Again in 1949 MORE PEOPLE HAVE BOUGHT CHEVROLETS than any other make

—just as they have done during the total 19-year period, 1931 to date!

THE men and women of America know value when they see it! Consequently, they are purchasing more Chevrolet passenger cars than any other make... and more Chevrolet trucks than the next two makes combined... thereby placing Chevrolet first in sales this year, just as they have done for the total 19-year period, 1931 to date.

Naturally, we and all Chevrolet dealers are deeply appreciative of this overwhelming tribute of preference; and we join with Chevrolet in pledging to do everything possible to give you greater and greater value in the months and years to come.

Now Hospitals Are "Banks," Too!

The Simpson was saying, "Hospitals are building up 'these banks' that work just like blood banks. When bone is needed, the surgeon takes one from a refrigerator, cuts it to the right shape and simply replaces it in."

"You doctors are sure making progress," I say, "but tell me, are any of the patients fussy about whose bone they're getting?"

"No sir," replies Doc, "No more than they worry about whose blood they get. You see yet asked for a bone from a man who went to the same school or church he did."

Christmas Trees

By Clayton D. Reid, County Agricultural Agent

That merriest of all household decorations, the Christmas tree, has become a disappointment practically overnight. Whether it retains its needles, shape and beauty—or turns into a under-like fire trap is strictly up to you.

This word of caution comes from Clayton D. Reid, county agricultural agent, and Mary Hodwell, consumer economist at Michigan State College. Here are some ABC's on caring for your tree, and suggestions for decorating:

A—Keep the tree out of doors or in the garage, with the stem in water, until you are ready to use it.

B—When you bring the tree in, cut off a piece of the stem base, place the tree in a water or wet sand container, and keep it wet continually. The fresh cut lets water enter the trunk. Sap oozed usually seals the original cut while the tree is in the lot.

In general, don't depend on chemicals or sprays for fireproofing or making needles stay on.

C—Don't use lighted candles, and make sure the wiring for the lights is safe. Check for worn places and loose connections on the light strings.

When you are ready to set the tree up, bring it in the house several hours before decorating. Then allow three or four hours for decorating it properly.

Following a few general rules will avoid complications in the decorating process. Start with the strings of lights. Test the strings first—then start putting them on at the top of the tree, working down and around to the lower branches.

Next in order add the Christmas balls, tinsel or other decorative ropes, and finish with the tacks. In each case it's best to work from the top of the tree down.

For a real Christmas spirit booster, don't overlook the old standards. String popcorn, cranberries, or elbow macaroni dipped in food coloring can be really family fun.

The following: Larry Boyd, Manistiquette; Mrs. Ed Dolorin, Cooks; Mrs. Joseph Giovanni, Manistique; Frank Meade, Gernafsk; Mrs. Herbert Mussen, Gernafsk; and Miss Beverly Peterson, Gernafsk. Mrs. Mae Lawrence, of Gernafsk, received a fifth-year leadership award, and Miss Renée Thorley, of Gernafsk, was presented a ten-year leadership award.

Hall Decorated
The invocation was given by Clayton D. Reid, county agricultural agent.

Among the guests present at the banquet and program were Floyd Sample, chairman of the county board of supervisors, and Mrs. Sample; Herbert Burns, Manistique township supervisor, and Mrs. Burns.

The Manistique township hall was beautifully decorated with an attractive blending of the 4-H

colors and evergreens. Tall green spruce trees formed the centerpiece of the banquet tables while a large Christmas tree was placed in the

stages alcove of the hall. The banquet was served by the Manistique township Home Economics club, who had charge of preparations.

Children On Wrong Side Of Timberline Subject Of Speech

(Continued from page 1)

"pray?" asked Mr. Kettunen, quoting an outstanding businessman of Michigan, whose Armenian-Turkish background is still strong even after years of the American influences exerted on him while he was realizing his life's ambition of becoming a worthwhile citizen of the "Yankee" States. With striking examples of the strength of early training, Mr. Kettunen explained the importance of carrying out 4-H club work through the formative age of the child.

"The forces of Communism are not worthwile," the speaker went on, in stressing the need for keeping young children engaged in worthwhile activities, especially while the threat of Communism is so prevalent.

In conclusion, Mr. Kettunen urged "Daddy's Tracks" — a clever poem in Indian dialect.

Jerome Allen, an outstanding local 4-H club member, spoke briefly about his trip to the National 4-H Club Congress held recently at Chicago.

Appreciation for the efforts of the 4-H local leader was expressed by Fred C. Bernhard, district 4-H club agent, who presented first year leadership awards to

Health Insurance Subject Of Lions Meeting By Dr. Shaw

Participation in a health insurance program is the subject of the compulsory health insurance as sought by the federal government is the answer to the American's health problem, Dr. George A. Shaw said at a Tuesday evening meeting of the Lions club.

The speaker pointed out that the health programs now being developed in other countries, notably in England, are not working out the way the planners hoped. The cost of the act, doctors are registering, and the public has lost the right of choice in selecting their doctor.

Dr. Shaw said the well-to-do and every poor are fairly well taken care of medically now, the first step is to have their own money through their own money through the latter through social welfare programs. It is the middle class—the men and women earning \$3,000 to \$5,000 a year—who are in need of some help in getting adequate medical, surgical and hospital care when they need it, he said. This is the group who needs the protection afforded by health insurance, he said, and he predicted that the health insurance program now being launched

in industries and commercial establishments was part of the answer. He said that he did not think the national health insurance program as being advanced in Washington was the answer, and he stated that the American would probably rebel against its restrictions once they found themselves tied up in its authoritarian folds.

Many persons who think national health insurance is the answer think they are going to get something for nothing—that so long as federal money pays for it, it is not going to cost the individual anything. Every taxpayer is going to feel the stiff bite of this program if it is ever enacted, he said.

Tribute Given To Deceased Elks At Memorial Service

Five members of the Manistique Elks lodge who died during 1949—William L. Middlebrook, Peter Garriek and William Tracy—were paid tribute at the annual Elks Memorial service Sunday afternoon of last week at the Elks temple.

The Memorial message was delivered by Rev. William H. Schobert, pastor of the First Baptist church.

Also on the speaking program was Merrill Johnson who delivered a eulogy to the memory of William H. Middlebrook, the last surviving charter member of the lodge, who passed away in November.

O. J. Schuster, past exalted ruler of the lodge, gave the Elks 11 o'clock toast.

The ceremony was conducted by past exalted rulers, with John W. Kelly presiding as exalted ruler. Others participating were S.

O. Crowe, Donald McPhail, Omar J. Schuster, C. E. Leonard, and William L. Norton. Leonard Malen, regular lodge secretary, filled the post of Memorial service secretary.

Music for the occasion was furnished by the Schoolmasters' Quartet, composed of J. Earl Censhousen, Carl Olson, Joseph Glowninski and Marvin Fredrickson. Mrs. A. F. Hall played the piano accompaniment, and Lauritz Hough sounded taps.

Fire Chief Warns Of Need To Check Christmas Lights

"Now is the time to make certain that your Christmas holidays are not marred by fires or other accidents resulting from defective Christmas lighting equipment," warns Chief Elmer Boal, of the Manistique fire department.

"You need have no fear," the fire chief said, "of fires being caused by well made Christmas lighting sets, provided they are not too old and are in good condition. Many people do not realize how long their light strings have been in use." A high percentage are 10 to 20 years old, and defects

of one sort or another are bound to be present. It is folly to take chances waiting until the night before Christmas. "Get out your lights now," the Chief advised, "and inspect them carefully. Lay out each string and go over them looking for the following defects:

1. "Is the attachment plug cracked or broken? Are the parts of the plug held together securely? Pull gently on the wires where they enter the plug to see that the connections are not broken.
2. "Bend the wire at close inter-

vals to see if the insulation has hardened and is in danger of breaking off. Frayed insulation indicates a condition that can be dangerous. If the bare metal wires are exposed at any point, short circuiting may occur which are sure fire hazards, and the string should be thrown away.

3. "Inspect each lamp socket for cracks or loose parts. If the inner metal screw shell is loose in the insulated outer shell, the string should be discarded. Pull gently on the wires entering each socket to be sure they are secure.
4. "Keeping the string away from any flammable material, screw lamps in firmly, and plug in the string. Hold each socket firmly and twist the wires slightly to be sure there is no loose connection that will cause a short circuit or spark when the lights are on the tree. If any sparking occurs,

the string should not be used under any circumstances."

Gulliver
(By Stella Brunet Paul)

A regular school board meeting was held Thursday, Dec. 8, at the Whiteale school. Items of special interest and of general concern were brought up for further discussion at a general meeting held on Wednesday, Dec. 14, at the school which all Gulliver residents were urged to attend.

Installation of officers featured the regular and open meeting of the Michigan State Grange held Saturday, Dec. 10, at the Grange hall. Mr. and Mrs. Agner Dehlin, delegates to the state convention held in Jackson during the month of October, gave a report of the affairs of the convention, preceded by the installation of officers. Six Hiawatha Grange members were guests at this meeting. A social hour was followed by lunch.

The King's Daughters held their regular meeting on Tuesday evening, Dec. 13. Reminders were sent out by Secretary Eleanor Brock, with special attention given to the exchange of gifts. A special collection was taken up following the election of officers, and a pot luck lunch was served at the close of the evening.

The Birthday Grange members met in regular session on Satur-

day, Dec. 10. Installation of officers was followed by a short business meeting. Pot luck lunch was served. Notices of the meeting were sent out by Acting Secretary Tillie Nielsen.

Mr. Leo Chiles returned from Chicago on Wednesday, Dec. 7, following a week spent there and in Lombard with relatives and friends.

A special meeting of the school board was held Wednesday evening, Dec. 14, at Whiteale school.

A Christmas party is being sponsored by the Gulliver Community Planning Club to be held at the Whiteale school on Wednesday, Dec. 21. A playlet and exchange of gifts (gifts not to exceed 50 cents in value) will be featured, followed by a musical program and not luck lunch. Everyone is welcome and a good attendance is anticipated.

Local business places have shown the spirit of the holiday season by decorating interiors and windows with wreaths and Christmas trees.

This area keenly felt the inclemency of the weather on Monday, Dec. 12, the power being off for many hours due to bad weather conditions.

Mrs. Lloyd Klagstad spent some time in Petoskey visiting her aunt, Mrs. August Johnson, of Manis-

tique, at Little Traverse hospital, who has since passed away. Funeral services were held on Saturday, Dec. 10, Mr. and Mrs. Klagstad attending.

The Wesley Buzzos are now established in their new home at Port Inland.

Many local residents enjoyed the concert by the Manistique Choral Club on Sunday evening.

Motorist Jailed For Drunk Driving After Car Crash

There was an accident at 8:15 Thursday night, Dec. 1, near the Delta-Schoolcraft county line and as a result of it, Wallace Vertz, 30, of Route One, Manistique, is spending 30 days in the Delta county jail.

Vertz struck a car driven by Charles DuRoy, 39, of Gladstone, as DuRoy was attempting to pass a truck. State police who investigated took Vertz to Gladstone where he was arraigned Friday in Justice of the Peace Schiberg's court and sentenced to pay a fine of \$50 and \$45.00 costs or spend 30 days in jail. He took the jail term.

Neither DuRoy, Vertz or Earl Daveport, 38, of Manistique, riding with Vertz, was hurt.

INTERPRETING THE NEWS

The governor of Michigan is not a glorified clerk!

Governor Kim Sigler made this declaration before the Economic Council of Detroit during the first year of his 1947-48 term.

Members of the Sigler reform program for centralizing authority in the governor's office were met this week as a legislative committee, fresh from an inspection trip to three eastern states, announced adoption of the Hoover Commission "tank force" plan in conducting research for reorganization of state government.

Chairman of the committee was Senator James T. Milliken, republican, Traverse City. The committee of state senators and representatives was received by Gov. Sigler at the residence of President Herbert Hoover. Hoover recommended use of specialists in each field from outside government to study functions of state government. Hoover named the group that a legisla-

live committee, acting as a reorganization group, could formulate an effective program for reform.

Legislators reported they were strongly impressed with streamlining program put into effect in New York, New Jersey and Connecticut. In each case the responsibility of the governor was increased and many boards and commissions were eliminated as administrative agencies.

Governor Thomas E. Dewey of New York told legislators he would not serve as governor under a decentralized authority such as now exists in Michigan and still be held responsible for results of state government.

Strangely enough, the results of the legislative junket to the eastern state in search of ideas for economy in state government, are largely those originally advanced by former Governor Sigler in 1947. In the past the state legislature has been cool to recommendations of increased power and responsibility for the governor, feeling that the present legislative and executive functions serve as a check and balance against each other. The legislature was sold by Governor Sigler on the need of creating a State Department of Administration, headed by Dr. John Perkins of Ann Arbor, to consolidate purchasing of government supplies and general administration. When this department was taken over by Governor C. Mennen Williams, following

policy first established by Governor Sigler, a political unit immediately following between the administrative board controlled by Republicans, and the newly created State Department of Administration. The row is still going on, and it illustrates some of the perils in the road for streamlining state government by increasing authority of the governor.

Physicians of Michigan are an aggressive campaign in 1950 against the issue of "socialized medicine." The Michigan State Medical Society was a pioneer among state groups in publicizing the benefits of private medicine. Now through the American Medi-

cal Association Michigan physicians and surgeons will oppose compulsory health insurance as proposed at Washington by the national administration.

Commercial advertisements on street parking meters has been proposed in Detroit. James H. Garlick, member of the Detroit City Council, said he thought motorists were confused enough by instructions on the meters.

Attorney General Stephen J. Roth has ruled that the State Highway department cannot accept bids on the \$314,550 sea-breaker ferry for the Straits of Mackinac. He declared the contract had been let by the Department of Adminis-

tration, an agency controlled by the governor.

How law abiding are Michigan citizens? The State Corrections Department reports that an average of one out of every one thousand Michigan residents was convicted of a major criminal offense during 1948.

Lower taxes in suburbs of Detroit have attracted industries away from Detroit, states a report of the Detroit Metropolitan Area Regional Planning Commission.

An illustration of how social problems inevitably result in requests for more state spending is

afforded by the current efforts of Governor Williams to reduce the number of sex crimes in Michigan. It is now proposed that \$187,617.00 be made available immediately from a special \$500,000 legislative fund for emergency needs. This money would be used to establish a sex deviate clinic in Detroit.

Miss Mildred Korridge, Van and William Mueller, Jr., and Jack here.

Wilson are arriving Friday from Mount Pleasant, where they are students at Central Michigan College of Education, to spend the Christmas holidays at their homes.

O-JIB-WA BITTERS HELPS MECHANICS RHEUMATISM

No matter what your position in life or what type of job you have, you can't do your best work while suffering with agonizing pains.

If you suffer with Rheumatism and Arthritis and find that it continues to get worse, and are afraid that someday you will be an arthritic cripple, heed the words of Mr. George Russell, 30 years a resident of 206 N. Cedar Street, Manistigue, who also had this fear before he discovered O-JIB-WA BITTERS and its wonderful benefits.

Could't Even Hold a Hammer

"The fear of being completely crippled with Rheumatism and Arthritis, is one that I have experienced for 7 years. I could not hold a hammer, and my back and knees would stiffen up, and I just couldn't get up without help. It was just the fact that I had all my teeth pulled and was on any other medicine, I didn't get any better. Terrible gas, indigestion and great fatigue added to my miseries, and the thought was always present that it would be long before I could't work at all.

Now Completely Better

I took about 10 or 15 doses of O-JIB-WA BITTERS in my local drug store, and decided to try it. I had little hope, and up to that time I had not had any relief. I was encouraged as I noticed little improvement. I continued to get better, and although it has taken five months, now I am completely free of all pain and suffering. I am able to do my work without difficulty. O-JIB-WA has changed my health completely, and I don't suffer anymore from indigestion or gas, and can eat anything without distress. I personally know many other enthusiastic users of O-JIB-WA BITTERS and the more I hear of them, they are glad to recommend this great medicine."

HERE ARE THE FACTS!

No medicine being sold today for Rheumatism and Arthritis has received such public acclaim and enthusiastic commendation by the users that O-JIB-WA BITTERS is the reason for this. It is because O-JIB-WA is not just a mild sedative as are many tablets on the market today, containing merely opium, heroin and salicylates. O-JIB-WA works through the blood stream and helps stiff joints to relieve the distressing pain, even when the stiffness has become deep seated. O-JIB-WA BITTERS has a tonic effect on the stomach, liver, kidneys and nervous system. O-JIB-WA is a quick action and in most cases aids in correcting the cause of these horrible conditions. It is the only medicine that you can depend on. It is the only medicine that gives you hope. It is the only medicine that gives you hope. It is the only medicine that gives you hope. It is the only medicine that gives you hope.
