BITTER FIGHT RAGES ALONG THE YANGTZE

INVOKING NEUTRALITY ACT, PRESIDENT IS ADVISED

Shanghai, Jan. 19 (Wednesday) (AP)—Chinese and Japanese forces were reported locked in a bitter fight today along the Yangtze river near where the United States gunboat Panay was sunk by the Japanese a month ago.

Chinese said two reinforced columns had arrived in the vicinity of Wuhu, 25 miles up stream from where the Panay sank, and were pressing the Japanese hard for possession of the important river port.

Japanese reported a Japanese tank unit had occupied Hohsen, nearest town to the scene of the Panay incident, after killing 200 Chinese and driving out 500 others. The unit then advanced toward Hanshan, where the Panay survivors fled after the gunboat was sunk.

Since Japanese troops held Hohsen when the Panay was bombed, the tank maneuver was interpreted as meaning possibly that Chinese had recaptured the town.

Active In South

A Hongkong dispatch indicated the Japanese were increasing their activities in South China. The dispatch said Japanese had warned British authorities that they planned to keep the Hongkong-Canton road under bombardment and that any British subjects using the road would do so "at their own risk."

A Tsingtao dispatch said Japanese Vice Admiral Toyoda had apologized to American and British authorities for unwarranted action by Japanese marines against British and American sailors Jan. 11. The Japanese ousted the sailors from their signal posts at bayonet point, the report said.

(In Tokyo the withdrawal of the Japanese ambassador to China was announced as indications increased that Japan eventually would recognize the new Peiping regime as the government of China instead of the former Nanking government, which Japan already has repudiated.)

NO WAR DECLARED

Washington, Jan. 18 (AP)—President Roosevelt indicated today the United States contemplated no immediate change in its attitude toward the Sino-Japanese hostilities as a result of Japan's withdrawal of its ambassador from China.

He reiterated at his press conference, however, that this government's policy was on a 24-hour basis.

In response to questions about Japan's action, Mr. Roosevelt said the state department had advised him it did not constitute a severance of diplomatic relations. He has refrained from invoking the neutrality act against China and Japan in the past on the grounds they had not declared war nor broken relations.

He also minimized the significance of a visit by Paul V. McNutt, Philippine high commissioner, to Shanghai.

Asked about published reports that McNutt was making a survey of Far Eastern affairs for the White House, Mr. Roosevelt said McNutt had expected to confer at Manila with Admiral Harry E. Yarnell, Asiatic fleet commander.

Shots End Success Story

Mrs. Julia M. Barker

Mrs. Edith Mae Cummings

Her business partner, Mrs. Julia M. Barker, is charged with firing the fatal shot which brought to an end the amazing success story of Mrs. Edith Mae Cummings, who, four years after becoming a telephone operator, was a millionaire real estate operator in Detroit.

Mrs. Barker, with whom she had been indicted on a fraud charge, has entered a plea of not guilty to the shooting.

Woman Realtor Denies She Murdered Partner

Detroit, Jan. 18 (AP)—Annoyed that her arraignment on a charge of murder should be a "public spectacle," Mrs. Julia M. Barker stood before a crowded court room and answered "not guilty" in the death of Edith Mae Cummings today.

For Mrs. Barker, who is reputed to have made and lost several fortunes in real estate, the morning was full of annoyances. When police led her from jail, they pointed to the man who said that was to take her to court.

STATE IS SHORT ON RELIEF FUND

Additional \$750,000 May Be Needed in Michigan for February

Lansing, Jan. 18 (AP)—The state emergency relief commission announced today that funds available for direct relief in February would be inadequate.

The commission instructed George F. Granger, acting state administrator, to confer with Governor Murphy and Budget Director Harold D. Smith to request an additional \$500,000 to \$750,000.

Granger said the direct relief burden has risen steadily despite the opening of thousands of additional WPA jobs, and added that the commission expected a further increase next month.

"Direct relief funds for January will carry us through the month all right," Granger asserted, "but we will need \$500,000 or more in February in addition to the \$300,000 available from the general budget. We may need \$750,000 more."

Cold Blasts Strike Eastern Seaboard; 36 Below Reported

(By The Associated Press) Bitterly cold blasts of the old-fashioned New England winter variety moved along the eastern seaboard yesterday (Tuesday).

Coming behind heavy snows, they spread sub-zero temperatures over a large area. The lowest reported reading was 36 below at Mountain View, N. Y., in the Adirondacks.

A ferryboat with 20 passengers aboard was marooned by an ice floe in the Hudson River at Newburgh, N. Y., and dislodged after five hours by the turning of the tide.

Satan's Kingdom, Conn., reported 8 below.

POSTAL FUNDS SLICED UNDER BUDGET TOTAL

WARNING IS GIVEN ON UNBALANCED U. S. FINANCES

Washington, Jan. 18 (AP)—The house approved today a treasury-postoffice appropriation bill for 1939 carrying \$1,615,352,286—\$8,116,050 less than budget estimates and \$61,062,722 under the current year's appropriation.

Despite the final figure under budget estimates, a series of amendments adding \$2,500,000 to the measure led majority leader Rayburn (D-Tex.) to warn his Democratic colleagues that they would have to assume the responsibility "when the budget continues to be unbalanced."

Pay increases provided "Some of these days, whether we want to or not, we're going to have to do what any sane individual would do—balance outgo with income," he asserted. "The amount here is sufficient."

The major additions made by the house to the committee bill included increases of \$1,000,000 each for the pay of city mail carriers and for clerks in first and second class post offices.

The reduction under budget figures was achieved by elimination of a \$2,500,000 item for construction of annexes at the government printing office.

Navy Bill Next The increases Rayburn objected to were made as the result of a campaign by Chairman Mead (D-NY) of the postoffice committee to remove what he called restrictions imposed on the postal service by congressional appropriations committees.

He asserted the increases would give the department opportunity to "earn another dollar through increased service" and would not constitute new burdens on the treasury.

Of the bill's total, \$789,689,659 was earmarked for the postoffice department and \$725,862,629 for the treasury.

Immediately after disposition of the treasury-postoffice bill, the house turned to consideration of a \$553,266,494 appropriation for the navy. More than \$26,000,000 larger than the current year's appropriation, it includes funds for starting construction of 22 new ships.

Ferris Home Swept By Fire, Big Rapids

Big Rapids, Mich., Jan. 18 (AP)—Fire tonight swept the home of the late Senator and Governor Woodbridge N. Ferris, seriously damaging the dwelling.

In the absence of Mrs. Ferris, no estimate of the loss was available, firemen said, but it was feared that irreparable damage had been done to part of the original Ferris library.

The house, home of the family for 40 years, was a pioneer landmark here.

Legs Laman Kidnap Gang Member Free

Laansing, Jan. 18 (AP)—The state parole board promised freedom today to Stanley J. DeLong, one of two members of the Joseph (Legs) Laman kidnaping gang who received long prison terms. M. Hubert O'Brien, chairman of the board, said DeLong's release will be deferred until he obtains employment.

On Highest Bench

The picture of President Roosevelt on the desk symbolizing his New Deal zeal, Solicitor General Stanley Reed smiles his satisfaction over appointment to the U. S. supreme court to succeed retiring Justice George Sutherland.

St. Paul, Jan. 18 (AP)—J. Edgar Hoover, chief of the federal bureau of investigation, arrived here by (TWA) airplane tonight with Peter Anders, whom he had quoted as confessing the kidnaping of Charles S. Ross.

Hoover said he was taking Anders to Chicago, where Ross was kidnaped, from Los Angeles, where the suspect was arrested last Friday.

Hoover said the trip had been interrupted because weather conditions made it impossible to get through to Chicago. A checkup revealed, however, that airplanes from here were flying their regular schedules to Chicago tonight.

In a brief talk with reporters, Hoover denied that the prisoner was being taken to Tacoma, Wash., to be viewed by witnesses of the kidnaping of Charles S. Ross, physician's son whose mutilated body was found a few days after he had been abducted.

He said, however, that the prisoner would be questioned "about other kidnapings."

The plane landed here at 6 p. m. and was nosed into the 19th aerial squadron hangar. The prisoner was lifted from the plane and put into a waiting car, in which he was taken to the FBI office. Federal agents armed with machine guns stood by during the transfer and escorted the car carrying the prisoner.

Hoover, after the suspect had been taken to the office, went to a hotel and retired. He gave no indication as to when the journey would be resumed.

Hoover said Anders, a curly-haired man of about 30 who formerly worked as a logger in the Pacific Northwest, made a 27-page statement.

Anders shot the two men through the head," stated Hoover, "but all we can say for certain is that the killings took place on the outskirts of Rockford (Ill.) and that the bodies were apparently hidden somewhere over the Wisconsin line."

Hoover fixed the time of the slayings as Oct. 10 or 11.

Ross, 72-year-old clubman in Chicago, was abducted on Sept. 25. A \$50,000 ransom was paid on Oct. 8. It was the trail of these "hot" bills, federal agents reported, that led to the capture of Anders last Friday at the Santa Anita race track near Los Angeles.

Three Harold Lloyd Children Menaced By Kidnap Threats

Los Angeles, Jan. 18 (AP)—Disclosure that Harold Lloyd's three children were threatened with a crime "to put the Lindbergh case in the discard" was made today by Sheriff Eugene Biscailuz who said he had turned copies of three threatening letters over to government agents.

Joseph Reddy, representative of Lloyd, said, however, the letters were received five years ago.

Biscailuz disclosed that threatening letters had been received by Lloyd and demanded \$6,000 for the safety of the Lloyd family.

Lloyd and his wife, the former Mildred Davis of the films whom he married 15 years ago, have three children, Gloria, 12; Peggy, 11, and Harold, Jr., 6.

"Keep quiet," one of the letters warned, "Pay and we will lay off. You refuse and we will perform a vengeance that will put the Lindbergh case in the discard."

ERIE ROAD GOES TO GOVERNMENT

Historic Line Bankrupt; Can't Meet Debts of About 10 Million

Cleveland, Jan. 18 (AP)—A United States district court, acting under section 77 of the federal bankruptcy act, today took control of historic Erie railroad, the first to connect the Great Lakes with the Atlantic.

The road, reporting it expected to be unable to meet approximately \$10,000,000 in debts due between Jan. 1 and March 1, sought the action as a way out of its dilemma.

Judge Samuel H. West signed the application four hours after it was filed, making operations subject to court approval pending appointment of one or more trustees Feb. 14. He ordered Erie to submit a financial statement by April 18, and to make monthly reports thereafter.

In its petition Erie said it owed \$10,671,062 between Jan. 1 and March 1 for "principal maturities, interest payments, leased line rental and equipment trust payments." Not included was \$1,564,640 outstanding Jan. 1 in "secured bank loans against which the banks holding same have since applied cash balances of debtor, x x and debtor also has a large amount of unpaid vouchers for traffic balances, materials, supplies and other expenditures."

LAKES FISHING BILL IS PUSHED

Luecke Backs Measure For Interstate Regulation

Washington, Jan. 18 (AP)—A commerce department endorsement of interstate compacts to regulate Great Lakes fisheries encouraged Representative Luecke (D-Mich.) to predict today congress might act favorably this session on his bill to authorize such agreements.

Luecke said he would ask (Chairman Brand (D-Va.) of the house fisheries committee for immediate hearings. The measure, he said, was the only method to prevent complete exhaustion of the food fish supply in the Great Lakes.

"All states along the lakes recognize the fact that those fish can't last forever," he said. "Other efforts to protect the supply have failed, but I think that with the department's recommendation we can get federal authorization of compacts."

ST. HYACINTHE COLLEGE FIRE TOLL MOUNTS

MANY ARE INJURED IN QUEBEC, CAN., DISASTER

St. Hyacinthe, Que., Jan. 18 (Canadian Press)—Flames which flared in the night swept the College of the Sacred Heart for boys here today, leaving 17 known dead and 27 persons missing.

Two faculty members from the United States were among the teaching brothers and students missing and four others from New England were among 21 victims in hospitals with serious injuries or burns.

Jumps to Death The teaching brothers from the United States who were missing were Brothers Joseph, 75, and Xavier, whose name in civilian life was Letourneau, both were of Woonsocket, R. I.

The injured New Englanders were Brother Alexis, 27, formerly Tessler, of Woonsocket; Brother David, 26, formerly Bergeron, Pawtucket, R. I.; Brother Blaise, 32, formerly Gignac, of Woonsocket; and Roland Manseau, 14, of Woonsocket, Vt.

One of the dead was identified as the Rev. Brother Jean Baptiste, 64, who jumped to his death, and another as Joseph Vincent, St. Hyacinthe student.

Weather Below Zero Provincial police said they feared a majority of those missing perished in the flames which destroyed the 37-year-old, four-story brick building.

Many of those in the hospital were injured in jumping from the top floor dormitory quarters. Some suffered from exposure in the below-zero weather.

Rubber-coated firemen, their caps coated with frozen spray, poured tons of water into the flaming ruins throughout the day. The fire was believed to have had at least a half hour start when it was discovered about 2 a. m. by a passerby. The flames ate rapidly through the wooden interior of the building before all the 80 boarding students and 21 teaching brothers could be aroused.

Trapped in Beds The terror and confusion in the darkness of the smoke-filled dormitories were described by Robert Dionne, 18, of Drummondville, Que., a survivor who suffered leg and shoulder fractures as he jumped into the snow below.

"The first I knew when I was awakened by someone shouting: 'Fire, fire,'" the youth said. "I jumped out of my bed and everybody was running around. Already the smoke had filled out dormitory. The building seemed to be shaking."

"I dashed to one door but the smoke was so thick I had to turn back. The other fellows were running around, too, shouting and yelling.

Floors Collapse "Everywhere I ran the smoke was becoming thicker and thicker. I touched something and thought I had reached a door, but it was a window. I looked out the window, then jumped.

"I can't tell you how many were left inside, but I saw only four or five outside when I jumped. I was dressed only in my underwear."

One by one the floors collapsed until all were a pile of smoldering debris in the basement, surrounded by the blackened walls of

Planes Rush Confessed Ross Kidnaper Eastward

DOUBLE SLAYING JURY SELECTED

Wife and 'Best Friend' Shot in Embrace at Los Angeles

Los Angeles, Jan. 18 (AP)—Nine middle-aged men and three young matrons will try Paul A. Wright, 38-year-old aviation executive, on the charge of murdering his attractive wife, Evelyn McBride Wright, and his "best friend," John B. Kimmel, airport operations manager.

After 27 talesmen had been examined, Deputy District Attorney S. Ernest Roll and Jerry Giesler, defense chief counsel, accepted the jury, and then launched into the task of selecting three alternate jurors to guarantee continuance of the trial should a regular juror become ill.

In his statement to District Attorney Byron Fitts after he surrendered to police, Wright said he shot his wife and Kimmel the night of Nov. 9 as they sat on a piano bench in an embrace in the Wright home in Glendale.

Wright has pleaded innocent and innocent by reason of insanity. He is to be tried first on the former plea.

Hoover's disclosures turned the hunt for the bodies of Ross and Gray to the countryside between Rockford and Beloit, Wis. Federal agents were expected to begin a search of that territory tomorrow.

Quinnell Appointed At Flint Hospital

Flint, Mich., Jan. 18 (AP)—After tests showed only one of the 250 employees of Hurley hospital had scarlet fever, a quarantine invoked yesterday was removed today.

Nurses, internes and other employees were confined to the hospital grounds temporarily after it was discovered a student nurse, assigned to the contagious ward, had contracted the disease.

Quinnell Appointed Grand Rapids, Mich., Jan. 18 (AP)—Federal Judge Fred M. Raymond announced tonight the appointment of George C. Quinnell as United States commissioner at Marquette.

Soviets Hold American Woman Under Suspicion Of Espionage

Washington, Jan. 18 (AP)—Secretary Hull, receiving word from the Soviet government that Mrs. Marie Rubens of New York City had been arrested in Moscow on suspicion of espionage, asked Soviet authorities tonight to permit an American official to see her.

State department spokesmen said the request was made so that a secretary of the American embassy in Moscow could determine how she was being treated and whether her story of her detention corresponded with the Soviet version.

Counsel for Miss Constance Boeger of New York, sister of Mrs. Rubens, announced he would ask the secretary of state to arrange if possible that the prisoner be represented by counsel of her choice.

Spanish Loyalist Lines Pushed Back

Hendaye, France, (On the Spanish Frontier), Jan. 18 (AP)—Spanish insurgent authorities announced today their artillery had isolated government troops at Teruel, except for a small corridor leading from the strategically important provincial capital to Valencia.

For the first time in three months, the insurgents said, the government soldiers fled "hysterically" before insurgent attacks at Santa Barbara and Mansueto, government defense positions north of Teruel.

Detroit Edison Co. Spends \$18,000,000

Detroit (AP)—The Detroit Edison Co. Tuesday announced it would start a \$18,000,000 program of construction and replacement this year, the largest of any post-depression year.

Traffic Toll

Ionia, Mich., Jan. 18 (AP)—Seven-year-old Robert Marion died today of injuries suffered yesterday when a temporary school bus collided head-on with another automobile. Two of five other persons injured remained in critical condition.

Geer H. Smith, Ionia county prosecutor, said he had started an investigation.

Those in critical condition were: Rowena Manning, 13, reported near death at her home with a fracture at the base of the skull.

Harold Cunningham, 31, of Hubbardston, driver of the car in which the two children were being returned from school; he suffered a crushed chest and doctors feared pneumonia.

ONE MILE HIGH FALLS FOUND

Aviator Reports Find in Venezuela; River Up in Clouds

New York, (AP)—An American aviator's discovery of a mile high waterfall in Venezuela was reported by Kimball Placens, instructor in the College of the City of New York.

The flier, Jimmy Angel, expected to arrive in Miami soon from South America, said in a letter he had discovered the falls about 250 miles southeast of Ciudad Bolivar, Venezuela.

He said the stream, pouring from a high plateau in the clouds into dense jungle far below, was probably a tributary of the Caroni river, a confluence of the Orinoco. Angel said he estimated the height of the torrent by readings on the altimeter of his plane. He estimated the straight drop at between 5,000 and 6,000 feet, with rapids dropping 1,000 feet more at the base of the cliff.

The distance is about three times the height of the "world's highest falls," Kukuenaam, in British Guiana. Niagara, in comparison, is only 167 feet high.

Angel is employed by North American mining interests operating in Venezuela.

Installment Buying Evils Draw Fire Of Michigan Governor

Lansing, Jan. 18 (AP)—Governor Murphy launched a campaign today against what he termed "attendant evils" of installment merchandising.

The governor appointed a committee to study the problem and suggest corrective legislation. He indicated the inquiry might reach into the small loan industry.

The committee is composed of Clare Griffin, dean of the University of Michigan's school of business administration; Chief Assistant Attorney General Samuel B. Ostrow; Common Pleas Judge Joseph A. Gillis, Detroit; Henry Wine-man, executive for a Detroit firm that specializes in installment sales; Edward G. Kemp, the governor's legal adviser; Louis C. Miran, director of the Detroit legal aid bureau, and Professor Marvin L. Niehaus of the University of Michigan law school.

Lewis' Left Puts Gallagher Asleep

St. Louis, Jan. 18 (AP)—John Henry Lewis, world's light-heavyweight champion, knocked out Marty Gallagher, Washington, D. C., heavyweight, in the third round of their scheduled 10-round fight tonight.

The knockout came hardly without warning about a minute after the round was under way. The Phoenix negro uncocked a vicious left to the chin and Marty went down.

Lewis weighed 181 and Gallagher 209 1/2.

Had Been Unable To Work for the Past Five Years

KruGon Proves a Real Blessing to Alton Man in Giving Him Back His Health; Like New Again

"It is a pleasure to tell others about a medicine like KruGon which gives such amazing results," said Mr. Jacob S. Rodgers, 2910 Hillcrest, Alton, Illinois. "For the past five years I had

MR. JACOB S. RODGERS

been unable to do work of any kind. My kidneys and bladder were terribly disordered which filled my system with poisons. Neuritis settled over my body with those awful sharp, stabbing pains and what I endured cannot be described in words. I was forced, in my condition to get up four and five times every night and naturally my rest and sleep was terribly disturbed. I lost weight steadily, did not have my usual strength and energy in spite of all I tried. I only grew worse steadily. But all this was soon changed once I gave KruGon the opportunity of helping me.

"I cannot say too much in praising KruGon after what it has accomplished for me," continued Mr. Rodgers. "My kidneys and bladder were soon regulated, poisons removed from my body in a most natural manner and I am again feeling like my former self. I am now able to sleep the entire night through without any disturbance, get my rest, have regained my lost weight and those awful neuritis pains have been driven from my body. I am again able to do my work. Suffering people everywhere should learn of KruGon and profit from its use as I have done."

KruGon is sold by West End Drug Store, 1221 Ludington St., this city.

Changes Proposed To Clean Up State Liquor Conditions

Lansing, Jan. 19 (AP)—The state liquor control commission today sanctioned a nine-point program designed to end what Commissioner Hale G. Knight termed "disgusting" conditions in some of Michigan's drinking establishments.

Knight, who recently toured Detroit's drinking places, said he believed the program, if adopted, would result in "a general cleaning up" of the state.

Knight's program:

1. Reduction in the number of licenses issued. This would apply particularly to communities which have not voluntarily curtailed the number of licensed places, he said.

2. Heavier penalties on licensees who violate regulations.

3. Elimination of the so-called "cheater" by more rigid enforcement of the law through a greater amount of police work.

4. More rigid enforcement of sanitary regulations.

The commission acted quickly on this suggestion. It appointed Charles Parrish, head of the law enforcement division, and John Shea, supervisor of the commission's brewery and alcohol division, to set up a regular inspection system of all drinking places.

5. More control over waitresses employed in drinking places to afford them, as well as the licensee and the customer, more protection.

"The waitress often acts as a go-between of the female patron on one side of a drinking place and the male customer on the other," Knight commented.

6. The commission should grant no more licenses to "hole-in-the-wall" places. Knight said he believed that every applicant for a liquor license should have to prove he had substantial capital to operate a clean and orderly place.

7. More rigid inspection of applicants. He said he believed the commission did not probe far enough into the past history of each applicant.

8. Establishment of zones where licenses should not be issued.

9. The commission should recommend to the legislature some plan as an alternative to the present requirement that "all licenses shall be granted on an annual basis at one time of the year."

He predicted such a law would prevent the annual rush for licenses and would give the commission time to investigate applicants more thoroughly.

Knight pointed to Grand Rapids as a city where, he said, the liquor situation is handled "with common sense."

"Grand Rapids, with a population of about 165,000, has only 65 drinking places," he said.

"Therefore, when an applicant gets a license in that city he respects it. Competition is not too keen and the licensee are not forced to resort to illegal means of making money. Grand Rapids, as a result, offers no enforcement problem."

On recommendation of Shea, the commission revoked the license of the Michigan winery plant No. 2 at Paw Paw. The plant was closed by federal and state agents who charged they found an illicit still in operation.

SIX ARE KILLED IN FAMILY FEUD

Four Children and Four Adults in Durand, Wis. Shooting Affair

Durand, Wis., Jan. 18 (AP)—A husband and wife clung to life as they lay in hospital beds tonight, survivors of a family feud shooting which took the lives of four children and two adults.

Dead were Lawrence Leffay, 37, who Sheriff Victor Seline said left a note confessing the killings; his wife, their two children, ages 5 and 7, a niece, 8, and nephew, 5.

Marvin Leffay, 35, brother of the dead man, had a bullet wound in his liver. His wife suffered bruises and cuts about the head from pistol blows.

The sheriff said the brothers had quarreled frequently after a barn fire last March, for which Lawrence blamed Marvin.

Last night, the sheriff said, Lawrence attacked his brother and sister-in-law at their house, took their children to his home and there ordered them, his wife and their children to lie in bed, where he shot them one after the other.

The building was built in 1900. Two wings were added in 1916 and later a chapel. The main portion of the building was 175 feet long and 70 feet high.

The brothers of the Sacred Heart operated the school on the outskirts of this community of 14,000 population, 35 miles east of Montreal.

School and fire authorities said they were unable to determine the origin of the fire.

"LIKE AN EARTHQUAKE"

St. Hyacinthe, Que., Jan. 18 (Canadian Press)—His bandaged feet smarting from frost-bite, 14-year-old Roland Manseau told tonight of an "earthquake" that tossed him from his bed in the fourth floor dormitory of fire-swept Sacred Heart college.

The Winooski, Vt., youth was in a hospital after racing half a mile in light attire from the doomed institution where at least 17 men and boys lost their lives.

Plumes shooting through the floor beside his bed wakened Manseau early today, he told reporters from his hospital cot. Then came what he thought was an explosion.

"It was like an earthquake," he said. "Pupils were thrown from their beds. The metal escapes were red hot. Fire swept through the college from every angle; it caught on to the other floors."

"There was no time to escape. We jumped into the snow below." Manseau and other survivors wakened Father Gervais, college chaplain, in his home a short distance from the blazing building. Then the New England youth started over the snow-weigh road for the hospital a half mile away.

FLINT YOUTH DENIED HIS \$2,000 'DOWRY'

Flint, Mich., Jan. 18 (AP)—Robert Vanbesler failed today in his attempt to obtain a \$2,000 marriage "dowry" from his parents, Julius and Augusta Vanbesler.

The youth, married March 14, 1936, alleged he had turned over his earnings prior to that time with the understanding they would give him \$2,000 upon marriage. The parents denied such an agreement and said they had spent more on their son than he had ever given them.

Circuit Judge Edward D. Black rejected Robert's claim.

French Crisis Ends; Radical Socialists Ruling New Cabinet

Paris, Jan. 18 (AP)—Premier Camille Chautemps tonight succeeded in forming a new government composed principally of radical Socialists, ending in its fifth day the longest French cabinet crisis since the World War.

The question of continuation of the 19-month-old people's front, coalition of Leftist parties, remained undecided, however.

The premier, whose support for his new government in the chamber of deputies. But the Socialists, who participated in Chautemps' preceding government, did not take posts in the new cabinet.

Their communist allies in the people's front decided to await a ministerial declaration of policy in the chamber Friday, then to judge by the government's program whether to continue supporting Chautemps and keep the people's front intact.

Witness Fees Keep Family Off Relief

Detroit, Jan. 18 (AP)—The murder trial of Mrs. Virginia Broadway, in which she was acquitted last week of a charge of killing her infant daughter, proved something of a blessing today to her family.

Judge W. McKay Skillman said witness fees to be collected by six of Mrs. Broadway's eight children and their father would total \$144 and would keep them out of the welfare rolls for the rest of the winter. Judge Skillman ordered the fees paid in weekly installments on a budget prepared by welfare investigators.

The mother left last night for her former home in Walnut Ridge, Ark. Her youngest child went with her.

Business Drops Off; Liquor Commission Fires 65 Employees

Lansing, Jan. 18 (AP)—The state liquor control commission, seeking to keep within its budget, today authorized the discharge of 65 employees. Commission members said the move would keep the commission from incurring a \$65,000 deficit by the end of the fiscal year.

Ernest A. Sackerman, supervisor of state stores, said 53 of those to be discharged were state store clerks. The remainder, he said, are engaged in part time work in Lansing and Detroit.

"The state's liquor business has fallen so drastically that we are obliged to go through with this layoff," Sackerman said.

He said the dismissals "would not be a discharge in the real sense of the word." He asserted those released would be placed on the civil service waiting list for re-employment in the state government providing they pass qualifying tests.

Japan's action drew renewed demands from leaders of the neutrality bloc in congress that the president invoke the neutrality act. It provides that the chief executive shall ban arms shipments to belligerents when he finds a state of war existing abroad.

Senator La Follette (Prog. Wis.) said he believed the Japanese action "removed one more shred of the palpable fiction that there isn't any war in China."

Maryland Tracing Ring Bribe Rumor

Baltimore, Jan. 18 (AP)—A 19-year-old boxer, still close-mouthed about the identity of a man he said gave him \$150 to run out on a fight, proposed today to carry out a scheduled match in Philadelphia Friday night.

Bantamweight Sammy LaPorte said his suspension in states affiliated with the National Boxing association would not affect his Philadelphia fight with Al Brown.

Stanley Scherr, chairman of the Maryland Athletic commission which suspended LaPorte when he quit after the fifth round of a bout with Lawrence Gunn last night, said he wanted to learn who paid the boxer to go to Flint, Mich.

"Then we are going to the grand jury," he said. "This was nothing by a brazen attempt, by bribery, to put a new club out of business by breaking up its first show, making the fans mad, and leaving the promoters holding the bag."

OLD PETE GIVEN HIGHEST HONORS

Diamond Writers Select Veteran of Nats in Third Annual Vote

BY ALAN GOULD New York, Jan. 18 (AP)—To the list of baseball immortals in the hall of fame established at the game's birthplace in Cooperstown, N. Y., the official jury today added the name of Grover Cleveland Alexander, one of the great right-handed pitchers of all time.

"Old Pete", who ended a brilliantly colorful but checkered career in 1930 after nearly 20 years in the National League, was the only star to qualify for the all-time galaxy in the third annual vote by members of the Baseball Writers Association of America.

A minimum required total of 197 votes, or 75 percent of the total cast, Alexander alone qualified for election by being the choice of 212 experts among 262 participating in the national poll. His elevation to the honor roll was forecast a year ago when he topped the list of players falling to get the necessary three-quarters vote.

Finishing short of the total essential to gain hall of fame entry were George Sisler, famous first baseman of the St. Louis Browns in the 1920's; Wee Willie Keeler, great outfielder of the National League, and Eddie Collins, long-time king of second basemen with the Athletics and White Sox. Their closely-matched totals, respectively, were 179, 177 and 175.

The only others to receive more than 100 votes, were George (Rube) Waddell, southpaw, who gained fame first with the Athletics, 148; Frank Chance, one-time "peerless leader" of the Chicago Cubs, 133; Ed Delahanty, slugging king of his day who ended up with Washington after a long National League career, 132; and Big Ed Walsh, iron man pitcher for the Chicago White Sox, 110.

Pitched 600 Games Alexander becomes the ninth of the so-called "modern" group of super-stars voted into the hall of fame. The Baseball Writers' polls have been restricted to players active since 1900 but no longer in competition at the time of the vote. The first five choices were Ty Cobb, Babe Ruth, Christy Mathewson, Hans Wagner and Walter Johnson. Last year Nap Lajoie, Tris Speaker and Cy Young were added to the list.

Major league club owners, in joint session last December, voted to include the two most famous managerial figures of all time, Connie Mack and John McGraw, in addition to George Wright, pioneer player and manager; Morgan Bulkeley, first National League president; and Byron Bancroft Johnson, organizer and first president of the American League.

Alexander won 28 games in his first major league season, still a modern record for a freshman. He won 30 or more games in three consecutive years, 1915-17, a feat achieved only by the immortal Matty in this century. Although he never pitched a no-hitter, Alex set an all-time record by hurling four one-hit victories in 1915.

Some of Alexander's other records included: Most National League games pitched (696) and won (373); a major league mark, shared with Walter Johnson, of leading his league in the number of complete games pitched for six years; a National League earned run mark of 1.22 for pitchers working in 250 innings or more; 90 shutouts, a life-time league record, and 16 whitewashings in one season, 1916, for a major league mark.

Rapid River Driver Seriously Injured In Ensign Accident

Ray Papineau, Rapid River, was seriously injured last night in an automobile collision near Ensign on US-2, according to information supplied by the Delta county sheriff's department. Papineau received chest injuries, and was unconscious when brought to his home at Rapid River.

The accident occurred at 8:30 p. m. Tuesday. Papineau was driving east on US-2 in a coupe when he struck the rear of a truck driven by George Jones of Ensign, also going east. The accident was investigated by Deputy Harold Johnson of the sheriff's department, who was called to the scene of the crash.

Papineau's coupe was badly wrecked.

Shuffleboard Party Booked For Tonight

There will be another shuffleboard party tonight at the city recreation center beginning at 7:30. At last week's session, several ladies were interested in forming an adult shuffleboard league the same as in bowling, basketball, or any of the other sports. The party tonight will be for adults who are out of high school. Those younger are asked not to come.

There will be two courts and better equipment for the evening's fun. Each person will get a chance to play several games during the course of the evening. Any interested adult is invited. Married couples are especially invited to come and make a team, either with each other or if they prefer, "wife and husband swapping." In this case, will not be a crime.

HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything from Soup to Nuts

The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you eat too much, hurried or fast food—your stomach points out its trouble. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over.

Doctors say never take a laxative for stomach pain. It is dangerous and foolish. It takes these little black tablets called Bell-tone for Indigestion to make the stomach digest food properly, relieve distress, the indigestion and get you back on your feet. Bell-tone is so quick in its amazing and one 25c package proves it. Ask for Bell-tone for Indigestion.

SEA TRIP TAKEN BY 18 BOMBERS

U. S. Fighting Planes Carry 127 Non-Stop to Honolulu

San Diego, Calif., Jan. 18 (AP)—A fleet of 18 bombing planes, a fighting wing of the United States navy, dived high over the Pacific sea lanes tonight, bearing 127 officers and men non-stop to Honolulu.

The big patrol bombers, massed in the greatest over-ocean formation flight ever attempted, expected to fly the 2,570 miles to Pearl Harbor, Honolulu naval base, in 15 to 20 hours. The official take-off from San Diego was at 9:34 a. m. (12:34 p. m., Eastern Standard Time). Lieut. Commander Spencer H. Warner was in command.

The navy described the flight as "delivery by air of new aircraft in conformity with naval practice."

The big flying boats, heavily laden with fuel, rode deep in the water as they taxied down the bay, warming up for the take-off. One by one they took the air and headed seaward for a rendezvous 100-miles-off-shore.

Some of the ships bounced heavily on the water before gaining flying speed; others moved along easily, climbing swiftly aloft.

One of the flying boats was piloted by Lieut. Tom Hamilton, former naval academy football coach. Each plane carried an electric stove, ice box, and complete provisions. The navy saw to it, furthermore, that each crew included an excellent, although unofficial cook.

Southern Filibuster Has Breathing Spell

Washington, Jan. 18 (AP)—A New Englander denounced federal power policies in the senate today, giving a rest to southerners filibustering against the anti-lynching bill.

Interrupting the steady flow of southern oratory against the bill, Senator Bridges (D-NH) made a 5,400-word speech criticizing activities of the Tennessee Valley authority.

He said the TVA was selling most of its power to corporations in the Tennessee Valley. This was "fostering the very so-called vicious monopolies that the administration claims to be a major cause for the business recession," Bridges declared.

The filibuster now is 11 days old.

Third Supper of Series Thursday, Play on Program

The third in the series of fellowship suppers will be held at the Presbyterian church Thursday evening, January 20, at 6:30 o'clock. The social rooms of the church were well filled last week and indications are that there will be a capacity crowd this week.

The main feature is a religious play, "Whom Jesus Loved," which is set in Bible times and costume. Robert Thurber will direct the play and the following are in the cast: Lawrence Erickson, Mrs. Lawrence Erickson, Irene Thompson, Mrs. Robert Thurber and Clarence Zerbel.

Those sponsoring the supper, which is pot-luck in plan, are Mrs. C. Thompson, Mrs. F. Johnson, Mrs. H. White, Mrs. K. F. Harrington and Mrs. Clarence Zerbel. Friends are asked to call for reservations and further details.

The purpose of the suppers is to extend and strengthen the bonds of friendship among friends and members of the church.

positions he desires, he must play his cards on the assumption that fate will be kind and place these cards where he wants them. In today's hand, which was played in a rubber bridge game in Ottawa, Canada, Mr. B. Saunders, the declarer, although realizing that victory depended upon lots of luck, did not give up.

Of course three no trump is a laydown with South as declarer, but when Mr. Saunders saw the dummy, he knew that he had his work cut out for him to make five clubs. Mentally playing the hand, he decided that he could make it if West held not more than one trump and not more than three hearts.

Playing this hunch, he laid down a trump, and then the king of hearts and a low heart to the ace. A low heart was ruffed and West discarded. Everything had come out as planned.

A spade was led and West won, but then he could make no return that would set the contract, as the lead of a diamond would establish South's king, and any other lead would give South a ruff and a discard.

The contract was a dangerous one, and not the best that might have been reached, but South is entitled to all credit for the way in which he played for the distribution needed to fulfill his contract.

Contract Problem (Solution in next issue)

North's contract is six diamonds. After East's opening lead, it is obvious that at least one spade must be lost, and perhaps two. What line of play offers the best chance, with this lead, to fulfill the contract?

WE, the WOMEN

BY RUTH MILLETT

"Did she marry well?" That question gets asked about every bride—and asked a good many times. It sounds like a harmless enough question, especially since it is usually asked by interested friends.

But the question itself sums up the commercial attitude toward marriage that the older generation has pressed upon the marrying one.

For they don't mean "Did she marry for love?" Or "Did she marry a man who wants the same things out of life that she wants?" Or "Did she marry a man with a background not too different from her own—and with beliefs that are not opposed to hers?"

No, the women who ask "Did she marry well?" mean only one thing: "Does the man have money?" And if he doesn't, "Does it look as though he will have money some day?" In other words, "How much can he give her?"

Women go on asking that question even when they know from their own lives that money has nothing much to do with a successful marriage, and that lack of it doesn't make a marriage a failure.

But how are girls to know what is important and what isn't when middle-aged women casually pronounce a "good marriage" one in which the girl moves into an easy way of living?

Maybe some day women will be far-sighted enough to see that the only way to tell whether or not a girl has married well is to see if her marriage is a short or a long term contract. Meanwhile they might swear off that misleading question.

War Is Expensive

THE Japanese militarists are apparently beginning to find that the Chinese resistance to their invasion is more than they bargained for. Premier Konoze has frankly admitted to Japanese political leaders that the Chinese situation has become grave. The munitions-industry-mobilization law has been invoked to give the government complete control of armament production, and it is planned to reform the cabinet with a hope of better meeting the emergency.

MR. LEWIS WARNS AMERICA!
(Chicago Journal of Commerce)
The activities of the C. I. O. and the utterances of John L. Lewis on many occasions have clouded the objectives of both the organization and its leader. It has sometimes been difficult to determine just what Mr. Lewis and the C. I. O. were after. Mr. Lewis' recent pronouncements from his Tucson, Arizona, retreat, may provide a clue to the answer.

New York Column

BY GEORGE ROSS
New York—The Stage: They've gone now, but for a week or so, Fredric March and his wife, Florence Eldridge, commanded the attention, if not the support, of the playgoers of this town. After playing "Yr. Obedient Husband" to curious, but indifferent, audiences a meager eight times, the Marches graciously gave up the ghost and may, as far as anyone around here knows, be shuttling back to Hollywood.
As such catastrophes go, the March fiasco is paralleled only by the inglorious vanquishing of Katharine Hepburn when she frook the screen long enough to come back here in "The Lake." Miss Hepburn, you may recall Dorothy Parker as saying, ran the gamut of emotions from A to B. And, in truth, the boys were not much kinder to this celebrated cinema couple. For they warned off the theater-goers in no uncertain terms, bidding them beware, so to speak, of the ideas of March.

No "Wildcats" Pledged

THE international executive board of United Automobile Workers of America voted unanimously in Detroit Monday to give assurances to the General Motors Company that the union will not countenance unauthorized strikes in the future.
According to the pledge made by the union executives, the General Motors Corporation is given permission to discharge any employee found guilty of provoking or starting a "wildcat strike". The promise given by the union is expected to pave the way for the reopening of contract negotiations between the corporation and the U. A. W. A., for President William S. Knudsen of General Motors has steadfastly refused to discuss a new wage terms unless such assurances were given.

An American OGPU

THOSE liberty-loving Americans who have shuddered at the accounts of the exploits of the Soviet OGPU and the Nazi Gestapo, no doubt, will be shocked to learn that the tactics of the notorious secret police are practiced even in official Washington.
Senator McCarran told the public lands committee on Monday that he had received a report that Interior department investigators had entered his office at night and gone through his files some time ago. Louis R. Glavis, former head of the Interior department's investigation bureau, testified before the same committee that his agents had engaged in tapping governmental department telephones.
Glavis testified that at one time he had between 600 and 700 investigators working under him, and that he was directly responsible to Secretary Ickes, who in times past has been a bitter critic of industrial espionage systems. With such a force of secret police at his command, it is strange that an Interior department clerk was able to operate a "dummy" CCC camp for several months and misappropriate several thousand dollars of the taxpayers' money before the irregularities were discovered. It appears, the investigators were spending too much time spying on congressmen.

THE BALANCE TIPS

Political co-operation of farmer and labor against what the radical element is pleased to regard as ruthless business greed is a form of strategy which always has been very highly regarded by the Communists within labor's ranks.
Although Mr. Lewis fights shy of the word "communism" his use of the phrase "communal form" carries implications which brand him as a citizen of dubious purpose—well worth some serious thought by those who believe his interest in labor is completely and unquestionably altruistic.

NEWBERRY MAN GOES ON TRIAL

August Hepe, 69, Faces Charges of Girl, 14, in Circuit Court

Newberry, Jan. 18—August Hepe, 69 year old man, went on trial here before Judge Herbert Runnels in circuit court on a charge of taking indecent liberties with a young girl. This was the only criminal case on the calendar and was carried over from the October term when the defendant was unable to be present because of illness.

Before a crowded courtroom, Attorney James Henderson of Sault Ste. Marie and Prosecutor A. L. Sayles of Luce county battled over the jury. Of the 18 men called only fourteen were able to be present. Henderson putting forth the argument that witnesses did not allow other talesmen to be called. Judge Runnels ruled otherwise and court officials were ordered to call more jurors, which was done. At the afternoon session two hours were spent in filling the jury box, testimony not starting until four o'clock.

Two witnesses were called. Trooper Ralph Sheehan giving testimony concerning the official action in the case and the 14 year old girl, complaining witness, taking up the balance of the time until the close of the session. The girl, whose name is withheld because of the nature of the case, is now a student in a down state girls school. She charged the offense was committed on August 12th and told the story in detail. She fixed the exact date by recalling that on Friday the thirteenth her grandmother went away.

Defendants attorney attempted to show that the girl had reason to be vindictive because of trouble she had had with Hepe for whom she did small jobs about his store. She admitted that she took money from the store on three occasions. To the argument that Hepe had at least once ordered her out of the store in the presence of a wholesaler she answered that the defendant had told her not to stay at the store when the salesman was present. Considerable testimony was taken to show the arrangements of the store, locations of cases, counter, boxes and a chair, windows and streets, the witness charged that on three previous occasions the defendant had committed the offense and that she had not told anyone until brought into juvenile court for questioning. A sister of the complaining witness and two other girls were involved in the cases out of which two men are now serving sentences in Marquette, having pleaded guilty to similar charges. Prosecutor Sayles will present several witnesses on the morning session, among them to be the sister of the complaining witness, Dr. George Swanson, and juvenile court officers. The case may be given to the jury on Wednesday.

Hanna Firm Buys Wauseca Mine Fee
Iron River.—Purchase of the fee owned by Mrs. Agnes Konwinski, 416 Adams street, in the Wauseca, or Konwinski, mine by the M. A. Hanna company was announced over the week-end. The fee was said to have covered three-eighths of the mine and the company paid approximately \$35,000 for it. The Mineral Mining company, of Iron Mountain, has a long term lease on the property, parts of which are also owned by Herman Holmes, William Scheibler and the Corcoran estate, of Crystal Falls.

Veteran Attendant At Hospital Dead
Newberry, Jan. 18—Adolph Potvin, veteran attendant at the Newberry State hospital, died at 7:55 a. m. on Monday following an illness of some weeks duration. He had been cared for at Ferguson Receiving hospital since December 24th.

Mr. Potvin was born on January 27th, 1868 at Alpena and was one of six sons and four daughters born to Morrille Potvin and Harriette Bissonnette Potvin. He has lived at Newberry for the past 17 years, being for some time employed by the Harcoal Iron company and the Horcon Flooding company, before he took the position at the hospital.

Unconfirmed reports are that the Hanna company also bought the Peter J. Aronson property adjoining the Wauseca. This is an undeveloped mine. The consideration was not mentioned. The Republic Steel corporation formerly had the lease on the Aronson property. The wiring system of a car should be inspected for worn insulation and poor connections at least once a year.

of Newberry and Mrs. John F. Thiard, (Armine) of Algoma, Wis. The body was taken to Beaulieu's to be prepared for burial and was removed to the home of Mr. and Mrs. H. Harris on Truman avenue on Tuesday morning. The funeral mass will be sung on Wednesday morning at 9:00 a. m., Rev. Fr. Juras officiating. Burial will take place in Forest Home cemetery.

WORK ON ACID PLANT MOVING

Improvements in Charge of T. C. Albin; Will Make New Product

Newberry, Jan. 18—Construction of the new direct acetic acid plant at the Newberry Lumber and Chemical company's local plant, is making good progress, it is stated by T. C. Albin, chemical engineer who is in charge. Work on the modernizing of the plant, which has hitherto made only the acetate, was begun on June 1st, but awaited the final granting of the federal loan before it swung into full construction work. Since September a crew of 20 men have been busy. Outside work was done during the warmer months. Much of the work has been rearranging to make room for the new installation. Mr. Albin reports. All copper and other materials are now on hand and the work of fabricating the stills is going forward in the company shops, much of it being done by local labor. Few completed equipment was purchased outside so that the pay roll goes to Newberry men rather than to some shop in another city.

At present few outside changes are noticed in the plant and will not show until warmer weather comes. The present tower will be extended about 40 feet north to the end of the present building and will be six stories high, or four feet higher than the present tower. Mr. Albin expected the new plant to be ready to go into operation in June. The new plant will not increase the number of men on the pay roll but will produce a product which will find a more ready market than does the acetate now manufactured. Mr. Albin leaves on Wednesday for Memphis, Tenn., the location of the other company plant and will be away about ten days.

Ken Voght And Trained Skunk Leave For Expo
Kenneth C. Voght, accompanied by his trained pedigree skunk, Smelt the Great, will leave this morning for Detroit, where they will collaborate in publicizing Delta county's tourist attractions at the Detroit and Michigan Exposition.

Smelt the Great was purchased from an Indiana skunk farm several months ago by Mr. Voght, who has been training the animal since with the assistance of James Christie, well known dog trainer. A muzzle and leash has been obtained for the striped kittle, who will be led around the streets of Detroit and the exposition hall by its owner.

Voght and Smelt the Great will be interviewed by Kendrick Kimball, Detroit News feature writer, in a radio news broadcast from station WWJ 6:15 o'clock Friday evening.

The Escanaba man will assist Edward Dreier, official photographer of the state tourist associations, at the Michigan Vacationland booth at the exposition. He will have 20,000 Delta county and 10,000 Escanaba Smelt Jam-boree folders available for distribution. Escanaba smelt is also being sent down to Detroit for a special display at the exposition.

Voght is being sent to Detroit by the Delta county board of supervisors.

Hugh Brotherton, Gould City, formerly of Escanaba, who is employed as agent for the Stack Lumber company resort properties in the Whitefish Lakes region, also will assist at the Michigan booth.

CONTRACT FOR MEET RECEIVED

MEA Regional Convention to Bring 2,000 to City in October

Contracts have been received for the conference of region seven of the Michigan Educational association, which will be held in Escanaba on October 6 and 7, it was announced yesterday by Supt. of Schools John A. Lemmer.

The teachers' convention, the largest and most significant of yearly conventions, will bring to the city of Escanaba approximately 2,000 teachers from every city and village in the Upper Peninsula.

Region seven consists of all Upper Peninsula counties. E. D. Pierce, principal of the junior high school at Sault Ste. Marie, is regional chairman while John Edick of this city is chairman of the Escanaba district.

The convention was held last year at Sault Ste. Marie. The last time this meeting was held in Escanaba was in 1934.

No announcement has been made of the speaking program as yet.

State Furnishes Over 50% Of School Funds

More than 50 per cent of all revenues for Escanaba public schools is derived from aid from the state of Michigan, according to a summary of school funds made recently by the superintendent.

While it may seem that this figure is high, it actually is low in comparison with that of other schools. In some instances, school districts, where delinquent tax rates are high, receive as much as

90 per cent of their revenues from the state.

The resume of school revenues given by Supt. John A. Lemmer is as follows:

1. Property tax for operating expenses now set at 6.9 mills. The assessed valuation at the present time is \$8,074,823. Collections of 100 per cent would realize \$55,516.27. Collections have been about 70 per cent.

2. Property tax to cover bonded indebtedness. This year \$11,000 in bonds are to be retired and the interest on bonds amounts to \$17,250. During the past several years \$7,041.99 has been borrowed from the operating fund to meet delinquencies in tax collections for bonded indebtedness. This amount was added to the levy this year for current bonded indebtedness. Rate for bonded indebtedness, January, 1938, is 4.35 mills.

3. Smith-Hughes aid. This is a federal contribution for carrying on Smith-Hughes agricultural program. Amount received this year, \$716.97; cost of department last year, approximately \$2,475. We are applying for Smith-Hughes aid in home economics.

4. Primary school interest fund. This is provided for by the constitution of the state of Michigan. The income is derived from the taxes on the following: utilities; railroad, union stations and depots, telegram and telephone, sleeping cars, express, car loading, stock cars, refrigerator cars, and fast freight companies; inheritance tax. The total amount collected is divided by the total number of children in the state on the school census (ages 5 to 19 inclusive) and each of the school districts in the state is given its proportionate share. This year we received \$11.39 for each of the 4,477 children on our school census, or a total of \$50,993.03.

6. Thatcher-Saur act. This act of this year provides for \$28,000,000 of state aid for schools in addition to \$15,000,000 paid in primary school interest money. It is this aid that has been cut 16 per cent by the governor due to the fact that the fund lacks nearly \$1,500,000 of meeting the provisions of the act. You will note that Thatcher-Saur aid is divided into two parts: (a) primary school supplementary fund, based upon the school census; (b) equalization fund given to districts if the supplementary fund does not bring up the income so that there is available \$55 for every elementary school child and \$75 for every high school child.

7. Tuition receipts for non-resident high school students the past year were \$14,726.12. The Thatcher-Saur act now provides that tuition receipts will be the actual per capita operation cost up to \$100.

8. Delinquent taxes collected to date amount to \$26,546.50. Delinquent taxes receivable July 1, 1937 were \$94,612.21.

9. Miscellaneous income is derived primarily from rents—houses and auditorium—and senior high activities fund contributions.

SENIOR CLASS PLAY SELECTED

Cast Chosen for "Big Hearted Herbert" by Director

Rehearsals are underway for the annual senior class play under the direction of Miss Mary Ellen French, instructor in French at the senior high school. The tentative date for presentation has been set for Friday, February 25.

The production this year is a three-act comedy entitled "Big-Hearted Herbert" by Sophia Kerr and Anna Richardson. Try-outs by the dramatic aspirants of the seniors resulted in the following cast, selected by Miss French:

Herbert—Meyer Stein. Elizabeth—Mary Jacobs. Robert—Francis Brown. Junior—Jimmie Enselone. Alice—Mary Chynoweth. Andy—Jack Reynolds. Martha—Mary Eileen Burke. Amy—Nancy Hughitt. Lawrence—George LaCrosse. Mr. Goodrich—Lyle Utt. Mrs. Goodrich—Rangfred Sviland. Mr. Havens—Glen Lewis. Mrs. Havens—Louise Malsone.

Health Talks Given Escanaba Teachers

Miss Georgia Hood of the Couzens health fund is holding a series of three meetings with teachers in the Escanaba public schools, discussing problems confronting school instructors. Upper and elementary grade teachers met with Miss Hood Tuesday, and today she will confer with primary teachers.

Rural schools of the county will be visited by Miss Hood today, and Thursday and Friday she will visit city schools.

Theatres

New York in its most glittering and romantic mood—the mood of the Gay Nineties and the Naughty Hundreds, the period that saw "Diamond Jim" Brady, "Jubilee Jim" Fiske and other bon vivants at their gayest, is the playground of curvaceous Mae West in her new film comedy, "Every Day's a Holiday," opening today at the Delft theatre.

Set at the turn of the century, Miss West's latest adventure is the story of a girl with a penchant for scolding the Brooklyn bridge to unsuspecting strangers, and idiosyncrasy which gets her into difficulties with the police, particularly Edmund Lowe, a detective. Lowe is assigned to the task of "bringing in" the elusive Miss West, a job which is not an easy one for him since he happens to be in love with her.

Also seeking Miss West is Walter Carlett, a theatrical producer who wants her to head a new show. It then becomes necessary for Miss West to don a black wig, acquire a French accent and become "Mlle. Fifi," an actress who takes the town by storm.

Movie Projection Room Is Begun At Senior High School

Work has begun at the senior high school for the construction of a motion picture projection room on the auditorium balcony.

Workmen will construct a wall across the front of the balcony, shielding it from the rest of the auditorium with special acoustical board.

Members of last year's senior class left a fund to be used for the purchase of new drapes for the auditorium. These drapes will be purchased shortly.

Another Crisis in France

There is a French Cabinet crisis about once every nine months. Since the Chautemps government held on for seven months it is not much below the average. It has faced a troubled world ever since it came into office and its majority included the Communists who are a disruptive force wherever they appear.

Com in a nuts suggest Goethe's Mephisto—"the eternal negator." When they are linked in one government with Marxian Socialists and a middle-of-the-road party like Herriot's Radical Socialists, the combination can't last. Where Communists are in complete control, as in Russia, they intrigue against one another and Comrade Stalin works firing squads overtime in order that he may carry on.

In France, they work more peacefully. They reshuffle the Cabinet and leave the Communists on the sidelines to shout their usual implications. This is the role for which they are best fitted by temper and tradition.

Why Cabinet Fall

Camille Chautemps will take his defeat philosophically. A few months ago he said to the writer: "Our difficulty in France is that we are always playing politics. There is scarce a month when we are not preparing for some sort of election. Personally, I do not need to play politics, because I am not enamored of my present job. But my government depends for support on those who play politics, and that keeps me in hot water."

The Communists have not assumed political responsibility and feel free to criticize. Their attitude is altogether negative. The Socialists say they will continue to give me their support, but—and their butts provoke trouble. They don't like this and they propose to do that, and what they propose frightens the world of finance and leads to the flight of capital.

Monsieur Chautemps might have said this to me yesterday, for it is an exact account of what led to the fall of his government. After criticizing almost every feature of government policy, the Communist leader announced that his followers would abstain from voting. The Socialist criticized Finance Minister Bonnet's refusal to block the export of capital. This, they said, would save the franc.

The Financial Crisis

Prime Minister Chautemps explained to me why he and Finance Minister Bonnet did not stop the flight from the franc. He said: "France's financial situation is largely a matter of confidence. Our financial circles have confidence in me and in Finance Minister Bonnet. They complain and with some reason, of the statements that are made by my Socialist associates in the Cabinet. We have made an enormous effort by raising our revenues by 12,000,000,000 francs and reducing our expenditures by 25,000,000,000 francs. We have placed ourselves in the best financial situation which we have occupied for some time. We have balanced our budget. We have kept control of prices. The one thing I cannot control is the loss of confidence which leads to the export of frightened capital."

"But why don't you forbid its export?" was my query. He replied: "For two reasons. In the first place, the three-cornered financial agreement which we have made with Britain and the United States, requires the free flow of capital for its successful operation. To stop that flow would violate the spirit of this agreement. Secondly, to control capital movement requires the establishment of a complete financial dictatorship. I could do it—I have the power to pass the necessary decrees—but it would mean a financial dictatorship which would separate us from Britain and the United States."

"Just to forbid the export of gold would not be enough. We would have to control export agreements. We would have to watch and censor the means to prevent the export to French paper money. We would have to establish complete financial control at every frontier. We would have to search every traveler who leaves or enters France. In short, we would be compelled to adopt the technique and the methods of dictatorship."

"When you embargo the export of capital, you immediately make capital twice as eager to escape. Only dictatorship can prevent it from escaping. I am determined to maintain democratic methods."

Popular Front Gone

This is why the French Premier permitted his Cabinet to break up rather than install the capital control demanded by Communists and Socialists. The Popular Front based on these parties of the Left can hardly be re-established. There are two alternatives. The ever-popular Edouard Herriot, leader of the powerful Radical Socialist party, which is neither radical nor Socialist, might organize a government of the Center with support from the Right. He has just been re-elected President of the Chamber of Deputies by an overwhelming majority. He delivered a patriotic address in the

Richest Girl in the World

BY ADELAIDE HUMPHRIES Copyright, 1932, NEA Service, Inc.

CAST OF CHARACTERS
CONSTANCE CORBY—heroine; richest girl in the world.
BRET HARDESTY—hero; bridge builder.
RODNEY BRANDON—Connie's fiancé.
KATIE BLYN—Connie's "double."

Yesterday, Bret accepts Connie's explanation about the jewels—they were her mother's. And that night Connie has her previous hour before she is to tell Bret really who she is.

CHAPTER XII

Connie had "her hour" for a little while. Her lovely, secret romance. Each day she told herself that the time must come when she would tell Bret the truth about herself. But each day wore on into the next, with her courage somehow falling her, her decision wavering.

Bret's bridge rose and expanded and spread; so that soon it would be a creation completed in steel and stone, as well as in a man's mind. So, she was this life to Connie, so complete her happiness and contentment, that afterwards she was to wonder if it really had been, if perhaps, she had not really been someone else, during those fleeting months, that were over and done, all too soon.

The first faint breath of spring descended into the low valley, warming the little sleepy village into a new activity, awakening the somber dark hills, brushing the tips of the gray trees. Wild things ventured out to sun themselves, to water at the springs; birds twittered and trilled and began to look about for a place for their home-making. And Bret insisted Connie wear high-topped boots for fear she might come across a rattler or copper-head during their walks.

"I'll make a hill-billy of you, yet," he told her jokingly. He was very gay these days, was Bret, Gay and masterful and tender.

"When are you going to make up your mind to marry me, like a sensible girl?" This was another thing that Bret said, more than once. "I can't see why we shouldn't get married right away. Except perhaps, that it might be better—for me—to wait until the bridge is done. You see," he adopted his bantering tone, "I don't want to let you take my mind completely off my work."

Connie said she wished she could. But she did not mean it. His bridge had become as important to her as to him. According to the contract it must be finished within another month. With luck, it would be. Just as with luck again—she might have that much longer as Katie Blyn.

She told him, laughingly, that she wouldn't give him his answer until that time. "When your bridge is finished," she said, "then I'll be sensible and make up my mind. We'll decide about being married."

That made postponement easier, more acceptable. When Bret's bridge was done Connie must tell him who she was, as well as when she would marry him.

She was not to be allowed, that postponement, however. Perhaps Fate, if there is such a lady, had decided that she had been kind long enough.

That following Saturday Eloise and Connie, in Bret's car, went shopping together. They had driven over to a nearby town, a larger one where the stores could more satisfactorily meet their demands. Their purchases had been completed, they had even indulged in a fancy sundae at the elegant marble soda fountain, when Eloise stopped suddenly in the street.

"Oh," she exclaimed, "I forgot—I'll have to go back. I promised I'd bring home a Charleston paper. Bret will be disappointed, and Mother will never forgive me, unless I do. You go on to the car, Katie, and I'll be with you in a minute."

"Take your time," Connie laughed. Eloise had appeared as distressed as though she had committed a sizeable offense. Connie and Eloise were close friends now. They had had many happy hours together, chatting as only two young girls can of everything under the sun and above it; they had, indeed, become like "sisters."

They chatted now, driving home again, of the latest fashions, as predicted in the store windows, how ridiculous the spring millinery was going to be with its towering crowns, profusion of feminine flowers and feathers and bows—yet how altogether delightful—as to whether Mrs. Parsons would be pleased with the luncheon set Connie had bought as a special surprise, whether or not Eloise should ever decide the momentous

question as to bobbing her hair. Not until they started to unload the car before the brick house did Connie notice the headlines and the picture on the page one of the Charleston paper that Eloise had bought.

Two pictures to be exact. A portrait study of herself that she had had made for Rodney just before the announcement of their engagement, and another, looking somehow like that same girl, yet somehow different—the girl in Connie's polo coat, the girl who was the real Katie Blyn.

"ARE THESE TWO GIRLS THE SAME?" the headline queried. "It is rumored that Constance Corby, the richest girl in the world, is in hiding. It is possible," the story continued, "that some other girl has been taking her place on board her million dollar yacht? Rodney Brandon, when interviewed, asserted this girl, supposedly Miss Corby, is not his fiancée."

"What's the matter?" Eloise asked.

"The matter?" Connie looked up from the paper. She tried to make her voice sound natural. But it shook a little. "Nothing... nothing," she said.

Everything, everything, she meant.

She knew that this was the end of this girl who stood here, shaken, troubled, carefully retolding the paper again; the end of this Katie Blyn. She knew she would have to go back, become Constance Corby once more.

She wondered if Rodney was to blame for this—or had the newspaper made the discovery? Rodney must have given out the story because she had run away; because she had stayed so long that, undoubtedly, he had become worried. He knew that the papers, the reporters, the whole world would not rest until the real Constance Corby was found.

If it was Rodney's doings, she could not blame him too much. He had his pride. She could only blame herself for believing she could go on and on, living this new life she had made for herself, keeping her lovely romance secret and apart.

She would have to tell Bret now—tonight. She realized that postponement had only made this the more difficult.

Would Bret forgive her? Would he understand?

TRENNARY NEWS

Trennary, Mich.—The debate team, consisting of Jack Taylor, Jack Case, and Willard Method were defeated in a debate with Menominee, Friday. The debate took place in the Trennary high school.

A free moving picture show will be held in the Trennary high school Monday evening. The picture will be "Deadwood Pass," with Tom Taylor. PWA PROJECT MOVING AHEAD

Storm Sewer on Cedar Street Nearly Completed

The laying of the Cedar street storm sewer and part of the new copper water service is nearly completed by the crew of the Gould and Cross street storm sewer. The Cedar street storm sewer will empty into the Sellman slip and runs north on Cedar street to the Main street intersection, just beyond the State Savings Bank.

For several blocks, the crew progressed rapidly until rock formation was met in the last block. Unable to excavate without breaking the rock formations, dynamite has been used to blast out the trench. Air jack hammers also are employed in carving out the trench.

Storm sewers also will be laid on River street, beginning near Lied's Dairy and extending on River street to the Manistique River. It is anticipated that rock formations will be met virtually over the entire route.

Until solid rock was met on Cedar street, the copper water services were not laid simultaneously with the digging of the storm sewer trench. However, after the workmen met rock in the 100 block of South Cedar street, it was decided to replace the old water lines with copper tubing at the same time as the sewer trench was being excavated.

The installation of the new boulevard lighting equipment also has been advancing satisfactorily. On the west side much of the wiring has been completed and side arms and globes have been installed on the lighting standards. All of the poles have been erected both eastside and westside but none of the wiring has been done yet on the eastside.

Housewarming

Mr. and Mrs. Amos Bowman were surprised Saturday evening by a number of friends who gathered at their new home on Range street.

Twenty-two guests were present and the evening's diversion consisted of playing games and cards. Delicious refreshments were served at the close of the evening. Mr. and Mrs. Bowman were presented with a lovely walnut coffee table by their friends.

AMATEUR SHOW SEATS ON SALE

Tickets Distributed for Contest To Be Held Friday Night

Tickets for the Lions club amateur show, which will be held at the Manistique high school auditorium Friday evening, January 21, will go on sale this morning. It has been announced. The evening show, at which time ballots of the audience will be taken, will start at eight o'clock. An afternoon performance will be given at four o'clock for the benefit of school children, but there will be no balloting at that show.

The amateur show is in reality a contest, and cash prizes will be awarded to performers in the five acts which the audience selects as outstanding. Ballots will be collected after all of the acts have been seen and heard, and it is planned to announce the winners at the completion of the show. A total of \$45 will be divided among the five winners, with the first place winner receiving \$15. Other prizes are \$10, \$8, \$7, and \$5.

Numerous calls have already been received for tickets for the entertainment but the tickets were not issued until today. Tickets can be secured from any member of the Lions club, or may be secured at the Daily Press office, Pioneer Tribune office, Bellaire Stores, Eastside and Westside and City Drug Store.

There will be no reservation of seats so patrons are urged to purchase tickets before Friday so they will not be required to stand in line at the ticket counter the evening of the show. Persons holding tickets thus will have a better opportunity to get choice seats than patrons who must remain in line to purchase tickets at the door.

BLONDY JAILED AGAIN
Menominee—Jean "Blondy" Olson was in police custody again today at Marinette, picked up last night by Sheriff Arthur Wouff and his officers in a raid on the Adolph Manake tavern near the Marinette city limits on the River road.

The raid was one of several made by the officers on Marinette roadhouses on order of Marinette District Attorney Richard P. Murray, who told the officers to bring in the girls they found at the places. No charges had been made against Miss Olson today, the district attorney said.

Gertie Smith, 35, also was held in jail today after being taken into custody by the officers at the Gold Aces tavern on the old Peshigo road. She was also being held without charge.

The lamprey is a not unusual fish, its mouth is a tube-shaped suction cup, edged with horn-like teeth. The creature attaches itself to other fish, and rasps away their flesh with the sharp teeth. After a hole is made, it enters the victim's body and continues to feed unmolested.

You Can Learn To Save
Every man or woman who works through a normal lifetime earns many thousands of dollars. Yet only one out of 100 dies rich, only three die in comfortable circumstances, and only fifteen leave any money or insurance or property whatever. What becomes of all they earn? Most people do not know. Most people do not know how to manage their money, how to make it serve them best, how to save. The Household Budget Booklet for 1938 shows how to handle your income, be it small or large. Simple, helpful facts any one can understand, with tables, charts, budgets, and ruled accounting pages, printed on special paper for ink or pencil record. Try budgeting your income. Ten cents, postpaid.

Final Exams Are Started At High
Final examinations for the first semester are beginning today at the Gladstone Junior and senior high schools and will continue throughout the remainder of the school week.

THEATRES
A drama with music, deftly relieved by comedy and enlivened by several new song hits, combine to make "Banjo on My Knee," the picture which opens today at the Rialto Theatre, a hit-screen production. Add to this a story that is distinctly different in theme and plot construction; with the locale of Tobacco Road and for characters and shanty-boaters who live, love and die on their ramshackle barges on the lower Mississippi, and the sum total is something new in movie entertainment.

Second Feature
The ingenious plan of a love-crazed maniac to murder his rival

LIONS START TO REHEARSE PLAY

Catchy Numbers in Choruses and the Dance Routines

Rehearsals for the Lions club musical comedy, "Sunny Skies," have been started here under the direction of Martha Jean Robinson of the Rogers Producing company.

Approximately 40 high school students are working arduously on the catchy tunes and snappy dance routines in the show.

Such numbers of the chorus as "Go Into Your Dance," "Little Country Town" and "Dixie Rhythm" are expected to prove popular with the audiences.

Plans are being made to rehearse the different chorus groups in half hour intervals immediately after school.

The main cast includes some of the best talent in the city. Casting is expected to be completed tonight.

STOCK LEADERS SLIPPING AGAIN

STOCK MARKET AVERAGES

Table with columns for Net change, High, Low, and various stock indices like Dow Jones, S&P 500, etc.

BY FREDERICK GARDNER (Associated Press Financial Writer)

New York, Jan. 18 (AP)—Recovery forces faltered in today's stock market and leading issues slipped fractions to a point or so.

A sharp break in secondary railroad bonds, following action of the Erie in filing for reorganization under the federal bankruptcy laws, was a depressing influence...

Despite the scarcity of good news for stocks generally, the volume of offerings was exceptionally small. Transfers totaled 779,660 shares against 933,680 yesterday.

Airplane and gold mines were resistant throughout, the former still reflecting prospects of an expansive rearmament program. Homestake touched another new high for more than a year.

Steel and motor were only mildly in arrears. Opinions were heard of a pickup in mill operations in succeeding weeks.

ESCANABA INVEST IN SAVINGS BONDS

BY PAUL MAY

Washington, D. C.—Escanaba residents invested their savings with the United States Treasury to the tune of \$49,000 put into U. S. Savings bonds in the 12 months ended last August 31.

This averages about \$3.39 per Escanaba resident, ranking the city 42nd in per capita sales among Michigan cities with first class postoffices, according to Treasury figures.

Jordan Cagers Nose Out Northern; Score, 45-41

FREE THROWS MARGIN OF WIN

Catholic Quint Drives to Victory During Last Half

Making good use of their free throw chances, five Jordan college cagers outlasted 13 youths from Northern State Teachers college last night at the junior high school, the Menominee quint winning by a score of 45-41 in a fast and interesting basketball game. The crowd, though not large, was quite appreciative of the brand of basketball displayed.

Led by Steffin and Anderson, two of the outstanding boys on the floor, the Menominee cagers put on a second half drive to cop the victory after being behind most of the first half. Steffin, a diminutive first-paw, displayed a beautiful dribble and was effective in under-the-basket work, dropping in eight field goals during the game. These, combined with his six free throws, gave him 22 points for high honors. Anderson, Jordan guard, was second high, scoring 13 points. The brunt of the Northern attack was carried by Goodney, former Ishpeming star who dropped in five field goals.

Lead Changes Often
In the final half, the lead changed hands five times and was tied twice. Late in the second frame, with the score tied at 35-35, Steffin dropped in a free throw and Bob Hamm, local colored boy, came through with a field goal to give the Menominee crew a 37-35 advantage. Anderson brought it to 39 with a nifty shot from near the basket but Northey slid one in from the side. Steffin caged another free throw to make it 40-37 and Bob Villemure, former Newberry boy, brought Northern to within one point with a side shot. Steffin added still another free throw, his sixth of the game, and Northey tied the score up for Northern with another side shot.

With things getting hot and the Teachers closing in on the defense, Steffin slipped away for a field goal and Anderson closed the game with another to give Jordan a sweet and well-earned victory.

BOXER VENTURI GIVEN 90 DAYS

New York Suspension Follows Bout With Armstrong

New York, Jan. 18 (AP)—Enrico Venturi, knocked out by his non-title bout with featherweight champion Henry Armstrong in Madison Square Garden last Wednesday, was suspended for 90 days today by the New York state athletic commission which decided the bout had an "unsatisfactory ending."

Carmine Tarantino, Venturi's manager, drew a like suspension and in addition was given 30 days for letting his man weigh in at more than the 135 pounds called for in the contract. Venturi automatically was suspended for 30 days when he failed to make the weight.

"We found nothing to indicate dishonesty on the part of Venturi or his handlers," said Chairman John J. Phelan, "but the penalty was decided upon because of the unsatisfactory ending."

Venturi fell to the floor after Armstrong had landed a low blow in the sixth round of their ten-rounder. Although he apparently was suffering tremendously, he leaped nimbly to his feet immediately after the knockout count was completed.

Referee Arthur Donovan, who said several illegal blows were struck, told the commission he saw no evidence of dishonesty, but added he believed Venturi "might" have got up sooner than he did.

Two physicians disagreed on both the location and seriousness of the blow which floored Venturi. Pending today's decision, Venturi's purse of \$6,150 had been impounded by the commission. The money will be paid him.

CONTRACT REJECTED

GIRLS BEATEN BY LOCAL TEAM

Manistique Cagers Win 26 to 25, in Benefit Battle

The Manistique All Stars, composed of players from the City Basketball League, defeated the "Stars of the World," traveling girls' team, 26 to 25, in a benefit game Monday evening at the high school auditorium.

The girls were obviously no match for the men but they put on a good show, with the cooperation of the local team, and it was only in the final minute of play that the Manistique team hung up the game-winning field goal.

The Stars of the World will play at Nahma Friday night and at Rock Saturday.

Marv Owen Signs White Sox Papers

Chicago, Jan. 18 (AP)—The signed contract of third baseman Marv Owen reached the Chicago White Sox offices today, bringing into the fold the last of three players obtained from the Detroit Tigers in the biggest deal of the major league trading season.

Outfielder Jerry Walker and catcher Mike Tresh, who with Owen came to the Sox in exchange for pitcher Vernon Kennedy, outfielder Fred (Dixie) Walker and infielder Tony Piet, signed their contract several weeks ago.

SPILLING the DOPE

We should like to nominate a coaching job in the Big Ten conference as the toughest racket in the country . . . the Western conference long has been considered one of the strongest in the country . . . yearly it produces football, basketball and track teams which are stronger than those from similar schools in any section of the country . . . draw in most of their talent from the midwest, the Big Ten schools get

big, tough athletes . . . and, because of their high scholastic standards, they get brains along with rugged physiques.

If you doubt the calibre of Big Ten basketball this season, just take a look at the performances of the various team . . . Minnesota, co-champs last year with Illinois, went east and amazed the staid sea-boarders with their flashy play in defeating Long Island U., New York U. and other of the strongest teams in the east . . . then the Gophers turn right around in their own league and take three defeats on the schmozzle . . . just when everyone is beginning to count them out, they bounce back Monday night to trounce a strong Illinois team.

Coach of Redskins Ready to Sign at Old Terms, or About \$13,000

Dallas, Tex., Jan. 18 (AP)—Sluggish Samuel Adrian Baugh punctured the publicity bubble surrounding his alleged \$25,000 salary demand today by announcing he probably would sign a three-year contract with the professional Washington Redskins within a few days.

The lanky football pitcher said he had no intention of becoming the Dizzy Dean of the gridiron and was anxious to sign his contract as soon as George Preston Marshall, Redskins owner, arrived in Dallas this weekend.

Baugh said he had two salary alternatives. One calls for a flat, one-year contract at "between \$13,000 and \$14,000," while the other is a three-year renewal of his old terms. The "old terms," Baugh hinted, amounted to approximately \$727 per game.

"Me get \$25,000? Who ever heard of such a thing? It's the bank—just publicity," Baugh said. "Salaries just don't come that high in professional football, that amount I made in my first year was very good for a youngster. It's tough going through—having those big fellows slam you around on the tall end of every pass. Guess maybe I earned that money."

Baugh said he still had his plans pointed toward a coaching career.

WATSON TURNS IN BEST RECORD

Ishpeming Cagers Have Sensational Success Under Coach

C. C. Watson, coach of the Ishpeming high school cagers who will play the Eskymos here Friday night, has the greatest record as a coach of the cage sport of any in this section of the country.

Perhaps the best testimonial of his coaching ability is attested by the fact in the past 14 years his teams have won ten district tournaments and finished second in the other four. His teams won Upper Peninsula championships in 1927, 1932, 1934 and 1935.

Last year, they were nosed out by Ironwood in a sensational four overtime affair after they were crippled by the loss of several regulars because of illness.

Over one stretch, Watson coached teams won 66 out of 58 games played, 43 of which were consecutive victories. This string started in January, 1934 and was snapped when his team, crippled by the loss of the only three veterans, Manley, Munson and Konster, was defeated by Newberry in February, 1936.

Watson, who is considered the "miracle coach", went to Ishpeming in 1923 after graduating from Grinnell college, where he starred in football, basketball, track and cross country. He is modest and unassuming and seldom, if ever, shows any sign of emotion during a game. He is married and his hobby is contract bridge. If he plays bridge like he coaches basketball, Culbertson had better look to his laurels.

CHANGES MADE AMONG SCHOOLS

Class Ratings of Many Towns Altered by Classification

Several important changes have been made in class ratings of Upper Peninsula schools according to the recent bulletin of the Michigan High School Athletic association.

These changes in classification, which will mean much in tournament play in basketball, are as a result of increased enrollment in the various schools. Michigan high schools are classified in athletic competition into four classes: A, 700 or more students; B, 300-699; C, 100-299; and D, less than 100.

Under the recent classification, Gladstone will perform in class B, Harris, Hermansville and Felch in class C, whereas last year they were in a class lower.

According to the bulletin, class B schools in the Upper Peninsula include: Bessemer, Calumet, Escanaba, Gladstone, Houghton, Iron Mountain, Kingsford, Iron River, Ironwood, Ishpeming, Lake Linden, Manistique, Marquette, Menominee, Munising, Negaunee, Sault Ste. Marie, Stambaugh and Wakefield.

Class C schools are: Baraga, Crystal Falls, Dollar Bay, Eben, St. Joseph of Escanaba, Ewen, Felch, Gwinn, Harris, St. Ambrose of Ironwood, L'Anse, Baraga and John D. Pierce of Marquette, Newberry, Norway, Ontonagon, Pickford, Stephenson, St. Ignace and Vulcan.

Class D schools in the peninsula include: Alpha, Amasa, Bark River, Bergland, Brimley, Carney, Channing, Chassell, John Doelle of Chassell, Cooks, Daggett, Grand Marais, Garden, Ripley, Bates of Iron River, Kenton, Marensico, Mass, Michigamme, Nahma, National Mine, St. Paul of Negaunee, Palmer, Powers, Quinessee, Rapid River, Rock, Trenary, Trout Creek and Watersmeet.

Bronk Beats Illness; Returns To Football

BY EARL HILLIGAN Chicago, Jan. 18 (AP)—Bronko Nagurski, one of football's great all-time stars, looked ahead today from a hospital bed to another season of ripping apart enemy lines.

The "Bronk," former Minnesota grid ace and now a claimant to the world's heavyweight wrestling championship, is convalescing from a leg infection caused by a rope burn incurred in a recent match. Although he expects to be back on his feet and ready for more ring engagements within two weeks, his fullback job with the Chicago Bears is still his number one interest.

"I've done a lot of wrestling more or less successfully, but football still is my game," said the 28-year-old giant, whose 231-pounds of bone and muscle have been knocking down tacklers in the National Professional Football League for eight seasons. "I had a pretty good season last fall and as my wrestling keeps me in shape almost through the summer, I expect to be in top condition for another year with the Bears next September."

Nagurski, rated by Owner-Coach George Halas as the Bears as one of the ten greatest all-time players, grinned and remarked that he "must be getting soft" as he told how he happened to be flat on his back.

"I've had my nose pushed all over my face, suffered numerous fractures and have taken about everything football had to offer without much trouble," he said, "and then I get a rope scratch and land in a hospital for a week or so."

Nagurski revealed he was "plenty sick" when he tossed Pat O'Shockler in Detroit in 20 minutes last Friday night. Three hours after the match his temperature was 99.6 and when he arrived here the following morning it had soared to 102—resulting in a fast ambulance trip to the hospital.

Nagurski thinks football will enjoy its greatest season next fall and thinks the professional game will have a much better year at the gate than it had in the extremely successful 1937 campaign. His only regret is "that I'm not about seven years younger."

"Boy," he chuckled, "just think what I could do for the family bankroll if I were just starting out with the bears!"

ST. JOE PLAYS LITTLE GIANTS

Local Cagers Travel to Rock on Friday Evening

Aiming at evening up their win and loss record at three all, St. Joe cagers will travel to Rock Friday evening to play the first of a two game series with the Little Giants.

The Parochials, who have shown plenty of fight and spark under the tutelage of Johnny Vandewelle, former Parochial star who now is coaching, are in quest of their third victory of the season. They already have victories over Felch and Harris and have been defeated by Baraga Parochials of Marquette twice and by Gladstone high last Friday.

In spite of their three defeats, the locals have shown some good basketball. They have one tendency which detracts from their success—a second half let-down. If they can learn to conserve their energy, they will prove a hard team for many Class C schools to beat this year. Lack of capable reserves contributes largely to their second half lethargy.

In meeting the Little Giants, the locals will be playing a team which, although it has no impressive record, has played good ball and, in all but one instance, has been beaten by a narrow score.

Three points difference would have turned defeats by Trenary and Eben into victories. The Rock boys have turned in victories over St. Paul of Negaunee and Nahma while losing to Rapid River and Gladstone in addition to Trenary and Eben.

Rock Spartans Lose To Negaunee Grocer Quintet By 63-51

Rock, Mich., Jan. 18—A total of 114 points was scored in a wild basketball game here Sunday afternoon when the Negaunee Grocers, paced by Thomas and Lindstrom, scored a 63-51 victory over the Rock Spartans.

But two of the 18 players used by both teams failed to score at least once from the field. Thomas of Negaunee dropped in 11 field goals and a free throw for 23 points while Lindstrom scored 16 points to lead the visitors. The Rock scoring was well divided.

The Spartans held a lead of 29-25 at half time but a 23 point splurge by the visitors put them ahead and they never relinquished their lead.

Eagles To Play Lloyd Texacos Of Negaunee Sunday

The Escanaba Eagles, still undefeated, will play the strong Lloyd Texacos of Negaunee in the Eagles gymnasium here on Sunday evening. It was announced by Manager Johnson last night. The Eagles to date have scored wins over the Rock Spartans, Nahma, Garden city, Rock, Rosmarer Girls of Chicago, the Nahma Delta Brews and the Bevenoes and are undefeated in the city league.

KEGELERS WILL ENTER TOURNEY

4 County Bowling Teams in Chicago Meet, April 15, 16

Four Delta county bowling teams are entered in the American Bowling Congress to be held at Chicago this spring. The teams will bowl there on April 15 and 16.

Held in the mid-west for the first time in years, the national tourney is expected to draw a record list of competitors.

Teams entered are the Johnson Service Station of Gladstone and the L. & L. Trucking Co., Delta Beers, and Arcadians of Escanaba.

All teams will bowl in the five man, doubles and singles events. The team rosters and pairings for doubles competition follow:

Interest Growing In Fancy Skating At Escanaba Rink

Fifteenth Street Skaters To Stage Races Saturday

Indications of a growing interest in fancy skating are seen at the Escanaba ice rinks, and last night a season of fancy skating practice drew 15 or 20 participants. Formation of a fancy skating club is being considered.

Trainers experienced in the art of trick skating are available, and all those interested are invited to attend the practices.

The fancy skating group will meet again tonight at 7:30, when the hockey rink at Ludington park will be available for use. Later, it is expected to have times set aside for practice on the large rink.
