February is frozen potato month. Anyone whose potatoes are not frozen is just not with it.

This also happens to be National Pay Your Bills Week (honest!) but what happens if your assets are frozen along with your potatoes?

A friend of mine claims that all marriages are happy, but it's the living together that causes the trouble.

I know my wife isn't the best driver in the world, but even I was surprised when the police tried to give her a season ticket.

Did you hear about the cannibals who got a taste of religion when the missionary came to visit?

Larko solves smell problem

You can relax and breathe easy again. The Larko Chemical Co. will be processing no more blood at their new plant at the pierfront.

Plant manager Carl Aldrich said Monday that a 40,000 pound shipment of blood received by the local plant last week was inferior and partially decomposed, resulting in the strong and offensive odor that covered much of the city Friday. All of the 40,000 pounds has been disposed of, he said.

Mr. Aldrich pointed out that the plant ran about 43,000 pounds of blood about a month ago, but it was of a higher quality, and no odor was reported.

Larko converts blood and other raw material, including trash and agricultural products, into protein meal.

Aldrich lauded the efforts of Extension Agent Howard Ilan and Soil Conservation Specialist Erwin Siml in working to develop a local source of agricultural products, such as crabs, that can be utilized by the local plant. He said they will probably be processing trash fish through the plant this summer. He added that the three-man labor force at the plant would be spending the next two weeks cleaning the plant and decorating, scrubbing the ceilings and beams and walls and floors, in an effort to completely eliminate the odor.

Blood donors are needed

Blood donors are urgently needed at the next blood bank at Manistique to help build up local blood supplies. Hospital Administrator Carleton Hubbard has said.

The blood bank will be held at the hospital next Thursday, Feb. 13 between 2 and 7:30 p.m., and donors may show up at any time without reservations.

Many regular donors throughout the United States have been unable to contribute as normal because of bad winter weather and the high incidence of flu cases.

Any questions on the blood bank visit here may be answered by calling Mr. Hubbard at the hospital.

INTERSTORY ---- There's a tale that can be told from these tracks in the deep snow photographed by John Mincott of Manistique on his way to his cabin at Smith's Creek. A partridge prowled into the snow at left, pushed up two air holes at upper left, and spent a warm night in the burrow before bursting out, right, and flying away, leaving his wingtip marks as he left.

Scouts brave weather

Eighteen Scouts and three leaders of Manistique's Boy Scout Troop 402 participated in a winter campout and overnight survival exercise at the Boy Scout forty, north of Manistique, along the Indian River.

Five scouts slept overnight in makeshift shelters on Jan. 25. Ten more scouts braved the elements by staying overnight at the forty on Feb. 1.

The younger, less experienced scouts did not stay overnight, but participated in events at the forty on the following day.

Dave Kelly leaving WTIQ

David M. Kelly, a partner in the Manistique Broadcasting Co. since it began operations here four years ago, has left to assume an executive position with the Post Corporation in Eau Claire, Wis.

Mr. Kelly will manage the AM and FM radio operations for the firm in the Wisconsin city, which has a metropolitan area population of about 100,000. The Post Corp. also operates a television station there, in Green Bay, and at Marquette, as well as newspaper and radio properties.

Mr. and Mrs. Kelly, who have been living at 308 Lake St., moved to Eau Claire this week. Ed Selleck, Mr. Kelly's partner in the local venture, will remain here as station manager.

Apartment building goes up 'overnight'

A giant crane lifted units into place

The first privately-financed multi-unit housing to be erected in Manistique in decades went up almost overnight last week at its site on W. Main St., a half block west of River St.

Pre-built by Wausau Homes, Inc. of Wausau, Wis. and Ottumwa, Ia., the eight-unit, two-story building is being built here by Mr. and Mrs. Robert Orr and Mr. and Mrs. Robert Ehl under the name of the Central Housing Co.

The first units arrived by semi-trailer Tuesday night, and work started Wednesday morning on the foundation that had already been excavated, built and sealed. Half of the building was up in one day, and the second half arrived in another group of trucks that evening. By Thursday evening the entire outside of the building had been completed. A giant crane was used to hoist the pre-built walls into place, and to position the bathroom and kitchen complexes, which arrived completely assembled. About 10 men are on the job this week completing the interior trim, and it is expected they will be done by Friday of this week.

Local contractors did the excavating, basement and foundation work, will install the plumbing and heating hook-ups, put on a built-up roof and do the exterior brick work and landscaping.

There are four apartments on each floor of the building, each with two bedrooms. They will be completely carpeted, and include stove, refrigerator and garbage disposal. There is a full basement for storage and laundry facilities, and parking spaces will be provided in the rear of the building.

The 48 by 64 foot structure has a brick veneer and redwood siding exterior, and is located on a lot approximately 130 by 150 feet in size, purchased from the city.

It is completely insulated and soundproof, and will be heated by natural gas-hot water. Bottled gas will be used until natural gas becomes available this year. A complete fresh air ventilating system is also featured.

Ehl and Orr have been planning the building for about two years. They have received financing for the project, aimed at middle-income tenants, through the Federal Housing Administration.

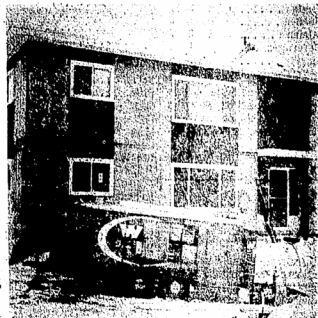

Demand for the apartments has been high, they report, and they expect full occupancy by the time the building is completely finished in April. They added they hoped to have an open house for the public just prior to the time that the tenants move in.

SCHOOL PROGRAM REPORT

The community school role

During his 14 years as a football coach at Manistique High School, Dick Bonitas compiled one of the most impressive records in Michigan's Upper Peninsula. His teams won 67 games while losing only 40. They were unbeaten in 1957 and 1959, won the U.P. title in 1952, 1953, 1958, 1959, and 1964 and made Bonitas the U.P. "Coach of the Year" in 1956.

If his teams had any trademark, it would have to be their skill in the basics of the game. Bonitas teams were well-conditioned, well-prepared, and well-coached, and fans came to expect a high grade of football when they came to see the Emeralds play.

In January, 1966 Bonitas found himself in a different league. He had just taken over the job as director of the new Community School program at

Manistique High School, and his opponents were indifference, apathy and hostility.

Now in his fourth year as director, Bonitas can look back on a record that has seen him once again win more than he has lost. Perhaps it's because he's still concentrating on the basics.

Just before he took the job, Bonitas outlined what his task would be. He said, "A community school is where learning and living meet. Its concern includes everything which affects the welfare of its children and of its family. The concept of the school for community living is not a new one. It does have importance for our area. Education is not apart from life. The democratic problem in education is not primarily a problem in training children; it is a problem of making a community within which children cannot help growing up to be democratic, intelligent, disciplined to freedom, reverent of the goods of life, and eager to share in the tasks of the age. A school cannot produce the results; nothing but a community can do so."

The decision to promote a community school program was made in 1965 by the board of education, after Supt. Edwin Wuehler had promoted trips to Flint for various community representatives to observe the community school in action there.

Bonitas attended a six-week training session at Flint, and late in December the board approved a program to start Jan. 1, 1966, with an initial budget of just over \$14,000. Of this total, \$3,800 came from the local

school district, \$5,268 came from a Mott Foundation grant, \$500 in fees and \$5,231 from basic adult education programs of the Economic Opportunity Act.

A survey was conducted, through newspapers and radio, to determine the interests of the community. Bonitas issued a call for teaching volunteers. By mid-January the program was in operation, with 246 persons enrolled in various programs in town, plus another 60 from the little community of Germaske, where 38 persons enrolled in an adult diploma program, and 22 others signed up for courses in adult basic education.

Three years later, interest is still high. Some courses have been dropped, and others added.

Start phys ed for elementary youngsters

A new program of physical education for elementary students got underway in the Manistique Area Schools Monday.

Directing the program will be John Stapleton, a native of Chicago and a graduate of Northern Michigan University at Marquette, who moved to

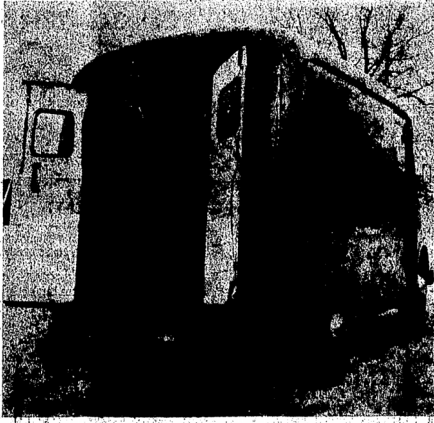

Manistique last June after his wife's graduation from Northern.

He'll be joining the group of "circuit-riding" teachers who bring the educational program to all schools in the district. Unlike the vocal and instrumental music teachers, however, Mr.

Stapleton will bring his office along with him as well. An Air Force surplus van has been painted and renovated, and will contain all of the equipment to be used in his program, as well as a desk and chair.

A contest is currently being run to select a name for the van. Youngsters will submit names, with the winner receiving a watch. The name will be painted on the side of the van.

The bus with no name . . .

John Stapleton and his traveling office

Mr. Stapleton has worked with children in the Chicago area, and in Manistique last summer. He also did his practice teaching here last semester under Rudie Brandstrom.

Stapleton's programs will stress work in the areas of physical fitness, general strength and coordination.

"Athletics as we know them will be secondary objectives," he explains. "This is not to say our children will not learn to play the team games, with which we are familiar, but skills used, rather than the total games themselves, will be stressed.

"Another important point in the program will be work with activities which the students will be able to use in their later lives. As adults, we do not have the energy to play basketball or football as readily as we would to practice archery, bow or play golf. I feel our students should be given the opportunity to appreciate these less highly-organized sports."

He stressed that the understanding and cooperation of the parents in the area is a "prime ingredient" for the success of the new program. "Communication between the parents and myself is also very necessary to its success," he said, urging parents to contact him if they have any questions or problems.

Emeralds to face Bulldogs Saturday

The Manistique Emeralds travel to Rudyard Saturday night hoping to repeat their only victory of the season and end their nine-game losing streak. Escanaba High Stars crashed the visiting Emeralds Tuesday night, 73-44, for the latest indignity.

Gary Webber was high for Manistique with 12 points. Larry Davidson and Bob Als each had 10, but the Emeralds missed Kendall Newson and Albert Godreau, two regulars who couldn't make the trip because of illness.

They trailed only 36-23 at halftime, and notched 16 points during the third period, but went cold completely in the final stanza, hitting only one of nine shots from the floor. For the night they hit 15 of 44 shots for 34 per cent. They were hurt by 15 turnovers through the game.

Lack of adequate defense proved fatal for the Emeralds last Friday night at Newberry as the Indians rolled to a 91-62 decision.

\$460,000 award given

A Grosse Pointe Woods couple has been awarded \$460,000 in damages from the Chevrolet Division of General Motors Corp.

The judgment, returned Saturday night by a circuit court jury in Escanaba, is the largest ever awarded in a Michigan case.

The jury, after deliberating for about 16 hours, awarded James Selmo, 28, a high school mathematics teacher, \$450,000 and his wife, Carol, 26, \$40,000. The jury returned a verdict of no cause for action against Curran Chevrolet Sales, Inc., of Manistique, a second defendant in the suit.

The Selmos were injured in an automobile accident June 16, 1966, on highway 2 in Garden Township, Delta county.

The accident occurred when a 1966 Chevrolet Corvair broke loose from a wrecker which was towing it east to Manistique and crossed the highway into the path of the approaching Selmo automobile.

Selmo suffered spinal injuries in the accident which left him paralyzed from the waist down. His wife had a broken leg, nine broken teeth and other injuries.

The plaintiffs charged that General Motors was negligent in the design and manufacture of a bumper bracket in the front end of the Corvair. The bracket ruptured, causing the automobile to break loose from the wrecker, the suit said.

The plaintiffs had also alleged that Curran Chevrolet Sales was negligent in the towing hookups.

The trial in the case began Jan. 6 before Circuit Judge Bernard H. Davidson and went to the jury at noon Friday.

John Patecock, an attorney representing General Motors, said that a decision on whether to appeal the award would be made after trial testimony was reviewed.

Ambulance

Grace Marchand, 112 Bar St., was taken from her home to the hospital Saturday at 1:03 p.m.

Mrs. Gilmer Nellerton, Garden, was taken from her home to the hospital Tuesday at 10:30 a.m.

Plan bake sale

The Girl Scouts from Troop 28 will hold a bake sale from 10 to 6 p.m. Saturday at Nordstrom's Foodland. The proceeds will be used to help pay their way to Canada.

While Keith Aldrich had his best night of the season for Manistique, notched 18.

Manistique trailed by only nine at halftime, 37-26, but the Indians outscored the Emeralds in each of the final two periods to win going away.

The Newberry Jaycees won the preliminary contest.

Luring industry is discussed

"There is a need to involve people, not just documents" such as laws and resolutions, in the effort to attract industry to a community," said Al Taylor, Manistique University Extension specialist in land use, at a meeting Tuesday night at the Fireside Inn.

John Charles Kuffman, vice president of Manistique, also of MSU, acted as resource experts at the meeting called by the Extension office and county planning group.

"A community should not put all their eggs in one basket in a search for new industry," Kuffman said, "and perhaps assistance to help existing industry might be better. Competition to attract new industry often tends to bring in 'unhealthy' companies who may not be able to succeed even with the community's help."

He said that new industries of any size are simply not coming into communities the size of Manistique.

Members of the county board of supervisors, city and county planning groups, the health department, tax department and others were present at the session.

The complaint was voiced that local planning groups have become inactive, largely because the parent governmental units that created them have developed a tendency to ignore their recommendations. There is difficulty in agreeing on objectives, whether or not the community should concentrate on tourism or industry.

Extension Director Howard Randall said he is hopeful of calling a joint meeting soon of planning and zoning groups in the county to work out objectives. The two MSU representatives suggested the possibility of regional planning bodies, such as the city and township, or two townships, or other combinations of logical tracts.

Orderly development of sites in and around airports was discussed, along with the possibility of eventual development of such areas for light industry. This land could be zoned for such use until the development was imminent, it was suggested.

The session was the third of a series on "Local Development for Schoolcraft County." Previous meetings covered industry, recreation, agriculture and natural resources and sports fishing.

WHY DO YOU EAT WHAT YOU DO?

What Extension Homemakers will be asking themselves. Leaders of study groups had the session and picked up bulletin and discussion material for their members. This will be used at February meetings.

"Don't you wonder, at times, why you eat what you do especially when you know you shouldn't touch the stuff? Changing our food habits is an almost impossible task. The older we are, the more difficult the change."

UNLEARN AND LEARN.

This is what you'll need to do if you're really determined to change. It could be your breakfast buffet. Are you in too much of a rush to have more than a cup of coffee? How do you feel by mid-day? Kind of tired? What can you do about it? Remember you need to change your own eating habits before you can change those of others. Do you realize how much you -- the cook, mother and homemaker -- influence what your family eats? Are their eating habits good or could they be improved?

A FATTY IN YOUR FAMILY?

Are you influencing their eating habits? Studies have shown that the longer a person is overweight, the more

Family Living

difficult it is for him to be successful in losing weight. Help your overweight youngster now, especially if he or she is an adolescent or young teenager. You can do it by controlling what you eat on the table and what you keep in the refrigerator. It may keep you too -- if you need it!

WHAT DOES YOUR FAMILY "NEEDLE"?

As verting doesn't help nor do the stacked shelves. They seem to be loaded - more variety - with special sizes, stapes and flavors, crackers, chips and what not. It doesn't seem to be a problem in your family, what could be the trouble?

Manistique University News Notes

BY HOWARD HANDOFF

It seems that there is a high interest among the farmers in Schoolcraft County on the work that we are trying to do on the development of a cash crop. As things stand now our plans are of necessity limited and of a small scale nature. Basically, we are going to do the following this coming year:

- 1) Put in four one-quarter acre plots of Crambe in the following four areas of the county, with one plot in each area: Cocks, Manistique, Gulliver and Germfask.
- 2) We are going to put in approximately a one-quarter acre replicated test plot probably in either the Gulliver or Manistique area containing Crambe, Rape, and three varieties of flax.

I know that there are many of you who would like to have one of these test plots, however, I am afraid that we will not have enough material to go around. Crambe, which on paper looks the most promising, is entirely a gamble at this stage of research. None has been grown up before and all that we are going to be able to do this year is to determine if it will grow up here.

If this year's plots look favorable, chances are that in 1970 we will go to a seed production type of planting program, as well as to some basic research plots on optimum fertilizer levels for maximum yields.

The office is busy at this time sending form many research publications on these various crops as we can assemble. From past experience with this, it will probably take a month to get the reports answered. When Don the Extension Specialist, Crop Science, and I start these plots this summer, we will put a notice in the newspaper so that any interested farmer can observe the progress of the crops as they develop.

Sgt. Belanger honored at retirement dinner

State Police Sgt. Charles E. Belanger, commanding officer of the Calumet post since 1957, was honored recently on his retirement after more than 30 years of service.

Sgt. Belanger served here from 1938 to 1943, as well as at Jonesville, Munising Iron Mountain and Paw Paw. He is married to the former Hazel Kiefer of Manistique, daughter of Mrs. Harry Secore.

Belanger enlisted in the State Police in 1937, was promoted to corporal in 1949, and promoted to sergeant and commander of the Calumet post in 1957. He has two citations for meritorious service and one honorable mention.

He is a native of L'Anse and was graduated from high school there. The Belangers have two sons and a daughter, One of the sons, Phillip, has just been

graduated from the State Police recruit school and now assigned to the Brighton post.

John Foster of Calumet, president of the Upper Peninsula Law Enforcement Association, was the main speaker at the banquet honoring Mr. and Mrs. Belanger.

He described him as a man who is fair, but firm; kind yet stern when he had to be, helpful, yet critical when necessary; loyal to his best traditions...

There is no other profession in which it is necessary to be all things to all people almost all the time, and I say to Chuck, a job well done," Foster said.

The Belangers are planning a February trip to Florida, but have no long-range plans.

by Donald E. Brown, County Extension 4-H Youth Agent

This is a first - a first in a series of weekly columns written by me, your Extension 4-H Youth Agent, Donald Brown. By reading this column you will become better informed about youth activities in Schoolcraft County. You will also find suggestions for helping young people reach adult level.

To help you get better acquainted with me I will review my background. I was born and raised in Newberry, I graduated from Northern Michigan University with a degree in music education. I taught school in Fairport, Mich. for four years. In 1966, I moved to Crystal Falls and became the 4-H Youth Agent for Iron and Dickinson Counties. I transferred to this area in October of 1968. My wife, Joan, and my three children, Corey, 5, Liane, 3, and Chris, 5 months old and I live in Escanaba. I work out of the Schoolcraft County Extension Office located in the Post Office Building in Manistique. I am in the office at least once a week. I would enjoy having you stop in sometime so that I may get better acquainted with you.

were set for the majority of 4-H activities. The Spring Achievement Program will be held on May 24 and County 4-H Camp will be held June 22 - 28. The U.P. Fair was discussed and it was announced that a U.P. 4-H leaders meeting will be held Feb. 22 in Escanaba from 10 a.m. to 3 p.m. to make final recommendations for the U.P. Fair manager. Jay D. Livermore and Nancy Salimish were nominated to represent Schoolcraft County at the State 4-H Leaders night which will be held March 1 and 2 at Michigan State University.

Harry Anderson, Carlton Hollister and Mrs. Harold Lustila represented Schoolcraft County at a recent meeting in Escanaba to discuss the 4-H program.

The Teen Leaders Club, an organization for young people 14 and over, met on Jan. 28. They selected a theme for the year of "getting to know you." In February they plan to visit patients in the hospital. They also plan to visit a party so that they may get better acquainted with other youth from around the county. In March the group plans to sell Easter eggs made of chocolate covered fudge. The fudge raised will be used to host a 4-H group from another state later this year. A group from North Dakota has indicated they would like to visit the Upper Peninsula and to get to know some of our young people. Until next week - may you "Make the Best Better."

The 4-H Council held its regular meeting on Jan. 27. The council discussed the Schoolcraft County plat book and at their February meeting will decide if the council should sponsor another plat book. Funds from the sale of plat books helps the council send 4-H members to summer camp and on other award trips. It also provides funds for sponsoring leadership training.

A calendar of events was discussed and dates

Food poisoning warning is given

The Alger-Schoolcraft Health Department would like to bring to the attention of the citizens of this county the ever present danger of food poisoning.

A recent article in the Sunday Milwaukee Journal told of 23 persons becoming ill and one death that was attributed to food poisoning in Madison, Wis., by eating contaminated ham. The 23 persons who were made ill developed nausea, vomiting, diarrhea and severe prostration one to three hours after eating the ham. The ham was contaminated by a food handler who prepared the ham in this particular food establishment. The food handler was a staphylococcus carrier. The germ was cultured from the food handler's nose and throat. Positive staph cultures were obtained from food preparation surfaces and from the meat slicing machine. The article stated that the ham had been treated and is no longer a carrier of staph.

The contaminated ham was kept warm in a roaster at 120 degrees until sold. This was not hot enough to prevent the staph germs from multiplying. Staph food poisoning is caused by a toxin made by the germs,

rather than by infection of the digestive tract, as with certain other kinds of food poisoning.

The Health Department would like to point out that the battle against food poisoning is never ending. All precautions should be taken in the preparation of food and any person suspected of being ill should not be working in a food preparator establishment. The department points out that food should either be refrigerated until served or kept at a temperature of at least 180 degrees to prevent any germs from multiplying. One of the best precautions is "when in doubt - throw it out."

The Health Department is available for any information or help that they can give in preventing such outbreaks. The office is open from Monday through Friday from 8:30 a.m. to 12 noon and 1 to 5 p.m. The phone number is 341-8876. In Alger County, phone Evergreen 7-2927. A registered nurse and a sanitarian are available, although due to extensive field work it would be wise to call ahead of time and leave a message and one of the staff will contact the caller.

Varnum bitter about assignment

State Representative Charles H. Varnum of Manistique is incensed over what he calls "blatant rigging of the House Committee system" by Democratic House Speaker William Ryan of Detroit.

Varnum has been named from the key Appropriations Committee, on which he served during the last two years. He says the action came after a phone conversation with Ryan in which Varnum refused to give endorsement of parochial before the bill was introduced and all the facts were known.

"I told Speaker Ryan that I intended to keep an open mind on the \$40 million plus parochial issue," Varnum said, "I had no intention of committing myself on such a complex issue before I even knew what provisions the final bill would contain. That's exactly what I told William Ryan, and that, I believe, is precisely why I am no longer a member of the Appropriations Committee. I'm sure that my former experience as a public school teacher also counted strongly in his decision."

Varnum said it is clearly evident that the vital committees, including Appropriations and Education, are being stacked to provide quick clearance for parochial in the House. He expressed the belief that Ryan had hand-picked the committee members to assure clear sailing for his pet project.

Official Proceedings OF THE Schoolcraft County Board of Supervisors

Tuesday, January 21, 1969
At a regular monthly meeting of the Board of Supervisors of the Schoolcraft County, Michigan, held at the Court House of the City of Manistique, Michigan, on Tuesday, January 21, 1969 at 7:00 o'clock P.M., (C.S.T.)

The Board was called to order by Lincoln B. Frenette, Chairman. The roll was called and the following members were present: Thurman Skarritt, Earl A. Sadler, Homer J. Weber, Ernest Holm, Norman W. Jahn, Edward Jorgensen and Lincoln B. Frenette, Absent: None.

The minutes of the last preceding meeting of January 3, 1969, were read and approved. Miss Betsy C. Schmitt, County Treasurer, presented the report of the County Treasurer of the financial condition of the County as of the end of the fiscal year 1968. She reported that the fiscal year ended with a surplus of \$19,115.15. The revenues amounting to \$537,177.15 were received. The County Treasurer said that the State Budget she had received was possibly the largest that the State has ever had. She mentioned that the State Budget for 1969 was \$1.1 billion. She said that the State Budget for 1969 was \$1.1 billion. She said that the State Budget for 1969 was \$1.1 billion.

It was moved by Thurman Skarritt, Sr., supported by Ernest Holm, that the following "County Policies" be adopted. Motion carried by unanimous aye vote.

COUNTY POLICIES

1. That the Board resolve that every department and agency of the County, to furnish an annual written report of activities for the past fiscal year, and that this report be submitted to the Board by the office of the County Clerk not later than the date of the February monthly meeting following said fiscal year, unless other arrangements are made by the Board.

2. That each department and/or agency of the County submit a complete and detailed inventory of equipment and movable personal and office supplies which are expendable, and on hand as of December 31st of said fiscal year. That said report be directed to the office of the County Clerk not later than January 31st next following. Upon the receipt of all inventory reports, that the County Clerk return said reports to the Building and Grounds Committee of this Board for their inspection and approval.

3. That the Board of Supervisors designate the County Clerk, or his or her agent, as its representative relative to matters of control and supervision of the Court House and Court House grounds.

4. That each department and/or agency which receives money through the County Budget, submit a tentative budget for the annual April meeting, and a final budget for the ensuing year for the annual October meeting, in sufficient time for the Finance Committee to prepare an overall County budget, as required by statute.

5. That each department and/or agency whose payroll records are kept by the County Clerk, file signed statement of leave for both sickness and vacation in accordance with adopted regulations now of record. That failure to furnish such signed statements of the statement must be signed by the department or agency head may forfeit said leave with pay in accordance with this Board's desire.

6. That any expenditure in excess of \$50.00, which is not covered in the budget, must be first approved by the finance committee prior to purchase.

It was moved by Homer J. Weber, supported by Ernest Holm, that the following per diem allowance for members of the Schoolcraft County Board of Supervisors be adopted: For any Board meeting, Committee meeting, etc., which does not exceed four (4) hours, the per diem shall be \$20.00.

For any Board meeting, Committee meeting, etc., which does exceed four (4) hours, the per diem shall be \$30.00.

Mileage allowance for travel, coming and going to the meetings and on any official business, shall be ten (10)¢ per mile.

Motion carried by unanimous aye vote. It was moved by Norman W. Jahn, supported by Thurman Skarritt, Sr., that the name of Earl A. "Mike" Sadler, of Germans, Michigan, be placed in nomination to fill the vacancy on the Schoolcraft Memorial Hospital Board of Trustees of Thurman Skarritt, Sr., whose term expires December 31, 1972.

It was moved by Homer J. Weber, supported by Russell A. Tennant, that the name of Joel Carley of Cooks, Michigan, be placed in nomination to fill the vacancy on the Board of Trustees of the Schoolcraft Memorial Hospital, to fill the unexpired term of Thurman Skarritt, Sr., which term will terminate on December 31, 1972.

The Chairman announced the following appointments to become effective at once: 1. To fill the unexpired term of L. J. McLaughlin on the Schoolcraft County Zoning and Planning Commission, Ernest Holm.

2. To serve as the County Board representative on the Chamber of Commerce, Homer J. Weber.

3. To serve as the County Board representative on the Council of Veterans Affairs, Edward Jorgensen.

Mr. Harold R. Peters, County Equalization Director, spoke to the Board and said that for clarification purposes, that he is referring to an referring to that department, that he is referring to as the Equalization Department rather than the Tax Department, as it is not a department of the Tax Department, and that taxation is not a function of said department.

Mr. Peters reported meeting with the representatives of the Great Lakes Gas Transmission Company representatives; Mr. Peral, the head of the State Tax Commission, and other county tax equalization directors concerned about the assessment to be placed on the 36 inch pipe line crossing these counties. The initial estimate of cost to construct said pipeline is set between \$31.00 and \$32.00 per foot; however, this is not a final figure as the cost have not been made available. The representative of the Great Lakes Gas Transmission Company indicated that the operation of this line will lose money for at least the first five years, and asked consideration of this fact in determining the assessed valuation. Mr. Peters reported that no definite decision was made, and that another meeting in February will be held to try and come up with an acceptable plan.

Mr. Peters named the Tax Equalization Committee of the Board of the meeting in Escanaba, Michigan, on February 11th and 12th of Board of Review members, and asked that all valuable information which he can attend, should, as much as possible, be presented to the committee which will aid in equalizing the County tax rolls in April of 1969.

The Equalization Director reported that a portion of the new Tax Writing equipment has arrived, and expects the balance within a few days. He explained to the new Board the method of payment for this equipment. The cost of the equipment will be paid by the eight Townships and City of Manistique on a 15 mill rate based on State Equalized Valuation, for a five

year period. Mr. Peters also renewed his annual report for the Board. It was moved by Russell A. Tennant, supported by Ernest Holm, that the report by the County Tax Equalization Director, not written and oral be accepted. Carried by unanimous aye vote.

Mr. Richard Marsh, Director of the Senior Citizens Drop-In Center, spoke to the Board requesting that an additional \$500.00 appropriation be granted to the Center for operation in the next fiscal year. Next year will commence as of April 1, 1970. He also requested that the County of Schoolcraft assure the sponsorship of the Drop-In Center in the next fiscal year, as a new sponsor is needed, as the Community Action Committee presently sponsoring same will no longer act as the sponsor.

After considerable discussion, and a request for more specifications regarding the future of said project, it was moved by Homer J. Weber, supported by Ernest Holm, that the matter be tabled. Thereupon the Chairman asked Mr. Marsh if the would make available, as soon as possible, a complete financial picture of this project, and project a future as to operations and financial costs, and submit same to the Finance Committee for their study and recommendation. The Chairman advised Mr. Marsh, that at the next monthly meeting, which is set for February 18, 1969, that this Board will advise him whether or not an additional appropriation would be granted, and as to the position of the County Board in regard to sponsorship.

RESOLUTION WHEREAS, in the operation of the new District Court now operating in Schoolcraft County, there is a need for a Bailiff or Special Deputy Sheriff as requested by District Judge, Charles Stark, and therefore it is moved by Ernest Holm, and supported by Edward Jorgensen, that Matthew Skarritt be appointed Bailiff and Special Deputy Sheriff for the District Court in Schoolcraft County and to receive such fees for summoning a jury, attending court by order of the Magistrate with a jury in attending, preparing and serving writs, and in the service of civil processes and mileage as shall be set by District Judge, Charles Stark, and approved by the Board.

Motion carried by unanimous aye vote. It was moved by Edward Jorgensen, supported by Russell A. Tennant, that the books of the various County officers listed below, for the terms of their respective offices, be approved and placed on file, carried by unanimous aye vote of members present:

Table with columns: Name, Amount, Term. Includes Robert C. Leay, County Road Commissioner (\$1,000.00, 6 years), Franklin T. Burgess, County Surveyor (2,000.00, 4 years), Robert Clark, County Coroner (1,000.00, 4 years), Archie Carpenter, County Drain Commissioner (1,000.00, 4 years), William E. Cowman, County Treasurer (30,000.00, 4 years), Norma McDonough, Financial Officer Treasurer (5,000.00, 4 years), Ferdinand Lesica, County Abstractor (5,000.00, Indef.), Ferdinand Lesica, County Clerk (2,000.00, 4 years), Ferdinand Lesica, County Clerk (2,000.00, 4 years), Lloyd E. Gray, Sheriff (10,000.00, 4 years), Jacob J. Weber, Undersheriff (1,000.00, 4 years), Robert J. Roullette, Coroner (County) (1,000.00, 4 years).

It was moved by Russell A. Tennant, supported by Thurman Skarritt, Sr., that the annual report of the Manistique Fire Department, on the number of fires and the amount of loss, be adopted and a copy of said report be placed on file in the office of the County Clerk. Motion carried by unanimous aye vote.

Supervisor Thurman Skarritt, Sr., asked that the Board consider the authorization of additional monetary allowance to the Schoolcraft Board of Trustees of the Schoolcraft Memorial Hospital, as the amount of work done by this officer is very great and requires much extra time and effort beyond the normal function of the other members of the Board of Trustees. The matter of legally authorizing said authorization was referred to the office of the County Prosecuting Attorney, and the Chairman informed Mr. Skarritt that this matter will be taken up and resolved at the February 1969 meeting.

The following list of Claims for Schoolcraft County were authorized by the Finance Committee for payment during 1968:

"OUT OUR WAY"

the news from road 437

Strong winds are blowing today and snow flurries with it. The sun is trying to come out to shine, but the clouds have a great start on it. On days like this I wonder what to do, or where to begin. I guess it is best to start the day serenely, as in whatever work has to be done, and doing it well. Though it storms outdoors no need to have gloom inside. With March our next month, we know what it will be like the start of spring. Just think, the best of mother nature's welcome signs of spring to greet us will be the pussy willow. So it will be something to look forward to.

Last week our forest had a new look for all the trees, and they had a new coat of glistening ice. With the sun coming up Friday morning a sure was a beautiful sight, looking like a huge diamond mine. Nature can sure give us many beautiful scenes from day to day to enjoy.

Don't have much news scooped up for this week edition so I'll send our echoes of birthday greetings to Walter Johnson, Joyce Lakoski and Elsie Johnson. Anniversary wishes go out to Mr. and Mrs. Cash P. Behnke. May the day of all of you be one of complete happiness.

ORVILLE EICHEN

Honor Eichen By Promotion

The promotion of Orville F. (Duke) Eichen of Newberry to senior engineer in the six-county Newberry District of the Department of State Highways has been announced by the State Highway Commission.

Eichen, 57, succeeds Theodore E. Anderson of Newberry who retired earlier this month, and will be responsible for department activities in Alger, Chippewa, Delta, Luce, Mackinac and Schoolcraft counties.

A graduate of Michigan Technological University, with a degree in mechanical engineering, Eichen joined the department in 1933 as a project engineer on road construction and was promoted to maintenance engineer in the Newberry District in 1963.

Eichen served in Europe with the U.S. Army Corps of Engineers in 1942-46 and held the rank of major when discharged. He is a native of Ontonagon and a registered professional engineer.

Men in Service

La. Henry R. Peterson, son of Mr. and Mrs. Henry J. Peterson of Star route, Manistique, has been promoted to captain in the U.S. Air Force.

His wife, Isadora, sons Danny and David and daughter Michelle are with him in England where he is stationed.

Memorial Books

Presented Library

"Whistle Up The Bay," by Nancy Stone has been presented to the Manistique School and Public Library, by a friend, as a memorial to the late Mrs. W. W. Cooney of Milwaukee, mother of Mrs. Ian McKillop of Manistique, and "Great Lakes Shipwrecks and Survivals," by William Ratigan, has been presented in memory of the late Leon G. Nicholson by friends of the family.

Another memorial to Mr. Nicholson includes "Scottland" by Irving Mach. This publication, one of the visual geography series, has been

planned and prepared to give the reader an up-to-date picture of Scotland. All are available for circulation.

Letters TO THE Editor

To the Editor:

To the Editor: The members of Zion Evangelical Lutheran Church held their 83rd Annual Meeting of the congregation on Sunday evening, Jan. 26, 1969. At this meeting a resolution was read from the Church Council and was seconded by the congregation that we extend to you our sincere appreciation for the services you have rendered our congregation and its auxiliary organizations during 1968 in publishing our various Church notices.

Thank you very much for your kind cooperation. Your services are greatly appreciated. Sincerely, ZION EVANGELICAL LUTHERAN CHURCH

To the Editor:

Those, including juveniles, who believe that juvenile problems stem from problem adults are partially right. These young people contend that adults are not setting a good example for them, this is only a subterfuge on their part for blaming adults for misdeeds which they commit and are against the law for them and not adults.

We have to obey laws rules and regulations of society to assure everyone of their equal rights in that society. We can not expect every law, rule and regulation to apply to each individual individually as every individual in society is not capable of deciding controlling his own behavior; the more prisons and mental institutions are proof of this. If all these people demanded their individual rights to live free in a free society as they please that would become of that society?

This applies to young people also, who are not experienced enough to make wise decisions on their own.

Instead of blaming adults for neglecting young people and setting bad examples young people should help themselves; they have just as much energy and time as adults to provide entertainment for themselves. If they are willing to do this they would find adults willing to help them with advice, legal help, etc. when they ask for it.

This happened in Newberry, Mich. three years ago. A group of young people contacted a citizens' committee asking to be heard on a plan on a youth program that they felt would work even though four others had failed. They presented their plan which in effect gave them the right to run it themselves with advice from the majority of young people not on the council which includes eight young people and eight adults. Each member has a function to perform on his own donated time. Different organizations have helped the young people put on projects to make money to pay for payments and coat of operation of the building they are buying and using as a Youth center.

Without asking for grants of any kind and starting with nothing the program is in the black and has paid over \$2,000 for a dance floor, stage, booths and tables. A furnace, repairing lighting and roof besides paying all expenses and payments on the building. Rules are strict and strictly enforced to prevent a few trouble makers from spoiling the project so it has to be closed up. The young people on the council help enforce rules, plan and run one dance a week with a live band consisting of 12 is enough with school and church activities. Adults asked to help take over duties of selling tickets, etc. when the rush is over so the young council members can enjoy themselves. These dances are community dances open to any one who pays their admission and obeys the rules in the age limits of ninth grade to 21 years of age.

I have become convinced that dedicated young people with a little help from adults can plan and run a better youth center than can adults alone. Young people are not going to patronize places, not run for them any more than adults do. Most adults who have so many functions to attend, think the younger set should be satisfied with any recreation they want to provide them with; but I think with their greater amount of energy and time their recreation is even more important than that of adults.

Snowmobiler killed on M-94

Schoolcraft County recorded its first snowmobile fatality Sunday when 40-year-old Gordon F. Gould of 528 N. Houghton Ave. was struck and killed by a car on M-94 by the highway. The accident occurred at 7 p.m. State Police said that witnesses reported Gould had no tail light on his machine and that it was impossible for the driver to avoid hitting him. Gould and his wife, Elizabeth, 43, were slightly injured in the collision.

Mr. Gould rites today

Gordon F. Gould was born Oct. 24, 1928 in Manistique and had lived here all of his life. He and the former Charlene Kyrledge were married here on April 21, 1956. Mr. Gould was a member of the Army and had been employed by the Waupeca Brick Corp. of Escanaba and previously with the Manistique and Lake Superior Railroads. Survivors include his wife, Charlene, of Manistique; two sons, Gary and Gordon, Jr.; five daughters, Mary, Barbara, Shell, Theresa and Michelle, all at home; six brothers, Leo, Earl, Jack and Leonard, all of Manistique; Joseph of Denver, Colo., and Joseph of Shingletown, Colo. Mrs. Gould (Ethel) Donovan, Mrs. Harry (Miltie) Frans, Mrs. Kenneth (Leslie) Swanson and Mrs. Henry (Lucy) Swanson, all of Manistique; and Mrs. Lawrence (Gerald) Mitchell of Denver, Colo. Funeral services will be held at 10 a.m. today (Thursday) from the Messier-Broullre Funeral Home with Mr. F. M. Scherering, pastor of St. Francis de Sales Church, officiating. Burial will be in Fairview cemetery in the spring.

Honorary pallbearers will be Chester Gould, Elio Schneider, Allan Demars, Ralph Miller, Dallas Gould and Thomas DuFour.

Death takes Miss McCleod

Miss Sadie McCleod, former Manistique resident, died in Dearborn where she resided with her sister, Mrs. James E. Green.

She was the daughter of the late John Simon McCleods, owners and operators of the former Hawatha Hotel here, and is survived by her sister, a brother, Steve McCleod, and several nephews and nieces, including Mrs. Earl H. LeBrasseur of Manistique.

Funeral services were held Saturday from the Sacred Heart Church in Dearborn and burial in the Holy Sepulchre cemetery. Miss McCleod before her retirement was office manager for Kimmor-Keller Advertisers.

Library requests varied

Art, antiques, hot rods and politics are examples of the varied literary tastes displayed by patrons of the Manistique School and Public Library in recent months.

Mrs. Earl LeBrasseur, librarian, said that books in these categories have been in heavy demand since 160 new volumes of all types were received and processed recently.

"Andrew Wyeth," by Richard Meryman has received attention from both students and adults, she reports, while "One Hundred Watercolor Techniques," by Norman Kunen, and "Painting and the Joy of Color," by Norman Bockman are constantly in demand.

"Memoirs: Sixty Years on the Firing Line," by Arthur Koop; "The Generous Years," by Chad Busby; "George Romney, Mormon in Politics," by Clark R. Mollenhoff; "USA: Second Rate Power?" by Drew Pearson and Jack Anderson, and "The Jeweler's Eye," a book of political reflections by William F. Buckley, have all proven very popular, she reports.

There have also been reservations for "The Complete Antiques Price List," by Terry Kovel; "Official Guide to Popular Antiques," by Cohen; and "Antiques You Can Decorate With," by George Grote.

Mrs. LeBrasseur reports that the younger group has been circulating "Hot Rod Magazine Yearbook," "Complete Book of Engines," "Motorcycle Sport Book" and "How to Build a Hot Rod" by Kenneth M. Bayless. There have also been many requests for books on slot car racing.

Mrs. LeBrasseur said that several new recordings and paperbacks have been recently processed, and are now available for circulation.

Public Safety officers handled four accidents in the past week, and that it was impossible for the driver to avoid hitting him. Gould and his wife, Elizabeth, 43, were slightly injured in the collision.

With Schuetter at the time of the accident were Howard Schwartz, 46, of 639 Manistique Ave., and Gerald Hase, 56, of 621 Century St. Schwartz car was parked on the opposite side of the road.

Another snowmobiler was injured Saturday at 3 p.m. in Garden Township near Engadine. State Police reported. A snow machine driver by Rudolph G. Kleeman, 39, of Engadine, flipped while making a turn in a field, and the driver's leg broke. He suffered deep lacerations in the lower part of the leg.

A car driven by Jerod A. Saxon, 27, of Pontiac, slid into a ditch Friday night on Cedar St. at 5:30 p.m. on County Road 463 in Fairbanks Township.

David R. Krayzanski, 29, of Iron Mountain, was ticketed for violation of the basic speed law after his car skidded off M-149 in Inwood Township and rolled over Thursday at 4:40 p.m.

Minor damage resulted when a semi-trailer driven by Everett...

Mrs. LaPine dies Friday

Mrs. Mary Ladine, 83, of Gulliver, died Friday morning at the Schoolcraft Medical Care Facility. She was born Oct. 20, 1885 in Spaulding, Mich. and came to Gulliver in 1949 from Kenosha, Wis.

The former Mary Pinesneault and Bernard Lapine were married Sept. 7, 1908 in Escanaba. He died Nov. 17, 1958. She was a member of Divine Infant of Prague Church and St. Joseph Circle.

Survivors include two daughters, Mrs. Rosella Wilker and Mrs. Wilma (Lucy) Zambador, both of Gulliver; four grandchildren and nine great-grandchildren.

Funeral services were held Saturday at 9 a.m. Monday from St. Francis de Sales Church with Mr. F. M. Scherering officiating. Burial will be in Fairview cemetery in the spring.

Arrangements were under the direction of the Messier-Broullre Funeral Home.

Pallbearers were Bernard Aloysius and Raymond Lancour, Richard Freshland, Thomas Krutina and Donald Zuehlstorfer.

FERN AND JIM BALLAS — Minecroft Photo

Sunny Shores re-opens

New operators of the Sunny Shores Restaurant on the East Lakeshore Drive are Fern and Jim Ballas.

They have operated the adjoining Beachcomber Motel since moving here from Detroit in 1957 and building this facility. Mrs. Ballas is the former Fern McBurney of Manistique. She and Mr. Ballas were married in 1924 in Detroit, and they have four children.

The Ballas purchased the restaurant late last year from Mr. and Mrs. Lucien Conard, and have been busy remodeling and redecorating since that time. They opened for business Saturday.

Lisa Saxon dies in Pontiac

Lisa Kay Saxon, two year old daughter of Mr. and Mrs. Donald J. Saxon of Pontiac, died at 10:30 p.m. Tuesday, Jan. 28 at Pontiac General Hospital.

Mr. and Mrs. Michael Carley of Plainsville, Mich. are the parents of a daughter born Jan. 13 weighing 6 pounds 13 ounces. She has been named Michelle Esther. Mrs. Carley is the former Joanne Parrish of Stephenson. The paternal grandparents are Mr. and Mrs. Laurence Carley.

Program

Continued from Front Page... but the program has been tailored more and more to meet the needs and desires of the people of the district.

The community school operates in three basic areas -- the adult basic education program, the adult diploma program, and enrichment and recreation.

Adult basic education courses are offered free to any person who has not completed the eighth grade.

They concentrate on reading, writing, speaking and arithmetic. Students can enter at any level of achievement. It can be as fundamental as teaching a middle-aged grandmother to read for the first time, or helping a youth better his mathematics skills in order to get a better job.

For those who have progressed past the eighth grade level, classes are offered leading toward a high school diploma, if desired. Both required courses and the most common electives are offered.

Enrichment and recreation activities: they range from sewing, painting and cake decorating to volleyball and badminton. There are strictly academic courses, and there are classes offered for the fun of it. The only thing that is needed is a group of eight to a dozen people with the interest.

If an instructor can be found, the course can be offered.

Although most of the courses are offered at the central high school building in Manistique, the program has found remarkable response in the outlying townships as well.

Recently Supl. Wuehler wrote this: "One of the untold successes stories of the community school program is the Germask story. Germask probably has a large percentage of adults going to school than any other community in Michigan."

"According to Dick Bottis, 49 subject enrollees show up for the Germask Elementary School during the course of a week. It has been as high as 68. This is a whopping 17 per cent of the adults. If the schoolcraft County rate is high, 830 people would be expected to approach 100 per cent. The people themselves are interested. One grandmother learned to read a newspaper after she was drawing social security. In one family grandmother was taking course to learn to read daughter was completing Freshman English at night the oldest grandchildren were working on Junior English. We were all doing it in the program."

Ben Paslick rites Monday

Funeral services were held at 11:30 a.m. Monday from the Messier-Broullre Funeral Home for Bernard (Ben) Paslick, 71, of route one, Indiana Lake six years. In May of 1934 he married the former Carol Anger in Cincinnati. He was a tool and die maker and retired from the Manistique Tool and Manufacturing Co.

STUDENT DISSENT

It is easy to believe that student dissent happens someplace else, that the Upper Peninsula because of its remoteness is immune. Any school person who makes such an assumption is ridiculously naive. Any school person who believes that there is no student dissent in the school in which he is

working doesn't know what's going on there.

The Upper Peninsula has had its protests. Northern Michigan University and Bay de Noc Community College have had their dramatic episodes. A high school student sued for his rights in Iron County. Gwinn school officials had to deal with an underground newspaper and

two student petitions — one presented to the board of education and the other presented to the city council. There is usually student dissatisfaction when school is not called off because of weather, and we must remember that most of us as students were at one time or another dissatisfied with something.

One year ago when the district went on austerity because of a lack of financial resources, this community could have seen student dissent unparalleled in the Upper Peninsula. In one sense it was fortunate for the community that the activity programs and especially athletic services were donated. In another sense it was unfortunate because the full force of austerity was never fully felt.

Even under the best of conditions, there will still be student dissent and it should not be dismissed nor taken lightly.

We must continue to reassess and revise policies to fit the times.

We must listen to determine the major concerns of students.

We must include the thinking of students in the planning.

Millage is Needed

SCHOOL MILLAGE will be up for approval a week from tomorrow, as the area board of education seeks renewal of their existing 5.5 mill levy.

A swift year has passed since voters approved the levy for a one year period and put an end to a year of "austerity" in our schools. Once again the time of decision is at hand.

Last year just before the election we commented editorially:

"Schoolcraft area residents are going to have to make up their minds this year whether or not they want high-quality education for their youngsters, or second best.

"There is only one issue.

"Money with which to operate.

"How can we expect great things for our community when we cannot or will not support our own schools? How can we blame our young people for leaving if we fail to pay our teachers a salary equal to or better than that which they could command elsewhere? Why should we expect our top faculty members to stay on in the face of such a resounding vote of no confidence?

"Who will do the job for us if we are unwilling to do it for ourselves?

"If we want quality education we must pay for it. If we're going to pay for it we've got to start by voting Yes."

Little has happened since a year ago to change the validity of those words. The cost of education, just like the cost of living, continues to increase. Until our state legislators face up to their responsibility of providing fair and equal school financing, we must rely on our own resources to ensure an adequate educational program.

Goodbye Kelly

MANY FELLOW PUBLISHERS are quite astounded when we admit to enjoying a fine relationship with the local radio station. They find it difficult to face our casual acceptance with the competition and our occasional cooperation.

During its four years here WTIO has proven to be a real asset to the community, and we have been fortunate to have a medium that feels a deep obligation to service, just as newspapers do.

Now WTIO'S management team is reduced, with Dave Kelly leaving for Wisconsin.

His departure diminishes our community. He has been an asset that will not be easy to replace. Because he is young and ambitious and talented, perhaps it was inevitable that he leave, but a town of this size can ill-afford many reverses such as that.

Good luck, David. Wisconsin's gain is our loss.

It's Vibration Time

It was several years ago that Eve remarked to Adam one morning, "I don't think I should go out into the garden today ... My horoscope warns me about domestic troubles and accepting gifts from strangers."

It's no secret that we'd all be better off if Eve had paid better attention and stayed home

to whip up a fondue for supper instead of shopping for a fruit cocktail, but she was certainly setting the pattern still followed today by faithful horoscope fans: Read carefully, then ignore.

I am perfectly willing to put up with the nonsense of women reading horoscopes as long as

they do not persist in making me believe what they have read.

If I sound slightly cynical about the entire affair it is because I listened to the fractured forecasts of that noted seer, Jeane Dixon, at our recent press convention. I'll say one thing about Mrs. Dixon. Ain't nobody ever going to be able to say she was wrong.

Like for instance, a man in the audience asked her what about 1972? "In 1972 I forecast a big fight between the Republicans and Democrats," she announced solemnly, and then advised us all to read the Detroit Free Press in 1971 for her predictions.

She also fearlessly forecast that the stock market would go both up and down, that Teddy Kennedy would be active in politics, and we would have problems in Vietnam. I sure hope President Nixon was tuned to receive those vibrations, although I am sure that such news will come as a big shock to him, as it did to me.

Mrs. Dixon evidently has a system for looking into the future in such startling fashion. She'll take a particular topic and meditate on it for several hours. If the vibrations are right, and if she's tuned in to the right channel (Honest to God, that's what she told us with a straight face) she starts receiving impressions, which sort of reminded me of trying to tune in to Channel 6 without a 150-foot antenna. Anything she can do I can do better, I figured recently, and I had a vibrating session myself in an attempt to see just what the future held. The results are remarkable.

The Middle East will be a trouble spot, there is going to be a race for the moon, and the sun is going to rise in the east, at least most of the time.

The groundhog may or may not have seen his shadow, the Baltimore Colts will be surprised in the 1968 Super Bowl, and Mayor Daley will make news in Chicago. I can tell, I'm getting the right vibrations.

Without hesitation I will courageously predict that the Upper Peninsula will receive a substantial snowfall in February, that President Nixon will issue a call for peace in Vietnam, and that another plane will be hijacked to Cuba.

There's nothing to this forecasting business, once you put your mind to it. What I once thought was my stomach growling was really my vibrations trying to tune in. It's that Great Mission Control Center in the sky, that's what it is, and I'm reading it loud and clear.

In fact I think I'm doing a little better than Jeane, who told all of us assembled newspaper people that the birth control pills controversy was the result of a Communist plot, because 30,000 of those dirty Reds had infiltrated the church.

If you think I sound like a nut writing this, imagine how she sounded speaking out loud. I was torn between wanting to laugh in appreciation of being put on, or cry in dismay at being regarded as foolish enough to believe all that.

Besides, I am mad because I didn't get to ask her if I'd ever break 80 at golf.

Ann Landers

Dear Ann Landers: I am still stunned by the letter from the woman who stumbled over her husband and her sister in the backyard at 5 a.m. It was so much like my problem 13 years ago. Only it wasn't my sister, it was my mother. Your advice was excellent and I hope the woman who wrote to you takes it.

My mother was twice divorced. When I caught her with my husband she was "between husbands," drinking heavily and very mixed up. I was shocked and brokenhearted. The two people I loved most in the world had betrayed me. How could they?

I prayed for courage and compassion and my prayers were answered. I vowed never to mention the ugly incident again and I kept my word. My husband has kept his word, too. He had devoted his life to making me happy. He is a loyal and loving mate. Our marriage is a good one.

My mother is now married to Number Three and we are on friendly terms. I am glad now that I closed no doors. For had I done so, I would have been on the outside. --- BEEN THERE TOO

Bear B.T.: Your courage and selflessness paid off. Heartiest congratulations.

Dear Ann Landers: Did you know that God is a Negro, a Catholic and a Democrat? Well, neither did we until tonight. Our neighbors just left -- but not before they spilled it out. We expressed some surprise at this allegation and were told, "It's all there in the Bible."

When we asked, "Where in the Bible?" we were advised to "read between the lines."

Please check with your authorities, Ann, and let us know if they can produce any evidence to substantiate this astonishing statement. Thank you. --- WILLING TO LEARN

Dear Willing: I'm willing, too. Ask your neighbors between which lines -- and I'll look there, too.

Dear Ann Landers: Our 19-year-old son is in the service, stationed 700 miles away. Every Sunday he telephones and I live for those calls. Our phone bill is pretty high, of course, because he calls collect.

My husband raises a fuss every time the phone bill comes. I've told him I can't think of a way I'd rather spend the money. He says, "The boy should be just as glad to hear our voices as we are to hear his."

Soon our son will be leaving for Vietnam. I get sick thinking about it. Am I the only "foolish" parent in the world who thinks it is all right to "throw out money on nonsense?" Please tell me. --- "SPEND THRIFT" MOTHER

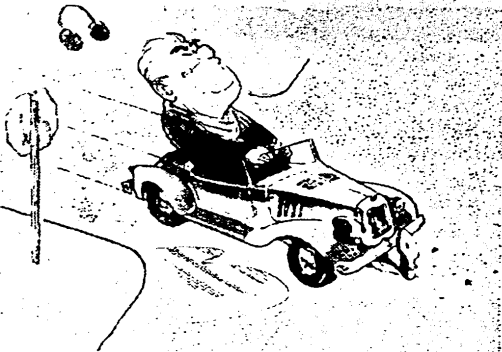

Dear Mother: There are approximately 30,000 sets of parents in this country who would give everything they own to hear their son's voice again, but they never will. Please hand this column to your husband.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

ABOVE AND BEYOND

There is a duty which every funeral director has to a bereaved family that transcends professional competence. We expect him to take care of all preliminary details with tact and without delays. We expect him to prepare the remains with a true regard for human dignity and to arrange and viewing in an atmosphere of taste and warm simplicity. We expect him to guide the service and the final journey with an experienced discretion which leaves us virtually unaware that they have been carefully structured. But beyond tact, competence, and technical skill are the subtle areas of empathy, where his qualities as a decent human being ease the thorny path of the family through the early days of grief. These qualities make him a funeral director and make the place where he works truly a funeral "home."

Men in Service

Staff Sergeant Peter P. Letson, son of Mr. and Mrs. Albert G. Letson of Gulliver, has been recognized for helping his unit earn the U.S. Air Force Outstanding Unit Award.

Sergeant Letson, a security policeman in the 92nd Strategic Aerospace Wing at Fairchild AFB, Wash., will wear the distinctive service ribbon as a permanent decoration.

The unit was cited for exceptionally meritorious service from July 1967 through June 1968 in maintaining a high state of combat readiness which advanced substantially the wing's efficiency.

The sergeant is a graduate of Manistique High School.

His wife is the former Elaine J. Knudsen.

In fact, when it comes to money, a VW will save you a lot of counting after you buy it, too.

On gas bills. (It gets up to 27 mpg.)
On oil. (It hardly ever needs any between changes.)

And, since the engine is air-cooled, you never have to dish it out on anti-freeze.

So if you don't like to count, buy a Volkswagen.

It figures.

Improve Library Services?

"Library service must be for everyone, and must meet the needs of the entire community," said Katherine LeBrasseur,

Manistique School and Public Librarian, at the first meeting of the newly-formed Library Advisory Board last Thursday.

Mrs. LeBrasseur said the library would depend on the new group to help it look for more ways to improve service to the community.

"We could fill 99 per cent of our requests---which I think we do---and still meet only 10 per cent of the community needs," she pointed out.

She outlined procedures in obtaining films, records and books from the Mid-Peninsula Library Federation and the U.P. State Library.

Seney and Inwood townships will also be added to book deposits now operated at Gulliver and Germfask, she said.

The group discussed improving service by being open at least from 12 to 4 p.m. on Saturday, instead of from 12 to 2:30 as it is now. It was pointed out that the library is

used as a student study center Tuesday and Thursday nights from 7 to 9.

National Library Week be April 20-26 this year, Mrs. LeBrasseur said, with the slogan, "Be All You Can Be---Read." Promotional materials have been ordered.

Mrs. Richard Stoll was named as chairman of the group, with Mrs. LeBrasseur to serve as secretary. Earl LeBrasseur and Mrs. J. J. Herbert, two other advisory board members, were present for the first meeting. Absent were Agner Dehlin and Frank S. Hoholik.

The group agreed to meet the last Thursday of each month.

Job's Plan Breakfast Meeting

A breakfast is being sponsored by members of the Job's Daughters at 10:30 a.m. Sunday in the Masonic Temple. Proceeds will go in their scholarship fund. Everyone welcome. The menu will include coffee.

World Of Pharmacy

Tommy Thompson J. P. Quick

In 1922 Dr. Alexander Fleming, discoverer of penicillin, isolated Lysozyme. Lysozyme... one of the body's anti-bacterial defenses is found in tears, saliva, white blood cells, blood serum and nasal mucous.

Now, for the first time, Lysozyme has been synthesized by Dr. D. F. Caserman at Columbia University School of Medicine. Crystallization of the enzyme obtained from leukemia patients is the first step in determining its formula. This will help understand how it acts in dissolving the cell walls of bacteria.

Research of this kind is constantly going on. The results are to be found every day in the continually growing prescription inventories of A. S. PUTNAM & CO. Scouts learn gun safety

Members of Boy Scout Troop 402 of Manistique are currently attending a gun safety and rifle marksmanship program each Tuesday evening at 7 in the National Guard Armory.

Presenting the program are Dallas Dunning and Bill Hicks, members of the Manistique Rifle and Pistol Club. Troop leaders Roy Anderson, George Chvala and Francis Malette are assisting with the instruction.

After presenting basic fundamentals of gun safety and marksmanship, the instructors hope to set up a competitive rifle marksmanship program to increase the shooting skill of the Scouts. The training also helps the Scouts to qualify for various merit badges.

The troop continues to hold their regular meetings at 7 p.m.

each Wednesday in the basement of the Zion Lutheran Church.

Annual dance set Feb. 22

The annual Manistique Area Dance for former residents now living in the lower peninsula will be held Feb. 22 in Livonia.

Mrs. Lois Norris, chairman, has requested that anyone knowing the addresses of the following contact her, as her letters to these people have been returned as unclaimed.

They are: Joan Nelson, Kenneth Eaglens, Larry LaLonde, Norman Burton, Tom Carlson, Russell Keelan, Ellie Dinsmore, Gerard Gauthier, R. L. Larsen, Ronald Borkos, Jack Klagstad, Melvin Groleau and Harold Partridge. Her address is 28480 Florence, Garden City, Michigan 48135.

Brauer named to committee

Rev. William Brauer of the Church of the Redeemer in Manistique was named chairman of the National Missions committee at the annual meeting of the Presbytery of Mackinac held in Escanaba last Friday.

In other action, the Presbytery affirmed the continuing need for the church camp located on Lake Michigan, called Presbytery Point. The camp is to be developed for additional uses, and some new cabins will be built.

The Presbytery also affirmed its support of the cooperative ministry with the Lutheran Church in America for campus ministry at Northern Michigan University in Marquette. Rev. Lothar Pietz, a Lutheran, is

the campus pastor to Lutherans and Presbyterians.

Also approved by the Presbytery was a resolution offered

by Rev. William Brauer from his Session, opposing state aid to parochial schools.

Germfask

BY JENNIE CRAWN

Lloyd-Tessmer Rites
Miss Joy Ann Lloyd of Ann Arbor, daughter of Mr. and Mrs. Vernon Lloyd Sr. of Germfask, became the bride of Ronald Tessmer in wedding ceremony Jan. 11 at 4:30 p.m. in the Pentecostal Church of God at Ann Arbor.

Their attendants were Donald Lloyd, best man, a brother of the bride; Gerald Tieske, groomsman; Mrs. John (Eileen) Ketola, the bride's sister, matron of honor, and Miss Mary Lee Amore, a friend of the bride, bridesmaid. Flower girl was Leisa Ketola and Jimmy Tieske was ring bearer.

The bride is a graduate of Manistique High School and was employed at Ann Arbor before her marriage. The bride and groom left Jan. 13 for Hobohulu, where he is stationed with the armed services.

Mrs. Doris Garnett of Owas-

so and daughter and husband, Mr. and Mrs. Hanford Thorpe of Lansing, spent a few days at the home of Mr. and Mrs. Clifford Rose.

Mr. and Mrs. Fred Counterman of Gladstone visited their daughter and husband, Mr. and Mrs. Lawrence Tuttle, recently.

GEORGE TERVO DIES
Word was received of the death of a former resident, Mr. George Tervo, 54, of Flint. He had been in ill health for some time, and died Jan. 21 in Hurley Hospital at Flint.

He was born Oct. 4, at Seney and spent most of his younger life in Germfask before moving to Flint.

He is survived by his widow Ilo and a son Everett; two brothers, William of Manchester and Eino of McMillan; three sisters, Mrs. Alfred (Helen) Nelson of Clarkston, Mrs. Lydia Wendt of McMillan and Mrs. Duncan (Lily) Bruce of Flint.

Funeral services were held Jan. 25 in Flint. Rev. J. P. Sline pastor of Redeemer Lutheran Church officiated, and burial was in Evergreen cemetery.

Mr. and Mrs. James Alexander of Madison Heights visited her parents, Mr. and Mrs. Charles Holbrook.

Mr. and Mrs. Donald McLeod returned to Ann Arbor after spending a few days here.

Mr. and Mrs. Clyde Latsch of St. Charles spent a few days at the home of her sister and husband, Mr. and Mrs. Roy Brock and family.

At the Germfask-Seney Cribbage Club meeting Wednesday night the women won the evening's score by 116 points. Mr. and Mrs. George Fojem, Miss Agnes Hudson and Mrs. Jennie Crown were on the lunch committee for the evening.

At the 500 Club meeting held at the home of Mrs. Nettie Ackley high score was won by Mrs. Elsie Holbrook and second high score by Mrs. Shirley Lawrence and at the meeting Friday afternoon at the home of Mrs. Elsie Holbrook high scorer was Mrs. Edna Skarritt and second high scorer was Mrs. Jiska Lestla.

Charles Holbrook returned home from Schoolcraft Memorial Hospital Friday.

Miss Wicki Lestla visited her brother Lorne in Los Angeles and accompanied her aunt, Mrs. Maxine Healy, who had spent several weeks at Palm Springs, Calif. They returned home Friday and Miss Lestla returned to Marquette where she is a student at Northern Michigan University. Miss Edna Smith, who visited her parents, Mr. and Mrs. Eugene Smith, also returned to her studies at the university.

Miss Gerda Holbrook of Whitmore Lake and her fiance, Mr. Gary Willoughby of Ypsilanti, visited her parents, Mr. and Mrs. Charles Holbrook, over the weekend.

A business meeting of the Dorcas-Kestling VFW Ladies Auxiliary will be held Monday night, Feb. 10 at 7 p.m., C.S.T. at the VFW Hall.

This area, previously not assigned to any telephone company, will be known as the Hiawatha Exchange. Some 35 square miles of the southern part of the present Manistique Exchange will be transferred to the new exchange. The new exchange will cover portions of Alger, Delta and Schoolcraft counties.

"According to our information, there have been numerous requests for telephone service from people in this area who now have no service," Willis F. Ward, Commission Chairman, said. "There is every reason to expect this area to continue to expand in population, and it is proper that modern telephone service be made available to the area."

According to the company's petition, 1-party service will be offered at \$8 per month for business customers and \$5 per month for residence customers, plus mileage charges measured from the central office building. Multi-party rural service will be available at \$5.50 monthly for business customers and \$4 for residence customers.

The service is expected to be established during the fourth quarter of 1970. Some 130 telephone subscribers are expected to be served from the new exchange during its first year of operation, 40 of which are customers formerly served in the Manistique Exchange.

Toll free service will be provided among the company's Hiawatha Forest, Munising and Shingleton Exchanges beginning at the time the Hiawatha Forest Exchange is activated.

THE BOSS

"The boss!" Jim said and laughed to see Jimmy dwarfed by his chair.

And I began to wonder. When our son is ready to occupy that chair, what kind of a man will he be? Will he have integrity and a sense of responsibility for his employees? Or will he cut corners, use the people he works for—who work for him?

So much depends on us. Right now, he learns of love and kindness from our voices, our hands. As he matures, our values, respect for others and concern will help to shape his attitudes.

How glad I am that our Church offers a program of Christian education for Jim and me, as well as for Jimmy. As our son grows, so will we.

The strength you need to meet the responsibilities of your life can be found in your church.
