

CITY NOVICES SKATE TODAY

Second Annual Meet Will Be Held at Ludington Park at 2 p. m.

The following skaters will compete in 8 divisions in the second annual City Novice Skating meet to be held at the Ludington Park rink this Sunday afternoon beginning at 2:00 P. M.

Midget Girls: Jean La Crosse, Frances McMartin, Midget Boys: John Kroll, Lloyd Lindstrom, Robert Buckland, Richard Painter.

REPORT AT 1:30

All contestants in today's meet are requested to report at the boys' warming house for numbers and instructions at 1:30 o'clock.

Dick Hebert, Howard Klemmetsen, Bill Harvey, Albert Hebert, James Tobin, John McDermott, Juvenile Girls: Connie Pascal, Helen Powers, Regina Manning, Jean Wentworth, Jean Baker, Kathleen McDermott, Mary Doty, Juvenile Boys: Bill Nolden, Arthur Klemmetsen, Bob Stack, Noel Vnette, John McDermott. Junior Girls: Helen Powers, Helen Jerow, Jean Wentworth, Kathleen McDermott, Mary Lou Doty, Junior Boys: Robert Meehan, Jim Jones, Bob Boyle, Intermediate Boys: Francis Lewis, Bob Coan, Bob Boyle, Jim Jones, Robert Meehan, Senior Men: Henry Paquet, William Knapp, Francis Roy, Francis Luennenburg, Bill Nicholson, Robert Casey, Donald Loeffler.

Five of the seven champions from last year have entered the meet but only Jean Baker, iron girl who holds the juvenile and junior girls crown, and Francis Roy, senior men's champion are able to defend their titles. Regina Manning, last year's midget girls' champion was born six days too early to skate midget, and will spot her opponents practically two years in some cases in the juvenile class. This will put her at a great disadvantage although she was outstanding in her class last year and will probably give her older competitors a lot of competition. Francis Lewis, last year's junior champ has also gone up a class but is expected to emerge a champion in the intermediate boys' division.

Peter Dube, Escanaba's most famous speed skater, will act as starter for the meet. A gong, which is a feature to be introduced for the first time, will be used as the starting signal. The arrangement has been constructed by Dube who feels that more even starts may be attained and that it will eliminate any possibility of difficulties caused from a bad or sticky shell.

Assisting Dube will be the following: chief judge, Thor Lieugh Jr.; judges, Kenneth Genesee, Grant Demars, Renie Hebert; timer, Eddy Gunkel; patrol judges Ralph Dube and Clifford Anderson; clerk of course, Al Harwood; scorer, Bud Harwood; assistant scorer, George LaFave; announcer, Willard Rockbury; course judge, Maynard Swaby. All officials are requested to be at the rink at 1:30 for instructions.

First Rehearsals For Scout Circus Will Be Monday

First rehearsals for the Scout-Cub Circus will be held at the Junior high school back-stage beginning Monday. All Scouts who are entering the semaphore signaling event should meet at 4 p. m. sharp on Monday. First aid contestants will meet at the same place and time on Tuesday for instruction.

The Scout-Cub Circus, the first of its kind conducted here on a district basis, will bring together all the Scouts and Cubs of the vicinity. There will be many events of interest which will include a parade, investiture ceremony, camping act, Indians and war dances, Cub Don stunts, first aid pyramid building, signaling, clowns and games. The Scout-Cub Circus will be held in conjunction with National Boy Scout Week, February 6-12.

Escanaba Skiers Leave for Wausau, Wis.

Thirty-three Escanaba skiers left by bus yesterday noon for Wausau, Wisconsin, where they are spending the week-end skiing on Rib Mountain. The group is shown here just before leaving.

ART VALIQUETTE LOSES LICENSE

Found Guilty of Driving While Drunk; Nabbed By City Police

Art Valiquette of Pine Ridge was deprived of the use of his driver's license yesterday after being found guilty in justice court on a charge of operating an automobile while under the influence of intoxicating liquors.

Valiquette was fined \$50 and court costs but the fine was suspended upon payment of court costs. He was arrested by city police while driving on Ludington street about 5:30 Friday afternoon. Chief of Police M. F. Ettenhofer yesterday issued a reminder to motorists that the city streets still are slippery and that care should be exercised at all times in driving. Many minor accidents have been reported within the past two weeks, most of them being due to inability of drivers to stop quickly. Slackening of speed is one of the best forms of insurance against such accidents, the chief said.

Obituary

NELS LOGAN

Funeral services, which were largely attended, were held Saturday afternoon for Nels Logan, esteemed resident of Escanaba, at 2 o'clock at the Anderson funeral home chapel, and at 2:15 o'clock at Bethany Lutheran church. Rev. C. Albert Lund, who officiated, took the text of his sermon from the 138th Psalm, 5th Verse, "I wait for the Lord; my soul doth wait and in His Word do I hope." During the service, Annette Anderson and Bernice Carlson sang "There is a Gate That Stands Ajar," and "Jesus, Saviour, Pilot Me."

Burial was in Lakeview cemetery. Pallbearers were Andrew Monson, Erick Palmer, John Grant, C. P. Johnson, Charles Olson and John Hullin. Those attending the services included Mrs. Richard Anderson, Mr. and Mrs. John Logan, Mrs. Peter Nelson, Walter Nelson and Howard Logan, all of Perkins.

Native Serfs Freed By Bombay Province

Bombay, India, Jan. 27 (AP)—The Bombay presidency, a province of India, today freed 40,000 native Serfs from centuries-old bondage to landowners. Their subjection was part of a system whereby Serfs borrowed money to get married and repaid landowners at rates so small they never could hope to clear their debts in a lifetime. The India National Congress party leaders, Mohandas K. Ghandi and Vallabhi Patel, have been agitating for abolition of the system.

Milk -- Perfect Food

Health Department Discusses Dairy Products of Peninsula in Series of Articles

Milk, often termed "the perfect food," is discussed in a series of articles written by Henry Newkirk, Delta county health department sanitarian, for the Escanaba Daily Press. The series is designed to provide readers with a better knowledge of milk and dairy products and a better understanding of problems involved in milk control. The second article of the series, on the constituents of milk, follows:

FERMENTS—A ferment or an Enzyme is a substance which causes fermentation in other substances with which it comes in contact. Enzymes have sort of taken a back seat since the discovery of vitamins. Enzymes in milk are credited with making proteins more digestible, with speeding the digestion of proteins, with the breaking down of fats and lastly with offering a means of testing the general sanitary condition of milk.

MINERAL CONSTITUENTS—Milk is the best source of calcium in the diet, both on account of the quantity and the usable form in which it exists. The vegetables are the only other class of foods where calcium content is high to be a source of mineral in children's diets, but children do not utilize the calcium of vegetable as efficiently as they do that of milk. Milk also contains useful amounts of potassium, phosphorus and salts. It is deficient in iron, therefore, a strict milk diet may produce iron anemia. The mineralization of milk is proposed. This would include the addition of iron, copper, iodine and other elements. The project does not meet with the approval of health authorities except when accomplished through the feed of the cows. **COLOSTRUM**—This is the fluid secreted by the mammary gland during the first few days after birth and before lactation becomes established. Colostrum and milk differ in appearance, quality, composition, and function. Colostrum on an average contain much less fat, but four times as much protein as the milk from the same cow. Workers have discovered

di and Vallabhi Patel, have been agitating for abolition of the system.

OLD MAN WINTER HASN'T GOT A CHANCE!

Mild today—cold tomorrow—the quick changes of winter make it necessary that your car have the best of service. Radiator and battery checked regularly—lubrication that "stands up," yet permits easy starting—you'll find SUPER SERVICE gives you the most for "insured" winter driving comfort. Drive in.

DEWEY'S SUPER SERVICE STATION
Opposite Delta Hotel

Briefly Told

Ski Hike Cancelled—The Ski hike scheduled for today has been cancelled until further notice.

Movies at Schaffer—Motion pictures will be shown at the Schaffer school Tuesday night at 8 o'clock. The public is invited to attend.

Kiwanis Meeting—Members of the Kiwanis club, after their luncheon at the Sherman hotel Monday noon, will visit the Birds Eye Veneer company's plant. Juel Lee will conduct the Kiwanians through the plant.

Order of Runeberg—A program and dance will be given by the Order of Runeberg next Saturday evening at Unity hall. Refreshments will be served. The public is invited.

Whitedale Farmhome Destroyed By Blaze

Whitedale, Mich. — The farmhouse of the Ray Mann family, near M-99 was destroyed by fire about 10 o'clock Saturday morning.

Very little of the contents were saved. The loss is not covered by insurance. The blaze was first noticed here today from the headquarters of the Association.

Occupants of the home were: Mr. and Mrs. Clarence Mattson, the latter being the former Mary Mann, and their little son; and Charles, Helen and Nelson Mann. Mr. Mann died last summer.

One Of Twin Girls Claimed By Death

Funeral services for one of twin daughters, born Friday night at 3:30 o'clock to Mr. and Mrs. Richard Porath, 615 Stephenson avenue, were held Saturday afternoon at 4 o'clock at the Anderson funeral home. Rev. William Lutz of Salem Evangelical Lutheran church officiated at the rites following which burial was made in Lakeview cemetery. The baby lived only a short time after birth, but it is believed that the twin sister will survive. Mrs. Porath is the former Rose Presse of this city.

BACKS CONFERENCE

Ishpeming—Great impetus was given plans for the tri-state winter sports conference to be held here Tuesday, February 21, following a meeting here today by officials of the Ishpeming Winter Sports club with George Bishop, secretary of the Upper Peninsula Development bureau. Mr. Bishop has been out of the state for an extended time and today was the first opportunity officials had to meet with him and lay before him plans for the conference.

FARWELL WILL GO TO LANSING

To Attend Meeting for Conservation Dept's Supervisors

Clare Farwell, district supervisor of the Michigan department of conservation, will go to Lansing along with five other supervisors from the upper peninsula for a meeting on February 6-9.

The meeting, held each year, is for the purpose of discussing possible changes in conservation laws, plans for the next fire season, means of exchanging equipment and men in fighting fire, improved methods of cooperation between field forces and Lansing headquarters and relative subjects.

All discussion is on the round-table plan, with experts in the various departments serving as leaders for subjects under consideration. The Lansing meeting supplements the frequent regional meetings of district supervisors.

School on Fishing

Three upper peninsula conservation officers, Ray Walker, St. Ignace; Gilbert Larson, Chatham, and John McGinty, Houghton, will attend a special school on commercial fishing in the Traverse City and Detroit areas on January 30. With lower Michigan officers, they will make a study of fish markets and railroad shipments.

The purpose of this special school, Jones said, is to give the upper peninsula men special training in enforcement of commercial fishing laws.

Upper Peninsula supervisors, including Regional Supervisor Jones, who will attend the Lansing meeting are Daniel Raess, Ewen, District 1; Joseph Elmbad, Baraga, District 2; Ernest Libby, Marquette, District 3; Dorias Curry, Crystal Falls, District 4; Clare Farwell, Escanaba, District 5; F. P. Furlong, Newberry, District 6.

Interesting news! See Classified Page.

24 CCC Camps Are Being Operated In Upper Peninsula

In addition to six Michigan emergency conservation work camps operated in the upper peninsula in Mackinac, Marquette, Schoolcraft, Luce and Chippewa counties, it is reported that 18 other civilian conservation corp camps are active.

The MECW camps are Camp Escanaba, Marquette county; Camp Mackinac, Mackinac county; Camp Cassin, Schoolcraft; Camps Fox and Lake Superior, Schoolcraft, and Camp Paradise, Chippewa.

Other regular CCC camps operated in national forests and in various forest and conservation projects are as follows:

- Camp Gogebic, Marquette;
- Camp Bonifas, Watersmeet;
- Camp Raco, Raco;
- Camp Strong's, Strong's;
- Camp Porl, Mass;
- Camp Cooks, Manistique;
- Camp Mormon Creek, Rapid River;
- Camp Wells, Cedar River;
- Camp Paulding, Watersmeet;
- Camp Norrie, Ironwood;
- Camp Sidaw, Sidaw;
- Camp Gibbs, Gibbs City;
- Camp Au Train, Forest Lake;
- Camp James Lake, Iron River;
- Camp Evelyn, Wetmore;
- Camp Germfask, Germfask;
- Camp Round Lake, St. Ignace;
- Camp Bewabic, Crystal Falls.

J. P. Morgan has resigned as a trustee of the American Museum of Natural History after 30 years service on its board.

"So you want to FLY..."

No longer do youths long to be firemen and motormen. Today, according to a study by a mid-western university, boys aspire to be aviators.

It is a worthy ambition, but like all other goals in life it requires money to learn to fly. Far-sighted parents can help their sons to achieve success by teaching them the principles of thrift at an early age. We will gladly help.

On The RECORD

By Dorothy Thompson

SPAIN AND THE CATHOLICS

It was announced this week that the Hitler government of Germany had concluded a "cultural" treaty with Franco Spain.

In view of the stand that a large section of the Catholic Church here and elsewhere has taken toward Franco and, at the same time, of the attitude that the Church and the Pope, himself, have taken toward the cultural aspects of Hitlerism, this news ranks among the most important of the week. It is evidence of the serious dilemma in which the Church finds itself.

The Vatican committed itself to the cause of Franco at the very outbreak of the rebellion. Franco represented the clerical forces, in opposition to Marxian trends in the Popular Front government. There had been outrages against priests, nuns and church property—very serious outrages. The Vatican expected that the Franco rebellion would be a coup d'etat, that it would be immediately successful and that it would protect the Church. Certainly, the Vatican never foresaw or believed that it would develop into an appalling bloody civil war and become, in essence, a fight not for or against Catholicism but for or against Fascism.

The complete failure to achieve real non-interference in Spain, the open and material support of Franco by Mussolini and Hitler changed the whole picture. The Church is therefore in the embarrassing danger of becoming an ally of Fascism, just as the Democratic political world by its honestly designed policy of non-intervention; has become, in effect, the aid of Franco and Fascism.

A large section of the Catholic world recognizes this. An influential section of Catholic opinion in this country is aware that if, in the eyes of millions of people, Fascism and Catholicism should become identified it might be very unfortunate for Catholicism in all democratic countries.

And over and beyond this, one must now wonder very seriously what the effect of a Franco victory will be upon Christianity in Spain itself.

For it is no longer possible to regard Fascism as the friend of Christianity. And in making a cultural treaty with Hitler, Franco has laid Spain wide open to the penetration of Nazi ideology, which has been repeatedly denounced by the Pope himself as anti-Christian.

Fascism has followed a fairly consistent pattern of development. At the outset it uses an appeal to Christianity. In order to bludgeon the Marxists.

Having gotten rid of them, it then turns on Christianity itself. Hitler asserted at the outset that his regime stood on the ground of "positive Christianity." But he claims for Nazism the right to determine what "positive Christianity" may be.

It has gone so far in the distortion of Christian ideas as to undertake to re-write the Sermon on the Mount—and a Nazi magazine, "Nordland" has called the Sermon on the Mount "the first Bolshevik Manifesto."

The Vatican's newspaper in Rome, "Osservatore Romano," said of national socialism, "It is the most inhumane of all heresies. Hitler is true to his role of anti-Christ."

But it is with this anti-Christ that General Franco has just concluded a cultural treaty.

The agreement signed runs indefinitely, and can only be denounced on a year's notice.

Both sides are to give fiscal preference to the work of their cultural institutions.

The agreement forces an exchange of students and lecturers. And, interestingly enough, German schools in Spain are to be allowed to follow German methods of teaching.

This would seem to be a concession from Franco who has previously maintained that only Catholic schools would be allowed in his Spain.

Any books or publications attacking either land, its form of state or its leading figures must be banned, according to the treaty.

And that would seem to imply that Franco must ban the Papal encyclical "Mit Brennender Sorge" (With Burning Sorrow) in which the Pope attacked the Nazi racialist principles, which have since been adopted in Fascist Italy.

Actually, this encyclical letter was all but suppressed by Franco. As far as I know, it appeared only in the bulletin of the diocese of Pamplona.

NO TIME TO MARRY

BY ELINORE COWAN STONE

CAST OF CHARACTERS
JANET DWIGHT, heroine. She was engaged to handsome young architect.

LANCE BARSTOW, hero. Lance had great dreams for the future. So CYNTHIA CASTRELL, orphaned granddaughter of great-aunt Mary Cantrell. Still another dreamer was

BARNEY MCKNIGHT, newspaperman. But Barney was more than a dreamer. Yesterday: Janet finds Aunt Mary seriously ill. A few days later she learns that Barney has been sent out of town on a newspaper graft expose.

CHAPTER XIX
"Know him, do you?" exclaimed the old gentleman, gazing at her with fresh interest. "Well, I have an idea he's worth knowing. I've seen one or two articles on current topics he's had in the magazines."

"Did you like them?" Janet asked.

"He doesn't miss much, and he's got a way of putting things so that you remember them. Most young men, if they're worth their weight in pig-iron, start out in life with an idea that they'd like to take a crack at some of the modern dragons that need killing—but very few of them actually do. . . . I never did. Sometimes I think, even now, that it might be fun to have a try. There isn't a heck of a lot of fun left in life after you're 70."

"I suppose not," Janet said absently. "I mean—no one would ever guess you were over 70."

He chuckled a little at that. "Oh, do you have to go?" he exclaimed as Janet got to her feet.

"I'm afraid so. But it's been nice to talk to you, Mr. . . ."

"Justin. Abner Justin. Well, maybe we'll meet again some time."

"I hope so, Mr. Justin." Janet found that her best smile—the one she hadn't felt like using for weeks—was still working, and used it.

"That's better," he said contentedly. "Now you look like yourself."

He's a lamb, Janet thought as she went off down the trail.

Cynthia's message had said that she and Tim would be at home sometime during the week after New Year. The news had seemed to put new life into Aunt Mary, who in spite of having shown amazing vitality, was thin and spent, and suffering miserably from her broken hip.

On Christmas morning, her room a virtual garden of flowers, ed in March, 1937.

He must not protest the continued arrest of priests and nuns, their vilification in the German press, and the framing against them of unfounded charges of immorality.

It is simply fantastic that Franco, supported by the Church, should form a cultural alliance with a country whose official publications have often written of German Catholics in almost the very words of the old American "Menace."

In the training camps of the Nazi party—according to Catholic and Protestant reports—it is repeatedly stated that National Socialism has three enemies: Judaism, Masonry and Christianity.

That is a part of Nazi "cultural" training. It is reasonable to suppose that it will be continued in German schools in Spain, to which Franco is willing to accord special privileges, although he has announced—and his apologists even more clearly—that he would not tolerate any other Christian religion in Spain except the Catholic.

The Catholic Church knows far better than I, who am Protestant, what has happened to the Church itself under the Nazis.

It has been revealed by such eminent men as Cardinal Faulhaber, of Munich. It is known that the Jesuit College in Fuldkirch has already been confiscated without compensation, that since April, 1938, nearly all Catholic grammar schools have been closed; that Catholic secondary schools have been deprived of all legal rights, and that the "Volksische Beobachter," official party organ, has announced, "We are armed and prepared to continue the battle against Catholicism until the final, frightful decision, until the point of total annihilation."

There are many indications that the Nazi party is planning an expropriation of Catholic Church property in a wholesale fashion. They have already taken an inventory of such institutions as monasteries and convents.

Catholic publications in this country have repeatedly warned that such a procedure was being contemplated.

And the Nazis continue to hold in prison the Catholic Chancellor of Catholic-governed Austria, Dr. Schuschnigg.

Meanwhile, there is news from Europe that, once Franco is established in Spain, the countries of the Rome-Berlin-Tokyo axis, with which Franco Spain will be allied, plan a new Fascist league of nations which will include certain South American countries.

Leaving the religious question, for the moment, out of account, it is likely that the interests of the United States of America will be served by such a league? And what would be the attitude of American Catholics toward such a league?

she inspected her gifts with the frank interest of a 10-year-old. There was a throw, woven of the finest elderdown, as unbelievably light and fleecy and soft as a fairy coverlet, from Cynthia and Timothy Benton. Janet spread it out over her, and she lay, fingers over the delicate fleece and smiling faintly.

It was after midnight—long after Janet had gone home—that she said quietly to the nurse, "Such a nice Christmas! I'm glad I had this one more. . . . I thought I'd stick it out till New Year; but something tells me I'm not going to make it after all. . . . Well, I've had an interesting time while it lasted. . . . All right, call the doctor if you must; but it's no use. . . . No, I won't have my niece disturbed. This business of dying is something you have to attend to for yourself, anyhow. Just tell her in the morning that I went very quietly—in my sleep. People like to believe that."

And so, having made up her own mind on the subject, Aunt Mary died, as independently and composedly as she had lived.

Janet, who had been staying with Sylvia Grant, went alone to the apartment after she heard. She wanted to sit quietly for awhile among the things Aunt Mary had lived with and loved. She had hardly taken her wraps off before the knocker sounded at the front entrance. When she opened the door, Barney McKnight stood, grinning down at her. He was startlingly gaunt, and his blue eyes were sunk deep in their sockets; but they were bright with excitement.

"Well, sister, I'm back in your midst," he cried. "See the send-off the News gave my story. . . . Where's Aunt Mary?" Then, at sight of Janet's face, he broke off. "Good Lord, Janet!" he burst out. "What is the matter?"

GETTING WISE

THE REVIEWS ARE ALL CRITICAL—

RALLY PETERS OUT IN STOCKS

BY FREDERICK GARDNER New York, Jan. 28 (AP)—Rallying fuel ran out of the stock market today and leading issues backed down fractions to a point or more.

At the opening the list attempted to resume the sharp rally of the preceding session. Profit selling, however, soon intervened and a lower drift was in evidence in virtually all departments at the close.

News of a stimulating nature was lacking in the brief proceedings. The result of the day's hesitancy was that the Associated Press average of 60 stocks lost .2 of a point at 48.1.

On the week this composite was off 2.8 points, the biggest drop for any similar period since the week ended November 19. It was the fourth consecutive weekly decline.

The turnover amounted to 582,530 shares compared with 657,380 last Saturday. The week's volume was around 7,000,000 shares against some 4,000,000 the week before.

Prominent on the day's setback were U. S. Steel, Bethlehem, Chrysler, U. S. Rubber, Sears Roebuck, United Aircraft, Sperry, American Telephone, Westinghouse, Du Pont, Loft, Great Northern and Standard Oil of N. J.

Aircraft did well for a time on the administration's approval of French purchases of American planes and prospects congress would quickly appropriate the \$50,000,000 which the president requested for the immediate start of aviation defense building at home.

Only Douglas Aircraft, however, was able to emerge with a small net gain. Retaining modest advances were Johns-Manville, International Harvester and International Nickel.

Off a bit in the curb were Electric Bond & Share, American Gas, Niagara Hudson Power, Crocco Petroleum and Panepco Oil. Transfers here totalled 93,000 shares against 143,000 last Saturday.

NEW YORK STOCKS (Last Sales)

DOMESTIC LIST TRADING LIGHT

New York, Jan. 28 (AP)—Other than some wide spreads in a few foreign dollar bonds, changes were generally negligible in today's market. U. S. governments boasted more gains than losses at the close, but even at that buyers and sellers were so close together most deals were concluded within 2-3-2 to 4-3-2 of a point of Friday's closing levels.

The group of foreign dollar bonds exhibiting extreme weakness included German General Electric 6s, off 8 1/2 points at 46; Siemens & Halske 6 1/2s, off 4 1-8 at 46; Poland 6s of 1940, off 4 1-8 at 30 1-8; Prussia 6 1/2s, off 3 3/4 at 14 1/2, and Panama 6s, off 2 3-8 at 43 1-8.

Radio Around The Clock

BY C. E. BUTTERFIELD Associated Press Radio Editor Time Is Central Standard New York, Jan. 28—Tribute to Victor Herbert is to be paid by the WJZ-NBC Magic Key at 1 p. m.

More music high spots produce these among others: WEAF-NBC 10 a. m., Music and American Youth, Rochester, N. Y. high schools.

Discussion periods come about in this order: WEAF-NBC—11:30 a. m., Chicago roundtable, "Price Fixing"; WABC-CBS—6 p. m., People's Platform, Roger Baldwin, Samuel B. Pettigling and others.

Monday's Program Radio joins in the celebration of the president's annual birthday ball Monday night. It will combine all of its network facilities to do so.

The network will be made up of the stations of WEAF-WJZ-NBC, WABC-CBS, WOR-MBS and WMCA-Intercity.

WABC-CBS school of the air, heard on a daily schedule at 1:30, begins its tenth broadcast year tomorrow. The Monday program, "Frontiers of Democracy" will be continued in the series.

Bob Burns steps to the microphone of the WABC-CBS Radio Theater at 8 to perform with Fay Bainter in the story of "The Arkansas Traveler".

Some other expected happenings: WEAF-NBC—7, Al Pease transferring his microphone activities from Hollywood to New York.

WABC-CBS—2, Curtis concert in the Music Hour; 6:30, with a west repeat at 9:30, Earl Carroll guest of Eddie Cantor; 7:30, Tom Howard and George Shelton again subbing for Pick and Pat in the Minstrel show while they are on vacation.

On WOR-MBS at 1:15 Prof. David F. Jordan of New York university talks on "Your Budget" while on WJZ-NBC at 9:30 comes the regular meeting of the National Radio Forum.

Also listed for a talk is Rep. James E. Van Zandt on "The President's National Defense Program" over WEAF-NBC at 6:30.

SLOT MACHINES REMOVED

Iron River—For the most part, slot machines, pin ball games and other gambling devices disappeared last night.

The warning from Sheriff King and Prosecutor Symmonds that no gambling will be permitted in Iron County was accepted at face value and a survey revealed that only a few machines were being operated.

While authorities will give operators a day or so to remove the machines it was emphasized they will be seized if they reappear.

The authorities are asking the public for cooperation and support. They will welcome complaints, they said.

MINNEAPOLIS GRAIN Minneapolis, Jan. 28 (AP)—Carload lots, per barrel in 98 lb. cotton sacks: Family patents unchanged, 5.20 to 5.30; standard patents unchanged, 4.20 to 4.30; Shipments 26,000.

ASKS GAME CHANGES Menominee—Arthur H. Wickman of Barney, Menominee county representative in the state legislature, has been named to the following legislative committees:

Agriculture, fish and fisheries, and Ypsilanti state hospital. Rep. Wickman was also named chairman of the senate committee of state house of corrections, and branch prison at Marquette.

A resolution has been introduced by Rep. Wickman urging the state legislature and the conservation commission to make changes in game law regulations which would add sheep growers in the state.

The resolution, recently adopted by the Menominee county board, would make bear a predatory animal hunted the year around; and provide that hunters in camp be permitted to kill either one buck or one does under a camp license.

There must be four hunters in a camp to obtain a license to kill a "camp deer" during open season. The proposal is held to be one way of reducing the number of does, said by the conservation commission to be disproportionate to the number of bucks.

Copyright, 1938, by William J. Miller Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

STANFORD MAY CALL POP BACK

Temple U. Will Release Coach If He Wants To Go West

Palo Alto, Calif., Jan. 28 (AP)—Glenn S. "Pop" Warner, football coach of Temple university, said today he "knew nothing" about reports that Stanford university alumni were behind a movement to bring him back to the far western school as a mentor.

Warner coached at Stanford for many years before transferring to Temple, where he has a contract for one more season.

Asked if he would be interested in a proposition to return to Stanford, Warner said "Naturally I would be if it offered me a chance to better myself. It is all news to me, however, and no one in authority has said anything about it or even broached the subject."

"So far as I am concerned my plans are to return to Temple for spring training and to coach the team next fall. In the meantime I will entertain any offers which may be an improvement on my present position. That is the prerogative of any coach."

Traced To Alumni

Reports were that some Stanford alumni had discussed informally the possibility of persuading Warner to join the present staff in the capacity of "advisory coach." As such he would outline plans for offense and defense which would be executed by the coaching staff now headed by C. E. Thornhill.

Later, it was presumed, Warner would return to head the staff. However, responsible alumni who knew anything of such a proposal could not be discovered.

Thornhill, assistant to Warner both at Pittsburgh and Stanford, succeeded the latter here in 1933. He produced three Rose Bowl teams. Some opposition to his coaching regime developed last season. It was traced to a few alumni.

Thornhill's contract will expire next April. Sources close to the board of athletic control indicated he was being favorably considered for a renewal of contract.

"WELCOME TO STAY"

Philadelphia, Jan. 28 (AP)—Temple university officials said today Glenn S. "Pop" Warner, football coach, would be released from his contract if he desired to return to Stanford university.

"Pop has served Temple faithfully and well," said one official who declined the use of his name. "He knows he is welcome to stay, but he has been in uncertain health recently and if he preferred to take a job in California's more temperate climate, I am sure Temple would not stand in his way."

Temple's 1938 eleven won three, lost six and tied one game. Warner's six-year record at Temple shows 31 victories, 18 defeats and nine ties. His present contract has one year to run.

Mungo Only Loser On Dodger Squad

New York, Jan. 28 (AP)—The Brooklyn Dodgers, announcing the receipt of signed contracts from 11 players, revealed today that all but two of the 40 performers on their reserve list for 1939 had been offered salary increases for the coming season.

One of these two was Van Lingle Mungo, the temperamental pitcher, whose pay was slashed about \$10,000 to the \$5,000 mark. The other, whose name was not revealed, was offered the same contract as for 1938.

The 11 contracts received today were all from rookies or second-year men, and bring to 14 the number of players signed.

The announcement said pitcher Tot Pressnell and third-sacker Joe Stripp, as well as Mungo, were dissatisfied with their new contracts.

Promoter Insists That Galento Box Champ In Philly

Philadelphia, Jan. 28 (AP)—Promoter Herman Taylor insisted today a proposed meeting between heavyweights Tony Galento of Orange, N. J., and champion Joe Louis must be held in Philadelphia "or it won't be held at all."

"That match belongs here," said Taylor. "I hold a five-year promotional contract for Galento's services and I certainly will not sell out the Philadelphia fight fans."

Referring to reports that Mike Jacobs wanted to hold the match in New York next June 29, Taylor added:

"Mike Jacobs has made me an offer for Galento's services and has even promised to send several other prominent fighters here for shows. But I've told him Galento's greatest drawing power is here in Philadelphia and that Louis will either fight him here or not at all."

Big Sticker Mize Signs Up For 1939

St. Louis, Jan. 28 (AP)—Johnny Mize, the "one" in the St. Louis Cardinals' devastating "one-two" batting punch, signed his contract for 1939 today. The terms were not disclosed, but club officials said he had been given an increase in salary.

The big first-baseman, leading left-handed hitter in the National league last year, bats third in the Cardinal lineup followed by slugger Joe Medwick in the cleanup slot. Medwick has not yet adorned the dotted line.

Color of automobile license plates is determined by the motor vehicle commissioners of the individual states.

Champion Cheesemaker

Adolph Miller, 22, butter and cheese maker of the Rapid River Cooperative Creamery company, is shown here with the large silver cup he received last week as a reward for his winning of first prize in the cheese competition at the Michigan State Fair. The cheese exhibit, made by Miller at the Rapid River creamery, one of the oldest and largest cooperative con-

cerns in the Upper Peninsula, scored 94 at the state fair in Detroit.

Miller joined the Rapid River Creamery in May, 1938. He learned his trade at Suring, Wis., and before coming to Rapid River was employed at a cheese factory at Wallace. In 1937, he won second prize with a cheese exhibit at the Upper Peninsula State Fair.

CHAMP SKIERS GO TO ST. PAUL

New Slide Is Capable of Sending Jumpers Out 230 Feet

St. Paul, Jan. 28 (AP)—The nation's premier ski riders, together with a distinct foreign threat, will test their flying ability on the wooden sticks here February 4 and 5 in quest of the United States ski jumping championship.

Reidar Andersen, champion of Norway, who has leaps of 311 and 340 feet to his credit in competition in Jugoslavia, and considered one of the sport's greatest stylists, is entered in the tournament. Andersen is attempting to duplicate the feats of the Raud brothers of Norway, who collected a major portion of titles in this country in 1937 and 1938.

Defending champion in the event to be held on a new slide capable of springing jumpers out 230 feet or more will be Sig Ulland of Lake Tahoe, Calif. Also coming from California are Roy Mikkelsen, who twice has held the national title, and John Elvrum of Los Angeles.

Another principal is expected to be Alf Engen of Salt Lake City, who jumped 245 feet in the national tourney in 1937 at Salt Lake City, only to lose by sevenths of a point to Sigmund Rued of Norway.

Leading the Minnesota contingent will be George Kotlarek of Duluth, the 1936 champion, and Sverre Fredhelm of St. Paul, former Olympic team member and twice runnerup in national competition.

Defending his laurels in the boys section against a fast field will be Crosby Perry-Smith of Lake Placid, N. Y.

Among other noted riders in the tournament are Paul and Walter Bietlla of the University of Wisconsin, members of the "flying Bietlla" family of Ishpeming, Mich. Paul was national college champion in 1935, and is present national college champion. Walter is a former member of the United States Olympic team.

The tournament is one of the events of St. Paul's annual winter carnival.

BRITAIN SEES GRAVE DANGER IN NEXT WEEK

(Continued from Page One)

ships totaling 150,000 tons, he said.

The deficiencies of last September "have largely been removed," he declared, and aircraft production had been doubled in the last few months.

CABINET REVAMPED

London, Jan. 28 (AP)—Prime Minister Chamberlain injected new blood into his cabinet today in posts vital in Britain's defense program amid increasing European anxiety over the next moves of Chancellor Hitler and Premier Mussolini.

The gaunt British leader timed both the shake-up of his ministry and a speech tonight in his home town of Birmingham in anticipation of important pronouncements by the German and Italian dictators next week.

Admiral of the Fleet Lord Chatfield, who helped direct Britain's naval rearmament until his retirement from the navy last year, joined the cabinet as minister for coordination of defense.

He replaced Sir Thomas Inskip, who had held the post since it was created March 13, 1935. Sir Thomas long had been under fire on charges of allowing a slow-moving administration.

Sir Thomas remained on the cabinet, being assigned the dominions portfolio, which Malcolm MacDonald had held along with the colonial secretaryship.

Pushes Farm Program

A retired farmer, Major Sir Reginald Hugh Dorman-Smith, became minister of agriculture to push a vigorous farm program which, like Lord Chatfield's new duties, is vital in war preparations.

He succeeded W. S. Morrison, who became chancellor of the Duchy of Lancaster. Earl Winterston, who had held the latter sinecure, was dropped from the cabinet and made paymaster general.

The Earl of Munster replaced Lord Stratheona and Mount Royal as parliamentary undersecretary of war.

Besides the cabinet changes there was another indication of Britain's plans for any emergency in the air council's urgent appeal to employers to release reserve and volunteer pilots for continuous training with air force units for periods up to six months.

Silences Critics

Lord Chatfield was first sea lord and chief of naval staff from 1933 to 1938. He retired last September on reaching the age limit of 65 years and now is in India as chairman of a board of experts studying Indian defense problems.

Chamberlain's cabinet shake-up long had been predicted as a move to silence widespread criticism of defense progress and agricultural development. Parliament will reopen next Tuesday.

The French cabinet, meanwhile, reviewed military measures to protect the French empire, considering a new, quick mobilization system and a plan to add three months to the two-year term of compulsory military service.

The French were worried over the Fascist-supported success of the insurgents in Spain and the possibility that Hitler might throw the full strength of Germany behind an Italian diplomatic offensive against France.

From Rome, however, came an

Another Mile Run Victory Is Chalked Up By Cunningham

Boston, Jan. 28 (AP)—Peerless Glenn Cunningham, who astounded the world by running a 4:04.4 mile the last time he visited New England, tonight won his fifth consecutive K. of C. mile under wraps in 4:15.2 before a crowd of 13,000 at the Prout games in Boston Garden.

Glenn got off in second place behind Mel Trutt of Indiana and remained there until he uncorked his finishing drive on the last lap. He then pulled away and finished five yards ahead of Blaine Rideout of Texas.

Brother Wayne Rideout trailed his twin by a foot in third place. Trutt wound up five yards behind the Texan and that much ahead of Chuck Fenske of Wisconsin.

Harold Cagle, Oklahoma Baptist university's victor in this month's Sugar Bowl quarter mile, made his indoor debut by defeating a star-studded field in the Prout "600" in 1:12.5, a new meet record. He came out of the staggered start in third place and jumped the pace-setting Dick Gill, recent Boston college star, about 20 yards from the tape.

"The Quality Car In The Low Price Field"

is not just an advertising slogan. It grew out of the car itself and its service to owners. It is your guide to getting more for your money. Here are the reasons:

The Ford is "The Quality Car in the Low Price Field" because of its V-type 8-cylinder engine. Only Ford has found a way to make a car with a V-8 engine to sell at a low price.

The Ford is "The Quality Car in the Low Price Field" because it is built of exceptionally good materials. 63 different kinds of quality steel, many of them made in the Ford plant, are used in the building of Ford cars.

The Ford is "The Quality Car in the Low Price Field" because Ford pioneered fine craftsmanship in volume production, and insists upon rigid standards of precision manufacture. Ford owns and controls the manufacturing rights in North and South America for the famous Johansson gage blocks — world-wide accepted standards of measurement.

The final, distinguishing mark of "The Quality Car in the Low Price Field" is its modern design. Like the Lincoln-Zephyr and the Mercury, it has beauty of line and proportion which reflects the inner quality of the car.

LOW FORD PRICES INCLUDE EQUIPMENT

Both the Ford V-8 and the De Luxe Ford V-8 come equipped with bumpers and bumper guards, spare tire, cigar lighter, twin horns, dual windshield wipers, and headlight beam indicator on instrument panel, at no extra charge. De Luxe cars also have an extra tail light and sun visor, de Luxe steering wheel, glove compartment lock, clock, and rustless steel wheel bands, at no extra charge.
