

## City taxes increased .5 mill

A tax increase of one-half mill for city taxpayers was approved by City Council at its regular session Monday night. The boost, from a total city levy of 20.10 mills in 1968-69 to a total of 20.60 mills for the coming fiscal year, will help to balance a city budget totaling \$403,750, a total about \$20,000 higher than the current year.

Operation and general expenses will require 17.53 mills of the levy, with the water and sewer requiring 3.07 mills. The water and sewer department budget, which is separate from the city's general budget, totals \$142,000 for the 1968-70 fiscal year.

Most if not all of the \$20,000 increase in the city's budget can be found under the breakdown for capital improvements, which will jump from \$28,300 in the current year to \$49,900 next year. The new city hall and the harbor improvement project account for most of the increase.

Expenditures, by departments, for the 1969-70 fiscal year, are estimated as follows: Legislative, \$2,250; city attorney, \$7,500; government building, \$5,900; city manager, \$12,800; clerk-treasurer, \$15,710; assessor, \$10,710; police, \$45,700; fire, \$28,835; hydrant rental, \$7,400; maintenance, \$2,300; parking meters, \$4,300; public works, \$88,150; street improvement program, \$34,220; sanitation, \$17,400; public health, \$2,000; recreation, \$8,940;

parks, \$4,800; elections, \$900; public events, \$2,825; planning, \$1,500; cemeteries, \$12,150; fixed charges, \$36,100; reserve for contingencies, \$1,500 and capital improvements, \$49,900.

An investigation as to the plans of Michigan Consolidated Gas Co. for installation of natural gas in the community this year was suggested by Councilman Thor Hoque, and City Manager Robert Noe and City Attorney William Hood were instructed to contact the Michigan Public Service Commission on the question. The company has petitioned the MISC for a rate hike, and says its expansion plans for the Upper Peninsula, including Manistique, are contingent upon receiving the rate increase. No decision on the request has been made by the MISC, although hearings have been held.

Noe reported that he plans to attend a meeting in Chicago on June 10 to discuss Manistique's proposed low-income housing project with officials from the Department of Housing and Urban Development.

In other action, Council approved an ordinance regulating the partitioning and dividing of lots in order to conform with the State Plat Act.

Approved withholding a parcel of land from the state tax sale to allow the owner to redeem the land;

Okayed a circus permit for the Jaycees for June 26 by a vote of 4-1, with Councilman A.J. Cayla, Jr. dissenting.

**GREETERS**—Staff members of the Lakeside School had a chance to show off their new facility at Sunday's special Open House. Almost 400 persons signed the guest book for the day. From left, the teachers are: Mrs. Victor Haas, Mrs. William Mueller, Mrs. Clifford Cool, Mrs. Raymond Males, Mrs. Ian McKilligan and Mrs. Gladys Mercier, principal.

## Pair of veterans retiring Saturday

Two veteran relatives will be leaving the local business scene Saturday.

Retiring will be Leonard Harbick, manager of Lauerman's here since 1933, and Raymond Males, who began work at the C-L Hardware, back in 1924.

Mr. Harbick, who has over 50 years' experience in the retail business, came to Manistique from Shawano, Wis., he has been with Lauerman's for 43 years.

He is a past president of the old Manistique-Schoolcraft Chamber of Commerce, and when the Top O' Lake Michigan Chamber of Commerce was organized, he became its first president.

Mr. and Mrs. Harbick are the parents of three sons and a daughter. His son Dan, from Denver, Colo., will succeed him as manager.

Mr. Harbick's plans to "fish, hunt and travel," and to engage in his favorite hobby of wood-working. He and Mrs. Harbick are moving to their summer home at Dodge Lake.

Mr. Males started with the old Cookson-Leroy Hardware firm in 1924. He worked there until 1940, when he left for three years of military service and defense employment, but returned to the hardware firm and has been there ever since.

The Males live at 523 Oak St.

## Junior Prom is Saturday

Saturday is the big night for Juniors and seniors at Manistique High School.

The Junior-Senior Prom will be held from 9-12 p.m. in the high school gym.

Music will be provided by "The Renaissance Pair" group from Sault Ste. Marie.

Tickets will be purchased in advance.

The Grand March will be staged at 11 p.m.

Chaperones will be Mr. and Mrs. Del O'Brien, Mr. and Mrs. William Weber and Mr. and Mrs. Jerome Peterson.

**ENDING CAREER**—A fixture at Lauerman's since 1933, Len Harbick retires Saturday as manager of the local store.

## Notables attend Open House

More than 400 persons from all over the Upper Peninsula attended the Open House for the new Lakeside School Sunday from 5-8 p.m.

Guests included leading educators from across the Upper Peninsula, including Dr. John X. Jamrich, president of Northern Michigan University, and his wife. A delegation of teachers from WMU, some of them colorfully attired in their costumes, also attended.

Edward Jackson was general chairman for the event, aided by Mrs. John Mincott. Room mothers from the Lakeside Parent-Teachers Association assisted as hostesses and to provide refreshments for the visitors.

The foreign students and teachers present from NMU at Marquette included Dr. Wahab A. Sayegh, formerly of Lebanon; Miss Aparat Na Songkhla and Mr. Supon Laeemany, of Thailand; Oale A. Anpalei, India, and Mabel Backzhuipit of Argentina.

The guest register showed visitors from Minnesota, Illinois, California and Florida, as well as Escanaba, Newberry, Stephenson and Marquette and other area communities.

Dr. Ira Polley, state superintendent of public instruction, sent his regrets that he could not attend. Rep. and Mrs. Charles Varnum of Manistique were also among the visitors.

## Off-street parking question discussed

The controversial off-street parking program proposed by a committee of the Top O' Lake Michigan Chamber of Commerce received a thorough airing Monday night at the regular meeting of the City Council.

Both opponents and advocates of the plan were present. William Putvin, chairman of the Chamber committee that worked with the city to prepare the original plan that was presented a month ago to local merchants, asked that the plan be changed so that his property would not be purchased, and that other land along the highway US-2 be substituted for his. This action, he said, would help put an end to gossip that he would profit financially from the proposed plan.

G. Leslie Bouschor said that detailed cost estimates had not yet been made available to all property owners, and added that most of the existing parking areas in the rear of the stores are now used by employees of downtown businesses. He said there was no question but what the plan would be taken to court, and that it would have to be proven in court that it is a necessity.

City Manager Robert Noe explained that the cost figures furnished at the public meeting of a month ago were only an estimate to provide a basis on which to begin. He said there would have to be a public hearing and a special assessment district set up.

"Before starting this, we wanted to know how the downtown property owners felt," he explained.

Mr. Bouschor said that his survey showed that of 37 property owners involved, 21 favored the plan and 16 opposed it, and added that he listed as favorable those property owners he could not contact.

He suggested that it would be more proper to have a petition signed by involved property owners presented to the council at their next meeting.

George Barton and several other property owners involved complained that they were not contacted during the original survey, and felt they should have a voice in any program involving sale or acquisition of their property.

Mr. Putvin pointed out that the survey as taken did not cost the city any money, and estimated that an engineering survey of the area would cost approximately \$3,000. "We know that the split is about 50-50 regarding the plan," he said, "but the details are pretty well worked out and we feel it is a good plan." He urged the council to take action on the recommendations presented.

Vern Anderson said he felt there was a need for improved parking, but perhaps not on a large scale, and suggested that there be a meeting of all property owners involved to draw up a compromise plan.

Fred H. Haine cited off-street parking developments in Rochester, Mich. (Manistique's Mayor Exchange city this year for Michigan Week) and Sault Ste. Marie. "If we do not provide parking places, we are losing something," he commented. "Businessmen are here to look ahead and protect their property, and one of the best ways to do this is to provide adequate parking for customers."

After all the discussion, Council took no action, but agreed to receive a petition from property owners involved at their next meeting June 5.

## Five men leaving for armed service

The Selective Service office has announced that five young men will be leaving for induction on June 3.

Albert Vail, David Gould, Dennis White and Jeffrey Math in all of the city, and Lyle Field, a volunteer, of Cooks.

Leaving for pre-induction physicals will be Robert Benish of the city, Ronald Lee of Gulliver and Gary Lunkkunen of Seney.

## Chamber sets annual dinner

Tickets are now available for the annual dinner of the Top O' Lake Michigan Chamber of Commerce to be held Wednesday, June 4 at the Mart.

The program will consist of a presentation of chamber objectives for the year 1969-70, Nat Dellis, president, and various members of the board of directors will outline and discuss a number of new programs which the chamber hopes to undertake this year.

The dinner is scheduled to begin at 7 p.m. Tickets may be obtained from any member of the board of directors, the chamber of commerce office, The State Savings Bank or First National Bank or the Manistique Pioneer-Tribune.

## Meet the Candidates scheduled June 6

An in-home candidates for the Manistique Area Schools board of education have been invited to participate in a "Meet the Candidates" forum at the Senior Citizens Center Friday, June 6 at 7:30 p.m.

The public has been invited to join senior citizens in attending, as candidates will explain their opinions and list their qualifications.

**QUEEN**—A State Representative's job isn't all hard work. Charlie Varnum of Manistique was on hand to congratulate the winners in the Miss Schoolcraft County contest last Thursday night at the high school. From left are runners up Cindy Orlich and Davena Patterson, and Queen Pam Putvin.

## Pam Putvin chosen as queen

Pam Putvin, 17-year-old daughter of Mr. and Mrs. William Putvin, 547 Michigan Ave., was chosen Miss Schoolcraft County of 1969 in the contest last Thursday night at the high school.

First and second runner-ups were Davena Patterson, daughter of Mr. and Mrs. Charles Patterson, 220 Range St., and Cindy Orlich, daughter of Mr. and Mrs. George Orlich, Germfask.

The new Miss Schoolcraft County received her rhinestone tiara from Pausette Nelson, Miss Schoolcraft County of 1968 with an assist from State Representative Charles H. Varnum. Queen Pamela will reign over Schoolcraft County's Fourth of July celebration and will represent the area at the Upper Peninsula State Fair in Escanaba when a queen is chosen to represent the U.P. in the Miss Michigan Pageant.

Co-chairmen of the event, sponsored by American Legion Post 83, were Mrs. Ferdinand Lesick and Mrs. Jack W. Phillips.

Pete Widdis and Pete Denman alternated as master of ceremonies during Thursday night's contest. Judging the event were Mr. and Mrs. Lawrence Rubick of Newberry; Mr. and Mrs. Lauritz Hough of Gladstone; Mrs. Jean Bonfield and Mrs. Helen McDonnell of Escanaba; and Mrs. John Moffat of Manistique.

Stage decorations were in charge of Mrs. Roland Holzhik and Mrs. Clarence Peterson, and Mrs. Harold Cockram and Mrs. Perry Hollenbeck served refreshments.

**FINISHING UP**—Raymond Males, a 42-year veteran of the C-L Hardware, will spend his last day on the job this Saturday.

**MEMORIAL DAY**

A Time to Pause . . .  
A Time to Remember

Once again, on Memorial Day, we pause to recall, with respect and much pride, the selfless sacrifices of our brave and valiant departed heroes. Gallantly, they marched forth, united as one in defense of freedom. And with unflinching courage and unyielding devotion to cause, they gave their lives so that our precious heritage of liberty might endure. Let us dedicate ourselves to ever cherish and uphold that priceless freedom, which is the legacy of those whose memory we honor today.

**STUDENT HEADS**

There is the old story of the kindergarten youngsters at recess time watching a paper airplane and admiring its path of acceleration, its curve of descent, and its cruise with amazing accuracy. Then the bell rings and one of the other, "don't it seem to you to go in and put on a string?"

He pleased to report that the case in the Manistique Schools. The elementary students were asked to tell what they were teaching in space, space travel, space exploration. It is amazing to see this material has been included in the curriculum. Kindergarten pupils talk about flights as though they had always experienced them for them they are not so big because they have never seen it wasn't possible, they order and pretend to be astronauts and pretend to be astronauts at the same way as we of being firemen or a engineer, Betty Jain retold even in first grade space covers subjects— "What makes a rocket fly?" "How does it move?" "How does it work?" Elementary current events stress astronauts, who they are, how they go, what they eat, and the trip and the return.

Second grade they talk about space like and so you need to live in a shelter second grade what is a space station, happens to the weight of a body when he is in space, the difference between a jet plane, what is a helicopter, a helicopter and a dirigible?

Third graders kept a log board on Apollo 10, they begin to learn the difference of the planets and moons, the size and distance from the planet earth, the length of the year, the difference between a comet, stars and the sun. One teacher reports she has studied the problem of a crowded airport.

Fourth grade teachers resident interest in gravity, space suits and the types of planes.

Fifth grade studied star patterns, the seasons, the day and night and the planets, planets and little rockets were also used. One of the sixth grade radio, infra-red, light rays, telescopes, gravity and the Milky Way, to the air space of here.

The history of aviation shown in one junior high

the daily newspaper, and the special current events newspaper which all elementary students received as source for the news.

Elementary youngsters should feel comfortable studying air space, space travel and aviation. They have never lived at any time other than the present age. All of them have been born since the Russians put Sputnik out there.

How about a non-caricote steak? That's what we told the TCPS (Take Out Pommers Sensibly) Club when they held their annual dinner last night (Wednesday) with us. We aren't sure about the calories, but we are sure they decided to splurge anyway with steak.

The youngsters who will be coming out Saturday night after the Junior-Senior Prom won't be worrying about calories, and we're going all out to help make it a night to remember.

We're providing our special buffet dinner, priced at only \$1.75 each, for those who want this. However, for those with hearty appetites or wanting something different, our regular menu will be available. Saturday night is our special steak night, of course, so the Prom-goers will have a wide variety of steaks that fit every budget. Lobster, seafood, roast beef and other items are also available. We're looking forward to hosting the youngsters.

It's a big night for us, as well as for them.

If they want a special reservation, they can call us at 341-5115, but reservations aren't necessary at all.

## *Forest carpet*

The trilliums, or wood lillies, are in full bloom now, and cover the forest floor in dancing patterns of white.

**Hi Folks,**  
Monday morning and it looks like we may finally have a spring day. So come and join me to sing the song of the open road for spring may finally arrive to stay out our way. Like a proverb I once read, "He that follows nature is never out of his way." We've had some very frosty mornings Sunday and this morning readings were 29 degrees and 26 degrees, and the water in my bird bath was frozen solid.

With leaves part way open, our color of spring is on parade. The leaves of the sugar maple gives us a rust color among the greens of the poplar, birch, beach and pines. A touch of white with a bit of pink is shown off by the blossoms of the wild choke and pin cherry trees. The forest carpet is full of white trilliums to me they are the aristocrats of our forest. The female bee is seeking the nectar of the Dutchman's Breeches. The gay wings are beginning to bloom, to me these flowers are the tiny baby of the orchard family. Along the roadside and deep in the forest the green ferns are starting to unfurl open their lacy leaves.

The shining club moss and ground pine are showing their new green throughout the forest. The ground pine now being

picked by folks for the use of Christmas decorations. The club mosses are worthy of protection, undoubtedly useful to some extent as a soil anchor. As we come into the month of June many wild plants have come up for us to enjoy. So hum or whistle a tune for summer is on the way in to give us vacation days and play lazy.

Friday is Memorial Day, a holiday that is known to all throughout our country. In memory of all our war veterans, buy the favorite flower for that day the red poppy. With this holiday coming if you plan to travel, drive with care.

At Jack Sharkey's cabin there was plenty of activity, as there was a sort of family get-together. From Escanaba son Clem, from Gladstone, Donald and

Age, Ind. Mr. and Mrs. Ray Ramsden of Escanaba spent the week end at Ronald Olsen's cabin on Thunder Lake.

Echoes of Birthday greetings go out to Henry Schumacher, Isabelle Cook, Curt Jones, Vera Heironymus, Joe Davidson, Joe Anstaeft and Mrs. Lillian Laskosky.

Anniversary wishes go out to the Kenneth Jones, Alton Carleys and Leonard Stoops. May the day for all of you be one of complete happiness.

Until next week's chat stay happy, you will if you share it with others.  
Mrs. Scoop

Delivered on the road—includes all Taxes and '69 Licenses. \$150.00 Down — Payments of \$63.68 monthly

In fact, when it comes to money, a VW will save you a lot of counting after you buy it, too.

On gas bills. (It gets up to 27 mpg.)

On oil. (It hardly ever needs any between changes.)

And, since the engine is air-cooled, you never have to dish it out on anti-freeze.

So if you don't like to count, buy a Volkswagen.

The newspaper is an institution developed by modern civilization to present the news of the day, to foster commerce and industry, to inform and lead public opinion and to furnish that check upon government which no constitution has ever been able to provide.

Evaluation time

AS A PART OF OPERATION PRIDE'S clean up campaign just before Michigan Week, many local homeowners received an evaluation sheet for their home and property. It was suggested that a long, hard look be taken and an honest evaluation made, so that priorities could be established for needed improvements.

The idea was a good one, and probably enabled many a resident to get started on jobs that had been put off for too long

At the same time, the thought occurred to us that perhaps a similar evaluation sheet should be compiled for the entire community. We are making considerable progress in solving many of the problems of our area, particularly in the City of Manistique, but periodic evaluation and appraisal is helpful in measuring this progress.

In such an evaluation, it would be only fair to compare the rating of today with what would have been given five or 10 years ago.

For instance: What progress has been made in city government in the past five years? By government we would include public improvements and services. The answer is quite impressive. In the past five years a lot has been accomplished. We are sometimes discouraged by what remains to be done, but if you remember that the new water storage tower, the street improvement program, the low-income housing for senior citizens and many other steps forward were still only dreams of a financially-strapped city five years ago, then we gain a better perspective on what has been accomplished.

Use the same type of evaluation for other areas. How does our county government today compare with that of five years ago? What progress have our schools made in five years? What about the hospital? ... and don't forget to include the new medical care facility on the credit side of the ledger when you're making the comparisons.

Consider the progress in improving the main business section of our community. Compare the city streets of today with five years ago. Compare the lighting.

If we're evaluating, let's rate our recreational opportunities, our transportation facilities, housing, the communications media of newspaper, radio and television. Let's evaluate our community pride, our environment, our social structure, cultural opportunities and economic opportunities.

Schoolcraft County may not record tremendous or startling gains in all of these fields, but an honest and objective evaluation should show that indeed, this area has come a long way in five years further than most of us realize.

Living in an affluent society has its advantages, but one of the drawbacks is that we have come to expect instant success and instant achievement. The sort of achievement that we're talking about won't come overnight to this or any other community, but evaluating our progress and assessing our achievements should give us encouragement and help us to establish priorities for future advances that are both meaningful and realistic.

The Electoral College has come under heavy fire since last year, and agitation continues for its abolishment.

The current issue of the Saturday Review carries a fascinating review of what must be a fascinating book, "The First Liberty---A History of the Right to Vote in America, 1619-

1850. It may raise the blood pressure of many of traditionalist patriots, "who talk as if freedom had burst full blown from the brow of the Fathers," but Miss Marchette Chute's review of the franchise provides what the reviewer termed "a healthy rebuttal to this view."

SCHOOLCRAFT

VISTA report

BY JAN STRASMA  
VISTA Volunteer

Although Michigan Week followed - OPERATION: PRIDE'S Clean-up and Beautification Week, the two went hand-in-hand. The themes of four days of Michigan Week were particularly appropriate to follow OPERATION: PRIDE -- Community Pride Day, Government Day, Hospitality Day, and Youth Day.

Community pride starts with clean-up and beautification, and many of OPERATION PRIDE'S activities were aimed at boosting Community pride by improving the appearance of the area.

There were four areas of concentration in the campaign: (1) parks and recreational areas, (2) business district improvement, (3) highway and out-of-county clean-up, and (4) neighborhood clean-up and beautification. Work was done in each of the four areas. But that work serves to point up the need for more work.

Community pride requires an effort to stand still; and improvements require even more work. To change slightly a comment once made by Red Skelton -- "A community that rests on its laurels is wearing them in the wrong place."

Government Day focused on local units of government, all of which participated in the clean-up and beautification campaign. The City of Manistique and Schoolcraft County participated through various clean-up activities and enforcement of ordinances. And the townships joined with the county road department in a pick-up of township roads.

Hospitality Day helped to emphasize the need for OPERATION PRIDE. When we expect guests in our homes, we clean and straighten up. This summer we will have tens of thousands of guests in Schoolcraft County, and we need to ask if we will be ready for them? And will our hospitality be such that they will feel welcome and want to return?

The final day of Michigan Week, Youth Day, honored those who did much of the work of the clean-up campaign -- the youth of the community. Groups which participated include the Boy Scouts, the Girl Scouts, Job's Daughters, the 4-H Service Club, and the Manistique High School Student Council and Contemporary History class.

Church youth groups assisted older members of their churches with clean-up activities and more such projects are planned. Several clubs volunteered to clean-up vacant lots as a fund-raising project and to improve the appearance of

the community. But the supply of willing workers exceeded the number of lot owners who would pay the low cost of 30 cents a hour for each worker.

Other organizations participated in the campaign, too, and we should note their youthful willingness to roll up their sleeves and help. Youthful senior citizens spruced up the Senior Citizens Center both inside and out, the Lions Club and Jaycees worked on park projects; the Veterans of Foreign Wars and the Manistique Women's Club worked on vacant lot and junk surveys; and the Sportsmen's Club is planning a clean-up of local fishing areas.

Credit, as well, needs to be given the OPERATION PRIDE committee, headed by Mrs. Mary Moffat and Phil Ott. Committee members included Matt Weber, Dick Rodgers, Bill Putvin, Mrs. Frances Cockram, Marcia Hubble, Rev. Roy Pitts, Dick Ketcik, Ed Doyle, Dave Rood and Robert Noe.

Several committee members plan to form a nucleus to organization OPERATION PRIDE next year, for only a continuing effort can meet the groups goal:

"Let's make Schoolcraft County a sight for sore eyes not a site for eyesores."

- 2 points on your driving record
- 1 to 10 miles over the legal limit
- 2 Points on your driving record
- 11 to 15 miles over the legal limit
- 3 Points on your driving record
- 16 miles and more over the legal limit
- 4 Points on your driving record

Bring em back ALIVE!

"She reminds us," the reviewer comments, "that the American Revolution was a messy and bloody uprising, supported by a minority of the colonists; that the Declaration of Independence was aimed as much at securing a French loan for America as at striking a manifesto of human equality; that the Revolution was consummated by a brilliant and inspired group of landed and wealthy American aristocrats, animated by a vision of American liberty---a vision that, for most of them, saw political power as the prerogative of the propertied minority of white adult males like themselves. The few voices, including Jefferson's, seeking universal suffrage were stifled by a tradition of sharply restricted franchise which persisted from the founding of the Colonies until very recent times."

It is pointed out that not until the middle of the 19th century did most of the states finally abolish the requirement of property and/or money as a prerequisite for voting. Five years after the Declaration of Independence, more than half the white men of Virginia could not vote. New York state tried at first to stick to the traditional English standard limiting the vote to freeholders who had forty shillings to their name, but this was later upped to forty pounds.

It was not until the Presidential election of 1840 that the American people won their demands for universal suffrage (at least for white males.)

Women were excluded from franchise, along with children and idiots, until the breakthrough in the Wyoming Declaration of Rights in 1889. Foreign-born white males were denied political rights in many states until shortly before the turn of the century. By the time of the Civil War, only five states in the North gave Negroes the vote.

Says the reviewer: "The fight for universal suffrage, implicit in the Declaration and the Constitution, has been uphill and gruelling, and involved---in Miss Chute's words---a slow and sometimes painful retreat from the illusion that a nation can proclaim political equality in principle and deny it in practice."

Says Albert Vorspan, the reviewer: "The campaign to put flesh on the bare bones of the First Liberty continues. It is involved in the ferment of reapportionment, in the demand for lowering the voting age, in the bitter struggle for community control, and in the broader insistence of the poor and blacks and the young and other excluded groups for a greater share of the power in institutions that shape their destiny. Of course, the demands are sometimes wild and irrational, often the tactics used to press them are obnoxious, violent and dangerous. But the cries of the dispossessed of our own time should not be dismissed as alien importations or strange aberrations. They, no less than the statements by the keepers of the status quo, reflect the clashing ideas about the meaning of democracy that have agitated America from our earliest beginning."

END OF TERM JITTERS #2

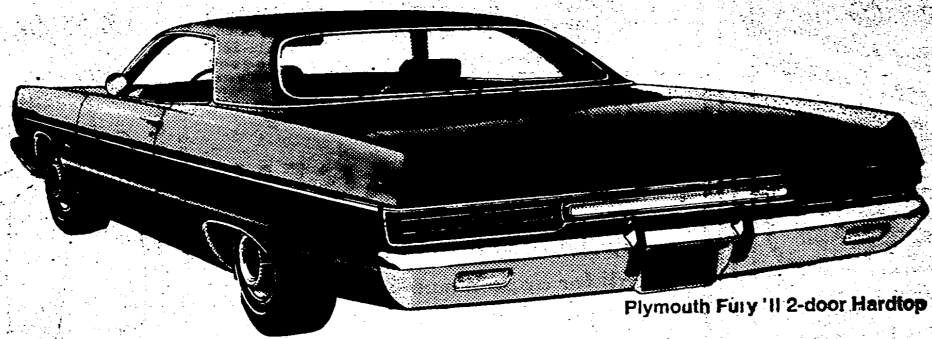

End of term pre-exam strain is worse when everything depends upon the outcome and the student is in dread fear of the consequences of failure. A guilt complex is likely if the student has been loafing thruout the semester. A vicious cycle develops, with fear blocking the ability to concentrate, thereby creating more fear.

Students on the whole do not realize that their ability to absorb knowledge declines with fatigue. Only exceptional students can concentrate for more than four hours at a stretch. The majority should stop studying when they find themselves repeating sentences and paragraphs. Really, the best plan is to set a time limit for cracking the books and then get out of the room and take a break. Slight exercise is refreshing, a phone call to a friend, watching TV or helping Mom with the dishes.

End of term jitters hit parents too. Be prepared, stock up on aspirin now at A. S. Putnam & Co. (You'll probably need them.) We're also available when you need a prescription filled. . . Just phone 341-2264 or drop in at 201 South Cedar St.

**LOGGING JAMBOREE:** I would like to thank the Manistique Little Theater Group under the direction of Kate LePrasseur and the Folk Singers under the direction of Mrs. Gene Johnson for the excellent job that they did at the Logging Jamboree on Friday night at the high school. I would also like to thank Mr. Everett Wood, 111 Chippewa Ave., and Mr. Ernest Williams, 124 Weston Ave., for consenting to be interviewed about their life during the early river-drive days of the county. I am sure that all members of the audience enjoyed both parts of the program.

**REMINDER:** I would like to remind the members of our 4-H Council of their meeting on Monday evening, June 2, at 7:30 p.m. at the Extension Office. You have all received a special note on this meeting but I would also like to remind you that if you cannot attend, please send

an alternate. This is important as otherwise your area is not represented.

Further, there will be a meeting of the 4-H Teen Club on June 2 at 6:30 p.m. at the Extension Office. I hope to see all of our members there.

**4-H YOUTH WEEK:** The 4-H Council will be selecting two delegates for 4-H Youth Week June 11-14 on the campus of Michigan State University.

The general program theme is "The World Needs Youth," with these dimensions: For What They Are, For Service, For Society, For Tomorrow's Citizens.

4-H Youth Week is a learning and leadership-building experience which brings together about 1,000 Michigan 4-H members for a stimulating week of speeches, discussions, tours and recreational activities. Marilyn Van Derbur, former Miss America and United Air Lines youth speaker, will speak to the youth attending the con-

ference. The program is geared to older youth, therefore, a member must be 14 years or older. The member selected must be willing to pass on their experience when they return to Schoolcraft County.

ING UP SOON. I do hope one or two active and interested homemakers will be able to attend. It would be quite an experience for someone who has not gone before.

This is an annual event held on the campus of Michigan State University. The dates this year are June 24 - 27 and the program, as always, sounds very interesting. The 1969 theme, "Dialogue for Today", focuses on present problems facing families and women. To be included are: Society's pressures on women, social unrest, divorce and the sex education law.

Classes range from garden and home plants, new foods, packaging and interior design to family travel. All are so good, the women usually have a difficult time making their selection.

CERY BILLS? But do you know that about one-fifth of the average grocery bill buys something to wear, read, listen to, clean with or cook in? For every dollar's worth of food, we put in twenty cents worth of laundry soap, insecticides, children's socks, potted plants, paper towels, hi-fi records and even multi-volume encyclopedias or children's classics. Now the stores are featuring seeds and bulbs.

WHICH BULB WILL GIVE YOU MORE LIGHT? A 100 watt or two fifty watt? The 100 watt bulb will give you more than twice the light. Whenever possible, use one large bulb instead of a combination of smaller ones. You'll use less electric current too.

MAKE USE OF OUR SERVICE TO YOU. One of these is our bulletin service. Stop in at our office located in the Post Office building in Manistique and look over all of the bulletins on the racks. Most of them are free of charge. Mrs. Bennette, our office secretary, is very accomodating and will help you find what you want.

Energy released by just one pound of the sun would keep a kitchen stove going with all burners on for several hundred years, National Geographic says.
