Caution keynotes forecast as decade of 70's begins

By Babson's Reports Incorporated, Wellesley Hills, Mass., December 30, 1969.

The start of a new decade has not been a particularly pleasant experience for man in the memory of the vast majority of its present population. In fact, of the past five years, no historical interval in the economy was subjected to varying stresses for at least a part of the first year of each decade. 1970 was a bad year for both business and the stock market; 1971 was an even more terrific; 1972 witnessed a sharp slump in the stock market during the spring, with business suffering a mild easing in the forecast for the year before embarking upon the upsurge of World War II, 1970 was a change of pace, as the post-World War II boom provided a fertile environment for both the stock market and general business; but the "jinx" returned in 1970 when—despite the much-battered promises of the "surging skitter"—a year-long downturn in business occurred, and the stock market was in a reactionary phase for most of the year before rallying in late summer.

As we enter the decade of the 1970's, once again the initial year seems destined to be hampered by the "freshman jinx" which tripped four out of five of the years which ushered in the past five decades. The jinx which is now unfolding has many favorable factors, but there are also many major problems and uncertainties which threaten the economic progress.

Domestic social, labor, and monetary problems all must be met or during the coming year. But in many respects, the manner in which these problems are attacked will depend upon equally pressing world problems which have military significance. At this juncture, the start of Babson's Reports is of the opinion that the cautious world problems will continue to hold, but that the many festering wounds can be kept from

BABSON'S BUSINESS AND FINANCIAL FORECAST FOR 1970

INFLATION—PUBLIC ENEMY NUMBER ONE

Presuming, therefore, that American military commitment in Vietnam can gradually be toned down, and that none of the other smoldering trouble spots erupt into full-scale fighting, the primary task in 1970 once again will be to curb inflationary pressures. With its tremendous momentum, there is little hope that the inflationary spiral can be brought to a standstill in 1970.

Less feverish inflationary pressures—once strongly entrenched, inflation is hard to contain. The task is rendered more difficult by the social problems which must be tackled at the same time. The Administration and the monetary authorities, thus, must tread a narrow path, lest overzealous anti-inflation measures create an economic "over-kill." Nevertheless, with the over-heated economy already becoming more temperate, inflationary pressures are likely to rise at a slower pace relative to 1969.

Still "higher prices"—Although inflationary pressures should subside in 1970, progress will be made to curb inflation. It would be well not to expect overall price deflation. Indeed, indexes of wholesale commodity prices and retail and consumer prices in general are more likely to trend higher in 1970, reflecting the tendency of price changes to lag increases in the economic climate. Moreover, because of the squeeze on business profit margins, unitary price increases are likely.

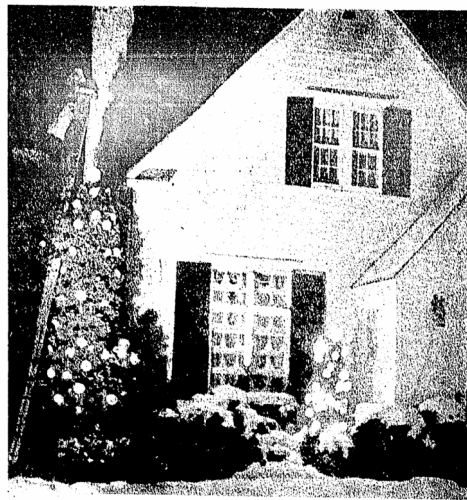

Cost Push—Perhaps the most crucial factor in the outlook for higher prices is the fall calen-

dar of labor negotiations slated for 1970. On the basis of consensus contract settlements during the past year, new labor pacts will undoubtedly carry hefty wage increments. Money Supply—One of the signs pointing in the case of inflationary pressures is the money-supply curve. Reflecting the restrictive credit policies adhered to by the Federal Reserve in 1969, the nation's money supply (bank deposits and currency in circulation) in recent months has leveled off. Funding one of the most potent sources of inflationary pressures. The staff of Babson's Reports does not foresee a renewed upturn in the money supply in the early months of the year, nor underlying, since the nation's leaders will still be preoccupied with price increases. Thereafter, however, if the anticipated downturn in general business and the consequent unemployment must become sensitive areas, the Federal Reserve may be expected to ease credit.

LABOR RULERS 1970 EXPECTS

An situation had been made earlier in this column to the influence of labor conditions upon business in 1970, indeed, if important conditions maintain a relative status quo, what happens on the labor scene could determine 1970 business. Many major and secondary labor contracts are scheduled for negotiation in the next twelve months. The most crucial are the labor talks involving the Teamsters and the Auto Workers. If the trucking industry is paralyzed by a nationwide strike next spring, raw materials and finished goods cannot be transported. Layoffs and curtailed work weeks in many industrial lines would result.

To the extent that the automobile industry directly and indirectly (thru the automotive equipment suppliers) employs many workers and consumes considerable amount of raw materials, a prolonged tie-up either industrywide or in a sector

TOP WINNER—The Robert Weber home at 324 S. Maple St. was the first place winner in the local Christmas lighting contest this year.

Blame icy roads in area mishaps

Holiday traffic and icy, snowy roads combined to produce a rash of accidents in the Schoolcraft County area during the past week. Lynn S. Hampton, 21, Ann Arbor, was ticketed for violation of the basic speed law, too fast for conditions, after her car collided with a car driven by Mary L. MacGregor, 79, Gulliver, Friday at 10:35 a.m. on US-2 in Manistique Township, after skidding on the icy road. Skidders were injured and taken to the hospital by the State Police patrol car.

Three persons were injured in a two-car accident last Wednesday at 1:18 p.m. at US-2 and M-71 in Mueller Township, when a car driven by Helen L. Johnson, 50, St. Johns, hit the rear of a car driven by Don V. Cronk, 71, of Hazel Park, as the Cronk car was turning right. Mrs. Johnson and her husband, Richard Johnson, 64, were injured, along with Ann Cronk, 71, a passenger in the Cronk car. The injured were taken to the hospital by Public Safety ambulance.

Cars driven by Roger D. Dixon, 26, of 414 N. Houghton Ave., and Bruce Henry, 34, route 1, were involved in an accident last Wednesday at 12:30 p.m. on River St. at 21K St. Henry was injured slightly, city police reported, and Dixon, whose car hit the right vehicle in the rear, was ticketed for driving too fast for conditions. A vehicle driven by Robert J. Rozich, 40, of 1144 West Shore Drive, hit a utility pole in the alley behind the J.C. Finney Co. store last Wednesday at 6:45 p.m., city police reported. Patrick McBride of Manistique, a passenger, was injured and taken to the hospital by private auto.

Lawrence D. Vanatta, 17, Genesee, was ticketed by State Police for driving too fast for conditions and for failure to stop and identify himself at the scene of a property damage accident after his car hit a

Lighting contest winners are listed

Winners in the annual Christmas lighting contest were announced this week by the 500+ Star Manistique Jaycees. First place went to the Robert Weber home at 324 S. Maple St., second prize went to the Gilbert Jackson home at 719 Arlinton Ave., and third place was won by the Arthur Mattin home at 534 Garden Ave.

Judges gave honorable mention awards to the following: Dean Dehara, 310 Chipmunk Ave., James Brull, 201 N. Houghton Ave., S. R. Carlson, 153 Slocum Ave., Mrs. Matt Strum, 719 Main St., Alton Casey, Cataraugus Ave., Marcus Butkus, 415 Center St., Wilbur Chartier, 118 Chipmunk Ave., Clarence Peterson, 710 Oak St. and Larry Sell, 1122 West Shore Drive.

Judging the event were Mrs. Dean Dehara, Mrs. Dhu Pirola and Ralph Ekstrom.

First place was worth \$15, with \$10 for second place and \$5 for third.

Jim Matlack, chairman of the event, said the judges had a difficult time making their decision because of the many fine displays, and issued a thank you letter to the judges and to all the people who participated in the annual event.

Snowmobiles figure in six accidents

Snowmobiles were involved in six accidents during the past week in which four persons were injured.

Ken J. Johnson, 10, of Warren, Mich., received a laceration on the head and a skinned neck Sunday at 2:30 p.m. when his scarf caught in the starter shaft of a snow machine.

State Police said that the boy was riding on the machine on an unmarked snowmobile trail in Doyle Township with his father, Gerald Johnson, 29, when they stopped to assist another snowmobiler stuck in the snow. As the youth started the snow machine, pulling his head down against the engine and skinned his neck before the clothing tore off.

He was taken to Schoolcraft Memorial Hospital by his father. Norma Labute, 45, of Garden, suffered a broken leg when his snow machine tipped over Friday at 12:15 p.m. on a private road in Garden Township. He was taken to Schoolcraft Memorial Hospital by private auto.

At 4:30 p.m., Friday William L. Haas, 43, of Rapid River,

suffered an injured knee when his snow machine tipped over in Columbus Township, Luce County. He was taken to the hospital by private car.

Gary L. Walker, 24, Grand Lodge, suffered severe lacerations of the right knee Saturday at 11:45 a.m. when the snow machine was riding hit a stump and rolled over on the Lakehead Pipeline right of way in Doyle Township. He was taken to the hospital by private auto.

Harold Lustig, 26, Genesee, was ticketed for having an unregistered snow machine and for driving a snow machine on the road after his vehicle hit a parked car owned by Marjoe Jack of Gormack Sunday at 1:20 a.m. in front of L. Theresse Church in Genesee.

A snow machine and its trailer were extensively damaged Sunday at 3:20 a.m. on County Road 40 in Hiawatha Township, when hit by a car driven by Bernard E. Fish, 25, of Abena. The snow machine and trailer, owned by Clyde Christie, route 1, were parked behind a car along the road.

Fish was ticketed for violation of the basic speed law,

Emeralds journey to Newberry

The Manistique Emeralds return to the Great Lakes Conference basketball wars Friday night, journeying to Newberry to take on the Indians.

Reserves will clash at 6:30, with the varsity tipoff scheduled for 8:15 p.m.

Both teams are having troubles getting their offenses clicking in pre-holiday events. Manistique has a 1-3 record, defeating the Soo but losing to Isipeming, Holy Name, Marquette and Gladstone. Newberry has defeated Soo Lorette and St. Collegate, while losing to Manising, Nequamie, Marquette and Gladstone.

Dave Mickelson is Coach Normie John's top scorer in the first five games, hitting for 51 points and just over a 10-point per game average.

Junior Kendall Nelson is close behind with 48, while Gary Webber has 43 and Jerry Sample 40.

Mickelson's 20-point output in the Soo contest has been the highest single scoring effort this year.

Following the trip to Newberry, the Emeralds will host the Manising Mustangs Jan. 9 in another conference clash.

A REAL WINNER—For the third straight year the Harold Cockran home at 603 Oak St. was the winner of the Pioneer-Tribune Revolving Trophy for Creative Outdoor Decorations, with this unusual pumpkin head display. The only trouble with the unit is that when the light bulb inside the head is lighted it melts the snow and ice, making steam come out of the Great Pumpkin's ears and dribbling water down the red bow tie in front.

SNOW BUNNY AND FRIEND—Tammy Reno, 2, daughter of Mr. and Mrs. William Reno, 107 N. Fifth St., is proud of her own special snowman in the front yard of her home.

Fire Calls
Fire starting in an overheated garage stove resulted in an alarm Friday at 4:45 a.m. at the Clare Freeland residence near Gulliver, Public Safety firemen said there was some damage to the garage.
Firemen were also called out Wednesday at 10:20 a.m. to the Joseph Wood residence, 810 Arbutus Ave., where the city welder, thawing the water line, caused the service line to burst, causing some slight damage to outside wiring.

New plans are readied for Post House Museum

It may look lonely and forlorn—almost deserted, if you're feeling testy—as it sits in the ice and snow just off the Highway, but better days ahead for the Schoelcraft County Post House Museum.

Recently moved from its hideaway location on N. Cedar St. to its new home by the old water tower and siphon bridge, the Post House should eventually become a major tourist attraction in its own right, once the renovations and refurbishing are completed.

The museum, plus an adjoining home that later became the Senior Citizens Center, and the corner lot where they were located at Cedar and Main Sts., were bequeathed to the Manistique Schools in the will of the late Jennie Putnam.

The larger house and the land were sold earlier this year by the board of education to William Males, and proceeds from the sale have been earmarked by the board for use in creating an appropriate memorial for the late A. S. Putnam. Current plans call for using the money for development of a playground area west of the new Lakeside School.

However, the school board also set aside a portion of the proceeds to have the museum in its new location and how to make it attractive to the community and its tourists.

A special committee has been working on how to best utilize the museum in its new location and how to make it attractive to the community and its tourists.

With a new location and a new look, the museum's substantial collection of historical items should gain an even wider exposure among both local residents and visitors.

Warning is issued to area snowmobilers

Area snowmobile operators were warned today they must pay substantial fines and costs in District Court if they are apprehended operating their machines illegally or in unauthorized areas.

Magistrate Howard Magoon, pointing out that all machines must be registered, also cited that there are limitations on where they can be operated.

Approved areas include state property, where authorized, designated snow machine trails, such as the old Haywire right of way or the High Railways trail, on a person's private property, if there are no complaints of noise by neighbors, and on private property if permission has been secured from the owner.

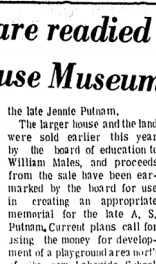

Because they are unlicensed they may not be driven on streets, highways or sidewalks, he emphasized.

Private property that has been posted, such as the Indian Lake Golf and Country Club, is strictly out of bounds to snow machines, it was emphasized.

Mailbox vandalism warning is issued

A rash of vandalism to mailboxes in the Indian Lake area has brought a warning from Postmaster John Kelly that such action is a federal offense.

Kelly said a large number of mailboxes have been damaged in one way or another by vandals in the lake area just recently.

ENGAGED—Mr. and Mrs. John Lusita, Germansh, announce the engagement of their daughter Vicki Jean to Stephen H. Pike, son of Mr. Harvey Pike and the late Viola Pike of 436 Oak St. Both are graduates of Manistique High School. Miss Lusita is presently a junior at Northern Michigan University and is a member of Delta Zeta sorority. Her fiancé will be graduated from Northern Michigan University in June and is affiliated with Alpha Kappa Psi fraternity. No date has been set for the wedding.

Local Births

The very best Christmas presents ever arrived for four young couples during the past week.

Mr. and Mrs. Tom Anderson, route 1, were gifted with an 8 pound 14 ounce son, Paul Tom, on Christmas Day. Mrs. Anderson is the former Carol Swanson.

Lisa Marie Boncha, also born on Christmas Day, weighed in at 5 pounds 8 ounces. She is the daughter of Mr. and Mrs. Leroy Boncha of Engadine. Mrs. Boncha is the former Selma Hahonen.

Mr. and Mrs. Jerry Clinton of Cooks became the parents of a son weighing 7 pounds 12 ounces on Dec. 28. Mrs. Clinton is the former Judith Erickson.

A son weighing 5 pounds 15 ounces was born Dec. 28 to Mr. and Mrs. William Jenerow, route 1. Mrs. Jenerow is the former Linda Wickwire.

Mariage announced

Mr. and Mrs. Lawrence Brown of Gulliver have announced the marriage of their daughter, Judith Marilyn, to Mr. and Mrs. Stanley Pokrywki of Willis, Mich. A Feb. 6 wedding is planned.

Magistrate Howard Magoon, pointing out that all machines must be registered, also cited that there are limitations on where they can be operated.

on December 31, 1972. Motion carried by unanimous vote.

Commissioner, Thurman Starritt, Sr., reported on the 1969 State meeting of the Association of Supervisors, held in Lansing on December 19, and 11, 1969, his report and the Association and Lindsey Frenette, attend- ed. He further reported that Frenette was an active member of the State resolutions committee, and that he was instrumental in getting several resolutions, favorable to the State, passed by the Legislature.

Starritt reported that much time was given to the discussion of solid waste, and the problems it is presenting in the urban areas; and that as time passes this will become a much greater problem in the Upper Peninsula. He reported that presently the cost of solid waste in the United States amounts to Three Billion dollars.

Other items discussed were Taxation and School reform by the Honorable Governor William Milliken; cost of the State for Medical Care and the cost of operation of Medi- cal facilities. The Association went on record favoring the problems encountered in administration of County Govern- ment was discussed with zoning, planning, water and air pollution being given special attention.

Ernest Holobik and Lindsey Frenette also noted other areas in their discussion and said that they found the meeting most enlightening and educational.

It was moved by Edward Jorgenson, supported by Russell A. Tennant, that the report on the State Supervisor's Association meeting as rendered, be accepted. Carried by unanimous vote.

County Treasurer, William E. Cowman, presented the financial report of the county as of November 30, 1969 and submitted an estimate of the financial condition of the county as of the end of the fiscal year 1969. He estimated that the Cash Account would show a deficit of \$13,015.11; however, he noted that as a result of the adoption of the County Tax Revolving Fund, this year, that in accounts receivable estimate of monies to be received from the delinquent taxes, he estimated that the County would have a surplus in the General Fund of \$13,660.00. He further reported that as of January 1, 1969 the General Fund showed a balance on hand of \$7,898.00; therefore the increase to the General Fund for 1969 was a credit of \$5,762.83. However, he reported that the County had a surplus of \$28,076.00, leaving a surplus in the General Fund of \$13,660.00. He further reported that as of January 1, 1969 the General Fund showed a balance on hand of \$7,898.00; therefore the increase to the General Fund for 1969 was a credit of \$5,762.83. However, he reported that the County had a surplus of \$28,076.00, leaving a surplus in the General Fund of \$13,660.00.

County Treasurer, William E. Cowman, presented a resolution for adoption requesting the establishment of a County Improvement Fund for the Court House, asking that \$10,000.00 be set aside for this purpose prior to December 31, 1969.

County discussed several resolutions adopted by the State Association of County Treasurers; namely, that the collection and interest fees on delinquent taxes be increased, as it was noted people would not pay their taxes, as the combined collection and interest fees was less than they could borrow money, so that rather than borrow money to pay the taxes, many taxpayers are leaving their taxes delinquent until the deadline for payment. He noted that this is causing a financial hardship on many counties. Another matter concerning the County Treasurers, he noted, was pending legislation to have the County bear the total cost of the Bond premium for all Township and City Treasurers, required for collection of tax money in their hands during period of collection.

It was moved by Thurman Starritt, Sr., supported by Ernest Holobik, that the written and oral report of County Treasurer, William E. Cowman be accepted. Carried by unanimous vote.

Harold R. Peters, County Equalization Director, reviewed the one day meeting activities of the County Equalization Directors Association held in Lansing, Michigan. He reported that the main concern was the sales-tax formula to be used in determining State equalization value in the future. He further reported that the County Tax Equalization by his department for 1969 total \$772,000.00. He further stated that he anticipated a considerable loss in personal property taxes for 1970 as the H. C. Price Company assessment of 1969 of \$428,500.00 and the \$25,000.00 assessment of the M. & L. S. R. Sales Tax will not be available for taxation this year. However, he estimated that the total State Equalization Value for Schoolcraft County should remain near the \$31,000.00 mark, being due to new and updated assessment determined during fiscal year 1969.

It was moved by Russell A. Tennant, supported by Edward Jorgenson, that the report of the County Tax Equalization Director be accepted. Carried by unanimous vote.

The Board heard read a letter from the Administrator of the Schoolcraft Memorial Hospital, regarding the Care Facility, Carlston M. Hubbard, reporting that an agreement had been reached between the above mentioned units of government and the employees of same. He further reported that one of the sections of the agreement being Section 10, which provides for the payment of the County of Manistique for the Hospital would promote and endorse a change in the present Plan, being Benefit Formula C to Benefit Formula C-1.

Thereupon, it was moved by Ernest Holobik, supported by Lindsey Frenette, that the report of the Schoolcraft Memorial Hospital, Schoolcraft Medical Care Facility, and the County Court House employees be enrolled in Benefit Formula C-1.

Thereupon, it was moved by Ernest Holobik, supported by Lindsey Frenette, that the report of the Schoolcraft Memorial Hospital, Schoolcraft Medical Care Facility, and the County Court House employees be enrolled in Benefit Formula C-1.

It was moved by Ernest Holobik, supported by Norman W. Jahn, that the following resolution be adopted, Carried by unanimous vote.

Application to Establish County Improvement Fund

"WHEREAS, Schoolcraft County has no funds for the improvement or upkeep of the Court House, and the need therefor exists.

"WHEREAS, a 'Public Improvement Fund' is authorized by Act No. 177 of 1943, as amended

NOW THEREFORE BE IT RESOLVED by the Schoolcraft County Board of Commissioners that a 'County Improvement Fund' be established, and

BE IT FURTHER RESOLVED, that said County Board of Commissioners does hereby authorize the County Treasurer to establish said fund and designate specific non-tax county revenues to be so credited for Court House Improvement and or new building.

Thereupon, the Board authorized a sum of \$10,000.00 be deposited in said fund, if and when sufficient monies are available.

Commissioner, Russell A. Tennant, Chairman of the Building and Grounds Committee, reported that a meeting was held with the County Treasurer, regarding the renovation of the Court House, including painting and floor covering. Tennant reported that an estimate of cost for the Treasurer's office would be \$1,410.00. After considerable discussion, the Chair- man, Lindsey Frenette, advised the committee to make a complete study of possible improvements throughout the Court House and to set up a plan for the improvement; and to accomplish same by stages in accordance with available funds.

SCHOOLCRAFT COUNTY BOARD OF COMMISSIONERS
Lindsay B. Frenette
Chairman
Ferdinand Lesica
Clerk

It was moved by Thurman Starritt, Sr., supported by Edward Jorgenson, that Schoolcraft County Board of Commissioners go on record supporting and endorsing the plan to create and develop a Comprehensive Health Plan for the Upper Peninsula in accordance with Public Law 89-749. Motion carried by unanimous vote.

Norman W. Jahn, Airport Committee Chairman, stated that he did not have a report to make at the airport at this time. However, Commissioner Frenette reported that when he was in Lansing attending the State Supervisor's Association meetings, that he had made arrangements to meet with C. Andrews, of Michigan Department of Aeronautics regarding the Schoolcraft County airport expansion program, but that Mr. Andrews became ill and was unable to keep the appointment. Commissioner Frenette was advised that as soon as possible after the first of the year 1970, that a meeting would be arranged to discuss in detail the progress of said expansion plan with the Michigan Department of Aeronautics and the Federal Aviation Commission.

It was moved by Ernest Holobik, supported by Russell A. Tennant, that this Board request Central Upper Peninsula Economic Development to prepare a cost estimate of a Comprehensive County Recreation Plan, so that the County of Schoolcraft could qualify for participation and matching funds from the Michigan Recreation Fund. Motion carried by unanimous vote.

A discussion on county planning was held, with a request that this Board take some action to have the County Road Commission lift some of the local and restrictive provisions of the County Road Commission requirements for planning, relative to road construction within the subdivision, and ingress and egress roads. The Chairman advised Russell A. Tennant, Chairman of the County Road Committee of this Board, to arrange a meeting with the County Road Commission on interested subdivision owners, and see if this request can be accomplished, or a satisfactory compromise reached.

The Chairman asked the Clerk to read the Schoolcraft County Audit Report as submitted by Auditing Division, Department of Treasury, State of Michigan, relative to the audit of 1968 fiscal year operation. The various matters were discussed and it was noted that all recommendations for corrections or omissions should be completed and a report submitted to the Department of Treasury, Audit Division, within 90 days of December 9, 1969. The Chairman advised all units of government effected by this report to comply and submit written statements of compliance prior to March 9, 1970 to the office of the County Clerk for transmittal to Lansing, Michigan.

Richard Rodgers and Robert Jack, Doyle and Gernsack Township Supervisors, appeared before the Board to discuss the Fire Protection to the eight townships within the County. They said that they were chosen representatives of the Schoolcraft County Township Officers' Association. They reported that said association met in Ingham Park on December 6, 1969, and that the association went on record stating that fire protection for all eight townships was a direct responsibility of Schoolcraft County Board of Supervisors, and that they felt that the request by the City Manager, Robert Nos, of \$4,500.00 for fire protection to the Townships of Manistique, Hiawatha, Thompson, Inwood and Doyle should be paid by an appropriation from the County General Fund and that a guarantee that backup protection should be given to all eight townships. Supervisor Rodgers said he understood that Manistique, Hiawatha and Thompson Townships have reached an agreement with the City of Manistique for said protection, but that Inwood and Doyle could not afford same.

After considerable discussion the Chairman, Lindsey Frenette, said that he would arrange a meeting between representatives of the eight townships, this Board, and City Manager Nos, with the hope that the matter of adequate fire protection for all eight townships can be arranged as well as settling of the issue of who shall pay and how much.

It was moved by Ernest Holobik, supported by Norman W. Jahn, that the following resolution be adopted, Carried by unanimous vote.

Application to Establish County Improvement Fund

"WHEREAS, Schoolcraft County has no funds for the improvement or upkeep of the Court House, and the need therefor exists.

"WHEREAS, a 'Public Improvement Fund' is authorized by Act No. 177 of 1943, as amended

NOW THEREFORE BE IT RESOLVED by the Schoolcraft County Board of Commissioners that a 'County Improvement Fund' be established, and

BE IT FURTHER RESOLVED, that said County Board of Commissioners does hereby authorize the County Treasurer to establish said fund and designate specific non-tax county revenues to be so credited for Court House Improvement and or new building.

Thereupon, the Board authorized a sum of \$10,000.00 be deposited in said fund, if and when sufficient monies are available.

Commissioner, Russell A. Tennant, Chairman of the Building and Grounds Committee, reported that a meeting was held with the County Treasurer, regarding the renovation of the Court House, including painting and floor covering. Tennant reported that an estimate of cost for the Treasurer's office would be \$1,410.00. After considerable discussion, the Chair- man, Lindsey Frenette, advised the committee to make a complete study of possible improvements throughout the Court House and to set up a plan for the improvement; and to accomplish same by stages in accordance with available funds.

Brad Steven, son of Mr. and Mrs. Lonnie McPhee of Garden Corners, was baptized Dec. 14 at St. John the Baptist Church with Fr. Joseph Callari officiating. Sponsors are Robert Lauzon and Bonnie Rice. Attending the ceremony were the baby's great-grandparents, Mr. and Mrs. Frank Rice of Moosic, Pa.; his great-grandmother Mrs. J. Malinkowski of Wyoming, Pa.; maternal grandparents, Mr. and Mrs. Harold Rice and Bonnie and Greg Rice of Southgate, Mich. and paternal grandparents, Mr. and Mrs. Gordon McPhee of Kates Bay.

Mrs. William A. Ward, Sr., a student at Bay de Noc College, spent the Christmas week at her home here. Joining the William A. Ward, Sr. family for the holiday were Mr. and Mrs. Daniel Cota of Green Bay, who also visited with his parents, Mr. and Mrs. Earl Cota of Kates Bay.

Wendy Allen of Green Bay spent Christmas with her parents, Mr. and Mrs. Ray Allen of Fairport. Mr. and Mrs. Allen left for a weekend visit with his parents, Mr. and Mrs. William Allen, in Standish.

Mr. and Mrs. Girard Thibault and daughter Delisa of Battle Creek spent the Christ-

mas vacation with his parents, Mr. and Mrs. Alpha Thibault of Kates Bay, and visited other relatives in the area.

Mr. and Mrs. Peter Bosanic and son Peter of Lansing spent Christmas with her parents, Mr. and Mrs. Cal Richards, and his mother, Mrs. Mary Bosanic of Manistique.

Norman La Bute of Kates Bay suffered a broken leg when his foot got caught in a rut as he was driving his snow machine on an errand of mercy. Norman went to the rescue on his machine when Margaret Lester, daughter of Mr. and Mrs. John Lester, fell from a horse and broke her leg. Both were taken to the Schoolcraft Memorial Hospital for treatment by Mr. Lester.

Mr. and Mrs. Steve Pscodna, Jr. and children, Gregory and Christina, of Oxen Hill, Md. spent the Christmas holiday with his parents, Mr. and Mrs. Steve Pscodna, Sr. of Little Harbor.

Mr. and Mrs. Darrel LaVigne of Indiana spent the Christmas week with her parents, Mr. and Mrs. Girard Berneir, and

his mother, Mrs. LaVigne of Isabella.

Tom Spaulding of Saginaw spent Christmas with his parents, Mr. and Mrs. Grover Spaulding, in Kates Bay.

Mrs. John Parsly has been discharged from the Schoolcraft Memorial Hospital and is recuperating at her home.

Mr. and Mrs. Richard Pasino and six children of Escanaba spent Christmas with her parents, Mr. and Mrs. Gerald Willet.

Norma Lisa, and Mr. and Mrs. Tom Ousterhout and son Ward of Ithaca spent the Christmas holiday with her parents, Mr. and Mrs. William A. Ward, of Vans Harbor.

Mr. and Mrs. William Shesterkin and sons Michael and Kurt of Buffalo Grove, Ill. are holiday visitors at his parent's home, Mr. and Mrs. Alec Shesterkin.

Sister Marlene of Chicago and Sister Marilyn of Rockdale, Ill. are spending the Christmas vacation with their parents, Mr. and Mrs. Virgil Winter. Also home are Colleen and Kathy Winter of Escanaba.

Mr. and Mrs. Jack Gitzen vacationed in Big Rapids with her sister, Mrs. Eva Chaboudy and with Mr. and Mrs. Ron

Hoffman and family in Greenville. They will also visit at the James Casey home, Lansing, Ill., for a week; with Mr. and Mrs. Gary Gitzen and family in Cleveland, Ohio; and in Detroit.

LIMITED HEARING AND
DRIVING

A recent New Zealand survey found that deaf drivers had 55% fewer accidents than all other drivers combined. The deaf person in the United States is rated as an average or above driver. They tend to be more cautious when driving because of their impairment. A hearing aid in many instances compensates for the defect.

Most drivers with normal ears can't always hear due to closed windows, radios, heaters or air conditioners. Most partially deaf drivers consider hearing aids detrimental to driving, as amplified sound distracts and definitely annoys them. (That's why many of them disconnect when they buckle up.)

Spending reform

MICHIGAN CITIZENS have been blessed with a variety of reforms in recent years. These include Constitutional Reform, which boosted the property tax by pegging local valuations at 50 per cent of the market value; Fiscal Reform, which created a state income tax; and currently, Educational Reform, which promises to not only boost that income tax but create a variety of new and hidden taxes.

State Senator Harry A. DeMaso, Battle Creek Republican and chairman of the Senate Taxation Committee, asked the Citizens Research Council of Michigan to do a statistical survey forecasting general fund and general purpose expenditures through the 1972-73 fiscal year. The report also did some estimating on revenues for the same period.

Without going into great detail, the report showed that the state would progress from an operating surplus of \$54 million in 1968-69 to an operating deficit of \$532 million in 1972-73.

This anticipated deficit does not include the cost of full state financing of school operating costs as proposed in Educational Reform. In fact, the report notes, "Unless the state is able to slow down the rate of increase in expenditures over the next several years to a rate more in line with the increases in revenue through growth in the economy, the state will be faced with major increases in present tax rates or the imposition of new taxes."

Back in 1961-62, Michigan spent \$538.5 million in general fund expenditures. This year the estimate is up to \$1,562 million, and by 1972-73 the estimate is for \$2,357.

If this increase had been accompanied by a corresponding boost in services to citizens there might be less concern. Certainly we would not be so reactionary as to contend there had been no increase in these governmental services, but we would question as to whether or not they have been in the right areas, and with the proper priorities.

Lansing seems to be drifting towards the same bog as Washington, where bureaucracy breeds and multiplies in a benign atmosphere of self-perpetuation and self-justification, and where tax dollars in the form of high pay and numerous fringe benefits act as the fertilizer that feeds the growth.

Harry Hall, president of the Michigan State Chamber of Commerce, had some comment on this growth in spending, and at the risk of sounding like a lackey of big business, we quote him:

"Expenditure reform, as used here, means to examine the increased revenues that result from an expanded economy and allocate expenditures accordingly. This seduction of taxpayers by semantics through the use of the word reform can lead to nothing but a vastly increased tax burden. Reforms in many state supported programs are essential to meet new needs, but these reforms are not implemented by the mere appropriation of more money.

"Ways and means of doing better jobs with the same money must be devised. Present faults, abuses and malpractices must be eliminated and new processes effected. Industry today produces more and better products at less cost. Public programs must do the same. Otherwise the tax increase in Michigan will make the trip to the moon look like a stroll over flat desert land.

"No expenditure reform will ever occur, however, unless constituents let legislators know in most emphatic terms that they are no longer the gullible voters who will be fooled by a myriad of mystic messages containing the word reform unless that reform relates to keeping expenditures within limits of income growth of a tolerable tax structure that encourages economic growth."

James M. Tagg--Co-Publisher and Business Manager
David A. Rood--Co-Publisher and Editor

A prize-winning weekly newspaper published every Thursday at Manistique, Michigan, at the Top O' Lake Michigan in the heart of Michigan's beautiful Upper Peninsula.

It is the sacred duty of every editor and column writer to take typewriter in hand at this time of year and produce several pages of pious beatings reflecting on what the old year has brought and what the new year will bring.

This responsibility is even heavier this year, as we finish the decade of the '60's and move on into the 1970's. Instead of one year's worth of drivel you get 10.

If you think I am going to be daring and different and write about something else this week, think again. It is difficult enough to write a column during these holiday weeks without depriving yourself of your A No. 1 Readymade Topic.

(Incidentally, you may think that writing these columns is duck soup, to use a phrase that you don't hardly hear no more these days. There are weeks when it is easy, and there are weeks when you wish

ALONG THE SIDELINES with Dave Rood

Past, present, future

you'd gone into the insurance business. My friend Jim Fitzgerald down at Lapeer once asked Judd Arnett of the Free Press what it was like to write a daily column, and Arnett's answer was that it was like being married to a nymphomaniac.)

But I digress. I am supposed to be reviewing and analyzing, not wool-gathering.

The 1960's? There have been better 10-year spans, and there have been worse. These are not vintage times for many of our people if you reflect on our blindness in Vietnam, our political violence and assassinations, our racial discontent, the failings of our cities, our insistence on polluting our land and our waters and despoiling our countryside, our wooly-headed politicians who place partisan advantage over fiscal responsibility and endanger a national economy that today is tottering on the

brink of a recession, the abuse of drugs by our young people and their spreading discontent with many of the values that we have prized...

Well, that is enough along that line. If I recite much more everyone will be in tears and we'll be starting 1970 in a blue funk, an expression left over from the 1930's that editors don't get a chance to use very much these days unless they cleverly work it in at moments like these.

Forecasts? Well that's another matter. There have been years when I've rattled off an entire list that later proved to be at least 50 per cent accurate, which is just about as good as some of these fearless football forecasters.

It doesn't require any particular genius to predict that during the 1970's we will extricate ourselves militarily from the Far East; that there will be some type of economic recession or slowdown; that by the end of the decade Spiro Agnew will not only be politically gone, but hopefully forgotten; that our nation will turn its major efforts from foreign affairs to domestic problems, and that South America will be our next arena of agony for what we call democracy. Even a small town, north country editor can list the obvious.

Having dealt with these global issues, however, it's a little more difficult to try and predict what the next 10 years will bring to our town, our area and our Upper Peninsula. Besides, people have a tendency to remember better. If you start making rash statements close to home.

Perhaps it has something to do with our exposure to the Great Depression (a period of time that is regarded as ancient history by most of our youngsters today, but is remembered all too vividly by those who were exposed to it) but we have developed into a nation of worriers.

Even if we somehow managed to solve all the big problems of Vietnam and inflation and racial unrest and pollution, we would still manage to cultivate the jitters worrying about underarm perspiration and bad breath and acne and other Great Problems of the Day as outlined for our edification incessantly by television.

Despite the jitters produced by the past and the uncertainties facing us in the future I would have to say we are all basically optimists. Optimism is what sends the golfer out each spring convinced that he is going to break 80. (would you believe 90? 100?) and the hunter, out each fall convinced he is going to bring home a 16 point buck. It is what makes spinsters want to get married, and married folks want to get single.

Without optimism there is no hope, and without hope, well, you deserve to have underarm perspiration and bad breath and acne.

And maybe after another 10 years goes by we'll sit down again and I can compose another several pages of pious beatings reflecting on what the old has brought and what the new will bring.

Sounds exciting, doesn't it?

New Year's Eve - 1919

It is New Year's Eve--1919. The curtain is about to be rung up on the drama of the Twenties.

The American people--who will watch and participate--have yet to meet many of the cast. These characters are diversified and range from presidents to racketeers. Included are Warren G. Harding, Calvin Coolidge, Herbert Hoover. Other headliners are Clarence Darrow, Charles Lindbergh, Charlie Chaplin, Sally Rand, Tex Rickard, Jack Dempsey, Red Grange, F. Scott Fitzgerald, Sinclair Lewis, H. L. Mencken, Al Capone and maybe God.

God will be considered a minor character. The audience is too busy with the props--their new toys and amusements--to pay much attention to Him. For the first time they will have radio broadcasting, crossword puzzles, afternoon cocktail parties, bathing beauty contests, confession magazines, speak-easies, college football and automatic traffic lights.

There will be several memorable scenes: The Dayton Trial, A Chicago race riot, Teapot Dome Scandals, The Sacco-Venzetti Case, St. Valentine's Day Massacre and the stock market crash.

Organized labor will begin to

flex its muscles and will be in a striking mood. The steel and coal strikes will be broken because the leaders are to be labeled Bolsheviks, Communists, Reds, and foreign infiltrators. Six thousand Americans will be arrested, with or without warrants, and tossed into jail.

The hostility of World War I is still prevalent, but it cannot center on Germans; so it is turned inward and focuses on Negroes, Jews and Catholics. The persecution will be directed by the newly organized Ku Klux Klan. Its Imperial Wizards, Grand Goblines and Knights of the Invisible Empire will burn fiery crosses on hill-sides to prove to these minority groups they mean business.

The saxophone will replace the violin in the orchestras, skirts will go up, morals will go down and women will go to work.

The automobile, the movies, prohibition, Freudian Psychology, and the stock market will move the scenes in this drama of the Twenties. The course determined will be irreversible.

So it is New Year's Eve--1969. The curtain is about to be rung up on the drama of the Seventies. The American people who will watch and participate have yet to?????

35 to attend area meeting

A three-day ministers' conference in Ishpeming this weekend will be attended by Jehovah's Witnesses from this area.

Thirty-five persons from Manistique will leave early Friday to attend the weekend gathering in the C. L. Phelps Intermediate School. The opening session begins at 6:45 Friday evening.

Travel and lodging arrangements for the group are almost completed, according to Arvid Carlson, presiding minister of the local congregation. The local delegation is comprised mainly of families, since the conference will provide practical suggestions and Bible counsel for all members of the family circle.

Several local delegates will have a part on the assembly program. Arvid Carlson will be assistant Assembly overseer and John Bredlau will be in charge of the Attendant department.

Upwards of 600 persons are expected to attend the Ishpeming assembly from 18 Upper Michigan and northeastern Wisconsin congregations. The convention theme, "Right Kind of Minister," was selected by the Watchtower Bible & Tract Society of New York, sponsor for the event.

Robert L. Balzer of Brooklyn, New York, Midwest supervisor of Jehovah's Witnesses, is the featured speaker. Balzer will address the delegates several times during the conference. Sunday at 3 he will deliver the main address, "True Worship Versus False."

Meeting at the local Kingdom

Hall will be cancelled during the convention, according to Mr. Carlson.

What's your lawn mower doing this winter?

When the snow flies, your mower goes into hibernation. But not a John Deere Lawn and Garden Tractor. It earns its cold-weather keep two ways. Either with a snow thrower that takes a 32- to 46-inch bite and throws it 20 feet ... or with a blade that clears a 30-foot drive in minutes. "Winterized" Weekend Freedom Machines come in 7- to 14-h.p. sizes, stick or automatic. See us about one soon. We also provide financing:

Cards of Thanks

I would like to express my sincere thanks to the doctors, nurses and staff of the Schoolcraft Memorial Hospital, the many friends and relatives who remembered me during my illness with cards, flowers, visits and gifts. These kindnesses aided my recovery and will long be remembered. Paul Larson 30c1f

Local Briefs

Enjoying the Christmas holiday with Mr. and Mrs. Victor Herlik, Arbutus Ave., were Mr. and Mrs. Robert Herlik and sons Jeff and Chris of Germantown, Ohio. The younger Herliks also visited with her parents, Mr. and Mrs. Chris Peterson of Cooks, and they all spent Christmas day with the John Herlik family in Escanaba.

Mr. and Mrs. Gary Walker and son Jason of Grand Ledge are spending the holidays with her parents, Mr. and Mrs. Lee Belcik and Sal-lee in Gulliver and visiting with his sisters, Mrs. Richard Rodgers, Gulliver, and Mrs. George Videtich, Manistique, as well as other relatives.

Leaving Sunday to fly to the Rose Bowl game were Molly Sellman, daughter of Robert Sellman and a senior at the University of Michigan, and Jeanne Brown, daughter of Mr. and Mrs. John Brown. The girls will be gone a week and plan to stay in Hollywood, Calif. and hope to visit Disneyland.

Local Births

A daughter was born Dec. 22 to Mr. and Mrs. James Brunet of Escanaba at St. Francis Hospital there. Weighing 5 pounds 12 ounces she has been named Jessica Laine. Mrs. Brunet is the former Sara Craig of Fredonia, New York. Paternal grandparents are Mr. and Mrs. Russell Brunet of 118 Pearl St.

**THE
NEW
NEW YEAR**

Symbol of the New Year—a bouncing baby boy! Symbol of the Old Year—a gnarled and dejected Father Time! As the New Year begins, we want to wipe the slate clean, we want to erase everything that has happened and start all over again.

But stop and think a moment. Naturally, there were things in the past that we wish had never happened. There were things that we are sorry we had said and done. But what of the wonderful hours, the tender moments—the really good things?

The best way to start a really "new" New Year is by going to church and taking a quiet personal look at yourself. Take advantage of the experiences given us during the past, and then, with a new perspective, plan your New Year with faith and resolution.
