

MEA OFFICIALS TO MEET HERE

Conference On Problems of Teachers Will Be Held January 31

A meeting of officers and committee chairmen of several districts of the Michigan Education Association will be held at the junior high school here on January 31, beginning at 7:30 o'clock. It was learned yesterday from Supt. of Schools John A. Lemmer.

The meeting has been called for the purpose of discussing various problems and of vital importance to schools and to teachers.

Districts to be represented here will be Delta, Luce, Alger, Mackinac and Schoolcraft counties.

Officers of the various districts are as follows: Lyle Shaw, president of the Escanaba unit; Hagie Quarnstrom, president of the Delta county unit; William Acker, president of Luce-Alger; and Mrs. D. K. McEachern, secretary of the Mackinac-Schoolcraft unit.

Bond Falls Case Postponed Until Feb. 2 by FPC

By ESTHER TUFTY
Washington—The only action on the pending Bond Falls case involving a license for the construction of a diversion dam on the Ontonagon river seems to be postponement grants. The latest postponement order sets the date forward from today to February 2, in Washington.

First the Copper District company sought a delay on the hearing originally scheduled for December 19 and a second one pushed the date ahead to January 19. Now the attorney general of Michigan and the conservation commission have been granted a new date on February 2. From the tone of the remarks of the federal power commission it will not listen kindly to another request for postponement.

The state filed a bill of complaint against the Copper District company on May 18, 1935 in the circuit court for the county of Ingham.

The Ontonagon river and its branches flow through the heart of one of Michigan's natural resort playgrounds, the state contends, and includes two of the most beautiful falls in the state, Bond and Agate. On July 17, 1937 the bill of complaint alleges the Copper District company obtained permission from the Ontonagon county board of supervisors to construct certain dams across the river, but not averring that it proposed to divert waters from one branch to another. During the construction of this dam, it is alleged, the water on the middle branch was completely cut off at the dam, leaving the river bed dry except for pools.

The dam and the canal, flume and creek system used by the Copper District Power company, it is alleged, is a continual menace and potential threat to the scenic beauty of the falls and the fish life below.

Greyhound Hearing Date Not Set Yet

By ESTHER TUFTY
Washington—The date has not been set for the argument on the Northland Greyhound Lines, Inc. case, which was granted a reconsideration upon petition on November 8.

The case is three-fold involving the purchase of Hiawatha Trails, Inc., the Northwestern Motor Bus company and the Gray Transportation Co., Inc., by the Northland Greyhound Lines, Inc.

Legionnaires Leave For Winter Session

John Peltier, commander of the local American Legion post, Peter Thompson, Thomas Beaton and Dr. C. J. Corcoran left yesterday for Crystal Falls, where they will attend the annual mid-winter conference of the Upper Peninsula association of Legion posts. Among topics to be discussed at the meeting is the state Legion convention to be held in Escanaba next summer.

BAGS ELK WITH CAR
Stockholm (AP)—Driving in the neighborhood of Ingaroe, a motorist was startled by a sudden crash. A large elk had jumped from a slope onto his car. The elk was killed and the motorist's wife injured by broken glass.

Writing State Checks

Lansing.—It is rather a strange place for a pet, but you will find one in the office of Auditor General Vernon J. Brown. This pet does not bark, sing or scratch, but its purring is music to Mr. Brown's ears.

This strange pet is a machine known as an automatic check writer, and through it each month pass the huge total of 161,000 checks. Pay checks, old age pension checks, expense checks, and payment checks, everything the state pays for, a total of more than \$240,000,000.00 per year.

It's importance to Mr. Brown is not so much in the fact that it makes out the checks, but that it also signs them for him, and that is something.

"It would take a thousand

Rudiments Of Skiing Are Explained; Learning To Fall Very Important

For many years a false belief has existed among the skeptics that skiing is too dangerous and a sport only for the young folks. But through educating beginners and skeptics alike on the necessity of skiing under control at all times, injuries are reduced to a minimum. Beginners should only ski on slopes where they have complete confidence that they can negotiate the incline easily and if need be, turn out of the way of an obstacle. After learning the fundamental turns, then and only then, should the beginner go to the more difficult slopes.

Calling skiing a "young person's" sport is a fallacy, indeed. On week-ends at the nearby slopes there are plenty of mature individuals, men and women, learning how to ski properly. These and the younger people would be wise in learning how to ski on the level and then advance by slow stages on gentle slopes as their skill and confidence increase.

How to Grip Poles
After you have learned how to put on and take off your skis, the proper grip of the ski poles is next noted. Pass the hands upward through the wrist straps of the ski poles, letting the strap pass over the back of the hand. The upper part of the strap and the pole are then gripped with the hand. This gives better support in climbing and lessens the chance of losing the pole. Never have the hand in the wrist straps when going down a hill, because in falling there is less chance for the ski poles to get in your way, and they can be easily dropped.

The Kick-Turn
To change direction when on the level or zigzagging up a slope.

Three Pay Fines For Violating Closing Rules

Three persons paid fines of \$10 and court costs of \$8.25 for violation of laws governing closing hours of taverns.

The three were Ed Erickson and Michael Barish, proprietor and bartender of Erickson's tavern on Stephenson avenue and Phil LeDuc, proprietor of the Peoples Cafe on Ludington street.

Outdoor celebrations, arena games at night, and indoor feasts in ancient Greece and Rome were illuminated by torches in metal baskets and receptacles filled with resinous woods, pitch, or other inflammable substances.

organized and in position in the air. Then place the skis in the proper angle for quick and easy rising. Conserving your strength when getting up is valuable.

How to Fall
Everyone falls at some time, and it is important to remember to relax at all times. When falling on a hill, crouch low and fall to rear and on side. To get up after falling on the level, thrust the ski poles behind and on the side you have fallen, and with knees bent push up and forward, watching your balance as you get upright. If on a hill, lie on your side with skis on the downhill side at right angles to the slope. Place poles in snow and pull yourself up. If you should fall in such a tangle that you don't know what to do, the best solution is to lie on your back and get your skis

BEHIND THE SCENES

By John T. Flynn

Congress now faces the duty of reforming and recasting the Social Security Act.

The act is so generally bad that the wise course would be to start at the beginning and make it over.

There is a disposition to say that this business of unemployment insurance and old age pensions is something new and that inevitably much had to be learned before it could be made right.

Moreover, there were in the country a number of men who had spent their lives studying the subject.

Those who knew had to be content to remain on the outside and point out the mistakes that were being made.

But this all has happened. The thing to do now is to jundo what has been done as far as possible and recast the system.

It should call in the ablest authorities on social security and unemployment and old age financing and, at least, learn what these men have taken a lifetime to learn.

It should refuse to be stampeded into hasty, ill-considered and uninformed action on this act.

It should call in the ablest authorities on social security and unemployment and old age financing and, at least, learn what these men have taken a lifetime to learn.

It should refuse to be stampeded into hasty, ill-considered and uninformed action on this act.

It should call in the ablest authorities on social security and unemployment and old age financing and, at least, learn what these men have taken a lifetime to learn.

It should refuse to be stampeded into hasty, ill-considered and uninformed action on this act.

NO TIME TO MARRY

BY ELINORE COWAN STONE

CAST OF CHARACTERS - JANET DWIGHT, heroine. She was engaged to handsome young architect LANCE BARSTOW, hero.

CHAPTER XII Nevertheless, because the old lady's cheeks were pink with excitement, Janet asked, "Why, what is it Aunt Mary?"

"I don't believe it," Janet exclaimed. "But go on."

"And so," Aunt Mary continued, her black eyes dancing wickedly, "after a suitable period of coyness, I graciously allowed myself to be persuaded."

"Well!" Janet said. "So there is a Santa Claus, after all."

Janet found sleep long in coming that night. She kept remembering things she was angry with herself for remembering—creeping, insinuating, hateful things.

Janet hesitated. "Perhaps Lance?"

"Anything is all right with Lance so long as it's a party," Leslie insisted.

"Who is it?" Janet asked.

"An old codger named Justin, who lives in one of those huge Mid-Victorian horrors in the East End."

"By the way, Jan," he said when he left, "I'm afraid I can't get out tonight. I have some changes to make in the plans I drew for Mr. Justin."

Every time the telephone rang that evening, Janet sat up expectantly.

"KAISER BILL," NEARING 80, CHOPS LESS WOOD, ESCHWEYS POMP, KEEPS BUSY IN STUDY

BY MILTON BRONNER
NEA Service Staff Correspondent

London—Former German Kaiser Wilhelm II, an exile from his native country for 20 years, will celebrate his 80th birthday anniversary at Haus Doorn, his place of refuge in Holland, on January 27.

Although his health is good, Wilhelm is beginning to feel his years and as a consequence, there will be no pompous birthday affair this year.

Baron von Sell, the Chief Marshal of the little "Court" the former monarch still maintains, has informed me that simplicity will mark the anniversary this year.

The former Kaiser hopes that most of his children and grandchildren will come from Germany to be with him. The family party aspect of the affair will be most marked, but the Baron said that, in addition to his relatives, Wilhelm expects the presence of a few old friends with whom he has remained on close and affectionate terms.

"Thank God," wrote the Baron to me, "His Majesty is in a good state of health."

Wilhelm does not chop down as many trees as he used to. His burden of age is preventing that. But he still takes strolls through the village with his wife, Princess Hermine, and is cordially greeted by the Doorn folk with whom he is personally very popular because of his gifts to the village and his charities to the poor.

He freezes up when strangers come too near him, but with the native folk he is very much on

"His Majesty is in a good state of health."

Wilhelm II, aged 22.

The war-time "Kaiser Bill".

The aged ex-Kaiser at Doorn.

the terms the Prussian Junker Squire is with the people in the village near his estate — one of mutual respect.

Baron von Sell further said that the ex-Kaiser continues his archaeological studies and writings, but does not look forward to publishing any of the latter. From this it can be reasonably inferred that Wilhelm does not expect to leave behind him any further au-

Doorn House, where the mantle of old age falls upon the one-time ruler of Germany.

tobiographical writings. Nor any defense of his actions before and during the World War.

He is saddened by the Nazi proclamation that their regime has come to Germany to stay for a thousand years because this, if true, would mean an end to all hopes of a restoration of the Hohenzollerns. But, on the other hand, he is cheered and pleased

by time's mellowing hand, which has softened the charges that used to be hurled at his head as the main begetter of the war. He also gets a certain satisfaction out of the fact that Germany has once more become a great power, respected and feared all over Europe.

Fairly vigorous in body and mind, Wilhelm is not weary of life. In fact, he watches the candle of his vitality with great care, hoping to husband it from the winds so that he will live many years yet and see what is going on in the world.

In this he pins his hope on his ancestry. Not the length of days of his father Emperor Frederick II, who died of cancer at 57, nor of his mother, the English Princess, who died at the age of 61, but of his two famous grandfathers.

His grandfather, Emperor Wilhelm I, bridged two centuries, being born in 1797 and dying in 1888 at the age of 91. His was an amazing existence crowded with even more incidents than that of his grandson. Way back in 1814 as a young officer, he fought with the Prussians against the great Napoleon I. In 1870 he was with the German troops which crushed Napoleon's nephew, the Emperor Napoleon III.

Former Kaiser Wilhelm's maternal grandmother was, of course, Queen Victoria of England, who had one of the longest reigns in history. She was born in 1819 and died in 1901 at the age of 82.

DEBATERS DRAW NEWBERRY TRIO

First Round in Elimination Series Will Be February 10

The first round in the elimination series of the U. P. Interscholastic Debate League will be held February 10, it has been announced, and the Manistique affirmative team will oppose the Newberry negative team at Manistique.

Other pairings for teams which survived the preliminary round follow: Iron Mountain, affirmative at Escanaba negative; Marquette negative at Trout Creek, affirmative; Quinessee negative at Menominee affirmative.

Losers in the contest of February 10 will be automatically eliminated and the winners will advance to the semi-final round. Newberry has won three of its four preliminary debates, playing the same schedule as the Manistique team. Newberry defeated Tenary, Soo and Gladstone and lost to Escanaba. Manistique won from all of the teams that Newberry met.

In the event that Manistique wins from Newberry, the local team would probably meet the winner of the Iron Mountain-Escanaba debate.

Manistique's debaters against Newberry will be the same as in all of the preliminary round contests, John Solar, Jane Cayla and David Shinar.

Football Boys Are Given Awards At Assembly Friday

Football letters were awarded to 21 varsity gridiron and to 19 reserve players and Student Manager Carlyon at an assembly program held yesterday morning at the Manistique high school auditorium.

Co-captains for the past season were Eugene Bennett and William Jordan. Captain-elect for the 1939 season is Clifford Lambert.

Nine of 21 lettermen are seniors and will not be available for the 1939 football season.

Awards were presented by Coach Frank Jehle and Assistant Coach L. T. Reque.

The awards were made to the following:

Football Varsity List—1938
Eugene Bennett, Co-capt.—Senior
Stanley Carlyon, —Student Manager
Sherman Dewey.—Senior
Charles Dyer.—Senior
Ellsworth Gray.—Senior
Jack Hamill
Gunnar Hellsten.—Senior
Robert Hentschell

CARD OF THANKS
We wish to take this means of thanking Mr. R. G. Hentschell and the Manistique Light and Power Co. for the lamp donated to the St. Francis de Sales committee in charge of the card party and dance held Wednesday, January 18.
Signed: Party Committee.

Troop 61 To Pick First-Aid Team

The Rotary Boy Scout Troop No. 61 met Wednesday evening and began its series of elimination contests to select its five man First Aid team, which will take part in District and Council competition.

The troop elimination contests are being conducted by senior patrol leader, Jim Southard, who has been appointed captain of the First Aid team, with Rotary club visitors, A. F. Hall and T. Bollitho acting as judges the following eleven scouts survived the first round: Jack Finch, James Casey, James McNamara, Dave Nesselman, Robert Dean, Alvin Peterson, Steven Johnson, James Holm, Paul Nessman, Bud Christensen and Nobert Weber. There were a few members of the troop who did not attend the meeting. To enter the competition they must present good reasons for their absence to the senior patrol leader.

Next week a consolation contest on Safety will be given in addition to the first aid contest, and only scouts below the first class ranks will be eligible to compete. This contest will be under the direction of Jerome McNamara. Robert Dean is conducting a short drill for the entire troop at every meeting. Games are being conducted by boys needing such experience

REDUCTIONS IN WPA OPPOSED

Situation Is Discussed At Meeting Here on Friday

The proposed reduction in WPA appropriations were discussed yesterday morning at a meeting called by the local unit of the Workers Alliance and held at the Schoolcraft county courthouse.

Alex Walker, who was in charge of the meeting, reported that the national congress is proposing an appropriation of \$725,000,000 for WPA, which would mean a substantial reduction in WPA rolls throughout the United States. The Workers Alliance has conducted a survey which indicates the necessity of an appropriation of \$1,050,000,000 to carry on the program until June 30, the speaker declared.

Representatives of WPA workers, civic organizations, county and city officials and others attended the meeting.

The meeting was adjourned at 11:30 to reconvene at one o'clock Friday afternoon, at which time it was planned to present testimony from WPA workers to show the necessity of maintaining the program without a substantial reduction in the number of jobs.

City Briefs

Mr. and Mrs. James Cook have returned from Kalamazoo, where they have spent the past week visiting with friends and relatives.

Mrs. D. J. Ward, Mackinac ave. will leave today for Battle Creek where she will visit with her daughter, Mrs. C. E. Kaye.

Mrs. V. E. Tillman, of Gladstone, is visiting with her mother Mrs. Maru Swanson, Michigan ave.

Miss Bertha May Sheahan, of Batavia, Ill. arrived Thursday to spend the following two months at the Eli Volaine home, Deer st.

Mrs. C. A. Carlson, of Perkins, will return to her home today after spending the past few days at the home of her daughter and son-in-law, Mr. and Mrs. Otmer Schuster, Michigan ave.

Sticks Beat New York In Basketball Crowds

By WHITNEY MARTIN
New York, Jan. 20 (AP)—Since Ned Irish turned a basketball into a garden gate with his double headers at the Madison Square hall, there is a tendency on the part of the home towners to consider New York as the National Capital of the game.

It's really just another county seat.
In fact, considering the number of possible customers, it would appear New Yorkers practically ignore the sport when their ratio of attendance is compared with smaller communities.

UPBAYS LOSE TO BARAGANS

Marquette Quint Is Too Strong As Gladstone Falls By 29-14

Marquette, Mich., Jan. 20.—After being definitely in the game all through the first period, when they held a 3-1 lead, Coach Eldon Kell's Gladstone quintet fell by the wayside here tonight and was convincingly beaten by Baraga high school to the tune of 29-14.

A fast front line, headed by lanky Ted Derleth who scored 11 points, proved the downfall of the visitors as Baraga stepped out to score 11 points in the second period and 10 more in the third to hold a 22-9 lead at the end of the third quarter. From there on, the locals coasted in to victory, using several substitutes in the process.

Zervic, husky Gladstone center, again was high point man for the Upbays, dropping in two field goals and four free throws for a total of eight points. The defeat was Gladstone's third in a row, losing to Rock and Escanaba after they had defeated Rapid River and Manistique.

Bark River Beats Rapid Reserves By Score Of 21 And 7

Bark River, Mich., Jan. 20.—Bark River high school cagers were too strong for Rapid River reserves here Thursday, winning handsily by a score of 21-7. In a preliminary, the local high school girls defeated a team of former high school girls by a score of 8-6.

In the feature game, the locals ran up a 17-5 lead at half time and reserves played most of the second half. Only six points were made by both teams during the entire half, Bark River making a basket in each of the third and fourth periods and Rapid River reserves one in the last period.

SOUTHPAW TRIES AGAIN

Pittsburgh, Jan. 20. (AP)—Kenneth Heintzelman, 22-year-old southpaw hurler from Perquimans, Mo., sent his signed contract to the Pittsburgh Pirates today for his third attempt to make the Buccaneers' pitching staff.

LITTLE GIANTS VICTORS, 38-22

Carlson Scores 15 and Gray Leads Locals With 9 Points

Superior speed and better passing by their opponents proved the downfall of St. Joseph high school cagers at the junior high school gym last night, the Parochials falling before the Little Giants of Rock by a score of 38-22 in a fast game.

In a sudden death overtime, the Rock reserves nosed out St. Joseph seconds, 15-13, on a field goal by Calbot after the locals, coached by Eddie Gleich, had held the lead most of the game.

The Parochials put up a good battle in the first quarter, holding the Little Giants to a 6-5 lead, but their offense bogged down in the second period when they failed to score a point. The visitors led the floor at half time with a 12-5 lead.

Damage Is Done
Rock really did the damage in the third period when Carlson and Peltonen, two fast forwards, began finding the range on short shots which they had consistently missed the first half. With the Parochial guards failing to cover, the two Rock forwards teamed up to score nine points in a row to run the score to 21-5 before Loeffler sank a side shot. The Little Giants scored 20 points in the third quarter, Carlson scoring 10 and Peltonen seven points. Gray scored the only other St. Joseph field goal in this period, which ended 32-9.

The last quarter was ragged with St. Joe throwing caution to the winds and Rock using several substitutes. Gray led the St. Joseph rally with six points but the Rock margin was too much to overcome.

Carlson, Rock captain, was high scorer with 15 points and Gray led the Parochials with nine points. The victory was Rock's fifth in six starts.

Ann Arbor, Mich., Jan. 20. (AP)—Michigan's basketball team, minus its star center, James Rae, led today for Iowa City for a Big Ten encounter with Iowa's Hawkeyes.

Rae, ailing with a sore back, remained at home. He will not see action until next month.

Coach Bennie Oosterbaan said he would start Dan Smick at the pivot post and Tom Harmon, sophomore football star, at one of the forward posts.

The Wolverines, who have won one of four conference games, move to Columbus Monday for a tilt with Ohio State.

Ice Title Clinched By Art Vaughan, 14

St. Paul, Jan. 20. (AP)—Arthur R. Vaughan, Jr., 14-year-old Philadelphia, captured the men's junior singles title in the national sure skating championship tonight.

In a virtual deadlock with Bud Brennan of Minneapolis at the end of the school figures competition in the division Thursday, Vaughan gave a standout performance in the free-skating to clinch his title. Brennan finished third behind Arthur Preusch of St. Paul.

Gretchen Merrill of the Skating Club of Boston swept to the ladies' junior championship with a brilliant free skating exhibition to retain a point advantage made in Thursday's school figures.

Ice Title Clinched By Art Vaughan, 14

St. Paul, Jan. 20. (AP)—Arthur R. Vaughan, Jr., 14-year-old Philadelphia, captured the men's junior singles title in the national sure skating championship tonight.

In a virtual deadlock with Bud Brennan of Minneapolis at the end of the school figures competition in the division Thursday, Vaughan gave a standout performance in the free-skating to clinch his title. Brennan finished third behind Arthur Preusch of St. Paul.

Gretchen Merrill of the Skating Club of Boston swept to the ladies' junior championship with a brilliant free skating exhibition to retain a point advantage made in Thursday's school figures.

SPILLING the DOPE

Learn That Melton McGovern of this city is a room mate of Al Kruger, Southern Cal end who caught the passes which beat Notre Dame and Duke.

Of interest to local skaters are times made at the Cooney meet in the 500 meters . . . best time was 44.3 by Leo Frelinger of Chicago. Del Lamb being second with 44.6 . . . Herbert Herbrechtmeier of Kenosha who competed here last week did it in 47.2 . . . times of other boys who competed here last week-end for the same event were: Ralph Dames of Oconomowoc, 48.1; Carl Kalksek of West Allis, 48.5; and Walter Jaeger of Watertown, 51.8 . . . Gene Lamb of Milwaukee, brother of the second place Del, covered the distance in 47.5 . . . Gene was expected to compete here but didn't come when he couldn't hook a ride . . . other skaters who appeared here claimed that the Lamb's skating was not always of the cleanest type and did not offer to give Gene a ride . . . at least, so has the yarn which floated around the local rink during the meet.

HARRIS BEATEN BY EBEN, 22-16

Coach Ole Carlson's Five Wins In Spite of Late Rally

Bark River, Mich., Jan. 20.—Coach Ole Carlson's Eben cagers pulled their usual last quarter "fad" act here tonight but they had run up an early margin and were able to weather the storm, Eben defeating Coach Arne Normark's quintet from Harris by a score of 22-16.

In the prelim, the Harris seconds defeated the visitors, 24-6. In every game this year, Eben has completely folded up in the final period. Tonight, they scored only one field goal in the final frame while allowing Harris six points, the largest of any period. Eben, with Johnson, flashy forward leading the way, got off to a 16-6 lead at half time. Harris came back, however, playing the visitors on equal terms at six points each in the third period and continuing on to creep nearer however, prevented them from their ultimate objective.

Harris will entertain Rapid River here Wednesday night.

POWERS BEATS DAGGETT, 24-12

San City Crew Led By Fazer and Nelson; Seconds Win

Powers, Mich., Jan. 20.—Powers won a double victory here tonight, the regulars and reserves defeating Daggett by scores of 24-12 and 11-7, respectively.

Nelson, guard and Fazer, forward, led the Powers cagers in victory scoring nine and eight points each. After the first quarter, Powers had the game pretty well under control, leading 12-6 at half time and stretching it to 18-7 in the third canto.

Soltes led Daggett with six points. Fleetwood and Tesmer were banished from the game via foul route.

BUDGE HAS MARGIN

Buffalo, N. Y., Jan. 20. (AP)—Don Budge won for the fifth successive time in his tennis duel with Ellsworth Vines tonight, scoring by 8-6, 1-6, 6-4 over the world's professional champion. The victory gave Budge a margin of nine victories to four in his tour with Vines.

EXHIBITION HOCKEY

At Marquette: Marquette Buccaneers 6; Michigan College of Mining and Technology (Houghton) 1.

HEMATITES WIN BY 19-16 SCORE

Slow Start Disastrous for Coach Nordberg's Escanaba Cagers

Ishpeming, Mich., Jan. 20.—Age old tradition was borne out here tonight as Escanaba high school cagers, victorious over the Hematites earlier in the season at Escanaba, fell before Coach C. C. Watson's Ishpeming quintet, 19-16, in a well played game. It has been many years since any team has been able to win two games in one season from Ishpeming.

A bad start in the

NURSERIES HAVE AMPLE STOCKS

State Is Well Prepared for Planting Trees This Year

Lansing—State tree nurseries are amply stocked for the current year notwithstanding a distribution of nearly 22,000,000 trees from them during 1938.

Twenty-four million trees will be available for planting and distribution this year. It is announced from the forestry division of the department of conservation which operates the state's two nurseries, the Higgins lake nursery and the Hardwood nursery at Boyne Falls.

Pine Major Species
White, red and jack pine grown at the Higgins lake nursery constituted the major species planted by the state and various public and private organizations to which trees are distributed. Species such as spruce, balsam, ash, maple, elm, walnut, hickory, juniper, elder, cherry, sumac and others were planted in state parks, fish hatcheries and game refuges. These were raised at the Hardwood nursery.

Twenty-five thousand acres of state-owned land in state forests were planted during 1938 requiring 18,700,000 pine seedlings. The planting was done with CCC labor directed by the forestry division. The parks, fish and game divisions of the conservation department used an additional 1,100,000 pines, and 720,000 hardwoods, shrubs and conifers other than pines, for landscaping and game food and cover plantings.

Bradley Assigned 3 More Committees

Washington, Jan. 20 (AP)—The Republican leadership in the house announced today various committee assignments in addition to major assignments already made.

New assignments included: Elections No. 2; Blackney, Michigan.

Military affairs: Shafer, Michigan.

Post office and post roads: Blackney, Michigan.

Indian affairs: Bradley, Michigan.

Mines and mining: Badley, Michigan.

Public buildings and grounds: Bradley, Michigan.

Cut In WPA Scored At Detroit Rally

Detroit, Jan. 20 (AP)—Members of the United Automobile Workers, wearing badges labeled "for the right to live," assembled in Cadillac Square this afternoon and heard speakers denounce WPA curtailments and conditions contributing to unemployment.

Fire Mishap Fatal To 3 In Brooklyn

New York, Jan. 20 (AP)—A fire which took three lives and badly damaged a four-story house in the aristocratic Hill section of Brooklyn was said today by fire Marshal Thomas Brophy to have been accidental in origin.

Raft Kicks, Gets Bounce At Studio

Hollywood, Calif., Jan. 20 (AP)—Paramount movie studio officials said today George Raft's contract had been cancelled because the actor had objected so much to picture roles assigned to him.

The Thinker—By Cordell Hull

Secretary of State Hull's thoughts appear far away and unrelated to the sharp "sugar lobby" debate before the senate finance committee in this candid camera picture of his meditation.

SCHACHT GOES OUT; FUNK, FOE OF U. S. NAMED

(Continued from Page One)

In a letter to Funk, Hitler ordered him to Nazify the bank "which was withdrawn from supreme sovereignty of the reich by the Dawes plan," and transform it "into a German bank of issue unconditionally subjected to the sovereignty of the state, in conformity with National Socialist principles."

This was interpreted by financiers as meaning that credit inflation would be jacked up to meet needs of Nazi expenditures. Funk also was enjoined to safeguard "the absolute stability of wages and prices" and maintain the present value of the mark at about 2.49 to the dollar.

German Jews sank back in despair with the passing of Schacht from his post and the breaking off of his negotiations with Rublee and the intergovernmental committee for their emigration.

Rublee through the United States and British embassies tonight asked the German government whether there was hope Germany still might cooperate toward getting Jews out of Germany.

The official breakdown in negotiations clashed with semi-official indications that one of Schacht's "special tasks" assigned by Hitler would be continued efforts to find a solution for the Jewish problem.

The news service Dienst Aus Deutschland, which is close to the foreign office, will say tomorrow that Funk's appointment means "the elimination of the United States as a source of supply" for Germany.

This source will say that for some months Germany has made trade offers to the United States and received in answer "multiple attacks against German leaders."

This changes the situation, in the opinion of the service, which quotes an article published by Funk today that Germany henceforth will buy from "the Balkans and Turkey" what it used to get from the United States.

TRADE WAR FEARED
London, Jan. 20 (AP)—Reichsbank leader's abrupt removal of Dr. Hjalmar Schacht as president of the reichsbank alarmed British business today by breaking the strongest link between English economic ideals and the Nazis' bold self-sufficiency policy.

Many persons here saw in the development the threat of a new and widespread trade war.

British business organizations were fully prepared for a government-backed fight against forced German trade; Hitler's action today, some feared, destroyed the means of negotiating a peaceful settlement.

Young Republicans Forget Mr. Quorum

Des Moines, Ia., Jan. 20 (AP)—Those six years "out of power" have played havoc with the political terminology of Iowa's younger generation of Republicans.

A. C. Gustafson, chief clerk of the state's predominantly Republican house of representatives, sent a page boy to a house committee today to see if a quorum was present.

The boy stumped the committee chairman by asking: "Is Mr. Quorum here?"

Lifer Is Captured In Escape Attempt At Jackson Prison

Jackson, Mich., Jan. 20 (AP)—Deputy Warden James L. Ryan announced that a life-term inmate at the state prison of southern Michigan was seized tonight in an attempt to escape.

The prisoner is Lloyd Cowell, 29, who was committed from Tuscola county in May, 1936, after killing his grandfather. He first was taken to the Marquette branch prison, later was moved to the Ionia state reformatory, but was involved in an escape plot there, and was transferred here last August.

Cowell had sawed through the bars of his cell and a guard found him hiding in an areaway behind it, apparently planning to get to the cellblock roof. Ryan said Cowell had taken the saw from the machine shop, where he worked, and also had some rope and 15 feet of pipe with a hooked end.

The prisoner had served an earlier term in the reformatory for breaking and entering in 1935 and was paroled.

Guam Fortification Is Touchy Matter; Project Left Open

Washington, Jan. 20 (AP)—President Roosevelt endorsed today legislation authorizing naval improvements at Guam, but the touchy question of fortifying that Pacific island was left open.

In fact, the president indicated that if world conditions changed, even the comparatively minor projects contemplated under the recently introduced legislation might be abandoned.

The impasse prevailed in many quarters here that the Guam proposal was largely a diplomatic move, intended perhaps to prod Japan into a more sympathetic attitude toward American rights in the Far East.

However, the president denied that the Guam improvements were being pressed at this time as a possible basis for negotiating with Japan on Pacific problems.

Japan's imperial regalia consists of a jewel, a mirror, and a sword, there is no crown.

STATUS OF 14 WIPE OUT IN CIVIL SERVICE

(Continued from Page One)

ell, and O. P. Gibbs, Rochester, of having "cooked and stacked" the change in a "secret meeting from which I was excluded."

Says Delay Promised
Mariani also asserted Governor Fitzgerald had promised him the change would be delayed a week to permit him to investigate the abilities of Van Gelson.

"The governor also instructed you, Mr. Runciman, and you, Mr. Gibbs, to give me time to investigate this," he said.

Runciman said, "I didn't hear that."

Mariani asserted "politics have crept in at this meeting in the way you have handled this. I refuse to be a rubber stamp as you asked me to be. I don't think the governor nor the people will approve of this."

The changes were made by resolutions read by Gibbs. The one dismissing Granger declared the move was made "necessary by a reorganization for the betterment" of the department.

A third resolution declared the "necessity of a complete investigation of the department" to be conducted by Van Gelson in his discretion.

"Insultations" Resented
Mariani moved to table the resolutions, but Runciman, who seconded the tabling motion, Runciman voted on the three resolutions.

Mariani asserted the procedure was discourteous to him and that the resolutions lacked "human courtesy" to Granger. He said no evidence had been produced to warrant the "insultations" against Granger's administration.

Runciman quoted a statement made earlier by Granger, when he was explaining to the commission, that the Wayne county relief organization had about 700 more employees than was needed.

"Granger has done nothing about it," Runciman said. Earlier, Granger had said that the former commission had several times taken it up with Wayne county officials.

Salary Cut \$1,300
Runciman said "there will probably be considerable reorganization of county commissions" in the future. He also indicated the state commission would not continue the former commissions' separate civil service system for county commission employees, except where such employes handle funds for the federal social security board.

Mariani said Granger's dismissal "had already been voted" in a closed session when he demanded it be opened to newsmen.

Granger's salary was \$6,300. The commission set Van Gelson's at \$5,000. Runciman asserting that "we feel there has been a gross waste of ERA funds."

Van Gelson is president of the Michigan Superintendents of Poor Superintendents and had charge of circulating petitions for a referendum on the state welfare reorganization bill, which was defeated in the November election.

GOVERNOR TAKES HAND
Detroit, Jan. 20 (AP)—Governor Fitzgerald took a hand tonight in the action of the state emergency relief commission's decision a few hours earlier to change SERRA administrators.

The commission at Lansing, removed George F. Granger as the administrator and appointed Milton S. Van Gelson, of Flint to replace him.

The governor, in Detroit, dispatched telegrams to Oliver P. Gibbs of Rochester and Carlton H. Runciman of Leeward, commission chairman, instructing them to withhold the appointment of Van Gelson pending an investigation of his qualifications.

Governor Fitzgerald said he had agreed this morning with Louis C. Miriam, Detroit member of the commission, who opposed the change, that such an investigation would be made before any appointment was announced.

"I stand squarely behind Mr. Miriam in this matter," the governor said. "It was our clear understanding this morning that he would have the opportunity to investigate any candidate's qualifications. I don't favor Mr. Van Gelson or anyone else. I insist that the agreement be lived up to."

Stabilization Fund Needs Investigating
Vandenberg Asserts
Washington, Jan. 20 (AP)—Senator Vandenberg (R-Mich.) demanded today that congress be informed in detail on past operations of the \$2,000,000,000 stabilization fund before a request for extension of his monetary powers.

Bugs Moran Freed By Jury In Chicago

Chicago, Jan. 20 (AP)—A criminal court jury tonight acquitted George (Bugs) Moran, prohibition era gang leader, and two co-defendants on charges of conspiring to counterfeit and cash travelers checks with a face value of \$500,000.

Deliberating two and a half hours, the jury accepted the defense claims that Moran and the others—Frank Parker, former "airplane bootlegger," and Frank Hackett, alias Ross—had no part in the alleged plot to which three others, including an engraver and a printer, had confessed.

Moran, foe of the Capones, had served a prison term 20 years ago for robbery but had no other serious trouble with the law since.

U. P. Briefs

GRID STAR DIES
Menominee—Norwood Piper, 19-year-old son of Mr. and Mrs. John Piper of 715 Marinette avenue, died Wednesday at 7 p. m. in St. Joseph's hospital of complications which developed following an appendectomy to which he submitted on January 9.

REINDL'S DOG DIES
Menominee—Virginia Lassie, nine-year-old bloodhound who graduated from a Georgia chain gang to a respected member of Sheriff Edward Reindl's pack of bloodhounds here, is dead.

She died yesterday at Green Bay of cancer, following an operation there a week ago. Yesterday afternoon Deputy John Reindl buried Lassie near the Reindl cottage at Edgewood Beach.

Lassie was born in Morrisravin, Tenn., in 1930. She and her brother, Dusky Boy, still a member of the sheriff's pack here, were bought by Reindl in 1933. They formed the nucleus of a pack now numbering four dogs.

WANT RAY CLOSED
Sault Ste. Marie—Authority was voted officers of the Lock City chapter of the Izaak Walton League Wednesday night to push the Potosanising bay closing campaign in the face of reports that an adverse report would be submitted by an investigating committee appointed by the 1937 legislature.

The report of the committee is expected to be made public about Feb. 10. It was reported in some quarters that the report would ask for closing of only a small part of Potosanising bay, the area lying southeast of a line from Bruce's Point to Sims' Point. The conservation department is expected to make recommendations to the legislature based on the committee's report.

Police Chiefs Laud Kelly For Banning Trick Car Licenses

Detroit, Jan. 20 (AP)—The Michigan Association of Police Chiefs today commended Secretary of State Harry F. Kelly for his announcement that "trick" automobile licenses would be discontinued and said it would seek legislative action to make their issuance in the future impossible.

The action was taken by the association's executive committee, which said the special license plates were discriminatory and also "a serious hazard to law enforcement."

The organization instructed its legislative committee to draft a measure forbidding the secretary of state's office from issuing the trick plates and another permitting traffic-law violators who are not residents of the city where the offense occurred to plead guilty by registered mail.

State Police Commissioner Oscar G. Olander, president of the association, said it would request the state highway control commission to furnish blanks on which police could report their inspections of beer gardens.

Spanish Loyalist capital Barcelona prepares for last-ditch defense as Nationalist troops captured Reus and Tarragona while other corps advanced through Vall de Uelless, Cervera, and Igualada. The map shows Barcelona's position in respect to northern and southern drives. The shaded area indicates insurgent advance since Dec. 23, 1938.

BEHIND THE CAMERA Photographers Try Specialized Shots For Demonstration

Members of the Delta Camera club are finding plenty of photographic exercise in filling assignments for their next meeting, to be held in the Junior high school library next Wednesday evening, January 25, at 7:30 o'clock.

Like most of the club pictures, which are not ordinarily limited as to subject matter, those to be shown at the next meeting are being made to fill definite assignments.

In order to get practice in different types of photographic work, members agreed at the last meeting to draw definite assignments and fill them for the coming session. A list of subjects was prepared by those present, and each member drew one.

Night scenes, snow scenes, skating pictures, ski photos, interiors, flower studies, nature studies—many different types of photographs were included in the list. Members will show their prints on the varied subjects at the next meeting, and will tell how each of them was made.

The next club session will be the first annual meeting of the organization, and officers for the year of 1939 will be elected. When the club was organized last fall, a temporary state of officers was selected to serve until the January meeting. Present officers are: Robert McIntyre, president; Robert Sullivan, vice-president and chairman, program committee; Walter Nelson, secretary, and Melvin Wicklander, treasurer.

FEDERAL WPA CUTS, UPHELD BY SENATORS

(Continued from Page One)

Bridges (R-NH) made speeches bitterly critical of Hopkins. Senator Walsh (D-Mass.), announcing he would vote for confirmation because the president was entitled to choose his own assistants, said also that there was a "wide divergence of opinion" as to whether Hopkins had exonerated himself of the political charges.

DELINQUENT TAX SET-UP COSTLY

Auditor General Will Submit New Plan to Legislature

Ann Arbor, Mich., Jan. 20 (AP)—A proposal which would require county treasurers to keep transcripts of all tax delinquent lands was submitted today by Auditor General Vernon J. Brown to the legislative committee of the Michigan Association of County Treasurers.

Brown told the committee such a procedure would save the state "a quarter of a million dollars a year" and "would do away with the tax department" of his office.

Under the present setup, county treasurers submit to the auditor general a list of all tax delinquent lands. Descriptions of these properties are made in Lansing, thus duplicating existing records, Brown said.

"Two years ago those two duplications cost the state \$261,107.60," he said. "Meanwhile, delinquent taxes on half of the property were paid and records had to be revised."

The auditor general said he would embody his proposal into a bill to be submitted to the legislature.

Treasurer Herbert C. Ryan of Chippewa county presented a resolution asserting that taxable real estate in upper peninsula counties is "rapidly being taken over by the department of conservation."

"This latter body sells or exchanges the various parcels with the federal government," the resolution stated, pointing out that counties, townships and school districts were losing revenue.

The resolution, adopted by the Chippewa county board of supervisors, asked that the state land board be given control of all tax delinquent lands instead of those south of Oceana, Newaygo, Mecosta, Isabella, Midland and Arenac counties.

Brown said the resolution was a "legislative matter" and "not one for an advisory body."

The conference will continue its sessions Saturday.

Village Of Garden To Have Reservoirs

By a vote of 77 to 7, taxpayers of the village of Garden on Friday approved a proposal for a \$3,000 bond issue to finance the installation of water reservoirs in various sections of the village.

The issue was submitted at a special election. Work on the reservoirs, which will give the community better fire protection, is already well under way.
