Except for a few diehards who still think the country's doom was sealed with Dewey's defeat in the November election, the heart of the country went out to Harry S. Truman Thursday—the great day of migration for the Missouri farm boy who grew up to be President of the United States, first by succession and then on his own.

There was perhaps more "show" connected with Thursday's inauguration than in any in the history of the country. Thousands jammed the Washington, packing grandstands at the inauguration site and along the parade route on Pennsylvania avenue, and jealously holding places in windows for a glimpse of the president-elect as he stepped all the predictions—a fighter who refused to be counted out.

Everywhere radios were tuned to the inaugural broadcast. Party politics were forgotten for awhile in the solemn moment when Truman took the oath as president. There was a hush during the prayer which preceded the administration of the oath to Vice President-elect Alben Barkley, another one-time farm boy, and in millions of homes the sincere good wishes of all his fellow countrymen. He is going to lead them in the years ahead.

As in the nation over, heart disease was the leading cause of death in Schoolecraft county during the past year, and in increasing place was cancer. Here, as elsewhere, cancer has become a second, dangerous threat to the lives of men and women of all age groups, and children too. Here, as in cities and villages all over the country, people are facing up to the cancer problem and are attempting to do something about it.

Dr. George A. Shaw, medical director of the Schoolecraft county chapter of the American Cancer Society, Michigan division, says that a recent survey shows that about 20 percent of cancer is virtually non-existent. Gone is the reticence about discussing it, not only by cancer patients themselves, but by those who are considering the possibilities of developing it in their future. Many are telling their doctors about signs and are having their symptoms checked almost as soon as they occur, where once waiting for information as a sort of health insurance for the time when they might be afflicted.

In the meantime, the battle against cancer is going on in research laboratories all over the country and in centers for cancer treatment. And no longer are reports in newspapers and magazines of new experiments, new attitudes, new theories skipped over by the nation's millions of readers. There are now read and discussed. People are giving generously to research, determined to help in the growing effort to find a cure. It is a gratifying thing to have an entire country mobilized to fight an enemy of this kind. It is certainly the best omen for victory in the fighting front.

Heart Disease Leading Cause Of 1948 Deaths Heart disease was the principal cause of death in Schoolecraft county during 1948, the annual report of the Alger-Schoolecraft health department presented to the county board of supervisors this week reveals.

Of the 88 deaths in the county during the past year, 28 were caused by heart disease. Second leading cause of death was cancer, which claimed the lives of 14 last year.

A new high for accidental and violent deaths was reached in 1948, a total of 10 persons dying in this manner. There were two auto accidents, two drownings, one suicide, one death caused by fractures, one fatally burned, one suffocation, one airplane crash victim, and one hunting season fatality.

There were eight infant deaths in the county during the year and a total of 238 births, including stillbirths.

CAYIA NAMED PRESIDENT OF INLAND FRIDAY

Promotion Announced Following Board of Directors Meeting in Chicago

A. J. Cayia was elected president of the Inland Line and Stone Company at a meeting of the company's board of directors, held Friday.

Cayia has been associated with Inland Line and Stone Company since December 1, 1928, when he joined the company to develop the quarry and plant at the Wakarusa Port Inland. In February, 1946, he was appointed vice-president and general manager, with headquarters in Manistiquie.

Cayia was graduated from the University of Michigan with the degree of bachelor of engineering. He went to work for the M. A. Hanna Company as mechanical engineer in the Lake Superior district, where he remained until 1918 when he moved to Cleveland as assistant consulting engineer with the same company. In 1923 he went to Wakefield, as assistant superintendent of the Great Lakes area, and became superintendent of this property in 1925.

Inland Line and Stone company is one of the large producers of limestone in the Great Lakes area. Its quarry and plant are located on an island 26 miles east of Manistiquie, from which point it ships limestone for metallurgical, chemical, construction and agricultural purposes to all points on water and by rail.

DROWNING VICTIM'S BODY IS RECOVERED

Search For Six-Year-Old David Martin Ends Saturday Evening

The body of David Martin, six-year-old son of Mr. and Mrs. Martin, Jr., of Germfask, in the Manistiquie River at Germfask in a sledding accident Jan. 6, was recovered about 10 p. m. Sunday night.

The body was recovered by Matthew W. Gorman, of Germfask. In the boat with him were Leo Van Wald, also of Germfask, and Leslie Walstrom, Seney conservation officer.

Finding of the child's body ended an 11-day search by 40 volunteers, state police, sheriff's officers, conservation men, Coast Guard personnel, and crews from the U. S. Navy's body, still clad in snowsuits, boots and mittens, was found about a half-mile downstream from the point where he disappeared through the ice into the water.

Residents of the Germfask area and workers at the Seney refuge, under the direction of C. S. Johnson, manager, turned out virtually en masse to aid in the search for the child, a village favorite.

Inland Line and Stone company donated 40 pumps, Manistiquie fire department presented to the county board of supervisors this week reveals.

Drive For Europe's Hungry Short Of Goal; Support Asked

Schoolecraft county's goal of a ton of flour for shipment to hungry Europeans under the Christian Rural Overseas Program has not yet been reached, W. J. Shinar, treasurer of the local campaign, announced this week.

The CROP committee is well satisfied with the personal contributions reported in the city, Shinar said. Donations ranging from one to several dollars have been made by individuals, and many business places have given generously. "It is hoped that several more business firms will make sizeable contributions," the campaign treasurer said. "We want to remind them that gifts to CROP can be deducted from income tax along with other donations to charity."

Solicitation is nearly completed in Inwood, Thompson and Hiawatha townships, and the canvass of the rest of Manistiquie began Wednesday. E. T. King, chairman of the drive, Thursday expressed the committee's thanks to the various helpers, to all who have contributed so far, and others who have helped in putting on the campaign. Those who have not been contacted by a solicitor may give their donations to Mr. Shinar at the State Bank or to E. T. King, chairman of the drive, at the State Bank.

Upper Michigan communities are due to profit by the move to decentralize industry, and the State Economic Development Commission is prepared to help these cities in making the most of their opportunities, General Ralph Royce, wartime air force general who achieved considerable fame, told the Manistiquie Rotary club Tuesday.

General Royce, who now heads the Michigan Economic Development Commission, said that the decentralization idea is encouraged by the war department, which considers the vulnerability of Detroit and other big centers of the automotive industry.

Manistiquie and a number of other upper peninsula communities conducted a survey recently which yielded principally valuable information for manufacturing plants.

Manistiquie and a number of other upper peninsula communities conducted a survey recently which yielded principally valuable information for manufacturing plants.

General Royce also discussed the Arab-Jewish tangle in Palestine in his talk. He was introduced by W. J. Shinar, treasurer of the Liberty Loan.

A number of divorce matters were heard at the concluding session Friday.

JUDGE DEFERS SENTENCE IN THREE CASES

Fragle, Kaiser and Markham Still in Custody; Ed Nelson Gets Year

Three local men charged with criminal offenses were held by Judge Herbert W. Frisbie at the concluding session of the January term of circuit court Friday afternoon.

The three are Lloyd Fragle and Albert Kaiser, of Thompson, charged jointly with defrauding the state by forging tax bounty claims, and Alvin Markham, who pleaded guilty at Sault Ste. Marie last month to a charge of writing checks without bank funds to cover them. The circuit judge remanded all three to the custody of Sheriff Howard Hewitt pending the completion of an investigation he is making regarding them. They are being held in the county jail.

Ed Nelson, 58-year-old Manistiquie carpenter, was sentenced to serve one year in Marquette prison under the disciplinary statute. Nelson has been arrested several times for being drunk and disorderly, and has been held in the county jail. He will receive medical treatment at Marquette.

In passing sentence, Judge Frisbie told Nelson: "We are all trying to help you get on your feet again. Prosecutor Sheehan has written to me and he says that, if you will give up your medication to them. When you come back, we hope you will stay away from the stuff for good."

Damages of \$200, court costs and attorney fees were awarded to John Spielmeier in his suit against the Liberty Loan corporation. His car, which the Liberty Loan had used, was damaged by a fire.

Manistiquie and a number of other upper peninsula communities conducted a survey recently which yielded principally valuable information for manufacturing plants.

County Board Hears Reports By County Government Units

Yearly reports of various branches of county government were presented to the board of supervisors at its annual meeting Monday and Tuesday.

The Schoolecraft county road commission, composed of Henry Orschel, chairman, Harold Helman, Dr. Roy Loney, commissioners, and Albert Ackerman, superintendent, appeared before the board, presenting each supervisor with copies of the commission's report and discussing various phases of it with them.

The road commission reported a tentative plan for the reconstruction of roads in all of the county's eight townships if necessary funds become available. It is possible to obtain \$27,000 a year from the Federal Aid Secondary Program for a construction fund which must be matched by the county, the commission told the board. Many county roads are low and narrow and will have to be raised, widened and ditched with necessary drainage structures before blacktopping can be applied. In the future, all small bridges will have to be replaced with iron or concrete culverts, as planking and timbers are hard to get, such a project in time eliminating all wooden structures throughout the county.

The commission reported total disbursements of \$250,089.87, and a cash balance Dec. 31, 1948, of \$42,062.84.

The county department of social welfare's report revealed total available funds under its direct relief program in 1948 of \$49,024.45, including state payments, the local contribution to direct relief, refunds from other counties, recovery from recipients and a grant from the social welfare department. Disbursements for direct relief totaled \$28,919.97. There were payments to other counties totaling \$6,810 and a transfer from the county fund to the social welfare fund of \$2,000 for total disbursements of \$33,529.97, leaving an unobligated cash balance at the end of the year amounting to \$20,800.

Under the social welfare program, disbursements totaled \$40,237.71. They included \$10,087.64 for hospitalization; \$7,526 for vocational rehabilitation; \$14,738 for "instructed sanatoriums"; \$2,215 for Morgan Heights sanatorium; \$8,612 for administrative expenses; \$7,306.87 transferred to direct relief; and \$35 for transfer of a recipient. The unobligated cash balance was reported as \$1,284.88.

Miss Maria Tracy, director of the social welfare department, prepared the report. Members of the welfare board are Charles H. Howland, chairman, August Carlson, secretary, and Frank Hutt, member.

Reports were also given by the agricultural, and welfare agents, Clayton Reid and Mrs. Anton Weber, and by the Alger-Schoolecraft health department.

EMERALDS ENGAGE MUMISING FRIDAY

Stephenson, Next Opponent On Home Floor, Coming Saturday Night

The Manistiquie high school Emeralds will play a "double-header" this week end, meeting Mumising on the latter floor Friday night, and playing a home engagement against Stephenson on Saturday night.

The Emeralds lost last Friday to the Golligatte Institute of Sault Ste. Marie, Ontario, by a score of 35 to 30, in an exciting game which had fans in an uproar in the bleachers.

Bar Carlson led the scoring for Manistiquie with 11 points, and Geoffrey was high point man for the visitors.

Army Enlistees Go To Training Camp

Two army enlistees left this week for Camp Breckenridge, Ky. for basic training in the United States army. They are William J. Pines, 20, son of Mr. Pines, and William J. Pines, 185 South Houghton avenue, who enlisted for two years, and Robert L. Barker, 18, son of Mr. Barker, who was also approved for enlistment at 1617 Broadway, who enlisted for one year.

MANY MATTERS GONE OVER BY COUNTY BOARD

Reports Of Various Branches Of County Government Are Presented

Reports of the various branches of county government and several other matters provided a busy two-day session for the county board of supervisors at their annual January meeting Monday and Tuesday.

Yearly reports were given by the county road commission, the department of social welfare, the Alger-Schoolecraft county health department, the county agricultural agent, the county welfare agent, Fire Chief Elmer Boal and members of the Soldiers and Sailors Relief committee.

The board renewed the fairgrounds lease with the Northland Products for one year and approved its renewal for three years provided the Schoolecraft County Memorial hospital board of trustees favors the health department, the county welfare agent, Fire Chief Elmer Boal and members of the Soldiers and Sailors Relief committee.

The board renewed the fairgrounds lease with the Northland Products for one year and approved its renewal for three years provided the Schoolecraft County Memorial hospital board of trustees favors the health department, the county welfare agent, Fire Chief Elmer Boal and members of the Soldiers and Sailors Relief committee.

SEARCH CONTINUES FOR AGED PATIENT

Fear For Safety Of Isaac Truckey, 76, Missing Since January 4

Authorities here are continuing their search in the wooded areas of Manistiquie Heights and near the Intake Dam for Isaac Truckey, 76, of St. Ignace, who wandered away from the Wendland Convalescent Home in Manistiquie Heights on the night of Jan. 4.

No trace of the aged Mackinac county welfare charge has been found, and it is feared that he may have frozen to death or drowned. He was clad only in underwear, a pair of light slippers and rubbers when he disappeared.

Assisting in the search are members of the sheriff's department, state police and conservation men.

BRUCE SIDEBOTHAM WILL TEACH HERE

Son Of Former Presbyterian Pastor Joining High School Faculty

Bruce Sidebotham, 26, of North Baltimore, O., son of the Rev. and Mrs. R. S. Sidebotham, formerly of Manistiquie, has accepted a position as English teacher in the Manistiquie high school and will come here at the beginning of the second semester, it was announced this week by A. F. Hall, superintendent of schools.

Sidebotham will succeed Pearl Kaakola, who resigned prior to the Christmas holidays. His wife will accompany him to Manistiquie high school in Tiffin, O., and Bowling Green State University at Bowling Green, O. Sidebotham has a master's degree. He received an Ohio provisional certificate this month. During his college career, he was active in debate and dramatics. He is a member of Pi Kappa Delta, honorary forensics organization, and Pi Sigma Alpha, honorary political science organization.

Ski Club Plans For Tourney

The Manistiquie Ski Club will complete plans at a meeting Thursday evening for the annual Manistiquie Ski Jumping meet to be held at the Jamestown hill Sunday, Jan. 28.

A financial drive for the tournament will begin within the next few days with the beginning of the annual ski button sale and soliciting advertising for the tourney program.

Mild weather for January has hampered skiers here and elsewhere in practice workouts but the snowfall Tuesday has helped considerably and Ski club enthusiasts are hoping for more within the next 10 days. The Manistiquie meet has for the past three years attracted an imposing list of jumpers, and the tournament this month is expected to bring a greater number of stars here than ever before.

Several local skiers plan to compete in the Ottawa Ski club meet at Cassion Sunday if snow conditions are favorable.

It was reported this week by the Ski club's committee in charge of the tow rope project, that except for a few details, the tow rope work is complete. It is expected that the tow will aid considerably in the enjoyment of skiing here this winter.

U-M Launches New Attack on Disease

Key device in University of Michigan research aimed at ending the mystery about diseases due to faulty metabolism is the mass spectrometer pictured above.

Research information from the instrument, which is capable of weighing atoms and molecules, is Henry J. Gomborg who is associated with Dr. Isidore Lampe and Dr. William D. Robinson in the research.

Valent Wore the Indians More than 25,000 Indians were in the armed services during World War II, while an additional 40,000 were engaged in war industries. Their lists of casualties and valor award winners were long. The tribesmen displayed special aptitudes for scouting, patrolling, signaling and commando-style fighting. Largely because of their fine record as volunteers in World War I, native-born Indians were extended citizenship in 1924. Some 55,000 Navajos in northern Arizona and New Mexico led the nation's tribal groups in numbers and land. Mostly full-blooded, they speak little English. Cherokees, largely in Oklahoma with a contingent in North Carolina, are estimated in numbers with 50,000. The Sioux, or Dakotas; the Chippewas, centered along Minnesota's Canadian border, and the Choctaws of Oklahoma are other large tribes.

New Forest Industry

A new forest industry has developed in the past decade in Alabama and adjoining states — the production of storrax or sweetgum. Storrax is the fragrant, balsamic gum that exudes from the bark of the sweetgum tree. Used in medicinal and pharmaceutical preparations, as an emulsion for flavoring powders and incense, for perfume and soap, it formerly was imported from China and Asia Minor. The rapid rise of storrax production in this country dates from 1927, the year China was invaded by the Japs. The method of working the sweetgums for storrax is much like taping rubber to the trees so the cuts and must be scraped off. It then must be melted carefully, strained and packed for export. Each tree produces from one-half to one pound of gum a year for three to five years, and one man can operate 1,500 to 2,000 trees a year.

Sarah Nessman, Of Lansing, Gets News Publicity

Little Sarah Nessman, one-year-old daughter of Mr. and Mrs. David Nessman, of Lansing, is too young to know it but she recently received newspaper publicity which even the most ardent and famous socialist seldom attracts.

A three-column picture of the little girl, smiling over a calendar, appeared on the front page of the Lansing State Journal in its January issue. The caption under the picture indicated that the lovely little child was smiling Happy New Year to all the people of Lansing.

David Nessman, the girl's father, is the son of Mr. and Mrs. John B. Nessman, of Manistique. A graduate of Manistique high school, and also a naval veteran, Nessman is now a student at Michigan State College, East Lansing. The Nessmans reside at 1017 Cady Court.

Gulliver

Little Lois Nelson is in Marquette at present having her cast removed. Her parents' report is very encouraging and that little Lois will return home some time this week. We wish her the very best of everything.

Deacons, Trustees Are Installed At Lutheran Church
Conrad Anderson, Elmer Flodin, and Rudolph Larson were installed as deacons at a service of investiture held at Zion Lutheran church Sunday. They were escorted to the altar for the sacred act by Clifford Cool, outgoing deacon.

Carl Carlson, Omer Dybesik and Gust Larson were installed as trustees in the same ceremony. They were escorted by C. M. Peterson, whose term as trustee had expired.

Rev. G. A. Herbert, pastor, was the installing officer and gave the installation address. The snib, "O Come To My Heart" was sung by the senior choir under the direction of Miss June Christenson, was dedicated to the honor of the installed officers. Mrs. Carl Wedell presided at the console of the organ.

Supplies Cut From State Lands For Use In Brush Shelters
High cost and scarcity of timber used in brush shelter work on lakes and streams, has forced the conservation department's fish division to cut supplies from state lands. Better than 40,000 board feet of logs have been cut with a goal of 80,000 or more planned for 1949. Pigeon river and Manistique state forests also have provided 15,000 cord posts needed in lake and stream improvement work.

Over an eight-year about 4,000 major structures have been installed on 24 streams in the state including the East branch of the Fox river, and Clear Lake in Schoolcraft county.

Biologists Still Think Deer Herd Must Fit Range

Reviewing four "sure-cures" for the deer starvation problem tried in the last 23 years, I. H. Bartlett, deer investigator for the conservation department, says game biologists' advice still holds good as it did in 1925: fit the herd to the range as a stockman would.

Student Gifts To CROP Total \$105

After seeing the motion picture, "Seeds of Destiny," students of Manistique high school gave over \$105 through personal contributions and the various high school organizations to the local Christian Rural Overseas program, it was reported this week.

Student Gifts To CROP Total \$105

At a general assembly, students contributed \$336.66 from their personal allowances and voted to contribute the following amounts from the various high school organizations:

at the Probate Office in the City of Manistique. In said County, on the 19th day of January, A. D. 1949.

three successive weeks previous to said day of hearing, in the Manistique Pioneer Tribune, a newspaper printed and circulated in said County.

in said Court his final administration account, and his petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

George Mars Phone 474-9, 613 Oak Street Manistique, Mich.

THE NEW FUTURAMICS

FUTURAMIC—the most glamorous word in motor cars now applies to two great lines of Oldsmobiles. Not only the newly styled Futuramic '50'—but also a brand new Futuramic '46' with a new '49 Fishar Body that's lovelier, wider and offers greater visibility. And this year, Oldsmobile has struck a new balance of power with two great engines for these Futuramic cars.

DETROIT & NORTHERN MICHIGAN - BUILDING & LOAN ASSOCIATION - Home Office: Hancock, Michigan Branches: Detroit & Flint 19 Agencies Throughout the Upper Peninsula Local Representative MARTIN INSURANCE AGENCY

Leasing — "The people want more spending for public benefits. Economy is no longer popular," said the state official. "I don't believe a man could be elected hereafter today on a platform of thrift in government."

The official was discussing, over the dinner table, the state of public opinion in our fourth post-war year of 1949, as reflected by two tangible trends: (1) Election results of November, 1948, and (2) post-election legislative programs of the Democratic and Republican presidential nominees Truman and Thomas E. Dewey (and Michigan's Governor G. Mennen Williams).

On this basis the evidence appears to be overwhelming. It covers both parties, Democrat and Republican. No "sour grapes" are implied. Here's the picture, and you can judge for yourself.

President Truman proposes a federal budget of 41.9 billions for 1949-50 fiscal year, as compared to 33.8 billions for 1947-48. National defense would get 14.3 billions, six years ago, to 31.2 billions. Foreign aid 6.7 billions, compared with 12, or more than 5.5 billions for veteran benefits, 4.5 billions for national debt. All state agencies, 123 vs. 74, and so on. Total approximately 73 per cent.

cent. The remaining 25 per cent, for national government, amounts to 10 billions, just three times what was spent for public services in 1923. During the top World War I year we spent 14.4 billions for national defense; 4.1 billions for public services.

How would the 10 billions (for public services) be spent? Here's the main program:

For social welfare, health and security—1.963 billions in 1929, and 2.518 billions in 1939. More and new public benefits, financed in part by payroll deductions. For example: Old age insurance taxes (paid equally by employer and employee) would be increased from 1 to 1½ per cent July 1, 1949, instead of Jan. 1, 1950. Compulsory health insurance would be financed by a ½ of 1 per cent payroll tax (employer and employee) starting July 1, 1949. More taxes would follow.

Unemployment insurance would be extended to workers of small firms, employing less than eight workers. This would involve a payroll tax (employer only) of 3 per cent for four years and thereafter a minimum of 1 per cent and a maximum of 4 per cent annually. Agriculture would get 1.6 billions, national resources 1.8 and transportation and communications (highway, etc.) 1.6 billions.

Governor Thomas E. Dewey's legislative program is equally liberal. The state budget of New York would be boosted from 456 million in 1947-48, to 600 million in 1949-50. Education would get 21.2 billions, compared with 12, or more than 5.5 billions for veteran benefits, 4.5 billions for national debt. All state agencies, 123 vs. 74, and so on. Total approximately 73 per cent.

Among the liberal benefits proposed by Dewey: 300 millions for public housing; disability (elderly) insurance for industrial workers; a bigger health service (elderly); and public power (electricity) from the St. Lawrence section.

Lewey emphasizes: "We must respond to the needs and obligations for continued and increased services to the people of our state." On a basis of such need, readily accepted, New York state taxes are to be increased sharply.

Governor Williams' legislative proposals call for bigger and better public benefits right down the line: Public housing, higher payments for workmen's compensation, more medical benefits for disabled workers, higher unemployment compensation, more old-age assistance, higher gasoline and weight taxes (providing those taxes are part of a complete highway program) and better care of the mentally ill.

The gap between Michigan's budgeted expenditures and budgeted income is 60 millions. The legislature's big task is to decide how these additional benefits are to be financed—WHO is to foot the bill?

If President Truman and Governor Dewey and Williams accurately interpret the desires of the American people, then more public benefits, more government in our personal lives and more state socialism are on the way.

To oppose this trend is to invite the label of being a "reactionary," one who is opposed to social progress. Since public officials want to be re-elected and since public spending is obviously popular today, you arrive inescapably at this conclusion:

We're on the way to bigger and better things. Keep your pocketbook handy to help pay for them.

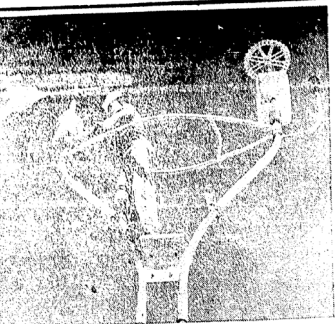

Global Timekeeper

Many and varied are the functions of the century-old U. S. Naval Observatory in Washington, D. C., but Principal among them is that of timekeeper for the nation and its ships at sea. The NAVY in the photo needn't be more than a few thousand miles off a second off after setting her watch with the observatory's super-accurate transmitting clock. (Official Navy Photograph)

James Strong and son, Jack, of Pontiac, and Mr. and Mrs. William Rapin, of Escanaba, attended funeral services here Friday for Patrick Martin. Mr. Strong is a brother-in-law and Mrs. Rapin a cousin of Mr. Martin.

Navy Watches Old Man Weather

Weather plays an important part in the development and testing of aerial missiles. Therefore, the U. S. Navy maintains complete meteorological facilities at the Naval Ordnance Test Station, Azusa, Calif., for predicting the antics of Old Man Weather. Such information is additionally of invaluable aid to the American public in many ways and is available when needed. (Official Navy Photograph)

Post-Mortem at 'Namru One'

The Naval Medical Research Unit No. 1, at the University of California at Berkeley, directed in 1943 to investigate possible enemy use of infectious disease as a weapon, has not only gained considerable knowledge of mass defense against disease, but also accumulated invaluable information for the control of communicable airborne diseases among peacetime populations. Photo shows an autopsy under way on an animal infected during the course of studies at "NAMRU ONE." Protective masks are worn by the laboratory researchers. (Official Navy Photograph)

The Walsh Estate is offering to the highest bid timber lands in Schoolcraft County, part or all. The list of this property may be obtained from Miss Laura Williams at the court house. You may make an offer to Miss Williams.

ELECTRICITY does the job better and cheaper

IN THE HOME
LIGHTING • REFRIGERATION
COOKING • WATER HEATING
LAUNDRING • IRONING • CLEANING • ENTERTAINMENT

ON THE FARM
LIGHTING • WATER PUMPING
REFRIGERATING • MILKING • MILK COOLING • SEPARATING
CHURNING • MOTORIZED TOOLS

THE COMPLETE USE of electricity is rapidly changing our way of life—and for the better! Completely electrified homes and farms, using low-cost, easy-to-operate, time-and-labor saving electrical conveniences, mean better living and easier working.

Rely on electricity exclusively to do ALL the jobs—not merely for lighting but for the big time-and-energy consuming jobs like Refrigeration, Cooking and Water Heating—and thus gain the lowest price through widest use of the best method.

It's wise to use electricity for any job...wiser to use it for more jobs...and wisest to use it exclusively for ALL the jobs. GO ALL-ELECTRIC, The Modern Way.

THE MORE YOU USE - THE LOWER THE PRICE GO ALL-ELECTRIC Modern Way

Value No. 1 in its weight class!

For proof, read the "Value Comparison" at the right. More power is yours for brilliant performance...with more payload capacity, too! Superior ease of handling is yours with advanced steering, and front-end design. More load protection and driver comfort are yours with longer, bigger-capacity springs...and generous-sized cabs. And most valuable of all, safety for loads, and for your truck investment, are yours with the safest vision ever designed into a truck cab...and with the finest of all brakes.

These are just a few of the many advanced features that are yours with Dodge "Job-Rated" trucks. There are many more!

So come in...and let us give you all the reasons why this truck represents Value No. 1 for hauling jobs in this weight class!

NEIGHBORHOOD NEWS

Thompson

Mrs. Sig Anderson, of Manistique, with Mrs. George Olson, of Thompson, were Escanaba shoppers on Monday.

A daughter was born on Friday to Mr. and Mrs. Martin Cousman. This is the fourth child in the family. Mrs. Cousman is the former Helen Harsh.

Announcements were received this week of the birth of a daughter to Mr. and Mrs. Virgil Adams, of Kalamazoo. Mrs. Adams is the former Joy Brown, daughter of Mr. and Mrs. Ira Brown. This is the second child in the family and the first granddaughter.

Clyde Rodgers, son of Mr. and Mrs. Clyde Rodgers, joined the Golden Gloves program, now underway at Manistique under the direction of the Manistique Lions Club.

Thirteen students of the Thompson school received dental attention at the Health Clinic at Manistique on Wednesday.

Quite a number of the local hatchery members were in attendance at the city hall in Manistique on Friday evening where they joined a union recently organized in that group.

Mr. and Mrs. Harvey Pierce with Mrs. Francis Corlett made a business trip to Cheboygan over the week end.

Mrs. Sam Anderson is being employed at Cheboygan this winter.

Several ladies of this town are taking lessons in the different classes being taught at the Manistique high school this winter.

Mrs. John Olson is taking a course in art, while Mrs. Mathilda McPhail is taking designing. Others are taking courses in knitting and sewing.

Leonard Flodin, son of Mr. and Mrs. Gunnar Flodin, who recently joined the U. S. army, is now in training at Fort Sill, Oklahoma. A bed spread is being raffled for

the benefit of the Hot Lunch project here this week. Buy a ticket and help a worthy cause.

Alfred Erickson returned to the Summit hospital where he is confined on Monday following a ten day visit here with relatives.

Several petitions are being circulated this week by interested parties in the coming primary election. Candidates on the list will oppose the present board.

Cliff Long made a business trip to the Sengy feeding station over the week end in the absence of Arvid Major, who is visiting his family at Gladstone.

Marilyn Arnold, daughter of Mr. and Mrs. Wally Arnold, is very ill this week.

Woods District

Church Services

Rev. Paul Sobel, of Manistique, will conduct services at the Woods community church on Thursday evening, January 27, at 8 p. m. Sunday school at 10 a. m., January 30, by Mrs. Leon Rice, superintendent.

Woodette Club

The Woodette Club will meet on Tuesday evening, January 25, at Woods school. The hostesses will be Mary Hedgelen and Evelyn Miller. More new members are needed. Any one interested please come

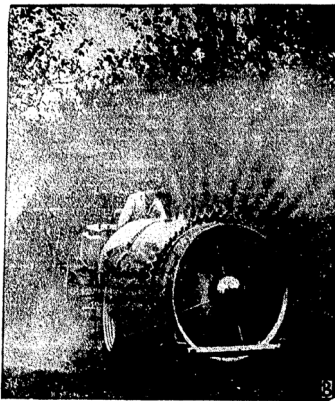

week ago to accept employment. Mrs. Ray Smith's daughter, Helen, of Gladstone, is here for a week's visit. Helen and Solly and Sonny Anderson were callers at the Clifford Smith home on Tuesday evening.

Gulliver

GULLIVER SKATING RINK HIGHLY SUCCESSFUL

The skating rink at Gulliver is success from every standpoint.

Fights Bugs with 100 m. p. h. Blasts

IN A CLOUD OF SPRAY, the Autoblaster, mobile sprayer that creates a 100 m. p. h. hurricane at the point of ejection, moves through an orchard at Marton, Kent, England. Invented and manufactured in Britain, the Autoblaster sprays atomized insecticide over a semi-circle of 40 feet from side to side. What Britain has accomplished in industrial recovery since the war will be on show at the British Industries Fair, to be held in London and Birmingham next May 2nd thru 13th.

Adults, teenagers and many little boys and girls are on the ice day and evening.

Parents feel free to send the children, knowing they will be free of drowning worries which keeps many from skating on the lakes.

It is now well lighted which in itself is an asset to the community. Kenneth Pawley donated his work and time installing lights for which we are truly grateful.

The planning, supervising, cleaning and icing has been accomplished by the Recreation Club which has worked very hard and

long to bring the rink up to its present good condition. The town board has given its permission to use part of the town hall shed for a warming place and also as a place for changing skates or shoes.

Appreciation is also extended to Edward Bjorkman who has given of his time and labor to install a door in the east end of the shed close to the rink, and to Ed Johnson for his interest in the children and their welfare.

Skating rink contributions in labor follow:

Mickey Hodge, four hours; Tony Hodge, eight hours; Jimmy Rogers, four hours; Dicky Rogers, two hours; Fay MacGregor, two hours; Sally MacGregor, two hours; Timmy MacGregor, eight hours; Wil-

lard Smith, 12 hours; Lloyd Smith, four hours; Robert Smith, four hours; Don Davis, 10 hours; Edwin Johnson, 92 hours; and Kenneth Pawley and Edward Bjorkman, best of everything.

"Boys and girls! Join the Milwaukee Sentinel's new Comic Weekly Club. Watch for the first Club Corner in the Comic Weekly Section of next Sunday's Milwaukee Sentinel. Trapped Boy Scuffles Pants but Gains Freedom

ST. LOUIS, — Police officers had a choice of two ways of releasing Harry Charleville, 10, after he had become wedged between crisscross girder of a bridge here. They way and his.

The boy told the policemen to cut the girder that were holding him but they had a less dramatic way.

Before a crowd of more than 100 they removed his trousers and sponged his body. Half an hour later he was freed.

Embarrassed little Harry grabbed his trousers and scurried home.

Actress Stabs Self in Throat To Avoid Traffic Ticket

HOLLYWOOD — Evelyn Horton, 26, an actress, stabbed herself in an effort to avoid getting a traffic ticket.

"If you give me a ticket, I'll stab myself," she warned a traffic officer, who responded to the curb after she offered a red signal.

Couch opened his book of Mrs. Bertucci, known in the town as Evelyn Smith, pulled out a note including charges concerning the plumed the blade into her leg. She was treated at Hollywood receiving hospital, then taken home.

Manistique, Michigan

Manistique In Former Days

50 Years Ago
Joe Araswood has been in the employ of Emil Thompson, the meat dealer, this week.
Jack Williams is expected home on every train now. His condition is rapidly improving.
The man who is completely wrapped up in himself is always being repaid.
The interior of the Winkelman here is being repainted.
We will pay cash for two cards of four feet dry body wood. First come, first served.
After all poverty has one advantage over wealth. When a poor man gets sick there is no desire on the part of his physician to prolong his sickness.
Angus McDougall, of Gerafask, purchased a red card from the county treasurer this week, which entitles him to sell liquor in that township.
Archie MacLaurin has been on the sick list this week.
Chas. Thoroll, of Lakeside addition, is critically ill. No hopes are entertained for his recovery.
Some women make their own bonnets, but most of them pick other women's bonnets to pieces.
Edward Cookson, the walking loss for the C. I. Co., was in the city Wednesday looking for "cant hook" men for Frank Cookson's camp. He found men very scarce.

To furnish ample water for the new fire engine it will be necessary to cap at least ten of the wells about town.
40 Years Ago
If you have no strong enemies you have no strong friends.
Frank Clark & Co's delivery team ran away Wednesday morning. The little daughter of Sheriff Klingsdal was in the sleigh at the time and escaped without injury. The horses were caught in Lakeside addition.
The beer warehouse belonging to Matt Schneider, and located in the vicinity of the St. James hotel, was partially destroyed by fire late yesterday afternoon.
A number of young people participated in a sleighing party to the home of Mr. and Mrs. John Sraaslor.
Geo. MacLaurin has completed his ice boat and is awaiting favorable conditions so that he can try it out. H. J. Van Marter is also building one.
The building occupied by the Manistique laundry is being enlarged and will be extended to the walk. The changes are being made to accommodate new machinery.
Chas. A. Robinson, of Niagara, Wis., is expected in the city tomorrow morning for the purpose of attending the Bowen funeral.
The mild weather this week has rained the sleighing and wheels are predominant today. The weather is unusual for this section and season.
Excellent program at the Princeton to meet his family and from there will proceed to their home in Chicago. The Olsens have spent most of the summer and fall at their cottage at Indian Lake.
Mrs. C. W. Bretz was called to Welland, Ontario, this week by the death of her brother, Lemuel Hogue. In the message received by Mrs. Bretz no details of death were given. It is believed that death was sudden inasmuch as previous correspondence had not related any illness.
Miss LaVerle Larson, of Garden, returned to her home Friday after a week in the city, the guest of Miss Merle Rhodes.
Joe Morcier, local representative for the Metropolitan Life Insurance company, spent Tuesday and Wednesday in Nahma on business.
Wednesday, January 16th, was Mrs. Baldwin's first birthday anniversary and her mother, Mrs. Paul R. Baldwin, entertained several mothers and their babies in the afternoon in honor of the celebrated Groelan drama. The other numbers were "How Mabel Found a Husband" and "Gaught with the Goods On," (a funny one), illustrated song, "Have I Made a Hit With You?"
Mrs. Alfred Laurion and little son, of Wells, are the guests of relatives in the city.
Malcolm Nelson, of Third street, left last week for Chicago where he expects to be employed.
Richard Carlsten, of Haughton avenue, has left for Chicago where he has accepted a position.
Omey Olson left last Sunday for Menominee to meet his family and from there will proceed to their home in Chicago. The Olsens have spent most of the summer and fall at their cottage at Indian Lake.

Lundstrom Garage To Hold Formal Opening Saturday

The formal opening of the new show room of the Lundstrom Chevrolet company will be held Saturday, January 22, at the same time as the new 1949 Chevrolet car is first exhibited to the public, it was announced this week by E. T. Lundstrom, owner.

The opening will be held all day Saturday and Saturday evening. The public is cordially invited to attend.

Construction work on the 45-foot by 88-foot addition to the Lundstrom Chevrolet garage was started April 1, 1948, and the building was occupied on December 19. The contract for erecting the building was held by the Proskoch Construction company, of Iron River.

Large Showroom

The building is built of brick, and houses a large showroom, parts department, and offices. The floor of the showroom and parts department is terrazzo while floor in the office space is of asphalt tile over concrete. Walls are of knotty pine. The parts department is considered one of the most modern and beautiful in the upper peninsula.

The shop department in which

the parts department was previously located has been remodeled and re-equipped with considerable new machinery, including two twin-posts hoists; special equipment for servicing Chevrolets and Oldsmobiles such as a new valve grinder, bushing grinder, and hydraulic press; and complete Bear equipment including front end and frame straightening machines, wheel balancer and wheel straightener.

The new addition replaces one of Manistique's original buildings, the old Tucker livery barn. Charles Lundstrom and Sen purchased the business, including the Tucker barn, in 1914 from Joe Bebeau.

Comments on New Model

Commenting on the new car which will go on display Saturday, Lundstrom said: "The latest model has been completely restyled. It is lower, wider and more distinctive than any previous series. Not only does the design introduce superior beauty to the low-priced ranks, but numerous body and chassis improvements promise to add to Chevrolet's reputation for comfort, safety and convenience."

"Two series of cars, the Fleet-

PEOPLE NOT AFRAID TO DISCUSS CANCER

Dr. G. A. Shaw, Medical Director of Chapter, Cities Recent Survey

Dr. George A. Shaw, medical director of the Scholcraft county Cancer Society and a member of the upper peninsula cancer board, said Thursday that a recent country-wide study of popular attitudes about cancer by the Survey Research Center at the University of Michigan reveals that men and women today are not afraid to discuss cancer fully and freely.

Postpone Meeting Of City Council To Next Friday, Jan. 28

Because Councilmen Stephens and Sellman will be out of the city, the meeting of the Manistique city council scheduled for Monday, Jan. 27, has been postponed to Friday, Jan. 28. It was announced Thursday by Alex Robertson, city clerk and acting city manager. Stephens and Sellman will leave Monday to attend the annual meeting of the State Association of Supervisors in Lansing.
