Ralph Lee Goodney
LIEUTENANT, AIR CORPS

APRIL 6, 1943

Dear Mr. Meyland,

Although I have been in the air corps for nearly a year, I have never remained in one place long enough to ask for a few copies of the "Northern News," but it looks as though I shall be here in Orlando for a while, so if it is possible, I surely would appreciate having some copies of the "News" sent to me.

This is an officers school, and I am here as a special service and physical education officer. The work is interesting, and the best-liked phase of my instruction is the commando tactic course which specializes in jiu-jitsu which I have been teaching off and on since last August. I don't want to bore you with too much news about myself, but I had a very successful basketball season, and have a good start in baseball.

Good luck to you, and say "hello" to my friends at Northern for me. Tell them I hope to get home soon.

Sincerely,
R. Lee Goodney
