

NINETY-EIGHTH YEAR, NO. 2

MANISTIQUE, MICHIGAN, THURSDAY, APRIL 7, 1949

METERS HERE; INSTALLATION STARTS SOON

Parking in Business Districts To Be Regulated By 200 Machines

Manistique's new parking meters, 200 of them, have arrived here and will be installed and in operation by May 1. It was reported this week by Alex Robertson, acting city engineer...

The Karpark Corporation, of Cincinnati, O., from whom the meters were purchased, will send its own crew here to install the meters. Robertson said the machines will be installed about 25 feet apart throughout the city's eastside and westside business sections...

NEIGHBORHOOD NEWS

Hiawatha

(Frances Henriksen)

The pie social given by the Suits and Hammer Hi club at the Aldrich school Saturday night was well attended and the evening spent in card playing and dancing was well enjoyed by all.

Those from out of town who attended the pie social were: Mr. and Mrs. Agner Dehlin and Mrs. and Mrs. McGunk of Lower Hiawatha; Mr. and Mrs. Robert Crawford of Manistique Heights, Mr. and Mrs. Adam Harold Brock, Mr. and Mrs. Walter Gherki, John Gherki and John Kossaki of Munising and Mr. and

Mrs. Hamson of Manistique. Mrs. W. Brock and Mrs. A. Henriksen attended the meeting to promote the Cancer Education Campaign at the Manistique High School Saturday afternoon. A delicious luncheon was served and talks by Mrs. J. Herbert, Mrs. Russell LaFleur and Dr. Bremer were very instructive as was the movie on cancer at the close of the meeting.

Among those from Hiawatha who visited in Manistique Saturday were Mrs. Russell LaFleur, daughter Nancy and son Leonard; Mr. Henschel Byers; Mrs. Adam Harold Brock, Mr. and Mrs. Walter Gherki, Mr. and Mrs. Willington Kossaki of Munising and Mr. and

Ileen Latsch, Mr. and Mrs. Harold Brock and children, Dinna and Wayne; and Mr. and Mrs. Vincent Weichert and children.

Mr. and Mrs. Willington Brock had as guests over the week end, their son and daughter-in-law, Mr. and Mrs. Harold Brock and children of Munising.

Dale Latson, who broke his collarbone, is now able to return to school.

Miss Stella Byers attended the Older Girls conference March 26 and reported on it at our last Grange meeting and led in the singing of some modern songs for the lecture program.

The Hiawatha Township Board members have purchased the former Grange hall and it will now be called the Hiawatha community Hall and it will soon undergo extensive repairs.

Mr. Bernhardt of the Extension Service in Manistique will show some safety pictures at the next regular Grange meeting Tuesday, April 12. The public is cordially invited to attend.

Lottie Gloria Burley, daughter of Mr. and Mrs. Cecil Burley of Searsville, had her nose broken while playing ball recently, but was able to attend the pie social with her parents and brothers and sisters Saturday night.

Irving Henriksen has been ill with the flu the past week. Mr. Wally Williams of Manistique visited in the settlement Sunday.

Mrs. Wellington Brock and Mrs. Russell Buggles will represent the friendly neighbors club at the second furniture refinishing lesson to be held at the Maple Grove school Wednesday, April 6.

Maple Grove Mennonite Church Rev. Norman Weaver, pastor, Sunday School, 10 a. m. Preaching service, 11 a. m. Sunday evening, 7:30 p. m. Mid-week prayer service and Bible study, Wednesday evening, 7:30 p. m. Mrs. Harry Anderson was hostess to a "Stanley Products Party" demonstrated by Mrs. Opal Stewart, of Manistique, Wednesday evening at her home. Those present were: Madames Adolor LaCroix, Wil-

iam Clements, Richard Freedland, Edward LaRue, William E. Tenynson, Lester Bjorkman, Walter Duquette, Edward Bjorkman, Ford Beverage, Roy Amerson, William Willour, Percy Olson, and Miss Ann Seabeck. Games were played with prizes being awarded to Mrs. Lester Bjorkman and William E. Tenynson. Mrs. Richard Freedland and Mrs. William Willour. At the close of the evening a luncheon was served by the hostess, Mrs. Harry Anderson.

Mrs. Rosella Swarner, visited last week with her son and family, Mr. and Mrs. LeRoy Swarner, and Mrs. Frank Varetta.

Mrs. Roy Anderson and daughter, Sally, were in Manistique on business Thursday.

The Musker Trust, Health Committee, and several volunteer ladies met at the township hall, Tuesday evening and made cancer dressings and several items for the cancer loan and chest.

Stanley Applegate, of Marquette, visited the week end at the home of his parents, Mr. and Mrs. Larry Applegate.

Gabe LaCroix, Harold Stuhler and B. Keene spent the week end with their families at Hermansville.

Mr. and Mrs. Stewart Earle, of Hermansville spent several days at Blaney Park.

Mrs. George Parkinson, has been dismissed from the Shaw Hospital.

Mrs. Kay Duquette, of Manistique, spent the week end at the home of Patsy Duquette.

Mrs. Virginia Willour, Harry Anderson, Charley Blanchard, and Mrs. William F. Bowers of Manistique, visited at the William Willour home Thursday afternoon.

Mr. and Mrs. Earl Hammett, made a business trip to Manistique, Friday evening.

Mrs. Kenneth Webber and Miss Janet Gillette, attended the show at Manistique Wednesday evening.

Mr. and Mrs. McGuirk, of Manistique, were Sunday visitors at the John Heitel home.

Mrs. Augusta Anderson and Arthur Anderson, were callers at the Charles Nelson home in Manistique on Wednesday.

Mr. and Mrs. Emil Price and Mrs. Richard Freedland, were shoppers in Manistique Saturday.

Johnny "Muskrat" Nelson, went to Manistique Friday, so that is really a good sign that spring is here. This is the first Johnny has been out from his cabin in three months.

Mr. and Mrs. Albert LaCroix were shoppers in Manistique Saturday.

In the contest for supervisor in Mueller township, Wells Bowers defeated William E. Tenynson, by a vote of 121 to 63. There was a total of 185 votes cast in all.

Mrs. Adolor LaCroix and family, Mrs. William Willour and family, and Mrs. William Clements, attended the show in Manistique, Sunday evening.

Edd Bjorkman was a business caller at the Adolor LaCroix home Monday.

Gulliver

Word has been received here of the retirement on January 1, of Mr. H. E. Schuknecht as head of the dairy division of the Ohio Salt Co. Mr. Schuknecht is well known here, having spent many summers at their family summer home on Gulliver lake with his daughter Mrs. Lucile Adamek.

The first man to make butter on a commercial scale from pasteurized milk, he was also a pioneer in development of high refined purified dairy salt, setting up the dairy division of the Ohio Salt Co.

A New Surprise! smooth, mellow, velvety. It's Patrick Henry Malt Liqueur. FOX BREWERY BREWING CO. GRAND RAPIDS, MICH.

and as assistant dairy and food commissioner of Illinois. In Allcaut, La, Minnesota and Madison, Wisconsin he saw the possibilities and advantages of pure, sweeter butter and samples were sent to some leaders in the industry with encouraging reports. Demand for the butter grew steadily and today's producer is made from pasteurized cream.

Mr. Schuknecht plans to spend the winter at his home in suburban Morgan Park, just outside Chicago, and his summers at the cottage on Gulliver Lake in Gulliver where he has a host of friends.

Mr. and Mrs. George Walker are spending some time at the Joe Davis home.

Mr. and Mrs. Eugene Calvert and daughter Katie, of Rockford, Illinois, arrived Wednesday to take over Old Deerfield resort, formerly operated by Wallace Calvert. The resort on Gulliver Lake is being put in readiness for the summer season and will be under the supervision of Eugene Calvert.

Mr. E. H. Christensen of Ojibwa, Wisconsin, was a business caller in the village on Wednesday.

Many local folks enjoyed the movie on cancer control and prevention, a luncheon was served potluck style and a silver offering was taken. Proceeds to go to the cancer fund.

William Wilson, Suel Choix Point, returned Monday from Cleveland, Ohio where he spent four weeks with relatives and friends.

Many local folks enjoyed the Spring Achievement Program at the Oak theatre on Tuesday. Rural schools were closed on Monday and Tuesday.

Howard Peterson New Siddall Drug Store Jeweler

Howard Peterson, former resident of Cooks, is in charge of the new jewelry and watch repair department at the Siddall Drug Store. He began his new duties Monday.

Peterson, who is the son of Mr. and Mrs. Oscar Peterson, of Cooks, Maria.

to her home here last Saturday. Preparations are being made for the installation of street lights in the village, something we have long hoped for. Wisconsin Michigan Power Company trucks began working on the project on Thursday, March 31.

Mr. Ronald Ruske arrived home on Wednesday evening, March 30, after spending several weeks at the Marine hospital in Chicago.

Miss Vera Goodreau, daughter of Mrs. Vera Goodreau, Suel Choix Point, was rushed to the Shaw hospital on Friday p. m. April 1, where she underwent an operation for acute appendicitis. Vera is coming along nicely and will be released from the hospital next week.

Janet Dixon has been on the sick list this past week but was able to be back at school on Monday, and to take part in the Hi Spring Achievement Program on April 5, at the Oak theatre.

Mr. and Mrs. Ray Harden, guests at the Corey home on the River road, returned to Pontiac last week on Saturday, April 9, at the Grange Hall. A good attendance is desired.

The Gulliver Community Planning Club met on Tuesday, April 5, at 8:00 p. m. After the business meeting, which was followed by a movie on cancer control and prevention, a luncheon was served potluck style and a silver offering was taken. Proceeds to go to the cancer fund.

LUTHERAN CHURCH GAINS REPORTED

Rev. Herbert, Local Pastor, Attends Conference In Iron Mountain

A membership gain of three and a half percent for churches within the Superior conference (Upper Michigan and northern Wisconsin) of Augustana Lutheran church was reported by the Rev. G. A. Herbert, conference secretary and statistician, at a meeting of the conference executive board held in the Commercial bank building at Iron Mountain recently. The session was held principally to prepare agenda for the annual convention of the Superior conference at Merrill, Wis., on May 3-6.

Rev. Herbert reported the greatest number of improvement on local church properties during 1948 than for many years past. Improvements were made in the amount of \$102,000.38, twice the amount expended in 1947. Total expenditures amounted to \$373,901.01. The per capita contributions were higher than the previous year, the highest being made in the eastern end of the upper peninsula.

The proposed budget of \$46,695 for missionary, charitable, educational, administrative, and social welfare programs during 1950 represents a seven per cent increase over 1948, reflecting the steady expansion of all services within the church body. Improvements were also recommended for Fortune Lake Bible Camp in Iron county, owned by the conference.

"Board members were greatly encouraged over the increased membership during the past year, and the implied increase in interest concerning the work and affairs of the church throughout the conference," said Rev. Herbert following his return from the meeting.

AGED RESIDENT, 78, CLAIMED BY DEATH

Funeral Services Held Tuesday Morning For William Mitchell

William Mitchell, resident of the Schoolcraft area for about 50 years, passed away Sunday at the home of a nephew, Leo Thomas, 107 North First street, following a long illness. He was 78 years of age.

Mr. Mitchell was born in Ne-gaunee on Aug. 22, 1870, and came here to work in lumber camps of the vicinities when he was a young man. He later worked in local sawmills and his most recent employment was at the papermill.

Mrs. Mitchell died a number of years ago. His nearest relatives are a stepdaughter, Mrs. Roy Sawyer, a nephew, Mr. Thomas; and two nieces, Mrs. Roy Lynta and Mrs. Ben Dixon, all of Manistiquette.

Funeral services were held Tuesday morning at St. Francis de Sales church, the Rev. B. J. P. Schevers officiating. Burial was in Lakeview cemetery under the direction of the Kefauver and Jackson funeral home.

Michigan Among Leading Three In Tourist Business

Michigan was in "The Big Three" in the nation's tourist industry in 1948, according to a survey conducted by a national magazine. New York had the largest number of vacationers, California was second and Michigan was third. Illinois and Florida followed and Wisconsin and Ohio were tied for sixth place.

In commenting on the survey, Robert J. Furlong, administrative secretary of the Michigan Tourist Council, explained that the results gave a representative picture of some two and a half million families included among the readers. He added that these reader-families probably are characteristic of the vast number of families in the middle income group.

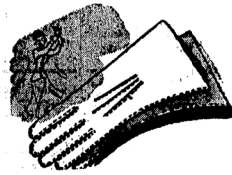

The survey revealed that Michigan and New York will be tied for second place in 1949, with California out in front. Furlong points out, however, that the survey sees no gain in vacation business for Michigan this year. The tie for second place is a result of a predicted drop in New York's standing. California, on the other hand, is expected to enjoy a sizeable increase in the number of visitors.

"Results of this and other surveys among vacationers indicate that Michigan will enjoy another big year in the tourist business," said Furlong. "But our state cannot stand still. Competition from other states is becoming so keen that we have a bigger job than ever before if we are to induce new visitors to come here and if we are to keep the others coming back."

"UNION NOW"? SPIRITUALLY, YES. POLITICALLY, NEVER. The "Union Now" with England will sacrifice her life to protect her movement which we support was dead shows signs of revival since Churchill's able speech at Boston Thursday night, although Churchill himself has never urged political union with the United States.

It is unnecessary to agree 100 per cent with everything Churchill says or does, but all can agree that there is nothing phony about him. He does not play to the gallery or try to steal the picture, and his rugged personality and bull dog determination carried England through perhaps the greatest crisis in her long history. He is one of the greatest statesmen of all time and perhaps the only one in the past 50 years worthy of having his picture in the same frame with our Washington and Lincoln. He figures for England first, last, and all the time, and his Thursday night speech was one for the ages. Would that we had an American leader even approaching his stature figuring for America first, last, and all the time.

Figuring for one's own country does not mean being an "isolationist". On the contrary it harmonizes with the broadest vision of world welfare. After all, how can a nation or individual help others unless they first make themselves strong and independent?

We have heard a lot of false propaganda by power seeking politicians in this country to the effect that the rich "exploit" the poor, and the strong live off the weak. The exact opposite is the truth. Every rich man in this country from Henry Ford down has lifted a host of others, and even in a wolf

pack the strong will fight to protect the weak and a mother partridge will sacrifice her life to protect her brood. That is one of nature's fundamental laws.

Political "Union Now" with England is impossible and would not work, and still more impossible with any other country or group of countries.

England is a great sea power whose very life depends on free trade with foreign countries, and the for a long British Commonwealth of diverse nationalities in Race, Color, Creeds, Traditions and Religions beliefs has not even a written constitution to bind them to the mother country. In fact, England herself has no written constitution, and England could never by force of arms compel these practically independent states comprising her empire to fight for her. The British Empire is held together by something far stronger than force of arms.

The United States is the greatest land power on Earth, practically self supporting and self contained, with tariff laws set up to protect our "infant industries", and there are many other differences in habits, traditions, observed forms, and ways of living which make any political union with England impossible. Would the head of such a "World State" be King "Harry" Truman or "President" George. The very idea is laughable and ridiculous.

POLITICAL "Union Now" even with Canada, right in our own yard, would be impractical and undesirable.

Politically minded power seeking "One Worlders" should study their History, particularly what

MICHIGAN Motoring

Watch out for kids! Anticipate their moves and STOP in time to avoid a tragedy! Your automobile, incorrectly handled may be an instrument of DEATH. It's up to you to obey the rules of good driving—for safety.

Your automobile can only give you best service when it is in good running condition—a car with faulty mechanics is a DANGER-OUS vehicle! Make it a habit to bring your car to your local garage for regular check-up. Keep those brakes in good working order constantly—so that, if necessary, you can stop almost instantly—it may be the means of saving a life—perhaps a child.

Police are regularly checking lights and brakes on the automobiles of Michigan. Their purpose is to help you—to keep you safe by helping to keep your car safe. Cooperate to make Michigan's highways safe for the children—for all our citizens who regularly travel or cross our busy streets and highways. Have your car checked today—for safety's sake!

© 1938 by Automobile Insurers' Safety Association

political union is impossible, two fundamental traits are possessed by all living creatures. One is that they want to live their own lives, and the other is that they respond to kindness and understanding, and if we can unite in loving kind and tolerant and understanding toward our neighbors everywhere, there is no reason why a spiritual "union now" cannot eventually be achieved which will forever eliminate war among nations.

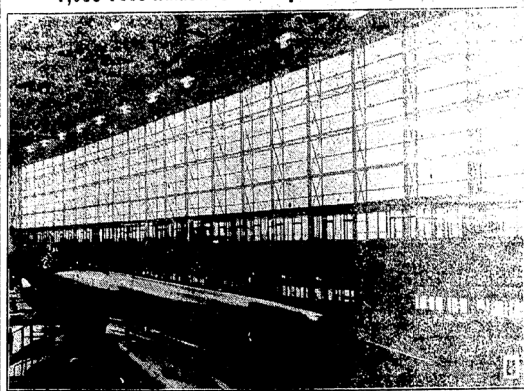

One thing is certain. If we depend entirely on atomic bombs for security we are lost, for it is written "They that live by the sword shall perish by the sword" and it is also written in a Book, not one jot or tittle of which has ever passed away, that "the meek shall inherit the earth".

It would seem a sensible foreign policy for us to Be kind, Be strong and Be quiet.

Wm. S. Crowe.

When small areas of a rug's surface have been crushed by furniture or the shuffling of feet, you can bring the pile back to normal by applying a hot iron on a damp cloth. Brush the pile briskly after this suggests Ruth Peck, extension home economist at Michigan State college. Rug corners which curl can also be remedied by applying a hot iron on a damp cloth to both sides of the carpet.

1,000-Foot Window Stands Up to 150 m.p.h. Blast

A SEA OF GLASS, 1,000 ft. long by 50 ft. high, stretches along one side of a great hall at Bristol, England. It is the window of the plant built for the construction of Britain's largest airliner, the 120-passenger Brabazon, and for the repair of smaller aircraft already flying on British air lines. Made of plate glass, the window has been tested to stand wind velocities up to 150 m.p.h. Some idea of its size can be gathered by comparing the section pictured here with the yachtsman (foreground) undergoing servicing. Britain's annual show of her industrial developments, the British Industries Fair, takes place this year in two sections in London and Birmingham, from May 2nd to May 13th.

WARN JUVENILES ABOUT SHOOTING

Youngsters Must Have Licenses And Be Accompanied By Parent Or Adult

Spring fever that robs juveniles of their wits and leads them to shoot crows, foxes, and illegal targets such as songbirds may get their parents into trouble, say local conservation officers.

Small boys afraid after the winter's confinement have been guilty of indiscriminate shooting in a number of cases. Few of them, roaming the countryside with a gun, realize that, just as in hunting season, they must have their license and be accompanied by a parent or other qualified person until they pass their seventeenth birthday. Laws against trespass affect them just as strongly as in hunting season.

Conservation officers who find unaccompanied juveniles using firearms to shoot predators in a way to alarm suburban residents may hold the guns until the parents are interviewed. Older offenders may be prosecuted for careless use of hunting arms.

WORRY AND INDIFFERENCE

★ Overanxiety, particularly about health, is a disease in itself. Physicians call it hypochondria. Those who "enjoy" ill health only make themselves and those about them miserable.

Opposed to chronic worry is complete indifference, to the point of disregard of commonsense health rules and contempt for medical care.

Between these two absurd extremes lies the sane middle road. Petty, transient discomforts need not cause grave concern and frequent trips to the doctor. When symptoms persist or recur with annoying frequency, it is then time to seek professional assistance. Indifference under these circumstances only invites more serious trouble.

GIVE to conquer

Cancer Can Strike Anyone

JUST MAIL IT TO "CANCER"

Give as generously as you can—today. Just mail your check or money order in an envelope addressed to "Cancer". Your local post office will deliver it to the American Cancer Society office in your state.

Here's my \$..... to help conquer cancer
 NAME.....
 ADDRESS.....
 CITY..... ZONE..... STATE.....

Give and keep giving to help science defeat the disease that strikes, on the average, one out of every two homes in America. Say to yourself... here is life-giving money to help those stricken by Cancer to live again.

EVERY NICKLE AND DIME I give helps support an educational program teaching new thousands how to recognize Cancer and what to do about it.

EVERY QUARTER I give helps set up and equip new research laboratories where scientists are dedicating their lives to find the cause—and cure of Cancer.

EVERY DOLLAR I send helps buy new equipment, helps establish new facilities for treating and curing Cancer, both still pitifully scarce in this country...

Guard those you love! Give to conquer Cancer!

Communications must be signed for publication. The columns of the Pioneer-Tribune are a free platform, limited only by consideration for the laws of libel, the rights of privacy, and the rules of grammar.

If you are a Democrat, are you tired of it? Or, do you apologize because you vote Republican? It seems to be the big issue in most legislative debates on the primary. This is the system of voting now used in Michigan that does not require voters to declare party affiliation.

Democrats, who were largely responsible for initiating the new primary in 1937, feel that voters against Democrats is great in the small towns. It is vital to return to the old

system where voters must reveal their party in order to vote. Many Republicans on the other hand, are saying that the present system is destroying party responsibility and ultimately will lead to "destruction of the two party system."

Repeal of the two-year-old lobbyist registration act is being considered. This is the law that was fathered by former Governor Sigler as part of his better government program. Rep. Howard R. Carroll (R., Mt. Clemens), who has introduced a repeal bill, says that "The law is not being enforced to control real lobbyists. All it does is discourage people from using their constitutional rights to talk to their representatives." At present 246 lobbyists are registered.

Another Sigler innovation, however, is doing much better, thank you. The new Department of Administration which combines many of the functions of State government and which is less than a year old, seems to be gaining new friends every day. Although originated by a Republican administration,

500 Calves Take Over Flyers' Wartime Depot

BEEF INSTEAD OF BOMBS is now the purpose of a wartime British air force depot. Reason for the change is the raising of American beef calves for beef as a step toward solving Britain's meat shortage. Pictured above are feeding time at the former air depot at Emsbury, Wiltshire, where 500 calves are living to become beef instead of being slaughtered for veal. Britons do not expect the best beef from such animals, but hopes are high that it will be better than some of the cuts at present included in their weekly ration of 40-cents worth of meat. Agriculture production in Britain is now about a third above the prewar total. A drive is on to raise it another 1/10th of the prewar figure by 1952.

tion, Democratic Governor Williston is giving the Department his full support. Just the other day he described it as "the one place in state government you can go and find someone who can tell you about any part of government. I think that the people of Michigan want to be sure there is no encroachment on this department so it can continue to develop and function."

Local self-government got many pats on the back at the U. S. Conference of Mayors meeting in Washington last month. Mayor George Welsh of Grand Rapids is the retiring president of this group. Gen. Dwight D. Eisenhower told the mayors that the maximum amount of local self-government is a fundamental of democracy. He also urged the cities not to depend too much on the federal government to solve their problems.

The Mayor's conference adopted some interesting resolutions. Among them was a proposal for a survey of federal taxes and functions as they relate to America's cities. Plans call for this survey to be made along the lines of the Hoover Commission reports on the executive branch of the federal government which are now receiving so much publicity and

Price of milk would be reduced two cents a quart, according to a booklet published by the Michigan Agricultural Conference. If two serious cattle diseases could be eliminated from Michigan dairy herds, the disease are known as brucellosis and mastitis. The booklet says that "Brucellosis alone deprives the Michigan milk consumer of something like 228 million pounds of milk each year—enough to supply 567,000 children and adults with their whole milk requirements for one year."

The Conference says that these and other diseases can best be fought by scientific methods. It hopes the mayors that the recommendations that inadequate facilities at Michigan State College be modernized. The legislature is being asked to appropriate \$2.2 million for this purpose.

Governor Williston is the third highest paid governor in the country. A recent survey shows that the chief executives of New York and California each draw \$26,000 a year. Michigan is third with a \$22,500 a year governor's salary.

A concerted drive is being started to increase state aid to local health departments from the present \$200,000 to \$2 million a year.

says the heifer he took to the U.P. Fair last summer gave birth of a heifer calf, both animals will be eligible for entry this year.

Bill Bertran, Standard Oil salesman, is scheduling a film on gasoline to be used at the last tractor meeting.

It took a lot of cooperation to make the spring achievement program successful. The tables were loaned from the Elks and the Lutheran Church. The U. S. Flag was loaned from the VPW. Leonard's Barbershop and the Manistique Agency contributed advertising space. Miss Helen McLaughlin and J. R. Lowell served on the dress review judging committee. Local leaders did an excellent job of arranging exhibits and helping with the style review. And after it was all over, Jack Kingstad helped sweep the Roller Rink and take down the tables.

MEAD CORPORATION REPORT IS ISSUED

Retirement Fund Figures Given For Papermill's Parent Company

The annual report of the Mead Corporation released recently reported sales of \$84,837,540 compared with \$72,273,205 in 1947. Tonnage shipped increased from 822,508 tons in 1947 to 876,927.

The company, which the Manistique Pulp and Paper company is a subsidiary, reported that shipments, included for the first time products of Macon Kraft Company, a sixty percent owned subsidiary in Macon, Ga., which went into commercial production for federal and state income taxes on July 1, 1948.

After a provision of \$3,058,300, and a contribution of \$1,257,703 to the Mead retirement plan for employees of the company and its subsidiaries, earnings from operations amounted to \$5,015,916 or \$6.36 on the common shares as compared with \$5,682,386 or \$7.33 on the common shares in 1947.

Increased costs of operations, principally in labor, fuel and freight, resulted in the narrower profit margin.

The report states that while dividends on the common shares have shown moderate increases over the past five years they are still short of providing an adequate return on the money invested in the business for the reason

After all it's just MONEY!

And when it's your money you can do with it what you please—it's a free country. But instead of thinking in terms of "dollars"—let's think of what dollars will do for you . . . help buy a home, assure an education for the children, provide future security for you, make possible a long wanted vacation trip, new car, or any of the many things you dream about. You see, it isn't just money, after all. So take care of your dollars—and let our modern banking facilities help. We offer insured protection with a service to meet every banking need.

State Savings Bank

Manistique, Michigan
Member Federal Deposit Insurance Corporation and Federal Reserve System

that it has been necessary, following the heavy demands on equipment during the war years, to bring the manufacturing plants to top condition and to replace or expand certain facilities.

The report announced that the company's contribution to the profit-sharing fund of the Mead retirement plan amounted to \$1,011,718 which is equal to 10% of the compensation received during the year of all employees participating in the plan. In the two years of the plan the company and subsidiaries have contributed a total of \$1,835,998 to the profit-sharing fund.

During the year fifty participating employees retired and are receiving pensions. Seventeen participating employees died during 1948 and their credits in the profit-sharing fund as well as their own contributions were paid to their beneficiaries.

The company had 6,649 shareholders and 5,700 employees as of December 31, 1948.

The report was issued under the names of Sydney Ferguson, chairman, and Charles R. Van de Carr, Jr., president.

The annual meeting of the company will be held in Dayton April 26th.

Mrs. Alvin Nelson and son, Joey, Mrs. William Shahan and son, Billy, and Mrs. Robert Harbin and son, Jack attended the music festival in Marquette Saturday.

News of 4-H CLUBS

Fred C. Bernhardt, District 4-H Club Agent, The Manistique Township club really got off to a flying start Wednesday night. Seventy-five members and parents attended the meeting. The year's work was outlined; the Valley Nursery offered to give three shrubs to each member; they had a good lunch; and everyone had a lot of fun.

The Gernfask club wound up their winter work with a real party. The girls acted as hostesses and put on a very colorful lunch and program. Sonja Wilton is president of the girl's club.

Mrs. Roy Oberg is going to lead the club at Maple Grove again this summer. They plan an organization meeting the latter part of this month.

Gary Musselman of Gernfask.

MANISTIQUE MICHIGAN

To: "CANCER"

Gentlemen:

Here is my contribution to help fight Cancer.

NAME _____

ADDRESS _____

CITY _____ STATE _____

Just write "CANCER" on the envelope containing your check or money order. It will be delivered to the American Cancer Society office in your state.

SIGN HERE...it may be the most important act of your life!

Here's why your signature (with your contribution) means so much:

- It will help train the minds that may unravel the final mystery of cancer.
- It will help support research that will shed new light on our country's No. 2 killer.
- It will help spread essential knowledge that will protect people against cancer.
- It will help bring comfort to those who are victims of the disease.
- It will help save the lives of 18,000,000 Americans now living who will die of cancer unless new methods of prevention and treatment are found.

So, in many ways your signature helps to safeguard your family, your friends—yes, even your own life from cancer.

Although cancer strikes frequently, medical science is better prepared than ever before to strike back. Today, cures for some types of cancer are no longer exceptional—thanks to the medical advances that you and thousands of other Americans have helped to perfect through contributions to the fight against cancer.

Yet, help is still urgently needed and that help can be supplied only if you will—

GIVE—GIVE MORE THAN BEFORE!

American Cancer Society

MORTON FUNERAL HOME

Bernard William Turpin, Jr., has left for Camp Kilmer, N. J., to await orders for overseas duty after spending a nine-day furlough with his parents, Mr. and Mrs. William Turpin Park avenue.

Crowe Insurance Agency, 111 Lake Street, Phone 6.

Aid For Injured Comes From the Skies

SWIFT RESCUE of casualties was the object of an exercise staged by Britain's Royal Air Force at Swift Norton, England. Using their latest equipment, the R.A.F. demonstrated their progress in aerial rescue work since the war, when their record of evacuating British casualties was over 60 per cent from the European Theatre and nearly 100 per cent from Far East battlefronts. Left: Two "wounded" are raised aboard a flying ambulance by a Scastrual machine, a mobile elevator. Right: Hovery is a helicopter, a stretcher strapped to its side, waits to take-off while nurses make comfortable a "wounded" strapped in the stretcher. This rescue method is for areas inaccessible to normal aircraft.

Family Week Will Be Observed In Nation May 1-7

Dan Giovannini, a student at the University of Michigan, Ann Arbor, is spending his spring vacation at the home of his parents, Mr. and Mrs. Joseph Giovannini, Maple avenue.

Miss Nancy Cookson has returned to Minneapolis where she attends the University of Minnesota, after spending the spring holidays with her mother, Mrs. Muriel Cookson.

Mr. and Mrs. Donald Kiliwin returned Wednesday to Potoski following a few days' visit here with Mrs. Kiliwin's parents, Mr. and Mrs. Alfred Richey, South Fourth street.

Rev. and Mrs. Herbert A. Wilson spent Sunday in Calumet where the Rev. Mr. Wilson conducted services at Christ Episcopal church and also attended the diocesan convention.

Alfred and Tom Kristofferson, who attend the University of Michigan, are spending a week's spring vacation with their parents, Mr. and Mrs. Alfred Kristofferson, Garden avenue.

Kenneth Schubring returned Thursday to Ann Arbor where he is a student at the University of Michigan following a visit at the home of his father, Otto Schubring, South Third street.

Mr. and Mrs. Gunnar Holsten, of Park Ridge, Ill., are the parents of a son, born April 1. The baby, who weighed six pounds and 15 ounces, has been named Karl Gunnar. Mrs. Holsten is the former Agatha Frankovich.

Paul Backwell, who recently returned to Alaska, where he is in the employ of the U. S. Forest Service, has written his parents, Mr. and Mrs. Ed Backwell, that he is being transferred April 10 from June to Seward.

Mrs. Franklyn T. Burgess has returned from Detroit where she was a patient at Ford hospital. She also visited in Flint with her daughter, Miss Margaret Burgess, a student in Flint Central high school.

Mr. and Mrs. George J. Nicholson, who have been at their winter home in Donna, Texas, since December, will spend Easter in Kansas City, Kas., with Mr. and Mrs. George M. Nicholson and five sons. They expect to arrive in Manistique about April 28.

Mrs. Hjalmer Lindgren, of Ferrisdale, and Kenneth Lindgren, of Birmingham, have returned to lower Michigan following a visit here. They were accompanied by Mrs. Hilda Blomquist, of this city, and Mrs. Ira Elliot, of Rapid River, who will visit with Mrs. Lindgren.

Charles J. Larson To Enter Wayne Medical School

Charles J. Larson, son of Mr. and Mrs. John Larson, 723 Garden avenue, has been admitted to the medical school of Wayne university in Detroit. It was announced this week by Dr. Teunis Verzeer, head of the department of biology at Hope college, Holland.

Larson is a chemistry major and a senior at Hope college, and will graduate in June.

He is a graduate of Manistique high school, and served in the navy for three and one half years.

At Hope, Larson is a member of the Biology club, the Philosophy club, Y. M. C. A., and Alpha Chi, organization for men interested in Christian service.

Moon Eclipse, Is Due April 12, U-M Astronomer Says

The moon will hold the astronomical spotlight during April, according to Dr. Hazel M. Losh, assistant professor of astronomy at the University of Michigan.

Besides blacking out in a total eclipse, the moon will play its usual role in setting the Sunday to be observed as Easter. Dr. Losh reports a total eclipse is due Tuesday evening, April 12.

The eclipse will start at 9:28 p. m., Eastern Standard Time, April 12 and continue until 12:45 a. m., Eastern Standard Time, April 13.

Other astronomical highlights for April were cited by the astronomer. By the end of the month, the sun will have reached a point 15 degrees north of the equator, or about two-thirds of its northward

The eclipse will take place because of a combination of factors. Dr. Losh reports, first essential is for the moon to be at full phase which means that the sun, earth and moon are lined up in that order. Next, and the important essential, is for the moon to be practically in the same plane as the earth and sun so that the moon will pass through the earth's shadow.

If you've wondered why the date for Easter varies, Dr. Losh comes up with a clear-cut reason. A year back in 225 A. D., the Council of Nicaea came up with a definite method of reckoning Easter. She thinks the easiest way to remember the procedure is as follows: Easter occurs on the first Sunday after the first full moon following the arrival of Spring.

Since the first full moon after the arrival of Spring this year takes place April 12, Easter will be observed on April 17. This procedure causes wide variation in Easter Sunday, Dr. Losh says, since it will fall on March 25 in 1951 and April 21 in 1957.

Other astronomical highlights for April were cited by the astronomer. By the end of the month, the sun will have reached a point 15 degrees north of the equator, or about two-thirds of its northward

at the Probate Office, in the City of Manistique in said County, on the 30th day of March A. D. 1949. Present, Hon. Ralph H. Merwin, Judge of Probate.

In the Matter of the Estate of Herman R. Cornell, Deceased. William J. Shiner having filed in said Court his final administration for the allowance thereof, and for the assignment and distribution of the residue of said estate.

It is Ordered, That the 22nd day of April A. D. 1949, at 10 o'clock in the forenoon, at said Probate Office, be and is hereby appointed for examining and allowing account and hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order for three successive weeks previous to said day of hearing, in a newspaper printed and circulated in said County.

At a session of said Court, held at the Probate Office in the City of Manistique in said County, on the 5th day of April A. D. 1949. Present, Hon. Ralph H. Merwin, Judge of Probate.

Early Shipping On Lakes Is Recalled In Book At U of M

The days when United States customs collectors were stationed at the Straits of Mackinac are recalled in a book recently given to the University of Michigan.

The volume is "The Mackinac Impost Book". It was used by the customs collectors to record ships and goods which passed through the Straits. The book covers most of the period from 1802 to 1858. One notable gap is from 1812-1814 when the British were in control of the Straits.

The book was presented to the University's Michigan Historical Collections by Miss Sara G. O'Brien, for many years a history teacher at Ann Arbor high school. Miss O'Brien found it in the attic of her home when she moved in about 40 years ago.

On the back cover of the book is the name of David Duncan who is the first American collector of customs for the District of Mackinac. Appointed Jan. 25, 1802, Duncan absconded in the fall of 1803 with \$50,000 he had collected, according to Dr. F. Clever Bald,

assistant director of the Michigan Historical Collections.

Duncan Never Caught
A brazen fellow, Duncan, in fleeing his job, had the nerve to travel from Detroit to Washington with William B. Hull, then governor of the Michigan Territory and Judge Augustus B. Woodward. The two at the time knew nothing of Duncan's theft and were pleased to make his travel more easy. Duncan never was caught.

One of the traders listed in the 1116 inch book is Robert Dickson who seemed to have done well no matter whether the British or the Americans were in control.

A British subject, Dickson, according to the book, carried on trade before and immediately after the war although it is known by historians that he recruited Indians to help the British seize Mackinac Island from the Americans in 1812.

Ships which came to Mackinac brought great quantities of liquor, gun powder, bullets and shot, food, clothing and playing cards. Dr. Bald says because persons in demand brought much free time in the evening because of a lack of other types of entertainment.

Many Ships Passed
Another interesting thing about

the book is that during the time it was used it covered the periods when Mackinac Island was successively in the Northwest Territory, Indian Territory, Michigan Territory and the State of Michigan.

In the early days almost all the ships bound for the Straits sailed from Detroit, Fort Erie on the Canadian side of Lake Erie above Niagara Falls, and Sandwich, Ont. A few came from Chicago and the St. Joseph River. In later days they came from many other Great Lakes ports.

Evashevski Talks at Semi-Annual Bowling Banquet

Forrest Evashevski, backfield coach at Michigan State college and a former star at the University of Michigan, was the speaker at the semi-annual Elks bowling banquet Wednesday night of last week.

Evashevski substituted as speaker for Kip Taylor, Michigan state coach, who has accepted a coaching job at another college.

Special guests at the banquet were members of the Manistique high school football team, the local basketball team, and four local Golden Gloves boxers.

4-H Club Awards Stress Farm Woodlot Management

Farm young people everywhere are taking increased interest in forest management. These two youths are receiving a lesson in the use of the increment meter, an instrument used to determine growth rate of trees. Professional forester, right, instructs.

For the second straight year local farm boys and girls have a chance to compete for state and national awards in a 4-H club forestry project.

Three hundred dollar scholarships plus all-expense-paid trips to the 1945 4-H Club Congress in Chicago will go to four national winners in the forestry contest.

Four-H Club members interested in forestry are eligible to compete in addition to the four top awards, to be distributed on a regional basis, each of the state winners will receive a gold medal.

The 4-H forestry project emphasizes youth's stake in the woodlands of this state. Farmer owned woodlands today constitute a major portion of the Michigan's economic forest area. They represent also a steady source of wealth to their owners that in many cases is virtually untapped.

American Forest Products Industries, a national, non-profit association of wood-dependent industries, is sponsor of the 4-H forestry awards. Last year 18 states participated in the contest.

Reading Abilities Of Children Vary, Professor Says

It is as absurd to expect all children of the same age to have equal reading ability as it is to expect them all to be of exactly the same weight and height, a University of Michigan professor writes in the current issue of the Journal of Educational Psychology.

Prof. Irving H. Anderson asserts that the "individual differences in reading ability which exist among the children of any age, sex, or grade are normal, they are deep-seated, and they cannot be eradicated by training."

Professor Anderson urges that school administrators and teachers recognize that these differences are inevitable and make provision for them in their teaching methods.

Some class or grade use the same books, notably readers, Professor Anderson points out. The real losers under this system, he says, are the poor readers who can never hope to catch up.

"What is needed is a school practice that will allow children to proceed through school at their own rate and pattern of growth," the editor writes, "and the differences should be taken for granted. Slow readers should be free to select easy books, the advanced should be allowed to select what appeals to them. Experiments have shown that under this permissive system children complete more books according to their individual time-tables of growth. The result in the end will be that all will learn to read."

Some Abhor Reading
Pupils who learn more slowly frequently come to abhor reading and to hate school because they are forced to try to read material that is too difficult for them, Professor Anderson notes.

Ferries Running Again Following Strike Shutdown

Ann Arbor carriers are running on schedule between Detroit and Frankfurt after the settlement of a three-day strike by employees of the Michigan and its subsidiary, the Michigan Railroad.

The agreement called for a moderate return to work after the settlement of a 3,500 operating employees. Washburn and Ann Arbor have been on strike since without impairment of service.

Brother Of Local Resident Stricken

Word has been received of the recent death in Toronto, Canada, of Walter A. Peterson, brother of Mrs. George A. Peterson of this city. Dr. and Mrs. Peterson have a son, Mike, who is now living in the south.

Coffee stains on table should be sponged with special paper. Michigan State college read rings around most of the pupils in the next higher grade.

Many schools, however, are continuing to make the mistake of this agitation can be put down laudatory. Through raising insisting that all pupils in the class as a failure to recognize that their portants.

WINNERS

of our
First Anniversary Awards
are as follows:

First — Mrs. Alvin Kornved, 233 North Second Street.
Second — Mrs. E. B. Ahel, 229 Range Street.
Third — Mrs. C. Sommervold, 112 South Mackinac.

"We thank all who attended our First Anniversary-Day and made it such a successful event.
— We are very grateful to our friends and patrons who assisted us in making our first year in our new building a successful and memorable one.

Oat Purchases Should Be Made Now, Says Agent

With oat planting time just ahead, now is the time to purchase your oats if you need seed, Clayton D. Reid, county agricultural agent said this week.

Some of the varieties for the upper peninsula, all resistant to smut, leaf rust, stem rust, and Victoria blight are Bonham, Bond, and Bond Cross.

"The Bonham variety is medium in height and maturity. It is especially adapted to the upper peninsula," Reid said. "This is a new variety and seed for general use will be available in 1936."

"The Bond and Bond Cross oats are well known to most farmers in the upper peninsula. Their past performance on U. P. soils have spoken for themselves," the county agent declared.

Mrs. A. W. Cockram has returned from Marinette where she spent ten days at the home of her sister, Mrs. Lawrence Larson. She was accompanied by Mrs. Larson, who will spend some time here.

Electric Shocks Ineffective For Killing Lamprey

Electrical shocking devices as a method of destroying sea lamprey larvae in stream beds have proved ineffective according to the conservation department's institute for fisheries research.

The parasitic sea lamprey, believed to be responsible for losses of great numbers of lake trout and possibly other food and game fishes, already has been the subject of two years of study by institute workers.

Tests with rotenone, an organic poison, also have failed to kill the larvae while in the streams, as do have mechanical devices used to destroy the nests and spawning redds during the spawning season. Poisoning of a spawning population has not been attempted and is considered undesirable, according to the institute, as it would be necessary to render a stream lethal to all fish life for a four-month period at the expense of the spawning fish and game fishes.

At this stage of sea lamprey research and investigation, it appears that the most feasible method of attempting control of the parasite is by trapping the spawning runs. Weirs and traps are given constant attention.

In addition to continued operation of the three sea lamprey weirs at Carp creek and in the Ojibwa river, Presque Isle county, and in the Carp lake river, Emmet county, the institute will make further studies of the life history of the species. The studies will be particularly concerned with the spawning grounds by barrier dams. Tagging experiments are to be started to determine distribution and growth during the parasitic life phase of the lamprey's life and to verify age data now based on periodic sampling.

Studies of the feeding habits and growth during the parasitic life phase of lampreys, held in large aquaria, are now in progress.

John Connolly, of Marquette, spent the week end here with his brother-in-law and sister, Mr. and Mrs. Ed LaFave.

Soo, Manistique Winners In Elks Bowling Tourney

Sault Ste. Marie and Manistique took top honors in the upper peninsula Elks bowling tournament which ended here Sunday. It was reported this week by Fred Haine, general chairman in charge of the event.

The Sault Elks took first place in the team events and the doubles and Manistique copied first place in the singles.

The winning Elks team rolled a total of 2,464 for first place in the team events. A team composed of L. Huillier and Kalavos, of the Sault, took top doubles honors with a total of 1,230. John Kasun, of Manistique, took first honors in the singles with a total of 685.

Bowlers from most of the peninsula's Elks lodges took part in the tournament, conducted on week ends for several weeks.

The top scorers in the various events follow:

Spring Schedule Of Straits Ferries Now Operating

The spring schedule of the Michigan state ferries, between Mackinac City and St. Ignace, went into effect April 12, days ahead of the date listed on the printed schedules and the earliest date on record.

The two-boat spring schedule now in effect as soon as possible to speed up service across the Straits of Mackinac. Satisfactory ice conditions in the Straits of Mackinac helped the situation making it possible to replace the ice breaker Sainte Marie with two state boats.

The state-owned ferries City of Manistique and City of Petoskey are now handling the schedule with one and one half hour departures from Mackinac City and St. Ignace during the daytime and 3-hour departures during the night.

Following are the daily departures, which are scheduled to remain in effect until June 1, when the summer schedule with three boat service will be inaugurated. The schedules are in eastern standard time.

- Leave Mackinac City, Mich.
 - 6:00 a. m., 7:30 a. m., 9:00 a. m., 10:30 a. m., 12:00 noon, 1:30 p. m., 3:00 p. m., 4:30 p. m., 6:00 p. m., 7:30 p. m., 10:30 p. m., 1:00 a. m.
- Leave St. Ignace.
 - 6:00 a. m., 7:30 a. m., 9:00 a. m., 10:30 a. m., 12:00 noon, 1:30 p. m., 3:00 p. m., 4:30 p. m., 6:00 p. m., 7:30 p. m., 9:00 p. m., 12 midnight, 3:00 a. m.

INLAND ACQUIRES U. P. RANGE LANDS

Annual Report Of Steel Company Tells Of Purchases Of Ore Sources

The Inland Steel company, in its annual report to stockholders made public last week, said that it had procured additional sources of ore, notably from the reopening of the Bristol mine at Crystal Falls and stripping operations near Crosby, Minn., in preparation for open pit mining.

The report revealed participation with other steel companies in the formation of Consumers Ore company, which purchased a substantial stock interest in Butler Brothers, large independent operator of iron ore mines in Minnesota; and acquisition of a very substantial acreage of additional lands on the Marquette and Menominee ranges in Michigan.

Curtis Resident Dies Sunday At Cloverland Lodge

Mrs. Mary Peterson, 67, of Curtis, passed away Sunday evening at Cloverland Lodge, where she had been a patient for the past two years.

Mrs. Peterson's only survivor is an uncle, David Vizona, of Cedarville. She was a member of the Seventh Day Adventist church.

Funeral services and burial were Wednesday at Pickford. Patronize our Advertisers.
