**THE POOR BOARD MATTER.**

Resolutions by County Board relative to the County Physician.

The following resolutions taken from the minutes of the recent meeting of the county board, relative to the county physician, etc., is self explanatory:

The following resolutions were offered by W. C. Bronson supported by S. J. Bouschor:

WHEREAS A majority of superintendents of the poor of the county of Schoolcraft did on the 20th day of July A. D. 1899, appoint and employ Dr. O. C. Bowen as county physician for one year from October 1st, 1899 at an annual salary of \$200, and did enter into a written contract thereto with said Dr. Bowen, and

WHEREAS A majority of superintendents of the poor did afterward attempt to rescind said contract with Dr. O. C. Bowen and did attempt to appoint and employ Dr. Frank Rainie at an annual salary of \$200, and

WHEREAS This board is advised and finds that Dr. O. C. Bowen is a competent physician, and accepted his said appointment and employment, and that the written contract entered into with the said Dr. O. C. Bowen was signed by a majority of said superintendents of the poor and is valid and legal.

THEREFORE BE IT RESOLVED: That the superintendents of the poor be and they are hereby authorized and instructed to recognize and accept with Dr. O. C. Bowen as valid and binding and to abide by the terms of the same.

The above resolutions were adopted by the following vote, viz: Ayes Messrs. Bronson, Cramer, Brain Bowen and Bouschor, nays Messrs. Verwey, Harcourt, Morse and Williams.

The following resolutions offered by C. B. Morrison and supported by M. Williams was unanimously adopted:

WHEREAS It appears from legal opinion on the 11th with this board that the resolutions relative to the appointment of a county physician was not carried by the requisite number of votes.

RESOLVED That the action of this board relative to said matter be and the same hereby is ordered stricken from the records of this board.

The following preamble was offered by W. C. Bronson and supported by S. J. Bouschor:

WHEREAS A majority of the Superintendents of the poor of the county of Schoolcraft, did on the 20th day of July A. D. 1899, appoint and employ Dr. O. C. Bowen as county physician for one year from October 1st, 1899 at an annual salary of \$200 and did enter into a written contract thereto with the said Dr. O. C. Bowen; and

WHEREAS A majority of superintendents of the poor did afterward attempt to rescind said contract with Dr. O. C. Bowen and did attempt to appoint and employ Dr. Frank Rainie at an annual salary of \$200; and

WHEREAS This board is advised and finds that Dr. O. C. Bowen is a competent physician and accepted his said appointment and employment, and that the written contract entered into with the said Dr. O. C. Bowen was signed by a majority of said superintendents of the poor and is valid and legal.

The foregoing preamble failed to be adopted by a majority vote of all superintendents present.

Resolution offered by S. J. Bouschor and supported by M. Williams was adopted unanimously, viz:

RESOLVED That the chairman of the Board of Poor Commissioners shall cause to be published in one of the weekly papers of Manistique, published in the English language, a correct report of all monies, supplies, etc. paid or drawn out to the members of said board of poor Commissioners each and every week as itemized from giving the names of each person receiving such relief and the amount in dollars and cents in the aggregate for such week from this date.

**County Board Appointments.**

On Tuesday the county board appointed a poor commissioner in place of loss Wheeler and school examiner in place of Miss Mabel Richard, whose terms of office expire this year.

Four ballots were taken for the appointment of poor commissioner. William Harcourt of Seney, receiving the appointment. The ballots were as follows: 1st, Harcourt 4, Stafford 4, blank 2; 2nd, Harcourt 4, Stafford 3, French 1, blank 1; 3rd, Harcourt 4, French 3, blank 1; 4th, Harcourt 5, French 1, blank 1.

For school examiner there were three candidates and the first ballot as follows: Mrs. E. B. Patterson 7, Mrs. LeBar 1, Mrs. Marsman 1. Upon motion the appointment of Mrs. Patterson was made unanimous.

**Gilbert Mix Marriage.**

The following relative to the marriage of our popular young townsman, William A. Mix, we clip from the Republican, St. Clair.

Miss Evelyn S. Gilbert and Mr. Wm. Mix, of Manistique Mich., were united in marriage at the home of the bride's uncle, Mr. S. P. Gilbert, Tuesday, Oct. 10, at 2 p. m. by Rev. R. Duff, pastor of the Congregational church. The home was tastefully decorated with flowers. Refreshments were served immediately following the ceremony, after which the happy couple left at 4 o'clock for Detroit and the usual shower of rice and the well wishes of their many friends. They will reside in Manistique, Mich.

Among the guests were Mr. E. S. Gilbert, father of the bride, Mr. and Mrs. S. P. Gilbert, Mrs. A. A. Beyer and son, Mrs. Monroe Carleton and Miss Laura Moore, all of this city; also Mr. and Mrs. C. L. Gilbert, of Marine City, Miss Belle Robinson and Miss Electa M. Gilbert, of Cleveland, O.

**Manistiquette News.**

On Friday last the partition dividing the old store and the addition to the Blumrosen Bros' store was removed, and the full length of the building is now available to visitors. The store is now 175 feet long with a high ceiling and

abundance of light from windows at front and rear.

Shelving is to be placed on the sides and at the rear of the new part and when the 200,000 cases of the department will be more defined. The show apartments will occupy a space across the back end of the building.

When the goods are arranged the store will have the most appearance of any in the city.

Some recent electric lamps, carefully placed in the building, will furnish light in the store at night.

There is no question but Blumrosen Bros. will have the largest and best arranged store in the city when everything is completed.

**Important to Farmers.**

The Furmace Company of Manistique has small owners of timber along the line of the Soo Railway from Cook mill past Second to Front Lake, and along the line of the Manistique and North Western Railway in furnishing a market for cordwood, by supplying which their lands may be gradually cleared in the years to come, and the cost of such clearing by month or quite made out at \$2 per acre.

All parties wishing to supply cordwood should address or call on H. E. Burt, manager, Manistique, in the next 30 days.

**NOTICE.**

Manistique, Mich., Oct. 10, 1899.

**TO WHOM IT MAY CONCERN.**

We are advised by the Commissioner of Internal Revenue that all time checks, time orders and similar instruments which are given to persons who present them to banks, or third persons, to be cashed, are subject to taxation at the rate of two cents an order for money.

Therefore, we shall require stamps to be affixed and cancelled on all such time checks or orders before they will be accepted at this office.

CHESTER A. BURNHAM, COM. OF MICH.

Hans Klingstedt is in Manistique this week.

Some twenty-five years ago Thomas J. Lipton, the owner of the Shamrock, and who is estimated to be worth \$50,000, owned a little provision store in High street, Glasgow, where my parents died when we resided in that city, so stated D. G. Currie of this city to friends, early in the week. He was the whole thing in the store, was proprietor, manager, clerk, and selling ketchup, and butter just a little bit cheaper than other stores he built up an immense trade. Shortly after embarking into business he employed a clerk, Saturdays then added a man by the week and soon found the High street place too small, he moved to larger quarters on Jamaica street. At the Jamaica street store many Saturdays there would be a crush of people in front of the building waiting to be served. Thus he started, and today he has stores in the principal cities of Great Britain, has interest in tea plantations, largely interested in Chicago stock yards, has farms in California and really in all parts of the globe. Sir Thomas Lipton is very popular with our people, has a fast craft in the Shamrock but there isn't room enough on the yacht to store away the champagne, which has belonged on this side of the Atlantic for nearly half a century.

Calmest has a Chinese lodge of Free Masons. It was organized last Saturday night and starts out with a good sized membership. The meeting was attended by most of the Chairman of the county and one or two outsiders. Ah Tong, a Grand lodge officer of Chicago, was in attendance and two candidates were initiated.

**COUNTY DOCTORING.**

**TO THE PUBLIC:**

The undersigned has entered into contract with the board of poor commissioners to attend professionally and furnish medicine to county patients, for one year from Oct. 1, 1899. All calls will be promptly attended.

**TO KID THE RAIL**  
 Inventor of the Railroad Attachment for Railroads in Marquette.  
 In his weary wanderings about the city in quest of news, a Chicago reporter ran across an interesting personage last evening in the person of Reinald Ruggles, an inventor whose name is well known to all those acquainted with mechanical science.  
 Mr. Ruggles is in the city absorbing the brim of Lake Superior and expects to return to his home in Chicago very shortly. When interviewed he was found making a copy of Rippling, an author of whom he is very fond.  
 "You are the inventor. I believe of a bicycle attachment to be used in travel upon the railroads of the country?"  
 "Yes," replied the inventor, laying aside his book and launching into a very kindly discourse regarding the merits of his invention. "I conceived the idea about two years ago," he said, "and since then have perfected a patent on a railroad attachment for bicycles. It is a simple mechanism, durable and light, consisting of three handle bars, a small wooden wheel, corrugated rubber tires and two steel flanges. Two of the rods are attached to the front and rear hubs of the bicycle, while the third joins just below the handle bars. The appliance weighs between 5 and 6 pounds, and can easily be carried when traveling on country roads."  
 "Don't you think the railroad would be obliged to legislate against a foot-ambush supply of the contrivance?" was asked.  
 "Yes, in the event of too many. I presume they would," replied the inventor; "but so far I have found no difficulty in traveling wherever I please with my wheel."  
 In reply to an inquiry as to the chance for the bicycle it was found that the moderate sum of \$5 would purchase the handle bars and wheels, with the assistance of which a man could travel from Chicago to San Francisco at the rate of twenty miles an hour if he is a good pedaler.  
 Mr. Ruggles is a very pleasant man and shows great interest in the mechanical science. While here he has traveled as far as An Train on his wheel, also taking in the Home-city. To a man who likes to ride the rails all to buy a ticket on most of the railroads of the United States this little invention is immense. A thing that can be attached in a few moments, handy and not cumbersome, makes travel a pleasure. It is not necessary for a cyclist to consider bad roads and rainy weather, and the thousand and one impediments to travel. The steel rails are always in place. It is a golden treasure for the millionaire as well as Wears Wrenches, the tramp. From the sale in the last year it would seem as though the time would come when the country would use special railroads for this machine will be necessary, enabling cycling tourists to make a tour of the United States without dismounting or amputation. Chips, Marquette.

**The Appetite of a Goat**  
 Is cavied by all poor-peppis whoes Stomach and Liver are out of order. **To Renounce all Winter**  
 General Manager Henry W. Ashley of the Toledo, Ann Arbor and the Menominee & M. Paul railroads was in Menominee Friday. He announced that business has been so pressing and matters have arranged themselves so the Ann Arbor road will attempt to navigate Green Bay waters all next winter. Mr. Ashley said: "I find that we must jump Menominee an open port and this winter our boats will keep a channel open. We need two more carriers that can transport more cars. The shipbuilders are so rushed that they could not promise to have boats of the winter capacity so we will probably lose an ice-bermer, which will assist the No. 30 route."

**He Fooled the Surgeons.**  
 All doctors told Benick Hamilton, of West Jefferson, O., after suffering its months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Buckler's Army Salve, the best Sold in the World. 25 cents a box. Sold by E. N. Orr & Co's Druggists.

From the Soc. News we learn that Miss Jennie Steere, a sister of Judge Joseph H. Steere, died at Adrian, Pa., day evening of last week, of spinal meningitis. Miss Steere was 32 years of age. It was on account of the sister's illness that Judge Steere adjourned court here, Sept. 25th.

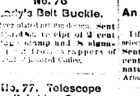

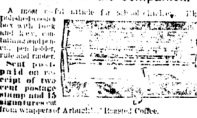

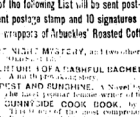

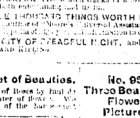

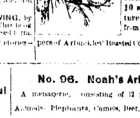

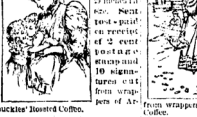

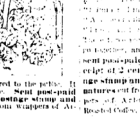

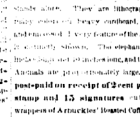

General Manager W. F. Fife of the D. S. N. railway, and E. Pomnington of the railway, were the speakers in a meeting held here at the Grand Hotel, at a meeting held at 10 o'clock on Friday night, Sept. 25th. The building is to be of stone and thoroughly modern.

# Two Facts About Arbuckles' Coffee

It has set the standard of quality for all competitors for the last thirty years. The strongest claim any competitor can make is that his coffee is "just as good as Arbuckles'."

**THREE CONCLUSIONS**

The best Coffee is Arbuckles'. The only Coffee to buy is Arbuckles'. The right thing is to insist on having Arbuckles'.

**SCHOOL BUILDINGS.**  
 The Additions Nearing Completion and Rooms Being Occupied  
 The additions to the east and west side school buildings, it is expected, will be completed next week. Work in the basements of both buildings, the placing of the blackboards and putting in the seats will finish the work. The new part of the east-side building contains four school rooms 20x30 ft., two downstairs and two upstairs, a library room 20x20 ft. back of the lower hall, a superintendent's office 11x20 ft. and class room 15x30 ft. on the second floor over the hall. On each side of the hall on both floors are rooms which are 12x20 ft. The hall at the entrance to the building is 30x30 ft.  
 The two lower rooms are occupied by the Kindergarten, 1st and 2nd grades. The 4th grade to occupy one of the upper rooms and the other will be left vacant. In the basement are located two steam hot air furnaces and closets put in by the Decker Heating Co., Chicago. On the east side of the basement a room 12x36 ft. will be fitted up for a chemical laboratory.  
 On the east side four rooms were added the same size as those in the new part of the east side building.
