MCNUTT GIVES 3-POINT GOAL FOR LIBERALS

YOUNG DEMOCRATS CHEER FEDERAL WELFARE HEAD

By D. HAROLD OLIVER Pittsburgh, Aug. 11 (AP)—Between applauded speeches demanding a third term for President Roosevelt or at least for his "ideas," Paul V. McNutt outlined before the national young Democrats' convention tonight a three-point program for "modern liberalism."

He also lauded the president in superlative terms and promised an enlarged social security program to cover health and disability programs.

Wild Demonstration The speech of McNutt, an avowed candidate for the Democratic presidential nomination, touched off a wild demonstration. The entire convention rose to shout while several bands marched around the convention hall.

It was the former Indiana governor's second important address since he was named by the president as federal security administrator, the first being at Cleveland several weeks ago when he struggled along with the Roosevelt foreign policy. He did not mention 1940 tonight, but previously in an interview he reiterated he would withdraw from the race if the president sought a third term.

Ovation for Lee Before the McNutt demonstration, the convention gave a rousing ovation to young Senator Josh Lee of Oklahoma when he asserted:

"It is not for Roosevelt to tell us that he wants a third term, but it is rather for us to tell Roosevelt that we want a third term. Now is the time to raise the banner of Roosevelt for 1940!"

Later, Solicitor General Robert H. Jackson declared the Republican-Democratic coalition in congress had licked some of the Roosevelt program "but they have not licked Roosevelt." He said their tactics had increased the demand for a third term.

"Great Aims" Listed Speaking on the "meaning of modern liberalism" after Senate leader Barkley had told an earlier session the 1940 convention would not repudiate the "eight years of Roosevelt," the handsome former Indiana governor said at least three great aims of liberalism are:

1—Vigilant protection of "those civil liberties which are the life blood of our Democratic system."

2—Remedy the "many diverse abuses which have threatened the safety of our economic and social order," including "thoughtless destruction" of natural resources and other abuses he said had grown out of the "excessive concentration of private economic power."

3—Make "our economic machine turn out the abundant production of which it is capable."

He said the country is "bursting with pent-up energy" and on

Escaped Prisoner Reported Captured At Lily Boot Lake

Manistique, Aug. 11—Sergeant Nick Modders of the state police at Manistique announced tonight the capture of Farrell Lehigh of Manistique, described as an escaped prisoner from Ionia reformatory. Lehigh was cornered at Lily Boot Lake, near Steuben.

He was sentenced for 5 to 15 years for a burglary at Shingleton, and had served two years at the time of his escape June 24 at St. Joseph while playing in a prison band. Jesse Weaver, who disappeared with Lehigh, is reported still at large.

HOUSE OF DAVID LIABLE FOR TAX

Unemployment Claim Appeal Lost By Institution

Detroit, Aug. 11 (AP)—The appeal board of the Michigan unemployment compensation commission ruled unanimously today that the House of David is subject to the unemployment compensation act.

The ruling held that the house was an employer and therefore "liable to tax contributions for the years 1936-37-38 and all years thereafter."

Pending an audit no estimate of the amount due in taxes was available. It was indicated the decision might be appealed to circuit court.

Last week H. T. Dewhurst, attorney for the House, appeared before the board and argued that the House of David is a religious and charitable institution and consequently not taxable under the terms of the act.

The question came up because of the case of Claude Bird Clark, who was laid off after being employed as bartender at an amusement park owned by the house. He put in a claim for unemployment compensation and finally was awarded \$207.83. The House of David took the case to the appeal board.

SHIFT IN PARTY LINES FORESEEN

Senator Predicts That Roosevelt Will Bolt, Organize Liberals

Omaha, Neb., Aug. 11 (AP)—Sweeping political changes in 1940, with President Roosevelt breaking away from Democratic ranks to form a new "liberal" party, were predicted today by Senator Edward R. Burke, vigorous anti-Nebraska Democrat.

Burke said "conservative" Democrats and Republicans would unite after the national conventions, leaving the president to head a new group.

"I think," Burke said in an interview, "that the president has done a great service in seeking to bring about such a realignment. The present labels 'Democrat' and 'Republican' are an offense to the intelligence of the electorate. They mean nothing."

Burke predicted the president himself would lead the new party, which the senator described as "radical."

"Into this third party," he asserted, "will be gathered all the groups of sincere people who believe that government can bring prosperity and well being to the people, the people who believe in security, in pensions, the right of every man to a job—whether he works at it or not—people in general who believe that government should take charge of everything."

"On the other side will be those who believe in individual initiative, in free enterprise, who believe that capitalism as we know it can succeed with only reasonable regulation."

Lifting Of Squalus Is Scheduled Today

Portsmouth, N. H., Aug. 11 (AP)—A navy salvage fleet swung at anchor above the submarine Squalus tonight awaiting only tomorrow's dawn to attempt to lift the sunken vessel from its bed of deep ocean mud.

Six pontoons tugged gently at the Squalus' stern and four pulled at chains and cables looped beneath her bow.

ACTING CHIEF APPOINTED IN CIVIL SERVICE

HOUGHTON ALUMNUS GETS \$3,900 ON NEW JOB

Lansing, Aug. 11 (AP)—The state civil service commission named Paul T. Anderson of Detroit acting personnel director today to succeed Kenneth C. Pennabaker, who resigned to head Minnesota's new civil service set-up, created by a recent legislative enactment.

The commission told Anderson the appointment should be regarded as temporary. Chairman William Irving, however, explained that selection of a permanent director would not be considered further for at least 30 days.

Started in 1937 Anderson, a graduate of the Michigan College of Mining and Technology, has been in the public service for 15 years. He was graduated in 1924 and served four years as an engineer with the Detroit city planning commission. He was secretary of the Detroit condemnation commission from 1928 to 1930, when he became an examiner for the Detroit civil service commission.

The new acting director has been with the state civil service department since its inception in 1937. He served as an examiner at first, and more recently has performed administrative duties.

Anderson's salary will remain at \$3,900 a year. Pennabaker, who will receive \$6,000 in Minnesota, was receiving \$5,000 a year here.

Democrats in Majority The salary of Michigan's first personnel director, William Brownrigg, was \$7,000. Brownrigg left the state's service to organize a merit system in the federal department of justice, headed by former Governor Frank Murphy, soon after Republicans took over the reins of state government on January 1.

Anderson, whose appointment is effective August 16, will become the fourth man to head the Michigan civil service department since the first of the year. Pennabaker succeeded Warren M. Huff, who like Brownrigg went to Washington, only a few weeks ago.

Selection of a fifth personnel director for Michigan is expected to await the appointment of a fourth civil service commissioner by Governor Dickinson. The former civil service chairman, Edwin Donahue of Niles, has not served since the senate adjourned in June without confirming his reappointment as a result. Democrats have a two-to-one majority on the commission.

Witch Hazel Holdup Fails In Milwaukee

Milwaukee, Aug. 11 (AP)—A nonchalant 19-year-old youth who attempted to hold up a downtown bank by threatening to drop a bottle he said contained nitroglycerine was charged today with assault with intent to rob.

Arrested after quick-witted cooperation of a bank teller and bank customer in calling police, the youth identified himself as Russell Lloyd Barry, and said his father was an aeronautics engineer at Denver, Colo.

The youth gave a scribbled note to Victor Nilson, teller at the Marine National Exchange Bank, threatening to drop the bottle he carried unless Nilson handed over currency to him. Nilson handed the note to Reginald Ferris, another teller, who wrote a message saying "Call the cops" and handed it to a customer at another window.

The "nitroglycerine" turned out to be witch hazel, in the original bottle in which it was purchased from a drugstore, with the label removed.

Wife Charged With Saginaw Homicide

Saginaw, Mich., Aug. 11 (AP)—Isreal McDavid, 43, was shot to death today and Justice Arthur Clements issued a first degree murder warrant naming his wife, Beatrice, 45.

Prosecutor Joseph P. Friske said Mrs. McDavid related that he had been in a minor automobile accident, a quarrel followed and she shot him twice with a revolver.

LONE BANDIT GETS \$1,800 London, Ont., Aug. 11 (AP)—A small, dark complexioned and poorly dressed man held up the Royal Bank here today and escaped with \$1,800.

Lured By 'Scout'

Captured near Roca Raton, Fla., Charles Jefferson, self-styled talent scout, is reported to have confessed slaying one of two 17-year-old Miami girls, Frances Ruth Dunn, lower, was knocked down, killed; Jean Bolton, top, was released by captor. Jefferson had persuaded girls to leave Miami by stating he wished to photograph them at Palm Beach.

MIAMI KILLER'S PAST IS BARED

Mobs Threaten 'Scout' Charged With Murder of Schoolgirl, 17

West Palm Beach, Fla., Aug. 11 (AP)—Police in widely scattered sections of the nation sought through fingerprints today to link their unsolved crimes to blond Charles Jefferson, bogus "talent scout" charged with the murder of 17-year-old Ruth Frances Dunn.

Fear of mob violence caused officers to send the 34-year-old prisoner secretly to Orlando last night and a continued undercurrent of feeling today brought an indefinite postponement in his arraignment. He was held incommunicado in a fourth floor cell.

These precautionary steps were taken after County Solicitor W. E. Roebuck had made public a signed statement in which the erstwhile actor-radio announcer acknowledged assaulting and slaying the pretty Miami schoolgirl after he lured her and Jean Bolton, 19, from home with promises of movie jobs.

Before Jefferson's arraignment, officers hoped to question him in detail about unsolved sex crimes in Pennsylvania, California and other states involving girls who were ambitious for screen or radio careers.

G-men entered the case when records showed Jefferson, then listed as Tom Cochrane, was wanted for violating parole in Denver, where he was charged with impersonating an officer.

Authorities expected a grand jury to be reconvened Monday to consider the case. The prisoner probably will remain in Orlando some 200 miles from the crime scene, until he is called to court.

Purse And \$1,565 Returned; Owner Omits 'Thank You'

Bluefield, W. Va., Aug. 11 (AP)—Miss Margaret Litton had only a clear conscience today as her reward for returning a purse containing \$1,565 to its owner.

The pocketbook was left on a counter of the dime store in which Miss Litton works. She found it and turned it into the office.

Hours later the distraught owner came in and claimed it. "She might at least have thanked me," said Miss Litton, "but maybe she forgot."

Armed Robber Caught In Manistique Chase

Manistique, Mich., Aug. 11—After a fast chase over Manistique streets, during which several shots were fired, state police tonight reported the capture of Edward Ahrens, 17, of Waukegan, Ill., charged with holding up a gasoline filling station at Thompson at the point of a gun.

EUROPE TENSE AS TROOPS GO IN MANEUVERS

HUNDREDS CALLED TO COLORS; EYES ON GERMANY

(By The Associated Press) Intense diplomatic activity throughout Europe reflected growing tension in the international situation yesterday (Friday) as hundreds of thousands of troops were called to the colors for full maneuvers in Yugoslavia, Rumania and Italy.

The eyes of most diplomats were on Salzburg, Germany, where the German and Italian foreign ministers, Joachim Von Ribbentrop and Count Galeazzo Ciano, opened a three-day conference on the international situation.

Polish Envoy Calls Poland's ambassador to London, Count Edward Raczyński, called at the British foreign office for the second successive day to discuss the Danzig situation.

The Turkish and Yugoslav envoys to London also made foreign office calls which were regarded as significant in view of increasing concern reported from southeastern Europe.

Reports from Paris said Premier Daladier ended his vacation to assume personal command of the French government.

High government quarters in Berlin expressed the opinion the Danzig problem had reached an "acute stage." At the same time, foreign diplomatic circles in the Nazi capital were equally convinced the relationship of Hungary to the Rome-Berlin axis had reached the stage where further clarification was necessary.

Hungary is a partner of Germany and Italy in the anti-communism pact.

King Cuts Vacation Thursday night's speech by Albert Forster, Nazi district leader in Danzig, was interpreted officially in Berlin as Danzig's unequivocal demand that "the unholy economic and diplomatic junction of the free city to Poland" be ended at once.

Dragisa Cvetkovich, Yugoslav premier, was in Trieste, Italy, conferring with representatives of the Italian government.

King Carol of Rumania cut short his vacation to return to Bucharest after talking with Turkish and Greek leaders.

British and French military missions arrived in Moscow to begin staff talks with Russian commanders in hope of speeding up negotiations for a British-French-Russian mutual assistance pact.

Britain also was busy with the Far Eastern situation. The government announced after considering new evidence that four alleged Chinese terrorists—center of the dispute which led to Japan's blockade in Berlin—would be handed over to local authorities for trial.

Japan halted the British announcement as an important victory and a long step toward solving difficulties with Britain.

In China the combined efforts of a score of United States diplomatic and consular officers had failed so far to clarify the reported detention of at least 36 American missionaries at Kaitung, some of them women and children.

First Delegate Arrives Here

To John T. Girard of Dearborn goes the honor of being the first out-of-town Legionnaire to arrive for the state American Legion convention to be held in Escanaba Aug. 19-22. Comrade Girard, who is a member of post 173 at Dearborn, arrived in Escanaba Thursday, more than a week early, but he says he likes Escanaba anyhow, and won't mind waiting. He is staying at Clement's, 304 South 11th street.

Publisher Annenberg Indicted On Charge Of Failing to Pay \$5,548,384 Income Tax

Chicago, Aug. 11 (AP)—M. L. Annenberg, whose publishing interests and horse race information services span the continent, was indicted today on charges of failing to pay \$5,548,384 on his income in the largest criminal tax case on government records.

A federal grand jury accused him of "willfully" evading income taxes totaling \$3,258,809.37 during the five years in the 1933-36 period and, in casting up the account, added \$2,289,574.92 in penalties and interests.

Charged with aiding and counseling him were Annenberg's son, Walter, and Arnold W. Kruse and Joseph E. Hafner, alias Samuel Goldfarb, who were listed as officials of the Ceceola company, top holding firm in Annenberg's newspaper and wire empire.

Annenberg, publisher of the Philadelphia Inquirer and a number of magazines and turf sheets and owner of a racing news network reaching across the United States and into Canada, issued a statement declaring he welcomed an opportunity to present his side of the case in court and asserting neither he nor his associates had any intention of violating the laws.

"There will be many more Annenberg indictments," District Attorney William J. Campbell told reporters later. He declined to amplify the grand jury which made a two-month inquiry into Annenberg's income was "still considering other Annenberg phases" and would resume its sessions next Monday.

The jurors who returned the Annenberg indictment heard 227 witnesses and studied 17 types of services and five different types of business since they were sworn on June 5. The second jury began work on July 11.

Bond was set at \$100,000 for the publisher and at \$25,000 for each of the other defendants.

Earlier in his career Annenberg—now 61—had served as circulation manager of the Chicago Examiner, publisher of the Wisconsin News and circulation manager of all Hearst newspapers and magazines.

Strike Of Adrian Park WPA Ended

Adrian, Mich., Aug. 11 (AP)—A one-day strike of 140 WPA workers on a park project here ended today when all but about 50 laid off under the 18-month work limitation returned to their jobs.

They struck yesterday in protest against working only half time, consequently getting only half as much pay. Arrangements were made to assign some of the men to other projects so all could put in full time.

PICKETS HALT JOB

Boysie City (AP)—Work on the top-o-Michigan rural electrification project halted Friday after 30 non-union workers set up a picket line outside the office of the contractor and refused to allow union men to remove pickets. The pickets said they represented 55 local non-union workers who were laid off Tuesday after the contractors agreed to employ only union help.

ARMY BOMBER MISHAP TAKES LIVES OF NINE

FORMER ISHPERING MAN PILOT ON FATAL TRIP

By The Associated Press Two plane crashes—one of an army plane near the Atlantic coast and the other of a navy plane near the Pacific—took the lives of eleven service men today. Both planes burned.

The army plane, a bi-motored bomber crashed and burned at the Langley Field, Va., army air base, killing two commissioned officers and seven enlisted men. The accident occurred as the plane took off for a routine navigation flight.

Two fliers died in the crash of the navy plane near San Diego, Calif., during gunnery exercises.

Langley Field, Va., Aug. 11 (AP)—An army bomber plane, taking off for a local training flight, crashed and burned here today, killing its crew of two commissioned officers and seven enlisted men.

The crash, described by officials here as one of the worst army aviation accidents in recent years, was apparently due to motor trouble. After attaining an altitude of about 150 feet, witnesses said, one of the ship's two motors appeared to have stalled and the wing drooped.

Went Into Dive The pilot, Second Lieutenant Homer M. McKay, apparently in an effort to straighten the plane, started gliding toward the waters of Back River, only a short distance away. The plane, however, went into a dive and crashed fifty feet from the water's edge, the wreckage bursting almost immediately into flames.

Witnesses said they heard an explosion as the plane struck the ground and a series of about six explosions during the next few minutes. Crash truck and ambulance crews raced to the scene, but were rendered helpless in a rescue attempt by the flames and intense heat. The bodies could not be removed until about two hours later.

Investigation Started A board of inquiry was appointed and immediately started an investigation.

Army officials list the dead as follows: Second Lieutenant Homer M. MacKay, of Lansing, Mich., married.

Second Lieutenant Thomas L. Butler, Burnsville, N. C., married.

Technical Sergeant William Morgan of Norton, Va., married, two children.

Staff Sergeant Raymond Shelley, Oakdale, La., married, one son.

Staff Sergeant Everett Kirkpatrick of Gallens, Wash., married, four children.

Staff Sergeant Howard A. Jaureg of Meridian, Idaho, married.

Corporal Pete Bynak of New York.

New York Fliers Off For Ireland

St. Peter's, N. S., Aug. 11 (Canadian Press).—Two New York fliers took off for Ireland today in the same type of plane that carried Charles A. Lindbergh across the Atlantic 12 years ago.

They were Alex Loeb, 32, and Dick Decker, 23. The pair didn't announce their plan until they were almost ready to go, and only a few spectators saw them rise from a sandy beach near this Cape Breton Island community.

The take-off was at 9:04 a. m. E. S. T. In the early afternoon a plane seen flying east high over the south coast of Newfoundland was believed to be Loeb's and Decker's.

Loeb said he first decided to fly the ocean when Lindbergh made his historic flight to Paris.

The fliers took along a box of sandwiches and a bottle of tea. They did not name their destination but Loeb said "We have absolute faith in our instruments and a wonderful ship, so we can't lose."

The plane has a cruising speed of 125 miles an hour. They took 350 gallons of gasoline, figuring it would keep them aloft 25 hours, and Loeb expected to make the flight in 20 to 22 hours with favorable weather.

Schaffer Man Describes Experiences In Orient

Schaffer, Mich.—After visiting at the home of his parents for three weeks, Leo J. Potvin, radio-man First Class, U. S. Navy, returned to duty in Washington, D. C. This is his first visit home in five years, four of which were spent in the Orient.

While serving on the U. S. S. Augusta, flagship of the Asiatic fleet, he visited various ports in Japan, China, Malay States, East Indies, and the Philippines.

After eighteen months of duty in Shanghai, China, he sailed for the United States on the U. S. S. Sacramento, an old coal burner which is soon to be turned over to the Naval Reserve in the Great Lakes.

The Sacramento returned via Suez Canal and Europe stopping at many ports where historical points of interest were visited, among these being Bombay, Cairo, Naples, Rome and Paris.

Squalus Salvage Work

Upon arrival in the U. S. the ship proceeded to the Squalus Salvage area in connection with the raising of the sunken submarine. Leo was transferred to his present station after one month of salvage work off Portsmouth, N. H.

Sailor Describes

The following is a description of a sightseeing trip to Peiping, China where many interesting historical places were visited.

"The U. S. S. Augusta arrived in Chinwangtao on September 15. Our leave party, which consisted of about forty servicemen and twenty officers, left the ship and boarded a train, which left at 10:20 a. m. from Chinwangtao and arrived in Peiping about six that evening, dirty, hungry and tired. It wasn't long before we had cleaned up so we could eat, as the chow was ready when we got there. We lived at the Marine Barracks while we were in that locality.

Visit "Temple of Heaven"

"At eight the next morning we boarded buses and went to the Temple of Heaven, one of the most beautiful temples in China, which isn't hard to believe after seeing it. It is circular and has quite a bit of wood carvings, which they have in nearly all their temples, throne rooms, palaces and gates. On the same grounds, a short distance away, is the Altar of Heaven. The Altar consists of three white marble terraces, each three steps above the other. The lower step is about 200 feet in diameter. On the top step or terrace is the place where the Emperor stood and prayed.

"In the center the Chinese claim is the Center of the Universe. The Emperor came here and offered sacrifices, such as burning the full-blooded steer. When the smoke rose from the offering the God of the Heavens was ready to hear the Emperor's prayer. This Temple is enclosed with a stone wall about three miles in circumference.

Temple of Torture

"Next place we visited was the Temple of Torture, where people who had committed crimes, were tortured before being put to death—such as cutting their ears off, pulling their tongues out, or burning their eyes out, all according to the seriousness of their crimes. After they had suffered for a certain length of time, their heads were chopped off.

"All these historical events were told in the form of statues group is asked to meet at 112 South Tenth street at 1:30 p. m. before going to Ford River.

CITY OFFICIALS WILL MEET HERE

Discussion Is Planned On Delinquent Tax Land Usage

Representatives of upper peninsula municipalities will meet with officials of the land division of the state conservation department in a conference on delinquent tax land use within municipalities, which will be held at the Delta hotel August 31 and September 1.

Sponsoring the conference as a type of training program are the conservation department, the Municipal League, and the state board of control for vocational education.

The program will be centered around three broad topics. The first of these is an analysis of the general tax law, its history, present provisions and the detailed mechanics of its operation with special reference to the delinquent tax lands. The second will be a discussion of its result, the number and types of descriptions to which title is reverting to the state, and procedure to follow in making a determination of their status. The last topic will involve suggestions on the disposition of the property, uses to which such lands may be placed, and the working out of maps and other fundamental aspects of a program for accomplishing this job by the municipality in conjunction with the conservation department.

Policy Explained

At a recent meeting of the Michigan Municipal League in Crystal Falls, F. P. Struhsaker, head of the lands division, explained that the conservation department has adopted a new policy in handling delinquent urban lands that revert to it. All tax reverted lands within city limits can be used for municipal use, he said, but when such use ceases, the land again reverts to the conservation department.

The conference here will open at noon Thursday with a luncheon at the Delta hotel. The first meeting will be held at 1:30 p. m. and the second at 7:30 p. m. Two sessions will be held on Friday, one at 9 a. m. and the second at 1:30 p. m.

According to Herbert A. Olson, Municipal League director, the meeting should go a long way in solving many of the difficulties

Free Publicity Demands Eased With New Bill

Requests for free publicity, political and commercial propaganda, and other similar material which should be published only as advertising, if at all, constitute a large part of every newspaper's daily mail.

The largest part of the contents of an editor's wastebasket is composed of discarded mail, thrown there without even more than a cursory glance at the envelope, which disclose at a glance the inner contents.

In a five day week during which an accurate check was kept, 120 pieces of this publicity and propaganda moved across the editor's desk of the Daily Press—with only two pieces being of sufficient news interest to warrant running. An analysis of the publicity reveals that 72 pieces came from private business, 16 from magazines and other publications and 31 from governmental publicity departments. Governmental propaganda, until several weeks ago, far outnumbered all other but a recent law has eliminated most of it.

From All Sides

Publicity comes from almost every conceivable agency. During one week, six letters came from the Council Against Intolerance in America. Other letters came from the Foster Parents Plan for

within municipalities arising from isolated areas, vacant property and demands for expensive special improvements as well as ordinary maintenance functions such as snow plowing, grading, sewer service and cleaning, street lighting and sidewalk repair. It will also aid the conservation department to formulate equitable policies consistent with the desires of the municipalities.

Free Publicity Demands Eased With New Bill

Requests for free publicity, political and commercial propaganda, and other similar material which should be published only as advertising, if at all, constitute a large part of every newspaper's daily mail.

The largest part of the contents of an editor's wastebasket is composed of discarded mail, thrown there without even more than a cursory glance at the envelope, which disclose at a glance the inner contents.

In a five day week during which an accurate check was kept, 120 pieces of this publicity and propaganda moved across the editor's desk of the Daily Press—with only two pieces being of sufficient news interest to warrant running. An analysis of the publicity reveals that 72 pieces came from private business, 16 from magazines and other publications and 31 from governmental publicity departments. Governmental propaganda, until several weeks ago, far outnumbered all other but a recent law has eliminated most of it.

HIGHWAY GROUPS TO HOLD PICNIC

Van Wagoner to Attend Affair at Pioneer Trail Today

Between four and five hundred guests, among them Murray D. Van Wagoner, state highway commissioner, members of his Lansing staff, and other high-ranking officials, are expected to attend the second annual picnic of the upper peninsula branch of the State Highway Department at Pioneer Trail park today.

Among the officials to be present are G. Donald Kennedy, deputy commissioner in charge of business administration; H. C. Coons, deputy commissioner-chief engineer; Lewis M. Nims, deputy commissioner in charge of construction and operations; J. G. Schaub, engineer of construction and operations; V. B. Steinbaugh, consulting engineer; David F. Ruse, secretary to the commissioner; R. C. Seelye, assistant to deputy commissioner in charge of business administration; James M. Kane, director of the land and legal division; L. B. Reid, director of finance division; Len C. Sauer, director of office management division; Wm. McLaughlin, research and testing engineer; Bursleigh Downey, road maintenance engineer; Wm. Muller, assistant director of the public relations division; Dale Munk, chief auditor.

Address by Van Wagoner The program, which is planned to begin at 11 a. m. with a golf tournament at the Escanaba Country club, will include the introduction of Mr. Van Wagoner, who will give the welcome address, by Ben F. Sparks, division engineer, Escanaba, who is master of ceremonies for the affair.

Prize contests will be held in the afternoon at the baseball diamond, including a husband calling contest, novelty races, and a boxing match for the highway championship. Two baseball games are planned for the afternoon schedule, one between the construction and maintenance departments, and one between district 1 and district 2 of the highway department.

Dinners, Movies in Grove A dinner will be served between 5 and 7 p. m. in the grove at Pioneer Trail. Prize drawings are planned for seven o'clock at the baseball field, and three movies, "Championship Fights," with Jack Dempsey, "Fly Casting," with Tony Accetta and "Michigan Highway Adventures" to be projected in the grove at 8:30 p. m. will conclude the planned program.

In case of rain, it is announced that the program will be held in the Coliseum.

Chairmen of various picnic committees are as follows: Prizes, Earl Theriault; baseball, Ed Kremer; games, Paul Faircloth; ticket, Harry Watkins; golf, H. A. McPherson; publicity, Ben Sparks; refreshments, Robert Russell; ground, Lawrence Farrell, and food, W. J. DeCock.

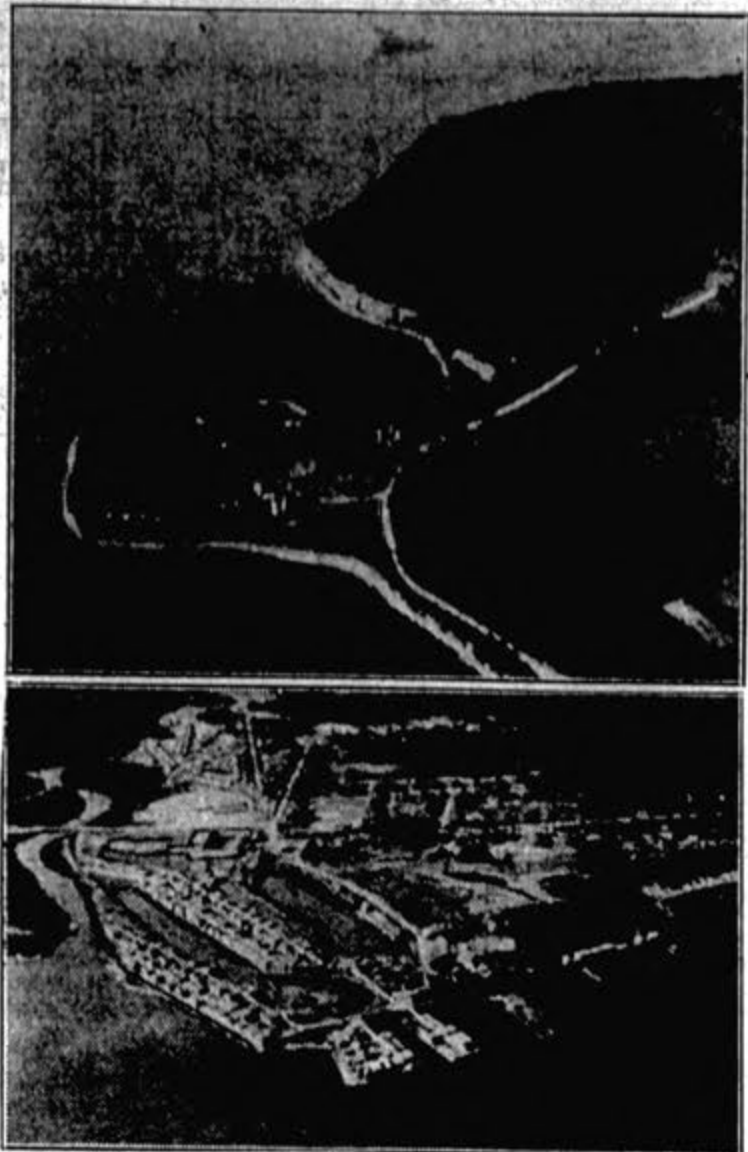

COMMITTS SUICIDE

Marquette—In a fit of insanity, Frank Novak, 55, of Big Bay, shot and killed himself in his two-room shack yesterday or Wednesday, after he had told a friend his head hurt as the result of a mill accident, and "if it doesn't let up, I'll have to shoot it away."

But he failed to burn down his kerosene-soaked shack, as he had planned, because the paper he ignited and held while pulling the trigger of his shotgun burned up to his hand and went out.

Novak's body was found, partially clothed, lying on a bed in his shack by his friend, Joe Iskro, about 9 a. m. yesterday. Iskro became alarmed when Novak was unreported since Monday.

Air Views of County Harbors

These interesting aerial views of the "shell" harbor at Fayette (top) and the lumber yards and docks of the Bay de Noquet company at Nahma were taken recently by Walter Arntzen, Escanaba aviator, and were published in the bulletin of the Lake Michigan cruising committee. A number of Escanaba yachtsmen are planning cruises to Fayette and Nahma this month.

Escanaba Convention Parade All Lined Up

To the accompaniment of bands, bugle corps, and the tramp of several thousand feet, the annual Michigan American Legion parade will swing down Ludington street Monday morning, Aug. 21, one of the feature spectacles of the 21st annual state Legion convention to be held in Escanaba Aug. 19 to 22. Probably the largest crowd ever assembled on Ludington street will watch the parade, scheduled to start at 10 a. m. and due to last for more than two hours. Last year at Battle Creek it is estimated that 50,000 people witnessed the annual state convention parade.

The starting point for the parade will be on west Ludington street, at Stephenson, and the line of march will be down a gaily decorated Ludington street as far as South Second street. The reviewing stand for department officials and national representatives will be erected in the 900 block on Ludington.

Legion districts will fall in for the parade in the order of their membership percentages, with the 18th district leading the marching units. Following is the order of march and schedule for the parade formation, as announced last night by Emmet Meehan, parade chairman:

Landing force of Cutter Escanaba. State championship drum and bugle corps. State Auxiliary officials. Guests of honor.

Above group will form at head of Ludington street, near Stephenson avenue.

Districts will fall in in the following order: 18th and 8th district on Stephenson avenue between First and Second avenue north.

17th, First avenue north at Stephenson.

1st, 13th, 14th and 15th, First avenue north at Stephenson, opposite 17th district.

5th, First avenue north, off Stephenson.

3rd, 200 block on Stephenson. 4th and 2nd, Second avenue north at Stephenson.

7th and 9th, Second avenue north at Stephenson, opposite 6th district.

6th, 300 block on Stephenson. 10th, Third avenue north, at Stephenson.

12th and 11th, Third avenue north, near C. & U. W. depot. Floats and commercial displays will form on the south side of Ludington street, joining the parade at Ludington and South 17th street.

State Horseshoe Tournery Opens At Iron River Sunday

Alfred Norlien and Clifford Anderson will be among the entrants who will compete in the state horseshoe pitching tournament which will be held August 13, 14 and 15 at Iron River.

The entry list is headed by Bobby Hitt, 1938 state champ, and his father, Verge, who finished as runner-up last year. Also entered is Jack Hoeksma, of Grand Rapids, who is considered one of the best pitchers in the state and the world's leading player with a three-quarter reverse turn.

Entries from the Detroit area include Lee Rose, Albert Field, M. B. Getz, R. Harley Rizor, Carl Lundgren, James Burf, Mark Goodell, Joe Raymo, Joe Kelly and others, while William Miller, Charles Pinkstaff and Ray Middleton head the Flint delegation.

Trophies for the tournery are being donated by the Lattore and Letsgood Horseshoe company and include a 24 inch cup and gold medal for the winner and medals for others who place.

2410 DISMISSED FROM WPA ROLLS

252 Workers Furloughed From Delta County, Says Report

Harold W. Gill, director of the works projects administration in the 15 counties of upper Michigan, said yesterday that 2,410 men will be without work this morning, crossed from the rolls temporarily because they have received relief continuously for 18 months or more. Of that number, 252 are from Delta county.

The 30-day furloughs were made mandatory by congressional act during the last session. They were held up temporarily by Colonel F. C. Harrington, national administrator, pending clarification of the action.

Gill revealed that the peninsula's relief load, as of today, is 13,635, Houghton county leading the roster with 2,627 WPA workers. Delta county's load is 1,635, third on the list.

May Reapply In Month Whether the men will eventually be taken back on the rolls is doubtful. Although they may apply for reclassification by the emergency relief administration after their 30-day furlough is up, they will not be reassigned to projects immediately—even if they secure certification—unless there is a demand for labor.

But as Abner E. Larned, state administrator, warned in a notice posted on all projects yesterday, "in fairness it should be stated that because of lower employment quotas for WPA, opportunities for employment on WPA at any time in the near future are limited."

Gill called attention to the fact that the total number to be released in the peninsula is 2,410, whereas it had been estimated that at least 2,700 would lose their jobs. The lower number was arrived at in the district office, he said, because it was found some of the men who had worked on WPA continuously were war veterans—exempted from the furlough—and that others had been released previously, either because of reduced appropriations or because they had found private employment.

Dismissal By Counties The breakdown by counties follows:

Table with 3 columns: County, Released, Load. Lists counties like Alger, Baraga, Chippewa, etc., with their respective numbers.

Totals ----- 2,410 13,635 The upper peninsula district formerly was No. 5, but it was changed to No. 1 on August 1.

Newberry Launches Sidewalk Program

Newberry, Mich.—The Newberry sidewalk program, is expected to go into effect, Aug. 15 according to S. D. Foster, village president of Newberry.

Mr. Foster reports that, that about 12 miles of sidewalks will be built, including new sidewalks, and replacement sidewalks.

Labor will be furnished by the government. WPA administration, the village of Newberry will furnish the material and equipment. Property owners will be asked to pay 60 cents per square yard of sidewalk. The village will pay all balance of material cost.

Property owners on more than 10 blocks in Newberry, already promised cash for material costs. This is mostly in the business districts. Newberry residents see the need and importance for these new sidewalks, are cooperating in every way, to put this program into effect.

The village council of Newberry estimated in their meeting last Monday, that a square yard of concrete will cost 88 cents, but the balance over 60c will be paid by the village.

Newberry Locals Mr. and Mrs. Jack Radaski, left Newberry Monday evening by train for a month's vacation touring in the western states.

Lawrence Potvin, five year old son of Mr. and Mrs. Potvin of Newberry, who underwent a minor operation last Tuesday, is making a good recovery at the Newberry Clinic.

The car belonging to Carol Edgar, which was stolen last Saturday night. The car was found Monday evening parked near the Luce fairgrounds. No damage had been done to the car, but it had been driven about 200 miles according to the speedometer. The state police of Newberry are still investigating the case.

The Newberry Legion band will be in new uniforms, for the Escanaba convention. Jack Baetz, director of the Legion band announced that the uniforms cost the Legion \$200.

RADIATOR COVERS Many home owners question the use of radiator covers because they feel the covers cause heat loss. Covers with openings at the bottom and grills either on top or at the top of the front face with the balance of the face closed, while cutting down radiated heat, will increase convection heat.

Conant to Teach Photo Finishing At Nahma School

Howell Conant, photo illustrator of Marinette, Wis., has been engaged to conduct a course in photo developing and finishing at the Nahma Vacation School to be held at Nahma, Aug. 13 to 26.

Mr. Conant is the son of H. A. Conant, who operated a photographic studio in Escanaba for about a dozen years and also a branch studio in Nahma. He moved to Marinette in 1912. Howell Conant is a graduate of the Marinette high school and the art school of the University of Wisconsin. Later, he studied under eminent photo illustrators at the Art Center in Los Angeles, Calif. He is at present associated with his father at the Marinette studio.

A well-rounded photographic course will be offered to the public at the Nahma Vacation School. Other instructors will be Wallace Kirkland, Chicago, photographer for Life and other magazines, who took the Deer Hunters Shindig pictures at Nahma two years ago, and Ormal I. Sprungman, free lance cameraman and writer, who also serves as camera editor of Sports Afield magazine.

Kirkland will conduct courses in photo journalism and nature photography. He will take the Nahma students on field trips to industries, scenic places, the state Legion convention and other spots, where interesting pictures are to be had. Sprungman will offer courses in non-fiction magazine article writing and nature photography. He contributes many articles to Popular Photography and other photographic publications and to the various hunting and fishing magazines. He also is an expert in movie camera work, and will show several reels he has taken in various parts of the North American continent.

TREASURERS WILL HOLD CONFERENCE

Auditor General Calls Session for U. P. County Agents

County treasurers from every county in the upper peninsula have been invited to attend a conference in the Marquette county court house here on September 14, called by Vernon J. Brown, auditor general. In a letter to John L. Moroney, Marquette county treasurer, the auditor general expressed the hope that all county treasurers in the U. P. could meet at Marquette for the purpose of discussing preparation of tax records, under the new state law. For many years all tax sale records for the disposal of delinquent property have been prepared in the auditor general's office at Lansing and shipped to county treasurers' offices.

Under the new law all tax sale records will be prepared by the county treasurer's staff, working in cooperation with the auditor general's office. This will save the expense of shipping voluminous tax records to all parts of the state from Lansing and will assure that all records are up to date at the time they are advertised.

Because of the large volume of work the auditor general's office on a number of occasions has had to prepare some of the tax sale lists so far in advance of the date of tax sale that they included many descriptions upon which taxes were paid within a short time. Nevertheless, all descriptions included in the list by the auditor general's office were advertised for sale, even though taxes had been paid before the descriptions were published.

Under the new system, all lists can be brought up to date within a very short time before publication begins, thereby eliminating the needless and confusing advertising of a large number of descriptions that could not be sold.

Yachts to Cruise To Fayette, Nahma During Week-End

Members of the Escanaba Yacht club are going on cruises to Fayette and Nahma this week-end, it was announced yesterday.

Boats scheduled to make the trip include: Vagabond, W. J. Anthony; Sandra II, J. H. Shipman; Onoway, O. V. Thatcher; Marjoe II, John E. Erickson; Doris, Clyde Cole; Nautigal, Edward Erickson; Escapade, Lancy Clairmont; Gormyac, Derlin Remington; and Bijou, John Bissell; Kaydee II, Denis McGinn; Nautilus, Dr. Deslett. The boats will leave Escanaba this noon and will arrive in Fayette harbor this evening. They will leave Sunday morning for Nahma, where the Nahma Vacation School for writers, artists and photographers will be in session. The boats will return Sunday evening.

TAX IS COLLECTED ON UTILITY BILLS

Light, Gas and Steam Accounts Include Sales Tax

All electric light, power, gas and steam bills which are being sent out by the Escanaba utilities department to customers for July usage are carrying a three per cent sales tax charge, as provided for by a new law passed at the last session of the state legislature, which made sales by municipally owned utilities subject to the state tax.

According to figures compiled by the city manager the tax will amount to \$7,000 a year or approximately \$600 per month. This total includes all three utilities.

A complaint was filed during the past month against the new law by a number of cities including Escanaba in appeal of the law to the state supreme court. The case will be handled by the Michigan Municipal League and probably two city attorneys.

Hearing Date Not Set Pending outcome of the case the hearing date for which has not been set, the sales tax funds collected on current sales will be held in escrow. If the law as it applies to municipal utilities is upheld, the money will be paid to the state treasury, but if the law is held invalid, the money will be returned to the persons who paid the tax.

On a previous occasion a sales tax on electric current was collected in several cities, but the supreme court ruled that the state law was not broad enough to cover municipal utilities and ordered a refund of the taxes collected. Most of the refunds were in the form of credits made against accounts receivable.

The sales tax is not collected on water bills because the legislature decided to exempt this service.

Prince Edward Island, originator of the Canadian fur farming industry, now ranks fourth among the nine Canadian provinces in this respect.

It's Fair Time

ALTHOUGH Escanaba will be without its state fair this year, most of the counties of the Upper Peninsula will be holding their agricultural expositions as usual.

The state furnishes half of the premium money for the holding of the county fairs, while the Upper Peninsula State Fair and Michigan State Fair are financed by special legislative appropriations.

Announcements of approaching state and county fairs call attention to the early origin of a movement which in its heyday saw nearly 3,000 fairs held annually throughout the United States.

The distinction of holding the first agricultural fair in the United States long claimed for Pittsfield, Mass., where one was held in 1810 by the Berkshire Agricultural Society.

Here racing, with the steadily growing assembly of tented entertainment, the "shell-game" and other gambling devices, were later developments, which continued and increased despite opposition, largely because of the difficulties experienced by managing committees of fairs in raising sufficient income for expenses and the payment of premiums.

But despite some of their objectionable features, these fairs are anxiously awaited each year by the urban and rural folks, and their value as incentives to promote agriculture have long been recognized.

Preferably Dead

A NEW YORK gangster has been branded as public enemy number one and a price of \$20,000 put on his carcass, dead or alive. No doubt the authorities hope to have the pleasure of paying over the money for his body after the breath of life has left it.

Of all low-down fates that can befall a dweller in America, that of becoming a branded public enemy is the lowest. The creature who sinks to that level is beyond pity and compassion, and becomes a subject for profound abhorrence.

The mother who bore this public enemy doubtless hoped, as all decent mothers do, that her son would become a useful citizen. He has had his chance and has taken a course that leads him to ruin and eternal disgrace.

To be thought reasonably well of is a goal for which most of us consciously or unconsciously strive. There is a real reward in being an appreciated part of humanity, and in feeling that one has at least tried to do something worth while for others.

Imperialism

THE grant to the Standard Oil Co. of California of an oil concession covering the whole kingdom of Saudi Arabia is a very significant event.

Twenty years ago a great cry of "imperialism" would probably have gone up at any such announcement. But the very fact that this concession was obtained by Americans at all shows that today there is imperialism—and imperialism.

There is the technical imperialism which is a matter of capital in Country A obtaining economic control of certain resources in Country B. But there is another imperialism afoot today, in which such a concession would be nothing but a stepping-stone toward a greater imperialism, one which would mean actual, tangible, physical and political control.

It is said to be because he mistrusted their motives that King Ibn Saud rejected frantic offers for his oil concession on the part of Germany, Italy, and Japan, as well as Britain and France. He felt that none of them would be content merely to exploit the oil and have done with it, for such has political ambitions and plans which might affect Saudi Arabia. The United States has none, as King Ibn Saud well knows.

So, although the American offer was not up to the glittering marks set by special envoys from the German, Italian and Japa-

Some 200,000 German-speaking people living in the South Tyrol were transferred, by the Treaty of St. Germain signed in 1919, from Austria to Italian sovereignty.

There might be the germ of a thought here for some of the South American countries who have been afraid of American "imperialism," at various times in the past perhaps not as ungrounded fear. But for 10 years the United States has made it quite clear that such business as it does with foreign countries is without political strings.

It is to be hoped that this now concession will be operated in accordance with the best modern principles of such arrangements, namely, that both parties shall benefit in proportion to what each contributes to the enterprise.

Other States Use It THE Detroit News observes that Michigan, while seemingly uninterested in civil service reform for its own benefit, is contributing trained personnel for installation of merit systems elsewhere.

Warren M. Huff as director of Michigan's state civil service department, is quitting," the News states in an editorial.

It's all very baffling to these loyal sons of South Tyrol. Yet only the children, who are punished for speaking German in school, can read these Italian writings on the wall.

SOUND POLICY BEARS FRUIT (Marquette Mining Journal)

The fact that Marquette last year had the lowest tax rate for general city purposes of 146 Michigan municipalities reporting to the Michigan Municipal League is pleasing, but not surprising.

Profits of the city-owned utilities would not have been sufficient to carry the greater part of the cost of government, as is now the case, if those handling the city government over a period of years had not placed debt reduction first.

Completion of the light and power improvement this fall probably will further increase the earning power of the department, which has been rising steadily to new highs.

Officials will not have to seek ways to spend utility revenues. A large portion goes for tax reduction through the transfer of money from utility funds to the general city fund.

The Washington Merry-Go-Round

BY PEARSON AND ALLEN Chicago—The big gamblers in Chicago will tell you that Giuseppe Zangara, the little Italian who shot at Roosevelt in Miami in 1933, had no intention of hurting the President-elect, and that this was all a part of the gambling warfare of Chicago.

Mayor Tony Cermak, they explain, had transferred the control of Chicago's gambling industry from the Capone gang to a friendlier group. So Zangara was coked up by the Capone gang to shoot Cermak.

This may or may not be true. But it does appear to be true that today Chicago's gambling is under the suzerainty of William R. "Billy" Skidmore and associates, and that the Federal Government, steered by the crime-crussading, red-headed gentleman in the Justice Department, Frank Murphy, is determined to put the skids under them.

Furthermore, it also appears to be true that the Chicago grand jury investigation of Moe Anenberg conducted by Murphy's men will be seriously embarrassing to some of Roosevelt's strongest third term rosters.

ROOSEVELT CLEAN-UP The paradoxical fact about the situation is that it is Roosevelt's closest advisers who precipitated the whole Chicago proceedings and who apparently are intent on cleaning up Chicago.

The White House campaign began late last fall when Tom Corcoran, No. 1 Brain Trust, flew out to Chicago and selected William J. Campbell to be U. S. District Attorney. This is the forthright youngster who has been conducting the grand jury investigation of Anenberg, Skidmore and others, and the Corcoran strategy in selecting him was political genius.

For young Campbell is the protégé of Bernard J. Shiel, Catholic Auxiliary Bishop of Chicago and the right arm of Cardinal Mundelein. He was also the attorney for the Catholic Youth Organization which Bishop Shiel founded.

Now, it is the habit of city bosses to insist rather vigorously that they control the federal district attorney in their city. Boss Pendergast of Kansas City felt strongly about Maurice Milligan, the U. S. attorney there; and Mayor Kelly had his own ideas about the successor to William Igoe, the former U. S. attorney in Chicago.

The White House, knowing this, was smart enough to nominate a protégé of Bishop Shiel's and Cardinal Mundelein's, whom Mayor Kelly could not possibly oppose.

Campbell still is in his lower thirties, lacks the Harvard polish of the Brain Trust, went to night school, and has had little real experience. However, he has the gambling world of Chicago staying awake nights with worry.

The grand jury investigation centers on income tax evasion. The case of Moe Anenberg, wealthy publisher and distributor of race track information, has been outlined in a previous column. Another important defendant is the famous Billy Skidmore, whose ostensible income comes from operating a junkyard.

SKIDMORE'S EGGS In order to check the activities of Billy Skidmore, the Internal Revenue Bureau sent its star shadow agent, Clarence Converse, to stand outside the junkyard and watch the license tags of the automobiles which entered. Most of them were sleek roadsters and limousines not ordinarily used by junkmen. In fact, their license tags showed their owners to be operators of gambling joints.

Later Internal Revenue agents summoned the owner of each car. A conversation somewhat like this took place: "You are the owner of a Packard, number so-and-so?" "Yes."

"You drive your car to Skidmore's junkyard about once a week?" "Yes."

"Why do you go up to see Mr. Skidmore?" "To buy eggs."

"To buy eggs?" "Yes. You see, Mr. Skidmore is in the farming business and I go to buy eggs from him."

The answers of the gamblers were all about the same. They stuck to the egg story. However, it was the farming activity of Billy Skidmore which first got him into trouble. He acquired some pretentious farms along the lake shore which, Internal Revenue agents figured, cost more than the mere profits from a junkyard.

So Billy Skidmore now is accused of being the payoff man for the Chicago Democratic machine, the man to whom the gambling world pays money, not for eggs, but for protection, and who passes it along to the organization which has helped to run up such big margins for Roosevelt in Chicago.

To many, therefore, Frank Murphy's grand jury investigation in Chicago spells the end of New Deal victories in Illinois, and creates a situation in which the New Deal's own crusade has undermined the New Deal.

Lines for Living

By Barton Rees Pogue NEXT FALL! NEXT SPRING! Each spring there are a lot of things we plan to do next fall. But autumn yields to winter-time. And they're not done at all. It's then we make some plans anew. To carry out next spring. But summer comes, and here we are. We haven't done a thing. "What will we do? What will we do?" "Why, do the thing this fall! We'll have the time and money then to execute them all." The women laugh and say, they say, "Then put them off till spring. And summer-time will come again. And you won't do a thing!"

WE, the WOMEN

BY RUTH MILLETT

Every wife ought to somehow put over the idea that her marriage is happy and her husband is a pretty swell guy. She owes that much to her husband—and to her self-respect.

There are several ways of getting the idea across—without being a bore, or seeming to protest too much.

Of course, the easiest way for her to create the impression is just to lay off panning him to her women friends.

Even the day after a fight, when she is feeling the need of letting down her hair and getting a little sympathetic understanding, she ought to hold off. Next week she will have forgotten that she ever thought such things about her husband—but her friends won't.

A more positive technique is to build up while apparently poking fun. It's easy for a woman to show how well her husband is doing by telling a story that is good for a laugh—but which gets in a bit of the kind of information she would like to have passed around.

A third way—slow but sure—is to treat her husband as courteously as she treats other men.

To listen to his favorite story as though it weren't a favorite story. Not to ridicule his ideas when the

Church Events

Christian Science Churches
"Souls" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, August 13. The Golden Text (Lamentations 3:24): "The Lord is my portion, saith my soul; therefore will I hope in Him."

Among the Bible citations is this passage (Psalms 63:1): "O God, thou art my God; early will I seek thee; my soul thirsteth for thee, my flesh longeth for thee in a dry and thirsty land, where no water is."

Correlative passages to be read from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 477): "Soul is the substance, Life, and Intelligence of man, which is individualized, but not in matter. Soul can never reflect anything inferior to Spirit."

Plan Activities
The Girl Guards of the Salvation Army will open a program of activities for fall and winter, in September, following the close of summer camp, under the leadership of Eva Mae Farrell. Assisting Miss Farrell will be Miss Wandle Nelson, assistant leader, and Miss Marion Gerou, Scriber.

To Remove Tea or Coffee Stains
Tea and coffee stains should be removed from table linen before they become set in the fabric. Spread the stained cloth over a basin or bowl and pour boiling water through the stain from a height.

BEHIND THE SCENES

By Bruce Catton

Washington—If you plan to drop in at Uvalde, Tex., this summer and pay a call on Vice President John Garner, you're rather likely to be disappointed. The vice president really meant it when he said he was going to do a lot of fishing.

Mr. Garner keeps a trailer and a battered 1931-model automobile for his fishing trips; takes the old car because it is high-slung and can negotiate ratty, chewed-up roads that a modern car couldn't take. He also keeps a canoe, together with a lot of fishing tackle.

Returning to Uvalde after a session in Washington, he lashes the canoe atop the trailer, sticks the fishing tackle and a supply of grub inside, picks up an old fishing caddy, and sets out to do a little intensive loafing.

The two men usually wander off into the back country, as far from the traveled road as they can get; when they strike a likely-looking spot by some stream they camp, get the canoe down, and stay there as long as the fish are biting. Then they wander on to the next likely-looking spot and repeat the performance. Bass, crappies and channel cats are the usual catch.

The trip may take two weeks, may take three, may take longer. The vice president doesn't come home until he feels thoroughly relaxed.

PRIZE SPEAKER

Some sort of prize for speaking under difficulties ought to go to Congressman Paul Shafer of Michigan, who addressed a Pennsylvania political rally about the same time as the speaker who was highly pungent aroma began to drift across the open-air forum; a concentrated essence of skunk, which got so strong that people began hiding behind their handkerchiefs.

"I didn't know," remarked Shafer to his audience, "that this speech smelled as badly as all that."

Then a couple of skunks wandered out from under the speaker's platform, sauntered down the aisle, and left the meeting flat.

CALIFORNIA, HERE THEY COME

A staff of probably 35 people will be taking off for California shortly to carry on the investigation of the Senate Civil Liberties Committee. The committee got \$50,000 for its expenses in place of the \$100,000 Senators La Follette and Thomas (its only members) said was necessary; opinion as to whether the Senate will give it more when the \$50,000 is gone is divided.

Meanwhile, the \$50,000 will be stretched as far as possible. Documents for the committee's files will be photostated instead of copied, to save on stenographic costs. Most of the committee's workers will be "borrowed" from various government departments and agencies. (This is a common Washington custom followed by practically all committees.) The bulk of the \$50,000 thus will be available for traveling expenses and living expenses.

A lot of work has to be done before open hearings can be held. Best guess is that hearings probably won't occur much before November.

Between-session junkets to Europe "to study conditions" are common as grass for congressmen. They enable the solon to get a nice vacation and make his constituents think he's working. But Congressman Kent Heller of Illinois, who takes off for Europe presently, is really going to work. Heller introduced a complicated and far-reaching industrial reconstruction bill in the closing days of Congress. Now he plans to spend the next four months in Europe, mostly in Norway and Sweden, to get a line on methods of combating unemployment. He'll use the material thus gained when he starts plugging for his industrial reconstruction bill next winter.

WAR AND A WOMAN

BY BETTY WALLACE

COPYRIGHT, 1939, NEA SERVICE, INC.

CAST OF CHARACTERS
LINDA STORM—Fell in love with her best friend's fiancee.
MARCIA KING—Navy girl, loved a flyer.
JIMMY COOPER—Naval flying instructor at Pensacola.
GEORGE CAMERON—Linda's fiancee.

Yesterday, Linda's father sees her unhappiness, guesses that she does not want to marry George. She is happy again until she reads the headline "TWO NAVAL OFFICERS KILLED IN CRASH. LIEUTENANTS JAMES COOPER AND T. D. BYLAND INJURED AS CRACK NAVAL BOMBER BURNS."

CHAPTER XIV
A scream rose in Linda's throat. She shut off by cenching her teeth. Daddy's head was bent over the manuscript. He had not heard her startled gasp, he had not noticed that she was shaking, that the newspaper had slipped from her hand.

By an effort of will, she controlled herself sufficiently to bend and pick up the paper. On trembling, nerveless legs, she managed to get to the door. She felt her way, touching the wall to her own room.

"Four men crossing the country in a new naval bomber met disaster yesterday when the craft crashed and burned 10 miles from their destination. Killed instantly were... The letters blurred. Linda's fingernails punched into her palms, but she didn't feel it. She was reading swiftly. "The two injured officers were rushed by ambulance to the Naval Hospital. A board of investigation..."

Yesterday, this terrible thing had happened yesterday, and she hadn't known. They had left Tuesday, from Washington. They must have made stops along the way.

Her head was light, her heart hammering hard. Jimmy was injured. Yesterday, he might be dead by now. Why hadn't someone notified her? Why had there been this cruel silence—suppose she hadn't picked up the paper—she ran upstairs. The telephone. She was making queer, unintelligible sounds. "Stop it!" she told herself. "Stop it!" She had to tell the operator coherently and clearly what she wanted.

"The Naval Hospital in San Diego. I don't know who I want to talk to. Tell them I must know about Lieut. James Cooper."

"I'll call you back," the operator said.
Linda waited for what seemed like black ages, while terrible visions went through her mind. Panic held her in its grip. Was he still alive? Oh, curse those planes! They had killed him at last. Without a war. Without bombs. She didn't even know if his had been the hands guiding the wheel of that ship. She didn't know whether he'd been upset, thinking of her; whether by any chance this ghastly thing was her fault or not. She knew so little about the Navy. Four men in a big ship. Whose fault?

The telephone did not ring. She wanted to strike its grinning, black face. That operator didn't care. It was just another call to her.

She picked up the phone again. "Please, operator, it's—it's a matter of life and death!"

"I'll call you back," the voice said evenly.

Linda huddled on the chair, lifelessly. If anything had happened to Jimmy, she'd want to die, too.
"Well, miss!" Linda jumped. Rourke had come in, she was standing there staring down at her. "You didn't hear me slam the door. I had a funny feeling. I—What's the matter with you, child?" Rourke's broad face was suddenly alarmed. "You're gray as a ghost! Tell me quick, is it your father?"

"No, no. He's all right. I—She couldn't go on. The tears stung and burned, and her mouth just wouldn't behave.
"Then what is it? Why are you

waiting by the phone?"
"Jimmy," Linda moaned at last. "He crashed. He's in the hospital. San Diego. I—they'll call me."

"So that's it!" Swiftly, the competent Rourke was taking her in hand. "Your man is an aviator." She tried to get Linda to get up, but Linda wouldn't move.

"I must know how he is."
"You'll know soon enough."
The telephone pealed. Linda grabbed it. "Hello!"
"Will you speak with the officer on duty?" the operator asked.
"Yes, yes. Anything."
The man sounded calm and unhurried. "You want information about Lieutenant Cooper?"
"Yes, yes, quickly."
"Who is this, please?"
"Don't ask me questions! I'm—I'm—"

"I think I understand. Lieutenant Cooper is doing as well as could be expected under the circumstances. He's been severely injured, but we—"
"Will he die?" she sobbed. "Is he dying?"
"I'd suggest that you get here yourself if at all possible," the voice said gently. "He's been badly injured and that's all we can say at the present time."

She hung up without thanking him. "Rourke, Rourke, I've got to go to California, right away."
"You're going to bed right away, that's where you're going. Stop all this noise! Do you want to wake your father?"

"I must go," she whimpered. "Oh, Rourke, you don't understand. He's dying. I—I may never see him again."
"Better come to my room if you're bound you'll carry on," Rourke said, taking Linda's arms in her strong hands. "Come on, now. I'm going to give you a sedative."
"Let me alone! I tell you, I'm going. There must be a plane out of here tonight."
Rourke sat down heavily, her shrewd old eyes suddenly defeated and tired. "You're crazy, Linda Storm. But I can't say I blame you. It's enough to make anyone lose their mind. I'll pack your things, but what I'll tell your father in the morning, I don't know."

There was no time to think of that. "Get Dr. Logan, he'll know what to do." She went to the telephone again. The airport. Money for a ticket. In Daddy's secretary, there was always money. It would be enough.

Time raced, and she raced against it. Somehow, she was dressed for the trip. Crumpling on her hat. Taking the suitcase out of Rourke's hand. Kissing her gratefully, and running toward the cab that was waiting outside.

At half-past five the next day, Linda Storm was stepping out of the plane in San Diego. She remembered dimly the stops at Nashville, Memphis, Dallas. She had undressed, lain down in the sleeper plane's berth, but she hadn't slept. All day today she'd been like a woman in a daze.

The Naval Hospital, when she entered it a few minutes later, was as unreal to her as the plane had been. Nothing mattered, only Jimmy. She had to see him! She prayed for strength, prayed that he was still alive, that no nurse or officer would come forward now and say gently, "You're too late."

"Lieutenant Cooper," she whispered jerkily to the first man she saw. He had gold braids on his sleeves. She didn't look at his face.
The man said, "There are visitors with him now, I think."
"Visitors?" Then he was still alive! He wasn't going to die. He was all right. A wave of faintness hit her, and she struggled against it for a moment.

A girl's voice was crying, blankly. "Why, Linda Storm! How on earth did you get here?"
She turned swiftly. Marcia King was standing there, staring at her.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

OFFICERS HAVE FINE MEETING

Bugas and Mulbar Speak At Law Enforcement Gathering

The bi-monthly meeting of the Upper Peninsula Law Enforcement Association, held Thursday at the Legion Cottage in Manistique, was described by the approximately 75 persons who attended the event as one of the most successful meetings ever held by the organization.

Speakers were John S. Bugas, chief agent of the Federal Bureau of Investigation at Detroit, and Lieut. Harold Mulbar, of the Michigan State Police detective division.

Bugas, who was the principal speaker, at the noon dinner meeting stressed the importance of continued cooperation between the local, state and federal law enforcement agencies. Lieut. Mulbar reviewed new legislation affecting law enforcement in Michigan, and urged the development of boys and girls clubs, particularly the Boy Scouts and Girl Scouts. Lieut. Mulbar spoke at the business meeting in the afternoon.

The ladies were escorted on a sight seeing trip to the state fish hatchery at Thompson and to the Big Spring at Palms-Book State park.

Frank Aleck, of St. Ignace, provided plenty of humor at the conference with antics and stories. The next meeting of the association will be held at Crystal Falls on October 12.

Eva Babladelis has returned from Chicago where she has spent the past few days with friends and relatives.

Garden News

Guild Meeting
Garden, Mich.—A very large and successful gathering was held at the home of Mrs. Fred Olmsted of Van's Harbor Wednesday afternoon. After a short devotional period and brief message by Miss Shaw, the time was spent in games. A brisk breeze curtailed the activities somewhat but several ventured forth on a scavenger hunt in which Mrs. Joe Farley and Mrs. Lown tied for first place. Mrs. Frank Pavlot proved to be the nearest guesser of a jar of beans. A very tasty luncheon was served after which Miss Shaw sang a solo, "Into the woods my Master Went", and led group singing of old hymns. A picnic is planned for the next meeting to be held at Fishdam Park, Aug. 23, in the afternoon. Guests present at this meeting were Mrs. James Burton of Whiting, Ind.; Mrs. Meusel of Duluth, Minn.; Miss Barker of Oak Park; Mrs. Erwin Belfy of Traverse City, Mr. and Mrs. John Genlesse and Mrs. Catherine Wachorn of Fayette.

Congratulations

Mrs. and Mrs. Earl Clifton of Kate's Bay are the parents of a son born at their home Monday, July 31. Mrs. John Lang of Burnt Bluff was the attending nurse.

School Closed

The vacation Bible school under the direction of Miss Shaw of Princeton, N. J., was brought to a close with the session Wednesday morning. Eighteen pupils have attended and helped to develop an international village where Indian wigwags, Alaskan igloo, Hindoo huts on stilts, African grass huts and Bible-land homes reposed in close proximity around the village green. These were made from newspapers, pasted, sticks and grass. A very fine replica of the local church was made by Leland Beck. The Christian flag, white with red cross on a blue field placed in the top left hand corner, waved over all and has helped to bring to the young minds a new concept of world peace. Miss Shaw left for Fayette to undertake a like project at the Congregational church there.

Mr. and Mrs. Reid Celebrate Golden Wedding August 5

A grand celebration party at Birthday Grange hall Saturday, August 5, marked the fiftieth anniversary of the marriage of Mr. and Mrs. William Reid of Gulliver, Mich. It was the first event of its kind in the community and a memorable occasion, indeed, for the two hundred friends and relatives who attended.

The festivities started with an interesting program of moving pictures shown by Vera Linderorth and followed through with dancing and merry-making which lasted until almost dawn.

Mrs. Reid looked so charming in a midnight blue costume of embroidered sheer with a corsage of rosebuds and sweet peas as she and her husband greeted their host of friends and received their congratulations. In addition to many, many individual gifts they were presented with a purse of silver—a spontaneous tribute to their enviable position and popularity.

Mr. Reid was born in Ontario, Canada, in 1864 and came to Michigan at the age of sixteen. Mrs. Reid was born in Bay City, Michigan, in 1873. They were married at Gaylord, Michigan, August 5, 1889, and moved to Gulliver three years later where Mr. Reid operated lumber camps for several years. They have lived there continuously since then with the exception of eight years spent in Greeley, Colorado, where Mr. Reid was manager of the Associated Seed Growers.

They are the parents of seven children—Basel, Janet, Martha, John, William, Mary and Mabel; and grandparents of eight children—Vera, Margaret and Ernest Walker, Jr., Witter, Eula Ann and Crystelle Reid, Richard and Stanley Gill. All the children with their respective wives and husbands and all the grandchildren make "home," many of them having to travel hundreds of miles, to make the anniversary a genuinely happy time.

With the gracious hospitality which is so typical of them, Mr. and Mrs. Reid held "open house" at their home in Gulliver all day Sunday. The entire Reid family gathered there for dinner, and refreshments were served all afternoon and evening to those who came in to extend their wishes for many more years of health and happiness to the honored couple. There were Mr. and Mrs. John Hewitt and Howard, Mr. and Mrs. Alex Walker, Mr. and Mrs. Matthew Brearley, Mr. and Mrs. Thomas Walker, Mr. and Mrs. Siegel and Jackie, Mr. and Mrs. Glen Beal, Mr. and Mrs. Edward Walker, Mr. and Mrs. John Goudreau, Mr. and Mrs. F. Cool, Mr. Cliff Cool, Mr. and Mrs. Percy Walker and family, and Mr. Harrison Beach who made himself doubly welcome with his very entertaining piano selections.

Out-of-town guests who attended the anniversary celebration included Mr. and Mrs. Ernest Walker and family of Detroit, Mr. and Mrs. William Reid, Jr., of Greeley, Colorado, Mr. and Mrs. Robert Keenan of Detroit, Miss Mary Sitzman of Greeley, Colorado, and Mr. John MacGregor of Chicago.

The final meeting will be Wednesday evening at 7:30 o'clock when Rev. Bowden will give an illustrated lecture on "Reclaiming India's Criminals."

All of the meetings will be of general interest and the general public is invited to attend.

Delicious refreshments were served at the close of the afternoon.

Wahlin-Olson
Of interest here is the account of the marriage of Rev. George W. Wahlin to the former Martha Olson, of Skaneateles, appearing in the L'Anse Sentinel. Rev. Wahlin, popular pastor of the Zion Lutheran church here for seven years, will go to Council Bluffs, Iowa, on September 1 to assume a new charge.

The Sentinel carried the following account of the wedding: Zion Lutheran church at Skaneateles was the setting for the attractive candle light wedding Friday evening of Miss Martha Olson, of Skaneateles, to Rev. George Wahlin, of Manistique. Mrs. Wahlin is the daughter of David Olson, of Skaneateles, and the groom is the son of Mrs. Caroline Wahlin, of Evansville, Minnesota. The Rev. Vernon Mattson, of Sault Ste. Marie, and Rev. Theodore Mattson, of Ishpeming, officiated at the 8 o'clock wedding.

For her wedding the bride chose a gown of white marquisette princess style with a long train and veil. She carried a bouquet of pink roses and baby breath. Mrs. Donald Elmbald, of Skaneateles, sister of the bride, was matron of honor. She was attired in a dress of pink and blue or-gandy and a veil of matching color.

The bridesmaids, Mrs. Hilding Olson, of Chicago, sister-in-law of the bride, wore peach and green, and Pauline Newman, of Detroit, friend of the bride, wore blue and pink. They carried colonial bouquets. Lois Hoffman, of Cleveland, O., was flower girl. She wore a long dress of yellow or-gandy. Rev. George Wahlin was attired in a white serge suit.

Ewald Nelson, of Manistique, friend of the groom, was best man, and Hilding and Willis Olson, brothers of the bride, were ushers. The bride was given away in marriage by her father, Mrs. Vernon Mattson, of Sault Ste. Marie, played the wedding march.

Rev. and Mrs. Mattson sang two duets.
After the ceremony a reception was held for out-of-town guests and relatives. Rev. Wahlin is a graduate of Augustana Seminary, Rock Island, Ill., and was ordained at Fargo, N. D. He has served as pastor in Manistique. The bride is a graduate of L'Anse High School and Northern State Teachers College. She has been employed as teacher in Skaneateles, Gaylord, and Sault Ste. Marie, Michigan.

Out-of-town guests present were Mrs. Caroline Wahlin, Evanville, Minn., mother of the groom; Ewald Nelson, Mrs. Scott Creighton, Eva Anderson, Marie Ahlstrom, all of Manistique; Rev. and Mrs. Vernon Mattson and son, Adrian, Mrs. Leanderson, Louetta Gabriel, and Chester Stanaway, of Sault Ste. Marie; Mr. and Mrs. W. L. Boldig and Alice, of Marquette; Mr. and Mrs. Searl Hoffman and daughter, Lois, Cleveland, O.; Rev. and Mrs. Soderblom, of Hancock, and Mr. and Mrs. T. Mattson, of Ishpeming.

The newlyweds are touring the West and will be at home to their friends September 1, at Council Bluffs, Iowa, where Rev. Wahlin has accepted a charge as pastor of the Lutheran church.

Convulsions Are Very Harmful To Tissues Of Brain

Because every convulsion suffered by a child produces a definite injury to the brain, Dr. M. G. Peterman of Milwaukee, as the result of his study of 1,000 cases, urges every physician to ascertain the cause and prevent recurrence rather than rest content with alleviating the immediate condition.

In all children, from birth to the age of 16, Dr. Peterman found the causes to be:
Acute infection, 34 percent; epilepsy, 23.6 percent; cerebral birth injury, 15.5 percent; miscellaneous, 12.7 percent; nervous or muscular spasm, 8.8 percent and undetermined, 6.3 percent.

The commonly held belief is that worms, teething and infections of the genitalia are responsible for convulsions is denied by Dr. Peterman. Nor, he adds, does diabetes, allergy or sinus condition seem to predispose the child to convulsions.

A convulsion must be regarded as an extremely serious symptom, demanding the immediate attention of a physician. Until his arrival, however, and in the presence of fever, cold packs or cool sponges and a saline enema may be given. Hot packs and hot baths should never be employed.

In one type of seizure, consciousness is lost; in another it is retained. The paroxysm begins and terminates abruptly. The voluntary muscles are always involved and, occasionally, the involuntary. There may be more or less rhythmic contracts of opposing muscle groups or simultaneous contract with rigidity of the limbs.

Prompt relief can usually be given by the doctor administering chloroform. There is some danger in this procedure but less than that incurred through use of other opiates and narcotics and infinitely less than the harm done to brain if the convulsion is allowed to continue.

Treatment includes spinal drainage, medication, removal of brain pressure or irritation and several days of absolute rest. A special "ketogenic" diet is often prescribed with good results for convulsions due to certain identifiable causes.

CAR KILLS COW, MAXWELL HELD

Gladstone Man Arraigned in Newberry Justice Court Case

Newberry, Aug. 11.—Frederick Maxwell of Gladstone, Michigan, driving near Luce county fair grounds Tuesday afternoon, struck a cow belonging to Toivo Aho, and was later arrested for driving without an operator's license.

Maxwell was to be arraigned Wednesday evening in Newberry justice court. Meanwhile it was necessary to destroy Aho's cow which had a broken leg in the accident.

Thomas Harcourt of Newberry was to be arraigned this week in a Sault Ste. Marie justice court, charged with driving at excessive speed, as the result of an accident which occurred Tuesday afternoon nine miles south of Paradise, on M-123. Harcourt struck the rear of a pickup truck belonging to Emery Blakeley of Wisconsin, according to state police of Newberry who investigated.

Owls Win Replay With Badgers, 5-3; Still Lead League

Rain halted the Badger-Owls midweek league game yesterday in the 2th frame with the Owls leading 5-3. The game was a replay of the 10-inning tilt that ended last week in a tie and was called because of rain.

The Badgers held the upper hand until the 5th when the Owls rallied to score 4 runs.

Brampton took the measure of the Little Giants Thursday afternoon, eking out a 11-10 victory over the locals on the Brampton diamond. Legault, Tufnell and Young worked for the Little Giants while B. Richards, C. Kolson and Nero formed the Brampton battery.

As the result the Lions are still setting the pace in the second half schedule.

Standings:
TEAM W. L. PCT.
Owls 5 1 .833
Kipling Lions 3 3 .500
Little Giants 2 4 .333
Badgers 2 4 .333

Tuesday, Kipling Lions vs. Little Giants.
Wednesday, Kipling Lions vs. Badgers.
Thursday, Little Giants vs. Owls.

Ordered To Pay For Damage To Property

Charged with malicious destruction of property, John DeRoshia, city, was brought before Justice of Peace Alger Strom yesterday and was ordered to make restitution for the damage done and pay court costs. The complaint made by Fred Brassick alleged that DeRoshia Thursday night smashed a large window in the Brassick residence at 1302 Superior avenue.

In Memoriam

One year ago he passed away, Into His Master's keeping, Who gave us these consoling words, Not dead but only sleeping, He heard the voice we could not hear, Which said he must not stay, He saw a hand we could not see, Which beckoned him away, No one knows the silent heart-aches, Only those who have lost can tell Of the grief that is borne in silence, For our dear husband and father we loved so well, More and more each day we miss him, Friends may think the wound is healed, But they little know the sorrow, That lies within our hearts concealed. Signed: Mrs. Adeline Artley and Family

POST TO DIRECT LEGIONNAIRES

Will Give Info at Legion Hall for Convenience of Visitors

For the convenience of Legionnaires visiting here during the annual state Legion convention at Escanaba, August 13-22, headquarters will be established in the Legion hall on North Ninth street. It is announced by Gale Wescott, commander of August Mattson Post.

A complete listing of rooms will be available at the headquarters along with a listing of Legionnaires already scheduled for housing in this city. Boy Scouts will be on hand to direct convention visitors to the proper addresses. Other information will also be available at the headquarters.

Persons who have not already listed their rooms but who have available space for roomers and desire them may phone Ernest DeHooghe, No. 156.

August Mattson Post will participate in the big parade Monday morning at Escanaba. Commander Wescott said yesterday, and he urged that every member make a special effort to be there in order that the post make a fine showing.

Local Pastor Back From Synod Meeting

Rev. Theophil Hoffmann, pastor of St. Paul's church, has returned from Watertown, Wis., where on Monday and Tuesday he attended sessions of the Wisconsin Synod at Northwestern college.

Accompanied by Mrs. Hoffmann and Mrs. Mary Hoffmann, mother of Mrs. Hoffmann, the local pastor left here last Friday for Neenah. On Saturday, Rev. and Mrs. Hoffmann visited at West Bend, Wis., with Mrs. Fred Pamperin, oldest sister of the pastor, and on Sunday they attended a family reunion at the home of Mrs. Benjamin Steinbach, sister of Rev. Hoffmann, at Hochheim. On Wednesday following the Synod meeting Rev. Hoffmann returned to Neenah and Thursday returned to his home here. Mrs. Mary Hoffmann remained at her home in Neenah.

Newsom Wins For Tigers, 4-3; Cubs Take Pirates

SINGLE IN 9TH WHIPS BROWNS

Bengals Are In Virtual Fourth Place Tie With Cleveland

Detroit, Aug. 11 (AP)—Buck Newsom pitched and batted the Detroit Tigers to a 4 to 3 victory over the St. Louis Browns today, driving in the winning run himself with a ninth inning single.

It was Newsom's 31st birthday and he went into the game determined to win his 13th victory of the season after failing the last two times he started. Newsom fanned 11.

Young Bob Harris, St. Louis pitcher, gave Newsom a stiff battle all the way. He had one bad inning, the fourth, in which the Tigers bunched four hits for three runs.

In the ninth with one away George Tebbetts and Frank Croucher were safe on scratch hits and Newsom poked a hit into left field scoring Tebbetts with the winning run.

George McQuinn of the Browns hit a home run in the fourth, scoring Joe Grace ahead of him.

Free Pass Works
McQuinn's homer gave the Browns a two-run lead but the Tigers came back in their half of the fourth and collected three runs. Barney McCosky opened with a triple and scored on a grounder by Benny McCoy. Earl Averill doubled. Hank Greenberg hit a fly which dropped between four fielders and went for a fluke double. Averill took third on the play. Pinky Higgins drew an intentional pass and with the bases filled Pete Fox hit another two bagger, scoring Averill and Greenberg.

The Browns repeated the intentional pass strategy and walked George Tebbetts. This time the device worked and Frank Croucher hit into a double play.

St. Louis picked up another run in the sixth, tying the score. As the game went into the ninth it looked like an overtime battle with both pitchers sliding along smoothly. However, the pair of scratch hits coupled with Newsom's healthy single settled the issue.

It was the third straight Tiger victory and put the team in a virtual fourth place tie with Cleveland.

ONE BIG INNING NIPS ATHLETICS

Yanks Trailing, 1 to 0, Bat Around In Fifth and Win 9-5

Philadelphia, Aug. 11 (AP)—The World Champion Yankees, getting back in their old habit of one big inning, scored six runs in the fifth frame today to plaster the Philadelphia Athletics, 9 to 5.

Trailing 1 to 0 at the time, the Yanks batted around with two errors and a wild pitch supplementing their six hits. Gomez got credit for his ninth victory.

Bill Nagel was expelled in the ninth for protesting a decision at second base and outfielder Bob Johnson finished the game at second for the A's.

IN ABOUT A MONTH, Gabby Hartnett will break the all-time record of catching games. . . The record is held by Ray Schalk, former White Sox member, who caught 1,721 games. . . George Sargent, aged professional, says he has discovered the ideal angle for a golf swing and that if it is accepted manufacturers may have to alter clubs to fit players.

Sargent's angle is about 22 degrees. . . Says it is no strain on muscles and increases yardage.

Escanaba WPA Team Will Meet Gladstone

A diamondball game is scheduled to be played Sunday at Pioneer Trail Park between two picked W. P. A. teams from Escanaba and Gladstone.

The lineup for the Escanaba team is as follows:
Chick Lafave, catcher; Redstrom, pitcher; DeGrand, first base; Pedro Pelletier, second base; Bourdeau, shortstop; Gallagher, third base; Roberts, left field; Goose DeGrand, centerfield; Paulin, right field; Smith, roving short.

Gladstone's lineup: Tarter, catcher; Eckhart, pitcher; Simon, first base; Carlson, second base; Dankert, shortstop; Stroul, third base; Biter, roving short; Damsin, left field; Schultz, center field; Timmerman, right field.

Walter Morton will officiate as umpire for the game.

The game is being played as part of the program for the Workers' Alliance picnic. Those attending the picnic will be picked up by trucks at the Fair Store corner, DeGrand's corner, and at Ed. P. Johnson's at 3rd avenue north and Stephenson avenue between 10 and 12 a. m.

BILL LEE GIVES ONLY SIX HITS

Rookie Mattick Drives In Winning Run for 3-2 Decision

Chicago, Aug. 11 (AP)—Pitching with only two days rest, big Bill Lee hurled the Chicago Cubs to a 3 to 2 victory today, yielding only six hits to the Pittsburgh Pirates in registering his 14th victory.

His mates found it easy to get on base against pitchers Max Butcher and Truett Sewell, but the Cubs had an exceedingly hard time reaching home plate, an even dozen Cub runners being stranded on the bases.

The Cubs' scintillating rookie, shortstop Bobby Mattick, drove home the winning run in the seventh when he doubled off Sewell, sending Nicholson across the plate.

JENKINS SETS SPEED MARKS

All Records Are His On Bonneville Flats After 12 Hours

Bonneville Salt Flats, Utah, Aug. 11 (AP)—With all world's automobile speed records from 50 kilometers to 48 hours already theirs, Ab Jenkins and his gleaming "Mormon Meteor 3rd" roared on through darkness across the table-smooth Bonneville salt flats tonight.

At 5:35 p. m. (7:15 p. m. E. S. T.) as he completed the twelfth hour of his projected 24-hour run, the Utah driver, lifted the last of four endurance marks previously held by Capt. George E. T. Eyston of England. His average speed for the 12 hours was 169.99 miles an hour, 6.21 miles an hour better than the 163.68 Eyston set November 4, 1937.

Maroons Lose 8-1 To Hermansville

The Escanaba Maroons, local independent team lost to Hermansville, of the D-M league by a decisive 8-1 margin in a seven-inning tilt yesterday.

The locals were weak in their batting, scoring their single run in the first inning, while the Hermansville squad took their lead in the first frame by counting three times, and once again in the second, showing the Escanaba boys completely under in the seventh by collecting four tallies.

GOLFERS BLAST PAR IN PIECES

Sarazen Leads \$10,000 Dapper Dan Open at Pittsburgh

BY DALE STAFFORD
Detroit, Aug. 11 (AP)—Two feminine golfers who have never won a major title today advanced to the finals of the thirty-ninth annual closed western women's golf championship at Oakland Hills country club. They were Ella-mae Williams, 22-year-old Chicagoan, who holds the Chicago district and Illinois state titles, and 18-year old Edith Estabrooks of Dubuque, Iowa, holder of the Iowa title and runnerup to Patty western.

Miss Williams advanced by upsetting Elizabeth Hicks, 18-year-old Long Beach, Calif., school girl, 3 and 1. Miss Williams played steady golf while her foe, holder of the southern California title, had her worst round of the tournament, three-putting frequently and landing many shots in the yawning traps.

Miss Estabrooks figured in one of the strangest matches of the meet as she won from Mrs. Russell Mann of Chicago, 1 up, by dropping a 20-foot putt for a birdie four on the final green.

Miss Estabrooks won four of the first six holes to be four up. Then she lost six of the next seven holes and five holes in a row to become two down with four holes left to play.

Miss Estabrooks, a five foot, 125 pound girl who pounds the ball a country mile, cut her foe's edge to one hole by taking the fifteenth with a regulation par four after Mrs. Mann's second found a trap.

The sixteenth was halved as Mrs. Mann blew a three foot putt. On the 183-yard seventeenth Mrs. Mann put her drive in a trap while Miss Estabrooks was on and the lowan took the hole with a par three.

On the finishing hole, a 450 yard par five test, both players were on with their thirds and an extra hole contest appeared likely. Miss Estabrooks then stepped up and dropped the long putt after which Mrs. Mann missed from 18 feet ending the match.

Munising Zeniths In Title Contest
Munising, Aug. 11—The Zenith Radio softball squad and the Miller Hi-Lifes of Ishpeming will meet at 6:30 o'clock Saturday evening in one of the opening day's tilts in the district championship softball meet at Marquette. The Zeniths, strong Munising aggregation, are the only local squad to compete in the championships.

The Zeniths will play in Class C and if they are successful in defeating their other tourney competitor will play the championship game on Sunday afternoon at 5:30 o'clock at the North end diamond in Marquette.

EAGLES BATTLE 'STIQUE SUNDAY

Locals Due to Redeem Selves After Two Straight Losses

The Escanaba Eagles, taking two straight defeats in a row after winning 10 straight and ruling the top run of the Rainbow league with an iron hand for weeks, decided yesterday that something should be done about it all, so they elected catcher Russ Carlson captain of the squad and acquired Bill Thorin as their new first baseman for the game with Manistique here Sunday.

Manistique has beat the locals twice, while the Eagles have showed their claws but once in downing the Schoolcrafters.

Although the Escanaba boys still have a good margin toward the clinching of the title, the two straight defeats coming after a long string of victories should make them buckle down for tomorrow's contest. Their lead of four games over the second place Cardinals having suffered reduction, they can afford to drop only two of their remaining four games if they are to remain in the top spot.

Munising will meet Gladstone on the Upways' home grounds tomorrow also, with a view to whitening down the Redskins' win column, which was enhanced by their trouncing of Escanaba last week. The game should show plenty of action, with both teams on the warpath as the end of the second half season nears.

Manager Of Reds Rests In Country For Cards Series

St. Louis, Aug. 11 (AP)—Bill McKeehan, manager of Cincinnati, set the pace for members of his team and the St. Louis Cardinals today. He went into the country to get his mind off the three-game series starting tomorrow.

Not all the players sought rural retreats but all took it easy. No workouts were held.

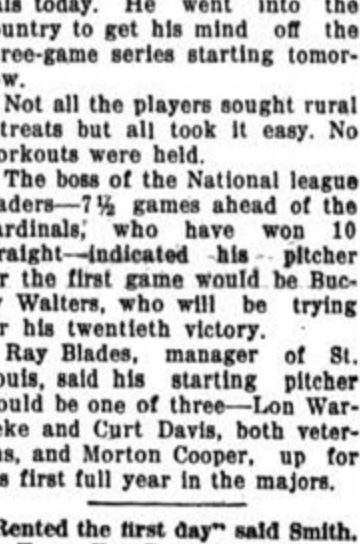

The boss of the National league leaders—7½ games ahead of the Cardinals, who have won 10 straight—indicated his pitcher for the first game would be Bucy Walters, who will be trying for his twentieth victory.

Ray Blades, manager of St. Louis, said his starting pitcher would be one of three—Lon Warneke and Curt Davis, both veterans, and Morton Cooper, up for his first full year in the majors.

RALLY CRIMPED BY MONEY SLIP

STOCK MARKET AVERAGES table with columns for Net change, High, Low, and various stock indices.

BY FREDERICK GARDNER New York, Aug. 11 (AP)—Nervousness over suspension of the Amsterdam International Banking house of Mendelssohn & Co. today helped crimp a stock market rally.

It was recalled the Dutch are fairly large holders of American stocks and the financial slip in the Netherlands might result in liquidation here.

There was enough of a comeback at the close to enable the Associated Press average of 60 issues to finish unchanged at 47.9. Transfers aggregated 700,890 shares against 699,830 the day before.

A restraining influence, brokers thought, was the desire of some speculative contingents to await results of the meeting between the Italian and German foreign ministers at Salzburg.

Chrysler revived in the last few minutes after having lost all of its forenoon gain. It emerged with a net advance of 1 3/8 points at 79 3/8. General Motors was off 1/2 at 46 1/2. Another drop in automotive output this week was a negligible factor, inasmuch as it rebounds in production is looked for soon when work on new 1940 models gets under way.

On the outside were U. S. Steel, Bethlehem, Allied Chemical, Glenn Martin, Montgomery Ward, American Can, North American and Santa Fe.

Modest advances were retained by Anaconda, U. S. Rubber, United Aircraft, Westinghouse, Great Northern, Sears Roebuck, Western Union, Youngstown Sheet, American Smelting and General Electric.

New Jersey Zinc added 2 points in the curb and smaller gains were turned in by Niagara Hudson Power, Electric Bond & Share and American Cyanamid "B".

On the outside were Lockheed and Arkansas Natural Gas. Turnover of 120,000 shares compared with 122,000 Thursday.

(Continued from Page One)

one point he was sure: "Our people will never resign themselves to permanent unemployment for able-bodied workers. They know there is plenty of useful work to be done and that we have the resources and the capacities to assure a decent life for everyone willing to work."

Need Heads Examined Barkley said anyone who thought the new deal program would be repudiated by the 1940 convention should have his head examined.

"If there is any man or group of men," said the husky Kentuckian in an extemporaneous address, "who imagines in the next year the Democratic party will promulgate a platform or nominate a candidate who can be any remote conception be regarded as a repudiation of the eight years of Franklin Roosevelt I advise any such man or group to consult without delay an expert on mental disorder."

His speech touched off a wild demonstration. Delegates returned tonight to hear speeches by two of the new deal's top officials, Paul V. McNutt, federal security administrator, and John M. Carmody, federal works administrator, as well as several others.

Barkley time and again brought the convention to its feet as he shouted an attack on the Republicans and said the Democratic party by its work for the "common people" had been a "new deal party" ever since Jefferson.

No Retreat He said he came before the convention as one who had guided the "great" Roosevelt program through the senate and same "not to defend but to proclaim, not to retreat but to advance, not to apologize but to express my infinite pride in a record like that for the benefit of the American people."

"When that record has been laid before the people in all its details and glories and masses of accomplishments," he added, "I do not exaggerate when I express the belief the people will not turn from their advance march up the hill to march back down in the valley where we found them in 1932."

He urged the young Democrats to "put on your armor, keep your powder dry and your muskets shiny, not only for the battle out in the open but for those guerrillas who hide behind the bushes and snipe whenever they have the courage to raise their muskets."

"Our Republican friends," he said amid cheers, "have no where to go and nothing to stand on and are searching around in the darkness for an issue of some sort."

Defending government spending, he said much of the Roosevelt public debt would be repaid so the net increase since 1932 would not be more than the \$6,000,000,000 increase during Hoover's administration.

CASIMIR IS FREE IN FATAL MISHAP

Verdict of Coroner's Jury "Unavoidable" In LeMere Case

The accident in which Joseph LeMere, Jr., 2-year-old son of Mr. and Mrs. Joseph LeMere of Brampton lost his life last Monday when hit by an automobile driven by Joseph Casimir of Perkins on highway M-35 near Brampton was termed "unavoidable" yesterday in a coroner's inquest at Gladstone yesterday conducted by Dr. O. S. Hull, county coroner.

Six witnesses testified at the inquest which led to the decision. According to information obtained by the sheriff's department at the time of the accident, the child had been eating breakfast in his home while his mother was visiting with friends across the highway.

The child ran out in the yard, and seeing his mother at the neighbor's home, started to cross the highway and ran directly into the path of Casimir's car. The driver swung out to avoid hitting him, causing the car to leave the road, but the boy was hit by the running board, receiving a broken neck and leg. He died while being rushed to the office of a doctor in Gladstone.

The accident was witnessed by the child's mother and Casimir's wife, who was riding with him at the time of the mishap. Death resulted from a broken neck, according to Dr. Hull.

DESK CLEARED BY ROOSEVELT

Social Security Changes Approved; Special Term Only In Case of War

Hyde Park, N. Y., Aug. 11 (AP)—President Roosevelt today signed a bill making far-reaching changes in the social security program, cleared away most of the other measures which congress left on his hands, and said he would call a special session to enact more legislation only if war became reasonably certain.

He volunteered the information, at a press conference, that so far as he knew there was no reason, as of today, to call congress back into session before its scheduled meeting January 3.

Then, telling reporters to note his words carefully, he added: "If an actual war crisis became imminent in Europe or the far east—in other words, if it became reasonably certain there was going to be a war—he probably would call a special session immediately to insure American neutrality along the lines of international law, so that this country would not be involved."

Two bills bearing on the nation's security also were approved today. One authorizes an expenditure of \$277,000,000 on a third set of locks for the Panama Canal—of which no more than \$15,000,000 may be appropriated in the current fiscal year—and the other facilitates the exchange of surplus American farm products for reserve stocks of strategic materials produced abroad.

Financing Escanaba Convention Real Job

Gathering up the money to pay for a state American Legion convention is no small-time job, if you ask John Peltier, finance chairman, and the members of his committee charged with the task of raising about \$8,000 to finance the annual Department of Michigan American Legion convention to be held at Escanaba Aug. 19 to 22.

Because of the economy program which belittled the usual state appropriation given to assist in staging state Legion conventions, the finance committee has found it necessary to trim their budget under that of previous years. Estimating revenues at \$4,325, the committee found that \$3,625 remained to be raised locally. If responses continue to come in as they have been doing, the committee expects to be able to wind up their job in time to enjoy the convention themselves with the rest of the 10,000 which the reunion is expected to bring to Escanaba.

Cash prizes for the drum and bugle corps contests alone amount to \$1,500, but this spectacle, to be presented Sunday afternoon and evening, Aug. 20, is one of the real features of the convention's pagentry, and will draw one of the biggest crowds.

One of the bright spots in the finance committee's fund-raising drive was the following letter which came from a donor whose name is being withheld: "Kindly accept my small check, enclosed. If I could make the figures equal my admiration for the American Legion, these gallant warriors would be royally entertained for the remainder of their days."

"People forget, but I never could. I felt like crying when they left in 1917. I prayed while they were over there—in a living hell. I cried when I saw them return home after the war was over, only to fight again for a new start."

"Today it is a delight to see them together again—to know they didn't cower, but united and raised their voices in unison."

"A rousing cheer for the American Legion!"

PELLOW TO TAKE JOB AS TEACHER

Negaunee Resident Receives Appointment At Saginaw

Thomas F. Pellow, son of Mr. and Mrs. Kenneth C. Pellow, of Negaunee, who is known to Escanaba residents, has received word of his appointment as typing and journalism instructor in the Saginaw Eastern high school.

Mr. Pellow graduated from Negaunee high school, attended Northern State Teachers college at Marquette and received his degree from the University of Pittsburgh in 1935, where he majored in history and journalism.

Following graduation he was employed for two years by the Daily Mining Journal company of Marquette in charge of their Negaunee Bureau. In 1937 he accepted a position as commercial instructor and basketball and track coach at Povers high school and last year taught at Rudyard.

Pellow is well known in this vicinity through his athletic activities having appeared here as a member of Negaunee high school teams and later as a member of independent basketball teams.

At Saginaw, in addition to teaching typing, he will serve as advisor for the school newspaper, which has won national honors in Journalism contests during the past three years. He has been employed by the Daily Press during the summer.

GOLFER IS INJURED Menominee—Joseph Plankuch, 1115 Spies avenue, suffered a laceration extending from the forehead to the center of the nose and fracture of the frontal bone when he was struck by a golf ball at North Shore golf course at 7 o'clock last night.

He was taken to St. Joseph's hospital for treatment and released this morning. His condition is "favorable," physicians said.

Mr. Plankuch was struck as he left No. 9 green near the club house. The ball that struck him was driven by John Stang of Menominee, which sliced when he drove from No. 8 tee. The ball traveled more than 100 yards.

Mr. Plankuch is head of the Plankuch Furniture Co. He was resting at his home today after release from the hospital.

Joe LeMay's Grub Hoe Is Discovered Near Rapid River

A grub hoe, apparently once used in the lumbering operations of the late Joseph LeMay, known as "the big cedar man," was found by Gertrude Bennett near her farm home on US-41, four and a half miles north of Rapid River, yesterday.

Miss Bennett brought the relic to the Press office. Only the metal portions of the hoe remained. It bore the initials, "J. L. LeMay" logged off that section a half century ago.

The plane, a B-18-A Douglas, attached to the 21st Reconnaissance Squadron, took off alone for a routine navigation flight. The crash occurred about 1:30 p. m., Eastern Standard Time, the plane falling a short distance from the swimming pool at the non-commissioned officers club.

FATHER WAS FANTOR

Ishpeming, Mich., Aug. 11 (AP)—On August 11, 1938, Lieutenant and Mrs. Homer Matheson MacKay (the former Frances Moore, of Lansing, Mich.) checked out of an Ishpeming hotel, their honeymoon at an end. Today—one year later—Lieutenant MacKay, piloting a U. S. army bomber, crashed at Langley Field, Va., killing himself and eight other occupants.

Lieut. MacKay came to Ishpeming from McConnelville, Ohio, with his family in October, 1923, and was graduated from the Ishpeming high school in June, 1932. Two years ago Lieut. MacKay, in company with another Selfridge Field, Mich., pilot, landed at the Marquette county airport and, in taking off, his plane pancaked into some trees. It was badly damaged and he was confined to a hospital for several days with injuries.

His father, the Rev. W. H. MacKay, was pastor of the Presbyterian church here for 11 years, leaving Ishpeming in February, 1933. The family now resides in Lansing.

FALLS IN FLAMES

San Diego, Calif., Aug. 11 (AP)—Two naval fliers, a reserve officer and an enlisted man of the regular navy, met death today in the crash of their plane at Miramar landing field, north of San Diego.

The pilot was Ensign T. R. Wood, 28, U. S. N. R., and his passenger V. P. Armstrong, 33, radioman first class. Both were attached to bombing squadron 3 of the navy aircraft carrier Saratoga. The plane caught fire after it crashed, and was reduced to a mass of charred wreckage.

BRIGGS RESIGNS MANAGER BAKER

Detroit Pilot to Lead Team Again for 1940 Season

Detroit, Aug. 11 (AP)—Walter O. Briggs, owner of the Detroit Tigers, announced today that Manager Del Baker has been signed for another season.

"I am glad to announce that Del Baker, in whose managerial ability we have the utmost confidence, will again lead the Tigers in 1940. I think he has done as well as could be expected during the present year. He will have the same free hand in directing the club. His only instructions are to spare no effort that will give this great baseball town a team of championship calibre."

Baker became manager of the Tigers last year, succeeding Mickey Cochrane after service with the club as coach. During his tenure Baker was confronted with the fact that several of the team's veteran stars were slowing up. Under his direction the club developed such youngsters as Barney McCasky, Frank Croucher, Benny McCoy, George Tobbetts, Al Benton and Paul Trout and polished them for major league service.

After an indifferent start this season the club finally began to click and in the last few weeks it has been a few points out of the first division and making an excellent showing against the better teams.

Muskegon Senator Vanderwerp Dies

Muskegon, Mich., Aug. 11 (AP)—John Vanderwerp, state senator from Muskegon and Ottawa counties and Muskegon circuit judge for 18 years, died of a heart attack at his home today. He was 73 years old.

He was admitted to the bar in 1887 and was the dean of Muskegon county attorneys. He served a year as probate judge here in 1896. He was a brother of George Vanderwerp, city commissioner and former mayor of Muskegon, and an uncle of Don Vanderwerp, Fremont newspaper publisher and also a state senator.

Spirit Lake, Idaho, Is Blazing Inferno

Spokane, Wash., Aug. 11 (AP)—Spirit Lake, Idaho, a village of 900 persons, was reported a blazing inferno tonight.

A brisk wind whipped to life flying embers of a nearby forest fire that had threatened the town since last Saturday.

Mrs. Martin Olson of Spokane, whose father owns a box factory in Spirit Lake, reported by telephone the flames were eating through the town, whipped by a strong wind.

She said she watched from the top of a hill above the town and saw her father's mill completely enveloped and several oil tanks, nearby, believed to be Standard Oil company tanks, exploded.

A number of trucks bearing Spirit Lake householders and their goods passed her on the road, she said. Twenty million feet of lumber in the yards of the Panhandle Lumber Co. mill, half a mile east of town, were reported already burned.

Separated 18 Years, Couple Weds Again

Louisville, Ky., Aug. 11 (AP)—William H. Hughes, 75, and Mrs. Carrie Hughes, 78, have remarried after 18 years apart.

Since the day when "Will and I failed to see alike," Mrs. Hughes said, she had been married twice. After long correspondence, she came here from her home at Laredo, Texas, and her husband of nearly a half century ago arranged a wedding for the next day.

"People are going to think us silly," said Mrs. Hughes. "There is really nothing silly about it. We both have our right minds and we just got married."

Hughes has been a railroad car builder here more than 36 years.

Little Girls Hide In Refrigerator; Both Suffocated

Port Huron, Mich., Aug. 11 (AP)—Two little girls playing hide-and-seek crawled into an electric refrigerator today and suffocated.

They were Marilyn Schlitt, 6, daughter of Mr. and Mrs. Louis Schlitt, and Mary Margaret Carey, 8, daughter of Mr. and Mrs. George Carey. Both families live at Marysville.

The children were playing at the Schlitt home. The refrigerator was not in use, as the motor had been removed, but the girls apparently closed the door tightly and could not get out. They were found later and attempts to revive them were futile.

Tricks Are Played By Northern Lights

New York, Aug. 11 (AP)—If your telephone or radio spluttered tonight or strange lights flickered in your window, it was probably your old winter friend, Aurora Borealis—the northern light.

Director William Barto of the Hayden Planetarium reported an unusual display visible probably for several hundred miles from New York.

The Associated Press news circuit circling the nation was grounded intermittently during the display, as were other general and regional wire circuits.

Northern lights are static electricity resulting, Barton explained, from a periodic concentration of sunspots at the center of the sun, causing it to project an unusual amount of electric energy toward the earth.

Ousted TVA Head's Suit Is Dismissed

Knoxville, Tenn., Aug. 11 (AP)—Federal Judge George C. Taylor dismissed today Dr. Arthur E. Morgan's suit challenging the right of President Roosevelt to remove him as chairman of the Tennessee Valley Authority.

Judge Taylor held that Mr. Roosevelt "has the power of removal as an incident to the power of appointment."

The suit was filed in chancery court here July 6, 1938, and was transferred to U. S. district court in August, 1938, on motion of TVA attorneys.

Refugees Will Try To Run Blockade, Enter Palestine

Constanza, Rumania, Aug. 11 (AP)—Nearly 2,000 Jewish refugees from dismembered Czechoslovakia boarded two Greek steamers today for an attempt to run Britain's blockade into Palestine.

Men, women and children who had scraped together the required \$150 for passage straggled aboard the vessels for a voyage of 1,000 miles with no guaranteed landing place.

(The British government announced on June 12 that no Jewish immigration quota for Palestine would be issued for six months. (Colonial Secretary Malcolm MacDonald charged them that "there has been an organized attempt to defeat the proper regulations of immigration by a traffic in illegal immigrants" and he said the government was "determined to prevent this attempt to defeat the law of Palestine.")

Baby With Exposed Heart Recovering

Manila, Aug. 11 (AP)—An attack of bronchial pneumonia threatened Mary Heart Rafael, the baby with the exposed heart, early today but use of oxygen treatments relieved the condition and the infant tonight was reported resting easily.

Attending doctors said no unusual heart condition had developed, and that weakness earlier in the day was entirely due to the pneumonia threat. The infant's temperature continued slightly above normal.
