Debt consolidation vote is postponed

A special school election on consolidating the bonded indebtedness for the former township districts reorganized into the Manistique Area Schools three years ago has been postponed.

Action on the election, which could be held legally any time after July 26, was tabled at the April meeting of the board of education Monday night.

The proposal would lump all the long-term debts of the former township districts, still carried separately on the individual township tax rolls, into a district-wide levy.

Students at Central School will be able to participate in a new school breakfast program starting next week. The board approved the program, which is subsidized by the State at 15 cents per meal, and plans to start the program Monday were put into action Tuesday. Serving will start at 7:30 a.m., and the cost will be 10 cents per meal, or 50 cents per week. The meals will include milk, toast, cereal and juices.

The operation of the old Lakeside School will start soon, following acceptance of the low bid of McMillan Bros. of Iron River, at \$5,000, for removal of the building. One other bid was received. Work will start soon as load limits are removed from area highways, and the job should be completed within 10 days.

Also approved was a proposed budget totaling \$1,244,420 for the 1969-70 school year, which will be submitted to the Tax Allocation Board this week. Such a budget would require a local tax allocation of 10.204 of the available 15 mills.

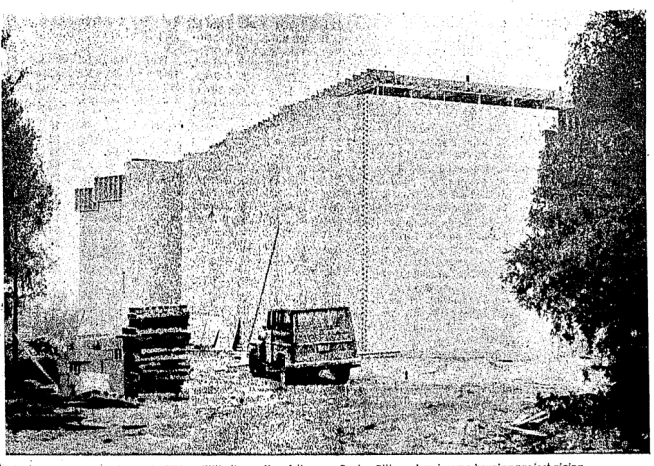

Institution of a cooperative education program, which would allow youngsters to work in local business establishments as part of the school program, was approved, following a report from faculty member Stanley Arnold on a meeting he attended at Northern Michigan University in connection with the program. Supt. Edwin Wuehle said he hoped to have three faculty members certified for cooperative vocational programs by next fall, in connection with the possible sale of the Putnam property, at the corner of Cedar and Main Sts., was deferred by the board as they tabled the question for three months.

Board members Ralph Gillam and Robert Knoph were named to a committee to study installation of carpeting in the school conference room, library, and guidance offices. They have the power to proceed with approval of the program.

Members Earl LeBrasseur, Denton Nelson, Ralph Gillam and Robert Knoph were named to a committee to draw up specifications for new school buses.

In other action, the board:

- Approved the hiring of Linda Grimes Curran as an early elementary teacher for next year. Mrs. Curran will be a 1969 graduate of Northern Michigan University.
- Approved dropping the school census—a move made legal by the state action this year.
- Authorized the administration to draft a policy on out-of-town school trips, for board approval.
- Discussed the possibility of hiring a firm other than Ernst & Ernst to audit the school books this year.
- Approved payment of bills totaling \$31,608.28 from the school fund, \$3,895.05 for hot lunch \$80, building and site; \$54.40, Elementary-Secondary Education Act Title V and \$324.12 in library bills.

CLOSER AND CLOSER—With the walls of the new Senior Citizens low-income housing project rising steadily, more and more interest is being shown in the building. The city started giving out application forms this Monday.

1970 County budget set at \$366,160

A proposed 1970 budget totaling \$366,160 was approved by the County Board of Supervisors at their April meeting Tuesday.

The total is more than \$100,000 higher than the 1969 budget figure of \$266,260.

Half of the increase, however, can be found in the \$50,000 included for the airport expansion project—an item not included in the 1969 total.

Another \$10,500 increase is found in the budget allotted the Department of Social Services. Their figures were increased to \$42,500 for increased costs of running the Medical Care Facility resulting from the state's putting a ceiling of \$17 per day on their reimbursement to the county.

The total budgeted for the Board of Supervisors operation was also boosted from \$6,000 to \$10,000, and other departments also were listed for increases.

In order to raise the \$366,160 the county would have to levy 11.3 mills, but this would not take into account revenues received under the income tax rebate, for various fees, and other income.

Schoolcraft County's valuation jumped by more than \$4.5 million during the past year, the report of the equalization committee of the board revealed, with the new total valuation pegged at \$31,460,498. Last year the total valuation was \$26,835,756. Much of the increase is traced to the pipeline construction of last summer.

The board ran into some opposition, however, from Inwood Township Supervisor, Joel Carley, before approving the report. The board of review valuations were all approved except for Inwood's, where \$26,973 was added. This is the same total that the original assessments had been reduced by Inwood's board of review, but the amount will be spread over the entire tax roll of the township.

Carley said Tuesday he planned to appeal the action to the State Tax Commission. He said he felt it was unfair to assess property in Inwood Township at the same value as homes in the city of Manistique.

\$2,495,525; City of Manistique, \$10,446,050. Total valuation of all the townships is \$20,365,475.

In other action, the board:

- Heard a report on efforts to prove the need for extension of the paved east-west runway at the airport from 3,000 to 3,600 feet.
- Voted to raise the rent of the Alger-Schoolcraft Health Unit from \$100 to \$200 monthly for offices in the Medical Care Facility.
- Heard Supervisor Thurman Skarritt, Sr., report that Dr. Gordon Eadie, director of the Alger-Schoolcraft Health Unit, will be leaving in May, and that a replacement is being sought. The state will pay up to \$15,000 of the director's salary, with the participating counties paying the remainder.
- Also heard Skarritt report on his efforts to secure backing for the proposed Fox River Hatchery for trout and coho salmon, and the report that the hatchery was listed third in priority in the state.
- Approved increasing the payment for indigent funerals from \$300 to \$400, upon request of the local funeral directors.
- Turned down a request by the sheriff that his prisoner meal allowance be increased from 70 cents per meal to 85 cents.
- Referred to the county prosecutor a complaint on planting at the west side of Indian Lake.
- Approved payment of \$1,165 as the county's share in the Central Upper Peninsula Economic Development District, and named Chairman Lindsey Frenette as their representative to the group.

Nat Dellis elected president of Chamber

Dellis was elected president of the Top 'O' Lake Michigan Area Chamber of Commerce at a special meeting of the board of directors held Tuesday morning.

Dellis operates the Surf Restaurant east of Manistique and is a member of Restaurant Enterprises, Inc., operates restaurants in Marquette, Iron Mountain and St. Marie.

Dellis will fill the unexpired term of Denton Mior who was deferred from the city last month. The newly-elected president immediately called a special meeting of the board for next Monday morning to initiate programs of action.

In the election of the new president, the board approved authorizing the ordering of a custom built counter constructed and installed in the chamber of commerce building. The action was taken on the recommendation of William Jahn, chairman of the special equipment committee.

W. G. Graw, secretary of the Chamber, reported that 21,000 information folders have been distributed this far at the shows and special exhibits and that an additional 34,000 will be distributed through the balance of the year.

Jack Norm Jahn new cage coach

Jack Norm Jahn is the new basketball coach for the Manistique High School, succeeding Rudie Brandstrom, who was approved by the Manistique Area Schools board of education at their April meeting Monday night.

There were five applications for the job, including Howard Harts and Se Rubick from the local faculty, and two out-of-town applicants.

Jahn and his wife, Mrs. Jahn and their three children reside at 608 1/2 Michigan Ave.

Jahn is a 1950 graduate of Manistique High School, attended the University of Detroit and Central Michigan University in Mt. Pleasant, graduating with a BS degree in 1959 from Central Michigan.

Jahn served in the U.S. Navy from January, 1951, to December, 1952, and coached for seven years at Cooks High School in Fremont, Michigan in September, 1957.

Jahn's wife, the former Betty Jean Haindl of Cooks, is a first grade teacher at the Lakeside School.

Senior girls feted at tea

Over 70 graduating Senior girls were guests at the Tuesday afternoon meeting of the Women's Club. The tea was held at the home of Mrs. and Mrs. Norman W. Jahn, 519 Cherry St.

The new coach is a 1950 graduate of Manistique High School, attended the University of Detroit and Central Michigan University in Mt. Pleasant, graduating with a BS degree in 1959 from Central Michigan.

K-C, Masons dinner Monday

The third annual K. of C. of Manistique Dinner will be held Monday at the K. of C. Hall at 7 p.m.

Aldred M. Farley is general chairman of the dinner, and announced that John LaHala, past State Director of the Michigan Knights of Columbus, and presently administrator of the Marquette Diocese, will be the principal speaker. Toastmaster will be Phillip Villeneuve, who is chairman of the State's movement of the Knight of Columbus by the State of Michigan.

The welcome will be given by William Beaudin, district deputy, in the absence of Grand Knight Dr. Robert E. Hawn.

Tickets are available from Putz's Walgreen Drug Store, and Leonard's Barber Shop, and from various members of the K. of C's and the Masons.

Seek local entries for crafts exhibit

Manistique area residents are being encouraged to join craftsmen from the entire Upper Peninsula in entering craft items in the tenth annual Upper Peninsula Crafts and Native Industries Exhibit to be held at Manistique High School Saturday, April 19.

Prizes will be awarded to the best craft item in the show and to the item that best reflects the exhibitor's theme: "Blue Waters."

There will be a general conference session in the morning with a presentation on the crafts of the West Virginia Department of Commerce which will speak on "The Arts and Crafts in Appalachia—A Stimulant to the Economy of a Region."

In the afternoon there will be demonstrations of craft skills by Upper Peninsula craftsmen. Two Manistique area craftsmen, Ken Tilton and Harold Plichka, will be among those participating.

In addition to the crafts exhibits, there will be several special displays, including a group of paintings by members of the Manistique Art Club.

Also planned is an exhibit of craft items that can be locally produced for sale to visitors to the Upper Peninsula. These products, which are designed to sell between \$1 and \$5, will be in a display arranged by Peter Grievess, MSU Extension Agent in Newberry.

Driver cited in accident

Gerald B. Wolskirch, 19, of Hemlock, Mich., was ticketed by Public Safety officers for improper passing after his car collided with a vehicle driven by Rickey W. Dewey, 17, route 1, on US-2 near Arbutus Ave., Tuesday at 9 a.m.

Dewey was making a left turn at the time of the mishap.

Charles W. Hime, 42, Star route, was ticketed for failure to stop and identify himself at the scene of a property damage accident, and having no registration plates, following an accident Saturday between 5 and 5:30 p.m. on County Road 455 in Thompson Township.

Adeline Foy, Manistique, reported to State Police that her parked car had been hit by another vehicle at that time, and officers traced the pickup, driven by Hime, to paint colors left on the Foy car.

George D. Sampson, 38, McMillan, was ticketed for violation of the basic speed law after his vehicle hit a fence at the end of County Road 1234 in Newton Township, Mackinac County, Saturday at 3:50 p.m. He told State Police he was not paying attention and did not see the fence.

Sylvester H. Barbeaux, 26, Fayette, was also ticketed for violation of the basic speed law after his vehicle went out of control and rolled over Tuesday at 12:05 a.m. on County Road 483 in Fairbanks Township, Delta County.

Off-street parking plan is proposed

Council also adopted a resolution urging repair of US-2, citing particularly the "distorable" stretch of road between Manistique and Escanaba.

Extension of sewage and water facilities to residents of West Lakeshore Drive was discussed after a petition from nine residents in that area, seeking only sewage facilities, was presented by Robert Eddy. Eddy was instructed to prepare a cost estimate of the project, which would probably be financed by special assessment of the property owners affected.

Manistique will send a three-man delegation to Duluth April 21 to discuss the city's proposed harbor project with Economic Development Agency officials. Attending will be Mayor Leo DeMat and Councilman Thore Reque. Harold Deaton of Manistique will also attend.

A budget review meeting was set by the council for April 22. They also agreed to schedule special trash pickups to aid the city's clean-up campaign, and adopted a resolution granting the board of supervisors for their planned airport improvements.

Off-street parking plan is proposed

A proposal to add 310 paved off-street parking spaces adjacent to the main business block in downtown Manistique will be presented to a businessmen's parking committee Friday by the city.

City Manager Robert Noe outlined the plan to the city council at their regular meeting Monday night. Cost of the project was estimated at \$130,115, based on acquisition of land at estimated values.

Noe and City Assessor Ljal Lask worked out the proposal, which covers the area bounded by Cedar, Oak, Walnut and Main Sts. The proposal does not cover the cost of lighting the parking area, but meters may be installed, Noe commented.

Serving on the committee are Fred Hahn and O.F. Smith, from the council's Citizens Advisory Committee; Oliver J. Schuster and Clyde Struelens, City Planning Committee; William Putz, Franca DeCarle and Dr. C.L. Norak, Chamber of Commerce; and Harold Carlson, Leo DeMat, and Noe and Lask representing the city.

Deadline is Friday for poster entries

The deadline for entries in the school poster contest for the Upper Peninsula Crafts Exhibit has been postponed until 5 p.m. Friday. The contest is sponsored by the Manistique Art Club.

Begin releasing 850,000 coho Salmon in U.P. rivers

The release of 850,000 coho salmon smolts in four Lake Michigan streams, including Thompson Creek and the Manistique River, six Lake Superior streams and on Lake Huron stream began Monday, April 14, according to the Department of Natural Resources.

A total of 200,000 coho were released in the Anna River in Alger County on Monday and Tuesday. Another 100,000 were released in the Whitefish River of Delta County on Wednesday. A total of 50,000 are expected to be released in the Manistique River on Friday as well as 50,000 in the Sucker River, Alger County. The salmon smolts at 4.5 to 5 inches in length, scheduled for release at a later date will be 50,000 Alaskan strain coho in the Thompson River. It is expected that the plantings will extend into May.

In addition to the coho plantings, 50,000 chinook smolts are scheduled to be released in the Anna River at a later date. The health department that due to the high water table many sewage systems are failing in the area. This is resulting in contamination of surface water.

It is highly recommended that parents do not permit their children to play in or around these puddles of surface water, or run-off of surface water. It is also recommended that water samples be taken from wells to determine if the wells have become contaminated due to this pollution.

Bottles for this purpose are available at the Department located in the Medical Facility Building in Manistique. They do not want to unduly alarm the citizens of this county but only to bring to their attention that when a situation such as this exists at this time there is always a definite hazard involved. Pollution from sub-surface disposal fields or improperly constructed disposal systems contributes to the potential danger of infections and illness.

11th District Democrats meet here April 22

Van Brown, who was recently elected Chairman of the 11th District Democratic Party Organization, which includes all Democrats in the 11th U.S. Congressional District, has announced that a meeting of that organization will be held on Saturday, April 26, 1969, at the Firestone Inn on US 2, three miles east of Manistique, Michigan. The meeting will commence with a luncheon at noon, and all Democrats are urged to attend.

According to Brown, the purpose of the meeting is to lay the ground work for organizing 11th District Democrats into a united and effective group. Discussion will be held on the adoption of new by-laws for the organization's governing board which consists of its officers, the chairman of the 22 committees within the District and

Makel-Johnston vows spoken

Mary Frances Makel and James Roger Johnston exchanged vows in a double ring ceremony at St. Francis Sales Church Saturday. The one o'clock nuptial Mass was performed by Msgr. F.M. Schering before an altar decorated with lilacs.

Sister Coleen and Tim Darwin were the soloists accompanied by Robert Stram at the organ. Altar boys were Paul Villemain and Robert Cayla. Escorted down the aisle by her uncle, August Makel of Hayward, Calif., the bride wore a full length Victorian style gown of light ivory silk peau de soie. A long lace adorned with spot pearls and crystals circled the narrow stand-up collar, the full length of the dress and the hem of the slightly flared skirt.

Small pearl buttons also accented the front, full length of the dress. The long sleeves featured wide fitted cuffs with a repeat of the lace. The chapel-length, detachable train fastened to the shoulders at the back with a large flat bow. Her Tudor style fitted cap of silk peau de soie held the above length veil of illusion in place. She carried a large nosegay of yellow roses, daisies and stapeolias.

Daffodil yellow was the color of the gowns worn by the bride's five attendants. Their voile over tulle full-length gowns were styled with an empire waist, stand-up collar and long full sleeves. The bodice was adorned with embroidered lace in front and back. The handpieces were double dor bows of matching material trimmed with lace. They carried smaller replicas of the bride's bouquet.

Mary is the daughter of Mrs. Carl Makel of 101 S. Cedar St. James is the son of Mr. and Mrs. Walter Johnston of Kingston, Ontario.

Kay Hentschell of Troy, Mich., daughter of Mr. and Mrs. William Hentschell of Manistique, served as maid of honor. Bridesmaids were Mrs. Bruce McCarthy, Detroit; Mrs. Donald Kiva, Warren; and Mrs. Philip Makel, Mt. Clemens. Senior bridesmaid was Catherine Wood, daughter of Mr. and Mrs. George Wood.

Attending the groom as best man was Barry Corale of Royal Oak. Ushers included Philip Makel, Mt. Clemens; Martin Makel, Marquette; and William Makel, Marquette.

Local Births

Mr. and Mrs. Eudolph Klarich of route one are the parents of a son, Kenneth William, born April 9 weighing 7 pounds. Mrs. Klarich is the former Theresa Barker.

On April 16 a daughter was born to Mr. and Mrs. James LeMaster of Holt, Mich., weighing 6 pounds 1 ounce. Mrs. LeMaster is the former Luella Chaste.

ENGAGEMENT—Mr. and Mrs. Ronald H. Kohn of Escanaba have announced the engagement of their daughter, Karen Kay to John Raymond Kelly, son of Mr. and Mrs. John W. Kelly of 600 Arbutus Ave. The bride-to-be is a 1968 graduate of Northern Michigan University, Marquette and Mount Mary College of Milwaukee. Her fiancé studied at Central and Northern Michigan Universities. The wedding will take place on Aug. 16.

Society meeting

The Women's Society of the Church of the Redeemer, Presbyterian, will meet in the Westminster room at 1 p.m., Wednesday, April 23, Mrs. Beda Hough will be in charge of the program. Hostesses will be Mrs. Harvey Quirk and Mrs. William Cook.

"OUT OUR WAY" News from Road 437

Hi Folks: The return of Spring brings many thrills to me, and happiness. The robins have returned from their vacation in the south. The Boss heard and saw two sandhill cranes, so with our door to spring open, we went the Martin 12-room apartment. In about 10 minutes the arrival of tenants began and this morning some of the apartments are busy with activity.

Yes, as the winter months pass away and spring returns it brings with its soft breezes much gaiety and beauty that covers our earth.

Oh, by the way, the pussy willows have opened up their coats to show off their curly silky catkins. The Boss brought me a few twigs that I put in with my bouquet of bitterweed, and it gave the vase a new spring look.

I noticed the iron creek is nearly going along at a fast speed, as is the Big Murphy Creek. The sand barrels have been picked up and stored away until the return of winter. Road 437 is in fairly good shape and the mail boxes along the way all seem to be waiting for the return of their summer owners. The Indian River is traveling along at a fast pace, but looks peaceful. As the ripples go on a stream or a river, place a dream on it, and wish for it to come true. It's fun to try, and who knows it might.

Mr. and Mrs. John Prantner of Milwaukee spent a few days at their cabin on Thunder Lake

getting it in readiness for summer vacations. They are the new owners of Russell Paquette's cabin. Their guest was Mrs. Patricia Ludwig, a sister of Mrs. Prantner.

Congratulations from Our Way go out to Mr. and Mrs. Donald Shackie on the arrival of a son, Ronald Joseph. Mrs. Shackie is the former Joyce Fiegel. The grandparents, Mr. and Mrs. Ronald Fiegel, are quite happy at the new addition to their family tree.

With spring in the air, echoes of birthday greetings go to Karen Haskins, Betty Cinnamon, Ralph Smithson, Frank Sawyer and Angie Carlson. Anniversary wishes go out to the William Keeners. May the day for all of you be one of complete happiness.

With spring around us, here is a quotation of Hamerton's: "What delights us in the spring is more a sensation than an appearance, more a hope than a fact."

PTA to greet new officers

Officers for the coming year will be installed at the regular meeting of the Lakeside PTA (tonight) at 8 p.m. at the new Lakeside School.

Surf Sounds

Spring is the season of romance, and what could be more romantic than a wedding?

We enjoyed playing host to Mary Makel's wedding reception last Saturday, and we hope the new Mr. and Mrs. Roger Johnston enjoyed the reception for them.

There should be a special note here of Louise Thompson and Maris Wood, who helped in decorations that provided that little special touch that is always appreciated and welcome.

If you're going to be planning a wedding reception, party, reunion or some special affair, don't stop by and talk with us! We're happy to host you, and work with you to give that special occasion of yours what a special touch you want.

And speaking of special occasions, we're planning one for April 21. It will be for everyone, and just a little bit different, and that's all we're going to tell you about it right now. Watch Surf Sounds in the next week for more details on this event.

Every year the Family Living class from the high school comes out and visits us on Tuesday night (Wednesday) was the big day this year. We've always enjoyed serving these youngsters at these annual affairs, and this year was no exception. It's just as much a treat for us as it is for them.

We're still looking for a new name for our salad bar, as we mentioned last week. What we're trying to say is that we're open to good suggestions for a name that's different, yet descriptive. Appetizer Alley seems to be the leading candidate, but we from Salad Saloon, which we rejected as too confusing. Somebody might order a tossed salad on the rocks. Then what would we do?

No need to tell anybody, particularly a businessman, that Tuesday was income tax day. You should have seen the pile of papers in our office! But we can remind businessmen (and others) that we pride ourselves on quick, tasty noon lunches that fit just right into a busy schedule. If you're looking for a relaxing place to get away from worries for an hour or so at noon, come on out and enjoy lunch with us.

We'll be looking for you,

Letter TO THE Editor

TO THE EDITOR:

On February 6 I wrote a letter to your newspaper requesting your data, articles, pictures of Camp Cook, which was located near Manistique. I wanted to know the exact location of this camp, and also if this was any information as to the names of any personnel assigned to this camp. I was advised to contact your paper for any information.

Camp Cook was a C. C. Camp (Civilian Conservation Corps) established in 1933 during the Roosevelt Administration.

A person, whose name I have forgotten, answered my letter, but to my regret, I became ill and had to go to the hospital for operation. I am now recovering, but I misplaced the letters sent to me and I can't find them. Would it be too much trouble to let the person to answer my letter ask if I would certain appreciate it.

Thanking you in advance for all services rendered in my behalf as I am sure you will for your reply.

Yours truly

P.S. Do you know of anyone who might have a roster of the enrollees at this camp from 1933 to 1937 or where I might be able to get such a roster?

We care where our product is served.

Beer served in pleasant and wholesome surroundings is the aim of the United States Brewers Association. And we are always striving to do something about it.

The USBA is represented by field men around the country. They meet with proprietors of establishments where beer is sold. They work in every way possible to promote a set of high standards wherever beer is served.

This USBA effort means even more enjoyable places for America's great beverage of moderation.

SCHOOLCRAFT VISTA report

STRAMA

From Japan, dresses from North and T-shirts from those are some of the items on display at the school's annual exhibit. The exhibit is open to all visitors to the area and is held in the school's gymnasium.

There are no doubt with what they find, wish they could buy more representative of the Peninsula. For the exhibit they were more interested in the products of the Upper Peninsula than in the products of the Lower Peninsula. For the exhibit they were more interested in the products of the Upper Peninsula than in the products of the Lower Peninsula.

BY MRS. HARVEY SUNDIN

Mr. and Mrs. Raymond Cayemborg and children of Marquette spent Easter with his parents Mr. and Mrs. Felix Cayemborg.

Mr. and Mrs. Arthur Nelson and two children spent Sunday with his parents Mr. and Mrs. Helmer Nelson.

Mr. and Mrs. Joe Jocus and Thresa have returned to Chicago after visiting her parents Mr. and Mrs. Henry Turan on the weekend.

Mr. and Mrs. Harvey Sundin and Mrs. Kenneth Peterson were guests of Mrs. Al. Asplund on Wednesday.

Local craftsmen might look around them as they visit the exhibit to find others who are interested in their crafts.

There are already several such arts and crafts organizations in the Upper Peninsula. The Upper Peninsula Crafts Council is anxious to foster more local groups -- and it hopes the crafts exhibition will stimulate interest here.

If a group of local artists and craftsmen can work with those all over the peninsula to help overcome their production and marketing problems, perhaps some shops here will then be stocking items labeled "Hand-crafted in Michigan's Upper Peninsula."

With the last of the harbor ice rapidly disappearing, the docking area at the south end of Cedar St. should soon be a center of activity for local boating enthusiasts.

"Fayette" to highlight historical society meeting

Everybody loves a ghost town, and the opportunity to see through colored slides, and hear about the "Resurrection of Fayette" will be provided at the spring meeting of the Marquette County Historical Society to be held at the Holiday Inn, Marquette, 7:30 p.m., Tuesday April 22nd.

Fayette, located on the Garden Peninsula in Delta County, was founded in the mid-1860's by the Jackson Iron Company. Here they built a town and erected a blast furnace and on Christmas Day, 1867, produced their first pig iron from Marquette Iron Range iron ores. The town prospered until 1883 and then went into a decline, becoming a ghost town in 1890 when the machinery was dismantled and the inhabitants left. The furnace had been the town's only industry.

About ten years ago the De-

partment of Natural Resources acquired Fayette, making it a state park and restoring many of the buildings. They also searched the records of the Marquette County Historical Society for historical materials concerning Fayette as well as the records of The Jackson Iron Company which had been in storage in Negaunee for over half-a-century.

The story of the "Resurrection of Fayette and its 'Ghosts'" will be the subject of a talk by James Kent, Supervisor of Fayette State Park at this meeting. The public is cordially invited to attend.

Study Club meeting

The Study Club will meet Monday with Mrs. Carl Carlson hostess. Mrs. John Kelly will assist. The review will be given by Mrs. Lee Pappas.

Generation gap

WE HEAR MUCH TODAY about the so-called "generation gap," and the difficulties parents have in communicating with their kids, and Dan Van Eyck, a Manistique High School graduate who's now Dean of Students and Dean of Men at Carleton College in Northfield, Minn., discussed all this last fall in the school's alumni magazine.

With the title, "The Frame of Reference: Today's Student," Van Eyck writes:

"This year's (college) seniors were born about 1947, after Hiroshima and the Bikini atoll. Their first years were the years of the Berlin blockade, the diplomatic conflict between the United States and Russia, the beginnings of television and of commercial jet travel, conversation about magadeths. They have grown up during a period of unparalleled prosperity; many live in new homes, and many of their parents have borrowed on credit to enjoy possessions and opportunities. Many of these students have worked to provide their own spending money, few have had to contribute to family support.

"Our freshmen were born during the first year of the Korean War; they were in the second grade when Russia launched Sputnik and when Little Rock High School was integrated with the help of Federal troops. The sit-ins at Southern lunch counters occurred during their grade school years; they were in the eighth grade when President Kennedy was murdered in Dallas. They know little about mastoid operations and scarlet fever, and their schools have never been closed during a polio epidemic. New countries have been formed in Africa; and familiar empire colors of red, orange and green have disappeared from the map of Asia. In virtually one generation, these familiar elements of our environment have changed.

"Today's undergraduate has probably not seen a final solution to a single world or national problem with which he has lived. The established processes of government, of bureaucracy, of mediation and conciliation show few results to him, and he distrusts, or at least questions, the efficacy of the 'system.' The frame of reference of his generation is so different from that of his elders that there is often serious lack of understanding, a gap of sufficient proportion to make communication difficult.

"Much of the philosophy which has dominated their world and upbringing postulates that little is of value unless it has been personally experienced, unless the individual himself feels it to be of value. It is a philosophy which urges each individual to be his own judge, to refuse to accept without question the stated values of others, the pronouncements of established institutions of law, church and school. It is an ethic in which the definition of the right, the good, the true and the beautiful often depends on the situation, the specific conditions, the persons involved."

With this in mind, Van Eyck goes on to a key comment about these kids and their attitudes.

"Many students believe that the world can be changed, that life can be better; that ills can be corrected and reforms made. They are convinced they can influence the direction of these events while they are still students. Only a few believe that the structure must be destroyed, or that society must individually or collectively retreat into some kind of drug-induced stupor in order to survive."

Any analysis we might add would be superfluous. He hits the nail on the head.

A prize-winning weekly newspaper published every Thursday at Manistique, Michigan, at the Top O' Lake Michigan in the heart of Michigan's beautiful Upper Peninsula.

Things that make you happy:

Clusters of robins and grosbeaks around the bird feeding station.

Little girls in new Easter outfits.

The end cut from a prime rib.

The whistle of a lake carrier approaching the Soo Locks.

Woody Herman Playing "Woodchopper's Ball."

Discovering a \$10 error in your favor in your checking account.

W.C. Fields movies.
Taking a nap Saturday after-

noon.

Sunrise on a bright, clear, spring day.

Taking your shoes off after a long day at work.

Coming around a bend in the river in your canoe and surprising a sand hill crane, a beaver, some ducks or a deer.

Going to bed when there's spring rain on the roof.

Knowing that it's too late to shovel snow and too early to mow the lawn.

Fats Waller records.

Finding a parking meter with almost two hours left on it. Or parking for an hour without putting any money in, then driving away just as the meter maid comes down the street.

Soaking up the spring sunshine in a warm spot out of the wind.

Watching little boys squirm after sitting for 45 minutes in church.

Hitting near the pin with a three wood shot 150 yards from the green.

Watching your opponent hit the sand trap with the same shot. Glenn Miller records.

Having your wife suggest you go out and play poker with the boys.

Finding the ace of spades on your first card when you're playing low spade in the hole takes half the pot.

Catching two more aces to go with it and taking all the pot. Hunting camp the night before deer season opens.

Roasting hot dogs over a driftwood fire.

Having someone one tell you "Thank You!" and obviously mean it.

Reading a Horatio Hornblower book.

Having someone exclaim how thin you look, and ask how many pounds you lost.

Taking a boat ride. Any boat ride.

A goodnight kiss from your daughter.

Paying in full an old bill. Discovering the government owes you an income tax refund.

Having your back rubbed.

Being able to tell a funny joke well.

Reading "Mutiny on the Bounty" again.

Watching the Packers beat the Lions.

Watching the Tigers beat the Yankees.

Having the news and the available space come out even each week.

Being able to enjoy two martinis without my ulcer complaining.

Waking up an hour before you have to, and knowing you can go back to sleep.

Writing something you know is good writing.

Going away on a three day vacation.

Coming home from a three day vacation.

Beach parties with friends. Getting your column written two weeks in advance.

The smell of a lilac bush in bloom, or of spring's first arbutus.

The day's first cup of coffee. A National Geographic map. Getting the back shed cleaned up.

Making it to the post office with the paper early Wednesday. The smell of fresh earth, cut clover, and the sea.

Making other people happy.

Tony's Topics

You might not believe it, but the people in the Mississippi River towns are concerned about what's happening up north. It's not the uninvolved concern we have for the racial problems of the cities. These people are involved. They've called out the National Guard and the Quad-City TV station is calling for volunteers. The Moline Daily Dispatch and the Rock Island Argus are carrying the stories. City officials are speculating as to when "the crest" will come. All this concern, speculation and activity is the result of heaps of snow melting "up north".

In the Upper Peninsula, the disappearance of snow signals the advent of spring, the melt run, the coming of the ice breaker, the first oreboats, the opening day of trout season, the return of the tourist and summer storage of snowmobiles. But if you grew up along the Mississippi, you remember that "crest" has a special significance and that "sandbagging" does not mean laying back with a cinch hand waiting for someone else to bet. It means making dikes in a big hurry.

I haven't thought much about the problems of floods during the twelve years we have lived in the Upper Peninsula, but I do remember what it was like.

There were always the somewhat routine human interest stories--people stranded in their homes who had to be taken out in motor boats and the dog on top of the house that some family in their haste forgot. The rescue squad always went back.

But, there were also the personal experiences, like the time the flood came all the way up the main street in East Moline

and my brother was working at the Tri-City grocery. All the labels were soaked off the canned goods in the basement. Mary was good at picking up bargains, so he brought home a truck load, all undamaged, inexpensive, and without labels. We never knew what we were going to have for supper, corned beef hash or pineapple.

One time it flooded early and then froze hard enough for skating. We invented a new game--a combination of 'tag,' 'I got it' and 'follow the leader.' It might have caught on nationally if only there had been enough flooded woodlands in the country.

And another time it was warm and we waded waist deep on the same roads we had ridden bikes on the summer before. The objective was to spear carp. We could see them swimming. Some of them looked as big as pigs, but we weren't good at spearing. It was probably as illegal as "shining deer" but we didn't know and nobody cared. Besides, there were other things to think about.

We keep hearing the same question. Why don't they move? I can only speculate, but people are usually more willing to stay with problems that are familiar to them rather than to exchange them for an unfamiliar set. That's why we in the U.P. don't mind a little blizzard now and then. We've learned to live with "plugged roads," sub-zero temperatures and a spring that never seems to come.

The spring will come though and the more serious troubles of the North Country will be over for awhile, but all up and down the Mississippi, from southern Wisconsin to the Delta levies, the snow-melting problems are just beginning.

Swedish chorus to visit here

On invitation of Manistique Local Lodge No. 27 of the International Order of Runeberg the Swedish Song and Music Association of Finland is including Manistique in its American Good-Will Tour this summer. It is a mixed chorus of 40 singers and songs will be in English, Swedish and Finnish. All members of the Chorus are also members of the Finlandia Branch of the International Order of Runeberg and the itinerary includes British Columbia and the Western States of United States whereupon the chorus passes through the Central States for concerts in New Jersey, Massachusetts and New York.

Finland, the country which honors its obligations, borders Soviet Russia for several hundred miles. In spite of this it has maintained its national integrity. East Germany, Poland, Czechoslovakia, Hungary, Rumania and Bulgaria which also have borders with Russia are

not in the same happy position. To keep strong ties with the United States and Canada is a deep desire of the Finnish and Swedish population of Finland and hence this is one of the reasons for the present Good Will Tour. The last such tour was in 1960 when they also passed through the Central States with Concerts at Detroit, Chicago, Muskegon and concerts in our Upper Peninsula, Wisconsin and Minnesota.

At the last meeting of the Church Council of Zion Lutheran Church an invitation was extended for the chorus to give its concert at Zion Lutheran, which was happily accepted by the local Runeberg lodge. The lodge on its part, in a spirit of ecumenicity, has invited the Manistique Ministerial Association to cooperate in this event as a co-sponsor. It is expected that final plans will set the date of the concert between June 29th and July 1st.

NMU 4-year nursing program approved

The Michigan Board of Nursing has approved Northern Michigan University's baccalaureate nursing program which was established last fall.

Dr. John X. Jamrich, NMU president, was informed of the agency's "unanimous approval" after it evaluated the four-year program.

Northern's nursing degree program, which earlier was approved by the State Department of Education, is the first degree-granting program for nurses in the Upper Peninsula and fourth in Michigan.

The director of NMU's school of nursing, Mrs. Margaret Rettig, said 25 students are enrolled in the first class and that more than 50 applications have been received for the fall of 1969.

Students completing the program will receive a bachelor

education and will be eligible to take the state examination leading to certification as a registered nurse.

Northern also offers a one-year practical nursing program which it has conducted since 1957

AMAZED...

I tell a few war stories—just like the rest. The censorship of good taste and modesty makes my experiences pretty drab. But Jerry thrills to them. He's proud of his Dad's Purple Heart!

My son would be amazed if I were to tell him the stories we never tell, our thoughts as we hit the beach... what it was like in those jungles... what war does to its dead... and its living.

And in other ways Jerry would be amazed; for he doesn't know me as a man who prays often. He can't realize the depth of my Faith. He has never met the brave chaplain who brought me in when I was hit.

I'll never tell Jerry all of it. I don't think God wants me to!

I pray that Jerry's may be a different world; I want him to learn day by day, step by step, what his religion will mean to him!

That's why we're a church-going family!

Capsule Review

...of books recently received at the Manistique School and Public Library.

Two of the most recent additions to the library are "Understanding Alcoholism: For the Patient, the Family and the Employer," prepared by the Christopher D. Smithers Foundation, and "Science Fiction by Gaslight," a history and antho-

logy of science fiction in the popular magazines of 1891-1911 edited by Sam Moskowitz.

"Understanding Alcoholism was written to increase awareness and knowledge of alcoholism as a widespread but treat-

able illness.

"Science Fiction by Gaslight" is the first survey of the work produced in magazines of that period. Sam Moskowitz is a former editor of Science Fiction Plus magazine.

If you're counting on a 1969 VW you can stop at \$2,105.35
Delivered on the road—includes all

—Payments of \$63.68 monthly.

In fact, when it comes to money, a VW will save you a lot of counting after you buy it, too.

On gas bills. (It gets up to 27 mpg.)

On oil. (It hardly ever needs any between changes.)

And, since the engine is air-cooled, you never have to dish it out on anti-freeze.

So if you don't like to count, buy a Volkswagen.

It figures.
