Old-fashioned stump oratory

City Democrats whooped it up at one of their largest promotion rallies in recent years Sunday night at the Three Mile Supper Club. More than 200 persons crowded in for the planned hot-potluck supper and heard some stirring old-fashioned stump oratory from William Marshall, international secretary-treasurer of the Michigan AFL-CIO; plus speeches from Paul Brown of Petoskey, candidate for the University of Michigan Board of Regents, and Mike Green of Gladstone, seeking the 11th District Congressional seat; Mike Nelson of Escanaba, candidate for State Representative and Russ Lee of Onaway, State Senate hopeful. Two hurt in accidents

Two persons were injured in separate automobile accidents in the city during the past week, City Police have reported. Franklin H. Fiedler, 62, of Thompson, was taken to Schoolcraft Memorial Hospital Sunday at 1:50 a.m., after his car struck a telephone pole on E. Elk St., near Maple St. Officers said that Fiedler, who had just been released from the hospital, evidently passed out from medication while driving. A passenger was injured Friday at 3 p.m. in a two-car accident on Deer St. just east of Chippewa Ave., when vehicles driven by James R. Waegle, 36, of Boyne City, and Ethel M. Woodruff, 42, of 510 N. Mackinac Ave., collided. Beatrice Fagan, 24, of 116 N. Fourth St., was injured slightly and sought her own treatment, officers said. She was a passenger in the Woodruff car. Waegle was ticketed for improper passing and for no proof of registration. George F. Lait, 38, Chicago, was ticketed for failure to yield the right of way after his car collided with a vehicle driven by George F. SANDY'S IN THE DOG HOUSE

Arf! goes Sandy

When is a barking dog a nuisance? Certainly not a new question, but one that occupied the attention of District Judge Charles Stark for several hours Monday morning in the People vs. Charles Swinehart, Rev. Swinehart, pastor of the Episcopal Church at Oak and Range St., was the official defendant, but the real culprit was his small brown dog, "Sandy." Sandy and Rev. Swinehart were in violation of the City's dog ordinance, said complainant Dr. Armand LaSorsa, who lives directly behind the Episcopal manse. The dog's barking at various hours directly disturbed him while sleeping, reading, writing or listening to music, the doctor testified. His landlady, Mrs. Russell Watson, 315 Range St., testified that her annoyance was vicarious—that she became upset when her tenant, Dr. LaSorsa, became upset. Rev. Swinehart, acting as his own attorney, summoned 11 witnesses for the defense, most of them neighbors, to testify that the dog didn't bother them. Defense witnesses included Earl LeBlassee, Mrs. Mary Moffat, Mrs. Robert Nelson, Mr. and Mrs. David Rod, Rev. Ingmar Levin, U.S. Magistrate, Robert Hartick, Mrs. Mary LaFleur, Raymond Males, and Mrs. Swinehart. Several conclusions were reached. Dogs do bark, but people seldom keep track of low howl and how long. Some people can't tell one dog's bark from another. The theory of a dog's bark being worse than his bite was not advanced. After hearing the arguments in the non-jury case, Judge Stark found Rev. Swinehart... and his dog... not guilty.

Emeralds to close season

The final set of the 1970 football season will be played out by the Manistique Emeralds Friday night as they journey to Kilo, Mich. to meet the Flyers in a non-competitive contest.

The final half of the game will be played at Kilo, Mich. as the Emeralds will play the Flyers at home. The game will be held at 7:30 p.m. and the Emeralds are expected to win.

Manistique, now 2-6 for the year, had rallied after the first Marquette touchdown in the second quarter to score and convert the march, and they converted, Manistique led 7-6. Neeson led the fall over himself from backwards out, scampering away in a scramble as his pass receivers were covered. Both

attempts failed, so when quarterback Kenneth Neeson took the Emeralds downfield on a seven-yard march, they converted, Manistique led 7-6. Neeson led the fall over himself from backwards out, scampering away in a scramble as his pass receivers were covered. Both

Lunch price rules listed

A new free and reduced-price policy for school lunches at St. Frances de Sales School has been announced. Because some families find it difficult to pay the regular charge of 35 cents per day for the hot lunch, the school will provide lunches free of charge or at a reduced price to children determinedly Primate to pay the full price for their lunches, the announcement said.

Families who feel that their children may be eligible for free or reduced price lunches are urged to apply. Copies of the application form will be sent home with a letter to parents earlier this week, and additional copies are being furnished at the school office.

Trailer committee named

A committee to study the city's trailer ordinance was named by Mayor Don L. Rose at the regular meeting of the Manistique City Council Monday night.

Approved by the council were the appointments of Leo DeMars, president of the council, as chairman; and Howard Foundin, city manager, as secretary. A fifth member is to be appointed from the council's Citizens Advisory Committee.

Their job will be to study the ordinance, pass it several years ago, and see if it needs adapting or updating. The study has come about because of a request from Paul Withers, who wishes to move into his trailer, which he has had stored on a lot in the city. He told the council Monday night that he had a \$9,000 trailer sitting empty, and said he could not wait until Dec. 25 to be installing water service and a septic tank. He complained he had been waiting for action from the council for several months.

Councilman Leo DeMars explained that the ordinance had been approved by a narrow margin in a vote of the people several years ago, and the council did not feel they should move hastily to change it because of just one

request. Mayor Don Rose said that in the six weeks since Walters first reported the problem he had taken it up with the Planning Commission, asked to appoint a committee, and then approved the committee. "I don't see how we can move now later than that," he said. Mrs. Marie Baker, 727 Carlson Ave., told the council she has three vacant lots and that her son would like to put a trailer on one of them.

A decision to re-advertise some city property for sale was approved at the meeting. The city for sale was approved at the meeting. The property includes the former Public Safety building on Fifth St., a lot on Third St. and Cherry Sts. The action came after Louis Hicks, route 1, appeared to present a bid for the Fifth St. property. His bid will be re-submitted and opened with any others at the Nov. 9 meeting.

Council also asked City Manager Howard Foundin to check with the State Highway Department regarding the possibility of installing a crosswalk and warning flasher on US-2 by Harbor View Towers, and also discussed payment of the city's share toward the salary of the county ditch catcher.

Schoolcraft Memorial gains accreditation

Schoolcraft Memorial Hospital has been accredited by the Joint Commission on Accreditation of Hospitals, Administrator Russell Czarniecki announced this week.

The accreditation is for a two-year period, and follows an intensive examination of the hospital facilities and program by an investigating staff of two administrators and one physician. The investigators were here about six weeks ago to review the quality of care and supporting services.

Members of the Joint Committee on Accreditation are the American College of Physicians, the American College of Surgeons, the American Hospital Association and the American Medical Association.

Accreditation is a voluntary, cooperative, non-profit public service, Czarniecki pointed out. The program was started in 1918 by the American College of Surgeons, and in 1952 the joint commission was formed.

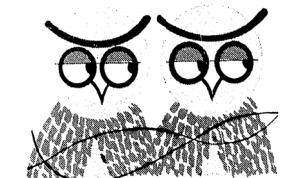

The standards set up by the commission are those that hospital and medical authorities consider necessary to ensure high quality medical care. They call for application of certain basic principles of organization and administration for efficient patient care and require that the hospital meet certain standards in its physical facilities.

Letter to the Editor

To the Editor: Your editorial of last week included arguments against Proposal C which have occurred and re-occurred in the news media as a regular "party line." I refer especially to the phrase you used that Proposal C "goes too far."

In response to that, I wish to say, first of all, that your conclusion is wrong. No pupil anywhere in Michigan is going to be denied any Constitutional educational benefit or service. In certain instances it may be necessary for pupils to go where the benefits are in fact available; there would not be provision for an expensive, wasteful, competitive duplication of all services in all possible competing school systems that now exist or may exist in the future. (There are around 250 different religious groups and denominations in the U.S.)

Secondly, you have swallowed and are - (in making such a statement) - dish out a second time, a "red herring." The governing Bishop of the United Methodist Church in Michigan has clearly stated: it is PAROCHIALISM that goes too far, not Proposal C.

Because of the way that a controlling political lobby has dominated our State Legislature, the people were not given any opportunity to express their view, in a primary way, on the PAROCHIALISM issue itself which is the real heart and core of the matter.

As for the question of de-limiting the propriety and legality of PAROCHIALISM, let me observe that those who are in favor of this departure from our established law and tradition, have been most intense in avoiding the key issues or sources that relate to this. You will search in vain for any citations or documentation in history, in the U.S. Constitution & Bill of Rights; in the Michigan Constitution; in its present, official statement; in the decisions of the U.S. Supreme Court; in the actual content of the religion that is being taught in those parochial schools which seek this aid; in the Michigan School Finance Study report by Alar Thomas; in the counterpart report for the State of Wisconsin, Report of the Governor's Commission on Education; in the statements of the Michigan Council of Churches; in the position-statements of major denominations represented in Michigan, including e.g., Episcopal, United Methodist, United Presbyterian, Seventh-Day Adventist (which group does sponsor their own schools - but without seeking Parochialism); in the research by the Michigan Education Association.

By contrast with these documentary sources, and carefully-researched arguments of the side AGAINST Parochialism and therefore in favor of Proposal C - we are seeing in the press these days a repetition of arguments which, at best, are specious and casual, in their nature; and which, at worst, consist (and this all too frequently) of complete falsehood. An "argument" which cannot stand up to the light of Truth, and which there is no documentation or support in law or history, ought not to be taken seriously.

For all of these reasons I add my voice in favor of Proposal C.

Bank debits show increase

Bank debits in Manistique during September showed an increase of 16 per cent from the same period of last year, according to statistics released this week by the Federal Reserve Bank of Minneapolis.

In dollars, Manistique's bank debits during September were \$8,514,000, compared to \$7,339,000 for September a year ago.

Bank debits for the first nine months of 1970 total \$66,985,000, an increase of 13 per cent over the first nine months of 1969.

Bank debits for the most part are checks against depositors' accounts and represent payment for goods, services and debts. They are regarded as one indicator of business activity in the area.

Official Proceedings OF THE SCHOOLCRAFT COUNTY BOARD OF COMMISSIONERS

Monday, October 12th, 1970
At a regular meeting of the Board of Commissioners of Schoolcraft County, Michigan, held at the Court House in the City of Manistique, Michigan, on Monday, October 12th, 1970, at 10:00 o'clock A.M., E.S.T.

The Board was called to order by its Chairman Lindsay B. Frenette. The roll was called and noted as follows: Ernest Holohik, Norman W. Jahn, Edward Jorgenson, Thurman Skarriff, St. Russell A. Tennant, Homer J. Weber, and Lindsay B. Frenette. Absent: None.

It was moved by Russell A. Tennant, supported by Thurman Skarriff, St. Russell A. Tennant, and that consideration of the minutes of the September 15th, 1970 meeting be waived, and the minutes as published in the Manistique Pioneer Tribune, a copy of which was furnished each Commissioner, be approved as printed, carried by unanimous Aye Vote.

Commissioner Ernest Holohik, Chairman of the Finance Committee, reviewed the proposed budget for Schoolcraft County for fiscal year 1971, and the hour of 10:00 o'clock A.M. to 11:00 o'clock A.M., having been previously designated and advertised as the period of public hearing on said budget. There being no one present during this time designated for the public hearing, the members of the Board reviewed the recommended budget as submitted by the Finance Committee, and noted that it was impossible to come close to some of the department requests for 1971, and that consideration of the County would find itself in a very serious financial crisis. Of particular emphasis was the anticipated need of the Medical Care Facility, as the monies being reimbursed by the State of Michigan are under operating costs, and there being no other means of obtaining revenues, that a financial crisis could be expected within the next fiscal year unless the State Legislature does something to elevate this condition.

A discussion was held on the appropriation to CUPED, and the Senior Citizens Drop-In Center, and the Finance Committee was advised to study said matters prior to actual disbursement of said appropriated monies, to see if these were being administered properly and that the money being spent was fulfilling the best interest of the County of Schoolcraft.

The hour of public hearing on the 1971 budget being over, it was moved by Norman W. Jahn, supported by Russell A. Tennant, that the following 1971 budget be adopted as recommended by the Finance Committee. Motion carried by unanimous Aye vote.

Echoes

from Harbor View

BY HELEN D. MERWIN
It's beginning to look like Fall around here. Mike has the mowers all in moth balls for the winter. He's been painting the Lalis, has to get it done before snow flies, then he will be busy.

Speaking of the last rose of summer, Wednesday they picked beautiful prunes here. Evidently the frost didn't harm them. They are still lovely.

Thursday, Charlotte Kerrans, Helen Merwin drove to Escanaba. We among other things visited with friends at the Bishop No. 1 Home.

Last week Ken Tilton made a beautiful planter for our Palm tree. It is a beautiful thing and it is on casters so it can be moved about. Violet Younan has a green thumb so she did the potting of the plant. It certainly adds to our community room. Not to be outdone, we had a beautiful planter given to us for the lobby also. It is unique. It is made entirely of driftwood and then sprayed with gill. They filled it with Fall flowers and cacti in the Autumn colors. It is so colorful and attractive. It must be seen to be appreciated.

Sunday was Charlotte Kerrans birthday. Friends called with cards and gifts. We had a lovely birthday dinner at Riechle's. Then we went for beautiful ride through the woods. When we returned to the Towers, there was a pang in the lobby and they all sang "Happy Birthday" to Charlotte.

County Board

-DEMOCRAT-
Pl. Pol. Adv.

The Schoolcraft County Board of Commissioners was organized two years ago under one name, one vote. I was elected in District 6 in the City of Manistique, but now elected we represent all of the people in the county, not individual districts.

In the past two years the Commission has done its best to solve some of the problems that have been with the county for years. We called a meeting of township, city and county officials on fire protection, although fire protection is the responsibility of the townships and city. The county owns and maintains a pool fire truck for backup fire protection for all the county.

We have appropriated money to the Sheriff's department to hire a dog warden to work county-wide. We set up a county-wide housing Commission to take care of housing needs on a county basis. We have appropriated \$2,000, the cash share to keep the Senior Citizens Drop-In Center open.

A survey has been made of the old fairgrounds and the property made available for the construction of a new medical building adjacent to the hospital, and some property dedicated to the school and city for recreation.

The last two years I have served on very important committees -- finance which is responsible for auditing all county bills and preparing the county budget, and the airport committee and industrial committee. We have made appropriations for airport improvement funds totaling about \$600,000, with the local share being about \$250,000 which has been set aside. This project will be an extension of the east-west runway and a new north-south runway, lighting and a new terminal building. This project should be under construction some time in 1971.

I am proud to stand on the board's record for the past two years. Much has been accomplished, and much remains to be done. As a lifelong resident, as a businessman operating the oldest business under one name in the community, as a taxpayer -- I ask for your support at the polls next Tuesday.

County Commissioner **NORMAN JAHN**

To the Editor: I have written the following letter today to Mr. Hilsley Fremette, Chairman of the Schoolcraft County Board of Commissioners...

"Dear Mr. Fremette: At the October 12, 1970 meeting of the Schoolcraft County Board of Commissioners, three people were appointed to the Board of Trustees of Schoolcraft Memorial Hospital.

"I will not presume to comment upon what our children are thinking, but I ask you, and those who suggest your words and actions, to consider seriously, calmly, and reasonably what our young adults are now learning by example.

"I am very understanding that you approached Mr. Davidson in advance of the October 12 meeting to advise him that he would not be reappointed to the Hospital Board of Trustees unless he resigned as Clerk of Manistique Township.

"I am sure that you understand that the Hospital Board of Trustees will be reappointed in January 1, 1965. It is difficult for me to understand why he can continue to serve in both capacities, while Mr. Davidson could not.

"We believe that all religious institutions - including parochial schools that are owned and operated directly by particular religious sects, denominations - should continue to be paid for by voluntary religious donations. To the Editor: WHEREAS, the question of the propriety of financial aid by the State for Non-Public Schools has recently been a question of debate in Michigan; and

WHEREAS, the question is involved in the forthcoming vote by the Michigan Electorate on the proposed Constitutional Amendment identified on the Ballot as "PROPOSAL C"; WE THE UNDERSIGNED wish to make the following statement:

Separation of Church and State is a precious right of Americans. This separation is an essential safeguard of the freedoms enjoyed by Americans - which have been enjoyed by the citizens of few, if any, other nations. Thomas Jefferson, James Madison, and other founders of this Republic had every good reason to build this feature into the Bill of Rights. In the United States Supreme Court, in the case of EVERSON V. BOARD OF EDUCATION, 330 U.S. 1, Mr. Justice Rutledge wrote this into his opinion:

"WE HAVE STAKED THE VERY EXISTENCE OF OUR COUNTRY ON THE FAITH THAT COMPLETE SEPARATION BETWEEN THE STATE AND RELIGION IS BEST FOR THE STATE AND FOR RELIGION."

It is evident, therefore, that there is every justification for the opinion of the Court in that case, which opinion included this sentence: "NO TAX IN ANY AMOUNT, LARGE OR SMALL, CAN BE LEVIED TO SUPPORT ANY RELIGIOUS ACTIVITIES OR INSTITUTIONS, WHATEVER THEY MAY BE CALLED, OR ADOPTED TO TEACH OR PRACTICE RELIGION."

Is there any "discrimination" involved in this outcome? In denying payments by the State to make it easier

Whoops!

When the wind is out of the north and the Lake Superior combers come roaring up toward the shore, it's an exciting adventure to try and capture the moment on film. If the splash of water in the foreground makes it appear that the wave is up around the cameraman's ankles, it's because the wave was up around the cameraman's ankles. Very cold.

AFTER THE DANCE

Last Friday night after the Marquette game, along with Helen and George Chvala, Lois and Bill Carmody, student teacher, Pete Moore, Lee Pappas, Pat Moberg, Kathy Knudsen and Helen Jean, I helped chaperone a postgame dance.

It was not without incidents. We stopped one fight, asked two young couples whose amorous attachments were on obvious display in front of the building to go elsewhere, stopped one adult who had obviously been drinking from coming in, asked a high school dropout to leave because he had no guest permit, asked a student to stop smoking, and became the target of an obscenity from a former student. A citizen critic, witnessing any one of these incidents, might have thrown up his hands in the holy horror of righteous indignation and screamed, "What are the schools coming to--allowing things like that to go on?"

The self-appointed critic would have missed the whole point. We had incidents because we were trying to control and supervise--not because we allow things like this to go on.

Another point would have been equally missed: What would have happened if there had been no dance? Would the amorous couples have cooled their ardor, the adult under the influence immediately become sober? Would the high school dropout have gone home to bed, and the person who hurled an obscenity into the air in front of the high school building have said, "Go jump in the lake," instead of what he said? Of course not.

The critic also ignores the unseen. The musical group set up their equipment in the afternoon without supervision and without incident. Some two hundred students came, seemed to enjoy being there,

and inconvenienced no one. In addition to gaining valuable experience in planning and organizing, the sponsoring group raised \$37 for its treasury. This helps defray the cost of the many worthwhile activities and projects of the Distributive Education club. And all of the chaperones will receive sincere thank you notes from the sponsoring students.

Control and supervision are very real and practical problems at a postgame dance, but

should we discontinue dances because there are problems? The students seem to want the dances. There are usually enough dedicated teachers and concerned parents willing to serve as chaperones. And there is even a role for the critic who suggests that because of the indiscretions of a few, the entire student group should be deprived. Let him come forward and volunteer to chaperone. His service is needed far more than his criticism.

COATS --- --- COATS ---

You may think our job is easy,
sitting here and selling coats.
You may think we count our dollars
Just as politicians count their votes,

But folks, I want to testify
There are problems far and wide,
And each time we make a boo boo
There is someone wants our hide.

Take women's coats, just for a sample,
(Please don't take them past the door!)
They are just a good example---
We could cite a good deal more.

We saw some dandy coats for women,
Warm and stylish, trim and neat,
So we ordered up a bundle
To keep you warm from head to feet.

Then we waited, and we waited,
Sitting patiently in our store,
And we waited and we waited
And we still waited some more.

--- COATS

Finally Mr. Miller had had it,
And he sent a message clear...
"We need our Women's Winter Coats.
We need them now, and here!"

There was a great commotion
When they heard of Mr. Miller's pique.
The coats had gone to Nome, Alaska
Instead of Manistique!

The tumult and the shouting
Finally reached the Northern Slope
And they canned the guy who shipped them there,
(He really was a dope)

They packed the coats together
And they sent them here Air Freight,
And now we've got them in the store
Despite an awful wait.

These coats are warm and comfy,
If anyone should ask ya
It's no wonder someone figured out
They should go to Alaska.

We've got them waiting for you now,
We're glad they did arrive.
You'll never find a better coat
Priced from twenty-nine ninety five.

EDITORIAL ENDORSEMENTS usually accomplish several things. They infuriate the candidate who was not blessed, and, unless it's a blanket endorsement, upset the hard-core of both major political parties.

Having alienated a good share of our readers last week with our comments against Proposal C, we will now proceed, in the face of withering apathy, to offer individual comments from each of the co-publishers of the Pioneer-Tribune, regarding individual candidates.

From Dave Rood —

U.S. SENATE. We said several months ago that the Republicans made a mistake when they nominated Lenore Romney. The scope of that mistake is clearer today, and Republican leaders are quoted as wishing they had chosen either Don Riegler of Flint or Phil Ruppe of Houghton to be promoted from the House. Either would have done better than Lenore, who has come out against sin but seldom gets more specific than that. Incumbent Senator Phil Hart gets goods marks from us on consumer protection, conservation, military spending, civil rights, education and Vietnam. Our vote goes to Hart.

U.S. REPRESENTATIVE. Nino Green is a sensitive, intelligent, articulate candidate. His most effective pitch thus far has been the state of the U.P. economy. He would make a good Congressman. The trouble is, we think Phil Ruppe already is a good Congressman. Ruppe is also intelligent and articulate and does his homework well. He is accessible and responsive and works hard at representing all segments of Northern Michigan. He deserves to be returned to Washington—but Nino Green deserves our thanks for offering a most attractive and qualified alternative.

STATE SENATE. Here we have two weak candidates for an important post. Neither Republican Bob Davis of St. Ignace nor Democrat Russel Lee of Onaway have made a strong impression, although Davis deserves good marks for his record in education and conservation. Lee is a successful businessman and former educator who certainly campaigns hard enough. Isn't anybody running on a write-in?

STATE REPRESENTATIVE. This area, at least, has never had better representation in Lansing than with Republican incumbent Charles Varnum. We wish Charlie had gone for the State

Senate job this fall, but if he wants to go back as Representative, he gets our vote over Democrat Mike Nelson of Escanaba.

GOVERNOR. Two strong candidates should make the voter pause and ponder before marking his ballot. If we are to find fault with Republican incumbent William Milliken it would be for sabotaging statewide educational reform by insisting that Parochiaid be included as part of the package, and by promising "quick action" a year ago to help the U.P., then implementing that action by creating a phony U.P. "legislative council" and following up with two more studies on highway use and local governmental mergers. We'll vote for Levin.

We won't attempt to go down the rest of the ballot, simply because we don't have that much space. We'll content ourselves with admonition to study the issues and the candidates, and then be sure and make your voice heard Tuesday.

...and another

From Jim Tagg —

Every two years about this time there appear on this page editorials which, to a degree at least, support conflicting political points of view.

There is a very obvious reason for this, since the two owners of the newspaper don't very often see eye to eye in matters political. Thus in the true and practical sense of free expression and to avoid any confusion as to where each of the owners stand, we bi-annually put down in black and white our feelings regarding the various candidates running for public office in the general election.

For the first time in more years than I like to remember, I am suggesting that electors consider voting straight Republican for state offices. There are those who will look at this as a not too profound decision. There are those who will say that it is necessary to have checks and balances in the conduct of the state administration. I wonder! For most of the past 22 years, we have had representatives of both political parties in the major offices. Whether Republican or Democrat, we have had not so much checks and balances as harrassment and

hinderance. I believe that Governor Milliken has done a creditable job and I think he can do better with Emil Lockwood as his Secretary of State and William Farr as his Attorney General. Both Lockwood and Farr are well qualified and both have outlined positive future programs which are constructive and practical.

The decision concerning the U.S. Senate is not so easy. I cannot in due conscience support Philip Hart. He has been for the most part a negative Senator, being more against than for anything, except government spending. On the other hand Lenore Romney is not a candidate that I can get very enthused about. She has failed, I believe, to present the kind of positive program the voter needs in order to make a sound decision as to her candidacy. I will probably "throw my vote away" on this one.

In regard to Philip Ruppe and Charles Varnum, I think their records have earned them the right to continue. Ruppe has done an outstanding job in representing the people of this district in the Congress. He has been positive and constructive in his deliberations and he has maintained a close liaison with the people back home. The same can be said of Varnum in the State House of Representatives. He has been alert to the needs of the district and has gotten things done. As for the State Senate race, I support Robert W. Davis on the basis of his record as a State Representative.

On the Non-Partisan Ballot, John R. Dethmers has had a distinguished record on the State Supreme Court and should be retained. I also believe that Edward Piggins deserves the support of the voters on the basis of his fine record as a lawyer, judge and former police commissioner of the City of Detroit.

As a rebuttal to last week's editorial, I also urge a "Yes" vote on Proposal C. I have two basic reasons for my opinion. One, I earnestly believe that state aid to non-public schools is unconstitutional. Two, it is difficult to justify the expenditure of 22 million dollars in state aid now and what will certainly be more in the future when funds are still lacking for adequate public school education.

Regardless of which editorial opinion you believe in, I urge you to express yourself where it really counts, in the polling place on Nov. 3.

Senior Citizens

BY EILEEN MALES

We are planning on having a holiday bazaar and bake sale here at the center Friday, Nov. 20. I would like everyone who reads this column and who has an interest in our Senior Citizen Center to make something for us and bring it down to the center before this date. It may be a crocheted doily, home made aprons, mittens and Christmas decorations or etc. or you may like to bring us some baked goods. We need your support now. Our being refunded by the State Commission on Aging looks dim and we have to start preparing now for next year. Won't all of you please help us?

Our bowling is becoming more popular each week. Our highest score was bowled last week by Russ Tennant, 193, and followed by Carl Lyntz with 192. Mr. and Mrs. Earl Le-Brasseur took pictures of the bowlers. We are seeing different people participating in this effort every week. Why don't you come down to the Lakeview Lanes on Wednesday from 1 to 3 and join in on the fun?

Our painters finished their first floral picture last week. It is surprising how well they have progressed. Perhaps a "Grandma Moses" may be in one of our classes.

One of our regular members learned how to play cribbage this month and has become an apt player. He will soon be leaving for his Florida winter home and is anxious to try his new learned skills on his

cribbage playing buddies down there. Our Manistique Senior Citizen Club entertained two Escanaba clubs, "The Golden Age" and "The Senior Citizen Club," at the Knights of Columbus Hall Tuesday afternoon and evening. Cards were played followed by a pot-luck supper. In the evening dancing was enjoyed.

Remember our schedule: Tuesday afternoon 2-4, handicraft class; Wednesday, 1-3 bowling; 7 p.m. movies at the Harbor View Towers; Thursday, 2-4 oil painting; Friday, 7 p.m. cards and social hour. Wednesday afternoons the center will be closed.

Deputies will have all of the power of conservation officers while they accompany regular officers on patrol.

Serving from this area are Boyd Briggs, James Marks and Merwin White, all of Manistique; James Lietzow and Earl Knight of Curtis; Ronald Clark of Gould City; Roy Elsworth of Engadine and Robert Fisk of Seney.

*The world never looked so empty — gray and overcast, and
no one to talk to. Depressed, I stepped to the window sightlessly
taking in the familiar view.*

*Off to the left, unremembered, was the church steeple. It
thrust up out of the green trees like a white exclamation point
in my mind.*

*Suddenly, I wanted to laugh out loud. How foolish of me
to think of myself as alone! We are never alone; God has prom-
ised us that.*

*I thanked Him for the steeple, the visible reminder of His
love, and for the whole Church which draws men together
against the emptiness of the world.*

Family Living

BY INGRID TERVONEN

Extension Home Economist

We've tried to introduce Mrs. Soma Geekiyana, our Ceylon guest, to some of our typical American foods. She has learned to like pizza and hamburgers and anything that can have catsup on it. We couldn't forget pasties - something very typically Upper Peninsula.

How long is it since you've made pasties? Now that the weather is cooler, you might get the urge. The recipe I use and like best is one that won first place in a contest held in the Copper Country a few years ago. The winner was a man, James Allen. "I happen to know him personally and that he loves to cook. I may have given you his recipe in my column before but anyway - here it is again for those of you who may not have it. Cornish "Cousin Jack"

Pasties: To make crust for five pasties, sift together two times, 3 level cups flour and 1 tablespoon salt. Cut in 1 level cup of lard until pieces are the size of small peas. Add about 3/4 cup cold water, a little at a time. Toss until mixture holds together. Handle as little as possible. Cut in five portions.

For each pastie, take a ball of the dough and roll out to about a 9 inch circle. On one-half grate 2 tablespoons of rutabaga on the dough. Add 3/4 cup cubed potatoes (1/2 x 1/8 inch). Add 3 ounces flank steak and 1 ounce fresh pork which have been cut into cubes 1/2 inch square. Add salt and pepper to taste. Sprinkle 1 teaspoon finely chopped suet over meat. Add 1 tablespoon minced onion. Add 2 tablespoons diced potatoes. Fold crust over into half moon and crinkle edge to seal. Cut slit in top of each pasty to allow steam to escape.

Place pasties on large cookie sheet and bake for one hour at 400 degrees.

Each pasty cook has his or her favorite variation. Some don't like rutabaga but add grated carrots. Others use only meat, potatoes, and onion. Whichever way you make them, a good pasty can be a real treat, especially with catsup!

PUT "SUMMER" IN YOUR WINTER DRIVING!

AutoStart ELECTRONIC TEMPERATURE CONTROL

This winter you can end forever the discomfort and inconvenience of climbing into a bitterly cold, frosted-up automobile. AutoStart will take over whenever you get into the car.

If your car stands outside all night or all day, you merely set AutoStart to operate according to engine block temperature. When you're ready to go, the engine will be all warmed up for you, ready to start easily, accelerate smoothly and defrost instant heat. Also, car interior is partially warmed by the heater blower.

And if you want the interior of your car to be kept snug and warm for your return, with windshield and windows completely clear, you set AutoStart to operate according to the inside temperature in your car. Not only the engine, but also the heater or defrosters will be operated by AutoStart. You and your passengers get into a car that's just as comfortable as if it had been standing in a heated garage.

You choose which service you want each time you leave the car and AutoStart automatically does J20-441.

You can park outdoors anywhere, anytime because AutoStart is completely self-contained requiring no outside connection. You take the key with you and leave the doors locked as usual. Your car cannot be driven while the engine is running under AutoStart control. If the gears are moved from the "Park" or "Neutral" positions, AutoStart instantly stops the engine and shuts itself off.

AutoStart is superbly engineered and ruggedly constructed for long trouble-free service on all 12 volt ignition systems. The AutoStart installation is simple and clean. It is entirely practical and economical. Since cold engines use so much more gasoline than warmed up engines, a car with AutoStart will save gasoline during the first 5 to 10 minutes of driving. Under most conditions, AutoStart should save as much gasoline as it uses.

"OUT OUR WAY"

News from Road 437

Hi Folks,

It's a dreary morning and the sun is trying to peek through the dark clouds. The time is here again when I can look into the forest home. The trees are now undressed of their leafy garments. They surely would be sad and lonely if my feathered friends didn't keep them company. I took a little walk in back of the house and came upon a cobweb shimmering in the grass. It looked like a net set with little jewels scattered around. It made me think that I'm not so clever when I work a design with a needle and thread by following a line that is already marked. This web, a spread of beauty in the grass, was made overnight with no pattern to follow.

There are so many beautiful things in our tapestry of life, if we only took time to discover them all. Just a few moments from our busy hours of living to go and relax a-

mong nature's many castles that can be entered anywhere without ringing a door bell. The knowledge that we'd discover would be so refreshing to our minds. You could sit down on some fallen log and recollect the days gone by. Friends that you had good times with at a basket social or a sleigh ride party after that first heavy snowfall. Our pleasures of yesterday are gone and have become just a dream. Those of us in the middle age have known romance, had many thrills and dreams, and squandered some the years. Yet our lives have something left that is deep and true. As we start another page, we have more wisdom which our past pages of life has given us. There is no need to fear middle age, it has so much to offer all of us. Our own families that have given us grandchildren, always bring so much happiness to all of our hearts. So keep in mind that our lives

will have many wonderful days ahead and as they come and go, it's another memory for our page in our book of life.

Now for the social page, at Murphy Lake guests of Betty Cleminson's were Dorothy Mueller and friend, Kathy, from Indian Lake.

Cyril Paquette from Grosse Pointe Park visited the Ronald Fiegels at Thunder Lake last week.

Guests of the William Hentschells at Thunder Lake were Mr. and Mrs. Tom Carlin from White Bear Lake, Minnesota, and Mr. and Mrs. Ken Van Eyck of Manistique. Mr. Carlin is general manager of the Pioneer Press Dispatch of St. Paul and is a cousin of Mr. Hentschell's. Mrs. Carling is the former Dawn Van Eyck. Mrs. Norm Underwood, Mrs. Lester Fields and I spent Wednesday visiting with my daughter-in-law, Mrs. Henry R. Peterson in Munising.

Echoes of birthday wishes go out to Bid Popour, Mary Livingston, and Jack Hoholik. Anniversary wishes to the David Nevilles and Ralph

Williams. May the day for all of you be one of complete happiness. Until next week, stay healthy and happy.

Mrs. Scoop

Mrs. Hendrickson honored on birthday

LEE IS THE KEY

RUSSEL "Bob" LEE

Democrat For Senate
Can Open The Lansing
Door For This Area

On November 3rd
VOTE for LEE

The 37th Senatorial District

The 37th Senatorial District needs a proven worker and leader in the Senate who cares about the teacher, the retired person, the sportsman and the businessman as well as the man or woman who goes daily to the plant or office to earn their daily wages — Lee will work for wiser spending of your tax dollars. He will work to put a stop to the wasteful spending of past years.

— BIOGRAPHICAL SKETCH

Bob was born August 22, 1912 at Cheboygan, and, except for service with the Navy during World War II, has spent his entire lifetime in the area from which he now seeks election to the State Senate. He graduated from Onaway High School and continued his education at Central Michigan University and University of Mich. He had experience as a school teacher, principal and superintendent, now holds a lifetime teaching certificate.

In 1946, Mr. Lee, his father and his brother Bill entered the general merchandising business. In 1950, he and his wife established the firm of Fays Dress Shops and have stores in Onaway, Cheboygan, Petoskey and Gaylord. The couple has one son. Although Mr. Lee has not previously sought elective office he has, throughout his career, been intensely interested and active in the affairs of his community, county and region.

Bob's interest in the concerns of youth is attested to by his active participation in Youth Guidance Groups and his sponsorship of a local youth band.

Mr. Lee is Past President of the Onaway Area Chamber of Commerce, of the Onaway Businessmen's Club and of the Onaway Lions Club. A 32nd Degree Mason and officer of the Order of Eastern Star, he is also an officer of Veterans of Foreign Wars and past member of the Onaway School Board, Michigan Education Association and a Past President of the Tri-County Teachers Club.

Candidate Lee has been active in both city and county Industrial Development Committees and served on the Michigan Retailers Association Board of Directors.

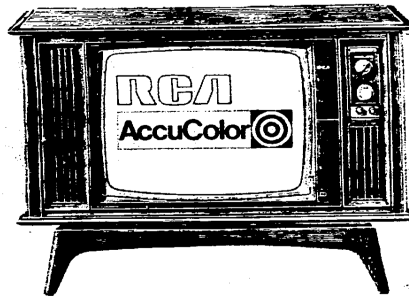

During the past Summer Bob Lee, almost single-handedly, raised over \$120,000 to keep his hometown hospital in operation to meet State requirements. As a go-getter, hard-working, efficient leader in worthwhile projects he has a proven record.

Mr. Lee solicits your vote and support. He also welcomes your inquiries or suggestions. If you feel you need a man like Bob Lee as your State Senator you are also invited to send a campaign contribution to Lee for Senate, Onaway, Michigan.

Letters to the Editor

To the Editor:
I hasten to write this letter to ease the mind of a few of Manistique's citizens.

I speak of those people who apparently believe that the presence of a book by Jerry Rubin will bring on a virus of revolution at MHS. I can't allow these people to continue to lose sleep feeling that such a virus may reduce our area schools to piles of bomb-scarred rubble. A look beyond the cover of the book in question will show it to be about as inflammatory as a copy of "Mein Kampf" complete with footnotes.

I especially speak to those

JUST A DRUG STORE?

Today's pharmacist plays a double role on the "Community Health Team". The first is filling the prescriptions your doctor writes... The second is that of a "walking library" of information on new drugs.

Due to an increasing number of new drugs that are more potent and complex than ever before, the pharmacist is continually studying and learning, keeping up with all the rapid advances in pharmaceutical and medical science. This training and extensive knowledge of drugs makes the pharmacist an indispensable member of the community's "HEALTH TEAM." He must of necessity be able to advise your doctor on drugs and to answer the vital questions your doctor may ask. Yes, dispensing prescriptions today requires more "headwork" than ever before. **RELY ON YOUR PHARMACIST YOUR DOCTOR DOES!!**

who felt that a group of concerned students had no business at a school board meeting. I have spent the last three years living in the Chicago area. In the past the Waukegan school system has been torn by student unrest. After months of everything from student walkouts to scattered violence the school board suddenly announced that students would be given a voice in pertinent school issues. That was more than a year ago and since that time there have been no incidents and yet a stronger feeling of participation among the students.

Perhaps there is a moral to be found there.

Sincerely,

To the Editor:

Pollution seems to be one of the popular issues of today—pollution of water; pollution of air; pollution of sound; and pollution of nature with garbage and litter. But how come so few are concerned with pollution of the mind?

Scientists would tell us that our brain is the greatest computer ever made and stores all the knowledge we put into it, ready to recall answers as we need them. And how often does it recall the filth and propaganda we put into it too?

One day a teen-age girl asked her mother why she shouldn't read some of the popular books on the market that, in her estimation, could help her understanding to grow. Her mother was fixing a delicious green salad while they talked and suddenly she took a handful of garbage from the sink and threw it into the salad. "Mother!" cried the girl, "you are ruining the salad!" "Yes," replied the mother, "and what about the garbage you want to

mix in with the good?" The girl got the point.
There are many people in our world today, many with sick minds, and many who are just money-hungry, who will provide easy access to garbage for the mind—but I would hope, as a concerned parent, that our schools would not be the breeding ground for pollution of the mind.
How about you, parent? Are you willing to fight against pollution of the mind, even before the fight against the other pollutions in the world today?

Sincerely,
Mrs. Audrey Haring

The press must be free; it has always been so and much evil has been corrected by it. If government finds itself annoyed by it, let it examine its own conduct and it will find the cause. — Thomas Erskine.
