

Four seeking Board post

Four local residents have filed applications to fill the vacant seat on the Manistique Area Board of Education, as of Wednesday morning.

Action on filling the vacancy, created by the resignation of Ralph Gallan at the Nov. 25 meeting, had been delayed by the board until their meeting next Monday.

Seeking to fill the post are Robert Berger, 426 Walnut St., Elm-40 Cockram, 604 Oak St., Nat Dellis, route 1, and Harold Thorpe, 212 N. First St.

Berger, by board member Leon Wood to have Morlon appointed to the board at the next meeting, filed a 2-2 vote, with Robert Knapp voting with Wood. Morlon ran third in the annual school election last June, behind successful incumbents Margaret Waters and Benton Nelson. Also in the race were Boyd Peters, 211 N. Houston Ave., and David Kelly, route 1.

Berger is a 1959 graduate of Manistique High School. He received a BA degree from the University of Chicago in 1963, and in 1966 received a Doctor of Law with honors from the same institution. He did additional graduate work at the University of Michigan before returning to Manistique, where he has been in the practice of law since 1969. For the past year he has served as city attorney.

In his letter of application, Berger wrote: "I feel that the problems of elementary and secondary education have recently become very serious and I feel that with my background I would be able to make a contribution to the solution of some of these problems."

Cockram is a 1957 graduate of Manistique High School, and received his BA degree in business administration in 1962 from Hillsdale College. He served with the U.S. Navy from 1942 to 1946, leaving with the rank of lieutenant commander.

The Cockrams have four children. He has been employed as sales manager at Inland Line and Stone Co. for the past six years.

In his letter, Cockram said: "It is my desire to see continued progress in the areas of quality educational programs for all the young people of our area, and secondarily, the development of a positive program or programs to upgrade, modernize and expand the physical facilities, particularly those of the high school—junior high complex."

"For 25 years I have worked in sales, sales management and public relations. If it is the feeling of this board that the board wishes to see our school system progress, remain vital, and get the necessary financial support from the taxpayers, the board is going to need all the public relations and sales help it can get."

Dellis is also a graduate of Manistique High School, and holds a BA degree in business administration and accounting, and a BS degree in economics from Michigan State University. He spent three years as an officer in the Army, and for the past 12 years has been part owner and manager of the Surl.

He has served on the board of directors of three Michigan corporations, and is president of one.

His application states: "I feel that the children of Schoolcraft County should have the best education possible. It is one of the areas of the area such that we cannot offer all of the services they are entitled to. The next best thing is to make sure they have a good education with which to find employment or other training elsewhere."

"Secondly, I am aware, as a taxpayer and as a citizen, of the high cost of education. I feel that I can contribute a great deal to the Board in this particular area. We all have money problems; however, I feel that the wisest use of what you have makes the difference between a good system and a poor system."

"The Manistique Area Schools system plays a significant role in the economies of Schoolcraft County. It is a large employer and operates a large budget. I believe that my past experience will be of value to the Board of Education in setting spending policies and selecting priorities. I have lived in the City of Manistique and in the townships. My children have attended both city and township schools. I feel that I am aware of the peculiar problems of both areas."

"Finally, I feel that I can offer the Board of Education an objective and unprejudiced view concerning school problems. My children have attended both city and township schools. I feel that I am aware of the peculiar problems of both areas."

Ronald Morton came to Manistique in 1937 as a boy, and was graduated from Manistique High School in 1956, after which he attended Central Michigan University.

He is employed as a papermaker at the Manistique Pulp and Paper Co.

Morton has served as a member of the Community School Advisory Board and as a past president of the Lincoln School PTA. He also has been active as a Little League manager.

A U.S. Army veteran, Morton is married and has two children attending the Manistique Area Schools.

His letter stated: "The reason I wish to serve on the Manistique Area Board of Education is that there is a need for some different ideas and opinions in order to help resolve the problems in our school system today."

"I would also like to point out that in the last election I ran third in the voting and while not getting enough votes to put me in office I was higher in the voting in four of the seven precincts than the person who ran second. This would indeed show that I was the choice of the people in more precincts than the person who ran second."

"I have been interested in education since my two children entered school and have served as PTA president for two years and was a charter member of the Community School Advisory Board. I have had a great deal of exposure to labor relations and can give the Board of Education an experienced member in this field which is of great importance."

Morton also attached several letters to his application, including a general recommendation from Frank S. Hoolick, president of the Manistique Pulp and Paper Co., a letter of commendation from Lief Christensen, vice president and assistant general manager of the paper mill; a June, 1970 letter from Supt. Edwin Wuehle commending him for his interest and candidacy for the school board; a June, 1968 letter from his service on the advisory board and a May, 1966 letter from Washie thanking Morton and the Lincoln PTA for a \$300 contribution for the purchase of bookcases and materials.

Also featured will be several violin selections by Carl Olson of Republic, former school superintendent here; group singing by the audience of America, the Beautiful, and "Hail Long Sings" prayers by Chaplain William Graf, and the Eleven O'Clock Toast by Exalted Ruler Thomas D. Hoolick. Organ music will be provided by Mrs. Roy La-Marche.

A buffet dinner will be served following the service. The Elks officers' wives will be in charge of the dinner.

The public is invited to attend this service, traditionally held on the first Sunday in December.

Historians invited
The Manistique Rotary Club has extended an invitation to members of the Historical Society to attend its Dec. 7 meeting when Robert Schmelling of Escanaba will speak on early log markings in the area.

The Oak Theatre closes its doors

The Oak Theatre has closed—at least for the time being. Owner J. L. Lebus said that he was closing the theatre, on Maple St. just south of Oak St., at least temporarily, pending a decision on the proposed Urban Renewal project for Manistique.

He pointed out it was fruitless to do any remodeling or fixing of the structure until its fate was determined by the Urban Renewal project, and that was closing for now to wait and see what happened.

Booster to meet

The Manistique Booster Club will meet at 7:30 p.m. Thursday (today) at Manistique High School. All members and interested persons are urged to attend the meeting.

FIRST SHARE—Rev. Theodore Doane, right, purchased the first annual membership in the non-profit Industrial Development Corporation for the Schoolcraft County area, with Pete Widdis doing the selling. The annual memberships cost \$10 each, and are now being sold to residents of the community.

Plaintiffs win \$7,500 each

A verdict in favor of two plaintiffs, awarding them \$7,500 each, was returned in an auto negligence jury trial in Schoolcraft County Circuit Court last Tuesday, Nov. 24.

Gaining the award were Diane Kaminski and Sandra Thompson, former coeds at Northern Michigan University, who were injured in a two-year-old accident on US-2 in Mueller Township in October, 1967.

The car in which they were riding was involved in a collision with a truck driven by Jerry Lee Paradise. Named as defendants were Paradise, Donald Tuttle, owner of the truck, and Robert Steinkamp, driver of the car.

Serving on the six-member jury, which deliberated for 15 minutes before reaching a decision, were Sandra Beckman, foreman; Warren LaBar, Anne Marie Hubble, Nellie Massey, Alva M. Shampine and Otto H. Arntsen.

Tuesday night Judge William Hood began hearing the civil case of Kendall Neenan vs. Curran's Chevrolet and General Motors Corp., a charge regarding defective equipment on an automobile.

Selected for the jury were Margaret Beaton, Otto Arntsen, Genevieve Chartier, Arlene Oliver, Lois Gregurich and Lillian Lancoeur.

Three persons were sentenced on criminal charges Monday. Alan E. Finn, Dearborn Heights, received two years probation plus \$240 court costs on a charge of negligent homicide resulting from a fatal auto accident Feb. 26, 1970, on M-28 near Seney.

Terry L. Gohl, route 1, received deferred sentencing for a year that will include probation and payment of \$20 costs and \$16 restitution on a charge of breaking and entering.

James L. Zellner, Star route, on a charge of larceny from a building, also received a year's delayed sentencing with probation, plus \$100 costs and \$10 restitution.

Judge Hood also granted divorces to the following: Christine M. Blowers from Kenneth W. Blowers, Marilyn E. Larson from Gerald H. Larson, Penny Miller from Terry Miller and Myrtle Estren from Dan Estren.

GOP selects 13 members

Members of the county executive committee were selected Tuesday night at the reconvened county convention of the Schoolcraft County Republican Party.

Selected to serve with the 13 statutory members of the committee were Howard Hewitt, William Guinan, Mrs. George Wood, John Moffat, Robert Prunty; Dorothy Thelander, Elaine Hartman and LeVeta Coe, all of Crooks; Mrs. Maxine Heath and Mrs. Jean Luscomb of Germfask; Mrs. Zada Sheahan, Mrs. Edwin H. Thompson and Adeler LaCroix, Jr.

Statutory members, by virtue of their candidacy or office, are Charles H. Varnum, Robert Hubble, Merwin White, Clarence Johnson, Sr., Richard Katic, John P. Quirk, Edward Jorgensen, LeRoy Betick, George Danko, Dino Piroloni and Robert Broillette.

The convention set Tuesday, Dec. 22, at 7:30 p.m. in the court house, to elect officers of both the executive committee and the county committee.

Head Start drive set

The Manistique Head Start parents met Nov. 19 at the Zion Lutheran Church with 24 parents attending. They are participating in a Christmas money raising project with the grand award being a grandfather clock which will be on display in the downtown area.

More information may be obtained from Head Start parents or by phoning 341-6050. Proceeds from the project will be used to obtain special toys and equipment for the children.

Members of the group are dressing dolls and restoring stuffed toys to be given to the Newberry State Hospital for Christmas.

Throw Snow The Modern Way With A

JACOBSEN Tractor

Snow shoveling today is not only outdated, it's also dangerous. With Jacobsen compact LT, Chief, or Super Chief, you needn't worry about sore muscles or aching back. A big 36" capacity, two stage snow thrower attachment moves giant amounts of snow quickly and easily. The large auger chews up the snow, hi-speed second stage rotor spins it out, and the directional chute puts it out of the way where you want it. For lighter jobs, a 34" or 38" single stage thrower is available as well as snow plow blades.

Leader Dog week marked

Members of the Manistique... business this week. They're trying to make... with trained Leader Dog... their continuing... special a year-around effort... this week, Nov. 29-Dec. 5, because it has been proclaimed as Leader Dog Week by Gov. William Milliken. Lions are always on the look-out for good, friendly German Shepherds, Labrador and Golden Retrievers, between the ages of one and two years, for the Leader Dog training program. All dogs are contributed, none are purchased, and the local club has sent a sizeable number of canine candidates to the Leader Dog school at Croswell, Mich., for training. Anyone knowing of a blind person interested in obtaining a Leader Dog, or of anyone with a potential Leader Dog that could be sent for training, is urged to contact any member of the local Lions Club.

The stumps by one have loads of snow and winter in the forest, as far as you can see, is just a fairytal of beauty. The L'Assain fills the air with its first snow while the children social out their cheerful songs, to let me know that the forest winter wonderland has again returned.

Scouts plan fund drive

During the next two weeks several Manistique business leaders will be asking for financial support for the Scout program in Schoolcraft County. Fred Haine, president of the First National Bank of Manistique, will be leading the group.

"There is a great need for meaningful leisure-time activities for young people," Elaine said, "lets have more leisure time now than ever before and Scouting offers an interesting and meaningful program with opportunities for achievement and recognition, plus a lifetime of values they cannot understand."

"Our hats are off to the leaders of the several Cub Scout and Boy Scout troops in the county," Elaine went on to say, "for the many hours they contribute each month, but they need the resources that the funds we are raising help to provide."

Haine and his associates will be asking for persons, businesses and organizations to become sustaining members.

Scout Club membership starts at \$100. Special memberships range from \$25-\$50, and a General membership may be had for \$10-\$24. Contributions less than \$100 are, of course, also appreciated. Membership cards will be issued to all sustaining members who contribute \$10 or more and there is special recognition for Centennial Club members. The effort being conducted now is for 1970 memberships.

Sustaining membership benefits are used to provide the services of a full-time professionally trained Scoutmaster, a Council Service Center (records, information, materials, etc.), training for leaders, maintenance, insurance, and upkeep on the new Camp Hiawatha, and many other services and resources.

Contributions and requests for membership may be sent to Fred Haine, First National Bank, Manistique. Checks should be made payable to the Boy Scouts of America. All contributions and memberships are tax deductible.

Senior Citizens' Corner

This article is being written when my thoughts are on the day we will be remembering. Thanksgiving divided into two words which compose it are "thanks" and "giving." These two words, thanks and giving, which are a meaningful experience between persons, must be shared in harmony. When we give and we know the person is thankful both receive a positive experience. When we give and it is rejected or the other person doesn't really care, you feel rejected yourself. It is the same experience when a mother has a workday to prepare a superb dinner and her children and husband say, "The table was really good." And instead of saying, "for the many hours they contribute each month, but they need the resources that the funds we are raising help to provide."

Haine and his associates will be asking for persons, businesses and organizations to become sustaining members. Scout Club membership starts at \$100. C-L tree trimmed

For the second year in a row, members of the local Bay Cliff Health Camp committee have entered the V-3 tree-trimming contest sponsored by Cotler and Co., and have decorated a Christmas tree now on display at the C-L Hardware. Their efforts this year are unique in that the tree is trimmed entirely with aluminum conky cutters and brightly-colored yarns. Prizes ranging from \$25 to \$1,000 are offered annually in the tree-trimming contest of the Chicago-based wholesale hardware firm, and some 500 stores compete in Milwaukee annually. Judging was scheduled for Wednesday in Milwaukee. Entry in the contest is via an 8 by 10 photograph that is submitted for judging. Window decorating is also a part of the local committee's work. Taking part in the work on the tree at the C-L Hardware were Mrs. Donald DeSautel, Mrs. J.P. Quick, Mrs. Jack Creighton, Mrs. Robert Brantliff, Mrs. Carroll McClish, Mrs. Nick Modders and Mrs. Roland Hololik.

Thanksgiving was a happy event for some of our folks. Ken Pedersen was the guest son of Indian Lake. Betty Kallio went home to Grand Malais. Rose Nepper was home in Isabella, and was also visited by her son, Ralph Morrison, and grandson Ted Morrison. Olga Kauppi went to Fayette for a visit with son Richard and family. Doris DesRochers was visited by her grandson, Robert Ralph, from M.I. Clemens. We have lost two of our special people, Mrs. Sigrid Holmquist and Albin Nelsonson, who lived in their place, Mrs. Ana Kluvera and Sam Anderson from Thompson. Turkey and all the trimmings were enjoyed by those who had to stay here with us. Divisional Therapy has been going on here making and stuffing Teddy Bears and chipmunks. We are all real busy helping Santa Claus. Matter of fact, the ladies worked Saturday and Sunday getting them ready. Our ladies are all wanting permanents for Christmas holidays so our operator, Barbie Hinkson, will be pretty busy the next three Tuesdays. Next week we will get our Christmas trees up and decorate them. Everyone enjoys the decorating of the trees, we sing carols while we work. Friday we sure had a grand time playing bingo. Everyone enjoyed the prizes we received. Well that's all for now, see you next week.

Official Proceedings OF THE MANISTIQUE CITY COUNCIL

November 9, 1970
A regular meeting of the Manistique City Council was held on November 9, 1970, at 7:30 P.M. at City Hall. There were present: Councilmen Rose, DeMars, Reque, Cayla, Barber, City Attorney Berger, and City Manager Fountain. Absent: None.
The minutes of the regular meeting of October 26, 1970, were approved as read.
Several residents of North Maple Street were present to inquire about dumping of debris, concrete, trees and other garbage in the industrial area owned by the city. Mr. Fountain said that one of the city trucks had mistakenly dumped garbage in the area and he had ordered it cleaned up the same day and also that the rest of the area would be cleaned.
Mr. William Bellore asked about placing a street light in Iron Street area and the city manager said he would investigate. Mrs. Marie Baker asked about the trailer ordinance and Councilman DeMars said that the trailer study committee had met and would probably recommend that certain areas be designated for trailers.
The City Clerk said that he had run advertisements for bids for the following city owned property: the former public safety building on North Fifth Street, a city owned lot on North Third Street and the property on Cherry and Steuben Streets, next to the cemetery and that two bids were received on the public safety building. Louis Hicks bid \$10,000.00 and

WHEREAS, it is the duty and the obligation of the City of Manistique to protect the public health, safety and welfare of its residents and the traveling public,
NOW THEREFORE BE IT RESOLVED, that pursuant to Section 4 of Ordinance No. 68 of 1951, as amended, effective December 1, 1970, marking of any type of vehicle whatsoever is prohibited on the North side of Arbutus Avenue from Cedar Street to Arbutus Avenue from Cedar Street to Pearl Street, on the West side of Range Street from Oak Street to Arbutus Avenue, on the West side of Maple Avenue from Elk Street to Elm Street, and on the East side of Pearl Street from Main Street to Arbutus Avenue.
Yes: Councilmen DeMars, Barber, Rose, Reque, Cayla. No: None.
Mr. Edwin Johnson, representing the hospital and ambulance study committee, reported that the hospital was contemplating that a professional study be made of the ambulance situation by determining costs and other items and that the hospital is willing to pay a third of the costs of the study. No action was taken by the council as they felt that an estimate of the cost of the study was needed.
A discussion on the harbor project was held and the following letter was entered into the minutes:
November 2, 1970
Serial No. 2313-70
File No. SCI-Mique
Honorable Douglas Rose
Mayor, City of Manistique
300 N. Maple Street
P.O. Box 471
Manistique, Michigan 49854
Dear Mayor Rose:
The Michigan State Waterways Commission has been directed over the inability of the City and the Commission to secure the funding requested from the Economic Development Administration.
In our conversations with personnel close to the EDA programs, we have become convinced that there is virtually no possibility whatsoever that federal funds will be forthcoming for this project. Accordingly, we have secured the approval of the Waterways Commission to a revised application to this project and wish to secure your reaction thereto.
The Commission proposes the following:
1. To purchase the property located on the west side of the Manistique River upon which the proposed boat launching facility was to be located and to City participation. Upon construction of this facility, we would be happy to negotiate with the City relative to the operation and maintenance in hopes the City would wish to undertake these responsibilities.
2. To participate with the

Queen is selected at TOPS meeting
The regular meeting of the TOPS Club was held Wednesday evening with 23 members attending. This recorded 37 pounds lost, 3.5 pounds gained and five ladies maintained the same weight.
Queen for the week was Millie Cameron with a six pound loss, making a total loss of 17 pounds in two weeks. Runner-up was Nancy Casey with a four pound loss.
A 30 pound chair was presented to Patsy Gilbert and 20 pounds to Clarence Gould and Susie Wilson. Ten pound charms went to Millie Cameron, Sarah Bignall, Marge Fountain and Nancy Casey.
The club will hold their Christmas party on Dec. 16 at the Artwood Inn. Weigh-ins will be between 5:30 and 6 p.m.

City in the construction of mooring facilities on the east side of the river in the basin presently under construction. We propose to provide up to \$225,000 for this work if the City will provide the sum of \$25,000 towards the project. That a new project engineer be hired for design of the mooring facilities. We have learned that engineer, United Associates, Inc., of Cheboygan, Michigan, has been selected for the design of the mooring facilities that exist at the site. Because this pier is probably profitable, we can make use of this facility by having its inventor include it in his design recommendations for the project. We have secured Mr. Buckland's consent to this arrangement.
That, if the above is acceptable, the City unequivocally withdraw its marina application from the Economic Development Administration. This point is extremely important to the Waterways Commission and must be a specific part of our total agreement. This point is extremely important to the Waterways Commission and must be a specific part of our total agreement. In fact, no contract for the above will be entered into by the Commission prior to receipt of a copy of the letter of withdrawal from the City. If the above is acceptable, the City, we will request the Legislature to appropriate the additional sum of \$125,000 required by the Commission to fulfill its obligations. This amount, combined with the present \$100,000 already available, will provide \$225,000 in State funds for this project. It is proposed to use \$50,000 of the amount to develop the boat launching facilities, the remaining \$175,000 on the mooring project, which combined with the \$25,000 of the City, will provide \$200,000 for this work.
I would appreciate your review of this offer with your reaction thereto. If you need any additional information, please do not hesitate to call upon me.

City in the construction of mooring facilities on the east side of the river in the basin presently under construction. We propose to provide up to \$225,000 for this work if the City will provide the sum of \$25,000 towards the project. That a new project engineer be hired for design of the mooring facilities. We have learned that engineer, United Associates, Inc., of Cheboygan, Michigan, has been selected for the design of the mooring facilities that exist at the site. Because this pier is probably profitable, we can make use of this facility by having its inventor include it in his design recommendations for the project. We have secured Mr. Buckland's consent to this arrangement.
That, if the above is acceptable, the City unequivocally withdraw its marina application from the Economic Development Administration. This point is extremely important to the Waterways Commission and must be a specific part of our total agreement. This point is extremely important to the Waterways Commission and must be a specific part of our total agreement. In fact, no contract for the above will be entered into by the Commission prior to receipt of a copy of the letter of withdrawal from the City. If the above is acceptable, the City, we will request the Legislature to appropriate the additional sum of \$125,000 required by the Commission to fulfill its obligations. This amount, combined with the present \$100,000 already available, will provide \$225,000 in State funds for this project. It is proposed to use \$50,000 of the amount to develop the boat launching facilities, the remaining \$175,000 on the mooring project, which combined with the \$25,000 of the City, will provide \$200,000 for this work.
I would appreciate your review of this offer with your reaction thereto. If you need any additional information, please do not hesitate to call upon me.
Sincerely yours,
Keith Wilson,
Director

VFW seeking to aid POWs

The crusade to obtain freedom and humane treatment for American servicemen held prisoners in Southeast Asia by Communist forces will be continued by V.F.W. Post 4420 of Manistique, Commander Howard R. Larsen announced this week.

Larsen said a massive letter writing campaign to the North Vietnamese delegation to the Paris Peace Talks was being launched by the V.F.W.

All Americans are invited to join in this vital project," he said. "Our men are being subjected to barbaric physical and mental subjugation and we firmly believe that our country shows it is united over this issue this inhumane treatment will stop and they will be released."

The letters are to be addressed to Xuan Thuy, Delegation of the Democratic Republic of Vietnam, 8, Avenue General Leclercq, 94 Choisey-le-Roi, Paris, France.

They are chief negotiator for North Vietnam. Cost of postage is only 20¢ and the letters should contain the following points:

- (1) The names of all Americans held (prisoners of war and miss.); in action) be released. (2) humane treatment of all held. (3) - the return home of all prisoners starting immediately with the sick and disabled. The Post recently circulated petitions urging freedom and humane treatment for American POWs held by the North Vietnamese. V.F.W. Commander-in-Chief Herbert R. Rainwater personally sought to deliver them to the North Vietnamese delegation in Paris but they calously refused to see him or to even receive the petitions. "This refusal will not halt us," Larsen said. "Commander-in-Chief Rainwater firmly believes that a show of concern - that Americans are united over the wellbeing of our POWs - will result in better treatment and eventual freedom for these men."

Free turkeys out at Inland!

Inland Linn and Stone Co. has won the Inland Raw Turkey safety competition for 1970. It was announced Tuesday by John W. Moffat, vice president and general manager.

The local plant was the only one in the competition to complete the 12-month period since last Dec. 1 without a lost-time accident.

As a result of winning, each Inland employee will receive a holiday turkey. "It's a most satisfying achievement and a source of great pride to each of us to be back in the winner's circle after being among the 'losers' for the last four years," Moffat said.

Family Living

BY INGRID TERVONEN
Michigan State University
Extension Home Economist

You may have recently read the article in which Dr. Roger J. Williams reports that rats fed enriched bread failed to survive, but those fed enriched bread with added vitamins, minerals and the amino acid lysine did.

What does this mean to you? As I see it, enriched bread has never been labeled a complete and perfect food. We in America like a mixed, not a one food diet. There is no need for each food item to be perfectly balanced by itself. It is the combination that is important - and it's the thing we need to keep in mind when feeding our family.

There are, however, some families whose mainstay for one reason or another, is bread. This is why they're considering adding more nutrients to white breads. With some planning, most families can have a more interesting and varied diet - healthier family members.

American families picked up some bad food habits in the last 10 years. Did yours? Despite higher income and a wider variety of nutritious foods available, family diets were not as good in 1965 as they were 10 years earlier. Do you wonder why? You might like to check your own eating habits. You probably eat enough meat but are you including fruits and vegetables?

Thanksgiving is over and the Christmas holidays are coming up. In between, we'll be going to all kinds of dinners and parties. It seems that every organization has a get together of some kind. Food and more food! And we're already plagued with affluence - with an over-abundance of food. Magazines are full of tempting recipes and we get more from our neighbors and friends. I found two today that I want to try soon.

At the same time we're deluged by materials and programs designed to help "battle the bulge." Almost every women's magazine has a reducing diet in it -- a new twist to the same old problem. Radio and TV programs are filled with food advertising extolling the "lowered" calorie virtues of hundreds of food products. And if a new fat diet book comes on the market it becomes a best seller, especially if it promises weight loss without cutting out the foods we like to eat. It's a vicious cycle, isn't it!

City problems

THERE ARE NO EASY ANSWERS to the problems of our cities, aside from the half-jesting solution that we bulldoze them all level and start all over again.

There is a tendency for us, secure in our remote and isolated Upper Peninsula, to not pay much attention to the urban ills that afflict the lower regions of our state. These urban ills, however, have a tendency to spill over on the surrounding countryside, and we are only fooling ourselves if we think that the ripples from the city pond won't eventually reach our shores.

We may give only passing thought to the concept that the steel mills of Gary and Hammond are polluting the south end of Lake Michigan, but if they kill off the south end of the lake, and the Fox River kills off the northwest edge, how long will it be before the northern shores, from Bay de Noc to Seul Choix, are rimmed with sewage?

When population pressures become too great in the urban centers, where will the overflow go? Very simple. To areas that are not so crowded. Where are those areas? Right straight north up I-75. How long will it be before it happens? Would you believe five years? No more than 10.

When prices go up to meet wage demands created by living needs in urban centers, will we be exempt because we live far from the city? Of course not, and we will be facing those higher prices without the benefit of higher purchasing power that comes with higher wages.

And what if, as has been suggested, big city mayors simply capitulate to the overwhelming problems that face them and simply declare bankruptcy, forcing the state legislature to bail the cities out? Where does the tax money come from in that instance?

Professor Paul N. Ylvisaker, a professor of urban planning and politics at the Woodrow Wilson School of Princeton University, is the man who is now advising central-city mayors across the country to take the bankruptcy route, and is advocating the abolishment of the central city as we have known it.

He forecasts a new era of Populism in this country, and the eventual confrontation that will end up dismantling the old economic and philosophic concept of the central city.

The suburban corporation and the suburban-dominated legislatures will be prime targets in this confrontation, which is already starting in the form of zoning suits aimed at cracking open the "white noose" and forcing the entry of low-income and black people from the central city into adequate housing in the suburbs.

Human nature being what it is, that means the affluent suburbs will be moving even further away. The "white noose" widens until it could touch the U.P.

Unless population pressures are dramatically eased within the next generation, and unless the population and housing trends of the past two decades are reversed, there should be little optimism that there is any real future for the big city . . . and there should be real concern among us here, far from the urban sprawl, as to how that shaky future will be affecting us.

A note to Spiro Agnew:

"The arts of power and its minions are the same in all countries and in all ages. It marks its victim; denounces it; and excites the public odium and the public hatred, to conceal its own abuses and encroachments."

Rutabaga recipes

Take a look at this recipe:
GLAZED RUTABAGAS
Serves 6 to 8

- 2 med. Rutabagas
- 1 cup brown sugar
- 1/2 cup water
- 1 1/2 tbsp butter
- parsley

1. Parboil 1/4 inch slices of Rutabaga in small amount of boiling salted water for 5 min.
2. Drain and place in a shallow baking dish.
3. Combine brown sugar, water and butter, pour over Rutabaga slices.
4. Bake at 350 degrees until Rutabagas are tender (about 45 to 60 min.), basting frequently.
5. Garnish with parsley and serve in baking dish.

And now, here's the one I've been saving for the dessert:

SPICY RUTABAGA PIE

- 1 1/2 cups cooked sieved Rutabaga
- 1 cup brown sugar, firmly packed
- 2 tbsp: table molasses
- 2 eggs, beaten slightly
- 1 1/4 cups undiluted evaporated milk OR light cream
- 1/2 tsp. ground ginger
- 1 tsp. cinnamon
- 1/2 tsp. nutmeg or mace
- 1/4 tsp. cloves
- 1/2 tsp. salt
- 1 tsp. vanilla
- 1 unbaked deep 9-inch pie shell

1. Beat all ingredients together until thoroughly blended.
2. Pour into unbaked pastry shell and bake at 450 degrees for 15 minutes. Reduce heat to 350 degrees and continue baking until filling is almost set (about 40 minutes). Do not overbake.
3. Cool. Top with whipped cream and sliced filberts.

(Note: If you wish, use whole milk and 2 tablespoons melted butter in place of evaporated milk or cream.)

There you are, food fans. Now eat your heart out.

It somehow seems appropriate, now that everyone has stuffed themselves to a fare-thee-well with Thanksgiving turkey and dressing, and is preparing to stuff themselves again with Christmas turkey and dressing, that we devote some space here to that noblest culinary companion of them all, the rutabaga.

Oh, I know I've mentioned it here once or twice before, and we've even presented recipes for French-Fried Rutabagas and Cornish Rutabaga Pasties and Rutabaga Surprise, but this week we're going into an in-depth study of that noble turnip offshoot so that when the varsity arrives for dinner you can be prepared.

These recipes come from the Ontario Turnip Council in Oakville, Ontario, where they've put out a beautiful brochure extolling the virtues of the table turnip, or Canadian rutabaga, which as everyone knows is a poor southern cousin of the Upper Peninsula rutabaga.

But enough of provincial pride. On to the recipes!

SCALLOPED RUTABAGA AND APPLE CASSEROLE

Serves 6 to 8

- 1 large Rutabaga (peeled and diced)
- 1 tbsp. butter
- 1 1/2 cups sliced apples (peeled)
- 1/4 cup brown sugar (scant) mixed with a pinch of cinnamon
- 1/3 cup all-purpose flour
- 1/3 cup brown sugar
- 2 tsp. butter

1. Cook, drain and mash Rutabaga. Add 1 tbsp. butter.
2. Toss sliced apples with the 1/4 cup brown sugar and cinnamon.
3. Arrange alternate layers of mashed Rutabaga and sliced apples in greased casserole (2 qt.) beginning and ending with Rutabaga.
4. Mix together until crumbly; the flour, 1/3 cup brown sugar and 2 tsp. butter.
5. Sprinkle over top of casserole and bake at 350 degrees for 1 hour. Garnish with fresh apple slices and parsley if desired.

Sort of makes the saliva run, just to think about it.

There's even better yet to come, however.

WHILE YOU WERE AWAY

There is something unsettling about change when it comes in one swoop. The gradual change which is made day by day can be assimilated, but when it comes too fast for assimilation, change, as Eric Hoffer says, is an ordeal.

One thing that is nearly as unsettling as sudden change is to come suddenly on change which has been going on gradually for years. That's the way it is when you go home after you haven't been there for a while.

Everyone looks so much older. The fact that you must look so much older to them is also unsettling.

Familiar landmarks are gone. The old one room Sycamore School (which you attended from grades 1 through 8) was converted into a house and has now burned to the ground.

One of the farms where you used to play in the haymow has been made into a golf course. Another has become a boarding stable for saddle horses.

Old Hampton Hollow has been graded into a subdivision.

The Mississippi River isn't quite as wide as it was when you were a kid, but it has many more bridges crossing it.

A lot of the smart kids in grade school didn't turn out so well, and a lot of those who weren't so smart turned out better than anyone thought they would.

The people who looked so old to you when they were 45 thirty years ago couldn't possibly have been as old as they looked.

Boyhood friends and their wives have celebrated their silver wedding anniversaries. One friend, only slightly older than you, is a grandfather four times.

Another is fifty, and if the union can win the thirty-and-out clause, he will retire from the shops.

The girls who used to be cute when they were sixteen sure aren't now.

One gal, who had the reputation of being "a little wild" (of course she was quite a

bit older--she was eighteen when you were eight), has just finished 35 years as payroll clerk for John Deere. Her picture was in the paper and she looks just the same as any other retiring payroll clerk.

Your little brothers and sisters have sons and daughters who will soon be going to college.

Your niece, who used to be so fascinated with your card tricks, doesn't even ask to see them now that she is in nurses' training.

All of the little high schools have been reorganized into one district.

And it all took place while you were away.

The Old Timer

"The most comforting thing about the ten top hits, is that next week they won't be."

To cope with labor shortages, the Soviet Union is encouraging pensioners to come out of retirement. In Uzbekistan, a 117-year-old man went to work as a traffic policeman.

Extension News Notes

BY HOWARD HANDORF
County Extension Director
Schoolcraft County

Last week the Handorf family visited Owosso for a family Thanksgiving get-together of Sally's family. Speaking personally, I hope this is our last trip downstate until after winter is over. I also gained some insight on this trip on what grandmothers go thru at Christmas time. There were six active grandchildren plus 11 adults coming and going in addition to many friends doing likewise.

Last Saturday we got down to Detroit to visit my mother for an afternoon. Heading into Detroit we took I-696 and I observed much building—mainly new sub-divisions. I am now going to voice a pet peeve—why do developers completely level a forty-acre tract in order to get everything built on a geometrical pattern of 90 degree angles? In the process of doing this they usually push up some nice 50 to 100 year old trees and then when the project is completed leave a nice sterile unshaded green grassy lawn with a house that then needs air conditioning. I might add that this type of development is not limited to the lower peninsula only as I am sure many of you are familiar with this right here in the U.P.

CALF VACCINATION TOUR - The next tour is scheduled for Saturday, Dec. 19. By the time you read this I hope you have returned your reply card to the office. Dr. Kaski's minimum is 30 calves which I hope we can come up with at this time.

look what i haven't got

A child can be proud of a missing tooth. She knows it will grow in later, better and stronger than ever.

It's different with the opportunities a child may be missing!

Like the opportunity to gain the spiritual and moral foundation for adult life... and the opportunity to gain inspiration and example from the religious faith of parents... and the opportunity to find wholesome interests and friendships among the boys and girls at church.

Sure, she points today with pride to a missing tooth. But what if her parents continue to deny her the precious opportunity for religious training? What if she is forced to grow up without the faith and moral conviction life constantly demands?

WILL SHE BE PROUD OF WHAT SHE DOESN'T HAVE?

BY MRS. ELEANOR LABUTTE

Randall Bare, 14-year-old son of Mr. and Mrs. Kenneth Bare of Paw Paw and grandson of Mr. and Mrs. LeRoy Winter, is reported in good condition following a near fatal accident while hunting near Paw Paw when his gun accidentally discharged with the shell entering his chest. When the wound is healed he will undergo a series of skin grafts.

The eight children of Mr. and Mrs. Edmond Mercier were present for a family reunion held Nov. 20 at the Roy Dalgard home. Enjoying the evening were Mr. and Mrs. Joel Thorobagard of Torrence, Calif.; Mr. and Mrs. Fred Mullen, Marshall; Mr. and Mrs. Emerald Mercier, Schaffer; Mr. and Mrs. Carl Archey, Manistique; Mr. and Mrs. David Sundling, Manistique; Mr. and Mrs. Eldon Mercier, Garden and Noreen of Fayette; Mr. and Mrs. Dalgard and Mr. and Mrs. Edmond Mercier.

Thanksgiving week end visitors at the William A. Ward, Sr. home were Mr. and Mrs. Robert LaLonde and family of Southgate, Mr. and Mrs. Peter Ward and family of Romulus, and Mr. and Mrs. Bernard Barney and family of Kenmore, N.Y.

JOGGING AND WALKING
(IN RETROSPECT) #2

Exercise, including walking, strengthens the lungs, legs and heart. Walking too, can be done at any time and at any place without special clothing or equipment. Walking briskly speeds up the pulse but within reasonable limits. There is practically no medical risk unless the weather is cold and the wind is brisk... (and this applies mainly to persons with known cardiac trouble or emphysema.)

From time to time, you hear about oldsters running a fast mile, playing multiple sets of tennis, or accomplishing some other such remarkable athletic feat. Such an individual is not a Johnny-come-lately. He has more than likely been active all his life.

Don't be a Johnny-come-lately in finding out about our friendly service, next time you're out walking, why not drop in for a visit at A.S. PUTNAM & CO. We're located at 201 South Cedar..Phone 341-2264.
