Just dropping you a line to let you know
of a change in address.

There are two of us who would enjoy glancing
at the pages of a "warther's news". Clarence Magoon just
received one this morning via Jacksonville, so I'm
writing to give you his new address also mine.

I spent an enjoyable leave looking over
the old institutions, and visiting old acquaintances.
One item of change, however, was the shortage of
"the man" at school. Your local C. D.'s must
enjoy themselves no end.

At present, we're sitting around waiting to
"fly em". Mine grounded because of fog.

Wishing you a Good Christmas & New Year,
I close by saying, We're all "Dreaming of a White Christmas".

Bob Johnson
