdale stallion, Captain Howell, from Ronald McIntyre of this city. Consideration \$850.

Arvid Larsen returned from a three-week's visit with Chicago friends on Saturday last and has resumed his position at Rose Bros' store.

Wm. A. Foley, who with Andrew Foley of this city own a jewelry store at Chicago Heights, is here on a visit with F. P. Foley and family.

Misses Manie Hazen and Carrie Hanson, two of Manistique's fair and popular young ladies, are guests of Escanaba friends—Escanaba Iron Port.

Mrs. C. O. Moore and daughter, Mrs. Jno. I. Jennings, left Saturday evening on the Petoskey for Mackinac Island where they will remain a couple of weeks.

The Canisteo and Eleanor arrived from Milwaukee Wednesday night. After discharging their cargo of coal the Canisteo went into dry dock to have a leak stopped.

The Burrill Chemical Co. purchased 6,500 acres of hardwood timber land east of this city, late last week. The timber is to be converted into charcoal and wood alcohol.

Atty. V. I. Hixson had six rabbits stolen early this week and Julius Peterson is also the loser of two hennies. LATER—Mr. Hixson's pets were returned Tuesday night.

A. E. Fydel and Geo. Saylor drove up to Gertrude last week. Mr. Fydel stated again in that visitor book excellent and that there is an abundance of hay being harvested.

John Neveaux received the furniture for his new saloon Tuesday on the Goodrich boat. As soon as the carpenters place the furniture he will open the saloon for business.

August C. Cook and E. G. Kingford, of Iron Mountain, were Manistique visitors Monday afternoon. The former is one of Dickinson county's leading lawyers and politicians.

The Knights of Pythias expect to move into their new hall about the 15th inst. Their new quarters will be pleasant will be nicely furnished, and by far the nicest rooms in the city.

Zimmermann, the cigar manufacturer, sells as good 10c and nickel cigars as can be found on sale anywhere. If you want your money's worth buy the Leader or Grip. Sold by all dealers.

J. Paul Huescher, of Cooks, was here yesterday looking for men to cut sawwood bolts. He offers good wages, payment on 15th of the month and money in small amounts during the month if desired.

Dr. Bowen and Elmer Hill were fishing in Thompson creek, Tuesday afternoon. During the electrical storm, lightning struck a tree a few rods from where they took refuge from the rain. They were not injured.

Grand Master Workman Fred Wetmore, of Cadillac and Deputy G. M. Hollings of Detroit, of the Ancient Order of United Workmen, will visit here next week. A special meeting will be held during their visit.

J. W. Bower, of Thompson, had a railroad telephone stolen last week. It was found by Under-Sheriff Rose on a side-track of the M. & N-W. Friday. Some one appropriated it for a trip, it is presumed, and just failed to return it.

B. D. Kinsley, deputy great commander of the Knights of the Macabees, and O'Connor brothers were here this week soliciting numbers for the order. They are successful workers adding hundreds to the order every week.

The clandestine marriage of Charles D. Mason and Miss Grace Craig, of Gladstone, was made public this week. The wedding took place March 1, 1898. Mr. Mason is a son of Hon. Richard Mason, ex-state senator from this district.

It has been found necessary to put additional stone foundation under the White Marble Lime Co's new shingle mill and the mill has been closed down.

The men in the employ of the company have been sent to White Lake to work in the mill there at nights until the plant here is ready to start.

The following arrived here Monday from the east and are at the Hotel Ossawinamakee: C. Weston, Tennessee; W. B. Meserve and son, Miss Edith Meserve, W. E. Wheeler and son, Portville, N. Y.; A. J. Fox and wife, Detroit; Bert W. Skinner, Westfield, N. P. Wheeler and wife, Miss Rachel Wheeler and N. P. Wheeler, Jr., En-

deavor, Pa.

Fred Paulsen was added to the post-office force last week, taking the position made vacant by the resignation of Dan. Laframboise is to go into the employ of Putnam & Co., druggists, after a short vacation. THE COURIER wishes both success in their new ventures.

Clarence H. Carson, president at the pipe organ and Master Ralph Swiggert sang a solo during Sunday morning services at the Presbyterian church. These gentlemen may give another of their popular organ and song recitals before leaving for Indianapolis.

Dr. Chas. R. Joseph, an eye specialist, of Chicago, is in the city and will remain here until August 13th, at least. He has made the treatment of the eye a specialty for some twelve years. During his stay in this city he can be found at the Hotel Ossawinamakee. See advertisement in another column.

Will Crowe, of the C. L. Co's general office, returned Tuesday from a two-week's visit to Arkansas. He was at Little Rock and Pine Bluff in company with Dr. A. E. Burdick of this city who visited the latter place to look over timber lands and is still in the west. Mr. C. says he had a most enjoyable trip.

C. J. Thomson, one of Sault Ste. Marie's prominent hardware merchants, solicited trade here Wednesday. He informed a reporter that he contemplated going with a party on a fishing trip about the 15th inst. to a point in the vicinity of Michipicooton. Geo. H. Nicholson, Jr., of this city, will also be a member of the party, unless business detains him.

Our readers can help a good cause and also be paid for it in the following way: Wrap neatly and securely any cloth bound book of 125 pages or more it may be an old school book (if not torn) and mail it to the Friends' Seminary, Froidale, Ala., as contributions to their library. It will be thankfully received and they will send you in return six curious shells from the Gulf of Mexico, no two alike. (4)

An extension of the Escanaba street railway is soon to be made to the site of the "Sea." A new power house is to be erected and located at Flat Rock rapids, where there is a 17-foot head of water developing 2000 horse power. When the extension is completed it will prove a great convenience for those having to go into Escanaba from the "Sea" line. The improvement will cost \$60,000.

Capt. William Astor Chandler, congressman from New York, is the president of the New York Star, which is giving away a forty dollar bicycle daily, as offered by their advertisement in another column. Hon. Amos J. Cummings, M. C., Col. Asa Bird Gardner, District Attorney of New York, and Governor Hogg of Texas, and Col. Fred Feigl, of New York, are among the well known names in their Board of Directors.

E. H. Sellers, grand master of the I. O. O. F. of Michigan, was a passenger east on the Petoskey Sunday evening. He was visited by District Deputy John Fernon and Past Grand A. E. Fydel who were tested in their acknowledgment of the secret work and were found to be well posted. His wife is accompanying him on his official trip through the peninsula. Mr. Sellers resides in Detroit and is one of the best known attorneys of that city.

THE COURIER acknowledges the receipt of a handsome little booklet, entitled, "Japan, As I Saw It," from the pen of Robert S. Gardner, and is indebted to the Canadian Pacific and Duluth, Sault Ste. Marie and Albany Bay for the same. It is a pen picture of a trip over the Canadian Pacific to Vancouver, by the Empress of India to Yokohama, Japan, then side trips to many points in the Japanese domain. The titles, people and their customs are most wonderfully described by the writer.

Harry Rose, of Rose Bros., departed Monday for Chicago, where he will be joined by his brother, Jacob Rose of Marquette, and Leo Rose of Marshall, Wis., and together will leave on the same day for New York. They will purchase their fall and winter stocks for their stores. This enterprising firm is now in a position with their large purchasing capacity to dictate prices to the manufacturers. Mr. Harry Rose tells us that the public can be assured that their new fall stock will contain anything ever shown in town both in variety and price.

W. A. LeDuc, Frank E. Guinan and Ralph Swiggert, Indian Lake campers, had quite an exciting time last Saturday while out sailing on Indian Lake. Quite a gale was blowing at the time and waves dashed over the boat, but that mattered not, but when the craft sprung a leak things became serious, then to add to the unpleasant position the rudder broke. The only thing left to do was to haul her ashore, which they did, and make for shore. They beached the boat on the point nearly opposite the camping grounds and walked back to camp. They were thoroughly drenched but tickled that they were not given a bath in the middle of the lake.

Ladies Shirt Waists at a big reduction at C. L. Co's store.

Teachers' examination.

The next teachers' examination for this county will be held at the court house in this city, commencing Thursday, August 17th, at ten o'clock in the forenoon. For further particulars read notice in another column.

Launch Can be Chartered

The natty napha launch, recently purchased by Ekstrom and others can be chartered to go to the Big Spring for a cruise about the lake. In parties of ten the launch will go to the spring for 50 cents each or about the lake for 25 cents each. Anyone wishing the boat for a day should apply to Andrew P. Ekstrom.

Entertainment Tonight

The Lady Maccabees will give a social at their hall tonight. An excellent musical program has been arranged and ice cream (Mrs. Payne's) make the ankles will be furnished all for the small sum of 15 cents. One of the features of the evening will be a snelling contest. Everybody invited.

W. R. CALLEWAY, General Passenger Agent, Minneapolis, Minn.

Can't see ink.

The last legislature passed a law providing county clerks and registers of deeds from letting people make copies from the records in ink. The reason for this is that slyster lawyers and unscrupulous persons of other professions have all too readily, when it happened to be to their advantage.

Hereafter anyone desiring to make copies from the record books in the possession of the clerk and register will have to come provided with a lead pencil.

Misrepresented.

The statement published in THE MANISTIQUE COURIER, last week taken from the Commissioners of Highway's books, (whichever he is of the cost of stoning roads in Dist. No. 1 and 2, is a fabrication and misrepresenting to the public, the cost and amount of work done. In the report No. 1 has 192 rods of stoning, average depth 6 inches, when there was less than 120 rods stoned this spring in Dist. No. 1 and it would at average 2 inches deep. In Dist. No. 2, it is nearly all that has done in those two districts was restoring the part of road that they stoned last year.

ANDREW McDONALD, Manistique, Aug. 3.

Farewell to Fred. Brace

One of the most delightful social functions that has transpired for some time in Grand Marais came to pass Thursday evening, being the grand farewell party given in honor of Mr. Fred. Brace who is about to take up his residence at Ashland, Wis. The party was held at the Grand Marais Club rooms, and was in charge of that organization. Dancing was indulged in and a social good, all around time was had, until 12:00 a.m. When a delicate luncheon consisting of fine cream soups was served to this juncture Mr. Brace was made the recipient of a fine gold-headed umbrella from the members of the Grand Marais Club, being presented by Mr. C. E. Morse. After the refreshments were over the happy group continued the frolic until the small hours of morning were creeping well on.

About thirty couple were present. The party was one of the smoothest and most enjoyable ones ever held in the many rooms. Mr. Brace assured his many friends that the event, would be one of his pleasant recollections of Grand Marais, where during the past four years he had taken part in a great many of the same character, and always had a genuine good time.—Grand Marais Herald.

Mr. Brace, before going to Grand Marais, held a responsible position with the Manistique Lumber Co. in this city. He is well known and highly popular in this city and his host of friends here wish him success in his new home.

C. B. Meserve and family are to camp at Indian Lake.
