Northern News,

Editor:

Have been receiving the Northern News now for some time and want to thank you for remembering me. It has been some time since I have been at Northern but still names come up that are very familiar to me. Have also been advanced to store-keeper first class. Will you please send paper to my residence in Norfolk. My wife, the former Josephine Bruyn also like the news and reads it page to page. she went to Northern from 39 to 43.

Thanking you again, I remain,

Sincerely yours
