CORPORAL ROBERT S. MCKINDLES

Camp Robinson, Ark.
Dec. 25, 1942

Editor
Northern News:

Please excuse the semi-formality of these few lines as the purpose is not to be business-like, but rather to express my gratitude to whomever is responsible for furnishing me with copies of the "News."

I'm interested in reading every word of it, not only because of the news it contains, but ^{I have} a further interest in the paper itself as I was a member of the staff during my four years at Northern. I'm sure that other men in the service have derived as much pleasure as I in having this source to keep tabs on the school and former students.

May I again express my appreciation

to the individual or individuals who have
been thoughtful enough to cause the sudden
appearance of these last few issues.

Sincerely yours,
Cpl. R. S. McSindles
