Currie, THE JEWELER.
Charles Rosseland, of Cheboygan, a member under the camp of William Ross had a narrow escape last Saturday by his office burning up. He had gone to the office and built a fire in the stove and then went to sleep with his head near the stove. When he awoke he found the fire had burned out his new overcoat, necktie and coat his hair and eye-winkers were singed. Charles made a race out of the burning building in his stocking feet and shirt sleeves and did a waltz dance—St. Ignace News.

TOWN AND COUNTRY.
This will pass for a blizzard day. The street roller was out Tuesday. Friday will be Washington's birthday. Repairs to the mills are going along nicely. Justices courts are very quiet places now days. The road-rollers are keeping quite a harvest now. LeDuc's "No Limit" cigar lends and others follow. The last days for paying tax are near at hand. Lawyer Walsh went over to Cooks, Monday evening. Paul Heubacher, of Cooks, was in the city, Monday. Mrs. J. M. Shrank was taken quite sick this morning. Men are at work taking the ice out of the opera house. Another traveling troupe liable to come this way soon. J. M. Valiquette, of Little Harbor, was in town, yesterday. The young people are having a grand time this winter, skating. Mr. Goodhue, of Seal Choir, was in the city, Monday evening. Ed. Pratt, of Beaver Island, was here early this week on business. J. D. Moresome returned from Chicago, next Saturday night. Masquerade ball at Eagle opera hall, Cooks, next Saturday night. Sheriff Carr is out with his annual proclamation for an election. Every department of our school is making satisfactory progress. Both hands are getting along nicely at their meetings for practice. LeDuc's "No Limit" cigar and Robert J. are the leaders in their class. Mr. Capt. Dan Coffey left Monday morning, to visit friends at Detroit. Thirteen persons are now making their homes at the county poor house. The Cleveland Cliffs Co. paid their employees at Cook's last Friday. The Salvation Army and the skating rink draw large crowds every evening. Gilbert Olson and George Bouschor, of Thompson, were in the city, Tuesday. Mr. Maloney, Booth's fish picker, of Beaver Island, arrived here Monday night. The bill requiring a new registration of doctors ought to pass the legislature at once. Several amendments to the state constitution will probably be voted on this spring. The next examination of teachers will be held on Thursday and Friday, March 28 and 29. If you want to have a good hair cut or shave call on H. G. Lake, up stairs over City Drug Store. Sylvester Kinney, late of the L'Anse au Loup, is arranging to start a paper at Fort Howard, Wis.

Taxes must all be paid on or before the 28th; so says the township treasurer. Landlord and Miss E. P. Foley are on the sick-list with an attack of influenza. We learn that C. M. Ruggles has rented the Coffey residence, on Division street. Epworth League's social evening at the residence of James Vastlander, on Chippewa avenue. The W. R. C. will hold its regular meeting, next Friday afternoon at the Good Templar's hall. A man can not keep house without a local paper, neither can a publisher live without the paper for it. Logs are being hauled from east of town, the teams coming into the village by way of Walnut street. Three-fourths of the price of LeDuc's "No Limit" cigars, and you cannot buy it for the money. Born to Mr. and Mrs. Fred Johnson, on Sunday morning, a 10 pound boy. Manistique is bound to be a city. Some of you chaps that have not been properly naturalized will meet with objections when you attempt to vote next spring. The man of profit harmonizes every part of his business into the harmony of business so that his business may prosper. Every member of the I. O. O. F. should be at his hall promptly at 7:30 o'clock, this evening for work in the initiatory degree. The 50-day limit for the introduction of bills in the legislature expires to-day. Now we may look for some effective work to be done. Logs are being rapidly placed on the banks of the different streams, and no doubt that the mills will be fully supplied next season. Considerable political talk included in a funeral and one or two, after outside townships. Very little of it in this township and village. A certain lady seems to know why we didn't publish the names of those who attended one of the dances last week? Well, we simply didn't; that's all. Albert Ness, of the St. Ignace Enterprise, office arrived Sunday night to spend the week visiting friends here. Thanks for his call at this office Monday. In France it is decided that the makers of bicycles are responsible for changes when an accident occurs through a structural fault in a machine. One of the cuckoo organs says "Congress shows signs of moving." It ought to. Two weeks is little enough time to pack up and get its wagging all in. The order of Knights of Pythias celebrated its 31st birthday, yesterday. In many of the larger cities celebrations were held in honor of the anniversary. The work of relieving the offices at the court house has begun. Judge Hiss's office is already in the hands of the workmen and the county clerk's soon will be. Menonville, Marquette, Delta and Alger county republicans passed resolutions endorsing Hon. H. B. Hall, of Manistique as their choice for justice of the supreme court. The Salvation Army people began services Sunday afternoon on the street; after which they marched to their barracks in the German block. Many followed them. We learn that it is quite uncertain when the Episcopal chapel will again be opened for services. The Rev. Dr. Drake said when he went away, that that matter was quite uncertain. There was a dance at the Commercial House, last night in honor of the marriage of Mr. and Mrs. John McCarthy, Jr. Those who were invited to go to the party had a good time. Chris Drevethal, of the Titonno, is to go to Gladstone this week to give an exhibition on the ice. Besides being an expert fancy skater he can "go" a mile about as quick as the best of them. Thanks to Mark W. Harrington, of Washington, D. C. Chief of the West Bureau, for a copy of a chart showing the number of vessels which occurred on the great lakes during the year 1894. J. E. Strong, of the U. C. Co.'s, started Sunday evening for Kalamazoo to attend to business of the grand lodge of the A. O. U. W. of Cheboygan. While away he will take in Detroit for a day. Yesterday a man in attempting to jump off a sleigh that was going fast, at the street corner of Oak and Maple streets, rolled rapidly on the ground for several feet. Men, like boys, should be more careful.

F. P. Plunkett has withdrawn from the co-partnership of Orr Bros. & Co. See notice elsewhere in this issue. We expect to see several new buildings put up early next season in the Oakland addition to the village. We have heard several versions of the story about a certain dealer attempting to get a "corner on eggs." The planing mill shut down this morning for a few days to enable them to make some needed repairs. Without doubt, no cigar manufacturer in a city the size of Manistique, is sought for as much as LeDuc's "No Limit." A. Whiteford, one of the Delta Lumber Co.'s men, of Thompson, spent Saturday evening in this city with friends. Several men came out of the woods this morning. A man always has a good time when he goes to the woods. The citizens of South Manistique had a nice time at a pedro party at the residence of Mr. and Mrs. Chappell, Saturday evening. D. K. Smith will soon move into the Henry Smith residence, on Manistique Boulevard, about two blocks west of his present residence. Thomas Conarty, of Whitehall, was a caller at this office, this morning. He expects to soon move to the town of Pentecost. He has been a long time a citizen of this county. An order for 1,500 freight cars has been given by the New York Central to the Peeninsula Car Co. of Detroit. This means the employment of nearly 2,000 men. A ray of sunshine in these cloudy democratic times. Charles LaBranch who resided in Oregon, writes us that he is moving to Alaska in the spring. His many friends wish him success wherever he may roam. The Salvation Army has taken possession of Menominee. The Democrat, of that city, says that the invaders were received kindly by the citizens. The force consists of a captain, lieutenant and thirty-five members. Detroit matters seem to engage the attention of the legislature in an important manner. The Detroit Herald says that the Detroit city that should be set down on effectually.

C. P. Hill, manager of the C. C. L. store is out with another new advertisement, on the 4th page. It says to read and profit by what he says. If you want good bargains, get the stock at the old reliable store. Moneyed men and bankers may not care much for silver money, but the people do, and the party which undertakes to debase and degrade the metal dollar will get hurt. Neither the "gold bug" nor the "silver maniac" represent the people. About a dozen of the neighbors of D. K. Smith called there Monday evening and spent an hour or so in a very enjoyable manner. Lunch was served and music was given. The other day Mrs. S. are very pleasant people to pass an evening with. C. D. Stanley, ex-county clerk and register of deeds of Manistique county, is in this vicinity looking for hard work timber. If he can buy a tract of land on the shore of Lake Superior, and manufacture lumber and ship it to the outside market. Elliot Jones will leave for Toronto about the last of the month—to visit his mother, who is ill. The duration of his stay will depend much upon her condition of health. We trust 29th will find her on the way to restored health—St. Ignace Republican. Recent rules adopted by railroad companies are said to forbid conductors taking money on trains. Every passenger must secure his ticket before leaving the station. Should a conductor do this he will probably be required to get on at the next station. Supt. W. H. Hill and county clerk Edmund Ashford, left yesterday morning for Detroit; the first to attend the republican state convention, and the latter the state meeting of county clerks. Supt. Hill, the other day, was not being prepared to go, handed his proxy to Mr. Hill. The delegates from this county will cast the vote of the names of Judge Van Zile.

R. C. McKesson a few days ago, showed a reporter of this paper, a portfolio which contains hundreds of "snap-shots" of views in the northern woods, in this city, at Sault Ste. Marie and other prominent points. The views are selected from the hundreds he has taken during the past four years. When all the photographs are mounted the number will be more than five hundred. The work is most excellently done and must be seen to be appreciated. Arthur Barr, who, for the past seven years has been employed as an engineer on one of the C. L. Co. tugs, has accepted a like position on the tug Kate owned by Hall & Baell, of South Manistique. Mr. Barr is an excellent and capable engineer and can always be depended upon when duty calls him to his post. He informs us that he will not move his family from this city. The tug Kate will be commanded by Andrew Chubb and "Wes" Stevens start "fitting out" about April 1. Prof. Chubbson, of Sney, has been named by many as the republican candidate for commissioner of schools in this county, and we hope that no one will oppose his nomination, as he is soon to make several eloquent, a gentleman and sterling work and honor. He has a large number of friends in this county that are urging his claims. At this time there is no doubt but that he will be elected to the position and richly deserve the honor. Our schools are "prosperous and let us keep them so. The Lwin & Mills millinery stock will be moved into the new quarters adjoining the Manistique Bank, about the 1st of March. The store has been thoroughly renovated, newly shined and counters put in on both sides of the room and it now looks a noble place. The new line of dress goods just purchased by Miss Mills in Chicago, will be ready for inspection at the first of the month. The ladies of the Presbyterian Church will hold their annual praise Service, Friday afternoon, Feb. 22, at 3 o'clock. The ladies have been sent out to all families furnishing printed programs for the meeting, which will enable everyone to participate in the exercises, and which will all thoroughly enjoy. Invitations have been sent out to all families of the congregation, asking for their presence and a thank offering. It is a pleasant fact to record an increase in interest in the subject of missions, and a larger attendance at the regular monthly meetings. All should remember the Praise Service on Friday. Dan's Review, of Saturday had this to say about the gold situation: "The great export of gold and silver to Europe from the treasury have been almost entirely stopped by the contract for purchases of gold from Messrs. Belmont and Morgan. Though it is details only, because public Thursday, and was quite ably criticized by the fact, should not be forgotten that the rate of exchange was in fact controlled, gold was actually started here from Europe, and at least thus far, the outward movement which had seemed within 48 hours of emptying the treasury. Close criticism of things done in such a "stupid" manner. For the moment business only waits to know whether sales of American securities and withdrawals of gold from the treasury have been hastened by the remarkable increase of confidence." Penny Stock. The "class of '95" will give a Penny Stock in Old Folsom Hall, Friday evening, Feb. 22. A cordial invitation is extended to all. CLARA BROOKS, Sec.

At the Carnival. The attendance at the carnival at Stewart's rink last Saturday night was much larger than at any time during his season. There were upwards of forty masked and many handsome and ridiculous costumes presented. Miss Cox captured the first prize for the handsomest costume and the prize for the most comical costume was given to Fred Hawkins, so decided the judges, Messrs. Harry Tubber, Fred Orr, and N. R. Walsh. The A. O. U. W. band, as usual, provided excellent music. Evening at James Vastlander's. The League has been busy, through their social committee, for the past ten days in completing arrangements for an unusually pleasant evening. This is the first social given this winter and all may expect an enjoyable entertainment. Lessons will be given in laughing at hard times; and during a evening a contest between comedy writers and comedians, singing, will occur. Refreshments will be served. Only the common social collection will be asked. It will be worth facing the blizzard to attend. Beyond Comparison. As the "good" qualities possessed by Hood's Sarsaparilla. Above all it purifies the blood, thus strengthening the nerves; it regulates the digestive organs, invigorates the kidneys and liver, tones and builds up the entire system, cures scrofula, dyspepsia, catarrh and elimination. See Hood's and only Hood's. HOOD'S PILLS cure all liver ills, biliousness, jaundice, indigestion, sick headache, etc.

Notice of Dissolution. Notice is hereby given that the co-partnership heretofore existing between Ernest T. Orr, Walter L. Orr, Edgar C. Brown and Elmer F. Plunkett, under the firm name and style of Orr Bros. & Co., carrying on the most business of Manistique Michigan has been this day dissolved by mutual consent of the parties. Said business will hereafter be conducted by Ernest T. Orr, Walter L. Orr and Edgar C. Brown under the firm name of Orr, Walter & Co., who will pay all bills owing by said firm and collect all accounts due said firm and all accounts due Elmer F. Plunkett growing out of the most business formerly conducted by said firm. ERNEST T. ORR, WALTER L. ORR, EDGAR C. BROWN, ELMER F. PLUNKETT. Dated Feb. 18, 1895.

Resolutions of Condolence. The following resolutions were drafted and unanimously adopted by J. H. Allison, Town No. 510, K. O. T. M., Manistique, Mich.: WHEREAS—It has pleased God the Great Supreme Ruler of the Universe to remove from our midst our late brother ARNOLD COON. WHEREAS—It is but just that this death should show a proper recognition of his virtues. THEREFORE—Be it resolved by J. H. Allison, Town No. 510, K. O. T. M., that we will humbly bow to the will of the most High, we do not the less mourn for our beloved brother who has been taken from us. RESOLVED—That in the death of Sir Kt. Amos E. Coon this lodge incurs the loss of a brother who was ever ready to protect the hand of labor in the voice sympathy to the weak and distressed. RESOLVE—That as the present address of any of the deceased are unknown that this Text use all its influence in procuring the same and if found a copy of these resolutions under seal of this Text forwarded to the same. RESOLVED—That our charter be replied in mourning for a period of 20 days. RESOLVED—That these resolutions be spread on the records of this Text and a copy thereof be transmitted to the Michigan Macabre and the Manistique Pioneer. D. W. BOWEN, J. C. ROBERTSON, Com. C. R. CHAMBERS.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in her wonderful work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials free. F. J. CUNNEY & Co., Toledo, O., Sole Proprietors. Sold by Druggists, 75.

Will add a Millinery Stock. Leo Ross, of Rose Bros., who is in Chicago buying goods, writes here that he has secured the services of a fashionable milliner and will purchase a stock of millinery goods. These gentlemen will have a grand millinery opening at about Easter time and they promise to show the latest and most fashionable bonnets ever shown to the public in this city. Man. At 8 o'clock Tuesday morning, a wedding took place at the Catholic church and thus our townsman, John McCarthy, Jr., and Miss Sarah McCarthy, of South Manistique, were made one and inseparable with death do them part. Both parties are well known and highly respected here, and have the kindest wishes of all for their future happiness.

abolished, have declared striking and boycotts un-American, and that arbitration is the cure for labor troubles. This action followed up will be the cause of labor more equal than ever. All strikes that have ever been ordered, and will disperse with the army of demagogues who have so long misled organized labor to its own ruin—Deatur (Ill) Republican.

The enemies to the Protection of American industries are daily reading a lesson which should impress them as has nothing before in their entire lives. The financial position of the Government today affords one of the most profitable and honest methods of illustrating the true managing effect of the Democratic Protection policy. The most skeptical mind should desire the greatest Protection to the rest of the industries of great country and the revenues will increase and the country will steadily advance toward prosperity and happiness. But we cannot look to the destructive policy of the party now in power for this—South Bend Ind., Tribune.

A hotel in Chicago is so heavily charmed with electricity that the guests cannot move around without getting a shock which is often painful. It is so bad that when one walks across the room a spark will leap over a space of two inches. The guests have had some funny experiences. One man came near getting a shock out in his face when he went to get shaved, because he was so close that a spark from the razor started by a spark from the floor. Then another man thought he had stepped on needles when he got into a bathtub. This peculiar condition of the building puzzles the electricians and some think the whole house will have to be overhauled and revised.—New York Tribune.

Northport people have a unique and pleasant custom which might be adopted in other places as well. Once every year they give a reception and dinner in the town hall to all residents who are seventy years of age or older. These aged people, many of whom were the earliest settlers of Northport and have been instrumental in building up the town, are called "Guests of Honor," and are given this enjoyable opportunity of meeting old friends, while their reminiscences of the pioneer days are a treat to all. The expenses of the affair are met by charging all the young people under seventy years old twenty-five cents for their dinner. This year the dinner will be given Feb 22nd, and every one, young and old, is looking forward to a happy time.—Traverse City Herald.

A rumor is not like an editor, for a rumor sometimes gains currency. Rheumatism is primarily caused by acidity of the blood. Hood's Sarsaparilla purifies the blood, and thus cures the disease. There is more apparent than ever that physical health does not guarantee happiness. NOR ASK YOU TO GIBERS. BUT EVERYTHING GOES CHEAP.

Mabel Billingham. Miss Mabel Billingham who died at her post of onerous duty in Cahoon, Ala., very recently, did as heroic and unflinchingly as non-flinching service than any had undertaken mission work in the heart of Africa. She was at the time of her death principal of the Cahoon colored school. Her novitiate in this sort of teaching was served in the Hampton institute. Only those who know from some sort of experience can understand what is characterized in ordinary women who undertake such educational work. Patience, heroism and entire self-abnegation are merely the beginning of the list of virtues needed. So arduous and exacting is the work of that it finds few takers. It, as Miss D. did, while doing it, deserves the recognition and appreciation—New York Times.

A New Battle Ship. A new idea in battle ships is brilliant in spite of carrying it for some years back. Mr. Laid Clous has proposed the British admiralty that three-deckers shall be made; and, when we come to think of it, there is a good deal to be said for his plan. Mr. Clous has conceived a 12,000-ton ship with medium armor and high speed, in the hull-deck form, to carry 100 guns in the manner of the old ships, only three guns will be quick firing. The quick firing guns nowadays, it must be remembered, go up to six or eight inch caliber. They are the heaviest artillery of old endowed with revolver-like rapidity in shooting. There need be no swinging around for a broadside from the other hand of this ship, but a rail of projectiles is steadily fired and the other way. This enormous discharge of 12,000 of them will be completed in five minutes. This sort of a ship would be a terrible power of destruction. We shall doubtless hear more of this modern scheme for a three-decker.—New York Sun.

These Cheap Woollens. The people of this county have had a vast amount during the past ten years, about the excellence of foreign woollens. Billy Russell, George Fiel, Will, James Josiah Quincy and the other chronic of line statesmen, who extolled Democratic politics to disintegrate. He has pictured the people obliged to wear "Tariff trunks" clothing filled with shoddy, when a Democratic Tariff would enable them to wear the finest of foreign woollens. It was represented that the Protective tariff had clothing made in this country with shoddy, though, as a matter of fact, five pounds of shoddy are used in England where one is used here. Since January 1, when the Democratic Tariff went into operation, a perfect tidal wave of foreign woollens has been pouring through the custom house. They are cheap woollens, too, and shoddy woollens are what the Democrats promised. But they are cheap because they are good for nothing. They are the worst lot of goods that ever found their way into this country. The European manufacturers have misused on the American market at their first shot. People are a trifle poorer after two years of Democracy, but they do not yet wear clothing that will blow away in a fair wind.—Worcester, Mass., Telegram.

"The Curse of the Country." There are Chinamen in New Zealand and there are in some other countries, they are looked upon as intruders, especially by men who are themselves but in different citizens. Two gentlemen were the only inside passengers of a coach on a wet day, till at a roadside hotel the landlady came out to assist the driver. "Have you room in the coach for a gentleman?" he inquired, in a tone of some solicitude. "That depends," answered the driver, who knew the country pretty well. "Is your gentleman drunk?" "No." "Well, not exactly," said the landlady. "He's getting over it."

All right," said the driver, leave him in. We can always make room for an extra profit. The prodigal turned out to be a miser, who condition fully justified the driver's cautious inquiry. Soon he fell in on a tippy sleep, from which he did not waken even when an unassuming Chinaman entered and took a seat beside him. By and by, however, he roused himself, looked around in a drowsy way and caught sight of the celestial. At once he brought his horny palm down upon the English gentleman's knee and in a confidential, interrupted whisper, said pointing to the Chinaman: "The curse of the country!" The Englishman thought it a comical incident and more comical still when, at the end of the route, the Chinaman "paid his fare like a Christian," while he, having spent all his money for drink, was obliged to leave his "swag" with the driver in lieu of payment.—Yonkers Companion.

Served God and Man. The late Bishop Selwyn of New Zealand and Melbourne was well known during his university days as a devotee of the model art of self-defense. He incurred a great deal of animosity from a certain section in New Zealand, owing to his sympathy with the Maoris during the war. One day he was asked by a "rough" in one of the back streets of Auckland if he was "the Bishop backed up the Maoris." Receiving a reply in the affirmative, the "rough," with a "Take that," struck his lordship in the face. "My friend," said the Bishop, "my Bible tells me, 'If a man smite thee on one cheek, turn to him the other,' and he turned his head slightly the other way. His assistant, who felt his lordship, and something while was coming west, struck him again. "Now," said his lordship, "having done my duty to God, I will do my duty to man." And taking of his coat and hat, he gave the anti-Maori champion a most scientific thrashing.—Home Journal.

A rumor is not like an editor, for a rumor sometimes gains currency. Rheumatism is primarily caused by acidity of the blood. Hood's Sarsaparilla purifies the blood, and thus cures the disease. There is more apparent than ever that physical health does not guarantee happiness. NOR ASK YOU TO GIBERS. BUT EVERYTHING GOES CHEAP.
