Dear Mr. Higgins,

Perhaps you will remember me as one of your commercial students of the not too long ago.

I trust that you are still in charge of the circulation department of the Northern News.

If it is possible, I would sincerely appreciate your having a copy directed to me every two weeks at the above address.

Let me know what the charge is, and I'll be glad to forward it along.

It may be somewhat gratifying to you to know that no college class ever satisfied me as much as your advertising session. Although the subject matter seemed at times scattered, the course as a whole stands out as a pleasant memory. I enjoyed every lecture immensely!

Best wishes, Mr. Higgins, till we meet again.

yours truly,
John D. Verrette,
Aviation Cadet
