

SLATE NAMED FOR DIRECTORS OF CHAMBER

Ten Candidates Picked For Voting; Five Directors To Be Elected

Ten candidates for the Manistique-Schoolcraft chamber of commerce board of directors were nominated at a meeting of the chamber's special nominating committee Tuesday evening.

Members of the committee making the nominations were Al Farley, Adam Heinz, Everett Anderson, Vern Linderoth and William L. Norton.

Stray Dogs Discussed at Council Meet

Like other communities surrounding us, Manistique is having its dog troubles now that spring is here again.

The principal trouble comes from running dogs which upset citizens and occasionally bite people. These same animals will become an additional cause of distress when they tear up gardens in the weeks to come.

The matter was brought to the attention of the city council Monday night by Roy Anderson, chief of police, who has among his other duties the job of keeping tabs on the city's dog population.

The chief first is to keep a log of dog population, approximately eight feet by ten feet in size, divided into two compartments so that small and large dogs impounded together can be kept apart from each other.

Enforcement of the ordinance was recommended, and it is probable that additional dogs will be given the police department in corralling stray dogs.

Business To Close For Three Hours on Friday

Manistique business places, it was reported Thursday, will observe Good Friday by suspending business between 12 and 3 o'clock, as they have done for several years.

Local banks will suspend operations at noon and will remain closed for the rest of the day.

MOVE ON NEW FERRY ROUTES GETS SUPPORT

Resolution In House Calls For Study Of Northport-Manistique Plan

State Representatives Morrison, Anderson, Engstrom and Valenti have introduced House Concurrent Resolution No. 36 in the state legislature providing for a special interim committee of the legislature to study the feasibility of establishing state ferry service between Northport and Manistique, and between Frankfort and Menominee, it was learned Thursday morning.

The resolution was referred Tuesday to the committee on Rules and Resolutions.

Recently the Upper Peninsula Development Bureau took action to endorse the proposed Frankfort-Menominee ferry route, ignoring the suggested route between Manistique and Northport.

Whereas, The Legislature has been requested to consider the advisability of establishing state ferry service between Northport and Manistique, and between Frankfort and Menominee, to offer better and shorter facilities for travel between the Lower and Upper Peninsula of the State of Michigan;

Resolved, That the members of the committee shall serve without compensation but shall be entitled to actual and necessary traveling and other expense incurred in the performance of their duties.

"Manistique Hour" Over Marinette Station Is Scheduled For Community

Arrangements Completed This Week; First Broadcast Expected For May 2

Negotiations were completed here this week between the business firm of Manistique acting through the Manistique-Schoolcraft chamber of commerce and radio station WMAA, of Marinette, Wis., for a "Manistique Hour" between 5 and 6 o'clock p. m., EST, over the Marinette station, it was announced here Thursday.

A studio will be located in the chamber of commerce building, opposite the post office, occupying quarters formerly used by the Veterans Counseling center and a qualified broadcasting and radio official will be assigned here to operate the studio and the local program, it was stated by Joseph Mackin, general manager of WMAA, who was in Manistique Wednesday evening final details for the project.

The Manistique program will be entirely local and will feature radio time contracted for by local business firms. Included will be local newscasts covering local events in this area. All music, talks, newscasts, comments and commercials will originate in the local studio and will be transmitted by Michigan Bell leased wire direct to WMAA broadcasting facilities in Marinette.

GOWMAN HOUSE DAMAGED BY FIRE

Kitchen And Attic Burned; Firemen Also Called To Three Grass Fires

Considerable damage to kitchen and attic, as well as smoke damage throughout the house, was caused by fire about 3 o'clock on Wednesday afternoon at the home of James Cowman, 621 Manistique avenue.

The blaze started back of the kitchen range while Mr. Cowman was out in the yard. The alarm was turned in by Albert Multaupt. Flames indicated severe damage to the kitchen and pierced the kitchen ceiling to burn in the attic.

Equipment for the Manistique studio will be installed this month and it is expected that the first Manistique broadcast will take place on Monday, May 2.

employees are asking for more pay, and if these requests are granted, the inflated budget would be boosted \$19,000,000 more.

The Democratic legislative program, as apparently influenced by Governor Williams and his CIO labor advisors, follows the proposals of President Truman: More government spending, more taxation.

Republican legislative leaders are willing to adjust state appropriations to current needs, providing the increase is "reasonable." There is where the two parties cannot agree.

If the April election had brought the election of Democratic state officials — highway commissioner and superintendent of public instruction — the state legislature would have been more inclined to accept Governor Williams' claim of a "popular mandate."

What should the legislature do about the prospective treasury deficit? Rep. John Espie, veteran chairman of the house ways and means committee, had indicated that he favors a general reduction in state appropriations but no decision on new taxes at this time.

Root of the financial trouble, of course, is the constitutional amendment which carries a little more than 78 per cent of all sales tax revenue for local government. This leaves only 22 per cent for state.

Elabeth Colburn—Carol Dybovick, Lucille Colburn—Marcella Miller, Rodney—Jim Roemer, John Van Brunt—John Paul Quick, Bernadine—Sheila Byers, Elsie Colburn—Doris Schwel-

A number of legislative bills have been introduced and now are in process of legislative consideration, which would abolish state revenue outright. Gov. Williams has said repeatedly that the state government, for the most part, was efficiently run and that he was not to eliminate state services.

The State Senate has reversed an old policy of secret sessions for confirmation of appointments by the governor. This change was sponsored by Sen. Colin L. Smith (Big Rapids) who said newspaper correspondents should have access to state debate instead of having to rely on second-hand reports of what had been said.

Now that the April election is over, the legislature may be counted on to clear the decks fairly quickly of important bills. Weeks have been devoted to these measures. Only the voters' verdict on April 4 was needed to break the log jam.

Four MHS students brought honor to the District Forensic Meet held in the high school Tuesday afternoon and evening, April 6. Manistique divided equal honors with Escanaba, each receiving two first places and two seconds.

Oratorical Declamation and Extemporaneous Speaking contests were held in the afternoon. First place winner in declamation was "What Shall Be Our Attitude Towards Russia?"

Don Van Eyck won first in Extemp with the speech "Our Foreign Relations." Janet Oberger, representing Escanaba, was awarded second place for her delivery of "What Shall Be Our Attitude Towards Russia?"

The evening program featured Oratory and Dramatic Reading. Bill Corson won first place with his original speech entitled "The Need For Airpower."

Escanaba's Joan Frasher merited first place in Dramatic Reading with "Joan of Lorraine" and Joan Sheahan won second place with "Joan of Lorraine" also.

Judges for the contest were Professor Forrest A. Roberts, Miss Martha Beaman, and Professor Harry Eversole, all of the Northem Michigan College of Education.

Mr. Frederickson casts "Janie," senior play. "Janie" comes in three acts, is the play chosen to be put on by the Senior Class of 1919. This play will be directed by Mr. Frederickson.

The fun starts in the Colburn household when Mrs. Lawrence, an affectionate Southern widow, arrives for a visit with her son Dick, stationed at the nearby camp. The dotting mother, having haunted New Haven during Dick's ten years at Yale, bids him to follow years at the trenches, but is fortunately sidetracked by a susceptible bachelor who is also a guest at the Colburns.

There is the widening gap in the pockets of Governor Williams of the Republican legislature. The governor still considers his election last November to be a popular mandate for his liberal program. While he received the April election returns with "disappointing and not surprising" results, he reaffirms his conviction that the majority of a people favored more spending state government. He has asked the state legislature to enact the general corporation profits tax, a 4 per cent profit tax, instead of 4 per cent, as his original proposal.

There is the widening gap in the pockets of Governor Williams of the Republican legislature. The governor still considers his election last November to be a popular mandate for his liberal program.

The state budget office is now printing, said the governor, the next treasury deficit (1918-19) at \$22,000,000. If the year end continues, as some forecasts forecast, then the operating deficit for the 1918-19 fiscal year (July 1 to July 1) will rise to \$71,000,000. State

LETTER AWARDS PRESENTED AT ASSEMBLY

(From The Crier)

"The facility that the boys carried throughout the basketball season was the will to go on to the end," were the words spoken by Coach Ponto, at the letter award assembly on April 7. Although it was not a victorious season with few winnings out of fifteen games, the boys played a hard game each time and kept on trying. The variety letters were awarded to Everett Patz, George McFarlane, Dick Harrell, Bob Carlson, Eugene Schneider, Jack Minor, Don Lanco and John Hocketstad. Honorable mention was received by Tom Hupson, Roland Burns and student manager, Willie LaBar.

Mr. Berger, reserve basketball coach awarded reserve letters to Jerry Anderson, Don Quick, Larry Ekdahl, Jack Reuge, Lloyd Gould, Don St. John, Hoppo Weber, and Gerald Popour.

Mr. Cook, director of athletics, awarded bars to the cheer leaders, Marcella Miller, Ann Wyzal, and Joyce McNamara.

The program was brought to a

From where I sit... by Joe Marsh

There'll Always Be a "Gawker"

"Harry the Hermit," as he's called, came into town last week and, as usual, caused quite a stir. He looks like a cross between Santa Claus and Daniel Boone.

We had a friendly glass of beer together and I asked him, "Don't you ever get lonely when you go by?" "Shucks no," Harry says. "Only while they're laughin' at me, 'I'm feelin' a mile sorry for them. Imagine—talks so ungrateful they can't see I'm really just the same as they are underneath!"

Compare the others with "The Car Designed with YOU in Mind"

You cannot compare the new cars merely by looking at pictures... or by watching them on the highway. You've got to get behind the wheel yourself.

That's why we urge you to come and see this new De Soto before you decide on any other car.

You notice the difference right away. De Soto's doors are wide. You walk in... and keep your hat on. The steering wheel doesn't hinder your work. You're all shift-high seats, so that you get all the benefit of the larger windows and windshield.

You've got full stretch-out leg room, front and back. And you've got more luggage space in that

flush-floor trunk than you ever dreamed of before. Yes, De Soto is lower. It's got a longer wheelbase (all passengers ride between the axles). But there's no penalty for these advantages. Overall length and breadth are not increased. You needn't rebuild your garage. You can still change a tire. And a dented fender doesn't mean an expensive body repair job.

Let us show you all the new features of the car that lets you drive without shifting. Compare it for beauty, comfort, safety and value. Then decide.

- DE SOTO FEATURES THAT MEAN MORE ENJOYMENT EVERY MILE**
- * Tip-Toe Hydraulic Shift with Fluid Drive
 - * New Feather-Light Steering
 - * High Compression Powermaster Engine
 - * New All-Weather Comfort System
 - * Faster Getaway
 - * New Ignition System
 - * Longer Wheelbase with full "rational drive"
 - * Safeguard Hydraulic Brakes with new Cycle-bent linkages
 - * Self-Resistant Finish on Outside Wheel
 - * Super Coolant Valve and Safety Coolant Tubes

MANUFACTURE NO. 61 OF 1949
 Minnesota to regulate the production, handling, sale and distribution of milk and other milk products and to provide for the issuance of licenses to the processors thereof for the enforcement of the provisions of this ordinance and to carry out the purposes of the ordinance.

SECTION 1. Definitions.
 (a) Milk. Milk is hereby defined as the natural secretion of the cow from the lacteal gland and containing the complete milk of one or more healthy cows, preserving its natural character, containing not less than 8.5 per cent of fat and not less than 8.5 per cent of solids-not-fat, and not less than three per cent of milk solids-not-fat.

(b) Deteriorated. The term "deteriorated" or "spoiled" means any milk product which has been so contaminated by the growth of bacteria, molds, yeasts, or other microorganisms that it is unfit for human consumption.

(c) Sterilized. The term "sterilized" means any milk product which has been heated at such a temperature and for such a period of time as to destroy any microorganisms which may be present therein and which is so labeled.

(d) Pasteurized. The term "pasteurized" means any milk product which has been heated to a temperature of 160 degrees Fahrenheit for at least 30 minutes or to a temperature of 180 degrees Fahrenheit for at least 20 minutes.

(e) Homogenized. The term "homogenized" means any milk product which has been treated by a process which breaks up the fat globules to such an extent that they do not separate from the milk.

(f) Cream. Cream is a portion of the milk which contains not less than 18 per cent milk fat.

(g) Skimmed milk. Skimmed milk is a portion of the milk which contains not less than 3 per cent milk fat.

(h) Bacterium-killed. Bacterium-killed milk is the product that remains when fat is removed, sweet or sour, and free from churning.

(i) Cultured. Cultured milk is the product obtained by adding to the milk a certain number of live bacteria of a certain species.

(j) Producer's dairy. A producer's dairy is a milk plant at which no milk is pasteurized and one operator or family controls the entire farm or place at which milk is produced.

SECTION 2. Sale Prohibited.
 No person shall sell or expose for sale, or have in his possession with intent to sell, for direct consumption, any milk product which has been produced, stored, handled, pressed or transported in any unclean or insanitary manner.

SECTION 3. Tuberculosis and Mastitis.
 (a) Tuberculosis. All milk sold for human consumption shall be free from tubercular infection.

(b) Mastitis. When any recognized case of mastitis in a cow is reported, the owner shall have the cow examined by a veterinarian.

SECTION 4. Cows—Cleanliness.
 (a) Cleanliness. Cows shall be kept clean. The flanks, bellies and udders shall be washed with clean water before milking.

(b) Milking. Cows shall be milked in a sanitary manner. Milking utensils shall be kept clean.

SECTION 5. Personnel—Cleanliness.
 Cleanliness. Persons handling milk or milk products shall be clean at all times and shall wear clean clothing.

SECTION 6. Cow Stable.
 (a) The cow stable. A cow stable or milking parlor shall be kept clean at all times.

(b) Floors, gutters, cleanliness. Floors and gutters shall be constructed of concrete or other approved impervious material.

(c) Lighting. Window area shall be equal to at least one square foot of window area per cow.

SECTION 14. Water Supply.
 Wells and water supply. The water supply for the milk house shall be protected from contamination.

SECTION 15. Milk Stools.
 Milk stools shall be kept clean and shall be stored off the floor when not in use.

SECTION 16. Removal of Milk—Straining—Delivery.
 (a) Removal of milk. Milk shall be promptly removed to the milk house.

(b) Straining. Milk shall be strained through approved strainers.

SECTION 17. Sampling—Bacteriological.
 (a) Sampling. Samples of milk and milk products shall be taken at intervals by the enforcing officer.

(b) Bacteriological standards. Milk, when delivered from a farm to a pasteurizing plant or receiving station, shall have a bacterial count not exceeding 200,000 per milliliter.

(c) Cooling. All milk and milk products received for pasteurization shall be cooled in approved cooling equipment.

(d) Recontamination. Pasteurized milk or pasteurized milk products shall not be permitted to come in contact with equipment which has not been properly cleaned.

(e) Containers. All containers for milk and milk products shall be kept clean and shall be stored in a clean, dry place.

(f) Testing. Such quality tests as are required by the enforcing officer shall be made of each product of milk at least once each month.

SECTION 22. Water Supply.
 Water. Water used in a milk plant shall be from a supply that is adequate and of a safe and sanitary quality.

SECTION 23. Ground Water Supply.
 Ground water supply. As issued by the Michigan Department of Health, cross connections between ground water supply and the water supply shall conform with the regulations of the Michigan Department of Health.

(a) Cooling. All milk and milk products received for pasteurization shall be cooled in approved cooling equipment.

(b) Washing. Such quality tests as are required by the enforcing officer shall be made of each product of milk at least once each month.

(c) Containers. All containers for milk and milk products shall be kept clean and shall be stored in a clean, dry place.

(d) Testing. Such quality tests as are required by the enforcing officer shall be made of each product of milk at least once each month.

SECTION 24. Farm Permits.
 Farm permits. No milk or milk product, intended to be sold for direct consumption, shall be received at any milk plant from any farm unless such farm has first complied with the provisions of this ordinance.

SECTION 25. Milk Plant Standards.
 Milk plant standards. All milk plants shall conform with the following standards:

(a) Milk plant. A milk plant, as defined herein, shall be provided with: (1) a room or rooms for receiving and washing, (2) a room for processing, cooling and bottling, and (3) a room for storage of milk and milk products.

(b) Floors. Floors, including platform and stairs, of all rooms in which milk or milk products are produced, stored or handled shall be constructed of concrete or other impervious material.

SECTION 7. Barnyard and Manure Disposal.
 (a) The barnyard. Barnyards shall be graded and kept clean. Stable doors and stock watering tanks shall have an approach of at least six feet of clean gravel or other suitable material.

(b) Manure disposal. Manure shall be stored or disposed of in such a manner as to prevent the breeding of flies and the manure pile shall be protected to prevent cows having access thereto.

SECTION 8. Pen-Barns and Milking Parlors.
 (a) Pen-barns. All pen-barns shall be well drained and the walls and ceilings shall be kept clean. Pen-barns shall be bedded heavily enough to keep the cows clean.

(b) Milking parlor. A milking parlor shall be provided and used for the milking of cows.

About that old prescription Dr. Jones wrote for you two years ago. The bottle is on the shelf in your medicine cabinet, about one-fourth full. It would be safer for you and your family to discard it. Someone might take it by mistake, or a child may be attracted to it by the bright color and do himself harm. Many medicines deteriorate after exposure to light and air. On long standing, some compounds change their chemical structure. Yes, the safe thing to do is to throw it away. If illness again overtakes you, see your doctor. Bring his prescriptions to us for accurate compounding.

CITY APPROVES REMODEL PERMITS

First National Bank And Masonic Temple Association Plan Changes

Permits for remodeling were approved by the city council Monday night for the Manistique Masonic Temple association and the First National Bank.

The Masonic Temple association, which now owns the former Conolly block on South Cedar street, requested remodeling permits for the Eat Shop and Cliff's Market where new fronts are planned and for the stairway entrance to the upstairs. Construction work on the Eat Shop front is now underway. The front, it was reported, will be similar to the one on the D. M. C. store.

The First National Bank proposes to change the large windows facing on Walnut street, replacing them with steel frames and thermal glass. Construction work on this project started this week.

District MEA Meeting To Be Held At Blaney

The Schoolcraft-Mackinac MEA district meeting will be held at Blaney Park on Thursday, April 28, starting with a 6:30 dinner. It was announced this week by J. Earl Cousineau, of the Manistique high school faculty.

A business meeting and program will follow the dinner. Teachers desiring to attend are requested to contact Mr. Cousineau at the local high school before April 21 for reservations.

Guests will be allowed, he said, near the depot and drank it. They

Donkey Basketball To Be Played Here

Manistique students and citizens are in for a big treat! A game of donkey basketball will be played in the new gym on Monday evening, April 25.

This type of basketball is new to most of us, as it has been about ten years since such a game has been sponsored in Manistique. The rules are the same for donkey basketball as for the regular game, with the exception that the player rides a donkey (bareback-no saddle).

The player must be on the donkey in order to pass the ball or shoot for a basket. If the ball falls on the floor, the player must not leave his donkey and run after the ball, but must take his donkey with him to retrieve the ball (and sometimes the donkey doesn't want to go).

The donkeys wear rubber shoes which will not scratch the gym floor, and they are very well trained. This donkey basketball game is sponsored by the SA and promises to be an exciting event.

Students Entertain At Jr. Talent Show

The High School Juniors presented an entertaining talent show in the auditorium on April 2 which provided an opportunity for several students to perform, many of whom made their debut on this program.

Jrs. Give Banquet For '49 Seniors

The program was opened by Mr. Frederickson who played several accordion melodies. The second number was a humorous reading by an appropriately dressed society woman, Miss Marco Vierzever, entitled "How to Hold Your Man."

The tables were arranged in a dance review to "Meet Me in St. Louis" and as an encore they danced to "East Side, West Side". Lorne Lastilla gave a reading by James Whitcomb Riley entitled "The Bear Story".

Bob Carlson, toastmaster, introduced the various speakers and Lars Cameron the guest speaker from Gladstone, gave a humorous talk, Shirley Anderson sang the theme song, "Embraceable You" followed by her encore, "Laverne Blue." Harold Feiner then gave a satirical reading on the modern serial entitled "The Jones Family." Marcela Miller sang "The Dicky Bird Song," and "Deep Purple". The last performer was that directed to a dance in the old gym.

The Senior Class is indeed very lucky to have President Dale D. Welch as their speaker.

After the banquet, the Juniors and seniors and their guests were directed to a dance in the old gym. The Swing Kings provided the who performed many amusing music.

The New '49 PONTIAC Pontiac—Division of General Motors The Most Beautiful Thing on Wheels! We are, of course, very proud and happy that people everywhere are calling the new Pontiac "the most beautiful thing on wheels." Pontiac is a brilliantly beautiful automobile—so handsome a car as ever rolled over America's streets and highways. Every line of Pontiac's new Fisher Bodyline gives an instant impression of great gracefulness. But Pontiac's real beauty cannot be fully appreciated until you drive the car yourself. For the new Pontiac is beautifully engineered, too—to give you a kind of automobile performance that simply must be experienced in order to be believed. Pontiac for 1949 offers a totally new kind of ride—a ride as smooth and comfortable as a car can be. And either of Pontiac's famous engines, six- or eight-cylinder, is a sweetheart for power. Remember, too, Pontiac is still the lowest-priced car in the world offering the ease of Hydra-Matic Drive—available on all models at extra cost. Take a long look at the next new Pontiac you see when you come in and give the car a really thorough examination. That's the way really to appreciate why people are calling Pontiac "the most beautiful thing on wheels." A BEAUTIFUL INVITATION to relax! There's no compromise with luxury inside the new Pontiac. Every detail is touched with extra beauty, extra quality—for your comfort, pride and convenience.

Bright sun shining—new greenery showing—soft breezes calling you onto the highway—this is the season that Buick of yours was made for! This is the time when you'll want to hear the sweet hum of its eager power, feel the lazy comfort of its easy stride, get the springtime feel of its thrilling action. And you can have all that—with just a little attention to some simple things to shake the winter out of its bones.

For instance—the rusty sludge that has accumulated in your radiator should be cleaned out. Transmission and rear end may be low on lubrication, and should be checked. Crankcase oil should be changed to a summer grade. The underside of your car has taken a lot of splashing on wet roads. Some of the chassis grease has been washed out, some of it fouled with mud and grit.

Time to Spring Clean your Buick too!

So it's time to drain out the dregs of winter. Time for a little of the knowing, loving care every Buick gets at the hands of our Buick-trained men, armed with Buick-developed tools, Buick-established methods, Buick-engineered parts. It doesn't take long, doesn't cost much. But it goes a long way toward making old Buicks step out again like lively spring colts. How about stopping in—this week—to see about a spring rejuvenation for your faithful Buick?

Check your car— Check accidents!

Driving is twice the fun when you have complete confidence in your car—when you know that tires, brakes, steering, lights and the like won't let you down.

Altogether, there are 10 points to be checked for safety on any car. We'll take the very and see of your head—so you can be certain of the wheel.

ROTARY SPEAKER SAYS PROSPERITY WILL CONTINUE.

Federal Reserve Expert
Speaks At Large Dinner
Meeting Here Monday.

Optimism over general business prospects for the current year, tempered with disappointment over failure on the part of the government to reduce our national debt at a time when it was best able to do so, and thus assure a high level of sustained prosperity, was expressed by J. Marvin Peterson, of the research department of the Federal Reserve Bank of Minneapolis, at a meeting of the Manistique Rotary club Monday evening.

Mr. Peterson, whose duties take him all over the country, stated that he saw no evidences of depression in the offing and that while there was evidence that "the pipelines are getting full," he felt definitely certain that there would be no depression this year.

The financial structure of America, he said, is the soundest in the history of the country, and our monetary system is extremely elastic and can withstand any strain this country many place upon it.

Our national government, how-

ever, he said, had lacked the fiscal fortitude to meet a situation which last year called for trenchment in government expenditures and lowering our national debt. This, he said, has "jeopardized our chances for a high level of prosperity."

The meeting, which was held at the Paul Bunyan Cook Camp was sponsored by the Rotary.

was also attended by the Manistique Lions club and special guests.

Invited by the Rotarians, the speaker was introduced by Earl Watson.

Presbyterian Women

The Afternoon Circle of Presbyterian Women's association will meet at 3 o'clock next Monday in the church parlors.

Mrs. William Drefs and Mrs. Brown serving as hostesses.

Evening Circle will meet at 8 o'clock at the Paul Bunyan Cook Camp.

Mrs. Louis Hartman will be the national leader, and hostesses will be Mrs. George Kerr and Myrtle Wierenga.
