Stephenville, Newfoundland

February 7, 1955

Dearest Auntie,

I guess its about time that I drop you a few lines, but I wanted to wait until you got a bit settled after your recent shock.

Yes Auntie, your loss of Uncle Hubert was not only a loss to you and your immediate family. By losing him my family and myself as well have lost a very good friend whom we loved and respected for his kindness. The community of Nadeau and his many friends suffered a loss by the loss of his services. He has always been a man held

very high by his fellowmen. Many people would like to have patterned their lives along the lines of Hubert Ferras, but few were able to meet the high standards set forth by him. It is true that we've lost a good friend, but his reward will come at the hand of our Savior. May he rest in peace.

Well Auntie, guess I'll close for tonight. I just finished writing Bernieith a letter and its now 11 P.M.

Tomorrow morning is another work day so — you know what that means.

Good night and God bless you.

Lovingly

Bernard
