Gulliver

(By Stella Brunet Paul)

The Birthday Grange held a regular monthly meeting Saturday, Nov. 26, at the Grange hall. Mrs. Hannah Nelson, life-long resident of this area, passed away Thursday, Nov. 24, at her home on US-2. Services were held Sunday, Nov. 27. Mr. Edwin Johnson, aided by a group of young and willing workers, removed the snow from our local skating rink on Sunday in preparation for the skating season.

Don't forget, folks. You'll need 2-cent stamps on unsealed Christmas cards this year instead of the usual 1 1/2 cent stamp.

The entertainment committee of the Gulliver Community Planning Club met on Monday, Nov. 23, at the Whitelake school. This meeting was called by the chairman, Mrs. Wm. Belanger. Committee members are Mesdames Harrison Beach, Edwin Johnson, Victor Lasich and Robert Rice.

Mrs. James V. Rodgers is on the sick list this week. The pupils of the Whitelake

school sponsored a candy sale on Friday, Nov. 18, at the school. A total of \$9.00 was realized for the benefit of the local skating rink. A son was born to Mr. and Mrs. Gerland on Wednesday, Nov. 18, at the Shaw hospital. The infant died shortly after birth. Burial services were held Friday, Nov. 19. Mrs. Gerland is the former Audrey Martin, daughter of Mr. and Mrs. Glenn Martin of Detroit. Two fine deer were stolen in the village within the past week. Harley Brock and Wilmer Zuehlendorf (former John Ring farm) were the victims, each having had a nice buck hanging in their respective yards. Several other deer were reported stolen in nearby communities.

Mr. and Mrs. Ben Banas left on Sunday, Nov. 20, to return to their home in Lombard, Ill. Mrs. Banas, the former Delores Chiles, has been attending her mother, the late Mrs. Lee Chiles, who passed away on Wednesday, Nov. 16.

### Sales Tax Collections Show Importance Of Tourist And Resort Industry In The U.P.

Just how much does the resort and travel industry mean to residents of Upper Michigan? That question has been debated consistently over the years, but no one has ever taken the time to determine the dollars and cents value of the industry which can be obtained from state agencies.

As true a picture of the actual extent of resort spending as can be found anywhere. From the sales tax division of the Michigan department of revenue, the Michigan Tourist Council and the Upper Peninsula Development Bureau have been obtained comparative figures for February and August, 1948, which indicate that spending

increased nearly \$7,750,000 in August over the February total. "The assumption can be made," George E. Bishop, secretary-manager of the Development Bureau, declared, "that revenue for February is paid largely by upper peninsula residents. It is also logical to assume that the increase in August sales tax collections represents 3 per cent on purchases made by tourists and other visitors."

The comparative figures show that \$458,847.46 was collected by the sales tax division in February, compared with \$4,823,323.08 in August, a 10.54 per cent increase over February.

The increase in each county varies from about 25 per cent to more than 400 per cent, with Mackinac county showing the largest gain. The county figures, with February listed first, follow:

Alcona—\$13,676.49 and \$22,255.88; Baraga—\$10,574.32 and 16,027.87; Chippewa—\$45,339.65 and \$74,002.27; Delta—\$27,405.17 and \$50,512.20; Dickinson—\$43,087.62 and \$88,679.30; Gogebic—\$41,036.49 and \$90,768.54; Houghton—\$65,008.20 and \$88,792.73; Iron—\$32,411.44 and \$40,594.96; Keweenaw—\$2,103.86 and \$5,652.64; Lake—\$10,463.30 and \$17,490.65; Mackinac—\$3,184.87 and \$38,384.77; Marquette—\$80,263.76 and \$107,586.06; Manistiquette—\$29,705.32 and \$36,105.95; Ontonagon—\$14,150.65 and \$19,213.67; Schoolcraft—\$13,026.24 and \$23,897.77.

"Since sales tax is not paid on such intangible services as hotel rooms and resort accommodations, it is impossible to gauge the full extent of tourist spending," Bishop added. "However, the sales tax collections do give us an indication of what tangible purchases are made by visitors."

"It would be interesting to obtain comparative figures on hotel tax collections, fishing and hunting license fees and liquor tax income to give us an even better picture on the extent of the tourist and resort industry."

### MONEY AVAILABLE FOR SNOW REMOVAL

Schoolcraft County's Share Of Current Disbursement Is \$2,26,09

Vouchers for the payment of \$200,000 of state gas tax money to counties having 60 or more inches of snowfall last winter have been prepared by the state highway department and submitted to the auditor general for payment, Charles M. Ziegler, highway commissioner, announced.

Only 33 counties of the state will receive payments this year, compared to 57 in 1948, reflecting the moderate snowfall of last year. Thus the 33 counties participating in the money will receive substantial increases over 1948 for snow removal.

Each year a total of \$6,750,000 in gas tax funds is taken from the state gas tax collections and turned over to the counties and incorporated cities and villages of the state for expenditure on local roads and streets. Included in this amount is the \$200,000 snow removal funds.

The upper peninsula counties participating in the snow removal money and the amounts they will receive are as follows:

Alcona	4,877.34
Baraga	3,738.55
Chippewa	13,618.86
Delta	4,983.37
Dickinson	3,536.60
Houghton	12,791.37
Iron	4,003.16
Keweenaw	2,674.52
Lake	4,068.43
Mackinac	5,571.50
Marquette	8,652.96
Ontonagon	4,452.33
Schoolcraft	2,260.09
Total	\$200,000.00

### Movie Club Plans To Buy Ping-Pong Table

(From MHS Crier)

A dance, sponsored by the Movie Club, was held on November 11 in the old gym. The proceeds of this dance are being used to help buy a ping pong table for the high school.

One of the features of the evening was a balloon dance, in which a colored balloon was tied to the ankle of each girl dancing with a boy. The object of the dance was to break the balloon of one of the other dancers. The couples remaining in the game the longest without breaking their balloon were the winners. Gladys Brasseur and Eugene Schneider were the two who kept their balloon in one piece the longest. As a reward each was given a free bottle of coke.

### Glee Clubs Will Present Concert On December 16

(From MHS Crier)

The annual Christmas concert presented by the Glee Clubs will be held on Friday, December 16, at 7:30. The Junior and Senior Glee Clubs, the newly formed ensembles, and many new soloists will perform at this concert. It was announced that formal will probably be worn by the Senior Girls' Glee Club.

The following program will be presented: "O Holy Night" (Adam Soyman) will be sung by the Junior Ensemble, The Second Senior Ensemble will sing "The Christmas Bell" (Old French Carol); "Angels and Shepherds" (Old Bohemian Carol) will be presented by the First Senior Ensemble, and the other dancers. The couples remaining in the game the longest without breaking their balloon were the winners. Gladys Brasseur and Eugene Schneider were the two who kept their balloon in one piece the longest. As a reward each was given a free bottle of coke.

### Fire Call Amounts To Cleaning Job

The fire department had a call Friday afternoon to the John Brown residence at 634 Manistique avenue. There was no fire, only a job of cleaning pipes and a chimney filled with soot. The Brown's oil furnace kicked back because of the clogged pipes, and blew soot all over.

### STRAITS TRAFFIC FIGURES GIVEN

Ferry Business In 1949 Expected To Show Big Increase Over Peak

The number of hunters crossing the Straits of Mackinac northbound on the Michigan state ferries prior to the opening of the season No. 15, is slightly under that of a year ago, according to figures by the Highway department.

Official figures from the state ferry office at St. Ignace show 16,808 vehicles were carried across the Straits on the state boats from Nov. 9 through midnight of Nov. 14, compared to 17,047 in the same period in 1948. It is estimated the number of passengers, practically all of the hunters, was 34,831 for this period this year, compared to 36,351 in 1948.

Southbound traffic on the ferries for the Nov. 9-14 (inclusive) period this year was 2,002 vehicles compared to 1,802 in the same period last year. Only a few of the southbound cars were occupied by hunters.

No One Injured In Sunday Accidents

There were two highway accidents in this area Sunday afternoon, but no one was injured. The first occurred at 4 o'clock, four miles west of Manistique on highway US-2, at West Schustring, 16, of this city, was attempt-

ing to make a left turn to a road-side turn-off. He was struck by Walling J. Schwart, 28, of Berrien Springs, who had started to pass. The second accident was at 5 o'clock, at St. Jacques. A car driven by Arthur Johnson, of Sault Ste. Marie, hit the rear of another automobile which Robert J. Miller, 19, of Manistique, was driving. Miller stopped behind a truck and Johnson skidded into the car in an attempt to stop.

## FIRE DANGER ENDS AS WINTER COMES

**Snow and Cold Weather  
Bring Safety To Woods;  
Toll Up This Year**

Snow and cold weather have ended a 35-week fire danger period which started earlier this year and damaged an estimated 2,500 acres or nearly 4,000 more acres than last year, the conservation department reports.  
Fires started the middle of March, about two weeks earlier than usual and had burned over 15,000 acres by the end of April. Only 4,300 acres were burned through April of 1948. Cost of suppressing forest fires in 1948 amounted to \$111,456, or slightly less than the record cost of \$111,836 in 1947.  
Timbers and brush burners were responsible for over half of the 1948 total. Causes and cost of 1948 forest fire now are being tabulated by the department.  
Many of the seasonal lookouts and equipment operators are on deer patrol and with the end of deer season will end their four or five year duty. Following deer season, regular fire fighting personnel will be busy repairing and storing equipment.

## Three Soloists Make Debut In Concert Friday Dec. 2

(From MHS Orier)  
The Manistique High School Band under the direction of Maestro Giovanni will present its first concert of the year on December 2 at 7:30 p. m., in the high school auditorium. The soloists for the evening will be Shirley Anderson, vocalist, Jim Monroe, trumpeter, and Carol Martinson, who will show her versatility by performing on the piano and the piano accordion, in addition to playing in the band.  
The program is as follows: "America" (Carey); "Knights of the Road" (Huffine); "Tintagel" (Sneak); "Jack's Favorite" (Lea); "Paris Angeliens" (France); "Pat and Take" (Bennett); "Lights Out" (McGoy) to be played by the high school band. Shirley Anderson, Carol Martinson, and Jim Monroe will then perform their numbers. After these individual numbers, the band will present "The Booster" (Klein); "Troika" (Skornika); "Javanargill" (Lithgow); "Monastery at Sines" (Coons); "Gyal Dance" (Bennett); "Java Band Law" (King) and the national anthem.

## EMERALD STAFF STARTS PROJECT

(From The Orier)  
Work on the 1950 Yearbook is getting underway. At a recent meeting of the Seniors, all who were interested in being on the Emerald staff signed up for various committees.  
The following are the editors: Editor-in-chief, Nadine Westin; assistant editor, Joan Vaughan; business editor, Bruce Lichta; advertising editor, Joyce McNamara; athletic editor, Bob Carlson; society editor, Joan Golat; music and dramatics, Evelyn Anderson; senior section editor, Joan Sheehan; maps editor, Edith Kristoferson; photographers, Lois De-Celle and Hugo Schobert; art editor, Crystelle Reid; jokes editor, George Macfarlane.  
Others who have volunteered for work on the staff are: Paul McNamara, Ronny Merton, Bill Swanson, Charles McNamara, Sally Carlstrom, Carl Pasini, Edith Anderson, Laura Jessick, Duke Harbick, Wilbur LaBar, Betty Noes, Alice Icke, Dawn Ayotte, Mary Alice Coffey, Mary Lee Stevens, Gladys Strassler, Dan Van Eryk, Marilyn Larson, Evelyn Marks and Eugene Schneider. Miss MacArthur will be the adviser for this project.  
A committee has been appointed to secure information on the various price lists of different annuals. They are considering one similar to the 1949 yearbook.

## Two Local Women In Car Accident

Two Manistique women were injured slightly in an auto accident at 3:50 Friday afternoon near the McNally tourist court on US-2 at the eastern city limits.  
They are Mrs. George Huber, Cedar St., and Mrs. Erroll Abell, Range street. Both were taken to the Shaw hospital, and Mrs. Abell was released immediately after treatment for shock and bruises.  
Mrs. Huber was dismissed from the hospital later in the evening. Mrs. Huber was driving the car when the accident occurred. Chief of Police Roy Anderson reported that the auto skidded on the slippery highway and then overturned.

Varsity To Play Gladstone Here On December 9th (From the MHS Orier)  
On December 9 the Emerald basketball squad will play their first home game of the season when they meet the Gladstone High School Braves. This is the first in the home-to-home series with Gladstone.  
Gladstone has a strong team this year, with many letter men returning. They usually use a fast break and a "cut and pass" system off their tall lanky center, Bill Creten. Except for Creten, the Emeralds can match the Braves' height and speed. There is an important factor of winning or losing the game may depend on this.  
The officials for the game will be Schram and Ranguette. The Manistique Bee's will play the Gladstone Bee's in the preliminary game.

## FORMER RESIDENT DIES IN CHICAGO

**Mrs. Sarah McCauley Succumbs Monday; Burial Here Friday Afternoon**

Mrs. Sarah McCauley, a resident of Manistique for many years, died Monday at the Children's hospital in Chicago following a long illness. She was 75.  
Mrs. McCauley was born in St. James, Beaver Island, Aug. 15, 1874, and moved to Manistique over 50 years ago. She was the widow of Daniel F. McCauley, who captained fish traps operating out of the Manistique harbor for many years and later was connected with the Coffey Fishing company. Mr. McCauley died about 18 years ago, and since 1942 Mrs. McCauley has resided in Chicago.  
Survivors are three daughters, Mrs. Gladys Malley and Mrs. Blanche Green, Chicago, and Mrs. Mary Codden, Cadillac; two sons, Clyde McCauley, of Washington, D. C., and Daniel, of Muskegon; and five grandchildren.  
Funeral services were held in Chicago Thursday morning and the body will arrive here Friday morning to lie in state at the Kefauver and Jackson funeral home until Friday afternoon, when committal services will be held at Fairview cemetery.  
The Catholic Order of Foresters will meet at the Kefauver and Jackson funeral home at 1:30 Friday to say the rosary for her.

## Stique To Engage Menominee Maroons

(From MHS Orier)  
The M. H. S. basketball boys will travel to Menominee Friday, December 16, to engage the Menominee Maroons. The reserves will also make the trip and will play the preliminary game with the Menominee reserves.  
Menominee always turns out a good basketball squad. Last year they beat the Emeralds 62-36. Menominee also has one of the largest gyms in the U. P., which may be another advantage for the season, regular fire fighting personnel will be busy repairing and storing equipment.

## EMERALDS FIGHT TROJANS DEC. 10

(From the M. H. S. Orier)  
After playing Gladstone here on Friday, December 9, the Emeralds will "hit the road" once again, and travel to Escanaba to play the Trojans of St. Joseph's High School. The reserves of both schools will play the preliminary game.  
The Trojans boast three returning letter men from last year. Among them is 6-foot 4-inch center, Jack Miron. The other two are Peter Krutches and Ron Hirn.  
Both teams balance up each other and this game promises to be just as exciting as the 43-42 game which the Trojans won last year.

## Christmas Seals Distributed Here

1949 Tuberculosis Christmas seals have been mailed to residents of Manistique and the rural area, and an appeal for a quick response is being made. Last year, Christmas seal purchases in Schoolcraft county amounted to \$849.54 cents.  
With this money, steady advance was made in community chest findings, in sanatorium programs to aid the sick, in research to improve and expand present programs, in legislation for further protection from this communicable disease, and in a host of auxiliary services to guard the health and help victims of TB.

## Red Cross Campaign Ends On December 2

(From The Orier)  
The enrollment campaign for the Junior Red Cross opened on Monday, November 21, with Mrs. Ade Watson as local chairman.  
Class presidents were assigned to handle the drives in their classes. A contribution of any amount entitles each student to a membership for a year. The campaign will end on Friday, December 2.  
Because the money is used to help children in war-devastated countries, it is hoped that 100 per cent membership will be attained.

## These Things Will Happen If The Anti-Trust Lawyers Have Their Way

When the anti-trust lawyers from Washington filed their suit against A&P, we told the American people, our customers, our suppliers and our employees how this attack would affect them.

We said that this attack, if successful, would mean the end of A&P as you know it.

We said that it would mean higher food prices for American consumers.

We said that if they succeed in destroying A&P the way would be cleared for the destruction of other efficient large-scale retailers.

We thought the American people were entitled to know about this threat to their welfare and standard of living.

Since that time, however, the anti-trust lawyers have been making speeches, talking over the radio, writing letters and giving stories to the newspapers, in which they say we are all wrong.

They say that this suit will not close a single A&P store; and that instead of raising food prices it will lower them.

And they have tried to give the impression that nobody will be hurt by this decision except the present owners of A&P.

We don't think that the American people want to be confused by these statements. We know that when they have the facts, they will understand that this case can affect the living standards and the way of life of every American citizen.

Here are the facts:

### It Will Destroy A&P

The anti-trust lawyers have repeatedly stated that "the suit will not result in the closing of a single A&P store", and that "the purpose of the suit is to enjoin A&P from continuing activity which has been held to violate the law."

The fact is that the suit is designed not only to "enjoin" A&P from alleged illegal activities, but actually to destroy the company.

Here is what they have asked the court to do:

**Break up A&P's retail stores into seven groups, each of which must be sold to different owners, and operated under new management.**

**Order us to sell A&P's factories, which produce many of the fine foods you find in our stores, to still other new owners.**

**Prevent any of the seven groups of stores from operating any of the factories.**

**None of the present owners, who have made A&P what it is today, can have anything to do with either the stores or the factories.**

The first A&P store was opened 90 years ago. For the past 50 years the

company has been managed by George L. Hartford and John A. Hartford.

These are the men who have pioneered the policy of low-cost, low-profit, low-price food retailing which has won A&P the patronage of millions of American families and given them more good food for their money.

If the anti-trust lawyers have their way, these men and other company executives will be completely out of the picture. No one can predict what the policies of the new owners of the various parts of A&P will be.

No one can predict that they will sell the same quality food at the same low prices, or that they will keep the same employees, or give them the same high wages, short hours, pensions and security.

Nor, despite the anti-trust lawyers' statement, can anyone tell how many A&P stores will remain open or will be closed.

So, while there may be a food store where your A&P is now located, it won't be your A&P store.

Make no mistake about it. If the anti-trust lawyers win their suit it will mean the end of A&P as you know it.

### Your Food Will Cost More

The anti-trust lawyers have repeatedly stated that the suit will not increase, but should decrease, grocery prices.

Anybody who has ever shopped in an A&P store, or has ever taken a high-school course in economics, knows better than that.

Everyone knows that A&P's policy has always been to keep costs and profits at a minimum so that it can sell good food cheap.

The very heart of the anti-trust lawyers' case is that A&P's methods, which they claim are illegal, have enabled the company to undersell competitors. How can anyone possibly say that you will get lower food prices by eliminating the company that has done so much to bring them down?

Actually, there is no question that this suit, if successful, will mean higher food prices for A&P customers.

Here is just one of a number of reasons:

**We manufacture many of the quality foods we sell in our stores, such as Bokar, Red Circle and Eight O'Clock coffees, Ann Page foods, White House milk, and many others.**

**The anti-trust lawyers admit that we pass along these manufacturing savings to our customers in the form of lower prices.**

**But, the anti-trust lawyers have asked the court to order us to get rid of our manufacturing facilities, which would put an end to all these savings.**

**This means that if these A&P brands continued to be manufactured, you would have to pay higher prices for them wherever you found them.**

The anti-trust lawyers say that food prices would go down in other stores. They claim that food manufacturers would be able to sell cheaper to other grocers because they would not have to make up alleged losses they now incur in selling to A&P.

This, of course, is pure nonsense. The suppliers who voluntarily seek our business and are now rushing to our defense obviously find it profitable to deal with A&P. Actually, their sales to this company enable them to build up their volume, reduce their costs, and sell more cheaply to all grocers.

The elimination of A&P from the picture would tend to increase, rather than decrease, the wholesale cost of food; and this, in turn, will be reflected in increases in retail prices.

Make no mistake about it. If the anti-trust lawyers succeed in putting A&P out of business you will find your food bill is higher.

### Others Will Be Hurt

The anti-trust lawyers have insisted that this suit will not affect other distributors, "nor will it destroy any efficiencies of mass distribution."

The fact is that the anti-trust lawyers ask the court to break up the company, make it get rid of its admittedly legal manufacturing operations and in general destroy many of the efficiencies which have enabled it to sell food cheaper.

If such an attack is successful, it immediately raises the likelihood of similar attacks on other chain stores.

The anti-trust lawyers are saying that they "do not contemplate any other suits of this nature at this time."

But that does not mean that they cannot undertake such suits at any future time if they win this case.

As a matter of fact, the anti-trust lawyers made practically the same allegations against two of our largest competitors that they are making against us. And it can also be used as the basis for an attack against other grocers and merchants in other lines.

There are today literally thousands of chain stores, voluntary groups and individual merchants operating with the same methods and in the same pattern here under attack.

If A&P is destroyed, no businessman could safely pursue an aggressive sales policy designed to lower prices and give his customers a better deal if by so doing he takes business away from any competitor.

Even if the anti-trust lawyers have no intention now of prosecuting other suits, a decision against A&P will establish a precedent that could be used by the present anti-trust lawyers, or any future anti-trust lawyers, to destroy any efficient business that buys cheaply, sells cheaply, and grows big in the process.

Such a decision would mean the end of the vigorous, healthy price competition which has given this country the highest standard of living ever enjoyed by any people anywhere in the history of the world.

The anti-trust lawyers are trying to give a new interpretation to the anti-trust laws that, instead of preserving competition, will reduce competition.

They are trying, by court decision, to impose a new kind of economic policy on the people of this country.

Make no mistake about it. If they succeed in destroying A&P they will be destroying the method of distribution that has helped make the American standard of living the envy of the world.
