DEPARTMENT OF DEFENSE

**DISTRIBUTION OF PERSONNEL
BY STATE - BY INSTALLATION**

AS OF SEPTEMBER 30, 1975

OASD (COMPTROLLER)

Directorate for Information Operations and Control

FOREWORD

This publication is the first prepared from Military Department and Agency submissions under revised DoD-wide instructions for reporting of personnel by location. It reflects a planned transition toward future publications based upon consistent city or military installations/activity locations by county and state. Because of the transition aspects, users of this document should be aware of the limitations outlined below.

Within state, the major concentrations of personnel are shown by city or installation location. However, in some cases, coding to "parent" installation or an "assigned" activity may occur and result in reporting elements to different place names (city vs military installation vs sub-activity). Such variations tend to occur in metropolitan areas where military activities are scattered physically among multiple political jurisdiction or sub areas thereof. Because of these variations, selected location data will not necessarily track with locations shown in prior year's documentation.

Special attention is called to the following:

1. The Department of the Army civilians for each state include Corps of Engineers Civil Functions personnel as well as National Guard Technicians.
2. The Department of the Navy military personnel includes Marine Corps. Navy personnel are shore-based only and exclude afloat and temporary shore-based military personnel (who are reported with afloat units).
3. The "other" category in each state includes both the balancing number for miscellaneous locations as well as personnel not separately identified to locations as shown.
4. Not included in the civilian data are 7,894 special youth employees not subject to statutory limitations (largely "Stay-in-School") most of whom are part-time employees. Of these, 1,029 were in the Washington Metropolitan Area.

Questions concerning this publication or requests for copies should be referred to the Directorate for Information Operations and Control, OASD (Comptroller), Extension 78237.
