

FINLAND QUILTS RUSSIAN CONFERENCE

MORE UNREST IS CAUSED BY FINNS' MOVE

EUROPE FEARS NEW DEVELOPMENT IN WAR CRISIS

BY KIRKE L. SIMPSON Associated Press Staff Writer The collapse of Finnish-Russian negotiations adds a major new factor of uncertainty to the European situation.

In belligerent and neutral capitals alike there is a tumult of speculation as to whether Moscow's bitter press tirade against Finnish "obstinacy" will be followed by military action which might widen the war front to engulf all neutral Scandinavia as well as Russia.

The Finnish-Russian break-off came just as Belgium and Holland began to entertain increasing hope that Germany would not violate their neutrality. It must add to the uncertainty in those two countries as well as among allied strategists.

Allies Digging In A grim and bitter speech by Winston Churchill, first lord of the British admiralty, had just pictured Anglo-French strategy as a siege of Germany. He said in effect that the allies were digging in behind the sea blockade and the Maginot line for the winter, and added that "time is on our side."

"If we come through the winter without any large, important event occurring, we shall, in fact have gained the first campaign of the war, and we shall be able to set about our task in the spring far stronger and better organized and better armed than ever before," Churchill said.

Even as he spoke, however, the Finnish-Russian tension was reaching a breaking point which could produce just such an important happening to change the course of the war.

It depends on Moscow's reaction to the Finnish resistance against Russian demands. Application of Russian military pressure to Finland would upset all present allied calculations. A spread of the war to the Baltic neutrals would again intensify fears of a simultaneous German invasion of the low countries to press the war now, rather than await the allied attack in the spring at which Churchill hinted.

Carries Warning Churchill's speech, too, carried a hint of warning to his own government, as well as to Chancellor Hitler, whom he styled a "cornered maniac."

He pictured Prime Minister Chamberlain as a man of "tough fiber" who would "fight as obstinately for victory as he did for peace."

In effect, that serves notice on whatever British peace party there may be that Churchill and his followers are in alliance with the Chamberlain government only under a pledge that the war with Germany will be pressed to the bitter end. It destroys any illusion that the allied replies to the Dutch-Belgian peace proposal contains anything short of a demand for German capitulation and restoration of Poland and Czechoslovakia to their full independence.

Between the lines of Churchill's outburst, and of other statements, can be read a definite allied conclusion that all is not serene in Nazi councils in Berlin, nor in relations between Berlin and Moscow.

Look Ahead to Debut

Seldom-photographed Christine Cromwell (above), may be one to watch if you're making bets on the "Glamor Deb" of the future. Daughter of James H. R. Cromwell and stepdaughter of the former Doris Duke, tobacco heiress often called "the world's richest girl," she is expected to make her debut next year.

VESSEL GIVEN RIGHT OF WAY

Nazis Order Warships Not to Interfere With Flint

Washington, Nov. 13 (AP)—The German government today ordered German warships not to interfere with the City of Flint on its way back to the United States.

Alexander C. Kirk, American chargé d'affaires in Berlin, was informed by the reich foreign office that the German naval command, in view of its understanding that the cargo of the American freighter had been landed at Bergen, Norway, has ordered all German craft to refrain from taking any action against the vessel.

An official of the state department here said the German order was a voluntary one and did not result from any request by this government.

However, it was recalled that the United States formally requested both Germany and Great Britain, while the City of Flint was still in command of the German prize crew, to take all necessary measures to avoid injury to the American crew.

AUTO PLUNGES IN DEEP RAVINE

Noted Movie Director Dies When Car Goes Into Canyon

Hollywood, Nov. 13 (AP)—An automobile's plunge from a bluff overlooking Hollywood into a ravine bottom 700 feet below cut short today the rising career of 45-year-old George Nicholls, Jr., a prominent motion picture director.

With him when the car rolled off into Coldwater Canyon, was Nicholls' sister-in-law, Mrs. Acta Barnett, 25. Both were thrown from the machine.

Mrs. Barnett was treated for severe cuts and bruises and removed to the Nicholls home, where she lived. She is estranged from her husband.

She told police that while she and Nicholls were parked on the point the automobile began to move. Before she could gain control of the car, which she drove, she said, it slid over the embankment. Mrs. Barnett said she was unconscious for several hours before she was able to summon help.

Nicholls' pictures included "Anne of Green Gables," "The Silver Cord," "Ann Vickers," "The Return of Peter Grimm" and "Flying Down to Rio."

FPE GREENS KING

Washington, Nov. 13 (AP)—President Roosevelt called birthday greetings today to the king of Italy. He said: "It is a pleasure to greet Your Majesty on your birthday and to express my warm wishes for your happiness and for the peace and prosperity of your country."

Byrd's Party Ready To Sail; Cruiser Arrives

Boston, Nov. 13 (AP)—The U. S. Antarctic expedition's sturdy North Star strained at her mooring lines tonight, ready to put out at noon tomorrow on the first leg of her voyage to southern polar regions, provided the party's "last straggler"—a 27-ton snow cruiser—can be coaxed aboard.

The ponderous cruiser, designed to serve as an igloo on wheels to help the expeditionary forces inspect vast areas of unexplored ice and snow, reached the ship's side early today in quiet contrast to the earlier stages of its trouble-blazed trip from Chicago.

Ahead, was the ticklish task of getting the cruiser aboard the ship and lashing it safely on deck. Admiral Richard E. Byrd, head of the expedition, and Dr. Thomas Poulter, the craft's designer and chauffeur, decided to let the tide help them do that job.

Meanwhile, workers operated on the cruiser, slicing approximately ten feet from its rear end. The operation, necessary to stow the cruiser on deck, cut into a compartment housing two ten-foot-high spare tires, but the section will be welded back on in the Antarctic.

Months of preparations nearby, Byrd said that if all goes well, the North Star would sail at about noon for Philadelphia—first, however, spending two or three hours in Boston harbor "swinging the ship" to check any possible compass errors created by metal in the cargo.

Joins at Panama The admiral said he would join the North Star either at Philadelphia or Panama, possibly flying to catch up with her, Byrd said he had several things left to do.

While Kuhn sat blushing and lowering his eyes, Assistant District Attorney Herman McCarthy read to the jury three messages to Mrs. Florence Camp which the defense conceded were written by the Bundsmen. Each was a mixture of impersonality and sentimentality.

"Hope you have everything under control tonight," said the first, which was dispatched on Sept. 12, 1938 to Mrs. Camp. "Leaving tomorrow. Great love and kisses."

Said the second—sent Oct. 26 to the Aberdeen hotel, Oklahoma City: "Arrived safely. Lots of news. Write you tomorrow. All my thoughts of you. Love and kisses."

The third, to a Cleveland address not disclosed: "Mrs. Kuhn, wife of the Bund leader, did not attend the trial. Adele Jennings and Frederick Vielh, telegraph company employes, testified the three wires had been charged to the account of the Bund's newspaper.

Peter L. F. Sabbatino, defense attorney, in stipulating that Kuhn had written them, conceded also that Kuhn was drawn \$716 in Bund funds to transport Mrs. Camp's furniture from Los Angeles to New York and from New York to Cleveland.

BRITISH SINK GERMAN SHIPS

London Reports 2 Nazi Vessels Shelled, Abandoned

London, Nov. 13 (AP)—British warships sunk two German merchantmen today, while the royal air force claimed a direct hit on a U-boat and anti-aircraft drove off a Nazi air attack on the Shetland Islands.

The admiralty announced the German steamers, the 8,000-ton Mecklenburg and the 6,938-ton Parana, were sent to the bottom at undisclosed locations to prevent their becoming menaces to navigation after their crews had abandoned them in a sinking condition. The crews were taken aboard the warships.

Earlier, a Reuters (British news agency) dispatch from Reykjavik, Iceland, said the Parana had sent out an S.O.S. and reported she was attacked by a British destroyer.

Four German planes were reported to have been driven off in an unsuccessful raid on the Shetland Islands today and British flyers were credited with a possible direct hit on a submarine.

British planes also were reported to have engaged a German flying boat over the east coast.

The raider's fate was not known, but an official account of one British plane raked the German craft with bullets and a part of one wing of the Nazi plane fell off just before it disappeared in a cloudbank a few hundred feet above the sea.

Meanwhile, it was announced that the 1346-ton British merchant vessel Pomona sank off the southeast coast after an explosion. No lives were lost.

The admiralty stated that the Nazi planes which attacked the Shetlands, 100 miles north of Scapa flow off the northern tip of Scotland and 600 miles from Germany, were driven off by anti-aircraft fires.

Building Permits Showing Increase

New York, Nov. 13 (AP)—October building permits for 215 cities in the United States totaled \$117,878,159, an increase of 14.2 per cent over the \$103,203,566 for the preceding month and a gain of 21.4 per cent over the \$97,111,919 for October, 1938.

The latest month's total, with the exception of March and June of this year, was the largest for any month since July 1933, the census agency said.

SOVIETS MUST TAKE ACTION, FINNS CLAIM

MIGHT ATTEMPT TO ESTABLISH BIG BLOCKADE

(By The Associated Press) Little Linn, under Russian pressure for territorial concessions since early October, definitely broke off negotiations with the Soviet last (Monday) night and left the next move up to her huge neighbor.

The silent Finnish delegation to Moscow departed for home, leaving most diplomatic observers in Moscow with the belief that Russia will continue massing troops on Finland's border in the hope the economic strain of continuous mobilization in the republic would bring it to terms in a few months.

Russia previously obtained air, naval and military bases on the Baltic from Latvia, Estonia and Lithuania. The Soviets now want Finland to give up a naval base on the northern coast of the Gulf of Finland, a strip of Finnish territory north of Leningrad, and concessions on Finland's Arctic coast.

Nazi Planes Attack In exchange, Russia would give Finland a large piece of barren and lake-studded Soviet Karelia on Finland's eastern border.

Air activity predominated in European war developments, with the German air force making simultaneous attacks on France and the British Isles but failing to dent the allied defenses.

Two air raids scared Paris but resulted only in the wounding of three persons by shell fragments from anti-aircraft guns.

An attack was made by German planes on the Shetland Islands north of Scotland and—for the second time in the war—Nazi bombs fell on British soil before the planes were driven away by anti-aircraft fire. The bombs shattered farmhouse windows.

The first German bombs fell on Oct. 16 in a raid on the Firth of Forth.

German Ships Sunk British planes were reported to have attacked a German flying boat on the eastern English coast, shattering of the invader's wing by bullets just before it disappeared in a cloudbank.

The British air ministry reported one of its planes had dropped a shower of bombs on a German submarine and apparently scored a direct hit.

On the sea, the admiralty said British warships sank two German steamers, the Mecklenburg and the Parana, after their crews had abandoned them in a sinking condition.

Around the globe from Great Britain, the British-India steamer Sirdhana struck a mine near Singapore and sank in 15 minutes. Eleven persons were reported drowned and nine others missing. Ten Americans escaped.

On the Western front, communiques from Paris and Berlin told of continued patrol action. The German high command added that 25 French troops had been captured in a vain attempt to take strategic hilltops southwest of Pirmasens.

SMITH'S TERM IS LENGTHENED

Former President of LSU Admits More Charges of Embezzlement

Baton Rouge, La., Nov. 13 (AP)—Dr. James Monroe Smith received an added 8-23 years in prison sentences today in an effort to clear from the books a mass of criminal charges arising from his stewardship as president of Louisiana State university.

He pleaded guilty to a charge of obtaining money under false pretenses and to three state charges of forgery involving misuse of university funds while he guided it for nine years through a \$13,000,000 expansion program inspired by the late Huey P. Long. In return for this admission, the remaining 23 charges against him were dropped.

Today's sentences left the 51-year-old doctor of philosophy facing minimum imprisonment of ten and one-half years, since he already was under three concurrent federal sentences of 30 months each.

The tall educator last week liquidated all pending federal charges by pleading guilty to mail fraud and income tax evasion. In his only jury trial, in September, he was convicted of mail fraud.

Of the more than two score accusations lodged against him since he suddenly resigned and fled to Canada last June, less than a dozen remained outstanding to-night. These were in the parish court at New Orleans and dealt mainly with the same offenses covered by today's pleas, leading counsel to express hope they might be dropped.

Liquor Is Found In Gasoline Tank

Detroit, Nov. 13 (AP)—U. S. customs inspectors today thought they were back in the prohibition era. An automobile crossing Ambassador bridge from Canada pulled up for inspection, and officers found a specially constructed compartment in the gasoline tank which contained 54 bottles of Canadian whisky.

The driver, Ethel Waterman of Detroit, pleaded innocent to a charge of smuggling when arrested before U. S. Commissioner J. Stanley Hurd.

Thinks Roosevelt Will Run Again

WILLIAM GIBBS McADOO

San Francisco, Nov. 13 (AP)—William Gibbs McAdoo, whose swing to Franklin D. Roosevelt gave Roosevelt the Democratic presidential nomination in 1932, said on his return from Washington today "there was a general consensus that Roosevelt will be the nominee in 1940."

McAdoo, secretary of the treasury under President Wilson, former United States senator, and now chairman of the board of the American President Steamship Lines, said he would support the president for a third term.

PACIFIC IS HIT BY EARTHQUAKE

Shock Leaves Jangled Nerves; Governor Badly Scared

Seattle, Nov. 13 (AP)—The Pacific northwest's sharpest earthquake left jangled nerves, cracked plaster, toppled chimney bricks and disarranged shelves as its most apparent reminder today.

There were no reports of injuries, and geologists said there was little likelihood of a recurrence of last night's temblor. They described the quake as a fault-slippage type and not indicative of resumption of activity in nearby Mt. Rainier.

The shocks forced the Auburn junior high school, 20 miles south of Seattle, to close because of chimney damage, started a fire which did \$1,000 damage at the St. Paul & Tacoma Lumber Co. plant at Tacoma by a short-circuited power line and dropped a 250-pound piece of cornice from the sixth floor of Tacoma's national Bank of Washington.

Chief damage appeared to have been at Tacoma and at Olympia, where Gov. Clarence D. Martin

POPE PIUS IN RADIO ADDRESS

Says Christian Educators Badly Needed During Times of War

Washington, Nov. 13 (AP)—Pope Pius XII told Americans today that the work of Christian educators was never more important than in this hour when "the bewildering errors of nationalism and materialism" were plunging the world into war.

His words were broadcast from the Vatican and directly primarily to a reverent throng of thousands gathered in the flag-draped gymnasium at Catholic university to celebrate the 50th anniversary of the founding of that institution.

Venerable cardinals and priest-faced boys studying for the vest hood stood together in the vast chamber, silent and intent, trying to catch every word of the pontiff's first American broadcast since his coronation. Many, hearing his voice, could close their eyes and see him as he appeared in the same building three years ago, as Cardinal Pacelli and secretary of state at the Vatican, during his visit to the United States.

Speaks in English Pope Pius spoke in English, but differences in accent and the difficulties of transmission made it impossible for numbers of his listeners to catch more than snatches of his message. But even these understood his reiterated praise of the familiar university—Paris is which he said he hoped might "encourage and strengthen you to pursue the noble but arduous mission which the university fulfills."

"The Christian education of youth," he said, "was never of more decisive or vital importance than it is today, when we are

LEADERS SEE NO ADVANTAGE IN MORE TALK

DELEGATES LEAVE FOR HELSINKI; MAY RETURN

BY LYNN HEINZERLING Helsinki, Nov. 13 (AP)—Finland walked out today on stalled Moscow negotiations over Soviet demands for territorial concessions.

Foreign Minister Eljas Erko said whether the negotiations would be resumed would depend on what the Finnish delegates reported when they returned home and on "quite a lot of good will on both sides."

Erko asserted, however, that he "would not consider it definite suspension" of the talks which Russia started Oct. 7 soon after gaining wide military and trade concessions from Lithuania, Latvia and Estonia.

Foreign circles expressed belief the next move was up to Russia, since the Finnish delegates were scheduled to be back in Helsinki Wednesday.

Return Authorized The Finnish cabinet today authorized the delegates to return if they found no hope of progress in the negotiations which for the past five days have been only indirect contact with the Kremlin.

Immediately upon receiving the cabinet's authorization, the delegates notified Helsinki they were returning.

Russia's principal demands, as disclosed by Premier Molotov and the Soviet press, have been for a naval base on the northern coast of the Gulf of Finland, a strip of Finnish territory north of Leningrad, and concessions on Finland's Arctic coast.

In return Russia offered a large piece of Soviet Karelia. Twice during the negotiations Finland's delegates returned to Helsinki for instructions.

"No Use Staying" "It is not our intention to suspend indefinitely," said the foreign minister today. "But to reach a successful final result would mean quite a lot of good will on both sides. When there is no continuation of talks there is no use staying there."

Erko said details of the negotiations would not be made public since they still were "confidential matter," although members of the Finnish parliament will be informed.

Little nervousness was apparent in Helsinki over the turn of events.

The nation has been preparing for five weeks against a showdown with Russia and approximately one-tenth of the population has been mobilized for the defense services.

FINNS ARE SILENT Moscow, Nov. 13 (AP)—A serious, silent Finnish delegation left Moscow for home tonight after a breakdown in a third attempt to come to terms with Soviet Russia.

The glum Finns refused to issue any statement, indicating that it was up to the government at Helsinki whether the delegation returned to Moscow again.

In diplomatic quarters the belief was that the Finns would not return, and speculation turned to what steps Russia might now take. The majority opinion appeared to be that the Soviet would continue merely to mass troops on Finland's borders, hoping the economic strain of continuous mobilization would bring the little country to terms in a few months.

Only one minor Soviet official saw the Finns off. He was an assistant chief of protocol in the commissariat of foreign affairs. The ministers of Norway, Sweden and Denmark, Finland's northern neighbors, however, were at the station to say goodbye.

Oh, look who's here! It's Fall. And that means football, the BEST renting days of the year, farm and home selling time, and another BIG money-making want ad season.

JAMES POWERS CRASH VICTIM

Injuries Received Sunday Prove Fatal Here Monday Night

James Powers, 58, of 2314 Ludington street, died at St. Francis hospital late on Monday night of injuries suffered in an automobile accident at 6:20 o'clock on Sunday evening.

Vern Cass, 113 South Sixth street was driver of the automobile and told police that he was traveling at only 20 miles an hour, going south on Stephenson avenue, and pulled toward the middle of the street to avoid a woman who had stepped from the west curb.

Police questioned several witnesses who verified Mr. Cass' account and he was not held. "I was coming down Stephenson avenue and there was a woman standing in the road," the Cass statement said.

"I left work at 6:05 p. m. and the accident happened about 6:20 p. m. I was going about 20 miles an hour."

Fowl Stolen From Zoo In Cleveland

Cleveland, Nov. 13 (AP)—Brookside Park zoo complained to police today that unknown persons, perhaps Thanksgiving-minded, stole:

- Ten muscovy ducks. Five pekin ducks. Five mallards. Two geese. Ten bantam chickens. Four raccoons.

POPE PIUS IN RADIO ADDRESS

(Continued from Page One)

of nationalism and materialism which are plunging the world into war, evidencing a philosophy builded on purely human standards.

President Roosevelt, too, sent a message which was read to the convocation. He said that the Catholic university was rich in achievement and full of promise of future usefulness.

Business Affairs Of Slain Race Man Are Investigated

Chicago, Nov. 13 (AP)—State's Attorney Thomas J. Courtney announced tonight he would ask Municipal Judge Eugene Holland to come to his office tomorrow for questioning about the business affairs of Edward J. O'Hare, slain president of the Sportsman's Park race track.

Courtney also said he would summon John Patton, secretary-treasurer of the track, but he set no time for the conference.

The state's attorney told reporters he wanted to question the jurist about his "dealings" with the racing magnate. The judge issued a statement last night saying he, O'Hare and several others had been interested in a real estate project.

Meanwhile, papers found in O'Hare's room at a loop club were examined by Capt. Daniel Gilbert, who said he found a small book containing, among other names, addresses and telephone numbers, the name and number of Judge Holland.

Capt. Gilbert told reporters investigators had located O'Hare's will. It was drawn in 1934 and left his property in trust with the income to be divided for life among his three children—Patricia, E. J. O'Hare, an American naval officer; and Marilyn, 15, who is in a St. Louis school. The extent of O'Hare's fortune or the amount of the trust fund were not disclosed.

Defendant Makes Escape From Court

Lansing, Nov. 13 (AP)—State police today joined the hunt for Guy Vander West, 35, of Grand Rapids, who bowled over a deputy sheriff in his flight from a circuit court room where he appeared to answer a non-support charge.

Vander West made his break for liberty as Circuit Judge Leland W. Carr adjourned his case until Wednesday and ordered a deputy sheriff to take him into custody until the case resumed. He knocked the deputy, Arthur Kiseee, from his feet and dashed from the courtroom.

Vander West jumped into a car in which his parents were sitting outside the courthouse and drove away. Deputy Sheriff Jerry Allen, who attempted to halt him, was thrown from the running board. State police ordered a blockade of roads leading to Grand Rapids and his parents' home, Muskegon.

Vander West had been held on a bench warrant charging contempt of court for failure to keep up payments for support of his children. He is divorced.

Beauty Operators' Exam Postponed

Lansing, Nov. 13 (AP)—Mrs. Jan Dymond, chairman of the state board of cosmetology, announced the indefinite postponement today of beauty operators' examinations which were to have been conducted today in Iron Mountain this week.

Mrs. Dymond said she disapproved a plan to assess candidates for licenses for the traveling expenses of two examiners. She explained that each candidate already pays the state \$6.50 as an examination fee, and expressed the opinion that the state should pay the traveling expenses from revenues thus raised.

Another examination will be arranged later, she said.

NO HOPE GIVEN CHILD'S MOTHER

Discovery of Leukemia Blood Donor Called An Improbability

Philadelphia, Nov. 13 (AP)—Grief-worn Mrs. Charles Felt pored over a growing pile of letters and telegrams tonight, stacking her hope against the word of the medical profession that it is "futile to search for a blood donor who might save her daughter's life."

The child, seven-year-old Kathryn Felt, has been weakening daily from a cut lymphatic leukemia, a disease in which white corpuscles destroy the red.

Physicians have said there is a slight chance a transfusion of type two blood from a person who had recovered from the same malady might benefit Kathryn—if such a person exists.

"We do not believe any proven case of lymphatic leukemia has ever recovered," said a spokesman for the Philadelphia County Medical society.

Informed that the sorrowing mother received offers of aid from 60 or more persons who believe they recovered from the disease, the medical society spokesman said:

"These people are obviously mistaken. Some of them most likely have a chronic form of the disease and have shown some temporary improvement."

Surrender Of 1939 Auto Tags Required

Lansing, Nov. 13 (AP)—The department of state refused today to relax a rule requiring purchasers of 1940 automobile license plates to surrender unexpired 1939 plates at the time of buying the new ones.

Secretary of State Harry F. Kelly said he had letters from police chiefs of Detroit, Grand Rapids and other large cities endorsing the rule and asking that it be enforced rigidly.

Kelly explained the regulation was intended to prevent unexpired plates from falling into the hands of criminals. He said in past years criminals picked unexpired plates from trash heaps and garbage cans and used them to confuse pursuit while fleeing from the scene of a crime.

"An extra set of license plates is almost as valuable as a gun to a person engaged in crime," he declared.

Kelly asked police departments as a matter of convenience to permit drivers to carry their old license plates in windows of their cars while enroute to buy new plates.

Young Fugitives To Face Charges In Officer's Death

St. Ignace, Mich., Nov. 13 (AP)—Robert Noel and Nelson Pasha, youths who led officers on a 300-mile chase across northern Wisconsin and Michigan Sunday, were arraigned today before Circuit Judge Victor D. Sprague and waived extradition to Wisconsin.

Sheriff Henry S. Necker of Wood county, Wisconsin, advised authorities here that he would seek a murder warrant for the youths because of the death of Chief Roland S. Payne, 65, of Mosinee, Wis., during the chase.

The youths, in custody on a charge of automobile theft originally, escaped from Payne and a deputy sheriff after a battle. They left the officers handcuffed together and Payne died before he was released. It was believed that Payne died of a heart attack induced by the excitement.

Marquette Priest Honored Bq Pope

Marquette, Mich., Nov. 13 (AP)—The Most Rev. Joseph C. Plagens, Bishop of the Catholic diocese of Marquette, announced today that Pope Pius XII has appointed the Rev. Joseph Leo Zyrd, D. D., C. J. D., of Marquette, a member of his official family—a papal chamberlain with the title of very reverend monsignor.

The appointment was made at the suggestion of Bishop Plagens, for whom Father Zyrd has acted as secretary since his installation in January, 1936.

Leader In Strike Held For Assault

Cheboygan, Mich., Nov. 13 (AP)—Mrs. Elizabeth Eytcheson, one of the strike leaders at the Cheboygan plant of the Alpena Garment company was arrested today by state police on a charge of assault and battery after she allegedly assaulted a woman employee who was passing the picket line to go to work.

The employee, Elizabeth McDonald was attended by a physician. Mrs. Eytcheson was released by Justice David A. Hastings on \$500 bond and will have a jury trial Nov. 20.

DON'S LOVE JELLS

Los Angeles, Nov. 13 (AP)—Charging that Radio Announcer Don Wilson was sullen and indifferent at home, Lucy Jane Wilson won a divorce and division of community property worth \$50,000 today. Wilson, whom she married in 1927, agreed to pay one-fourth of his salary as alimony.

Nahma Lets Out Whoop To Greet Deer Season

Nahma, in the heart of the deer country, last night let out its annual whoop at the Nahma Shindig in what was probably the most enthusiastic welcome in the United States to the opening of the deer hunting season.

It was estimated that more than 400 hunters from Michigan and other states were on hand for the event, which opened with an afternoon program of wood chopping and cutting and other events, included the annual grubfest of just plain hunter's grub, garnished with tall tales from the hunters, and ended with a bang-up dance in the community recreation hall.

The floor of the hall was especially bolstered a few days ago to take care of the weight of the dancers who jammed into the room to sway and swing to the smooth rhythms of the WTAQ Farm Hands orchestra.

"Sandy" Butler Slings Cliff Frazier, manager of the clubhouse, stood guard at the door taking tickets and attempting to give "pass-out" checks to those who wished to leave and return. Cliff was a very busy man. He was assisted by Herman Gunderson of Escanaba, veteran ticket taker, who for all his experience had his hands full as the mobs surged from both inside and outside, fighting for every step they took. Nearly 2,000 were there.

The carefree tempo of the day was set at the afternoon events and by the time 150 men and women sat down to the grubfest, the stories were flying and there wasn't a bit of trouble getting a song started now and then. Old "Sandy" Butler, veteran of 50 years around Nahma and with many a deer to his credit, was called on for a bow to the audience, and he just couldn't hold back the impulse to lead the whole gang in "Annie Laurie." It wasn't on the program but everyone enjoyed it.

A grubfest is not a dinner party in the ordinary sense. Not Tuxedos, but red and blue and orange and green plaid skirts sprinkled with black and white and red and black checks are accepted attire for the men and women alike. And not delectable dresses and flowing skirts, but sweaters and breeches and heavy boots were worn by many of the feminine company.

Yarns Are Spun But after dinner stories were on the program, as at any dinner party. These stories had a special flavor, of course, and were told by some of the best hunters and story tellers in the business. Chief among these was "Charlie" Good, vice president of the Bay de Noc Lumber Co., who was host to the party.

No slouches at the story art though were Harold Gessner, who kept things as much in order as possible, acting as master of ceremonies, and Tom Beaton, Herb Norton, John Zimmerman, Frank Ruske and other prominent hunters and lumbermen from this vicinity. They all added their stint to the yarn spinning.

Every available room in the village was filled as the hunters poured into town over the weekend and there was many a private party in the Nahma lodge and boarding house. Many of the hunters ran up from Escanaba and some were in from their camps in the woods.

They were not all hunters at the dance. Many were folks young and old from throughout Delta and neighboring counties. But they all looked like hunters, whether they had ever held a gun or not. All but a few, but they seemed almost out of place. Toward morning, the town had quieted down again and the stars shone bright and cold on what today will be the scene of feverish last minute preparations. Shooting deer will be legal Wednesday.

MSC Dormitory To Be Dedicated

East Lansing, Nov. 13 (AP)—A \$500,000 women's dormitory will be dedicated Sunday at Michigan State college at Louise H. Campbell Hall.

The building, which will house 950 students, is the largest campus residence here. It is being named in honor of Mrs. Louise H. Campbell, who was a state home demonstration agent for 10 years. A daughter, Miss Dorothy Campbell, of Chicago, will attend the dedication.

Del Vandervort Will Be Honored

East Lansing, Nov. 13 (AP)—Michigan State college will pay tribute to the memory of the late Del Vandervort, '18, of Lansing, and Dr. O. A. Taylor, '15, of Detroit, at homecoming day exercises Saturday.

Visitors will be taken on tours of new buildings erected or being built as part of a \$6,000,000 construction program, among them the \$1,400,000 Jenison field house now being built.

Deer Tails Bring Money To Hunters

The Michigan Department of Conservation wants deer hunters in Michigan to know that buck tails now have a cash value, and that makers of artificial lures for fish will pay good money for them.

The hairs of a deer are hollow, a fact which accounts for the animal's remarkable buoyancy in water. It also explains why no satisfactory substitute for buck tails has been discovered.

The tails are worth from 25 to 50 cents each. One Michigan manufacturer buys 2,500 to 3,000 tails annually and could use several times that number. Tanners of deer skins are the most important source of supply.

PROGRESS MADE BY CONCILIATOR

Auto Firm and Union Get Closer Together On Demands, Report

Detroit, Nov. 13 (AP)—James F. Dawsey, federal labor conciliator, said tonight spokesmen for the Chrysler corporation and the United Auto Workers Union (CIO) were "getting closer together generally" on the issues which have paralyzed Chrysler production several weeks.

Both sides submitted drafts today on the seniority question. Herman L. Weckler, Chrysler vice president in charge of operations, said the union was still demanding a union shop clause in the contract which is being considered, but added that "the corporation is just not interested in the union shop."

The union last week proposed that it furnish "a high bond guaranteeing performance" of certain provisions if the corporation would agree to a union shop clause. Weckler said the bond proposal was "very indefinite."

The corporation announced today the layoff of 3,200 more employees, including 1,400 office workers. It was estimated 55,000 Chrysler workers now are idle in addition to tens of thousands of persons employed by concerns affected by the Chrysler tieup.

In a radio talk tonight R. J. Thomas, president of the UAW-CIO, discussed arbitration and the union attitude toward the rate of production, the issue which set off the dispute.

"Chrysler workers," he said, "take the position that if they and their union are expected to observe and enforce certain fixed standards of production they should have a voice in discussing and fixing those standards. . . . The UAW-CIO negotiators have already conceded that speed of operations shall be fixed in the first instance by the corporation. We are only asking for negotiation and, if necessary, arbitration, where grievances arise."

Stateline Battle On Truckers Near Solution, Report

La Crosse, Wis., Nov. 13 (AP)—A tentative truck license reciprocity agreement was reached here today by Wisconsin and Minnesota state officials, to go into effect tomorrow.

In effect, the agreement was a mutual interpretation of license laws of both states. It was reached amicably to end friction caused by arrests in one state of non-resident truck drivers, particularly farmers hauling their own produce to cities across the border.

The major section said reciprocity would be extended "in all cases where the vehicle engaged exclusively in interstate commerce enters the foreign state but does not go beyond the corporate limits of a city or village of a foreign state, continuous to the state boundary line." (That applies to private carriers not for hire).

Your Phone and 698 will Buy, Sell and Rent for you.

38 Years Ill Health Now But A Memory

After A Trial Himself "Found Krugon Worthy of All the Praise Given It," Declares Wisconsin Lady

"Only those who have suffered as I have can understand just how much Krugon has meant to me," said Mrs. Lee Kline, 1141 Retscher St., Beloit, Wisconsin. "For thirty-eight years I had

been miserable with constipation and faulty elimination. I was also troubled with irregular bladder action which broke my rest and sleep so that I was continually tired-out. My back pained dreadfully too and I became so nervous in this condition the least disturbance would upset me so at times. My digestion was badly affected too and I could hardly eat anything without gas pains, bloating and indigestion afterwards. I was to the place where I felt I could not stand any more when I heard about Krugon and gave it a trial."

"Now I am enjoying the good health I had been wanting for thirty-eight years," continued Mrs. Kline. "My bowels are regular and those clogged intestinal impurities are being properly eliminated. Those nagging back-aches do not trouble me and I sleep and rest well without the disturbances of frequent bladder action. My digestion is good now and I enjoy my meals without ill after effects. Krugon is really worthy of all the praise given it when it is able to do such wonderful things."

Krugon is sold by West End Drug Store, 1221 Ludington St., this city.

said, "I have never been so frightened in my life." Several dozen plates of glass dropped from state capitol skylights in the house and senate chambers and plaster fell from office walls.

In Seattle 20-foot cracks appeared in the county-city building; falling plaster drove police out of their assembly room in the public safety building, and there were near panics in motion picture theaters, hotels and apartment houses as patrons dashed to the streets. One lateral water main burst.

The tremors were reported felt as far east as Cheney, within 19 miles of Spokane.

14 Million Dollars Worth Of Lumber Is Disposed In Boston

Boston, Nov. 13 (AP)—A \$14,400,000 transaction—believed the largest of its kind in the nation's history—effecting the sale of 600,000,000 board feet of New England lumber felled in last year's hurricane, was announced today by the Northeastern Timber Salvage Administration.

The purchase was made by a newly formed cooperative of wholesalers, Salvage Administration Director Leslie S. Bean said, in a contract signed in Washington last Friday.

Bean reported timber owners would receive \$24 per thousand feet, a price he termed "considerably higher" than they usually receive. He credited Herman I. Hyman, Detroit wholesaler, with originating the idea of the huge transaction.

Heiman Forecasts Business Upturn

New York, Nov. 13 (AP)—Domestic business gains should hold for some time after the first of the year, said Henry H. Heiman, executive manager of the National Association of Credit Men, in his monthly business review released today.

The credit executive said it was expected that "While there may be a slight pause in activity or recession in certain prices, the general trend will be upward."

The outlook indicated a "satisfactory holiday trade," he added.

PARIS SCARED BY AIR BOMBS

French Anti-Aircraft Drives Germans From City

Paris, Nov. 3 (AP)—Aerial warfare struck closer to Paris today. Three persons were wounded, a military announcement said, by shell fragments raining out of the skies as French anti-aircraft fire near Paris this afternoon drove off the second German scouting raid of the day.

One of the wounded was a three year old boy. During the first raid, at 4:20 a. m. (10:20 p. m. Sunday, E.S.T.) the approach of German planes had air-raid sirens screaming for the seventh time since the war began and the second time over the week-end.

As the civilian population sought cover, anti-aircraft guns ringing the city began barking. In the afternoon the firing started at 3:20 p. m. (9:20 a. m. E.S.T.) and continued intensively for over an hour. No alarm was sounded in Paris.

Before dawn Saturday the city was on the alert for 70 minutes. Today's pre- sunrise warning lasted an hour.

Above the racket of the anti-aircraft fire faint sounds of motors from German reconnaissance planes were heard.

Premier Dauidier, accompanied by Guy Lachambre, air minister, and General Joseph Vuillemin, chief of staff of the air force, continued a tour of air bases. They awarded a number of decorations to fliers.

The only report from the front contained in the war ministry's morning communique was that it had been "a quiet night on the front as a whole."

ROYALTY AT MOVIES

London, Nov. 13 (AP)—For the first time since their coronation King George and Queen Elizabeth tonight visited the movies. Braving London's blackout, they saw newsreels of the king decorating airmen, the queen broadcasting, and the British propaganda film, "The Lion Has Wings." An animated cartoon was added by the management after hints the king would like to see one.

COURT TO HEAR NORMAN CASE

Preliminary Examination On Knife Affray Is Set

Preliminary examination in the case of Gunnar Norman, charged with assault with a dangerous weapon following an altercation with John MacGillis early the morning of November 5 at a restaurant at Twelfth and Ludington streets, has been set for next Monday at 2 o'clock before Justice of the Peace H. E. Ranguette.

Norman, arraigned on Monday, November 6, before Justice Ranguette, waived preliminary examination and was bound to the January term of the circuit court under \$1,000 bond. Arrangements for the related justice court examination were made by his lawyer, who came into the case after the original arraignment.

Garden Justice Of Peace Makes Charge Of Assault, Battery

Harry Malville, of Garden, charged with assault and battery against Justice of the Peace Thomas Truckee of Garden, pleaded not guilty Monday before Justice of the Peace H. E. Ranguette in Escanaba and will have a jury hearing Friday afternoon. He was released on bond of \$50.

Both Malville and Truckee are employed on a WPA road job near Garden and got into a dispute while at work Friday, sheriff's office attaches reported. Malville was arrested Saturday.

"Rented the first day" said Smith. Try a For Rent Ad today.

Former Escanaba Weatherman Quits

Little Rock, Ark.—Harvey S. Cole, meteorologist in charge of the Little Rock Weather Bureau, made his last weather forecast yesterday, prior to being retired from the service on November 30. He will reach the age limit for active service in the weather bureau next month and will go on retirement leave tomorrow, having accumulated leave to the date of his retirement.

Mr. Cole will have completed 38 years in the weather bureau when he retires. He completed 25 years in charge of the office here last August 7.

Born in Missouri but reared in Ohio, Mr. Cole entered the weather bureau on November 30, 1901, at Louisville, Ky. He spent the next three years there, at Lexington, Ky., Vicksburg, Miss., and Shreveport, La., before being transferred to Charleston, S. C., for three years.

He was at Escanaba, Mich., for a year and half and at Charleston again for a few months. Transferred to Yankton, S. D., for a year and to Reno, Nev., for two years ended his traveling before coming to Little Rock. He has been in charge of the office during nearly half of its 55 years' existence and has witnessed all the improvements in forecasting and dissemination of weather reports.

Mr. Cole has been active in the Little Rock Science Club and the Second Presbyterian church, of which he is a deacon. Mr. and Mrs. Cole live at 6400 West Markham street.

O. D. Neumann, senior observer, will succeed Mr. Cole temporarily in charge of the office.

Frank Burton, Fayette, was admitted to St. Francis hospital for treatment. Lorraine Joncas, 411 South Ninth street, had an operation for removal of tonsils. Alice Boyle, North Bay Shore, submitted to an operation for relief from appendicitis.

Hospital

DEER HUNTERS JAM FERRIES

Hunting Season Records Broken At Straits of Mackinac

Lansing, Nov. 13 (AP)—The state highway department today reported a record-breaking rush of hunters into the Upper Peninsula for the opening of the deer season Wednesday.

A goodly percentage of the general citizenry will be making plans to leave town Tuesday and Wednesday and city and county officials will answer the call of the wild along with the rest.

Leaving their duties in the hands of assistants, Chief of Police Michael F. Ettenhofer and Sheriff William E. Miron both plan to make for the woods Tuesday. With the sheriff will be one of his deputies, Harold Johnston, and others. William Miller, county prosecutor, is another who it was reported, will join the parade, along with County Clerk P. A. LeClaire.

City Comptroller E. E. Peterson has been oiling his guns and will take off with a party Tuesday for North Miami on Whitefish lake. In his party will be Stewart Fry, Irwin Zuehlke, Ludwig Kjellberg, Earl Alkin, Clarence Moreau and Nels Roberts.

Anxiously awaiting Chief Ettenhofer's return will be Policemen Phil Bruce, Ray Van Enkevort, Ray Papineau and others. Wallie Arntzen of the city engineer's office and manager of the city airport has made perhaps the most elaborate preparations of all. He has made a series of aerial photographs of the hunting area and a party will cover in the vicinity of Helga. But he will not be able to fly to the camp because of lack of landing space.

In the Arntzen party will be John Bolger, Harold Olson, Erling Arntzen, Arthur Westby, Oliver Thorsen and Arne Arntzen.

Members of the party leaving today for camp at Kates Lake for several days' hunting include George N. Harder, George C. Craver, Dr. A. S. Kitchen, Dr. C. J. B. Kitchen, R. S. Adams, W. R. Smith, A. J. Young, Fred, Leighton, Waldo Roberts, and John P. Norton.

At the Wolverine camp, at Northland, will be Rev. Karl J. Hammar, Rev. James G. Ward, C. Arthur Anderson, W. Arthur Swenson of Gladstone, David Cline-Smith of Lansing, Ray Brown of Greenville, Mich., and John Carlson of Cornell.

Another member of the hunting party at the Big West camp will be Francis McGovern.

Find Seward Gray In Milwaukee, Wis.

Marquette—Seward H. Gray, 67, of 2438 Elm street, who was missing since October 28 when he disappeared from the Soldiers' Home in Milwaukee, was located in a Milwaukee telegraph office yesterday morning. Word that Mr. Gray had been located was received here yesterday by his sister, Miss Jennie Gray, of this city.

Col. A. B. Thompson, chief medical officer at the hospital, said his office reported a telephone call Friday morning from the telegraph office saying Gray was there. He was taken to the hospital. His condition was described as "good." He said he had been living in a rooming house near the Chicago North Western station.

Mr. Gray disappeared shortly after he came to Milwaukee with his son, John, editor of the Crystal Falls Diamond Drill for treatment at the Veterans' hospital

Hunting Parties In U. P. Camps

It Isn't an Official Holiday, but the fact is that many a city and county official will not be available at his office today and perhaps for a few days to come. They have arranged that parts of their vacation time shall come now and it just happens that the deer hunting season opens Wednesday.

A goodly percentage of the general citizenry will be making plans to leave town Tuesday and Wednesday and city and county officials will answer the call of the wild along with the rest.

Leaving their duties in the hands of assistants, Chief of Police Michael F. Ettenhofer and Sheriff William E. Miron both plan to make for the woods Tuesday. PRIEST URGES PEACE IN U. S.

Fr. Lavolette Declares America Must Fight to Remain Free

An inspiring plea for people of the United States to join forces in an attempt to maintain lasting peace was contained in an address at the regular meeting of the Lions club last night by Rev. Fr. Lavolette, pastor of Holy Family church at Flat Rock. Fr. Lavolette traced the history of the United States with reference to its breaking away from governments of the old world, pointing out that this country's freedom was hard earned what with struggles in the Revolutionary, the Civil and World wars.

"The individual, the family and the nation," said Fr. Lavolette, "are all closely inter-related. Good government is based on the healthy spirit of the individual, on which depends successfully spirited families and, in turn, the success of the government is based on the family. It is in direct proportion to the success of the family, a guarantee of peace."

The priest showed that in democracies the rulers rule with the consent of the governed, it being the prerogative and function of a healthy government to control, aid and direct activities of national life for the common good.

Must Analyze Conditions "America struggled for its independence and for its existence," Fr. Lavolette said. "Today America is faced with the possibility of losing its life blood. We are at the cross roads. We have freedom of religion, speech and press. Liberty is by no means license. Now is the time when we must think hard and carefully to analyze the conditions on which men can reorganize a warless world. Such a world cannot exist unless America pulls herself together for economic security and social justice."

Dr. Fred Toney of the health department was introduced and spoke briefly on the need for children of cod liver oil as a preventative of dental caries and urged the Lions to adopt some program along that line.

A. D. LaBranche was chairman of the meeting. Next week, the meeting will be in charge of Clyde Frick and Michigan state police will appear on the program. The Lions' Boy Scout troop will be guests at the meeting.

P.T.A. Meeting Postponed Nahma, Mich.—The regular meeting of the P. W. Good Parent Teacher association which was to be held Tuesday evening will be held at a later date.

Altar Society Meeting The Altar Society of St. Andrew's Catholic Church held their regular meeting Tuesday evening at the home of Mrs. Elmer Finstrom.

Tables of bride and five hundred were in play following the business meeting in which Mrs. Harry De Roster was awarded a prize for high score, in bridge and Mrs. Henry La Vigne in five hundred.

The December meeting will be held at the home of Mrs. Reginald Hebert.

Guild Meeting Mrs. Jack Schwartz Jr. entertained members of the Guild of St. Paul's Episcopal church and guests, Thursday afternoon at a 1:30 o'clock dessert luncheon and cards.

Mrs. Nick Gemunden and Mrs. Robert Egert were prize winners in bridge and five hundred respectively.

High School Orchestra Elects Officers The high school orchestra under the direction of Mr. Gordon Caswell elected officers at a meeting held Tuesday evening. They are as follows:

President—Dorothy Deloria. Vice President—Jack Hruska. Secretary—Clinton Phalen. Treasurer—Jean Swanson.

4-H Club Meeting The members of the 4-H club held their first meeting of the school year Thursday evening, Miss Dorothy Dieckrich their leader being hostess for the occasion.

Members present included Lorraine Lander, Betty Smith, Evelyn James, Marilyn Turek, and Dorothy Deloria.

Discussion Held By Kiwanis Club

Members of the Kiwanis club enjoyed a forum discussion concerning organization affairs at their regular meeting at the Sherman hotel yesterday noon.

Rev. James G. Ward discussed the objects of Kiwanis and reviewed some of the activities of the local organization. Other speakers were: James H. Jackson, who spoke on club programs; Dr. K. F. Harrington, attendance; Robert Gregory, hospitality; and Clarence Zerbel, membership rules and by-laws.

The famous Welcome Nugget, found in the Bakery Hill mine at Ballarat, Victoria, in 1858, weighed 182.9 pounds and is reputed to be the world's largest gold nugget. Second largest was the Blanche Barkley nugget, which weighed 149 pounds, found in South Australia.

CHILEAN TRADE IS DANGEROUS

Would Seriously Hinder Copper Industry In United States

Washington, Nov. 13. (AP)—The state department was notified formally today that a lowering of the copper excise tax in a prospective Chilean trade agreement would lead to widespread economic repercussions in this country and impair the national defense.

Warnings that these would be the logical consequences of any such action were left with the department by eleven of the nation's leading red metal producers, by the Arizona copper tariff board, members of congress and other opponents of reduction in the existing four cents a pound duty.

They expressed their views in briefs called for by the committee for reciprocity information in advance of hearings to open here November 27.

Announcement by the department that copper was one of the products on which it would consider granting concessions to Chile already had led to threats in congress of an attempt at the next session to repeal the trade agreements act.

Briefs Submitted The assertion that the national defense might be impaired by a lower of the tax was contained in the brief of the eleven producing firms.

It asserted a "very considerable part" of United States production, termed necessary for defense requirements, would be forced to suspend because of inability to compete with foreign copper and added:

"In this period of world turmoil, with leading nations actually at war and others threatened with involvement, it would be policy worse than short-sighted to abandon our national self-sufficiency in copper and depend for adequate supplies on the goodwill of our neighbors or the risks of ocean transport under war conditions."

Signing the document were these producers: Calumet and Hecla Consolidated, Michigan; Consolidated Copper-Mines, Nevada; Copper Range Co., Michigan; Isle Royale Copper Co., Michigan; Magma Copper Co., Arizona; Miami Copper company, Arizona; North Carolina Exploration company; Phelps Dodge Corp., Arizona and Texas; Quincy Mining Company, Michigan; Shattuck Denn Mining Co., Arizona; Tennessee Copper company.

Long before the arrival of the Pilgrims in the New World, the turkey was the national bird. It was bred extensively as a medium of exchange by the Aztecs, who also wore colorful garments from the feathers.

Revamping Tax Structure

GOV. CULBERT D. OLSON of California, troubled by the wide variance in income tax rates among the states and by the small percentage of income taxes collected compared to the total tax levy, recently proposed a rearrangement in the tax picture.

The governor's plan would certainly eliminate fears among states that industries are driven out because of high state income taxes. But to place such a proposal into effect might initiate an economic revolution in this country, the results of which might be too disastrous to imagine.

Seventeen states today levy income taxes, but no sales taxes. Six states have sales taxes without income taxes, and 17 depend on both for their revenues.

The federal graduated income tax rate is the same in every state of the union. In states which depend, not on sales taxes, but on income taxes for their chief source of revenue, it might be assumed that the proportions of state to federal revenue would remain reasonably constant. But it doesn't.

In Delaware, the state revenue approximates only 1 1/2 per cent of the federal collected. In Kansas the percentage is 33; in Kentucky, 31; in Maryland, 27; in Oregon, 53; in South Carolina, 60; in Tennessee, 20, and in Wisconsin, 75.

It was only a generation ago that the income tax was inaugurated, but in the year ending in June, 1939, 27 per cent of the total revenue in the United States was collected through income taxes.

Like civilization itself, the tax structure of a nation cannot suddenly be turned over with a spade. Taxes in certain fields, which may be too high, must be made up somewhere. Some uniform and centralized tax basis might be advisable as a means of eliminating unfair multiple taxation.

War Drives Out Liberties

WAR-TIME dictatorship, in otherwise democratic nations, is not confined to the machinations of the central government. It spreads its tentacles into every county and hamlet; it touches every local official. Its decrees are almost as stringent, if not quite as brutal, as those of a peace-time Fascist power.

England is learning all that over again. The people and their local officials in small communities far from London and comparatively safe from the ravages of air-raiders are no longer self-governing. If the Crown was apathetic about their small affairs before the war, it is vitally interested in them now.

War always brings on those things. The little liberties that people once knew and hardly ever thought about are curtailed. Freedom of press, speech and assembly are privileges to be used discreetly, not openly as before. No nation, not the most democratic among them, can escape martial dictatorship when war strikes, and that's a point for all Americans to remember.

Red Cross at Work

BECAUSE of the increased responsibilities due to the European war the Red Cross this year is seeking to increase its membership to 5,668,650.

This does not mean that the Red Cross is going to slight its important humanitarian work at home, however. Throughout the year, the Delta county chapter has been carrying on its welfare program. The discovery of a family of eight children in dire need in a rural community of the community last week was just one instance of the assistance it has been giving to many unfortunates.

Everyone is familiar with the work of the Red Cross in war and disaster, and recognizes it as an official adjunct of the regular military forces. It is widely known of course that since the World war the

Red Cross has continued its service to the war disabled and their dependents and has carried on with aid to active servicemen in solving their social and economic problems. Its many other undertakings including its lifesaving and first-aid instructions to civilian groups have given it a strong appeal to all people.

For such a far-flung, loose-knit organization the Red Cross has a surprising number of staunch supporters who take personal pride in their membership. The Red Cross membership campaign is regarded by many as preparedness for the unknown disasters that may come during the year ahead. In this fortunate community where disaster has seldom struck on a scale requiring outside help, no one can do better than give a dollar to the Red Cross knowing it will go to help the unfortunate wherever they may be.

Urges Capital Penalty

GOVERNOR DICKINSON suggests as a preventative for prison breaks, such as the one that occurred at Jackson recently, the adoption of capital punishment for extreme crimes.

It is unlikely that the governor will do anything about it, however. The capital penalty has been suggested many times in Michigan. The legislature has spurned the idea, and when the question was put up to a vote of the people it was badly defeated.

"The death penalty is not a cure for crime, nor would it prevent incidents such as those which have occurred at Jackson, Marquette, and Ionia. Other states which have the death penalty also have crime problems and prison breaks. Crime can not be prevented by killing criminals. Illinois has capital punishment, but that has not deterred Chicago's gangland killers, or any other criminals in that state."

"Elaborating his views, Governor Dickinson says he has always felt that prisons are too lenient and that imprisonment does not seem to be punishment. In this he may be nearer the answer than he is in favoring capital punishment."

"There may be too much coddling of prisoners, too many special privileges, too much freedom and informality within the prison walls, and not enough reminders that imprisonment for crime is first of all for punishment and secondarily for rehabilitation. There need be no brutality in the administration of prisons and there should be none, for that would have as bad an effect on prison discipline as too much laxity. What is needed is firmness, strict discipline, and unceasing vigilance by prison staffs selected for their ability and not for political reasons."

Other Editors' Comments

A PAGE A DAY

When those who can write, and who are paid for doing so, do not write enough, and when those who cannot write, write far too much, a problem arises which is both artistic and practical. It has already confronted Lieut. Col. Brehon Somerville, local WPA chief, who includes the Writers' Project under his jurisdiction. Recently, 80 workers were dropped as incompetent—a step followed by protest by the Workers' Alliance, which threatened one of its mass protests, sometimes distinguished with difficulty from riot. Discontent was not allayed by an offer to rehire, as common laborers, those demoted literary men who are on relief. While it is difficult to apply quotas to creative artists, a certain standard of output is necessary when those engaged in the work are paid from public funds. A minimum, therefore, had to be set for those writers whose ability had passed the test. Under it they will be expected to turn out 300 words a day, the equivalent of one printed page. To some this will be easy; to others an almost impossible task. They may console themselves, perhaps, with the example of Barrie, who considered a few paragraphs a day's work, and who yet, in public esteem, is not far behind the giants whose works fill whole shelves of the bookcases. For most of us literary composition is difficult and laborious, emphasizing all too often the old saying that easy writing makes hard reading. Colonel Somerville expects that his project will turn out 150 volumes a year. "That is all anyone would want to publish," he comments—a statement clearly on the conservative side.

FREEDOM FOR THE FLINT

The full story of the City of Flint may not be known for some time, but enough has been disclosed about her sudden release by Norway to write an additional exciting chapter in a history stranger fiction. Whether the Norwegians were justified in freeing the Flint at Haugesund may be debated by the international lawyers who are still divided over the Russians' handling of her at Murmansk. And until there are more facts their debate may be as footless as the layman's. It is even possible that the Germans did not want to risk running the British blockade and took this way out.

Even now the future course of the ship is perilous and doubtful. But in this sea of uncertainty a few rocks stand out. Norway was not afraid to take resolute action. This attitude may have its effect in the whole tense situation in Scandinavia over Russian threats to Finland. And surely the entire experience must be discouraging to German hopes of bringing home many prizes out of the war at sea.

THE POLITICAL ASPECTS

Several aspects of the Southern Michigan prison break and its aftermath have been brought to attention by impartial Lansing newspaper correspondents. They may be emphasized because of the light they may throw on the prison situation in Michigan. Placing the blame before an investigation even has started is a favorite political dodge. Governor Dickinson and Con-

World Affairs Reviewed

BY GORDON W. WALKER

Germany's production capacity and immediate supply of oil, considered vital to modern warfare, has for some time been a subject of contradictory debate among military strategists and petroleum experts.

Although no official figures are available, experts have speculated with varying results upon the amount of oil that Germany could produce synthetically, the amount of oil that Germany had stored up before the war broke out, and the amount of oil that Germany could rely on from foreign imports, principally Russia and Rumania.

To most observers it appears certain that Germany's wartime needs will far exceed its peace-time consumption in fuel oils and lubricants.

In the World War as much as 500,000 tons of oil, exclusive of the merchant marine and the navy, was consumed in a single month. Since then, the number of motor-driven vehicles has jumped about 1,400 per cent, and the use of petroleum nearly 400 per cent.

ESTIMATED NEEDS VARY

Exactly how much oil will be needed by Germany to carry on the present European war, however, is not known. Various estimates have been made by experts, ranging between 12,500,000 and 40,000,000 tons annually.

Wehrtechnische Monatshefte, a German publication, places the figure at 12,500,000 tons annually. Senator Joseph Callaux, one of France's most eminent authorities on financial and economic matters, estimates that Germany's wartime oil consumption would be between 15,000,000 and 40,000,000 tons annually, and adds that the Reich would have a difficult time procuring even 15,000,000 tons of oil.

Deutsche Wehr, an organ of the General Staff, calculated in a 1936 edition, that a modern army would require 12,750,000 tons of oil a year for a modern war. A modern army was defined by the publication as composed of 300 divisions, which would include 30 motorized divisions and use up 10,500 tanks, 140,000 motor trucks, 40,000 passenger cars, and 60,000 motorcycles; together with an air force of 9,000 planes made up of 6,500 single-engine machines, 500 twin-engine, 500 triple-engine, 250 four-engine, and 1,200 sport-type planes.

Two million tons for the navy and another 3,500,000 tons for industry and transport behind the lines were included in this estimate.

AUTHORITY SAYS 15,000,000

World Petroleum, an authoritative publication on the petroleum situation, regards Germany's war time needs as being at least 15,000,000 tons annually.

Thomas Possony, anti-Nazi author of "Tomorrow's War," and well-known military strategist, estimates as high as 40,000,000 tons for German's wartime oil requirements, not including naval consumption.

But where Germany will get enough oil to fill even the lowest estimate requirements has so far not been satisfactorily explained.

Before the war broke out, Germany's annual oil consumption was somewhere in the vicinity of 7,000,000 tons. Of this amount approximately 2,000,000 tons was produced domestically, including synthetic manufacture. About 5,000,000 tons was imported annually of which about 47.7 per cent came from South America, about 32.7 per cent from North America, about 7 per cent from Iran and the Dutch Indies. On the continent Germany received about 10.6 per cent of its imports from Rumania, and Soviet Russia.

tions Commissioner Paul W. Chase are reported to have laid the blame on the shoulders of "a dumb guard." Whatever may have been the shortcomings of "the dumb guard," he could not have been responsible for the knives in the hands of the escapees nor the possession of a guard's uniform coat and a gun on the part of the leader.

And the "buck-passing" becomes highly ludicrous when Mr. Chase digs up the old bromide to the effect that "it was all the fault of civil service." It turns out that Chase does not know what he is talking about, apparently. The "dumb guard" was a veteran of six years' service who was on the rolls long before civil service went into effect.

All this hokum adds up to exactly nothing, of course. It proves nothing and serves no possible end in clearing up the responsibility for the break.

But it does indicate one thing more strongly than ever. It emphasizes the need for taking the matter out of politics and for placing it before a nonpartisan, disinterested committee.

SAYING IT WITH BOMBS

You may take your choice of the explanations already offered for that explosion in Munich which so many people obviously regret—because it happened just too late. You may believe, as the Nazis appear to, that Mr. Winston Churchill, on a detour home after dynamiting the Athenaeum, tucked the time bomb into the beer hall where Adolf Hitler was going to speak some ten weeks later. You may believe, as the British suggest, that the whole thing is another reichstag fire, set off by the Nazis themselves for any one of a number of reasons making sense to the psychopathic. You may believe with the French, who are, as usual, less fanciful, that the blast is a sign of division within the Nazi Party which the Gestapo couldn't prevent or possibly connive at.

But one thing is perfectly clear at this distance and this early in the investigation. Here is another symptom that the dictator's boast about his ability to maintain "order" is about as false in Germany as it has proved to be everywhere else on earth.

The Return of the Corset

Answers To Questions

BY FREDERIC J. HASKIN

A reader can get the answer to any question of fact by writing The Escanaba Daily Press Information Bureau, Frederic J. Haskin, Director, Washington, D. C. Please enclose three (3) cents for reply.

Q. How many people come under the provisions of the unemployment insurance program? J. D. H.

A. More than 27,500,000 business and industrial workers are now covered by the nationwide unemployment compensation program.

Q. What was the first letter carried by pony express? S. P. M.

A. At noon on April 3, 1860, the first pony express rider dashed out of St. Joseph, Missouri, carrying a letter from President Buchanan to the governor of California.

Q. When was the opera "The Daughter of the Regiment" first produced in the United States? W. J. D.

A. The opera had its American premiere at New Orleans in 1843.

Q. What is the record wheat yield per acre in the United States? J. T.

A. The highest wheat yield on record at the United States Department of Agriculture is 117 bushels per acre, harvested in Island County, Washington, in 1895.

Q. How much does it cost to drill for oil? J. M. S.

A. It costs from \$40,000 to \$100,000 to drill the average well today.

Q. Did Christopher Columbus have a Negro pilot on his voyage? M. H.

A. According to generally accepted tradition, Alonso Pietro, the pilot of Columbus's vessel was a Negro. His name appears in the Libroto published in 1504 as Pietro Alonso il Negro (the Negro).

Q. For whom are Bartlett and Sheldon pearls named? J. A. R.

A. The Bartlett pear originated in England in the 18th century and was brought to America about 1797. In 1817 the estate at Dorchester, Massachusetts, where the pear had grown up to that time, was acquired by a Mr. Enoch Bartlett, who henceforth spoke of the pear as the Bartlett variety. The Sheldon pear was first exhibited in 1849 and was listed by the American Pomological Society in 1854. It grew on the estate of Major Sheldon of Huron, New York, where it had been brought by his father from Washington, New York.

Q. How can anyone tell the approximate age of a rooster? S. F. G.

A. The age of a rooster is determined by examining its spur which are small and short when the bird is young and grow much larger as it gets older. The keel bone of the bird is soft and can be bent when it is under a year old, but after that time it grows hard and is no longer flexible.

Q. How long was the Squalus? O. M. W.

A. The submarine was 299 feet long.

Q. What is the oldest continuously inhabited place in the United States? W. R. S.

A. Oraibi, a Hopi Indian village in northeastern Arizona, is believed to be the oldest contin-

20 Years Ago

BY GEORGE ROSS

A marriage license was issued yesterday at the county clerk's office to William LaLonde and Della LaMaire, both of Osler.

Miss Ella Fenske and William Steinhausen, both of this city, were united in marriage at the home of the bride's brother, Wednesday evening. The Rev. C. M. Merrill officiated. The bride was attended by Miss Augusta Nordquist and the bridegroom by Herman G. Fenske. An elaborate wedding supper followed the ceremony.

Announcement has been made of the marriage of Mrs. Rose Wixon and Deibert E. Moody.

Mrs. Emil Christensen and Mrs. Irene Nelson entertained Wednesday evening at the home of Mrs. Christensen in honor of Miss Julia Buckley, who is soon to become a bride.

Presenting attorney Torval E. Strom will leave today for Lansing to be gone a couple of days on business.

Gene Dubey, Joe Turck, Frank Sesick, Howard Olmsted and Edward Sheeldo have returned to Gladstone after a brief visit here.

The Misses Mary Bink and Aurelia LaBelle have returned from a motor trip to Marinette where they attended the football game.

Roy Brown, who has been confined to his home, 412 Tenth street, for a week by tonsillitis is again able to be about.

Ray Gaston has returned to his home in Schaffer after a visit with relatives and friends here.

The Misses Anna Norman and Rena Nickolson of Stonington are the guests of Escanaba friends.

Mr. and Mrs. Alva Savoy of Fox are visiting friends here.

Dave Houle has returned from a few days visit at Nadeau.

Mrs. R. A. Chenoweth returned Thursday from a trip to Marquette.

The Misses Amelia and Mary Lewis of Gladstone are visiting here.

ously inhabited community in this country. It existed as early as 1370, this fact being deduced from a study of the annual growth rings of timbers in the ruins.

Q. How many States have compulsory liability insurance for automobiles? F. H. M.

A. Massachusetts is the only State with compulsory liability insurance for automobile owners.

Q. Please give the date of the Scottish celebration in North Carolina. W. H. K.

A. The 200th anniversary of the Scottish Highlanders in the Cape Fear Valley of North Carolina will be observed at Fayetteville from November 19-25.

Q. When was the Black Tom explosion? W. M. F.

A. The dock explosion and fire at Black Tom Island, Jersey City, N. J., occurred early Sunday morning, July 30, 1916, causing a loss of \$23,000,000.

Q. How fast does Lowell Thomas broadcast? G. H. C.

A. Lowell Thomas speaks at the rate of 180 to 190 words a minute.

New York Column

BY GEORGE ROSS

New York—It is always news when Clare Boothe tosses off a show for Broadway, for she has rattled off some pretty provocative ones lately, like "The Women" and "Kiss the Boys Goodbye." On both occasions she was charged with telling tales out of school. Reviewers have spoken of her viper's pen and scorpion's tongue, but Clare blandly disregards these condemnations and goes on writing better and better shows.

Her latest, "Margin for Error," was said to have almost set the State Department in a fever when it played in the Capitol several weeks ago.

It does not exactly offer a bunch of violets and an admiring "Hell" to the German Consulates in America. Nazi partisans will not care to assist Miss Boothe's latest saga by their patronage. It's a Broadway hit, by the way, despite the protestations of the German consulate in Washington.

A curious admixture of anti-Nazi sermonizing and mystery, "Margin for Error" is all about the murder of a Nazi consul in the United States who is guarded by Jewish policemen, assigned by a mayor who believes in the workings of democracy.

Well, the consul, who is not the most scrupulous of diplomatic emissaries, is killed, and what Miss Boothe goes on to tell is—who did it! It is the non-Aryan gendarme who solves the dilemma amidst plenty of excitement.

No, they can't get that Boothe girl to write trivial domestic comedy. First she alienated her sex by exposing their wives in "The Women." Then she steamed Hollywood by taking them on a merry hay-ride in "Kiss the Boys Goodbye." Now she is inviting an international imbroglio.

"RAIN, RAIN GO AWAY!"

New York in the rain must look like any other large American town in the rain: deserted streets, neon lights, little crowds huddled under shelters until the torrent lets down.

Life slows up considerably in the metropolis when it rains all day and the spirit's low. The New Yorker who is used to hurrying to and fro is somewhat stalled and chastened. In a steady rain, taxi-travel in Manhattan is at a snail's pace and the din of clashing automobile horns mounts even after a drizzle.

In the long rain, only the intrepid few care to brave the risks of getting wet. But now and then you hear of the extraordinary New Yorker who likes to walk in the rain, sloshing along empty streets with a proprietary air.

Such examples of metropolitan types are rare and if they feel they own the place as they strut around it on rainy days, no one voices an objection. Such strange ducks, New Yorkers seem to imply, can have it!

It is bad enough to be a runt without being singled out, derided, envied and otherwise persecuted as brainy.

—Marjorie Holmes Migell, child authority.

I shall resist civil disobedience unless I find that the country is prepared for that.

—Mohandas Gandhi, after discussing Indian status with British representatives.

For the democratic countries, even after 17 years of life and work, Fascist Italy still remains an absolutely unknown country.

—Virginia Gayda, Italian journalist.

The Washington Merry-Go-Round

BY PEARSON AND ALLEN

Washington—Authorities are quietly investigating inside reports that the chief reason for the flabbiness of stock prices is secret, systematic dumping of U. S. securities by the Allies.

The doldrums gripping the stock market are in striking contrast to the exuberance of industry. While the business index is higher today than in 1937, in some lines even higher than in 1929, stocks are from 45 to 50 points below 1937 levels and approximately 200 points under 1929 highs.

Every time the market stiffens and starts upward, a selling wave immediately develops and prices slump. The core of this selling, authorities suspect, is of European origin—governments seeking to obtain dollar credits in this country to finance the war purchases made possible by the lifting of the arms embargo.

At the beginning of the war, British and French holdings in U. S. stocks and bonds were around \$5,000,000,000. These investments were chiefly in so-called gilt-edge industrials, such as General Motors, General Electric, DuPont and Allied Chemical; and the major railroads, Pennsylvania, Southern, Union Pacific, Southern Pacific, Great Northern.

Since then the two governments have taken over these securities and in recent weeks have been secretly unloading them to pay for heavy outlays for war materials.

CONCEALED SALES

Evidence of the effort being made abroad to cloak these operations in deep secrecy is certain confidential proposals made to leading U. S. firms whose stocks are held by the Allies.

The London branches of the principal New York banks, through which most of these transactions are handled, were asked to approach these companies with a proposition to issue new temporary certificates to cover unloaded securities. In other words, instead of the original stock certificates going through the New York Clearing House and revealing their source, temporary certificates would be issued in the name of the agent bank, thereby concealing the origin of the sale.

Another proposal was to permit the London agents to cable that certain certificates had been "canceled," that is, sold, and the companies then to issue new ones.

So far most of the corporations have rejected these schemes because of the danger of forgeries and other crooked operations, but indications are that the last has not been heard of the matter.

SNAGLESS STOCKINGS

Cheer up, girls; the Government has tackled that terrible daily hazard—the snagged silk stocking.

The U. S. Bureau of Standards is making an extensive laboratory study aimed at evolving a way to lick the snag menace. However, it must be admitted that so far results have been meagre.

The experts found that snags occur chiefly in "low twist" or loosely woven, hose. But they also discovered that while "high twist" stockings have more snag resistance, when once snagged they develop longer runs than "low twist" hose.

The experts have come to one conclusion: The finish of a stocking has a great deal to do with its durability. Working from this base, they are concentrating on finding the best finish which, combined with the most efficient type of silk twist, will give consumers a snag-proof hose. So far, the Bureau has discovered only one brand of stocking on the market genuinely run-proof. This brand has a reinforced fine silk under-web that locks every stitch in the stocking.

Note: The experts rate as worthless certain chemical preparations intended to be snag resistors.

MERRY-GO-ROUND

Robert Wohlforth, ex-West Pointer and chief investigator of the LaFollette Civil Liberties Committee, has joined the staff of the Anti-Trust Division, and is aiding Assistant Attorney General Thurman Arnold in his attack on price-fixing and racketeering in the building industry.

Secret Service operators find the bill most frequently counterfeited is \$20. . . . Jefferson spent \$10,000 on fine wines during his eight years in the White House. . . . Most brilliantly lighted room in Washington is at the Bureau of Standards, where row on row of light bulbs burn all day and all night to test their lifespan.

Another psychologist has contributed support to the theory that the masculine I. Q. is higher than the feminine. If this keeps up, husbands will talk themselves into believing it.

A cyclone recently damaged every house in an eastern community except the one that was insured. One would almost suspect the insurance company had a hand in the storm.

Lines for Living

By Burton Raw Pagan

THE PUNKIN'S PRAYER
Will I be a punkin face
Or only a punkin pie
O I want to be a punkin face
And see the world go by.

I want to have a funny nose,
The cater-cornered kind,
And have the peak of it to point
Straight up to my mind.

I want a mouth from ear to ear
And teeth like dominoes;
Please make it grin so it will crowd
Against my chin and nose.

I'll make the old folks smile a bit,
I'll make the children scream—
But there I am out in the field
And that is all a dream.

O let me be a punkin face,
Up on a post so high,
I hope I will not have to be
A dry old punkin pie!

Cubbing Program At Wells Parent Teacher Meeting

Cubbing will be the topic of an interesting program arranged for the Wells Parent-Teacher association meeting which will be held Wednesday evening at the school.

Social-Club

Football Party. Miss Mary Lou Blisde entertained a group of friends at a football party Saturday evening.

Past Noble Grands. The Past Noble Grands club of Phoebe Rebekah Lodge will meet this evening at the home of Mrs. Silas McMartin.

St. Anne's Card Party. Another of the series of benefit card parties will be held at St. Anne's parish hall at 2:30 o'clock Wednesday afternoon.

Arrangements are in charge of the following committee: Mrs. Emil Derouin, chairman, Mesdames Deshambo, Richard Pepin, Ernest Beauchamp, Henry Greuner, E. L. Garrett, Henry Pepin, Ed Poquette, Eugene Auker, Walter Riche, Isadore Cyr and Victor Derouin.

Birthday Party. One year old Charles Stephen Paier was guest of honor at a birthday party Sunday at the home of his parents, Mr. and Mrs. Harry Paier.

Among the guests present were Gary and Maxine Burson, Donna and Joan Mieski, Garry Paier, Lloyd Grabowski, and Mesdames John Burson, Rod Beauchamp, Thomas Grabowski, Vernon and Mary Queever, Ray Paier and Robert Rolkoski.

WE, the WOMEN

BY RUTH MILLETT

What can you tell a 16 or 18-year-old girl who writes that she is miserable because she doesn't know how to make friends?

How can you tell her that it isn't, as she thinks, because she lives in an "awful looking" house, or because her clothes aren't as nice as other girls' clothes, or because she is naturally shy?

Any one of those things is a handicap. But a combination of all three isn't enough to get a girl down if she has spunk.

You might tell such a girl not to worry. That once she is older, such things won't matter to other people. But that wouldn't be quite true. Older people may not be as snobbish and intolerant as the young, but they are snobbish enough to make the timid and unsure miserable.

You might even say, "All those people who don't like you aren't worth bothering about. Just wait, and some day you will find friends who will understand and appreciate you."

But that wouldn't be honest, either. Just soft soap. SHE HAS TO FACE FACTS

So you have to tell the girl a few hard facts. You have to tell her that if nobody likes her, there is probably no reason why anyone should.

If nobody likes her, the thing for her to do is not to depend on yesing and flattering others. But to interest other people.

Maybe she is the poorest-dressed girl in high school. That can't keep her from working harder than anyone else on writing, dramatics or debating — so that she is first in some one thing.

Until a girl learns that she has to amount to enough to respect and like herself before she can hope for other people to like her, all her worrying over how to be popular is so much time wasted.

SKI TOW PLANNED

Iron Mountain—Fred Pahet, Jr., proprietor of Ski Towns, Inc., now operating ski-helpers in 13 popular winter resort centers of the United States and Canada, was to arrive here this afternoon to supervise the installation of a similar device on the public ski run as distinguished from the tournament run at Pine Mountain. It was stated by Donald R. Smith, man-

Births

Mr. and Mrs. Raymond Taylor, 1119 First Avenue South, are the parents of a daughter, born Sunday, November 12, at St. Francis hospital.

A daughter was born to Mr. and Mrs. Lawrence Gellina, of Cornell, on Sunday, November 12, at St. Francis hospital.

Mr. and Mrs. Raino Maki, Cornell, are the parents of a daughter, born Monday morning, November 13, at St. Francis hospital.

Education Week Program At Bark River P-T-A Meet

An interesting business session and a splendid program in observance of National Education Week marked the meeting of the Bark River Parent-Teacher association, held this past week.

Mrs. I. R. Nelson was chairman of the business session. Reports were given by Mrs. A. E. Johnson, secretary; Maurice Goodreau, treasurer; Ray Raymond who told of the last student dance, and Judith Olson, publicity chairman.

It was decided to invite Mr. and Mrs. Philemon of the Harris Indian Reservation to give a basket weaving demonstration in the near future. Announcement was made that the health lecture classes will be resumed at Schaffer. Roll call followed, during which twelve new members were received into the unit, making a total membership of 44. The primary room received the attendance award.

The program of the evening was as follows: Songs, "Tipperary," and "Keep the Home Fires Burning"—Assembly.

Play, "Mary's Peace Club"—Jack Bergman, Patsy Rheume, James Douglas, Robert Egickson, Arlene Rheume and Agnes Koskiska.

Poem, "In Flanders Field"—Julianne Erickson.

Play, "Changing Joe's Mind"—Elaine Dahl, Robert Jepson, Leta Nielsen, Robert Peltier, James Anderson, James Douglas, John Barr, Beverly Jean Brisbane, Rosemary Derocher, Joyce Bruce and Beverly Erickson.

Poem, "Books"—Irene Barr.

"The Rural School"—Lola Norman.

Playlet, "Learn to Buy"—William Shallman, Carl Johnson, Gertrude Fournier, Kenneth Anderson and Anna Kiefas.

Song, "Just Like You and Me"—Betty McNaughton, accompanied by Helen Bruce.

"How Human Relationships Have Changed"—Cecile Dejka.

"Poem, 'He Wouldn't Cooperate'—Grace Jackson.

Poem, "Bill Jones' Neighbors"—Louis Derocher.

Song—Grace and George Jackson.

Mrs. Harold McNaughton was program chairman.

Talk by Mr. Butts. These numbers were followed by a talk on "Values of a Recreational Program" by Bever Butts, Escanaba recreation director, who stated that this value cannot be measured in dollars and cents, but is one of the biggest factors in the prevention of crime.

Mrs. Nelson appointed Mrs. A. E. Johnson, Fred Derocher and Mrs. Joseph Gaudraut members of a committee to arrange for the basket demonstration program.

A social hour closed the meeting, Mesdames Earl Honeywell, Lawrence Bruce and Gust Falk serving refreshments.

aser of the Iron Mountain-Kingsford Winter Sports association.

A ski tow is just that—a device by means of which ski riders, reaching the bottom of the hill, are towed back up mechanically, eliminating the long and tiresome climb. It consists, principally, of a continuous running cable fitted with cross bars and handles. The rider merely sits on the bars, hangs on and is carried back to the top of the hill.

Less than 400 years ago the earth was believed to be the center of the universe.

The Older Child Will Like Books On These Lists

BY OLIVE ROBERTS BARTON. I hope that parents will remember that in a list of books I am handicapped for space. I cannot possibly mention the dozens of excellent ones turned out by experienced and versatile workers. But I give some of those I have seen and read.

The older child is now reading adult literature, but this list is adapted to his age, tastes and needs as a growing person with the world ahead.

Generally speaking, the following books will be of most interest to the boys:

"Mutiny at Midnight," by Edward Stackpole (Morrow).

"Winged Feet," by Gertrude Robinson (Dutton).

"O'Donel of Destiny," by Mary Kiely (Oxford).

"Go and Find Wind," by Erick Berry (Oxford).

"Cape Horn Snorter," by Charles J. Finger (Houghton Mifflin).

"River Rising," by Hubert Skidmore (Doubleday Doran).

"Runner of the Mountain Tops," by Mabel L. Robinson (Random House).

"Runaway Prentice," by Ethel Parton (Viking).

"The Rebel of Pawling," by W. H. Temple (Farrar and Rinehart).

"The Duke Decides," by John R. Tunis (Harcourt Brace).

"The Sword of Roland Arnot," by Agnes Danforth Hawes (Houghton Mifflin).

"Black Rain," by Merritt Parmelee Allen (Longmans).

"Tennessee Outpost," by Ivy Bolton (Longmans).

"Pueblo Jones," by Harry C. Rubican, Jr. (Borzoi).

"Young Voyager," by Charles Clay (Oxford).

"Hobnail Boots," by Jeanette Covert Nolan (Winston).

Boys and Girls Together. Boys and girls both will want to read:

"Saranga, the Pygmy," by Attilio Gattin (Scribners).

"Pilgrim's Progress," as edited by Mary Godolphin (Stokes).

"Columbus Sails," by C. Walter Hodges (Coward McCann).

"Pondora's Box," by Marian E. Baer (Farrar and Rinehart).

"America's Treasure," by W. Maxwell Reed (Harcourt Brace).

"Washington and the Lafayettees," by Frank and Corielle Hutchins (Longmans).

"Yonder the Golden Gate," by Ada Clarie Darby (Stokes).

Sister Susie Likes These. And a list for the girls alone should include:

Personal News

Miss Marguerite Roberge returned Monday from Milwaukee where she visited over the weekend.

Wallace Beck, who is attending school in Chicago, spent the weekend here visiting at the family home.

Mrs. J. P. Courneene, 1631 Stephenson avenue, has returned from Sault Ste. Marie, Ontario, Canada, where she attended the funeral services for her father-in-law, Patrick Courneene.

Mr. and Mrs. Bruce Bedore of Detroit are visiting here at the home of Mrs. Bedore's parents, Mr. and Mrs. Joseph Pital.

Ted Baldwin, William H. Pucelwartz and Donald McKie have returned from Ann Arbor where they attended the Michigan-Minnesota game on Saturday.

L. A. Danielson and son, Mac, went yesterday to Waupaca, Wis., to attend the funeral services for Mr. Danielson's uncle, Emil Hochschultz.

Covel Royce, a student at Northern State Teachers' college, Marquette, spent the weekend here at the home of his parents, Mr. and Mrs. Frederick F. Royce, 220 South Fourth street.

Mrs. C. J. Burns, Mrs. L. J. Perrin, Mrs. Gerald Cleary and Mrs. Grace Stowe returned Sunday night from a week-end visit with relatives and friends in Chicago.

Robert Henry, who is a student at the University of Wisconsin, Madison, Wis., visited here over the weekend at the family home.

Mr. and Mrs. Gordon Yeats of Marquette visited over the weekend at the home of Mr. and Mrs. Claude Becker, 312 South Tenth street.

Mr. and Mrs. F. O. Anderson and Mrs. Jenny Hansen of Chicago have arrived here for a two weeks' visit with Miss Esther Anderson at her home, 1114 First avenue south.

Miss Roma White, 712 South 17th street, has returned from a visit with relatives and friends in Chicago.

Marguerite Katz, Chicago, Bride

An announcement of unusual interest here is that made by Mr. and Mrs. Eugene A. Katz of 5107 Blackstone Avenue, Chicago, of the marriage of their daughter, Marguerite, to Hans Lissauer, on Saturday, November 11, at Chicago. The bride is a granddaughter of the late Mr. and Mrs. Solomon Greenhorn, and her mother is the former Madelyn Greenhorn of this city.

Church Events

Sunday School Teachers. Sunday school teachers of the Norwegian Danish Lutheran church will meet at the church this evening at 7:30 o'clock.

Praching Services. Rev. David L. Cathcart will conduct praching services at the Soo Hill school house, Wednesday evening at 7:30 o'clock, and at the Watson school house, Thursday evening at 7:30 o'clock.

Rich in Flavor 'SALADA' TEA

Not Always Summer. After the autumn of every life comes that hour when loved ones' hearts are heavy with sorrow. It is in that hour that our services make things easier to bear.

BOYCE FUNERAL HOME

Francis Boyce, Dir. Tel. 1800

Melodic Piano Program Chosen by Ruth Gessner

Of recent years, the works of Claude Debussy, impressionist French composer, have been increasing tremendously in popularity with the American listener public. The radio has done much to convert music lovers to his unconventional style used to gain subtle effects and express subjective experiences.

Recognizing this trend, Ruth Gessner, guest soloist with the Orpheus Choral club at the William W. Oliver Memorial Auditorium Friday night, has chosen two of Debussy's most effective numbers as part of her concert program. The first is the familiar Arabesque in E Major and the second the not so familiar, but melodic, Jardins sous la Pluie, the second Debussy number, an impressionistic composition, is known in English as "Gardens Under the Rain."

Sergei Rachmaninoff, noted Russian pianist and composer, represents the modern day in music to Mrs. Gessner's program, contributing the ever popular Prelude in C Sharp Minor. This number is always a favorite with concert audiences and Rachmaninoff seldom is able to conclude a concert without playing it.

Educated in Germany Mrs. Gessner has chosen two numbers of Domenico Scarlatti, early day Italian composer, with which to open her program. They are the Pastorale and Capriccio. The German composer, Franz Schubert, is represented with Impromptu opus 142, No. 4 in F Minor and his Solere de Vienne in A Major, arranged by Franz Liszt.

The latter, translated into English is Evening in Vienna, and is a series of tuneful Viennese waltzes, delightfully arranged by Liszt.

Mrs. Gessner, who has a wide following of lovers of piano music in the peninsula, studied in Germany and has a well grounded knowledge of European composers and her interpretation of their works is sympathetic and always finds a responsive chord in her audiences.

The Orpheus Choral club, a mixed group of 35 voices, is under the direction of R. P. Bowers, with Viola Foster Olson as accompanist. Friday night's concert will be the first formal appearance of the organization, which is affiliated with the National Federation of Music Clubs.

Art work of the students of the Escanaba public schools and more than one hundred copies of famous masterpieces are on display in the exhibit being held all this week on the stage of the William W. Oliver Auditorium.

The exhibit is open each afternoon and evening. A small admission fee is charged to secure funds to purchase other copies of masterpieces.

The students' exhibit is made up of the work that had been assembled for the Upper Peninsula State Fair, which was not held this year.

Praise Service This Afternoon

The annual praise service, sponsored by the Mission Circle of the First Presbyterian church, will be held in the church this afternoon at 2:30 o'clock.

Rev. James G. Ward, rector of St. Stephen's Episcopal church will speak on "My Experiences in Labrador"; Mrs. D. B. McIntyre will discuss voluntary Red Cross work, and there will be vocal solos by Mrs. Harold Gasman.

The public is invited to attend. Hostesses are Mesdames P. A. Aronson, Arthur Kamrath, Phill Beauchamp, Theodore Amundsen and Ralph Shiner.

"No Experiments for Me When My Child CATCHES COLD!"

NOTICE TO MOTHERS...Today 3 out of 5 mothers—knowing how foolish it is to experiment or constantly dose delicate stomachs—use this home-approved external poultice-vapor treatment to relieve distress of colds.

WHEN a cold makes your child feel miserable, all stuffed up—causes muscular soreness or tightness, irritation in the upper bronchial tubes or spasms of coughing—let the experience of other mothers help you to relieve the distress.

Here's what you do: At bedtime, rub the child's throat, chest and back with Vicks VapoRub. And see what morning brings!

ACTS 2 WAYS AT ONCE...Always immediately VapoRub

starts stimulating like a good old-fashioned poultice. And, at the same time, pleasing—helpful—medicinal vapors are released by body heat and breathed direct into the cold-irritated air passages.

Then for hours this poultice-vapor action continues. It invites refreshing sleep. And when you see how it relieves distress you will understand why Vicks VapoRub is a family standby in 3 out of 5 homes. WHY TAKE NEEDLESS CHANCES!

IDEAL FOR CHILDREN... Just as Good for Adults

LEADING STOCK ISSUES DECLINE

STOCK MARKET AVERAGES

Table with columns for Stock Market Averages, including Net change, Monday, Tuesday, Wednesday, Thursday, Friday, and Saturday.

BY FREDERICK GARDNER New York, Nov. 13 (AP)—Despite occasional rallying flickers in today's stock market, leading issues generally displayed mildly drooping tendencies.

Spotty trends were present at the start. Selective improvement then appeared. There was a subsequent quiet set-back and a little firming up here and there in the final hour. Closing declines of fractions, however, predominated.

The Associated Press average of 60 issues was off .3 of a point at 51.2. Transfers of 651,750 were the smallest for any session since October 30, and compared with 1,089,890 last Friday.

Some demand was attributed to indications in European dispatches that the war may be a long drawn-out affair, thus broadening the need for American goods. But the thought would not down that war profits in this country may be restricted through taxation and other devices.

The business scene remained cheerful, although the fact that many lines are operating at or near peak capacities brought the suggestion a let-down might take place in the spring.

Among the day's heartening developments was another upturn in steel production. This week's rate was placed at 93.5 percent of capacity, up a point from last week and the highest level since the American Iron & Steel Institute began compiling these statistics in 1933.

Douglas Aircraft had a brief run on a pleasing earnings statement but finished unchanged at 84 1/2. Both U. S. Steel and Bethlehem ended a shade under water notwithstanding the optimistic output expansion.

Emerging ahead as much as a point were United Airlines, Eastern Airlines, General Motors, American Telephone, N. Y. Central, Pennsylvania, Westinghouse, Electric Bell, International Harvester, Standard Oil of N. J. and Texas Corp.

Off were U. S. Rubber, Montgomery Ward, Anaconda, Kennecott, Great Northern, Consolidated Edison, United Aircraft, Glenn Martin, Sperry, General Electric and Eastman Kodak.

Trimmed a little in a ragged curb market were Jones & Laughlin, Lockheed, Lake Shore and Electric Bond & Share. American Gas & Electric and Gulf Oil moved up a bit. Turnover of 123,000 shares compared with 162,000 Friday.

DAY'S MARKETS IN BRIEF

New York, Nov. 13 (AP)—Stocks: Irregular; leaders drift. Bonds: Narrow; some Latin American loans bought. Foreign Exchange: Firm; sterling, beluga rally sharply. Cotton: Steady; trade. Wall Street and Liverpool buying. Sugar: Mixed; refiner selling, producer and trade demand. Metals: Firm; steel operations at new peak. Wool: Higher; trade and commission house inquiry. Chicago: Wheat: Lower; peace talk. Corn: Lower. Cattle: Slow; bidding sharply lower. Hogs: Mostly 25 down; top \$6.40.

Anaconda Copper Reports Income

New York, Nov. 13 (AP)—Anaconda Copper Mining Co. and subsidiaries, in a preliminary statement for the nine months ended September 30, today reported net income of \$11,613,344 after charges, equal to \$1.34 a capital share.

The company said the estimated combined net profits of subsidiaries not consolidated, and therefore not included in the consolidated income account, amounted to \$253,735 for the period. In the first nine 1939 months, consolidated net income, not including the equity in undistributed earnings of subsidiaries not consolidated, was \$6,657,998 or 65 cents a capital share.

WHAT STOCK MARKET DID

BOND PRICES RISE SLIGHTLY

BOND MARKET AVERAGES

Table showing bond market averages for various terms like 1-15, 1-30, 3-6, 4-15, 5-15, 6-15, 7-15, 8-15, 9-15, 10-15, 11-15, 12-15.

New York, Nov. 13 (AP)—Bond prices advanced slightly today in steady but small trading.

Fractional gains were scattered throughout the various lists, with low-yield and low-price bonds sharing about evenly in the benefits.

U. S. and foreign government loans pursued the general course of the market, but with a considerable number of declines also showing.

Despite the minutely improved tone, traders moved with the utmost caution and transactions totaled only \$6,191,000, face value, compared with \$6,761,800 Friday.

Among the corporates which registered gains of fractions to a point were Chesapeake & Ohio 3 1/2% at 98 1/2; St. Paul 5s at 7 7-8; International Paper 4s at 100 1/4; Studebaker 6s at 96; Pacific Gas 3 1/2% at 109 5/8; Montana Power 3 1/2% at 99 1/2; Southern Pacific 4 1/2% at 98 1/2; and Missouri-Kansas-Texas 5s at 92 1/2.

Treasuries varied at the close from 4-32 point up to 7-32 lower, with plus signs preponderant.

On The RECORD

By Dorothy Thompson

THE SECOND BEER HALL PUTSCH

The second beer hall putsch, like the first, which it frustrated, intended to celebrate, failed. But, like the first, it throws some light upon what is going on, behind the scenes, in the Third Reich.

We must construct a picture of life behind the Westwall from a few meager clues. For the rest all is silence except for the roar of the propaganda guns. Nevertheless, there are clues, and there is logic, and sufficient information to allow one to speculate.

First of all, there is the position of the Reich, at this moment, engaged in a sullen, simmering war with Great Britain and France. This Reich is "encircled," and the encirclement has been completed, not by the Allies, but by Soviet Russia, under the mask of a pact of friendship.

Russia is entrenched in the Baltic, as she has never been since 1913. The Reich and the Soviet Union have a common frontier in Poland. The Soviet Union now has a common frontier with Hungary, and, as always, with Rumania. At any moment, the frontier with Rumania may be extended deeper into Europe by taking Bessarabia. Rumania is guaranteed against German aggression by Great Britain and France, but she is not guaranteed against Soviet aggression.

The taking of Bessarabia would bring Russia perilously near the mouth of the Danube, and extend Russian control over the Black Sea. Meanwhile, the Balkan countries draw together under the leadership of Turkey, who is in an alliance with Great Britain.

Mr. Ribbentrop's great coup—the Russo-German pact—has completed the encirclement which Hitler feared and denounced. That Hitler really trusts Stalin or Stalin Hitler is difficult to believe.

And Molotov's last speech, in which he put Nazi Germany together with Great Britain and France as guilty of war-mongering for imperialist reasons, leaves the Reich out on a limb. Hitler can say, as he did on Wednesday, "We never feared two fronts; now we have only one front," but the words make no sense. Germany has only one front, but in the East she is in the position of a country that has already lost a war and has had the peace terms dictated on very disadvantageous terms.

Now, there are certainly patriots in Germany who are aware of this—aware of the desperate national position into which the clique of adventurers who have run the country for the last six years have maneuvered it. If they engage in a mass attack in the West, what is going to happen to them, meanwhile, in the East?

And how can they engage in a mass attack in the West? It is possible that the Maginot line can be broken, but only at a prodigious cost in materials and men. It is a question whether any nation in the world today is strong enough to undertake this kind of totalitarian warfare. Indeed—but that is another story—the "total" war may mean the reductio ad absurdum of war.

Leaving the matter of replacement of materials aside, what will be the effect upon the masses of a war which slaughters millions—in Germany or in any other country?

It will be effective in all countries, but Germany has opened her gates widest to it, because of the Russo-German pact. The only other way westward is through the neutral countries. But an attack on Holland or Belgium would be politically disastrous. It would make Nazi Germany the worst aggressor, solidify the opinion of the world against Hitler and remove his own best propaganda weapon.

Meanwhile, the British have a standing offer of peace with a non-Nazi government. This must appeal to many German patriots. There is, therefore, the best possible reason for wanting to get rid of the Nazi leadership before Germany is given over to bolshevism or defeated in war or both.

That might explain the attempted assassination of the whole crowd—minus Goering, and, significantly, minus Goering, because the parole has gone around that a Goering government might be acceptable to the Western powers. When the bomb exploded, Hitler and his second choice as a successor, Rudolph Hess, were supposed to be caught by it, Goering was in Berlin.

But one can speculate also, along other lines. The Nazi party has always had a right wing and a left wing. The rightists were in the army, junker and industrial classes, who welcomed Nazism as a bulwark against communism, or hoped through it to increase the armed might, or looked upon it as a movement for achieving internal unity.

The leftists were very close to the Communists. Some of them even called themselves "national bolsheviks." They were the crowd who were theoretically "purged" in 1934.

But you cannot purge millions of people, and Germany, after the war, was always more left than right. The followers of the assassin-ated Roehm always had a secret group inside the Nazi ranks—the so-called "HR." "Revolve for Roehm." They wanted a real alliance with the Soviet Union—without Hitler, whom they have never forgiven.

They were active in Czechoslovakia, among the Czech Communists. Their ranks inside the Nazi party have been augmented in the past two years by genuine Communists, former members of the German Communist party, who abandoned the underground movement outside the Nazi ranks, in order to conduct a far more important and dangerous underground movement inside the ranks.

They want to join with the Soviet Front, in a common Communist front, to overthrow the Hitlerist government. Their policy has not yet wholly succeeded. Curiously, they also have considerable following in the army ranks, who think that

MUNISING NEWS

Mather Seniors To Present Class Play

Munising, Nov. 13.—The Mather high school senior class will present their annual play at the Mather high school auditorium on Friday evening at 8:15 o'clock. The play is "Keep on the Sunny Side," a comedy-drama.

The play deals with an optimist, Pa Benson, who is rewarded in the end for his faith in human nature. Miss Hazel Lowrey is directing the cast.

FLATTLEY-CADE Munising, Nov. 13.—Miss Catherine Cade, daughter of Mr. Harold Cade, became the bride of Gordon Flattley, son of Mr. and Mrs. George Flattley, both of Munising, at a ceremony performed at 2:30 o'clock on Sunday afternoon in the First Presbyterian church.

The bride and groom were accompanied by the Rev. Frederick T. Sleen, pastor of the church, and Edwin Seglund were the attendants.

Both Mr. and Mrs. Flattley were graduated from the Mather high school with the class of 1939. Mr. Flattley is employed on the forest highway construction, south of Wetmore. They will reside here.

Mrs. and Mrs. Gordon Growden, of Negaunee, spent the week-end visiting here with friends.

Donald Norlin, Austin Baij and Edwin G. Lindquist spent Sunday in Marquette visiting with friends.

Douglas Merwin of Detroit and Gene Merwin of Eaton Rapids arrived here Saturday to spend the hunting season and to visit with Lewis J. Merwin and family.

Mrs. Joseph A. Cauchon has returned to her home on Walnut street after being confined to the Munising hospital for four days with a broken foot.

Mr. and Mrs. Kenneth S. Kemp, Rock Island, Ill., are the parents of a daughter, Mrs. Kemp is the daughter of Mr. and Mrs. O. E. Brown, of Munising.

Birds leave their winter homes and travel northward in spring because of some warming within. Weather has nothing to do with it, except in the cases of some geese and ducks.

FORKING EXCHANGE New York, Nov. 13 (AP)—Late foreign exchange rates follow: Great Britain in dollars, others in cents. Minneapolis in spot cables unless otherwise indicated.

MINNEAPOLIS GRAIN Minneapolis, Nov. 13 (AP)—Flour, carload lots, per barrel in 98 lb. cotton sacks: Family patents, unchanged, 6.00 to 6.20; standard patents, unchanged, 4.75 to 4.95. Shipments 28,875.

Bran, 1.50 to 1.60. Wheat, No. 1 heavy dark northern, 1.70 to 1.80; No. 1 red durum, 75 1/2 to 76 1/2; No. 1 red durum, 75 1/2 to 76 1/2.

and cutters steady to weak; bulls 10 to 15 off 1.00 down; vealers 10 to 15 under 1.00; yearlings steady to weak; cows 1.00 to 1.25; stock cattle mainly calves and yearlings; yearlings up to 11.00 and better; yearling steers 10.00 down.

Sizable sheep 10,000; total 12,000; fat lambs steady to weak, spots 15 lower on full clover; wools 3.25 for natives and westerns; bulked westerns 3.00 to 3.25; natives 2.75 to 3.10 and lambs; yearlings 2.50 to 2.75; feeding lambs 10.25 lower; top 9.15; others 8.50 to 9.00 mostly.

SERIAL STORY

JOAN OF ARKANSAS

BY JERRY BRONDFIELD

CAST OF CHARACTERS

JOAN JOHNSON—a mysterious good, glamor girl of the Tech campus.

KEITH RHODES—Tech's star halfback, headed for All-American honors.

DAN WEBBER—the blocking back, who clears Keith's way; a steady, industrious student.

YESTERDAY: Dan and Joan arrive at the stadium just before the game begins. Pitt's smashing offense pounds Tech. When a Pitt back gets away for a long run, Dan races to stop him. He is hit by a blocker as he makes the tackle. Pain shoots through his hand. He has broken the bone again.

CHAPTER XXIX The pain in Dan's hand was intense as they lined up for the almost impossible task of halting the Pitt juggernaut on the two-yard line. Dan clamped his teeth together and hoped the hand would get numb soon.

No trick stuff now. Just plain, straight brute football. Hal Forrester took it and smashed between guard and tackle. For a split second a hole appeared there, but Dan came up fast and mopped the play for no gain.

Again Forrester, this time on a cross-back. Good for a yard. Third and one. The Tech guards were on their hands and knees. Tony Mangano raged up and down behind the line, snapping, pleading, threatening.

Pitt came out of the huddle . . . into a single wing to the right. McCarroll on a cut-back over tackle, but Dan and Hank Butler smashed through the interference. Barney Hughes nailed the runner six inches from the line.

Forrester in the tailback now. The hand on the clock said two minutes of the first half remained.

The two lines locked . . . piled up on the goal line. . . Forrester hurried forward, plunged over the mass, but Dan hit him in midair. Desperately the referee plunged into the mass . . . reached for the ball.

It lacked two inches of being a touchdown.

Tony Mangano embraced Dan . . . kissed him in Latin emotion, but they weren't out of danger yet. Johnny White had to punt out from behind his own goal line.

He barely got it away, but the kick was short, McCarroll taking it on the Tech 30. He almost got

only with an outright military alliance with the Soviet Union can they hope to defeat the western powers.

So perhaps it was they who planted the bomb.

Of course, the Nazis say that it was done by "British agents." If it was, the British have achieved a coup far more amazing than the sinking of the Royal Oak in Scapa Flow. To smuggle a time bomb into the Munich beer hall, is about as difficult as smuggling one into Hitler's eagle's nest above Berchtesgaden. Any place where the Nazi inner circle foregather with their Fuehrer is guarded in every conceivable way.

Whoever placed the bomb must have been an absolutely person grata with the Gestapo.

And where was the famous Gestapo? What will happen now, to Heinrich Himmler? And what is the real politics of the Gestapo, anyhow? Like all secret police armed with uncontrollable power, it is a state within a state, and the leader is led as well as leading.

If British agents are buddies with the Gestapo, and able to engineer such a coup, then the famed secret police have been taken for a ride, and it is nothing for the Nazis to brag about.

The effect of this putsch that did not succeed in its immediate objective, will certainly be enormous. How are Nazis to trust each other now? Whom will Hitler really trust?

The Volkischer Beobachter says, "Now all the enemies of the state still in the territory of the Greater German Reich will be cleaned out!"

Yes, but who are these enemies? If they are not the British secret service who are they? The Czechs, and the Poles, and the conservatives horrified by the Russo-German pact, and the men in the army who find the pact not enough for military safety and too much for civil safety, and the millions of former Communists who want to use the Russian pact to destroy the Nazis, and the "red" Nazis who believe the only hope for Germany is practical union with Soviet Russia—these are all enemies of Hitler, and where shall he begin his "cleaning"?

A government founded on conspiracy and maintained by party camarillas and secret police, cannot trust its own population, but above all, it cannot trust the very men to whom it gives such unlimited power!

It is impossible that the brotherly love asserted between Hitler and Stalin should have been accomplished without the most serious divisions inside the Nazi party ranks. It is impossible that men who enlisted in Right Communism should find the line-up reversed and maintain complete fidelity.

In logic, the Nazi party ranks must be divided. The attempt in the beer cellar records the fact. But what disgruntled groups were responsible? Does Hitler believe that if he assassinates what remains of the long-coveted Jews, he will find the culprits? Must he not be looking searchingly into every face that enters his presence behind a servile salute?

It took him a half hour to fight his way through the wild jam-boree at the Gamma house. They almost tore him apart . . . and might have had him held up and bandaged hand in self-defense.

He was almost dazed when he found the letter on his desk. It was from Acme Pottery Products. About his job, perhaps. He tore it open eagerly, scanned it rapidly.

When he had finished he crumpled the letter up into a ball and tossed it into the wastebasket. This was a bitter expression on his face as he stared moodily out the window.

(To Be Concluded)

loose, but Barney Hughes brought him down with a desperate lunge on the 18. And then it started all over again.

Forrest . . . Forrest . . . McCarroll . . . smash . . . smash . . . smash. Over guard, over tackle . . . crunching power plays over center.

And Dan Webber, reeling on his feet, plugging the gaps until he no longer felt pain, but just a dull, throbbing ache all over his body.

First and goal to go on the eight. Eight short yards packed with dull misery and punishment. Hal Forrester wasn't human. He hurtled over tackle, stepping on his own interference, driving his 200 pounds with the speed and force of a projectile.

Marty Gallagher stopped him once after being dragged for two yards. A minute to go.

Forrester again . . . splashing like a top and crashing through a slight opening between center and guard. Dan saw him coming, smashed aside the Pitt guard who had slipped through to check him and poured his tired body into the hole.

Stopped again . . . but how much longer could they stand it? Third and four. McCarroll this time . . . almost as bad . . . hitting in there like an express train . . . but Joe Donchek, sobbing, submerging blindly, nailed him in midair.

Still fourth and four. But the great Hal Forrester had been stopped cold. Pitt called for a place kick.

The stands screamed a mighty crescendo . . . "Block it! Block that kick . . . block that kick!"

As if they had to be told! Barney Hughes poised himself for a quick dash. Tony Mangano looked for a spot he could knife through the line.

McCarroll was kicking. The ball came back to the man holding. McCarroll stepped forward . . . right foot meeting the ball squarely . . . Marty Gallagher smashed through, leaped high . . . the ball grazed his fingertips and continued on its way. It split the crossbar for three points just as the gun ended the half.

Dan kept his hand hidden during the intermission so its swollen condition would go unnoticed. They sat around and sucked on lemons as Bill Slocum talked, softly, encouragingly.

They almost dreaded going back on the field. It would only be a repetition of the first half . . . Grimly, blindly they fought off the play that was Pitt. If only they could get the ball in decent offensive territory. Ten minutes to go.

Four. And then Dan Webber hurtling in to stop what looked like a weak-side reverse, lunged through the air and deflected a shovel pass. The ball popped into the clear. Joe Donchek smothered it to his chest on the Pitt 46.

"Now or never," Johnny White panted. "It's yours, Keith . . . yours on old 62 . . . How 'bout it, gang?"

Two minutes to go. It was Keith Rhodes on a reverse. Joe Donchek and Dan Webber led the way. Joe hit the end with his last explosive gesture. The end tottered . . . went off balance and on the play as Keith and Dan swept by . . . wide.

Barney Hughes had gone through, checked the Tech line-backer on that side of the line. They were through the secondary . . . down to the 20 . . . the 20. Hal Forrester and another member of the Pitt last line of defense tore across the field . . . headed to cut Keith off at about the 12.

But they ran too close together. "Cut to the right!" Dan yelled to Keith . . . "toward the sideline!"

And then he flung his body forward, in a long roll block. He caught them both at the same time . . . smashed them to the turf.

Blackness . . . deep and welcomely engulfed him, but not before he heard the tremendous roar which told him Keith had grooved the goal.

His arm bandaged from the elbow down and smelling from rubbing liniment, Dan found Joan waiting for him outside the dressing room.

Then he noticed she was witty someone . . . a tall, well-dressed man whose arm she clutched possessively.

"Dan . . . this is my father." "Great name, young man," J.G. boomed as he took Dan's hand. "Great, I say . . . wonderful the way you watched over my daughter, too. These last few days . . . won't forget it . . . You've got to have dinner with us tonight . . . just got to."

Dan grinned. "I should be doing all the thanking for what Joan did for me . . . but the dinner date sounds swell. See you at the hotel after I go back to the house and change clothes."

It is impossible that the brotherly love asserted between Hitler and Stalin should have been accomplished without the most serious divisions inside the Nazi party ranks. It is impossible that men who enlisted in Right Communism should find the line-up reversed and maintain complete fidelity.

In logic, the Nazi party ranks must be divided. The attempt in the beer cellar records the fact. But what disgruntled groups were responsible? Does Hitler believe that if he assassinates what remains of the long-coveted Jews, he will find the culprits? Must he not be looking searchingly into every face that enters his presence behind a servile salute?

It took him a half hour to fight his way through the wild jam-boree at the Gamma house. They almost tore him apart . . . and might have had him held up and bandaged hand in self-defense.

He was almost dazed when he found the letter on his desk. It was from Acme Pottery Products. About his job, perhaps. He tore it open eagerly, scanned it rapidly.

When he had finished he crumpled the letter up into a ball and tossed it into the wastebasket. This was a bitter expression on his face as he stared moodily out the window.

YOUTHS CAUGHT NEAR BREVORT

Local Troopers Figure In Chase for Young Fugitives

Trooper Clarence Miller, of Manistique, and Trooper Lalleh, of St. Ignace, captured Robert Noel, 17, of Dearborn, Mich., and Nelson Pasha, 17, of Mosinee, Wisconsin, near Brevort at 8:30 Sunday morning following an all night search for the two youths who had escaped from officers who were taking the youths from Plymouth, Ind., to Wisconsin Rapids, Wis.

The boys escaped Friday evening after putting up a fight in a speeding police car. They were to face an automobile theft charge. In the scuffle Police Chief Roland S. Payne collapsed and died, apparently from a heart attack. His companion was subdued by the two youths, who escaped in the police car.

The youngsters were recognized in St. Ignace Saturday and a chase with state police followed. Four officers of the Manistique police were included in the cordon of officials pursuing the youths. Near Brevort, the boys' car became overheated and they fled into the woods, but shortly surrendered without a struggle.

Two guns were taken from the police officers in Wisconsin, by the two lads, but they inadvertently locked the guns in the glove compartment of their car and were unable to get them out.

The boys were locked in the St. Ignace jail pending further action in their case. It is expected that they will be returned to Wisconsin.

Briefly Told

Mary C. Watt Guards—The Mary C. Watt Guards will sponsor a pay to play Card Party Tuesday evening at the home of Mrs. Bess Griffen, Cooks. Pot luck lunch will be served.

Townsend Club—The Townsend Club will meet at the court house this evening at 8:00 o'clock. The public is cordially invited.

Worker's Alliance—The Workers Alliance will meet at the Workers hall, N. Houghton ave. Wednesday evening at 8:00 o'clock. All members are urged to attend.

Wednesday Circle—There will be a social meeting of the Wednesday circle Wednesday afternoon at the home of Mrs. Louis Laux. Mrs. William Smithers will assist. All members are urged to attend.

Card Party—The St. Francis de Sales church will sponsor their weekly card party Wednesday evening in the K. of C. hall. The public is invited.

Methodist Ladies' Aid—The Ladies' Aid of the Methodist church will meet Wednesday afternoon in the church parlors. Mrs. L. Siddall, Mrs. Nick Deemer and Mrs. John DeVroye will be hostesses.

Lady Foresters—The Lady Foresters will meet Tuesday evening in the K. of C. hall. A social hour will follow the business meeting with Mrs. Lottie Weber as chairman. Names will be drawn for the Christmas party at this evening.

Ladies' Aid—The Ladies Aid society of the First Baptist church will meet Wednesday at 2:30 p. m. in the church parlors. Mrs. Amos Bowman, Mrs. Sherman McNeil and Mrs. James Osterhout will be hostesses. Mrs. W. J. Shinar will lead the devotionals.

CLUB TO HEAR PROF. DUMOND

Lecturer Is Featured At Women's Club Meeting Today

The Manistique Women's Club will hear Dwight L. Dumond, associate professor of history at the University of Michigan, discuss "Communism, Fascism and the Middle Way" this afternoon at the Elks clubrooms. Today's meeting originally was scheduled for next Tuesday, Nov. 21, but was moved up one week.

Professor Dumond has had a long and interesting career. He served with the American Expeditionary Forces from 1917 to 1919 and is a member of the American Historical association. He edited two volumes of newspaper editorials for the association under the Albert J. Beveridge Memorial Fund. He was invited by the University of London, England, to give a series of lectures in February and March of this year.

Mrs. L. M. Musser will give a report on the recent conference of the Upper Peninsula Federation of Women's Clubs held at Escanaba.

The musical feature will be marimba selections by Theresa Barker, accompanied by her sister, Lorraine.

Hostesses for the meeting today will be Mrs. Russell Watson, chairman; Mrs. P. N. Tanis, Mrs. R. B. Waddell, Mrs. D. J. Ward, Mrs. Ada Watson, Mrs. O. E. Wassberg, and Mrs. W. R. Fairchild.

New Books Will Be Released Today At Manistique Library

Juvenile books to be released for circulation Tuesday in the Manistique library are:

Sue Barton, Visiting Nurse—Helen Boylston.
River Rising—Hubert Skidmore.
Pop—Clarence Hawkes.
Herbert the Lion—Clare Newberry.
Runaway Linda—Marjorie Hill Allee.
A Prairie Rose—Bertha A. Bush.
Hero of Vincennes—Lowell Thomas.
Mystery of Dog Flip—Lenotre.
Junket Is Nice—Dorothy Kunhardt.
America My Home—Harold B. Clifford.
Adult books to be transferred from the rental to the general library Tuesday are:

The Greek Coffin Mystery—An Ellery Queen detective story.
The Riffian—By Carleton S. Coon, an adventure story of French Legionnaires and the unquarred Rif.
Matched Pearls—Grace Livingstone Hill Lutz, a story of youth and romance.
Ten new juveniles and three books for adults will be added to the library each day this week in honor of Children's Book Week.

MRS. BURDICK DIES SUNDAY

Resident of Gladstone for 43 Years; Ill Past 10 Months

Mrs. Maude W. Burdick, 64, wife of Louis Burdick, died at the family home, 614 North 10th street, at 6:40 o'clock on Sunday night following a long illness. She had been in poor health for a long time and had been confined to her bed since January 6 of this year.

She was born Maude Perry, at Schoolcraft on May 22, 1875. When a six-year-old child the family moved to Brampton. She came to Gladstone in 1896. On July 2, 1921 she was married to Louis Burdick.

She was a member of the Degree of Honor.

Surviving are the widower and one brother, Dan Perry, of White Lake, Wis.

The body was taken to the Swenson Brothers mortuary to be prepared for burial and funeral services will be held on Wednesday afternoon. The services will be held at the home at two o'clock and at 2:30 o'clock at the Methodist church. Rev. Ivan O. Gonsler will officiate. Burial will be in Fernwood cemetery.

Club Speaker

Theodore J. Werle, executive secretary of the Michigan Tuberculosis Association, will describe work of the association before the Gladstone Lions club here Thursday evening.

Mr. Werle will also appear before the Gladstone high school assembly the afternoon of November 16 to explain the relation of tuberculosis to people of high school age.

A marked drop in the state tuberculosis death rate, which is largely attributed to increased public knowledge, has been effected during the last twenty years, the period of Mr. Werle's service in the Michigan association.

Arrangements for Mr. Werle's appearance in Gladstone, as a part of his upper peninsula speaking tour, were made by Mrs. John D. Staple, Seal Sale chairman for the Tuberculosis committee of the Child's Welfare club.

DR. DUMOND IS ROTE SPEAKER

Democracies to Survive Must Take Offensive Prof. States

If democracies are to survive they must go on the offensive, declared Dr. Dwight L. Dumond, associate professor of history at the University of Michigan, in an address on "The World Situation and the United States Relationship to Europe" before the Rotary club yesterday noon.

Dr. Dumond said he believed it inevitable that we would be involved in the war and expressed the opinion that the quicker we entered the conflict the better for an immediate alliance with the British Empire would bring change of attitude in the people of certain European nations and would likely result in an early cessation of hostilities.

Dr. Dumond stated that democracies are faced with a great threat, the alliance, already being formed, of Germany and Russia. There is no difference between the Communism of Russia and the Nazism of Germany, he declared, and we are faced with the prospect of a combination of Russia's vast resources and man power welded and utilized through German organizational skill for the purpose of world revolution.

In touching on Chamberlain's action at Munich in the Czech crisis Dr. Dumond, who at the time was in London lecturing, said that Chamberlain was carrying out the wishes of the English people. He said the British were anxious to postpone the conflict, that they were unprepared and were a people who had lost a generation of young manhood in the World War.

However, the attitude of the British changed, the transition coming when it was found that Hitler's word could not be relied on and realized that they must act if democracies were to be preserved.

If the British Empire were to fall it would shake civilization to its foundation, the speaker said, but pointed out that whatever the outcome of the present conflict we are still faced with the problem of providing our people with economic security but that the chance will be far greater if Britain survives.

Dr. Dumond touched on the attitude of nations before, during and at the close of the World War and declared that in his opinion our isolationist policy in regard to the League of Nations was the principal cause of its failure. He said it was possible that the league was not the instrument to bring world peace but that no kind of stable order can be established in the world unless the United States is a part of it.

Part of the reason for the world's economic plight he attributed to a trade war which we started almost at the close of the World War which through tariff increases resulted in decline in the volume and value of world trade.

Briefly Told

W. B. A. Meeting—A social meeting of the Women's Benefit association will be held tonight at the home of Mrs. James Montgomery, Minnesota avenue, at 8 o'clock.

Fancy Work Auction—The Ladies' Aid of the First Lutheran church is sponsoring a fancy work sale on Thursday, Nov. 16, in the church parlors. Refreshments will be served following the sale. The public is invited.

Choirs Practice—The choirs of the First Lutheran church will meet this evening for rehearsal, the junior choir at 6:45 o'clock and the senior group at 7:45.

Zion League—A regular meeting of the Zion League of the Latter Day Saints church is to be held at 7:30 o'clock Friday night at the home of Helen Denio.

Confirmation Class—The confirmation class of St. Paul's Lutheran church will meet at 4 o'clock this afternoon for instruction.

Rummage Sale—The Ladies' Aid society of the Latter Day Saints church will sponsor a rummage sale at 21 Central avenue today and Wednesday.

Myron David Orr to Talk At Grand Marais On Thursday

Grand Marais, Mich.—Myron David Orr of Caro will be the speaker at the Grand Marais Womens club meeting to be held at the Community church Thursday evening, November 16.

Mr. Orr is an author of note. His last published novel being "Cathedral of the Pines" the setting of which is in Newberry and the Manistique Lake region. He is also the author of "White Gold" and is now writing a historical novel of Mackinaw Island which is soon to be published. His short stories which appear regularly in the Bay City newspapers and "The Michigan Farmer have included "Rubber Lines", "A Puff of Smoke" and others.

Mr. Orr has an unusually rich background from which to write and speak. His medical studies at the University of Michigan were interrupted when he enlisted with the United States Marines, seeing service in France during the World War. Later he took the study of Law and is now a successful Attorney in Caro, and was the brother of the late Senator H. P. Orr. In addition, Mr. Orr is an accomplished musician on the piano, and in writing both music and lyrics. He helped pay his way through college by writing music, and had an opera published which was presented by his school. He now directs an eighty-piece symphony orchestra at Caro.

His activities are extended to all kinds of work, since he is on call as substitute teacher on the faculty at Detroit College of Law, Circuit Court Commissioner in Tuscola county, Commander of the American Legion, and a prominent Rotarian and Mason.

Mrs. Orr and their daughter, Sally, expect to accompany Mr. Orr to Grand Marais this week where she will visit a few days with her sister, Mrs. C. B. Walsh. The 1939 High school seniors, accompanied by Principal and Mrs. Walsh, were overnight guests at the home of the Ors when taking their trip last summer. Mr. Orr gave each student an autographed copy of his novel "White Gold".

AUTHOR WILL ADDRESS CLUB

Myron David Orr to Talk At Grand Marais On Thursday

City Briefs

Cancel Aid Meetings—No meetings of the Latter Day Saints' Ladies' Aid will be held until Nov. 23, it was announced yesterday.

Mr. and Mrs. Sam Tang and Mr. and Mrs. Harold Tang are leaving Wednesday by motor for Miami, Fla., where they will spend the winter months visiting with relatives.

Floyd Berry of Chicago is visiting here with friends and relatives.

Mr. and Mrs. James Damits of Kalamazoo are visiting here at the homes of Mr. and Mrs. Elmer Beaudry and Mr. and Mrs. Milton Damitz.

Mr. and Mrs. James LaVelle and son, Jack, left yesterday for Pensacola, Fla., to spend the winter.

Miss Fay Chase, Mr. and Mrs. John Hampton, and Miss Ruth Kasischki of Milwaukee, spent the week-end visiting at the home of Mr. and Mrs. J. I. Chase.

Miss Esther Soderman, daughter of Mr. and Mrs. Carl Soderman, is attending the Wilfred Academy in Chicago.

Mrs. Pare Hormideas, 312 Wisconsin avenue, is receiving treatment at St. Francis hospital in Escanaba.

Mrs. Carl Wickman of Marquette is visiting at the home of her son and daughter-in-law, Mr. and Mrs. Ted Wickman.

The party attending the Delor Bonno hunting camp includes Art Thivierge, Wesley Heipil, Pent Sarlund and Walter Sarlund of Chicago.

Patricia Mottel returned to Lansing Sunday following a week-end visit with relatives and friends.

Trains For Flying

Iron River—Mary Zerbel, 19-year-old daughter of Mr. and Mrs. Ray H. Zerbel, of Iron River, is one of three co-eds at the University of California, Los Angeles, selected for the federal airplane pilot training course offered by the government.

Miss Zerbel has been interested in flying since a child. She and two other co-eds were selected from many applicants.

When the government decided to train college students for aviation, UCL A was given a quota of 50. Later this was reduced to 30, and all were to be young men. The co-eds protested, claiming discrimination. University authorities then said that 10 per cent would be girls.

Miss Zerbel, student of laboratory technique and drama, began her ground school training this week and will start flying within a month. The course is supervised by the civilian aeronautics authority of the government.

DEBATE TAKEN BY ISHPEMING

Local Trio Loses First Contest of Season Last Night

Gladstone high school affirmative debaters, coached by Russell Skellenger, opened their 1939-40 season here by losing to Ishpeming's negative trio in an interesting debate.

Members of the Gladstone team were: Alice Dehlin, Barbara Riley and Paul Cowen, with Sam Cassidy as alternate.

The Ishpeming trio was composed of Robert Anderson, Lorraine Lindbom and Lorraine Peterson.

The Better Way to Correct Constipation

One way to treat constipation is to endure it first and cure it afterward. The other way is to avoid having it by getting at its cause. So why not save yourself those dull headache days, plus the inevitable trips to the medicine chest, if you can do it by a simple common-sense "course of prevention"?

If your trouble, like that of millions, is due to lack of "bulk" in the diet, "the better way" is to eat Kellogg's All-Bran. This crunchy, toasted, ready-to-eat cereal has just the "bulk" you need. If you eat it every day—and drink plenty of water—you can not only get regular but keep regular, day after day and month after month! All-Bran is made by Kellogg's in Battle Creek. Sold by every grocer.

For Stuffy Nostrils use MENTHOLATUM

Link them together in your mind!

It's easy to get quick relief from stuffy nostrils with Mentholum. This soothing ointment reduces the local congestion, thus helping to clear the breathing passages. Mentholum also checks sniffing, sneezing, soreness due to colds. It soothes irritated membranes and promotes healing. And its vapors likewise carry comfort deep into the cold-infested air passages.

PACKERS TRIP EAGLES, 23-16

Davey O'Brien's Passing Scars Green Bay At Philadelphia

Philadelphia, Nov. 12 (AP)—Rebounding from a three-point defeat at the hands of the Chicago Bears last week, the Green Bay Packers overpowered the Philadelphia Eagles, 23 to 16, in a bitterly fought National League football game at Municipal stadium today.

A crowd of 23,862 saw the Packers' running attack offset little Davey O'Brien's passing that netted the Eagles 189 yards on 19 completed heaves. The former Texas Christian flash's passes and runs accounted for most of the Eagles' 14 first downs and their aggregate of 243 yards on the ground and in the air.

The Packers matched the Eagles' 14 first downs and gained 177 yards by rushing to the Eagles' 54. The winners' aerial attack netted them 73 yards.

Hinkle, Isbell Rip Line
Hard-running Clark Hinkle gained repeated yardage for the Packers on spinners through the line while Cecil Isbell tore through big holes off-tackle and around end on fake spinners. When the Eagle forward wall closed in, Arno Herber faded back and threw forward passes to Dun Hutson or Andy Uram.

It was Herber's passes, aided by an interference ruling, that helped the Packers march 74 yards to take the lead in the first period after Franny Murray's 21 yard field goal had given the Eagles a brief edge. Herber threw two passes to Hutson that put the ball on the Eagle 39. Hutson galloped to the 20, where Herber heaved to Uram on the goal line for the first touchdown.

Brock Scores On Interception
Another drive, starting from their 49, carried the Packers to the Eagles' seven, where the Birds held. O'Brien ran off tackle for 23 yards, but on the next play Charles Brock, substitute center, intercepted an O'Brien aerial, reversed his field and ran 42 for a touchdown.

The Packers moved 77 yards in eight plays for their third touchdown. Hinkle tore of 24 yards, then 12 more to the Eagle 36. Isbell went off-tackle on a reverse to the 12. Joe Laws picked up three and then Hinkle went over standing up.

Starting from their own 27 late in the third quarter the Eagles drove 73 yards. O'Brien flipped a 13 yard aerial to Joe Carter on the Packer 42, then an 18 yard toss to Red Hanson on the 10. After being thrown for a seven-yard loss, little Davey tossed a 23 yard pass to Chuck Newton for a touchdown.

Fumble Leads to Tally
O'Brien recovered Isbell's fumble on the Eagle 38 to start a 62 yard Eagle drive for the final score. A forward lateral, O'Brien to Newton to Mose Harper, gained 27. Another pass to Bill Hewitt put the ball on the 19. The Packers dumped O'Brien for a 19 yard loss on the next play, but he came right back with a 33 yard flip to Hewitt on the Packer four. Joe Bukant bucked over from the three for the touchdown.

Spartans Drill At Ogden, Utah

Ogden, Utah, Nov. 13 (AP)—The Michigan State college football squad, returning from the costly game with Santa Clara, at San Francisco, drilled with a blackboard today to prepare for the homecoming game with Indiana at East Lansing, Mich., Saturday.

Coch Charles Bachman's rambling Spartans studied diagrams as the coach lectured on what might be expected of Indiana and of how to thwart pet Hooster plays.

State was returning not only with another defeat chalked up against it, but bemoaning the loss of left end Bruce Blackburn, who suffered a fractured leg.

Nahma Is Busy Place As Hunters Attend Shindig

LOWER MICHIGAN HUNTERS were among the hundreds of people who attended the annual Deer Hunters' Shindig at Nahma last night. Before the affair began, several got together to discuss the relative merits of one's rifle. They are William Nelson of Big Rapids, Dr. E. A. Boet of Grand Rapids, Hoy Andrew, W. F. Nehmer and George Richards of Big Rapids.

GORDON BUTLER AND RAY (BUCK) DAVIS, winners of the log-sawing contest, are shown as they sawed through a 5 1/2 inch log in 31 seconds to win the title. Cliff Frasher, who was one of the judges, is timing the contestants.

ALBERT LUDWICK of Camp Mormon Creek won the block splitting contest, quartering a 42 inch block in 6 seconds. Jake Tadish, right, got second place, with 8 seconds for the same size block.

FEET UNDER THE TABLE. Heavy hunters' boots contrasted with dancing slippers as hunters and huntresses gathered at the shindig last night.

PRO GRIDDRERS HIGH SCORERS

Dazzling Touchdown Pace Wrecks All Mark In Money League

New York, Nov. 13. (AP)—Touchdowns and field goals are dropping into the dime-a-dozen class as National Pro Football league teams continue their sizzling scoring pace.

Four teams have exceeded their 1935 scoring totals already, with the Chicago Bears tying the team record for one season with their 223 points. Washington, in scoring 42 points against Brooklyn, became the first team to score more than 40 points three times in one season.

The 141 points scored in last Sunday's games boosted the league season average to 31 points a game, highest since the league was formed in 1921. The record high for a season is 26 points, made in 1935.

In addition to the Bears, the Washington, Cleveland and Detroit clubs have passed their 1935 scoring totals. Green Bay, which set the record of 223 points last year, is second in scoring to date with 186 points.

Washington is setting the ground-gaining pace with an average of 336 yards a game, nine greater than the Bears, and the Redskins also show the best passing efficiency with 68 completions out of 122 tosses for a percentage of 55. Cleveland has the most completions—77, but the Rams have tossed the ball 166 times.

By completing 20 passes last Sunday, Detroit tied the league mark for one game established by the Chicago Cardinals last year.

Burke To Captain Marquette Eleven

Milwaukee, Nov. 13 (AP)—Fireman Bill Burke, senior end from Chicago, will captain the Marquette university football team in next Saturday's game against Texas Tech at Lubbock, Texas.

Out side the customary run of bumps and bruises, the Golden Avalanche came out of the Iowa State game in good condition. A few new plays were run today, and reserves scrimmaged the freshmen.

Old Professor Thinks Upsets Too Numerous

BY WHITNEY MARTIN
New York, Nov. 13 (AP)—The chairs, radiators and windowsills were occupied and several pupils were standing, some well back on their heels, as the old professor met with his Monday morning class of football coaches.

Old Professor—Well, gentlemen, this attendance is most gratifying, but I fear we won't have time for all of you to recite. Now gentlemen, I didn't say much when Oklahoma beat Northwest, and Cornell beat Ohio State, but there is such a thing as carrying a good thing too far. I think when Iowa beats Notre Dame and Princeton beats Dartmouth it's time to call a halt on such going on.

Tad Wieman, Princeton—Honestly, Professor, I was as much surprised as you. Princeton played its best game of the season, and kicking was the decisive factor.

Earl Black, Dartmouth—If Princeton has been like this all season it is darn good. Dickie Wells, whose dad was Dartmouth hockey captain in 1912, is probably the best defensive back in the Ivy circuit.

Old Professor—Mr. Kirwan, I see you finally have found a seat in the losers' section.

A. R. Kirwan, Kentucky—Yes, Professor. When Tech began tossing end arounds and reverses at us I began to think our boys were taking a nap right out there on the field. However, Tech was much too good for us.

Phillies Will Trade Anybody—Almost

Philadelphia, Nov. 13 (AP)—President Gerry Nugent said today the Phillies will trade anybody on the club, except Pitchers Hugh Mulcahy and Walter Kirby Higbe, if such a move will help the last place Phils.

"If we can get two or three good hitters in exchange for Morrie Aronovich (star outfielder), or somebody else, we'll snap them up," Nugent declared. "We need more punch if the Phils are going to move up a notch or two next season."

GOLFERS PLAN HEAP BIG TALK

PGA Delegates Convene for Annual Meeting At Chicago

Chicago, Nov. 13 (AP)—The nation's professional golfers, approaching the election of a new president, began rolling out some verbal "guns" today for what may develop into one of the liveliest battles for control in the history of their organization—the Professional Golfers association.

Sixty-six delegates to the P. G. A. annual meeting, representing 28 sections of the association, decided to tighten and follow rigidly the association's bylaws Wednesday when new officers are chosen, among them one to succeed President George R. Jacobus. Now finishing his seventh term as head of the P. G. A., Jacobus announced last week he would not be a candidate for reelection.

At today's meeting of delegates, presided over by John Budd of Tallahassee, Fla., it was pointed out that some officers had been elected on a plurality vote of delegates instead of on a majority of the ballots cast, even though the bylaws called for a majority to elect. The delegates agreed they would insist this year that only candidates receiving majorities be declared elected, even should several ballots be required.

The formal convention of the P. G. A. will begin tomorrow morning.

An eminent Pennsylvania doctor says that the average man of 50 has eaten 50 tons of food.

haunted look. Mr. Bachman: Charley Bachman, Michigan State—The same bad breaks which have haunted us all season followed us clear to the Pacific coast. Santa Clara is as good as any team we've met, and its passing attack compares with any.

Buck Shaw, Santa Clara—Michigan State plays a stout, alert game. Without detracting from it I'd seem our boys seemed a little sluggish. Anyhow, we won, so no complaints.

Old Professor—That's the spirit. And I see our time is up. Watch out for that first step as you go out. It's a tough one. Good day, gentlemen.

Old Professor—Why that

A POPULAR PLACE was the bar in the Nahma clubhouse while hunters idled the hours before opening of season Wednesday morning.

AMEN, AMEN, AMEN . . . and two more amens for good measure . . . and another one for emphasis . . . the reason? . . . football season is over . . . and, boy, what a feeling! . . . fans often say: "I envy you sportswriters . . . you get to see the games for nothing."

Yes, indeed, we are favored by the Gods . . . we work at top speed all Saturday morning trying to crowd in a full day's work in a half day . . . run up and down the sidelines, following the play and trying feverishly (and often fruitlessly) to get a couple decent pictures, always sitting on haunches or kneeling down trying to avoid the inevitable yell from irate fans: "Down in front!" . . . between camera shots, we take notes recording the progress of the game . . . after the game, we hurry back to the office with the pictures . . . work again at top speed, trying to get a coherent story out of the afternoon's nightmare . . . when finished with the story, we sit down to help answer hundreds and hundreds of telephone calls from fans wanting to know how every team in the country came out . . . Sunday we walk around trying to loosen up the sore muscles caused by the sideline workout . . . and try to explain to people why the pictures weren't good and the story of the game was so lousy . . . yup, it's nice to get to see all the football games for nothing!

One of nature's mysteries is why the mosquito you can't find in the dark always finds you.

BUT FOOTBALL has its compensations . . . just this morning, we had a telephone call from the mother of one of the players, thanking us for what we did for her son during the season, the

kind words we said in writups . . . somehow, that telephone call brightened up an otherwise typical blue Monday . . . we appreciated it . . . as well as understanding words from school officials and a prominent businessman . . . Saturday's game was featured by exceptionally fine feeling between Escanaba and Gladstone boys . . . after every scrimmage, they helped each other up, there was no piling on and the game was clean all the way . . . we cannot close this comment on the game without paying tribute to the Gladstone gridgers . . . badly outweighed, the Upbays for three quarters gave the Eskymos as tough a battle as they have had all year, with one possible exception . . . those three last quarter touchdowns were due more than anything else to the fact that the Kellmen were physically tired from the constant pounding they received from the heavier Escanaba boys . . . though they went home without victory, they did carry with them the praises of hundreds of Escanaba fans for their fine work against heavy odds.

Getting on is merely a matter of getting up each time you are knocked down.

LARS THUNE can have anything he wants in Green Bay . . . the wily Scandinavian Friday night saw his West high team snap the sensational 36 game winning streak of East high, winning 13-0 before 10,000 people . . . East high had gone through almost four seasons without a defeat and Thune's crew smashed them to the ground . . . it is interesting to note that it was the former Iron Mountain coach's Marinette team that last defeated East, 7-6, back in 1927 . . . yes.

GET REST FOR NEXT BATTLE

Crisler Says Team Was Over-Rated; Several Players Injured

BY GEORGE A. STAUTER
Ann Arbor, Mich., Nov. 13 (AP)—A bewildered, injury-riddled University of Michigan football team enjoyed a holiday today as preparations for the intersectional clash with Pennsylvania were deferred until tomorrow.

The Wolverines, unable to explain away successive defeats by Illinois and Minnesota, take on the Quakers next Saturday at Franklin Field, Philadelphia.

"I thought a rest would do the squad some good," said Coach Fritz Crisler in cancelling today's practice.

The downfall of the Wolverines, one of the pre-season favorites for the Big Ten championship, was the major discussion topic on the campus.

Crisler had little to say except that "the team had been over-rated."

"We aren't as good as the public thought we were and I said so before the season opened," he said. "Everyone had awarded us a championship even before we had played a game."

No Player Dissension
"For the first four games we had things our own way. It was too easy. Then Ickling struck us when we played Illinois and it struck again last Saturday when we played Minnesota."

He denied rumors of player dissension by saying, "If it's true, it isn't apparent on the football field."

The Michigan coach had praise for the work of sophomore Bob Ingalls, who played practically the entire game at quarterback in place of injured Forest Evashevski in the loss to the Gophers.

"It was a tough job for any youngster but I thought he did amazingly well," Crisler commented.

Whether Evashevski will be able to play against the Quakers remained doubtful, and the Wolverines' chances of victory were further dimmed by news that Ed Frutig, veteran end, is out for the rest of the season.

Frutig, one of several players added to the casualty list, suffered a displaced foot tendon in the Minnesota game. Others injured, but expected to return to the lineup within a day or so, were Tackles Bill Smith and Reuben Kello, End John Nicholson, Halfback Paul Kromer and Fullback Bob Westfall.

There were 177,790 saloons, 7090 breweries, and 236 distilleries in the United States before the prohibition era, according to estimates.

Indeed, Lars has put himself in solid at West high . . . Menominee Herald-Leader did a tremendous job for the annual Menominee-Marquette game, publish a 12 page paper containing stories of every game between the two rivals since the series started back in 1894 . . . congratulations to our pal, Jimmy Ripley . . . we can appreciate the work connected with it . . . there has been no thumb-widdling at Menominee for weeks.

WHEN AND WHERE TO PLACE WANT ADS

The Classified Advertising Department is situated at 600-602 LUDINGTON ST.

These offices are open to receive advertisements from 8 a. m. to 6 p. m. daily. All ads received up until 6 p. m. will appear in editions the following day.

PHONE 693

Ask For Adtaker

CLASSIFIED ADVERTISING INFORMATION

Errors in advertisements should be reported immediately. The Daily Press will not be responsible for more than one incorrect insertion.

All ads are restricted to their proper classification and to the regular Daily Press style of type. The publishers reserve the right to edit or reject any classified advertising copy.

Advertising ordered for irregular insertions takes the one time rate. No ad is taken for less than a half of three lines. Count six average words to the line. An average word contains six letters.

Accounts unpaid after 30 days will not be granted further credit.

Charged ads will be received by telephone and if paid at the Daily Press office within six days from the first day of insertion cash rates will be allowed.

Ads ordered for three or six times and stopped before expiration will be charged for only the number of times the ad appeared and adjustment made at the rate earned.

The Daily Press makes an earnest effort to keep its advertising columns free of deceptive and dishonest announcements. Readers are requested to report unsatisfactory dealings with any advertiser in these columns.

PLEASE DO NOT ask for information on blank ads. The Daily Press will not disclose the identity of any box number or give any information not contained in the ad itself. A flat charge of 10c will be made for each box number listed.

Radio Around The Clock

BY C. E. BUTTERFIELD
Associated Press Radio Editor
Time is Central Standard

New York, Nov. 13—Information Please comes to the WJZ-NBC microphone as usual at 7:30 Tuesday night, but there's something more behind the program than just another broadcast. It celebrates the first anniversary under a sponsor and looks forward to another year in that category due to a signed contract renewal.

At the same time it is presenting as its special board of announcing experts guest Postmaster General James A. Farley. He will serve with the regulars, John Kieran and Franklin F. Adams and the more or less regulars, Oscar Levant. Also as studio guests there are to be many of the persons who have guest-answered the questions of Clifton Fadiman.

The Green Hornet series of MBS, after a run of 20 weeks, is passing to the past on MBS and is being replaced with a new spy series, "Ned Jordan." The first program is at 7 p. m.

Looking across the agenda, there are these features to be found: WJZ-NBC 12:30, Worcester Civic orchestra; WJZ-NBC 1. Gallant American Women, women's part in agriculture; WABC-CBS 3:30, Of Men and Books, guest Frederic William Will, veteran newspaperman and radio commentator; MBS 6:30, Radio Harris with Gertrude Lawrence as guest; WABC-CBS 7:30, Walter O'Keefe party selecting actors from the studio audience; WJZ-NBC 8, Finale for the Bob Benchley series with Jim Durante as the "permanent" guest; WJZ-NBC 9:30, Fun with the Famous, guests including Mr. and Mrs. Dick Powell (she is Joan Blondell).

Owen White, writer, continues his series of six talks on "Radio: Voice of the World", on WEAF-NBC at 11 noon, while the Euro-schedule is to run: NBC-radio 7 a. m.; WABC-CBS 7 a. m., 5:30, 7:45, 10; MBS 2.

ESCANABA TRIO WINS OPENER

Debaters Beat Kingsford In First Contest of Season

Coach Bertrand Henne's Escanaba high school debate team last night won the first contest of the season, defeating Kingsford affirmatively by a score of 2-1 at Kingsford.

The local team was composed of Pauline Stogah, John Birkenmeier and Bob Beaudoin with Barbara Bartlett as alternate.

Judges were E. M. Bloomquist of Felch, Hazel M. Elson of Alpha and William J. Vaughan of Felch. Governmental ownership of the railroads is the topic of discussion in this year's debates.

Gladstone will be met next but no date has been set as yet.

Tanganyika territory, Africa, a British possession, has an area of 380,000 square miles and a coast line of 450 miles.

Obituary

JOHN FRIDOLF CARLSON

Final rites for John Fridolf Carlson were held Monday afternoon at 1:30 o'clock at the family home, 503 South Fourteenth street, and at 2 o'clock at Bethany Lutheran church, Rev. Dr. C. Albert Lund officiating at the service. The services were largely attended, and beautiful floral offerings banked the room of the home where the body rested in state.

Rev. Dr. Lund's text, from the Gospel of Luke, 27th Chapter, 22nd Verse, was, "Lord now let Thou Thy servant depart in peace for my eyes have seen Thy salvation which Thou hast prepared for all Thy people." During the service Mrs. Hilmer Johnson and Miss Lois Lundstrom sang a Swedish hymn, "Hvar jag gör i skogar, berg, och dalar," and in English, "We Shall Sleep But Now Forever." Mrs. Carl Wedell was accompanist. The processional and recessional of the service were played by Miss Lundstrom.

Burial was in Lakeview cemetery. Pallbearers were Gust Leaf, George Bergman, Albert Sandgren, Emil Jackson, Seth Burk-

land, and Albin Olson, all deacons of Bethany Lutheran church.

Those at the services included Miss Freda Carlson of Milwaukee; Mrs. C. I. Anderson of LaCrosse, Wis.; Mrs. Albert Palm of Ludington, Mich.; and Mr. and Mrs. Andrew Gustafson and family of Danforth.

JOSEPH FARLEY

Funeral services, which were largely attended, were held for Joseph Farley, pioneer of Garden, Monday morning at 8 o'clock at St. John the Baptist church there, Rev. Fr. Vincent C. Savagueau officiating at the requiem high mass. Burial was in the family lot in Garden cemetery.

Pallbearers were six sons of Mr. Farley, David, Louis, Francis, Anton, Henry and Leo.

Those attending the services included Mattie Vincent, Belle Krummich, Mr. and Mrs. William Gentz, Mr. and Mrs. Rack-Charlier, Mr. and Mrs. Willard Gentz, Charles Paradise, Mrs. William Carefelle, Al Farley and family and Mr. and Mrs. J. Krummich, Manistiquie; Mr. and Mrs. Roy Spaulding, Gladstone; Mr. and Mrs. Andrew Tatrov, Rapid River; William Gardipee, Chester Lemtrande, daughter, Lorna Joyce, and son, Dan, and Mrs. Carl Juhl and sons, Harold and Carl, Jr., of Escanaba.

U. P. Briefs

VETERANS TO MEET

Menominee—Spanish War Veterans of the upper peninsula and the 34th Regiment of Michigan Volunteers will hold a joint 1940 convention in Menominee on July 2, 3 and 4 at invitation of the Menominee Chamber of Commerce, it was announced today by Franklin Merritt, chamber secretary.

W. A. Lyons, Marquette, Spanish War Veterans association president, and Joseph P. Shepard, Marquette, secretary, wrote Merritt that the city's invitation has been accepted. Plans for the joint convention will be made at a meeting to be held soon, President Lyons wrote.

RECEIVES PROMOTION

Iron Mountain—Dorlas J. Curry, who has served as district supervisor of the conservation department at Crystal Falls and Ewen for the last five years, has been promoted to assistant regional supervisor with headquarters in Marquette.

This announcement was made by L. N. Jones, regional supervisor of the state conservation department. The region includes all of the upper peninsula, which is divided into six districts.

Curry's promotion is effective December 1. He will move to Marquette from Crystal Falls. It will be somewhat of a homecoming for Curry, who attended Northern State Teachers college while a resident of Trout Creek and before joining the conservation department. He was born in Trout Creek.

Felons Are Captured

St. Ignace, Mich.—Two youths, both claiming to be under 17 years of age and wanted in Wisconsin Rapids, Wis., for automobile theft were arrested by a posse 18 miles east of here Sunday morning.

Under arrest are Nelson Pasha, of Mosinee, Wis., who says he is 14, and Robert Noel, of Dearborn, who claims he is 17.

Their arrest followed a chase over three states, and a previous arrest in Plymouth, Ind., where they were picked up on a charge of auto theft by the Wisconsin Rapids police.

Roland Payne, 65, Wisconsin Rapids police chief, and Cliff Bluett, 59, undersheriff and former sheriff of Wood county, were returning the boys to the Wisconsin city Saturday, when, near Adams, one of the boys fired a shot in the back seat of the car.

Girls Are Attacked

Marquette.—City police are looking for a man who attacked two girl students of Northern State Teachers college on the college campus near the Presque Isle and Kay avenue intersection on Thursday evening about 6, while they were walking from classes to their homes.

The attack, described by police as the worst of its kind in Marquette in several years, occurred on the sidewalk leading diagonally from the college administration building to the southeast corner of the campus.

Although street lights were on at the time, city police said, that particular part of the campus, screened from lights by heavy foliage of several trees and bushes, was "almost pitch dark."

Classified Ads cost little but do a big job.

District Governor Addresses Rotary

"He profits most who serves the best," and around this Rotary motto, District Governor Bill Crossman, Antigo, Wis., built his annual visitation address to the Escanaba club at yesterday's meeting.

In his remarks concerning club activities paid special tribute to Herman Gessner, veteran Rotarian for the outstanding record of the crippled children's committee and the enthusiasm shown by the club in taking part in community and civic events.

"It is this spirit of Rotary that makes it forge ahead," the speaker commented. It is this same spirit that makes members attend meetings and serve their best. He likened this spirit of Rotary to an "unknown something" called personality that is present but unseen and unheard.

Speaking briefly on club service and club extension the speaker concluded his remarks by saying "the challenge to Rotary to keep moving ahead is greater now than ever in the past and it's only through concerted effort that this end can be achieved."

Iowa U. Students Celebrate Victory

Iowa City, Ia., Nov. 13 (AP)—Mobilized by blasts from a new victory whistle on top of the engineering building, University of Iowa students deserted classes today to celebrate last Saturday's Hawkeye football triumph over Notre Dame.

Those who placed the harvest of knowledge above whooping it up for Coach Eddie Anderson's boys were routed out of classrooms by holiday-minded students.

His three-year-old son, Jimmy, in his arms, Coach Anderson talked to several thousand celebrants from the front porch of his home. Anderson asked the students "to keep your spirit up and the team's spirit up. Tell them what a swell job they did. If you do that, they will never quit on you."

Heavy Schedule, Fine Iowa Team Cause Irish Loss

South Bend, Ind., Nov. 13 (AP)—Notre Dame university's battered football squad received a rest today before beginning drills for Saturday's contest here with Northwestern university.

Coach Elmer Layden attributed the Irish defeat by Iowa to "Iowa's inspired play plus a terrific Notre Dame schedule."

"The boys have given their best for seven weeks in a row," said Layden, "and emerged victor six times—and that's good enough for me."

Briefly Told

Receipts Listed—First day receipts of the Red Cross drive which started yesterday were \$242.20, according to a report of Roll Call Chairman John Lemmer.

According to estimates, there are 7,500,000 aliens in the United States.

DAVEY O'BRIEN PROVES WORTH

Completes 19 Forward Passes Against Green Bay

Philadelphia, Nov. 13 (AP)—They took the "little" off the full name of football's Davey O'Brien today. It's just plain Davey O'Brien now—unless you want to call him "Goliath Davey" O'Brien. Some have started doing that.

For Mr. O'Brien, who had been no use trying to deny it now—a question-mark to Philly fans earlier this year, rose right up to his full height of five feet, seven Sunday and:

1. Achieved 19 completions in 37 forward passes for 289 yards despite the fact his Philadelphia Eagles lost to the Green Bay Packers in the National Professional football game, 23 to 16.
2. Returned a Packer punt 31 yards.
3. Recovered a fumble.
4. Held the ball while a teammate pickkicked for Philadelphia's first three points.

All this added up to "I told you so" for Bert Bell, who had been fenceling with knockers as the Eagles lost five and tied one before yesterday. They've been saying O'Brien wasn't big enough for pro play, couldn't pass in a tough spot, etc., etc. Replied Bell, president of the Eagles:

Best Rookie In League

"Davey is the best rookie in the National League. I always thought so, despite the fact so many people thought I was nuts. The 19 passes completed Sunday makes a new league record—with nobody before ever having completed more than 15."

Asked if he could explain why the 150-pound former Texas Christian university star never got going earlier, Bell shouted that he "just looked over a better yesterday," and added: "Davey com-

pleted 11 passes against Brooklyn. Nobody got excited about it."

Davey's conversation, at least off the football field, is no less monosyllabic than when he joined the Eagles—re-born hero or not. The breathless scribe who got him on the telephone asked O'Brien if a new defense had been worked out to give him better protection, if new plays were used Sunday, how he felt today, if the Eagles might now be expected actually to win a game, if—here there was an interruption at the end of the line. It was Davey gently breaking it.

"Yes," drawled Goliath O'Brien, thoughtfully,—"and no."

Fraternal

EAGLES MEETING

A regular meeting of Fraternal Order of Eagles, Aerie 1088, will be held at the club rooms this evening at 8 o'clock. Business of importance will be discussed and all members are asked to attend.

Paul Waner Signs With Pirates For Fifteenth Season

Pittsburgh, Nov. 13 (AP)—Paul Waner, slugging right fielder of the Pittsburgh Pirates, signed today for 15th season with the Buccs, President William Benswanger informed club officials by telephone from New York.

Benswanger said Waner, traditional holdout and "Big Poison" of the Waner brother act, accepted a one-year contract after "a very, very pleasant" conversation. Terms of the contract were not disclosed.

In all but one season, 1938, Paul has batted .300 or better and rallied from a slump last season to post a .325 average for 125 games. There had been rumors—denied by Manager Frankie Frisch—that Paul might be traded this winter.

State Officers Talk At Eagles Meeting

The Fraternal Order of Eagles held a well-attended meeting at the Eagles hall Sunday evening. A large class of new members was initiated into the order.

The principal speaker was Edward B. Ward, state conductor, who was followed by Harold Hoovan, Monroe, past worthy president. Lunch was served after the speaking program.

A regular meeting will be held this evening. All members are urged to be present. The local aerie is now conducting a membership campaign.

Two Fined \$50 Each After Car Accident

Arden Dabney, 424 South Nineteenth street, and Selmer Corblier, 520 North Nineteenth street, were both fined \$50 and costs Monday by Justice of the Peace George W. Carr. Dabney on a charge of drunken driving and Corblier on a charge of permitting his car to be driven by a drunken person.

The two were arrested late Saturday after the Corblier car had struck an automobile belonging to the Escanaba Motor company, parked on Third avenue just east of Stephenson avenue.

ACCORDION FOLDING DOOR

The most difficult door problem likely to face the home planner occurs when a door is necessary and yet there is not enough space in which one may operate.

One solution to this problem which conforms to modern space-saving requirements is the accordion folding door. Accordion-type metal frames provide a durable foundation to which fabrics may be attached and at the same time permit a wide choice of materials for the interior-decorating scheme.

Yukon territory, Canada, which has only 1805 voters, sends one member to the Canadian House of Commons. The territory covers an area of 20,000 square miles.
