BLAZE AT SEA DESCRIBED ON GERMAN LINER

BRAVERY IS PRAISED BY SKIPPER OF DEUTSCHLAND

BY J. NORMAN LODGE New York, Oct. 28 (AP)—Fire at sea, the base of all seafaring men, caused no undue alarm among the crew members of the German liner Deutschland, and many of the 591 passengers learned of the fire only after it was extinguished...

The skipper, who displayed a sheaf of testimonials from passengers, gave a vivid description of what happened Tuesday night off the coast of Newfoundland.

Because of the absence of passenger liners in the immediate vicinity, Steincke said, he deemed it necessary to sound an SOS call for freighters which might be nearer.

This, the skipper said, was a final resort and, although he realized it would cause alarm among friends and acquaintances of the passengers and crew, he believed the safety of his charges was paramount.

"It was shortly after 7:15 p. m. Tuesday," the captain said, "when I was advised of fire in the No. 2 hold forward. I immediately investigated and ordered an alarm sounded in the cabin class. My gallant crew availed themselves of axes, hose and other means of fighting fire. I could not, at that time, tell how big or how intense the fire was.

"Steam was blown into the hold, but when the heat reached the fire doors, smoke rose rapidly and I ordered holes cut in the bulkheads and carbon dioxide was forced into the hold.

"In the meantime we tried, but found it impossible, to speak to passenger liners for assistance. Only the Manhattan answered and it was 250 miles away, 13 hours steaming, so its help was out of the question.

"So it was with a heavy heart that I decided to call freighters in the neighborhood whose stations were not occupied. I had the SOS repeated until the automatic alarms on such freighters as were within call were set into action.

"I was conscious of the fact that this created great excitement, especially among relatives and acquaintances of the passengers and crew, but I could not take that into consideration.

"In a short time a whole row of ships answered of which I requested the American Traveler, the Europe of the Norwegian line and the Collamer for assistance."

"I then stopped sending out SOS signals," the captain continued, "meantime, I had ordered a small group of the crew to make boats clear so we might be fortified for any emergency.

"My brave crew under First Officer Alfred Raschke and Chief Engineer Adolf Kolster combated the fire.

"Third class passengers were brought to the cabin and tourist (Continued on Page 12).

Clinics For Birth Control Success In North Carolina

By STEPHEN J. McDONOUGH (Associated Press Staff Writer) Kansas City, Mo., Oct. 28—A North Carolina health officer today reported marked success in the work of the first state-operated birth control clinics in the United States.

In a paper delivered before the closing session of the American Public Health Association's annual meeting here, Dr. Roy Norton of the North Carolina State Board of Health said there now are 56 birth control clinics operating in 50 of the state's counties, all under control of the board of health.

Advice on birth control—both to aid mothers in having children as well as to space them according to the economic status of the family—has been given to 1,140 women in the state during the last 18 months, he said.

All clinics were set up under the auspices of local medical societies and health officers, Dr. Norton said, and to date there have been no objections raised to their operation by any group.

"The difficulty has been to meet the requests for establishment of clinics," he added. "Insurrection of the movement came as the result of hundreds of mothers, mostly of low economic status, writing to the board of health asking for birth control information.

Among these, Dr. Norton said, was a letter from a 26-year-old mother bearing her tenth child while bed-ridden with heart disease, another from a mother who had only four out of 13 children living, and another who had born nine children in 11 years and was suffering from heart disease.

OSBORN VOTES FOR DEMOCRAT

Former Governor Backs Murphy, Calls Dies Dangerous Man

Jackson, Mich., Oct. 28 (AP)—Former Governor Chase B. Osborn definitely committed himself today to the side of Governor Murphy in the gubernatorial fight.

The former Republican chief executive, in a telegram to President Roosevelt, applauded the president's praise of Governor Murphy against Dies committee testimony and said he would vote for Murphy.

Osborn sent the telegram from Albion yesterday, but did not make it public until today. The message said:

"Your Governor Murphy statement is accurate and great. It will be helpful to good government in Michigan, America and the world. Your judicious advice is much needed in this troubled world. Thank you also for the Mackinac States bridge statement. I will vote for Murphy and do all I can to help him."

Osborn amplified his telegram by saying: "I am for the whole Republican state ticket except Fitzgerald (Frank D. Fitzgerald, Republican candidate for governor). In late years he has become unrepresentative."

Osborn's Straits bridge referendum was to an assertion by the president that the Straits should and would be bridged to join the two peninsulas, although it could not be included in current PWA projects.

Osborn attacked Rep. Martin Dies (D-Tex.), chairman of the house committee investigating un-American activities.

"If anybody ought to be deported from this country, it is Dies," Osborn said. "He is conducting a one-sided inquisition in the same manner that the OGPU performs in Russia. He is more dangerous to the nation, because of the position of official influence that he occupies.

Heart Of Rumanian Queen In Gold Urn

Bucharest, Rumania, Oct. 28 (AP)—The heart of the late Queen Mother Marie will be enshrined in a golden urn tomorrow in the chapel of a monastery overlooking the Black Sea at Balchik.

King Carol, Crown Prince Mihail and members of the cabinet left for Balchik tonight to attend the services in accordance with the last wish of the queen mother who died last August 18.

HEADS REO CO. Lansing, Oct. 28 (AP)—The election of Rowland Campbell, chairman of the board of the Reo Motor Car Company, as president and general manager was announced today by the firm. Campbell recently gained control of Reo in a proxy battle with the former management.

GRANGE SLAPS GOVERNOR FOR SIT-DOWN AID

FARMERS DENOUNCE MURPHY'S LABOR POLICIES

BY G. MILTON KELLY Allegan, Mich., Oct. 28 (AP)—The Michigan State Grange aimed a backhand slap at Governor Murphy's labor policies at today's closing sessions of its annual convention.

By resolution, the influential secret society of farmers denounced sit-down strikes as "un-American" and asserted that "any officer of this commonwealth, high or low, who gives aid and comfort" to sit-down strikers "should be condemned."

No Floor Fight Sponsors of the resolution said it was aimed at Murphy, although it did not single him out for censure. They pointed out that rules of the Grange forbid discussion of partisan political issues.

Although a floor fight had been expected, the measure slid through the convention with only a few words of debate.

The resolution demanded that the 1939 legislature re-enact the labor relations bill of 1937 which Murphy vetoed after labor unions protested against some of its provisions, among them a prohibition against seizure of property by sit-downers.

The Grange endorsed the proposed constitutional amendment to be submitted to the voters in the November election which would forbid diversion of gasoline and weight tax revenues to any but highway purposes, but opposed the proposed amendment to make the office of supreme court justice appointive, a third amendment which would extend the term of county officers to four years, and the proposed consolidation of welfare agencies.

Temperance Scored C. H. Bramble, state master, left his seat as presiding officer to steer through the convention a restatement of the Grange's old demand for a graduated state income tax with a corresponding reduction in the sales tax.

The taxation committee had presented a resolution which would have protested against reduction or further exemptions in the sales tax law. Bramble said it was unacceptable and the measure was sent back to committee, where it was redrawn in the manner he desired. It was adopted by the convention without dissent.

The Grange demanded in another resolution that the legislature forbid the governor to tamper in the future with its appropriations for school purposes. The governor twice has cut state aid to the schools in attempts to achieve a balanced budget.

Other resolutions endorsed the Straits of Mackinac bridge project, state advertising of Michigan farm products, and local option to forbid Sunday hunting.

The convention demanded that the state add 13th and 14th grades to high school courses, reimburse farmers for damage to their livestock or crops caused by wild animals, and urged a lower interest rate on farm mortgages.

Traditionally dry, the organization also went on record as opposing attempts to deprive township officers of the right to forbid the licensing of drinking houses in rural areas.

OFFICES ABOLISHED Ann Arbor (AP)—Abolition by next year of all class offices except those of the various senior classes was announced Friday by the men's council, the undergraduate governing body of the University of Michigan.

Women Weep, Families Split Up, As Germany Evicts Polish Jews Berlin, Oct. 28 (AP)—Germany acted swiftly today to return several thousand male Polish Jews to their homeland before the tightening of Polish citizenship laws might block their reentry.

(In Warsaw an informed source said that "in all probability" the German action would be held up and that it apparently had resulted from "a misunderstanding" of Poland's new citizenship law requiring revalidation of Polish passports held abroad.)

In Berlin alone several hundred of Polish Jews were rounded up in the early morning. From Vienna, Cologne, Braunschweig and other cities came reports of new measures against Jews.

Authoritative sources said several thousand men were taken to the Polish border today and others were expected to be moved within the next few days. Women relatives said they were not told whether they would be able to follow their kin.

Jews with Polish citizenship have been a constant snag in the anti-Semitic movement in Germany since ordinary measures failed to reach them as completely as German Jews.

The government estimates that 150,000 Poles are living in Germany, but only a fraction of these are Jews.

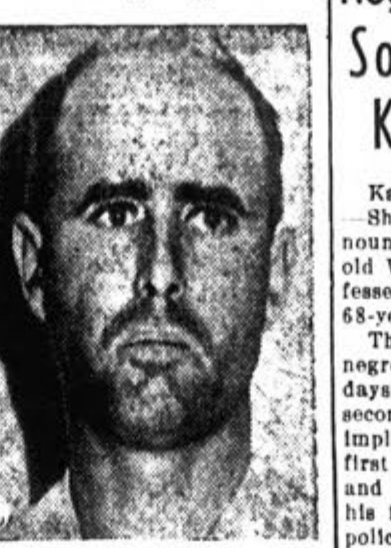

Principals In Houghton's Weird 'Spirit' Slaying

Mrs. Wilfred Pichette, above, 35-year-old wife of a Houghton, Mich., WPA worker, savagely beat with a poker Marion Doyle, 19, while her husband held the victim, he told police as they unraveled Michigan's unbelievable "devil killing." The Pichettes had delusions that they possessed mysterious spiritual powers, and that Miss Doyle, a maid, was bewitched.

Marion Doyle, 19, above, was hired to keep house by Wilfred Pichette, WPA worker, during his wife's temporary absence from their home at Dollar Bay near Houghton, Mich. She never left the house alive. Her body was found after Pichette told police he and his wife had become convinced the girl was the devil and had to be "driven away."

Wilfred Pichette, above, Houghton, Mich., WPA worker, dabbled in mysticism, and once paid \$200 to endow him with "strange powers." He and his wife, now held with him for a sanity hearing, are believed by police to have beaten to death the maid in their home, Marion Doyle, because they convinced themselves the girl was a witch.

Kai-Shek Defiant, Hopes To Lure Japs Into Trap

Shanghai, Oct. 28 (AP)—From somewhere in the vast interior of China, beyond the lines of Japanese encroachment, Generalissimo Chiang Kai-Shek today proclaimed continued Chinese resistance and expressed hope of "luring" the enemy into Western China.

The generalissimo's message, emanating from unidentified headquarters, was addressed to the national people's political assembly in session at Chungking, provisional Chinese capital now that Hankow is Japanese-occupied.

It reiterated Chiang's confidence in ultimate Chinese victory, said China was prepared for the reverses that have come in the nearly 18 months of war and asserted Chinese resistance was "becoming increasingly difficult for the invaders to overcome."

Japanese forces in the Hankow area were engaged in mop-up operations while advanced detachments appeared deeper into Hupoh province.

The army spokesman said Anlu, about 100 miles northwest of Hankow was captured. Troops 50 miles south of Hankow captured Sieling, gaining position for an advance along the Canton-Hankow railway to Yochow, 110 miles southwest of Hankow.

A naval spokesman said Japanese warships were continued up a stream from Hankow toward Yochow, principal city of northeastern Huan province.

The Japanese also announced their planes bombed Yingtak and other stations along the southern extreme of the Canton-Hankow railway to make way for infantry assaults. Yingtak is about 65 miles north and slightly west of Canton and is more than 500 miles south of Hankow.

(At Hongkong Chinese reported that a general counteroffensive was developing against the Japanese north of Canton with the Chinese attacking near Taunka and Lungmoon, respectively 40 and 80 miles from the metropolis.)

Naval forces supporting the South China invasion, now based on captured Canton, were reported clearing mines and obstructions from the Pearl river to the south. Japanese planes were said to have discovered and bombed eight Chinese torpedo boats.

THREE INJURED AT MANISTIQUE

Cars Collide On US-2 West of Thompson; One Badly Hurt Manistique, Oct. 28—Two automobiles collided on highway US-2 this evening, five miles west of Thompson, and three men were injured, one of them critically.

The injured are: Frank St. John, salesman for a local garage, severe cuts; Willis L. Westman, Iron River, critically injured and still unconscious several hours after the accident; Clifford Baumer, Iron Mountain, possible fractures.

According to state police officers who investigated the accident, St. John was driving east and Westman, driver of the other car, was going west when the collision occurred. The cause of the crash had not been finally determined tonight. Both cars were badly damaged.

Pioneer Baker, 80, Dies In Marquette

Marquette, Mich., Oct. 28 (AP)—Peter F. Frei, 80, engaged in the bakery business here for 54 years, died in his home here late tonight after a three weeks' illness. Private funeral services will be held Sunday afternoon.

Included in the survivors are a son, Burton, of Asheville, N. C., and Russell, of Wilmette, Ill.

MOTHER FACES LIFE IN PRISON

Madison Woman Found Guilty of Poisoning Husband in 1930 Madison, Wis., Oct. 28 (AP)—Prison gates at Taycheedah, Wis., opened tonight to admit the sobbing mother of four children, sentenced to spend the rest of her life behind bars for the poison murder of her first husband eight years ago.

The woman, Mrs. Florence Peters, 38, in a state of near collapse, was taken to prison late today after Superior Judge Roy H. Proctor sentenced her to a mandatory term of life imprisonment on her plea of guilty to the charge of poisoning Henry Kessenich.

In a small Madison flat her second husband, John Peters, convalescing from the effects of poison the woman said she gave to him, cared for three of the four children the woman left behind. One was only 10 months old. The oldest, a boy of 17, lives with relatives.

Mrs. Peters admitted she gave poison to Kessenich, who died Sept. 9, 1930 and that she also tried to take the life of Peters last July. She disappeared shortly after Peters was taken to a hospital. A month ago she was arrested here, living with Elmer Johnson, a 24-year-old farm hand. Both were held on a morals charge. A post-mortem revealed poison in the intestines of Kessenich. Confronted with this evidence, Mrs. Peters confessed.

'Unloaded' Weapon Kills Detroit Boy Detroit, Oct. 28 (AP)—Earl Ostrum, 13, was shot fatally tonight a few minutes after his stepbrother, Jack Amshury, 19, had taken a revolver from him.

"I didn't mean to shoot him," Assistant Prosecutor Richard Lamb quoted the older boy as saying. "I took the gun away from him because I was afraid he would hurt himself and I thought I had taken all the bullets out of it."

The boys were waiting for their father, Frank Ostrum, to come home when the shooting occurred. The youth was not held.

HOOK ACCUSED OF USING WPA

Contributions Forced By Ironwood Man, Bennett Tells Hopkins Ontonagon, Mich., Oct. 28 (AP)—A demand for immediate action by WPA Administrator Harry Hopkins charges that Congressman Frank E. Hook, Ironwood, was using WPA workers in furtherance of his campaign in the race for governor.

Bennett dispatched the following telegram to Hopkins: "Have positive proof from this district, has forced contributions through his political machine from WPA workers to support campaign his re-election and that discrimination being used against those who refuse."

"Also am in possession of proof that WPA workers are forced to carry Hook's stickers on their automobiles and that WPA trucks are forced to carry his political literature while working on government time. Urgently request you advise Iron Mountain office to have this political conniving with taxpayers' money stopped at once."

Bennett said he had proof in the form of statements and letters to WPA workers of Gogebic county. He claims four Ironwood WPA men advised him Thursday they were ordered by their bosses to report on WPA time for a Hook parade.

MARRIAGE COURSE APPROVED

Ann Arbor (AP)—A marriage relations course consisting of six lectures by prominent mid-western and eastern physicians was given approval of University of Michigan authorities Friday. The course will be non-credit and the enrollment will be limited to about 650 students.

SCHOOLS CLOSE IN DAYTON, O.

Money Shortage Sends 34,000 Students Back Home Dayton, O., Oct. 28 (AP)—A money shortage forced closing of the Dayton city schools today for an indefinite period, while a delegation of officials and business men urged Gov. Martin L. Davey in Columbus to summon the legislature to provide finances.

Thirty-four thousand students and 1,300 teachers and employees left the schools today, possibly not to return until after Jan. 1. "No comment until after the (Nov. 8) election," said Governor Davey of the special session request. "This is chiefly a local problem due to the fact that Dayton is the only large city in Ohio that has not levied additional taxes for its schools."

Dr. David Sutton, finance director of the state department of education, said the legislature might provide temporary relief to hard-pressed school systems by extending present taxes and appropriations from which the state school foundation derives revenue.

Dr. Sutton said reneacting liquid fuel and cigarette taxes or appropriating sales tax funds to schools for 1939 would enable local districts to sell notes anticipating the state's grants.

Declining tax revenues have resulted in a \$17,000,000 deficit in the state school foundation fund, further imperiling the marketability of school notes. Both candidates for governor in the November election have pledged themselves to fund or pay this deficit and to put the foundation program on a solvent basis.

Worker Gives Blood To Community Fund

Muskegon (AP)—An offer of Menno G. Martin, 28-year-old Muskegon factory worker, to donate 400 cubic centimeters of his blood to patients at two hospitals here was accepted Friday by the local community chest. Martin said he desired to make a contribution to the fund but had no money, offering the blood instead.

TREASURER CONVICTED

Stanton, Mich., Oct. 28 (AP)—Arthur C. Peterson, former city treasurer of Stanton, was found guilty today by a circuit court jury of having embezzled \$51 of municipal funds. Peterson will be sentenced Wednesday.

Fireman Slides, Catches On Fire

Sapula, Okla., Oct. 28 (AP)—Fireman John Brixie came whizzing down the brass pole at the fire house and a member later yelled loudly—for the fire department.

His fellow-firemen ran up to find the friction of the slide had ignited matches in Brixie's shirt pocket.

JUMP PROVES FATAL

Battle Creek (AP)—Half an hour after walking into a hospital, Lloyd Burbank, 32, of Vermontville, died from injuries suffered Friday morning when he jumped from an automobile driven by his brother, 21.

Negro's Confession Solves Slaying Of Kalamazoo Woman

Kalamazoo, Mich., Oct. 28 (AP)—Sheriff Charles W. Struble announced late today that 17-year-old Willie Moore, negro, had confessed to the assault killing of 68-year-old Mrs. Josie Zeedyk.

The sheriff reported that the negro youth broke down after two days of grilling and, absolving a second young negro whom he had implicated first, gave a story of first attacking the elderly woman and then slashing her to death in his fear she would name him to police.

Sheriff Struble quoted Moore as saying that after the attack Mrs. Zeedyk told him "you'll be sorry for this," and that he then returned down the basement steps and killed her.

A few minutes after the confession Moore was taken to municipal court, where he waived examination on a charge of murder and was bound over to circuit court. He probably will be arraigned there tomorrow morning.

Mrs. Zeedyk, mother of John Zeedyk, county juvenile agent, was found dying of numerous butcher-knife wounds in the basement of her son's house Wednesday afternoon.

Her daughter, Miss Clarissa Zeedyk, said that a negro, whom she identified as Moore, came to her mother's house during the afternoon, said that John Zeedyk had engaged him to clean the basement of his house, half a block away, and asked for the keys to the house.

Some time later, Mrs. Zeedyk went to son's house to see how the work was progressing. Miss Zeedyk went in search of her mother and found her dying.

POWER FIRMS ASKED TO GET SET FOR WAR

WASHINGTON, Oct. 28 (AP)—Amid a display of friendliness which left the capital guessing, the Roosevelt administration and 14 large utilities announced today a far-reaching program to strengthen national defense and stimulate industry by expanding private power facilities.

Utilities executives pledged themselves to place immediate orders for equipment to add some 1,830,000 horsepower to existing generating capacity. They estimated that the "first stage" alone of the expansion program would mean an outlay of \$2,000,000,000 in the next two years.

Trace Near? This, they said, would double the recent annual rate of capital expenditures by the industry.

The government's share in the undertaking—the first concrete development from President Roosevelt's re-study of national defense needs—will be to extend aid where needed in refinancing securities through the Reconstruction Finance Corporation.

Whether this display of cooperation might lead to a trace in the fierce struggle which the administration and some utilities have waged in the courts, in congress and elsewhere was not stated. Questions whether the development indicated better feeling were waved aside by Floyd L. Carlisle, a utilities leader who participated in today's announcement.

Preparing for War Some utilities men, cautioning against the use of their names for publication, passed the word that they were cynical and doubted that the program would prove to be as far-reaching as pictured.

An administration power survey group stressed that the primary objective was to increase power facilities of manufacturing centers which in war time would be called on for a heavy output of munitions.

At the close of the World war, the study disclosed, munitions manufacturing at some of these was near a breakdown because of a threatened power shortage.

Of 15 key centers listed, all but Birmingham, Ala., in the South, and Chicago and St. Louis, in the west, are in northeastern states.

As spokesman for the other utilities executives, Carlisle, of Consolidated Edison company of New York, commented that the government and the private concerns "have cooperated closely and not the slightest difficulty has arisen."

Only First Stage Louis Johnson, assistant secretary of war and chairman of the administration survey group, emphasized that the new construction represented merely the first stage of a vast expansion program and expressed confidence other utilities would cooperate.

"Definite commitments" were made by the utilities men present today to place immediate orders for turbo-generators, boilers and auxiliary equipment to provide 1,000,000 kilowatts of generating capacity.

Carlisle estimated this would involve an immediate expenditure of \$117,000,000, followed later by some \$240,000,000 for substations, transmission lines and other facilities. Other experts figured that 1,000,000 kilowatts was approximately one and one-third million horsepower.

COURT REOPENS ON OCTOBER 31

Judge Bell Will Return to Escanaba to Try Remaining Cases

Judge Frank A. Bell will return to Escanaba next Monday to continue with cases listed on the October calendar of Delta county circuit court. It was announced yesterday by P. A. LeClaire, Delta county clerk and clerk of circuit court. Because of the long list of jury cases on the calendar, the October session could not be completed during the time allotted for it, and several chancery and non-jury civil cases were held over to be heard next week. Ten cases, in all, remain to be heard. The October court term was the longest to be held here in several years. Twenty-one criminal cases were scheduled to be heard, in addition to 16 jury civil cases, 4 non-jury civil cases and 10 chancery cases. Judge Bell was forced to end

the session to start Dickinson county circuit court at Iron Mountain on Monday, October 17. All jury cases on the calendar were disposed of in ten-day jury session, which was an unusually long one. It cost the county \$1,438.40 in jurors fees alone, the 34 jurors serving receiving an average of \$41 apiece for their services at the rate of \$4 per day and 10 cents per mile for one round trip from their homes to the county seat.

Francis Clement Now Is Interne At Eye Clinic

Francis T. Clement of 304 South 11th street is serving as an interne

in Northern Illinois Eye Clinic in Chicago, where he is studying for his doctor of optometry degree. The local resident has entered his senior year at the Northern Illinois College of Optometry and his clinical internship is an integral part of his last year's studies. Optometry is the specialized profession for the care of refractive errors of the eyes. During his internship, Clement will have contact with large numbers of clinical patients, employing the latest methods and instruments known to present-day science. The future optometrist, a graduate of St. Joseph high school, is an active member of the Phi Theta Upsilon optometric fraternity.

Former Governor to Use Radio for Wind-Up of Campaign

Former Governor Frank D. Fitzgerald has taken to the airwaves for the wind-up of his campaign for re-election to the governorship of the state, it was announced at local Republican headquarters yesterday. The veteran legislator and administrator will be heard over a network of Michigan stations during the week preceding election.

His speaking programs, which will be heard by his followers all over the state, will be broadcast as follows: Today, WJR, 6:15 to 6:30 p. m.; Sunday, Oct. 30, WXYZ, 10 to 10:15 p. m.; Monday, Oct. 31, WXYZ, 9:30 to 9:45 p. m.; Tuesday, Nov. 1, WJR, 7 to 7:15 p. m.; Wednesday, Nov. 2, WXYZ, 10 to 10:15 p. m.; Thursday, Nov. 3, WJR, 7 to 7:15 p. m.; Friday, Nov. 4, WXYZ, 7 to 7:15 p. m.; Saturday, Nov. 5, WJR, 6:15 to 6:30 p. m.; Sunday, Nov. 6, WWJ, 6:15 to 6:30 p. m. and WJR, 10 to 10:30 p. m.; Monday, Nov. 7, WWJ, 11 to 11:30 p. m.; WJR, 8 to 8:30 p. m., and 11 to 11:30 p. m.; WXYZ, 9:30 to 10 p. m.; CKLW, 10:15 to 10:30 a. m., and WJBK-WMBC, 11 to 11:30 p. m.

Broadcasts from WXYZ will also go out over the Michigan radio network stations.

Compass Stolen By Thieves Who Break Into Fishing Craft

A valuable marine compass was stolen from Aronson Bros. fishing boat last Wednesday night, sheriff's department officers reported yesterday. The craft was moored in a slip near the mouth of Ford river when the theft occurred, and the fishermen were unable to leave the dock to lift their nets the following morning because of the loss. Tire tracks leading from highway M-35 to the dock were a clue left by the thieves, who were seen leaving the vicinity of the dock by a storekeeper at Ford River. He reported to Undersheriff John Fredrickson, who investigated the theft, that he had seen a dark sedan leaving the docks and that it had become mired between the docks and the highway.

Also missing from the boat was a battery and some tools. The theft, involving equipment aboard a licensed boat on government waters, was said by Prosecuting Attorney William J. Miller yesterday to be one which can be prosecuted in federal courts as well as those of the state. A reward for information leading to the arrest of those responsible has been offered through the sheriff's department.

Daredevil Drivers Of Fayette Region Endanger Children

Daredevil drivers who race up and down the road in Fayette school zones are a cause of deep concern on the part of teachers and parents according to E. Walfred Granskog and Alpha E. Bernard, teachers in the district.

During the past week children on their way to the Mud Lake school have been forced to jump ditches to avoid being struck by speeding cars while walking within safety zones, the teachers report. Children displaying Michigan Safety Patrol badges have been forced to walk home through the fields as the speeding drivers put on their act within the safety zones.

A number of 4-H club children who were waiting for a meeting Thursday night were endangered as a car with one tire missing was driven at high speed around the schoolhouse. The children retreated up the steps, where they were pursued part way by the youthful driver of the car, the teachers report.

POWERS

B. B. CLUB ENTERTAINED

Members of the B. B. sewing club met at the home of Mrs. Ed. Berg, Wednesday. Cards furnished the diversion.

Mr. and Mrs. C. A. Fleetwood and family of Iron Mtn., spent Sunday at the Odes Fleetwood home.

Hallow'een parties are being held in several of the rooms at school, on Friday afternoon. Costume costumes will provide heaps of fun for the children. Lunch has been planned in each room.

RETURNS HOME

Mrs. Victor Mollie, victim of last January's blizzard, in which both feet and limbs were frozen while stranded in a barn at Camp 3, seven miles north of Spalding, has returned to her cabin home. Although, both feet and limbs have been amputated, one below and the other above the knee, Mrs. Mollie still maintains her cheery, kind disposition.

Her husband, a WPA worker, leaves early in the morning and returns again in the evening. Her days must be spent alone in the isolated cabin where the Mollie's reside. The unfortunate woman walks by means of two artificial limbs only when assisted by her husband or another.

TO SPONSOR DANCE

Members of the Woman's Guild of Zion Episcopal Church, Wilson, are sponsoring a Hallow'een and old time costume dancing party in the Powers, hall, Friday evening, Oct. 28th. An invitation is extended the public.

Two Railroads Agree on Plan Of Consolidation

Chicago, Oct. 27 (AP)—Stockholders of the Chicago & North Western railway and the Chicago, Milwaukee St. Paul & Pacific announced here today they had agreed on a preliminary plan for consolidation of the two far flung systems. A draft of the proposal was filed with the Interstate Commerce commission.

The plan which attorneys said would make possible an annual saving of at least \$10,000,000 and probably more in operation of the two roads would involve sale of \$80,000,000 of first mortgage bonds. Part of the proceeds would be used to satisfy bank creditors and retire loans advanced by the Reconstruction Finance corporation.

Worth Over Billion
The two roads, which have combined assets exceeding \$1,400,000,000 and operate nearly 20,000 miles of main track north and west of Chicago, have had reorganization plans before the I.C.C. for some time. Recently Jesse Jones, RFC chairman, said the government agency had practically abandoned studies of possible consolidation.

The plan contemplates formation of a new corporation which would coordinate properties of the roads. Proceeds from sale of the new company's \$80,000,000 first mortgage bond would go to retire \$52,857,000 aggregate obligations of the North Western, including debt to the RFC, banks and other collateral loans and claims except equipment obligations which would be assumed.

Proposed Control
Proceeds also would retire the \$13,647,609 loan of the RFC to the Milwaukee. This would leave \$12,700,000 for cash working fund. Interest rate on the new bonds due in 1938 would be 3 3/4 per cent.

The new company would be managed by a directorate of 15 members chosen by a committee representing the institutional investors holding Milwaukee securities, the life insurance group of the North Western, the mutual savings bank group of the North Western, labor organizations of both roads, present directors and stockholders committees.

Members of the executive committee of the board of directors of the county organization are as follows:

ROLL CALL TO START NOV. 11

Red Cross Drive Opens Soon; Committee to Meet Tuesday

Preparations for the annual roll call of the Red Cross will be made at a meeting of committee members to be held at the office of the superintendent in the junior high school Tuesday evening at 7:30 o'clock, it was announced yesterday by John A. Lemmer, roll call chairman.

The roll call will start on Armistice Day and will extend to Thanksgiving Day. Robert Deo of this city is county chairman; Mrs. C. S. Norton, vice chairman; Mrs. L. H. Reynolds, secretary, and C. B. Smith, treasurer. It is planned this year to retain a majority of the money collected within the county for work in the home area, rather than having it all contributed to the national fund with no local returns.

Navy Day Observed In Munising School

Munising, Mich., Oct. 28.—Mather high school students celebrated Navy Day on Thursday with appropriate exercises held in the Mather high school auditorium which featured talks by Howard Berkel, American history instructor, and members of the student body.

The Mather high school band also participated in the program playing as the opening number on the program, "Hail Columbia" and closing with "Anchors Aweigh." Albert B. Clute is the director. The following pupils participated in the program and spoke on men prominent in naval history:

Walfred Hedberg—Admiral David Farragut.
Willie Nelson—Captain John Berry.
Margaret Truden—Commodore Richard Perry.
Dorothy True—Admiral Dewey.
Roy Johnson—John Paul Jones.

Howard Berkel, high school instructor, who opened the program, outlined in his talk why October 27 was set aside as Navy Day and gave a resume of the life of Theodore Roosevelt, who was ardently in favor of a strong naval force.

Life of Abundant Corruption
A FEDERAL grand jury in New Jersey has returned 48 indictments charging conspiracies to defraud the Works Progress administration of approximately \$250,000 in relation to only one item, that of purchase of sand and stone for projects in three New Jersey counties.
 A federal grand jury in New Mexico has returned 73 indictments charging persons with almost wholesale corruption in New Mexico's WPA projects. Those indicted include a son-in-law, a sister and two other relatives of a United States senator by the name of Chavez who rode into office on a platform of 100 per cent support of the New Deal.
 It was a fine platform for Chavez and his family. They have stuffed their pockets so full of bills, according to the opinion of the grand jury which made the investigation, that it was time to stop them.
 But let us not raise eyes to the ceiling over these little things. They are as nothing compared to the veritable cataract of corruption that will become apparent if we ever have a genuine investigation of the disorderly means employed to enrich tens of thousands of high-riders whose only contribution to the country's history has been their soulful support of the administration and their equally doleful wails at all opposition.

World Affairs Reviewed

BY FREDERIC J. HASKIN
 Washington, D. C. — November is a spring month in Australia, so are the months of September and October. The winter months are June, July and August. Australia is the home of the kangaroo, the world famous merino sheep, and the koala—the living teddy bear.
 But the country has other distinctions. It produces the finest wool in the world, as well as some of the best wheat and timber. For many years London paved its streets with Australian hardwood.
 Once considered one of the most isolated parts of the world, Australia is now one of the most progressive commonwealths of the British Empire. It is among the first nations to break definitely the yoke of the world depression. Pearls famous the world over come from West Australia. The black opals mined in New South Wales are incomparable, and are found nowhere else. Gold production is enormous and much of the country's other mineral wealth is untouched. Regions yet unexplored are believed to contain fabulous wealth.
 The first Englishman to set foot on the territory was William Dampier in 1688. The Dutch, Spanish, and Portuguese had previously examined certain portions of the northern and southern coasts. But the final settling of Australia came as a result of the English losing the American Revolution.
 In 1772 Captain James Cook sailed along the eastern coast of a southern hemisphere continent then known as New Holland. Cook called the coast 'New South Wales' and claimed the land in the name of George III. The section visited by Cook proved to be the richest area of the mysterious continent.
 When England lost its colonies in America in 1776, it was decided by the British that the new territory sighted by Cook would serve admirably as a penal colony, for no longer could prisoners be sent to the American colonies. The idea was appropriated, and accordingly, Captain Arthur Phillip on January 26, 1788, arrived at Port Jackson—now Sydney—in Australia's Mayflower—The First Fleet. But unlike the passengers on the Mayflower, three-fourths of the thousand-odd persons who arrived with Captain Phillip were in chains. What was destined to become a colony of criminals and slaves became, instead, one of the world's greatest democracies of free men.
 Remarkably little assistance in mastering the continent was given by the aborigines. The natives had adapted themselves to the extraordinary conditions of the continent and preferred their own rites and customs. However, like the Indians in America, the original stock has diminished to a fraction of the stock of the newcomers. The ratio of the two groups is 1 to 125.
 In 1901 the six colonies of Australia which had been established at various dates between 1788, when Phillip landed at Sydney, and 1859, when Queensland was separated from New South Wales, were federated as the Commonwealth of Australia. The confederation consists of New South Wales, Victoria, Queensland, South Australia, West Australia, and Tasmania; also the Northern and Federal capital territories.

The Washington Merry-Go-Round

BY PEARSON AND ALLEN
 Washington—When the Court of Appeals of New York opened this year, several old friends of its former Chief Judge, Benjamin Cardozo, ploiced together the whole of the most fascinating story in the history of the United States Supreme Court—the story of the appointment of Justice Cardozo. The story is published here in full for the first time.
 At the beginning of 1932, the great Oliver Wendell Holmes, then 91 years old, was suffering anguish from lumbago as he conscientiously came every day to his place on the Bench. For many years his New England conscience had tormented him with the worry that he might not be pulling his full weight in the work of the Court.
 On the eleventh day of January, Holmes remarked as he left the robing room, "I shan't be here tomorrow."
 Next day Herbert Hoover received his letter of resignation.
 Holmes was a mountain of a man, the acknowledged legal scholar of his time, then the dissenting prophet of what are now the accepted constitutional theories of the renovated Supreme Court. His resignation brought an insistent demand throughout the country that the successor should be someone of Holmes' own stature in the legal profession, not just an ordinary Supreme Court Justice, but someone imbued with Holmes' great tradition.
 On this basis the obvious choice was Benjamin Cardozo of the New York Court of Appeals, who always referred to Holmes as "my master" and to whom Holmes referred as "a great and beautiful spirit". The legal profession was almost unanimous in recommending him.
 A whole month went by.
 —BORAH AND HOOVER—
 Senator Borah, member of the Judiciary Committee of the Senate, had for many years been close to the problems of the Supreme Court. He decided to take up the matter personally with Hoover.
 One Sunday afternoon in February, Borah pleaded earnestly with the President to appoint Cardozo as a worthy successor to Holmes. His colloquy is one of the most magnificent moments in Borah's long and distinguished public service.
 "Senator," countered the President, "I agree with you that Cardozo is a good judge. But there are many other judges who are good enough and who I think better fit into our scheme of things." He added that he had been thinking about a certain District Judge in California.
 "Mr. President, if you nominate him to the Supreme Court, I shall myself lead the opposition against him."
 "And on what ground?"
 "On the adequate ground of obscurity; a Justice of the Supreme Court must be somebody."
 "But there are geographic considerations. There are already two Justices on the Court from New York, Stone and Hughes. Cardozo will make a third."
 "Mr. President, a man of Cardozo's attainments is above geography. Cardozo belongs to the whole United States; he belongs as much to Idaho as he does to New York."
 "But Cardozo is a Jew and there is a good deal of anti-Semitism abroad in the land."
 "Mr. President, the way to deal with anti-Semitism is not to yield to it! Why don't you make out Cardozo's commission now?"
 Hoover, silenced but not convinced, refused to do anything more than "think it over."
 —POLITICAL EXPEDIENCY—
 Then Borah, shrewd politician as well as judicial idealist, played his trump card. From the White House he went to see Jim Watson of Indiana, Republican floor leader in the Senate. Watson, no idealist, but the hardest-headed realist among Hoover's senatorial supporters, was one of the few effective members of the rear guard trying to beat off the mounting attacks on the demoralized Hoover regime.
 "Jim," said Borah, "I've just seen Hoover about the Supreme Court appointment. He has an idea that he's going to save California in November by appointing some obscure District Judge out there. Now I'm a Far Westerner and you're a Middle Westerner. But you know and I know that the smartest thing we could do politically is not to play sectional politics on this appointment, but to get nationwide credit for doing the right thing."
 The army is now in the midst of air raid defense maneuvers in North Carolina. Come to North Carolina and see the world.
 According to a prominent scientist the world is shrinking. Especially Czechoslovakia.

Due For The "Purge"

APPARENTLY Congressman Dies, of Texas, heading a congressional investigation of un-American activities in the United States, is a Democrat and not just a New Dealer. When President Roosevelt vociferously objected this week to revelations being made at this time as to the conduct of Governor Frank Murphy during the epidemic of sit-down strikes and other Communist activities in Michigan, the Texas congressman stood his ground and insisted that the people of the United States want the facts and are entitled to those facts at any time they can be presented. Two, apparently New Deal members of the Dies committee, voted to defer further revelations concerning Michigan's Governor Murphy, until after the November election, but they were voted down, much to the displeasure of the president and the consternation of Michigan New Dealers.
 More than likely, if the president had his "purge" list to formulate again, Congressman Dies would hold a place pretty close to the top of that list.

Other Editors' Comments

COMMUNISTS IN MICHIGAN
 (Marquette Eagle Star)

Except for making an official record of the charges, nothing new was brought out before the Dies committee on un-American activities when it was testified this week that Communists instigated 75 per cent of the numerous strikes in the Detroit area in recent years.
 Persons who have followed the activities of Communists in Michigan during the last few years have observed the very things that were pointed out to the committee—that Communists are endeavoring to take control of labor unions or destroy them, that they have no interest in the labor movement other than to stir up strife, and that they want to hamper industry at every turn, hopeful that their activities will eventually lead to a revolution in this country.
 Getting closer to home, the activities of the Timber Workers union in the Upper Peninsula of Michigan was a crying example of how the Communists operated. The president of the union was generally known as a Communist before he became affiliated with the union. Several other Communists managed to worm their way into union offices. When efforts were made to settle the strike, they always raised a new issue. The Timber Workers, under Communist leadership, destroyed bridges, damaged logging trucks, stoned drivers and otherwise resorted to violence. State authorities offered no assistance to settle the strike. As a last resort, vigilants organized and drove the trouble makers out of one community in the Peninsula. A week or 10 days later they were driven out of another community. Citizens of those communities should not have taken the law into their own hands, but it was a natural result when their patience became exhausted.
 It was just a case of catching up with the Communists as Detroit seems to be doing, now that the story of their activities is being aired in public.

Are Dissenters Reactionary?

IT was as natural as rain that the big topic at the President's Tuesday press conference should have been the wage-hour act. By all standards the subject was easily the "story" material of the hour. In the light of past experience, however, it was just as natural that the President should make known his resentment of newspaper criticism of one of his favorite pieces of legislation.
 In the President's opinion newspaper publishers who are not solidly behind the administration's policies are reactionary. He has made it clear time and again that he believes many newspapers are deliberately withholding, and encouraging others to withhold, the co-operation necessary for the success of his pet legislative schemes.
 If you read the President's remarks about reactionary newspapers a simple picture comes to mind. If you believe that the proper way to build a house is to begin with the foundation and your partner in the enterprise believes that the roof should come first, how can you co-operate with him? Are you reactionary because you believe that the way to erect a structure is to build soundly from the bottom up rather than from the top down?
 We doubt that there is a newspaper in the country, no matter what its politics, that would in these days oppose any device, no matter how sketchy, which aimed at increasing employment. Circulation and advertising are the life-blood of any newspaper. Neither are increased by having fewer people faithfully employed. So, if a newspaper publisher consulted only his own selfish interests, he would favor any measure that gave reasonable promise of increasing the income from his enterprise.
 The President, no matter how sincerely he may believe otherwise, does not have the opportunity to measure the application of the wage-hour bill. He cannot judge for those who must sit down and try to figure out how to make a payroll stretch far enough to conform to the provisions of this legislation. If, after working many more hours than the forty-four which now constitute a week's work for his employees, an employer comes to the conclusion that the wage-hour bill will mean less employment, how, under Heaven, can he be termed reactionary?

What One Woman Can Do

WHAT can one woman do? The answer has been written in letters large by Mrs. Harriet M. Robertson of Chicago. And the answer is: Plenty.
 President and founder of the Women's Civic Council, she has filed charges against County Judge Edmund K. Jarecki, a candidate for re-election, charging his conduct was unprofessional and dishonorable in approving payments of more than \$6,000,000 in expert's fees to his relatives, political friends and employees.
 The blistering complaint filed with the Chicago Bar Association charges Jarecki's actions denote lack of good moral character and are calculated to bring the courts of justice into disrepute and contempt. Jarecki has said the charges are a fabrication of untruths.
 Mrs. Robertson came from Missouri. She did children's work there before going to the University of Chicago as a graduate student of political economy. Six years ago she organized the Women's Civic Council, composed of representatives of women's church and civic groups interested in good government.

WHO'S WHO, ANYWAY?
 (From New York Herald Tribune)

For many years that fascinating red volume, "Who's Who in America," has been open to some criticism on the ground that it was not inclusive enough. It did seem at times that it gave too much weight to sheer respectability at the expense of persons who really were making a stir in American life. Thus the volume was filled with politicians, clergymen, editors and people like that—excellent enough folk in their way, but often a bit on the stodgy side. It was always a matter of wonderment and regret to some students of American life that a man like the late John J. McGraw, for example, who achieved real fame as manager of the New York Giants, was never included in this excellent reference work.
 This year the policy is more liberal. Fred Astaire is in, and about time. Also appearing for the first time are Clifford Odets (what does it matter if he is left wing?), Edgar Bergen, who invented the celebrated ventriloquist's dummy, Charlie McCarthy, and those two great Hollywood personages, W. C. Fields and Miss Carole Lombard. And here, in the new volume, is that former champion pugilist, now a big business man and always the philosopher, Mr. James J. (Gene) Tunney. There are many others. The trend seems to be all in the direction of a more sensible interpretation of just what makes a man important in American life.

'CROP CONTROL
 (American Bee Journal)

Recent efforts to control production from Washington have not met with the measure of success hoped for. There are too many uncertain factors for any artificial crop control to succeed. Floods, drought, hail, frost, insects and plant diseases are all to be reckoned with.
 There are indications that America will repeat the disastrous experiences of other countries in crop control. There have been examples to suggest caution. The disaster that overtook Brazil with coffee. Great Britain with rubber and the Argentine with cattle suggest the outcome of our own doubtful experiments.
 The beekeeper can hardly be blamed to resent paying a tax to provide cash benefits to the producer of corn, cotton or tobacco when the market for his own product is falling. It is hard to justify taxing one group to pay cash benefits to another group whose problem is no more serious.
 The soil conservation program favors the increase of legumes and the more abundant bee pasture indicates larger crops of honey. To pay a cash benefit to

New York Column

BY GEORGE ROSS

New York—The erratic maestro, Arturo Toscanini, is the most spectacular tenant of the Astor Hotel, that famed and fabulous hostelry bathed by the lights of Times Square.
 Job-hunters and autograph hounds besiege the musical genius when he is spotted in the lobby, and it takes a forceful man to hold them in abeyance. Not that the maestro haughtily ignores the petitioners, for Toscanini often pauses to talk with them and sometimes sign his name. The hotel staff never held a guest in awe as it does the maestro. Elevator boys mention him with bated breath, page boys quiver when he signals, the desk clerks address him with reverence when he steps up.
 Maestro Courts Simplicity
 Toscanini lives in a sunny, large suite high up in the building, above the Broadway glare. Not that he shuns the garish neon aspect of the Rialto. If the maestro thought he could stroll the gaudy avenue incognito, he would do it every evening, for he likes the vigor and animation of the street.
 His quarters are simple. His study's furnishings include a grand piano, a radio-phonograph, record albums, and several shelves containing books of Tarso, Leopardi, a pocket Shakespeare and biographies of the great composers. The busiest article in the room is the radio, for the maestro keeps it on long hours, listening to both long and short wave programs.
 Dynamic Personality
 Toscanini has been depicted as a tireless dynamo when he is rehearsing with the musicians or when he is on the podium conducting, and the discreetest inquiries around the Astor speak the same for his domestic life. He is always on the go at home. He is reading scores, pounding away at the piano, reading, tuning in, entertaining visitors, discussing future programs and toying in the kitchen with a new culinary invention—for the maestro is fond of the spaghetti he cooks himself.
 No one knows when he sleeps. Certainly he gets less shut-eye than most men. He regards the hours of slumber as a waste of time and feels there's always plenty to be done.
 For instance, they tell about the time he returned from a furious motor ride in Connecticut at 8 o'clock in the morning on New Year's Day. He was up and around the house at 10 a. m., while the friends who had accompanied him were still fast asleep late in the afternoon. But the story is that when the maestro emerged from his bedroom, he looked at his watch and exclaimed, "I overslept!"
 Toscanini prefers to dine in the privacy of his suite most of the time. In the mornings, he prepares his own coffee, for he does not trust the coffees brewed by strangers. His cuisine is invariably Italian and when the maestro isn't dining at home, he likes to motor around to small Italian restaurants where they might not possibly know him and personally supervise the preparation of his meal. He likes to chin with the chef, too.
 The high command of the Republican party believes the only good Progressives are dead Progressives.

Lyrics of Life

By Douglas Malloch

TO HAVE AND HOLD
 Well, east or west,
 I don't much care,
 For where is best
 Is anywhere
 Where you're a cot
 And supper spread,
 And then a spot
 To lay your head.
 So some advice
 I'll give you then,
 It's good for mice
 Or good for men:
 One thing to do,
 And this is that:
 Have somewhere you
 May hang your hat.
 Yes, have a place
 Where you are boss,
 Or life's a case
 Of total loss.
 Have something here
 To have and hold,
 For friends are queer
 And men grow old.

NEW COURSE IS BEING OFFERED

First Aid Instruction Will Be Taught On Monday Nights

A course in first-aid is offered at the City Recreation Center every Monday night beginning next week at seven o'clock. The course will be part of the City Recreational program and the instructor will be Fritz Fredrickson, W. P. A., Recreation leader.

In this day and age when accidents are happening every minute of the day, no one can tell when he might be called upon to administer first-aid service. Even in the home, lives are often saved by knowing what to do until the doctor comes.

Fritz Fredrickson is a qualified instructor, working in co-operation with Doctor Defeat, who has awarded first-aid certificates to all students who have taken the prescribed course. There is no admission charge and the public is invited. Those interested are urged to attend the first meeting so as not to miss any part of the course.

Hallowe'en Party Held For PC Club

About twenty of the younger members of the PC club enjoyed a Hallowe'en costume party at the city recreation center Friday night. An abundant lunch was served and games were played. Emblems were awarded Helen Jerow, Lila Mae Nees, Helen Powers, and Russell Rabitaille. Helen Jerow's witch costume was judged the best and she received a prize. The PC club is the city recreational club. Anyone who participates in recreational and community activities is eligible to receive membership and emblems.

Dies Says He'll Never Say Die

Gesturing with his cigar, Representative Martin Dies declares his intention to go on with the hearings of his committee on Un-American Activities. In a formal statement Dies denied the presidential accusation that his committee was playing politics and making no effort to get the real truth of the Michigan situation. Witnesses testifying in Washington had accused Gov. Frank Murphy of "treachery" in his handling of the auto sitdown strikes.

Music of Vienna Choir Boys Delights Concert Audience Here Friday

The sheer beauty of music sufficient in itself, and added to the irresistible appeal of children, whose trained maturity, made the Vienna Choir Boys concert last evening, presented under the direction of Victor Gombos, an unforgettable experience in the memory of the rapt audience which filled William W. Oliver Memorial auditorium.

The choir, voices blending in the perfect harmony of a muted orchestra at times, swelling into the full throated tones of an organ at others, and again with the clear, pure tone of a soloist in high relief against flawless supporting background of melody, made every minute of the concert complete delight.

The program opened with the technical "Vexilla regis," Palestrina, five parts, the "Ave Maria," of Victoria, in which the spiritual quality of the youthful, fresh voices was particularly lovely, a soprano solo, in clear, pure tone, of Mozart's "Alleluiah," and Franz Schubert's "Psalm 23."

Opera Presented
"The Queen of the May," an opera by Christof Willibald Gluck, was presented by the boy singers in place of "Bastien and Bastienne" by Mozart, which was originally scheduled on the program. Angelic faces framed in white Parisian wigs, the youngest of the choirists played the part of girls in the May festival.

The opera opened with shepherd girls and boys coming to enjoy the May. Philient, shepherd boy, is apart from the rest and in great sorrow, for he is in love with the beautiful shepherdess, Helene.

Philient meets Lisette, saucy little wench, played by a rosy cheeked choir boy whose enjoyment of the part he plays sticks out all over him, and she agrees to help the sorrowful lover win Helene.

Damon, the villain, a fat, strutting little fellow, enters and he too asks her help in winning the hand of Helene.

The climax is reached as Helene, entering on the stage alone, is confronted by both Philiente and Damon, as well as by Richard, a wealthy farmer, who also wants to win her hand. Damon and Richard quarrel over Helene, and the coquettish little Lisette steps in and straightens things out by making off with the wealthy farmer herself. Philient wins Helene, and the villain Damon retires vanquished.

May Fete
The one-act opera closes with the whole company dancing in the May fete, and Helene is crowned Queen of the May.

The novelty of appearing as girls to the play seemed to tickle the young principals in the opera. They were especially coquettish as they turned their backs on the earnest suitors and made eyes at them over their shoulders. Brimful of fun, and almost mischievous, little Lisette's eyes sparkled as she teased the rich farmer who made love to her, and then finally gave him her hand.

The final group, in lighter vein, as compared to the opening numbers, which the boys seemed to find as much pleasure in singing, as the audience did in listening, opened with two Brahms numbers, "Der Brautknecht" and "Maerchen," followed by the melodious German madrigal, two German folk songs of the early nineteenth century, and the brilliant, "La Girometta." Bellini, transcribed by the director, Victor Gombos. Beautiful beyond description was the final number

GIRLS' CLUB VERY POPULAR

All American Organization Incorporated in Recreation Work

One of the most popular activities in the city recreation centers is the All American Girls club. This club, organized and administered by local WPA recreational leaders, has been incorporated into the city's municipal recreational program and has been adopted in various towns in Delta and other peninsula counties. A copy of the organization and constitution has been sent to Lansing for approval of WPA Recreational Administrators and may be included in programs all over the state.

There seemed to be a great need and demand for a Girls' Club organization in Escanaba which would be under the direction and supervision of the local recreational staff. Mrs. Bernice Anderson, WPA Recreational leader, who has had a great deal of experience in Girls' Organizations, formulated a plan including recreational and character forming activities for girls from six to sixteen. Cooperating with her were Mrs. Zania Rivers, Delta County WPA Recreational head, Miss Maria Schuster and Miss Doris Costley, both of the WPA Recreational staff. It is evident that her plan appeals to girls as there has been as many as seventy-five present during one of the afternoon sessions.

Four Divisions
There are four divisions of the All American Girls Club, namely: Fairies, ages 6-9, Wanderers, ages 9-11, Juniors, ages 11-13, Seniors ages 13-16. The pledge is as follows: "I pledge myself to be a true square All American Girl, true to home, excelling in some handicraft, guarding and improving my health and getting all the Clean Wholesome FUN out of LIFE that I can knowing that nothing ranks second to a good character; I will try at all times to uphold the High Ideals of American True Girlhood and be a TRUE American Girl to Every American Girl. The Motto is "Loyalty-Straight-Forward". The club objectives are four-square, and are Home Craft, Character, Health and Fun. Under Home Craft are included thrifty, loyalty, trustworthy and orderly. Character - leadership, patriotism, sportsmanship and unselfishness; Fun-temper, courtesy, friendship and golden rule; Health-clean, cheerful, obedient, straight and forward. The colors are red, signifying strength, white, signifying clean, and blue signifying true. Honor colors are gold, signifying precious, green, signifying everlasting. Mrs. Anderson and Miss Schuster are advisors, but there are four vice presidents whose duty it is to record honors and applications for honors at the square meeting.

Badges are made at club meetings and are awarded when applicants have met required qualifications. All girls must learn the pledge and receive a prescribed number of honors before being awarded the badge. In addition to the badge showing club membership, other badges are awarded for special merits. At present these include health, fun, home craft, character and extra special for outstanding services. These badges are awarded for a certain number of merits and a girl builds her own badge, for example, the fun badge is a face and is built up as follows: the navy blue circle shall be obtained by being in public appearances. The eyes, nose, mouth and ears require five merits each, while the cap may be had for conducting a party or planning a complete program. A girl may wear the badge before completion, therefore may possibly display a clown's face, minus an eye, nose, mouth and etc. Naturally the girls will want to complete the badge as soon as possible. Merits toward the fun badge may be earned by participating in parades, school functions, church functions, club functions, planning and conducting parties, planning a complete program and etc. Other badges are obtained by earning merits awarded for activities related to that phase of the club program.

Many of the principles and objectives have been adapted from other organizations, such as Campfire Girls, Girl Scouts, and the 4-H Club, but the complete club organization is entirely original with Mrs. Anderson at the head. The club is highly endorsed by Clavier Butts, City Recreational Director. At the present time, there are 6 chapters meeting at the City Recreational Center and 3 chapters at the Webster Annex, namely: Recreational Center, Minnehaha, The Liberty-Older girls, Betsy Ross, Virginia Dare-5 & 6th grade, White Star & Busy Workers-2,3 & 4th grade.

Webster Annex, Pilgrim girls-Older girls, Snow White-7 & 8th grade, Blue Bell-5 & 6th grade.

Each chapter is allowed to choose its own name. There are approximately 120 girls working for the club and honor badges. One of the club projects is the making of small notebooks including a place for their name and recordings, motto, square significances, colors, laws of the square, by laws, requirements for badges and honor badges in home craft, health, character and fun, club meeting procedure and favorite maxims or quotations. For example, one book has the following: "Sow a thought-reap an action, sow an action-reap a habit, sow a habit-reap a character, sow a character-reap a destiny." Others are "Smiles are as catching as the measles, but far more pleasant" and "one who deals in sunshine is the one who gets the crowds. He does a lot more business than the one who peddles clouds".

The great American men Europe knows are the men whose effigies appear on \$1 bills. -Emil Ludwig, speaking to the American Club in Paris.

Reuben Johnson, 27, Dies At Cunard

Hermansville, Mich., Oct. 28.—Reuben Johnson, aged 27, son of Mr. and Mrs. A. W. Johnson died Tuesday afternoon at 4 o'clock after a lingering illness. He passed away at the home of his parents at Cunard. He is survived by his parents and two brothers, Paul and Willard, both at home.

Mr. Johnson was born in 1911 and attended at the Hermansville schools, graduating in 1930. While in school he was noted for his exceptional art work. After graduation he was employed for several years in Chicago.

Star Commonwealth Fund
The Starr Commonwealth school is a home and school for underprivileged boys who have not had the usual opportunities. It was destroyed several years ago by fire and since then a whole new set of buildings has been reconstructed. The school enrolls principally boys from Michigan.

The students of the fifth and sixth grades of the Hermansville school collected \$18.59 for the Starr Commonwealth school. The money was raised by the sale of tags.

Mrs. Maude Babcock of Kalamazoo, field secretary of the Starr Commonwealth school which is located in Albion, Michigan, was in Hermansville this week and took charge of the drive. Students in each room selling the most tags received prizes. In the sixth grade the first prize winners were Tommy Becks and Kathryn Jesewski, second place being held by Bobby MacEachern and Lois Fioriana. In the fifth grade first places were held by Jack Earle and Shirley Ann Laundre, second places by Genevieve Tomasi and Raphael Loverville. Shirley Swanson won an extra prize.

Hermansville students who attended at the potato show in Escanaba were Clarence Ryberg, Glen Wary, Walter Peterson, William Jesekski, William Smokovitz, Elmer Faulstich, Francis Tarr, Wilbur Lindberg, Snorre Holle, Ronald Ryberg, Wallace Juneau, Robert Nelson, and Melvin Schultz. They were accompanied by the Smith-Hughes instructor, Mr. A. E. Spaulding.

A penny social is being held Saturday night, October 29, at the Methodist church parlors under the auspices of the Epworth League and the Wesleyan Guild.

A birthday party was held last Saturday in honor of Jack Earle's birthday. Many of his friends and classmates were guests.

Mr. and Mrs. Edward Dusterhoff and Mr. Harry Schultz of Milwaukee spent the week-end at the home of Mr. and Mrs. William Dusterhoff.

Oscar Swanson of Iron Mountain spent the week-end at the home of his mother, Mrs. Louise Swanson.

Mr. Ostund of Escanaba visited in Hermansville on business Wednesday.

The Hermansville P. T. A. held their first meeting on Thursday night when a safety program was presented. Before the social meeting a business meeting was held in the kindergarten room. The movies presented in the high school auditorium were under the sponsorship of the Michigan State highway department. The orchestra under the direction of Miss Kibbe also presented several selections.

The Hi-Y boys of the high school presented a dance Thursday night in the community club. Ivan Kobasick and his orchestra played. The money raised is to be used to send boys to the Older Boys Conference at Iron Mountain.

Women Democrats Meet In Gladstone
Mrs. Arthur Erickson of Ironwood discussed political issues from the women's viewpoint at a meeting of the Democratic women of Gladstone held at the city hall last evening. Attorney Clyde McConagle of Escanaba was also a speaker. Mrs. L. M. Gilmore of Escanaba acted as chairman.

Marry the boss's secretary, not his daughter. The government is getting all the boss's money, so he'll never give it to his daughter, but the secretary has a job. -Prof. Gale Noyes, Brown University, Providence, R. I., advising members of his English class.

Marilyn's Party
Little Marilyn Larson, daughter of Mr. and Mrs. Reuben Larson, was hostess at a delightful party Thursday afternoon at her home at 1221 Dakota avenue on the occasion of her 6th birthday anniversary. The afternoon was spent in games following which a delicious dinner was served. A Hallowe'en motif was carried out in the decorations. A prettily decorated birthday cake formed the centerpiece for the table and favors presented each guest.

Marilyn was the recipient of many gifts in honor of the occasion.

Guests present included Ruth Cannon, Joyce Lied, Delores Hart, Wanda Lee Vogt, Gay Lee, Agnes Cannon, Helen Sylvester, Marian Tillman, Phyllis Rose, Barbara Jean Campbell, Mary Lorraine Willis, Marilyn and her teacher, Miss Mabel Larson.

Entertainers Club
Mrs. John Hogan entertained members of her contract club on Thursday evening at her home at 1218 Wisconsin avenue. Two tables were in play with high honors won by Mrs. Cliff Sutter and second by Mrs. Fred Schram.

Tasty refreshments were served by the hostess at the conclusion of the evening.

PWA WORKER SPEAKS
Bark River, Mich., Oct. 28, 1938

Editor Daily Press, Escanaba, Mich.
Dear Sir:
As election draws near we see and hear plenty of propaganda about who we should cast our vote for and the voter who uses his head a little at this election may be able to help bring home the bacon. All we have gotten out of this party (the Democrats) is promises and that is all we ever will get. The PWA workers in this county lost 3 days pay last spring and were told they would get a chance to make up the time. Did any one get it? Murphy promised a raise. The raise went to all the straw bosses that were put on who were suckers enough to call themselves Democrats. The Democrats have a lot of campaign funds to draw from and by the time the election is over the Old Age Assistance, UCC, PWA and ERA should be pretty well cleaned up.

But then they could start on the gas tax and sales tax. If you are interested in getting a job that will pay a living wage and want to be something besides an indigent pauper use your head and vote a straight Republican ticket and you won't have to wonder where your next meal is going to come from.

Truly yours,
PWA Worker.

Veteran Ordered Freed At Jackson
Lansing, Oct. 27 (P)—Elmer Spencer, 59-year-old World War veteran who was convicted in 1931 for the armed robbery of the Otisville State Bank, was ordered released from prison today by the state parole board.

The board said that Spencer committed his first crime at the age of 52 "under the stress of critical economic conditions" and that he was a good risk for parole. Circuit Judge Edward D. Black of Genesee county, the sentencing judge, recommended his release in 1936.

On The RECORD

By Dorothy Thompson

On Witchcraft and Slavery Professor James Shotwell had an article in the last Sunday magazine section of "The New York Times" under the title "Can We Conquer War as We Did Slavery?"

The article caught my attention and the argument interested me, because I would have said that although war may really be conquered "in our time," the other two institutions are enjoying a remarkable renaissance.

It is quite possible that war, that is to say, armed conflict, has passed the point where it is useful as an instrument of national and international policy.

But the other ancient institutions, witchcraft and slavery, are taking the place of war and have even become instruments of national and international policy.

The leading example of modern witchcraft is anti-Semitism. It is tricked out by those who use it as an instrument of national policy with all the black magic that once was attributed to witches, alchemists, wizards and sorcerers.

Fifteen million Jews scattered around the world, most of them poor and none of them united, are supposed to hold the whole world in their grip and keep it subjected by an evil spell which is in turn responsible for capitalism, war, Communism, racial degeneration, pacifism and plagues.

The Jew is the sole source of all evil, and any communication with the race transmits a subtle poison to the communicator.

"Lost purity of blood disturbs the inner happiness forever," writes Hitler. "It stings men down forever, and the results can never more be eradicated from body or from soul."

Like sorcerers, the Jews in this new witchcraft possess peculiarly seductive powers. They often appear as angels. Therefore primers and picture books are gotten out for little children to point out to them every real or imagined Jewish characteristic and prepare them to resist the evil eye.

One of these picture books in my possession is a truly remarkable example of modern witch-baiting. The Jewish physician exists to lure non-Jews under the knife; the Jewish merchant to exploit his clients; the Jewish artist to pervert the senses.

Professor Shotwell, speaking of ancient witchcraft, says, "It implanted itself firmly as one great body of ceremony that could offer escape from haunting fear."

And that is precisely the function of this revived witchcraft. If one is protected against this particular evil eye, one is invulnerable and safe from everything.

Ceremonies—significantly, the one of burnt offerings—serve to purify the soul and exercise the evil eye. Hence the public holocausts of Jewish books.

The believers in this modern witchcraft are immune to reason on this particular subject, however rational they may be on every other matter under the sun.

They are exactly like their forebears. The scientific mind was already awake when witches were burned in Salem, but the belief in magic flourished alongside it and often in the same bosom.

And slavery? It is true that in the civilized world one person may no longer possess by law the body and soul of another human being, but are not men and women enslaved in the exact sense of the word to the modern totalitarian state—a collective, rather than a personal, slavery?

Is not the "modern" citizen "the property of and entirely subject (to the collective), whether by capture, purchase, or birth"—to take another of the New Oxford's definitions?

SERIAL STORY MURDER TO MUSIC BY NARD JONES

CAST OF CHARACTERS MYRNA DOMBEY—heroine. Wife of the sensational swing band leader.

ROBERT TAIT—hero. Newspaper photographer—detective. ANNE LESTER—Myrna's closest friend. DANNIE FEELEY—officer assigned to investigate Ludden Dombey's murder.

Yesterday, Nelda Starr invited Tait to her apartment to hear a recording of "The Cat's Meow" and Tait is started to find Harris Rogers waiting there.

CHAPTER XXIII If Harris Rogers' presence in her apartment was a surprise to Nelda Starr she disguised her astonishment splendidly. "How are you, Harris?" she called. Then she turned in the hallway to Tait. "It appears we have an unexpected visitor. Do you know Mr. Rogers, Mr. Tait?"

Tait nodded. "Yes, indeed." He walked toward the ex-manager of the Swingsters, resolved to make the best of an embarrassing situation. To his utter amazement Harris Rogers smiled pleasantly and held out his hand.

"How are you, Tait? No doubt this reminds you of another occasion when you walked into an apartment to find me waiting!" "You do get around," Tait said.

He took Rogers' hand, wondering the meaning of the man's apparent willingness to let bygones be bygones. Was this a trap sprung by Nelda and Rogers? Bob Tait would have given considerable thought at that moment for the comforting Dannie Feeley.

Nelda went to the tall phonograph cabinet, started a record already on its table. "It was down at the Golden Bowl, Harris." "Torchy" never plays "The Cat's Meow" and I simply had to hear it. Been here long?" She looked at Tait. "Harris and I are old friends, you know. For months I worried him for a spot in Lud Dombey's band."

Rogers laughed. "You see, Tait, I never believed that all lovely young women should sing in bands. Now, I suppose, Nelda is working on you."

"Nonsense, Harris. Mr. Tait came up for a cocktail and to hear 'The Cat's Meow.'" She turned from the phonograph as the haunting strains of the song drifted into the room. "How would a couple of Martinis suit you boys?"

Rogers and Tait agreed that a Martini would be a suitable accompaniment to "The Cat's Meow." Warily Tait sat himself down, careful to keep himself between Harris Rogers and the door.

When Nelda disappeared into the kitchen he wondered fantastically if this pair planned to poison him. This disturbing reverie was broken by Harris Rogers' voice. "You know, Tait, I'm damned sorry about the way I acted last time we met. I deserved the sock on the jaw. But getting fired so suddenly was a shock. You see, I thought a lot of Dombey and of the boys in the band. It was tough to have Dombey's widow give me the gate."

"Of course," Tait said. He would have given considerable thought to know how sincere Harris Rogers was. "I don't imagine I was very diplomatic."

Rogers rubbed his jaw thoughtfully. "I'm afraid you weren't," he said with a smile.

Tait was grateful for the reappearance of Nelda, bearing three Martinis and a shaker on a tray. She held them toward Tait. "I have coaters somewhere," she said. "But I never can find them. Just use that magazine there—that is, if furniture marks spoil a drink for you. For my part I really don't mind."

"Thanks," Tait took a drink from the tray, brought the magazine nearer to him on the tiny mahogany table beside his chair. It interested him to see what kind of a magazine it was—a gaudy comics magazine made up of reprints of "funnies" from the daily newspapers. A magazine designed essentially for the child—but, he supposed, suiting perfectly Nelda Starr's unfocused mind.

The recording of "The Cat's Meow" was coming to its end, and Nelda was about to set the needle back to its starting place when Rogers said, "Let's not have any more of that, do you mind?"

"Of course I mind. This is my apartment, Harris, and I'm the only one who is entitled to be neurotic in it." Importantly she started the music again. For a moment or two the three sat quietly, listening to Ludden Dombey long after he had met his death.

Suddenly Nelda snatched up the cocktail shaker. "How about another, Mr. Tait?" "No, thanks," Tait said. "I've really got to be running along."

"So soon? I'm sorry," Nelda bent her blue gaze flatteringly. "You'll come again, won't you?"

Tait promised, and shook hands with Rogers. As he turned to the door he half expected a shot—a knife—in the back. But there was nothing more dangerous behind him than Nelda Starr. At the door she took his hand again. Looking at her, Tait caught his breath a little. No question about it, Nelda Starr was a fascinating woman!

A month ago Bob Tait would have been intrigued. But tonight as he left the apartment he was thinking of Myrna rather than Nelda Starr and Harris Rogers. As the date for the trial drew nearer, Tait was becoming increasingly frantic. He wondered what he might have discovered if Harris Rogers hadn't been in the Starr girl's apartment. And he wondered, too, if Rogers' very presence there might not be a very important discovery in itself.

He looked at his watch, decided that it might not be too late to telephone Myrna. Anne Lester had said that she was feeling blue—not at her own plight, apparently, but at what Lud Dombey's records had revealed. For Feeley had returned the bulk of them to Myrna as owner of the band. And they had told Myrna the story of Lud's fabulous attention to a hundred women. Tait had upbraided Feeley for returning the files to Myrna instead of to him.

"Well, they belong to her, don't they?" Dannie had said. "And I won't hurt anything for her. I know that Lud Dombey was par'ly heel." Tait could not restrain a smile as he recalled Feeley's words. Good old Dannie had done it for one reason alone—to help Myrna forget the dream band leader she had built up; and to focus a little on Bob Tait.

Tait hurried into a drug store, found its telephone booth and dialed the number of Anne and Myrna's apartment. It was Anne who answered. Her voice was shaking. "Bob? Oh, Bob—Myrna's disappeared."

"Disappeared? What do you mean, Anne?" "She went out about 5 and hasn't returned or sent any word. She wouldn't do a thing like that unless she wanted to stay away."

Tait did not tell Anne what was flashing through his mind. "Stay there," he said. "I'll be right over."

Outside he hailed a cab and gave the driver the address of the Claremont. It would, he told himself, be one sweet mess if Myrna didn't show up for Barkley. They'd be sure to track her down in the end, and she wouldn't have a Chinaman's chance.

VALVES LAID IN WATER MAINS

Installation Will Stop Complete Shutdown of Pumping Station

Large gate valves on main water lines leading both east and west of the city pumping station were installed by a factory trained expert here this week, the job being completed late Thursday night.

The installation of the valves was authorized by the city council to prevent a repetition of the unfortunate circumstance which occurred July 3, when the entire city's water supply was cut off for several hours due to a break in a line at Weston avenue.

The valves were installed under pressure, without the city water service being cut off. Special equipment was provided by the valve manufacturers for

job, and a factory trained expert sent to Manistique to operate the equipment.

The installations will permit water pressure for at least half of the city in an event of a break in the main running in the opposite direction.

The installation of underground structures along Deer street is proceeding ahead of schedule, City Manager P. H. Beauvais has reported. It is planned to speed this program to permit the completion of as much work as possible while nice weather conditions prevail. It is taken for granted the project will be slowed down materially with the advent of snow and ice conditions.

New water and sewer connections are being installed on both sides of Deer street, from Chip-dewa avenue to the Manistique river bridge. When this work is completed, the project will shift to Elk street from the Manistique river bridge to the Maple avenue intersection.

BALLOTS SENT TO ALL CLERKS

Election Supplies Now In Hands of Township Officials

All ballots and election supplies are now in the hands of the township clerks and clerk of the City of Manistique for the November 8 general election, G. Leslie Bouschor, county clerk, has announced.

Numerous applications for absent voters ballots have been received in Manistique and by the township clerks, and these ballots will be mailed or delivered to all such applicants properly qualified to vote in the Nov. 8 election.

Four amendments to the constitution will be voted upon at this election, and a special ballot, several feet in length, will be used for that election.

Voters in Manistique will be given three ballots, while township voters will vote only two. A special election to decide the issue of fast time will be held in Manistique.

Election boards have been selected in the City of Manistique and in most of the townships, and these inspectors and clerks will meet at the courthouse prior to the election to receive instructions on the handling of their duties. The "school" will be in charge of the county clerk.

Students Have Pep Meeting At School

Manistique high school students staged a clever pep meeting in an assembly at the school auditorium yesterday morning to stimulate local spirit and interest in the Manistique-Munising football game to be played this afternoon.

A humorous skit featured the pep meeting. School yells and a short talk by John Solar were other features of the program.

Safety Films Shown To Students Here

Educational safety films were shown to students of Manistique schools Thursday afternoon. The films depicted the safe methods to operate bicycles and automobiles, and showed the rules of safety for pedestrians to follow. The showing of the safety films was sponsored by the Manistique Lions club.

Gladstone Travels To Marquette High Today

Gladstone, Mich. — Gladstone high school gridder travel today to Marquette to clash with the Graverets in a game which promises to be one of the best on the Peninsula card today.

It will be the old question of pupil versus master for Alton Kircher, coach of the Redmen, learned his early football under Coach Eldon Kell of this city back in 1926-28.

While the Graverets' two defeats of Ishpeming by top-sided scores would seem to indicate a

ZUPPKE AGAIN SINGING BLUES

Illini Haven't Chance Against Michigan, Says Old Fox

BY GEORGE A. STAUTER
Ann Arbor, Mich., Oct. 28. (AP)—Wily Bob Zuppke came to town today and immediately began to moan his "green H'l boys" from Illinois haven't a Chinaman's chance against Michigan tomorrow.

"Why," he cried, "those boys out there are as green as the grass in this stadium."

He pointed to a husky bunch of fellows covouring up and down the field in signal practice.

"They're so slow," he said, "that they'll probably learn they are in a football game by the time the second half rolls around."

"Besides," he added, "we're riddled with injuries, our tackling is awful, and I can't see any hope against that speed and power we'll see tomorrow."

No one took Mr. Zuppke seriously except when he talked about injuries. It was just two years ago he sang the blues and predicted his boys were so small they would get lost in the grass and wouldn't be able to see the goal posts.

After the brief workout Zuppke leaded his squad onto a bus for Dearborn where the Illini were to spend the night.

While the Illini acquainted themselves with the stadium, the Wolverines held a final drill in secret on Ferry Field before going to a nearby country club.

Coach Fritz Crisler had three teams look at Illinois plays for a last time before working on their own.

Zuppke's lineup included only one veteran, Capt. Jim McDonald, at center, while casualties forced him to make replacements at quarterback and both halfback posts.

Of the two teams, Michigan will have the more imposing record, with three victories in four games. Illinois has won two of five games, losing to Ohio university, Notre Dame and Northwestern.

Between 35,000 and 40,000 will witness the home-coming game.

Illinois Pos. Michigan J. Phillips — LE — Valek Tomases — LT — Janke (c) Bernhard — LG — Brennan McDonald (c) — C — Kodros Hodges — RG — Helkkinen Riges — RT — Smith Young — RE — Nicholson Pezzoli — QB — Evashevski Peterson — LH — Purucker Burris — RH — Harmon Bennett — FB — E. Phillips

Referee, James Master, Northwestern; umpire, H. G. Hedges, Dartmouth; field judge, Nick Kearns, DePaul; head linesman, Lee Daniels, Loyola.

Time of game 2 p. m. (EST).

SPARTANS FACE TOUGH BATTLE

Santa Clara Has Won 21 of 22 Games, 14 in a Row

By Jack I Green
East Lansing, Oct. 28. (AP)—Six short weeks ago the Spartans of Michigan State were asked what football team they considered the toughest on their 1938 schedule. Almost to a man, they voted for Santa Clara.

Tomorrow their ballots will be counted in a different way—the Broncos of Santa Clara will have an opportunity to indicate that the vote was a wise one and the Spartans will have a chance to show what affect that choice has made on them in the ensuing weeks.

Hitting their comeback pace two weeks ago against West Virginia and lengthening their stride last week against Syracuse, the Spartans tomorrow will be face to face with a team which has won 21 out of its last 22 games, 14 of them in a row, a two-time Sugar Bowl champion and ranked as the nation's fifth best squad.

Sports writers called tomorrow's game in Macklin field one of the seven best in the country on that day.

Despite that, Macklin field still held 9,000 unspoken for seats tonight.

Michigan State will go into the game a decided underdog but none will forget it was considered outclassed a week ago and turned the tables decisively.

Santa Clara will have at least two teams at full strength, while the Spartans must supply a fighting spirit to make up for several weaknesses in their reserves.

The Bronco starting line, led by Johnny Schiechl, 255 pounds, at center, and Al Wolf, a great 225-pound tackle, will outweigh State 20 pounds to a man, while behind the key Bruno Pellegrini will be the key man and a triple-threat besides. Bill Gunther is a 215-pound fullback who uses his weight dangerously.

Bushman must depend on several under-experienced backs to save Johnny Pingel from overwork. Art Harris, Jerry Drake, and Casey Kiewicki undoubtedly will have a prime opportunity to show they can carry the load set down by Gene Ciolek. Allan Diebold, State's great pass breaker-upper and quarterback, will see action but he may be handicapped by his recent injuries.

The game is at 2 p. m.

Probable lineups:
Santa Clara Pos. Mich. State Coffey — LE — Diehl Locke — LT — Gargott Ginney — LG — Rockenbach Schiechl — C — Ailing Schroeder — RG — Masny Wolf — RT — Bremer Anahu — RE — Kinek McCarthy — QB — Diebold Pellegrini — LH — Pingel Barlow — RH — Budinski Gunther — FB — Haney

Referee, E. C. Curtis (Chicago); Umpires, Don M. Hamilton (Notre Dame); Linesman, Edward W. Cochrane (Kalamazoo); Field Judge, Ray J. Eichenlaub (Notre Dame).

St. Mary's, 30 and 0

Mt. Pleasant, Mich., Oct. 28. (AP)—While Central State's first and second teams rested on the sidelines, the Bearcats' substitutes romped to a 30-0 victory over St. Mary's eleven of Orchard Lake tonight.

Central's sixth consecutive victory of the season gave it a total of 250 points and a high spot among the nation's undefeated and untied collegiate teams. Only six points have been scored against the Bearcats.

Barber, Ballagh, Murphy, Dennison and Kerber scored the touchdowns, four on straight football, one on a pass over the goal line and another when Dennison recovered Senkiewicz' fumble behind the goal line.

Heres Definition Of 'Razzle Dazzle'

New York, Oct. 28. (AP)—Francis Schmidt, one of the country's leading exponents of trickery and deception as coach of the Ohio State football team, today supplied the following definition of his own favorite razzle-dazzle:

"When you ain't lookin' where you're goin', an' you ain't goin' where you're lookin', an' you've got the ball but somebody else is runnin' with it."

Schmidt, whose Buckeyes play New York U. tomorrow, was guest speaker at the weekly luncheon of the Touchdown club.

Turf Writer Lane Of Tribune Dead

Chicago, Oct. 28. (AP)—French L. Lane, a sports writer for the Chicago Tribune for the last 17 years, died suddenly tonight in a hospital from a complication of ailments. He was 45 years old. Lane was widely known as a turf writer. He is survived by a widow and a 12-year-old daughter, Julia.

"They Mowed Me Down", Wolverine Guard Exclaims

Ann Arbor, Mich., Oct. 28. (Special)—Not to be outdone by center Archie Kodros, who intercepted a pass in the Michigan-Minnesota football game for a sizable runback, guard Ralph Fritz has had his "once in a lifetime" thrill as a ball carrier.

Chucking and drifting on edge against a safe last week, Fritz leaped up to intercept an Ell aerial.

Fritz's reaction? "Boy, from the way they mow you down, I'm all for that easy spot there in the line," he says.

Manistique Coach Has Full Strength for Munising Game

Manistique—Coach Frank Jehle will have his full strength available for the first time in weeks today when his Emeralds football team plays the Munising high school eleven in a booster game at the Arthur F. Hall athletic field here, but the Manistique coach has announced that in the event his regulars fail to perform in the manner he believes they are capable of performing, he will run in undergraduates to rebuild for next year's eleven.

The Manistique coach has made no secret of the fact that he is disappointed in the showing of some of the "regulars." The performance of the Emeralds against St. Joseph two weeks ago definitely showed they possess strong potential power, but their lackluster showing against the Soo last week was especially disappointing.

Two games still remain on the Manistique schedule, the Munising battle today and the finale at Menominee next Saturday. Victories in both of those games will leave the Emeralds with a winning percentage. Coach Jehle believes his players are capable of winning both of the remaining games if they play the same brand of football shown by them against St. Joseph.

Munising defeated Sault Ste. Marie, 6 to 0, several weeks ago, and the Emeralds can gain some momentum for their 19-0 licking at the Soo by turning back the challenge of the Algorties.

Coach Jehle said yesterday he would give his regulars a full opportunity to atone for their defeat at the Soo, but if the tide of battle turns against them today, undergradate substitutes would be sent into the fray to provide experience for them in the moulding of the 1939 eleven.

The starting lineup for the Emeralds will be McMillan, left end; Bennett, left tackle; Miller, left guard; Hoholik, center; Larson, right guard; Hentschell, right tackle; Helletten, right end; Jordan, quarterback; Lambert, left halfback; Pats, right halfback, and Dyer, fullback.

A preliminary game between two intramural league teams, composed of best players in the league, will be played starting at 1:30 o'clock. One half of this game will be played before the feature game, and the second half will be played between halves of the feature game.

Officials for the game will be Zenti, Gwinn; Cameron, Rapid River, and Wassberg, Manistique.

TITLE RETAINED BY JOHN HENRY

Al Gainer Pounded Into Submission In Last Five Rounds

New Haven, Conn., Oct. 28. (AP)—John Henry Legies went full steam ahead in the final five rounds to pound New Haven's Al Gainer into submission and retain his world light-heavyweight title tonight. The Phoenix, Ariz., champion weighed 174, Gainer four pounds less.

Weak from making the weight and hard hit by Gainer's consistent attack in the first ten rounds, the negro champion went to work in the final five to earn the unanimous decision of the two judges and referee, and a belt emblematic of the title.

Governor Wilbur L. Cross of Connecticut presented the belt to the weary but grinning winner in the ring after the bout.

Gainer, tremendous favorite with the crowd of 3,000, started well. He belted Lewis with three steaming left hooks in the second to take command. He stayed there by winning the fourth and fifth and headed into the tenth well ahead.

The 11th told the story. Lewis came out and started to tie up Gainer at the same time smashing his own right to the head and hooking the New Haven negro in close with lefts. Gainer came back at the start of the 12th and stung Lewis with lefts to the head, but midway through the round Lewis bounced him into the ropes with four drives to the belly that had Gainer holding on.

The champion continued to draw ahead in the last three. Gainer, who never had fought over 12 rounds before, was tired and he tried vainly to hold Lewis.

In the final, Gainer twice threw the left that had stung him in good stead in the early rounds, and each time Lewis stepped inside and nalled him with a right to the body.

Gainer said after the fight he thought he had broken his right hand in the fifth round.

Lewis took eight rounds on the Associated Press score card to Gainer's five with two even.

DUQUESNE NIPS DETROIT U, 14-6

New Haven, Conn., Oct. 28. (AP)—George Fitch, promising New Haven light-heavyweight, stopped Jimmy McClelland of Boston in 1:34 of the second round of their five-round semi-final to the John Henry Lewis-Al Gainer light-heavyweight title bout, tonight. Fitch weighed 178, McClelland 72.

Result Is Big Upset; Titans Handicapped By Injuries

BY CARL ALBRACHT
Pittsburgh, Oct. 28. (AP)—Big Carl Nery, Duquesne tackle, played a lot in the backfield tonight and as a result his team tasted a sweet 14-6 victory over the University of Detroit at Forbes field.

Nery's thumping punts kept Detroit in a hole throughout most of the game and he was a stalwart on defense. He also figured in the first of the home club's two touchdowns. With the ball on the Detroit's four yard line, the big tackle faked a field goal attempt and heaved a pass over the goal to Ray Serangell for the touchdown to the delight of the 8,943 fans.

The Titans, hit by injuries which left their ace running back Johnny Halpin at home, prevented a revamped lineup. But since the Dukes had lost three of their five games the result was regarded as a stunning upset.

The Dukes gained 239-yards to Detroit's 218 and had a 9 to 5 edge in first downs.

Score by periods:
Detroit — 6 0 0 0 — 6
Duquesne — 0 14 0 0 — 14
Detroit scoring: Touchdown—Barritt.

Duquesne scoring: Touchdowns—Serangell, Barron; points from 17 yard touchdowns—Nery 2 (placements).

SPILLING the DOPE

We're dispensing with the preliminaries today . . . nobody over reads them anyway . . . and the only time they read the predictions is after the game to find out how many we lost.

ESCANABA - MARINETTE: Ever since the Norway game, the Eskymos have been crushing opponents to the tune of two or three touchdowns . . . although Marinette probably will present one of the strongest teams of the Eskymo schedule, we do not believe they will have enough to win.

ST. JOE-NEWBERRY: We'll call this one a scoreless tie in spite of the fact that our friend Buck Erickson of the Iron Mountain News favors the Parochials . . . the reason why we are almost sure of a scoreless tie is that the two teams are not scheduled to play.

GLADSTONE - MARQUETTE: This is almost a father and son affair . . . there is a good possibility that student Al Kircher will teach his teacher Eldon Kell a lesson . . . looks like the Graverets although we're not too sure.

RESERVES PLAY LITTLE GIANTS

Local Seeking Sixth Win of Season; Marines Are Powerful

Averaging 25 points per game for six games, Coach Carl Nordberg's once beaten Eskymos will attempt to continue their high scoring tactics against rugged opposition furnished by Marinette high school at the local athletic field this afternoon at 2 o'clock.

In a preliminary, which will start at 12:30 o'clock, two of the new unbeaten teams in the peninsula will meet when Coach George Ruwlich's Eskymo reserves meet Coach Cliff Buckmaster's Little Giants of Rock. Ruwlich's crew has two victories and one tie against three victories and a tie for Rock.

The feature game promises to be a hard fought affair if word from the Badger state is correct. Starting at scratch at the beginning of the year under their new coach, Harry Anderle, the Marines started slowly but have developed gradually into a strong, hard running crew which last week defeated the heavy Oshkosh team by a score of 5-0 in a big upset. Howard Malmstadt, whom the Eskymos remember from last year, leads the attack from the quarterback position and is rated as one of the finest backs the Eskymos will face this year. Last week, he scampered 30 yards through mud for the only touchdown of the game.

No Change Expected

Coach Nordberg was well pleased with the work of his boys against Iron Mountain in the battle of mud last week and it is not expected that he will make any changes . . . He is expected to call on Bennett at quarter, Potenhauer and Anderson halves and Hansen full in the backfield with Olson and Andrews or Swanson at ends, Cox and Ferguson, tackles, Pepin and Capt. Thor Nilsson guards and Bob Henry center.

The Marinette starting lineup probably will find Malmberg and Flink at ends, Adams and Johnson guards, Bennett center, Malmstadt quarter, Bellisle and Brown halves and Larson fullback.

Chambers and Rich of Crystal Falls and Damschroeder of Alpha will handle the main game with Bartel and Schram of this city in the preliminary tussle.

BOXING MATCH AT BARK RIVER

Five Bouts Are Listed On Card Tonight In Community Hall

A five match boxing card, featuring some of the best amateur fist slingers in this section of the peninsula, has been arranged for this evening at the community hall at Bark River. The card is being sponsored by the Bark River baseball club.

Proceeding the boxing card, music will start at 8 o'clock and will be furnished by Lindstrom's orchestra.

The card will find Henry Beauchamp, popular Flat Rock youth, paired with Everett Ucker of Sargola. Speedy Quick of Iron Mountain will tangle with Packy Finn of Marinette, Buddy Rossi of Iron Mountain will match flats with Tiger Berline of Niagara, George MacMahon of Hardwood will mix it with Buck Levine of Bark River.

If the card should be successful, it is expected that future affairs will be held here.

GRIFFITH WANTS POWELL.
Washington, Oct. 28. (AP)—Clark Griffith, president of the Washington Senators, admitted today he was interested in Jake Powell, outfielder of the New York Yankees. Griffith—discovery of Powell—traded him to the Yankees in 1936 for Outfielder Ben Chapman, now with the Boston Red Sox.

Peak Attendance Due Today In Grid Games

BY BILL BONI
New York, Oct. 28. (AP)—Climaxing a month-long buildup of numerous upsets, wide-open play and striking emphasis on the forward pass, the current college football campaign tomorrow hits its 1938 peak in attendance. Directly responsible for that peak is a profusion of battles between teams so evenly matched that the forecaster's safest policy is to head for the nearest bomb-proof shelter, taking his selections with him.

Four of the day's games will attract crowds of 70,000 or better, leading off with 78,400 at Yankee Stadium for the renewal of the country's oldest inter-sectional rivalry, between Army and Notre Dame. The Pitt stadium will be packed to its 75,867 capacity for the Panthers' clash with underdog but unbeaten Fordham; 71,000 will be in the Yale Bowl as the Elis deploy against Dartmouth, and 70,000 will fill Franklin Field for Pennsylvania's engagement with Navy.

Elsewhere only lack of additional space will keep the crowds below these figures. That applies to Northwestern's Dyche stadium, where 47,000 will see the Wildcats tackle Minnesota in the Big Ten feature; to the Dixie headlines matching Tennessee and Louisiana State in the Southeast conference and Duke and North Carolina in the Southern, due to draw 35,000 each, and to the 27,000 crowd expected for the Texas-Christiana-Baylor game which brings together two undefeated Southwest conference rivals.

The principal Pacific coast duel between Oregon State and California is due to draw another 30,000.

Feeling oddly like the man who went over Niagara Falls in a barrel, only more so, this observer leads with his chin in the following directions:

Pittsburgh-Fordham—Fordham has spirit but Fordham also has only three tackles and three ends. Pitt's power plays are specially designed to pulverize tackles and ends. Concerning Fordham its best running attack since Jim Crowley took over, the selection is Pitt, with both teams scoring for the first time in the four years of rivalry.

Army-Notre Dame—It still is hard to forget that the Irish, in their opener, used several full teams against Kansas, and that Kansas couldn't score against any of them. Further, Notre Dame is reported to have used only basic plays in its four victories, while Army goes into this one weak on replacements. Notre Dame.

Northwestern-Minnesota—Hal Van Every, the Gophers' ace back, has regained the 15 pounds he lost through illness. He and his mates had an extra week's rest. Still, largely on a hunch, Northwestern.

Texas-Christiana-Baylor—Texans point out that T.C.U. duplicated Pitt's score against Temple while using its regulars only 29 minutes. Baylor has Patterson to match T.C.U.'s O'Brien, but T.C.U. looks to have a better line. Texas Christian.

Tennessee - Louisiana State — Tennessee.

California-Oregon State—A Ech of California's major rivals has scored on the Golden Bears, but the Bears still are unbeaten. They should remain that way.

Yale-Dartmouth—The Indians already have beaten Princeton and Harvard. They're favored to take Yale.

Harvard-Princeton — Harvard, but it can't afford to make mistakes.

Michigan-Illinois—In practice this week the Wolverines looked better than they did against Yale. Hoping they keep that up, Michigan.

North Carolina-Duke—The Blue Devils are unbeaten, untied and unscored on. It looks like Duke.

U.C.L.A.-Stanford—Despite the UCLA's strength at home, Stanford.

Michigan State-Santa Clara—Santa Clara to stay unbeaten.

Pennsylvania-Navy — Navy to get out front and stay there for a change.

Columbia-Cornell—The Lions

Big Ten Headliners

Chicago, Oct. 28. (AP)—Spiced with old gridiron feuds—one of them carrying a decidedly championship flavor—Western conference football hits its peak tomorrow.

Headlined by the important Minnesota-Northwestern clash at Evanston, Ill., the Big Ten program sends all members of the conference into action. By Saturday night the Big Ten titular victory may be revised sharply.

Minnesota will be a slight favorite to down Northwestern in their battle, expected to attract 47,000 fans. For the first time in several weeks the Gopher passing ace, Harold Van Every, will be a starter and the Minnesota running attack will test the strong Wildcat line. Should Minnesota win this duel, 20th in a series of hard fought battles, it would be a standout choice to sweep over Wisconsin and Iowa to a second straight championship.

Another old rivalry will be renewed at Ann Arbor, with Michigan's strong eleven favored over Illinois, crippled by the loss of three backs, Brewer, Wehrli and Mazelka. In Tom Harmon and Norm Purucker, Michigan has two fine ball toters, with Harmon an able passer should the Illini forwards halt the Wolverine rushing game.

Wisconsin and Indiana will tangle at Madison in what should be a thriller. The Hoosiers, seeking an initial victory in three conference starts, may click at Wisconsin's expense. At Iowa City, Purdue will go after its second Big Ten win and will be favored over Iowa. Chicago's hapless Maroons will try for their first victory of the season, over DePaul.

Ohio State's Buckeyes carry Big Ten prestige into the east, engaging New York university at New York. Ohio State is an outstanding favorite over the Violets.

Ambers Wins Fight On Technical Kayo

Syracuse, N. Y., Oct. 28. (AP)—Lou Ambers, starting his campaign to regain the lightweight title, scored a technical knockout over Steve Halalok of Auburn in the third round of a scheduled 10 round fight here tonight. Ambers weighed 137; Halalok, 142. It was the third meeting between the two—their first encounter having ended in a draw and the second in a decision for Halalok.

BIG FIRE RAGES AT MARSEILLE

Premier's Hotel Burns; Scores Numbered As Dead or Injured

Marseille, Oct. 29 (Saturday) (AP)—A disastrous fire which raged through the center of the Marseille business section for more than 12 hours was feared today to have claimed at least 30 lives. Although the known casualty list when flames were brought under control early today was five dead and 35 injured, a check of those known or believed to have been in the large department store where the blaze started led to the belief that many more were trapped by the suddenly-spreading flames. As the fire raged, Premier Edouard Daladier suspended a meeting here of his radical socialist party, at which he warned parliament he would appeal to the nation in new elections should it refuse to support his reforms. The hotel where the premier stayed and several large buildings were destroyed—the Noailles hotel and the Nouvelles Galeries De Paris department store among them. High south winds fanned the flames during the evening. Firemen from nearby communities were rushed here. Looting broke out and guards threw cordons about the stricken area.

Campaign Tactics Of LaFollette Up For Investigation

Madison, Wis., Oct. 28 (AP)—Harry McLogan, Milwaukee, chairman of the state pension department, today launched a personal investigation of the method by which progressives obtained a list of Wisconsin old age pensioners, alleged by political opponents to have been circulated by Governor LaFollette for campaign purposes. LaFollette is seeking a fourth term as progressive nominee. McLogan, who also is a member of the state industrial commission, is Democratic candidate for district attorney of Milwaukee county. The first witness to appear before McLogan was William Pfeiffer, assistant to George Keith, secretary of the pension board, who testified the old age pension list for July was taken from department quarters, on Keith's orders, to the building where the national progressive party has its offices.

Arabs May Boycott United States For Jewish Sympathies

Jerusalem, Oct. 28 (AP)—A wave of anti-Americanism is spreading among Holy Land Arabs because of their feeling that the United States government and people are sympathetic toward the Jews in the Palestine conflict. Arabs went so far as to assert that the United States would be in danger of losing its prestige and trade throughout Arab countries if it persisted in the alleged favoring of Jewish interests to the detriment of the Arabs. The widely-read Arab newspaper Falastin urged all Arabs to boycott American churches, missions, schools and other institutions.

Sugar Plant Waste Kills Fish, Is Claimed

Bay City, Mich., Oct. 28 (AP)—Prosecutor William L. Hellerman today announced he was considering an attempt to obtain a circuit court injunction to prevent sugar companies from pouring waste into streams in this vicinity. The state conservation department recently presented evidence to Hellerman in which it was charged that the dumping of industrial acids into the Saginaw river and its tributaries had resulted in the killing of many fish. He said that tests conducted this week disclosed that nearly all oxygen has been driven from the water in the river by the waste and the stream is heavily laden with tons of dead fish. Hellerman said he would confer with Milton P. Adams, secretary of the state stream control commission, before taking legal steps.

POWER FIRMS ASKED TO GET SET FOR WAR

(Continued from Page One)

Cleveland, Detroit, New York, Philadelphia, Pittsburgh, Rochester, St. Louis and that for war, or other emergency purposes, the government shall have first call upon the facilities of the industry, both public and private, and that in peacetime they will be coordinated for the purpose of making them quickly available in the event of war, or other emergencies," said the formal announcement.

In its study, the committee said, consideration was given to capacity available from municipal plants and from the TVA and other federal projects. None of these was included, however, in the initial expansion plans.

The announcement said these individuals and firms had joined in the commitments:

Floyd L. Carlisle, Consolidated Edison company of New York; R. E. Dillon, Boston Edison company; James F. Forearty, North American company; Charles V. Freeman, Commonwealth Edison company; P. H. Gosler and Edward Reynolds, Columbia Gas and Electric company; C. E. Grossbeck, Electric Bond and Share company; C. W. Kellogg, Engineers Public Service company; Thomas M. Marquette Wants Zoning Ordinance, First In Michigan

Lansing, Oct. 28 (AP)—The state planning commission will meet at the state conservation department's training station at Pigeon River this week-end to study long-range recommendations for land utilization and to consider the request of Marquette county for the creation of the first county zoning ordinance in Michigan. Dean E. L. Anthony of Michigan State college, chairman of a sub-committee of the commission, said the proposed ordinance would be studied carefully Sunday night with a view to drafting it in such a way that it would withstand attack in the courts. He said the Marquette county ordinance, if approved, would set a pattern for others in the state.

Road Commissioner Loses Damage Suit In Mackinac County

St. Ignace, Mich., Oct. 28 (AP)—Circuit Court Judge James E. Spler handed down an opinion today setting forth only one "infraction" among all charges preferred in a petition filed by 17 Mackinac citizens against the Mackinac county road commissioner. The proposed ordinance would regulate use of land and civic facilities in the so-called "depressed" areas "for the common good."

Hungarian Demand For Czech Border Lands Considered

Budapest, Oct. 28 (AP)—Czechoslovakia notified Hungary tonight that she was giving consideration to a Hungarian demand for immediate occupation of undisputed areas of the neighboring republic. The Czechoslovak note, the eleventh diplomatic exchange between the two governments in their minority dispute, said the Hungarian military attaché at Prague had been called in to discuss technical questions involved in the occupation.

PARIS IS TOLD TO STOP ARMS SHIPMENTS TO CHINA

Denied; U. S. Open Door Note Acknowledged

Tokyo, Oct. 28 (AP)—Japan protested today to France against alleged shipment of arms to China and warned of possible consequences unless the traffic was prohibited immediately.

(In Paris, the foreign office denied there was any such traffic and expressed surprise Japan should protest again after representations early in the year in which she "was unable to substantiate her charges.")

A foreign office spokesman at the same time said the government would reply soon to the United States note of Oct. 6 insisting upon maintaining the open door in China.

The newspaper Asahi predicted the government would attempt "to induce the United States government correctly to recognize the new far eastern situation" which, it said, had modified the nine-power pact system.

Under the nine-power pact of Feb. 6, 1922, the United States, Belgium, the British Empire, China, France, Italy, Japan, the Netherlands and Portugal agreed, among other things, to use their influence for establishing and maintaining the principle of equal opportunity for the commerce and industry of all nations in China.

BLAZE AT SEA DESCRIBED ON GERMAN LINER

(Continued from Page One)

class by the purser and a movie show was put on in the tourist salon while a dance was started in the cabin class.

"At no time did the passengers show any alarm. Their behavior was exemplary and helped us in battling the situation."

"Through the use of the carbon dioxide, smoke was kept down and First Officer Raschke, donning a smoke helmet, attempted to enter the hold to fight the fire from the inside. He was prevented by the heat and the smoke, however, but he did discover the fire was only between decks on the starboard side.

"We found then that the carbon dioxide was not quick enough so I ordered holes cut through the decks and with eight steam hoses, under great pressure, we continued our fight.

Passengers Not Alarmed "Again and again my brave crew were driven back by smoke and gas and 22 men went to the hospital for treatment. First Officer Raschke was overcome four times, but returned voluntarily each time to the task confronting us.

"Finally we found we were making headway. The bulkheads cooled off and the smoke became less.

"Because all of my officers were occupied in fighting the fire my radio operators served as nautical officers. They were magnificent.

"At 3:55 a. m. Wednesday the steamer Europe and at 4 a. m. the American Traveler came alongside. I then dismissed the Collamer because immediate danger was over.

"Fortunately, all my officers and 40 per cent of my crew are trained firemen, trained by the Hamburg fire department. By 5 a. m. we opened the hatches and fought the fire directly so that by 5:24 a. m. the fire was extinguished and the crew went back to their stations.

"We kept watch on the hold the rest of the trip. The passengers went to bed without exception and many never knew we had a fire. It was a horrid experience but we came through safely."

Passengers declared without exception that at no time were they alarmed.

Midland Sportsman Is Hunting Victim

Midland, (AP)—Accidentally shot while hunting near Grayling, Edward G. Hickox, president of the Midland County Sportsman's club, died Thursday while en route to a hospital. Harvey Dudd, Midland county superintendent of roads and son-in-law of Hickox, told police he stumbled while preparing to shoot at a bird Hickox's dog had flushed. The charge struck Hickox in the back.

Heart Attack Fatal To John M. Manthei, Newberry Resident

Newberry, Oct. 28—John M. Manthei, aged 63 years, died early yesterday morning in Newberry. He was born in Marquette, was graduated from the Marquette high school and attended the University of Michigan. For years he was employed as superintendent at the Lake Shore Engine Works. He was a member of the Masonic order.

Mr. Manthei had gone to a motion picture theater in Newberry Friday evening, and when he retired, complained of no illness. He died of a heart attack during the night.

He was the son of Mrs. Anton Manthei of Marquette, and is survived by his wife, Mrs. Adele Manthei, a daughter, Miss Mary Jane, and a son, John Manthei; his mother, a sister, Mrs. Manthei Howe, of Marquette, and a brother, Dr. W. A. Manthei, of Lake Linden.

The funeral, which will be held Saturday, will be private.

Mission Is Bombed; American Girl Slain

Washington, Oct. 28 (AP)—The state department heard today from Ambassador Johnson at Chungking, China, that a three-year-old American girl had been killed and her mother and sister wounded by bombs which destroyed a flag-marked mission.

The little girl was Phoebe Nyhus, daughter of Arthur E. Nyhus, a missionary, of Fertile, Iowa.

Ambassador Johnson's report was based on a telegram from American Missionary A. Andahl, at Tangho, Honan, dated October 26.

Wood Sliver Kills Sugar Island Man

Sault Ste. Marie, Mich., Oct. 28 (AP)—John Paivinen, 46, Sugar Island farmer, was killed today when a piece of wood pierced his skull as he was using an improvised power saw to cut lumber for a new home. The widow and son survive.

Crisler Claims He Has Moved For Last Time

By GEORGE STAUTER Ann Arbor, Mich. (AP)—When Herbert Orrin (Fritz) Crisler stepped off a train here last spring, after accepting a job as head football coach at the University of Michigan, he commented: "I've had enough of 'here today and there tomorrow.' This is my last move. My constitution can't stand any more changes."

Today the taciturn Crisler is Michigan's man-of-the-hour. In the short space of a few weeks Michigan's forces, after four years of groping in the gridiron wilderness, have entered a thunderous bid for new recognition as a football power.

Victories over Michigan State, the first in five years, and hapless Chicago, were followed by a heart-breaking loss to mighty Minnesota, 7-6.

"Gone Beyond Recall" That defeat, a bitter one for Crisler to swallow after his Wolverines smashed the vaunted Gopher powerhouse to smithereens, led the Michigan coach to remark:

"We're up to stay. Those lean days of the past are over and our opponents may as well paste that fact in their hats."

The next week Michigan beat Yale, 15-13. A veteran line, a flock of fleet backs and a do-or-die spirit has aided Crisler, an ace trouble-shooter who successfully doctored football ills at Minnesota and Princeton, in accomplishing a renaissance few thought possible.

Bulwarks of the line, which has withstood every challenge hurled at it, have been Guard Ralph Holkness, Center Archie Kpodros and Captain Fred Janke, (pronounced yonkee), tackle.

Holkness, a short but stocky lad from Michigan's upper peninsula, is having his best year. Minnesota players and coaches hailed him as "the best lineman on the field" after complaining he had been in their backyard all afternoon.

"The Victors" Speed and power has been the backfield keynote, with everyone carrying the mail except the quarterback. The standouts have been the veteran, Norman Parucker, and two sophomores, Tom Harmon and Paul Kromer.

Both Harmon and Parucker, who do a fine job of punting, averaged more than five yards per play in the first games. Against Minnesota, Parucker gained 88 yards in five plays in Michigan's 89-yard touchdown march.

Alumni who resented the dismissal of Harry Kipke as coach last winter are rallying to Crisler's side and singing "The Victors" louder than ever.

"I don't know how far we'll go," said Crisler. "But I do know no one is going to push us around."

FIRE INVESTIGATED

Grand Rapids (AP)—An investigation aimed at learning the origin of an \$8,000 fire that swept the Sunshine Laundry Cleaners and Dryers plant early Friday was launched by the Grand Rapids fire department. Two firemen suffered minor injuries in battling the flames.
