EDICT BLAMES REPUBLIC FOR 1937 WALKOUT

STRIKERS ORDERED REINSTATED BY LABOR BOARD

Washington, Oct. 19 (AP)—The National labor relations board laid responsibility for the 1937 strike in Republic Steel Corp. plants on the company's "unfair labor practices" today and ordered it to offer reemployment to 5,000 strikers.

There was no immediate word from the company as to whether it would appeal to the courts, but in Cleveland steel circles the opinion was that this was a foregone conclusion.

The board's decision followed in the main, its order of last April which repudiated the order of the U. S. circuit court. Subsequently, the labor board withdrew this order when the supreme court condemned the procedure the government had followed in the Kansas City stockyards ruling made by the agriculture department.

Girdler Denounces CIO Tom Girdler, chairman of the board of Republic, denounced the original labor board order, asserting it reflected the "one-sided character" of the Wagner act. He blamed the "arrogance" of C. I. O. leaders for the strike.

In hearings before the labor board, the steel company contended that the strikers had disqualified themselves for re-employment. Its attorneys argued that acts of violence by individual strikers made reinstatement inequitable.

The board excepted only 11 men, however, in its sweeping order for reinstatement of the strikers. Those excluded, the board said, were men who had pleaded guilty to possessing and using explosives and in one case, to the malicious destruction of property to the value of \$300.

Back Pay Specified "It must be remembered," the board said, "that the acts of which the respondent (corporation) complains were committed by strikers in the heat and turmoil of bitter industrial strife in which the threat of violence on the part of the respondent against the strikers was ever present and frequently carried into execution."

The order also instructed the corp.: 1. To pay remedial wages to any striker who is not given a job, or placed upon a preferential rehiring list, within five days after he applies for re-employment.

(The company was ordered to dismiss employees hired after the strike, if necessary to make places for reinstated workers.) 2. To reinstate 12 employees with back pay and to award back wages to 14 others.

3. To pay employes for earnings lost as a result of what the board called "lockouts" at the Canton Tin Plate Mill and Massillon Works May 5-20, 1937, and May 20-23, 1937.

4. To disestablish as collective bargaining agencies the employe representation plans in the plants

France Finds Hitler's Peace Price Too High

Paris, Oct. 19 (AP)—Chancellor Hitler's reported price for a guaranty of Franco-German peace appeared too high to France today.

In preliminary conversations Germany was said in well-informed quarters to have offered to guarantee French frontiers against attack if France would return Togo and the Cameroons, pre-war German colonies in West Africa; if France would recognize that Germany should have numerical superiority in war planes and if France would assure Germany a free hand in central and eastern Europe and renounce the Franco-Russian mutual assistance pact.

The possibility remained, however, that sufficient common desire existed so that some kind of an agreement might be reached.

HANKOW FRONT IS BOMBARDED

Japanese Invaders Move Step Nearer to Capital City

Shanghai, Oct. 19 (AP)—Japanese military authorities announced tonight the capture of Hwangshih-kang, 50 air miles southeast of Hankow, in a three-hour assault by land forces and marines.

Under a warship barrage from the Yangtze river, they said, marines landed on the south bank and joined in the attack, which carried the river offensive a step nearer the Chinese military capital.

Severe fighting continued on the northern and southern wings of the 150-mile semi-circular front closing in on Hankow. Re-lays of Japanese planes bombed and machine-gunned railway stations north and south of the city through the day and bombarded Hankow's primary defense positions.

On the Peiping-Hankow railway north of the capital of the Japanese were struggling to widen their base possibly for a northward drive of about 200 miles to Chengchow in conjunction with a thrust about 100 miles southward toward Hankow.

The Japanese, based at Sinyang where they cut the railway, were reported attacking Changtalkwang, the first station to the north.

On the southern extremity of the Hankow front, capitulation of Yangsin permitted the Japanese to shove to the west where about 50 miles away they expected to sever the Canton-Hankow railway.

Michigan Highways Ask \$6,768,888 Of Public Works Fund

Washington, Oct. 19 (AP)—G. Donald Kennedy, Michigan highway department business manager, urged Public Works administration officials today to allot \$6,768,888 to Michigan trunk line roads.

Kennedy said he was promised the projects, approved by the Chicago regional office, would receive consideration. He added it was doubtful if the money would be available without further congressional appropriation.

The projects discussed were: Construction of 21 bridges, \$724,500; 231 miles of oil aggregate surfacing, \$1,699,341; construction of maintenance garage at Mt. Pleasant, \$38,846, and widening of base on 215 miles of state highway with preparation for resurfacing, \$4,306,201.

Queen of Egypt, 17, Awaits Baby With Layette Costing \$15,000

Alexandria, Egypt, Oct. 19 (AP)—A pink-and-blue hand-made layette worth not a cent less than \$15,000 was all ready tonight for the child of a queen—the queen of the Egyptians. As attendants patted down stacks of baby clothes trimmed, in many cases, with rare laces, Egypt's most eminent physicians argued over the probable birth date of 17-year-old Queen Farida's first baby.

Soothes Hubby; Says She'll Prosecute Ex-Mate

Smiling through her tears, blues singer Ruth Etting cheers her wounded husband, Meryl Alderman, at the hospital bedside, left, in Hollywood. Accused of the shooting is Miss Etting's former husband, Martin (Moe) Snyder, above, who told police Alderman shot at him first in the Etting suburban Hollywood home. Miss Etting charged Snyder shot Alderman in a jealous rage. She said she would prosecute Snyder "to the limit." Alderman was Miss Etting's accompanist before their marriage last July in Tia Juana, Mexico.

Crack British Troops Mopping Up Holy City

Jerusalem, Oct. 19 (AP)—Approximately 1,000 British Coldstream guards marched into the old city of Jerusalem at dawn today and delivered the district from the hands of Arab rebels who had held it for four days. Wearing rubber-soled shoes for sure footing on the ancient cobble streets, the British troops entered the old city through historic Damascus gate and almost immediately were met by a strong fusillade of rebel fire. Within a few hours the troops had subdued the Arabs without loss of a British life. At least nine Arabs were killed, and 40 were taken prisoner. Two British constables were wounded.

CHRYSLER STEPS UP PRODUCTION

Corporation Calls Back 34,000 Employees Since Aug. 1

New York, Oct. 19 (AP)—Chrysler Corp., to meet rising demand for automobiles, has increased production 20 per cent. K. T. Keller, president, announced here today. "The order situation has improved steadily week by week during the last month," Keller said. "Current business is brisk and we hope that the demand will continue to show such vitality as to make it necessary for us to increase our schedules again."

PUBLISHER BURNED FATALITY

Milan, Mich., Oct. 19 (AP)—Mrs. Etta H. Johnson, owner and publisher of the Milan Leader, a weekly newspaper, died today from burns suffered in an explosion Monday when she poured oil on a rubbish fire in her yard. Mrs. Johnson, prominent in Women's club affairs, was about 60 years old.

Trip To California Taken By Michigan Roller-Skating Pair

Grand Haven, Mich., Oct. 19 (AP)—Elmer Fisher, 23, and Courtney Aborgast, 23, both of Grand Haven, announced today they would leave Saturday on a roller-skating marathon to California by way of Florida. Fisher and Aborgast said they would skate the entire distance in the hopes of winning a \$500 prize posted by a local businessman. Under the terms of the contest, they will have six months to complete the trip.

Roosevelt Appeals For Confidence As Wilson Did In 1918

Washington, Oct. 19 (AP)—Political interest in President Roosevelt's scheduled broadcast from Hyde Park, November 4, is keyed to a high pitch, because of the expectation by most observers that he will have something to say about the next legislative phase of the New Deal. Mr. Roosevelt has thus far played three distinct roles in the 1938 campaign, making his own distinctions between them. He has spoken as president, as leader of the Democratic party, and now has reserved the right also to speak November 4 as a New York state voter. There are increasing indications, however, that what he says to the nation that night as president will overshadow in importance what he may say to fellow New York voters about the state campaign.

RUTH ETTING'S STORY RETOLD

Ex-Husband Is Indicted for Wounding Her Present Spouse

Los Angeles, Oct. 19 (AP)—Martin Snyder, former husband of Ruth Etting, radio singer, was indicted by the county grand jury today on charges of shooting Myrl Alderman, her accompanist and present spouse, at her Hollywood home last Saturday night. The indictment accuses Snyder of attempted murder, kidnaping and violation of gun laws. It supersedes a district attorney's complaint and makes a preliminary hearing unnecessary.

WELCOME RAINS END FIRE CRISIS

Danger Removed for This Week; Ban on Smoking In Woods Delayed

Lansing, Oct. 19 (AP)—The state conservation department, welcoming showers which halted a serious forest fire hazard in lower Michigan, abandoned plans today to ask Governor Murphy to proclaim a state of emergency which would ban open fires and smoking in rural areas. P. J. Hoffmaster, director of the department, said the showers falling generally over the state and the extinguishing of all fires except three blazes in muck in the Thumb, Jackson and Washtenaw counties. These, he said, were under control, but would take some time to eradicate.

Germany And Italy May Settle Squabble Over Czech Minorities

Munich, Oct. 19 (AP)—While the diplomats of four countries tugged and hauled on what was left of Czechoslovakia, the belief was expressed in German government quarters tonight that the reich and Italy would settle the squabble over Czech minorities. Hungary wants parts of Ruthenia and Slovakia, just granted autonomy by the Prague government. Indeed, Hungary would like to see annexation of them with the Budapest government, thereby providing a common Hungary-Poland frontier. In some German quarters it was indicated that Germany was looking with a cold eye on fluctuations between Poland and Hungary over the Czech minorities question. Indicators of who would have at least part of the final say in

FORGERY PLOT ON ROOSEVELT LETTER FAILS

WITNESS TELLS OF RIFLING MAIL ON GERMAN BOATS

New York, Oct. 19 (AP)—Bungled machinations of German spies in this country were described in federal court today by General Gustav Rumrich, 32, U. S. Army deserter who testified that Nazi agents once plotted to forge President Roosevelt's signature on bogus White House stationery. Moodily reciting his role as a confessed 340-a-week "mail order" spy, Rumrich said the ring's headquarters in Hamburg, Germany pressed him for information about the U. S. navy aircraft carriers Enterprise and Yorktown. Stationery Faked The order, he said, came from Karl Schlueter, the ring's "contact" man. "I told him the ships were being constructed in either of the two Atlantic navy yards," Rumrich testified. "He said the German navy was planning to build airplane carriers and that the plans of the United States vessels would be of great help."

Brownie Is Accomplish

The letter, introduced in evidence by Assistant U. S. Attorney Lester C. Dunigan, advised Brown to communicate with Rumrich through an advertisement in the New York Times as follows: "Brownie O. K. for contact. W. B."

Shortage Predicted For Skilled Labor If U.S. Goes To War

Detroit, Oct. 19 (AP)—America, if faced with emergency mobilization for nation defense, will find itself with a shortage of skilled labor, Assistant Secretary of War Louis Johnson predicted in an address here today. Johnson spoke before the Wire Association, which is holding its annual meeting here in connection with the National Metals Congress. He solicited the assistance of industry in solving the problem, and told the manufacturers that they were falling to develop an adequate supply of skilled workmen to meet the increased demands war would create. As an example of "industrial failures" that have caused military delay, Johnson said that the production of military clothing in 1917 was delayed for several months by the fact that machines for the manufacture of eyelets for soldiers' uniforms were made then only in Europe.

### MANY PARTIES ARE ON BALLOT

#### Names of 77 Candidates to Appear on Ticket in Delta County

Ten parties, with 77 candidates for office, will appear on the ballots to be marked by Delta county voters at the polls on November 8. A tentative sample ballot, drawn up by P. A. LeClaire, county clerk, is 18 inches by 26 inches. It has been submitted to printers of the county for bids on the job of printing 16,225 ballots, which will be opened on Friday, October 21.

Democratic and Republican parties are the only ones offering full slates of both state and county officers. Each major party has 19 candidates on the ballot, six for state offices and 13 for county offices.

Other parties on the ballot are: Socialist, Socialist-Labor, American, Commonwealth, Protestants United, Square Deal, Constitutional Democratic and American Labor. Only partial slates are offered by some of the parties, however, with the Commonwealth party offering no attorney general, the Protestants United no attorney general or auditor general, the Square Deal no auditor general, and the Constitutional Democrats no candidate for governor. The American Labor party has candidates for only the offices of state treasurer and auditor general.

#### Courtney Addresses K. of C. Meet Here

"Insurance Advantages" was the topic of Jack Courtney, Marquette, in his talk to the local Knights of Columbus at their "open house" meeting Tuesday evening. Many non-members took advantage of the invitation extended to them and enjoyed the enlightening addresses presented.

Tom Beaton, Jr., chairman of the program committee, announced the following activities for the month of November: Honorary Membership, Nov. 1; Corporate Communion, Nov. 6; Business Meeting, Nov. 15.

Another highlight of the evening was the talk by Leo A. Fleury, district deputy, who briefly summarized the important events of the K. C. regional meeting held at Iron River on Sunday, October 16.

Other speakers of the evening included: John Bartella, Grand Knight; Walter Bjorkquist, Financial Secretary; Edward Stratton, Inside Guard; and Joseph L. Clements, Chancellor and chairman of the Membership committee.

Beans are not usually looked upon as poultry feed, but call beans are sometimes fed. It is best to cook the beans and feed them as part of a wet mash, similar to the way potatoes are fed.

#### Awful Pain Driven From His Body

So Sore and Stiff He Was Hindered Greatly in His Work Before KruGon Accomplished the Amazing

"I now understand why so many people are praising KruGon... it is a deserving remedy," said Mr. Herman Brommerick, 565 East 9th St., Winona, Minnesota. "For six years I had suffered

with awful pain settled in my shoulder and back until I could hardly stand. I was in constant misery, my back was sore and stiff and my work hard for me to do. It felt as if I had a hammer on my back. It caused me no end of trouble, disturbed me at all hours of the night and I could not get my natural rest and sleep. All the medicines I tried on my case did me no good until I gave KruGon a trial... it accomplished for me what other medicines had made seem impossible.

"Since I have been taking KruGon regularly everyday, all the aches and pains are gone from my body," continued Mr. Brommerick. "My back and shoulders are free from pain and the stiffness and soreness has left. I should have had KruGon years ago. I now get full nights of restful, strength-giving sleep, get up in the morning refreshed and feeling fine. I eat and enjoy my meals and am really feeling better in every way. It is indeed a pleasure to recommend a medicine with the merit of KruGon."

KruGon is sold by West End Drug Store, 1221 Ludington St., this city.

### Three Trepany Men Given Jail Terms For Illegal Fishing

Munising, Oct. 19—Solomon Aho, Ivar Hyttinen and Frank Niemi of Trepany were given 90-day jail sentences here yesterday by Circuit Judge Herbert W. Runnells for illegal netting of rainbow trout. The three were ordered to pay fines of \$100 each within 24 hours when their cases were heard on Monday and on failure to do so were sent

enced to the jail term. Howard Paulson, William Symonds and Richard Williams, who were charged with catching more than the legal limit and less than the legal size of black bass, were ordered to re-appear in justice court for the settlement of their cases. They had appeared from the lower court. Charges against Ted Roberts of Grand Marais of having stolen property in his possession were dismissed. Cases against James Rakkila, accused of drunken driving, and Toivo Marin, charged with being disorderly, were continued.

The jury has been dismissed.

Return To Sound Government, Brown Urges Gladstone Voters

Gladstone, Mich. — A plea to Delta county voters for a return to safe and sound government and for an end to the "mad, wasteful extravagance" of the present state administration, was presented last evening by Vernon J. Brown, Masonic candidate for the office of auditor general, before a large audience at the city hall here.

"Government is nothing more than a process or means by which men and women unite to live in greater comfort and security," said the speaker and stated that the simpler the government the better.

Brown, who as a member of a special committee devised a plan designed to solve the delinquent tax problem in the state and who is highly conversant with state finances, pleaded with the younger generations to stop the mad spending declaring that it is the young folks who eventually must pay the bill.

Touching on the present state deficit which he declared is admitted by the state administration to be \$8,000,000, the speaker said that \$21,300,000 would be closer to the right figure. Brown stated that in arriving at the smaller figure the administration had deducted a \$3,000,000 nest egg of the liquor sale that stripped the shelves of the state liquor stores.

Laying bare the economies of Governor Murphy, Brown said they certainly weren't in the state payrolls which today run \$9,000,000 more annually than during the last previous administration.

Stripping of \$13,000,000 from the school fund to the distress of poorer school districts of the state was one of the economies the state administration has placed in effect. Brown stated and described how it affected the schools in Mason. Another of the economies was said to be the paring of over \$4,000,000 from the old age fund. Brown declared that in his home county there are more old age investigators at the present time than there were county officers five years ago.

The Republican party is the party of the common man, asserted Brown, and no person on relief need have any worry that they will not be cared for if this party carries the state in the November election. No one need be ashamed of the party from a labor angle, the speaker stated, and listed prominent measures sponsored and legislated during Republican administration.

He said the Republicans, if placed in power, would strip the state payrolls of political jobs and get things down to a common-sense business-like, pay-as-you-go policy. He declared that relief measures would not suffer in the least for if more money was needed there would be no playing politics and putting it off until a more opportune time but that new measures for securing the necessary money would be drafted. Brown said in his belief that Governor Murphy will be forced to call a special session of the legislature immediately after the election in order to draft new money producing legislation.

Atty. William C. Bishop of Alpena, president of the Federated Young Republican club, preceded Brown to the platform and declared the fundamental issue in the present election is whether the people are satisfied with the kind of government they are getting

### Tickets Available For Series Patrons At Downtown Office

Tickets to the Escanaba music concert series may be obtained at the ticket campaign headquarters office in the Lang Music shop, 614 Ludington street, R. P. Bowers of the concert series committee announced last night. The office is open from 10 o'clock in the morn-

ing until 5:30 o'clock at night. Seats for the first performance of the series, that of the Vienna Choir Boys, will be reserved at the office of the junior high school beginning at 7 o'clock next Wednesday evening, October 26. The performance will be given at the William W. Oliver Auditorium of the junior high school on Friday evening, October 28. Anyone who wishes to stop in at the downtown headquarters may obtain tickets at once, and for those who wish tickets delivered, a messenger service has been set up with the cooperation of several high school boys. A call to 2044.

ticket headquarters, will bring a messenger between four and six in the afternoon with the required number of tickets. Yesterday's sales totaled \$165, bringing the total for the first three days of the sale to \$391.50. Many ticket sellers, members of local civic organizations who have donated their services, have not checked in at the headquarters yet and are urged to do so as soon as possible. The goal of the series committee is \$1,900, which will insure the presentation of the complete musical concert program in Escanaba this winter. The Vienna Boys Choir has been engaged, as

has Percy Grainger, pianist, but a choice is still to be made, depending on the results of the ticket sale, between Daniel Saldenberg, appearing with one member of his virtuoso ensemble, and the whole Saldenberg Symphonietta of 18 pieces. ### Local Oil Dealers Oppose Diversion Of Gas Tax Funds

Ratification of the proposed good road amendment to the state's constitution to dedicate automotive taxes exclusively for road funds was urged last night at a meeting of gasoline dealers and others engaged in the petroleum industry at a meeting at Escanaba. The oil men formed the Delta County Petroleum Industries Committee to carry on activities to protect themselves and

their motorist customers from unfair taxation. P. Jensen of Escanaba was chosen chairman. E. P. Brose, assistant secretary of the State organization declared: "More than 200,000 public-minded citizens of Michigan have signed petitions for submission to the voters of a constitutional amendment requiring that automotive tax funds be used for the improvement of roads. The question will appear on the ballots at the coming election and every fair-minded voter, whether he owns a car or not, should vote for

amendment number three." "All that the proposed amendment will do is to give a square deal to the men and women who pay more than \$50,000.00 annually in special automotive taxes," continued Mr. Brose. Those motorists and other highway users also pay all the general taxes. If a part of their special taxes, paid for road improvement, are to be taken for general purposes, as has been proposed recently by certain groups in Michigan, then they will be doubly taxed unfairly as a class merely because they happen to use the highways of the state."

On The RECORD

By Dorothy Thompson

The Case of Cardinal Innitzer
The case of Theodore Cardinal Innitzer is of the greatest significance...

As a citizen, Cardinal Innitzer was National Socialist. He went so far as to advise the flock to vote for Hitler...

He told his people that one could not disregard ties of blood. He has therefore shown himself clearly willing to render unto Caesar...

But the modern Caesars recognize no limitations whatsoever to any renderings, whether of the human body, soul or spirit...

And this is why the most formidable opposition to both Communism and National Socialism...

It may be possible to harmonize Communism or National Socialism with some intellectually supportable view of economics...

It is absolutely impossible to harmonize either of them with either the Old Testament or the New.

In Germany, members of every previous political credo have thrown in their lot with the Nazis without any serious inner struggle...

To others, some of the teachings of Nazism may be silly or fanatical, or transitory phenomena to be treated lightly...

It is not important that the leader of the German Confessional Church, Pastor Niemöller...

The attitude of Stalin, and before him Lenin, to Christianity and the attitude of Hitler are very different. Communism is an open foe of Christianity...

On the other hand, Russian Communism makes no attempt to corrupt the Church. Early in the Soviet regime, there was a movement to establish what was called 'The Living Church'...

Lenin regarded the Church as a superstition and an instrument of the owning classes, and believed that Communism and rationalism would destroy it...

Hitler is not a rationalist. He has called himself an 'inspired somnambulist,' and he is full of intuition and a certain susceptibility to mysticism...

He was born a Catholic, but he is neither Catholic nor Christian, and once, in a moment of intimacy, confessed to an acquaintance of mine, 'I am all pagan.'

Nevertheless National Socialism asserts the existence of God, and Hitler believes that the belief in God is a force which can be exploited by Nazism...

SERIAL STORY MURDER TO MUSIC BY NARD JONES

CAST OF CHARACTERS MYRNA DOMBEY—heroine. Wife of the sensational swing band leader...

Yesterday, Tait begins to reorganize the band under his management and the members agree to help him and Myrna to the end...

'I don't want to make any promises I can't keep,' Tait told 'Torchy' Stephens...

'I believe I can talk them out of it if they do try it,' Stephens said. 'There's a scandal clause in the contract that might try to crawl out through—but once I did a favor for Hoskins, the manager...

The next two weeks were hectic ones for Bob Tait. He and Feeley spent days going over the Dombey papers, but there was considerable extraneous stuff and in the end they did little more than establish what Harris Rogers had told Tait in the first place...

The ethos of Nazism is in itself, not in any other conception whatsoever. And that self is consciously amoral. Its strength is founded on armed idolatry, and though Hitler wants to make his people 'prosperous, free and strong'...

Those who have made the deepest, most careful studies of National Socialism are aware that it is here that National Socialism is most intransigently at war with Western civilization, which is founded on Judaeo-Greek-Roman and Christian culture...

Hitler likes to compare himself to Cromwell. But it is a mistake to consider this analogy for an instant. Cromwell was a passionate Christian whose last prayer was 'Make the name of Christ glorious in the world!'

Two great poets, decades before the outbreak of the Russian and Nazi revolutions, prophesied them and their effects on the whole Christian structure of ethics and morality...

'It is the greatest merit of Christianity,' he writes, 'to have assuaged the joy of the German in brutal bellicosity, but... when, one day, the Cross of Christ is broken the savagery of the old warriors, the wild Berserker wrath, will break forth anew in all the barbaric fury of which our Nordic poets tell in song and saga.'

Hitler is not a rationalist. He has called himself an 'inspired somnambulist,' and he is full of intuition and a certain susceptibility to mysticism...

He was born a Catholic, but he is neither Catholic nor Christian, and once, in a moment of intimacy, confessed to an acquaintance of mine, 'I am all pagan.'

Nevertheless National Socialism asserts the existence of God, and Hitler believes that the belief in God is a force which can be exploited by Nazism...

Feeley was frankly stymied, and was leaning heavily on the existence of the musician who had written 'The Cat's Meow.' But he hadn't yet been able to find him...

Feeley knew, and Barkley didn't care much who got convicted. What the detective officer feared was that Macy would spring something suddenly, and make the police detectives a laughing stock...

Tait, too, was painfully aware of the situation, but he had never felt so utterly helpless. There was one bright spot in the outlook—The Swingers were doing well...

Time and again Tait found himself hating Dombey for the mess he'd made for Myrna. But then he told himself, Ludden Dombey hadn't figured on being murdered...

Often, as Bob Tait sat figuring over the Dombey books, he'd be disturbed by the face of Myrna—Myrna's eyes or her moving lips getting between him and the sheet of paper...

In the days following his talk with 'Torchy' and the band, Tait consciously stayed away from Myrna except when he had to discuss business with her...

Heavy on Tait's mind had been the fact that Leonard Macy owned a piece of the band. The records showed that he had paid a \$1000 for it, probably took it at a time when Lud Dombey needed money badly...

Tait took the certified check to Macy's apartment that night. 'Bands aren't in your line, Mr. Macy, and I thought you'd be glad to get your money back...

'What would make you change your mind?' 'You mean what would I consider a fair return on my investment? Well—you seem to be doing very well with the outfit, Tait. Suppose we said \$5000?'

'But that's absurd! Dombey owes at least—' 'It was only a suggestion in answer to your question,' Macy interrupted. 'We can let matters stand. I'm not in the least worried about my \$1000.'

But Tait was. As he left Macy's apartment he was plenty worried. Finally, the man wanted a share in the band—and he must have a reason for wanting it...

Cub Parents Taught Handicraft Here

With Boy Scouts Robert Hentschel, James Southard and Berwin Christiansen helping as instructors, cubbing commissioner Larry Musser and cubbing chairman Rev. Huenink instructed the cub parents attending the regular Monday night cub training school...

The theme of this session was advancement up the cub ladder of achievement and was presented dramatically in a humorous skit in which Mr. Musser portrayed the cubmaster of the Bestside Pack, and Rev. Huenink the proud father of a cub wishing to achieve his Bear Rank. Den discussions and the answering of a questionnaire followed the drama, and all present felt they really understood the advancement program.

Each Den displayed its homemade flag, and most of the Dens sang their self composed songs and yelled their self-devised yells. The Fleetfoot Den won the Escanaba hunt contest for this week, but because some of the other Den members could not be present while many new members were added the contest was continued for another week.

Typical Den meetings and programs is the theme of next Monday's meeting, with soap carving the subject for handicraft instruction. Remember, Lincoln school gym, 7:30 o'clock, Monday night.

FISH STREAMS ARE IMPROVED

U. S. Forest Service and Conservation Dep't Plant Trout

Stream improvement work for the season has recently been completed by the Civilian Conservation Corps at Camp Cooks according to Clarence D. Chase, local Forest Ranger.

One mile of new improvement work was completed on the Fishdam River in T42N, R18W, while one and one-half miles of maintenance work was done on the 1937 improvements.

The improvements consisted of log deflectors, stump and brush covers, digging logs, and brush mats for the prevention of bank erosion.

The deflectors, of both the wing and the "v" type, were so placed as to increase the speed of the current, thereby washing the loose sand from the stream bottom and exposing gravel areas for spawning beds and food producing areas.

Included on the program were the Scouts and Brownies in uniform. 25 girls who attended camp this summer presented camp memories with each cabin giving a stunt. The Brownies exhibited handicraft work and presented the ceremony connected with their meeting.

Hostesses for the afternoon were Mrs. E. F. Biebesheimer, chairman, Mrs. Ben Gero, Mrs. Howard Graf, Mrs. Earl LeBasseur, Mrs. P. Babladelis and Mrs. L. Danielson.

Farm Loan Ass'n Affairs To Be Discussed Oct. 26

Farmers who failed to attend the annual stockholders' meetings of the national farm loan associations earlier in the summer will have a chance to attend a special stockholders' meeting at Escanaba on October 26, and learn the latest developments in association affairs, it was announced yesterday by A. Theodore Sohlberg, secretary-treasurer of associations with headquarters at Gladstone.

Mr. M. D. Avery, an officer of the Federal Land Bank of St. Paul will also attend at the invitation of local association officials and discuss charts showing the financial situation of the land bank and its relation to the local group.

The meeting will be held in the junior high school auditorium and sessions will open at 10 a. m. The forenoon will be devoted to general reports, and the afternoon given over to discussion of local problems and conditions by members and commissioner loan borrowers.

Invitations have been sent to all land bank borrowers and all commissioner loan borrowers in Delta, Menominee, Alger, Dickinson and Marquette counties to attend the sessions and bring their wives. They will all be guests of the Federal Land Bank at a cafeteria luncheon to be given in the Normal High School building.

The committee that has arranged for the meeting comprises of directors of the various associations in Delta, Menominee, Alger, Dickinson and Marquette counties.

Mr. A. Theodore Sohlberg, secretary-treasurer, says that the group office at Gladstone is now serving 862 land bank borrowers, who are members of national farm loan associations, and 320 commissioner loan borrowers, and that total loans of both classes aggregate over \$2,000,000.

Replies received up to date indicate an attendance of 1000.

# Field Goal Kicking Revived To Win Grid Games

## EDUCATED TOES AID IN SCORING

### At Least 66 Boots Are List for First Month This Year

BY PRICE HOWARD  
Atlanta, Oct. 19 (AP)—Educated toes of the nation's football players are paying big dividends this year in drama and victories.

Kickers spurred by the profitable field goals of Alabama's sandy Sanford last year, have revived the art of booting three-pointers in an epidemic.

At least 66 field goals were kicked, several in dramatic closing minutes, during this season's first month.

Gil Humphrey's 27-yard goal snatched Yale from defeat and sank Navy's Middles, 9-7. It duplicated Sanford's feat in trimming Vanderbilt and paving the way for Alabama to receive the bid to Rose Bowl last fall.

Galla Gintoff's nine-yarder in the last minute kicked Boston College to a 6-6 victory over DePaul, a carbon copy of Alabama's 17-7 verdict over Tulane. Guy Miller's 25-yard goal added drama to Louisiana State's 3-0 triumph over Rice in the last 15 seconds.

Many Goals Wasted  
Robert Nelson waited until the last 30 seconds to boot Baylor's Bears into a 9-6 decision over Arkansas, from the 19-yard spot. Red Kellogg shot one through from the 17 for a margin by which the Tulane Greenies eked out a 17-14 win over North Carolina.

Stetson's W. Anderson found the range from 24 yards away to aid in an upset over Florida, 16-14. Louisiana College employed the revived scoring weapon to turn back Louisiana Normal, 17-14.

At least five games were decided by 3-0. These winners included Haskell, Montclair, N. J., Michigan State Normal, Carthage (Ill.) and Albion (Mich.) Lock Haven (Pa.) and Moberly (Mo.) had 10-7 decisions.

Many goals have been wasted. Cornell's Elchler, for instance, booted Coach Carl G. Snavely's team to a lead but Syracuse overcame it, 19-17. Oregon's Nicholson pushed Stanford behind 10-0, but the Indians stepped out to win, 27-16.

Army's cadets rallied to wipe out Clarence Boston's 20-yarder shade Harvard, 20-17.

## Bender Will Be Out Of Iron Mountain Fracas

Frank Bender, crashing fullback of the Eskymos, will be lost to the locals for their important game with Iron Mountain here Saturday afternoon, it was learned yesterday.

Bender, who has been the spark plug of the Eskymo offense with his terrific line smashing tactics, wrenched an ankle in the Soo game last Saturday and it has failed to respond to treatment and he will be unable to play.

The loss of Bender has caused Coach Carl Nordberg to experiment with several possible backfields and yesterday he said he was unable to name any starting lineup. He has been using Rap Pepin, blocky guard, in a fullback position and he has shown up well. Vernon

Anderson, reserve back who showed up well in the Soo game, has been working out at right and left half positions this week and Nordberg said he will be given a good chance to make good against the Mountaineers.

The Iron Mountain game at present is the most important game on the local schedule. The Mountaineers, like the Eskymos, have lost only one game this season, being beaten by Norway. Both teams were beaten by the Vikings by the same margin of one touch-down and Saturday's game will be the big consolation for the victor.

In Doto, Firme, Jodda and Johnson, the Mountaineers have one of the finest sets of backs in the peninsula.

## Four Upper Peninsula Boys At St. Norbert's

Four Upper Peninsula boys, two from Iron Mountain and two from Hermansville, are important cogs in one of the strongest St. Norbert college football teams in history this year.

The quartet consists of Val Trepanier and Amelino Palluconi of Iron Mountain and Leroy Floriano and Tony Miketina of Hermansville.

Trepanier, senior from Iron Mountain and a quarterback, is one of the most valuable men on the team. He has been called one of the best

coffin-corner punters in the state by Stoney McGlynn, sports writer for the Milwaukee Sentinel. He calls the signals and has started every game for the past two and one-half seasons. He led the scoring last year and has scored two touchdowns so far this year.

Tabbed as Star  
Floriano, Hermansville sophomore and halfback, is playing his first season as a knight. He was a member of the freshman squad last year. He can kick, run, and pass and has been tabbed by Coach F. J. McCormick as the one to watch in future years. He is a regular this year already having beaten out a veteran of two years for the starting call. He scored St. Norbert's first touchdown of the season in the St. John's game which the Knights won 28 to 6.

He is also expected to be a member of the St. Norbert basketball team this winter having been the mainstay of the frosh squad last year.

Miketina, Hermansville sophomore guard and brother of Nick Miketina, former college athlete and present Green Bay Packer, has not seen much action this fall. Last year he was a regular on the freshman team. However, he is expected to develop as he is fast and strong. He also was a member of the frosh basketball team last winter.

Palluconi, Iron Mountain junior and end, hasn't seen much action this year either. Having entered school the year before the freshman rule went into effect he had been a member of the Green Knights for three years and won his letter for the past two years. He saw some action in the Michigan Tech game which St. Norbert won 13 to 0.

## PACKERS MEET WHIZZER WHITE

### Green Bay Plays Final Home Game of Year With Pittsburgh

Green Bay, Wis., Oct. 19.—Headlined by Byron "Whizzer" White, famed \$15,000 gridiron beauty from Colorado, Coach Johnny Blood's Pittsburgh Pirates will invade Green Bay Sunday afternoon to tackle the Packers in a National League football game at the City stadium, which will start promptly at 2 p. m.

A bumper crowd is expected as Johnny Blood has a young army of followers in this neck of the woods and they will all be on hand to give the former Packer star a tremendous tribute even though he is now on the "other side of the fence."

## John Henry Lewis Light Heavyweight Bout Is Postponed

New Haven, Conn., Oct. 19 (AP)—Promoters Andy Niederreiter and Lew Raymond announced tonight a week's postponement in the title bout between John Henry Lewis, light heavyweight champion, and Al Gainer, New Haven negro, which was scheduled for Friday night.

The decision to put the fight over to Friday, Oct. 28, was made after Dr. Francis B. Foley, state athletic commission physician, reported that Gainer was suffering from a "severe sinus condition" and would be in no condition to meet Lewis this Friday.

Villanova's John Wysocki, all-American end in 1937, shown snagging a pass, is headed for the same honor this year if his play thus far means anything.

## CHICAGO TEAM ALL OPTIMISTS

### No Blues Songs Arise for Maroon Ranks on Eve of Big Game

Chicago, Oct. 19 (AP)—Found the most optimistic football team in the land, the Chicago Maroons.

The Maroons, cellar occupants of the Western conference, will play Ohio State's burly Buckeyes this week-end at Columbus. Not since early in the 1936 campaign has Chicago won a conference game, and in that span Ohio State's strong teams have been perennial title challengers.

But from Coach Clark Shaughnessy on down to the lowest sub, the Chicago boys will scoff at the contention that their prepaid ride on the train Friday will take them toward a free and rougher ride on the gridiron Saturday afternoon.

Coaches of winning elevens may sing the blues about the loss of the ace lineman or that star back. They may, in stage whispers, bashfully let it be known that "we'll be lucky to get a tie with that Coach Bloke powerhouse."

"We're making steady improvement," said the coach whose team this season played a scoreless tie with Bradley, then lost to Michigan and Iowa by big scores. "The men I'll correct to boys are learning to do things better every day, and we're ready to shoot the works, as they say, against Ohio State."

## CRISLER WARNS OF ELI PASSES

### Heikkinen Will Be Set for Action on Trip Against Yale

BY GEORGE A. STAUTER  
Ann Arbor, Mich., Oct. 19 (AP)—Passes filled the air on Ferry Field today as Coach Fritz Crisler endeavored to tighten Michigan's defense against an aerial attack Yale is expected to unleash Saturday at New Haven.

For nearly an hour Crisler, using typical Eli plays, had some of his best sharpshooters, including Dave Strong and Bill Luther, flip the ball to receivers on all parts of the field.

He told the players that Yale probably would display a passing attack as puzzling as any they will encounter and warned them that in Gil Humphrey the Elis have one of the best passers in the east.

During the remainder of the practice session the Wolverines worked on their own plays while linemen rehearsed blocking assignments.

Injuries sent two more players to the sidelines when Forrest Jordan, who plays either tackle or guard, developed a charley horse and Derwood Laskey, a halfback, reported with a bruised shoulder from yesterday's scrimmage.

Trainer Ray Roberts said Jordan would be unable to play Saturday and his absence, with that of Tackle Roland Savilla, left Crisler with only four tackles, Veterans Fred Janke, Don Siegel and Bill Smith and Robert Hook, a sophomore. Savilla is out of the lineup indefinitely with an injured foot.

Also on the casualty list are Ralph Heikkinen, guard, and Fred Trosko, halfback, while Heikkinen, who twisted his ankle, did not participate in today's drill, he will be ready for action, but Trosko, Crisler intimated, will not be used unless needed. Trosko suffered a slight concussion in the Minnesota game last week.

Thirty-one players were chosen for the Yale trip, but several others, Crisler said, would be added to the list tomorrow. Named to-day were: Ends, Vincent Valek, John Nicholson, Dan Smick, Ed Czak, Ed Fruttig and Elmer Geedon.

Tackles, Janke, R. Hook, Siegel and Smith.

Guards, Heikkinen, John Brennan, Ralph Fritz, Milo Sukup and Frederic Olds.

## SPILLING the DOPE

BY JOHNNY INKSLINGER

Anyone who doubted the rebuilding of football at Michigan under Fritz Crisler must have had it dispelled with definite finality if he saw the Michigan-Minnesota game at Minneapolis last Saturday. . . . It was a typical Michigan-Minnesota game. . . . In reverse. . . . because, whereas in past years Minnesota always had the power and gained yardage all over the field only to lose on a break, this year Michigan took that role. . . . throughout the game, the Wolverines looked far superior to the Golden Gophers in every department of the game.

The Wolverines line, headed by Ralph Heikkinen and four husky tackles in Janke, Smith, Savilla and Siegel, made the Minnesota line look bad all afternoon. . . . and the backs—oh, those backs—were they clever? . . . Dick Cullom, noted Mpls. writer, said it was the greatest Michigan backfield since the days of Willie Heaton. . . . and heading the list was Tommy Harmon, soph. who has speed, power and instinct. . . . Harmon was called by Minneapolis writers the best sophomore ever seen on the Memorial Field turf. . . . not exactly a slam!

Like about 55,000 other people, thrilling is about the only word which describes our impressions of the game. . . . It was the first college game we had ever seen and we were carried away by the brand of play. . . . we were fearful that our impressions may have been biased because it was our first college game so we were obligated to see Minneapolis sportswriters declare it one of the greatest and best played games ever played between the two schools. . . . two great lines battled all over the field and the tackling and blocking was the hard, crisp type one likes to see. . . . when a ball carrier was stopped or a potential tackler removed from play there was little doubt about it. . . . the boys really hit for good. . . . and, with but few exceptions, it was cleanly fought. . . . In one instance, a Michigan player blocked Bell, Minnesota's negro guard, with such force that it carried both of them right out of the field and onto the running track where they ended up in a tangle of arms and legs with Bell on top. . . . the negro got a bit hot tempered and drew back his fist a couple of times but was removed from the Michigan player by his own mates before any damage was done. . . . in another instance, a Michigan back gave a Minnesota defense man a shove just as the latter was to knock down a Michigan pass. . . . nothing happened there.

Michigan sophomores and juniors were outstanding, presaging powerful teams in the next couple of years. . . . just keep your eyes on Harmon, Evashevski, Kromer, Kodros, Meyer, Kitti and the latter played a whale of a game at end. . . . Minneapolis was worked up to a feverish pitch for the game. . . . there were huge parades down town and the frat and sorority houses were gaily decorated with clever creations, all with the same homecoming theme song: "Jug Michigan!" . . . we attended a pep session the night before the game, about 15,000 students and townspeople being out for the short program and the huge bonfire. . . . at the opening kickoff of colored balloons were released, dipped momentarily over the playing field because of descending air currents, then slowly rose in a wave, giving the impression that a roof were being lifted from the stadium. . . . and, after the game was over, people filed out of the stadium talking of the great Michigan team rather than the fact that Minnesota had won. . . . in fact, we were still so much in a trance over the game that we completely forgot to meet a relative at a prearranged meeting place. . . . when the fog finally lifted a half hour later we were ten miles away from the stadium. . . . and we'd be willing to wager that some of the fans still are in a fog over the game. . . . it was just that kind of an affair. . . . Michigan alumni and fans, you can walk down the street with your chin up again. . . . that Wolverine team is going places this year!

## KEILMEN READY FOR ISHPPEMING

### Keil Encouraged Over Play of Gridders Against Indians

Gladstone, Mich.—Hard work was the order of the week as Coach Eidon Keil prepared his Gladstone high school gridders for their battle Saturday with the Hematties at Ishpeming.

All of the boys came out of the Newberry game without injury and barring scrimmage accidents should be in top condition for the tilt Saturday.

Coach Keil was definitely encouraged over the play of his charges last week and believes that the team has found itself at last.

He indicated that the lineup for the coming week-end will be the same as started last Saturday.

LAST SCRIMMAGE HELD  
Syracuse, N. Y., Oct. 19 (AP)—Osale Solem surprised his Syracuse gridders today by ordering a short scrimmage against Michigan State plays. A squad of 33 men leaves tomorrow night for the western invasion, although Burns Marvill, reserve fullback, who is nursing an ailing knee, probably will be left behind.

opponent guessing where the weight of the attack was to be thrown and the rhythm obtained in the lock-step skip no longer was necessary.

Preparing rapidly to meet Syracuse's mighty army here Saturday, the coaching staff found its greatest problem that of plugging the hole left by Gene Ciolek's injury. In recent drills, Art Harris, of Walled Lake, and Casey Kieckliff of Hamtramck, have been getting the most attention. Jerry Drake, a rising young pass and punt artist, is still nursing an injured arm received against West Virginia.

## TO ATTEND GAME

Thirty-five members of the Gladstone Pep club will attend the game in a body, chartering the Rapid River school bus for the trip. Howard Sundblad and Keith Campbell are the advisors.

## Big Ten Briefs About Football

(By The Associated Press)  
Columbus (AP)—Coach Francis Schmidt seized upon rainy weather and a soft field Wednesday to put his Ohio State football squad through a series of offensive plays under adverse conditions. Co-Captain Mike Kabealo and a force of seven other backs performed well despite unsure footing and a slippery ball. The Bucks met Chicago here Saturday.

Iowa City (AP)—Passing and pass defense were the watchwords of the football practice at the University of Iowa Wednesday night as Coach Irl Tubbs sent his charges through a snappy drill in weather that kept everyone on the jump. The pass drill indicated Iowa would attempt to match Colgate's highly touted aerial game.

Bloomington (AP)—Coach Bo McMillan of Indiana university looked over his football squad Wednesday and said he was encouraged by "sharper blocking and tackling" of the last two scrimmages. The Hoosiers practiced a passing attack and scrimmaged against reserves using plays of Kansas State, their opponent here Saturday.

Lafayette (AP)—Coach Mal Edward's Purdue football squad raced through a spirited scrimmage here Wednesday as lower temperatures hit the practice field. The varsity smothered a freshmen crew using Wisconsin plays.

Champaign (AP)—His line may be all right to meet Northwestern's veteran forwards, but Coach Bob Zupke expressed concern Wednesday about the defensive abilities of the Illinois secondary. Although the first two teams stopped freshmen using Wildcat running plays, the yearlings twice completed long passes for touchdowns.

## Boxers Win First Buenos Aires Bout

## BILL LEE IN HOSPITAL

Pittsburgh, Oct. 19 (AP)—Coach Bill Kern announced tonight big Bill Lee, Carnegie Tech first-string fullback, would be unable to play against Notre Dame Saturday because of an injured leg.

Lee hurt the leg two weeks ago and aggravated the injury in the game last Saturday against Holy Cross. He is receiving treatment in a hospital. The Tartans practiced against Notre Dame formations today. They leave for South Bend tomorrow.
