INTERPRETING THE NEWS

Because more people rely on
newspapers for information than
any other media, Michigan govern-
ment hold press conferences
every day.
The governor discusses problems
of the state government with report-
ers. The daily newspaper, in the
after of hours, carries news on
state developments.
The Michigan grape grow-
ers were held recently at a con-
ference called by Governor G.
William Williams and covered by
the press. Oddly enough, grape
growers apparently boycotted the
meeting, as none of them showed
up to dispose of the 1949
grape crop was announced as the
total. Testimony was given to the
fact that growers were demand-
ing \$100 a ton, whereas the leading
fruit juice company, Welch
Company, was willing to pay \$75.
The Nelson, state department of

agriculture, said the 1949 crop
was normal, no surplus existed,
and the quality was not up to par.
He also told this writer that Cali-
fornia grape growers were getting
\$25 a ton.

Clarence Bolander, information
chief of the agricultural depart-
ment, said that 26 per cent of
Michigan's grape crop was usually
sold as fresh fruit; 6 per cent was
purchased by housewives for jelly
and jam; and the remainder was
sold to processors for grape juice
or wine.

A Detroit produce man reported
the modern housewife shuns the
chore of making jelly, preferring
to purchase ready-made products
from the corner grocery. He said
the new generation apparently had
new ideas, and that applied to De-
troit's Italian section, too.

As the grape conference went
round and round, getting nowhere
fast, testimony quickly focused
attention on the general problem
of marketing Michigan food crops.

It was revealed that Michigan's
1949 apple yield was 11 million
bushels, as compared to a 10-year
average of 6 million bushels.
Whereas the grape growers were
apparently disinterested in state
intervention, Michigan apple
growers are very much interested.
And yet the solution is not easy.
For example, it was pointed out

From where I sit... by Joe Marsh
A Big Boost For Smitty!

Stepped into Smith's Depart-
ment Store the other noon and saw
the strangest thing. "Sm" Davis
was coming up the stairs from the
basement with a bundle of wa-
ter.
Smitty taking in washing
these days?" I asked. "Not quite,"
he says. "He's just put in a new
automatic washing machine, and
the girls who work here can get
their laundry done while they're
chatting lunch. Means more time to
relax at night and on weekends."

I thought what a swell boss
Smitty must be. Human relations
between the boss and employees

that many apple growers prefer
to sell apples in bulk, not in small-
er packages as preferred by many
wholesalers and housewives.

Under state agricultural adver-
tising law, any group of growers
can qualify for limited state aid
if they raise their own funds on a
matching basis. Apple growers
have done this for years. Further-
more, they raise a substantial sum
of money annually by a 1-cent
contribution on each bushel of
apples sold. This fund is adminis-
tered by the Michigan's state apple
commission.

Members of the 1949 bumper
crop, which incidentally is of ex-
cellent quality, the state depart-
ment of agriculture has offered to
provide \$4,000 from the depart-
ment's special fund to augment the
commission's program of promo-
tion.

Minard Farley Jr., enterprising
secretary of the apple commission,
said growers were seeking coopera-
tion of Florida outlets in an effort
to obtain an apple haulback
for truckers who bring fresh citrus
fruit to Michigan.

The Lake Michigan shore is one
of the most important fruit belts
in the United States. Grapes,
peaches, apples and pears are con-
centrated here. Michigan ranks
third in number of vines and peach-
trees and acreage of strawberries;
fourth and fifth in number of apple
and pear trees.
The harder fruits, moreover, are
widely distributed in the southern
portion of the state. Romeo's
peach festival is an example.

Michigan agriculture requires
the efforts of many persons other
than full-time farmers and family
workers. In 1948 more than 50,000
seasonal workers were employed
at the period of peak demand in
August.

Surplus crops present the biggest
headache to growers.
That's where the state of Michi-
gan comes into the picture for in-
spection, marketing and advertis-
ing.

Northern Great Lakes Area Council Meets At Blaney

All phases of the travel industry
as viewed from an over-all regional
standpoint, including its effects
on international relationships,
were discussed at the annual meet-
ing of the Great Lakes Area Coun-
cil in Blaney Park Monday and
Tuesday of last week.

Tourist and resort officials from
the states of Michigan, Minnesota
and Wisconsin and the Canadian
province of Ontario are members of
the council, formed several years
ago to promote the Great Lakes
as an inland recreation area.

The Upper Peninsula Develop-
ment Bureau and Michigan Tourist
Council were in charge of prepara-
tions and George E. Bishop, Sec-
retary-manager of the Bureau
and first chairman of the NGLAC
presided at the opening session
Monday morning.

The program was as follows:
Monday morning-report of con-
servation code of ethics commit-
tee, Chester S. Wilson, Minnesota
commissioner of conservation,
chairman; "How Michigan Handles
Resort Sanitation Program,"
John M. Hooper, director of engi-
neering, Michigan department of
health; report of historical sites
committee, by Dr. Lewis Beeson,
secretary of the Michigan Histori-
cal Commission, chairman; "Re-
sults of NORGLAC 1949 Adver-
tising and publicity Campaign,"

Tentative Dates Set For Annual Elks Round-Up

Fall dates for the annual
Upper Peninsula Elks Fall Round-
up, to be held in Manistique, are
Friday and Saturday, October 28
and 29, it was announced this week.
The program will include a get-
together on Friday night, busi-
ness fall in "Operation Miki," a large-
scale amphibious exercise in the
Pacific.

The maneuvers, scheduled for
late September, October, and Nov-
ember, involve nearly 40,000 sol-
diers, sailors and marines, and are
designed to "simulate an imaginary
"aggressor" force from the Hava-
ian Islands. General Mark W.
Clark, commanding general of the
Sixth Army, is overall commander.

Misses Cordel Beaudoin, Esther
Soderbeck, Elsa Ekstrom and
Natalie Rarodon returned Sunday
from a motor trip to points in
Wisconsin. They circled the south-
ern end of Lake Michigan and re-
turned through Southern Michi-
gan.

NEWBERRY IS NEXT FOE FOR GRIDDERS

Reserves Play Here Friday Night; Varsity At Newberry Saturday

Manistique's varsity football team will play at Newberry Saturday afternoon in the fifth game of the season's schedule, and the Emerald reserves will engage the Newberry reserves at 8:15 Friday night at the high school stadium here.

The Newberry assignment is a stiff one, and the Emeralds are planning on a real battle in the late engagement. Manistique is still hampered by injuries, and some of the Emeralds' most valued players are still on the doubtful list as far as any strenuous participation is concerned. Jack Minor, doughty halfback, is expected to play unless his bad knee kicks up, and Charlie McManam, tackle, who was injured in the Neegaunee game, is also on the "maybe" list.

Coach John Viergerer has not announced a starting lineup for Saturday.

Seconds Improving

Manistique's reserves have shown improvement since their loss to the Neegaunee seconds, according to Coach Robert Hussey. Starting Friday night will be Cummings, McKenzie, Hough and Eckdahl, in the backfield; Eouscho and Jackson, ends; Nelson and Wood, tackles; Strassler and Peterson, guards; and Corson, center.

The Newberry reserves have won one and lost one, and the Manistique seconds have lost the only game they have played so far.

George Hough and Herbert Peterson have been elected co-captains of the Emerald reserves, Hussey reports.

Tiny Garvin Baby Dies In Hospital

Charlotte Ann, one of the twin daughters born Tuesday to Mr. and Mrs. Elmer Garvin, passed away at 9:10 Wednesday night at the Shaw hospital. She weighed three pounds and 11 ounces.

Survivors besides the parents are a brother, Xelford Carl, and her twin sister, Christine Marie. The surviving baby weighed three pounds and 12 ounces.

HARRY TENNYSON TAKEN BY DEATH

Lifelong Resident Of Manistique Victim Of Heart Ailment Wednesday

Harry W. Tennyson, 49, died suddenly at his home, 214 Schoolcraft avenue, at 8 p. m. Wednesday following a heart attack.

Mr. Tennyson was born April 6, 1890, in Manistique and had lived here all his life. He was married here July 21, 1928, to Vera Gilroy, who survives him.

Also surviving are two sons, Howard and Roland, and three daughters, Ruth, Vera and Alva; all of Manistique; six brothers, Hiram and Roland, Manistique, William, Jacob and Kenneth, Gulliver, and Robert, Manistique; five sisters, Mrs. Marion LaVance and Mrs. Clara Tennant, Manistique, Mrs. Helen Seaman, Gulliver, Mrs. Ruth Cherish, Milwaukee, and Mrs. Irene Stankovich, Grand Marais; and one grandchild.

He attended the Free Methodist church.

Funeral services will be held Saturday afternoon at 2 o'clock at the Morton funeral home, the Rev. S. B. Dickenson officiating. Burial will be in Fairview cemetery.

Emeralds Beaten In Booster Game By Gladstone, 20-6

Manistique high school's footballers lost to Gladstone, 20 to 6, before a record booster game crowd here Friday night.

The Emeralds started off strong in the first quarter, when the large touchdown was made by Paul Hartman on a week-end play, Hartman ran 48 yards for the Manistique score.

Gladstone opened up in the second half, and aided by a well-entitled passing attack, achieved comfortable margin. The game was well on its feet for the visitors at the start of the final quarter.

Fireworks started off the booster or tilt, which had been publicized widely by a soub-souere and other pep-building activities.

FORMER RESIDENT DIES IN MUSKOGON

Alvar A. Frans, 46, of Ann Arbor, a former resident of Manistique, died at 7:30 a. m. Wednesday at the home of a sister, Mrs. Ina Primmer, in Muskegon. He had been ill for several months.

Mr. Frans was born in Newberry on Nov. 2, 1892 and moved to Manistique with his parents when he was a child. He was married here to Ida McLellan Feb. 22, 1928. They moved to Spring Lake in 1937 and had resided in Ann Arbor for the past year and a half.

Survivors besides his wife are a son, Raymond, 4; five sisters, Mrs. Primmer, Mrs. Hugo Gustafson, Thompson, Mrs. Ronald Blackwood, Ann Arbor, Mrs. Louis Johnson and Mrs. Warren Strasser, Spring Lake, and two brothers, Carl Frans, of Escanaba, and Harold, of Spring Lake.

Funeral services will be held at 2 o'clock Saturday at the Ringold funeral home in Spring Lake, and burial will be in the cemetery there.

DETROIT VISITOR SQUIRREL TAMER

Three red squirrels who reside in the wooded area of Iliawatha Shores, Indian Lake, returned to their leafy habitat Friday with something like animal college degrees.

The three were taught many of man's ways during the past few weeks by A. F. Sattler, a Detroit writer, who was a guest at the home of his sister-in-law, Mrs. H. H. Hargreaves.

According to reports, the squirrels were apt pupils, and Sattler had them not only eating out of his hand but virgally bidding for peanuts strung out of reach.

We live up to your Buick's promise!

FOR sure, at this time of year you want a full measure of real driving sport from your Buick—an eager answer to your toe on the gas treadle, softly obedient brakes, a willing wheel that steers for you without effort. Let's just say—you want the royal ride that only a Buick can give you!

All this you'll get and more, if your Buick gets the care it deserves. Not just a peek here, a poke there—but real Buick care! Our kind of care!

You don't pay any more for Buick-experienced workmanship and know-how, or for our Buick-trained skills, or for the fact that every part, every adjustment and operation is just what the factory has specified.

Yet there's a thrilling difference in the way your Buick behaves under our careful care. Bring it to us next time you want lubrication, or an adjustment, or a thoroughgoing checkup—and give yourself a mighty pleasant surprise!

You get 2-for-1 with Lubricare

One of our biggest bargain-offers is Lubricare—complete, elaborately thorough lubrication plus a stem-to-stern checkup of your Buick and its general health. Pay us just for the lubricants it needs, the diagnosis is a service we've glad to give! How about driving in this week?

Buick care keeps Buicks best

SOCIETY

bridesmaids were Misses Ann Ryan and Ella Tucker, of Scarsdale, Mrs. Herbert Hanson, Hartsville, N. Y., and Miss Mary Foster, of Lake Mohawk, N. J. All wore old-fashioned gowns of lustrous green tulle with beaded-upon skirts, strapless bodices with an off-the-shoulder neckline accented by scalloped berthes. They were matching tiaras and carried baskets of golden yellow chrysanthemums with a cluster of pale rust chrysanthemums in the center. Mrs. Morrow's flowers, however, were pale rust with the yellow center. For her daughter's wedding, Mrs. Farney wore satin with white lace accessories and a brown velvet corsage; Mrs. Valentine wore grey crepe beaded in Persian colors, with grey and gold accessories and a corsage of red roses. Edward Roberts, of East Orange, N. J., was best man and usher. Mrs. Carl Peterson, also of East Orange, Henry Dahl, Jr., of Norfolk, Conn., Theodore Van Way, of Winsted and George R. Farney, the bride's brother, of Scarsdale, during the service, Mrs. James W. Buehler sang Grig's "I Love You" and "The Pledge" from the Book of Ruth. A reception at the Scarsdale Woman's club followed the ceremony, and the couple left later on a wedding trip to Bermuda. Upon their return they will reside in Winsted, where Mr. Valentine is associated with his father, who is president of the New England Knitting company. The bride graduated from Scarsdale high school, Ward Belmont Junior college in Newburgh, Term, and Katherine Gibbs senior school in New York. She is a junior member of the Scarsdale Woman's club. The program graduated from Loomis school and last June from Wesleyan university, where she was a member of Delta Tau Delta fraternity. During the war she served with the army signal corps in England. The new Mrs. Valentine's grandmother, Mrs. Lydia Ross, and her mother lived here for a number of years and the family is well known in Manistique.

James Lowell and Miss Natalie Barlow. Presbyterian Circle The Afternoon Circle of the Presbyterian Women's society will meet next Wednesday at three o'clock at the church parlors. Missionary leader will be Mrs. Leon Nicholson and hostesses Mrs. Ralph Merwin and Mrs. G. Leslie Bouscher. The Evening Circle will meet for a pot luck supper at Hartman's Ten Crows cabins, the group gathering at the church at six o'clock. Missionary leader for the evening will be Mrs. Kay Jenkins. Study Club Mrs. Leon Nicholson entertained members of the Study club Tuesday evening at her home on Range street. Featuring the meeting was a review by Mrs. Russell Walton of Reinald L. Hine's "Confessions of an Uncommon Athlete." Refreshments were served later. Mrs. E. A. Shinar, of Highland Park, was a guest at the meeting.

the week of October 23 to October 30 which has been officially proclaimed as "Crop Week" by Governor G. Mennen Williams. Sunday, October 23, has also been proclaimed as "CROP SUNDAY". County meetings will soon be held for farmers, members of the clergy and all interested persons to discuss a CROP program for 1943 in their community. Donations will again be in the form of non-perishable crops with corn, wheat, powdered milk and beans leading the list in Michigan. Last year, Michigan farmers donated in value more than 160 car-

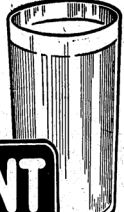

loads of food for overseas shipping. The state program is again headed by State Chairman John A. Hannah, President of Michigan State College. CARD OF THANKS We wish to express our sincere thanks for the many kindnesses extended to us following the death of our beloved brother and brother-in-law, Martin Nelson. We shall always remember them with gratitude. Mr. and Mrs. Joseph Nelson, Miss Mary Nelson. (11, rd.)

U-M Center Plans Economic Survey

Economic studies of the nation will be taken again in October by the University of Michigan Survey Research Center.

This study will be one in a series which the Center conducts for government agencies. The October survey has been requested by the U. S. Treasury Department, and previous economic studies have been made for the Federal Reserve Board. Purpose of the surveys is to determine the financial situation and spending plans of the nation's consumers.

FREEDOM GOES WHERE THE NEWSPAPER GOES

Is it merely an accident that those countries that have a free press, also have a free people? Most Americans realize it is more than coincidence. They have learned that the right of newspapers to seek out and publish the truth without fear of reprisal is their only opportunity to know the facts on which they may exercise their freedom of choice. This is the essence of true Democracy.

Rediscover Your Hometown

Freedom of choice starts where people live and work. There have been vast changes this past decade . . . not only in the world and nation, but also in our hometown. And . . . more are on the way. Read your hometown newspaper with care — the advertising as well as the news columns — to discover the freedom of choice that promises you a happier, more abundant life, right here in your own hometown.

STOMACH TROUBLE GONE - O-JIB-WA DID WONDERS FOR ME

— Mrs. Fay Cox —

I suffered miserably from indigestion, gas pains, stomach distress, nervousness and severe headaches before I used O-JIB-WA BITTERS. Now, I feel fine and healthy. I say Mrs. Fay Cox, a subscriber, Detroit.

I decided to go it if it would help me. My husband went out that very night and bought a bottle of O-JIB-WA BITTERS. I took it and have been thankful ever since. Now, I thank you to know that medicine can do for me. By the time I had taken it for one week, I could eat that the gas was loosening up, and I felt much better. My condition improved and by the time I had finished the bottle, my stomach trouble disappeared. I was completely well, and had no more heartburn and nervousness. O-JIB-WA BITTERS is the best thing of the past. I have plenty of food and medicine to eat, I sleep and feel 100% better. Because of the wonderful O-JIB-WA BITTERS has done for me, I believe it to be the best all around medicine I know of. I highly recommend it to everyone. Indigestion, my husband is taking it at the present time.

WHAT IT IS

HOW IT WORKS

Gas made it hard to breathe — It would take to tell you about my experience with O-JIB-WA BITTERS. I had trouble and gas pains before, and almost continually for over a year. I tried to get more medicine, but I would not get any more. I tried to get more medicine, but I would not get any more. I tried to get more medicine, but I would not get any more. I tried to get more medicine, but I would not get any more.

Results in one week — One night I read about O-JIB-WA BITTERS in one of the local papers.

Why Do They Want to Put A&P Out of Business?

The answer is to be found in the formal complaint "they" have filed with the court. By "they" we mean, of course, the anti-trust lawyers from Washington who are out to destroy A&P.

They say . . . and these are the anti-trust lawyers' own words . . . that we "have regularly undersold competing retailers."

To this charge we plead guilty:

We confess that for the past 90 years we have constantly stepped up the efficiency of our operations in order to give our customers more and more good food for their money.

The American people have seen nothing wrong in this. By their ever-increasing patronage for 90 years they have shown that they like this low-price policy.

Apparently the people still see nothing wrong in this today. All during the past week - since the anti-trust lawyers made their charges - we have been deluged with phone calls and letters from men and women in all walks of life who want us to know they are opposed to this effort to put A&P out of business.

An enormous number of customers are telling our store managers and clerks that they want to continue to enjoy our low prices for quality foods.

Farmers and other suppliers are asking what they can do to preserve this efficient outlet for their products.

Our 110,000 employees are asking us to protect their jobs and pensions.

Labor leaders are wiring us their opposition to this threat to labor's living standards.

If all these people will be hurt, why then do the anti-trust lawyers want to put A&P out of business?

Low Prices Don't Hurt Anyone

The anti-trust lawyers say because we are able to sell food cheaper than other grocers, we make it impossible for those grocers to compete with us.

If this were true, we should have all the food business in the United States by this time.

Just the opposite is true. In 1933 we had 11.6 per cent of the nation's food business. Now, according to the anti-trust lawyers, our share has decreased to 6.4 per cent in 1948. Anyone can see we have nothing even approaching a monopoly.

As a matter of fact, there are about 30,000 more individual grocers in business today than there were ten years ago.

There are about 275 more food chains in business today than there were ten years ago.

In other words, we have more competitors in the food field and do a smaller share of the nation's food business than before.

Where is this alleged destruction of other grocers? Where is there any evidence of their inability to compete with us?

Do You Want Higher Prices?

As anyone can see, the only purpose that would be served by putting A&P out of business would be to raise food prices.

Who would this benefit?

We were the first merchants to set the pattern for low-cost, low-profit distribution. Our example and our competition has led other grocers to keep their prices down.

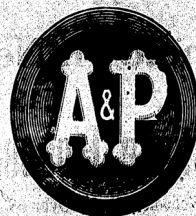

Remove A&P from the picture and food prices are bound to go up.

Remove A&P from the picture and the way will be cleared for the destruction of every other efficient large-scale distributor.

Is this what the American people want?

Is this in the public interest?

time limit."

In concluding his letter Commissioner Ziegler said:
"I want you to know that as far as I am concerned, I believe the State of Michigan owes it to the two peninsulas to provide the best connection at the Straits of Mackinac that is possible on economical terms. The State Highway Department from its own revenues (we have been financing the ferries ever since they were inaugurated in 1923) cannot finance either a harbor and dock on the end of the causeway or the construction of a bridge estimated at between \$80,000,000 and \$100,000,000 with its own funds and still have money for the great amount of emergently necessary highway construction on our trunkline system."
The above money would have to be provided by the legislature either by appropriation from the general fund, which the Governor says will be in the red at the end of this year some \$150,000,000 or from a bond issue. I question whether the legislature would provide this money from any source, especially under present conditions.

"I have tried to give you a picture of this situation and trust that this will give you Board a better understanding. I might say this in closing; that I doubt if you can find a better or more efficiently operated ferry anywhere in the world than is the one at the Straits."

U-S Forest Service Offering Trucks, Tractor for Sale

The Escanaba office of the United States Forest Service is offering 12 trucks and one tractor for sale to the highest bidder, it was announced here Thursday by E. R. Crooks, Manistique forest ranger. The equipment will be on display for inspection at Camp Maroon Creek, three and one-half miles north of Nahma junction, on October 7 between 1 and 5 o'clock p. m.

Flotsam And Jetsam

The long struggle to get M-94 improved is now definitely getting results. It was started in the early thirties, but it was not until the past two or three years that a definite program of improvement was adopted. The chamber of commerce has been advised by the state highway commissioner that further improvement of the road, including a new bridge across the Indian River, is contemplated "within the reasonable future."

Blood Clinic Here Is Big Success

Recruitment was handled by Mrs. Carl Makiel, who served as general chairman, this week thanked all the members of her committee for their splendid cooperation, the donors, and townspeople who helped in making the center such a fine success, and the E-Cab company for their services. Joseph LaMuth, proprietor of the Cab company, offered transportation during the hours of the center to all persons within the city limits. LaMuth reported that 25 persons had been given rides to and from the center, traveling a total of about 50 miles.

Dr. Vojta Coming Again Sunday To Address Baptists

Dr. Vaclav Vojta, dean of European department at Northwestern Schools of Theology, Chicago, who recently returned a visit to a number of Baptist camps in Europe, will be the speaker at Sunday morning worship service at the First Baptist church. Dr. Vojta spoke at Baptist church several weeks ago in Russia, Dr. Vojta said, and later under the Communist regime. He witnessed the revival of the Bolshevik revolution in which Christians were persecuted by the Communists and himself arrested and imprisoned because he preached the word of God.

capacity of some 150 vehicles which is 50% more than our present largest boat.
"You can readily see that with about a \$25,000,000 highway program each year, that if we took \$10,000,000 of this out for harbor, causeway, this would take almost our entire state matching funds for matching federal money. Federal finances will not be permitted to be used on a program where a toll or charge is made to traffic, therefore this \$10,000,000 would be entirely from state funds and unless a substantial increase in highway revenue were provided we would lose most of our allotment of federal funds made available to this state because we would be unable to match the major portion of these funds within the specified
