Deanna Durbin In Sunday Feature

"The Cowboy and the Kid" starring Buck Jones, is the opening attraction for the next week's program at the Geo theatre. The story has several surprising twists that lead to dramatic highpoints. Billy Burrell, eleven-year old actor, and Dorothy Revier have featured roles. The Ace Drummond serial will also be shown.

The adventures of these lovely daughters, of a rich New Yorker, who smash their father's romance with a fortune hunting blond, provide the amusing theme of the comedy drama, "Three Smart Girls in Town," which is Sunday's showing. The picture marks the motion picture debut of Deanna Durbin, radio singer. Others in the cast are Blaine Barrow, Alice Brady, Ray Milland, Charles Wingger, Milda Auer, Nan Gray, Barbara Reed, Herbert Cavannah, and John King.

"Once a Doctor," Monday's picture probes behind the scenes of a big city clinic, and deals with the heroic efforts of a young physician to rehabilitate himself after he has been unjustly stripped of his reputation and driven from practice. Jean Muir and Donald Woods have leading roles.

Rolling comedy and a novel romance feature "Smartest Girl in Town," the latest Ann Sothern picture. A renowned episode of the American colonial period is unrolled in the historical adventure "Daniel Boone," which comes to the Geo theatre Thursday, George

A SOUND DOCTRINE

Every governmental official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent. We hold this to be a fundamental principle of democratic government.

BUSINESS WOMEN STRESS SAFETY

(Contributed by member of Manistique B. & P. W. Club) "Better business women for a better business world," is the shibboleth which within a few short years has guided the National Federation of Business and Professional Women's clubs to a permanent place in our national life.

Of the national organization, the local Business and Professional Women's club is an integral part—adding in the application of its principles, carrying the torch of its ideals, striving to fulfill its duty. In the six years since its inception the Manistique club has promoted civic betterment through endorsement of numerous progressive measures.

In line with the varying program of National Business Women's Week, which this year calls for concerted action to promote public safety, the club urges individual cooperation in its campaign to eliminate the appalling number of traffic deaths.

PUBLIC OPINION

Surprising as it may seem, the civil service bill which passed the state senate by a routing vote of 23 to 7 on March 4, seems destined to travel a rocky road in the lower house of the legislature, and may meet ultimate defeat unless its friends throughout the state rally promptly to its defense.

Competent observers at Lansing believe that whereas the senate soberly studied the needs of state employees and passed a bill as good or better than the one recommended to them by the outgoing and incoming governors, the more politically minded wings of both parties in the house will do everything in their power to thwart the final passage and will at least destroy much of its effectiveness if they cannot muster the strength to vote it down.

However, legislators are usually responsive to genuine public opinion. Apparently the ultimate fate of the measure rests with its friends back home who may or may not bring sufficient pressure to secure its passage.

RESTORE LAND TO ITSELF

Unless man is made to realize the complete dependence of life itself upon the intelligent use of our land heritage future generations will be doomed to economic disaster.

A great many people look upon land as an open account against which they're privileged to write as many checks as they please. But no bank account can withstand generations of reckless spending.

The question of saving the land is now a vital subject to every citizen in the country, urban and rural, and any program designed to assure the nation a future supply of food and fiber should meet with universal cooperation.

A SHRINE

The Constitution of the United States is kept in a dust-proof glass case with a special glass cover to soften the light and prevent fading. The case itself is kept in a gray marble shrine, with a green marble floor and a marble rail, on the second floor of the library of congress.

"Fortune" thus describes the preservation of the paper on which the Constitution is written. But its spirit must be enshrined in the hearts of the people for true preservation.

Experience clarifies the viewpoint. Neighborhood gossip is the poison gas of peace time. Constructive thinking comes only from minds set free.

Let us hope the farewell song of the legislator won't be "Plenty of Taxes for You."

No man is good enough to govern another man without that other's consent.—Lincoln.

With one jar following another it looks like Mother Earth is shuffling up a new deal.

The test of good nature is not whether one can laugh but whether one can be laughed at.

There was a time, many years ago, when down wasn't a sure sign of labor trouble.

ELECTRIC Refrigeration

—is a gilt-edged investment in health!

So often we fail to observe the simple precautions that mean so much in safeguarding the health of the family.

Food, for instance, it comes to our kitchen protected by hundreds of state and federal laws that insure its purity and cleanliness.

Yet, because of improper refrigeration methods, we are often apt to cancel all the good work of these laws and permit spoilage and thereby endanger our health.

ELECTRIC REFRIGERATION is a gilt-edged and fool-proof investment in the health of your family. "Below 50 degrees lies safety" is one of the rules set down by food specialists, whose interest is to safeguard the food we eat. Above this temperature many foods are liable to become unsafe for eating.

In electrical refrigeration the temperature is automatically controlled between 40 and 50 degrees. Foods kept in an electric refrigerator cannot possibly spoil from high temperatures.

There are so many advantages, visit us... ask for a complete demonstration of MODERN REFRIGERATION!

CCC CAMPS PLAN 4TH ANNIVERSARY

Camps Manistique And Moran Meet To Outline Program For Celebration

Following a recent proclamation from Washington, D. C., by the President, CCC Camps in Michigan are celebrating the fourth anniversary of the United States Conservation Service. Army and Navy officials at Camps Manistique and Moran are planning for a series of activities to mark the occasion. The celebration is scheduled to take place on March 20 at 1000 p. m. in the Manistique Community Hall in Newberry. The public is being extended a cordial invitation to attend.

While the program is not yet completed, it has been announced that brief talks are to be made by Joseph P. Farley, member of the Michigan Department of Conservation, Lt. Col. G. W. C. Whiting, Commander of the Fort Brady CCC Detachment, and C. A. Poyden of the Educational Division of the Department of Conservation. Following the talks, a picture program of conservation and CCC activities will be shown.

Cooperating in the preparations for this celebration are Camps Moran, Fox, Moran, Mackinac, Manistique, and Caspio. Camp Caspio and Manistique are also planning "open house" observances in April on dates to be announced later, at which times the public will be invited to visit the camps.

Present at the Camp Caspio meeting on March 9 were Project Superintendent, C. A. Poyden, and Lt. M. A. Ernst, Commanding Officer, Camp Manistique, and Project Superintendent, Matthew Hansen, Lt. Lawrence F. Ryan, Commanding Officer, Ft. Burren, MECW, Lt. James D. Kozak, Warren B. Elkman, and Thomas J. Cotter, of Camp Caspio.

MARCH 20 DEADLINE ON PAYROLL CHECKS

No Further Extension Will Be Granted, Frank Picard Announces

Michigan employers granted an extension to March 20 of the final date for filing their 1936 payroll reports and contributions with the Michigan Unemployment Compensation Commission, will be given no further extension, Frank A. Picard, commission chairman, announced this week.

"Because the final date for paying the federal employer's excise tax on 1936 payrolls is April 1, it is physically impossible for us to grant any further extension to Michigan employers on their state contributions," Mr. Picard said.

"The commission must file a proof of payment for each employer with the Bureau of Internal Revenue in Washington in order that Michigan employers may obtain credit for their state contribution on their one percent federal payroll tax."

Mr. Picard urged all employers not to wait until the deadline, March 20, to file their Michigan report forms and pay their contributions.

"By acting at once, employers will give our commission time to review the forms and permit them to make any necessary revisions without paying an interest penalty. But all employers who fail to file their registration and contribution reports and to pay their contribution, by March 20, will be assessed an interest penalty of three-quarters of one percent per month or fraction of a month."

SET TEST DATE FOR CIVIL SERVICE

Open, Competitive Examinations To Be Given In Ten Principal Cities

Application blanks and specifications for the first civil service examinations to be given by the Michigan Unemployment Compensation Commission in ten principal cities were available as of this date in the following cities:

Grand Rapids, Manistique, Escanaba, Sault Ste. Marie, Marquette, and Iron Mountain. The morning examinations will be for typists, stenographers, and secretaries. The afternoon examinations will be for junior, senior, principal and lead clerks.

"It is to be emphasized, however," Mr. Picard said, "that the Commission is not at present in need of employees. The civil service examinations are being held to establish eligible lists of persons throughout Michigan who are qualified and available for appointment to positions within the Commission. All employees of the Commission are to be selected from the successful contestants in these examinations and all present Commission employees will also have to pass these civil service tests."

Mr. Picard said application to compete in the examinations must be made on forms prescribed by the Commission. Only those whose applications are received in the offices of the Commission, Fox Building, Detroit, by 6 p. m. Saturday, March 19, 1937, will be permitted to take examinations.

Removing an Unneeded Restraint

Congress is debating the Pettengill bill which, in substance, would permit the railroads to compete with intercoastal steamships.

The clause of the Interstate Commerce law which the bill would repeal was perhaps once beneficial, but has become restrictive.

No like prohibition governs the railroads' land, air and water competitors, and none is contemplated for them. It applies to the rails alone, with the original need for it non-existent—imposing a handicap on them while it confers advantages on their competitors.

Repeal of this clause will hurt no one; will make lower rail rates eventually not improbable; will create an additional 100,000 railroad jobs.

Nor will it reduce the ICC's powers; or enable the rails to charge rates that are unreasonable or unduly low so as to eliminate competition, or to raise rates if competition did disappear.

The bill is favored by great bodies of shippers, by trade organizations, by the railroads and railroad labor. It is opposed by steamship interests and coastal industries who would retain unfair advantages over inland competitors.

America's railroads face the most unprecedented competition in their history. Unneeded restraints, like this obsolete clause, should be removed that the lines may better be able reasonably, and legally, to compete.

Michigan, and its railroads, will benefit from the repeal. Support for the Pettengill bill should be asked of the State's delegation in Congress.

Escanaba and Cooks Win District Tourney Titles

Delta County Team Defeats Manistique In Exciting Game

Cooks Has Easy Time Trimming Nahma Team In Saturday Night Finals

Escanaba and Cooks high schools carried off basketball honors at the Class B and D district tournaments conducted in Manistique high school last Thursday, Friday and Saturday.

The Delta county team, pushed most of the season by upper peninsula squads, played sensational basketball in triumphing over the powerful Manistique high school entry Friday night and defeating the strong Manistique quintet for the district championship Saturday night.

The Cooks team had the easiest going in the tournament, walling off Rapid River by a top-sided score Friday night and handing a sad drubbing to Nahma high school Saturday night.

The elimination event opened Thursday night when the Kingsford team, hoped to win the Class B title, defeated Iron Mountain, 37 to 35, in a hard-fought contest. In the Class D division Rapid River romped roundly-shed over Garden, 31 to 7.

Friday night Manistique and Kingsford faced each other in the Flivvers carrying the odds.

After a wobbly start the Emeralds came back on the scoring stick and battled the Kingsford men until the latter abandoned the small effective zone defense.

With the gates down, Manistique slipped in for short shots, running the count to 25-17. Kingsford came back, however, and sank two field goals, but Manistique managed to cling to its slender margin, winning 23 to 21.

In a game equally exciting Escanaba did the unexpected and defeated Iron Mountain, 29 to 20, taking a well-earned victory from a team which had twice defeated them during the regular playing season.

In the Class D division, Cooks defeated Rapid River, 38 to 12, while Nahma trimmed Rock, 23 to 19.

Saturday night the gymnasium was packed by Manistique, Nah-

Coming from Miles and Miles Away!!! TREMENDOUS CROWDS —Are carrying away amazing Bargains!

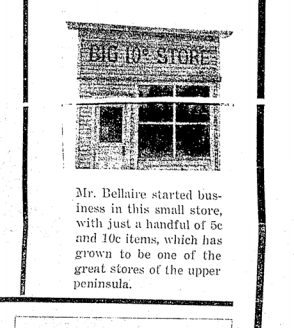

Bellaire's Big Re-Modeling Sale

THE MOST SENSATIONAL BARGAIN EVENT IN YEARS IN MANISTIQUE!

Back on June 1, 1926

Mr. John I. Bellaire had the foresight to establish a business here in Manistique. Hard work, square dealing, and sound business principles have built one of the largest and most successful variety stores in this part of Michigan. The fast growing business of this most popular store makes it necessary to remodel the present store to handle the increasing business!

Mr. Bellaire started business in this small store, with just a handful of 5c and 10c items, which has grown to be one of the great stores of the upper peninsula.

JOHN I. BELLAIRE, Prop.

STURDITWIST

TAILORED BY
CLOTHCRAFT
LINED WITH
EARL-GLO

You'll get wear—and plenty of it! But more than that, you'll get a suit that is well-styled and carefully tailored. The triple-thread twill fabric is thoroughly tested to insure that it's snag-proof, fade-proof, wrinkle-proof and shine-proof. Then this remarkably tough fabric is made up into truly handsome suits by expert tailors. The result—Clothcraft STURDITWIST—is a real utility suit—smart-looking, and priced unusually low.

Flotsam and Jetsam

(Continued from page 1)
go a long way toward eliminating a great share of it.

This, the Michigan state police have already proven. By means of the so-called "flying squadrons" inaugurated last year by Commissioner Oscar G. Olander road accidents were minimized in a startling manner—and use of the same system this year will doubtless save other scores of lives. Who will ever know what they owe to the little band of men charged with the responsibility of maintaining some semblance of law and order on those death lanes, chosen for last summer's demonstration?

The state police maintain at headquarters in East Lansing, an accident-spot map. Fatalities on highways are marked by brightly colored pins as they are reported daily. Examination revealed that the greatest number of fatal accidents were occurring with consistent regularity in fourteen definite areas. Reasons were ascribed. Curves, tracks, uneven terrain, hidden approaches, bridge rickety.

So, in these areas Commissioner Olander dispatched his "flying squadrons." Only 55 men, all state troopers, were available for this duty. They took up their posts each week-end, patiently and sometimes, hazardingly patrolling a definite strip of danger territory. Each man was assigned to duty on ten miles of roadway. Some were mounted on motorcycles, some rode in police cars.

And the first week-end (from 12 noon Saturday until 3 a. m. Monday) Michigan drivers reduced their speed. Tragedies were reduced in proportion. That first week-end there were no fatalities, and only five slight injuries. The second week-end saw only three injuries, one fatality, in three incidents. The third-week brought one fatality, one slight personal injury, and five minor property damages.

A record to be proud of, indeed. Above all, it proved to a doubting world that something can be done to stop the awful slaughter on the highway. But it took work, planning, and money to do it. Could Michigan spend its money to better advantage than that of saving the lives of its citizens?

With another spring and summer approaching, the state police

again are planning for action. There is something truly restraining to a mad motorist in the sudden appearance at his side of a uniformed state trooper. Few accidents were necessary.

Now, the legislature is in session. Now is the time to make certain this splendid "flying squadron" is perpetuated. The state police have asked the legislature to enlarge their scope. They desire and need 200 additional men. They are granted this increase in force, not 14 of the most dangerous spots in the state but 100 danger lanes.

Explode Theories About Japanese Non-Industrialism

(Continued on page 6)
that Japan could never be a great industrial nation. "As recently as 1931," Dr. Hall said, "an eminent American economist stated that there is no possibility for further expansion in Japan, but actually expansion since that time has been unbelievable, industrially, commercially and every other way."

"The depression in Japan forced the rationalization of industry, which as a result is more efficient and more modern in many ways than ours," the speaker said. "Japanese have made over us in the cotton industry."

"The amazing Japanese self-control which we interpret as calousness comes from the phase of Buddhism which is somewhat mythical, highly philosophical," Professor Hall said. "He has found them to be peace-loving and particularly emotional where their children are concerned, and are not irascible, as we believe them to be."

Of the real problem which faces Japan today, Dr. Hall believes unemployment to be the more pressing. "A quarter of a million new jobs must be created each year, and since national resources are depleted, this is responsible for their thrust into Asia," Dr. Hall declared.

Our impressions of the Japanese people who migrated to the United States when they were forced out of Japan, where society is so crystallized that this "underdog" group had no chance, said Dr. Hall, meeting.

"Foreign business men left an equally bad impression on the Japanese," he stated. "Today, industrial activity has been stopped in Japan to turn steel into armaments," the speaker said. He declared that Japan is afraid of Russia, and Russia, in turn, is afraid of Japan.

Two vocal solos, "Japanese Sunset," and "Mother Machesa," were sung by Ruth Peterson, with piano accompaniment by Elizabeth Shinn.

IRISH AND DUTCH IN BOWLING MATCH

Annual Pin Classic Will Feature Elks Stag Party Saturday Night

The Irish and the Germans will stage their annual bowling classic on the Elks alleys Saturday night, March 20, as a feature of the regular stag party.

Tom Mulrooney has been selected to lead the pin-smashing cohorts who will endeavor to uphold the honor of the Emerald Isle. R. G. Hentschel will captain the Teutonic avanche.

Mulrooney's team will be composed of such stellar Irish performers as Jack Kelly, Buster Hastings, Fred McNamam, Dan Harrington, and John Girvin. The Hittlerites will include, besides their captain, such outstanding German bowlers as Earl Raiche, Heinie Weber, Ronald Fiegel, Max Kuehn and George Bratsche.

White shirts with red and green ties to distinguish the teams will be the official garb for the event. Carl Carlson and Leon Nicholson will have charge of the menu "feed" occasion and promise a delectable composed of spare-ribs, sauerkraut, corn beef and cabbage. The bowling match will start promptly at 8 o'clock.

Lions See Isle Royale Pictures

Two reels of motion pictures on Isle Royale were shown to members of the Manistique Lions club at their regular meeting Tuesday night at the Ossa hotel. The films, obtained from the department of conservation, showed the rugged beauty of the Lake Superior island and also portrayed the capture of a calf moose for exhibition purposes. Further discussion of the department, one-hour parking regulations, the blueberry festival, this summer also took place at the meeting.
