

FORMER LOCAL RESIDENT DIES

Dexter V. Stephenson Passes Away In Montana

Dexter Valentine Stephenson, 53, one-time resident of Escanaba, died in Deer Lodge, Montana, Friday morning, August 4.

Mr. Stephenson, oldest son of Martha and Casper Stephenson, was born in Escanaba on March 15, 1886, and was educated in the public schools of this city.

He has made his home in Montana since 1908. He was an engineer on the Chicago, Milwaukee and St. Paul railroad. He was a member of the Brotherhood of Locomotive Engineers and the Masonic Lodge.

He is survived by his wife, Kathryn Conner Stephenson, his mother, Mrs. Martha Stephenson, two brothers, Norman, of Escanaba, and Sam, of Sault Ste. Marie; two sisters, Mrs. W. T. Raina, Homestead, Mich., and Catherine Locke, Escanaba.

The body will arrive in Iron Mountain Sunday night and will be brought to Escanaba from there by ambulance. The body will lie in state at the Alto Funeral Home Monday morning. Funeral arrangements have been made for Tuesday afternoon, the exact hour to be announced in Tuesday's Daily Press.

Hero Scout Rides at Head of Triumphal Parade

For surviving a nine-day stretch in the Maine woods Donn Fendler, Jr., above, is a real hero fit that medal on his coat awarded by Governor Lewis O. Barrows, of Maine, for courage in an indication. Donn Fendler is shown being escorted through the streets of Augusta, Me., as the city pays homage to his gameness.

Twilight Pairings For Tuesday Out

The fifth match of the second half of the men's twilight league play at the Highland Golf club will be played Tuesday, August 8, it was announced yesterday.

Members who cannot play their matches Tuesday are asked to get them out of the way sometime before that date if possible and leave their card at the club house. The inability of members to be on hand during several previous matches has caused inconvenience to their match partners and has lost their team points besides.

Pairings are as follows:

- | | |
|---|-----------------|
| Americans | Nationals |
| John Cass | George Donnelly |
| E. Swanson Sr. | Len Olson |
| Don Goulais | Jim Jackson |
| C. Weir | Hal Reade |
| John Malloy | John Jensen |

Disabled Veterans Select Officers

Escanaba Chapter 24, Disabled American Veterans of the World War, held an election last week, and selected the following officers: Commander, Leslie Farrell; senior vice commander, Dona Duranecau; junior vice commander, Oscar Martin; treasurer, DeLore LeBlanc; chaplain, Leonard Elquist; adjutant, Edward J. St. Antoine.

Escanaba Legion To Meet Monday

A regular meeting of Cleveland Post 82, American Legion, will be held at Escanaba Monday night at 8:30. Final details of the state Legion convention to be held in Escanaba Aug. 19 to 22 will be discussed, and all members of the post are urged to be present.

Hospital

Audrey Ann Mallmann, 1119 First avenue south, Victor Perow of 2318 Ludington street, and Hubert Wells of Ralph, had operations for removal of tonsils at St. Francis hospital.

Miss Stella Rushfort, Fayette, submitted to an operation for relief from appendicitis.

Mose LaCarte, Flat Rock, was admitted for treatment.

One-sixth of the world's known stony meteorites have been found within the borders of Kansas.

Plane Pilots Are On Lookout For Fires In Forest

Sault Ste. Marie — Unofficial townmen of the air are pilots of the Pennsylvania Central Airlines flying between the Sault and Detroit, who have been instructed by Captain J. H. Carmichael, operations manager of the line, to be on the alert for forest fires.

Particularly between Saginaw and the Sault, have pilots in the Michigan division of the PCA been asked to be on the lookout for fires. As soon as a pilot sees a smoke or blaze, he notes its location and radios his nearest headquarters, which in turn relays the information to the nearest conservation headquarters.

A smoke may be easily spotted from a plane, and during the entire fire season pilots will keep a sharp lookout.

"We are eager to lend assistance to forest fire patrols," Carmichael said. "Over many of the sparsely populated areas served by our system, telephone communication is not available, and our pilots can be of great assistance in preventing damage to life and property by being alert for fires."

In addition Carmichael pledged the support of Pennsylvania Central to U. S. Coast Guard stations along the Great Lakes and said that its flight personnel would assist in locating missing boats and vessels in distress. Only a few days ago, Captain W. F. McDonough spotted a fire near Grand Rapids, Mich., and his radio message sent fire-fighting apparatus to the scene.

U. S. Leads World In Copper Output

From the standpoint of tonnage and dollar value copper is the most important nonferrous metal mined in North America. The prosperity of many of the mining States depends directly upon the copper-mining industry. Normally, about 35,000 men are employed in the copper mines, mills, and smelters of the United States, according to Bureau of Mines figures.

The United States is the most important producer of copper among the nations; more copper is mined in North America than in any other continent, and for many years the United States alone produced about half of the copper of the world. During the last 10 years increasing production in South America and Africa has reduced the relative importance of North America and the United States.

Improvements in mining methods and metallurgy have greatly influenced the production and economics of copper. The technique of mining has continuously improved, and mining costs have been progressively lowered.

Thousands of sugar workers in Puerto Rico have been working only four hours a day, in order to spread the work among more families.

Munising News

Munising Vacation Spot Called Ideal

Munising, Aug. 5—Among the summer vacationists are Mr. and Mrs. L. A. Foschenbaur of Oak Park, Ill., who are rapidly becoming "natives" after finding Munising an ideal vacation spot. Mr. and Mrs. Foschenbaur have been spending the past two weeks here and have been regular summer visitors for the past three years.

Mr. Foschenbaur has earned the title, "Isaac Walton" Foschenbaur through his extensive fishing activities, a title he is proud to take home. The two have found their summer residence here most enjoyable and there seems to be no question where they will spend their vacations for some years to come.

MRS. LENA KING
Munising, Aug. 5—Funeral services for Mrs. Lena King, who died on Wednesday at Newberry, were held this afternoon from the C. F. Bealieu Funeral Home. The Rev. Herbert Bjorkquist, pastor of the Eden Lutheran church, officiated at the services. Burial was made in Maple Grove cemetery. Pallbearers were Levi Steinhoff, Samuel Gollinger, Charles Mattson and Henry St. Armour.

Election Is Held By Luther League

Munising, Aug. 5—Carl Swanson of Sault Ste. Marie was chosen president of the Ishpeming District Luther League at its annual meeting held at Sault Ste. Marie this week. Miss Dorothy Lindstrom of Marquette was chosen as vice president; Miss Edith Sheridan of Cedarville, secretary; Miss Kathryn Bayer, Sault Ste. Marie, treasurer; Paulino Johnson, Skandia, statistician; Norman P. Knight, Sault Ste. Marie, Pocket Testament League secretary.

Delegates from Ishpeming, Negaunee, Marquette, Skandia, Newberry, St. Ignace, Cedarville, Munising, and the Soo were present at the meeting.

Rev. Herbert Bjorkquist, pastor of the Eden Lutheran church, Munising, and of the Newberry Lutheran church, was the speaker at the opening session and spoke on

Remodeling Boom
Hermansville, Mich. — The building and decorating business is undergoing a big boom in Hermansville this summer. The Home Economics room at the high school has a new floor, George Daublen Marcoe is making an addition to his house, the freight depot and the Menominee Hotel have been doing remodeling, the Voorhees home has a new basement and other changes and any number of homes have new coats of paint and other improvements.

Personals
Willard Johnson attended the Poultry Convention in Cleveland, Ohio, this week.

Mr. Leo Raiche and daughter, Eleanor, Mr. and Mrs. Louis Raiche, Mrs. Alex Raiche, and Theodore Ayotte visited with relatives in Manitowoc and Appleton last week-end.

Mr. and Mrs. Bernard Wetterstrom and three children spent last Sunday in Falthorn at the home of Mr. and Mrs. George Kupsch. Mrs. Wetterstrom and the baby remained for a week's visit.

Mrs. William Radue is visiting her daughter and other relatives in Milwaukee.

The Misses Alfreda Hansen and Gertrude Mattson of the Bay Cliff Health Camp spent last week-end in Hermansville.

The Scout Sponsors committee and the Brownies enjoyed a picnic at Lake Antoine last week.

Mrs. Thomas Tounignant and daughter and Miss Gloria Dani attended the picnic for the Daughters of Isabella in Escanaba last week.

Miss Eleanor Brown and Mrs. George Nieman spent the week-end in Bessmer at the home of Miss Brown's parents.

Mr. and Mrs. Howard Landree and Mr. and Mrs. Louis Dani motored to Escanaba last Sunday to call on Mr. and Mrs. Oscar Johnson.

George Becks who has been employed at Blaney Park has returned to his home here.

Mr. and Mrs. Henry Lombard and family are resorting at Indian Lake this week.

Mr. and Mrs. J. K. Kietmolia

MUNISING BRIEFS

Mr. and Mrs. Thomas Bosquette, Jr., of Detroit arrived this week to spend a ten day vacation at the Beach Inn.

E. V. Hutchins of Chicago spent Thursday here on business.

Mrs. Lee Douglas and son, William, expect to leave this week-end for South Bend, Ind., where they will visit.

The Masonic lodge will meet on Wednesday evening at the Masonic hall.

Mr. and Mrs. Leonard Burke and family and Mr. and Mrs. Charles Savoie are spending the week-end visiting in the Copper Country.

Miss Beatrice Farrell, who has been visiting with her mother, Mrs. B. P. Farrell, here, left on Friday for New York where she will visit with her brother and sister-in-law, Mr. and Mrs. William Farrell.

Installation of officers of the Roderick Prato Post of the American Legion will be held this afternoon starting at one o'clock in the Legion County club.

City of Munising employees held their annual picnic at the old club site on the south shore of Munising bay near the Tannery on Saturday.

NEW 1939 KELVINATOR WASHER AND IRONER!

What a Pair! What a Price!

KELVINATOR WASHERS \$49.95
KELVINATOR IRONERS \$29.95

MODELS ILLUSTRATED BOTH ONLY \$69.95

THE WASHER:—
• All white Permalux finish with Porcelain tub.
• Full family size.
• Silent mesh transmission.
• Safety wringer with ballion type rolls.
• 3-yr. full-height agitator.
• No oiling.
• Full one-year guarantee.

THE IRONER:—
• Complete unit in itself—not a washer attachment.
• Roll open at both ends—irons everything from handkerchiefs to sheets.
• Iron wherever it's coolest and easiest.
• Heat thermostatically controlled—uses no more current than a hand iron.

THE AVERAGE price of a good washer is around \$60. The average ironer is similarly priced. Now we can offer you BOTH for the average price of one! We urge you to take advantage of this sensational offer NOW. We shall not raise this price in the next 10 days. But—we may run out of ironers or washers—and the factory won't promise any more at this unusual price.

SYMONS TRAVEL IN LUXEMBURG

Munising Couple Taking Bicycle Trip; Stop At Hostels

BY CHARLES SYMON
Luxemburg—This is a travel diary of a week in Luxemburg.
July 18—Hauzet. Rain. Breakfast and a short walk. Wrote letters home. Washed a few clothes. Went to Eynatten for groceries and arrived home for supper at 5. Another walk after talking "Germany" with some Dutch boys. This country is filled with little shrines along the roadside, many of which are kept supplied with fresh flowers daily.
July 20—Hauzet. St. Vith Sun. Wind. We stopped in Copen where we replaced a broken bow on a pair of glasses. Cost 16 cents. Climbed uphill for 16 kilometers (10 miles), and then coasted downhill for 30 minutes (15 kilometers) into Malmédy. Part of the way at a mile a minute. This is a beautiful little town in the most gorgeous wooded hills. Arrived at St. Vith in time for a haircut costing 9 cents in American money. This is the most beautiful country we have seen. Hope we can come back sometime.
July 21—St. Vith—Luxemburg. Weather good until evening then rain. We think this the nicest country of all. Met two Irish boys at lunch in Hoeschide who are hiking through France, Luxemburg and Belgium. Waited under a tree in a churchyard this afternoon during a rain and wrote cards. It seems that all of the houses and barns in this country are built together with the barnyard in the front yard. Lovely flowers—hydrangeas and tuberous begonias in the windows, but there are no screens. It seems to be the rule for the women to work in the fields. We have seen many of them helping with the hay and grain. Many of the hills through this country have been planted with pine making it look like Northern Michigan. Reached Luxemburg in the rain. Sent clothes to the laundry.
July 22—Luxemburg. Sun. wind, and rain. Up late. Started out to find the American Express office to collect mail and ended up at the American Legation. The Counsel, H. M. Wallers was out, but an assistant gave us information and literature and took his afternoon off to cycle with us through the valley of the Seven Castles, to the famous church of Korlich the Luxemburg Casemates (blasted out of solid rock 400 years ago) taking 2 centuries to build, and used as a fortress. We met two American girls at the Hostel who had spent the past week cycling in Germany, and who were tired of the bread and potato diet which had existed in that country.
July 23—Mersch. Rain by spells and cold. Came here after breakfast to see the celebration of the hundredth anniversary of Luxemburg's independence. There are 12 cantons in the Ducky, and each Sunday for 12 weeks one canton has a fête at which the Grand Duchess Charlotte is present. Shortly before she arrived today it rained—hard, but cleared. The Duchess was dressed in blue and looked very lovely. She was given a huge bouquet of purple orchids upon her arrival. She reviewed the parade which depicted the various industries of the country and its history for the last 100 years, which lasted an hour.
Tonight we are staying in an ancient castle from whose turret fireworks were shot as a finale to the celebration.
Several hotels in London keep live trout in an underground building, in which a stream of fresh water constantly flows through tanks. The trout are in regular demand by the customers, who chose their fish before it is cooked.

TESTING REPORT IS PRESENTED

65 Cows In County Are Above 40 Butterfat Average In July

Sixty-five cows in Delta county produced 40 pounds or more of butterfat for the month of July, according to the monthly report of John Strom, tester for the county association.
Two cows, one owned by Clarence Sedquist and the other by Julius VanDamme, produced slightly more than 55 pounds of butterfat, which is considered a remarkable record.
Results of the tests by Strom show:
Nois Sedquist, one cow producing 1,525 pounds of milk and 44.2 butterfat.
Edwin Bergman, six cows ranging from 1,659 pounds of milk and 46 butterfat to 1,181 pounds of milk and 40 butterfat.
Frank Jaeger, two cows ranging from 977 pounds of milk and 40.1 butterfat to 1,156 pounds of milk and 47 butterfat.
Fred Holm, two cows ranging from 1,023 pounds of milk and 50.1 butterfat to 1,101 pounds of milk and 51.8 butterfat.
Milton Johnston, six cows ranging from 806 pounds of milk and 41.1 butterfat to 970 pounds of milk and 48.5 butterfat.
Andrew Barbeau, two cows ranging from 822 pounds of milk and 41.9 butterfat to 998 pounds of milk and 41.9 butterfat to 998 pounds of milk and 42.9 butterfat.
Andrew Sundberg, one cow producing 753 pounds of milk and 43.7 butterfat.
August Froberg, four cows ranging from 673 pounds of milk and 40 butterfat to 952 pounds of milk and 45 butterfat.
Ferdinand Sundberg, two cows ranging from 946 pounds of milk and 40.7 butterfat to 1,190 pounds of milk and 45.2 butterfat.
Ardie Boudah, one cow producing 1,094 pounds of milk and 42.6 butterfat.
Cleoreman Land and Lumber company, seven cows ranging from 1,032 pounds of milk and 40.3 butterfat to 1,547 pounds of milk and 55.7 butterfat.
Frank Barron, two cows ranging from 694 pounds of milk and 40.3 butterfat to 884 pounds of

Championship Pontiac Corps Coming to Escanaba August 19

State champions for four years, the Cook-Nelson post drum and bugle corps from Pontiac will defend their title at Escanaba Sunday, August 20, during the annual drum and bugle corps contest of the state American Legion convention. The corps, consisting of 55 men, will be billeted in the Webster school building for the period of the convention at Escanaba. Norman R. Cox is commander. Several lower Michigan corps, including Saginaw, Bay City, Cadillac, Buick of Flint, and those in the Upper Peninsula, are out to dispute Pontiac's claim to the championship this year. Saginaw's corps will be billeted at DeGrand's tourist cabins. Drum and bugle organization contests will be held Sunday afternoon and evening, August 20, at the high school athletic field, with finals in the evening under floodlights.

Congress Slipped Up On Bridge, Says Andy

Well I see where Roosevelt he got sick of giving any more laws to Congress for them to tear apart and put in the Waist basket so Congress could not find nothing more to do so they decide to quit and go home and it took them 7 months to make up their minds that they might as well go home and they did not even pass a law to build the bridge around the Straits at St. Ignace and now with Congress quitting and the strike settled at Detroit we have got rid of two things which was losing money every day so times should ought to pick up right away now.
Well I see by the Paper where they are helping out the Fishermen to be bigger liars and now they got a place along the road

Average Family In U.S. Uses Half Ton Of Paper In Year

The average American family consumes more than half a ton of paper costing about \$40 a year, according to economists of the Forest Service, United States Department of Agriculture.
The total consumption in the United States in 1937 was shown by census figures to be nearly 16,000,000 tons of paper—more than half the paper produced in the world. The figure is the highest ever reported for any one nation. Paper consumption in the United States has practically doubled in the last 15 years, the Forest Service reports.
Of the 246 pounds of paper consumed or used by the average person, about 100 pounds represented newspapers, books, and writing paper. The remainder was used as cartons, building boards, wrapping papers, and numerous miscellaneous products.
The Forest Service points out that four-fifths of the paper consumed here was made in the United States. The remainder was imported principally in the form of newsprint, of which about 3,000,000 tons came from Canada. In addition to the imports of paper, large quantities of pulpwood and wood pulp of certain kinds are imported annually for manufacture into paper in New England, New York, Pennsylvania, and the Lake States. About half of the wood fiber used in paper in the United States is grown on foreign soil.
Spruce, hemlock, and fir furnished three-fourths of the wood fiber. Rough estimates indicate that the paper used in 1937 required the cutting of pulpwood on 3,000,000 acres of land in the United States, Canada, and northwestern Europe.
The Sahara desert receives three times as much energy from the sun in a single day as is contained in all the coal burned on earth in an entire year.

By Andy P. Olson
Timber Workers Union Will Meet
The Timber Workers Union, Local No. 15, International Woodworkers of America, will hold its third annual constitutional convention at the Eagles Hall in Iron River, Saturday and Sunday, Aug. 26 and 27.
Prominent speakers will address the convention, including Ilmar Kolvonen, international representative of the International Woodworkers of America; and Adolph Germer, president of the Michigan State Industrial Union Council.
The Sahara desert receives three times as much energy from the sun in a single day as is contained in all the coal burned on earth in an entire year.

Special Cars Ready For Legion Meeting

Eight official cars have been donated for the state American Legion convention in Escanaba by the Northern Motor Co., of Escanaba and the Ford Motor Co., it was announced last night.
Official automobiles will be supplied for the state Legion commander and staff, national officers, state auxiliary president and staff, and Gold Star mothers. In addition, there will be four other cars supplied by dealers in the Upper Peninsula for use on official convention business.
The Legion cars, secured through the efforts of James Frenn of the convention transportation committee, will be shown in peninsula cities and will return to Escanaba Wednesday.
Rum distilling has become the fourth largest industry in Puerto Rico, bringing the island an income of \$3,000,000 a year.

Sometimes confused with the spruces is that tree of the north which seems to epitomize the very spirit of the Northland, the balsam fir. No evergreen is more picturesque than this child of the north as it spires up on the distant horizon as far as the eye can see. It is characterized by its fragrant twigs and foliage, its flattened foliage arrangement and its three-parted twig plan. The

Naturalist Writes Of Various Trees In Upper Peninsula

By Margaret Drake Elliott
Trout Lake, Mich.—"This is the forest primeval, the murmuring pine and the hemlock."
Could it be that the poet had in mind the Upper Peninsula of Michigan? It could very well be, for in few parts of the state, if indeed in the Middle West, is there a better opportunity to see the evergreens of which "the pine and hemlock" are typical.
Here in Chippewa county and adjacent regions within even the small area of an acre, practically all of the native evergreens can be seen. The "Native Nine" they are called by some.
To residents, doubtless, they are well known, but to the summer resident and tourist, these natives sometimes need an introduction.
Monarch of the forest and at one time reigning king of Michigan trees, is the white pine. It rightly heads the list and there are many sturdy examples of this fine tree left in various parts which has five needles in a bundle. Needles to the same number as the letters in its name, w-h-i-t-e; five. Count them. Closely related to the white pine and another handsome tree of the northern landscape is the red or Norway pine. The name "Norway" comes to this tree from Norway, Maine, where it was once extensively lumbered. The bark has a decided reddish tinge and the long pliable needles are in bundles of two. Another two-needled pine is the gray pine. It is known by a variety of names and below the Straits, its favorite is Jack pine. It covers great stretches of Roscommon, Oscoda, and Crawford counties.
Cousins of the pines, and greatly sought after as Christmas trees are the spruces. The needles are shorter than the pines and placed singly in the twigs rather than in bunches. Two are common in this region. The black spruce is a lover of swampy places and moisture and has persistent cones. The white spruce is known by several rather unpleasant names, such as cat or skunk spruce because of the unpleasant odor of the twigs and foliage. These two grow together in several places in Chippewa county.

MOST FARMERS NOW THRESHING

Barley and Oats Crops Are Good; Spuds Needing Rain
Many of the farmers of Delta county are in the midst of the threshing season, County Agricultural Agent E. A. Wenner said yesterday.
Barley and oats are the largest grain crop in the county, only about 200 acres of wheat being raised this year in the district. The grain crop this year is comparatively good in spite of the lack of rain during the month of July, which was the driest month in the history of Escanaba, according to local weather bureau records. The early season was quite favorable with an abundance of rainfall and warm sunshine during the days.
The potato crop has fair prospects at present but its success or failure now will depend largely upon the amount of rain within the immediate few weeks. Should the present lack of rainfall continue, the crop will be none too good.
Soo Hill is the only district being bothered to any great extent by grasshoppers this year although there are some isolated farms in the county being bothered, Wenner said. Army worms and sleeping sickness among the horses have not appeared as yet although a close watch is being kept for the sleeping sickness, which might break out any time.

Official automobiles will be supplied for the state Legion commander and staff, national officers, state auxiliary president and staff, and Gold Star mothers. In addition, there will be four other cars supplied by dealers in the Upper Peninsula for use on official convention business.
The Legion cars, secured through the efforts of James Frenn of the convention transportation committee, will be shown in peninsula cities and will return to Escanaba Wednesday.

A Matter of Craftsmanship

For surpassing grace and beauty there are few sights to compare with a yacht gliding full sail in the sunset. To the casual observers this tableau may seem a chance effect, yet, the graceful lines of the yacht are the conscious result of careful design, technical skill and intuition born of experience. These things are a matter of craftsmanship.
The same is true in the brewing of MENOMINEE BEER. It takes consummate skill to produce a DRY Beer... not bitter... not sweet. Such a beer can be brewed only by a Master Brewer steeped in the lore and traditions of his craft.
Enjoy "Menominee" Today!
Taste "Menominee"! Enjoy the zestful flavor of a DRY beer. You'll agree that it's a matter of Craftsmanship.

He Didn't Want a Cell in Alimony Row

A prospective customer explained to us that he didn't want a cell in alimony row—and would be getting one in a hurry if he didn't give his ex-wife \$150 back alimony money. We advanced the money, and he's paying it back to us in small monthly payments. Frankly, it's nice to know that our service kept a man out of jail, just as we take pleasure in the fact that our loans keep business institutions and private homes going successfully.

A Want-Ad costs but a few CENTS and brings returns amounting to many DOLLARS.

New St. Joseph Church Will Be Dedicated Today At 10:30

Kasota Stone Is the material of which the new St. Joseph church edifice, one of the most beautiful in the state, is built. The new building is on the site of the old brick structure, shown below, at Seventh street and First avenue south, a landmark in Escanaba since its early days.

Photo by Selkirk Studio

St. Joseph Rectory, a frame building, (above) also has been replaced by the modern structure (below) of identical material and of harmonizing architecture.

BISHOP PLAGENS TO BE PRESENT

Mrs. William Bonifas To Be Honored At Rites This Morning

An impressive and joyous occasion for members of the congregation and an event of outstanding interest throughout the community will be the solemn blessing and dedication of the recently completed St. Joseph church edifice, which will be conducted this morning at 10:30 o'clock by the Most Rev. Joseph C. Plagens, D. D., L. L. D., Bishop of Marquette, at appropriate ceremonies at the church.

The beautiful church building as well as the Bonifas Memorial Auditorium, were bequests of the late William Bonifas to the church of his faith, and the dedication of his generous gift will also be made the occasion of the presentation to his widow, Mrs. Catherine Bonifas, of the honor conferred upon her by the late Pope Pius XI, the Cross Pro Ecclesia et Pontifice.

Here for Ceremonies

Attending the ceremonies today, in addition to the Most Rev. Bishop Plagens, and members of the clergy of the diocese of Marquette, will be the Very Rev. Adalbert Rolfe, O. F. M., of Cincinnati, O., who is Provincial of St. John the Baptist Province of the Order of Franciscan Minors, in which St. Joseph's church is located; Rev. Fr. Andrew Henze, O. F. M., of Cincinnati, who is a brother of Rev. Fr. Julius Henze, O. F. M., who was pastor of St. Joseph's parish for many years, and F. J. Sensenbrenner of Neenah, Wis., who was a business associate and close friend of the late Mr. Bonifas, and who holds the distinction of being a Knight of St. Gregory, high honor conferred by the Holy Father in Rome.

The ceremonies of the day will open with a procession in which the Most Rev. Bishop Plagens and members of the clergy will be escorted by the Holy Name men of St. Patrick's, St. Anne's and St. Joseph's churches, and Fourth Degree Knights of Columbus of Marquette and Escanaba, the Escanaba Municipal Band and the Knights of Columbus Chorus.

The blessing and solemn dedication ceremonies will be followed by the Pontifical High Mass. The Most Rev. Bishop Plagens will be celebrant of the mass; the Rt. Rev. Msgr. Henry Buchholz, who also was a member of St. Joseph's parish as a youth, will be assistant priest; the Very Rev. Fr. Thomas A. Kennedy, deacon; Rev. Fr. John Barnard, O. Praem, sub-deacon and the Very Rev. Joseph Zyrd, D. D., master of ceremonies. The Very Rev. Fr. Rolfe, and Rev. Fr. Henze, who will deliver the sermon of the mass, Rev. Fr. Edward Leary, O. F. M., pastor of St. Joseph's, and other members of the clergy will be present in the sanctuary.

Program of Mass

The musical program of the Dedication Mass, which will be sung by St. Joseph's choir, Miss Eva Cossette, organist-director, is as follows:

- Prelude, Guilmant—Miss Eva Cossette
- "Ecce Sacerdos"—Chorus with soloists, Mesdames John Grels, John Bartel, Frederick Hirn, John Cass and Louis Morin and Miss Mildred Hirn.
- Missa "Orbis Factor"—Rev. Carlo Rossini
- "Kyrie"—Chorus
- "Gloria"—Soloists, Frank Hirn, Dr. Gordon J. Gleich
- "Credo"—Soloists, Earl Owen, Vaughn Belanger
- Offertory, "O Sacrum Convivium," Cottone—Chorus
- "Sanctus"—Chorus
- "Benedictus"—Soloist, Clayton Todd
- "Agnus Dei"—Chorus
- Closing hymn, "Holy God, We Praise Thy Name"—Choir and entire congregation.

Personnel of choir: Soprano—Mesdames John Cass, John Bartel, Frederick Hirn, Louis Morin and Marie Bink; Misses Belle Bodette, Mary Bink, Anita Measler, Mildred Hirn, Eleanor Bourdelais and Irene Aschinger.

Alto—Mrs. Joseph Klingler and Mrs. Eldridge Baker and Mesdames Clarice Gleich and Helen Duplus. Tenor—Austin Poullot, Earl Owen, Dr. Gordon J. Gleich. Bass—Clayton Todd, Vaughn Belanger, Frank Hirn.

Presentation of Honor
At the close of the mass the Most Rev. Bishop will present to Mrs. Bonifas the Cross Pro Ecclesia et Pontifice (for the Church and the Pontiff), the Roman document, citing Mrs. Bonifas for this distinction, and the decoration, having been received early in the year at the chancery office in Marquette.

This recognition is being conferred on Mrs. Bonifas because of her interest in church affairs in the diocese of Marquette and in appreciation of the generous donations she and her husband made for the cause of religion in the diocese.

The First Solemn Mass in the new church, celebrated on June 21, is pictured here, showing the front interior and main altar.

—Daily Press Photo

Another View of the Interior, taken from the sanctuary, shows the entire church auditorium with entrances and choir loft.

Photo by Selkirk Studio

An Aerial View, taken by a Daily Press photographer, shows the St. Joseph buildings as they are grouped, St. Joseph's grade and high school in the background, the new church edifice, left foreground, and opposite it, the William Bonifas Memorial Auditorium.

—Daily Press Photo

The Late William Bonifas, (left), pioneer in lumbering in Northern Michigan and Wisconsin, bequeathed the new church to his home parish, as well as the William Bonifas Memorial Auditorium, which is directly opposite the church building. His widow, Mrs. Catherine Bonifas, (right), is to be honored at dedication ceremonies this morning, the Most Rev. Joseph C. Plagens, D. D., Bishop of Marquette, presenting to her the Cross Pro Ecclesia et Pontifice, an award of the late Pope Pius XI.

REV. FR. EDWARD LEARY, O. F. M., is pastor of St. Joseph's church. Rev. Fr. Leary is shown, as he opened the copper box which was enclosed in the corner stone of the old church building.

THE MOST REV. JOSEPH C. PLAGENS, bishop of the Marquette Diocese, will preside at the dedication and will celebrate a Pontifical High Mass in the new church at 10:30 o'clock this morning.

gram arranged for the banquet will present Mrs. Harold Gasman and Frank Hirn in a group of vocal selections, and numbers by a three piece orchestra.

Corner Stone—July, 1938
The new St. Joseph church building, a monument of beauty of architecture and material, replaces the old church building, one of the oldest in the city, raising of which began on April 26, 1938. Excavation for the new church started two weeks later and the ceremonies of the laying of the corner stone took place on July 31, 1938. The first solemn-mass in the church was celebrated on June 21, of this year.

The building, built of Kasota stone, which is the material of the William Bonifas Memorial Auditorium, is of ivory and red lavento marble interior with red alitgo marble in the sanctuary and altars of ivory and yellow sienna. The church furnishings include a beautiful new pipe organ, which was recently heard in a public recital and sacred concert. A. M. Arntzen of this city was general contractor for both the Memorial building and the church.

SERIAL STORY

WAR AND A WOMAN

BY BETTY WALLACE

COPYRIGHT, 1939, NEA SERVICE, INC.

CAST OF CHARACTERS
LINDA STORM—Fell in love with her best friend's fiance.
MARCIA KING—Navy girl, loved a flyer.
JIMMY COOPER—Navy flying instructor at Pensacola.
GEORGE CAMERON—Linda's fiance.

Yesterday, Nearing Mobile, Jimmy tells Linda they are foolish to try to fight their love. It is better to hurt Marcia and George now than to wreck two marriages. "I love you and I must have you!"

CHAPTER IX
They said goodbye to each other. Linda Storm and Jimmy Cooper, on the windswept field where little jewels of lights outlined the far boundaries of the airport. The great silver ship, with motors idling, waited for her.

It wasn't much of a goodbye. His hand held hers for an endless space, his voice said, "Remember, Linda. This is not the end."

"It's got to be the end!" she jerked. She ran up the steps and found a seat. She didn't want to peer out of the window, but she couldn't help it. He was standing bareheaded in the night, his face set. He waved to her. She saw the shadow of the huge airliner running along the side of a hangar. Then the field was dropping away, the lights below getting smaller and smaller.

Even before the ship stopped its slowing run on the field at Pensacola, the next morning, Linda made out George's figure waiting, there in front of the gate. She had not slept all night, although her seat was tilted back comfortably. Too many things battled inside her.

But now that she was home again, the immediacy of her father's illness claimed her. "How is Daddy?" she asked breathlessly, when she and George were face to face. "We don't know yet," George was tired. His eyes, behind the glasses, were red-rimmed. "I've been up with him all night. He kept asking for you."

A middle-aged, business-like nurse opened the door to them when they reached home. Linda asked her swiftly, "How's my father?" "Dr. Logan will be here in a few minutes. You can go right up."

Linda brushed past her, raced up the stairs. At the door of her father's room, she checked herself. A smile. She must greet him with a smile. "Hello, Daddy!" Her voice rang out, almost gay, almost true in its forced cheerfulness. "What do you mean by pulling a trick like this the minute my back is turned?"

But when she saw his white face on the pillow, when she saw the deep lines around his mouth etched there by pain, her courage faltered. How old he had become! How weak, how spent! "Linda," His voice was a thread. Only his eyes were the same. Wise and kind and holding a world of love for her. "Linda, my darling."

She threw her arms around his neck, remembering to be very gentle. She hid her face. "How good to see you, Linda. I was afraid I'd never see you again."

"Don't talk like that, Daddy," she pleaded. The nurse bustled in. "We'll have no excitement, please, Professor Storm," she said crisply. "I'm glad your daughter is here, but you know what I told you about carrying on!"

"Nurse Rourke is a Tartar, Linda," whispered Daddy. "Can't call my soul my own."

"Humph! Calling your soul your own is just what I'm here to help you keep on doing. I'll remind you!" Evidently they knew each other well and thoroughly, despite their short acquaintance. Linda's eyes stung. Idiotically, it was so much like Daddy to have a little joke with his nurse even at a time like this.

When Dr. Logan came, he took her into the book-lined study

downstairs, and closed the door. "You father is a very sick man, my dear."

"But what is it?" "It's an occlusion of the coronary artery." That meant nothing to her, as he had probably known. "Damage has been done the heart—much damage, grave damage. Few men, if I may speak plainly, survive an attack of this sort. Your father has a fighting chance—if he made a little tent of his hands and looked at them with intense concentration—if another attack does not occur."

The days became a pattern. She was with Daddy every minute that the formidable Rourke would allow. He had to sleep a great deal, and most of the time he was under medication. There were the long rituals of his bath, his bed changing, the many mysterious things Rourke did with the door closed against Linda. There were the doctor's visits, the careful detailing of how Daddy had or had not slept. Mostly it was had not. And there were the silent moments when the mask of cheerfulness slipped away from Linda as she sat at his bedside and wondered helplessly how they could prevent another attack.

There was one thing she could do: she could protect Daddy from ever knowing that she no longer loved George Cameron. A shock like that would be too much for him. He loved George as he might have loved the son he never had.

As for George himself, now that the first fright was over, he returned to his laboratory and his beloved experiments. Except for a few minutes each day with her father, he did not come to the house, for he understood how busy and upset she was. Nor did he refer to the long distance telephone conversation when she had hung up on him. Had he forgotten that?

She had been home five days before George said, "Isn't it about time you stepped outside this house, Linda? I'd like to have you alone for a few minutes."

"I'm afraid to leave Daddy." "Of course I understand—but—" "Isn't that Daddy's bell now?" Linda evaded. "Miss Rourke is paid to answer his bell," George said quietly. "Even trained nurses get some time off!" she snapped. "Excuse me, I'll see what he wants."

The bell hadn't rung at all. But when she returned to the living room, George was gone. That was Friday night.

On Saturday morning, when she opened her eyes she remembered something sharply. Tomorrow's wedding day. Linda's whole soul shuddered at the thought of Jimmy Cooper, standing at Marcia's side, repeating solemnly, "I, James, take thee, Marcia—"

But as she dressed slowly, she told herself that the wedding would occur as scheduled, all right. Jimmy had returned to his senses by now. He owed Marcia a duty. Those wild things he had said to Linda Storm wouldn't stand up in the cold light of day. Anyway, she had told him plainly, there at the airport, that it was goodbye. "This has got to be the end," she'd said.

Miss Rourke's voice broke into her thoughts. "Postman brought a letter for you."

Linda flung the door open. "Thank you!" Her heart lurched. Could it be from Jimmy? But when Miss Rourke put in her hand, Marcia's round scribbling, which had not changed since the days when pieces of her English themes littered their room at school, stared up at her.

She tore the letter open swiftly. "You haven't written, Linda," Marcia began. "But I understand how it must be with your father so desperately ill. I am writing to tell you that you are not going to be dishonored after all. You'll have a second chance. Because, darling, there won't be a wedding this Sunday. Jimmy was suddenly ordered to sea Wednesday."

(To Be Continued)

Stonington

Stonington, Mich.—Rev. L. R. Lund, pastor of Trinity Lutheran church will conduct open air services Sunday, Aug. 6th at Ole Thorsen's cottage on the Stonington plains at 1 p. m. o'clock.

After the services the Ladies Aid will serve tasty refreshments. The public is invited to attend.

The Sewing Circle of Trinity Lutheran church meets at the home of Mrs. Walter Johnson Tuesday evening, Aug. 8th at 8 p. m. o'clock. The Circle will decide the date for their fancy work sale at this meeting which will be held in the near future and announced later.

Members and friend of Bethel Lutheran church are invited to attend the open air service to be conducted at Lagoon Beach Sunday, Aug. 6, at 11 a. m. Pastor E. N. Hawkins of Rapid River will conduct the service. A picnic dinner will be enjoyed after the service. Everyone attending is asked to furnish their own dinner. The public is invited to attend.

Mr. and Mrs. Stanley Danielson and daughter and Miss Myrtle Johnson of Detroit arrived in Stonington last week to spend their vacation at the home of Mr. and Mrs. Axel Johnson.

Mr. and Mrs. Wesley Thompson and son George of Chicago are visiting at the home of Mr. and Mrs. Otto Johnson.

Mr. and Mrs. Wilmer Larson and Mr. and Mrs. Hugo Jacobson celebrated their wedding anniversary the past week end. Both couples were married on July 29, though several years apart.

A large gathering attended the service and Ladies Aid at Bethel Lutheran church Friday evening. Plans are underway for the 35th anniversary celebration of the church on Aug. 26, 27, and 28. The Confirmation Reunion will be held Aug. 26. The committee in charge are: Mrs. Joseph Peterson, Mrs. Wilmer Larson, Mrs. Carrie Carlson, Mrs. Hugo Jacobson and Mrs. J. Arthur Mattson.

To Build New Fire Towers Of Wood
Lansing—"Use wood to protect the woods" appears to be the trend in construction of forest fire lookout towers. Steel is running second as material for the protective towers.

The forest service of the U. S. Department of Agriculture has informed the Michigan department of conservation that a new consignment of 39 towers has been placed under contract with a wood manufacturing concern.

These towers are expected to be erected as part of the CCC work program throughout the country, and Michigan officials anticipate that five of the towers will be erected in this state. Cost of the towers is furnished by the CCC and labor in erecting them is supplied by CCC enrollees. The conservation department selects the sites for placing the towers.

Puerto Rico, where the United States is to spend \$30,000,000 for Army and Navy bases, has been completely unfortified during its 41 years under the American flag.

STORIES IN STAMPS

Planned Ship Railway Over Mexican Isthmus
LASTING monuments to the engineering genius of the late Capt. James B. Eads are the jetties at the mouth of the Mississippi river and the deep channel they created, opening the port of New Orleans to world traffic.

On a par with this achievement was his construction of the Eads bridge at St. Louis, Mo., in 1867-74. The three 500-foot spans were the largest built up to that time. He had to sink one of its piers 110 feet below the surface of the river, the deepest submarine construction that had been attempted.

No fantastic dream, therefore, was Eads' projected ship-railway across the Isthmus of Tehuantepec in southern Mexico.

He envisioned a railroad consisting of many parallel lines of tracks, over which numerous locomotives would pull a gigantic ship cradle. The cradle was to be submerged at the ocean terminus, the ship floated onto it and then locomotives would pull cradle and ship 134 miles across for launching on the opposite side.

Eads claimed that his railway could be built in four years at half the cost of the Nicaraguan canal, then under discussion; that it would save 2000 miles as compared with the proposed Panama Canal; and that it could be enlarged to take care of increasing business.

But Eads died in 1887 and with him died the dream of a ship railway.

Eads' Bridge over the Mississippi at St. Louis is shown on the U. S. \$2 stamp above, right brown, enlarged, one of the Trans-Mississippi "Omaha" Exposition series of 1898.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 2. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

LIONS, ROTES PLAY MONDAY

Outing At Days River; Club House Ready for Roofing

Lions and Rotary club softball teams will clash again Monday evening in a game to be played at the golf course site and winter sports park on the Days River.

The Lions are apparently incensed over the challenge hurled and in accepting it are insisting due to the fact that the Roties heavy hitters, Doc Hult, Will Marble, Rol Hale and John Olson, are to be in the lineup, that the Roties play only bona-fide members of the club.

The outing will give members of both clubs a chance to see the progress being made on the golf course and on the clubhouse.

Ready For Roofing

Walls of the clubhouse have been erected and the roof is almost complete and ready for the roofing, so rapid has been the progress of the WPA crew on the job.

Yesterday it was announced that the Northwestern Veneer and Plywood corporation had offered to donate sufficient plywood to panel the interior. The ceiling is to be of celotex and beamed. Drive for funds is progressing nicely and undoubtedly there will be sufficient to care for everything as planned.

City Briefs

Roy Oen of Thief River Falls, Minn., has arrived here to join Mrs. Oen who has been visiting with her parents, Mr. and Mrs. F. S. Patton, Superior avenue, for the past month.

Mr. and Mrs. H. M. Olson and daughter, Joyce, of Thief River Falls, Minn., are expected to arrive today to visit at the F. S. Patton home.

Mr. and Mrs. Axel Lindgren, sons Bobby, Lawrence and Harold arrived Friday night from Chicago for a visit at the Harold Nelson home, Michigan avenue. Mr. Lindgren is a brother of Mrs. Nelson.

Mr. and Mrs. Harold Koch and daughter Cornelia have arrived from Dearborn, Mich., to attend the wedding of Miss Phyllis Hupy and Joseph F. Behrend of South Bend, Ind., which is to take place Monday morning.

Miss Miriam Miller left Friday night for Detroit following a two weeks' vacation visit at the home of her parents, Mr. and Mrs. W. P. Miller, Dakota avenue.

Mr. and Mrs. Wilson Charbonneau of Burlington, Iowa, have left after enjoying a camping trip at Schaaw's Lake and visiting with friends here.

Miss Dolly Carey and Mr. and Mrs. O. Charbonneau of Sudbury, Ontario, are visiting at the Jos. Lauzon home, 1523 Dakota avenue.

GLADSTONE

Festive Service Today Brings First Lutheran Celebration To Close

Dr. C. Albert Lund, pastor of Bethany Lutheran church, Escanaba, will be the guest speaker at the festive service which climaxes the four-day celebration of the First Lutheran church's 50th anniversary.

Two services are to be held this morning, a communion service at 9 o'clock and divine worship at 10:45 o'clock. The festive service in the afternoon will begin at 3 o'clock.

Rev. K. M. Holmberg, Ortonville, Minn., and Rev. C. J. Silverstein of Duluth will preach in the morning. Both are former pastors of the First Lutheran church.

Last evening, the pastor, the Rev. J. O. Magnuson presented a brief history of the founding of the church and its development while others gave the histories of various affiliated church organizations.

According to history as presented by the pastor, one of the first Lutheran pastors to visit Gladstone was a Norwegian by name of Larson who worked in Manitowish. When he came to Gladstone, he usually preached at the G. T. Nelson or Swenson brothers home. Pastor C. O. Olander of Escanaba also visited Gladstone in the fall of 1887 and spring of 1888.

Rev. P. G. Thelander began work in Escanaba in 1889 and it was under his guidance that the Swedish Evangelical Lutheran church was organized on June 3, of that year. It was incorporated two days later.

Charter members were C. W. Elquist, Andrew Swenson, Gust Nilson, John Lindgren, Charles Elquist, Emil Elquist, Martin Engstrom, August Carlson, John Ohman, Claus Swenson, Gust Hendrickson, John P. Olson, and Carl O. Whatman. As far as is known, only four, C. W. Elquist, Andrew Swenson, Emil Elquist and John Ohman are still alive.

Early meetings and services were conducted in a little schoolhouse at Tenth and Wisconsin. The church was organized in 1893 and in 1894 the church edifice was constructed. In 1895 the Sunday school was organized, confirmation instruction started, a choir formed and the Ladies Aid started.

The first confirmation class was composed of Peter Peterson, Sara Carlson and Emmie Nelson.

The parsonage was constructed in 1895 and the church was remodeled and improved in 1912-13. The interior was gone over in 1925 and this year additional work was done inside.

Membership today is about 200. Among the pastors who have served the church are E. F. Lindgren, E. J. Norden, J. J. Youngren, G. A. Eckman, C. J. Silverstein, K. M. Holmberg, E. A. Forslund, Herman Lind, C. E. Olsson, C. S. Ohman, Frank Swenson, Albin Olson and the present pastor, J. O. Magnuson.

Today's program: 9:00 a. m.—Holy communion service. Organ prelude. Hymns. Liturgists, Pastors Carl J. Silverstein, Duluth, Minn., and K. M. Holmberg, Ortonville, Minn. Communion address, Pastor Carl J. Silverstein, Duluth, Minn. Text: Luke 14:17. Theme: "Come; For All Things Are Now Ready." Quartet: "Bread of the World," Franz, by Marie Bredahl, Mrs. J. O. Magnuson, Alcott Erickson, William Nelson. 10:45 a. m.—Divine worship. 9th Sunday after Trinity. Organ prelude. Processional hymn. Liturgists, Pastors Carl J. Silverstein, Duluth, Minn., and Gedeon C. Olson, Brooklyn, N. Y. Epistle lesson: I Corinthians 10:6-13. Gradual hymn. Gospel lesson: Luke 16:1-9. Confession of faith. Anthem: "Praise and Adoration," Erickson, by Senior Choir.

NORMA JOHNSON GETS NSTC POST

Will Direct Women's Phy Ed At Marquette College

Miss Norma Johnson, daughter of Mrs. Soren Johnson, Sr., city, has been engaged by Northern State Teachers college, Marquette, to serve as women's physical education instructor for the coming year, according to a story in the Northern College News, college publication.

"Miss Norma Johnson, graduate of Northern in 1932, will return to Northern next fall as women's physical ed instructor, replacing Mrs. C. C. Ruskon.

"Mrs. Ruskon accepted the position last fall after Miss Gilber resigned to accept a position on the West Coast.

"Miss Johnson, according to Mr. Hedgecock, was one of the most outstanding Phy Ed students ever graduated from Northern. Miss Johnson has been teaching at Ishpeming for the past five years, where she transferred from Kingsford."

Coast Guard Cutter Visits Local Harbor

The coast guard cutter, Nansmond, with Coast Guards Ward and Rhea aboard, visited the Gladstone harbor Friday and yesterday, making a routine checkup on local boats and equipment.

Last evening the men presented interesting and valuable information on navigation to a fair sized audience at the city hall.

WEDS ABOARD FERRY

St. Ignace—The Michigan state ferry Cheboygan was the scene of a wedding this week that took place while the boat was on the Straits of Mackinac, between Graham Shoals and Mackinac City at one o'clock in the morning.

The couple, a Miss Mary Wilson and Lorenzo Billedalre, of Traverse City, persuaded the Rev. Mr. Elliott of Mackinac City to come on board the boat to perform the ceremony.

As far as can be ascertained this is the first marriage that has ever been performed on any of the fleet of Michigan state ferries.

Newberry School Building Project Nears Completion

Newberry, Mich.—Work on the Newberry Elementary school building, is progressing. This work is being done by hired local employees, and the WPA.

This Elementary school is an old brick construction, and some rooms still have the old wooden floors, which were torn out, and now being replaced with marble-tiling.

The roofing work on this building was completed early this week, this work was done by hired employees.

Athletic Field Project

Reconstruction on the Newberry school athletic field, was finished last week, and is now being watered thoroughly, every day.

The field was seeded with lawn grass seed, which is now growing rapidly.

This athletic field may not be used this year by football players. If this is so, there will be no football games at Newberry, unless the management finds a convenient field for this purpose. The Newberry athletic field, when all in shape, will be one of the best.

Soo Plays Indians

The Newberry Indians after losing four straight games, will play the first place Soo Monarchs, on the local diamond, Sunday, August 6.

The pitchers will be, Albert Norman for Newberry, and McDowell or Messer for Sault Ste. Marie.

The game will start at 2:30 p. m.

An 8-piece band under the direction of Martin Harju Jr., will furnish music for the entire afternoon.

Locals

Miss Lucille Hakala of Chicago arrived in Newberry last Thursday to visit her home. She will also spend a week's vacation at Carlson's cottage at Round Lake.

Mrs. Emil Westgard, made a good recovery from a major operation she underwent at Newberry Clinic last Wednesday.

The observation plane was again seen in the Newberry vicinity last Thursday and Friday. This plane was reported to have left for Munising on Friday morning.

PLANNING SUMMER PARTY

Annual Event To Be Held At Dutch Mill On August 17

Minneapolis Chapter No. 96, Order of the Eastern Star, will sponsor its annual summer party at the Dutch Mill on Wednesday, Aug. 17, it was announced yesterday.

A 1:30 dessert will be served, and there will be a short program before opening of card contests. Contract, five hundred and Chinese checkers are to be played.

Members of the order will sponsor tables. Persons not belonging to the chapter but desiring to attend may phone Mrs. F. L. Traylor. Tables, score pads, cards, lunch and lunch cloths will be furnished by the chapter. Transportation is to be furnished for those without autos. Some member of the proper committee, however, should be notified.

On the luncheon committee are the mesdames F. L. Traylor, Lucy Collops, George Johnson, R. I. Simpson and Malvina Wilhelm.

Members of the transportation committee are Mrs. Jos. LaFramboise, Lillian Green and Mrs. C. E. Brynolf.

Marquette Gunners Dominate First Day Of Big Rifle Firing

Marquette gunners, as they have in the past few years, dominated the field on the first day of the Upper Peninsula section of the annual Michigan State 30 caliber rifle matches in the firing on Saturday at the local range. Prision city marksmen won both of the matches held.

In the Any Military Rifle match V. C. Micklow won with a score of 91. Torval Kallerson, Gladstone, was second with an 88. Third and fourth positions went to Marquette men, S. B. Miller and A. C. Carlson with scores of 83 and 80 respectively.

The Stuart B. Miller Rapid Fire match went to another Marquette man who was the winner with a 94. He scored 47's on both the 200 yard and 300 yard stages. Runner up in this event was Micklow of Marquette with a 92 and Kallerson of Gladstone with an 85, third.

Shooting of the State Individual and the Stearns Team Championship matches are to be conducted today.

The State Individual is open to anyone, the arm to be a service gun with metallic sights. The course is 10 shots, 200 yards, standing; 10 shots 300 yards rapid fire; 10 shots 600 yards prone.

The team event is open to teams of four from any company or similar unit of the Regular Service, National Guard, Naval Reserve Force, Marine Reserve, ROTC or CMTG; regiment of organized reserves or from civilian clubs or veterans organizations.

The course: 10 shots standing, slow fire, 200 yards; 10 shots rapid fire, 200 yards, kneeling or sitting on standing; 10 shots rapid fire, 300 yards, prone from standing; and 10 shots prone slow fire at 600 yards. A 'B' target will be used for the 600 yard stage and 2 sighting shots will be allowed.

Gunners may get to the range from either M-35 or US-2. The route into the range has been plainly marked by club members.

Mr. and Mrs. E. R. Wilson, Duluth, are spending a week-end visit here with friends.

Briefly Told

Receives Degree—Georgia A. Zinke, formerly of Gladstone, received a Bachelor of Arts degree at Northern State Teachers college, Marquette, at exercises held Friday.

Legion Meeting—A regular meeting of August Mattson Post, American Legion, is to be held at 7:30 o'clock Monday evening at the Legion hall.

Will Sing Today—Harold F. Koch, Dearborn, will sing at the high mass at 9:30 o'clock this morning at All Saints' Catholic church. Mr. Koch is a noted musical director and has presided on several occasions over the Ford Sunday evening hour. He directs music activities at the Ford village.

Degree of Honor—Members of the Degree of Honor will meet at 8 o'clock Monday evening for their regular business session at the Jos. Mott home at 1108 Delta avenue.

Open-Air Service—An open-air service will be held by members of the First Baptist church beginning at 2:30 o'clock this afternoon at the Isaac Hagman farm at Flat Rock.

Job's Daughters—A regular meeting of the Gladstone Bethel of Job's Daughters will be held at 7 o'clock Tuesday evening at the Masonic hall.

GIA Picnic—Members of the GIA to the B of LE and their families will hold a picnic Tuesday at the local City Park. Those attending are to meet at the park at 11 o'clock, it was stated.

Chamber Of Labor Convention Today

A Delta County Chamber of Labor convention is to be conducted today at the Croation hall in Escanaba. Annual election of officers will be conducted during the day.

Sessions will begin at 10 o'clock and continue until evening. Dinner and supper will be served at the Metropolitan Hotel.

Social

Entertains

Mrs. Harold Nelson entertained members of her Sunday school class at an enjoyable afternoon party Wednesday at her home on Michigan avenue. Games were played following which a delicious luncheon was served.

Members of the class include Alorez and Donald Johnson, Joseph Swan, Barbara Carlson, Dickie Skoglund and Betty Ann Olson.

Mr. and Mrs. Richard Geron and family have moved from 619 Delta avenue to 316 Wisconsin avenue.

Cornell News

Cornell, Mich.—A group of friends and neighbors gathered at the John Ring home Saturday, July 23 to give him a "helping hand" in making his hay. Mr. Ring just recently had the misfortune of losing his wife, by death, consequently the "season's" work got behind. With the aid of the "great haymaker" and the crowd of friends who "made hay while the sun shone" the hay crop was not long in being stored. Among those who attended the gathering were Mr. and Mrs. Cooper, Mr. and Mrs. Ivar Hillman, Mr. and Mrs. C. Willette, Mr. and Mrs. Elmer Walsh, Mr. and Mrs. Everett Ring, Mr. and Mrs. Paul Ring, Mr. Art Moore, Mr. Everett Albright, Mr. Vern Thompson and the John Ring family. Mr. Walsh popped out of the past with a team of oxen while others furnished their teams and trucks all in all furnishing a beautiful example of genuine neighborliness.

Mr. and Mrs. Richard Schutz entertained as week end guests, Mrs. Schultz sister, Mrs. M. J. Lotto and her niece, Mr. and Mrs. Louis Novak and children Julian and Jeanette, Mr. and Mrs. Ben Woods, all of Green Bay, Wis. They all returned to their homes Sunday evening.

The John Marcella and Patrick Miron homes are both quarantined for scarlet fever. Betty Miron and Melvina Van Stratton who makes her home with Mrs. Patrick Miron are both sick at the Miron home.

U. P. Briefs

WALGREEN ON CRUISE

Sault Ste. Marie—Charles B. Walgreen, millionaire owner of a chain of drug stores, visited in Sault last night while his palatial 134-foot yacht Dixonia was tied up at Brady pier.

Walgreen is cruising in Lake Huron with five other members of his family. The party left Chicago on Monday, stopped at Mackinac Island, and then came to the Sault. Today they were en route to MacGregor bay, near Manitowish Island.

The Dixonia, built in New York city in 1930, is one of the largest privately owned pleasure craft on the Great Lakes. It carries a crew of 14 men, has a beam of 23.3 feet, and is powered by Diesel engines.

Among the oldest industries still extant in England, exclusive of hunting and fishing, are those of hurdle-making and flint-knapping. The latter is the chipping of flints for use in flintlock weapons, etc.

Fierce Plants Make Deadly Battlefields of Calm Pastoral Scenes

The next time you are out in the open, remember there is an everlasting battle going on all around you. Even the most beautiful of outdoor scenes, as at the right, is the site of a perpetual fight for survival between plants.

BY HENRY P. DAVIS (Secretary, The American Wildlife Institute) Washington, D. C., Aug. 5 — Everything in nature is always fighting—always engaged in the bitter struggle which is climaxed by the well-known "survival." Even trees and plants, peaceful though they may look, make ruthless warfare.

plant that succeeds in producing flowers and seeds there are hundreds of thousands that die as seedlings or young plants. Some plants suck the blood of their victims as vampire bats do. The mistletoe and dodder, for instance, live on the vital sap of their host plants.

Plants will also lock horns in battle, like bulls. "I have noticed in a southern swamp a slash pine and a water gum with roots and branches locked, each striving for the same small mound of earth above the water level," the botanist relates.

Plants also can be dangerous to humans. Curiously enough, in Central America more people are killed by trees than snakes during certain seasons. "During the rainy season, the soil becomes a loose mud and large trees fall from lack of anchorage," Father O'Neill explains.

Plants have a philosophy comparable only to that of certain dictators. "Plants are not social beings. The greatest good of the greatest number is not observed by them," Dr. O'Neill says.

species. Any number of individuals of other species may be exterminated to attain this end. Warlike, unsocial, selfish as they may be plants are all important to man.

When man dies he is put in a coffin made of slices of the trunks of plants. This is decorated with the flowers of plants. When he is buried, the grave is covered with the roots of plants, the sod and flowering shrubs are put there to bloom.

FISH PLANTED IN DELTA CO

Legal Sized Trout Placed Into Sturgeon and Escanaba Rivers

Two large plantings of legal sized trout were made by the Michigan Conservation Department this week. In the first planting on Tuesday, August 1, one thousand legal sized German brown trout were placed in the Sturgeon River.

Grayling Hatchery Being Modernized

Grayling—Modernization and extension of facilities at the State fish hatchery located here is making steady progress, according to the fish division of the Michigan Department of Conservation.

Fire Danger Still Is High, Rains Are Needed In Forests

Lansing—Officials of the state forest fire-fighting organization continue to feel concern over the fire hazard which has mounted to an extreme danger point in the past three weeks.

This produced an advanced stage of fire hazard in many quarters, keeping fire fighting officials of the Michigan department of conservation under tension against any outbreak which, under the tinder-dry conditions, might have been swept into a "big burn."

Counties in the northern tip of the lower peninsula including Antrim, Charlevoix, Cheboygan and Emmet, led in the number of outbreaks, with 18, and the average fire there was one acre in extent. The most acreage burned in the tier of counties just above and below the Muskegon-Bay City line, where the western part had 12 outbreaks for 49 acres and the eastern reported 16 blazes for 40 acres.

FISH WILL FEED DURING A RAIN

Summer Storms Can Give Stream Fisherman A Filled Creel

By O. Warren Smith Recently I received a letter, provoked by an article I had written, saying, "Most people, a great majority, prefer a high barometer, you evidently a low, please tell about it."

In fly fishing for trout and bass, I find nothing better than those pregnant moments before a shower, when the trout and bass are all astrail. I can't help but believe they are influenced by the barometric pressure. A hot, mizzling day with a falling barometer, when we humans think of water-spouts, tornados and jimmyjams, contains the fly-man's high hours.

Conservation Men Plant Big Trout

Newberry, Mich.—The conservation officers planted 2,000 legal size brook trout, and one tank of legal size rainbows. These trout were reared at the Thompson hatchery.

The brook trout ranging seven to fourteen inches in length were brought to Newberry in a large tank truck on Monday of July 24. A number of Newberry people accompanied the truck to the main river where the first trout was planted. Two hundred trout were placed in Two Hearted river, and its branches. One tank load was placed in the Dawson in Youngs Lake, one in the Upper Tahquamenon, and at Silver Creek and Silver Lake.

Quill, Wickham's Fancy, to mention a few and there are legion. Here too some of the newer flies come in handy. I mean those traveling under trade names. Study your catalogs. Once the stream begins to color up, all changes, and such indeterminate are almost useless, the trout are feeding on larva, and the palmer-tied flies—many less you know—come into their own.

Skill Of Girl Crew Embarrasses Rival Old-Time Fishermen

By The AP Feature Service Montague, Mich. (AP)—Lake Michigan's commercial fishermen, who pride themselves on following one of the nation's most hazardous occupations, have been shocked to discover that there are girls who can haul a net with the best of 'em.

Every day since early May three Montague girls have piloting a "hooker" to the fishing grounds and returning each evening with from 100 to 200 pounds of fish. The crew is captained by Goldie Strayer, 19. Her sister, Betty, scarcely 16, handles the 27-foot hooker's gasoline engine, while another sister, Dorothy, 12, is factotum. The girls call themselves "The Strayer Fish Company."

Heavy White Bass Run At Port Huron

Port Huron, Mich., Aug. 3 (AP)—State conservation officers expressed amazement today over an unprecedented run of silver bass, or white bass, now under way in St. Clair river.

Conservation officers said their records showed the bass never before ventured any further north than Lake Erie in any great numbers. They could offer no explanation for the run. The bass are being caught in bushel basket nets, the conservation department reported. The state sets no limit on the size or number of the catch.

SUPREME TROUT BAIT, DRY FLY

Offers Thrills That No Other Method Can Approach

BY CAL JOHNSON We always feel some compunction in mentioning bait-fishing for trout, believing as we do that fly-fishing is not only a far more artistic and enjoyable sport but also one that can be indulged in at any time and place that bait-fishing is practiced, the exceptions being few.

Even the little meadow streamlets, where the fly is almost never used, can be fished and fished well with it, as I have often proved to my own satisfaction, midge flies on gossamer leaders being used. There are, of course, pools so encompassed with bushes and underbrush that the manipulation of a fly is impossible, but many of these may still be fished by the employment of some legitimate ruse, such as floating the fly down from above. I have even seen a fly so floated under underhanging trees on a piece of bark, and spilled into the water at the proper spot, to be dragged back to the resourceful fisherman together with a flippy prize.

The idea of fly-fishing, of course, is not a novel one, but within a dozen years, or thereabouts, a distinct school of dry-fly anglers has arisen in the United States, the adherents of which are almost fanatical in their devotion to it and would rather not fish at all than use other methods.

Upper Peninsula Fish Rearing Plant Is Being Improved

Additional protection to fish being bred for planting in upper peninsula lakes and streams will result from installation at two state trout rearing stations and a fish hatchery in this region.

Concrete dams and pond barriers will be erected in place of wooden structures which gave way before the floods produced by heavy June rain storms, in a program soon to be undertaken by the fish division of the Michigan department of conservation. The program calls for permanent improvements at the state trout rearing stations on the Otter river in Houghton county, and at Cooks Run northwest of Iron River, and the state fish hatchery on the Ontonagon river at Watersmeet.

Wooden bulkheads and bridges, some of which had been in use for eight years, were seriously damaged by floods resulting from the hard rains a month ago, making permanent repairs impractical. These will be replaced with concrete structures. Ordinarily wood construction will retain its usefulness for 10 to 12 years, officials stated. Concrete, besides adding strength to the pond walls and dams, will require less maintenance work than does wood construction, and is more economical on a long term basis.

Investigate Trout Deaths On Lower Peninsula Streams

Lansing—Investigation of fishing conditions in several mid-state trout streams where there had been reports of trout dying from an unknown cause has revealed that normal fishing prevails and little damage has been done, according to the fish division of the Michigan department of conservation.

The investigation, which was conducted by conservation officers, district fisheries men and representatives of the Institute for Fisheries Research, was prompted by reports of finding fish dead or dying at several points in the middle branch of the Pere Marquette river, Little Manistee river, south branch of the Au Sable river and the west branch of Big Creek. The mortality of fish was not as extensive or as severe as the first reports indicated, fish division officials said. They reported a limited number of trout, mainly browns and a few brooks, were observed dead or dying, but rainbow trout, suckers and minnows were not affected.

Not Dynamiting Tests Have Been Taken of Water and Fish in Such Numbers as to Convince Fish Division Heads That There Was Little Cause for Concern Over Impaired Fishing Prospects.

Trout were caught with hook and line members of the group of investigators in the stream sections affected. This led officials to believe that the unhealthy water condition was not severe and probably was of brief duration. First suspected cause of the difficulty, as reported, was dynamiting, but fish taken from the waters at points named in early reports showed none of the effects characteristic of this means of illegal fishing. Tests likewise exploded the supposition that a blood disease, furunculosis, which is sometimes found in brook trout, might have been contracted by the brown trout that were found dead. Field workers of the Institute for Fisheries Research are continuing their efforts to ascertain the cause of the fish mortality. They are working on evidence that some type of new blood disease of trout may have caused the deaths. Large porcupines carry as many as 40,000 quills.

Twin Life-Saving (Home-Made)

A father's ingenuity saved the lives of these pneumonia-stricken twins in isolated Idabel, Okla. Hope had been given up for four-month-old Charles Faulker, shown receiving oxygen treatment from the home-made machine, and his twin brother, Larry. The father built the respirator from a fruit jar and stomach pump funnel, following directions given over long distance telephone by a Texarkana physician.

Grand Marais

Grand Marais, Mich.—Russell and Donald Masse are visiting relatives in Winton, Minnesota. Mr. and Mrs. W. Chambers, Mr. and Mrs. V. Bug and Mrs. D. Bonnell were recent visitors in Germfask. Mr. and Mrs. Chas. Chilson, Grace Chilson and Mrs. A. LeFebvre motored to Munising Thursday. Kimon Friar has returned from Forest Park, Ill., with his mother and two brothers who will spend the next few weeks in Grand Marais. They are occupying the H. E. Barney home.

Mr. and Mrs. Sam LaRoue have returned to Baltimore, Md., after visiting Mr. LaRoue's father for the past week. Miss Fay LaRoue returned with them and will spend the winter in Baltimore.

Mrs. Howard Willis and daughter have returned to Detroit after a week's visit with relatives here. Miss Louise Roberts has returned from Michigan where she spent the past ten days at the Epworth League Institute summer camp.

Louise Roberts is a patient in the Marine hospital in Chicago. Mr. Sess of Detroit is a guest at the Valentine Soldenski home. Mrs. Alma Goad and children are visiting at the home of Mrs. Goad's parents, Mr. and Mrs. Carl Hermansen.

Mr. and Mrs. Harry Smith of Detroit are spending a few days at the Bowles cottage near Woodlawn Park. Mrs. Smith was formerly Miss Dorothy Bowles.

Mrs. A. S. Tulloch is spending several days in Marquette where she expects to attend the Garden Tour sponsored by the Federated Woman's Club.

Mr. and Mrs. Everett Olson of Chicago are guests of Mrs. E. H. Grosser.

Wilma Radcliff is attending Camp Shaw for several days. Mrs. R. O. Schneider, Mr. and Mrs. Ed Pierson and daughter, Beda, of Toledo, O., and Mrs. Gust Berg of Munising visited relatives here this week. Bert Scott and his nephew, Ty

Scott, have arrived from Detroit to supervise the building of Mr. Scott's log cabin which is being built in East town on the old Carpenter lot.

Recent guests of Mr. and Mrs. K. LaCombe were Mr. and Mrs. Ernest Ritcher and Mr. and Mrs. Fred Morton of Escanaba, and Mr. and Mrs. Jack Meyers of Dowagiac.

L. Keith Cheney attended the Upper Peninsula Round Up at Chatham on Friday.

REVERSE COLLECTION PAYS
Bangor (MPA)—Quite some time ago, \$50 were distributed to Congregational church members, who were requested to invest it and return the profits. That this reverse plate-passing worked is shown by the \$128 turned in as earnings when the allotted time for investment was up. Each member started with a one dollar bill. One lady made \$10 from her original capital. There were no losses.

Several Injured In Car Accidents
Six persons were injured, some of them seriously, in two automobile accidents near Manistique Saturday. A car driven by G. A. Wahfried, Royal Oak, skidded on wet pavement and overturned five miles east of Gulliver, and the occupants, Mr. and Mrs. Wahfried were brought to the Shaw hospital. Mrs. Emma Wahfried was paralyzed from the waist down after the accident, and her husband suffered lacerations and shock.

In another accident a mile east of Thompson, cars driven by Edwin Gunderson of Thompson and P. J. Farley, Miles City, Mont., were passing when struck by an automobile driven by Glenn Westberg, Escanaba. Mr. and Mrs. Farley and Mr. and Mrs. R. H. Longworth, passengers in the Farley car, were brought to the Manistique hospital for examination as to broken bones, and Westberg was issued a summons for reckless driving, state police reported.

**HUMIDITY DROP
FORECAST HERE**

High Fire Hazard Seen As Likely Over Week-End

The forest fire situation in the Schoolcraft area was reported as satisfactory yesterday by the conservation department and the U. S. Forest Service, but a marked drop in humidity is reported for the weekend.

Humidity in the Manistique area yesterday was reported as 67 by the conservation department but a drop in the humidity to the 30's is anticipated for Sunday and Monday. This condition will greatly increase the fire hazard and a sharp watch will continue to be made by fire fighter organizations.

There were no fires burning in forests in the area yesterday. Campers and fishermen are again urged to use extreme caution with campfires and cigarettes in the woods, and to report any fires immediately to the U. S. Forest Service if the fires are located in the national forest or to the state conservation department office at Manistique if fires are not in the national forest.

A general rain Wednesday alleviated fire danger for several days but underbrush quickly dries out under the scorching rays of the sun, and the condition is again becoming menacing. High fire hazard is anticipated until at least the middle of August.

No serious fires have been reported in this area this season. Only approximately 10 acres have been burned over in the Manistique ranger district this year. The conservation department has reported about the same minor loss in their local areas.

City Briefs

Jack Hudson, of New York, is leaving for his home today following a visit here with Mr. Dave Yalomstein and other friends and relatives. Mr. Hudson is a former resident of this city.

Mr. and Mrs. Leslie Graham, Jr. have returned to their home in Detroit following a three weeks visit here at the Graham home, River street.

Mr. and Mrs. Roy Hoedel left Saturday for Onaway, Mich., called there by the serious illness of Mr. Hoedel's mother, Mrs. Dave Domair.

Mr. J. C. Anderson, Center street, was admitted to the Shaw hospital, Saturday, August 5.

LeRoy and Charles Feich, of White Pigeon, Michigan are spending the weekend at the home of Mr. and Mrs. John I. Bellaire, Garden avenue.

Jim Voss and Maxine Daughtry, of Milwaukee and Robert Greening, of Kenosha, arrived Friday evening to visit with Miss Edith Brown at the John McKilligan home, Indian Lake.

Mr. and Mrs. Isaac Pawley of the parents of a nine pound five ounce son born August 5 at Mary's Maternity home, Cherry street.

Mr. and Mrs. Robert Olsen and daughter Eleanor have returned to Chicago following a visit with friends here. While in Manistique they occupied a cottage at Harrison Beach.

Rev. Fr. B. J. P. Schevers is spending two weeks visiting in Seattle, Washington. While there he will attend the Knights of Columbus National Convention. Rev. Fr. Wagner will be in charge of St. Francis parastate while Fr. Schevers is away.

Mr. and Mrs. Paul Smith and children, Paul and Jean Marie, Mrs. Albert Smith and daughter, Loreen Kerrigan, of Detroit are visiting here at the Frank Volsine home, N. Houghton ave.

Mrs. Robert Atwood is expected to leave Wednesday for Detroit where she will visit friends and relatives.

Merleth Nelson is spending a few days in Owosso with friends. R. Eggers and Bob Schutte, of Cincinnati, Ohio, are visiting here at the Neave cottage, Indian Lake.

Mrs. T. H. Bolitho and Mrs. Mary Thompson spent Friday on Mackinac Island.

Miss Angela Popish has been a patient at the Shaw hospital for the past two weeks. Angela underwent operations for removal of goitre and tonsils.

Mr. and Mrs. Gust Nelson and daughter, of St. Ignace will be guests today of Mrs. J. R. Nelson, Lake street.

Conservation Club To Meet Wednesday At Fish Hatchery
The Schoolcraft Conservation club will hold its bi-monthly meeting Wednesday evening, August 9, at the Thompson Fish Hatchery, it has been announced by President Charles E. Underwood.

Conservation officers from Newberry and Marquette have been invited to attend the meeting and will talk briefly on conservation affairs. Stanley Schust, fish hatchery superintendent, will give a report on fish plantings in Schoolcraft county lakes and streams.

Dutch lunch and refreshments will be served. All members and persons interested in conservation affairs are urged to attend the meeting.

CCC Youths Reseed At Nursery

Members of the CCC of the sidcamp at the Wyman nursery are busy these days reseeding, raking and watering seedlings. Several youths are shown here operating the combined seeder and roller.

Nursery Makes Ready For Big Fall Shipping

Crews at the Wyman nursery on the northern outskirts of the city are beginning final preparations for fall lifting and shipping of nursery stock. E. F. Belshelmer, nursery superintendent, said yesterday.

"For the next few weeks," Belshelmer said, "we'll be watering quite heavily and about the middle of the month we will start hardening the stock for transplanting and shipping, which will be conducted about the middle of September."

At present, about 75 CCC workers from the side camp across the Indian river from the nursery grounds, are engaged in weeding, watering and replacing missing stock.

To Ship 18 million
It is estimated that approximately 18 million trees will be shipped from the local nursery in September. A majority of the stock, which is in good condition, will go to the seven CCC camps in the Upper Peninsula national forests. It is seldom that the local nursery supplies any but camps in the Hiawatha and Marquette forests.

At present, stock at the nursery consists of 12 million 1.0 red pine, 20 million 1.0 jack pine, 4 1/2 million 2.0 red pine, 5 1/2 million 2.0 jack pine, 1 million 2.1 red pine, 332,000 of 3.2 white spruce, 50,000 of 3.1 white spruce, 300,000 of 1.0 white spruce and 100,000 of 1.0 black spruce. The trees are designated by the two figure number with the decimal, the first figure representing the number of years in the nursery proper and the second indicating the number of years transplanted.

Good Growing Season
The present season has been a good growing season, the early part of the summer having an abundance of rainfall and weather conducive to plant progress. During the month of July, the rainfall was negligible but that is not too important a factor because the nursery is well cared for by the nine and one half miles of overhead pipe used for irrigation. The water is forced to the pipes from the Manistique river by two pumping stations capable of pumping about 900 gallons of water per minute. Liquid fertilizer often is pumped through the overhead pipes.

The nursery, which was started in 1933 on land donated by the city of Manistique adjoining the park, covers 137 acres with about 60 acres directly in use. Plantings during the past few years have been very successful and it is estimated by forest service officials that this spring's plantings will be about 95 per cent survival. The worst year in the history of the nursery was in 1936 when the drought and hot weather burned up the new stock.

SCHOOL CENSUS FIGURES GIVEN

Decrease of 38 Revealed In County; Total Is 2,996

The Schoolcraft county school census for 1939 reveals a decrease of 38 children over the 1938 census, records compiled by R. S. Waters and Mrs. Ada Watson have revealed. The total for 1939 is 2,996 compared with 3,034 for last year.

Township census figures show an increase over last year, but the City of Manistique revealed a drop. The total children of school age in the townships is 1,386 compared to 1,369 for last year. The figures for the City of Manistique are 1,610 for 1938 and 1,655 for 1939.

Only Thompson township reported the same figure for the two years. There are 93 school age children there this year, the same as in 1938.

The census by townships follows:

	1938	1939
Doyle	216	197
Germfask	259	276
Hiawatha	188	184
Inwood	261	249
Manistique	197	219
Mueller	96	106
Sney	59	62
Thompson	93	93

Mixed Bowling Loop Planned At Braults

A mixed bowling league will be organized at the Brault alleys this fall, it was announced yesterday by Russell Brault. The mixed league will probably be a four-team circuit.

An enlarged City League and a ladies league will also be in operation. The Brault alleys will be re-shafted within a few days by the Shaft Manufacturing Company of Minneapolis. A new type finish also will be used.

Redskins Here Today; City Team Plays Negaunee

Softball Tournament Will Open Here Today

The regional softball tournament to qualify two class B and two class C teams for the Upper Peninsula tournament later in the month will begin this morning in Escanaba with 10 Class B and 5 Class C teams participating. Only diamonds No. 1, 2, and 4 will be used and there will be games all day beginning at 9:00 a. m.

Outside teams in Class B are Nepper's from Isabella who have won 12 straight games. Mero's from Manistiquette, one of the top notchers of that region, and Marble Arms from Gladstone who lost a sister to the Blues last year in the Tri-County. In Class C, Ralph's from Ensign with many of the Oasis players from last year rank as the tournament favorite. Nahma is the only other outside entry.

In order to defray the expenses

GLADSTONE TO MEET EAGLES

Escanaba Entry Needs Two Wins for First Place Honors

After suffering their first defeat in ten games last Sunday at the hands of the Manistiquette Cardinals, the Escanaba Eagles will attempt to get back into the win column today when they meet Gladstone here at 2:30 this afternoon.

Although their defeat last Sunday cost the Eagles a game in the margin they have over the second place Cardinals, reducing their lead to four games, they still appear a cinch to cop first place honors. At the present time the locals are the possessors of a four game lead with five games left to play in the loop schedule, which means that they can still drop three of their remaining five games and remain in first place.

Gladstone, the cellar occupant in the Rainbow league has had an in and out season. Although they have chalked up victories over other teams in the loop they have yet to beat Escanaba and the locals defeated them handily in their last encounter.

It is probable that Manager Williams will call upon his south-paw hurler, Greenlee, to do the twisting against the Upboys. Greenlee was given a vacation last week. Oseen doing the pitching against Manistiquette, and he should be in fine fettle for today's game following a week's layoff.

TOMMY BRIDGES HAS LUCKY DAY

Good Pitching, Timely Hitting, Beat Red Sox By 16-4 Score

Boston, Aug. 5 (AP)—The hustling Detroit Tigers moved into the first division of the American League today, clubbing five Boston pitchers to take the opening game of the series from the White Sox, 16 to 4.

The Tigers, riding high on the current road trip, slipped into fourth place while Cleveland was being polished off by the league-leading Yankees.

Good pitching and timely hitting, a combination the Tigers have been seeking all season, were present today and Tommy Bridges had little trouble marking up his fourteenth win of the season. The Detroit ace gave up seven scattered hits, fanned eight and walked four.

Elden Auker, one-time Detroit pitcher, started for Boston and was nicked for a run in the first inning on singles by Barney McCoy and Benny McCoy and a sacrifice by Earl Averill.

Detroit found Auker's "submarine ball" to their liking and made it 2 to 0 in the fourth. Auker set up that score by walking Pete Fox and Birdie Tebbetts and Croucher slapped an underhand offering for a single, scoring Fox.

Walks Spelt Trouble

Jimmy Fox, hard-hitting Boston first baseman, got a single off Bridges in the fourth, the first hit from Tommy in the game, but the Bengals avenged that momentary lapse by clouting home two more runs in the fifth.

McCoy led off in that inning with his second hit of the game and scored on Averill's double. Averill scored on Hank Greenberg's double off the left field fence and when Auker filled the bases with walks to Higgins and Fox he was eased from the mound in favor of Woodrow Wilson Rich, who managed to retire the side.

Bridges pitched himself into trouble in the Boston half of the fifth by walking Joe Cronin, first man to face him that inning. Vosmik doubled, Cronin to third. Bridges tightened up and fanned Taylor and Peacock, but Finney batted for Pitcher Rich and singled off the pitcher. Rich and Vosmik were home Cronin and Vosmik for Boston's first two markers.

Emerson Dickman went in for Boston and before the sixth inning was over the Tigers had clubbed him and Freddie Ostermueller, who replaced him, for seven runs.

Bridges led off by drawing a walk and McCoy singled him to third. McCoy hit his third single of the day, scoring Bridges, and Ostermueller came to the rescue. Averill greeted him with a single, scoring McCoy and Greenberg walked, filling the bases. Big Freddie then lost control and walked Higgins, forcing McCoy in with the third run of the thing and Pete Fox dragged a triple to right center scoring Averill. Greenberg and Higgins. Croucher grounded out and Fox scored on the play with the seventh run.

Tebbetts Comes Across

Boston added a third run in its half of the sixth when Fox slashed a terrific home run, a long drive over the screen, out the left field fence, for his 27th circuit clout of the season.

After that seven-run inning, Manager Cronin decided that Ostermueller had had enough and he sent in Bill Sayles, a rookie right-hander, upon whom the Tigers immediately jumped for five more runs.

With two-way, Averill singled to center, Greenberg and Higgins walked, filling the bases and the Sox rookie issued a pass to Fox, forcing Averill across the plate.

At this point, with the bases loaded, Catcher Tebbetts stepped to the plate and slammed the ball out of the park, scoring Bridges, Higgins and Fox to make the count: Detroit 16; Boston 3.

That's about all there was to the game, except that the Sox added a final run in the eighth on two walks, an error and a wild pitch.

The teams laughe again tomorrow in a double-header, with Freddie Hutchinson and other

Participants In Circus To Meet At Park Monday

All those who have been assigned parts for the Third Annual circus which will be held August 17th, are asked to report Monday morning at Ludington Park playground for practice beginning at 10:00 a. m.

Mrs. Bernice Anderson, Director of the circus, urgently requests the services of older boys who are needed for clowns and specialty acts. Any who care to participate are asked to report at the above time.

In addition to the practice at Ludington Park, all playgrounds will start Monday on special acts for the main show. One of the acts already organized is the bicycle polo game by So. 15th street boys. Wells playground will cooperate by sending a group of pyramid builders.

Manistiquette Cards Travel To Munising

Manistiquette Cardinals will travel to Munising today to meet the Manistiquette Cardinals in a Rainbow league baseball game.

Last week the Cards polished off the Escanaba Eagles, chalking up their second victory over the loop leaders. The Cards are the only team in the circuit with victories over the Eagles.

Chartier will probably hurl for the Cardinals today.

Puerto Rico, a U. S. territory, has balanced its budgets during each of the last four years.

SPILLING the DOPE

BACK TO THE old grind again after a week's sojourn to Manistiquette, the town where Jaym Kelly, the soldier promoter, rules the roost... Jawn, incidentally, just returned from CMTC duty at Custer and is in the pink of condition... and that's lots of condition... those "cruel" army medics advised the Irish arbiter that he was a mite overweight... to which he replied: "Fooyey!"... and went had another glass of... milk... Manistiquette, unlike Gaul, is divided into two parts by the river... and they tell us that the boys even carry the spit upon the football field... when a west-of-the-river boy carries the ball, the east-of-the-river boys won't open a hole... and vice versa... and occasionally, the ball carriers get thrown for a loss... that's bad... we hope the boys can get together this fall and forget the dividing line... and remember the school for a change.

CHARLEY ROOT EDGES BOSTON

Stan Hack and Hartnett Banished In Eighth for Swearing

Chicago, Aug. 5 (AP)—Forty-year-old Charley Root set the Boston Bees down with four hits today to give the Chicago Cubs a 3 to 2 victory, their seventh triumph in their last nine games.

Rookie Bill Nicholson drove in the winning run in the eighth inning, his single sending Billy Herman across the plate. Herman had bunted safely and moved to second on Carl Reynolds' sacrifice.

Umpire George Magerkurth banished third baseman Stanley Hack and Manager Gabby Hartnett in the eighth. Magerkurth said Hack "swore at him" after the infielder had been called out on strikes. When Hack was ejected, Hartnett rushed out to protest and then, he, too, was ousted.

LOCALS SEEK THIRD STRAIGHT

Second Place At Stake In Today's Game With Rovers

The Escanaba baseball team will seek its third consecutive Northern Michigan - Wisconsin league victory, journeying to Negaunee to meet the Negaunee Rovers on their home lot.

By virtue of an eleven inning 3 to 2 victory over Niagara's Badgers last Sunday and a 1 to 0 decision over Kingford the previous week, the locals at the present time are occupying the second rung in the league ladder, the highest position they have attained since the start of the season.

Crystal Falls continues to lead the league with four victories and no defeats in the second round.

During the past two weeks the locals have played heads up baseball and a win over Negaunee today in the event that the Ford Twins defeat the league leaders would enable Escanaba to advance to within half a game of first place.

Rovers Handicapped

Manager Toodles Flath has not announced as yet his pitching selection for today's tilt, but it is expected that he will rely on his mound ace, Phil Brazeau. After a slow start Brazeau is fast rounding into form and in his last two games he has allowed only three runs in 22 innings of duty.

The hapless Rovers who have found the going particularly hard this year are at present in the league cellar. Playing their first season under the managerial direction of Trotochaud, who last season was one of the league's outstanding catchers, the Rovers have been handicapped by injuries and a shortage of players all summer.

The latest casualty was Vance Hiney, dean of the Rovers' mound staff, who suffered a broken collar bone in an exhibition game against the House of David last week. With the loss of Hiney, it is expected that Trotochaud will call upon Big Joe Terze to do the pitching.

Terze, a former Ironwood high school athlete, is attending summer school at Northern State Teachers college. He pitched the Rovers to their first win in the second round last Sunday, defeating the Ford Twins, and was effective in a relief role against the House of David.

Members of the Escanaba team will meet at 1:30 this morning at the corner of Ludington street and Stephenson avenue from where they will leave for Negaunee.

Tennis Tournney Finals To Be Played Monday

Finals in boys' singles, girls' singles, and women's singles will be played off Monday in the city tennis tournament. So far, the only seeded one or two player to be eliminated in any division is Doris Costley, last year's senior women's champion who was defeated by Barbara Banks in three sets. Boys' finalists are Harvey and Dufresne, girls' finalists are Pat Glavin and Barbara Dfnet, and Barbara Banks and Clara Karas are women's finalists. All schedules given are for Monday.

Boys' single results Friday were Dufresne defeated Fredrickson. Schedule—Dufresne vs. Harvey 2:00, No. 4.

Girls' singles results Friday—Pat Glavin defeated Mary Jane Richer, Barbara Dfnet defeated Shirley Jacobs. Schedule—Pat Glavin vs. Barbara Dfnet 2:00, No. 5.

Results Friday in Jr. girls' singles, Barbara Banks defeated Shirley Jacobs, Marion Hebert defeated Bernice Carlson. Schedule—Barbara Banks vs. Marion Hebert 3:00, No. 1, Mary Jacobs vs. winner of Mary Ann Hoyler vs. Pat Glavin game at 2:00, No. 2.

Junior boys' singles: Holmes defeated Trotter, Lewis defeated Peterson, Sauners defeated Bennett, Charland defeated Fredrickson. Schedule—4:00, Holmes vs. Lewis, No. 4, Craig vs. Charland, No. 5.

Results Given

Girls' and women's doubles: Marjorie Dalton and Mary Ann Hoyler defeated Helen Leppia and Ethel Dufour, Mary Ann Laing and J. Promer defeated Rita Perou and Bernice Skvoj. Schedule—6:00, Marion Hebert and Catherine Swaby vs. winner of Eileen Bink and Margaret Bink vs. Bernice Carlson and Elaine Anderson, No. 1, Mary Jane Richer and Lilian Bink vs. Mary Ann Laing and J. Promer No. 2.

Boys' and men's doubles, Erickson and Johnson defeated Carlson and Beck, Erickson and Anderson defeated Temby and Villeneuve. Schedule—2:00, Goulaas and Lewis vs. Trotter and Loeffler No. 3, Beaudoin and Holmes vs. Erickson and Anderson No. 2, Bennett and Langenfeldt vs. Beath and Fredrickson No. 1, 7:00 Reynolds and Lewis vs. winner Goulaas and Lewis vs. Trotter and Loeffler game, No. 1.

Women's singles: Clara Karas defeated Ruth Sawyer, Barbara Banks defeated Barbara Dfnet, Barbara Banks defeated Doris Costley. Schedule: 7:00 Clara Karas vs. Barbara Banks No. 4.

Men's singles: Fitzharris defeated Harvey, Henkin defeated Lewis. Schedule: 6:00 Coan vs. Fitzharris No. 4, Bourke vs. Fitzharris No. 5.

TAVERNS LOSE TWICE IN WEEK

Still Lead League; Many Good Games Played In Past Week

One of the most stunning upsets of the season was scored by the Red Ribbons who defeated the league leading Taverns last Thursday night by a score of 1-0 in the American softball league.

Not exactly an upset but rather unexpected was the second defeat of the Taverns the following night by the Loans. The two defeats put the second place Paper Mill team within a game and a half.

The Paper Makers failed to score because of a bye and the rain.

The complete schedule for the week is as follows: Monday—Paper Mill vs. Loans No. 4. Tuesday—Fords vs. Taverns No. 2. Paper Mill vs. CYO No. 3. Wednesday—Spartans vs. Ritchie No. 3. Thursday—Eskys vs. Taverns No. 2. Red Ribbons vs. Fords No. 1. Friday—Ritchies vs. CYO No. 4. Red Ribbons vs. Loans No. 1.

Hawks Undeafeated In Horseshoe Loop

The Hawks were undeafeated last week and lead the horseshoe league. A new team, the Squaws, have entered the league making four teams. Members are Art Cheverette, John Nelson, Edward Gravelle, Edward Collogan, Leslie Mattson.

The schedule for the week is as follows: Hawks vs. Squaws—Monday, Ring Dingers vs. Trojan Tuesday, Hawks vs. Trojans—Thursday, Squaws vs. Ring Dingers—Friday.

Standings: Hawks won 2, lost 0; Trojans won 1, lost 1; Ring Dingers won 0, lost 2.

DODGERS WHIP LEABERS, 10-4

Lippy Leo Is Banished for Too Loud Yelp Toward Umpire

Cincinnati, Aug. 5 (AP)—The Brooklyn Dodgers plied together two four-run innings today in a 17-hit assault which overwhelmed Cincinnati's National league leaders, 10 to 4.

The Dodgers pounded Whitey Moore out of the box in their first inning when their first outburst and were never headed as they continued their clubbing against three other pitchers.

Brooklyn played half the game without Manager Leo (Lippy) Durocher, who was banished for the third time this season when he protested to Umpire Bill Stewart against a ruling that Dolph Camilli had left third base before a fly was caught in the fifth inning.

Brooklyn - 400 400 020-10 17 2
 Cincinnati 003 010 000-4 10 0
 Hutchinson and Phelps; Moore, Grissom, Johnson, Davis and Lombardi.

White Sox Swamped By Senators, 10 to 1

Washington, Aug. 5 (AP)—Behind the wild but effective pitching of southpaw Ken Chase, the Senators won their sixth straight game today, defeating the White Sox, 10-1.

Chase gave only 4 hits but issued eight passes. Most of these, however, came with two out.

Buddy Lewis got five hits in five times up.

George Case, the Senator speedster, stole second base in the fourth to run his record for the season to 38 thefts in 52 attempts.

Score by innings:
 Chicago 000 000 010-1 4 8
 Washington 301 200 04x-10 13 1
 Knott and Tresh; Chase and Ferrell.

Maroons To Play At Schaffer Today

The Escanaba Maroons, local independent baseball team will play at Schaffer this afternoon.

Members of the team are asked to meet at 12:30 o'clock at the corner of First avenue north and Fourteenth street.

"Rented the first day" said Smith. Try a For Rent Ad today.

Schedule Aug. 7-11 (Games start at 6:45)
 Monday—Phillies vs. See Jays.
 Tuesday—North Siders vs. Stockers.
 Wednesday—See Jays vs. Stockers.
 Thursday—Phillies vs. North Siders.
 Friday—(Any two teams may make up lost game).
 See Jays will travel to Iron Mountain today to play an Iron Mountain girls' team.

JOHNSON ICE LEAD
 In the junior B diamondball league the Johnson Ice team took the lead from the strong Sunkist team. The Sunkists lost two games to the Johnson Ice and they took another one from the Silk Sox. This being the last round, the Sunkist team still has a chance to cop the league title. The winner of the league will play the winner of the tournament which will be played at the end of this round.

The league this year is again sponsored by the Lions club and under the direction of Clifford Anderson, WPA recreation leader, with the cooperation of the department of parks and recreation.

Standings			
	Won	Lost	Pct.
Johnson Ice	19	4	.826
Sunkists	17	5	.773

STOCKS FINISH WITH ADVANCES

BY FREDERICK GARDNER New York, Aug. 5 (AP)—The stock market today finished its first August week with a modest rally, and the Associated Press average of 60 stocks managed to retain a net advance of .2 of a point at 49.6. On the week this composite was off .4.

Dealings were the lightest since July 15, amounting to only 336,980 shares. The turnover last Saturday totaled 245,860. The six-day volume was about 800,000 shares under the preceding week.

Some of the day's buying support, brokers said, was apparently due to the belief of certain traders that the market might have been overold in Friday's sharp drop.

Wall Street seemingly was in a happy frame of mind because congress was shutting up shop and going home. The underlying tenor of business still presented a bullish argument and merchandising surveys indicated consumer spending this fall was expected to top that of last year.

Steels were in front throughout as next week's mill production, despite a sharp drop in the south, was expected to keep its balance. It was predicted operations at Pittsburgh would hit a new top for 1939.

Virtual settlement of the General Motors strike and a contraction in July sales in this group. Estimates class 1 railroads earned their charges in July for the first time this year kept carriers on the upward track.

Large copper buying by Japan helped the metals. Prominent on the come-back were U. S. Steel, General Motors, Sears Roebuck, U. S. Rubber, Douglas Aircraft, American Telephone, Great Northern, Loft, Phelps Dodge, Kennecott and American Can.

Up moderately in the curb were American Cyanamid "B," American Gas & Electric, Niagara Hudson and Consolidated Copper Mines. Newmont Mining dropped 2. Turnover of 42,000 shares compared with 46,000 a week ago.

Meadow Club Meet Captured By Riggs

Southampton, N. Y., Aug. 5 (AP)—Bobby Riggs performed an old chore a new way today, capturing the 49th annual Meadow club invitation tournament for the third successive time with a 10-5, 6-4, 6-4 triumph over Sidney Wood, and giving an effective answer to critics of his net game with an impressive exhibition at the barrier.

Riggs, who usually avoids the net in favor of the baseline, moved forward 67 times, plugging Wood with weak little bunts that dropped lazily into the forecourt, with which he mixed occasional brutal smashes that threatened to catapult his New York rival right off the court.

Bobby thus gained permanent possession of the \$1,000 president's challenge cup. Wood also bowed to the Wimbledon champion last year, although in much easier fashion.

Riggs returned to the courts later and teamed with Elwood Cooke, his Wimbledon doubles partner, to defeat Chicago's Murphy brothers, Chester and William, 11-13, 6-3, 5-7, 6-4, 6-0 in a mixed doubles semi-final.

The winners will meet Don McNeill of Oklahoma City and Frankie Parker of Beverly Hills, Calif., in the finals Sunday afternoon.

Mrs. John Gensler of Southampton and Martin Buxby, Miami, Fla., defeated Mary Honans, Southampton, and Harris Everett, Chapel Hill, N. C., 2-6, 6-0, 6-0 in a mixed doubles semi-final.

Wood, who won at Wimbledon himself in 1931, gained a 3-0 advantage at the very outset of the match. Riggs finally squared it at 4-4 and then neither would relinquish his service for the next eight games.

Record Unsullied For Alice Marble

East Hampton, N. Y., Aug. 5 (AP)—Alice Marble, American and Wimbledon champion, kept her 1939 tournament record unsullied when she defeated plucky Helen Jacobs, 7-9, 6-4, 6-0, today to win the coveted Maidstone club invitation tennis tournament.

For the second time in the tournament, however, Alice tasted the embarrassment of dropping a set. Miss Pauline Betz of Los Angeles achieved the feat first in a quarter-final engagement.

Miss Jacobs, her trap shots functioning in impressive fashion, had things her own way for most of the first set. She built up a 5-3 advantage and with her own service coming up, it appeared she might wrest the set from Miss Marble in regulation time.

Here, however, blonde Alice inaugurated a rally that swept Miss Jacobs aside easily. With the score 6-7, however, Miss Jacobs cracked Alice's service as Alice ran into an erratic streak, netting twice, allowing herself to be passed at the net, and then double faulting at set point.

Neither of the following sets carried any of the appeal or excitement generated in the first. The third set took only ten minutes.

The champion team of Miss Marble and Mrs. Sarah Palfrey Fabyan of Brookline, Mass., defeated Miss Jacobs and her partner, Mme. Rene Mathieu of France in the doubles final, 6-4, 5-2.

TWO NAMED TO DETROIT FAIR

Catherine Lahay, Andrew Skaug Represent Delta County

Two Delta county 4-H club members have been chosen to represent the Upper Peninsula at the annual State Fair at Detroit. They are Andrew Skaug of Stoullington, who was graduated from Escanaba high school this spring, and Miss Catherine Lahay of Bark River.

The two were chosen for excellence in different branches of 4-H club work at the roundup at Camp Shaw at Chatham last week.

Skaug represents the peninsula at the state fair in achievement booth contests. Miss Lahay was selected for excellence in clothing judging.

The state fair will be held at Detroit starting September 1 and ending September 10. It is expected that the two county club members will be at the fair from the fifth to the ninth of the month.

Red Ruffing Gets 15th Victory, Nips Cleveland, 6 and 1

New York, Aug. 5. (AP)—With Joe DiMaggio getting his third homer in three days to climax a five-run seventh inning, the world champion Yankees took just an hour and 37 minutes today to corral the Cleveland Indians for Red Ruffing's 15th victory of the year, 6 to 1.

Ruffing scattered seven hits and scored New York's first run himself with a home run in the fifth frame.

Ruffing might have had a shut-out except for an error by the usually faultless Bill Dickey. In the sixth inning Bruce Campbell walked and, racing on a hit and a run signal, came tearing home on Hal Trosky's single. George Selkirk's throw to the plate was good enough to catch the Cleveland speedster, but Dickey dropped the ball.

Score by innings: Cleveland—0 00 010 000—1 7 0 New York—0 00 010 50x—6 10 1 Eisenstat and Hemslry; Ruffing and Dickey.

Hubbell And Ott Plunder Pirates

Pittsburgh, Aug. 5. (AP)—Those New York Giants roommates, Mel Ott and Carl Hubbell, plundered the Pittsburgh Pirates, 4 to 3, today with a crucial home run and some steady pitching.

With the score tied in the eighth, Ott hit his fifth homer of the last 10 games and 21st of the season to settle the issue. The Giants tallied once in the third on a pair of doubles by Tom Hafey and Burgess Whitehead and twice in the fifth on three singles.

Hubbell was able to subdue all the Pirates except Elbie Fletcher, who homered in the fourth and drove in Pittsburgh's other runs with two singles. It was the veteran's fifth victory against five defeats.

Score by innings: New York—0 01 020 100—4 10 2 Pittsburgh—0 00 101 010—3 9 0 Hubbell and Danning; Brown, Swift and Berres.

Mize Gets Twenty Putouts; Cardinals Take Phils, 5 to 1

St. Louis, Aug. 5. (AP)—Turning in a masterpiece of pitching, Curt Davis held the Philadelphia Phillies to four hits today as the St. Louis Cardinals won their seventh successive game, 5 to 1. It was Curt's fifteenth victory of the season.

Johnny Mize, Cards' first baseman, was credited with 20 putouts, just one short of the National league record, and Stu Martin had a busy afternoon at second with 10 chances, also only one short of the major league mark.

In the seventh and eighth the Cards bunched five of their nine safeties off Pearson.

Score by innings: Philadelphia—0 00 000 001—1 4 0 St. Louis—0 10 000 31x—5 9 2 Pearson and Davis; C. Davis and Owen.

Athletics Triumph Over Browns, 10-7

Philadelphia, Aug. 5. (AP)—Bob Johnson's 16th home run of the season and 13 bases on balls enabled the Athletics to come from behind for a 10 to 7 victory over St. Louis today. The victory evened the series at one game each.

Johnson's clout off George Gill with two on base and two out in the seventh sent the Athletics ahead for the first time since the third inning when St. Louis scored three runs to take the lead.

Six runs behind at the start of their half of the fifth, the Athletics twice filled the bases to score three runs, with Roxie Lawson walking "Skeeter" Newsome to force in Johnson with the third run, and added three more in the sixth off Lawson and Gill.

Score by innings: St. Louis—0 03 040 000—7 11 1 Philadelphia—10 033 30x—10 7 4 Harris, Lawson, Gill, Marcum and Glenn; Potter, Beckman and Hayes.

Hollywood movies are credited with having exerted the greatest influence in Americanizing the people of Puerto Rico.

\$250,000 Pair of Hose

Half a million dollars went into duPont company research to develop the synthetic yarn called Nylon, used in the sheer cobwebby hose that adorn the legs of Miss Naomi Anderson, above. Nylon, made of coal ash and water, resists runs, has great elasticity, fits trimly. Development of Nylon has the Japanese silk industry worried, offers a serious competitive threat to the traditional silk hose. No Nylon hose have been sold yet, although employees and wives of duPont executives have been wearing them.

Escobar May Quit As Bantamweight To Satisfy Pace

New York, Aug. 5. (AP)—Lou Brix, manager of bantamweight champion Sixto Escobar, announced today the little Puerto Rican may voluntarily vacate the 118-pound throne if "various boxing bodies" insist on his meeting Georgie Pace of Cleveland for the title.

Somewhat put out over Pace's recent demands for a title shot, Brix termed the Cleveland boxer a "practically unknown battler" and told him to "get a reputation."

Pace recently announced he was going to take his campaign for a title bout to the National Boxing association.

"Sixto is not ducking Pace," Brix added. "But I suggest Pace meet such worthy bantams as Lou Salica, Tony Olivera, Kayo Morgan, Baby Yack or Little Dado, and if he beats any of them, Escobar will accommodate Pace with a championship battle."

Check, \$41,000,000

Casa Blanca, 300 year old home of Ponce de Leon's family in Puerto Rico, is believed to be the oldest continuously occupied residence in the West Indies.

Perkins News

Perkins, Mich.—Eileen Moreau is visiting relatives in Green Bay. Miss Katherine Kneegs of Chicago is a guest of Vernon Wick at the Charles Wick home.

Mrs. John Logan entertained at a lawn social for the Royal Neighbors Thursday afternoon. Those present included Mesdames Luy Larsen, Wm. Rice, John Furhmann, Ida Hagen, Chas. Gustafson, Edith Harrison, Chas. Nordstrom, Wm. Shorkey, Jr., Richard Anderson, Floyd Furhmann, Emil Norden, Byron Whitney, Waldo Wick, Chas. Wick, Florine De Cromer, Joseph Richards. Visitors included Mrs. John Hall of Escanaba, Mrs. N. C. Bishop, Sr., of Wetmore, Kentucky; Mrs. N. C. Bishop, Jr., of Louisville, Kentucky, and Katherine Kneegs of Chicago.

Elaine Gibbs is spending a few days at the R. W. Hughes home in Harris.

Vanard Madsen of Menominee and Arthur Kinnunen of Ypsilanti, Mich., spent Thursday at the home of Mr. and Mrs. Girard. Mrs. Madsen returned to her home in Menominee after spending a week with her sister, Mrs. Dupuydt.

Mrs. Leonard Chauckline has entered St. Francis hospital for treatment.

Landon Describes Skinning Taxpayer

Rock Springs, Wyo., Aug. 5. (AP)—Alf M. Landon, Republican presidential nominee in 1936, told the Wyoming Wool Growers association today "You shear sheep and don't skin them—the government has yet to learn to do that."

"It's now skinning the taxpayer instead of just shearing them," added the former governor of Kansas.

Landon declared the time has come for the small business man to take an active part in politics.

"It isn't any longer only a matter of civic pride, but is now a matter of our daily bread and butter to take part in politics.

"From now on one thing is certain, and that is that government policies tend to enter more and more into all industry and business."

He asserted "We're all getting smaller each month under the policies of the present national administration."

Landon criticized those "who shout economy in government and then ask for appropriations."

Poland Displays Mass Patriotism

Krakow, Poland, Aug. 5. (AP)—One of the greatest mass demonstrations of patriotism in the recent history of Poland was in progress here tonight.

HEATED CLASH ENDS TASK OF 76TH SESSION

(Continued from Page One)

ognize the right of the opposition to present its own views.

The day's work had been concluded in comparatively short order. It consisted of three actions. The senate, in a wrangle between Connally of Texas and LaFollette of Wisconsin, approved a conference compromise on amendments to the social security act. Both branches of congress adopted a "compromise" version of the third deficiency bill.

Vandenberg Heard It would not, of course, be adjournment day without a filibuster or the threat of one. Senator Vandenberg (R-Mich) supplied it in this instance. Pittman, chairman of the foreign relations committee, attempted to bring up a bill to permit the sale of warships and munitions to South American countries on a cash basis.

Vandenberg replied that so deep was his opposition that he would see to it personally that the measure did not pass. Pittman, always a legislative realist, recognized the practicalities of the situation and withdrew the bill. But in doing so he made his displeasure abundantly evident.

The Michigan senator asserted the measure might actually result in arming Latin American republics against each other instead of aiding them against aggression from overseas. It also would place Uncle Sam in the arms huckstering business," he said.

Senator Barkley (D-Ky), the majority leader, asked if Vandenberg could finish his remarks in thirty minutes. Vandenberg replied that the measure called for extended debate, adding that it was opposed also by Senators Borah (R-Idaho), Johnson (R-Calif) and other members of the foreign relations committee.

Senator Pittman interjected that Vandenberg's intent was quite clear, that while the word "filibuster" had not been mentioned, he saw no opportunity to attain a final vote before congress adjourned.

TAX INCREASE HALTED Washington, Aug. 5 (AP)—A senate vote of 58 to 4 completed congressional action today on legislation to increase outlays for social security and, at the same time, postpone a scheduled increase in taxes.

The legislation sailed to approval after months of wrangling between the house and senate and after Senator Connally (D-Tex.), had pounded his desk and charged that congress paid \$695,000,000 "prices" for elimination of his amendment to increase the government's share of outlays in the federal-state program of old age assistance.

Connally's amendment would have required the federal government to match state old age assistance contributions \$2 for \$1, up to a total of \$15 a month per beneficiary. Above that figure, the Washington government would have been directed to match state contributions on a fifty-fifty basis up to an aggregate of \$40.

Congress retained the present dollar-for-dollar matching basis, instead of adopting this plan, but increased the total that might be raised in this way from \$30 to \$40 a month per recipient.

Approval Assured The legislation, which members of congress agree is virtually certain to be approved by President Roosevelt, would make these major changes in existing law:

Retain for three years the present old age insurance tax of 1 percent on employes and 1 percent on employers. The present law would raise the tax to 1½ percent on each next January 1. Savings to taxpayers from this and other changes have been estimated at \$905,000,000.

Move up from 1942 to 1940 the date on which old age insurance benefits will start.

Increase from \$15 to \$20 the amount the government will contribute on a 50-50 matching basis with the states for old age assistance.

Retain in substance existing provisions permitting states to reduce taxes for unemployment compensation programs after three years' experience with their individual systems.

Provide under the old age insurance program for aged wives, widows, children and aged dependent parents.

Increase federal grants to states for maternal and child welfare, vocational rehabilitation and public health work.

Hruska IS NEW GOLFING CHAMP

Menominee Is Awarded U. P. Tournament for 1940

Marquette, Mich., Aug. 5. (AP)—Frank Hruska of Menominee won the Upper Peninsula golf championship here today, defeating Rugg Lindstrom of Ashland, Wis., 6 and 4. The North Shore club player ended the match by holing an 80 yard pitch shot for an eagle 3 on the 52nd yard fifth hole.

Menominee was awarded the 1940 tourney.

Hruska, new Upper Peninsula golf champion, was runner-up to Harry Hogan of Escanaba when the latter won the title in 1938. Hogan was eliminated in his first match Friday, losing his match with Frank Opalka of the Soo on the 19th hole. Lindstrom defeated Opalka Saturday, after Opalka had eliminated Bob Ferries of Houghton, medalist in the first day's play of the tournament.

Briefly Told

Will Distribute Eggs—Distribution of federal surplus commodity eggs will begin in Escanaba and Gladstone on Monday and continues throughout the week. All clients must have their own containers.

Apply for License—Among those who have applied for license to wed are Harry Pepin and Ethel Goodreau of this city.

Meet Wednesday—Members of the claims and accounts committee of the board of supervisors will meet at the courthouse Wednesday morning at 9 o'clock.

Meeting at City Hall—All direct relief recipients and all WPA workers will meet at the city hall Tuesday evening at 8 o'clock. Gladstone members also are invited. All members of these two groups are urged to attend.

Grange Meets—Bark River Grange 1385 will hold a regular meeting Monday evening at 8:30. All members of the Subordinate and Pomona Grange are urged to attend. Mrs. Hannah Richards of Waucesaw Grange will speak on the Kelly Memorial Fund. About sixteen members from the Waucesaw Grange will be present. Hank's Orchestra will furnish the music for dancing.

Marjac II Sails—After a start scheduled for 2 p. m. Saturday, Mr. and Mrs. Jack Erickson and Tim Crain sailed at 10 last night aboard the Marjac II for a week-end at Washington Island.

Court Closes—The Delta county circuit court closed yesterday noon on a carry-over session of the adjourned July sessions. The final cases were cleared from the books. In one of them, Peter Newhouse was released upon his promise to pay damages in a suit against him.

Escanaba K. of C. Host To Visitors

J. C. McConagle, Grand Knight announced yesterday that all members of the Knights of Columbus are requested to be present at the clubhouse at 9 a. m. Sunday, August 6th to participate in the dedication of St. Joseph church.

Immediately after the dedication services the local Knights will be hosts to the Marquette Fourth Degree Commandery at a buffet luncheon to be served at the club house. Members and officers of the local council are asked to attend.

The use of soap has doubled in Puerto Rico in the last twenty years.

Chicago Handicap Favorites Survive Chicago, Aug. 5. (AP)—Favorites came through today in the Chicago handicap and Sheridan handicap stake, races before 26,000 at Washington Park.

Viscounty, owned by the Valdivia farm of Texas and trained by J. J. Flanagan, turned on the heat in the home lane to win the Sheridan handicap by a length. Rude Awakening was second and Smart Trick, a long shot, surprised by finishing third in the mile and 70 yards race.

Joe Schenck won the Chicago handicap, a six-furlong test, a neck ahead of Lightspur. Prairie Dog was third.

MONKS, NUNS HARD HIT BY NAZI POLICIES

(Continued from Page One)

schools became renowned. Other orders chiefly occupied themselves with spiritual duties or specialized in nursing, in music, or in theological and historical pursuits.

Jesusite Emigrate On the blow against the confessional schools fell, the monks for the most part remained where they were but turned their efforts into new channels—to parochial and administrative work or to teaching religion in the elementary and higher schools. Many emigrated, however, especially the Jesuits, who settled in Switzerland.

A new field—paradoxically because of the Nazi racial theory—also opened for the clergy, including Monks, in ancestral research. Parochial chancelleries are kept busy seeking out and copying birth, baptismal and wedding certificates of parents and grandparents for German citizens, all of whom are required to obtain official recognition of their "Aryan" descent.

Lay brothers, if they are young enough, are required to enter the labor service and the army. Others have become craftsmen.

Numerous buildings in Austrian cities and much monastic land, from which the monks drew their principal income, have been sequestered by the Nazis on various grounds.

At Salzburg, Nazis ordered the Cistercian monks to leave the cloister they had occupied since 1602 in order to make way for a home for young mothers.

Accused of Propaganda Nazi authorities closed the Cistercian Abbey of Stars in the Austrian Tyrol, giving "mismanagement" as the reason, but reliable sources at Innsbruck said the monks were accused of propaganda against the Italian government for its repatriation of Germans from the Italian Tyrol. Most of the 48 monks found haven with relatives.

The palace of Archbishop Sigismund Waiz and part of the Franciscan cloister of Salzburg were seized by the Nazis to make room for the SS (Black-shirted guard troops) and the secret police.

There have been other instances where monasteries have been closed or their property turned over to Nazi workers' organizations.

Officials assert, however, it is too early to make a reliable survey of the extent of monastic emigration or to give figures on the financial situation of the religious orders.

Kiwanians Will Hear St. Louis

(Continued from Page One)

Stanley St. Louis, who returned Friday from a three months tour of England, the Scandinavian countries, Germany, France and Italy, will address the Kiwanis club at the Sherman hotel Monday noon. He will tell of his various experiences while abroad.

Patricia Sells, 15, and Eddie Felker, 15, two of the four others burned in the show's tragic climax Thursday night, were reported in grave condition.

Dress Catches Fire, Little Girl, 13, Dies

Spokane, Wash., Aug. 5. (AP)—Sally Lacy, 13, whose filmy dance costume caught fire at a pageant, died today.

Patricia Sells, 15, and Eddie Felker, 15, two of the four others burned in the show's tragic climax Thursday night, were reported in grave condition.

New Blackboards Come In Color To Keep Class Awake

Urbana, Ill., Aug. 5. (AP)—Colored "blackboards" are going to help drowsy students stay awake in the classrooms of the world of tomorrow.

The scientific foundations for this prospect were announced today at the University of Illinois, where the experiments have been under way for two years. Colored boards and colored chalk, of the proper contrast, make it easier to see the writing.

This reduction in eye strain, it has been shown by experiment, is not only a sight-saver, but eases nervous strain, checks drowsiness and spurs the desire to do mental work.

The tones for the experimental boards include light and dark greens, white, orange, peach, gray, buff, yellow, ivory, blue, brown and black. The boards are made of either glass or composition.

SHOT IN HEART Pontiac, Mich., Aug. 5 (AP)—Bruce Jekle, 40, was shot to death in his home here tonight and his wife, Margaret, 40, was taken to police headquarters for questioning. Detective William Little said Jekle had been shot in the heart by a .22-caliber pistol.

Race Track Swindle Probed In Detroit

Detroit, Aug. 5. (AP)—Fred Yeaman, alias George and Fred Raymond, 74, demanded examination when arraigned today before U. S. Commissioner J. Stanley Hurd on a charge of using the mails to defraud.

Yeaman was taken from Receiving hospital by federal agents who said he was feigning illness. He had been in the hospital since June 26. He fainted when first arrested in June in connection with an alleged \$12,000 race track swindle. Assistant District Attorney Thomas P. Thornton said that until today he was described as being too ill to be brought to court.

The original swindle case was dropped when Earl Liphin, of Annapolis, Md., allegedly a victim, left Michigan. The new case is based upon the complaint of a New York couple who claimed they were mulcted of \$2,400 by a confidence man while vacationing in Daytona Beach, Fla.
