

TURK QUAKE TOLL REACHES 60,000

NO RUSH YET FOR TRUCE IN GAS TAX FEUD

VAN WAGONER TOLD AID FOR NEEDY COMES FIRST

BY G. MILTON KELLY
Lansing, Dec. 28 (AP)—Murray D. Van Wagoner, state highway commissioner, found no rush today to comply with his offer of a truce in the fight surrounding his demand for segregation of highway fund revenues from other state funds.

Republican state fiscal officers had charged such a course would plunge the state into "bankruptcy" because the previous Democratic administration had left behind it a \$10,000,000 deficit in the general fund.

Compromise Offered
G. Donald Kennedy, deputy state highway commissioner, acting as Van Wagoner's spokesman, offered to abandon the demand for a special highway fund if he could obtain a promise that the payment of his department's obligations would not be delayed.

Although no official exchange of correspondence was involved, Kennedy's public statement drew from Auditor General Vernon J. Brown a report that his department would make no promises.

"First things will come first, as usual," Brown said. "We may encounter circumstances where it is a matter of providing welfare for hungry persons or delaying the payment of a highway or some other bill for a few days. In such an event we certainly would provide the welfare first."

Voucher Held Up
He added that he had checked on the highway department's complaint that Brown had held up payment of an obligation to the Iron county road commission for several weeks. "The highway department held up by that voucher in its own accounting system from the last of September to December 17," Brown declared. "I became angry because it ran into a Christmas rush in our office and was delayed. I don't quite see the point."

Brown and other fiscal officers said the state must keep all of its cash in a single fund, crediting each division with the amount due it, and releasing money as it becomes available. To permit idle millions of dollars to lie in the highway department's account, where they could be used only for road purposes, Brown declared, would result in a complete cessation of governmental activity for lack of ready cash to finance it.

"If we can have the assurance of the state fiscal officers, the auditor general, the state treasurer and the budget director, that our bills will be paid when we have money on deposit with the state treasurer, we will have accomplished our purpose," said Kennedy's statement.

"We are not interested at this time in a technical showdown over the anti-diversion, a new act which might prove embarrassing to the current state administration," the statement continued. It referred to the constitutional amendment of 1939 which forbids the diversion of highway revenues to any other purpose.

Rumors were current in the capitol that Van Wagoner's demand for a segregated fund may have strengthened the hand of

In Court Role

Peggy Ann Garner, grand niece of Vice President Garner and newest Hollywood success story, above, has been made the legal ward of her mother, Mrs. Virginia Craig Garner in Hollywood. The guardianship counters, a suit brought by the child's father, William H. Garner, government attorney, who is seeking her custody, in a divorce action. Peggy Ann, now 6, has appeared on the New York stage and has had featured roles in three movies. Currently, her mother said, she is earning \$175 a week.

Kuhn, In Sing Sing, Wants To Be Alone

Omaha, N. Y., Dec. 28 (AP)—Frits Kuhn wants to be alone in Sing Sing prison.

The leader of the German-American Bund, serving 3 1/2 to 5 years for theft of Bund funds, was placed under 24-hour protective custody when he was admitted to the prison.

Officials said Kuhn at first objected to the isolation but since has rejected an offer by Warden Lewis E. Lawes to permit him to leave the segregation building and work and mingle with other prisoners.

Thief Nails Cards Left In Stolen Car

East Lansing, Dec. 28 (AP)—If a thief can be a good fellow, Ralph Fox knows of such a one.

Fox reported to police his automobile was stolen a few days before Christmas. In it were stamped and addressed Christmas cards. He told police the thief apparently mailed the cards in Detroit.

Menus Of Michigan Budget Chief Draw Caustic Criticism

Detroit, Dec. 28 (AP)—Wayne County Auditor Edward H. Williams charged today that menus prepared by State Budget Director Gus T. Hartman in connection with mothers' aid "do not provide a subsistence compatible either with decency or health."

Williams made public the menus here. He declared the proposed meals are below those served in state penal institutions both in quality and quantity.

The controversy arose following the reduction of payments for this type of relief.

\$5 For Food

Williams contended a three-person family in Wayne county needs \$15 a month for rent, \$10 for coal and utilities, and would have only \$5 left for food under the proposed \$30 allowance. No provision could be made for clothing or medical care for mother and children under this arrangement, Williams argued.

The Wayne county auditor said he had written to Governor Dickinson declaring that mothers and their fatherless children "cannot be fed, clothed, nor housed by such acts of financial jugglery as the balancing of budgets at the expense of human suffering."

The menu question was discussed Wednesday in a conference at Lansing. Hartman argued that a mother and one child could obtain food for \$2 a week. Sample menus were submitted by Hartman who declined to make them public.

"They would just cause controversy," Hartman was quoted as saying, "and they don't mean much as we believe these families can get considerable extra food through the federal surplus commodities corporation."

Specified By Law
Williams made the menus public today as he declared that the state law requires that the amount of assistance to be given mothers with dependent children shall be determined by the county department of social welfare and that each child shall be provided with "reasonable subsistence."

Williams' "blue" food list "the Hartman men without a heart," he warned that the state would find itself called upon to meet something more than a relief problem. If the present schedules are put into effect.

Dickinson's Grandniece, Miss Spotts, to Ease Strain of Office

Blaze At Fruitport Leaves 7 Homeless

Muskegon, Mich., Dec. 28 (AP)—Mr. and Mrs. Uno Johnson and their five children were left homeless today as fire destroyed their Fruitport township farm.

The family had planned to return a few weeks ago to their old home in Finland but were informed that it was in a war zone and might have been destroyed.

Los Angeles Boasts Caesarian Triplets

Los Angeles, Dec. 28 (AP)—Triplets, delivered by a caesarian operation, were born today to Mrs. Harold Fallon. Veterans' authorities said it was the first time in their knowledge that triplets have been delivered by that method.

The boy and the girl each weighed between three and four pounds. The mother and all three babies counted a total of 23 dead chickens.

SWEDES SEND SKIS

Stockholm, Dec. 28 (AP)—More than 20,000 skis make up Sweden's largest contribution to the Finnish army.

Their imagination captured by the accomplishments of the white-clad Finnish ski troops, hundreds of Swedish citizens have brought their skis to agencies collecting materials for the Finns.

England Rations Sugar And Meat; Pulls In Belt

BY EDWIN STOUT
London, Dec. 28 (AP)—This island kingdom of hearty-eating shopkeepers at war was told officially today to "take another notch in its belt" because of the pinch in money and shipping space for food.

With 45,000,000 mouths to feed, mainly with produce from overseas for which Britain must pay in dollars and other foreign exchange, the government added sugar and all kinds of meat to the ration list. Already down for rationing were butter, bacon and ham.

Furthermore, it announced a government monopoly on purchase of all imported meat, and all domestic livestock sold for slaughter, and decreed government control of meat distribution throughout the United Kingdom.

Beginning on January 8, the sugar allowance per person, a reduction of 25 per cent in the normal average consumption. Matter-of-fact British accounts of that enemy Germans get only 8 1/2 ounces of sugar a week.

Butter rations will be four ounces per person a week, a reduction of nearly fifty per cent from normal, and only .05 ounce more than the German ration.

Vacancies On State Boards Are Filled

Lansing, Dec. 28 (AP)—Governor Dickinson today reappointed Dr. W. O. Nelson of Wayne university and Teunis Vergeer of Hope college, to the board of examiners in basic sciences. Both will serve until 1945.

Dickinson reappointed Dr. Harry T. Wood of Detroit to the state board of dental examiners, to serve until December 31, 1946, and Dan W. Houser, Detroit, to the state board of pharmacy, to serve until December 31, 1944.

Switzerland Bars Propaganda Papers

Berne, Switzerland, Dec. 28 (AP)—Two newspapers, the pro-Nazi Neue Basler Zeitung and the Communist Daily Freiheit, were banned today by the Swiss general staff with the unanimous support of a newspaper publishers' committee.

An official statement declared both newspapers "continually compromise Switzerland's independence and neutrality by their attitude."

Chilly Winds Nip Michigan Ears, But Snow Avoids State

BY THE ASSOCIATED PRESS
Cold weather continued Thursday to nip the ears of Michigan residents but snow, as a rule, was still conspicuous by its absence.

A light snow fell for a time in Detroit, vanishing almost as quickly as it appeared.

New low temperatures for the winter were reported. It was two above before dawn in Owosso. The Muskegon Airport reported eight degrees.

In the Upper Peninsula, Marquette reported a high of 33 and low of 17.

The wintry blasts which brought a welcome heavy fall of snow to the Rocky Mountain and Great Plains region lingered Thursday night to annoy livestock owners.

The storm turned off in the direction of the Texas Panhandle and Gulf Coast laying more snow on the five to eighteen inches which fell earlier in the week.

Ranchmen in the region feared for their livestock as weather observers forecast a 20-mile north-west wind.

The storm had moved as far south as San Angelo, Tex. Snow and sleet were expected at Dallas and Fort Worth.

Sub-zero temperatures gripped western Kansas. Light snow fell at Kansas City.

Forecasts in the Rocky Mountains indicated the cold wave was moving eastward.

U.S. Army Air Corps To Be Doubled With 52 More Squadrons

Washington, Dec. 28 (AP)—The number of army air corps combat units is to be approximately doubled by the creation of 52 new squadrons.

The war department published today a list of new organizations to be set up February 1 by the expanding air corps.

The new squadrons will be formed with the approximately 25,000 men and 3,200 additional planes for which congress provided last spring.

Soviet Censorship Clamped Tight On Foreign News Men

Moscow, Dec. 28 (AP)—The Soviet Russian foreign office tonight announced it had clamped a renewed censorship on foreign news dispatches effective at 10 a. m. (3 a. m. E. S. T.) today.

The new measure disclosed increasing Russian dissatisfaction with foreign news reports.

Newspapermen here for a long time have been looking for this step or for a broader action.

Holdup Man Finds Business Very Bad

Louisville, Ky., Dec. 28 (AP)—Shirley Nichols, 50, told police today a man who held him up returned 75 cents, all he had, and instead shook hands and wished him a "Happy New Year."

Walking on, the bandit stopped a second man, Nichols related, and on being told the victim had no money, stalked off muttering: "Rotten business; only \$2 all night."

ARENAC COUNTY CRASH KILLS 4

Eight CCC Boys On Way Home for Holidays In Collision

West Branch, Mich., Dec. 28 (AP)—An automobile bearing eight CCC camp youths home for New Year's holidays and another car collided on an Arenac county road tonight, killing four persons and critically injuring several others.

The dead: Mrs. Vernon Wilson, 36, Cheboygan, and Howard Elliott, 22, Cheboygan, believed her brother, Jack Ferguson, 17, Hubbard Lake, and Milton Brick, 18, Detroit, both CCC campers.

The crash, which took place on a curve in M-76 at Fire Tower hill, may have caused fatal injuries to Mrs. Wilson's husband, officers said, as well as to possibly three other CCC youths.

All Buggy Hurt

Wilson, 37, who drove one car, suffered broken legs and a crushed chest. He was taken to St. Edish hospital. William Ferguson, 18, Detroit, driver of the CCC car, was still unconscious at a hospital long after the collision. State police said all the survivors were so badly hurt that none could give a clear account of the crash.

The CCC youths, most of whom were from Detroit, were on their way home from Camp Eldorado, 12 miles north of Roscommon.

"All of them were in such bad shape that we couldn't get any kind of a statement from anyone," state police said.

The injured also included the following Detroit youths:

Holland E. Carter, possible broken back; Patrick Duffy, skull fracture; Robert Portugal, brain concussion; Steve Wojciechowski, concussion and head cuts; De-mond Burns, face and leg bruises.

The injured were taken to hospitals in Standish and West Branch. The collision took place about 7 p. m.

Look Pleasant, Please!

It seems you can't even be a "peasant" in Hollywood without achieving that super-colossal touch. Screen star Bette Davis, at the recent Motion Picture Guild Party, wore this fur-jacketed outfit, described as a "peasant costume."

Jap Sentry Slugs American Woman; Protest Is Filed

Shanghai, Dec. 28 (Friday) (AP)—United States authorities today lodged with Japanese officials a request for disciplinary action against a Japanese sentry who slugged Miss Frances Donaldson, of Louisville, Ky., manager of an embroidery exporting concern.

Frank P. Lockhart, acting United States consul general, asked an "immediate" investigation of the incident, disciplinary action against the guilty sentry and measures to prevent repetition of such incidents.

Miss Donaldson told authorities yesterday that a Japanese sentry struck her December 20 with his fist as she inadvertently crossed the Saichuen road bridge into the International Settlement on the right side, contrary to Japanese military regulations.

Tanner Engineer, 70, Retires At Detroit

Detroit, Dec. 28 (AP)—Harry F. Johnson, who helped to build the Michigan Central tunnel under the Detroit river and the Ambassador bridge, ended 47 years of government engineering service today.

Johnson, who will be 70 on Jan. 27, retired under age limit regulations as associate district engineer of the United States lake survey.

Recalling construction of the tunnel and bridge, he said: "Both of them came out fairly accurately, the tunnel within a half-inch and the bridge within one-eighth of an inch."

Broom And Shovel Disguise Robbers

Detroit, Dec. 28 (AP)—Two gunmen disguised as workmen, one with a broom and the other with a shovel, held up Miss Helen Mooney today and robbed her of \$3,000.

Miss Mooney, a beer garden employe, had been to a bank for money to cash workmen's checks. She was walking through an alley leading to the rear door of the beer garden and paid no attention to the two workmen until they tossed aside shovel and broom and produced pistols.

Oshkosh Girl May Rejoin Her Circus

Oshkosh, Wis., Dec. 28 (AP)—Miss Mary Erdlitz, Oshkosh equestrienne who suffered a skull fracture in an automobile accident last month, will be able to resume her career if she continues her steady recovery, attending physicians reported today. Her parents, Mr. and Mrs. R. J. Erdlitz, said they expected she would be able to rejoin Ringling Brothers and Barnum & Bailey in the spring.

LEGISLATURE CALLED

Sacramento, Calif., Dec. 28 (AP)—Gov. Culbert L. Olson today called a special session of the legislature for Jan. 29. He said six subjects of major concern would be on the agenda for the session, originally planned to appropriate relief funds for the 1940-41 fiscal year. He declined to name them.

BEDROOM FIRE FATAL

Detroit, Dec. 28 (AP)—Trapped in her bedroom, apparently from a cigarette set fire to bedclothes, Mrs. Frances Walker, 55, burned to death today. Mrs. Walker, who suffered a broken leg when struck by an automobile, was released from a hospital last week.

NEW GENERAL GIVEN JOB OF BEATING FINNS

(Continued from Page One)

said the Red army had launched a new assault on Finland's "waist-line" with hundreds of new quick-firing field pieces brought up for support.

But yesterday's Finnish army communique declared the Finns were steadfastly breaking every Russian assault in the Karelian sector, and indicated fast-moving ski troops had crossed the frontier in three places on the eastern front.

The Finns declared today they had annihilated two more companies of Russians in a savage hand-to-hand battle on the war-scarred ice of Lake Suunto, eastward key of the Karelian Isthmus Mannerheim line.

Dead Left on Lake

"The battle was fierce," said the terse Finnish army communique which told of renewal of Russian attempts to break the Mannerheim line. The Red army was reported to have left 700 dead on the frozen surface of Lake Suunto before this line, last Tuesday.

This time, the Finns said, the Russians actually succeeded in crossing the lake to reach Finnish defenses on the rugged north shore, but they were driven back in man-to-man fighting in which "our troops wiped out two companies."

Summarizing the fighting of Dec. 27 in the fourth week of the war, the communique said nine Soviet Russian planes had been shot down, and indicated that Finnish troops are fighting in three places on Russian soil.

On the eastern front, 185 miles north of Lake Suunto, the communique said, the Russians were "felled" in fighting that was still proceeding east of Lieksa.

Ski Raiders Successful

"The enemy also has been pushed back across the frontier north-east of Lieksa," the communique added.

It is in the Lieksa area that a flying battalion of white-clad "ski raiders" is reported to have crossed the frontier in an effort to stab at the only Russian line of northern communications, the Mursmank-Leningrad railway.

The railway is approximately 150 miles from the border in that vicinity.

But about 225 miles farther north, in the Salla area, a third group of ski troops was reported on a daring raid in an effort to slip through the Russian lines to cut the railway—only 45 or 50 miles from the border at that point.

Favored by snow and dark skies, and with luck in dodging Russian troops, ski raiders are able to travel 30 to 35 miles a day.

Unconfirmed reports said some of these raiders already had reached the railway.

Explosives Carried

Finland's ski troops travel with 40 to 50 pounds on their backs—their rations and blankets—and carry light machine guns and even light artillery pieces with them.

They also can carry explosives for blowing up a railway in the manner reminiscent of Lawrence of Arabia, who led lightning expeditions against the Turks in the World war—under vastly different climatic conditions.

Clad in white cloaks and hoods which blend the large masses of men with the snowy landscape, Finnish ski troops have proved of great value in sudden flank attacks and skirmishes with the Russians.

Finnish aviation also has been active against Russian "military objectives," among them presumably the Mursmank line.

Today's communique said "our own aircraft carried out, in addition to reconnaissance and patrol flights, attacks on military objectives in the enemy's rear, on both sides of the frontier."

Soviet air raids were called "minor" and the Finns said damage was "relatively slight," except at Lahti where the city hall was set afire.

Aside from the fighting at Lake

Saved from the Sea by Coast Guardsman

Mrs. Sarah Schenck, 65, is saved by coast guardsmen in a dramatic rescue at West Meadow Beach, Long Island, N. Y., after gale struck North Atlantic coast. Coast guardsman picked up Mrs. Schenck and four men from flotilla of barges, brought them to shore in a dory.

Air Game Foreseen For Orange Bowl's Feature At Miami

BY LARRY ROLLINS
Miami, Fla., Dec. 28 (AP)—Those quasi-experts who have observed the Orange Bowl practice facilities here expect the New Year's Day football game to be fought chiefly in the air, with Georgia Tech's tony Johnny Bosch matching shots against far-famed Paul Christman, Missouri's blond bomber.

Georgia Tech's supporters believe Bosch's passing dexterity has been under-rated this season. They give you the Notre Dame game as a fair example of his ability.

A sophomore playing his first varsity game, Bosch went into action in the second half and completed 9 of 18 tosses for 124 yards—not bad against any team and superb against one of Notre Dame's caliber. Tech's backers, furthermore, claim that Bosch gained more yards against Notre Dame than any other individual, not excepting Iowa's Nile Kinnick. To support that claim they add 35-yards he made running to the 134 on passes for a total of 169.

This Bosch is a football freak, probably one of the smallest ever to star in big-time competition. He is a sawed-off lad weighing only 140 pounds and standing just 5 feet 6 inches, but he has legs like miniature fire-hydrants and is plenty rugged.

Christmas's record, of course, is better known. During the regular season he threw the ball 132 times, connecting with 64 tosses for 803 yards. He ran with the ball 98 times, gaining 432 yards for an average of 4.3.

Pitchin' Paul will present a strange contrast to Bosch, for Christman stands 6 feet 1 inch and weighs 197 pounds.

A combination Republican-Democratic party existed in the early days of the United States and elected four presidents.

Sea Warfare Loss Set At 279 Ships

Berlin, Dec. 28 (AP)—Official German figures today set allied and neutral shipping losses from the beginning of the war until December 20 at 279 merchant ships totalling 1,029,635 tons.

For the same period, authorities acknowledged the loss of 18 German ships of 128,589 tons, of which only one was sunk by the allies. The others were said to have been scuttled.

The official breakdown of figures showed 134 British ships of 526,169 tons, 12 French of 64,759 tons, and 78 neutrals of 258,209 tons, sunk "with certainty."

Fourteen British ships of 46,425 tons, four French of 17,333 tons, 20 neutrals of 37,240 tons and 17 unidentified of 79,600 tons "in all likelihood were lost," the statement said.

It said it must be calculated "that total losses are much greater than given because of the admitted official British tactics of silence."

The Gutenberg was the first printed Bible. It was printed in Latin in 1452 A. D., at Mainz.

BLIZZARD AND FIRES ADD TO SAD DISASTER

(Continued from Page One)

nurses, doctors and relief workers many children were found hiding in the woods, in a miserable condition from cold, hunger and fright.

Panic still was strong, and many of the population were seen prostrate in prayer before collapsed mosques.

The first report was that total quake casualties for the whole of Anatolia had been estimated unofficially at 8,000 persons.

As advices continued to trickle into the capital, officials revised the estimate and said there were indications the dead would go far beyond the 10,000 mark—with many of the injured dying because they lacked medical attention.

Then early tonight officials announced 42,000 as the combined dead and injured in Erzurum alone. Later, the dead alone was placed at a minimum of 20,000.

Gales Scatter Shipping

Erzurum province had a population of 157,344 in 1935, its town of the same name is in the extreme east—at the Turkish-Armenian border.

The town of Erzurum has suffered heavily before from earthquakes. It was largely destroyed in 1784 by a quake.

Fierce winds which whipped the disaster regions with their hundreds of thousands of homeless also whipped into fury the Black Sea and sent it pounding against the coast and destroying seaside homes and spreading havoc among ships.

Disrupted communications hid the effects of today's shocks as well as the full results of yesterday's quake.

The center of the shocks yesterday was believed to be in Janik mountain range whose peaks reach 10,000 feet.

But the entire slope from the main ridge of the range to the Black Sea suffered, with several good-sized towns almost wholly levelled and hundreds of villages wiped out.

Washington, Dec. 28 (AP)—The northern Anatolia region where a series of earthquakes have killed thousands and crumbled cities is one of Turkey's most fertile and productive areas.

Some of the cities hardest hit by the shocks are on a new railway line, which was completed only last September.

Samsun, badly damaged, has a population of 33,000 and is the largest of Turkey's Black Sea ports.

The National Geographic society describes Erzurum, which was reported destroyed, as in the center of plateau land, surrounded by orchards and gardens. A town of 20,000 persons, Erzurum's industries are chiefly cotton and silk processing.

Sivas, another town shaken by the quakes, had a population of 34,000. In Roman times it was one of the leading cities of Asia Minor.

EXPLAINS NEW WELFARE WORK

A. M. Gilbert Outlines Duties, Functions of Office

Under the new county social welfare commission, functions and duties formerly handled by various agencies have been concentrated under the one agency.

The office has two chief divisions of work, the administrator said. The first is to perform duties of county social welfare and the other is to perform duties of the Bureau of Social Aid.

Social Aid, Too Social welfare work includes: (1) the administration of all direct relief, formerly the function of the ERA, which Mr. Gilbert also headed;

(2) adult hospitalization work, formerly a duty of the probate judge, but taken over by the county welfare commission by Act 308 of the 1938 state legislature; (3) acting as the federal agency for WPA certification, with all WPA applicants to be investigated and certified for employment by this office;

Duties of the Bureau of Social Aid, which is supervised by Mr. Gilbert, but which now are directly responsible to the state bureau, include: (1) administration of old age assistance; (2) administration of aid to dependent children, formerly a function of the ERA; (3) administration of aid to the blind, also a former ERA function.

To Integrate Work Five district offices have been established for direct relief under the county welfare commission, these offices being at Escanaba, Gladstone, Rock, Rapid River and Nahma. These sub-offices are now used only as interviewing points for social aid, with social aid visitors of the central offices being assigned to the five districts.

The county office is scheduled to operate fully under the "integrated" plan of administration, which will mean that Mr. Gilbert will have full supervision of both the Bureau of Social Aid and the general social welfare work. Pending setting records in order, the social aid employees remain directly responsible to the state bureau.

Mr. Gilbert formerly was ERA administrator for both Delta and Alger counties, but under the new program, he has charge of only Delta county work. It was possible for him to supervise work of the separate ERA units of the two counties, Mr. Gilbert explained, but the two counties would have had to form a "relief district" with one governing board if they wished to have a single administrator. This was not thought advisable, it was reported.

FLIES LARGE PLANE

Menominee—Edward Clarence Dennis, aeronautical engineer with the Douglas Aircraft corporation of Los Angeles, who is visiting his parents, Mr. and Mrs. G. E. Dennis of 1437 Pierce avenue, Marinette, during the Christmas holidays, is the only person in the Twin Cities to fly in the largest land plane ever built in the United States.

Thoroughly enjoying the climate and country of Northern Wisconsin and Michigan—he wouldn't trade one square mile for the whole state of California—he took time off today to say that "flying in the largest airplane ever built in this country is no different than riding in a Pullman car or giant carttery."

A Storehouse Of Information

The new and enlarged edition of Uncle Sam's Almanac for 1940 is an improvement on all former editions. This useful and interesting publication has proved one of the most popular offerings ever issued by our Washington Information Bureau. It is a private publication, assembled mainly from governmental sources. It contains no advertising, no propaganda, but a wealth of concise and authoritative information useful to the whole family every day in the year. It has all the usual almanac and calendar material as do lot of new features. You will like it. Send in your order now. Ten cents postpaid.

Use This Coupon The Escanaba Daily Press Information Bureau, Frederic J. Haskin, Director, Washington, D. C. I enclose herewith TEN CENTS in coin (carefully wrapped in paper) and a copy of UNCLE SAM'S ALMANAC, 1940.

Union Leader 'Censors' Lewis

By threatening to call a strike of musicians and stagehands, James C. Petrillo, head of Chicago Federation of Musicians (AFM), has chalked up two victories in his campaign to ban the name of his rival, John L. Lewis, from all theatrical productions in the city.

Here is scene deleted from "George White's Scandals" in Chicago on demand of James Petrillo, A. F. of M. musicians' union head. It shows Eugene and Willie Howard impersonating John L. Lewis and a C. I. O. organizer. Comics Olsen and Johnson threatened to put a Petrillo skit in their "Hellzapoppin," which opens in Chicago soon, if they had to take Lewis out.

Baldwin Elected U. Alumni Head

F. H. Baldwin was re-elected president of the Delta County University of Michigan Alumni association, at the annual holiday luncheon meeting held Thursday noon at the Delta hotel.

Mr. Baldwin acted as chairman of the meeting and brief talks were given by William J. Miller, Dr. John J. Welch, Frank Bender, Charles Thatcher, Howard McKie and Phil Westbrook.

Michigan State Followers Hold Dinner Meeting

Alumni, students and prospective students of Michigan State college attended an informal noon meeting yesterday, approximately 35 persons being present.

Speakers at the meeting included: Al Vogel, forester of the state highway department, who told of incidents he remembered of Michigan State when he was a member of the football team more than 15 years ago; Frank Karas of this city, who told of experiences as a member of this year's team; and Harry Buchman of Rapid River, who contrasted Michigan State of World war days to the school at present.

Charles Larson, sports editor of the Daily Press, spoke briefly, telling of the aims and accomplishments of the Upper Peninsula Sportswriters' association.

Henry Wylie was chairman of the meeting while E. A. Wenner was program chairman, introducing the speakers. An informal discussion after the luncheon disclosed that those present favored continuation of the get-togethers during Christmas holidays and favored holding a spring meeting of representatives of the college to be secured as speakers.

Jonas Death Crash Held Unavoidable

A coroner's jury which heard testimony at the city hall yesterday afternoon about the fatal accident last Friday which caused the death of Thomas Jonas, held that the accident was unavoidable because of the icy condition of the streets.

Coroner Kevill Murphy and County Prosecutor William J. Miller conducted the hearing, in which Melvin and James Olson and Raymond Morrison, occupants of the small truck which collided with the Jonas car at Fifth avenue south and Tenth street, were heard.

Also testifying were Miss Geneva Powers, who was walking nearby at the time of the crash and was at the scene shortly afterward. Policemen Harold Finman and Edward Coplan, who investigated the wreck, also described the scene.

J. F. Gallagher was jury foreman.

Gunnar Back Joins Columbia System

J. Gunnar Back, son of John Back, Sheridan Road, recently joined the studios of the Columbia Broadcasting System and Station WJVO at Washington, D. C., as a member of the announcing and program department.

Heggblom Speaks At Rapid River This Evening

U. S. A. Heggblom, Detroit attorney formerly of Manistique, will be the principal speaker at a Townsend meeting at the Rapid River high school gym this evening at 8 o'clock.

Members of Townsend clubs in this district and all persons interested in learning about the movement are invited to attend the meeting.

WPA Checks Here After Long Wait

Pay checks for which 1,600 WPA workers in Delta county had waited since before Christmas finally arrived in Escanaba yesterday.

It was revealed that the checks had been issued December 22 in Lansing and the envelopes were postmarked December 26. It was learned that workers in eight Upper Peninsula counties had received their checks before Christmas. They were Baraga, Houghton, Iron, Keweenaw, Luce, Mackinac, Schoolcraft and Chippewa.

Hospital

Mrs. Leonard Moreau, 1122 North 18th street, was admitted to St. Francis hospital on Thursday.

Crippled Children Fund's Financial Report Announced

The annual financial report of the Escanaba Crippled Children's Fund was issued yesterday by Wm. Warrington, treasurer.

The report shows that the fund began the year with a balance of \$264.62 and received \$803.45 from the Easter Seal campaign and \$150.00 from the President's Birthday ball, making the total of 1939 receipts, \$1,218.07.

Disbursements during the year totaled \$869.19, leaving a cash balance of \$348.88 to begin the new year.

The expenditures include an item of \$310.66 for room and board for four crippled children in the orthopedic department of the Escanaba public school; \$435.09 turned over to the Michigan Society for Crippled Children as its share of the seal sale, and the remainder disbursed for clothing, shoes, drugs, clinic expense and the cost of conducting the Easter Seal sale.

Skipper Shipman Sets New Record For Late Sailing

Skipper Joe Shipman caused talk yesterday when he got out his dinghy boat and took a sail in below freezing temperature in the Escanaba yacht harbor. There was a little spot of ice-free water there and he and his nephew, his son and his son's pal, had lots of fun veering and tacking about the area.

It looked rather odd, observers reported, with Joe out there all bundled up in heavy wraps mixing his water boat up among several ice boats that were on the bay. Mr. Shipman had a very logical reason to offer last night as to the cause for this expedition which probably sets a record for late sailing here. He explained that his nephew, 16 year old Robert Blowers of New York City, is here and that Robert is nearly as much of a sailing enthusiast as Skipper Shipman himself.

The result, naturally, was that they should go for a sail. So Mr. Shipman bundled up his young son, Dean Joseph, eight years old, and Dean got his neighborhood pal, Tom McCoy, and they all went out together. They had to break ice for some distance from shore, Mr. Shipman said, but after they were in clear water the sailing was as good as ever.

Runeberg To Help Finn Relief Work

Action taken at the last meeting of Escanaba's Order of Runeberg resulted in the formation of a committee to direct relief work here for the stricken people of Finland.

The committee will collect both money and clothing for the needy in the war-torn country.

BREW GRAIN DRAWS DEER

Milford (MPA)—Almost daily several deer cross pastures on the F. M. Tenny farm and come within 100 feet of the house. A tank of brewery grain, used as cattle feed, is in the barnyard, sending off its pungent odors, which attract the deer.

Flies for Royal Air Force

One of eight British women selected to fly light training planes from factories to military airbases, thus relieving men pilots for combat duty, Mrs. Winifred Crossley is pictured at plane controls with her 12-year-old son, John.

Obituary

JONAS TORNUQUIST

Funeral services for Jonas Torunquist, who was killed by a hit-and-run driver, will be held this afternoon at one o'clock at the Isabella Lutheran church, Rev. O. W. Berquist of Manistique officiating. Burial will be made in Isabella cemetery.

PATRICK J. MULLIN

Funeral services for Patrick J. Mullin, victim of a holiday traffic accident, were held at a solemn requiem high mass at 9 o'clock Friday morning at St. Patrick's church. The Very Rev. Fr. Thomas A. Kennedy was celebrant of the mass; Rev. Fr. Joseph S. Conzidine, O. Praem., deacon, and Rev. Fr. Nolan McKevitt, sub-deacon.

The music of the requiem was sung by St. Patrick's choir. Mrs. Walter O'Connell, directing, and Mrs. William Ramspeck, organist. At the Offertory of the mass Mrs. John Kress sang "Pie Jesu," and as the body was being taken from the church William Ramspeck Jr. sang "To Jesus' Heart All Burning."

Burial was made in the family lot in St. Joseph's cemetery. Pallbearers were James Van Effen, Francis Donovan, William Gregory, Wilfred Loeffler, William Farrell and Robert Desmond.

Those attending the funeral included Mr. and Mrs. Tom Campbell, Mr. and Mrs. Patrick Campbell, Joseph Mullin, Hugh Mullin, Edward Mullin, Andrew Campbell and Miss Ann Nolde of Chicago; Mr. and Mrs. Henry Nolde and family and Mr. and Mrs. John Nolde of Powers; Miss Margaret Coia of Menominee; and Miss Clara Nolde of Stambaugh.

MRS. MARY WHITEHEAD

The body of Mrs. Mary Whitehead, who died of injuries received when she was struck by an automobile during the holidays, is resting in state in the chapel of the Murphy Funeral Home until the hour of the service which will be held Saturday morning at 9 o'clock at St. Patrick's church, the

CENSUS BEGINS NEXT TUESDAY

Enumerators From Seven U. P. Counties Get Instructions

The nine enumerators in the Escanaba district for the United States census for 1940 will finish a three day course of instruction in the intricacies of their jobs today and begin work next Tuesday. Classes have been in session the last two days in the federal building with John C. Daly, 307 First avenue south, district supervisor, and Marshall N. Ferrin, 722 Second avenue south, in charge.

The enumerators representing seven Upper Peninsula counties in the Escanaba district, are: Alger county, Edwin Siglund, of Munising; Chippewa county, Grace McKeerrol and Charles McEvoy of Sault Ste. Marie; Delta county, Fred Pettler, 408 South Fourteenth street, Escanaba, and W. Ray McGee, 905 Minnesota avenue, Gladstone; Luce county, George Peters, Jr., Newberry; Mackinac county, Ivan Pomeroy, St. Ignace; Menominee county, Robert Loberger, Carney, and Schoolcraft county, Joseph F. Vasau, Manistique.

Others in the district office are Elizabeth Boynton, St. Ignace, stenographer; William Corbett, 203 North Eighteenth street, and Kathryn Tobin, 1005 Fourth avenue south, both of Escanaba, both listed as clerk-typists.

Thomas O'Connor of Green Bay is area manager. There are 103 census areas throughout the United States and more than 600 district census offices.

It is expected that the business and manufacturing census will require three months, or until April 1, and after that another three months will be needed to complete the general and agricultural census, the supervisors said.

Ski Slide Donated To Municipal Park

The large ski slide, used for exhibition purposes at the first annual ski show recently, has been donated by the Escanaba Ski club to the city of Escanaba for installation at the municipal winter sports park.

The slide was dismantled and the timbers stored in the city's storage yard. After the new road to the winter sports park is completed, the slide will be erected on the largest hill in the area. The scaffold will add about twenty feet to the height of the hill.

Air Mail Denied

The Civil Aeronautics Authority has turned down the application of the Northwest Airlines, Inc., for the establishment of an air mail and passenger route from Chicago to the Upper Peninsula.

Among the reasons listed by the CAA for the denial of the request were that prospects for revenue on the line would not justify the expense involved.

Attention was called to the fact that an air mail route over a sparsely settled territory from Salt Lake City to Great Falls, Mont., has failed to make a satisfactory financial showing.

Aviation boosters of Marquette, Escanaba, Menominee and Marinette, who met at Escanaba Wednesday, appeared to be undaunted by this reversal.

A different angle on the Upper Peninsula mail problem is presented by the Iron Mountain News, which points out in an editorial that the need is not for speeding up of the mail to and from points at great distances from the Upper Peninsula but for better service between communities within the Upper Michigan district.

Small Town Life

DETROIT papers are complaining that the "blighted areas" in that city are becoming more blighted, tax rolls becoming further depleted, and that more or less self-contained communities are springing up all around the city which drain business away from it and thus destroy property values.

The immense blighted area of Detroit is well within the encircling Grand Boulevard which starts at Belle Isle, curves back some three miles from downtown at Woodward avenue, and reaches the river away out on Fort street to the southwest.

Why do the big cities find themselves in this plight? There are several reasons, one of them being that life in the metropolis is becoming intolerable to thousands of people.

If the suburbs now materializing around every big city were eager to become parts of the larger town, the latter would continue to increase in population.

away from some cultural advantages, but the benefits more than offset that.

Apparently the only way out for the larger cities is to erect apartments in the slums and blighted areas which will gradually do away with some of the horrors endured by citizens of modest incomes, and which will rent at prices within reach.

Small town folks have the edge on their big city brothers, if they only knew it. Right through the scale from the pauper to the millionaire, when it comes to happy living, the little community has the best of it.

U. P. Helps Finns

THE Upper Peninsula of Michigan, which probably has a larger Finnish population than any other section of the United States, is responding wholeheartedly to the appeal for aid for the war-stricken people of Finland.

The drive for clothing and money for the Finnish Relief Fund was just started this week, and a generous response has been reported.

In contributing to the relief of suffering civilians in Finland the people of America are not committing any breach of our policy of neutrality.

Suffering Finns should be given every aid and comfort consistent with the humanitarian code.

Other Editors' Comments

AROUND THE PENINSULA

Dr. Joseph Warnack, Townsend plan speaker, told an Iron Mountain audience that abolition of all taxes, debts, unemployment and property will result if the Townsend plan becomes effective.

For centuries the region has been contested between Finns, Swedes, Norwegians and Russians, points out a bulletin from the Washington, D. C., headquarters of the National Geographic Society.

—WORLD'S NORTHERNMOST MONASTERY—

A ragged finger of land pushing northward to the Arctic between Norway and Russia, the district covers an area of more than 4,000 square miles.

A reminder of former Russian influence is the Petsamo Greek Orthodox Monastery, the world's northernmost institution of its kind.

Founded by a Russian monk in 1887, the monastery rises on the site of a still earlier Russian monastery, destroyed in the late 1500's by Finnish attack.

After the Russian Revolution, when Bolsheviks and Whites fought for power both in Russia and Finland, a British expeditionary force occupied the port of Petsamo.

This little seaport, less than 20 miles away from the present border of the Russian Kola Peninsula, is chiefly important because it is ice-free the year around.

Of \$55,000 from the federal agency which, if granted, will be a first mortgage on the property.

So far as publicity is concerned, Ishpeming was the Peninsula city which held the spotlight last week with its underground party for miners.

Marquette's county board is the first in the Peninsula to authorize payroll deductions for the county employes.

PITY THE POOR COMMENTATOR (Saturday Evening Post)

During the football season now ending, it was observed that many fans jugged portable radio sets with them when they attended games.

Answers To Questions

BY FREDERIC J. HASKIN

A reader can get the answer to any question of fact by writing The Escanaba Daily Press Information Bureau, Frederic J. Haskin, Director, Washington, D. C. Please enclose three (3) cents for reply.

Q. What countries owe the United States the largest war debts? R. H. N. A. Of the total amount, the largest debt is owed by Great Britain—\$5,497,069,379.48.

Q. How many dolls are manufactured in the United States? H. H. S. In 1939 there were 7,000,000 dolls manufactured of which 70 per cent were baby dolls.

Q. Where does Shakespeare make his famous geographical mistake giving Bohemia a sea-coast? W. D. A. It occurs in Act 3, scene 3 of "The Winter's Tale."

Q. What is the legend about how St. Patrick got rid of the last snake in Ireland? C. T. A. One version is that he was resisted by one cunning old snake.

Q. What is gasoline called in England? L. S. A. Petrol is the term by which gasoline is known in that country.

Q. How many dolls are manufactured in the United States? H. H. S. In 1939 there were 7,000,000 dolls manufactured of which 70 per cent were baby dolls.

Q. Does an infant have as many bones as an adult? P. W. D. A. A baby has 11 more bones than an adult.

Q. Was there a family named Snell who had seven sons killed in one battle during the Revolutionary War? R. G. A. The Army War College says that in the Magazine of American History, Volume I, No. 11, November 1877, there is an account of the Battle of Oriskany which states that family groups took part in this battle.

Q. What proportion of the automobiles used are not entirely paid for? A. C. G. A. It has been estimated that between one-fourth and one-third of the automobiles on the road in the United States are not fully paid for.

Q. What is the process that has been developed by the Department of Agriculture for making wool out of skin milk? L. L. A. Burt O. Whitler and Stephen F. Gould of the Bureau of Dairy Industry of the United States Department of Agriculture

20 Years Ago

City Assessor C. G. Swan, while going over the tax rolls yesterday, at the city clerk's office, paused long enough to explain that a general misapprehension exists as to the cause for what is termed the high city taxes in Escanaba.

The city taxes are only \$150 per thousand dollars of valuation higher than they were last year, he explained. That fact is due to war conditions, coupled with the fact that state, county and school bodies have levied on us for more than ever before and we have increased the rate from 1 1/2 mills to 3 mills for the purpose of taking care of the sinking fund for retirement of waterworks bonds.

Of all the taxes to be collected this month and next, only \$395 will come to the city, Mr. Swan stated. This is merely the uncollected portion of the city tax from last July's tax roll.

Dr. F. E. Dayton yesterday received notice of the high honor that has been conferred on him by the department of public affairs of the American Osteopathic Association.

Mr. and Mrs. George W. Johnson have arrived from Chicago to spend the holiday vacation at the home of Mrs. Johnson's parents.

Paul Boline is here from Superior to spend the Christmas holidays with his mother. This is his first visit to Escanaba in nine years.

Miss Amy Norton will return to Milwaukee tonight after spending the Christmas holidays at her home here.

Miss Marian Plante has returned from Schaffer where she spent the Christmas holiday.

John Flynn will return to Chicago tonight after spending a few days with relatives and friends here and at Bark River.

have developed and patented a process for making fiber out of kiesel. The kiesel is softened in water and dissolved in a solution of caustic alkali.

Q. What is meant by the expression "transmission belt"? L. I. A. The phrase is applied to organizations supposedly dominated by Communists and transmitting their doctrines.

Q. Which of the kings of France was called "the Stammerer"? L. F. A. Louis II was known as "le Begue" or "the Stammerer."

Q. What is the rarest metal? M. R. A. Protactinium is the world's rarest metal, being worth \$1,000,000 an ounce.

New York Column

BY GEORGE ROSS

New York—Marjorie Lawrence, Australian opera star, who recently returned to sing here, found herself in slight difficulties with authorities of her homeland just prior to her last recital in Melbourne.

The diva had unwittingly programmed the final aria of Strauss' opera "Salome," her interpretation of which has often been praised. Government officials, however, demanded that she change her program.

That constitutes treason, Miss Lawrence compromised with an aria from a Wagnerian opera, the work of a German long since dead.

HAIR FOR CHRISTMAS

One of the strangest Christmas gifts on record was received the other day by Pat Harrington, a member of the cast of "Ladies and Gentlemen" also famed as a night club wit.

Margo is one of those rare, foreign-born glamor girls who clicked on Broadway. As a rule, the alien thespian daughter fares ill on that hardened artery above Times Square.

And she had a likely reason for aspiring to the footlights. On the other side of Calle Dolores, stood—and still stands—the old Ideal Theater and from her place on the balcony of her home, Margo could watch the actors coming to and from their work, as well as the audience filing in and out.

I am quite certain that Herr Hitler is very anxious for peace on his own terms. I am not so sure as yet that he is anxious for peace in Europe for the next generation.

—British Foreign Secretary Viscount Halifax, addressing House of Lords.

On a fair and impartial analysis, the trade agreement program, taken as a whole, unquestionably resulted in a gain to agriculture.

—Secretary of Agriculture Henry Wallace.

France and Britain are fighting for Europe, for themselves, but not for the benefit of spectators.

The American people have brought shame upon us because we, with a history of more than 160 years, have never been subjected to any insult from a foreign country.

The Washington Merry-Go-Round

BY PEARSON AND ALLEN

Washington—Most important question confronting the world as 1940 approaches is peace. A lot of back-stage whispering on that subject has been going on this week.

Out of these whispers it is possible to weave together one fairly definite fact: Certain powerful forces both in Germany and England would not be at all averse to patching up their own row and then encouraging a politico-religious war against Soviet Russia.

This would meet with the very decided approval of Italy. And there are potent people in the U. S. State Department also who would welcome such a move.

For some time now, the State Department and the White House have been getting informal suggestions from Germany that the Hitler Government would be glad to see Roosevelt step in to arrange a peace.

These suggestions always have come so informally that they could not be planned directly upon Hitler, but most of them could be traced back to the No. 2 Nazi, Hermann Goering.

Goering, of course, is a comparative moderate, never wanted war, represents the saner, practical elements in the German army.

Three factors are important in considering the possibility of peace. One is the situation in Russia; second is the situation in Germany; third is the situation in England.

But that they do not believe him. Furthermore, they do not believe that the much-vaunted Red Army is anything more than a paper army.

As for the unencored military dispatches which the U. S. Government gets from the Finnish front indicate that the very severe reverses suffered by the Russians have been due, not to the force of the Finnish Army (heroic but weak), but to the inefficiency of the Russian forces.

—NAZI EYE THE UKRAINE— The situation in Germany has been completely changed by the Russian reverses. Members of the general staff, who accepted the Russian alliance as an important aid in the conquest of Poland, now admit that they overestimated the strength both of the Polish army and of the Russian.

Hitler's goal, as outlined in "Mein Kampf," always was the Russian Ukraine, and now more and more of the men around him are convinced that he was right.

Therefore, the Goering group now would be willing to have President Roosevelt call a peace conference at which Great Britain and Germany would adjust their differences.

How far these peace views represent what is going on in the mind of Adolf Hitler is hard to say, but there is no question that they represent the ideas of Goering.

The situation in Great Britain is highlighted by a consuming fear of communism. If the war drags on a year or so, most leaders of the Conservative government agree it can only end in communism on both sides.

Also it is important to recall that in October, 1938, just after Munich, the British tactfully suggested to Hitler that he might satisfy his territorial hunger at the expense of the Russian Ukraine, rather than disturb the peace of Europe over Poland.

So now it is quite consistent for the British to fall in with any revival of this idea, especially if the Germans now admit they made a mistake.

It is important to note, however, that by no means all of the British Cabinet hold this view. Prime Minister Chamberlain hold it, though even he would not go along on any peace with Germany unless Hitler bowed out. He is adamant on that point.

Several other members of the Cabinet hold much more vigorous views that the war cannot be terminated while Germany is virtually victorious—and such a peace certainly would leave her so.

The outcome of all this is going to depend a lot on Rome and a lot on the United States. And that's why Roosevelt's appointment of Myron Taylor as special envoy to the Pope can be so important.

Lines for Living

By Barton Ross Pogue

Turn the old year under With crashing And a crashing dawn Let the curtains now be drawn On the new. And let us see, This coming year, Less of tomorrow and fear! Less of tomorrow of the past, When they will last, Out of memory, But in this year to be, May all kindness and cheer, Be yours for war and hate and fear!

SMALL LOGGER FINDS MARKET

National Forest Timber Crop Is Harvested By Jobbers

The small timber operator on the national forests is again finding a market for his products. Jay H. Price, Regional Forester of the North Central Region with headquarters at Milwaukee, said today that forest products sales exceeding \$20,000, a record for the region, were made during November. October timber sales exceeded \$15,000 while the previous all-time high for the region was \$11,000 reached in November 1937.

"The increase in the sale of national forest timber is encouraging at this time," said the Regional Forester, "since we know that in practically all cases the buyers have a market for their products. Timber sales of \$300 or less totaled more than \$17,000 during November. The largest sale was \$1500."

Many Farmers Logging Price explained that the small timber sale operator on the national forest is invariably a local resident with limited capital and logging equipment. Usually he is a farmer or a part time worker familiar with local conditions. "On the typical small sale," said the region forester, "father and sons work together and often two or more neighbors will pool their resources in order to log when other employment is not available."

The forest rangers who handle the small sales said that when the small sale buyer comes to the ranger station to make application for a sale, he usually knows the exact location of the timber. He has in most cases made an estimate and knows what it will cost to cut and market his product. Is the timber ready for cutting according to good forestry practice? The district ranger makes the decision. He designates which trees are to be cut, leaving the smaller trees to grow for the future crop. The buyer signs a contract, makes his payment and begins operations. Most buyers of national forest timber make their payments in installments, paying in advance for Forest Service regulations, sales that exceed \$500 in value are advertised in newspapers and contract is awarded to the highest bidder.

One Half in Logs "Saw timber—logs for lumber manufacture," said the regional forester, "accounted for more than half of the November sales. Pulpwood came next, with poles, fence posts and other forest products following. What the small sale operator is chiefly interested in," said Price, "is employment. He will cut a variety of products if he can see his way clear to make wages. It is estimated that an average of four man-days of labor are required to cut and transport to place of manufacture, each thousand board feet."

The November record of sales is as follows:

| State | Forest | No. of Sales | Amount |
|--------------|-------------|--------------------|-------------|
| Michigan | Huron | 19 | \$ 1,152.30 |
| Michigan | Manistee | 23 | 1,002.28 |
| Michigan | Ottawa | 2 | 2,194.58 |
| Michigan | Hiawatha | 29 | 291.55 |
| Michigan | Marquette | 25 | 194.85 |
| Wisconsin | Chequamegon | 45 | 1,328.45 |
| Wisconsin | Nicolet | 44 | 7,192.55 |
| Minnesota | Chippewa | 302 | 7,194.42 |
| Minnesota | Superior | 23 | 1,911.23 |
| Missouri | Clare | 78 | 2,923.43 |
| Missouri | Mark Twain | 5 | 48.32 |
| Total | 658 | \$20,827.44 | |

Escanaban Goes To Manila With Navy Submarine

Edward M. Schmidt, son of Mr. and Mrs. Otto Schmidt, 515 South Fourteenth street, was recently transferred from Pearl Harbor, Hawaii, to Manila, Philippines, where he is electrician's mate aboard the submarine U. S. S. Tarpon. Schmidt joined the United States navy in 1936. He studied electrical engineering in the navy school at San Diego for a year and then went to the submarine

City Lights, Sands and Patrols Streets, Erects Traffic Signs In Attempt To Prevent Accidents But Can't Govern Human Element; Won't You Help?

BETTER LIGHTING as carried out on Ludington street shown above is one of the more recent efforts of the city toward the prevention of traffic accidents. This program will be extended as quickly as is financially possible.

STOP SIGNS are erected at all arterial streets and are clearly and easily seen. Failure to observe them often brings grief.

POLICE PATROL the city streets, not to arrest people for the fun of it, but, rather, to try and break motorists and pedestrians of bad habits which might eventually lead to the loss of a life or to physical impairment for life. The patrol car is a friend of the law abiding and the careful citizen.

TRAFFIC LIGHTS are in operation on Ludington street at Stephenson and Twenty-Third streets. Installation of the latter light has materially reduced accidents at that intersection.

training school at New London, Conn. He was assigned to submarine duty at Pearl Harbor last June. You can eat a chicken before it is born; you can eat the eggs it produces during its life; and you also can eat it after it is dead.

SANDING MACHINES are quickly dispatched to combat icy pavement when conditions warrant. A little sand often will prevent an accident—perhaps save a life.

SCHOOL ZONES are dangerous places because children are apt to be lax in watching traffic, being so intent in playing. But school zones are clearly marked with signs shown above.

Sawdust and Pulp Mill Wastes Make Plastics

Stepchild in cellulose chemistry is lignin, the material which cements the cellulose fibers together in wood. Lignin is always in the way. Pulp mills, for example, must dissolve it out to make good paper. Thus they lose raw material tonnage, pour out valuable chemicals in the effluent liquor, get in wrong for polluting streams.

Consequence of lignin's expensive uselessness has been lots of research in recent years. In the past few weeks some results have emerged, with other announcements probable soon. Most spectacular are a pair of closely related processes developed at United States Forest Products Laboratory, Madison, Wis. There chemists have produced from waste wood and taken a patent for the free use of the public on some molding plastics of great industrial promise. One reason why these plastics are not now in large-scale production is that, according to long-established government policy, anybody with a legitimate use can get a patent license from the Secretary of Agriculture. Hence private industries sometimes hesitate to go overboard for a process in which competition may become a free-for-all. These processes, already licensed, are now being studied by private industries. Many of these are looking for improvement at least enough to justify building plants. Indications are that some of the companies are about ready to shoot.

Costs Are Way Down The basic problem of the researchers at Madison was to break the moriar-like bond between lignin and cellulose, which makes wood stiff. Starting out with ordinary sawdust waste from wood-working plants they achieved this. In the process, they convert some wood into sugar which is washed out and can be fermented into alcohol or used in green alcohol. To the remaining mass of material they add 10 per cent to 15 per cent of an inexpensive plasticizer, grind it all to the fineness of flour, and use as a molding powder.

Properly heated under pressure, this takes the shape of the mold and produces a black, lustrous, dense substance which can easily be sawed, turned, or otherwise machined. The material has adequate tensile and compressive strengths for most uses, is an excellent electrical insulator, absorbs little water. What really is significant is that its cost is around 3c to 4c per lb., about one-fourth the price of the better known synthetics. Practically unlimited sawdust and hog waste are available for raw material. Thus far hardwood waste has been used to best advantage; softwood waste, which has not been intensively investigated as yet, requires some modification of the process.

Forest Products Laboratory heads are overwhelmed by the recent wave of publicity about their plastic. It brings too much mail, time the research men's time. Their present desire is to tell the public their plastic's merits and limitations, not to guess its future possibilities.

DIAL SYSTEM TO OPERATE

50 Phones In Bark River Change Over Next Thursday

Bark River's new dial telephone system will go into operation at 1:30 o'clock next Thursday afternoon. At that time, all of the 50 telephones connected with the Michigan Bell Telephone company central office here will be cut over from the present manual (crank type) service to the new dial system.

Although the change will follow the completion of a \$7,000 project involving a "major operation" upon the central office equipment and outside plant, O. Sundquist, of Escanaba, manager for the Michigan Bell company in this area, said the cutover will be made without interruption in service. "The project is in line with the company's program of expanding and improving its plant and service, particularly in the smaller communities and rural areas," Sundquist said. "This program has involved a total expenditure of \$1,250,000 throughout the state in the last three years and has brought to residents of many small communities and rural areas telephone service of the high quality that is enjoyed in the largest cities."

Representatives of Western Electric company, manufacturing and supply division of the Bell Telephone System, have installed the dial central office apparatus in the company's new brick building on old US-41 the last few weeks. Michigan Bell representatives have installed the dial telephones and instructed subscribers in their use.

Among other features, these include core and surface sheets for laminating, and semi-commercially producing lignin molding compositions.

Idaho's Flying Doctor Now Serves Sun Valley

A new type of "mercy" flight developed when Idaho's flying physician, Dr. Lyman F. West of Boise, climaxed nine years of private piloting recently by commuting almost daily between his Boise practice and Sun Valley, where he took over practice temporarily in the resort. Dr. West is the husband of the former Mary Campbell of Ralph, who is a niece of Mrs. A. T. Hoffman of Escanaba.

Dr. West has been flying as a hobby since 1931 and owns his own small cabin plane. He has more than 600 hours of flying to his credit and his flights have taken him over a large part of the United States. He made recent flights to Chicago, St. Louis and San Francisco.

Serves Two Fields The flying doctor never used his plane in his business until the Sun Valley resident physician was called away recently and asked Dr. West to substitute for him. The Boise physician couldn't neglect his regular practice, so he decided to serve both—by commuting back and forth in his plane.

Milk Sanitarian Working In Delta

Announcement was made yesterday by Dr. F. O. Tonney, of the Delta County Health Unit, that W. S. Feagan, milk sanitarian of the Michigan Department of Health, is now working in Delta county, studying the production and distribution of milk, in cooperation with Henry Newkirk, of the Delta County Health Unit. Mr. Feagan is here at Dr. Tonney's request and through the courtesy of Dr. L. H. Moyer, state health commissioner. He will include Gladstone in his special work as well as Escanaba and vicinity.

H is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked squares give you.

PERSONALS

Open Meeting Of Lutheran Group, Church Tonight

The Lutheran Brotherhood of the Norwegian Danish Lutheran church is holding an open meeting to which the families and friends of members are invited, this evening at 8 o'clock at the church parlors.

Luella Gereau Bride In Pretty Church Ceremony

A lovely bride of the holiday season was Miss Luella Gereau, daughter of Mr. and Mrs. David Gereau, of Perkins, who on Thursday exchanged marriage vows with Rene Maskart, of Kipling, son of Mr. and Mrs. August Maskart.

The bride, who was attended by Miss Gladys Gereau, who was her maid of honor, wore a beautiful princess model of white chiffon velvet. A long train extended from a cluster of shirring at the waistline, and the sleeves were very full, tapering to points at the wrists.

Her maid of honor's gown was fashioned of similar lines, excepting the long train and hood. She carried a bouquet of white carnations.

John DeCremier attended Mr. Maskart as best man.

"The Bridal Chorus" from "Lohengrin," the recessional, Mendelssohn's Wedding March, and the bridal march, "I Love You Truly," "The Rosary," and "On This Day O Beautiful Mother," were arranged and played by Mrs. W. B. Moreau.

Wedding Dinner A dinner was served to thirty guests at the home of the bride's parents, with appointments in the colors of the wedding, red and white.

Following their wedding trip Mr. Wick and his bride will make their home in Perkins.

Guests at the wedding included Mrs. Charles Wick, Mr. and Mrs. Waldo Wick and Mrs. Robert Kamrath.

Princess Is Pretty Style For Youngster BY MARIAN MARTIN Fashion comes in pint-sized doses too—as this merry little frock proves! It will take mother just one...two...three to stitch up the gracefully curved princess lines of Marian Martin's Pattern 9218, especially with the easy-to-follow Sew Chart close at hand.

Service at Ford River Rev. C. Albert Lund will conduct a service at the Ford River Mills school house next Sunday afternoon at 2 o'clock.

Leon W. Walker is confined to his home, 409 South 12th street, suffering from pneumonia.

Miss Alice Ziebell, former teacher in the Escanaba schools, is visiting friends here.

Curry with Soup Here is a new one: spread crackers with butter, lightly sprinkle a little curry powder over the tops (just a few grains per cracker), toast until light brown and serve hot with soup.

Donald Olson Recitation—"Useful Presents"—Eugene Eklund Play—"North Pole Hook-up"—Recitation—"Sympathy for Santa"—Clifford Mattson Song—"Joy to the World"—School Recitation—"Goodnight"—Floyd Olsen Santa Claus—Miss Edythe Anderson—Teacher.

Personal News

Mrs. K. C. Fellow of Negaunee and Thomas Fellow of Baginaw, Mich., arrived here Thursday afternoon to spend the week-end with Mr. and Mrs. John P. Norton and to be with them on the occasion of their silver wedding anniversary, which they are observing today.

Miss Florence Nolden has returned to Chicago following a holiday visit at the home of her parents, Mr. and Mrs. John Nolden, 406 South 16th street.

Robert Mitchell who spent the holidays at the family home here, has returned to Green Bay where he is engaged as an accountant with a C. P. A. firm.

Orrville Aronson has returned to Detroit following a holiday visit here at the home of his parents, Mr. and Mrs. P. A. Aronson, 609 South Tenth street.

Mr. and Mrs. Harry Sargent and daughters, Janet and Edna, of Traverse City, who spent the holidays here with Mr. and Mrs. Arthur Kamrath, have left for a visit with relatives and friends in Minneapolis.

Miss Lillian Perow, student nurse at St. Luke's hospital, Marquette, has returned to her duties after spending the holidays with her parents, Mr. and Mrs. Joe L. Perow, 618 Ludington street.

Mr. and Mrs. Peter Hermes have returned to their home in Milwaukee after visiting here with relatives and friends.

Miss Lydia Olson of Chicago is spending the holidays here with her father, Peter J. Olson, and other members of the family.

Miss Edith Gauthier has left for a two weeks' vacation visit with relatives and friends in Detroit.

Mr. and Mrs. Helmer J. Olson, who spent the holidays here at the home of Mr. and Mrs. Roy G. Olson, 307 South 15th street, have returned to their home in Port Huron, Mich.

Mr. and Mrs. C. J. Burns and Mr. and Mrs. Clyde McGonagle returned Thursday from a Christmas holiday visit with relatives in Chicago.

Mr. and Mrs. Ernest Rudolph have returned from Minneapolis where they spent the Christmas holidays with their son, Ernest, Jr., who is receiving treatment at the Shriners' hospital there.

Miss Alice Johnson, instructor in French at Saginaw high school, is spending the holiday vacation here at the S. M. Johnson home, 915 First avenue south.

Miss Elizabeth Morin has returned to Marquette following a holiday visit here with her parents, Mr. and Mrs. Isadore Morin.

Dr. and Mrs. Harry W. Long have returned from Gary, Ind., where they spent Christmas with Mr. and Mrs. Marshall Long and the children, David and Leslie.

Miss Lenora Sullivan has returned to Lansing after spending the holidays here with her mother, Mrs. P. L. Sullivan, 215 South Sixth street.

Miss Mae Sauers, who spent Christmas here at the family home, 520 South Eighth street, has returned to Lansing.

Escanaba Ski Club Sponsors New Year's Party

The Escanaba Ski club is sponsoring a New Year's Eve dance at the Sherman hotel to raise funds for construction of the proposed shelter house at the Ski club course near the northwest city limits, expected to be erected as a WPA project.

Chet Morton's Buddies will furnish dance music and there will be a floor show and favors.

Mrs. Harold Groos is chairman of the entertainment committee and Lorens Schou, club president, is in general charge of arrangements.

The city of Escanaba is sponsoring the shelter house WPA project, which is awaiting approval, but the Ski club has agreed to contribute a large share of the cash contribution needed to put the project through.

The Chenoweths came to Escanaba on November 1, 1916, and both of their daughters, Betty and Mary, were born here, and were graduated from Escanaba high school.

They expressed their regret at leaving Escanaba yesterday, declaring that the community in which they lived for so many years would always be "home" to them.

How To Relieve Misery of Your CHEST COLD

Message throat, chest, and back with plenty of Vicks VapoRub at bedtime. Then spread a thick layer on chest and cover with a warm cloth. VapoRub's double action brings double relief. It acts as a poultice to penetrate the surface skin; and its soothing medicinal vapors are breathed direct to the irritated air passages.

Special Service of Communion on New Year's Eve

The New Year Communion service for Presbyterian communicants will be held Sunday evening, December 31, at 10:30 o'clock at the First Presbyterian church, Rev. Carl E. Berger, pastor, announced yesterday.

This observance is fittingly planned by the church on the threshold of the new year as a time of renewing loyalty to Christ during the coming year. New members also will be received at this service, which is to include the entire membership of the congregation, and this group will take the vows of the church, which include the pledge to observe the sacrament of communion whenever it is offered. The chorus choir will participate in the communion service.

Births

Mr. and Mrs. Ellis J. Wilcox of Brimley, Mich., announce the birth, on Sunday, December 24, of a seven pound son. The baby is the sixth son in a family of eight. Mrs. Wilcox, the former Isabella McRae, is the daughter of Mr. and Mrs. Dan McRae of Seventeenth street, city.

Mr. and Mrs. Arthur Jacobson of Akron, Ohio, are the parents of a son, born on Thursday, December 28. Mrs. Jacobson is the former Marvel Starrine of this city.

Coffee-Cup Sociability

Coffee sponge rolls will turn the afternoon get-together into a minor feast.

Strong coffee, clear and aromatic, calls for a slice of cake in the afternoon. Whether you use the bread-type coffee cake or the more elaborate type of sweets given below, is a matter of taste. But calling in a few friends for the afternoon cup is a traditional matter of sociability.

Coffee Sponge Roll (Serves 8)
Four eggs, 1/4 cup sugar, 1/4 cup cocoa, 1 teaspoon baking powder, 1/4 cup sifted flour, 1/2 tea-

spoon salt, 1 teaspoon vanilla. Beat egg yolks until light, add sugar gradually and continue beating. Fold in remaining dry ingredients sifted together. Add vanilla. Beat egg whites until stiff and fold into the mixture. Pour into shallow pan (9x13 in.) which has been lined with waxed paper. Bake in a moderate oven (350 degrees F.) for 15 minutes.

Turn out on brown paper which has been covered with confectioners' sugar. Remove the waxed paper. Roll and let stand until cold. Carefully unroll the cake, and then spread with the coffee cream and roll again. Coffee Cream One cup heavy cream, 2 tablespoons ground coffee, 2 tablespoons powdered sugar, 1 teaspoon vanilla.

Place cream in top part of double boiler, add ground coffee and heat over hot water for 10 minutes. Strain through cheesecloth. Chill and whip, add sugar and vanilla and spread on cooled cake. Almond Bars (Makes about 24) One-half pound unblanched almonds, 1/4 cup sweetened condensed milk, 4 tablespoons confectioners' (4X) sugar, 1 egg white, stiffly beaten.

Put almonds through a food chopper. Combine with sweetened condensed milk and sugar. Fold in stiffly beaten egg white. Mix thoroughly. Turn on board covered with confectioners' sugar. Sprinkle with confectioners' sugar and roll out to 1/4 inch thickness. Cut in strips 1/2 by 3 inches. Sprinkle with confectioners' sugar. Place on buttered baking sheet. Bake in moderately hot oven (375 degrees F.) 15 minutes or until a delicate brown. Remove from pan at once.

Monday with Mrs. Emma Johnston, Mr. and Mrs. Don Johnston of Thompson were her guests Christmas Day. Dinner guests of Senator and Mrs. James Dotch at noon Christmas Day were Mr. and Mrs. Walter Stellwagen and son Jim, Napoleon Boudreau and son Howard. Mr. and Mrs. Roland Boudreau and family, Senator and Mrs. James Dotch and family, Napoleon Boudreau and son Howard were dinner guests of Mr. and Mrs. Walter Stellwagen Monday evening.

Mr. and Mrs. Asa Tatrow entertained Mr. and Mrs. Cecil Shaw and family of Fairport Christmas Day. Mr. and Mrs. Emerel Tatrow spent Christmas Day with relatives in Manistique. Mrs. Oasie Hazen shopped in Escanaba Saturday. Joseph Deloria Jr., daughters Camille and Farrell, son Van and Mrs. Emma Longfield spent Christmas Day at the Wm. Tuffnell home in Gladstone. Guests of Mrs. Mary Mc. Phee Christmas Day were Mr. and Mrs. Gordon Mc. Phee and son Gordon Lee and Mr. and Mrs. Peter Guisano.

Schaffer News

Schaffer, Mich.—Mr. and Mrs. Albert Guenette visited Sunday and Christmas Day in Iron Mountain with Mrs. Guenette's parents.

Mr. and Mrs. Eli Taylor and family of Eustis were Christmas dinner guests of Mr. and Mrs. Lucien Polson in Wilson. Mr. and Mrs. Edward Sabourin and son of Waukegan, Ill., are guests of Mr. and Mrs. Peter Sabourin.

Mr. and Mrs. Forrest DeMille and daughter Myra Lee, of Chicago, visited over the Christmas holiday at the E. L. Daigneault home. Mr. DeMille returned to Chicago Monday and will return here Saturday for the New Year's holiday.

Mrs. Carrie Seymour and son, Gerald, of Escanaba visited Christmas Day with relatives here. Mrs. Seymour returned in the evening and Gerald remained here to visit for a week. Mr. and Mrs. Amede Toussaint were dinner guests Sunday of Mr. and Mrs. Thomas J. Toussaint at Hermanaville.

Mr. and Mrs. Alec Henderson of Eustis are the parents of a son born Sunday, Dec. 24 at St. Francis hospital. Llewelyn Michel, Robert Lavigne and Francis Briera, who are employed at Nahma visited during the holidays with their parents.

Miss Grace Foster of Milwaukee visited Sunday and Christmas Day at the home of her mother. Mr. Eugene Daigneault is on

the sick list since the past five weeks. Mr. Ovid Carufel is visiting in Minneapolis at the home of his son and daughter-in-law, Mr. and Mrs. Anthony Carufel. Joseph Rinquette of the CCC camp at Morman, Creek visited here over the week-end.

Mrs. Fred Dillman and daughter of Oak Forest, Ill., visited over the Christmas holiday with her parents, Mr. and Mrs. Joseph Levesque. Miss Renelle Sabourin and Mr. and Mrs. A. Maloney of Detroit were visitors over the Christmas holiday at the home of Mr. and Mrs. Peter Sabourin.

Mr. and Mrs. Henry Flom of Wilson, Mr. and Mrs. A. Rick of Menominee and Mr. and Mrs. H. Hoes were Christmas Day guests at the Foster home. Anton Fillion of CCC camp at Morman Creek was a visitor the past week end at the Henry Auger home.

Mr. and Mrs. Oliver Nantelle and family and Mr. and Mrs. Ed. Olson and family of Escanaba spent Christmas Day at the home of Mr. Nantelle's and Mrs. Olson's mother, Mrs. A. Leclair, Sr. Hubert Seymour and Raymond Fillion of Houghton are visiting for a week with relatives here and plan to return to Houghton on January 2.

The best place to regain the road when your right front wheel runs off the edge into a soft shoulder is at a point where the road and shoulder are approximately the same level.

Grilled Chop Platter Now try grilling pork chops with sliced pineapple. Garnish them with cranberry relish. Five chops (lamb, pork or veal), 5 slices canned pineapple, 1 tablespoon melted butter, 2 tablespoons brown sugar, 1/2 cup cranberry-orange relish. Broil the chops and season. Brush pineapple slices with melted butter, sprinkle with brown sugar and brown in broiler during last 5 minutes chops are cooking. Arrange chops and grilled pineapple slices on hot platter and fill center of pineapple with cranberry-orange relish.

Cranberry Orange Relish (Requires no cooking) Two oranges, 1-pound (4 cups) cranberries, 2 cups sugar. Put cranberries through food chopper. Peel oranges, remove seeds and put rind and pulp through chopper. Mix with the berries and sugar. Let stand for a few hours before serving. (The relish can be put up for future use in sterilized glasses covered with paraffin.)

Barbecue Pork Chops (6 servings) Six rib pork chops, cut 1/4 inch thick, 1 garlic clove, 1 tablespoon butter, 1 onion sliced, 1 tablespoon flour, 1/4 teaspoon salt, dash of black pepper, dash of red pepper, 1/4 teaspoon paprika, 1/4 teaspoon light brown sugar, 1 tablespoon Worcestershire sauce, few drops tabasco, 1 1/2 cups canned unseasoned pineapple juice, 2 tablespoons vinegar. Rub a large frying pan with a

cut clove of garlic. Melt butter in the pan and when it begins to bubble place pork chops in frying pan. Brown each side quickly. Remove chops to a casserole. Place onions in frying pan and cook gently until partly tender and slightly browned. Mix the spices, flour and sugar. Push

onions to one side to soften and add the spice mixture to the pan. Mix until smooth and slightly thickened. Four saucers over pork chops, cover and bake in a moderate oven (350 degrees F.) for one hour. Serve from casserole, with fluffy white rice.

BUYING ROUSES STOCK MARKET

STOCK MARKET AVERAGES table with columns for 30, 60, 90, 120 days and 1939 high/low.

BY FREDERICK GARDNER New York, Dec. 28 (AP)—Waning of year-end selling attracted buyers in today's stock market and leading issues rallied fractions to more than 2 points at the best.

Steel, aviation, mail orders, rail, copper and specialties led the upturn after a hesitant start. Following two successive declines, the Associated Press average of 60 stocks was up 1/4 of a point at \$63. Transfers for the five hours totalled 1,080,680 shares against 1,146,340 the day before.

Business news, on the whole, was cheering and many traders returned to the bullish side when they recalled that in recent times January has usually witnessed substantial stock market reversals.

Retaining stable advances were U. S. Steel, Bethlehem, Douglas Aircraft, Glenn Martin, Eastern Air Lines, American Airlines, Lockheed, Montgomery Ward, N. Y. Central, Ansonia, Corro De Penco, Dow Chemical, Du Pont, International Harvester and International Paper preferred.

Brightening earnings prospects for air transport companies and war plane manufacturers stimulated aeronautical stocks. Forecasts of a brisk rebound in steel mill operations next week buoyed this metal group.

Rail loans led the bond department on a recovery note. Commodities did better after a poor beginning. Wheat at Chicago finished 1/4 to 1/2 of a cent a bushel. Corn was unchanged to ahead 3-5. Cotton advanced 1/2 to 4/8 cents a bale. Foreign securities markets were a shade irregular.

Marked up in the curb were Humble Oil, Jones & Laughlin, International Petroleum, American Cyanamid "B" and American Gas & Electric. Turnover of 390,000 shares compared with 337,000 Wednesday.

RAILS ADVANCE; TRADING ACTIVE

New York, Dec. 28 (AP)—Some secondary rails gained more than two points in fairly active trading in the bond market today. Strength in a number of Scandinavian issues featured the foreign dollar list. Denmark 4 1/2 of 62 were up 1 1/4 at 48 1/4. Norway 4 1/2 of 63 were up 2 at 34. Finland 6 1/2 held at 40.

Record Business Is Predicted For First Six Months In 1940

Babson Looks For Best Times Since 1929 Boom

ROGER BABSON'S WORD'S-EYE VIEW OF NEXT SIX MONTHS

- BUSINESS:** 10 to 15% Gain Over First Half 1939
- TREND:** Some Dip From Current Peak Levels
- POLITICS:** No New Important Legislation
- MARKETS:** Uptrend But No Runaway Prices
- FARMERS:** Prices, Income and Profits Up
- WORKERS:** Jobs, Wages, Strikes Higher
- CONSUMERS:** Less Than 5% Rise in Living Expenses
- RETAILERS:** 8% Gain in Sales; Prices Up 4%
- REALTORS:** Rents, Values, Activity Steady
- INVESTORS:** Selected Securities to Strengthen
- SUMMARY:** Best Six Months in Ten Years.

BY ROGER W. BABSON

Babson Park, Mass.—War or peace, business in the first half of 1940 will be the best for any six months' period since 1929. Jobs, wages, farm prices, business profits, and dividends should all turn in big gains over a year ago. They should even average higher than in the three months' period just closing!

At the same time no sharp gains are in the cards for either taxes or living costs. Considering all factors, therefore, I predict that we will come closer to "good times" in early 1940 than in any half year since 1929!

Readers will say that I am going pretty far out on the limb with this forecast in view of the troubled and uncertain times. War, elections, neutrality, labor, Congress, taxes—these are just a few of the clouds lowering over the 1940 horizon. Business men, investors, and workers are more confused and worried today than on any year-end since the World War. Despite all these uncertainties, however, my forecast is not as rash as it at first sounds.

As the curtain rises on 1940, the Babsonchart Index of Business will be hovering around 115. To be the best first half since 1929, business must average 10 to 15 per cent above the first six months of 1939. In terms of the Babsonchart Index, that means an average of 112. That is a pretty high level, but remember that business MUST operate at a high level well into the first quarter merely to fill orders now on hand. Business could fall back to as low as 106 on the Babsonchart by June and still ring up the best first half since 1929 before adjustments for population gains.

Big First Quarter
Leaving the "ifs" and "couds" out of the picture, my forecast is that business will travel at high speed in early 1940. The first half should average 10 to 15 per cent above the same months of 1939. It looks now, however, as though the trend might turn down from current high levels as the months work along. My guess is that activity will be lower early next summer than it is now.

I use the word "guess" literally, too. Any forecast beyond June 30, 1940, at this time, is a mere guess. No man—not even Hitler or Stalin—knows what will happen abroad in the second half of next year. Add to this world confusion, our domestic uncertainties, particularly the presidential election. Only a crystalgazer or a fortune-teller could aspire to give you an answer now to either the war or the election. Hence, for the first time in two decades I dare not make, at the New Year period, a specific forecast for more than the first half of the coming year.

Two Possibilities Second Half
Strange as it sounds, right now I think there are only two possibilities for the second half: (1) A rip-roaring boom or (2) a sickening crash. After the nomination in June, we should be able to tell which of these two developments will take place. Hence, I shall not give readers my definite forecasts for jobs, wages, and business in the second half of 1940 until June.

In the meanwhile, no one will make any money by worrying about late 1940. The successful people next year will be those who take advantage of the great opportunities of the early months. For ten years we have waited for "good times" to come back. They are here now but nobody seems to want to do anything about them. Fears and uncertainties should be forgotten for a few months. Certainly, anyone who is primarily worried about Congress is fretting unnecessarily.

Don't Worry About Congress
Despite the war, it looks as though the 1940 session of Congress would be a typical election-year affair. Most Washington observers are forecasting a brief, routine session enlivened only by pre-election warm-ups and patriotic tub-thumping. No new reform or anti-business laws will be passed. Only major legislation which has a chance is pro-business, including amendment of the (1) Wagner Labor Act, (2) Modification of the Wage and Hour Act, and (3) the passage of the Mead Credit Bill.

I am reasonably sure that no new federal taxes will be imposed. Pay-as-you-go talk in December is one thing—action by Congress next Spring is another. Secretary Wallace would like to see the prospecting taxes revised under some type of sugar-coating—but this wouldn't be good politics in an election year. You can bet your bottom dollar, however, that the total share of your income taken by Uncle Sam—counting both income and hidden taxes—will not be a penny less than in 1939.

Aviation Mechanics Interests Youth

Young people interested in aviation are given exploratory work experience in aviation mechanics work along with correlated types of work. On these projects they have a limited work experience with the purpose of determining their aptitude for a particular job and to give them foundation in the simple fundamentals of work, work habits, shop mathematics, and the like. Youth showing particular aptitude for mechanical work are recommended to public employment services as suitable material to enter upon apprenticeship in industry or may receive the further necessary training required of an airplane mechanic through instruction in vocational or trade schools. Shown above are several youth at work on one of these aviation mechanics projects. There are ten such projects located at Detroit, Grand Rapids, Houghton, Jackson, Flint, Marquette, Cassidy Lake, Bay City, Iron Mountain and Ironwood. Planes and engines are furnished by the federal government, and in most cases the youth have an opportunity to study and experiment with a variety of motors and planes. This is another type of work experience offered Michigan's unemployed youth by the Michigan National Youth Administration.

But, because taxes are being "frozen," do not imagine that an economy wave is sweeping Washington. It definitely is not. Farmers' benefit payments will be almost as big as in 1939. Relief costs will be heavy despite increased jobs. Outlays for defense will break all records—up half a billion dollars over 1938! If there is any paring down of expenses it will be done purely for window-dressing purposes. Net result will be another whopping deficit for the Treasury—as big, or bigger than, in 1939.

Hence, the Roosevelt Administration will come down the straightaway of its last year with the eighth consecutive deficit and a National Debt of nearly \$45,000,000,000 up \$20,000,000,000 since 1933. It will be a sorry record indeed for a President who chided his predecessor's Administration as "being the most extravagant and reckless of any peace-time government anywhere, at any time." Despite this record, Mr. Roosevelt is still popular with the majority of voters. They particularly like his foreign policy and his mammoth defense program.

Heavy Industries 1940's Spark Plug
This record-breaking defense program is just one of the four props under 1940 business. (1) Trade gains with neutral countries, (2) rising buying power in cities and on farms, and (3) a heavy industries boom are the other supports which will hold business at a high level. Most important of all these is the renaissance in the heavy goods industries. In the boomlet of 1936-37, the consumers' goods industries furnished the drive. Today the burden has shifted to the broad shoulders of such industries as steel mills, railway equipment shops, and machinery makers.

For five years we have tried to get the heavy industries going. That's where most of our unemployment has been. So the upturning in these "Big Businesses" will be the all under jobs in early 1940. Employment in the heavy industries. As a result, total number of jobs in early 1940 will be only slightly higher than at present. No real inroads on unemployment are in prospect. After schools and colleges dump their crop of graduates on the market next June, unemployment may well be higher than it is today.

Higher Payrolls, More Strikes
Payrolls are another story. They should be 20 to 25 per cent bigger than in the same months of 1939 and even moderately higher than at present. Wages will be pushed up where union pressure is strongest while the Wage and Hour Act will force up weekly income where overtime is concerned. With business riding the crest of the wave, it is only logical to expect more strikes. I doubt, however, if there will be any serious tie-ups such as we had in 1937. Right now it looks like the aviation industry is the odds-on favorite to provide the labor trouble headlines.

These plants—and nearly all others—will be running under forced draught. Machine shops, locomotive and car shops, construction outfits, and shipyards will be working at top speed in the next few months. Soft coal mines will be much busier than a year ago. Metal mines are slated for a big six months. Steel mills should average above 80 per cent of capacity. More autos than in any similar period in three years will be on the roads by December. Pay-as-you-go talk by Congress next Spring is another. Secretary Wallace would like to see the prospecting taxes revised under some type of sugar-coating—but this wouldn't be good politics in an election year. You can bet your bottom dollar, however, that the total share of your income taken by Uncle Sam—counting both income and hidden taxes—will not be a penny less than in 1939.

Textiles and shoes would not be surprising. Woolen and rayon plants, however, will continue full blast. With industrial activity wide open, service businesses will be in the clover and professional men will see the best collections in many months. Steady to higher payrolls in industrial centers, therefore, should hold the purchasing-power spotlight. In addition, farmers will have more money to spend. I do not foresee any runaway gains in farm product prices such as we had in the World War. Yet, heavier demand and higher consumer buying power should bolster up prices to the tune of 10 per cent over the first half of 1939. Wheat, corn, and other grains will lead the parade. Fresh vegetable and potato farmers can look ahead to a good year.

Farm Income Up
Beef, lamb, and pork will sell much higher than in the early months of 1939. I do not foresee any big gains in butter, cheese, eggs, milk, poultry, or fruits. Cotton exports are rising sharply and demand is tremendous. This indicates that King Cotton is getting a new lease on life. Consequently, farm income ought to be 10 per cent higher than in the same months last year. The drought in the West is a very serious factor. The moisture situation is the worst on record at this season. If it gets no drier, however, it could easily lift, rather than lower, total farm income. Barring a continuation of the drought, total production on all farms in 1940 may be close to the 1939 figure. The increase in prices will not be all gravy for the farmers, however. Their costs will go up, though perhaps not so much as their prices. With farm profits a bit better, farm land values should continue to edge up a little.

"Oomph" in Prices
In addition to higher farm prices, industrial raw materials should also push upward in early 1940. War, high industrial activity, and rising buying power will put the "oomph" in the price picture. Hides, cocoa, gasoline, and paint materials can have the sharpest boosts. Increases in wool, rayon, sugar, steel, lumber, and non-ferrous metals are a good bet assuming business activity holds up. Coffee, hard coal, cement, and glass will do well to hold their own. One of the interesting points about this current boom is the remarkably stability of prices of all kinds. This desire to keep the lid on prices is good news for consumers. Their living expenses are not going to change much in early 1940. Food is the only hot spot. I will be surprised, however, if your weekly market bill next June is more than five per cent higher than it is now. Clothing will not advance more than five per cent. There is no reason to forecast serious advances in fuel oil, coal, or rents for the first half of 1940. Rising lumber and labor costs will make furniture a little more expensive. The sum total of all this means that living expenses should stiffen by only two or three per cent during the first six months of 1940.

Brisk Gains in Trade
With only a modest step-up in living expenses and an increase in consumer "intake," retail trade will be better. A gain of eight per cent sounds about right to me, if the increase is measured in dollars. Only about four per cent more goods will be sold, however—the other four per cent being accounted for by mark-ups on price tags. Luxury and semi-luxury items should register the biggest step-up in sales in this past month in any barometer. Store profits ought to be satisfactory with inventories in fairly good shape. The successful merchants will be those who take advantage of the best times since 1929.

HOLD EVERYTHING.... By Clyde Lewis

December 29, 1939 January 12, 1940
STATE OF MICHIGAN

ICE RINK WILL BE DISCUSSED

City Council and Board of Education Meet Jointly Tonight

The Manistique city council will meet with the Manistique board of education at the regular monthly meeting of the board tonight at which time the municipal ice rink problem will be discussed. It has been reported that the city has offered to provide supervision, water, lights and fuel for a municipal ice rink if the board of education will donate the use of the athletic stadium.

The ice rink has been constructed at the stadium for the past two years but the board of education has adopted a resolution denying the use of the field for the ice rink in the future.

It has been reported that the board of education spent \$250 for reseeded the stadium during the past year and that the board members feel that the ice rink has proved disastrous to the stadium sod.

The city contends that its share of the cost of maintaining the rink is more than \$250 annually, but council members feel the cost is small compared with the amount of enjoyment the rink provides for a large portion of the city's population.

The ice rink at the Lakeside park, originally designed to serve only youngsters of the community, is in excellent condition and is now being used by adults as well as children pending the construction of a separate rink for the older children and adults.

The Lakeside rink is circular, about 30 feet in width and about 800 hundred feet in length.

HEALTH SERIES PLANNED HERE

Dr. Marie Hagele Will Give Lectures In This County

Women of Schoolcraft county will have an opportunity to attend a series of free health classes during the next four weeks upon the general subject of maternal and child hygiene. The groups will be addressed by Dr. Marie Hagele, lecturer for the Michigan Department of Health. The local health department, child study clubs, parent-teacher associations, and other groups are sponsoring the lectures here.

The series will start the week of January 3, 1940 and will continue at the same time and place for four succeeding weeks. The following centers will have an opportunity to hear Doctor Hagele: Manistique—Germfask—Cooks. The subjects to be discussed at the four meetings include:

1. Our Body and How it Functions
2. How Life Begins and the Care of the Expectant Mother
3. Care and Training of Babies and Young Children
4. The Challenge of Cancer

The Menopause or Change of Life

In the first lecture on "Our Body and How it Functions" there will be a practical discussion of human anatomy and the physiology of the important systems of the body. The second lecture is entitled "How Life Begins" and a film on prenatal care is shown. This film was prepared at Harper Hospital, Detroit, under the supervision of the Maternal Health Committee of the Michigan State Medical Society. The third lecture deals with the problems of the care and training of babies and young children and is illustrated by a motion picture "Around the Clock with You and Your Baby". The fourth talk takes up the cancer problem and life after forty, and is illustrated by slides.

The complete series, sponsored by the local health department of Health, offers an excellent opportunity for women to gain the basic knowledge of modern maternal and child hygiene. Doctor Hagele accompanies her talks with considerable illustrative material—charts, maps, and posters in addition to the motion pictures and lantern slides.

Each member of the classes receives an outline. An opportunity is given for an open discussion of individual problems following each talk and women are encouraged to bring questions to class.

There will be a series of four lectures, one each week for four consecutive weeks for each group organized, beginning January 3rd, and ending January 26th, 1940.

The schedule follows: Wednesday—Germfask—Cath-

Social

Bridge Club Holiday Party
Mrs. A. W. Cockram entertained members of her bridge club and their husbands at a delightful holiday party Wednesday evening at her home, Walnut street.

Bridge was played with gentlemen's high going to Mr. A. J. Cayla and ladies' high to Mrs. Alvin Nelson. Mr. Arthur Cockram was awarded gentlemen's second high and Mrs. A. J. Cayla, ladies' second high.

Gifts were exchanged and refreshments served.

Bud Malloy Takes Sweepstakes Prize
Bud Malloy won the Wednesday night sweepstakes at the Brautl alleys, scoring 607. J. Ott was second with 602, followed by R. Brautl with 560 and J. Kovach with 552.

The scores of the four winners: J. Ott — 181 247 179—607
B. Ott — 194 171 203—602
R. Brautl — 155 183 211—560
J. Kovach — 168 195 171—554

The second of the holiday sweepstakes will be held tonight.

NEPHEW KILLED FIGHTING RUSS

George Lilliquist Dies In North Part of Finland

Word has been received from his homeland by Victor Lilliquist, city, that a nephew has been killed in battle fighting with the Finnish forces in defense of the nation against the Russian invasion. The nephew was George Lilliquist, 42, of Nykaraby, Finland, and he was fatally wounded near Pitsame in the northern part of Finland.

The deceased was married. The widow and three children survive.

Perkins News

Mr. and Mrs. Arthur Dausey and son Wayne, of Green Bay, Wis., spent Xmas holidays with Mr. and Mrs. Edward Dausey at Perkins.

Misses Lucille and Bernice Dausey, of Escanaba, spent Xmas holiday with their parents, Mr. and Mrs. Edward Dausey at Perkins.

Miss Lucille Dausey left Thursday night for Chicago, where she has accepted a position.

MANY VISIT SLIDE

Iron Mountain—For Don Smith, manager of the sports program of the Iron Mountain-Kingsford Winter Sports association, these days are just a period of eating, sleeping and living the Pine mountain ski development—and he is being kept plenty busy.

Growing increasingly enthusiastic over the public's response to the new recreational facilities provided at the hill this season, Smith reported today that outsiders are also making increasing use of the new ski run and slalom course and the ski-lift which is now in operation to pull the riders back up the hill.

In fact, so many persons have been riding the hill that Smith now wants about six inches more of snow to cover up the spots that have become bare through usage.

"Everyone who goes to the hill is not only amazed by the development, but becomes an ardent participant in the sports offered," Smith said.

The parent leech carries its entire brood of young attached to its side.

City Briefs

Bertl Froberg arrived Wednesday from Alpena, Mich., to visit for several days at the home of his parents, Mr. and Mrs. August Froberg.

Lawrence Oak of Chicago visited over the Christmas holidays with friends and relatives here.

Miss Theresa Kennedy returned on Tuesday to St. Naziane, Wis., after spending the Christmas week-end at the home of her parents, Mr. and Mrs. John Kennedy.

George Barnes of Manistique visited friends here over the Christmas holidays.

Mr. and Mrs. K. C. Sailors, Gary, Ind., Richard Jepson, Menasha, Wis., and Harry Schmidt, Milwaukee, returned to their homes on Tuesday, following a holiday visit here. They were accompanied on their return by Gust Schmidt, who will visit in Gary and Milwaukee.

Mr. and Mrs. George Ferguson and son visited friends here on Thursday enroute to their home in Jackson from Marquette.

Mr. and Mrs. Frank Pieshek of Marinette spent the holidays at the home of Mr. and Mrs. Charles Sanford, following a summer spent sailing on the Great Lakes.

Mr. and Mrs. T. T. Jepson returned Monday afternoon to Menasha, Wis., after spending the holidays at the home of Gus Schmidt.

Miss Lillian Sjoquist returned to Kalamazoo where she attends WSTO following a holiday visit at the home of her parents, Mr. and Mrs. Robert Sjoquist.

Mr. and Mrs. Dorwin Berthelme of Bay City, Wis., are visiting at the home of Mrs. Berthelme's mother, Mrs. Melvina Wilhelm, Delta avenue.

Mr. and Mrs. Gordon Nelson and son of Chicago spent the Christmas holidays visiting with friends and relatives here.

Mr. and Mrs. Leslie Dimock and daughter, Celeste Kay, have returned to their home in Escanaba after visiting here for the past week at the home of Mrs. Dimock's parents, Mr. and Mrs. Charles Erfourth.

Dr. and Mrs. R. A. Johnson and A. O. Williamson have returned to their homes in Tracy and St. Paul, Minn., respectively, after a holiday visit at the home of Mr. and Mrs. A. L. Williamson, Wisconsin avenue.

Mr. and Mrs. George Brodene of Belding, Mich., have returned to their home after a holiday visit at the home of Mr. and Mrs. Claude Brodene.

Mrs. Claude Brodene has returned to her home here after visiting for a month at the George Brodene home at Belding, Mich.

Evangelist

The Rev. D. E. Anderson, Prentiss, Wis., state missionary for the Northern Wisconsin and Upper Michigan Baptist conference will come to Gladstone for a series of evangelistic meetings at the First Baptist church starting Sunday, Rev. Nils Hedstrom, pastor, announces.

Rev. Anderson will preach at the morning service on Sunday at 10:30 a. m. at the New Year's program Sunday evening at 9 o'clock and at the New Year Watch Service at 11:15 p. m. Sunday night. He will also conduct special evangelistic services at the Baptist church on Tuesday, Wednesday, Thursday and Friday evenings at 7:30 o'clock. The English language will be used. The public is invited.

Social

Birthday Party
Ruth Joyce Erfourth entertained a group of her friends Sunday afternoon at the home of her parents, Mr. and Mrs. Charles Erfourth, the occasion being the 8th anniversary of her birthday.

Games were enjoyed by the children and at the close of the party a delicious luncheon was served.

The little guest of honor was presented with many pretty and useful gifts.

Among the guests were Kellea Louise Mickelson, Bertha Jean Erfourth, Ida May Mickelson, Mary Jean DeMenter, Barbara Ann Brassick and Celeste Kay Dimock of Escanaba.

Peterson-Abramovich
Miss Viola Peterson, Detroit, daughter of Mr. and Mrs. Victor Peterson, 1315 Delta avenue, Gladstone, became the bride of Louis Abramovich, Detroit, son of Mr. and Mrs. John Abramovich, Iron Mountain, at candle-light services performed at the First Lutheran church here at 4 o'clock on Thursday afternoon. Rev. J. Otto Magnuson, pastor of the church, read the marriage service.

Music for the mass included the following nuptial music preceding the ceremony "To a Wild Rose," "At Dawning," and "If My Song Had Wings" played by Mrs. J. O. Magnuson on the organ. Miss Marie Bredahl sang "Because" and "Oh, Promise Me" preceding the bridal march which was the wedding march from Lohengrin. As the couple knelt to take their vows, Miss Bredahl sang "Oh, Perfect Love." The recessional was the traditional Mendelssohn number.

Attending the young couple were Lorena Groleski, Detroit, and Robert Kapeller, Iron Mountain. The bride wore an afternoon dress of powder blue and a feathered toque of powder blue and a corsage of baby mums and pink roses. Miss Groleski wore a dress of rose crepe with brown accessories and her corsage was of baby mums and roses.

Following the ceremony a wedding supper was served at the home of the bride's parents, Mr. and Mrs. Victor Peterson, 1315 Delta avenue, with covers laid for 25 guests.

The couple are spending a few days in Iron Mountain before returning to Detroit where they will make their home at 21 Grand avenue.

Mrs. Abramovich is a graduate of Gladstone high school, being a member of the class of 1938. She attended Cleveland Commercial college in Escanaba and has been employed in Detroit. The groom was a member of the graduating class of 1933 at Kingsford high school. He attended the Lawrence Institute of Technology at Detroit and is employed by the Michigan Unemployment Compensation commission in Detroit.

Out-of-town guests at the wedding included Clara Ekstrom, Detroit, Mr. and Mrs. Henning Erickson, Manistique, Mrs. Catherine Abramovich, Iron Mountain, and Mr. and Mrs. Gust Larson, Manistique.

CLUB PROGRAM IS ANNOUNCED

Commercial Club Events for Rest of Year Listed

A skating party on the evening of Wednesday, Jan. 10, will open 1940 activities of the Gladstone high school Commercial club, according to the program adopted for the year. In charge will be a committee composed of Laverne Kinzie, Harold Hillman and George Johnson.

Other major events on the program are the club Hop on April 5 of which Mildred Page is general chairman and the annual banquet on May 13 for which Betty Ann Paine is chairman.

Various committee chairmen for the Hop are Barbara Riley, decorations; Marjorie Ward, program; Lawrence Lauson, invitations; Eileen Louia, music; Norman Berg, cleanup; and Laverne Kinzie, punch. Assisting Miss Paine in arranging the banquet are Lawrence Lauson and Joan Cannon.

Other events include: Education Meeting, Feb. 23, in charge of Mary Cretons, Martha Wegsala and Anthony Valensic. Valentine Party, Feb. 24. Committee, Mildred Page, Pat Nebel and Betty Ann Paine.

Educational Meeting, March 13—Malthilda Castor, Kenneth McNair and Eleanor DaFon.

March Social, March 27—Margaret Noske, David Soderman and Veryl Bovin.

Educational Meeting, April 9—Lenore Beachamp, June Sundling and Doris Castor.

April Party, April 24—Marjorie Ward, Margit Sigg and Jack Lundin.

Educational Meeting, May 8—Gladys Heslip, Melvin Pokenazy and Lawrence Lauson.

May Party, May 22—Joan Cannon, Eleanor Darion and Norman Berg.

City Briefs

Football Coaches In Huddle On 1940 Rule Changes

GOAL KICKERS TO GET BREAK

Wider and Lower Posts Proposed for 1940 By Grid Mentors

BY RUSSELL NEWLAND
Los Angeles, Dec. 28 (AP)—Field goal kicking, somewhat of a lost art in football, will be given a new lease on life in 1940 if a proposal by a country-wide committee of coaches is adopted by the national rules body.

The 30-man board, representing the American Football Coaches' Association, opened a three-day convention of mentors, athletic directors and members of the National Collegiate Athletic Association by agreeing on four proposed changes in gridiron rules.

Topping the list of recommendations to be made to the rules committee meeting at Palm Springs, Calif., Jan. 2, 3 and 4, was a proposal to widen and lower the goal posts.

SPILLING the DOPE

UPPER PENINSULA high school football teams will welcome the new state rule allowing passing anywhere behind the line of scrimmage... this will be especially beneficial to Escanaba, Iron Mountain, Norway and Menominee, four teams which regularly play Marinette... for several years, Wisconsin high schools have had the rule and, in games at Marinette, Upper Peninsula schools have had to contend with it... actually, the rule seldom made any great difference but it was somewhat of a mental hazard to Michigan schools... on defense under the old rule which required at least five yards behind the line of scrimmage, Michigan gridder would move up fast from the secondary the instant the ball carrier got within five yards of the scrimmage line... they knew there now, the defense will have to remain more or less set... the mental hazard of the rule in past years, Wisconsin high schools

TODAY'S SPORT PARADE

by McLemore
Pasadena, Cal., Dec. 28. UP—Revenge is sweet—and Bob Foxx of Tennessee has a sweet tooth. Two years ago this 180-pound swivel-kipped boy from Knoxville came to the University of Southern California as a freshman. With him he brought a reputation as a whacking good football prospect, a fast, hard-hitting, long-kicking tailback.

He enrolled in the university and for five days went to class at the Los Angeles school. But none of the football coaches gave him a tumble. They took a look at his happy face, his blonde hair, and figured he wasn't too hot. So Robert, who knew he was good enough in a football suit to get a little more attention than that, packed his bags, caught a midnight train, and started rolling back to Knoxville.

Six days later he was enrolled in Tennessee and was getting the attention he deserved from the Tennessee coaches. They welcomed him with open arms because they knew that in Foxx they had a 60-minute player with class.

H.G. Salsinger Has Had Varied Sport Career

BY SAM GREEN
Detroit, Dec. 28.—On one of those rare occasions when one sports writer chooses to sketch another in the public prints, Joe Williams wrote in the New York World Telegram: "It seems to me that Mr. Salsinger is just as much a part of the Detroit baseball tradition as Cobb, Jennings or Cochrane." The reference was to Harry George Salsinger, who for 30 years has been reporting baseball, as well as all other major sports, for the Detroit News.

Through fat years and lean, Harry Salsinger has kept the public informed of the Tigers' problems and progress, if any. He began with the last of Hughie Jennings' pennant-winners in 1909. When the home games were played where the wooden stands of old Bennett Park. With tireless pen, he made Jennings and his colorful team live in the minds of thousands who never saw them. No other writer did more to spread the fame of the fiery Cobb, to give the country a clear and sympathetic picture of this many-sided genius who most qualified observers call the greatest ball player in history.

Holderman and Karas Visit Each Other's Campus As Result Of Sport Activities

Two former Eskymo athletes whose trails have crossed in college during the past year are preparing to return to their respective schools this week-end in preparation for the post-holiday term.

They are Frank Karas, right tackle of the Michigan State football team this fall, and Eddie Holderman, captain-elect of next year's Purdue University cross country team. Karas visited the Purdue campus when the Spartan gridder met the Holdermakers at Lafayette while Holderman visited Michigan State this fall when he competed in the national collegiate cross country meet at East Lansing.

Four Boxers Added For Escanaba - CCC Matches Wednesday

Four additional boxers, making 13 so far, from the Escanaba Amateur Boxing Club have been signed to fight on the Fort Brady CCC District vs. Escanaba Boxing club card scheduled for Wednesday, January 3, at the Coliseum, it was announced yesterday.

Nick Rodman, 145 pounder, will make his first appearance before Escanaba fans but is a favorite with Green Bay fight enthusiasts who like his style of aggressive, mix-it-up fighting. In a warm-up bout last night with Ray Matula, class 135 pounder from Carlsbad, Rodman displayed a vicious left and a Max Baer right that at one time knocked his lighter opponent through the ropes. Both of these men will win plenty of fans in their first showing for Escanaba fans next Wednesday night.

EDGE CONCEDED TROJAN ELEVEN

Volts Blocking Deadly; Both Outfits Have Star Performers
BY ROBERT MYERS
Pasadena, Calif., Dec. 28 (AP)—Southern California's grid aggregation rates an edge over Tennessee in reserve strength, but it remains to be seen whether the advantage pay dividends in the Rose Bowl New Year's day.

The Vols have three splendid offensive threats in George Cafego, Johnny Butler and Burt Warren, but Cafego's much discussed knee injury puts him in the probability-plunderer ranks.

Coch Howard Jones has the same number of quarterback acres in Grenville Lansdel, Doyle Nave and Amby Schindler. All three are in top condition.

Karas Weighs 204

Karas, with the exception of a bruise on his nose, is in good physical shape. He weighs 204 pounds and none of it is fat. He has an extremely rugged build. For the rest of the season, Karas will be busy with studies but always, back in his mind, will be thinking of next year's football season.

Holderman was the outstanding runner on the Purdue cross country team this fall, being the only major letter winner. He finished second to Walter Jehl, Wisconsin's captain and one of the nation's leading distance men. In the Big Ten conference meet and finished sixth in the national collegiate at Michigan State.

FOOTBALL RULES TOGETHER

The coaches' committee, headed by Dr. Lou Little of Columbia as president of the association, left the mathematical adjustments of the uprisings to the rules group. The coaches voted approval of three other proposed changes:

Reduce from 15 to five yards the penalty for an ineligible man catching or being hit by pass behind the goal line. Two years ago the penalty was loss of the ball. Last year it was changed to a penalty of 15 yards but retention of the ball.

First Two Rounds Easy For Riggs In Sugar Bowl Event

New Orleans, Dec. 28 (AP)—Bobby Riggs of Chicago advanced to the third round of the sixth annual Sugar Bowl tennis tournament today without having to show the form that made him the country's top-ranking player of 1938.

He lived up to his reputation for toying with less able opponents by carrying M. J. McLaney of New Orleans, Louisiana state champion, for 32 games before disposing of him, 12-10, 6-4, in the first round.

Skipper Of Tulane Beams With Gloom

BY KENNETH GREGORY
New Orleans, La., Dec. 28 (AP)—Lowell P. (Red) Dawson, the youthful gridiron skipper of Tulane's Green Wave, had the usual gloom spread all over his face today as he talked of the approaching Sugar Bowl football game with the Aggies of Texas.

"I just don't know," he said, dropping his chin. "I don't think we have much of a chance. I'm afraid they've got us out-manned."

Practices Started By Escanaba Hawks

Ice hockey players are being called out tonight at the North Escanaba rink for their first tryouts with the Escanaba Hawks team, who will begin practice at 7:30 this evening.

After their 3-0 defeat by Gladstone on roller skates the Escanaba team decided to go back to the ice, and with the arrival of colder weather now have a rink ready for practice. Those wishing to try out for the squad are invited to report for the workout tonight.

Fordham Stopped; New York U. Wins

New York, Dec. 28 (AP)—Oklahoma and Missouri, co-champions last year of the Big Six Conference, split a basketball double-header in Madison Square Garden tonight, when New York university walloped Missouri 68 to 47, after Oklahoma's Sooners had stopped Fordham, 55 to 48.

Swim Champs Sail For South America

New York, Dec. 28 (AP)—Eight swimmers, all present or former National A. A. U. champions, sail tomorrow night to compete in seven meets in Buenos Aires and one in San Paulo, Brazil.

The party consists of Waldemar Tomaski and Tom Hayne of Ann Arbor, Mich., free style; Taylor Drysdale of Detroit, back stroke; Al Greene of Chicago and Jack Callimore of Detroit, divers; Helen Perry of Painesville, Ohio, back stroke; Helens Rains of New York, breast stroke, free style and medley, and Helen Orlenkovich of San Francisco, diver.

Covered Olympic Games

At Berlin in 1936
Executive responsibility has never followed Sal to a dead end. He has followed the Tigers for three decades, he has covered most of the major fights and a heavy schedule of big football games each fall. He has written of polo, track and field, horses and dogs, hockey and soccer, swimming and squash. He covered the Olympic Games at Los Angeles in 1932 and was the only Detroit writer sent to Berlin when the international athletic carnival was held there in 1936. That was his second trip to Europe. On the first, he visited England and Scotland, covering the tennis matches at Wimbledon, the golf matches at St. Andrews and digging up material for a series of articles on cricket.

Four Boxers Added For Escanaba - CCC Matches Wednesday

Four additional boxers, making 13 so far, from the Escanaba Amateur Boxing Club have been signed to fight on the Fort Brady CCC District vs. Escanaba Boxing club card scheduled for Wednesday, January 3, at the Coliseum, it was announced yesterday.

FLOYD GETS TRIP

Johnson City, Tenn., Dec. 28 (AP)—Two weeks ago Floyd Allen, 21-year-old State Teachers' college student, bought a 25-cent bank, set it on the counter in the drugstore where he works and put this sign on it:

Bear Wolf Rejects Offers From Rice

Los Angeles, Dec. 28 (AP)—Coach Raymond (Bear) Wolf of the University of North Carolina said today he had rejected an offer to take over the football coaching position at Rice Institute.

"It was a fine proposition but I am happily situated at North Carolina and turned it down," Wolf explained.

BIG TEN LOOP HAS FINE YEAR

Competition Keener and Games Draw Larger Number of Fans

Chicago, Ill., Dec. 28.—Significant trends of Western Conference athletics in 1939 were topped by increased strength of competition in all sports which made particularly close races in football and basketball, and increased attendance and interest in the intercollegiate program, particularly notable in the same two sports.

Of note, too, was the Big Ten's forward step in re-emphasizing its position in recruiting and subsidizing of athletes, a position rapidly taking hold in all sections of the country. The Big Ten directors in 1939 specifically defined illegal practices in the matter and provided rigid penalties for violations.

Ohio State produced champions in both contested football and basketball races, in football winning over the bid of an inspired Iowa team and in basketball turning back an Indiana team which lost out only in its final game.

The heightened caliber of competition in all sports was further reflected in twelve individual and relay records which fell in track and swimming meets.

Grid Crowds Larger
New season attendance records were established in basketball and an individual crowd record set at 15,700 saw Ohio State play Minnesota at Minneapolis. Football attendance gained notably over the previous year.

Ohio State's two championships gave it a top rung in the ladder of conference all sports competition along with Michigan and Chicago, each winners of three titles in the fourteen recognized competitions.

Michigan won titles in indoor and outdoor track and in swimming while Chicago had champions in tennis, fencing and water polo. Six of the remaining seven schools in the conference won a single championship in each, Illinois in gymnastics, Iowa in baseball, Northwestern in golf, Minnesota in hockey, and Wisconsin in cross-country. Only Purdue failed to win a title, but with strong entries in twelve competitions, including a third-place football team, finished high in all-sports averages.

Illinois had the greatest number of teams competing in the conference, failing to be represented only in cross-country, Chicago, Minnesota, Ohio State, Purdue and Wisconsin had twelve each.

Anderson Top Coach
Second place honors went to Michigan in golf, hockey and wrestling as it tied with Illinois, and to Wisconsin, second in track indoors and outdoors. Illinois with its tie for second in wrestling and a place in fencing, and Northwestern, second in tennis and water polo.

The Big Ten furnished some of the year's outstanding individuals in sports, notably in football. Dr. Eddie Anderson was named football coach of the year and his star halfback, Nile Kinnick, took all honors as the year's outstanding gridder as well as the Big Ten's most valuable player. Kinnick's

"Convinced of the Merits of KruGon"

He Declares: His Condition A Worry to Him Before KruGon's Use; Stomach Had That Heavy, Bloating Feeling Continually Before KruGon's Use

"I am thoroughly convinced of the wonderful qualities of this KruGon," said Mr. David C. Holst, 621 W. 4th St., Mankato, Minnesota. "With the continual clogging of intestinal impurities I began

MR. DAVID C. HOLST

falling in health. I lost my appetite and foods only tended to nauseate me for after every meal I was sure to suffer with that awful full bloated feeling. What few foods I did eat, to get enough nourishment to keep me going, would not agree with me. I lost my strength and energy and felt so tired and worn-out all the time. I often wondered if my condition would not result in serious circumstances before I began a trial of KruGon.

"But finally a friend told me of the KruGon and suggested that I try a box of it," continued Mr. Holst. "Why I was actually surprised with what accuracy KruGon began its work in my stubborn case. I am getting proper elimination of those clogged intestinal impurities, that heavy, bloated feeling in my stomach has been relieved and I feel a general improvement in many different ways. I do not have to be choicy of my diet now but eat solid, nourishing foods without ill effects. It is a pleasure to give a public statement about such a commendable product as I found this KruGon to be."

KruGon is sold by West End Drug Store, 1221 Ludington St., this city

Munising News

The Ladies' Aid, the Missionary society, Epworth League, choir and Sunday school will participate in the program. There will be a social time starting at 10:30 p. m., and the candle-light service will begin at 11:30 o'clock.

College Students Guests Of Rotary
Munising, Dec. 28.—Twenty-two students at colleges and higher institutions of learning were the guests of the Munising Rotary

Loaning Of Hunting License Costs \$50
Munising, Dec. 28.—William Besemick, of Detroit, paid a fine of \$50 and court costs of \$8.80 when he was arraigned in a Detroit court this week on charges of loaning his license and metal seal to another. Besemick was questioned by state conservation officers in Detroit after Mike Rossmann, of Melstrand, had attempted to ship a buck deer to him and had applied for a duplicate metal seal to replace one he had broken.

Rossmann was brought into justice court here several weeks ago and pleaded guilty to possession of a deer without the metal seal locked after Besemick had confessed to the Detroit officers that he had given Rossmann his seal when he had left for his home in Detroit at the close of the hunting season, and had asked Rossmann to send him a deer if he could get one. Rossmann also paid a fine of \$50 and \$6.80 court costs. Detroit officers took Besemick into custody and he was brought into court in Detroit.

"Rented one first day" said Smith. "Try a For Rent Ad today."

Rinks To Be Opened If Weather's Right
Weather conditions being favorable, South Nineteenth street rink will be open all day today. At the discretion of the custodian, the rink may be closed part of the day in the event that the temperature rises too much.

City departments will not guarantee the opening of Ludington Park today although skating might be possible for tonight with suitable cooperation from the weather. North Escanaba rink will probably open Saturday if the weather continues below or around freezing.

Flooding of the indoor rink is practically completed but it is impossible to open it to the public until repairs and heat installations have been completed.

Insurance Agents Reelect Officers
Officers of the Escanaba Insurance Agents association were re-elected at the regular monthly meeting held here yesterday.

The officers are: President, J. E. Bryns; vice president, O. V. Thatcher; and secretary, Arthur J. Goulsais.

BOUTONNIERES ON BAGS
Paris (AP)—Boutonnieres are fitting into "buttonholes" on hand bags, the buttonholes being leather loops shaped like flower pots. Small bunches of colored flowers are perched on a white kid bag, and gloves to match have a bouquet thrust through one wrist.
