LETTER FROM CORP. DURNO.

INTERESTING ACCOUNT OF THE MOVEMENT OF 3RD U. S. INF.

Had Five Engagements During a March of Twelve Miles.

Private Thomas Durno Recently Advanced to Corporal.

Through the kindness of Mr. John Durno of this city, THE COURIER is permitted to publish a portion of a letter received by him from his brother now located at Baliang, Philippine Islands. Since leaving from here in April he has been a member of the corps, which will be playing new-to-his-many friends in this city.

Baliang, P. I., June 20th, 1898.

DEAR BROTHER:

Well, I will try and tell you how we have been getting along since you last heard from me. We left Calapan on May 1st and went to Calangit about 20 miles further into the interior, a point taken by our troops during the month of April. After remaining there six days we were given orders to proceed to San Miguel, some 20 miles north-west of Calapan to join the 1st Cavalry Brigade, whose eight companies of our regiment (Third U. S. Inf.) were stationed. They had been with Laveon on the north line since May 1st and had cleared the country of scattered bands of insurgents for about 20 miles and with but little trouble. Our stay at San Miguel was but a short one being ordered on May 24th to the town of Baliang, which place was taken on May 5th. We started on the following morning at six o'clock. The command consisted of eight companies, a mile train, one mortar-battery and nine men of the single corps who went in advance to take down the telegraph line. Shortly after our start we ran into a band of insurgents, who opened fire on the single corps demanding their surrender which was refused. Our boys were quickly brought into action and after 40 minutes firing the insurgents retreated. When they opened fire on us they were scattered along the road at about 500 yards distance and under cover of tall grass. They retreated along the road we were traveling and made four different attacks upon us but were driven back each time. The last attack lasted over an hour and a half closing after nightfall when all we could see was the flash from their guns. The losses for the day on our side, was 2 killed, a lieutenant and 12 privates wounded, some of which died later. We captured 14 prisoners among them a colonel and lieutenant, and 21 Manner rifles picked up by the side of dead insurgents. It was estimated that killed and wounded among the natives would reach 400. The officers taken prisoners stated that they belonged to Gen. Lanza's brigade which numbered 2000 men, but only about half of them were armed. When we finished this engagement we had traveled but eight of the twelve miles and the remainder of the distance we marched in deep darkness and rain. We were a very tired lot when we reached our destination Baliang. Co's E, Land E were given quarters in a Catholic church, G and H in the convent adjoining, and the remaining companies were put into huts about the town, where we are put and expect to remain during the rainy season.

We are eight miles from the railroad and our supplies are brought in by wagon train. One company goes to the railroad each day for rations, making a trip for each company every ten days, and two companies go guard-duty daily, one of them on outpost. We have had but little trouble here but last night an outpost shot an insurgent and captured two Spanish spies who were trying to become acquainted with our situation and they did but won't give it away.

At San Fernando, twelve miles west of here, the insurgents quite often make attacks, but are easily repulsed. It is stated that "Aggie" is in command there and is assembling all his warriors at that point, as it is expected that a big fight will occur at that place any time.

Well, I will have to stop writing for this time as the Co. is soon to fall in hand to go to the outpost to break bread.

From your brother,
CORP. T. DURNO,
Co. E, 3d U. S. Inf.

Camping Ground Sold

August C. Miller, of the American House, purchased from the Chicago Lumbering Co. on Tuesday of this week, 81 acres of land on the shore of Indian Lake, situated between the mouth of Indian river and a point about a half mile beyond the camping ground. The property had been in litigation for some time on account of tax titles held by the C. L. Co. and the purchase of the land now settles the question.

Mr. Miller intends putting on a force of men in a short time to clear up some 2500 acres of the land and get it ready to crop next year.

The pipe organ recital at the Church of the Redeemer (Presbyterian), Tuesday evening, under the auspices of the Women's Missionary society brought out a goodly number of Manistique music-loving citizens. The selections rendered by Mr. Carson on the organ were highly pleasing. The solos by Mrs. Patterson and Mr. Kofarver were of eveningly well given, and the violin solos, different compositions, by Prof. McKie, were highly appreciated.
Ed. Fyell had quite an exciting experience last Saturday evening while returning from the lake where he was wharfing along the rocks, he had a ton bull bait when he noticed a "posky little skunk" in the center of the path some ten feet ahead, and to avoid colliding with the animal he pulled out to the left side of the path and pulled up against a log. His position for the next few moments can be imagined. He reached the ground head first and pieces of the article of the left side of his face remained with the little pelted so abundant where he hit. The wheel, fortunately, was not broken but it was in such close proximity to his skull which that since that time he has found a position far in the back yard at his home.
The clash of interest in "A Breezy Time," which will be seen at the Star Opera house on Tuesday August 15th is brought about by the fact that the creditors of a young college student have pursued him out of town, and that the girl he loves has done likewise. It is easy to see that comic complications can grow out of this state of things. It remains to be seen, of course, whether they have been taken advantage of. Leaving the plot altogether

out of the question, however, the piece is said to bring up the stage a great many people who have made hits in their time and who have been brought together for the first time in "A Breezy Time." Price 25, 35 and 50 cents. Reserved seats now on sale at Orr's drug store.
Walter Galarrulo, of Godkins mill, came near losing his life by drowning a few days since and unless he dropses of his bicycle his friends will surely be content to let the lake, will pond or creek for his remains. He bought a wheel last fall and since then his spare moments have been spent trying to master it. A short time since he was riding the cycle to the mill when it became unmanageable and momentum being dropped him into a creek where he floated some four feet of water and only a few days later when riding on the beach of Lake Michigan he lost control of the "critter" and before he could stop it he was found clinging to a log in 10 ft. of water. He was rescued by a party of fishermen anxious for his welfare, drew him to the shore but he won't, and he says he'll ride the thing even if he has to suffer up his life trying to manage it.
Baptist Church.
Rev. Norman Fox, D. D. of Morris-town, N. Y. will occupy the pulpit of the First Baptist church on Sunday, both morning and evening.

Shortly after Mr. Bronson took his present position in the Duluth city he was given the position of manager of the branch office of R. M. Newport & Son, investment bankers, whose main office is at Marquette. This responsible position he held until his appointment as secretary above. Mr. B. is a progressive and bright young business man and his popularity in Duluth is attested by the lucrative position recently tendered him. His many friends here are pleased to learn of his appointment.
Village council meeting.
A special meeting of the village council was held at Saturday evening for purpose of extending time for paying taxes and accepting liquor bond. Time for paying taxes was extended to Sept. 15th. Liquor bond of John Sevewick was accepted.
Regular meeting of council was held Wednesday evening.
Bills amounting to about \$1,200 were allowed and the report of street commissioner and marshal were read and upon motion were ordered placed on file.
A resolution was unanimously adopted to make proposition to Dewey H. Adcox to pay them 20 cents per foot for 1000 ft. of line hose bought and delivered some time since. The hose was billed at 15 cents per foot. Shortly after receipt of shipment the hose was found to be as same as sample and was returned to the company.
A petition from the Michigan Long Distance Telephone Co. asking for privilege to erect poles and wire the city was read and upon motion was laid on the table.
Petitions for two sidewalks were read and ordered laid on file in addition and the other on Main street in front of the High school building, between Colorado and Main streets.
