The County Board met with the City Council Monday afternoon at the airport project they asked the press and to have because they were going into executive session, and a two dollar word for secret meeting.

## Expansion planned at hospital, airport

The status of two major county building projects totaling \$728,000 was reported to the County Board of Commissioners at their regular meeting Tuesday night at the court house. They include a \$400,000 expansion and remodeling project at Schoolcraft Memorial Hospital, and a major improvement program at Schoolcraft County Airport totaling \$328,000. In capsule form, here is a summary of the projects.

**SCHOOLCRAFT MEMORIAL HOSPITAL**—John A. Davidson, chairman of the board of trustees of the hospital, appeared before the Commissioners to ask their approval to seek permission from the Michigan Municipal Finance Commission to bond for \$328,000 for their project. These bonds would be spread over a 10 year period, backed by the county. Fred Hahn of the First National Bank said he saw little trouble in selling the bonds because of their tax-exempt status. He said the board was anxious to attempt to sell the bonds now so that construction could start as soon as possible.

The project would include building an addition directly on the front of the hospital, south of the existing main entrance. It would add four patient rooms, double the size of the X-ray department, a new nurses' station, laboratory, pharmacy and office area. Also included would be new patient room lighting, nurses call system, and structural changes that would bring the building into compliance with the State Fire Marshal's requirements.

Davidson said that the board had set aside \$120,000 during the past year toward the project, and that he expected bids to be let shortly. He also mentioned the expansion of the X-ray department would enable the hospital to handle all of the X-ray and laboratory work for the new doctor medical center also being planned in the hospital area.

Clyde Strasser, of the State Savings Bank appeared before the board regarding a change in the wording of the deed of the land from the county to the doctor's group. He said this

building, housing all of the medical doctors in Manistique and the one oral surgeon, would be ready and open by July 1. A provision is also being made to add four dental suites to the building, when and if they are needed.

**SCHOOLCRAFT COUNTY AIRPORT**—This project would be a combination of Federal, state and local funds, broken down as follows:

1. Reimbursement for land acquisition for the east-west runway extension of 600 feet, \$12,000
2. Extension of east-west runway, 336,200
3. Grading of 8 mile of road relocation and relocation of power lines, 74,800
4. Grading, paving, turf and mark the south 500 feet of the north-south runway, 23,000
5. Grading, paving, turf and mark a taxiway, apron, and entrance road, lighting for apron and fencing, 54,400
6. Grading, paving, turf and mark north 1,500 feet of the north-south runway, 67,000
7. Construct terminal building and parking lot, 67,000

Total, \$328,000

Approval of \$95,750 as the state's share was reported to the board by C. G. Andrews of the Michigan Department of Aeronautics.

A request for \$130,500 to come from the Federal Aid Airport program was filed Jan. 22. The county has received credit already for \$54,000 under the program. The remaining \$95,010, now listed as the county's share, would probably be reduced by increased Federal aid from other agencies, according to Lindsey Frenette, chairman of the Commissioners. Frenette estimated that the final share for the county would be approximately \$50,000.

A target date of July, 1971, to start work on the project is set as of now, although this could be delayed if the Federal aid application is slow.

The County Commissioners and the City Council met in executive (secret) session Monday night, presumably to discuss the airport project and the affect it might have on some city projects also seeking Federal monies.

## Plat roads pose problem

How strict should road requirements be in remote or private subdivisions? County Board of Commissioners.

G. Leslie Boushcor, County Clerk Fred Lesica, and several others felt that the strict requirements were a hindrance to developers and impeded growth of lake and resort property.

County Board Commissioner representatives, however, pointed out that private roads, often through necessity, eventually become public roads, and that there should be some control of what kind of roads are built.

The heart of the question is that if a developer is going to plat a parcel of land and have the plat recorded, he must build a road to county specifications before it can be accepted. If the road is built to these standards, it can become part of the county system and receive snowplowing and maintenance.

There have been instances in the past where developers have sold property by metes and bounds descriptions, rather than platting, and avoided the requirement. The problem with this is that eventually the residents in the area come to expect county plowing and maintenance.

George LeBrasseur of Flint appeared before the board, telling of his efforts to sell off select parcels from land he had purchased in the Wignall's Point area near Bay Berquette. He said he was willing to have clauses in the deeds stating that the roads were private and that no county services were expected.

The parcels about the Little Harbor Road, which could be used as access to the private roads.

The present county road requirements were adopted by the County Board of Supervisors in 1967.

No action was taken, but a study of the problem will be made to see if ways of easing the restrictions may be found.

A new five-member County Housing Commission was named. The group will serve as the agency handling the county applications for senior citizen or low-income housing, similar to those built in the city.

Pete Widais of Hiawatha Township was named chairman, and will serve for one year. Other members are William Guinan, Hiawatha, two years;

## Four candidates!

There will be four candidates for two vacant Council seats in April's city election.

Three new candidates filed petitions over the week end and on Monday to join incumbent Thor Reque in the field of hopefuls.

The candidates will be: DANIEL C. BARBER, 25, of 548 Park Ave., owner of the Gambles Store in Manistique. Born in Escanaba, he lived with his family in Gould City and attended school in Engadine before moving to Manistique in 1955. He was graduated with the Class of 1960 from Manistique High School.

Barber worked at Gambles part time during school, full time after graduation, and took over as manager in January, 1967, then purchased the store on Feb. 1, 1968.

He is a past president of the Manistique Jaycees, a member of the Knights of Columbus, and retail promotion co-chairman for the Manistique Area Chamber of Commerce.

Barber is married to the former Donna Johnson of Manistique and they have two children, David, 4, and Diana, 3. This is his first try for public office.

RAYMOND L. KRUSIC, 33, of 428 Alger Ave., owner of the Lakeview Lanes. Krusic is a native of Manistique, graduating from Manistique High School in 1954. He was employed at the First National Bank before opening the bowling alley on East Lakeshore Drive in 1960.

A member of both the Third and Fourth Degree, Knights of Columbus and the Indian Lake Golf and Country Club, Krusic also serves as a director of the State Savings Bank.

He was a member of the last City Charter Revision Commission, and has represented the city on the Tax Allocation Board for the past five years, including last year as chairman.

When former City Clerk and Treasurer William Moreau left his post in 1963, Krusic volunteered and served three months as acting clerk and treasurer.

He is married to the former Mary Lawrence of Germfask, and they have six children, Donna, 10; Kyle, 6; Jacquelyn, 8; Christine, 7; Nancy, 3 and John, 1.

DOUGLAS D. ROSE, 26, of 411 Inlake Park Road, Rose was graduated from Alpen High School and attended Alpen Community College for one year. He is a USNR veteran of two years service, and started work with the General Telephone Co. in Owendosso following his discharge.

A swimmer, he was transferred to Manistique from Roscommon in the summer of 1967.

His wife, Carolyn, was formerly employed by the Schoolcraft County Department of Social Services. They have one son, Stephen, nine months old. This is Rose's first try for public office.

Incumbent HAROLD CARLSON, who is completing his 12th year on the Council, was not a candidate for re-election.

THOR REQUE, 631 Oak St., is completing his first term on the Council. He retired last June after 42 years as a teacher, including 36 years in Manistique. Reque served as mayor during 1956-57, on the Manistique Board of Supervisors for three years, and as chairman of that board's welfare and education committees.

## Top anglers coming

More than 100 sport fishing experts, writers, conservationists and sporting goods representatives have been invited to a weekend "Exploratory Fishing Trip" in the Seul Choix Point area, June 12-15, sponsored by the Michigan Department of Natural Resources.

This is the fifth trip of its kind, and the fishermen will be after Lake Trout and Brown Trout, with the possibility of also taking large Northern Pike, Rainbows, Brook Trout and Whitefish.

Director of the weekend event is San Lieberman of the DNR.

Efforts are being made to secure launching slides in the area for the large number of boats that are expected to participate.

Headquarters for the event will be the Fire-side Inn, and a dinner is planned for there at 7 p.m. Friday, June 12.

Objective of the "fish-in" is to expose and promote the "exceptional, unfound sport fishery along northern Lake Michigan," Lieveson said. Previous trips have been to Lansing Bay in 1966, Black River Harbor in 1967, Whitefish Bay in 1968 and Northport in 1969.

Those invited to participate include the outdoor editors and writers from Michigan's top radio stations and television stations, leading fishing tackle and sporting goods representatives, boating manufacturers, conservationists and other outdoorsmen. Each visitor will be bringing their own tackle and make arrangements for boats.

## Food stamps here April 2

The Food Stamp program will begin in Schoolcraft County on April 2, it was announced this week by Douglas Krantz, director of the Schoolcraft County Department of Social Services.

The Food Stamp program is administered nationally by the Food and Nutrition Service of the U. S. Department of Agriculture, and operates through the Department of Social Services of each state.

The basic purpose of the program is to increase the flow of food from the nation's families through better nutrition. All participating households will buy food coupons in an amount equal to the money they would normally be expected to spend for food. Each household will then be issued bonus or free coupons to increase their food purchasing power at local retail grocery stores.

In order to accept food coupons, each retail food store must be authorized by the Food and Nutrition Service of the U. S. Department of Agriculture.

All foods for human consumption are eligible for purchase.

## \$49,340 received for Urban Renewal

The City of Manistique has received a total grant of \$49,340 from the Department of Housing and Urban Development, for planning and survey purposes for the Urban Renewal Program. City Manager Robert Noe said Monday.

It is the first portion of the \$17,141 that has been approved for this purpose.

## Pick Hoholik board chief

Frank L. Hoholik, president and general manager of the Manistique Pulp and Paper Co., was elected as chairman of the new Board of Control of Lake Superior State College at their organizational meeting last Friday at Sault Ste. Marie. Other officers selected were Creighton Holden of St. Clair, vice chairman; Stanley Prall, Sault Ste. Marie, secretary; and Richard Burnett, Sault Ste. Marie, treasurer.

Dr. Kenneth J. Shoultz, former chancellor at LSSC, was appointed president. Other officers named included John Matheson of Sault Ste. Marie, assistant to the president and treasurer of the board; and Kenneth Light and Lyle Swan, both to vice presidential posts.

## Infant dies in home fire

A five-month girl was fatally burned and her mother and sister seriously burned in an early morning blaze Saturday that gutted their home on the Merwin Creek Road, just off the River Road in Manistique Township.

Deed is Peggy McAlpine, infant daughter of Mr. and Mrs. Daniel McAlpine.

Taken to Schoolcraft Memorial Hospital in serious condition were her mother, Patricia, and another daughter, April, 21 months old.

Public Safety firemen responded to the alarm at 12:50 a.m.

State Police said that the mother was awakened by her daughter April crying, and found the home afire. She and the girl fled the building, and then the mother was unable to re-enter to save the baby, sleeping in a nearby crib.

Mrs. McAlpine ran three miles to a mile to the home of a neighbor, Wayne Adkins, from where the alarm was phoned, but by the time firemen could respond the home was a total loss.

State Police said they felt the fire originated in the vicinity of the living room stove in the two-story wood frame house.

Surviving are her parents, Mr. and Mrs. Daniel McAlpine, and her sister April at home, and her grandparents, Mr. and Mrs. Earl McAlpine of Germfask and Mr. and Mrs. William Allen of Curtis.

Complete funeral services were held Monday at 2 p.m. in the Messier-Brouillette Funeral Home, with Rev. Bruce Hanrich of the Germfask Memorial Church officiating. Burial will be in the spring at the Germfask cemetery.

A full week end of snowmobile racing and other events is being scheduled for the Second Annual Great Lakes Snowmobile Championships in Manistique March 7-8.

There will be \$4,000 in guaranteed prize money offered for the two main racing events—oval races on the newly-completed track east of the football stadium on Saturday, and the Indian Lake "scramble" scheduled for Sunday.

Other events planned include a parade Friday evening, following registration of the drivers, the crowning of a queen, and a 9 p.m. dance Saturday night at the Elks Club.

There will be four classes in the stock division, and five classes in the modified division, all competing for prize money, plus the open division competing for trophies only.

A field of several hundred drivers is expected to participate in the event, which is sanctioned by the United States Snowmobile Association. Because the race is sanctioned and because the competing drivers will be wearing the end of the season, a large delegation is expected as the top drivers attempt to pile up more points towards the season's driving championship.

Race committee members have been hard at work getting the new oval into shape for the competition. They praised the cooperation of city crews, who have been assisting, and said indications were that the track would be in top shape for its first main event.

The oval races are scheduled to start at 11 a.m. Saturday, following an 8 a.m. driver's briefing.

## Snowmobile races readied

The Indian Lake Scramble, scheduled for the track site on the south shore of Indian Lake, will start at 9 a.m. with Class A stock machine running first, followed by Class B stock machines. At 12 Class modified machines will begin their races, followed by other modified classes.

A deadline for filing the \$20 entry fee is Feb. 27, or whenever the first 300 entries are received.

All drivers must be acting members of the U.S.A. Membership will be available at the registration desk.

General chairman of the event is Jess Gullierrez.

# Emeralds make final trip

The last regular road trip of the year for the Manistique Emeralds Friday as they journeyed to Munising to meet the Mustangs in a Great Lakes Conference battle.

Manistique will be hoping to duplicate their earlier 81-69 victory at home over Munising -- one of their two wins this year -- and at the same time break their seven game losing streak.

Gladstone added to that unhappy streak last Friday night on the Braves' home court speeding to a decisive 89-59 victory.

They put the game away early, roaring to a 25-8 margin in the first period and leading by halftime, 52-24.

Both coaches used their reserves throughout the game, and

It was six-foot sophomore Jerry Arnold, just promoted from the Aoyves, who led the Emeralds in scoring for the evening with 26 points.

## Change made in Olympics ..Bowling..

The Winter Olympics of the Manistique Community School has been postponed from this Saturday to Saturday, Feb. 28, it was announced this week.

The change was made to allow principals of the participating schools -- Lakeside, Lincoln, Ilwaco, Fairview and Germask -- time to train their entrants.

Fourth, fifth and sixth grade boys and girls will be competing in a variety of winter sports.

Plans call for preliminary events starting at 10 a.m., with a noon luncheon for participants, followed by the finals.

Events will include snowshoe races, snowsuits, sliding, dog team toboggan race, skating races and relays and a broomball tourney.

The Emerald 8th graders won their start, 32-22, starting for Manistique Community School.

Bill Piskulich, Tom Arnold, Don St. John and Phillip Main.

Also winning were the 9th grade Emeralds, by a 58-42 margin. Starting for Manistique were Mike Beckman, Larry Marentak, Rich Stram, Bill Lisch and Mike Green.

Enrichment classes in aviation science, creative stichery and golf will be offered by the Manistique Community School.

It was announced this week, Creative stichery will be taught by Mrs. George Meron, with the first class meeting next Wednesday, Feb. 25, at 7 p.m. in Room 105, and run for six or eight weeks.

The golf course will be instructed by Bud Malloy, and start at 8 p.m. next Thursday, Feb. 26 in the old gym and last for eight weeks.

Basic aviation will begin Tuesday, March 3, at 7 p.m. in the multi-purpose room, and instructors will be Roger to get better, safer use from their aircraft. It is part of a two-year test program now being conducted by the FAA in 17 midwest and southwest states.

Dan Young of Gladstone topped all scorers for the evening with 26 points, while Lynn Apelgren had 18 and Wayne Marshall 12.

Manistique closes the regular season Feb. 27, playing host to league-leading Marquette.

## 3-3 record by debaters

Manistique's varsity debaters ended with a 3-3 record in the Upper Peninsula Championship debaters last weekend at Northern Michigan University in Marquette.

The reserve debaters won four and lost two. Negunee was the winner of the U.P. championship, with Isbipening the runner-up.

In varsity debating the affirmative team of Ben Stoltz and Mary McLaughlin defeated Ironwood and lost to Newberry and Isbipening.

The negative team of Kevin Smith and Mary Stoll defeated Gladstone and Menominee but lost to Iron Mountain.

On the reserve level the affirmative team of Stacey Erickson and John Carlson won two debates and lost one, as did the negative team of Cindy Johnson and Gail Schwartz.

The top five speakers in the reserve debates were given medals, with Gail Schwartz placing third and Cindy Johnson fourth. John Carlson received a certificate of excellence for speaking ability.

Commented Coach Marvin Fredericks, "We started this debate season having lost our entire varsity from last year.

CONFERENCE---Prof. Fred Hatch, standing, of Lake Superior State College, Sault Ste. Marie, confers with acting secretary Sgt. Ralph Kasten of Marquette and host Sgt. Paul Uerling of Manistique during the meeting of the Upper Peninsula Law Enforcement Association meeting Thursday in Manistique.

### Search and seizure is law topic

The meeting of the Upper Peninsula Law Enforcement Association at the Fireside last Thursday was attended by more than 60 officers and guests.

Prof. Fred Hatch, sociology professor at Lake Superior State College, Sault Ste. Marie, spoke on "Search and Seizure" at the noon luncheon session.

His topic covers the search by a law officer of an individual's home or possessions and the taking of evidence in that search. Current court decisions and new legislation are hampering that investigative process, Prof. Hatch said.

He said it was becoming "increasingly difficult" to convict guilty persons as things now stand, and pointed out that the provision of the new Michigan Constitution allowing search for narcotics, firearms and explosives without a search warrant was recently declared unconstitutional by the U.S. Supreme Court.

He urged that the State Legislature review existing laws to determine their effectiveness, and cite the variance between state laws on the topic.

"Many loose ends need to be tied up" in the laws, he said, or law enforcement will be severely hampered. He also emphasized that the rights of the individual should still be of paramount importance.

Law enforcement officers from all over the U.P. attended the session. Officers of the group include Police Chief Richard Frederick, Escanaba, President L. John Berry, Marquette; E. J. Ryan, vice president; State Police Sgt. Ralph Kasten, Marquette, acting secretary.

Prof. Hatch is a graduate of the University of Wisconsin, and also holds a law degree from that institution. He studied at the National Law Center, Georgetown University, Washington, D.C., spent two years with Maryland police as a detective, and was with the Washington, D.C. Public Safety Department before joining the faculty at USSC.

### US-2 works scheduled, final stretch due in '71

Bids on a project to improve the last remaining bad section of US-2 between Manistique and Escanaba will be taken next year, State Representative Charles H. Varnum announced last week.

The job will cover a 10 mile portion of the highway in the Ensign area.

Earlier this year the highway department announced a resurfacing project of about 12 miles for US-2 between Thompson and the Big Fishdam River.

The Thompson-Fishdam job is scheduled to be started May 1 and finished about Oct. 1 at a total cost of more than \$520,000. Bacco Construction Co. of Iron Mountain will be the contractor.

Traffic will be maintained through the project by means of temporary roads and part width construction. Grading will be completed as early as possible after the spring break-up in order to cause the least inconvenience to heavy summer traffic. The contractor is producing gravel near Thompson for the project during the winter in order that the material will be ready for spring use.

The project includes resurfacing on 10.35 miles, and grade lifts, ditching bluminous surface and drainage structures on 2.5 miles. Other improvements include concrete curbs at the Cooks intersection and improved sight-distance clearings at two locations between Cooks and Thompson.

Next year's project will cover the notoriously bad stretch in the Salma Junction-Ensign area. The unusual soil composition is that vicinity is a major cause of road deterioration, and the prime factor in the unusually high cost of \$2.5 million repair it.

"When these projects are completed," Varnum said, "US-2 will have a relatively good riding surface all the way from St. Ignace through Delta County."

### Wedding vows are spoken here

Deanne Marie Beaudre and Gregory L. Koonitz exchanged their marriage vows at 2 p.m. Nuptial Mass Feb. 7 at St. Francis de Sales Church, Fr. Arnold Grambow, assistant pastor, performed the double ring ceremony.

The bride is the daughter of Mrs. Martin Beaudre, 305 N. Cedar St., and the late Mr. Beaudre. Mr. and Mrs. John Koonitz of Escanaba are the bridegroom's parents.

Given in marriage to her brother, the bride chose a full-length satin tulle lace trimmed gown with Sabrina neckline, long bishop sleeves and redingote bouffant skirt with attached chapel-length train. Her double crowned veil was lace trimmed with decorative crystals and pearls and three tiers of illusion netting. She carried a cascade of roses and ivy.

Connie Hutton of Green Bay, maid of honor, and bridesmaid Nancy Koonitz, the bridegroom's sister, chose floor-length blue crepe constrictions with white lace, bell-tie shoes. They carried a sunlit bouquet each.

David Beaudre, second-best man and Deanne Beaudre was groomsmen, Pat Hogue and Pat Nelson acted as the brides' attendants. The bride's brother, Dean Beaudre, accompanied the Mass and also sang during the ceremony.

A family reception was held at the Knights of Columbus Hall following the ceremony. Zandra Beaudre was in charge of the guest book.

The bride attended Holy Family Academy, Manistowic, Wis., and graduated from Manistiquie High School and Eau Claire Nursing School. Her husband is also a graduate of Manistiquie High School and served three years in the armed forces. They will make their home in Escanaba.

ENGAGED—Mr. and Mrs. Ronald Beaudre announce the engagement of their daughter Kathleen to Thomas Cox of Houston, Texas. The Beaudres, of Garden, are now visiting in Houston. A Feb. 28 wedding is planned.

## *Marshmallow roast?*

At least that white cap of snow atop an outdoor fireplace at the Indian River campground by the Jack Pine Lodge, off M-94 north of town, looks like a giant marshmallow. From the snow there and on the adjoining picnic table, however, it seems spring outings are still a few weeks away.

## Larson aids NMU drama

Eric Larson, son of Mr. and Mrs. Paul Larson, 601 Range St., has been named assistant director of drama for the upcoming Northern Michigan University musical production, "Little Mary Sunshine," to be presented March 17 - 21 in the Forest Roberts Theatre.

A 20-year-old English major, Eric is an active member of Northern's theatre department. His acting credits on Northern's stage include performances in "The Adding Machine," "Under Milkwood,"

"Marat/Sade," and "Oh Dad, Poor Dad, Mama's Hung You in the Closet and I'm Feelin' So Sad." In "Oh Dad, Poor Dad," Eric recreated the character of Jonathan, the lead role which was first performed on Broadway by Austin Pendleton. "Little Mary Sunshine," which is a humorous adaptation of the Jeanette MacDonald-Nelson Eddy sagas of the past, is being directed by Dr. James Rapport and Dr. Harold Wright.

Technical Sergeant Clarence R. Lytle, brother of Mrs. Robert L. Jack of Germfask, has graduated at Sheppard AFB, Tex., from the U.S. Air Force data processing machine operator course.

The sergeant was trained in control panel wiring and the operation of punched card data processing machines.

Sergeant Lytle, whose wife is the former Yoshiko Miradara, attended Manistique High School.

### Memorial book given to library

A memorial book, "Pope Paul in the United States," by Bill Adler, has been presented by friends of the family to the St. Francis de Sales Parish Library as a memorial to the late Sylvester Sablack. The book contains over 100 photographs and all of the official speeches of the October day when, for the first time in history, a Pope visited the United States, and is now ready for circulation.

## Bits and pieces

THIS IS A WEEK in which we clean out the basket on our desk filled with odds and ends, bits and pieces and assorted scraps that we have filed with the thought that some day it might make good editorial material.

The Upper Peninsula chapter of the Michigan Kidney Foundation is collecting Betty Crocker coupons for the purchase of a kidney machine for the Michigan Kidney Foundation Loan Coset. General Mills has agreed to purchase a kidney machine for 600,000 coupons. The machine will be used for kidney patients treating themselves at home.

They are still 525,000 coupons short of their goal, and the deadline set by General Mills is June, 1971. Coupons may be sent to the coupon chairman, 1016 Tenth Ave. South, Escanaba, or to the Goodman Drug Store in Escanaba, where a coupon container is located.

Have you heard of WACY 2000? It's the World Association for Celebrating Year 2000, and it's based in London. Manistique has been invited to join WACY 2000. There's no cost involved in becoming a member city, and as of now the only event reported is the planting of a "Celebration Tree" to symbolize the ideal of "A Stable Well-fed World by Year 2000."

Exactly what the tree has to do with all of this is not clear, but member cities already include Addis Ababa, Hong Kong, Oklahoma City and Wanganui, New Zealand.

Attendance at the local U.P. Town Meetings of the Air has not been large (we plead for an excused absence for ourselves because both sessions have conflicted with the school board meeting) but the concept of such sessions shows imagination and promise. Let's hope they continue with more interest at the local level.

Please, can't somebody convince the President of the U.S. that his White House guards look like escapees from a looney bin masquerade party in those new fancy dress uniforms? Is this how the government plans to balance the budget—sell admissions to watch the changing of the guard?

Our Community School program will be celebrating its birthday tonight (Thursday). The idea of making full use of our schools for the benefit of all people of all ages in the area has to be the best one to come along for quite awhile. And Manistique has to be lucky to have a person like Dick Bonifas in charge.

Someone should tell Spiro Agnew that the horn that blows the loudest doesn't necessarily make the sweetest music.

Your share of the federal budget this year is \$956. Did you know that of this, \$399 is going for military expenditures?

Our congratulations to Frank S. Hoholik of Manistique, both for his appointment to the Lake Superior State College board of control, and for his being named chairman of that group at their organizational meeting last Friday.

## Crisis in Three Oaks

There is a big crisis down in the Village of Three Oaks.

The problem facing this southwestern Michigan community is whether or not to have the Flag Day Parade this year on Sunday, June 14, which for the first time in years happens to be Flag Day.

To explain a little bit, in other years they have held the Flag Day Parade on the Sunday nearest Flag Day, which is relatively simple. However, with Flag Day falling on a Sunday this year the question is do they hold the parade on the Sunday before Flag Day or the Sunday after Flag Day? In fact there are a few troublemakers who are agitating that they compromise and hold the parade on the Sunday that is Flag Day, but this is a rather daring break with tradition and will probably not receive serious consideration.

You may not regard this as a major problem, but Flag Day is very serious stuff down in

Three Oaks, and an event not to be trifled with.

For years they have staged the best Flag Day parade and program in the entire Middle West. In most communities, Flag Day is apt to pass unnoticed, receiving about the same amount of attention as Millard Fillmore's birthday or Arbor Day in Saskatchewan. Not in Three Oaks. The only other events of comparable stature there would be the state basketball tournament and the start of the soybean combining season. What I mean, it's a big thing.

One reason it's so big is that, for some unknown reason, other neighboring communities choose to ignore Flag Day as a festive occasion. Because of this there is an ample supply of visiting bands, 4-H saddle clubs, drill teams, volunteer fire departments, color guards, antique cars, majorettes, drum and bugle corps, Boy Scouts,

Brownies and Girl Scouts and floats left over from the annual Blossom Festival. They come from all over, southwestern Michigan and northern Indiana to participate, and it makes for quite a parade.

In recent years they have been forced to extend the parade route's loop through the residential section in the north end of the village in order to avoid the front end of the parade colliding with the rear ranks at the intersection by the Methodist Church. If the parade gets any bigger they will have to extend the loop clear up through the cornfields to Zabel's Body Shop, which is tough marching for any army.

The traffic problem has become so great that they are unable to conclude the parade at the most appropriate spot—the Dewey Cannon in the village park.

On the supposition that it is just possible there are some people not familiar with the Dewey Cannon, let me explain that it is a war memorial salvaged from one of the ships of the Spanish Fleet that Admiral Dewey sank in the Battle of Manila Bay. It is the town's proudest possession, acquired when Thrée Oaks raised the greatest per capita amount of any community in the nation in war bonds during the Spanish-American War. It occupies a place of prominence in the center of the park, aimed to the westward in the general direction of Potts Hardware and the Good Housekeeping Shop. In fact, if they increased the elevation slightly and turned it a few degrees to the south they could probably fire off a round that would land smack in the middle of the New Buffalo business district, which might not be a bad idea after all, all things considered.

In fact when they held their Centennial several years ago they scoured the countryside for powder and managed to fire off a round, which broke half the windows in the old Warren Featherbone Co. and shattered the nerves of all the idlers lounging about Schwark's Home Tavern.

Instead of ending at the Dewey Cannon, however, the parade is now routed to conclude at Memorial Stadium, adjacent to Randall Couchman Post 204 of the American Legion. Several years ago, in another rare moment of inspiration, the village acquired a surplus armored half track, which they placed at Memorial Field and pointed southeasterly in the general direction of New Carlisle, Ind., which is probably the most logical invasion route if the Red Chinese ever cross the Ohio River. They have yet to fire off a round from the cannon mounted on the half track, probably because any miscalculation might wipe out half of South Bend and the University of Notre Dame.

But all of this doesn't solve the problem of Flag Day this year. Personally, I'm just as glad the decision isn't up to me. Flag Day this year just happens to fall on the Sunday nearest my 20th wedding anniversary, and I will be kept busy trying to figure out an appropriate celebration of my own.

BY SUPT. EDWIN WUEHLE

## Tony's Topics

Morrie K. Feldenbush, my friend from the State Department of Education, stopped last week to check on our federal projects. Morrie is originally from New York City, so even Lansing seems like a small town to him. After we had finished the checking he asked, "Hey, Tone, what do you dc in a little town like this?"

I had never really thought about it, because I've always been busy. After he left, I began to think a little bit more. Maybe I should perform a public service by cataloging some of the organizations and activities.

For anyone who is sports-minded, there is the Sportsmen's Club, the Manistique Rifle and Pistol Club, the Snowmobilers, the Coast Guard Auxiliary, the Merrimakers Square Dancers, the Indian Lake Golf Club, a number of bowling leagues, and the Ten to One Club.

If the interest runs to religious organizations, there are 13 churches and each one has a number of sub-organizations. Then there are the church-related groups like the Masonic Lodge, the Demolay, the Knights of Columbus, the Columbian Squires, the Order of Eastern Star and Jobs Daughters, and the Order of Runeberg. I'm sure someone is going to say that I have missed a few.

In fraternal, civic, and service areas, we have the Lions Club, the Rotary Club, Elks and Elkettes, Oddfellows, the Chamber of Commerce, the Jaycees, the Hospital Auxiliary, and the Society for the Recognition of Good Guys.

Culture is supported through the Little Theater, the Art Club, the Study Club, Manistique Women's Club, the Schoolcraft County Historical Society, the Top of the Lake Writers, and the South Cedar Street Chamber Music Society.

Former servicemen and their wives have the American Legion, the V.F.W., the D.A.V., the American Legion Auxiliary, and the V.F.W. Auxiliary.

Youth is not forgotten with three Boy Scout Troops, a Girl Scout Troop, a number of Brownie Troops and Cub Packs, and the 4-H Clubs.

Under miscellaneous, we have the Santa Claus Committee, Alcoholics Anonymous, Toastmaster Club, and the Knights of Pearl Street. There is no relationship between any of them.

Now I haven't even mentioned the galaxy of Community School activities, bridge clubs, or hunting camps.

If a person wants to serve, he may work on the Michigan Week Committee, the P.T.A., the P.T.A. Advisory Committee, the Board of Education Advisory Committee, the Vocational Education Advisory Committee, Community School Advisory Committee, the City Recreation Board, the County Planning Committee, the City Planning Committee and just in case there is a little time left over, one can always attend a Board of Education meeting or a City Council meeting and criticize the actions of the people who have to make the decisions. After all this thinking, I wrote Morrie a letter:

"Dear Morrie,  
"What do you mean asking me a question like that? There are only 7900 people in Schoolcraft County. That's about one organization for every ten people. Now that may not be a record, but it's a pretty good average.

"What do you do in Lansing?"  
He wrote back:  
"Dear Tone,  
You know I've been thinking about that, too. Usually I sit home and watch TV.  
Regards -- Morrie"

"A well-earned vacation is soon well-spent."

HOW SAFE IS YOUR HOME? #2

Your home is the most dangerous place in America. 39% of fatalities occur in the bedroom, however, the majority of disabling injuries take place in kitchens. The two organizations mentioned last week have prepared a home safety check list to promote an environment that is less dangerous.

This list covers almost every possible cause for home accidents, and points out the commonest danger traps and little known aspects of safety.

Falls are listed first because slipping, tripping and similar mishaps took more than 12,900 lives and disabled many thousands last year. Next, in order of frequency, is fire, poisoning, suffocation, improper handling of firearms and miscellaneous causes. This check list contains 100 questions that should be answered yes in order for the safety rating of your home to be perfect.

Mrs. Lustila and Mrs. Mercier have participated in the 4-H program in our county for 20 years. They will be recognized at the state level at a banquet Saturday evening. Miss Tufnell is president of our 4-H Teen Club in Schoolcraft county.

The purposes of Leadermete are: To provide an educational opportunity for discussion of 4-H leaders' responsibilities and opportunities; to recognize leaders for their contribution to the 4-H program; to give inspiration to leaders for their work with young people; to stimulate an exchange of ideas by leaders from every county and to explore new horizons in working relationships between adult advisors and teen leaders.

Mrs. Lustila attended the first Leadermete at MSU 14 years ago.

## Cards of Thanks

CARD OF THANKS

Our heartfelt thanks to everyone who expressed their sympathy to Ruth and Rosanne Brundige in so very many kind ways during our bereavement.

We especially wish to thank the doctors, nurses and staff of both the Medical Care Facility and Schoolcraft Memorial Hospital, Pastor Ingmar Levin, and the Messier-Broullire Funeral Home.

Each kindness will forever remain in our memories.

## In Memoriam

GREGOR MAC GREGOR

In fond memory of our husband, father, father-in-law, brother and grandfather, who passed away Feb. 23, 1969.

May you always walk in sunshine, God's love around you flow, for the happiness you brought us no one will ever know. It broke our hearts to lose you, but you did not go alone; part of us went with you the day God called you home.

Epicurus, The Greek philosopher, estimated about 300 B. C. that the sun "is just as great as it appears"—or, in his view, about two feet in diameter. Actually, the sun measures 864,000 miles, compared with earth's 8,000. National Geographic says.

**INTERESTED IN SEWING?**  
If you sew either beginning or more advanced, you'll be interested in a meeting planned just for you. It will be held at 7:30 p.m. Thur., March 5 at the Manistique High School. It will probably be held in one of the home economics rooms. There are many ways to put in a hem or a zipper. What kind of seam finish should be used? How do you handle the knit fabrics that are so popular now?

We have many new fabrics and finishes on the market.

Some are machine washable, others need to be dry cleaned. You need to be a smart shopper to be fully satisfied with the appearance, wear and pleasure you'll get from a garment whether you buy it ready made or make it.

We'll be talking about many kinds of things on March 5. This is an open meeting for all who are interested in sewing. And we want to extend a special invitation to 4-H Club leaders. You'll be able to use some of the information when you're sewing for yourself or working with members.

**HAVE YOU PUT ON WEIGHT** this winter? We've had so many cold or snowy days, it has been good to stay in when we could. This decreases activity, and if you're like me you eat just as much which doesn't help the situation. The weight goes on only a pound at a time but in a couple of months, a few extra pounds can make a difference in how we feel and look.

Physical activity is a big factor in determining your calorie needs. Age also affects calorie needs. As we grow older, fewer calories are required to keep the body functioning, and older people are less active physically than they were in their earlier years. And we're less active in the winter than we are during the rest of the year. I'll be glad to be able to take long walks again and to dig in my flower garden. In the meantime, I'll just have to eat less and be more active in the house - like doing some extra cleaning. How about you?

A pearl is a thing of beauty—iridescent—a precious gem. An oyster shell is rather ugly—a remnant of a marine mollusk much esteemed as a delicacy. And yet both are built of identical shell-producing cells.

It is happenstance that causes tiny parasites or grains of sand to penetrate the oyster, severing the shell-producing cells and carrying them deep into the oyster to form perfect pearls.

It is no accident that some men from poor beginnings have become great leaders, statesmen or educators. Others from identical surroundings live out their lives in poverty and despair.

The difference is integrity and a yearning for excellence in every part of life—that love of God that illumines and elevates.

Your church can help you to make the most of your life. As you grow to understand God as a part of any real achievement, strength and vitality and joy will enrich your days.

**"OUT OUR WAY"**  
News From Road 437

Hi Folks!

After I had written my scoop last Monday, the sun really rose up high to give us a beautiful day. We had deep blue skies all throughout our area. There seemed to be a touch of spring in the air, which I knew wouldn't last long, but I took it all in. The birch trees looked extra tall against the azure sky. The birds' chirps as they came into their feeding table were songs of merriment.

This morning I watched the sunrise, and at present the sky is clear. It looked cold outside, for the smoke coming from the chimney curled up quite high. As I put the feed on the table for the birds I checked the reading on the thermometer, and it was 14 degrees below. On cold days and nights the snow is crisp and from the forest comes the sound of twigs crackling in the cold air. The days are a wee bit longer and when the sun shines it seems a bit warmer, so I believe spring,

in its secret way, is letting winter know it will soon be her time to take over.

Sunday after church I stopped to visit the Joe Markhams. Found the folks in good health and we had a nice visit. In the afternoon Vern, Joanne, their family and I went to Steuben to visit with Marie Grimsley and Agnes McManus. We had a nice visit with both of them. On the way home I took notice of the Indian River, it was a body of cold, frozen water. It was far from being the river I see in spring when it gurgles and bubbles with joy as it goes on its journey to larger bodies of water. On its way it meets many small trickling rivulets, which join its mighty waters. There were days in the past when this river had logs floating to the lumber mills, at times being on the rampage, sputtering and roaring. Then again, it would become calm, and romantic, reflecting in the moonlight. Now it is still and cold. It won't be too long and the river will again be free to merrily go on its way.

Wish you could see the sun coming up behind the bare trees, making shadows of them in the snow. It is beautiful.

Echoes of birthday greetings go out to Muriel Lueck, Charles Hinkson, Louise Fisher, Ernest Popour and Bobby Hinkson. May the day for each of you be one of complete happiness.

Sunday is another great man's birthday, George Washington. At Valley Forge he left for all a challenge and heritage we should prize and the flag he stood under still waves up high over all of us.

Until next week, stay healthy and happy.  
Mrs. Scoop
