

Off-street parking dead

Off-street parking program for downtown Manistique is dead. A heated city council session Monday night, culminated in a motion that "the parking project be dropped, and if the property owners want the alleys paved, they represent a petition requesting it."

The program would be on a special assessment basis, it was stated.

Opposition to the proposed parking program at Monday night meeting were G. Leslie Bouschor, who owns the Ford garage building, and John Anderson, owner of the Steer Market.

Representatives of the Michigan Consolidated Gas Co. plan to meet with the council July 14, to discuss the city's chances of getting natural gas service yet this summer. The gas company has delayed action on installing service locally, as originally planned, because a requested rate increase from the Michigan Public Service Commission was not large enough to pay for such capital improvements in the "light money" market.

Council also received a report from the Planning Commission recommending that the Riverside School property be rezoned from residential to residential multiple family. Owner Wilfred Johnson has said he plans to convert the old school building into apartments.

Four bids for workmen's compensation and fleet and general liability insurance were received and referred to the city manager.

There were about a dozen persons in the audience during the sometimes heated discussion that lasted about 45 minutes. Council had drawn up the proposal at the request of the Top O'Lake Michigan Chamber of Commerce. The plan would have created 307 paved off-street parking areas.

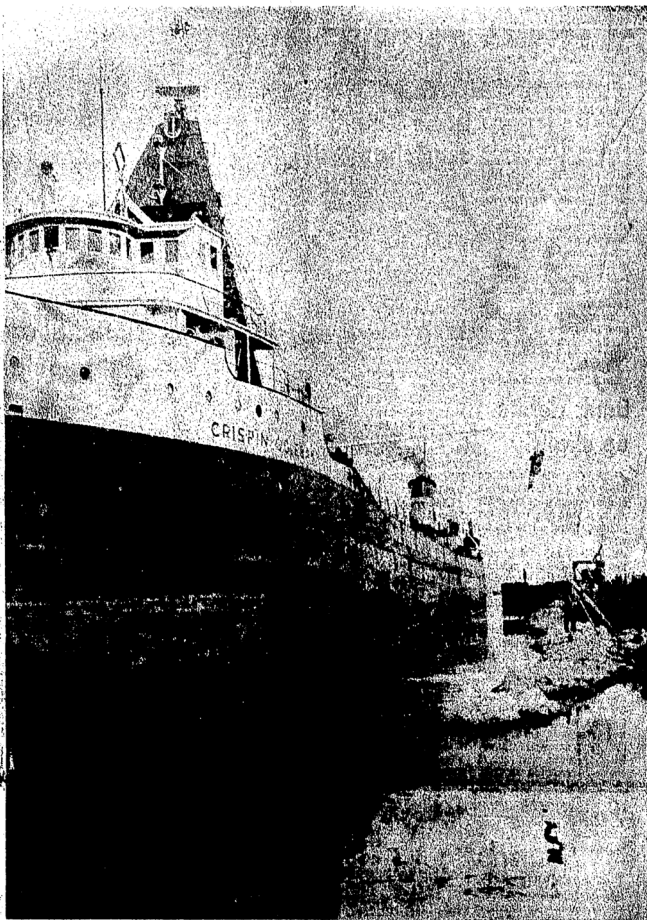

A committee of the Chamber had earlier appeared before the council to urge approval of the project.

In other action, Council heard that approval of the city's low-income housing project is expected momentarily from the office of Housing and Urban Development. The city has applied for a 25-unit project, most of which would be located on N. Maple St.

DIG VISITOR—Probably the largest ship to ever visit Manistique harbor, the 532-foot Crispin Ogletay proved to be a major attraction Monday night as it stopped here to unload sand for an area highway project. Note the seaman being lowered to land on a sling at the end of the boom.

PROJECT—Sharlene Mathson, left, and Julie Thorell, work on a handicraft project at Central School, as this new part of the summer school program got underway this week.

James Norris drowns here

James O. Norris, 72, of 507 Arbutus Ave., drowned in the Manistique harbor Tuesday morning.

Public Safety officers reported that Mr. Norris fell in the water about 10:30 a.m. while fishing from the dock.

John Higgins and Charles Hawthorne, two employees of the Larko Chemical Co. plant nearby, saw him struggling in the water, and the men attempted to administer mouth-to-mouth resuscitation while awaiting the arrival of the ambulance.

Mr. Norris was reported dead on arrival at the hospital.

Crowmer Robert Clark, who that death was due to accidental drowning.

Born May 3, 1897, in Burlington, Ind., Mr. Norris was a retired hotel engineer. He was the husband of the former Edith Johnson, who was reared in Manistique. They had lived here for the past seven years.

Mr. Norris is survived by his wife and three daughters, Mrs. John Erickson of Chicago, Mrs. John O'Brien of Roselle, Ill. and Mrs. Katherine Elward of Chicago; a brother, Vernon Norris, of Dumark, Ind.; two sisters, Mrs. Ona Smith, of Louisville, Ind. and Mrs. Sarah Howard of Colorado Springs, Colo., and eight grandchildren.

Friends may call at the Kautz & Jackson Funeral Home today (Thursday) from 4 to 9:30 p.m. Funeral services will be held in the funeral home chapel Friday at 10:30 a.m. with Rev. William Brauer officiating.

Burial will be in Fairview cemetery.

Big boats visit here Monday

For a while there early this week, Manistique seemed like one of the busiest ports in the Great Lakes.

Two steamers entered the harbor Monday to unload cargoes of crushed stone and sand that will be used in the US-2 surfacing project eastward from Thompson.

The steamer J.L. Reiss arrived about 2 a.m. Monday with 4,200 tons of crushed stone from Port Island. The Reiss, a 7,800 ton vessel, is 483 feet long, and has John Meissner as captain. It is owned by the Reiss Steamship Co. of Sheboygan, Wis.

Unloading was completed in several hours, and the Reiss left about 7 a.m.

The next visitor was the steamer Crispin Ogletay, owned by the Columbia Transportation Co. of Cleveland, Ohio and captained by Joseph Galicky. The 532-foot long vessel, with a carrying capacity of 10,600 tons, is probably the largest vessel to ever dock in the local harbor. It was only half-loaded, bringing 5,400 tons of sand from Grand Haven, and drew only about 12 feet of water. The harbor depth here is

listed officially as 18 feet.

Both ships tied up parallel to the old Ann Arbor Railroad ferry docks, and using self-unloaders, deposited their cargoes to the south of the parking area there. Because the Ogletay arrived at the harbor just before 8 p.m., a large crowd gathered to watch the proceedings. Unloading started about 9 p.m., and was completed shortly after 11 p.m.

Both vessels were equipped with bow thruster propellers, and could easily back out of the harbor.

They were the first large vessels to call here in several years. Since the railroad ferries stopped running last year,

no large ships had called here. Prior to that, several bulk carriers delivered coal to the Ogletay docks, four or five years ago.

The material delivered here will be used in the operation of a hot mix plant on the ferry dock site. The material prepared there will be used by the Powell Construction Co. of Indian River to resurface US-2 east of Thompson, through the city of Manistique, Deer St. from Chipewa St. to Fifth St., and over five abandoned railroad crossings on M-94 between here and Shingleton, left by the "Haywire" when the Manistique and Lake Superior Railroad ended operations last summer.

"Truth-in-lending" explained at Rotary

Members of the new "Truth-in-Lending" law that took effect July 1 were outlined to members and guests of the Manistique Rotary Club Monday at the Rot Shop.

Speakers were guests from the local banks at the Rot Shop.

Mr. Hahne served as host for the session and explained that the law is Title I of the Federal Consumer Credit Protection Act, signed into law by President Johnson on July 1, 1968. It requires disclosure by creditors and retailers advertising and displaying prices, savings and loan companies, department stores, finance companies, mortgage companies, brokers, electricians, doctors, hospitals and others.

Consumer credit up to \$100,000, and all loans, regardless of the amount, are covered.

The interest charges and finance charges must be disclosed to the customer.

Mr. Grapion explained the finance charge, which is the cost of borrowing money. It includes interest, discounts, penalties, prepayments and other charges. Loans to business firms would be exempt, such as partnerships or corporations. Lease or rental transactions are also exempt.

Date is changed for board meeting

The July meeting of the Manistique Area Schools board of education has been set for 7:30 p.m. Monday, July 7.

The session was shifted from Tuesday, July 8, to allow the board to formally re-organize on the legal date and hold their regular meeting at the same time, eliminating two meetings during the week.

Two 7-year-old girls hurt in separate accidents here

Panela M. Martin, 7, of 207 Deer St., was injured Tuesday at 10:10 a.m. when hit by a car on Deer St., midway between Mackinac and Houghton Aves.

Slate Police, who investigated the accident, said the girl ran out from behind a van-type truck into the path of a car driven by Patrick G. Rocman, 24, of 923 Deer St.

Rocman, an off-duty city policeman, was unable to avoid hitting the child.

She was taken to Schoolcraft Memorial Hospital by Public Safety ambulance, and treated for a broken leg and head injuries.

In another accident last Friday evening, Yvonne Weber, 7, daughter of Mrs. Wilma Weber, 127 S. Fourth St., suffered head injuries after she fell from a truck by her home. Public Safety officers said the child apparently hitched a ride on the back of the truck, driven by Arthur LaMontagne, 800 A. Avenue Ave. The driver, unaware that the child was there, pulled away, causing her to fall. She was taken to the hospital by private car.

Sawing contests planned

There's a chance for some genuine cut-ups to show their stuff at the annual Fourth of July celebration program being planned for A.F. Hall stadium Thursday night, July 3.

Competition will be offered in three events—jacksaw, cedar saw and cross cut saw—so part of the night's programs. There will be a \$10 first prize in each event.

Chairman Charlie Kendall reports that entries will be accepted right up to contest time. He may be contacted at 341-3707.

Equipment will be provided, or contestants may bring their own.

Chiefs whip Cubs; Take Waubunglead

The Manistique Chiefs remained undefeated in Waubung League play when they took a 4-1 decision from the Escanaba Cubs Friday night at Cardinal Field. The defending Waubung League champs scored one run in the fifth inning, one more in the sixth, and added two more in the seventh. Escanaba's lone run came in the eighth.

Russ King bunted a fair hit and struck out 15 batters in picking up the victory for the Chiefs. Al Larson took the loss, allowing five hits and three runs on 10. Phil Nelson led the Chiefs at the plate with two hits, while Ken Roberts, King and Paul Demers all chipped in with one. Gary Samples, Demers and King came through with sacrifice hits, which helped in the scoring. Bob McClain, Dale Cochran, Greg Johnson and Pete Ross had hits for Escanaba.

Manistique is now in its scheduled first place in the league standings with a 4-0 mark, while Escanaba is second with one record.

Bank debits up slightly

Bank debits in Manistique during May showed an increase of one percent from the same period a year ago, one of the smallest increases in recent years.

Statistics released by the Federal Reserve Bank of Minneapolis show that bank debits volume during May was \$61,000, compared to \$61,193,000 for the same month of 1968.

For the first five months of 1969, bank debits here totaled \$30,307,000, a 1.2 percent increase over the first five months of 1968.

Bank debits for the most part are checks against depositors' accounts and represent payments for goods, services and debts. They are regarded as a fairly accurate indicator of business activity in the area.

Surf Sounds

You can't tell it by the weatherman, but we're only a week away from the Fourth of July week end, which really signals the start of our busiest season.

Of course we get a break on Friday, the Fourth, when the local guests come out to visit us for luncheon, but we hope to be so busy we hardly have time to say hello.

It's not as though we haven't been busy, but the local carpenter's union held their annual party with us last Friday night, we've had some fishermen in to tell us that the fishing's been pretty good, and a few tourists have stopped by to enjoy the view...but it's just as though we're right on the verge of the "doings, so to speak, when we're filled with cars going both ways and we keep busy throughout the last nightcap.

And when these visitors ask you "Where's a good place to eat?" where do you say? The Surf, of course! We like to push our special Friday night fish fry, the Saturday steak specials and the Sunday family dinner, but too often we overlook the attractive menu offered in the coffee shop.

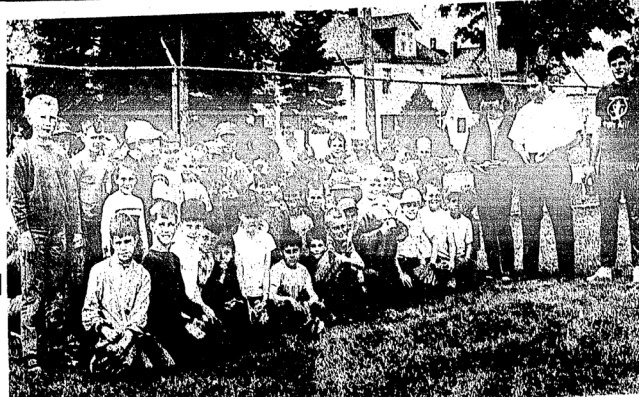

This special menu combines reasonable prices with some really unique and different menu items...like our "Corned Beef Supreme" or "Hi Protein Low Calorie Plate" or the "Bow in Sandwiches." Visitors can also choose seafood dinners, or even enjoy the Chef's Garden Salad Bowl, a real treat in itself.

Our Coffee Shop menu isn't just the routine offerings you'll find in so many places, it's filled with excitement and something just a little bit different.

So the next time a tourist asks you where to eat, why not suggest the Coffee Shop at the Surf. You'll make a friend for life.

Little League National campgrounds are popular with visitors

Twenty-two public campgrounds with facilities for 675 families have now been readied for the coming summer season in the Hiawatha National Forest. These supplement the many state and private facilities that are now in operation in the eastern part of the Upper Peninsula.

The camping units are available on a first come, first served basis. Occupancy of any one site or area during calendar year by one family or party is limited to 15 days. Unapproved by the District Ranger, possessions may not be left unattended at a campsite for more than 24 hours.

This year the Golden Eagle Passport is again being offered as the Nation's finest recreation bargain. It is a \$7 card which admits its bearer and all occupants of his car to any federally owned recreation area unlimited number of times during the year from April 1, 1969 to March 31, 1970. The passport will admit campers to all campgrounds in the Hiawatha National Forest.

MR. AND MRS. DONALD BONIFIELD —Minceff Photo

Vows spoken in Germfak

Janice Lee Carpenter and Sgt. Donald Eugene Bonifield exchanged wedding vows in a 7 p.m. service at the Grace Lutheran Church in Germfak on June 7. Rev. Allen Parks performed the single ring ceremony. Debbie Barker, a cousin of the groom, was organist. Parents of the bride are Mr. and Mrs. Howard Carpenter of Seney. Mr. and Mrs. Donald Bonifield of Manistique are the groom's parents.

Given in marriage by her father, the bride wore a floor-length white lace gown over a satin sheath, with long sleeves. The train fell from a bow at the back. Her veil was attached to a coronet of seed pearls and crystals and she carried a bouquet of red roses.

Candice Carpenter was her sister's maid of honor. Bridesmaids were Mrs. Marlene Cavill, sister of the bride, of Itap River, and Mrs. Linda Tanner, the groom's sister, of Pinckney, Mich. The groom's niece, Melissa Monroe of Pinckney, was flower girl. Her dress was identical to that worn by the bride. The bride's attendants wore gowns of turquoise and blue accented with a satin sheath with long sleeves and a bow accent at the back. They were matching pill box headpieces and carried long stemmed yellow roses.

Gary Gehrels of Curtis was best man. Ushers were Derwin Gager and James Barker, both of Germfak. Groomsman were Virgil Monroe, brother of the groom, and Ronald Tanner, brother-in-law of the groom, both of Pinckney. Ronnie Monroe, nephew of the groom, of Pinckney, was ring bearer. He wore an Army uniform identical to the groom's.

A reception for 150 guests was held at the Seney Town Hall following the wedding. The four-tier wedding cake was made by the groom's aunt, Mrs. James Barker of Germfak.

Following their wedding trip to El Paso, Texas the couple is making their home at Fort Bliss, Texas where the groom is stationed. The bride is a 1969 graduate of Tahquamenon Area High School. The groom graduated in 1964 from Kingsford High School and has just returned from a two year tour of duty in Vietnam.

VISTA report

BY JAN STRASSMA

VISTA Volunteer
 Penitents
 The people crowd out of the
 in search of relief from
 and tension of urban
 For many, the peace and
 of the Upper Peninsula
 is the desired tonic for
 urban ailments. But as
 speed down the highways,
 to their destinations,
 they appreciate what the
 Peninsula offers them?
 Perhaps the change from
 the bustling city is so great that
 drivers need to do to more
 the Upper Peninsula
 through their car windows. But
 there is so much more here,
 a week ago a friend from
 Chicago and I set out to explore
 the area. My red Volkswagen
 was packed with provisions of being
 a day, and we wandered along
 the track trails through the
 Manistique River State Forest.
 There we found the peace of
 nature that is missed by those
 who live around the humps and
 valleys of I-94. We perched atop
 a hill overlooking a sharp
 bend in the river. And there we
 sat, soaking up our sur-
 roundings.
 The gentle surfaced and swam-
 ping, rippled veing out from
 the land. The smoothness of
 the movement was broken only
 by occasional snags at insects
 flying across the water.

Behind us butterflies danced
 among a clump of yellow wild
 flowers. And at our feet were
 dozens of sparrows and birds had
 scurried across the sand after
 the last rain.
 Somewhere, out of sight, wa-
 ter was purging over rocks.
 The sound was barely audible,
 for it was masked by a breeze
 which whispered through the
 pines across the water. These
 whispers were joined by titter-
 ing as the breeze reached
 broad-leaved trees.
 This is the Upper Peninsula
 so many people miss. And per-
 haps we should be thankful that
 they do, for the woods, lakes,
 and beaches would then be
 crowded with unthinking tour-
 ists. Yet it is a shame that
 people must drive so far to miss
 what they are looking for.
 Some should find these
 pleasures.
 If we meet people looking for
 our peaceful Upper Peninsula
 road -- people who will ap-
 preciate it and leave it un-
 spoiled -- then let us show it
 to them. We will benefit, too, for
 our world becomes more to us
 when we share it with someone
 who believes in such words.

MR. AND MRS. ROBERT BENSHI
---Mincoff Photo

Couple united June 14

Nuptial vows were exchanged during a one o'clock ceremony June 14 at St. Francis de Sales Church between Linda Lou Olson and Robert John Benshi. The double ring ceremony was performed by Fr. Dan Zaloga. Organists was James Malloy. Parents of the couple are Mrs. Raymond Olson, Gulliver, and Mr. and Mrs. John Benshi, 624 Arbutus Avenue.

The bride chose a sheath dress with lace bodice and long lace train. Two scallops accented the front and bottom of the gown. Her shoulder-length veil of illusion was held in place by a bow and she carried white carnations centered with an open pink rose.

Mid of honor Dixie Pickrell chose a blue fitted gown with self train. Her accessories were long white gloves and a pearl necklace. Her blue net headpiece was caught to a matching bow.

The Elks Temple was the scene of the reception for 200 guests from 4 to 8 p.m. Mrs. Rosalie Herro was in charge of the guest book and Mrs. Clem Lebeck served the wedding cake.

The bride and groom both attended Manistique High School. The groom is employed by the Gartland Steamship Company. They are making their home at 220 E. Elk St., Manistique.

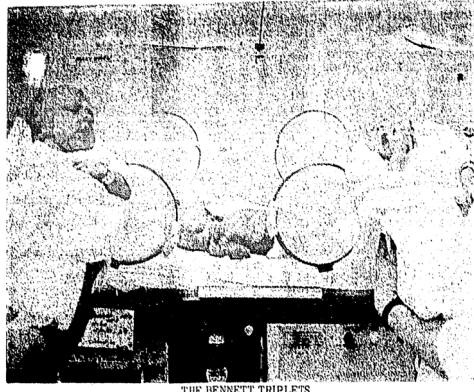

Two workers are added

Two social workers began employment June 16 with the Schoolcraft County Department of Social Services.

Robert B. Sovey is a June graduate of Michigan State University and graduated with a major in social science. His wife is the former Jean Louise Houck, daughter of Mr. and Mrs. Clair Houck of Gladstone, Michigan. Mr. Sovey's parents are Mr. and Mrs. Clarence Sovey of Escanaba.

Gilbert G. Sablack has been teaching in the secondary school system of the Engadine Consolidated Schools for the past six years. His wife is the former Rose Mary Leach and her parents are Mr. and Mrs. David Leach of Gulliver, Michigan. Mr. Sablack's parents are Mr. and Mrs. Sylvester Sablack of Manistique.

They replaced Mrs. Carolyn Rose and Mr. Gerald Wilson.

CHORUS VISITING HERE SUNDAY

Chorus to feature folk songs

The Finland-Swedish Chorus will present a concert at 7 p.m. Sunday at the Zion Lutheran Church featuring songs in English, Finnish and Swedish along with audience participation.

The chorus is under the auspices of Finland's Swedish Song and Music Association with a membership of 4,000 singers. The association has sent this 40-member choir to Canada and the United States on an international goodwill tour under the auspices of the International Order of Broomsticks.

Members of the mixed chorus wear colorful folk costumes for their program which includes audience participation. Flag bearers Gustave R. Ny and Nestor Dahlin will lead the chorus from Augustana Hall to the nave of the church. Master of ceremonies will be U.S.A. Houghton, church pastor. Rev. Innuar Levin will give the invocation and Mayor Leo De- Mars will greet the visitors.

The musical program will include religious, patriotic and folk songs. Admission will be \$1 for adults and 50 cents for children. Mrs. Edward Mathison is housing chairman for the group. Mrs. Ewald Mickelson is in charge of a Scandinavian songbook which will be served the chorus at 5 p.m. Sunday.

SAFETY AWARD--James Love, manager of General Telephone's Manistique District, is presented a safety award from E. H. McGinnis, safety engineer for the Kemper Insurance Group, at right, while at left is Burt Ruffner, safety director for the telephone firm. Presentation was made at a Wednesday noon luncheon at the Fireside.

District wins safety award

General Telephone's Manistique District was presented with a safety award recognizing the employees of the district for an outstanding ten-year safety record.

The award was made in recognition of an outstanding safety record of 219,201 man-hours without injury during the period March 1, 1959, to March 1, 1969.

Company records show the district has had no disabling accidents since prior to 1959. The company's Manistique district includes the exchanges of L'Anse, Garden, Gulliver, and Manistique.

All county children and area visitors ages 1-12 are invited to participate. The parade will formalize 12:45 p.m. in front of the post office, and at 1:30, proceed down Cedar to Main St., then to the A.F. Hall stadium, where prizes will be awarded.

A small display of daytime fireworks is being planned as a new attraction at the stadium this year. This will follow the awarding of prizes, which will be given in the categories of comic, original, patriotic and prettiest.

First and second prizes will be awarded in each age group, and each child entered in the parade will receive a cash prize, a favor and an ice cream bar.

District Court

If you object to having your name in this column, "don't let it happen." All names that appear on the docket are reported. None are withheld by the Pioneer-Tribune.

Owen M. Parker, Drayton Plains, Mich., paid \$10 fine and \$13 costs in District Court on a charge of possession of four oversized pike. In two other conversation cases, Frank W. Silk, Keego Harbor, paid \$10 and \$13 for illegal possession of undersized pike, while Michael Selling, Milford, paid \$10 and \$15 for possessing a loaded gun in a game area without a small game license.

Paul Carpenter of Seney was fined \$30 plus \$30 costs on charges of furnishing beer to minors, and \$20 and \$30 on charges of reckless driving, plus four days in jail on each charge, to run concurrently. Two Ohio youths, Frank G. Brown and William Akers, were fined \$15 plus \$15 costs for being minors in possession of beer, as was Jerry A. Terrian of Gulliver.

Kiddies Parade Thursday

Final plans for the annual Kiddies Parade, scheduled this year for July 3 at 1:30, have been announced by Mrs. Edward Doyle and Mrs. John P. Quick, co-chairmen of the event.

All county children and area visitors ages 1-12 are invited to participate. The parade will formalize 12:45 p.m. in front of the post office, and at 1:30, proceed down Cedar to Main St., then to the A.F. Hall stadium, where prizes will be awarded.

A dam accident, and was also placed on six months probation for driving with impaired ability. Paying fines and costs for speeding: Clifford J. Cool, 500 Goro Ave. and Sandra K. Toresson, route 1, \$20 and \$10; Jerome M. Lessard, Ontario, \$25 bond forfeited; Rick L. Sisson, Escanaba, \$10 and \$10; Carl E. Hartung, Escanaba; Victor C. Newfield, Niagara, Ont.; Richard Pilon, Rapid River; Linda S. Crawford, Garden, \$25; Allen Royal Oak; Ballard LeMaster, Gulliver; Russell L. Wilson, Sault Ste. Marie and Clair A. Triplett, Stanton, \$10 and \$5 each and Robert G. Trout, Ferris, \$10 and \$5. Other cases: Gary S. Shear, Clawson, careless driving, \$30 and \$20; Gary R. Sample, 423 Della Ave., failure to report property damage accident, \$10.

Aldred M. Farley, 71, dies; Funeral services set Saturday

A veteran member of the Manistique retail community, Aldred M. Farley, died at 5:15 Wednesday morning at Schoolcraft Memorial Hospital where he had been a patient for six days.

Mr. Farley retired as manager of the Peoples Store two years ago. He had worked there since coming to the community in 1919. He was born April 19, 1898, in Garden, Mich., and was a 1919 graduate of Garden High School.

On Nov. 17, 1936, he was married to the former Lily Nelson, in Manistique. Mr. Farley was a member of St. Francis de Sales Church, a charter member and life member of the Knights of Columbus, and a life member of the local Elks Club.

The Farleys resided at 110 N. Third St. Mr. Farley is survived by his wife; two sons, Gary, of Traverse City, and Michael, of Manistique; three sisters, Mrs. Harriet Winters and Mrs. Blanche Jacques, of Garden, Mrs. Leslie DeVeit of Fayette, and six grandchildren, Asteria, Mrs. Lucy Purtil, died June 5.

Friends may call at the Messier-Broullire Funeral Home beginning at 3:30 p.m. Friday. The Knights of Columbus society will be at 7 p.m. Friday with liturgical prayer at 8 p.m. Funeral services will be held from St. Francis de Sales Church Saturday at 10 a.m., with Msgr. F. M. Scherlinger officiating.

Burial will be in the Fairview cemetery.

ALDRED M. FARLEY

Two men leaving for service duty

Announcement of two induction and 10 pre-induction calls for young men leaving duty was made this week by the Selective Service office.

Leaving for induction will be Gerald Kokeski and Randall Savage. Pre-induction candidates are Gary Thomas, James, and Manistique residents Russell Paquette, leader; Robert Knop, Dale Powell, Ronald Pawley, Dennis Cassinon, James Carson, Gary Sample, Patrick Tufnell and Michael Cormany.

Ray Olsen dies Friday

Raymond Clarence Olsen, 53, of Gulliver died at 12:15 a.m. Friday at Schoolcraft Memorial Hospital. He was born June 29, 1916 in Gulliver and had spent all of his life here.

He was a graduate of Manistique High School with the Class of 1935 and married the former Luella DeSautel in Manistique on June 29, 1938. He attended the Bethel Baptist Church and had been an employee of the Island Lumber and Stone Co. since May 30, 1941 where he was a shovel operator. Mr. Olsen was a member of the 25 Year Club of the High School with the Class of 1935 and worked for the Manistique Iron Works from April 1, 1957 to April, 1965.

Surviving are his wife, Luella of Gulliver; three sons, Ronald of Manistique, Charles of Escanaba and Allan, (Alone) of Manistique; a brother, Glenwin of Detroit; a sister, Mrs. John (Cecile) Ruttk of Gulliver and two grandchildren.

Complete funeral services were held at 2 p.m. Monday from the Messier-Broullire Funeral Home with Rev. Robert Haring, pastor of the Bethel Baptist Church, officiating. Burial was in Fairview cemetery.

Fire Calls

Public Safety firemen were called to the Walter L. LeDuc home on State Road Friday at 9:40 p.m., where a TV set is reported to be set on fire.

A good record

IT IS EASIER TO CRITICIZE than to praise, for some obscure reason, and thus it is that many good and worthwhile accomplishments often pass unnoticed.

Back in April City Manager Robert Noe submitted a progress report to the city council. It deserves more publicity than it has received. Consider this list of accomplishments undertaken or completed in 1968:

- Resurfacing of 2.5 miles of streets.
- Recapping of two blocks on Oak St.
- Replacement of 1,000 feet of sewer on Manistique Ave.
- Six-inch water main installed to Senior Citizens housing site.
- Installation of 68 mercury vapor lights replacing obsolete street lighting in the city.
- Beginning of construction of 35 units of senior citizens housing.
- Beginning of construction of a new city hall and fire station.
- Initiation of a retirement system for all city employees.
- Removal of 14 old buildings and forced compliance of safety and building codes on 15 buildings.
- All-time high of new building within the city with 73 building permits issued in 1968 for a total valuation of \$152,405.
- Passage of a new zoning code for the city, up dating almost all of the major codes of the city.
- Moving the Chamber of Commerce to a new office location on US-2.
- Assisting the Chamber in its Christmas lighting program by installing pole brackets, permanent wiring and fixtures.
- Completion of program of moving parking meters behind the sidewalk line within the city.
- Leveling and grading of city property at Cherry and Steuben Sts. to make it a more suitable building site.
- The projected program for 1969 is equally ambitious. It includes the harbor project, now awaiting Federal aid approval; the start of construction of 25 low-housing units; continuance of the street improvement program; improvement of all remaining old street lights with mercury vapor lamps; improved downtown parking; extension of the present shoreline park to include overnight camping facilities; addition to the city shop facilities of a storage building; replacement of two blocks of sewer mains, recapping of US-2 through the city; completion of the street name sign program; continued improvement of the industrial site facility and installation of a new barricade along US-2 by the Lincoln School.

Hopefully, the city also will attempt to start action on a new water filtration facility; expansion of the present sewer plant in compliance with state requirements, and assistance to the Weston Ave. property owners, possibly through urban renewal, to alleviate the pollution problem in that area.

All in all, the list makes impressive reading. It is an effective rebuttal to those who charge that "city hall" never does anything. Noe and the city council will be the first to admit that much remains to be done. They do deserve, however, some high marks for all that they have accomplished in these recent months.

A prize-winning weekly newspaper published every Thursday at Manistique, Michigan, at the Top O' Lake Michigan in the heart of Michigan's beautiful Upper Peninsula.

A family newspaper, being all things to all people, should periodically make efforts to uplift the cultural level of the community it serves. Because of this obligation, we have periodically printed some of the hitherto unpublished works of Drummer McClutch, the poet laureate of the Jamestown Slough. This public service has not necessarily re-

sulted in any great excitement in literary circles, a circumstance that we attribute to professional jealousy and a tin ear. However, we persevere, Wordsworth, move over. There's room for still another literary genius. Witness the following, published for the first time anywhere: There was a young lady from Gulliver,

Of which there was to much all of her.
They said, "You're too fat,
Wherever you're at
Your bulk casts a much too large fall over."
Sort of brings tears to your eyes, doesn't it? Here are some more:
We have a beach of sawdust
That goes in and out to sea,
What to do with all that sawdust
is much too much for me.

SO WHAT DO YOU DO ALL SUMMER

don't know, because the summer sure goes fast, but I can tell you what I did on Friday, June 20, 1969. I can tell you because I got tired of hearing people ask, "What do you do to all summer?" So I kept track.

The day started as usual with a cup of coffee in the office at 8 a.m. I reread the board report and Mrs. Bouchard of Community Action came in with an application for Neighborhood Youth Corps and a complaint that Escanaba was getting her N.Y.C. slot.

Mrs. Pappas followed with a reminder of a ten o'clock meeting for the vocational students going to Big Bay de Noc Community College. I then called Dr. Rinehart at the college to see if there were any new developments.

Mr. Frederickson and Mrs. Cain and I met to work out a plan to provide secretarial assistance to high school office now that Mrs. Leveille is off for the summer.

Dr. Richard Featherstone called from Michigan State to arrange a 7 a.m. breakfast meeting at the Fireside Tuesday.

Frank Stupek, Superintendent of Bay de Noc, called to see if we had our state aid check for June. We had, so I suggested he call the Department of Education to find out where theirs was.

Bob Kanerva came in to go over specifications for the buses.

Mrs. Porter from Lincoln area called to find out about a transfer of her daughter.

VISTA Worker, Jan Strasma, came in to tell me of his plans for next year and explained why we won't have VISTA workers

Relief for Clock Man

Michigan did not go on Daylight Saving Time this year and one man, at least, couldn't be happier about it. He is Bob Cheyne, whose job it is to wind and maintain the 3600 clocks and watches in the collection of the Henry Ford Museum and Greenfield Village. Settling their back or forward is a "day job" requiring a ladder, a large collection of winding keys and a lot of patience.

New superhighways dramatically reduce driving time between European capitals, National Geographic says. Motorists can go all the way from Vienna through Germany to Amsterdam--a distance of 800 miles--in 15 hours.

next year. Ten a.m. -- talked to the 40 boys who showed up for the meeting for vocational students to Escanaba.

Pat came in because I forgot to give her the grocery money. Dictated a letter to Department of Education regarding Audio-Learning Bus Project. Superintendent Bruce Wolck from Houghton called to discuss his bus project and check details.

Dictated some more letters and wrote some memos.

Went to lunch. Ran into board member Bob Knoph and discussed school affairs over a bowl of chili.

After lunch Gary Lester stopped in to pick up directory of school administrators in Michigan.

Howard Knehn, Superintendent of Montrose Schools, called to check on work experience of an employee.

Called newly-elected board member Leon Wood to tell him we had some material for him and encouraged him to attend Michigan Association of School Board Members legislative meeting in Escanaba on July 1st.

Discussed politics and education with Howard Hewitt who had stopped in to thank us for some material we had sent.

Called Jeanne Vallier to ask that she pass a message along to former board member Bob Orr.

Discussed with Mr. Frederickson some material we hadn't sent and should have.

Talked to attorney William Hood about our gas problems. Had a four-way telephone conversation with Ron Patrick, Bob Kanerva, and Northwestern Audio Visual Company to arrange for equipment on audio bus.

Worked on the 69-70 budget for two hours.

Saw Bill Miller who came in from Germask to tell us his draft classification was all right.

Worked on recruiting on eighth grade teacher at Fairview and a math teacher for high school.

Read the "Croft Federal Aid Service," scanned "School Management," "Educational Equipment and Materials," "The Education Summary." Gave Mr. Wood's son the materials and asked him about Houghton Tech; read the report from the "Research Institute," "The Michigan School Business Official Newsletter," and the "Guidelines for Sex Education and Family Planning from the Department of Education."

So what do you do all summer? Just work, I guess.

Wynken, Blynken and Nod one night
Sailed off to catch a coho
They went around on Wiggin's Reef
And now they ain't no moho.

When the frost is on the punkin
And the fodder's in the shock,
Then it's poker time in deer camp
With the family jewels in hock.

Silver threads among the gold
Used to mean you're growing old.
Now if there's gold among the black
It means she's using Color Back.

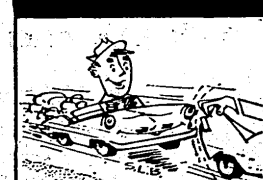

Over the hill to the poor-house
I'm trudging my weary way.
I've got a son in college
Who thinks that Dad should say.

O Captain! my Captain!
our fearful trip is done!
We drove on US-2 today
It was a frightful run.

This highway is a must to us
if we're to fill our larder.
But when you're found on No. 2
you try a little harder.

Back of the bar, in a solo game,
sat dangerous Dan McGrow.
His winnings were great and his luck was strong
For a minnie was never low.

Toys, games needed at Bay Cliff camp

An urgent call has gone out for games and toys for use at Bay Cliff Health Camp. Because of the weather campers have been unable to participate in water sports as much as they usually do and indoor or outdoor games and toys are in greater demand.

Anything and everything is needed and may be left at Hohlik Plumbing and Heating. Bicycles, stuffed animals, dolls, peg boards, books, blocks and games are examples of items needed. Even broken, repairable things can be used. The maintenance department at the camp is proficient in taking two broken bikes and making one good one out of them.

Anything to interest a child aged 4 to 16 will be appreciated.

Hentschell is named to Jamboree staff

The Boy Scouts of America have asked Ted. J. Hentschell of 206 Cedar St. to serve on the staff of the 7th National Jamboree from July 16-- 22nd, at Farragut State Park in Idaho. The Jamboree will be attended by approximately 50,000 Scouts from all over the United States and the free world.

The cuttlefish, a relative of the squid and octopus, camouflages itself by changing color in two-thirds of a second, the National Geographic Society says.

Varnum backs bill on LSSC

State Representative Charles H. Varnum of Manistique has reported that autonomy for Lake Superior State College is a giant step nearer to reality. The bill to make Lake Superior an independently operated institution was reported out of the House Colleges and Universities Committee and is ready for House debate. Representative Varnum, a member of the Colleges and Universities Committee, hopes for a vote on the bill within the next couple of weeks.

"The bill passed the Senate on a 25 to 7 vote," Varnum observed. "This, plus the unanimous vote for the bill in committee, makes me very hopeful it will receive final approval."

During committee action on the bill, Varnum outlined the school's history and the necessity of the autonomy bill for the other legislators. He will continue to lead efforts for passage of the legislation by acting as floor manager for the bill when it comes up for House debate.

Lake Superior State, Sault Ste. Marie, presently operates as a branch of Michigan Tech.

Program is held for Safety Patrol

Hiawatha School safety patrol members were honored at an assembly at the school June 10.

A film was shown on bicycle safety, followed by a talk by Trooper John Wilson. Awards were presented to 5th and 6th graders for outstanding duty at the school and on the bus. Trooper Wilson announced the newly elected officers: Kathy Archey, girls' service squad captain; Lou Ann Swanson, lieutenant; Ricky Tallman, boys' safety patrol captain; Danny Casteel, lieutenant.

The school also received a plaque from the AAA for excellence in safety.

Mrs. Nancy Brown, who was in charge of the safety patrols, will join the youngsters on their trip to the U.P. State Fair on Safety Patrol Day later this summer.

The Stalking Tiger

Wage hikes, soaring wholesale prices, higher taxes are the pressures besetting every enterprise in the country. Inflation is the tiger that stalks our streets and no amount of polite dissemblance will make it disappear. This is why we believe that the people of our community want plain talk—even about the taboo subject of funeral service costs. We believe that the person who sits down in our office to discuss arrangements is entitled, in confidence, to be apprised of all that we have to offer, why prices of different types of merchandise differ, and what part of every service is standard and what are the extras. We also are doing everything humanly possible to keep a lid on costs without any sacrifice of service standards.

EXTENSION News Notes

By Howard Handorf
Michigan State University

COUNTY SUPERVISORS' DAY AT MICHIGAN STATE UNIVERSITY: Lindsley Frenette, chairman of the county board of supervisors, Edward Jorgensen, chairman of the Extension committee and Russell Tennant, a member of the Extension committee, attended Supervisors' Day on the campus of Michigan State University yesterday. The day consisted of tours of the Forestry Department, Food Science building, greenhouses, Floriculture nursery and the Horticultural gardens. The supervisors also had the opportunity to hear Dr. Gordon Guyer, chairman of the Department of Entomology, speak on "Where Are We With Pesticides." Dr. Robert Ball, director, Institute of Water Research at MSU, spoke on "New Concepts of Water Management." Mr. George McIntyre, director of the Cooperative Extension Service, spoke on "Extension is Big Business."

4-H Youth Programs: Many 4-H'ers who have registered for camp have asked about health check-up. All who register will receive a letter after July 1 giving them the details about camp and we will also enclose a form about your health which must be filled out by your parents and/or guardian, also by your family doctor. This form must be taken to camp and presented when you register there.

Mr. Arvid Norlin, Alger County Extension Director, and your County Extension Director will be in charge of the 4-H Camp at Clear Lake this year. Mrs. Jennifer Beaudry of Manistique will be assistant camp director. Mrs. Beaudry is the former Jenny Patz and has attended the camp as a 4-H'er and camp counselor for the past 10 years. Mrs. Edward Howe will be our camp nurse this year.

Mrs. Nancy Sabinash of Manistique Township will be in charge of the crafts program. We do not have all the Junior Counselors lined up as yet but Schoolcraft will furnish four and Alger County will have four. Next week I will give you some of the details about the program at camp.

U.P. State Fair: We are beginning to talk about exhibits for the fair this year. In July all members who are to exhibit will be notified by a letter from our office. The Fair will

be Aug. 12-17 this year. Some of the requirements have changed and all 4-H'ers will be given the information needed. Each county will have a space so all Schoolcraft County exhibits will be together in a space of about 30 feet. The tent will still be used but it is hoped our exhibits will be displayed better as two older 4-H'ers will be at the Fair the entire week to take care of registration, display,

etc.
NEW HOURS AT THE EXTENSION OFFICE: We received a directive from the Schoolcraft County Board of Supervisors advising us that our office will open at 8 a.m. to noon, closed from noon until 1 p.m., open at 1 p.m. to 4:30 p.m. We were open at 8:30 a.m. had the same lunch hour but closed at 5 p.m. This is effective until Labor Day.

PHOTOSENSITIVITY
The skin is sensitized to sunlight by more than ninety chemicals. These chemicals cause hives, localized pigmented areas or itchy rash. Although photosensitivity is not common, the list of things causing it is growing. The main reasons for this are additives used in foods, drugs, soaps and household products.

This is usually noticed when an eruption develops in areas exposed to light, such as the back of the neck, the chest, face, fronts of the legs and outside of arms. The eruptions do not usually appear in shaded or covered parts of the body. Now and then the rash is found only where the chemical has been applied.

If you should develop an itchy rash after being in the sun a visit to your family physician is in order. If a prescription is called for, have your doctor call for, have your doctor phone A.S. PUTNAM & CO., 201 South Cedar, Phone 341-2264. OUR BUSINESS IS YOUR HEALTH!

MANISTIQUE PULP & PAPER CO.

HURRY UP and RELAX

Highways, superhighways, turnpikes, freeways, expressways—they crisscross America, leading in every imaginable direction. And, they get you there so fast, you are past the right exit before you know it. We live in such a speed-oriented world that, when we are not working, we feel we must "hurry up and relax." At times we even feel guilty when we are not busy about something.

We don't really like our foolish pace. We speak longingly of peace of mind and quietude, and we take tranquilizers by the ton. We search frantically . . . on vacations, on "lost weekends," on "fun activities" . . . but tranquility is hard to find.

Perhaps we are seeking too hard. Perhaps tranquility is not to be sought. Rather, isn't it what happens when you are at peace with yourself, no matter the circumstances?

You can be at peace with yourself only when you are at peace with God. He is the very center of your being, and His peace is freely given when you accept it.

Accept this great gift of God in the very best place of all—His Church.

"OUT OUR WAY"

News from Road 437

Hi Folks!

First day of summer and the longest day was Saturday, but our cool breezes continue to keep blowing. This morning again promises to be a dismal gray day, as last night the rain could be heard falling gently on the roof and trees. How I'd love to see a real blue sky and fluffy, white clouds roaming slowly across it, looking like heaps of cotton in the fields, or mountains overhead.

There isn't much wind this morning, and the woods have a peaceful look that puts your mind at ease. The trees and wood ferns are at their best in colors of green. More flowers can be seen in our wild floral bouquet. The showy Lady's Slipper and Moccasins are displaying their beauty of the forest. The False Solomon's Seal, with its creamy white flowers in feathery clusters on the end of a solitary leaf stem can be seen. Later on white berries appear that ripen to a speckled red.

If summer decides to come in, one of these nights should bring us the winged lanterns

known as the firefly. I enjoy watching their lights bob or shimmer as they dance through the air. They really are nature's tiniest lamp lantern. Summer may be late in coming but it doesn't stop the birds from singing or the chirps of the crickets. The drum of the woodpecker comes in the background of all this singing.

I've finally got my petunias planted and my garden, though small, is enjoyed. The columbine is in bloom, along with lily-of-the-valley and delphiniums.

A walk along a winding road that leads into the forest can be fun and full of excitement. Each bend in the road may have a surprise for you. Now you may come upon the lawn following its mother through the woods, or a cub following his mother, both taking them through a new world of adventure.

Vacation time is at hand and folks from the cities are coming Out Our Way to spend quiet and restful days, fishing, hiking and swimming.

At Chip Bonner's cabin on

Thunder Lake the Tom Monasmiths from Fostoria, Ohio and the Floyd Monasmith from Findlay, Ohio are enjoying their stay.

Mrs. John Prantnes of Milwaukee is spending this week end at their cabin on Thunder Lake. Her husband will join her this week end to vacation for two weeks.

Major and Mrs. Julius Skierski have bid us farewell as they head for Texas, where Major Skierski will be stationed.

Looks like the sun may come through those clouds to give us a sunny day. So with it I send out echoes of birthday greetings to Eunice Rahmes, Lillian Garvin and Lee Raredon. Anniversary wishes go out to the Frank Lewises, Leslie Savages, Tom Hussons, Carl Lueckes and Joel Petersons.

May the day for all of you be one of complete happiness.

Until next week's scoop, stay happy. Mrs. Scoop.
