Thomas Petrykosky, 86, Stricken After Ten Days Illness

Thomas J. Petrykosky, 86, died at his home, 231 North Tenth street, at 8:10 p. m. Friday after an illness of ten days, complicated by his advanced age. Mr. Petrykosky was born in Poland and came to the United States as a small boy. He was employed for a time a section worker for the D. S. & A. railway and then came to Escanaba as section foreman for the C. & N. W., where he was employed until his retirement after 25 years of service. After his retirement he worked for a time with the E. & L. S. section crews.

Surviving are a daughter, Mrs. F. M. Dumas, Milwaukee; a brother, John, of Cleveland; ten grandchildren and eight great grandchildren.

The body was taken to the Alto Funeral Home, and final arrangements for the last rites will be made today.

GERMAN NAVY SCORES AGAIN OVER BRITAIN

(Continued from Page One)

blockade is the uppermost. Nevertheless, indications in London were that the British would go ahead with an order in council next Tuesday authorizing the seizure of German exports on the high seas.

Such seizures were outlawed in the Declaration of Paris in 1856 but Britain has moved to meet that satire by declaring illegal Germany's mine warfare.

Retaliation Promised
For her part, Germany has reported she would meet the export blockade with sharp retaliation.

One official in Berlin said "our principle of conducting the war, namely firing ten shots back for every shot against us, will be used in the economic sphere also."

On the Western front, the French high command said a "few prisoners" were taken in an unsuccessful German raid east of the Moselle river—the chief land action reported for the day.

The Nazis said they had control of the air over France and Great Britain—but the allies declared they had bagged 14 German planes in the last two days.

Rumania's new cabinet troubles ended for the present when George Tatarsu, fourth premier in two months, set up a coalition government in which he will serve as minister of the interior.

Tatarsu made it known that he would continue Rumania's policy of neutrality and good relations with all major powers.

Europe's war, quiescent ashore where millions of soldiers await the shock of battle, has taken heavy toll at sea and in the air since it started less than three months ago.

More than 2,000 lives, many of them those of neutrals or non-combatants, and more than half a million tons of shipping have been lost at sea in the savage struggle between Franco-British naval power and German U-boat

and air strength—a struggle upon which the outcome of the war increasingly hinges. Air losses by both sides also have been heavy.

Planes Lay Mines
With a week to go in the third month of the war, allied and neutral sea losses have bounded upward. Allied spokesmen say Germany use of mines in violation of treaties is responsible. They report that Nazi planes have been joining the U-boats in laying the mines.

For naval experts, there is no surprise factor about flying mine layers. Use of planes to lay mines in enemy areas unreachable by surface craft or submarines has been a move played out in theory on game boards of all navies since the first air bomber lifted its heavy load successfully.

Moreover, every navy has developed since the World War devices for launching submarine torpedoes from the air, and experimented with piloting them by radio control to their chosen targets. And self-propelling torpedoes are heavier loads for planes than any normal form of sea mine.

The American navy spent millions to develop a successful apparatus for dropping 21-inch torpedoes from the air. They weigh a ton or more with their complicated propelling machinery and deadly "war heads" containing 300 pounds or so of high explosive. They cost around \$10,000 each.

That Nazi "torpedo planes" have not struck before now to duplicate the feat of the German U-boat which penetrated the defenses of Scapa Flow and sank the British battleship Royal Oak at anchor has caused some surprise in naval circles. It may be that the cost and the uncertainty of results have held back that development.

The success of the reported German mine attack, whether laid down from the air or from U-boats, to the surprise factor.

Old Age Bureau To Move Offices To 609 Ludington

The Old Age Assistance Bureau will move on November 30 from 612 Ludington street to the offices of the Emergency Relief Administration at 609 Ludington street.

Arrangements for the transfer were made with A. M. Gilbert, ERA administrator, who will be general director of the newly organized county department of social welfare, on December 1. The new law, consolidating all welfare agencies, goes into effect on that date.

Mr. McDonald said that the moving of the offices will be effected in a single day, and that old age assistance work would be carried on at the new location on December 1.

ence that it soon will be able to cope with this new sea menace spring largely from such considerations. Mine-laden planes, like heavy bombers, would fall easy prey to swift and agile attack fleets of the air. Unless German ingenuity has produced a form of explosive far lighter and more destructive than any now in naval use, there are distinct limits to successful aerial mine planting.

Now that Franco-British air patrols are on the alert it will be increasingly difficult for Nazi flying mine planters to reach their goal. There is a tendency among military experts to ascribe the initial success of the reported German mine attack, whether laid down from the air or from U-boats, to the surprise factor.

Kinnick's closest rival is Tom Harmon, of Michigan, who held his wide scoring margin although engaged outside the Conference last week, and who ranks second in ground gaining and fourth in passing. Harmon has a rushing total of 358 yards and a passing total of 243 yards. Other offensive leaders are Harold Van Every of Minnesota, whose 544 yard total is derived largely from a 354 yard rushing gain, and Ohio State's Don Scott, who has passed for 344 yards to give him an offensive total of 492 yards.

George Paskvan, Wisconsin's pile-driving fullback, last week became the first in the Conference to hit more than 400 yards in rushing as he held his lead in that

department with 404 yards in 110 plunges. Coming up fast, however, was Jimmy Strausbaugh of Ohio State, who took the lead in rushing averages with a gain of eight yards per try in 39 rushes, for a total 314 yards.

Iowa, winner of six out of seven games this season after a 1938 campaign in which it won only a single game, can tie for the Western conference title should Michigan upset Ohio State. In that event Iowa and Ohio State would have Big Ten records of five victories and one defeat.

KINNICK LEADS BIG TEN RACE

Iowa's Sensational Back One of Greatest in League History

Chicago, Nov. 24.—If there were any need for further proof of the offensive potency of Iowa's Nile Kinnick, beyond the sensational showing of the Hawkeye team of which he is such a vital unit, it would be found in individual standings for the final week of the Big Ten grad season.

Kinnick's blazing aerial attack last week against Minnesota sent him away to a wide offensive margin among Big Ten backs, as his total of 524 yards in completing 25 of 74 passes was combined with a rushing total of 212 yards for an offensive record of 736 yards in five games. In addition to his imposing passing yardage, Kinnick has made his completions count as nine of them have gone for touchdowns.

New "White Way" Dedicated; Holiday Decorations Are Installed

RALLY IS HELD AT JUNIOR HIGH

City's Future Outlined; City Manager Bean Is Praised

Escanaba civic officials and business men joined last night in staging a colorful ceremony in dedicating the city's new "White Way" and in ushering in the Christmas holiday season.

Mayor Peter N. Logan and John P. Norton, publisher of the Daily Press and president of the Chamber of Commerce, were principal speakers at a rally held at the junior high school auditorium last night following a colorful parade of bands, floats and marchers.

Mayor Logan recounted some of the achievements of the present city administration, pointing to reduced light rates, improvement in city equipment, reduction in bonded indebtedness of \$175,000 in three years, street improvements amounting to \$150,000 and installation of the new lights on Ludington street. He explained some of the ideas now being carried out by the administration for the betterment of the city. These include further improvement of lighting conditions, extending new lights to all arterial streets and improving all other streets; development of a new water plant to effect further economies as well as extend service; establishment of a new draining project which will bring to Escanaba \$10,000 in salaries monthly; and the encouragement of new industries in this city. In closing, the mayor pledged the continued cooperation of the city administration with the Chamber of Commerce in the drive to "Keep Escanaba Ahead."

Praising City Manager Norton congratulated members of the city council on the work they have been doing during the past several years and for their cooperation with the Chamber of Commerce. He recounted the organization of the Chamber of Commerce as being the result of an inaccurate government census of Escanaba in 1920, after which a group of businessmen got together and made their own canvass, disclosing the government census to be about 2,000 short. As a result of this move, the men realized the value of a working group for the benefit of the city and the Chamber of Commerce was founded.

The Daily Press publisher told of the Chamber of Commerce work in securing establishment of the council-manager form of government for Escanaba in 1922 and marked Escanaba's advancement since that time.

Norton brought applause from the crowd with praise for Escanaba's energetic city manager, George E. Bean, who was not present.

"The present council," said Norton, "is to be congratulated for bringing to Escanaba the best city manager in the United States. I mean that, truly and sincerely. George Bean is, in my estimation, one of the smartest city managers in the United States and we people of Escanaba can do no better than to get behind him in all his endeavors. He has done a wonderful job of administering the affairs of the city as is witnessed by the present splendid financial status of the city. Escanaba today is generally recognized as one of the best governed cities in the country and that in itself is a tribute to George Bean."

The new president of the Chamber of Commerce told of the efforts of the Chamber of Commerce in promoting such events as the Smelt Carnival and Log Rolling Tournament as an advertising medium and said that Escanaba today is one of the most widely known small cities in the country because of these campaigns.

Good Place to Live

In conclusion, Norton said the Chamber of Commerce is cooperating in every respect with the city administration in making the city a better place in which to live.

"Escanaba can be just what we choose to make it," said the speaker, "and I sincerely hope that every resident of the city will do his best to try and make the city one of the most desirable places in which to live. We realize that we can never become a great manufacturing center but we can make it homes the finest of any place in the country. With the cooperation of the city administration, Chamber of Commerce and the general public, I feel sure that we can do just that and 'Keep Escanaba Ahead.'"

Harry D. Brackett, local member of the Chamber of Commerce and one of the city's earliest and most continued boosters, was chairman of the meeting. In opening the meeting, he told of some of the early history of the city and of the gradual improvement in the lighting system from the old arc light in 1890 to the present day system. He laid the background for the speeches of Logan and Norton.

Following the speaking program, music was furnished by the Escanaba Municipal band under the direction of Frank Kaye. Included in the parade were the Municipal and high school bands, city fire apparatus, city officials, Chamber of Commerce officials, boys from all of Ludington's

Passing Check Station Doesn't Clear Violators

Warning to hunters: Don't take a chance on violating just because you've successfully passed one conservation department checking station—there may be another along the way.

Norbert Smith of Stephenson found that out to his dismay and at a cost of \$10 fine and court charges. Hunting on the Bark River road near the intersection of M-35, Smith was checked by conservation officers and state police near Cedar River on two different occasions. A few minutes later, however, he was stopped by Conservation Officers Bernard Stephansky and Willard Schwartz and they found a loaded gun in his automobile.

"I thought two inspections would be enough," Smith told the officers, "and didn't expect to be stopped again so I loaded my rifle to have it handy."

He was arraigned in Justice William Oberdorfer's court in Stephenson and pleaded guilty to the charge, paying the fine and costs.

Rapid River

JOHNSON-WILBEE WEDDING

Rapid River, Mich.—A very beautiful fall wedding was one which took place Thursday evening at 8 o'clock in Calvary Lutheran church uniting in marriage Verona Annabelle, only daughter of Mr. and Mrs. Oscar Johnson and Walter Wilbee, son of Mr. and Mrs. Robert Wilbee of Gladstone.

The ceremony was performed by Rev. O. B. Hanson, pastor of Nebo Lutheran church, Chicago, an uncle of the bride.

Miss Kathleen Holmgren served as maid of honor and Miss Gwendolyn Hanson of Chicago as bridesmaid. Both are cousins of the bride.

The groom was attended by his two brothers, George and Vincent Wilbee of Gladstone.

Miss Gertrude Kee of Gladstone presiding at the organ, played the processional and also accompanied Miss Virginia Goodman who sang two solos, "I Love You Truly" and "Because". The recessional was also from Mendelssohn.

The bride entered with her father, who gave her in marriage, meeting the groom and his attendants at the chancel rail and together they went to the foot of the altar where the ceremony was performed.

The bride wore a gown of egg shell satin with full train and her veil of egg shell tulle hung in beautiful folds the length of her dress. She carried a shower bouquet of white roses and baby mums. The two maids wore gowns of American beauty moire taffeta and both carried shower bouquets.

A wedding dinner for the immediate families was served at the Oscar Johnson home Thursday afternoon. The home was prettily decorated in white with a cluster of white wedding bells over the center of the table with streamers. The table was beautiful with white tapers and a large five-tiered wedding cake decorated in white with a tiny bride and groom topping it. The cake was made by Mrs. Ole Wickstrom who as Catherine Christianson served as flower girl at the wedding of the bride's parents. A reception for relatives and close friends at the Johnson home followed the ceremony.

Out of town relatives present included Rev. and Mrs. O. B. Hanson, daughter Gwendolyn and Mr. and Mrs. Leon Johnson of Chicago; Mrs. Hattie Watts of Wheaton, Ill. and Mrs. John Wickstrom of Puyallup, Wash.

The wedding Thursday evening was the first one to take place in the new Calvary Lutheran church. It was interesting to note that the marriage of the bride's parents was the first one to take place in the Bethany Lutheran church in Whitefish.

140 Are Employed On NYA Projects

There are 140 youth employed on the Michigan national youth administration work projects program in Delta county at the present time, according to Orin W. Kaye, state administrator.

Employment on the work projects program reached a record level of 10,917 persons during the past month, according to figures made public today by Kaye.

The number of needy youth between the ages of 18 and 24 inclusive to be given part-time jobs is the highest for any single month since the establishment of the national youth administration. Each county is allotted a quota in proportion to the number of unemployed youth in the state. Described by Kaye as "exploratory work experience" this employment is designed to better a youth's chances of obtaining a job in private industry. Attesting to the soundness of this program is the fact that an average of 300 youth leave the NYA rolls each month for private employment and attribute much of their success to experience gained on the NYA projects.

Driver Cleared By Coroner's Jury In Death of Powers

"No cause for action" was the report of a coroner's jury yesterday in the inquest in the death of James Powers.

Powers, who resided at 2314 Ludington street, died November 13 of injuries sustained when he was struck by a car driven by Vern Cass, 113 South Sixth street, when he was crossing Stephenson avenue at Third avenue north.

Cass told officials that he was traveling about 20 miles an hour south on Stephenson avenue when he pulled toward the center of the street to avoid a woman who had stepped from the west curb. When he saw Powers, who was crossing from the east, he was unable to stop.

quiet of white roses and baby mums. The two maids wore gowns of American beauty moire taffeta and both carried shower bouquets.

A wedding dinner for the immediate families was served at the Oscar Johnson home Thursday afternoon. The home was prettily decorated in white with a cluster of white wedding bells over the center of the table with streamers. The table was beautiful with white tapers and a large five-tiered wedding cake decorated in white with a tiny bride and groom topping it. The cake was made by Mrs. Ole Wickstrom who as Catherine Christianson served as flower girl at the wedding of the bride's parents. A reception for relatives and close friends at the Johnson home followed the ceremony.

Out of town relatives present included Rev. and Mrs. O. B. Hanson, daughter Gwendolyn and Mr. and Mrs. Leon Johnson of Chicago; Mrs. Hattie Watts of Wheaton, Ill. and Mrs. John Wickstrom of Puyallup, Wash.

The wedding Thursday evening was the first one to take place in the new Calvary Lutheran church. It was interesting to note that the marriage of the bride's parents was the first one to take place in the Bethany Lutheran church in Whitefish.

DYNAMITE WILL BE USED TODAY

Search Is Continued for Paul Ringstrand In Local Harbor

Dynamite will be used today by workers under the direction of Chief of Police M. F. Ettenhofer in an attempt to recover the body of Paul Ringstrand, 18 year old Escanaba youth believed to have drowned near the St. Paul dock.

It is hoped that if the body of Ringstrand is held below the dynamite will release it and start it toward the surface. This method of recovering bodies is frequently used with good results.

More than 25 men worked Thanksgiving Day with grappling and gang hooks in covering waters bordering the No. 2 dock in an attempt to find the body of the youth, who has been missing since Monday. Five small boats and the city tug with two scows were employed Thursday in grappling operations, an area of about 20 feet wide being covered in each trip. Water on both sides of the dock for a distance of about 2,400 feet was combed in this manner and a small boat plied between the pilings of the dock but no trace was found of the missing youth, whose cap was found floating near the dock side 50 feet from shore Tuesday.

A rumor that a youth answering to the description of Ringstrand had left town on a logging truck from Wells was checked and found without authentic basis.

Briefly Told

Licenses Applied For—Thanksgiving eve applications for marriage licenses were made yesterday by Alvin Joseph LaLonde and Virginia A. Harbanski at Garden; Gilbert Pearson and Sarah Steinhauer, of Bark River R. 1, and Duayne Burakz of Escanaba, and Jeanette Johnson of Escanaba.

Relief Distribution—A special shipment of apples will be distributed to relief clients on Monday, Tuesday and Wednesday at 712 Delta avenue, Gladstone, and at 519 Ludington street, Escanaba. Clients are asked to bring their own containers.

Enjoys Living Since The Use of KruGon

Relieved of Sharp, Stabbing Pains Over Her Body; Digestion Is Fine; Not Troubled With Awful Headaches Now

"My only regret is that I did not learn of KruGon long ago," said Mrs. Christine Butzon, Star Route No. 3, Box 127, Hibbing, Minnesota. "I had been so miserable for years with constipation, continual headaches and sleep-

less nights. Then when I began to develop those sharp stabbing pains over my body I became alarmed over my condition. My knees were in such condition and pained me so I could hardly stand. My digestion was upset until I could not eat anything but what caused me unbearable suffering afterwards. I did my best to find something to help me but everything I tried failed in my case. Then KruGon was recommended to me as being 'worthy of a trial' so I began its use.

"I did not expect the good results this laxative-tonic formula gave me," continued Mrs. Butzon. "My faulty elimination was relieved and I soon showed rapid improvement. My digestion is good now and I can eat the foods I want without distress afterwards. I sleep good throughout the entire nights, but best of all those pains in my limbs have been relieved and life itself holds so much more for me feeling as I do today. I dread to think how I felt before I began the use of KruGon."

KruGon is sold by West End Drug Store, 1221 Ludington St., this city.

Thatcher-Saur act, providing supplementary state aid for educational purposes. Teachers in Toledo have not been paid since September, but the schools were kept open in the hope that a proposal to raise school taxes four mills additional would be adopted. The voters turned down the proposal by a two to one vote at a recent special election.

The closing of the schools, no doubt, will finally convince many opposing voters that it does take money to operate these public institutions. Those who have thought that "the schools would get along somehow" will learn that this is not always the case.

Lower Building Costs

LOW-INCOME families who are getting a little tired of folding beds and cupboard kitchens can take heart from the fact that the average home built during the first six months of 1939 cost less than did the average home built during the preceding three years. This does not mean building costs were down, but rather that people were building less elaborate houses.

According to the Federal Home Loan Bank Board, the average cost between January and July of this year was \$3611; in 1936 the average was \$4044. These figures represent the bare cost of the building. They do not include land, land improvements, profits and commissions, which will bring the cost to the purchaser to something better than \$5000.

This figure is still too high. The Home Loan Bank Board says it's too high, and I. N. Tate, vice president of the Weyerhaeuser Sales Company, St. Paul, Minn., agrees with the board. Mr. Tate declares that about 75 per cent of all the homes being built retail for more than \$5000—and only 25 per cent of the wage-earners in the country can afford to buy a home at this price.

The U. S. attorney general's office is currently investigating high building costs. It is possible that this campaign will result in price moderations. But even if every abuse is eliminated, the result will not be the complete answer to the building enigma—it will be merely a step toward bringing prices within the \$2000-\$4000 range, which most workers can afford.

The rest of the problems will have to be solved by the people who build houses and the people who live in them. The basic prices of materials will not be reduced very much; and the price of labor can scarcely be expected to decline. But if the home owner were willing to live in the kind of house his income can stand instead of feeling that he must have a house better than the Joneses', next door and the Smiths', across the street, he would be much better off.

The four Hoess brothers in Hammond, Ind., tried out that idea, and it worked. The brothers had a lot of idle land on their hands, so they cut it up into acre lots and built identical houses. Each house sold for \$2600—complete with the land. The purchaser had to make some of the improvements, but he had his home.

This is the answer that the construction conference in Washington suggested. Some builders were optimistic enough to predict that the cost of homes will be reduced 50 per cent if buyers aren't too fussy about having something "different" and if they don't ask for too many frills in the design. It's pretty well established that mass production cuts down costs. Each house will cost less and can be more quickly erected if the builder can use the same pattern throughout his project.

Perhaps if potential home owners get together with builders they will be able to afford to buy homes—and still have enough money left over to eat regularly.

FISHING CONTROL

Groups of commercial fishermen have secured court orders that seem to prevent enforcement of virtually all regulatory measures designed to conserve the Great Lakes fish supply.

The orders are preliminary to a degree, in that they can and undoubtedly will be appealed. In the meantime, however, commercial fishing off Wisconsin's shores presumably can proceed virtually without restraints.

Perhaps, during the interval that will be needed by the courts to settle the commercial fishing controversy, the delay won't bring much more damage than has been done under the doubtful controls of the past.

But the public, which has a considerable stake in the Great Lakes fisheries, and the commercial fishermen themselves, had better remember that the ultimate destruction of a natural resource may become apparent suddenly.

The classic example of the passenger pigeons is of record. Those birds swarmed the woodlands by the millions. An Ohio legislative committee was named to study the effects of their unrestricted slaughter. It reported that the birds were countless and never could be exterminated.

A few years later the great flocks vanished. Shortly after that not a single specimen could be found. Fish aren't likely to be so completely destroyed, but profitable commercial fishing might be.

The Great Lakes have been ruthlessly seized. Again and again experts have warned that this sealing must be controlled. Control at last was devised by the Wisconsin legislature and conservation commission, after years of careful study.

Throughout those years commercial fishermen made objections to this or that type of control. At last regulations similar to those already in effect in neighboring states were promulgated. These now are attacked and temporarily suspended by one court.

We trust that the state's forces, including the attorney general, promptly will appeal and that there will be early consideration by higher courts.

It is not well even temporarily to halt the enforcement activities of a state at the

World Affairs Reviewed

BY FREDERIC J. HASKIN
Washington, D. C.—There has long been a prediction by economists that as China increases its standard of living, it will increase its food buying in the United States. It has been a far-off hope that by such a change in the lives of millions of Chinese the farm surplus problem in this country would be solved.

The hope of increasing exports of farm products to China did not in reality grow out of a theory by economists. Some fifty years ago missionaries to China, in order to increase interest in missionary work there, began to make the statement that one inch added to dresses worn by Chinese women would add one cent per pound to the price of cotton in the United States. There is no doubt that the statement was and is true, but as the Chinese people have progressed in their standard of living, although slowly, they have similarly progressed in farming. Thus another hope for the American farmer's dilemma has vanished.

China is now one of the largest agricultural producing countries of the world, ranking with the United States, the Soviet Union, and India. The nation leads all other countries in the production of rice, soybeans, millet, and many minor commodities. In wheat production, China frequently ranks next to the Soviet Union and ahead of the United States. In tobacco production China ranks with the United States and India in first place, and in cotton production is in third place after the United States and India.

Farming has been the foundation of Chinese civilization for the past 4000 years. The Chinese nation during these centuries was self-sufficient in so far as food and clothing were concerned, and this contributed to the philosophy of isolation from other countries. For several centuries Chinese silk and tea were in demand by western nations, but foreign countries had little in the way of agricultural products that was desired by the Chinese. Only in recent decades have China's general agricultural imports and exports been of any significance in world trade. There are now indications that imports may become smaller as the Chinese people advance in the technique of farming.

The cultivated area of China is about 50 per cent smaller than that of the United States; yet China produces sufficient food to feed three and one-half times the population of this country. Chinese farming is intensive because of the large population per unit of land cultivated. Fields are small and human labor is largely used. For example, in China 750 man-hours of labor are required to produce an acre of rice, compared with 25 in the United States. Chinese general farm practice compares with truck farming in this country.

More than 80 per cent of China's vast population are engaged in farming as their principal means of livelihood. The majority of farmers derive a very small income and therefore have a low standard of living, but the standards of South China are above those of North China. The warm climate in the south permits food production the entire year, whereas in the north the country people must obtain their living almost entirely from summer crops.

DIET ADAPTED TO PRODUCTION

The diet of the Chinese people has been adapted to crop production of the various regions in which they live. Rice—the basic crop of the country—is the principal food for more than 60 per cent of the Chinese people. Americans have frequently expressed their sympathy for the Chinese because, having no other food they must live on rice, but the Chinese people consider a rice diet an indication of a high standard of living and feel prosperous when they can afford to eat rice three times a day. However, approximately 40 per cent of the Chinese population, mostly in northern and northwestern China, seldom if ever eat rice. Their principal foods consist of millet, wheat flour, corn, sweetpotatoes, and various types of soybeans.

Only a small amount of meat and practically no dairy products are consumed by the average Chinese family. The raising of livestock is only a by-product in the Chinese agricultural industry. Protein in the Chinese diet is very largely obtained from vegetable oils, seeds, such as soybeans and peanuts. Thus the demand for meat and meat products from the United States is limited.

But while China has long striven for self-sufficiency, it has had to make purchases abroad. The United States has been one of the chief suppliers of agricultural products imported into China. Included in China's principal agricultural imports have been such American products as flue-cured tobacco, raw cotton, and frequently wheat and wheat flour. China has also been a minor importer of American dairy products and fruits, such as oranges, apples, and raisins.

The central government of China since 1931 has been working along numerous lines to improve agriculture. Although many of the things planned never got beyond the experimental stage, the improved transportation enabling better marketing, the credit organizations, and the more stable political conditions have been beneficial. As a result of these government efforts, along with good harvests, Chinese agriculture seems headed toward a more prosperous future.

Instance of small groups, selfishly interested, unless those groups can make an unusually clear showing of justice, illegality or damage.

A United States attorney says 95 per cent of all lotteries in this country are fakes. It seems the first bit of luck you must have is to get a genuine ticket.

Sacramento, Calif., fire department applicants must do a mile run at a pace that would be stiff for a trained athlete. At least someone is doing something about all the track stars who can't get coaching jobs.

Q. Please describe the first outside loop made in an airplane.
R. A.

A. On May 24, 1927, Lieut. James A. Doolittle at McCook Field, Dayton, Ohio, performed the first successful outside loop. No effort had been made to perform this feat since 1912 when two aviators lost their lives in a similar attempt. The plane used by Doolittle was a PB-1 Curtiss Pursuit Plane with the regulation Curtiss D-12 engine of 420 horsepower. Flying at an altitude of 8000 feet he turned the nose of his plane downward describing a huge circle 2000 feet in diameter and returned to his original height. At the lowest point of the circle he was directly under the plane flying at a speed of 350 miles an hour. After he climbed back the speed of the ship was retarded to approximately 150 miles an hour, the speed he was making when he entered the loop.

New York Column

BY GEORGE ROSS

New York—Patrons of a popular cocktail lounge had a real life version of the screen's Dead End Kids almost literally in their laps the other day. The place was crowded, glasses were clinking and the murmur of conversation sounded like a collective purr of contentment.

Suddenly through the door barged a half dozen or so 8-to-12 year old kids ragged and dirty enough to make the wild children of the Russian revolution seem like Little Lord Fauntleroy. In they swooped, uttering a sort of New Yorker Rebel yell warcry. Their objectives were the bowls of peanuts and plates of hors d'oeuvres on the tables. And before the dinner-jacketed headwaiter could gulp "Omigosh!" they had scooped up handfuls of the goodies and fled. Their warcries changed to high-pitched screams of victory.

Life in the big city gets dangerous and dangerous.

BIGGER AND BETTER GADGETS

A nationally noted New York housewares shop makes a great feature of its "gadget" department. And full of wondrous gadgets is. One sizeable piece of machinery, complicated enough to win respect from the non-mechanical minded, has a tag attached to its gears and wheels. The tag announces that it is a labor-saving "raisin slicer." Who slices raisins, anyway, and why?

And to the naive, non-house-keeping male, there seems to be a coal-to-Newcastle aspect to the metal polish counter. Displayed there is a bottle of cream whose label declares it is made especially "for cleaning and polishing stainless steel."

THE HIPPODROME

JUST A MEMORY, NOW

If, as legend says, there's a broken heart for every light on Broadway, for New York oldsters there must be a bad case of nostalgia in every brick of a block-square desert of rubble on Sixth Avenue, between 43rd and 44th Streets. This empty space, gaping like a grinning urchin's missing tooth, is the site of the famed old Hippodrome, entertainment magnet for generations of New York visitors, to say nothing of the native youngsters. For them the annual "Hipp" spectacle was a "must" too.

Perhaps at the witching hour next Midsummer Night's Eve, I'll stroll around there and see if the ghosts of the marvelous diving girls and performing elephants put on a spectral spectacle just for old times' sake.

But probably by that time, the site will be covered by a "umpy-storied skyscraper."

THEN HE ORDERED

FLY BY SOLE

At the International Casino the other night, chorine Betsy Black kicked a slipper kerplunk into the plate of a guest. The horrified headwaiter rushed over expecting a roar from the irate patron. Instead, the diner removed the slipper from the plate and told him if Betsy would autograph it, everything would be O. K. She did and it was.

I regarded him (Fritz Kahn) as a nuisance to the community and probably a threat to civil liberties and the proper preservation of the American system if he should become more important than he was.

BY PEARSON AND ALLEN

Washington—Several days ago Franklin Roosevelt and Edward "Ned" Bruce, looking at the Corcoran Art Gallery together inspecting about 450 paintings and works of sculpture designed for federal buildings by artists all over the country.

Afterwards, the President remarked that it was "one of the most interesting exhibits" he had ever seen, and that it reflected the spirit of the average American. The President is an art lover and genuinely felt what he said.

But that was not the real reason he attended the exhibit. Real reason was because he wanted to boost his friend Ned Bruce and Bruce's work of carrying the spirit of the New Deal to forgotten artists.

Not many people besides the President know it, but Bruce's resignation is on the desk of W. E. Reynolds, director of the Procurement Division, in which Bruce has done an outstanding job of selecting art for federal buildings.

Behind this is a story of red tape, personal jealousy, and the heroic struggle of one man.

—ART VERSUS TAPE—

The Procurement Division builds all federal buildings, and is headed by a clique of old-timers who burn daily incense on the altar of bureaucracy. For years, the decorating of federal buildings was a sort of racket. Art costs sometimes ran up to 5 and 6 per cent of the total building cost, and favored artists were given the jobs by their Procurement pals.

Then Ned Bruce came along and upset the red tape, favoritism and all.

Ned Bruce is the type of man you'd never expect to see in the Government. He is a New Yorker, son of a preacher, and once belonged to a powerful Wall Street law firm. Later he went to the Far East, bought an interest in the Manila Times, at that time edited by Sir Willmott Lewis, now of the London Times; and once operated an extensive development company in China, the South Sea Islands and French Indo-China.

Out in the Orient Bruce collected Chinese art, particularly landscapes. Then suddenly he got tired of accumulating money, of which he had plenty, and decided he would learn to paint. Bernard Baruch, famous art critic, saw some of his paintings in New York and pronounced him a "real painter."

"Don't pull my leg," replied Bruce. "I'll pull anything I want about anything except painting," said Baruch. "And I repeat, that is the work of a real painter."

—ART IN ITALY—

This was in 1923. Shortly thereafter, Bruce and his wife, the former Peggy Stow of San Francisco, sailed for Italy, where he spent eight hours a day steadily painting. When he came back in 1929, his exhibit in New York put him in the first rank of American landscape painters.

His best known work, "Panorama of San Francisco," hangs in the San Francisco stock exchange, and other paintings are on display in galleries in New York, Washington, and West Coast cities.

Bruce came back to Washington just before the New Deal as a lobbyist for his Philippine friends to secure favorable action on the Philippine Independence Bill.

Ned is a natural lobbyist, convivial, gay, handsome, a convincing speaker. He attracted New Dealers, particularly Senator Key Pittman of Nevada, who took him to the London Economic Conference. There, because of his knowledge of silver in the Far East, Bruce was largely responsible for the one tangible achievement of the conference—the silver agreement.

However, Bruce's chief love was art. He became an adviser on fine arts to the Treasury Department, and finally persuaded the President and Secretary Morgenthau to assign him one per cent of federal building costs for decorating. This was less than the average spent before, but with it, Bruce set out to bring painting and sculpture into every small town in the country.

—MERRY-GO-ROUND—

Women may be the weaker sex, but not in the eyes of the hardbilled pilot licensees of the Civil Aeronautics Authority. With the exception of height and weight, college girls enrolling in the pilot training program must meet the same physical requirements as men.

The President scored with Cardinal Villeneuve of Canada, who visited the White House last week, by conversing with him in French. The prelate recalled that the President had talked in French when he visited Canada last year and that King George VI had followed this precedent during his tour last May.

OLD PICTURES
They're in the family album
Or maybe just in piles,
But always they recall
The dusty other-whiles.
There's Sils Rankin and his children,
Ozro Wiggins and his marm,
Folks that lived across the Monon
From our father's little farm—
And here's a faded picture
Of that dear old family place
Where the changes keep on comin'
Like the wrinkles in my face.
Here's the class at the little red schoolhouse,
And the family reunion group,
There's the folks and all us children,
'Cept Billy, who had the crowd—
My, my, what a lot of recalling
These dear old pictures do,
We'll be laughing a lot 'fore we finish
And dropping a tear or two.

Study Club Meets

Newberry-Armistice Day was observed by the Newberry Study Club with an especially interesting and appropriate program.

During the short business session, Mrs. Bystrom was appointed corresponding secretary replacing Mrs. Lone who will be absent during the winter.

The meeting was turned over to Mrs. John Brown, chairman of the Americanization committee, who announced the following program:

Response to roll call—Patriotic quotations. National Anthem—Sung by club.

Talk—Rev. R. A. Garrison. Paper, "Democracy"—Mrs. Anna Anten.

Rev. Garrison impressed the club with his fine sincerity when he said "I take second stand to no man in my love for my country."

He went on to say that we should all be 100 percent sold to our country since it contains the best housed, best fed and best clothed people in the world.

He said we should get down on our knees and thank God that we live in America, a country that has reached the highest standard of material comforts of any time or place.

He said war wasn't ended when the Armistice was signed, but he was not one who believed that all the sacrifices made during the last war were in vain.

Mrs. Auten's interesting talk on Democracy was sketched from a radio address given by Dorothy Thompson. Quoting Miss Thompson, Mrs. Auten said, "This country only five generations old is today the most powerful single nation on the face of the earth."

Mrs. Chris Thomas was hostess to the A. & J. bridge club at her home Thursday afternoon.

MANY OPENINGS FOR WOODSMEN

Skilled Lumberjacks Are Needed In Peninsula, Dixon Reports

There is a crying need just at present for experienced lumberjacks, especially piecemakers, according to Whitney R. Dixon, local manager of the Michigan state employment service bureau here.

For several weeks, there has been a shortage of skilled woodsmen and efforts to supply the demand thus far have proven futile. Unless sufficient local men can be obtained, it is expected that down-state woodsmen will be brought in to the peninsula to fill the shortage.

With reference to employment in general, the local office yesterday issued the following item:

During the week ending November 3, there were only 835 benefit checks issued with a total value of \$8,763. This indicates a slight increase of 16 per cent in the amount of Unemployment Compensation paid over the previous week in the Upper Peninsula.

The entire state also reflected an 8 per cent increase over the previous week, as there were 29,723 benefit checks issued with a total value of \$370,588.

Delta county during the week ending November 3 showed an increase of 24 per cent over the unemployment benefits paid during the previous week. During the week ending November 3, there were 105 benefit checks issued in Delta county with a total value of \$977 bringing the total value of all compensation paid in Delta county to \$170,917.

The Manistique office showed a great increase during the week ending November 3 of 69 per cent over the previous week. During the week ending November 3 in Schoolcraft county, there were 24 benefit checks issued for a total value of \$226. It is expected that the ensuing weeks during the conditions of the labor disputes in the industrial areas. Unemployment Compensation benefits will show a slight increase.

Civil Service To Hold Exams Soon

Civil service examinations for several classifications will be conducted by the state civil service commission within the near future, according to information received at the office of County Clerk P. A. LeClair.

Tests will be for attendant nurses, architect engineer draftsman, architect engineer, steam fireman, steam electric operating engineer, bridge engineer draftsman, bridge design engineer and institute cosmetic therapist.

Full information may be secured by calling in person at the office of the county clerk.

Mrs. Frank Greene Claimed by Death, Funeral on Monday

Mrs. Frank P. Greene, 619 South Eighth street, died at St. Francis hospital at 5:13 o'clock yesterday morning following an illness of a week's duration.

Mrs. Greene was born in Richmond, Mich., Feb. 5, 1865. She lived at Thiel River Falls, Minn., for many years, and came to Escanaba five years ago when Mr. Greene, a Soo Line railway engineer, took over a run out of Gladstone.

Besides her husband, she is survived by one son, Frank, of Milwaukee, and a sister, Sarah Schaeffer, Detroit.

The body was taken to the Allo Funeral Home, where it will lie in state beginning at 10 o'clock Sunday morning. Funeral services will be held at the Allo chapel at 2:30 o'clock Monday afternoon, with Rev. D. E. Evans officiating. Burial will be in Lakeview cemetery.

VISITED GOLD FIELD Ironwood—The magical cry of "Gold! Gold!" was heard last Wednesday in the Dahlonga fields of Georgia and the sound stirred the memories of at least one Gogebic range and Upper Peninsula resident.

O. I. Koski, of Ironwood, former WPA engineer in the local office, and two other graduates of the Michigan Institute of Mining and Technology left in March, 1932, for the Dahlonga fields. Unable to find employment after graduation, Koski and Richard A. Cosgrove of L'Anse and C. Weeks of Union City, Mich., found a Milwaukee man, Edward Copps, to substitute the trio for the trip.

The prospecting the three college graduates were able to carry on was done on the 3,000 acres of land owned by Copps. An agreement was made whereby the men could keep the gold they found and in return they were required to make a report on their findings and notes on their prospecting activities. Talking about the trip today, Koski said they were able to find small tracings of gold but never struck anything that resembled a profitable strike.

The present gold strike at Dahlonga is a real "bonanza." The vein of quartz, two inches in thickness and of unknown depth, is so thoroughly impregnated with gold over approximately 10 inches that it appears as one continuous ribbon of yellow metal, the state geologist said in announcing the discovery of the vein.

"Why couldn't we have hit one like that," Koski said today in talking about the recent news story of the strike which set the value at \$60,000 a ton.

Clever Frock
Designed For
Every Figure

BY MARIAN MARTIN

Pattern 9242
Is your figure too long or too short waisted? Then Marian Martin has planned Pattern 9242 just for you! It's in regular princess style—BUT what a difference! She has added a waist-line seam so that you may adjust the pattern to YOUR FIGURE before cutting. See the saucy back buttoning; the nice skirt flare; the neckline forms a young square and has either a scalloped collar, perhaps in contrast, or a rick-rack trim. You might scallop the edges of the short sleeved style too. For a merry peasant touch, run lacings down the side seams, with bows perched at waist and sleeves.

Pattern 9242 may be ordered only in misses' and women's sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 requires 3-8 yards 25 inch fabric and 3-8 yard contrast.

Write plainly your NAME, ADDRESS, and CITY NUMBER, with a MARIAN MARTIN WINTER PATTERN BOOK in your hands! For your ten nimble fingers also give your size, your measure and your color preference. There are no returns. Day and evening frocks, cherry blouse, pique, and other styles. PATTERN BOOK FIFTEEN CENTS. PATTERN BOOKS TOGETHER TWENTY-FIVE CENTS.

Send order to Daily Press, Pattern Department, 233 W. 29th St., New York, N. Y.

Golden Wedding Sunday

Mr. and Mrs. Martin Henriksen, well known Escanaba residents, will celebrate their fiftieth wedding anniversary on Sunday. A family reunion and open house at the home, 1801 First avenue south, are planned in observance of the day.

Mr. and Mrs. Martin Henriksen, of 1801 First avenue south, esteemed pioneers of Escanaba, whose residence here dates over a half century, are celebrating a particularly important and happy occasion on Sunday, November 26, their golden wedding anniversary. A family reunion will be held in honor of the anniversary, and open house will be observed at the family home, Sunday afternoon from three to five o'clock, and Sunday evening from seven to nine o'clock, for old friends and neighbors who will wish to call to extend their congratulations and best wishes of the day.

Born in Denmark
Mrs. Henriksen, who was Anna Katherine Tharsen, was born in Brorup, Denmark, October 15, 1864, and Mr. Henriksen was born March 3, 1867, in Fjerlithlev, Denmark.

The wedding fifty years ago took place in Stenington, in the school house there, Rev. Gersel of Escanaba, Wis., reading the marriage service, and the attendants at the ceremony were Mrs. Maria Bonefeld Johnson, who now lives in California, and the late James Hansen.

Mr. and Mrs. Henriksen have made their home continuously in Escanaba, with the exception of fourteen years, which they spent in Oconto, Wis., and they are widely known throughout the community. The Henriksen Dairy, which Mr. Henriksen established, and in which the still actively engaged, was founded thirty-four years ago.

Family Group
Their family group includes three daughters and one son, Mrs. Ted Greis, of Detroit, the former Dena Henriksen; Mrs. Joseph Dufour, of Flint, who was Eva Henriksen; Mrs. John Mamilton of Battle Creek, formerly Naomi Henriksen, and Edwin Henriksen of this city, as well as fourteen grandchildren.

The entire family will join with them on their golden wedding day, Sunday, with the exception of the Joseph Dufours, whose daughter was seriously injured in an automobile accident, and who are unable to leave here at this time.

TO LAUNDRER RAYONS
Not all rayons are washable, but, generally speaking, those which do launder, wash easily and with excellent results. Unless a specific washing method is advised use only warm water, mild soap and gentle handling. Since soil is released very readily no hard rubbing or long soaking is necessary. Rinse several times in warm water, pressing the water out between the hands, rather than wringing, and dry over a line—do not pin. Some rayons need no pressing—merely smoothing while still wet, some from quite nicely entirely dry, while others need dampening. Press with a warm, not hot, iron.

Christian Science Churches
"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, denounced" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, November 26, 1933.
The Golden Text (Isaiah 8:19) is: "When they shall say unto you, Seek unto them that have familiar spirits, an unto wizards that peep, and that mutter: should not a people seek unto their God?"
Among the Bible citations is this passage (Romans 12:21): "Be not overcome of evil, but overcome evil with good."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 571): "At all times, and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil."

tricked into the last war, Rep. Bradley indicated that the sensible thing to do now is to stay out of the conflict and let private industry function in the normal American manner to restore America's industrial eminence in the world.

Medical Lecture
 Garden, Mich.—"Care and training of babies and young children" was the lecture given by Dr. Hagele of the Michigan Health Department Tuesday afternoon. Charts showing foods best for children, and one on correct and bad posture, were displayed and explained. Several reels of film entitled "Around the clock with you and your child" were shown, high lights being stressed by Dr. Hagele as they came in view. The open discussion which followed brought up the question of convulsions which was commented upon and explained. Much good ensued from these discussions, for beside the actual knowledge gained, wrong impressions, bordering on superstitions, are dispelled and mothers' minds are set at rest about conditions which have caused worry, and prove to be normal, or perhaps temporary.
 Next Tuesday at 2:30 p. m. "Contagious diseases" will be discussed. A T. B. film will be shown and school children will also be present for this, so that it will be presented in the large hall upstairs. This is of vital importance to every family and attendance should be considered a duty. Mrs. Charles Gauthier was hostess for this meeting.

 Miss Dorothy Kallerson, daughter of Mr. and Mrs. Torval Kallerson, 563 North 9th street, and Donald C. Buckmaster, son of Mr. and Mrs. Shirley Buckmaster, 561 North 13th street, were united in marriage at the home of the bride's parents on Thanksgiving Day at 3 o'clock. Rev. C. V. S. Engstrom performed the ceremony.
 Miss Verle Buckmaster, sister of the groom, was bridesmaid, and Melvin Kallerson, brother of the bride, served as best man.
 The bride was attired in a street length dress of Marsh Rose, all crepe with wine accessories. She carried a corsage of pink roses and bronze and pink snapdragons.
 The bridesmaid wore a street length dress of Moss green with green and brown accessories. Her corsage was a pink roses and pink snapdragons.
 Mrs. Kallerson wore a royal blue dress with gold accessories, and Mrs. Buckmaster wore a black dress with sequin trim.
 A wedding dinner was served to immediate members of the two families at the Chicken Shack.
 Following the dinner the couple left on a wedding trip to an unknown destination. The bride's going away outfit was a black suit with a white stripe with which she wore wine colored accessories.
 Mrs. Buckmaster attended the Beauty School at Iron Mountain and is the owner and operator of the Rialto Beauty Parl. Mr. Buckmaster is employed at the Bulkmaster Arms Mfg. Co.
 The couple will make their home at 608 Wisconsin avenue.

Gould City News

Gould City, Mich.—Mr. and Mrs. Russel Ringer of Newberry spent last week visiting Mrs. Ringer's mother, Mrs. Mary McMillan. Harrison Blanchard of Battle Creek has returned to his home after having spent the past week here hunting.
 Mrs. Katherine Fisher has returned to her home at Corinne from Sault Ste. Marie where she has spent the past four months.
 Mrs. Fred Thombley and party of friends of Detroit are spending a few days here hunting and visiting relatives.
 Dr. John R. Rich of St. Ignace was a caller in town Saturday.
 The card party and raffle given by the senior class of the Gould City high school Friday evening, Nov. 17, at the school was a financial, as well as a social success.
 Eighteen tables of cards were played. Prizes in the card games were won as follows: ladies' first prize, Miss Katheline Keller; second, Mrs. William O'Neill. First prizes for the men went to Louis Smith sr. and second prize to Joe Vogel. A delicious lunch was served after the card games.
 A quilt donated by Mrs. Nell Lee was won by Mrs. Edmund Aslin.

Youth, 14, First Detroit To Get Home With Buck

Rufus Burt, Jr., 14, son of Rufus Burt, Sr., Detroit, was the first Detroit to down a buck, according to a story carried in the Detroit Free Press. The lad is a grandson of P. L. Burt, city.
 The Free Press carried the following account:
EXTRA
 Local Youngster, 14, Bags First Buck
 To 14-year-old Rufus Burt goes the honor of bringing in the first buck of the season. The youth on his first hunting trip, felled a 6-point buck at 7:15 in the morning of the opening day. Many a seasoned hunter may look with envy on our youthful Daniel Boone.

of the service of the Congregational church Sunday afternoon and will take the place of the Rev. A. J. Parker as pastor of the five churches, Cooks, Garden, Isabella, Rapid River and Fayette, the Rapid River Association. He is the son of Dr. and Mrs. Walter Swann of Grandville, the former being pastor of the Congregational church there, and was recently graduated from the University of Michigan. He will live at Rapid River and conduct services in the churches in the same order as during the late pastorate. Mr. Swann has done some substitute work in the Saranac church since graduation and has been quite active in young people's work. He comes highly recommended. He will hold the next service here and at Fayette, Sunday, Dec. 3.

Visual Education

The first of a series of movies which will be shown to the local students was given in the Community Hall last Wednesday and entitled "Silver Horde." This depicted the harvesting of salmon in Alaska and proved very interesting. A machine has been purchased by the school boards of the county. Many films can be obtained free of charge and others rented at a reasonable rate through co-operation with the Conservation Department and other organizations. In this way students go "to see a show" and absorb much information without exertion. Before the presentations the pupils are given some outline of the subject which stimulates their interest in what follows, visually.

Anti-Narcotic Lecture

C. C. Denham of the Tri-State Anti-Narcotic League gave a "chalk talk" on Cigarettes to pupils of grades 4-12 in the Community Hall, Tuesday afternoon. Observers reported that Mr. Denham's performances with crayon was little short of marvellous.

PRICES PRUNED BY TAX BOGEY

STOCK MARKET AVERAGES table with columns for Friday, Previous day, 10 days ago, 1 month ago, 3 months ago, 1 year ago, and 1938 low.

BY FREDERICK GARDNER New York, Nov. 24 (AP)—The stock market ran into a tax bogey today and a brief flurry of scare-selling knocked down a handful of leaders 1 to 4 points.

At the worst, offerings were not exceptionally heavy and the ticker tape never was pressed. Dealings soon quieted and jogged along at a normal pace to the finish.

A number of issues were bolstered by boosted dividends and earnings statements, but these had little effect on the market as a whole.

Chrysler was a weak spot all day as this company's labor statement continued. A drop in this week's automobile production was laid mainly to the Chrysler shutdown.

DAY'S MARKETS IN BRIEF

New York, Nov. 24 (AP)—Stocks: Heavy; tax scare hits list. Bonds: Depressed; industrials, utilities slip.

BOND MARKET AVERAGES table with columns for Friday, Previous day, 10 days ago, 1 month ago, 3 months ago, 1 year ago, and 1938 low.

New York, Nov. 24 (AP)—Industrial bonds moved into higher levels today, joining low-yields in general in an advance which left most of the rest of the market far behind.

In the Associated Press average of 10 industrials, the average price of 101.4 was the highest recorded since September 22, 1937.

Others on the downside, although to a more limited extent, included Baltimore & Ohio convertible 4 1/2 at 123 1/2; Commonwealth Edison 3 1/2 at 123 1/2.

LABOR BOARD HEARING OPENS

Inland Company Charged With Refusal to Bargain With Union

The hearing conducted by the National Labor Relations Board on charges that the Inland Lime and Stone company of Manistique refused to bargain collectively with the International Union of Mine, Mill and Smelt Workers, Local No. 377, was opened at the Schoolcraft county courthouse Friday morning at 11 o'clock.

Gustaf B. Erickson, of Joliet, Illinois and Washington, D. C., is the trial examiner in the hearing. Merrill Sheppard, of the law firm of Pope and Ballard, Chicago, and J. Joseph Herbert, of Manistique, are counsel for the defendants. The labor board's attorneys are Frederick P. Mett and Jacob I. Karro.

In the stipulations which preceded the taking of testimony in the case, the company conceded that it employs 276 employees, including clerical help, that it produces 1,500,000 tons of stone annually, doing a gross business of \$900,000 per year, that its product is sold F. O. B., Port Inland, that it imports approximately \$50,000 worth of materials annually, most of which is from other states, and that its principal import is blasting powder. The stipulation also conceded that the company has a wholly owned subsidiary, the Inland Lime and Stone company of Wisconsin, with a dock in Milwaukee handling about 40,000 tons of the company's production annually.

The first witness in the hearing was Vernon Hodge, of RFB, No. 1, Wayne, Michigan, who was a representative of the International Union of Mine, Mill and Smelt Workers from the period of Nov. 1, 1938 to August 31, 1939. Hodge testified concerning negotiations conducted between the union and the company on the demands of the union that it be recognized as sole bargaining agent of the employees. He testified that following several conferences, A. J. Cayia, general superintendent of the company, told the members of the union's grievance committee that it would have to show proof that the union commanded a majority of the company's employees.

Mr. Cayia suggested that the union hire a public accountant to audit the union's books as a means of determining if the union represented a majority of the employees, Hodge testified, and that the company would stand half of the expense of the audit. The union, however, decided to take the issue to the National Labor Relations Board, the witness testified.

Hodge was still on the witness stand when the hearing recessed at noon yesterday. It is expected that the hearing will be concluded today.

Jack Beal Hurt As Truck Hits 'Cycle

Jack Beal, son of Mr. and Mrs. Glenn Beal, of Gulliver, suffered a slight brain concussion when he was struck by a truck within the village of Gulliver Thanksgiving evening.

Beal was riding on his bicycle at the time of the mishap. He was struck by a truck driven by Harold Smith, of Camp Germsak, who reported that he was blinded by the lights of an oncoming car and did not see Beal until a moment before the mishap. Beal was taken to the Shaw hospital here for treatment.

Mary J. Wallace Becomes Bride of Edward V. Jackson

At a 4:00 o'clock ceremony Thanksgiving day, November 23, Miss Mary Jean Wallace, daughter of Mrs. Warren L. Wallace, of Cedar Falls, Iowa, and Edward V. Jackson, son of Mr. and Mrs. R. W. Jackson, of Munising, were united in marriage.

The Zion Lutheran church, the scene of the ceremony, was prettily decorated with white chrysanthemums and forest green and lighted with cathedral candles. Rev. O. W. Berquist officiated.

Mrs. Charles Jackson, sister-in-law of the groom, was the bride's only attendant. Charles Jackson, of Munising, brother of the groom, acted as best man. Ushers were Elmer Anderson, Leonard Males, William L. Norton and Raymond Males.

The bride was given in marriage by Mr. W. F. Kefauver, a friend. As the bride entered Mrs. James Fyvie played the bridal chorus from Lohengrin. During the service she played "At Dawning," Cadmon, Schubert's "Ave Maria," "Because" by Gud' d' Hardelet, "O Promise Me," by Rednald de Koven and the recessional, Mendelssohn's Wedding March.

The bride's gown of ivory duchess satin, fashioned in princess style and trimmed with wide rosepoint lace and pearl passementerie, was worn by her mother at her wedding 25 years ago. Her veil was held in place by a corner of rosepoint lace and she carried a satin covered prayer book with a nosegay of fresh orange blossoms sent by a friend from the Rio Grande valley. The prayer book was also carried by the bride's mother at the time of her marriage. Her only ornament was the pearl necklace which had been her father's gift to her mother.

The matron of honor chose a blue chiffon gown and carried a colonial bouquet of pink roses. Mrs. Wallace chose for her daughter's wedding a gown of purple velvet with a corsage of violets. Her hat was of the same shade. Mrs. Jackson chose a black velvet gown with matching accessories. Her corsage was also of violets.

A reception for invited guests was held at the young couples home, 312 Arbutus avenue. Baskets of chrysanthemums decorated the home. Pink and white rose buds were used on the luncheon tables.

Mr. and Mrs. Jackson left for a ten day motor trip to Milwaukee, Chicago and Detroit. Mrs. Jackson's going away outfit was gray wool costume suit with wine colored accessories.

BIRD FEEDING PLANNED HERE

WPA Recreation Directors Get New Ideas At Institute

Ray Billings, WPA recreation director, announces plans for the establishment of bird feeding stations at various points in the city and in order to acquire food to start the project which will take a group of boys on a bird-feeding hike today on which they will scour the city for bread crumbs and other food which may be used for the purpose.

Miss Florence Olive, also of the recreation staff, will again conduct a hike for girls today.

All recreation activities are being conducted again after a several day lapse during which the local director attended a WPA Recreation Institute at Escanaba.

New games both for inside and outdoors were learned at the institute as were new projects which will be started in the near future.

Another Basketball Team Formed Here; Empson's Sponsors
Paul Toerne, WPA recreation leader, announces that another amateur basketball team has been organized here. This team is under the sponsorship of the Empson Insurance Agency.

Former high school stars are listed in the lineup which includes Reuben Sjoquist, Wahowiak, Phil Legault, Gordon Haga, Jim Fitzpatrick, Arne Nelmark and Paul Toerne.

Games with teams of other cities are now being scheduled. Managers of outside teams wishing to book games should write Paul Toerne, Manager Empson's, Gladstone.

EARLY MAILING IS REQUESTED
Dec. 1 Deadline for Yule Mail to Europe, Micks Says

Christmas packages for Europe should be mailed before Dec. 1, Postmaster B. R. Micks warned yesterday. He also urged that all Christmas parcels be sent off as early as possible to avoid congestion during the peak period which might delay delivery.

No list of mailing deadlines for European countries can be given this year because of the war and the irregular sailings of trans-Atlantic vessels, it was said. Because of the conflict, parcel post service to Germany, Slovakia and Danzig has been discontinued until further notice.

Following are some of the closing dates on which mail can be sent to foreign countries other than European; Argentina, Nov. 28; Canal Zone, Dec. 12; Cuba, Dec. 17; Panama, Dec. 12, and Virgin Islands (U. S.), Dec. 12.

MISSION WILL OPEN TUESDAY

Rev. Siegel to Preach at First Lutheran Church

The Rev. William Siegel, pastor of Our Saviour's Lutheran church, Iron Mountain, will conduct a preaching mission in the First Lutheran church here starting Tuesday and continuing through Friday, it is announced by Rev. J. Otto Magnusson, pastor. Services will be at 7:45 o'clock each evening.

Rev. Siegel will be assisted by Rev. Magnusson at the services. Subjects of the addresses to be presented by the visiting pastor are "The Hound of Heaven," "The Touch of the Master's Hand," "Christian Certainty," and "Nasman, the Syrian." They will be presented on the different evenings in the order in which they are listed.

Singing of hymns and special music will be a part of each service. Tuesday evening the senior choir will sing; Wednesday the Luther League chorus; Thursday the Dorcas society, and Friday evening several selections will be sung by members of the congregation.

CARD OF THANKS
We wish to express our sincere appreciation and thanks to all the kind relatives, neighbors and friends who assisted us during the illness and at the time of the death of our beloved mother, Mrs. Edward LeDuc. We are very grateful to the pallbearers, to those who furnished their cars, sent floral and spiritual offerings, to the members of the Ladies' Auxiliary and to all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.
(Signed)
The LeDuc Family.

Four Lettermen On St. Joseph Basketball Squad

KANT CONDUCTS CAGE PRACTICES

Nine Home Games Listed On Sked; Season to Open on Friday

Four lettermen are among the 17 boys working out under the direction of Coach Karl Kant in preparation for the St. Joseph high school basketball season, which opens December 1 with Harris as the opposition.

Start of practice was delayed several days during which time the gym floor was being reconditioned and Coach Kant is pushing drills in order to make up for lost time. Practices this week for the most part have been designed as conditioners with an eye toward relieving the boys of their football legs. Most of the prospects for the basketball team were football players and it usually takes several weeks for griders to get their muscles loosened up for basketball. Kant hasn't given the boys any plays as yet but indicated this week that he probably will use a fast break this year because of the lack of height among the boys.

Included among the candidates for this year's team are four lettermen from last year's squad. They are Freddie Hirt, Scott Gray, Mike O'Donnell and Bill Leffler. Others trying out for the squad are Klotz, Eddie Hirt, Berubo, Klingner, Rademacher, L. Baker, Breaux, Feldhausen, Farrell, St. Cyr, Kanuf, Fraddo and Bourdelais.

Faces Tough Task

Coach Kant faces a tough task in bringing the Parochials back to the front in cage wars. For the past several years, St. Joseph basketball teams have been impotent against all opponents and Kant is aiming at bringing them back into the limelight. If he can continue the fine record he made in football when his team won five games in a row, St. Joe cage fans may have something to cheer about this year. Kant has a good background in the cage sport, having played extensively at Clintonville high school, St. Norbert college and in independent basketball.

The Parochials have a 14 game schedule with nine home games carded, the games to be played at the William Bonifas gymnasium. The season opens next Friday with Harris on the local floor. Teams to be met during the season include Harris, Baraga, Manistique, Rock, Marinette, Gladstone, Stephenson, Lourdes of Marinette and St. Paul of Negaunee.

The schedule follows:

- Dec. 1—Harris.
- Dec. 6—Baraga.
- Dec. 8—At Manistique.
- Dec. 14—Rock.
- Jan. 12—At Marinette.
- Jan. 19—Gladstone.
- Jan. 23—Stephenson.
- Jan. 26—Lourdes of Marinette.
- Feb. 2—St. Paul.
- Feb. 6—Rock.
- Feb. 9—Marinette.
- Feb. 16—At Stephenson.
- Feb. 23—At Gladstone.
- March 5—At Baraga (may be changed).

Marinette Youth Is Named Captain At North Dakota

Marinette, Nov. 24.—Norman Leaf, Marinette high school grid star of 1934-35-36, last night was elected co-captain of the University of North Dakota grid eleven, according to an Associated Press dispatch from Grand Forks, N. D.

Leaf graduated from Marinette high school in 1936 and took a post-graduate course in 1936-37 before leaving for North Dakota.

His co-captain on next year's Nodak eleven is Albert Raschick of Grand Forks, N. D., Coach C. A. West announced.

Both are juniors and were regulars in their sophomore year. Leaf played an end position, and Raschick a guard.

Leaf is the son of Mr. and Mrs. Ephraim P. Leaf, 124 Terrave avenue, Marinette.

FANS A-JITTER AT SOUTH BEND

Mighty Trojans Seeking Victory Over Irish, Rose Bowl Bid

South Bend, Ind., Nov. 24 (AP)—Southern California's powerful Trojans, aiming at an undefeated season and Rose Bowl glory, collide tomorrow with Notre Dame's Irish—the 14th installment in a thrill-packed intersectional football legend.

A capacity throng of 56,000 will jam Notre Dame stadium to its very brim for the battle, final of the season for the Irish who thus far have whipped Purdue, Georgia Tech, Southern Methodist, Navy, Carnegie Tech, Army, and Northwestern and lost by one point to Iowa.

Coach Elmer Layden put his squad through a light drill today and both first string tackles, Tom Gallagher and Tad Harvey, apparently will be ready to start tomorrow. They suffered recurrences of old injuries in the Northwestern battle last week.

Layden no longer is counting very heavily on Bob Saggau, his only triple threat who was injured some weeks back. The offensive load against the Trojans is expected to be carried by Lou Zontini, Milt Piepl and Joe Thesing, Harry Stevenson and bolting Ben Sheridan—the little speedster.

Coach Howard Jones and his Trojans remained in Chicago overnight after wet weather had robbed them of a final workout. They originally had planned a drill at Champaign, Ill., but a wet field caused Jones to call it off. The team will come here early Saturday morning.

Jones described the condition of his players, who have won their last five games after a tie with Oregon, as "fairly good." Gremly Lansell, No. 1 quarterback, will start the game, Jones said.

The forecast was for cold weather, with the possibility of rain or snow. The kickoff was scheduled for 1:30 (CST).

SPILLING the DOPE

HOW DID YOU enjoy Frankturkey? ... with the thoughts of turkey, sweet potatoes, home made ice cream and all the trimmings still lingering. It's going to be tougher than usual to concoct anything today ... the day was topped off with several hours of the finest of music ... and the day, night by that time, had a perfect ending ... but, this morning it's different ... this guy Mathison at the Delta Reporter rouses us out of our post-holiday lethargy with a sarcastic note ... he says: "Writers who use dots between sentences know nothing ... or next to nothing ... about punctuation" ... that may be true (comma) but it (apostrophe) s guys like Mathison who make sport columnists (dash) or pseudo columnists (dash) go dotty (exclamation point) ... for Mathison's benefit, you'll note we have described punctuation marks in that last sentence ... he probably wouldn't recognize them otherwise ... he's that way, you know.

WINTER GAMES ARE ABANDONED

Warring Germany Can't Act As Host for 1940 Olympics

Brussels, Nov. 24 (AP)—The 1940 Winter Olympic games, doomed from the start of the European conflict, have been abandoned and will not be transferred from Garmisch-Partenkirchen, Germany, to another site. It was announced today by Count Henri de Baillet-Latour, president of the international Olympic committee.

Latour's announcement followed an earlier one, from German Olympic officials, saying they would be forced to resign as hosts to the skaters, skiers and bobsledders because of the rule forbidding a warring nation to stage the games.

From Lausanne, Switzerland, Secretary Andre Berdez of the international Olympic committee voiced hope that it would be possible to transfer the snow games to another site, but Latour said it was too late. His apparently was the last word.

"We abandoned the games because we could not hold them in a belligerent country," he said, "and it is too late to arrange for another site."

As the games are scheduled in February, it obviously would be difficult, if not impossible, to install elsewhere in such brief time a plant worthy of the winter sports. Particularly scarce are bobsled runs of Olympic championship caliber.

This scarcity of suitable winter plants was emphasized by the selection of Garmisch-Partenkirchen as the Olympic site for the second straight time. Since the 1936 games were held there extensive improvements have been made.

Abandonment of the winter games is not expected to shake Finland from its firm determination to stage the summer games at Helsinki. The Finns already have spent large sums in preparation for the sports, and they probably will hold them on schedule even if all the contestants are from the Scandinavian countries.

WOLVES GROOM THREE STARS

Push Evashevski, Kodros and Harmon for All American Honors

Ann Arbor, Mich., Nov. 24.—With halfback star Tom Harmon virtually certain to win All-American honors, University of Michigan followers are boosting two other Wolverines for national honors.

The two men Michigan fans feel belong beside "Terrible Tommy" on the elite elevens are Capt. Archie Kodros, center, and Forest Evashevski, quarterback. Kodros has already won an All-American berth with Harmon on the Bill Stern's "Life Magazine" first team.

Evashevski, nicknamed "The One Man Gang" because of his bone-crushing blocking, was All Western Conference signal caller as a sophomore last fall. He is credited by Harmon with being the key to the Michigan offense because "with Evashevski blocking for you anyone could get away." The only two games in which he was either ineffective or not used, Michigan lost.

Kodros, called by Coach Fritz Crisler "the perfect captain," has led the Wolverines all year. His blocking and backing up of the line have won him national recognition.

Last year Ralph Heikkinen, the "vest pocket guard" from Bessemer, who is now coaching at Virginia, was an almost universal All-American choice.

Radium gives out enough heat to melt its own weight in ice per hour. It can emit both heat and light for an indefinite period without losing its power.

LITTLE GIANTS TO OPEN DEC. 6

Buckmaster's Prospects Not Too Promising At Rock School

Rock, Mich., Nov. 24.—With only one regular back last year's powerful Rock high school basketball team, the Little Giants are finding the outlook somewhat dark as they prepare for their season's opener on December 6 with Harris.

Coach Clifford Buckmaster has only Aaro Suteia, lanky center, back from last year's team and is building this year's aggregation around this versatile Finnish lad. Two lettermen who saw considerable action last year as substitutes, Bernard Kaukula and Nor-kooli, appear to have the best chances of landing regular berths. Both are guards.

Weingartner, Kleiber and Kulju have shown up in practices at forward positions and undoubtedly will fight it out for posts on the front line. Other likely candidates are Ahlgren, Seppanen and Norden.

This aggregation, with the exception of Suteia, will lack height, a big drawback against last year's team, and will have to make up in speed what it lacks in height.

Boys who have been working on the reserve squad thus far are Campbell, A. Kaukula, R. Kaukula, Chenail, Lenzi, Norden, Falk, Carlson, Bailey, Johnson, Jokinen and Oja.

The schedule follows:

- Dec. 6—Harris.
- Dec. 15—At Rapid River.
- Dec. 19—At Gladstone.
- Dec. 22—At St. Joseph.
- Jan. 10—At St. Paul.
- Jan. 19—Perkins.
- Jan. 24—At Harris.
- Feb. 2—Rapid River.
- Feb. 6—At St. Joseph.
- Feb. 9—Nahma.
- Feb. 16—At Perkins.
- Feb. 21—St. Paul.
- Feb. 28—At Eben.
- March 1—Trenary.

ILLINI AND CHICAGO CLASH AGAIN TODAY

Chicago, Nov. 24 (AP)—In a rivalry dating back to the turn of the century, the football teams of Illinois and Chicago will come together tomorrow at Stagg field, Illinois, even though it has won only two of seven starts this season, will be heavily favored over the Maroons, who have the same number of wins to their credit but were trampled on by such major foes as Harvard, Michigan, Virginia and Ohio State.

Illinois' offense is expected to revolve around little Jimmy Smith, one of the best backs the Illinois have come up with in several seasons.

The crowd was not expected to go past the 5,000 mark.

EAGLES OF DETROIT OPEN WITH OSKOSH

Detroit, Nov. 25 (AP)—Release of Connie Mack Berry, former North Carolina State center, and Bobby Roth, formerly of Wayne University, was announced today by the Detroit Eagles of the National Professional basketball league. Berry was an end for the Detroit Lions of the National Professional Football league this fall.

The Eagles, who play their opening game against Oshkosh, Wis. Here next Tuesday, have signed Nate Frankel, veteran professional player.

TEMPLE TOUGH FOR SPARTANS

Owls' Line Boasts Big Men; Bachman Has 3 On Sick List

BY JACK I. GREEN
East Lansing, Nov. 24 (AP)—For the fifth time this season, the Spartans of Michigan State faced today a football game with an opponent which has missed being one of the nation's best by the absence of that indefinable "something."

Going against Temple tomorrow in the final game of the season, Michigan State again had to brace itself to beat back a foe which has been on the verge of hitting a big-time stride all fall.

A look at the size of the Owls as they arrived here today added to State's fears that again its record may be due for tarnishing.

Playing Georgetown, Carnegie, Texas Christian, Boston College, Bucknell, Pittsburgh, Holy Cross and Villanova and never being beaten by more than 19 points indicated the Owls have reason to boast of their defensive ability. Three of the defeats were by six-point margins.

The Owls' line boasts Ed Kolman and Bill Watson at guard, weighing 215 and 214, respectively, and Ed McGee, a 200-pounder at one guard, Al Jurlewicz and Johnny Barrier are excellent backs and they will be aided by the 200-pound George Honochick at fullback.

Herb McCracken, the Owls' No. 1 quarterback, will be back in the lineup after a layoff by injury, and Andy Tomasic will bring speed and punting ability to the starting backfield.

At the same time, Coach Charley Bachman learned definitely that Eddie Pearce will not be able to play at right half, that Bill Batchelor, State's fighting center, still is slightly ill, and that Ed Abdo, a guard, will not be able to start. Their absence left the State forces considerably weakened.

Probable starting lineups:

Temple	pos.	Mich. State
Walters	LE	Smiley
Kolman	LT	Garglet
Bottnski	LG	Rockenbach
Brunski	C	Alling
McGee	RG	Griffith
Morgan	RT	Karns
Ashwood	RE	Kinek
McCracken	QB	Sherman
Berrier	RH	Kennedy
Tomasic	LH	Scheib
Honochick	FB	Amon

Officials: Referee, William Blake (Dubuque); Umpire, Lyle, (Clarco) (Bradley); head linesman, E. C. Curtis; Ed Cochrane, (Kalamazoo).

BOXER BILL CONN AWARDED TROPHY

New York, Nov. 24 (AP)—Billy Conn of Pittsburgh, recognized in New York and California as the light heavyweight champion, today was awarded the Eddie Nell Memorial trophy for 1939 by the New York Boxing Writers Association.

Conn was judged to have done most for boxing during the year. The first award of the trophy, in honor of the former Associated Press sports writer and war correspondent who was killed in the Spanish civil war, went to Jack Dempsey last year. Joe Louis was the only other fighter given consideration for this year's award.

OLD OAKEN BUCKET RIVALRY RENEWED

By Indiana, Purdue

Bloomington, Ind., Nov. 24 (AP)—Indiana and Purdue, well out of the race for the Big Ten championship, clash on the football field here tomorrow for the forty-second time and a capacity crowd of 25,000 is expected.

The winner will hold "the old oaken bucket" for a year and will finish with a place in the first division of the Big Ten.

Purdue will go into the game without the services of Ted Hennessy, first string quarterback. He suffered a leg injury two weeks ago and will be unable to play. Twenty-seven Purdue seniors will be in the gold and black uniforms for the last time but only three members of the Hoosier squad are seniors.

DRUG SALESMAN DIES SUDDENLY

W. J. Knorr Stricken While In Hunting Camp Friday

Word was received in Escanaba last night of the sudden death of William J. Knorr, 1002 Fifth avenue south, salesman for the Yahr-Lange drug company, Milwaukee, who was stricken with a fatal heart attack while on a hunting trip near Munising. Mr. Knorr left Escanaba with his wife at 5 p. m. Friday for the hunting camp, and while there suffered the attack which resulted in his death.

Mr. Knorr had covered the Escanaba territory for the drug firm for 25 years, and was widely known. The survivors include his widow and one daughter, Mrs. Marjorie Miller of Cheboygan, Mich.

Huge Thanksgiving Party Poisons 33 At Cincinnati, Ohio

Cincinnati, O., Nov. 24 (AP)—Thirty-three of the 22,000 persons who attended the country's "largest Thanksgiving party" were ill today, Cincinnati's health department blamed food poisoning and began an investigation.
At least seven were hospitalized; others were cautioned to return for additional treatment if the illness did not subside. None was reported in serious condition.
The Rev. Meredith G. Stanley, superintendent of God's Bible school, said it was the first illness of the kind in the 39 years he has directed such dinners. He said more than 7,500 pounds of fresh-killed turkeys and 20,000 bottles of milk were consumed.
A chartered fleet of 24 buses pick up children for the annual feast. Feeding is accomplished in "relays" of approximately 2,500—those waiting their turn devoting the time to game-playing and the singing of hymns.

Two Found Guilty In Fatal Holdup; Loot Is Only \$3

Janesville, Wis., Nov. 24 (AP)—A circuit court jury tonight found both Arnold W. Putnam, 23, Milwaukee, and Roy Herde, 19, of Jefferson, guilty of first degree murder in the holdup shooting last May 20 of Vernon Rinehimer, 49.
Judge Jesse Earle deferred sentence for several days until he can hear motions for new trial which the defense asked.
Rinehimer, a carpenter, was shot down when he attempted to intercept two holdup men who had robbed the general store operated by his brother Charles at Afton. The holdup netted \$3.
The jury took the case at 2 p. m. and reported at 8:30 p. m., after an hour for dinner. It had its own choice of three charges of murder, or acquittal. Defense attorneys asked a third degree verdict, which concerns killing "without any design to affect death by a person engaged in commission of any felony."
The jury recommended leniency for Herde. Putnam was charged with the actual shooting. (There is no capital punishment in Wisconsin.)

Convicted Prisoner Bangs Head On Bars In Jail At Lansing

Lansing, Nov. 24 (AP)—Guy Vander West, 35, of Grand Rapids, was removed to Sparrow hospital here today after he injured his head rebelling against a prison sentence of one to two years imposed for resisting an officer in an escape last week from the Ingham county circuit court.
Vander West shouted loudly for his father, Edward N. Vander West, 60-year-old Muskegon architect, when Circuit Judge Leland W. Carr imposed sentence.
He then broke away from officers who were removing him from the court room and banged his head several times against a steel door leading to the "bull pen" of the city jail. Hospital attaches said he suffered a severe laceration on the scalp and was in "fairly good" condition.
The father had pleaded guilty to aiding in the son's escape earlier in the day and was released on \$1,000 bonds to await sentencing January 5.

Charter Restored To Farmers Union

Cedar Springs, Mich., Nov. 24 (AP)—Its charter restored by the National Farmers Union after a two-year suspension, the Michigan Farmers Union today made plans to start a membership campaign.
John Ball, an official of the Michigan union, announced the end of the suspension which resulted from factional disputes during which one group withdrew and formed the National Farmers Guild at Greenville this fall.

WOMAN DRIVER STRICKEN

Marshall, Mich., Nov. 24 (AP)—Mrs. Elma Bussing, 53, of Albion, died today of a stroke suffered when she was driving an automobile five miles west of Marshall. Hollis Sheals of Albion, a passenger in the car, succeeded in halting the machine when Mrs. Bussing slumped over the wheel. The woman died at a Marshall hospital several hours later.

Bullet Wound Kills Kinde, Mich. Trucker

Kinde, Mich., Nov. 24 (AP)—Coroner Alden A. MacAlpine ruled today the death of Neil Coates, 45-year-old trucker, was a suicide. The body of Coates with a bullet wound in the heart was found by his son, Glenn, in the loft of a garage.
Coates left home Nov. 5, MacAlpine said, telling his family he planned to go to Texas.

FORGER SENTENCED

Coldwater, Mich., Nov. 24 (AP)—Jesse S. Green, 47, of Chicago, was sentenced by Circuit Judge Theo T. Jacob today to serve 3 1/2 to 14 years in state prison after pleading guilty to a charge of check forgery. Green recently attempted to escape from the Lenawee county jail but was trapped in the basement.

Commander Kelly Picks Michigan Men for High Posts

Indianapolis, Ind., Nov. 24 (AP)—Michigan Legionnaires were awarded three important chairmanships and nine places on 1940 national American Legion committees announced tonight by National Commander Raymond J. Kelly.
Leslie P. Kefgen of Bay City was appointed chairman of the national Americanism commission, one of the key posts in the organization. He succeeds Jerry Cross of New York.
Carl H. Smith, also of Bay City, was named chairman of the national constitution and by-laws committee.
Kelly, a Detroit, becomes chairman of the Legion publishing and publicity commission by virtue of his office.
Other appointments were: Lloy H. Jameson of Detroit to advisory membership of the child welfare committee.
John F. Roehl of Detroit to the child welfare committee, representing Area D.
Alton T. Roberts of Detroit to the national convention liaison committee.
R. V. Gay of St. Johns reappointed to the veterans' preference committee.
J. Hugo Smith of Detroit to the distinguished guest committee.
D. V. Addy of Detroit to the liaison committee with the child welfare committee.

Penn Has Her Way In Jersey Colors

Philadelphia, Nov. 24 (AP)—Pennsylvania claimed a pre-game victory today over Cornell in a friendly battle over the color of the Jerseys to be worn in tomorrow's 46th gridiron meeting of the two Ivy league rivals on Franklin field.
Cornell must discard the "lucky white" Jerseys it has worn through an undefeated and untied season in favor of its old familiar red jersey—because Pennsylvania has decided to wear white. Hopeful Penn followers see a psychological victory for Penn in the decision, for college football players are as superstitious as other athletes.
Visiting teams have been given the choice of uniform colors until this year when eastern collegiate officials changed the ruling at the request of Pennsylvania.
Penn's hopes of upsetting the heavily favored Ithacans depends considerably on quarterback Frank Reagan's passing success. He had a lesson in yesterday's pitching of professional star Davey O'Brien for the Philadelphia Eagles against the Pittsburgh Pirates. It was O'Brien's success that gave the Eagles their first league victory.

President Alludes To Third Term Talk

Warm Springs, Ga., Nov. 24 (AP)—President Roosevelt, in an offhand statement that might have a bearing on a third term, told the citizens of this village today that "we've got a little over a year left" to get a new post office.
"I don't know," he said, "that the next administration would give Warm Springs a new post-office."
"Maybe if I get Jim Farley (the postmaster-general) and get him firmly by the neck, I might squeeze a post office out of him."
The chief executive spoke at the dedication of a new community center built for the village by the WPA.
His remarks followed a speech in which Mayor W. G. Harry had said members of the Women's Civic club of Warm Springs had asked him to say that they loved the president and that they "hoped that you wouldn't run for a third term."

Secretary Of War Races With Stork

Marysville, Kan., Nov. 24 (AP)—Secretary of War Harry H. Woodring will take no chances on the stork beating him home.
At the conclusion of his week's visit in his native state tomorrow, Secretary Woodring will board a plane and race back to Washington. He and Mrs. Woodring are expecting a fourth child before Christmas.
The former Kansas governor recalled that he lost one race to the stork in 1935. His daughter Melissa was born while he was addressing an army meeting at Fort Leavenworth.

anced, if defense expenditures were not taken into consideration. Of course, the administration intends to pare all possible expenditures, he said. This year's deficit can be lowered, he said, if appropriations are shaved down and the budget, and if tax receipts continue to increase.

He said an important point to remember was that congress ran \$250,000,000 over budget recommendations last year. After the conference, the chief executive went to the swimming pool at the infantile paralysis foundation. In the afternoon, he took the wheel of his automobile again to drive down to Warm Springs village and dedicate a new community center.

Traffic Toll

Lansing, Nov. 24 (AP)—A survey by the state health department showed today that 1,166 persons lost their lives in automobile accidents in Michigan in the first 10 months of the year.

The total was exactly the same as that for the first 10 months of 1938. Fatalities in October, most recent month covered in the survey, totaled 157, 10 fewer than in October, 1938. It was the second successive month in which the death list was lower than that for the corresponding month of last year, but the department said a few additions might have to be made with the receipt of tardy reports from health officers.

The department said 22,240 persons lost their lives in automobile accidents throughout the United States from January to October, 570 fewer than in the similar period a year ago.

Movie Technicians Threaten Walkout

Hollywood, Nov. 24 (AP)—Movie producers rejected the demands of studio unions for 10 percent wage increases today and union officials countered with an announcement they would call a strike closing every motion picture theater in the United States and Canada.

William Bloff, chairman of the conference of studio unions, said that unless the wage increases were granted tomorrow, there would be a "general strike closing all studios and theaters."
Bloff did not mention specifically the projectionists employed in the 20,000 movie theatres in the United States and neither he nor his associates would discuss strike strategy. But in previous negotiations Bloff said bluntly the pay increases would be obtained, if all other means failed, by the expedient of closing the theatres.

No hour was set for the walkout tomorrow at the movie studios, where 35 pictures are in the process of production. There are 35,000 technicians in Hollywood who would be subject to the strike call.

Labor Leader Sues Woman For \$25,000; Says She Beat Him

Detroit, Nov. 24 (AP)—Charging he was "beaten and bruised" by a 135-pound woman, Frank X. Martel, 220-pound president of the Detroit and Wayne County Federation of Labor, has filed a \$25,000 damage suit against her, it was disclosed today.

In his bill of complaint, filed in Wayne county circuit court against Mrs. Myrtle Garrison, 42, mother of a married son, "Martel charged that as a result of the alleged beating he "became sick, sore and lame."
The alleged fracas took place in the presence of 600 persons at a firemen's ball Oct. 31, 1937. It allegedly grew out of a dispute over the employment of union waitresses and cooks in a restaurant of which Mrs. Garrison was part owner.

Last July, when Mrs. Garrison was acquitted of charges of malicious destruction of property, she said from the witness stand that she had gone to Martel's office to "give him a beating" because a labor publication had referred to her as the "tiger woman."
